Shepherd Delivers Graduating Address Sunday Morning

Record-Breaking Audience
Attends First Program
of Commencement

Commencement Week for the Session 1929-30 was formally opened with the Baccalaureate Sermon at the Methodist Church, Sunday, May 18, at 11:00 a. m.

Many a heart beat high with pride as the 48 graduates from the high school and the 16 graduates from the College marched down one aisle and a large group of boys and girls, graduates from the Junior High, marched down the other to the strains of the Grand March from Aida, by Verdi, from the organ played by Miss Fray Stallings.

The Baccalaureate Sermon was delivered by Rev. B. N. Shepherd. His theme was "Finding Your Life's Work or God's Plan for the Individual Life." The message was simple, easy to follow, yet thought provoking and exceedingly challenging.

Rev. Shepherd brought to our minds the abundant evidences of a plan back of the universe. Even every kind of plant grows according to its pattern.

"Before a bridge is built, an architect is consulted and the plans are drawn. The blue-print is followed by the builder."

"We are building lives. The Creator of the universe is the Master Architect of human lives. He has a plan for every life. The speaker stressed the importance of seeking, early in life, to find the Divine plan for the individual life—that the proper preparation might be made. God's plan for a human life, courageously followed, always results in real success."

Following the Doxology, came the Recessional of the graduates as the War March of three Priests by Mendelssohn, sounded from the organ, and another commencement became history.

Garage Man Raises Spuds Big as a Baseball

Speaking of production, I. O. Noble has started something new in the way of growing spuds. He has them now as large as a baseball according to his statement Saturday. They are being grown on new ground without fertilizer or extra water.

County Commissioners Make Checkup on Renditions

At a meeting of the County Board Monday, renditions as compiled by the Assessor's office were carefully gone over. Some time during the week post cards will be mailed out to those whose property valuations have been raised or lowered.

Hedley Legion To Sponsor Program Memorial Day

Veterans of All Wars Are
Asked to Take a Part
in the Program

The Adamson-Lane Post of the American Legion of Hedley have planned a special program for Memorial Day in which they ask all World War veterans to share regardless of whether they are members of the Legion or not according to Post Commander B. G. Clifton.

Spanish war veterans and ex-Confederates are also asked to join with them in the proper observance of this day as all Legion Posts over the state are to use concerted action in making this the biggest memorial event in the history of the state.

According to plans already arranged, the veterans will meet at the City Hall Friday, May 30th, and march in a body to the cemetery where graves will be properly decorated in the usual manner of observing this day inaugurated soon after the close of the Civil War.

Business And Professional Women's Club Organized

Local Club is Affiliated With
Both State And National Bodies

At a meeting held at the Club Room Thursday afternoon sponsored by the Pathfinder Club, an organization was perfected whereby another civic club came into being for the advancement of building and general civic improvement for Clarendon.

The new club is one of the many similar clubs numbering several thousand over the nation and will be affiliated with the state and national organizations. Seventeen names have been added to the roll to date with other applications pending. Mrs. B. G. Smith was elected president, Miss Lorena Stegall vice president, Miss Helen Wiedeman secretary, and Miss Eva Lee Morrison was elected treasurer.

A bi-monthly luncheon to be served by the ladies of the Presbyterian church is a part of the plans as outlined at this meeting. The Pathfinder club served refreshments on this occasion.

The meeting was attended by Mrs. J. McKinney, district chairman, and Miss Pat Davenport and Miss Aubrey Hankins of Childress. Also Miss Gladys Hammonds, president of the Memphis club, and Miss Edna Bryan, Miss Ruby Adams and Miss Bird Prestlow of Memphis.

Each of these ladies spoke on the aims and objects of civic clubs and materially assisted in the organization of this club.

Clarendon Will Stage A Celebration Fourth of July

Chamber of Commerce Plans
Plenty of Amusement And Band Music

Clarendon will assume the roll of entertainer for this section July 4th according to plans outlined at a meeting of the Board of the Chamber of Commerce held here Saturday.

While a complete program has not been worked out at this time, it is understood that plans are being made to have local candidates and state candidates present to present their cause to the public on this occasion. Other speakers of note will also be asked to contribute to the oratory for the celebration.

Ball games in which prizes will be offered will be staged between communities outside the town. Communities will likely be asked to put on plays as they did during the fair last season. Should this be possible, prizes will also be given to the communities making the best showing.

All the stores except those dealing in daily necessities will also close for the day that all may have an opportunity to enjoy all parts of the program of the day. This arrangement will not apply to those dealing in commodities that would add to the sum total of the happiness of the guests.

An opportunity will be given the 510 members of the Home Demonstration, Girls' Clubs and Boys' Clubs to make their best showing. Details will be worked out by Miss Nora Smith, Home Demonstration agent, and Mr. T. R. Brown, County Agent.

Everything possible will be done to make every individual feel welcome, the day being largely given over to club workers and whatever program they see advisable to carry out.

G. G. Kemp of the Clarendon Motor company has been selected as Master of Ceremonies and he will select such help as he deems necessary in carrying the plans to a successful conclusion. A welcome will be given every individual within reach of Clarendon on that day to share in the biggest event here in years.

Mrs. James Grundy is visiting in Clarendon this week with her sister.

Equalization Board Makes Several Reductions

The Board of Equalization composed of A. A. Mayes, Frank Bourland and Henry Williams, held sessions Wednesday and Thursday in the directors room of the Donley County State Bank. After giving due consideration to a number of requests, this Board representing the school tax interests of this district, made reductions in twenty-three individual cases. These reductions applied to the older class of rental buildings principally, where a deterioration was shown.

Christian Churches to Have National Broadcast

A world-wide program of the Churches of Christ will be broadcast Sunday afternoon of June 1st at 3 p. m. Central Standard Time. This program is in celebration of the nineteenth hundredth anniversary of the birth of the church.

H. C. Kerbow and Sons will wire the Christian church here especially for this program to which the public will be invited. A complete report and explanation may be found in another column.

