

## DONLEY COUNTY'S SHERIFF MUST PAY ONE DOLLAR DAMAGE BY JURY DECISION FRIDAY

### Suit For Twenty Thousand Dollars Requires Two Days For Trial In Hotly Contested Legal Battle

When the case of Buck vs Mosley came to trial here Thursday, not only did the case attract a large number of curiosity seekers, friends of the sheriff and others, but it also attracted peace officers who wished to acquaint themselves with what fate might have in store for them in the discharge of their duties.

This case arose out of the fact that Sheriff M. W. Mosley of this county had received a description of the party who fatally stabbed Oliver C. Hill at Amarillo on July 4th of last year. The description included the fact that the guilty party would bear a sore or scar on the cheek where Hill had bitten his assailant.

Every peace officer and friend of the murdered man in the Panhandle was on the alert to capture the guilty party. On about the 22nd of July Harry Buck passed through Clarendon on the Longhorn stage. His clothing bore some resemblance to blood stains and he had a patch of adhesive tape on his right cheek and generally suited to the description as given Sheriff Mosley of the murderer of Hill.

Sheriff Mosley and Deputy C. M. Peabody stopped the bus some two miles east of town and returned Buck to the local jail. Several men present when Hill was stabbed were called in during the day for the purpose of identifying the party being held. Sheriff G. W. Alexander of Dallam county was called over the phone in an effort to identify Buck since Buck had stated he lived at Dalhart.

Failing to connect Buck with the crime, he was released after being detained from about 10 a. m. until about 5 p. m. and after remaining in Clarendon over night, he is said to have continued his

journey to Carrizo Springs as originally intended.

It developed in both the testimony of Buck and Mosley that Mosley offered to pay Buck an amount sufficient to cover his extra hotel bill and transportation should the Longhorn stage refuse to honor his ticket because of the delay.

Buck also accused Mosley of taking \$46 off him which he did not return. He later stated that he did not miss the money until he arrived at Ft. Worth. Both officers, Mosley and Peabody, swore that they saw no bill fold and Peabody was emphatic in his statement that Buck had only a small amount of loose change in his pocket.

Sheriff R. L. Queen of Hartley county where Buck is alleged to have resided for the past twelve years swore that Buck's reputation for truth and veracity and reputation for being a law-abiding citizen was bad. Sheriff G. W. Alexander of Dalhart county swore to substantially the same thing. Frank White, Sr., claim agent for the Denver road, also swore that Buck's reputation for truth and veracity was bad in his home section when he investigated a claim Buck had against the railroad.

F. P. Works of Amarillo and Art Schlofman of Dalhart represented Buck in asking for the twenty thousand dollar damage while A. T. Cole and W. T. Link represented Sheriff Mosley.

The jury returned a verdict in about an hour giving the plaintiff one dollar. Friends of the Sheriff insisted that they be allowed to pay his costs in the case but he declined the offer with thanks feeling that it was his "dog fight" even tho he regretted the whole occurrence.

## Poultry Men Are Cashing In During Season's Rush

The heaviest purchaser of the Clarendon Hatchery this season is L. W. Coles of Pampa who trucked off 7000 Thursday, 1250 the Sunday before making a total of thirty thousand for the one buyer.

Sales the past month are running a hundred percent greater than for the same period last season. The hatchery is running to full capacity with seven tons of eggs. Half a million chicks have been hatched this season for Donley county people alone.

Several in this county who looked upon the chicken game as a side line before the advent of the local hatchery, are now making it their principal business and some are devoting their entire attention to the poultry industry.

In checking over the books Saturday night, it was found that the local hatchery had paid out over four thousand dollars as a premium above the regular price for eggs from pedigreed strains since February 1st.

J. E. Baker of the Martin community marketed over \$350 worth of eggs since February 1st. Hermsmeyer Brothers of Jericho, E. V. Quattlebaum of the Naylor community, Jack and Dr. W. B. Weston of the Goldston community are marketing a big lot of eggs at the hatchery.

Lella Lake comes in for a big share of attention with D. E. Kinch, H. K. and D. F. Leathers and J. C. Christal each marketing a big lot of eggs. In fact these men are making it a business.

Mrs. J. C. Yeaman of Claude is a poultry woman of note and markets her eggs here. Roy Beverly of the Chamberlain country and B. L. and Roy Blackburn of south of town are also making up for lost time marketing a nice lot of eggs.

R. M. Webb of the McKnight country produces some fancy Barred Rocks and gets a good price for his eggs here. R. E. Beach of Hedley and T. L. Naylor of the Naylor community are also marketing a fine lot of eggs.

C. C. Phelps mixes it with the other folks with his Reds and J. S. Harlin of Lella also a grower of Reds and takes advantage of custom hatching making almost a perfect score.

A. C. Hartzog of Brice is a grower of Reds and gets a fancy price for eggs and is also growing a nice lot of chickens for his own use. D. W. Hinkle and son Marvin are staying with the brown Leghorn type, market a lot of eggs and have as fine a lot of chickens as there is in the country.

Mrs. J. B. Turnbow of Martin prefers the dark Cornish games, real show birds and gets an extra good price for eggs. C. P. Darnell of Hedley has the same breed and sells the local hatchery eggs of a fancy grade.

Joe Ray of Goodnight has barred Rocks and brings in his quota to keep the hatchery going. Lloyd Reed raises buff Rocks out south of town and so does Frank Hardin of the Sunnyview community. They both market plenty of eggs and raise a bunch themselves.

While you may be surprised to think he had time to give it any attention, our obliging postmaster, Chas. H. Bugbee has some of the best white Wyandottes in the Panhandle and is proud of his flock. Yes, he sells eggs to the hatchery.

Mrs. Herbert Davis of Goodnight, Asa M. Peabody of Ashtola, both fancy the Reds and market eggs here. T. F. Hefner of Lella Lake likes Reds too and is a hatchery patron.

This is but a sample of the long list of folks who bring eggs to the hatchery. We could fill the paper with names if we published the complete list.

## Boykin Tells The World Over W DAG Sunday

Secretary G. L. Boykin made an interesting talk over station WD AG at Amarillo Sunday stressing the advantages of Donley county in general and calling attention to the Junior College in particular.

Mrs. H. Fitzgerald is in Kansas City for medical treatment.

## Ladies Will Be Guests Of Rotarians Charter Night

### Club is Advised to Select Date for Presentation of Charter

If present plans are carried out, the local Rotary club will receive their charter at the hands of the District Governor on April 18th, according to a telegram received by president Jenkins, though some arrangements and details are yet to be worked out.

Wives, sisters, daughters and sweethearts of the members will become special guests upon this occasion. Robert S. Cope, chairman of the entertainment committee, with the assistance of Rotary Ann Stroder, will prepare a special musical program appropriate for the evening.

Elder D. L. Hukel, pastor of the Church of Christ, was present as a guest of the Club by invitation of President B. L. Jenkins. Elder Hukel spoke in appreciation of the aims and objects of Rotary and the many benefits that might accrue to the community as a result of their endeavors.

W. R. Cabiness of the Memphis club made up his attendance record and brought best wishes from his Club and extended a warm welcome to those who might visit them.

P. B. Harbaugh of Childress also made up his attendance and discussed at length the accomplishments of the Rotarians in his city.

The Medical Association which is to be in session here next Friday, will attend the Club as special guests of Dr. E. L. Jenkins.

Judge A. T. Cole made another installment report of his committee's actions. The President also graciously promised Secretary Curry C. Powell that he might be permitted to make a further report on his "whip stock" narrative at the next meeting.

Jack B. Jones reported having

## Cream Shipments Show Increase Over February Period

### Showing Increase But Falls Short of Receipts For Same Period Year Ago

During the past week cream shipments have been steadily gaining in volume though March receipts fell short of the same period last year by thirty-six cans. The 10 gallon can shipment for March amounted to 318 while last year shows a volume of 354 ten gallon cans.

March of this year shows a gain of 85 cans over February. Oat pasture is coming in at this time and grass in most localities in up where a cow can graze it. A decided increase is expected from this time on until it reaches the June peak as it does each season.

Most of the local cream is shipped to Trinidad, Colorado and Elk City, Oklahoma, while some is shipped to Iowa and Missouri. Distance of shipping appears to cut no figure in the price received by the shipper.

concocted a five cent pill that restored the aged to youth after a well known surgeon of the Club had received three hundred dollars for an operation that availed the victim nothing. Since there is but one surgeon in the Club at present, Dr. Jenkins intimated that Jack might have been referring to him. It was later ascertained that Jack had presented his youthful prodigy abill for exactly \$299.95 but found the elixored limbs of his prodigy too fleet to stand for any fleecing on the part of the astute druggist.

Dr. Oscar L. Jenkins was extended a Club invitation to be present at each luncheon until after the charter is received, at which time he may become a member of the Club as a junior member of his firm complying with the selective requirements of the organization in every particular.

## A Pudden-Footed Country Kid

As a pudden-footed boy back in the days before country schools were graded and the term ran from four to seven months and the arm load of books consisted of a McGuffey reader, I want to explain just why I want to see every boy and girl in the entire county have the same opportunity to attend a junior college.

