

SUCH IS LIFE—

They used to call 'em Mormons, but now they are called "movie stars." About the only thing left that is free, is personal religion, but most people don't appreciate anything unless it cost a lot of money.

The Donley County Leader

A County-Wide Publication of the "Green Belt" of the Panhandle of Texas

Volume 3 Number 21

CLARENDON, DONLEY COUNTY, TEXAS, JULY 30, 1931

A Common Paper For Common People

BATTLE ROYAL FRIDAY NIGHT BY NEGRO BOYS

Welch-Larson Graplers Ready For Match Scheduled For Tomorrow Night

T. G. Stargel, local wrestling promoter, has everything ready for the wrestling match tomorrow night. The building two doors south of the News office has been equipped with fans and the ring built.

The first thing on the program will be another battle royal between five negro boys. They fight until all but one is down. In the preliminaries John McMahan will wrestle Kid Davis from Estelline. Charlie Ware of the Goldston community will wrestle some unselected boy for ten minutes.

The main match of the evening will be between Roy Welch of Berger and Swede Larson of San Antonio. D. R. Davis will be the third man in the ring.

Presbyterian Ice Cream Social Postponed

The ice cream social announced for Thursday night of this week by the Presbyterian ladies, has been postponed to Saturday night of this week, August 1st at 7:30 p. m.

This postponement was made to enable members to attend the Camp Fire girls program Thursday night, which will be held at their camp ground near the country club.

District League Meeting Is Held Here In 2-Day Session

Green Belt Union Continues Ownership of Loving Cup Trophy of District

Members of the Clarendon Epworth League were hosts to the Leagues of the Clarendon district Saturday and Sunday, registration of guests beginning Saturday at 4 p. m. A picnic supper was had at Indian Gulch at 8 the same evening. Games were in charge of Ruth Donnel and Phifer Estlack.

Sunday's program began with a sunrise watch. Visiting Leaguers attended Sunday school visiting in the department presided over by Mrs. O. T. Smith.

A business session was held at 2 in the afternoon with Irene Franklin of Groom in charge of the devotional. Virgil Gore of Canyon, N. W. Conference secretary and Harlan Hugg, District Secretary, were the principal speakers.

The Grading Committee made its report finding that the Green Belt Union would retain custody of the loving cup awarded it at the last meeting.

Visitors were here from Groom, Pampa, Wheeler, Shamrock, Heald and Lakeview to the number of 25 and much interest was taken in the deliberations. The new program of the young people's organization of the church was discussed and plans made to adopt the new method as the most important subject receiving official attention.

Prize Winner's Letters

In addition to the first and second prize letters published in this issue, those who were worthy of honorable mention will be published from time to time. These letters are written by contestants writing on the subject of "Why merchants should advertise in the Leader."

Due to the large number of letters received, and the fact that we can only publish one in each issue, we will likely not be able to publish near all of them. At the same time, we want to again express our sincere appreciation of the interest taken and the fact that so many appreciate what the Leader is trying to do for this trade territory.

Margaret Swinburne 1st Prize Winner

In writing on the subject of "Why Merchants Should Advertise in the Donley County Leader", Miss Margaret Swinburne was awarded first place and a prize of three dollars in cash.

She is next to the youngest of a family of seven children being the daughter of Mr. and Mrs. M. S. Swinburne of near Ashtola where she has made her home for the past six years.

Her age is seventeen. She graduated from the Hedley high school this spring and expects to continue her studies, if at all possible, this winter. Endowed with plenty of common sense, a strong determination to make a place for herself in the world, we would say that there is nothing impossible within the wishes of this young lady.

First Prize Letter "Why merchants should advertise in the Leader": Experience has taught merchants to advertise, it has also taught them that no matter how neat an article and colorful their advertisements may be, if it is not far-reaching presented to the public in such a manner as to gain attention and respect, it is valueless. No advertisement can possibly be profitable unless it is read.

Should the merchants of Clarendon ask how they can reach the public to best advantage, the answer is—advertise in the Leader. A paper that is read with respectful attention, and is unanimously voted to be a square dealer as is the Leader proven by the large county-wide circulation it governs, is undoubtedly the paper to advertise in most profitably.

Merchants of Clarendon, place your advertisements with the Leader, a paper that is read from cover to cover. Experience has taught the people of Donley county to patronize the merchants who advertise.

They have learned that of two articles intended for the same use, the one not advertised MAY be alright, but the one advertised MUST be alright.

The people will follow your advertisements for wisdom in making their purchases if the Leader sanctions them by accepting them for publication.

Margaret Swinburne

Greene's Page Advertisement Gets Good Results

"There is plenty of money in the country if you offer the folks bargains," is the opinion of W. J. (Bill) Greene, manager of the Greene Dry Goods store here.

He reports a good business as a result of the page ad last week. The store was especially crowded Saturday and the folks grabbed off the bargains in a manner that showed they appreciated prices in accordance with the times without any reduction in the quality.

Hogs Becoming Scarcer And Higher as Demand Grows

Due to the demands for hogs on the plains, swine of all ages are getting scarce and high in this section. Pigs sell for around five dollars and shoats have sold as high as fifteen dollars the past week.

Cheap feed on the plains has occasioned the demands. Grain growers see in hogs an opportunity to get more out of their grain if marketed on the hoof. Local buyers gather up the hogs and transport them by truck to the buyers, some of them loading back with grain.

Jones Is Awarded Domino Loving Cup In The Last Scrimmage

Champions in Doubles Hold Tight to Honors Won in Previous Games

When the smoke of battle had cleared in Legion Hall Friday night Geo. C. Jones was recognized as the star champion in the singles and enthusiastically accepted temporary custody of the Cornwallis Domino Loving Cup, permanent custody pending three straight winnings.

O. D. Liesberg and J. D. Mc Adams will continue to wear the toga as world beaters in the doubles.

Jones, trimmed G. L. Boykin, cup winner in the last contest, taking on Selden Bagby and Carl Parsons in rapid succession. At this juncture his enthusiasm went out of bounds causing him to crow all over the Hall.

The next to fall a victim to the skill of Jones was Walter A. Wilson, the hero of many battles indoors and out, dominoes or cow pasture pool. The final contest came between Geo. Jones and Duds Gentry in which Jones was an easy victor.

In the doubles, "McGraw" Tidwell and G. A. Anderson lost to Tom Tinkle and W. O. Butler. Tinkle and Butler then took on O. D. Liesberg and J. D. McAdams, champions and title holders of a previous battle with the bones a month before, and lost. Liesberg and McAdams will continue to hold honors in the doubles until new stock is imported, it is said.

Buster Colwell meets with Car Accident Monday

Talk about hard luck, Buster Colwell had it Monday. Driving home a new car which he was training into the gentle art of "safety first", he hit a sand bed and turned the car over.

The car stopped and so did Buster. In fact the car must have used better judgment than the driver by getting on top. Anyway, the car was only slightly damaged, and Buster was brought to town where a physician informed him that only two ribs were broken.

At last accounts, his friends were visiting him, offering plenty of free advice and hoping for an early recovery. Autos have more tricks than a bronc, but he never found it out until he hit the sand bed.

Carl Andis was injured Tuesday when his truck struck a road grader between Clovis and Portales on the highway. His truck was wrecked but his injuries are not serious.

Unidentified Man Makes Brutal Attempt To Attack Girls

What is believed to have been an attempted attack on some girls about twelve years of age, was made in an alley way while returning from church at Hedley about ten o'clock Saturday night.

An unknown party grabbed one of the girls who jerked loose from his grasp. He is said to have then grabbed hold of another girl by the throat and choked her. She struggled to get loose and gave the alarm with the others who had run for help.

A call came to the sheriff's office here shortly afterwards and Sheriff Pierce and C. M. Peabody rushed to Hedley where they joined a large body of men who had already gathered in an effort to capture the party making the brutal attack.

Only a faint description could be given of the attacker by the girls, but a number of places were searched, and the sheriff had the trains searched that ran soon after the attack was made. Officers at a number of towns on the Denver made investigations at the request of Sheriff Pierce but to no avail.

JUDGE COLE IN MORATORIUM TALK FRIDAY

Chairman International Committee Has Charge of The Rotary Program

There was no question to be asked the speaker at the close of his remarks when Judge A. T. Cole spoke to the Rotary club on the "moratorium" question at their Friday noon luncheon at Hotel Clarendon.

Causes and effects of such a move on the part of the greater nations were clearly brought out by the speaker. In showing that this was but the beginning of the end of war debt payments, it was understood that American taxpayers would eventually have to pay the bill.

The speaker showed a clear insight into the technical details of the moratorium plan at present, and his careful study of the problems of the nations at this time enabled him to bring to the club information that is of far more than passing interest.

Arthur Osgood, member of the Amarillo Rotary club was present and brought greetings from the parent club. The Clarendon club owes its existence largely to the zeal of the Amarillo Rotarians who helped organize the club here.

C. D. Knight, member of the Lions club at Eastland was present as a guest and explained why he was a member of the Eastland club though a resident of Abilene. This explanation was called for by the president of the club since he had brought him as a guest and did not want any entangling alliances.

The regular Program Committee composed of Rotarians Robert Cope as chairman, Dr. B. L. Jenkins and C. C. Powell will present the program for the meeting Friday of this week.