Hedley Commercial Club Builds Good Will

At a meeting of the Hedley Commercial Club Tuesday night, a plan of visiting the other communities was adopted and a committee composed of Rainey Westberry, Geo. C. Hutto and Frank Kendall was selected to work out a program for community visits.

It is thought that a "get-together" meeting for each community for the purpose of working out problems affecting each, will result in much good, and a better understanding.

In accordance with this plan, McKnight was visited Friday evening. Plans of general helpfulness were discussed along with the needs of the various sections in that district.

Adair Hospital on Firmer Financial Footing

The success attained by the present management of Adair City-County Hospital has far exceeded their most sanguine expectations. Those in authority are well pleased with the results obtained so far, both in service rendered the public and the low cost of operation.

During March 28 patients were received and 24 discharged. The receipts for the month amounted to \$1157.45. During April 22 patients were received and 17 discharged. April receipts showed a total of \$708.55.

During the seven months of operation under the present regime, the expenditures have exceeded the income by \$348.52. Deducting for supplies on hand and other equipment, the institution shows a net profit. It is not the intention of the management to make of it a great financial success, but rather a health asset to the county.

Ashtola School Celebrates With Closing Programs

The pupils, teachers and patrons of the Ashtola school celebrated the closing of this term with three excellent programs the past week, Wednesday, Thursday and Friday nights.

The program Wednesday night consisted of 21 numbers, that of Thursday night was a farce comedy in three acts, "Go Slow Mary", which brought out a large crowd. The closing program Friday night saw the closing of the best school term in history. All teachers have been re-elected for next year.

Mr. and Mrs. Kinch Leathers Become Proud Parents

The many friends of Mr. and Mrs. Kinch Leathers will rejoice with them over the birth of a son Sunday morning. The little man has been given the name of Aubrey Linn and his weight is six and three-fourths pounds.

Although having been married fourteen years, this is their first born, and the parents are naturally very proud of their good fortune. The Leader joins with these good friends in wishing the young man all the good fortune possible.

Auxiliary Will Sponsor Poppy Sale Here Saturday

Adopted Memorial Flower Is
Looked Upon as Living
Symbol of Sacrifice

The local Auxiliary of the American Legion will conduct their poppy sale as usual on the Saturday before Decoration Day, hence next Saturday will be "poppy day" in Clarendon, and a grim reminder of the horrors of war.

Funds made available from the sale of poppies each year has long since passed the million dollar mark. And, most important of all, the red poppy has been kept a sacred symbol of the sacrifices of the men who paid the supreme sacrifice during and incident to the World War.

The idea of using the poppy as a memorial flower for the World War dead, sprang up as naturally as the little wild flower that grows in the fields of France and Flanders. The flower was the one touch of beauty survived amid the hideous destruction of war. Along the edge of the trenches, beneath the tangled barbed wire, about the ragged shell holes and over the fresh graves where naught but the winds sang requiems over the heroic dead, it raised its brave red blossom.

Soldiers of all nations came to regard it as the only immortal thing in that war torn area that was immortal, and they came to regard it as a living symbol of the sacrifices of their dead comrades.

It was a poet who first gave expression to the idea, soon himself to lie beneath the poppies, he wrote: "In Flanders fields the poppies blow. Between the crosses row on row—". In 1914, scattered poppy sales were held by the American Legion, and the following year in national convention at Cleveland, the poppy was adopted as their memorial flower. When the Auxiliary was organized in Kansas City in 1921, one of its first acts was to adopt the poppy as their memorial flower.

The nation-wide sale of poppies to be worn as a memorial flower on Decoration Day was begun by both the Legion and Auxiliary in 1927. Silk poppies imported from France where they were made by widows and orphans accruing from the war were first sold. Later the poppies were made by our own disabled veterans, most of them in government hospitals. The material today is made from paper.

Our disabled veterans who make the paper poppies that you will be offered next Saturday, receives about a half cent each for his labor. The remainder goes for purchasing luxuries and needs not supplied by the government. The least that you can do is to buy a poppy—the symbol of sacrifice and a reminder of the horrors of war.

Mr. and Mrs. O. C. Watson and son George and Mrs. T. G. Stargel returned from Dallas Sunday where George was again taken for hospital treatment, to remain for possibly two or more months. They visited friends in Ft. Worth and Wichita Falls while on the trip.

Mr. Geo. Kutch, sister of Mrs. S. B. Kutch and M. S. Parsons of this city passed away at Hobart, Oklahoma Friday. Mr. and Mrs. Parsons and son Homer and Mrs. S. B. Kutch had gone to her bed- side Wednesday upon learning of her serious illness.

IN FLANDERS FIELDS

—O—

In Flanders fields the poppies blow
Between the crosses, row on row,
That mark our place; and in the sky
Scarce heard amid the guns below.
The larks, still bravely singing fly,
We are the Dead. Short days ago
We lived, felt dawn, saw sunset glow,
Loved and were loved, and now we lie
In Flanders fields.
Take up our quarrel with the foe;
To you from failing hands we throw
The torch; be yours to hold it high.
If ye break faith with us who die
We shall not sleep, though poppies grow
In Flanders fields.

—John McCrae, 1872-1918.

Ditch Plans Hit a Snag Be- fore Completion

The plan of having two bridges across the new ditch on Gorst street near the laundry, has met with a mishap. The small bridge on the west side of the street has been completed, but the other will be held up pending a decision from the property owner on the other side of the ditch.

The work has been completed except for the building of the bridge and a bit of paving that is to be done on the Brumley property which we understand is to be finished up this month.

Dean of Clarendon College Member of Austin Faculty

Dean W. A. Clark, Jr. of Clarendon Municipal Junior College will be a member of the faculty of the Visual Instruction Conference to be held at Austin, Texas from June 16th to 21st inclusive.

The visual instruction conference is sponsored by the Bureau of Visual Instruction of the University of Texas and the course of instruction is open to teachers and pupils from over the state.