I want to see the poor, the orphan, the neglected and the discouraged take courage anew. Perhaps a few will accuse me of playing upon their sympathy. Others may claim that these people are charitable subjects and not worth the price. In the first place, every sensible person who reads this must realize that the country raised boys and girls constitute "the salt of the earth", they are also your most valuable asset in any community.

I am not wasting any time on drug store cowboys, lounge lizards, cake eaters and members of the "gimme" gang. Next to being born of wealthy parents, there is no greater calamity to befall a boy or girl than to be raised in town and I am raising five boys in town right now and know what I am talking about.

The successful town raised boy or girl has five times as many handicaps as those who grow up on the farm. If they have the right stuff in them, they are going to win no matter where they grow up. Did you know that more than ninety percent of the merchants of Clarendon are country boys grown up? Did you know that 78 percent of the bankers of Texas, 87 percent of the preachers, 72 percent of the doctors and 94 percent of the lawyers of Texas were born on a farm?

Your boys and girls have the same right to expect an equal chance as any other folks in the world. Your young people are just as intelligent, just as well qualified and just as appreciative as those of any section.

You fellows who went a round and ahalf with the Georgia stock to clean a middle would not think of farming in that manner today in competing with men using modern machinery. Are you willing to permit your children to go out into the world with a Georgia-stock education to compete with the tractor-trained mind?

If one is in doubt as to the advisability of carrying life insurance, ask some widow—she can tell you. If you would learn the value of an education, ask some fellow like Homer Mulkey who grew up as a "pudden-footed" country boy where he had no chance.

With a paved highway from east to west and graded lateral roads next year, our young folks can drive in to school from any part of the county and live at home thus saving a board bill. There will be no letup on the part of the editor of this paper until every "pudden-footed" kid in the county has an equal chance. The writer was a "pudden-footed" country boy at one time with no capital except a burning desire to go to school beyond the small ungraded makeshift of that day. He went, but believe me folks, it is a man's job to battle your way up the line when you're broke. Wearing second hand clothing and frailing dishwater is no disgrace, but I don't want my boys to travel the road I have gone over, or your boys or your girls either.

## OVERWHELMING MAJORITY VOTE SATURDAY INSURES FUNDS FOR MUNICIPAL COLLEGE

### Two Year College Course With Free Tuition Means Greatly Increased Attendance Next Term

Saturday was one of the biggest, if not the biggest day, in the history of Clarendon when a vote of 468 to 63 citizens of this independent school district agreed to a 20 cent tax raise to support a two year municipal junior college without a tuition charge.

Voting was brisk with an early start. Many who had not voted in a municipal election for years were seen at the polls Saturday before nine o'clock. Anxious supporters of the movement were overjoyed about eleven o'clock when in some manner the information leaked out that the issue was carrying by a ten to one vote.

This news was apparently too good to be true. Those opposing the measure voted in the afternoon cutting the majority to slightly above seven to one. Many who had gone to the polling place with the determination to vote against the measure could not turn down a neighbor and some were seen to arm up and walk in to cast a solid vote for the school.

At no time did any bitterness develop, friends and neighbors keeping up a solemn stream to the polls. Those who opposed the measure did so mostly for financial reasons and laughed and joked over the matter, each content to vote as he or she pleased in the good old democratic fashion.

In the afternoon inquiries began to come into the Leader office from over town and far out in the country from those anxious to see the measure carry. Boys and girls from other districts were in town watching and waiting anxiously for returns.

One of the most noticeable features of the big day's work was the fact that citizens from Lella, Martin, Ashtola, Goldston, Chamberlain, Naylor and Windy Valley were frank to say that they expected to begin preparations for an election that they might have

access to the free tuition arrangement this fall.

O. L. Jacobs from the Hudgins community was all smiles when he said, "I would like to see all the folks over the county have an equal chance to send to this school." And that is the best part of the whole thing—any community can come in and share the opportunity by voting a 20c tax based on state and county valuations.

"Preach" Goldston from the Goldston community is rearing to start the movement out his way. Every community in the county is expected to begin to agitate the matter that they might get lined up for the next term.

John Potter, one of the best citizens in the county and an ardent school man had signed up every voter in his precinct when the county-wide idea was being attempted, almost shouted when he learned that the measure had carried. Mr. Potter has educated his own children, but he has grandchildren and is fair-minded enough to want to see all the boys and girls get an education.

Young folks who realized that their opportunity hung in a balance spent anxious moments Friday and Saturday. Some young lady called in over a rural line Saturday night and upon learning that the measure had gone over strong, said: "Oh gee! I just know our bunch out here will vote us in too because I want to be a school teacher and make money to start a chicken ranch."

Voted it in folks, and Dan Moody said we didn't know what we wanted. We did it at the time he was asking us to celebrate "milk week" too. We know enough to drink milk any week if we want it, and before this college issue is stopped, he will likely find out that we know what we want in the school line.

## Crops Starting With Better Bottom Season This Year

### Better Seed And a Greater Variety of Crops Will Be Planted

In contrasting the conditions at this time with that of last year, farmers are jubilant over the fact that a good bottom season exists and plenty of moisture to bring up their first plantings.

Several hundred acres have already been planted to corn and reports have it that D. T. Smallwood and Chas. Lewis of Brice have corn up. A Mr. Casper of the Goldston community is said to have cotton planted in an evident effort to get first bale prize money.

Roasting ear corn as well as a general field variety has been planted. Most all farmers have seed for their row crop plantings, many of them choosing to plant only certified seed.

While the cotton acreage will not be cut to any great extent, very little cotton with a shorter staple than Half & Half is to be planted. From reports gotten from growers Saturday, it would indicate that almost half of the cotton crop will be of the best grade, and at least a third of it will come from the best seed that can be had.

Russell's Big Boll and Acala find many admirers and H. Fitzgerald reports the sale of enough of the Russell variety to give it a thorough test in Donley county this season.

Frank Hardin, one of the leading truck growers in a limited or specialty line under the Cap Rock, has his land fertilized and thoroughly prepared for the coming planting season of melons, cantaloupes, etc.

Reports from the women of the county and especially C. H. D. Club members, would indicate that

## Club Boys Attending Dairy Show at Plainview

Headed by the Clarendon band, over twenty club member boys, farmers and other citizens left early this morning to attend the Panhandle-Plains dairy show at Plainview.

Secretary G. L. Boykin of the Chamber of Commerce has been making reservations for several days providing cars for any farmers and club boys who wanted to attend. Transportation is provided free for any dirt farmers who wish to attend, this being the custom of the Chamber of Commerce for each annual event.

## American Legion Call Meet April 15th

Post Commander Ralph Andis announces that the members of the Post are requested to be present at a call meeting April 15th at the usual hour for the purpose of initiating some five or more candidates.

the amount of fruit, vegetables and meats put up at home on the farms of this county will more than double that of last year.

In addition to crop preparation, all interest in the cow as a weekly pay check producer has not died out despite the low price of cream. Butter prices for the best grade holds up well.

Poultry growing will form a part of the money crop of most every farm in the county. Bankers are behind the diversified movement and did not overlook the cow and hen. Hogs are scarce and in better demand than for the past three years. More farms will have a meat supply grown at home this season. Most of the thrifty farm owners have never given up the idea of a home meat production.

"Viewing conditions as they are at present," stated J. W. L. Schull Saturday, "it looks like we will have a bumper crop and we had better raise something to live on that is raised at home in case the price knocks us out."

## Twenty-Five Cats Shipped To Denton Friday

In response to a request for cats, Sam Braswell, Sr. obliged the biological department of C. I. A. at Denton by shipping them twenty-five cats Saturday. The felines will be used in class demonstration work after being chloroformed.

The shipment went by express and G. L. Green declared it to be the noisiest shipment sent out by him since his taking charge of the local office.

## Hedley Man Pays Over Two Dollars Each For Eggs

Have you never seen any Ringlet Barred Rocks? If not, now is the time to take a look at some. They are grown by J. S. Groom at Hedley, Frank White at the hatchery says the eggs cost twenty-five to thirty dollars a setting, and you can bet he knows.

Mr. Groom gets his Ringlets from Madison Square Garden in New York City, sells the hatchery eggs at a big premium. Not a new man on the job either, Mr. Groom has been in the chicken business several years.

## Brice Farmer Suffers Loss of Teeth

While in town the first of the week M. H. Salmon of Brice blushingly admitted that he had lost some false teeth. Upon further inquiry it developed that he did not own the teeth but had either borrowed them or had started from home on an accommodation mission to get them fixed.

To make sure that he would find them again, he asked the Leader to run an ad in the Classified Column. The teeth really belong to a woman who needs them badly and she will appreciate a prompt return of the property that is worth nothing to the finder. Bring them to the Leader of office.

## Grand Jury Is Taking Recess Until The Sixteenth

### Convictions Secured In Every Case Tried Up To This Date

The case of Virgil Robison was called Tuesday in which he was charged with forgery. He was given three years on this count. He was also tried for passing a forged instrument and given two years more.

Mrs. Sallie Robinson, wife of Virgil Robison was tried on a charge of passing a forged instrument on the same day and given a five year sentence which was suspended pending good behavior.

These are the parties who were brought back from California by Deputies C. M. Peabody and Doss Palmer more than a month ago.

Arthur Calhoun, charged with passing a forged instrument was also tried Tuesday and given two years.

Clyde Berry's case came to trial Tuesday in which he was charged with possessing whiskey for the purpose of sale, resulting in a two year sentence.