Must Make School Transfers Friday This Week

Friday of this week, July 31st, is the last day on which transfers may be made from one school to another.

Under the school laws of this state, pupils up to and including the 11th grade, are entitled to free tuition. If your school does not offer the 11th grade work, a transfer should be made Friday of this week to a school that offers the 11th grade.

By making a transfer, tuition will be free. If no transfer is made by Friday of this week, a tuition fee will have to be paid. If further information is desired, make inquiry of Mrs. Nora McMurtry, county superintendent of schools.

Salt Fork Bridge Building Must Have Sanction

The matter of constructing a bridge across Salt Fork as authorized by the County Commissioners some two weeks ago, must stand a test of the voters of the county according to the laws of this state that do not permit commissioners to expend a sum greater than two thousand dollars without a sanction of the voters.

Petition are being circulated at this time calling for an election if enough signatures can be obtained, the matter will be passed upon at an early date according to information furnished the Leader.

Camp Fire Girls to Render Program This Evening

Some forty-five Camp Fire girls were taken to their camp near the Country Club Monday morning, trucks and cars being used to transport their camp equipment.

Miss Lorena Steagall has charge of the camp. The building was completed last week and the girls have an excellent place for an outing. The hours of the day are divided into periods of study, recreation and amusement.

The program to be given at the camp this evening includes the fire drills and other subjects in which the girls have received training. The public is invited to see the presentation this evening according to announcement.

Local Golfers In Match at Hedley Win Sunday 25 to 3

Hedley Players to Play Here Next Sunday Afternoon to Regain Prestige

An interesting golf game was played with the Hedley team Sunday afternoon in which the home team came out victors 25 to 3. In a recent match with Rivercrest club at Wellington, the Hedley club lost by the narrow margin of 9 to 10. Hedley players will meet the local team here Sunday afternoon.

The results of Sunday's game are as follows: Ira Merchant—Roy Moreman 7-5, P. B. Gentry—R. Westberry 6-5, Al Cooke—A. Adamson 8-7, H. B. Kerbow—Zeb, Mitchell 1 up, Fred Buntin—Buster Simmons 6-5, Holman Kennedy—Roy Kutch, M. P. Gentry—Mathew Allen 7-6, Selden Bagby—Elvin Hickey 7-6, Dick Cooke—Fred Lovelace 8-7, Mc Coslin—W. H. Cooke 3-2, A. N. Wood—W. C. Plunk 5-3, W. A. Wilson—Les Hawkins 5-3, Wesley Knorpp—Farley 2-1, Tom F. Connally—Bogy 2-1, T. M. Shaver—A. O. Davidson 8-7, Ernie Hardin—Chas. Davidson 7-5, Carl Parsons—Elmer Gunn 4-2, J. T. Patman—John Swney 1 up, Louie Thompson—R. C. Weatherly 2-1, Ralph Kerbow—Jeff Pirtle 8-6, Blain Daugherty—Homer Parsons 2 up, Jack Merchant—H. Moffitt 7-6, John Knorpp—Jap Shaw 7-6, Carroll Knorpp—Dan Lattimer 4-2, Doss Palmer—Bill Huffman 1 up, U. J. Boston—Kermit Johnson 8-7, Dick Allen—Earl Reeves 6-5, Mr. Allen—J. M. Clark 3-2.

The local golf match is over. Some walk like they had made a million and others like they had not only lost but had suffered the price of a banquet. Carl Parsons says it was a hot match.

H. B. Kerbow's men have little to crow about when they defeated W. A. Wilson's crew by a 9 to 10.

The 'feed' was thrown at Hotel Clarendon Monday evening. Holman Kennedy had a lot to say but others claim they had no toastmaster and refused to recognize any.

Officers were elected for the new term as follows: president, Wesley Knorpp; vice president, J. T. Patman; secretary-treasurer, Holman Kennedy. Directors elected were Dick Allen, Clyde J. Douglas, Meredith Gentry, Carl Parsons.

Nineteen Feast on Defeat Of Nineteen Others

Miss Margaret Watson of Groom was a guest of Miss Marue Trostle returning home Wednesday.

Early Pioneer Lady Is Buried At McLean Monday Afternoon

Mrs. J. P. Hodges, aged 91, died at the home of her daughter in Oklahoma City Sunday. Her body was returned to McLean for burial Monday afternoon. This ended the career of one of Donley's oldest pioneers.

Her husband died from strangulation while eating back in 1901. The family home was established on Salt Fork in what is now known as the R O pasture before the county was organized, and at a time when Indians were a menace and cattle thieves plied their trade.

Mrs. Hodges, better known to her wide circle of friends as "Grandma Hodges", had accumulated a wonderful fund of pioneer stories from actual experience which her friends and relatives in later years delighted to hear her relate.

With Her Husband Settled On What is Now Known As R O Ranch Land

Mrs. J. P. Hodges, aged 91, died at the home of her daughter in Oklahoma City Sunday. Her body was returned to McLean for burial Monday afternoon. This ended the career of one of Donley's oldest pioneers.

Her husband died from strangulation while eating back in 1901. The family home was established on Salt Fork in what is now known as the R O pasture before the county was organized, and at a time when Indians were a menace and cattle thieves plied their trade.

Mrs. Hodges, better known to her wide circle of friends as "Grandma Hodges", had accumulated a wonderful fund of pioneer stories from actual experience which her friends and relatives in later years delighted to hear her relate.

Surviving her are two daughters, Mrs. Fred Dubbs of Oklahoma City with whom she made her home for a number of years, and Mrs. Chas. Watkins of McLean. J. N. Hodges, a son, resides in Oregon.

Mrs. J. H. Ticer 2nd Prize Winner

Mrs. Ticer is buyer of family necessities for her family of husband and seven children. "I have been buying our supplies for fifteen years", she said, when speaking of reading the advertisements and looking over the Leader for bargains as every buyer should do each week.

She's a busy mother with keeping house, raising poultry, canning fruits and vegetables. She canned a nice lot of meat only last week. She is the kind of wife a farmer needs when it comes to getting the most out of life at the least possible expense when times are dull.

The Ticer family reside about three miles northwest of Clarendon where they have made their home for the past five years. They originally came from Collinsville where Mr. Ticer was a railroad man and later took up mechanical trades. They are numbered among the worth while families of that community and share in the development so far as their means will permit.

Second Prize Letter Merchants should advertise in the Leader because it is a common folks farm paper. It has one of the largest and best territories in which any paper its size is published and merchants should advertise in it so that we farmer folks will not have to run all over town trying to find the price of things they offer Fridays and Saturdays. We have to trade where the dollar goes the farthest.

Since it has a wide circulation merchants should reach the farm trade through its columns since we all read it, and think it is the best common folks paper published in any county.

Mrs. J. H. Ticer

Miss Dorothy Elliott and Eloise Moremaa of Memphis were guests of Mrs. J. Ed Teer the last of the week.

Rev. B. N. Shepherd left Monday for a two weeks vacation in the mountains of New Mexico. He accompanied Mr. R. E. Key and M. D. Shepherd, his nephew, from Tahoka. Mr. Key and M. D. have been visiting in the Shepherd home the past ten days.

Rev. Scoggins Again Visits With Home Folks

Rev. J. A. Scoggins and family returned to their home at Roby Sunday after visiting his mother, Mrs. R. S. Heizer and other relatives and friends here over the week end.

Rev. Scoggins is serving the Methodist church at Roby in his third year. He filled the pastorate at Knox City for three years being sent to Roby, and has been a prominent pastor in the southwest for something like fifteen years.

J. M. Bozeman of Lelia Has Champion Cantaloupes

Yes sir, and nothing else. Mr. Bozeman passed through town early Tuesday morning with a large truck filled with jumbo cantaloupes that look more like muskmelons with regard to size.

He was bound for the plains country. If a buyer could not be tempted to purchase when he was shown that truck load of several hundred beauties, his life is a failure. If there is another crop that will measure up to the Bozeman cantaloupes in quality and size, we would be glad to hear about it.

B & P WOMEN IN REGULAR SESSION TUESDAY NIGHT

Chairman Health Committee Outlines Plans For More Accurate Records

Mrs. May Womack, chairman of the Health Committee, was the principal speaker Tuesday night when the Business and Profession Women's club met at Hotel Clarendon. Herself a professional nurse, the speaker brought to the membership a fund of valuable information in which she urged them to strive to build a physical body with a 100% rating.

She announced that she would keep a "health card" record on each member in order that an accurate report might be possible in making reports to the State Chairman.

Her talk was along the lines advocated by the national organization seeking to protect and build the physical body as a necessity in coping with the trials of business life.

The "Year Books" were distributed at this meeting and a vote of thanks given the committee having this important item in charge.

Guests of the Club were Miss Mary Jo Chamberlain and Mrs. Chas. H. Dean of Dimmitt.

Mrs. Ruth Teat, head nurse at Adair hospital, was hostess at this meeting. The Recreation Committee will have charge of the program for the meeting in August.

Baptist Revival Closes Sunday Night With 24 Additions

Pastor-Evangelist Is Given Sincere Cooperation All Through Meeting

The local Baptist church feels that the two-week series of revival services was indeed a success. The attendance and interest increased from service to service. The building was taxed to care for the crowd Sunday night. The sermons by Dr. J. J. Kellam were indeed helpful to those who had the privilege of hearing them. The spiritual tone of the church was built up. The results will extend into the future.