Memorial Day Program At Christian Church

A Memorial Day program, sponsored by members of the Aubyn E. Clark Post of the American Legion, will be rendered at the Christian church here from 10 to 11 on Friday, May 30th. Business houses will be closed during the hour. The program:

America Congregation
Invocation Rev. W. E. Ferrell
Band Music Patriotic Airs
Song0 Congregation
Address Rev. Robt. S. McKee
Benediction Rev. B. N. Shepherd

Following the program at the church, Legionists and others will go to the cemetery where the graves of all veterans of all wars will be fittingly decorated.

Goodnight Man Reports No Rain Over Big Spot

Despite the fact that it has rained more the past month in surrounding territory than in several months, A. D. Shores reports a large dry spot extending from Ashtola west to near Goodnight and north to the Groom country. This same section was badly hailed out last year.

Farmers are unable to plant a crop in this peculiar dry section, and wheat is falling down for lack of moisture. More rain has fallen where Mr. Shores lives and he has fifty acres of cotton up looking like it might make a bumper crop.

Alba Shores was in the Leader office with his uncle and stated that he had not plowed or planted due to being in the dry belt. Both men are "blue ribbon" farmers and are numbered among the best folks of their section. Come in again, men.

Rotarians Will Send Representative To Chicago Meet

Delegate to Silver Anniversary Meet Will be Se-
lected Next Friday

The Clarendon Rotary club met at Caraway's cafe Friday for the noon luncheon. Dr. J. W. Evans spoke at length in an interesting manner on the subject of "Pleasure in Work." Being a dentist, he illustrated how a man of that profession derived pleasure from his work other than the monetary value accruing from his labors. His talk was illustrated with personal experience in dealing with the public in individual cases, bringing to the attention of his listeners many new ideas overlooked by the ordinary individual.

Densil R. Davis gave a brief report on the attendance on the Memphis Rotary club of Tuesday when he, Dr. B. L. Jenkins and R. S. Cope were guests of that Club. R. E. Drennon called attention to the numerous programs incident to school closing for the coming week.

Announcement of the election of officers for the next six months was made by the President for the next meeting Friday of this week. A delegate will also be selected at this meeting who will attend the Silver Anniversary meet in Chicago in June.

The visits to rural schools by members of the Club will be continued as during the past month. This phase of Rotary is under the direction of the Boy's Work committee.

Varied School Programs Entertain General Public

Entire Week is Being Given
Over to School Programs—
Judge Wilson to Speak

The programs incident to school closing began Sunday with the service at the Methodist church. The Fine Arts department under the direction of Miss Christine Stroder rendered a pleasing program at the College Auditorium Monday night of this week.

High School students will celebrate their big event Wednesday evening at the College Auditorium beginning at 8 p. m. Joe Noble is president of the graduating class this term. Lucille Pickering is salutatorian. Helen Smith will read the class history. The class poem will be read by the author, Bettie Walker. Joyce Link is author of the class will. The class prophecy will be read by Donald Peden. Eunice Johnson is valedictorian of the class.

Thursday night will witness the first graduating class of Clarendon Municipal Junior College. Federal Judge James C. Wilson of Ft. Worth will deliver the principal address of the evening. Dean W. A. Clark, Jr. will present the diplomas. This event will take place in the College Auditorium, and begins at 8 p. m.

Friday morning the Junior High School graduating exercises will be held. The class this term is said to be the largest in the history of the local school. Bill Greene is salutatorian of the class, and Ardis Patman valedictorian. O. C. Watson, representing the school board of which he is a member, will deliver the commencement address. R. E. Drennon, principal of the school, will present the diplomas. The program will be rendered in the Junior High auditorium, beginning at 10 a. m.

Friday evening the High School graduating exercises will be held beginning at 8 p. m. in the Methodist church. The principal address will be made by Judge J. R. Porter and O. C. Watson will present the diplomas and scholarships.

Mr. and Mrs. J. H. Eudy of Childress were here Sunday visiting their son John Eudy and family on their way home from McLean where they also visited a son, Chas. Eudy.

Tom Love Wins Unlimited Victory In Ballot Squabble

State Democratic Executive
Committee Loses Battle
in Court Decision

State Senator Tom Love of Dallas won an unlimited victory in his controversy with the State Democratic Executive Committee in a decision handed down by the State Supreme court at Dallas Saturday. The State Committee has until June 2 to file a motion for a rehearing.

The opinion covering twenty-five pages written by Associate Justice Thomas E. Greenwood sustained the Love contention that the State Committee could only employ the statutory test of a statement from the candidate that he was a member of the party and would support the nominees of the party.

The feud between Mr. Love and the State committee and regular Democrats began in 1928, when the Dallas Senator advocated the election of Herbert Hoover and denounced Alfred E. Smith. When the committee met in Austin in February it adopted declarations against Mr. Love's candidacy. The first of these was a resolution requiring all candidates to take a pledge to support all party nominees without any reservations of conscience or otherwise. The second would bar as candidates persons who took the pledge of supporting the nominees in 1928 and voted for Republicans.

Article 3107, Revised Statutes, is cited as limiting the powers of the committee and forbidding it to be imposed as a test which will exclude persons from the party because of past political affiliations or because of membership or non-membership in organizations other than the political party. The court says the committee does not have that power and that the party never intended to give it power "which is forbidden by an express and valid statute."

Mrs. Hugh L. Smith and children, Hollis and Adriene, of Throckmorton, are visiting her sister, Mrs. W. T. Link and family of this city.

Los Angeles Packing House Gets Hogs From Donley

Due to the scarcity of hogs on the Pacific coast, Los Angeles offers a better market than Texas has to offer at this time according to a statement made by W. B. Mayfield, local hog shipper.

Mr. Mayfield states that most of the farms of California are in the restricted district where hogs are not permitted according to the health regulations of that state. This forces farmers to turn their attention to poultry, and that is the reason California is one of the leading poultry producing states of our nation.

He has shipped thirty-seven cars to the Los Angeles market since the first of the year, three of them the past week.

Strawberry Growers Cannot Divide Honors

"I'm in this thing to win and I don't mean perhaps", is the way G. L. Boykin expressed his feelings when he brought to the Leader office an individual berry that measured four and a half by four and three-fourths inches in circumference.