E. Price was called to trial to answer to a charge of transporting liquor Wednesday and given two years.

H. Hollifield, a companion case of Price, was tried Wednesday and likewise received two years.

Price and Hollifield were the occupants of the car stalled by Pierce when he shot a casing near the Postoffice, capturing both men in the O. K. cafe operated by Bain brothers.

The Grand Jury will be called back for further deliberations on the 16th of the month.

Vance Swinburn of Memphis was a Clarendon visitor Sunday.

**THE DONLEY COUNTY LEADER**

J. C. ESTLACK, Editor and Owner

Published on Tuesday of each week.

Subscription \$2.00 a year 1st zone. Other zones \$2.50

Entered as second-class matter March 12, 1929, at the post office at Clarendon, Texas, under the Act of March 3, 1879.

This paper's duty is to print all the news that's fit to print honestly and fairly to all unbiased by any consideration even including its own editorial opinion.

Any erroneous reflection upon the character, standing or reputation of any person, firm, or corporation which may occur in the columns of THE DONLEY COUNTY LEADER will be gladly corrected upon being brought to the attention of the management.

NOTICE—Obituaries and poetry are published in this paper at the rate of 1 cent per word. A charge of \$1.00 is made on cards of thanks. Stories of deaths and funerals published in time to retain the news value are not rated as obituaries.

**Member 1930**

**NATIONAL EDITORIAL ASSOCIATION**

West Texas Press Association

Panhandle Press Association

**GRADUATES.**

Governor Moody's efforts to function as a governor reminds us of a graduate of a school of journalism attempting to operate a newspaper.

**THAT NUT CROP.**

Judging from the expressions of some of the state candidates already announcing, the nut crop this season will not be a total failure by any means.

**A NEW HELL BOX.**

Time was when the hell box in a print shop received only worn type which was later sent in to the foundry and traded for new type. With the coming of the typesetting machines, little use was found for the old time hell box, and it was abandoned.

At this time we have resurrected the hell box formerly known as the waste paper basket. It receives all the copy sent us by free space grafters.

**TWO SIDES.**

About the time the dries located a teetotaler Turk aged 156, and planned on having him make a tour of this country, the wets located a Chink who was a heavy drinker at the age of 163 and propose to bring him over to do some of this touring business.

The biggest surprise of the whole business is the fact that neither of these notables ever heard tell of some of the well known American patent medicine remedies much less cigarettes.

**OFFICIAL DUTIES.**

If every official is subject to a damage suit every time he picks up a suspect after being requested to be on the lookout for a party of a certain description, we might as well ask Russia for a charter and join the bunch that is opposed to law, order and system.

Suspects should be treated with courtesy, investigations should be made promptly, and they have been in Donley county. The jury did exactly the right thing in lopping off \$19,999 from the amount asked for in the Sheriff's trial here Friday. Yes, one dollar is enough.

**BUYING FEED.**

Unfortunately, a large number of farmers failed to plant enough feed stuff the past season to run them this year. Buy it in Donley county. Some of our folks did raise feed and have it to sell right now at a fair price.

If you spend your money in your home section, you have a chance to get some of it back. If you buy manufactured feed, buy it at home from your home merchant in Donley county. You can get some of that back too, but if the money is sent out of the country—well you are just blown up, that's all.

**A SOLDIER'S BONUS.**

Senator Smith W. Brookhart has introduced a bill in the United States Senate asking that veterans of the World War be paid the cash value of their bonus certificates now instead of waiting until 1945.

Over four million men hold such certificates, many of whom are in dire need at the present time and many of them will not live to see the maturity of the paper. Many of these men have small children now and need the money more than they will after the children become grown.

Write Senator Morris Sheppard and Tom Connally to support the Brookhart bill if you want the ex-soldier to get his pay this year. Every little boost will help.

**TRADING AT HOME.**

Unless you have the price and quality Mr. Merchant, you can preach a "trade at home" policy for the next thousand years and never get anywhere. The folks are far more interested in knowing something about what you have to offer rather than what you think.

The merchant who handles an honest line of goods, is content with a fair profit, treats his customers with courtesy, etc. is in a position to tell his trade about it through his local paper. If he does not let his trade territory know anything about his place of business, do you wonder that the catalog house gobbles up the business?

**DO IT NOW.**

A lady knowing the writer to be a flower crank, called at our sanctum Saturday to offer a few suggestions. Here is the first one. "Ask your readers to plant a garden, raise something at home." Here is the second suggestion: "Tell all the folks to spade up all the nooks and crooks around the yard and plant some bright blossoming flowers."

That lady has the right idea. Most every one has some odds and ends about the place where flowers will grow and transform an eyesore into a beauty spot. Suppose we all act upon her suggestion.

**BUYING AT HOME.**

Now since the local merchants have gone to handling bread baked in their home town, would it not be a good idea for them to go even farther and handle only Donley county butter?

If the hotels and cafes in Clarendon will buy only Donley county butter, it will help keep a whole lot of money right where it belongs. Many of our citizens sell good old country butter with their name printed on the label. They guarantee it to be of first-class quality.

If any of our merchants or eat-

ing houses are finding it difficult to find a suitable home product, the editor of this paper will take pleasure in giving them a list of names of Donley county butter producers who will sell them the best butter that can be bought at any price.

**Punctures or Paralysis.**

During the past ten days, Sheriff Sid Christian has been putting Hall county on the map. All unintentionally of course, but when he found that jake "pyralis" was attacking his constituents at an alarming rate, he simply got busy.

His largest finds were located in the depots at Memphis and at Turkey. The roadside vender of wares that leave his customer an invalid, now resorts to a new method of reaching his victims.

The writer has never been fanatical about this question. As a matter of fact the wealthy enjoy a variety of intoxicants unmolested while the poor devil goes to the pen. When a man sells poison to an innocent victim taking his money and knowing that the purchaser will become an invalid as a result, that man is below the brute level. Death for such a character is too humane.

Those who may have criticized local officers for puncturing casings with a shotgun on our main streets, should at the same time compare the number of victims of paralysis of our county with that of Hall. Hall is reported on good authority to have more than two hundred. Do you know of a single case in Donley?

If puncturing casings will head off this supply that has been changed from the original bottles to jars and kegs, lets have more of it. Punctures are far more preferable to paralysis anytime.

**Former Newspaper Man Visits Clarendon**

Fred L. Haskett, former owner of the Childress Index and aside from his father, L. E. Haskett, the most successful publisher of that town, paid his respects to the Leader man and other friends here Friday.

Fred is organizing an European tour for the Simmons University cowboy band and a big bunch of other folks that will take them pretty much over Europe. Several hundred have already signed up to leave Dallas June the 8th returning to that city August the 18th.

**Reclaiming Old Orchards In Donley County**

Several owners of orchards that were sadly in need of attention have taken advantage of the services of the new county agent during the past week. The J. R. Mace apple orchard of some twenty-five acres and one of the best if not the best in the county, presents a much better appearance since county agent T. R. Broun showed the owner how to prune to reclaim an orchard that had been somewhat neglected. Mr. Mace also has a number of pear trees said to be the largest in this section.

Mr. Broun advised the use of ten gallons of spray to each of the large trees, this spray to be applied in installments of eight spray periods. The trees are extra large, aged and yet can be made to pay well according to Mr. Broun who has had several years practical experience in this line of work.

John Gerner is reclaiming the mixed orchard on the old home place settled among the first in the country. This orchard was one of the best in the Panhandle when in its prime and except for insect pests, produced an abundance of fine fruit.

Mr. Broun helped get the pruned and Mr. Gerner is making the orchard take on a new lease on life. He will also follow up with arsenate of lead spraying as recommended by the county agent.

The two orchards mentioned here are to be experimental grounds for modern methods of orchard working, and the results attained will largely determine or chard planting in Donley county in the future.

F. B. Simmons of El Paso is visiting in the home of his daughter, Mrs. H. Ziegler.

**Liverpool Cotton Man Visits Here**

J. H. Morris of the firm of Morris & Company, local cotton buyers, has been entertaining E. J. C. Hare of Liverpool, England the past week.

Mr. Hare is making America his second visit to more thoroughly acquaint himself with local conditions since he is selling agent for Morris & Company in his home town.

He is also authority for the statement that our cotton grown here grades the lowest brought to the Liverpool market because of the short staple.

**OUR WEEKLY CHURCH CHAT**

"The Empty Pew and It's Message."

The empty pew has an eloquent tongue. Though its message is unpleasant it is one that all may hear. To the preacher the empty pew says, "Your sermon is not worth while." To the visitor it whispers, "You see we are not quite HOLDING our own." To the treasurer it shouts "Look out for a deficit!" To the stranger who is looking for a church home it suggests, "You had better wait awhile." To the members who are present it asks, "Why don't you go visiting next Sunday, too." The empty pew speaks against the service. It kills inspiration and smother's hope. It dulls the fine edge of zeal. The empty pew is a weight. The occupied pew is a wing. "Thou

will be missed because thy seat will be empty." (I. Sam. 20:18).

You can't believe in Jesus Christ, without trying to be like Him. Religion creates joy, loyalty, piety, goodness, high thinking, motive for service, cooperation, peace and worship. Be religious by attending church services. Let the world know that you have placed Christ on the throne of your affections, and made Him King in your love, and life.