Twenty four came into the fellowship of the church on profession of faith and baptism, eight by letter and one by statement. Seven children made profession of faith but have not yet united with the church.

One outstanding feature of the revival was the deep interest and loyal cooperation in the services by the young people of the church as they helped in the choir, orchestra, prayer meetings, visitation, and personal work. Seven talented young people surrendered their lives to the service of God wherever He might lead.

A substantial offering was made to help care for that large Baptist family at Dallas, the 800 orphans in the Buckner Orphans Home.

Mr. and Mrs. Chas. Moore and daughter, Miss Alta of Ft. Stockton, are visiting his sister, Mrs. Julia Beverly.

Expiration Dates

Please look at the figures immediately following your name on this paper. If you are behind, remit at once. If you are three months behind and do not renew at once, your name will be dropped from the list.

We don't like to do this, but the postal laws forbid us sending you a paper that is over three months past due.

If you can't send the full amount for a year, send half the amount now and the remainder later when you can spare it. Please don't overlook or neglect this matter right now before you forget it.

THE DONLEY COUNTY LEADER

J. C. ESTLACK, Editor and Owner

Published on Thursday of each week.

Subscription \$2.00 a year 1st zone. Other zones \$2.50

Entered as second-class matter March 12, 1929, at the post office at Clarendon, Texas, under the Act of March 3, 1879.

This paper's duty is to print all the news that's fit to print honestly and fairly to all unbiased by any consideration even including its own editorial opinion.

Any erroneous reflection upon the character, standing or reputation of any person, firm, or corporation which may occur in the columns of THE DONLEY COUNTY LEADER will be gladly corrected upon being brought to the attention of the management.

NOTICE—Obituaries and poetry are published in this paper at the rate of 1 cent per word. A charge of \$1.00 is made on cards of thanks. Stories of deaths and funerals published in time to retain the news value are not rated as obituaries.

Allments.

In his quest for sympathy, Fall claims to have fallen for every ailment known to the human family save one—ingrowing toe nails.

How About It?

Is it possible that an old-fashioned 'hoss' pistol is no more powerful than squirrel-headed lawyers and a film-flaming injunction?

Old Age Pensions.

Seventeen states have displaced "poor houses" by granting pensions to the aged. This idea was put into practice for the first time in 1923. It is more humane, and has proved to be more practical and economical.

Missionary.

If the Oriental students who come to America for their educations could induce our race to adopt their cool flowing garments, they will have performed a lasting service to a race that just thinks it is smarter.

The Belllaker.

Around small towns one sometimes hears some fellow aching about his line of business being overdone, but this same fellow wants some one else to get out of the way to make room for him.

The fact that the 'acher' is howling is proof that he failed to supply the needs or to meet the expectations of the public. His 'yelp for help' goes unheeded.

You Said It!

Those tantalizing enticing odoriferous gastronomical delicacies sometimes referred to as Donley county cantaloupes, are just about ready to make their "daboo" on the market. Growers claim to have the best crop in years and the fact that these melons have an established reputation for quality all over the northwest, means that the growers will rake in several thousand dollars before the close of the season.

Financial Genius.

"Make a suit of clothing for 35 cents and bank the difference" may well be the sage advice of that Weatherford banker who claims to have made a cotton suit for that sum. He also plaited a straw hat that cost him only the labor.

Some bankers suicide, some play golf and others become personal manufacturers seeking to set an example for other men of the profession. Just what he has planned for winter wear, remains to be seen.

South Texas Problem.

Reports from a number of towns in the southern part of the state complain of an influx of laborers, the number steadily growing daily.

The Robstown Record, published in a town near Corpus Christi, relates that trucks loaded with men, women and children are arriving with a view of getting work in the cotton fields, several weeks in advance of the time when their services will be in demand.

Other towns report a serious labor problem. White people who have lost their all and are in dire need. Statements emanating from idle crowds leads the citizens to believe that repititions of Henryetta, Oklahoma may be invoked and food taken by force. In fact a number of the cars and trucks bear Oklahoma license numbers.

Credit Hoover.

The fact that Hoover's private mail plane flying between Washington and his Rapidan camp in Virginia last week notified the neighborhood that a country dwelling was on fire, should be credited

to the Hoover administration as another crowning achievement.

An ordinary plane would have sailed serenely on, and likely would have passed the matter up unnoticed. Not so with a member of the Hoover administration though occupying only a lowly position.

This incident being paraded in the Republican papers of the east will likely become one of the noted achievements of the administration. It reminds one of a chamber of commerce report of the year's activities when a school teacher water melon feed at a cost of \$19.85 was set down as one of the crowning achievements of the year.

Dead Towns.

Many so-called weekly newspaper men still are under the impression that the business men "owe" them something. Usually the publisher of that type gets out a 'weakly' sheet as often as he does a 'weekly' and sells space to his home merchants rather than merchandising service.

Too often the 'weakly' publisher blames it all on the "home town merchant" for lack of support of his sheet when the dull times come. In most instances, business men are willing to patronize a weekly paper if they get results. On the other hand, no business firm of a town is under obligations to help another because of sentimental reasons.

Alibis and self-defense pleas have no place in this age of modern newspaper publishing. The publisher should conduct his business on the same high plane as the best business man of his town, and both work together for a common good.

Our Charity Problem.

That some of those accepting charity here last winter were unworthy, is a generally accepted fact. It is just as much our duty to avoid helping the unworthy, as it is to help those who are deserving. Recently when farm help was needed, none could be found among those who were tided over by the Goodfellows last winter. A cook was wanted and not a woman could be found to take the job at good wages.

The list of those accepting help at the present time was appealed to, and yet it was necessary to get a woman from Hedley to take the cooking job at ten dollars a week.

A list of those who will not work should be made now and added to as time goes on. When winter comes, charity funds will be low and the amount should be carefully handled that only the worthy should receive the benefits. Farmers who last winter supplied eggs and milk to those who would not "pull bolls" earlier in the season, will be slow to assist in such a program this winter.

Youthful Convicts.

According to Langston King, judge of one of Harris county's criminal district courts, 62% of the criminal population of Texas is comprised of boys under 25 years of age.

There are no facilities for keeping these younger men from associating with the hardened criminals of more mature years. The first offender sent up for a simple offense due to overindulgent parents or poor environment, has no time to reflect upon the fact that crime does not pay.

The youthful prisoner in many instances is schooled in the finer points of burglaries, high-jackings and auto theft. Being of a more receptive age, crime stories appeal to him in a romantic manner, and the hardened criminal who has done "stretches" in many prisons, is his adroit instructor.

So far as the young men are concerned, our penal institutions are little more than a crime school from which we graduate the blossom of manhood to become a menace to both property and life.

Stopped His Paper.

We read in the Kyle News published down in Hays county that a fellow identified with a big oil company has "stopped" his paper because editor Harwell editorially said the big companies were trying to eat up the little fellows.

A country weekly that is worth a tinker's damn is not published in the interests of the big fellows no how. At times big fellows are appreciated if they want to develop a country on an honest basis. Sometimes they are tolerated when they act half-way white about it, but when they get so cocky that they want to run a nation, trample state's rights under foot and impoverish our citizens, it is time for every country weekly to wake up and tell the folks about it.

The big oil companies have already swallowed up the little fellows, and that special session of the Legislature was intended to help them digest what they had already swallowed. All honors to the Kyle News for the bold stand taken in the defense of the common citizen—the salt of the earth—and the honest legislators who are fighting an honest battle for their constituents to the last ditch.

Moratoriums.

Following the year's moratorium with Germany, will come a cancellation of all war debts of all nations. War lords have had their inning. Manufacturers of war munitions and war supplies have had their inning. Uncle Sam holds the sack.

What did America get out of the war? Well let's see. We have a bunch of millionaires; thousands of graves and still more physical wrecks; the hatred of practically every nation on the globe whether we merit it or not, and now we as a nation are being called upon to guarantee Germany's next war payment to France.

We got a number of other things besides showing other nations that we had plenty of good fighting material—the best in the world. But what has it profited us to shoot the stuffin' out of a bunch of men who were forced into battle simply because they were victims of circumstance just like our own soldiers?

After all is said and done, if the world can be made to realize that war does not pay, then, and then alone, was the World War not fought in vain. The world today is

broke financially. The economic struggle will possibly extend over a long period of years. America, because of the greed for gold on the part of a few, will continue to pay until, as a nation, we shall have been dragged down to a level of those of Europe.

Deflated Farm Values.

During the peak of high prices, the farms of this nation were valued at 80 billion dollars. Due to world conditions of today, that valuation has deflated to 43 billion dollars according to latest government estimates.

Along with deflated farm values, the owners have experienced no deflation in taxes. Prices of every commodity grown on a farm are at their lowest ebb right now. Grains are lowest in price in a generation.

Under present grain prices, how are the farmers to meet their federal land bank payments the first of the month, is a big problem. Some effort is being made to secure a year's moratorium for the farmer that he might have more time from which to recover. Failing in this, millions of acres will revert to the government. If this should be the result, such lands will deteriorate. The expense of management will have to be met by taxpayers because at best, government management is expensive as compared with individual management. A moratorium is the only solution under present conditions.