Mr. Boykin further alleges that he will bring us eighteen berries that will fill a quart measure a little later in the season. May the season rush on, is our wish. We want to give the gentleman every chance to prove his assertions.

Not content with honors slipping by him, County Attorney R. Y. King brought to the Leader office a box of strawberries that averaged over three and three quarters by four and a half inches.

This is the largest exhibit of strawberries in quantity and the honors go to Mr. King unless other exhibits are made. The berries average up well over the patch and are of the variety of unexcelled flavor.

NEW MONEY.

A brother editor states that Uncle Sam's new paper money has a shorter wheel base, but he doesn't get any more mileage out of it. Perhaps he doesn't toot his horn enough.

PLENTY OF REASONS.

According to press reports, Morris Sheppard refuses to discuss the prohibition question with his opponent, R. L. Henry. The difference as we see it is, Henry talks wet and votes the same way while Sheppard talks dry and votes wet as he did in the last campaign.

Every man has the privilege of thinking and voting as he chooses, but a whole lot of folks don't like to be double-crossed in the deal.

PRAYIN' FOR RAIN!

Clarksville Times: "If you intend to move to Texas, move to Red River County instead of West Texas, and you won't have to spend half your time praying for rain."

We have had a rainfall of 8.3 inches during the past ten days, Sam. Just how much moisture is required to soak up the moss on the back of an East Texan, anyhow? When that much rain falls in the same length of time in old Red River County, the weeds get so high they hunt the kids out of the front yard with a hoe.

WEST TEXAS COOKS.

When it comes to real food, nothing has the stomach-felt satisfaction of real American food of our forefathers such as is found in West Texas.

The picnic dinners of West Texas are "famous for food." There is no place in the good old U. S. A. where one may get a better idea of quality, or where the samples are more generous or in larger variety.

I've been a lot of places and have seen a lot of things—including eatables—and from the depth of my experience I predict that some day some Ft. Worth hotel will fire the French chef, hire a west Texas woman and get all the eating business.

HOMICIDES.

Despite her reputation for lawlessness, Chicago is a safer place in which to live than many other large cities, her percentage of homicides being 1.27 per 10,000. Dallas has a rate of 3.7; Memphis, Tennessee has 6.68; Birmingham, Alabama chalks up a total of 5.13. Atlanta, Georgia got off with 5.10. Jacksonville, Florida reduced her rate the past year to 4.69, it being

slightly above that last year.

Comparing these figures with those of other nations, a very unfavorable contrast is seen. For example, Canada has .17 and England and Wales .05 per 10,000, while the average for the whole United States proper is .88. This nation also has the highest per capita prison population of any nation, and this in a land where we boast of our freedom.

FAME ABROAD.

"The story comes of a candidate in Texas, running on a platform which offers the gift of a government cow to every poor man. This is a new one in the present stage of American politics although it can be surpassed by some of the acts of legislators in southern states immediately after the Civil War.

We begin to thing, however, that the newspaper reports must be a bit wrong. The Texas candidate is not running on the strength of his cows; he must base the chance of his success on the strength of his bull."

The above is an excerpt taken from the Town Crier, a weekly paper published in Cambridge, Vermont under date of May 7th. With fourteen candidates in the gubernatorial race, folks as far away as Hudson bay will be thoroughly conversant with Texas bull before the campaign ends.

PUBLIC DEFENDERS.

Public Defenders are attorneys employed by the county or state to defend those charged with crime just as an attorney elected for the position, prosecutes. Canada followed the custom in England and has always had a Public Defender.

SHOWING OFF THE OLD BUS

Treat the old bus to a bath. You will be surprised how much better she looks. We wash all the surface and dust the upholstering all in one job.

Do you know that the average car does not get a thorough greasing in all the necessary grease places once in its lifetime? That is our business. Save the machinery and enjoy the smooth running of a well greased car.

er elected for each prosecutor elected.

This idea is gaining ground in Texas since several states have long since adopted the plan. It is proposed that a public defender be elected for each county. Often a taxpayer is prosecuted without cause by a man whose salary he is helping to pay.

Every one charged with crime is not guilty by any means. The fact that our prisons are over-flowing does not mean that our laws are being rigidly enforced. It simply means that our system of government is breaking down.

When we become civilized to the point that we spend as much for crime prevention as we do for prosecution of crime, then, and only then, will our prison population get back to normalcy. If our great corporations spent no more to prevent accidents in proportion to their investments, than our government does to prevent crime, they would all be broke within a month.

BACK SEAT DRIVERS.

Most every one is acquainted with the back seat driver. He's the fellow who knows how the driving should be done though he has never driven a car himself. He is free with advice and if anything happens, he lays the blame on the driver and winds up with "I told you so."

Every community, village town and city has its full quota of back seat drivers. The fellows who are free with advice as to how everything should be run, but who manage to sidestep any responsibility themselves.

Ask one of them to serve on a school board, or upon any kind of a committee, or to make a contribution of either money or time, and instantly there comes forth from this human volcano a score of reasons why he can't serve or contribute. In fact he is so accustomed to alibis that he seeks to make you appear ridiculous for

ever having mentioned the fact to him.

The "back seat driver" is the Moses of the community and his principal occupation is that of peddling gossip. His conversation begins with a "have you heard" and winds up with "it ought to be attended to right now." His religious and political ideas are just as narrow as is his every day life.

This "Back Seat Driver" leads a toilsome existence of character assassination. His pathway of life is but a slimy trail strewn with innocent victims of misplaced confidence. His only contribution to mankind is the relief afforded at his passing. In fact, we often wonder just why God ever created such people anyhow.

Not More Jails, But Fewer

Attorneys and peace officers in speaking of crime and criminals say:

"It's too easy for the criminal to escape punishment." What they mean, in effect, is that there are too many safeguards around people accused of crime.

In the eyes of most lawyers, anyone accused of crime is ipso facto, guilty and ought to be in prison. This view is also held by policemen, sheriffs and most judges. And it is needless to comment on its absurdity.