Next Lord's day we will be celebrating the 'Triumphal Entry of the King.' In our morning message we would like to follow the people and their pathway of palms over which they led him so joyously that spring morning long ago. Our subject will be, "MARCHING WITH KING JEUS." In the evening service we will study about a king and a prophet of Israel. The king failed to use an opportunity to do good. The prophet warned him of his doom. We will tell you more about it in, "THE OPPORTUNITY WHICH

ESCAPED." We would like for you to hear these messages, will you try to be with us. Yours in the Master's name. W. E. Ferrell, Minister, First Christian Church, Clarendon, Texas.

Mr. and Mrs. Joe Cannon gave their little daughter born Saturday morning the pretty name of Hulda Lorene which just suits a pretty daughter. Congratulations from the Leader and may she grow up to be as useful as her aunt for whom she is named.

Rex. Kandall, student of Simmons University of Abilene, filled the pulpit at the Baptist church at Hedley in the absence of the regular pastor Sunday.

Miss Louise Walstad of Pampa spent the week end here with Miss Pauline Shelton.

Mrs. Sam E. Allison received news of the death of an aunt, Mrs. B. A. Ramsay, at Dallas Friday.

**I. B. Pierce**

**Don't Risk Injury**

How many times has a darkened hallway or staircase caused barked shins, stubbed toes, or even more serious injury?

Do you know that electricity will illuminate that hazardous passage for just a few cents a month—making it safe, pleasant and cheerful?

There are so many tasks that electricity will perform for you—cheaply, efficiently and dependably. Investigate the many applications of this magic service to your every-day life. You will be astounded by the many comforts and conveniences that you are denying yourself.

Electricity is one of your cheapest commodities—use more of it.

**West Texas Utilities Company**

**HUDGINS**

Sunday school was held at the usual hour with a house full present. After which Rev. Knoy ofolia Lake preached a good sermon.

We want every one to come back next Sunday and help us push things along and build our Sunday school up again. We was very proud of the sixty four that was here.

Sorry to report Mr. J. L. Talley's little son Benjamin who swallowed a jack ball after going home from Sunday school, they rushed to the doctor as quickly as possible.

Mr. L. M. Putman and family dined on Mr. and Mrs. J. C. Perie Saturday night till bed time. Mr. and Mrs. O. D. Meador and on William called on Mr. and Mrs. T. J. Talley Saturday night till late bedtime and played forty two.

The outsiders of Windy Valley came over and played our boys a game of baseball the old players on the game.

There was a few of Hudgins people attended singing at Chamberlain Sunday night.

Mr. R. W. Folkes and son Truon also Mr. H. A. Harrison attended Sunday school and preaching here Sunday.

Mr. and Mrs. Morris Milsap went to Brice Saturday night. There they visited with Mr. Milsap's sister, Mrs. Howard Rhodes.

Sorry to say our teacher Mr. Frank Behringer has been going to the doctor on account of his knee that has been thrown out of place and was not able to teach part of last week.

Miss Vera Garland and Mr. Quinten of Lelia Lake were Sunday guests of Mr. and Mrs. L. M. Putman.

Mr. and Mrs. Othel Elliott of Lelia Lake were dinner guests of Mr. and Mrs. O. D. Meador Sunday.

Royce Hughes of Chamberlain visited R. A. Beverly Sunday. We suppose every one was proud of the old trustees as they were re-elected for another term.

Miss Mattie O'Neal of Clarendon visited relatives the week end and over Sunday.

Mr. and Mrs. L. O. Christie and children called on the lady's parents Saturday night till bedtime. Mr. and Mrs. O. L. Jacobs.

Emmett Thompson spent the night with William Meador Monday night.

Emery Talley visited Donnie and Jon Jacobs Monday night. Glad to say that little Benjamin Talley didn't swallow a jack ball, they found no trace of it with an X-ray.

**Fourhouse Yardage Will Set Civic Example**

Because of its location, the fourhouse yard offers an excellent opportunity for setting a standard for civic pride and the possibility of making it the beauty spot of the county with little expense.

A. O. Yates, caretaker of the grounds, intended to do just that. His hedge froze back the past winter but with the early trimming, it is already hurrying back to its normal height and will be back to the required level before the middle of the summer.

All the extra spaces are to be planted to flowers having bright blossoms and the landscaping is being studied in detail for best effects. Mr. Yates will appreciate any suggestions from the flower lovers of the town as to variety and arrangement. Tell him what you think about it.

Tom F. Connally was called to vaco on account of the death of relative the last of the week.

Mrs. Joe Bain underwent an appendix operation at Adair Hospital Saturday. She is improving nicely this time.

Mrs. H. Lott and children of Amarillo spent the week end visiting relatives and friends here.

**SUNNYVIEW**

Mr. and Mrs. M. Starks have their new residence about complete and have moved into one room while he does the finishing and painting of the interior, it is a nice well built residence.

Mr. and Mrs. T. T. Waggoner and family of Claude spent Saturday night and Sunday with Mr. and Mrs. F. L. Behrens.

Roy Roberts of Amarillo spent the week end with his parents, Mr. and Mrs. Sam Roberts.

Miss Wilma Patten of Amarillo also her mother, Mrs. Patten and brother Phil of Sunnyview spent Sunday with Mr. and Mrs. Heckle Starks.

Misses Kathleen and Ina Riley and brothers John, Brue and Glen attended the entertainment given by Misses Ruth and Elizabeth Dunn in their home in Clarendon Saturday night.

Mr. and Mrs. Neal Bogard and Mr. and Mrs. Heckle Starks called on Mrs. Andrew Jay of Clarendon Saturday night till bed time.

Mr. and Mrs. A. M. Lanham visited with Mr. and Mrs. Sam Dale of Goldston Sunday afternoon. Mrs. Sam Roberts and son Roy spent Sunday in Memphis with the former's parents, Mr. and Mrs. L. O. Batson.

Mr. Nelson Riley, Neal Bogard and Sam Roberts are attending court this week.

Mr. and Mrs. Harve Smith and Mr. and Mrs. J. M. Stevens of Clarendon called on Miss Eula Halley and Mr. and Mrs. Paul Smith till bed time Saturday night.

Mr. and Mrs. S. A. Pierce of Clarendon called on Mr. and Mrs. Millard Starks Sunday afternoon. Mr. and Mrs. Lonnie Wood and Mr. and Mrs. Bryan Armstrong of Clarendon called in the home of Mr. and Mrs. P. O. Wood Sunday afternoon.

Mr. and Mrs. Theo Wood and children spent Sunday with Theo's parents, Mr. and Mrs. Arthur Wood of Clarendon.

Mr. and Mrs. Perry Wood of Clarendon Mr. and Mrs. Lee Wood of Martin and Mr. and Mrs. Otis Wood and family were dinner guests in the home of Mr. and Mrs. P. O. Wood Sunday.

**CHAMBERLAIN HOME DEMONSTRATION CLUB**

The Chamberlain home demonstration club met with Mrs. Harley Skinner, April 3 with 15 members and four new members added to our roll. Mrs. Rumpy and Mrs. Johnson gave a talk on proper feed for cows and how to produce clean milk and care of utensils. Mrs. Huffstutler talked on dairy laws of State and city. Mrs. Reed talked on correct refrigeration of milk. She also gave some interesting points on butter judging. The next meeting will be with Mrs. Clifford Johnson April 17th.

Willie B. Fuller, (colored) shine boy in the Potts & McGowan barber shop, was taken ill Thursday morning and died soon after being taken home. Bill was a good fellow and enjoyed the friendship of a large number of whites as well as members of his own race.

**Southeast Panhandle Area Council Boy Scouts of America**

At a meeting of the Executive Board Committee of the Boy Scout Council in Memphis, Sunday afternoon with a full Committee present consisting of A. M. Duvall Pres., T. E. Trostle, V. P. and G. M. Duren, Treas. they voted to accept the invitation of the Wichita Falls Council to hold our Summer Camp at their site on the Diversion Dam, 17 miles south of Electra, Texas. This was done after reports were received from several troops to whom the Camp Proposition have been submitted. Reports were that nearly 100 per cent of the boys favored the Wichita Falls Camp site over the Craterville, site because of the swimming, boating and fishing it provides.

**Cub Scout Camp**

The Committee authorized Scout Executive Jolly to put on a Camp for Cub Scout (8-11) years of age, since several mothers have requested a Camp for these boys. This Camp will be run in connection with Camp Leaders Camp Aug. 3-10. The price will be \$7.50 for the week. The program for this Camp will be entirely different than the regular Scout Camp with plenty of Indian Lore and Cub Scout Activities. A new program is being arranged for Cub Scouts by the Boy Scouts of America for these boys and a Handbook is now in process of making. This program will be even more significant than the Scout Program as it will tie a boy up to his own back yard with his parents as Counselors assisted by a older Scout whom he selects as his advisor.

**Scout Camp**

The regular Scout Camp will open Aug. 10th and run thru two weeks closing Aug. 24th.