Innocents Abroad!

Now comes Jack Stricklin in his Terry County Herald all 'het' up because a certain letter appeared in a Dallas paper of limited circulation in which the writer made an attempt to cast reflection on Jack's home town of Brownfield.

The letter in question was occasioned by a tourist who was fined for an infraction of traffic laws of Brownfield, and while he did several 'infractions', he was permitted to select his choice of one of several for which to pay a fine.

This tourist "made fun" of the busy little metropolis of Terry, slandered a well known hostelry of unquestioned reputation, flimflamed the city marshal and would have spat in the faces of her citizens had the said marshal not called a halt.

Indeed Brownfield was treated to rough stuff a-la-Capone suddenly and without any previous announcement for preparation. The tourist, riled because of a punctured tube, soured on the climate and went so far as to intimate in plain words that said nail was driven in-

to his tire with malice aforethought if not a hammer.

Jack does some intimatin' himself by referring to possible grand jury action. It might be that tourists would have greater respect in general for the smaller towns, if more of them were given to understand that they are entitled to no special consideration, and more especially where lives of citizens are involved. Brownfield commands respect because of high-class citizenship, and is right in demanding respect of the casual visitor.

Methods of Feeding Cheap Grains To Hogs To Get More Profit

College Station, Texas, July 28—Feeding methods are just as important as proper feeds when it comes to profit from hogs, Fred Hale, chief, division of swine husbandry, Texas Agricultural Experiment Station, told members of the livestock group at the Farmers Short Course here Tuesday.

When feeding hogs twice daily by hand, it will pay to grind kafir and mlo before feeding to fattening hogs, but when these grains are fed in self-feeders, free choice, it is neither necessary nor profitable to grind them, Mr. Hale said. Gains are also as fast on whole kafir and whole mlo when fed in self-feeders free choice, as are the gains where these feeds are ground before feeding, he added. "Our experiments to date, although incomplete he said, indicate that wheat and barley may just as well be fed whole and that grinding these grains may not be necessary when they are fed in self-feeders, free choice."

The practice of throwing grain (whole kafir or mlo) out on the ground for the fattening hogs is exceedingly wasteful, the speaker said. Actual tests, he explained, show that 97 pounds more kafir was required to the 100 pounds of gain where the kafir was fed on the ground than in feeding the grain in self-feeders, free choice. The pigs fed in self-feeders also gained 40 percent faster than did the pigs fed on the dirt floor, he added.

Feeding whole mlo in a self-feeder and skimmed milk once a day at the rate of one gallon a pig in a trough is a simple and profitable method of feeding fattening hogs, the speaker said.

Foreign Countries Buy More U. S. Leaf Tobacco

Exports of leaf tobacco from the United States increased 8 per cent in volume during January to May of 1931 as compared with the average for the corresponding period during the last five years, according to a report just made public by the Department of Commerce. In the United States cigarettes are increasingly popular because of the removal of harsh irritants by modern methods of manufacture such as the toasting process including the use of ultra violet rays. Cigarettes are also growing in popularity abroad as is indicated by the fact that exports of bright flue-

cured tobacco which is used principally in cigarettes amounted to 162,303,000 pounds during the first five months of this year as compared with only 119,083,000 during the same period of 1929. These shipments were valued at \$35,945,000 this year as compared with \$32,460,000 in 1929. The volume of tobacco entering the export trade during this five month period for the current year has been exceeded during a like period only in 1924. The current export shipments are attributable to continued demands for bright flue-cured tobacco in China and the United Kingdom, according to the Tobacco Division of the Department of Commerce.

Mrs. C. E. Lindsey is at College Station this week with other ladies from here for the Short Course. Her name was omitted in the list last week by an unexplainable error.

THE WORLD MOVES

Henry Ford put the carriage out of business, Thomas Edison almost wiped out the kerosene lamp, and the radio has about finished up the phonograph.

A changing world? Sure is. The Modern Bank has to keep step with progress. Cautious people do not hide their money in tin cans, the old matress and such places. They keep their money in our bank where it is safe, and pay their bills by check. That is the safe convenient way to do business.

Farmers State Bank

Demanded and Delivered

HIGH standards make higher demands. Electric power put the kerosene lamp out

in community living. The small, isolated plant has gone the way of the kerosene lamp.

of business. And then the small isolated power plant itself gave way to the transmission line which brought power from a larger and more efficient power plant.

Furnishing this high-quality service to 120 cities and towns in West Texas, the "Land of Opportunity," the West Texas Utilities Company has brought metropolitan service to rural customers, small communities, progressive towns and thriving cities through this vast empire.

High standards in electric power service set high standards

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

BUILDING A HOME?

We have built all kinds costing all kinds of prices. We saved the owners on every job. If you are thinking of building anything, get our prices on a complete job.

WATTERS & McCRARY

OUR PURPOSE

It is the purpose of this bank to combine old-fashioned courtesy and modern banking methods—to make courtesy quite as prominent a feature of its service as the stability of its resources and the skill of its management.

DONLEY COUNTY STATE BANK

"Home of the Thrifty"

TEMPLE OF TRUTH
By the Apostle

Who remembers when he bought 16 packages of Arbuckle for a dollar and thought he had bought coffee? Every grocer had a grinder and the grinding was thrown in for good measure.

Famous last words: Here's your damn money and I don't intend to buy another thing from you as long as I live.

Fishermen are common, but when it comes to "turtlemen," W. D. Martin and M. V. Harvey claim to be the champions of the county. They brought in one from Kelly creek recently, but owing to the extra large size, some investigation was made and it was learned that C. F. Bogard lost one with the same brand on it the night before. Anyway, for 2-bits, I will tell who ate it next day.

Of those bringing in wheat on the subscription exchange basis of a dollar a bushel, only one woman so far has taken advantage of the offer. That is Mrs. J. T. L. Warner who resides southwest of town. Mrs. Warner never overlooks a bargain, and she is one of the hundreds to look through the advertising in the Leader each week in order to take advantage of the bargains offered by our advertisers.

Passing by a farm a few miles from here this week, a sign at the gate read: For sale, plum jelly, day old eggs, clabber cheese and hook rugs. Evidently the work of some mischievous person, a sign near it read: Home brew that beats varnish, hair tonic, jake or any g else that a jellybean gets in town.

And say, it has been discovered that a jewsharp will run chiggers. Ora Liesberg says he never fails to take a jewsharp with him on a fishing trip, and never had a chigger on him in his lifetime. He almost proved it too, by G. A. Anderson only G. A. says he was with him on several trips but never heard Ora play anything on or off anything.

Who has a two-headed chicken for sale. An outfit in Kansas City wants to buy a chicken of this description that they heard lived down this way. There hasn't been a two-headed chicken here since the kick was taken out of beer so far as we can learn.

Well, well. The good woman says the club trip writup last week was fine in three instances, except two of the three were wrong. I forgot to say that Mrs. J. A. Pool represented the Martin club, or that the Clarendon club furnished the 'feed' at the Meaders home at the noon hour. Anything to please the cooks. What next?

In looking for ideas for new words in describing births, marriages, divorces and deaths, how would it do to classify them as "hatched, matched, snatched, dispatched?"

What is it that has four legs, eats hay and can see as well with one end as the other? Answer is the last line in this column.

Member way back when you waited for the old domineer rooster to crow so that the folks would get up and hit the road for town? Yeh, it was circus day. You remember how much work was mapped out for you to do in order to get to go, and now that the final day was about to arrive, you rolled and tossed on the bed at 3 a. m. waiting for the roosters to crow.

Well old Grandpa Milt Moseley was in talking to the old Apostle this week and we got to talking old times. Times that we spent as boys back on the creek in the middle of the night. Grandpa Moseley told about splitting sticks, poking 'possum tails through so they could be carried more handily over the shoulder. Great times!

That all happened on 'possum hunts. Didn't carry coons that way. The blamed things had too much sense to be 'toted' off the range alive. Grandpa told about times when he was equipped with a stonebruse and a skinned nose at the same time. A real boy. He claims to be young yet, but he ain't no spring chicken if he does act like one away from home.

Talking over old times reminds me of days spent in old Arkansas. A hot rock fell out of the sky and lit in a man's yard. The wise ones told him it was a meteor but they didn't know where it came from. This being the case, the Arkansas sawyer got busy to make use of it.

He rolled the hot rock against a big kettle and she boiled water for the woman's washing. He used the same heat in his fireplace and saved the trouble of getting wood. When his neighbors found out about the hot rock, they borrowed it and at one time it fired a saw mill boiler for six months.

Finally a trade was made to furnish fish for a barbecue. The old Arkansas sawyer rolled his hot rock

into the creek. In a few minutes the water began to boil and the fish came up cooked ready for the barbecue.

A tourist learning about the "hot rock" while touring the state looking for something as most yankees do, hit the old man up for a trade in which the Arkansas sawyer refused to part with his rock, but did agree to take his rock up and drop it in Chesapeake bay to cook fish for the yankee's canneries.

The water was boiling for a mile out into the bay after the first 24 hours. About 249 tons of cooked fish had drifted to shore by that time. Within thirty days the whole bay was boiling and the heat was killing fish fifty miles out in the Atlantic ocean. That's what caused all the trouble. The government put a stop to the hot rock idea and it was finally sold to Henry Ford's plant in Detroit. Every time you see a jitney, give Arkansas credit for furnishing the heat for melting up the iron.