The sort of mind that sees, in overflowing jails and packed penitentiaries, a law-abiding country, belongs, not in the 20th century, but in the troglodyte age.

If this sort of mind ruled the nation, we should have 90 percent of the population behind the bars, and rest guarding them. Then we would have perfect "law enforcement"—and nothing else.

This newspaper is just old-fashioned enough to believe that what most Americans are striving for is not more prisons, but fewer, not more people in prison, not punishment after the crime, but prevention before it.

The railroad that concentrated on cleaning up wrecks and caring for the injured, instead of putting its energies into the prevention of wrecks, would last about a week.

A nation that concentrates on criminals and their punishment, instead of encouraging the great bulk of its people to be law-abiding, is headed in the wrong direction.

National progress is marked, not by the direction of more jails, the passing of more regulations, the hiring of more Cossacks, but by the gradual elimination of these evils.—Bristol, S. Dak. New Era.

Why Risk Your Eyesight When Light Is So Cheap?

Soft and shaded lights present a charming appearance, it is true, but if they are not of sufficient strength or not properly placed they constitute a real menace to your precious eyesight.

For reading or sewing, or even for that enjoyable period of relaxation, good light is an essential.

With lamps and current so inexpensive, there is no reason to deny yourself this necessary convenience. One of the West Texas Utilities Company's lighting engineers will be happy to solve your illumination problems.

Mr. and Mrs. Herman Hearn and little son of Hedley were guests of her sister, Mr. and Mrs. Elmer Cheek Wednesday.

Messrs. G. H. Crews and Paul Morris transacted business in Memphis and Clarendon Wednesday and returned by way of our little burg.

Mr. and Mrs. Zack Salmon and daughters motored to Clarendon Wednesday to shop and visit with the lady's parents, Mr. and Mrs. Churchman.

Messrs. Jack Murff, Harry Hartzog, Frank White, Bert McDaniel and Joe Baten motored to Lelia Lake Thursday to enjoy a fishing party.

D. T. Smallwood transacted business in Clarendon Tuesday.

Miss Grace Rexrode is enjoying a vacation with her grandparents at LeFors.

Messrs. Jack Murff, Duke Osborn and Frank White enjoyed Monday afternoon fishing at the Cruse lake.

The farmers have been in an undecided state of mind this week. After the sand storm and rain burned and covered their cotton last Friday night and Saturday, they saw it would be necessary to replant. The weather has remained so unsettled this week they could not successfully run the planters. We have had several days of cool misty weather with a big rain Monday night.

The gardens in our community were practically all killed by the sand. We had more gardens in the Flat at this time of year than we have ever had.

Mr. and Mrs. D. T. Smallwood and daughter Frankie motored to Clarendon Friday afternoon to bring Mamie to her home to spend the week end.

According to the last report from Floyd Darnell at Seminole, Okla., who was knocked in the head with a car crank last week, he was gradually improving.

The Hickman school closed Tuesday. A nice entertainment was staged by the teachers and pupils. Several from our community enjoyed the numbers.

Chain Letters Violation of Postal Laws

Woman of Clarendon are suffering from an epidemic of chain letters this week, the second time within a month. These letters are sent out by innocent women who are not aware of the fact that they are violating the postal laws and are subject to prosecution.

Chain letters entailed so much extra labor for the postal employees that it became necessary to place a ban on them and prosecute offenders in order to put a stop to a fanatical idea that is a nuisance to the sender, the receiver and to the postal clerks who have the extra burden of handling them.

Each woman who receives one of these letters is threatened with "bad luck" if she fails to write "four" such letters and mail to four more unsuspecting victims. The letter states that the idea hatched in the brain of an American officer, which is absurd—it hatched in the brain of an idle

jokester, or is the product originally of a deranged mind.

Voodooos and hoodoos and such stuff is a relic of the dark ages. Much of it comes to us from Africa. Highly nervous women receiving these letters might be adversely affected and such letters might

result in harm. Don't write them. Pay no attention to such silly ideas, and remember, you are violating the postal laws to send them through the mails. If you want to do something worth while, contribute to the ex-soldier hospitals.

LIVING at HOME!

"Sell all you can, and can what you can't" is a pretty good idea.

This bank in trying to be of real service to its farmer patrons, asks that you cooperate with the county agents in an effort to produce greater variety and more of it to the acre.

The canning program for the year is a good one for the women folks to follow.

The diversified program is a good one for the men folks. More feed, hogs, poultry and dairy cows means more prosperous conditions.

As a mark of appreciation of meritorious service rendered, the ladies of the 1919 Study Club of Hedley served a sunrise breakfast to the Boy Scout troop Tuesday morning of this week.

The Troop cleaned off and prepared in an excellent manner tennis court grounds which drew for them the courtesy of the ladies.

Why Infertile Eggs?

When you carry eggs to the produce man and he candles them, and sends several back home, what is wrong? Well—anyway he did not want them. Possibly you gather the eggs only once each day. In warm weather they will reach a high temperature with the hens on the nests continually all day. If they are fertile they will become warm enough to start incubation. If they are then stored in a warm place their quality is not improved. No wonder the produce man does not want them. Neither do you.

Now is the time to sell or pen all Male birds. They are eating expensive feed that should be going into the hen making eggs. If you have an especially valuable Rooster pen him and begin conditioning him for exhibition this fall. If he wins no prizes the exhibition will help you sell hatching eggs next spring.

The hens will be producing infertile eggs in fourteen days from the time the male birds are removed from their flock. Infertile eggs can be gathered only once each day and remain good. On most farms it is no easy matter to keep the eggs at a low temperature from one marketing time to another. With infertile eggs it is not so important, for kept at the same temperature they will last three or four days longer than fertile eggs. The fertile eggs should be kept at a temperature of sixty degrees. The loss of eggs on the farm is about twice as heavy with fertile as with infertile eggs.

Then infertile eggs are less expensive to produce. They are less trouble as they may be gathered only once each day. They do not have to be kept at so low a temperature. With infertile eggs you will have more eggs of a higher

quality to sell.