The Camp will be conducted on the same basis as last years except there will be no dishwashing and Scouts will not need to take their plates, and eating utensils along. China dishes will be furnished by the Wichita Falls Camp and Scouts will be secured who cannot pay their way to camp for the job of dishwashing. It will be arranged so that a Scout will have a weeks Camp and a weeks work. Several applications are now in our hands. Scouts may stay the entire two weeks in Camp. Pres. Duvall and several of the adult Council members have promised to go with Scout Executive Jolly this year as Leaders. Mr. Duvall will have charge of Canoe and Boat building and Hiking. Canvass Canoes will be constructed at Camp by the Boys or by Patrols and the cost will probably not exceed three dollars for a canoe. Mr. Duvall will take blue prints etc. with him. Archery and Leathercraft will be two activities that will be stressed a great deal.

**Swimming**

The water in the swimming pool changes every forty minutes so that we are assured of fine swimming water. For those mothers who are afraid of swimming for their sons we use this method of water safety. The Scouts are divided into three groups as is the swimming pool. The first group are those who cannot swim at all or a very little. These wear a white ribbon on their suit at all

times. The second group are those that can swim and dive but not able to take care of themselves in water over their heads. These wear a Red ribbon on their suits. The third group are those than can swim and are called swimmers while the first group are called Sinkers and the second Minnows. Rope will be stretched on white blocks of wood making definite boundaries for each group. Life Savers will be on duty at all times over each section. At intervals of about two minutes a whistle will blow and every Scout will have to hold up the hand of his Buddy. If he is not close to his Buddy and is paying no attention to him then they come out of the water for that period. Mr. Jolly will have charge of the non-swimmers.

**Finances**

Council finances are still in a bad shape. At present not enough money is being pledged to carry on till Sept. 1st. The budget called for \$50,000 and so far these amounts have not been raised. Memphis, \$1800.00 a loss of \$200.00 over last year; Wellington, \$800.00, \$200.00 less than last year; Shamrock \$700.00, \$300.00 less than last year and Clarendon \$400.00, \$400.00 less than last year, payment but on a pledged of \$1,000 making it \$600 less. A loss of \$1400.00 in income. Hedley, Estelline and Turkey have never contributed a cent to the work. McLean will raise their portion as they did last year in the summer so that this deficit will be cut down some as also there is more to be had in Shamrock. The income will be cut at least \$1000 unless something happens.

**Next Meeting**

The next meeting will be a Council Meeting and the members of the Council fifty in number are urged to bring their families. The meeting will be held at McLean and at the New Scout Reservation

there. The Scouts have a reservation and cabin five miles out. The meeting will be held Sunday, May 4th, at 4 p. m. and a barbecued meal will be arranged by Scout Executive Jolly for 5:30. Indian barbecued chicken like we had at Shamrock and at camp last summer. A charge of 50c will be made to cover the meal and fixins.

**SPRINGTIME**

By Lawrence C. Stone  
Spring is coming, onward marching,  
Sweetest time of all the year!  
Joy and gladness round us teeming,  
How the heart beats high with cheer!

Silver clouds, in gentle breezes,  
Spread their lofty wings afar;  
Nature's portals, decked in glory,  
Set their shining gates ajar.  
Mountains rest in peaceful silence,  
Winter's raging storm is past;  
Vernal plains and floral forests  
Lie in myriad colors cast.  
Tender buds break forth in blossom,  
Fragrant odors fill the air;  
Earth bespeaks her humble praises  
For her Keeper's love and care.  
Golden sunbeams dance and shimmer,  
Balmly zephyrs slowly glide;  
Happy birds in joyful anthems  
Swell the praise on every side.  
Not for sighing, nor for weeping,  
Does the bloom of life appear,  
But for comfort and rejoicing—  
For sweet Mistress Spring is here.

Misses Margaret and Melba Bandy of Wellington visited in the Estlack home here Sunday.  
Mr. and Mrs. Allen Bennett of Amarillo spent the week end here with her sister, Mrs. Monica Harvey.

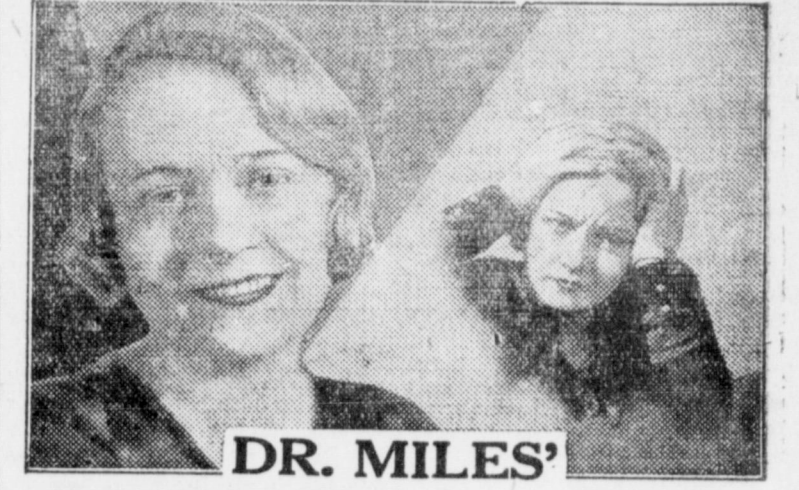

Miss Edna Riley visited her parents, Mr. and Mrs. Ed Riley at Wellington Sunday.

Mrs. Smith Gregg of Pampa visited her daughter, Mrs. Bullock returning home Saturday.

Mr. and Mrs. Everett Clark of Groom spent the week end here with Mr. and Mrs. McHenry Lane.

Mr. and Mrs. J. T. Grimsley, former residents of Clarendon, announce the birth of a girl the past week at their home near Hedley.

Miss Lella Clifford, who is a member of the public school faculty at Wichita Falls, spent the week here with her mother, Mrs. W. T. Clifford.

Cottage prayer meeting was held in the H. B. Hilburn home Friday night.

Mr. and Mrs. W. B. Morgan were Hedley visitors Saturday.

Quite a number from this community attended singing at Chamberlain Sunday night.

U. S. Experts Aid Grading Of Cottonseed

Government Chemist Suggests Grading Comparable to Middling In Cotton

General public interest among Texas farmers, business men and crushers in the grading of cotton seed by its net kernel content may result in provision for such grading by the U. S. Department of Agriculture in the near future, G. L. Meloy, government chemist, declares in a recent government report.

"What cottonseed needs is a basis for grading comparable to middling in cotton, on which quotations with recognized grades and grade differentials may be based", Mr. Meloy pointed out.

He said that the Department of Agriculture is ready to supply the facilities for such grading on the basis of the chemical analysis of cottonseed.

Discussion of this important phase of the oil mill industry will be allotted several prominent speakers at the annual convention of the Texas Cottonseed Crushers Association which will be held at Corpus Christi, April 28, 29, 30.

"In the near future a machine for determining the net kernel content of the seed quickly and accurately will without doubt be made, but in the mean time, we could depend upon chemical analysis and in this manner determine the net content and the value of any lot of seed", Mr. Meloy said.

The chemist suggests that samples should be taken from unloaded car lots to avoid the human prejudice element in grading. The best method yet evolved by the Department and one that Mr. Meloy suggests for Texas and the South, he explained in popular language!

"First, let us establish a basis or standard ton of cotton seed, not by the terms 2,000 pounds of prime seed. Let us establish a definite description that it may become a standard or basis, on which cottonseed may be quoted with assurance of value, and in relation to which the price paid for every lot of cottonseed may be fixed without disturbing the quotation for seeds.

"Let us assume a standard analysis for this standard ton. Let us require that all reports, showing the chemical analysis of cottonseed, be standardized so that every such report will be immediately comparable with every other.

"In simple terms the proposition is that we convert the indicated pound of eight percent cake into terms of oil at the ratio of five to one, which has been found to be the almost constant value ratio. Add this figure, one fifth of the indicated pound of eight percent cake, to the indicated pounds of oil, to give what we will call an oil-cake index."

The sample should be drawn by Miss Althea Knox of Lelia Lake visited Miss Hazel Cole Sunday afternoon.

Cottage prayer meeting was held in the H. B. Hilburn home Friday night.

Mr. and Mrs. W. B. Morgan were Hedley visitors Saturday.

Quite a number from this community attended singing at Chamberlain Sunday night.

a responsible party and in a systematic manner from a loaded car, the method of sampling while unloading being too fraught with the human bias and probable error, the expert thinks.

SCHOLARSHIP AWARDS

Southwestern University has just made an announcement that they will accept tuition free freshman year, from Eagle Scouts in Texas provided they meet the other requirements of Southwestern University. Fifteen affiliated credits are required. This tuition is worth \$108.00 provided of course the student enters Southwestern University.

The University of Texas also awards each year a scholarship to one Eagle Scout in each Council provided he meets with the other requirements.

There are a number of Star and Life Scouts in the Southeast Panhandle Area who will be eligible for scholarships in a short time. We have one Eagle Scout, three Life Scouts and twenty one Star Scouts that are eligible for advancement at the present time.

Scout Executive, I. E. Jolly.

What Mother Misses

Passer By: What would your mother say if she could hear you swear like that?

Boy: She'd be tickled to death if she could hear it.

Passer By: How can you lie like that?

Boy: That's no lie. She's stone deaf!

Mr. and Mrs. O. T. Smith were Pampa visitors Sunday.

Hollis Reavis of Quitaque visited homefolks Sunday.