The old man who sold that rock got so much money out of it that he has married five times since then, the last time to a movie actress who expects to get a divorce from him next week.

We have eaten some mighty good Donley county corn off the cobb this season, but the best that we have had so far came from the W. A. Hughes farm. He has been marketing it here for several days.

The canning season is on folks, she's on and I don't mean maybe. The good woman has been swapping around with other women and several have been swapping with her and the corn and peas are going into cans all over the county except the north end that is dried out this year.

The more expensive sealer and tin cans are being used as recommended by the County Demonstrator. It is cheaper in the long run because you can use your cans the third time and if you get a cheap Laidorder catalog sealer you can use your cans only once. Figure the cost of the cans and see how you are coming out before ordering a sealer that you know nothing about.

Thanks a lot for the peas and beans contributed. Also the promise of cantaloupes later in the season to say nothing of tomatoes, okra, beets and other stuff. There is nothing like having neighbors and good neighbors that live way out in the country.

This is an off-year for mothers-in-law. Practically all tourists have no mother-in-law aboard—they are going to see them at the end of the trail. Lots of 'em on the road now, even more than last year, which was also an off-year for mothers-in-law.

The explanation of that question asked farther up in this column is, "a blind horse."

NAYLOR CLUB
The Naylor Home Demonstration Club met with Mrs. Walter Scott July 23rd with 11 members, 3 visitors and Miss Buttrill present.

Miss Buttrill gave a demonstration on cooking an entire meal in the pressure cooker. Also a demonstration on setting the table and table manners. The meal was cooked in fifteen minutes and was simply delicious. The next meeting will be a moonlight picnic to be held August the 6th.

Mr. and Mrs. Earl Humphrey are again making Clarendon their home after making the harvest on the plains. They expect to return to near Pampa later when grain planting time comes.

Mrs. Eva Humphrey returned home the last of the week from the Pampa country where she has been visiting and canning for some time.

Marvin Jones Is Against Any Increase In Freight Rates

(The following protest was filed by Marvin Jones with the Interstate Commerce Commission, urging that the application of the railroads for a general increase of freight rates be denied):

"Amarillo, Texas, 23 July 1931 Interstate Commerce Commission, Washington, D. C. Gentlemen:

I desire to file a protest against the general 15% increase in freight rates as applied for by the railway companies of America.

This protest is not filed in any spirit of hostility to the railroads. Naturally, we would like to see them prosper. Transportation is essential. However, a period of depression, such as that through which we have been passing, when practically all businesses are taking a loss, is not, in my judgement, the time to ask for an increase in railway rates. The times are abnormal.

The prices of practically all commodities have been materially reduced during the last two years. Agriculture is prostrate. The major products of the farm are selling far below the cost of production. Present freight rates are in many instances already prohibitive. To use present conditions as a basis for an application for an additional load on these already overloaded commodities is, in my judgement, out of the question.

Besides, I doubt very seriously whether an increase in rates would increase revenue. It might do so temporarily, but it would not increase them in the long run. I believe, therefore, it is a short-sighted policy even from the view point of the roads themselves to ask for an increase in freight rates at this time.

An illustration: the freight rates on wheat from the Panhandle of Texas to the Gulf ports is at present an average of more than 33 cents per hundred or 20 cents per bushel. Wheat is selling today at the elevator in Amarillo and other Panhandle points at 25 cents per bushel. The cost of transportation of this commodity is already taking so large a percentage of the total value that not more than half of the commodity is moving, and a large percentage of that which has been moving has been distress wheat that must be sold.

I realize the sharp and in some instances unfair competition to which the roads are subjected. Undoubtedly these inequalities should be corrected and competition placed on an even basis. But this will not be corrected, on the other hand it will be aggravated by an increase in freight rates which are already too high. The trucking, the feeding, the use of water ways and even the use of the commodity for fuel would be increased by such a policy.

If the freight rates on wheat as given in the illustration, which now range from 30 to 37 cents per hundred from Panhandle points to Gulf ports, and which under the new rates to be made effective August 1st will range from 29 1/2 to 34 cents per hundred, had been reduced to range from 20 to 25 cents per hundred, I believe the increase in tonnage would have made up the difference and would not only have created a better feeling, but would have left conditions in far better shape for future operations.

If the 15% general increase should be allowed it would not only wipe out the small reductions above referred to, but would make these rates even higher than at the

Fiction Outdone by Story of Mother Who Cast Children Overboard at Sea

WEEKS, CAROLINE AND GARDNER

A mother who threw her three children into a shark and barracuda-infested sea where it seemed that only a miracle could save them, on the chance they might escape a more horrible death aboard a burning ship, made of her experience a story that in breath-taking drama outstrips the thrills of the most highly imaginative fiction.

Mrs. Mollie Smith and her three children Gardner, eight, Weeks, six, and Caroline, four, were on a pleasure trip aboard the glass-bottomed excursion boat Eureka II, off the Florida coast when an explosion turned the vessel into a fiery furnace. There were no life boats. Trapped between fire and water, it seemed only a choice of which death to endure.

The swift-moving terror of the tragedy, its hope and heartbreak, its heroism and its cowardice, is recounted by Mrs. Smith in the August Cosmopolitan magazine.

"I appealed to Gardner to be brave and not to cry," the mother writes. "I told him that I must put him in the water and that he should stay near his little sister and try to keep her head up. He stopped crying and let me take his hands and drop him into the ocean without a struggle."

"I watched him splash into the sea and sink. My heart almost stopped beating. He came up once and went down. I had a feeling he would never come up again. I thought I saw a dark monster snatch him under the water and drag him down. Just as it seemed that my heart would never beat again, he came up once more. This time he floated."

MRS. MOLLIE SMITH

"I picked up Caroline. Deathly afraid of the water, she screamed and fought and clung to me like a terrorized kitten. I actually had to fling her into the ocean. She went down twice, the lifebelt slipping from her tiny shoulders. As she started to sink a third time Gardner, struggling to tread water because he could not reach her and pulled her life preserver on. Then he held her head out of water by putting his hands under her chin."

Turning to start in search of Weeks, who had become separated from his mother, Mrs. Smith herself was hurled into the water by the captain.

Hours later, the miracle was complete. The family—even the lost Weeks—was safely reunited at home. But the experiences of those hours before rescue came, the struggles, the hopes and fears, the desperation and the determination of a mother fighting for her family, provide the material for what may prove the year's outstanding bit of realistic literature.

present time. What is true in this section would probably be true in most sections of the country. There come times when all businesses must shoulder a loss during an emergency period. For any concern, whether transportation or otherwise, during such a period to undertake to recoup such a loss by saddling a heavier burden on the struggling agriculture and business interests of the country, is an improper course of procedure and one that will complicate the difficulties and eventually work against the interests of both the roads and the

public. I earnestly urge that the application for these increases be denied.

I am furnishing copies of this letter to the presidents of the three railways which operate in this section, to wit, the Santa Fe, the Rock Island and the Burlington System. Sincerely Yours, (Signed) Marvin Jones.

SUNNYVIEW

We are still having hot dry weather.

Mrs. Will McNeely of Italy, Texas, who has been at the bedside of her daughter, Mrs. James Adams of Amarillo and Mrs. Callie Bailey of Waxahachie spent Friday night here with their sister, Mrs. M. Starks and left Saturday morning for their homes.

Miss Orene Riley visited with her cousins, Mr. and Mrs. Luby Knowles of Ashtola over the week. Little Miss Dorris Bailey spent a week with her uncle, Mr. and Mrs. John Jones of Brice. She returned home Saturday.

Mr. and Mrs. A. M. Lanham and grandson, L. E. Scott and J. H. Hutto were dinner guests of Mr. and Mrs. Sam Roberts, Sunday.

Miss Ethel Hutto spent the week end in Clarendon with her sister, Mr. and Mrs. Alfred Estlack.

Jack Bailey was among those who attended the session of the grand Lodge I. O. O. F. at Amarillo Saturday.

Mrs. Munn of Prague, Okla. who is here visiting her brother, Mr. and Mrs. D. B. Bailey spent Saturday night with Mr. and Mrs. Homer McElvany of Clarendon. They were neighbors at one time at Prague.

Mrs. Nelson Riley and daughter Misses Orene, Kathleen and Ina Riley called on Mrs. B. F. Mc Crackin and family of Clarendon Thursday afternoon.

Mr. and Mrs. Neal Bogard entertained a few of their friends with 42 games Saturday night, those present being Mr. and Mrs. Luther Butler, Mr. and Mrs. Owen Butler, of Lelia Lake and Mr. and Mrs. Heckle Starks. Ice cream and cake was served and all had a delightful evening.

Mrs. O. M. Gentle and children, Catherine and Louis Gray of Sanger have returned home after spending a delightful visit here with her cousin, Mrs. W. A. Davis.

GOLDSTON

Virginia Harris and Pauline Brame were visitors in Groom Monday.

Crops are holding up very well but a rain is badly needed.

Miss Mattie Rhoades has moved to Bethel where her school term will begin the 3rd.