Roy Beverly Enters Commissioner's Race

In the announcement column of this issue of The Donley County Leader will be found the name of R. A. (Roy) Beverly, who authorized his candidacy for the position of Precinct No. 2.

Mr. Beverly has been a resident of Donley county for the past forty three years and has lived in this precinct for practically the entire period. He feels that he is fully qualified to fill the demands of the office and says if he is elected he goes into the office without any campaign promises whatever, except to conduct the affairs of Donley County and this precinct in the best business-like manner of which he is capable. There will be no special favors and his candidacy represents his own ambition to serve his community and county in a creditable manner.

Mr. Beverly has never asked for public office, has always been a loyal, public spirited citizen and has endeavored to be a good neighbor and friend to all with whom he is acquainted. He solicits your vote and influence and promises a fair and square race for the office subject to the action of the Democratic primaries in July and August.

Mr. and Mrs. Frank A. White, Sr. had as their guests Sunday, Mrs. S. A. McCarroll and daughter, Miss Catherine of San Angelo, Mrs. Glen White of Menard and Mr. Murray Wolf of Los Angeles, Cal.

Young Cowpuncher on Blocker Ranch Visits Grandmother

Master Dorr Neal Ellis, one of the most skilled waddies that drags a loop on the Blocker ranch spent the past week in Clarendon with his grandparents, Mr. and Mrs. John Blocker.

The young man does not claim to know as much about the game as his grandfather, which accounts for the fact that he is forced to ask questions fourteen hours a day. On the other hand, he is free to spend his opinion and share his knowledge with most any one who will give him a hearing, and of course his grandparents do because in their estimation, there was never another such wonderful fellow.

Boy Scout Council Rally At Memphis Next Week

The first annual "camparee" of the Boy Scouts of this district will be held at Memphis Thursday and Friday, May 29th and 30th. The full two days programs will include a number of contests. A number of good speakers have been secured for the occasion.

Scouts attending should go prepared to camp out over one night cooking their supper and breakfast. They should also dress in true Scout fashion. A chicken barbecue for the last noonday meal will be the big menu feature of the occasion.

Never Expected To Be Well Again

WELL KNOWN LUBBOCK RETIRED COWBOY SAYS ARGOTANE HAS PUT NEW LIFE IN ME AND ENERGY.

"A year ago I didn't think I would ever be a well man again

but Argotane has put new life in me and I feel so good I'd like to run a foot race with some of the boys," was the characteristic statement of I. D. Heart a well-known retired cowboy and a genial gentleman of the old school who has lived in Lubbock Texas for the past several years.

"I suffered for over a year," he went on "with stomach and kidney troubles. I had severe pains in the small of my back, which sometimes felt like there was a knife cutting me in two. I also had indigestion that bothered me constantly. A hard lump would form in my stomach that made me uneasy for I couldn't tell what it was. My nerves were in pretty bad state and worried me all the time, until I thought I might as well give up the ship. It seemed like everything I would eat would disagree with me and caused that distressed feeling in my stomach and my head grew light and weak and I would get shaken up and nervous afterwards. I was afraid almost to eat any real heavy substantial foods.

"I began to take Argotane a little while ago and it has done me a wonderful amount of good. My nerves are now perfectly steady like when I was a strong young man and I am feeling more like my old self again. I feel lively and more energetic and want to be stirring about and doing things. Argotane has done me more good than anything I ever took in my life before and I gladly recommend

it every chance I get."

Genuine Argotane may be bought in Clarendon at the Stocking's Drug Store.

OUR WEEKLY CHURCH CHAT

"Real Education"

Intellectual education develops man's capacity to know the truth, that he should pursue it. Emotional education develops man's capacity to feel the beautiful, that he should live it. Moral education develops man's capacity to will the good, that he should desire it. Religious education develops man's capacity to sense the Divine, that he should rest in it.

The Character of Christ is the Christian's standard. It should be the aim of every Christian to become more like Christ. God calls us that we may become "conformed to the image of His Son." In other words, Christ is to be our pattern. David said, "I have set the Lord always before me." It is Christ that we are to set before us, not any saint, however eminent; or however holy. Christianity is embodied in a single pattern—the Person of Christ. Let us keep the soul and it's Pattern side by side, and make continuous labor to increase the likeness of one to the other. Clay will not fashion itself. Christian character will not form itself. Strive to become like Christ. Christians learn more about Christ, copy Him. Copy no other. The Apostle Paul, was a model

preacher, in matters, in methods, in objects. His theme was Christ. He admonished and taught his hearers, in all the wisdom of divine inspiration, that he might make all men Christians. Sunday morning we desire to study more about the model preacher and our subject will be, "APOSTOLIC PREACHING". When Paul delivered a message, he knew what he was talking about and we must listen to him. In the second chapter of the Ephesian Letter he presents a message of importance to all Gentiles. Sunday night we wish to study this message and our text will be the fourteenth verse, our subject, "THE MIDDLE WALL." Arrange your plans so you can be with us, and learn more about Jesus, the supreme necessity of the human race.

W. E. Ferrell, Minister, First Christian Church, Clarendon, Tex.

Lamesa Minister is Hundred Years of Age

Rev. T. A. Boycan, aged 100 years, preached at the Methodist church at Lamesa Sunday. He claims to have baptised over 11,000 people during his ministry of 82 years in thirteen states. He is a native of Ireland.

Mrs. J. W. Roland Has Largest Tomatoes

What is said to be the largest tomatoes grown in this county at this time of the year are being grown by Mrs. J. W. Roland of Clarendon. The tomatoes are now as large as an ordinary hen egg and are of the Earline variety grown under ordinary conditions in the open.

SOCIETY

HUMPHREY-WOOD

Friends of the contracting parties were greatly surprised Tuesday evening to learn of the marriage of Mr. Earl B. Humphrey and Miss Ruby Wood, the marriage ceremony having been performed by a minister in Hollis, Oklahoma that day.

The bridal pair was accompanied to Hollis by Irl Smith and Miss Vada Wood. The bridal party returned here the same day.