Clarendon Motor Company Reports Used Car Sales Picking Up Daily

As a result of one of the greatest used car drives in the history of the industry, sales of used cars by the dealer organization of the Chevrolet Motor company are proceeding at the rate of \$1,000,000 a day, it was announced by Chevrolet dealers.

According to G. G. Kemp, manager of the Clarendon Motor Company, local Chevrolet dealers, used cars have been moving better than expected due to extra effort put forth in the used car department.

Mr. Kemp also stated that due to the tremendous popularity of the new Chevrolet Six, they have had a fine selection of used cars to offer the public.

He also stated that before a used car was offered for sale, it was placed in the shop for a complete inspection and the O. K. tag placed on those coming up to the standard which in turn establishes public confidence in their used cars.

Pierce Will Continue With Commercial Art Line

Having purchased at public auction recently the equipment and supplies of the Commercial Art Works formerly operated by H. M. Christianson, I. B. Pierce will continue to market the well known scenic art products of the firm.

The principal product is a menu curtain with a handpainted scene for a center piece and advertisements sufficient to pay the bill. Towns over a wide territory will be supplied as the demand is not limited to any certain area.

Mr. Pierce will also operate a general paint business and carry

Pre-Easter Services Will Begin at Methodist Church Wednesday

Rev. Sam E. Allison announces the beginning of Pre-Easter services at the Methodist church beginning with the service Wednesday evening, Dr. E. E. Robinson of Memphis will conduct the revival.

Dr. Robinson is one of the outstanding ministers in this section and Rev. Allison asks that all who can possibly do so, should hear him.

During the recent Sunday School training course of last week, 26 credits were issued. This training will be of incalculable benefit to the Sunday school work of the church.

Workers Conference Will be Held at Parnell

An all day program will be given at the Panhandle Workers Conference at the Baptist church at Parnell next Tuesday, the 15th. Speakers will discuss W. M. S., B. Y. P. U., Sunday school and other topics.

Mr. and Mrs. G. A. Anderson had as dinner guests Sunday Mr. and Mrs. Gus Campbell and daughter Mava Joe, aged four years, a namesake of Mrs. Anderson and for whom the special birthday dinner was prepared.

Other guests were Misses Mildred and Mittie Graham and Miss Stallings all of Clovis, New Mexico.

A stock of paints, oils, etc. usually found in the stock of a paint store. The location will remain as before, a lease having been taken on the building owned by Mrs. Eva Rhoads.

Security State Bank Suggestion

The financial statement Hedley bank the past week that section to be in connection with deposits of Loans at the same time \$206,326.95 which is normal for this time of year.

The directors of this bank constantly calling the attention of their patrons to fact that try will be more prosperous a more diversified system. Better stock, plan seed, raising more of them home are the three leading suggestions.

There is no more favoritism of the Panhandle suggestions can be carried has always been the policy of the bank to help the man who is trying to help himself.

Hedley Rural Club Meeting

The Hedley Rural Club held an all day meeting, March 25, at the home of Mrs. W. I. Rains.

A lovely buffet dinner was served, which consisted of good food to eat, and was enjoyed by fourteen members.

After the noon hour a meeting with an hour of good singing by the regular members and a splendid meeting and a splendid meeting and a splendid meeting.

We adjourned, after spending a most enjoyable meeting with Mrs. Roy Tuesday, April 8.

Herlie Moreman has the City Meat market. Wm. Bell will have a share of the business.

**SOCIETY**  
SLUMBERLESS PARTY

Miss Ada Mae Owens entertained a few of her friends with a slumber party on her birthday. After enjoying the show the girls returned home for the "slumberless" night the hostess received many pretty gifts. After having enjoyed entertainment from each of the girls they were startled to know it was time for breakfast. They had breakfast and departed wishing the hostess many more happy birthdays. Those present were Miss Josephine Murphey, Marjorie McKillop, Lucille Andis, Nell Butler, Bill Vineyard and the hostess Ada Mae Owens.

**KONGENIAL KARD KLUB**

Mr. and Mrs. C. E. Miller entertained the members of the Kongenial Kard Klub with four tables at their home Tuesday evening. Preceding the games, a delicious two course dinner was served.

Mr. and Mrs. Clyde Price won high score, Mrs. Ira Merchant won cut for ladies, Richard Bell won cut for gentlemen.

Members present: Messrs. and Mrs. Richard Bell, Chas. Bell, Dorr Ellis, Ira Merchant, Forrest Sawyer, Park L. Chamberlain, Clyde Price and Chas. Trent.

**WIN ONE SUNDAY SCHOOL CLASS**

Mrs. John Blocker, assisted by Mrs. Henry Youngblood and Mrs. W. C. McDonald as hosts, entertained the Win One Sunday school class Monday afternoon in the home of Mrs. John Blocker.

This celebration followed the close of a "new member" contest for which the class was divided under captains Mrs. J. G. Sherman and Mrs. R. C. Weatherly, the latter winning by a large majority. Mrs. Sherman and her co-workers feted the winners there being 38 present to enjoy the social and refreshments.

Mrs. W. A. Davis and son Bill are visiting their daughter and sister, Mrs. Pracher of Stonington, Colo.

**GOOD WILL CLUB 1930**

The Good Will Club of 1930 was entertained by Mrs. Elmer Jones Monday afternoon, the making of oil cloth pillows being the principal diversion. The hostess served lovely refreshments to: Mmes. Melvin W. Cook, L. D. Carlisle, Chas. T. Carlson, and the following guests: Mrs. L. H. Johnson, Miss Mabel Mongole, Miss Lavada Wood.

The next meeting will be held with Mrs. Don Martin on Monday, April 14th.

**MISS OLIVE RUTH EWEN HONORED**

Miss Olive Ruth Ewen of Memphis was the honoree of a party of young people enjoying a picnic party at the Rowe Ranch Friday evening. The merry-makers returned to Clarendon late in the evening arriving at the home of Mrs. O. L. Fink where they organized a bridge club, the name of which is to be decided later.

Officers of the new club are: president, Miss Florence Fink; vice president, Miss Elgin Patrick; secretary-treasurer, Mrs. Meade Halle; reporter, Miss Bettie Walker. Games continued until time for an early breakfast, guests returning home following a sleepless but merry night.

Those present were: The honoree, Miss Olive Ruth Ewen of Memphis, Misses Lois and Wyfia Alexander, Bettie Walker, Edna Montgomery, Jane Killough, Lorraine Benson, Elgin Patrick, Julia Patrick, Mr. and Mrs. Meade Halle, Neil McKillop, Glenn Allen, Tom Murphey, Jim Cornelious, William Green, Buss Bell and Shine Martin.

**MISS FLORENCE FINK ENTERTAINS**

Miss Florence Fink entertained with a three course dinner party Saturday evening honoring her guest, Miss Olive Ruth Ewen of Memphis. Those present were: Misses Olive Ruth Ewen, Lois Alexander, Edna Montgomery, Elgin Patrick, Lorraine Benson and the hostess, Miss Florence Fink.

Miss Nettie Sims of P a m p a visited homefolks Sunday.

**1930 NEEDLE CLUB**

Mrs. Ray Couch charmingly entertained the 1930 Needle Club at her home Tuesday afternoon. Needle work and April fool stunts furnished diversion for the afternoon.

Delicious refreshments were served to: Mmes. Turner Kirby, Meade Halle, Marvin Land, Harry Guynes Pleas Latson, Buster Vaughn and the hostess, Mrs. Ray Couch.

**WHAT FARMER MUST DO TO GET AID UNDER ACT**

Soon after the centralized cooperative commodity sales agencies had been started, many requests came to the Federal Farm Board asking for information that would indicate to farmers and their leaders what type of cooperative associations were eligible for benefits under the agricultural marketing act.

The board gave an answer to these questions in a letter made public on January 8 which previously had been sent to land-grant colleges, extension-service directors, agriculture. The board explained that it was fostering a system of State, local, or regional cooperatives amalgamated or federated into national commodity cooperative sales agencies and that an individual farmer need belong to no organization other than his qualified commodity cooperative.

The letter was sent to persons who previously had volunteered through their various associations to cooperate with the Federal Farm Board in taking to the farmer information as to how he may avail himself of the provisions of the agricultural marketing act. The text of the letter follows:

"You no doubt are being asked the question every day by both individual farmers and representatives of cooperative marketing associations as to what they will have to do to get aid or assistance from the Federal Farm Board.

"It is impossible for the board to deal direct with individual farmer. Under the terms of the agricultural marketing act, the board may, with exceptions not here important, lend only to cooperative associations which are qualified under the Capper-Volstead Act of 1922.

"To qualify under the Capper-Volstead Act, the cooperative must be composed of persons engaged in the production of agricultural products as farmers, planters, ranchmen, dairymen, nut or fruit growers, acting together in associations, corporate or otherwise, with or without capital stock, in collectively processing, preparing for market, hading and marketing in interstate and foreign commerce, such products of persons so engaged. Such associations may have marketing agencies in common, such associations and their members may make the necessary contracts and agreements effecting such purposes.

"Under the provisions of the act, however, such associations shall be operated for the mutual benefit of their members and conform to one or both of the following requirements:

"(1) That no member of the association is allowed more than one vote because of the amount of stock or membership capital he may own therein; or

"(2) That the association does not pay dividends on stock or membership capital in excess of 8 per cent per annum.