Canning is the order of the day. The owner of a pressure cooker is on the job early and late.

Mr. and Mrs. Jimmie Millsap of Chamberlain visited in the H. B. Rhodes home Monday.

Mr. Buster Colwell received two broken ribs when his new car ran into a sand bed while bringing it home Monday.

Mr. and Mrs. L. J. Goldston and children visited her parents at Amarillo Sunday.

Miss Hazel Dyer left Sunday for A&M College where she will attend the Short Course.

Miss Etta Hall of Leslie is visiting with her brother C. G. Hall and family.

Miss Virginia Harris entertained the young folks with a party at her home Saturday night.

Vodie and Vernon Clemmens, T. J. Morgan and Chas. Dyer left for Denver Thursday.

Miss Lenora Clemmens is visiting relatives at Ashtola this week.

Mr. and Mrs. J. J. Seago are enjoying a visit from two daughters whose homes are at Waco.

Dan Miller, hog buyer of Wellington, had a load of grain ground here Saturday which he had purchased on the Plains. He was especially pleased with the methods of grinding used by the Simpson mill and expects to be back with more later.

Elder D. L. Hukel, who has been absent holding meetings for some time, visited home folks here Monday.

Mr. and Mrs. H. L. Brady and sons visited Carlsbad Cavern and other places of interest in the sister state over the week end returning home Tuesday.

O. H. Brewer and family attended the 84th celebration of the Latter Day Saints at Amarillo the last of the week. This event celebrated the 84th year since the Saints established a home in Utah.

PLANS TO BEAT UNEMPLOYMENT

By ROME C. STEPHENSON
President American Bankers Association

SOME look upon unemployment as a social or political problem. For them the remedy is compulsory accumulation of reserve funds on the insurance principle through contributions from the government, the employers or all three. That will not meet the present emergency, since these reserve funds have not been built up and it would take years to do so. At best this plan could only become effective at some indefinite time in the future as against the return of another catastrophe of general unemployment. Others look upon unemployment as purely an economic problem, holding that the only fundamental preventive is in business stability.

R. C. STEPHENSON

It may well be asked whether either of these cures—namely, the creation of unemployment insurance funds on the one hand or the maintenance of everlasting business stability on the other—do not present in themselves bigger problems than the problems they seek to cure. However I am inclined to the belief that the more practical approach to the solution of such problems and the prevention of such situations as general unemployment presents is along the latter lines of economic foresight rather than social legislation.

National Foresight
Economic foresight is conceivable not only for the individual but for business as a whole. Millions of individuals and virtually all lines of industry failed to practice it during the recent prosperity. The public welfare of the United States demands that industry as a whole vigorously and sincerely devote itself to the development of plans of economic foresight, aimed to prevent repetitions of the present unemployment situation. The general outlines for such plans are clearly definable. They demand that industry adopt a long range viewpoint and lay out its production and distribution plans with the thought that it is far better to have a long period of good sound business activity than a short period of frantically over-competitive endeavor. This would tend to lessen over-production in various lines, to prevent over-expansion of plant capacity, to avoid over-stimulation of public buying and above all to avoid periods of slumps and stagnation.

For business, too, there is a part in such a conception of economic foresight. It should aim to cooperate with industry in its endeavor to avoid reckless over-production and over-selling the public.

In this picture of national economic prudence, banking and finance, too, have their place. Their effort should be to influence the use of credit and other financial facilities into channels of sound public economy consistent with the attitude I have already sketched for industry and trade. All finance, whether current commercial banking or industrial investment banking, should seek by their influence in granting or withholding credit to build a sound economic situation.

The Individual Must Help
Finally, the individual too has a place in any such plan of a sounder economic future for the United States. It is the duty of the individual to make every effort to take care of himself and provide for himself. Neither government nor industry can do that for him. They can give him the opportunity to succeed but they can't succeed for him. He must out of his own initiative and effort earn and create his own means and defenses against life's requirements and contingencies.

Individual determination to provide against sickness, accident and death by insurance before indulgences in extra comforts and luxuries are given place in the family budget, and individual responsibility to guard against the contingency of unemployment by means of a sound program of thrift and savings are to my mind the true foundation of economic stability for the United States as a whole.

County-Wide School Session Will be Held August 14th

County superintendent of schools Mrs. Nora McMurry, announces that a county-wide school meeting will be held here all day of August 14th. All school trustees and others interested in school matters are urged to be present.

P. L. Stone of the State Department of Education will be present to explain the laws affecting the schools of the county, and more particularly those laws passed at the last session of the legislature.

Miss Sarah Williamson of Wichita Falls returned home Tuesday after a visit here with her sister, Mrs. B. C. Antrobus.

S. S. CLASS BREAKFAST AND SWIM

Tuesday morning at the Country Club a swim and breakfast was enjoyed by the Business Women's Class of the Baptist S. S., honoring Miss Iris Leonard, who has recently taken her membership in the class and in the church.
Those who enjoyed this fellowship in the beautiful out-of-doors were the honoree, Miss Iris Leonard, Misses Fay Barnhart, Sara Thompson, Willie Davis, Anna Moores, Naomi Allison, Margaret Goldston, Agatha Taylor, Ruth Thompson, Mesdames Frank Simmons, of Borger, Lorene Barteel, L. J. Goldston, hostess, and W. C. Stewart, teacher of the class.

The beauty of the Club grounds was extended to the class through the courtesy of Mr. and Mrs. O. C. Watson, and Mr. and Mrs. L. J. Goldston.

SENIOR B. Y. P. U. PROGRAM August 2, 1931.

Subject—The highest expression of Christian living.
Introduction—Carroll Holtzclaw
Just an ordinary Christian—Leona Merritt.
The early followers of Jesus were all Soul winners—Agnes Oakley.
Too many regard Christianity merely as a solace for the dying hour—Fay Barnhart.
Many actually are not worried about the lost—Cecil Ray.
Following Jesus is of little worth others believe—J. D. Holtzclaw.
Learn what Christ has done and then you'll tell others—Verna Lusk
Vocal solo—"No body told me of Jesus"—Sara Thompson, violin accompaniment, Agatha Taylor.

CHRISTIAN LADIES AID

The Aid met in the home of Mrs. J. D. McAdams Wednesday afternoon. Mrs. Eva Humphrey offered prayer when the president called the meeting to order and after a short business session, Mrs. F. C. Johnson took charge of the devotional taking the lesson from the 10th Chapter of Acts. Silas, as the principal character, was discussed as to his journey with Paul.
The hostess served refreshments to ten members and two visitors. The next meeting of the Christian Ladies Aid will be held at the home of Mrs. G. A. Anderson with Mrs. McAdams as leader, the lesson to be taken from the 17th Chapter of Acts.

St. John Baptist Church (Episcopal)

Bible Class—Mrs. Sella Gentry, Leader, 9:45.
Subject—"The God of Omens."
Every one is invited to worship with us. Come and bring your friends.

Mrs. Lon Rundell returned from Waco Monday where she attended the funeral of Mr. Rundell's father.

Mrs. Chas. H. Dean of Dimmitt came over the last of the week to spend a few days with her parents, Mr. and Mrs. C. M. Lane.

Mrs. B. C. Antrobus returned home Thursday after a visit with her parents, Mr. and Mrs. J. W. Williamson at Wichita Falls.

Father of Lon Rundell Dies In Waco Sanitarium

Word was received here Monday of the death of I. S. Rundell of Walnut Springs. He had been seriously ill for some time and his son, Lon Rundell, had been with him for the past two weeks.
He passed away at 9:45 Sunday night in a sanitarium at Waco, and was buried at Walnut Springs Tuesday afternoon. Of a family of six boys and two girls, the youngest thirty years of age, I. S. was the first to pass away. All of his immediate family was present at the time of his death.

Visited Carlsbad Cavern And Other Points

Mr. and Mrs. H. L. Brady and sons Walter and Aubrey and Mrs. Rose Brady and daughter Vivian of Ft. Worth made up a recent visiting party to the famous Carlsbad Caverns.
They visited a number of other places of interest and also heard Rev. Allison preach at the Methodist church in Carlsbad Sunday. H. L. says some of the New Mexico towns are showing signs of life in a building way.

Revival at Church of Christ Begins Tomorrow Night

R. I. McGowan announces that the revival scheduled to begin at the Church of Christ Friday night of the 31st is being arranged to start according to previous announcement.
Elder G. K. Wallace, who held a revival here some two years ago, will be in charge and local talent will have charge of the singing. The public is extended a cordial invitation to attend these services.

Miss Roberta Lafon visited relatives in Amarillo over the week end.

Mrs. Rose Brady and daughter Vivian of Ft. Worth are guests of the H. L. Brady home this week.

W. T. Hayter spent the past several days at home, returning to Pampa Wednesday where he is interested in a business way.

Dewey Herndon has been in the Wichita Falls country for the past week on a kind of prospecting and vacation trip.

CARD OF THANKS

We appreciate very much the many expressions of love and sympathy that were tendered to us by our friends during our late bereavement.

We thank you for the beautiful floral offerings and every act of kindness. May our Heavenly Father abundantly bless and keep each and every one of you.