The bride is the daughter of Mr. and Mrs. P. O. Wood, is an accomplished young lady of many charms and enjoys the friendship of all who know her. The groom is the son of Mr. and Mrs. Joe Humphrey, Sr. of this city, is a native of Clarendon and received his education in our local schools.

The many friends of this estimable couple extend their best wishes and wish for them unbounded success in their every undertaking, feeling that imbued with energy, and coming from some of the best families of this section, they will continue to aid in the community building where they have chosen to make their home.

Mrs. L. L. Ware of Chico left Tuesday for her home after a two weeks visit with the McMurray family.

Commercial club met at the regular meeting of the club held Tuesday evening at the Cooper Hotel. Sixteen members and one visitor were present. The attendance was good in view of the other attractions for that evening. The visitor Frank Simmons was elected to membership in the club. Possibly the most important thing discussed was the meeting with the McKnight community which was held Friday evening. It was a get together affair for the purpose of discussing general problems and needs. The first of a series of such meetings held in line with the clubs program of promoting community cooperation.

Geo. C. Hutto, Frank Kendall and Rainey Westberry were appointed as a committee to arrange for the program. Fifteen of the members present agreed to attend the meeting.

On Wednesday of last week the relatives and friends laid away Rev. J. W. (Uncle Billy) Blankenship who was one of the Lord's choice spirits. The dear old man passed away, May 5, where he had staid with his son George and family. The funeral services were conducted at First Baptist church of Hedley, with pastor Geo. C. Hutto and pastor J. M. Dyar of Good-

night in charge after which the body was laid away in the Rowe cemetery.

Brother Blankenship lived in the Hedley community for a number of years and some of his friends here have been intimately acquainted with him for forty or fifty years.

The common expression concerning him was, "He was a good man." Some of those who have known him longest say they have never heard anyone speak a harmful word of him. Some thirty of his life was spent in preaching the gospel of Jesus Christ. For a number of years before his death he did not preach because of broken health. But never did he fail to reflect the life of Christ whom he loved supremely. His life was such as to gain the abundant entrance into the Heavenly Home to which he has gone.

James William Blankenship was born in Georgia, March 25, 1849 and passed out of this life May 5, 1930. He leaves behind, four sons, all of whom are splendid Christian men and or daughter by his first wife. Their loss is Heavens gain. Though long passed on his life will continue to bear fruit in the lives of relatives and acquaintances.

C. C. Busy and Frank Heart were business visitors in Good-

night Saturday.

Mr. and Mrs. A. B. Harris were Memphis visitors one day the past week.

Jess Stile Marvin Whitfield, Edd Mosley and Bill Luttrell went to Lake Ker last week on a fishing trip. Tty caught plenty of fish. But no usual fish stories were told.

Mrs. Heat and daughter and

son Opal and Hershel were visitors in Clarendon Saturday.

Hedley Compress Damaged Badly by Wind

The damage to the Hedley compress from wind is estimated to be around five thousand dollars according to C. T. Matkin, who is manager of the Hedley and Memphis compresses.

Not only was a part of the roof blown off, but the entire building was creased which will require a rebuilding of the plant as the sheet iron siding will not permit of straightening the walls.

The compress will be rebuilt at once in plenty of time to take care of the next season's crop. This compress had a good run last season and is a great convenience to the cotton industry in Donley county.

Joe Dunwoody Again Gets 99 Year Pen Term

Joe Dunwoody, charged with the slaying of J. H. Richey of Hedley in December of 1928, was given a 99 year term at Wellington Wednesday. He had been given a like term at Clarendon a year previous, but being granted a new trial, was tried at Wellington on a change of venue.

Dunwoody was defended by Judge Turner of Borger and Morgan Tucker of Wellington. District attorney Jas. C. Mahan was assisted in the prosecution by W. T. Link and A. T. Cole of Clarendon.

Mrs. Logan of Lubbock, accompanied by her daughter, Mrs. Dr. Spencer of Amarillo, is visiting her daughter here, Mrs. W. T. Hayter.

CAPITAL WEEKLY PRESS

Vann M. Kennedy

Fire Insurance Commissioner J. W. DeWeese says that "it would be a physical impossibility to remove the prisoners without the loss of life," in case of a serious fire in the Huntsville State Prison plant. After an inspection of the penitentiary, he declares that the "penitentiary plant at Huntsville, as a whole, is the worst fire hazard coming under my observation as State Fire Marshal."

Of all the buildings, the Hospital Building in which men are not only incarcerated but many of whom are helpless and bed-ridden, is the worst hazard, thinks DeWeese.

Political observers of the Capital are discussing with much zest the latest trend in the gubernatorial race. Did Moody make a tactical political blunder in attacking Mayfield? Many say he did.

The Governor told newspapermen last week that he was "thinking" of running for a third term, expressing a feeling of sympathy for the voters, who are "faced with prospect of choosing" between Jim Ferguson and Earle Mayfield. These two were described in libelous terms by the Governor.

Many of the politically-minded have already come to the conclusion that Ferguson and Mayfield will probably lead the primary—with Moody out of the race. But the general public has not become greatly interested in the race yet and have been casting about to see which of the 17 or so candidates will lead the race. Moody advertises that he will have to beat Mayfield. Some claim that this advertisement has given the office to the former senator. They say that Mayfield is bound to be in the run-off and that he can beat either Ferguson or Moody.

Mayfield replied to Moody's attack in his opening speech at Winnsboro, remarking among other things that: "If I had been governor of Texas three and a half years and made as complete a failure of the job as Moody has made, I would not have the nerve to run for governor the third term, but would quietly retire and give somebody else a chance."

The first mud-slinging of the campaign is started by Moody this week. Another statement is directed at Mayfield. It is both puerile and libelous, lacking dignity and poise.

Attorney General Bobbitt rules in an opinion to Comptroller Calhoun of the University of Texas that the institution is entitled to receive a one-eighth royalty on casinghead gas produced on its lands. The University is now being paid a one tenth royalty for casinghead gas.