"Another requirement of the act is that the association shall not deal in the products of nonmembers to an amount greater in value than such as are handled by it for members."

"In order effectively to carry out the provisions of the act, the board has already assisted in the formation of several national cooperatives representing particular commodities. Others will be formed in the future. If and when such national cooperatives are formed, it is the policy of the board to require that all local, State, or regional cooperatives shall affiliate with the national and receive the benefits of the agricultural marketing act through this national affiliation.

"It is the desire of the board that proper reserves be set up by the cooperatives to meet their own peculiar conditions. In such cases provision should be made for the ultimate distribution of such reserves and for the distribution of all other earnings, except the limited dividend requirements of capital-stock cooperatives, upon a patronage basis.

"Any such associations as above described will be eligible to do business with the Federal Farm Board without the necessity of coming through or joining with any other organization.

"We are preparing now some skeleton setups of cooperatives to handle different kinds of commodities, which will be mailed to you in a few days. These should be helpful in guiding the organization of new cooperatives and assisting old ones to comply with our requirements."

Mr. A. A. Mayse went to Dallas to attend the Lumberman convention Monday.

**Earnings of the West Texas Utilities Company**

Gross earnings of the West Texas Utilities Company for the year 1929 totaled \$7,623,748.23, according to the recently released Annual Report published by the company. These earnings, which include merchandise sales, show an increase over 1928 of nearly \$950,000.

Although business conditions were below normal this past year, it was found that the company's increase in earnings was due to the stabilizing influence of successful wool, mohair, and livestock industries. The decrease in production of oil, a result of proration agreements, slackened the oil industry but due to the gaining popularity of electricity for drilling and pumping, the company realized a good portion of its revenue in this field. During 1929 the company sold approximately 194,000,000 kilowatt-hours of electricity, an increase over 1928 of 91,000,000 kwh. This phenomenal gain was due largely to increased activity in West Texas oil fields.

Serving a territory with an estimated population of near 250,000, the West Texas Utilities Company rendered service to some 50,000 homes and business enterprises. In order to adequately serve these customers, a net work of high voltage transmission lines has been built over West Texas which, at the end of the year, totaled 2,238 miles. These lines are energized by three major generating stations and 17 auxiliary standby stations. High voltage current is "stepped-down" for industrial, commercial and industrial usage by more than 180 substations. At the close of 1929 the company was serving 111 communities with electricity, 33 with ice, 2 with water and 2 with gas, more than 1,000 regular employees being required to furnish and maintain this service.

During the year 1929, the West Texas Utilities Company issued and sold \$2,250,000 in principal amount of First Mortgage 5 per cent Gold Bonds and 30,700 shares of Common Stock of no par value. Eight thousand shares of the company's \$6 Non Par Cumulative Preferred Stock were issued and sold, the majority to West Texans. The proceeds were used for the purchase of new properties, for new construction and for other corporate purposes.

During the year the company's sale of major and minor electrical appliances and various electrical fixtures amounted to \$1,195,652.54, which was an average of \$37.08 per residential lighting customer.

Efforts are constantly made in the year to eliminate hazards and promote safety among the employees. With practically the same number of employees, the 1929 record showed a decided improvement over previous years, both in number of accidents and their severity. 1929's record showed a decrease under 1928 of more than one-third day's lost time per employee.

In 1925 the electrical output of the West Texas Utilities Company totaled slightly less than 35,000,000 kilowatt-hours. During 1929 this same output totaled more than 246,000,000 kwh. Gross earnings in 1926 were approximately \$3,500,000 and in 1929 reached more than \$7,600,000.

**SIDE LIGHTS**  
by Marvin Jones  
Member of Congress from Texas.

Southward, as well as Westward, the star of Empire takes its way.

We have reached the end of an epoch in the history of our country.

New England industry is on the wane. The South and Southwest have been growing and building.

The coming decade will witness the greatest development in the Southern and Southwestern States that has ever taken place within the borders of America.

In making this statement I am not merely expressing my own views. It represents the viewpoint of practically every one who has studied these conditions.

What are the influences that are bringing about this new development? Why are men of experience advising young men to seek their fortunes in this fast-growing section?

Here is the reason:—

The South and Southwest today possess much of the reserve supply of the natural resources of America, the raw material out of which so many thousands of articles are being made.

The South has a large reserve supply of timber, coal and iron. The Southwest has a large reserve supply of the world's oil, natural gas and hydro-electric power.

Our portion of the Union has, in large measure, a natural monopoly on cotton, cotton seed and cotton seed oil.

We have the finest wheat lands in America.

In addition to all these advantages, the Southwest has a climate and a fertile soil with which no other section of the world can compare.

If properly utilized, her coal, oil, natural gas and water-power will give her a tremendous advantage over New England—that of cheap power with which to transform her raw materials into the finished article. By saving the freight charges from New England to the Southern State, our factory owners would prosper, our laborers could be well paid, and our section would grow wealthy.

The difference in climate between our section and the Northern States gives the average family in the South and Southwest a decided advantage in the cost of clothes and fuel, to say nothing of the saving in building construction.

According to the Department of Commerce, our industries have tripled in the last decade.

As a dairying section, we are destined to lead the Nation. Our soil, climate and abundance of feed materials give us advantages with which other sections cannot compete.

When the fact becomes generally known that Texas and surrounding States are practically free from tuberculosis among the cattle, while the cattle of the Northern States, and especially the Northeastern States, are infested to a dangerous degree, the demand for our dairy products will be greater than can be supplied.

The South has passed through the stress period followed the Civil War, and a new day is dawning. She is destined to lead the world in the triumphant march of future progress.

Mrs. J. T. Sims is visiting in Mineral Wells.

Mr. and Mrs. John Watts visited in Wellington Sunday afternoon.

Mr. and Mrs. Pink Sitton and daughter Ruby Jean of Pampa visited with the lady's parents, Rev. and Mrs. L. A. Reavis Sunday.

Mr. and Mrs. Frank Whitlock and son Price and Mrs. W. A. Wilson and daughter Jo Veta visited with the lady's parents, Rev. and Mrs. L. A. Reavis Sunday.

Rev. E. D. Landreth, pastor of the Methodist church at Hedley, will begin a protracted meeting at McKnight next Sunday.

Don't fail to read the ads in the Leader and profit thereby.

According to the Department of Commerce, our industries have tripled in the last decade. As a dairying section, we are destined to lead the Nation. Our soil, climate and abundance of feed materials give us advantages with which other sections cannot compete.

When the fact becomes generally known that Texas and surrounding States are practically free from tuberculosis among the cattle, while the cattle of the Northern States, and especially the Northeastern States, are infested to a dangerous degree, the demand for our dairy products will be greater than can be supplied. The South has passed through the stress period followed the Civil War, and a new day is dawning. She is destined to lead the world in the triumphant march of future progress.

Mrs. J. T. Sims is visiting in Mineral Wells. Mr. and Mrs. John Watts visited in Wellington Sunday afternoon. Mr. and Mrs. Pink Sitton and daughter Ruby Jean of Pampa visited with the lady's parents, Rev. and Mrs. L. A. Reavis Sunday. Mr. and Mrs. Frank Whitlock and son Price and Mrs. W. A. Wilson and daughter Jo Veta visited with the lady's parents, Rev. and Mrs. L. A. Reavis Sunday. Rev. E. D. Landreth, pastor of the Methodist church at Hedley, will begin a protracted meeting at McKnight next Sunday. Don't fail to read the ads in the Leader and profit thereby.

Mr. and Mrs. Cannon visited Mr. and Mrs. Lamberson Sunday afternoon.

Miss Juanita Lamberson, who has been staying in Judge Porter's home, returned home Sunday for a

**CHURCH OF THE NAZARENE "What We Believe"**

We believe in the Wesleyan interpretation of the scriptures. That man is justified by repentance and faith. Without the deeds of the law or works of righteousness. (For by Grace ye are saved, Eph. 2. 5.) Therefore being justified by faith we have peace with God through our Lord Jesus Christ, Rom. 5:1. By whom also we have access, by faith, into this Grace, when we stand, Rom. 5; 2. We believe that after justification we are to go on unto perfection, Heb. 6; 1. Now this perfection is not absolute perfection, nor maturity, but heart purity by the sanctifying power of God, with the Baptism with the Holy Ghost (Spirit) which eradicates inbred sin (Acts 15; 8-9) or Purifies the heart. We are not to expect the phenomena of Pentecost in every respect.

We may not hear an unusual sound as of the wind, we may not see chosen tongues like as of fire sitting upon the individual, neither the speaking in an unknown tongue, but every one who experiences this grace, will revive a clean heart, (be made holy in heart) and from this heart will come a life separate and apart from worldliness.

Don't forget the revival, Come! Come! Come!

J. P. Fisher, Pastor.

**Says Everyone's Now Praising It**

**ANOTHER WICHITA FIRE FIGHTER DECLARES HE FEELS LIKE A NEW MAN**

"A few bottles of Orgatone (Argotane) put an end to my indigestion and made me feel like a new man" said C. F. Gregory, a well known Wichita Fireman at the Central Fire Station and who resides at 604 9th Street, Wichita Falls.