Vancouver Salutes Empress of Japan, New Queen of Pacific

EMPERESS OF JAPAN WELCOMED BY VANCOUVER CAPT. SAMUEL ROBINSON

When the new Empress of Japan, a 26,000 ton ship, gross register, arrived in Vancouver recently, having broken the east-bound record from Yokohama to the quarantine station near Victoria, B. C., she was acclaimed by thousands of people who had turned out in cars and afoot to render their homage to Capt. Samuel Robinson, C. B. E., R. N. R., the hero of the Yokohama earthquake, and his wonderful Canadian Pacific liner which had cut 4 hours and 26 minutes from the record previously held by the Empress of Canada for more than seven years.

Capt. Robinson, for good work, has been promoted from the Empress of Australia to the Empress of Canada and then to the Empress of Japan, because he extricated the Empress of Australia from a very difficult position, saving 2,000 of the crew and passengers and 2,000 refugees, when there was a situation needing a great captain, with proper initiative, and a great ship, both of which were called upon and responded 100%. King George V. recognized his merits and decorated him in New York harbor through the British Consul General. The Empress of Japan is not only

the largest and fastest ship on the Pacific, but she is one of the most beautiful ships, as well. Her gross tonnage is 26,000 tons, her beam is 87 feet and her length is 666 feet. The previous record east-bound across the Pacific was 3 days, 10 hours and 53 minutes, made by the Empress of Canada. The Empress of Japan with new engines, did the east-bound trip in 8 days, 6 hours and 27 minutes, and it is not at all impossible that with her machinery has been worked out to concert pitch, she may be able to do even better. Meantime, she remains the Queen of the Pacific.

Goldston Man is reported Missing Over 2 Weeks

John H. Spier, who has resided with his wife and four children near Goldston for the past four or five years, is reported missing and there is some apprehension for his safety.

Some two weeks ago he took his family to the home of a son at Le-fors and left there with the intention of going to Borger. Since that time no trace of his whereabouts can be found.

Mrs. L. E. Miller and son Master Robert Eugene of Wichita Falls are visiting her aunt, Mrs. C. E. Griggs.

Mr. M. Jones of Shamrock is visiting his sister, Mrs. T. E. Tros-tle.

Miss Hazel Gilbert returned from Channing Sunday where she has been visiting relatives since the close of school.

Misses Ruth and eJan McDonald visited relatives in Childress last week.

Mr. and Mrs. Loran Naylor of Conway visited friends and relatives in Clarendon over the week

FRIENDSHIP CLUB
Mrs. A. T. Miller entertained the members of the Friendship Club Tuesday afternoon, being assisted by her husband.

Fancy needle work engaged their attention for a time and was followed by a number of 42 games the remainder of the afternoon.

Dainty refreshments were served to Mesdames J. H. Harrison, G. J. Teel, J. L. Allison, J. D. Stocking, J. W. Rowland, C. R. Skinner, L. Ballew, J. A. Toomb, M. T. Crabtree, J. E. Mongole, H. Tyree, M. E. Thornton.

Missionary Society Entertains Husbands With Picnic
Members of the Missionary Society of the Methodist church entertained their husbands, children and a number of friends with a picnic supper at the Country Club Wednesday evening.

A large number enjoyed a swim in the lake until late, after which the ladies spread a generous supply of food in a variety on each of several tables where the crowd could serve individually cafeteria style.

Salads were arranged on one table, cake on another, meat on another, etc. filling several tables. The ages of those in attendance ranged from fourteen months up to ninety-four years.

Nearest Beach Is Many Miles Away As Co-Eds Use New Dress Design Plan

PEORIA, ILL.—This Bradley College co-ed is not about to dive. Believe it or not, she is taking the first step in making a dress for herself. The other girls are sketching her outline. It will be used as the basis for designing a costume particularly suited to the girl who is to wear it.

Before scissors snick and the sewing machine whirr, the young designer will know she has a becoming dress. This new dress design idea is popular. The planning and maintenance of clothes is given much attention by the co-eds. They show lively interest in fabrics, their usefulness and their value. In various educational institutions, for instance, they learn every step of how to wash clothes quickly, easily and efficiently. In Iowa State College, New York University and Ohio State University earnest-minded girls work with an ABC spinning washer, obtained from Allordir Dress Company here as classroom equipment.

Wienle roasts and dance dates are forgotten as the students' swim garments clean in the ABC spinning porcelain tub and spin them dry in the line in its centrifugal water extractor, the same as is used in many thousands of households who have abandoned the old laborious wringer methods.

Former Clarendon Citizen Married at Abilene

An announcement of more than passing interest to a wide circle of friends here was received by the Leader Wednesday of this week stating that Dr. Andrew M. Watkins, D. C., formerly a chiropractic practitioner here, and Miss Lena Cowden of Abilene were married there on the 25th.

Dr. Watkins has been located at Abilene for several months where he has been following his profession. The Leader joins the friends who extend congratulations and best wishes to this couple who will make their home at 1142 North 4th street in Abilene.

Donley County Men Make Tour of New Mexico

During the week H. A. Harrison and W. W. Webb of the Chamberlain community made a trip to northwest New Mexico visiting Clovis, Mountainair, Socorro and smaller towns on the trip.

In discussing the country that is open to settlement, Mr. Harrison thinks the pine to thick for grass to grow, and where there are no pines, the grass is too thin to grow pines. In fact he says he saw nothing that would induce him to go out there to live and never went out there except to see what they had.

Mrs. Odos Bass, daughter of Mr. Webb, and her children accompanied them on their return. They live on a homestead near Tres Lagunas, a sparsely settled section where there is insufficient rainfall to make a crop this year.

Manager Cameron Lumber Company is Lion Secretary

J. E. Teer has received notice of his appointment to serve this district of Lions International as Secretary-Treasurer. Sam Braswell, Sr. is District Governor serving his second term.

Mr. Teer has been a member of the local Lions club for a number of years and is at present a vice president of the local Lions club.

Has Roasting Ears in Car Lots Ready to Start

Being favored with plenty of rain, farmers in the Chamberlain community, and to the south and east of there, have been most fortunate this season. In fact they do not want any rain now.

Quite a lot of stuff was washed away during heavy rains earlier in the season, and for this reason the canteloupe crops are slim. What they lack in melons will be more than made up for in peas and corn.

In speaking of crops on his farm Wednesday of this week, L. A. Reavis stated that he would have a car of roasting ears ready to start within the week if he had a buyer. Others of that section have a choice lot of corn fine for canning, and they hope that home demand will take the most of it.

Clarendonites Are Touring Arkansas This Week

Mr. and Mrs. O. C. Watson and son George and Mr. and Mrs. Sam Braswell Sr. left Tuesday and a trip that will take them over Arkansas, possibly Louisiana and East Texas.

They will return by way of Dallas where George will again receive treatment under the same surgeons who have treated him with beneficial results the past few years.

Methodist Revival At Brice To Continue to Sunday

The revival being conducted at Brice by Revs. Apple and Nelson of Lakeview will continue until Sunday night at least according to information given the Leader by a citizen of that place Monday.

Reports are that much good has been accomplished, there being several conversions and reclamations since the meeting began.

Clarendon And Wellington Baseball Games

In a scrimmage with Wellington's team of baseball players Saturday, Wellington beat the home boys by a score of 6 to 4 at Wellington.

Wellington came over Wednesday to put on the finishing touches and were defeated by the home team 6 to 7.

Gus B. Stevenson pitched Wednesday doing effective work and Paul Shull as catcher did a creditable job toward defeating the visitors. The tie may be played off next Sunday according to plans not yet complete.

Rev. Bowen is Conducting Revival at McKnight

Rev. E. B. Bowen, pastor of the local Methodist church, has been in a revival meeting at McKnight for the past several days.

The revival will continue over this week, and perhaps longer if the interest continues. Good results are reported from the work of Rev. Bowen there and large numbers are in daily attendance.

Miss Lottie Ince of Itasca, and Mrs. A. M. Beville and daughter of Amarillo are guests of Mrs. J. B. Baird this week.

Miss Lena Manley of Post has been visiting in the home of her aunt and uncle, Mr. and Mrs. Allen Bryan.

Mrs. Henry Tice of Wellington visited her parents, Mr. and Mrs. A. H. Baker Wednesday and left late in the evening to visit at Panhandle with Mr. and Mrs. Marion Cox and family.

No Presbyterian Church Services Sunday

Rev. Robert S. McKee, the pastor, is in Caribad this week and there will be no church services at the Presbyterian church. Sunday school will be held at the regular hour.

Don't Overlook The Canning Schedule in This Issue
At the request of Miss Martha Buttrill, county H. D. agent, we are printing a canning schedule in this issue in double column form under the heading of "Types of Cans Recommended for Use in Canning."

The information in the article is published for the express benefit of those who are canning, or expect to can. Cut out the article and paste in your scrap book so that it will be easily located when you need it.

Donley County Leader, \$2.00 a year

Lodge Officials Are Here On Official Visit
Finding no other time open in a busy schedule, F. M. Compton, Grand Master of the I. O. O. F. lodges of Texas, and whose home is at Waco, and E. Q. Vestal, Grand Secretary of the same order with headquarters in Dallas, visited the local Lodge Sunday morning.

They had been in attendance on a district meeting of the order at Amarillo Friday and Saturday. Quite a number of the local lodge were out to hear the talks made in the lodge hall at 9:30 Sunday morning.