Frank Whitlock says that any one who describes his pitcher as a decrepit old lady tossing a bean bag, knows what he is and he won't stand for it.

Gus Stevenson got our red-headed boy to try to learn to play the piccolo by telling him that such practice would enable him to gnaw corn off the cob faster than his four brothers.

Fred Hardie is trying to teach the correct pronunciation of spinach so that it may be discussed in public.

The latest news from the seat of the Hope, New Mexico range war is to the effect that J. P. Parks has killed as many of the enemy as they have of him.

The only thing that kept Rev. Bob Shuler from being charged with some form of crime at the Methodist conference at Dallas the past week, was the fact that he was in jail in California and could not get there.

J. H. Rutherford has the addresses of 413 widows which he collected while taking the census, and has asked 399 for further information since then.

Jack: "Her niece is pretty good looking, isn't she Pa?"

Pa: "Don't say 'knees is', say 'knees'."

A druggist has just passed away after discussing his many

traits worth while, one fellow drawled out: "Yes, he was a great druggist, but I always did think that he put too much salt in his chicken sandwiches."

W. L. Butler says that ever time he sees a man with a clean shirt on hanging around his farm, he knows that it is another candidate.

An exchange paper runs as a news item the statement that two ladies from that section "beauty-parlored" in Clarendon Wednesday.

Same Dale says that if we had a law to make every man tie up his fender fenders with cotton rope instead of baling wire, it would help the cotton market several million bales.

If you pity the fathers of the present generation, just think of the father flea who sees his whole blame family going to the dogs.

After an experience of a quarter of a century, the Apostle is of the opinion that the honeymoon ends when a fib becomes a lie. That answers the question of the red-headed girl who wrote that letter from Hedley.

G. A. Anderson spent some time recently fishing on the Brazil ranch but refuses to tell the size of the fish caught, merely stating that fish weighing up to six pounds were used for bait only.

Nat Wood is organizing the first spring fishing expedition to the Cat Head ranch. Those wishing to go will have to furnish beds and bait only. No one is barred—all are welcome to make the trip, Nat announces.

S. A. Pierce is calling for volunteers to join a "Hootenanny Club" in which he expects to hold the highest office as "Chief Muck-lebucket." "This is a he-man's outfit, and danged if any other kind can get in" is the announcement from the organizer.

World Broadcast of The Churches of Christ

Forty-Station Hook-up to Broadcast World Around Program And Service Sunday June the First.

Local Church Making Special Arrangement to Celebrate Nineteen Hundredth Birthday of the Church.

A Birthday party with plans for six million people to attend is certainly a party of twentieth-century proportions.

The First Christian Church of Clarendon is planning to have its full part in this world-girdling memorial. While it is unusual to speak of it as a party, yet the assembly is in honor of the nineteenth-hundredth birthday of the church of Christ and occurs on Sunday, June 8th 1930.

While the six millions participating are from all lands and will not be assembled in one crowd, yet they are all planning to be 100 percent, in attendance in one place, and that place is at the communion service. They are to be with one accord and to have one program in over twenty thousand churches around the world.

Nineteen Hundredth Birthday of The Church

In preparation for this unprecedented attempt at a world-girdling service on June 8th, a chain radio broadcast will take place one week before, giving final suggestions to all members in all lands as to their parts and participation in the world-around service on the following Sunday. The time of the broadcast will be Sunday June 1st, 4 p. m. Eastern Standard time; 3 p. m. Central Standard time; 2 p. m. Rocky Mountain time; and 1 p. m. Pacific Coast time.

The Broadcast will be made over the Columbia Chain of New York, and will have a forty station hook-up, covering all of North America, and carrying by short wave, around the world. The churches in Europe, Asia, Africa and Australia are planning to use short wave sets to pick up this broadcast. This hook-up for our people are:

Perhaps the nearest stations in KRLD Dallas, KFH, Wichita Kan. KLLZ Denver Col., KFJF Oklahoma City, KDYL Salt Lake City, KMO X St. Louis, Mo.

Plans of the Local Church

The plans of the First Christian Church of Clarendon and of all of the other Churches of Christ in America are practically identical. They plan to have every member of their church present at a radio receiver for the broadcast on June 1st. They plan for 100 percent attendance of all members at the communion service on June 8th.

The elders and ministers are planning to take the communion service to the sick and shut-ins. Those who are compelled to work at the regular communion hour in the forenoon may attend the communion during the afternoon or at the evening services. Unidentified and visiting members are urged to attend. All people are most cordially invited.

Local Firm to Install Radio Receiver for Broadcast

H. C. Kerbow and sons, local dealer for R. C. A. Radio receivers have agreed to install equipment in the First Christian Church and many are expected to assemble at the church at 3 p. m. June 1st, to listen to the world wide program.

The Program

George W. Knepper, of the High Street Church of Christ, Akron, Ohio, will deliver the address, his subject will be, "The Church of Christ as Portrayed in the New Testament." George A. Klingman of Louisville Ky., will read the scripture lesson and lead prayer. Mrs. Alice Burgess Seirling, Pittsburg Pa., will sing a solo. The local minister W. E. Ferrell of the Christian Church knows Rev. Knepper and feels sure everyone will receive a special treat when they hear the address that has been promised.

Other Countries Ready

Cables have been received giving assurance that the plans are working in other lands. A cable from Russian Christians give as-

surance that with all their present difficulties, they are planning to get program on June 1st, and to be present at the communion services on June 8th.

The World-Circling Plan For Birthday Party

The service will start at 11 a. m. Sunday June 8th, in the First Christian Church in New Zealand. That will be 5 p. m. Central time Saturday June 7th, in North America. Church bells are to be rung at the hour of beginning of the services. Then, with the same songs, the same Scripture lesson and the same theme the service will move westward hour by hour, encircling the earth. All Christian Churches or Churches of Christ, are invited to participate. Many other Protestant Churches are joining in the celebration. The plans are unique and bid fair to fulfill the highest expectation of all those who are participating. Help the local Church to make the broadcast and birthday party a success in this community.