"Often after eating he continued. "I would have attacks of indigestion that would make me feel miserable for hours at a time. My gall bladder bothered me a great deal and I had a severe sharp shooting pain along the margin of my ribs in the right side. I started doctoring myself but nothing I took I became much worse and vacation. Miss Nathal will take her place for the next few weeks.

Mr. and Mrs. Higgins and family spent Sunday with the Humbard family of Lelia Lake.

Mrs. Higgins visited Mrs. Stone Friday afternoon.

Mrs. Patterson of Martin visited Mrs. Singletary Tuesday afternoon.

suffered so much agony that I surely thought nothing would ever do me any good.

"One of my friends advised me to try Orgatone (Argotane) and I began to improve right from the start and in weeks more treatment fixed me up all right and I have gotten entirely over my indigestion and can now eat anything I want. I believe everybody in my neighborhood is taking Orgatone (Argotane) and praising it for the good it is doing them."

Genuine Orgatone (Argotane) may be bought in Clarendon at the Stocking's Drug Store.

Mr. and Mrs. Ralph Bourland and Miss Lotta Bourland left for Lamesa Friday where they will visit a sister, Mrs. Carroll Baldwin, later going to Graham for a visit with Mr. and Mrs. Lacy Bourland.

**SUNDAY SCHOOL CLASS HAS PARTY**

Mrs. C. W. Galloway and Mrs. C. E. Miller entertained the members of Mrs. E. P. Shelton's Sunday school class at the home of Mrs. Miller Thursday afternoon with a 42 party.

Following the games, light refreshments were served to: Mmes. E. P. Shelton, B. F. Kirtley, Tom Goldston, Y. E. McAdams, Homer L. McElvany, Williams, B. C. Antrobus, Lillian Brady, Chas. Bairfield, Cleo Norwood, Joe Ellison, O. C. Watson, J. B. Redfern, C. W. Galloway and Mrs. C. E. Miller.

**METHODIST MISSIONARY CIRCLES TO MEET**

Circles will meet as follows Wednesday afternoon: Circle No. 1 at the church with Mrs. S. T. Clayton as leader; No. 2 will meet with Mrs. S. E. Allison with Mrs. Eula Cox leading; No. 3 will meet with Mrs. Patching with Mrs. Carrie Wiedman leading. Bell Bennett Circle will meet with Mrs. B. C. Antrobus and Mrs. Bascom White leading.

**FRIDAY AFTERNOON BRIDGE CLUB MEETS**

Miss Mildred Mattin entertained the Friday afternoon bridge club with two tables at her home Friday afternoon.

Mrs. P. L. Chamberlain received high score prize. A dainty refreshment was served to: Mmes. Holman Kennedy, Forrest Sawyer, Forest Taylor, C. E. Miller, Floyd Lumpkin, Oscar L. Jenkins, B. L. Jenkins, Jr., P. L. Chamberlain.

**ALPHA DELTA PSI**

Wednesday evening the Alpha Delta Psi Literary Society of Clarendon Junior College motored to Troublesome Canyon on a picnic excursion. As usual the joy seekers spent most of their time hiking and viewing the canyon's beautiful terrane. After tramping for some time, the sportive outburst dwindled and they made their way back to the creek bottom where they declared war on a special spread of edibles.

While sandwiches vanished and pickles became past history, Earl Humphrey suddenly discovered that the starter was stuck on "Old Frigidaire." Jumping to quick action, boys of the crowd were called together and the car rocked back and forth but to no avail. Pulling and pushing the car failed to bring a change for the better, so it was left up to Earl's mechanical ability to remedy the ailment. With the help of Archie Pool, he soon restored the provoking disorder and everyone started for town, each feeling much better for the meagre time spent in the roughs of the canyon.

**MRS. G. F. KEENER HOSTESS TO MOTHERS' CLUB**

Mrs. G. F. Keener entertained the Mothers' Club at her home Friday afternoon, Mrs. Will Johnson leading in the program discussion stressing the point of how to make the home attractive.

Mrs. T. D. Nored discussed the importance of game selections, music, reading aloud and other forms of evening entertainment for the little folks.

Mrs. C. J. Douglas discussed the merits of George Elliott poetry, music and songs in the home.

Mrs. Y. E. McAdams chose as her subject, "Our Wonderful World", discussing exploration, travel and inventions.

A lovely plate luncheon was served to the following members: Mmes. C. J. Douglas, E. P. Shelton, Eva Draffen, Will Johnson, W. M. Patman, T. D. Nored, U. J. Boston, John Bass, H. T. Burton, Loyd Stallings and to Mrs. Allen Bryan and Mrs. Buel Sanford, who were guests for the afternoon meeting.

**EPISCOPAL AUXILIARY**

Mrs. W. H. Patrick led in the lesson study at a meeting of the Auxiliary on Wednesday afternoon following which the ladies attended special services at the church.

**BAPTIST W. M. S.**

The Baptist W. M. S. met in business session at the Wednesday afternoon, the President, Mrs. Gray, presiding.

Quarterly reports were given by chairman of committees. There were more than forty members present at this meeting. —Reporter.

**MISSIONARY AUXILIARY**

Mrs. J. G. Sherman led in the Bible study program of the Women's Missionary Auxiliary of the Methodist church Wednesday afternoon. The meeting was held at the church with a good attendance.

**MR. AND MRS. LIESBERG ENTERTAIN BOOSTERS**

The Booster Class of the Christian church was entertained by Mr. and Mrs. O. D. Liesberg Tuesday evening. Rev. Emanuel Dubbs, pastor of the Christian church at Borger opened the meeting with prayer.

The lesson was taken from the 2nd Chapter of 1st Cor. with M. G. Cottingham leading, followed by a round table discussion. The devotional period was closed with sentence prayers.

Mrs. Liesberg was assisted by Mrs. Will Dubbs, Mrs. S. B. Arnold and daughter Frances in serving refreshments.

The next meeting will be held at the W. L. Butler home near Lelia on the 15th.

Those present were: Rev. W. E. Ferrell, H. Mulkey, W. L. Butler, Frank Whitlock, Lonnie Hahn, Tom Moss, M. C. Cottingham, J. R. Tucker, Will Dubbs, J. D. McAdams, Roy Clampitt, S. B. Arnold, F. C. Johnson, and Rev. and Mrs. Emanuel Dubbs of Borger.

**CLARENDON H. D. CLUB**

The Clarendon Home Demonstration Club met with Mrs. A. H. Baker Friday afternoon in her beautiful home on East First street.

During the business session, plans were laid to hold a "market" on the afternoons of the 18th and 19th of this month at the offices of the West Texas Utility company. The Club is raising money to send a representative to the Short Course at A & M this summer.

"Beautification of Home Grounds" was the lesson subject at this meeting, which was discussed by Mrs. O. L. Fink, Mrs. T. E. Brown and Mrs. C. L. Benson.

An appetizing refreshment was served to: Mmes. G. A. Anderson, S. B. Arnold, T. E. Brown, C. L. Benson, M. T. Crabtree, John Clark, H. J. Eddington, J. C. Estlack, O. L. Fink, James Grundy, O. D. Liesberg, C. E. Lindsey, J. A. Tomb, J. D. Stocking, W. D. Van Eaton, Major Hudson, J. H. Watts, J. D. McAdams.

Little Miss Bettie Blanche Baker contributed a beautiful solo as one of the most interesting numbers on the program.

**JENNETT NOLAND HAS BIRTHDAY**

Mrs. C. E. Noland entertained with a birthday party Saturday afternoon in honor of Jennett's second birthday.

The guest list included Dorothy Ann Kennedy, Billie Ralph Andis.

Sunday school continues to grow, eighty-four in attendance Sunday morning.

Miss Gladys Clemons of Paducah is visiting in the Hauley Harrison home.

Frank Behinger of Hudgins and Amos Yates of Clarendon visited in the Hughes home for the week end.

Miss Bertie Stewart of Goldston attended Sunday school here Sunday.

The play "Two days to get Married" put on by the school was a scream. The building was filled to its capacity and the response from the audience showed very plainly that this and surrounding communities appreciate the efforts of these boys and girls in furnishing high class entertainment at home.

School is progressing nicely with an enrollment of 81, and the late scholastic census shows an enrollment of ninety-four for the next term, this is an increase of

four from last years enrollment.

Mrs. Lucille Davis of Ashtola attended Sunday school here Sunday and visited in the Roy Blackman home.

Seventy-seven votes were cast in the school trustee election here Saturday, Clifford Johnson, M. C. Rumpy and Wett Harden were chosen as standard bearers for the school.

Below is the vote cast for the following gentlemen: Watt Harden 70; M. C. Rumpy 50; Clifford Johnson 42; B. L. Blackman 35; G. G. Reeves 24; Morris Reed 7; W. W. Webb 1.

Mrs. Minnie Morris, Mrs. E. T. Ballew of Allen, Texas and Mr. and Mrs. Welby Cundiff of Dallas who have been visiting Mr. and Mrs. J. I. McSpurgeon, returned to their home Saturday.

Mrs. J. B. Baird spent the week end in Pampa visiting friends.

Mrs. J. R. Lafon visited Wednesday and Thursday in Amarillo with the R. H. Beville family.

Bill J. Greene had a new roof put on his residence the past week. W. A. Davis did the same thing. The beautiful art craft material was used on the Greene residence both jobs being reported by the Plains Roofing company.