Only TRUTHFUL TIRE ADVERTISING WINS!

WHEN we advertised the fact that Firestone was furnishing its complete lines of Firestone Gum-Dipped Tires that not only met the price but beat the quality and construction of every grade of special brand tires sold by mail order houses and others, the mail order houses made vigorous protests to Better Business Bureaus and made demands upon newspapers not to accept Firestone or our advertising.

We cannot blame them for they did not want car owners to know that they could get, at no more cost, a better tire made by a leading manufacturer, bearing his name and guarantee plus our guarantee and our service.

When car owners awakened to this fact, they came to us, compared the sections we had cut from Firestone Tires and special brand mail order tires, and were astounded at the Extra Values we were giving.

As a result, our business and that of other Firestone Dealers throughout the country, increased so fast that it has been necessary for Firestone to run their factories twenty-four hours a day and Firestone sold more tires in April, May and June than in any like period in the history of the company.

In our advertising we do not make comparisons involving laboratory tests which you cannot verify except in a laboratory—neither do we make comparisons of construction or price based on misleading classifications such as first line tire, second line tire or third line tire—we do not make comparisons to confuse and mislead you as to actual values and service—we only make statements and comparisons that you can verify for yourself in our store before you purchase the tire.

Come in today and get the greater safety, extra quality and extra values found only in Firestone Tires.

COMPARE PRICES

Size	Firestone Oldfield Type Cash Price Each	Special Brand Mail Order Type Cash Price Each	Firestone Oldfield Type Cash Price Per Pair
4.40-21	\$4.98	\$4.98	\$9.96

6.00-20 (8 plys under the tread)	15.35	15.35	29.80

*When the National Better Business Bureau realized that their Bulletin No. 634 was being taken advantage of by some advertisers they issued a Bulletin dated July 10th as follows:

"In our Bulletin No. 634 entitled 'Definitions of Terms Used in the Tire Industry' we published definitions of First Line—Second Line—Third Line—Heavy Duty and Super Heavy Duty Tires.

"Our definitions pointed out, 'Although each manufacturer's or distributor's first line tire may represent his best standard size 4 or 6 ply tire, there is not necessarily any equality of competitive first line tires as to materials, workmanship or price.' This interpretation also applies to all lines of tires.

"We therefore recommend that advertising to the consumer shall avoid the use of these terms for the purpose of comparing competitive products."

COMPARE PRICES

Size	Firestone Sentinel Type Cash Price Each	Special Brand Mail Order Sentinel Type Cash Price Each	Firestone Sentinel Type Cash Price Per Pair
4.40-21	\$4.35	\$4.35	\$8.50
4.50-20	4.75	4.78	9.26
4.50-21	4.85	4.85	9.40
4.75-19	5.68	5.68	11.14
4.75-20	5.75	5.75	11.26

Japan's Fishermen Use Cormorants—Birds With Rings Round Their Necks So They Can't Swallow the Fish

CORMORANTS WHICH CATCH FISH

EMPEROR OF JAPAN

Fishermen in various lands use all sorts of methods in their trade, but certainly the most original and interesting is that of the fresh-water fishery of Japan the Land of the Rising Sun. These enterprising people employ trained cormorants—queer long-necked black birds capable of diving to great depths—and they see that their feathered fishers are constantly hungry so that they will show proper zeal in seeking their prey. To prevent the birds from swallowing the fish, their necks are bound by rings, so that only the smallest specimens can pass through their artificially-

narrowed throats. By this means, nothing larger than a healthy sardine ever goes down the bird's throat. The fishermen go out in light boats, each manned by a team of two men. One handles the boat while the other looks after the diving birds. A cormorant tender handles up to a dozen birds by strings attached to the birds' necks, precisely as a marionette artist works his puppets. Cormorant fishing is usually done at night, but as the fish dislike moonlight, dark nights are chosen, and the fishermen work by torchlight. The exact date of the origin of this style of fishing is unknown, but it is believed to have existed a thousand years ago.

Japan is becoming more and more popular with winter travelers, and fine new steamers are constantly being built to accommodate them. One of the latest additions to the trans-Pacific fleet is the new 26,000-ton Canadian Pacific liner Empress of Japan, the largest and fastest vessel on the Pacific, which makes the run from Vancouver, via Honolulu to Yokohama, in 14 days, thence proceeding to Kobe, Nagasaki and other Oriental ports. The Empress of Japan holds the blue ribbon of the Pacific, recently wrested from her running-mate, the Empress of Canada, for the fastest sailing time from Yokohama to

per cent. greater than the 1920-24 average, whereas the country's total demand for lubricants in 1930 was only 31 per cent. greater than the average for those same years. "This is the Sinclair record for the country as a whole. Since the introduction of Sinclair products in Clarendon, our sales of gasoline, lubricating oils and specialties have

materially increased." (Advt.) When F. W. Osborne broke a thresher belt while threshing his barley near Pampa, he found that the cost of a new belt amounted to more than he could get for his barley crop.

Mr. and Mrs. H. T. Burton and Neida Sue came home Monday after a visit with relatives near Decatur. Mr. Burton is badly sunburned and claims to have received an honest tan in a natural manner while helping relatives gather cantaloupes of which they are shipping several carloads each day.

No one would have known the difference by his actions, but G. L. Green has been rushing about town the past week like a fellow all dressed up and no place to go. He is claiming that it is his vacation. His son William is looking after the express business while his father is taking what might be called an imaginary vacation.

Types of Cans Recommended for Use in Canning

Beans, green	C enamel
Beans, lima	C enamel
Beans, with pork	Plain tin
Beans, with pork and tomato sauce	Plain tin
Beans, red kidney	C enamel
Beans, wax	C enamel
Beets	Sanitary enamel
Carrots	Plain tin
Cherries	Sanitary enamel
Corn and Succotash	C enamel
Hominy	C enamel
Sauerkraut	Sanitary enamel
Sauerkraut juice	Sanitary enamel
Peas	C enamel
Pumpkin	Sanitary enamel
Tomatoes	Sanitary enamel
Spinach	Plain tin
Turnip greens	Plain tin
Mixed vegetables	Plain tin
Catsup and chili sauce	Sanitary enamel
Cranberry sauce	Sanitary enamel
Peas and carrots	C enamel
Tomato puree	Sanitary enamel
Tomato juice	Sanitary enamel

(Also all berries in Sanitary enamel)

"Pumpkin, squash and beets may be canned in C enamel if it is desired, but commercially the Sanitary enamel is preferred. Since C enamel cans are lighter in color the pumpkin appears a little darker in them than when packed in Sanitary enamel cans. This is due to the contrast of color. C enamel cans prevent bleaching of beets as well as the Sanitary enamel, but are less desirable because after a considerable length of storage small corroded areas appear in the C enamel cans in which beets are packed. These areas are not noticeable when beets are packed in Sanitary enamel cans.

"Green beans when canned in C enamel or glass do not change in color but retain the uneven coloring normal to them. When canned in plain tin an interaction with the metal makes the color uniform. Green beans have a slightly solvent action on tin but the quantity extracted during normal storage is not harmful. Plain tin is preferred commercially because of the uniform color obtained.

"Spinach should not be canned in C enamel. This enamel contains a zinc oxide which reacts with chlorophyll and causes bleaching where the spinach is in contact with the can. A similar action is thought to take place with other greens, as chard and turnip greens, though it seems this has not been proven experimentally." (Dr. Louise Stanley, Chief, Bureau of Home Economics, U. S. D. A., Washington, D. C.)

"Research and practical experience have demonstrated that non-acid food products, like asparagus, beans, corn, peas, beets, spinach, meats, and fish, cannot be safely canned by processing in boiling water, but must be sterilized under pressure with approved time and temperature." (A. F. Woods, Director of Scientific Work, U. S. Department of Agriculture, Washington, D. C.)

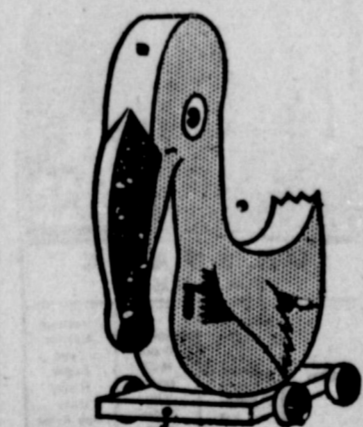

Sinclair Products Meeting With Popular Favor

"Oil-Wise" is the term applied to the average motorist of Clarendon by F. J. Hommel, local distributor of Sinclair gasolines and lubricating oils.

"Automobile owners are beginning to appreciate good oils," he asserts. "Other wise it would be difficult to explain the steady gain in sales by Sinclair and other high-grade manufacturers.

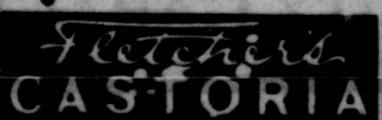

"Last year, when the industry as a whole showed a drop of 8 1/2 per cent. in total demand for lubricants the Sinclair Refining Company's lubricating oil sales actually increased 15 per cent. That is an accomplishment which few companies, if any, could match.

"Looking back over a period of year, the record is even more impressive. Sinclair's average sale of lubricants in the five years from 1925 to 1929 inclusive was 110 per cent. greater than its average in the preceding five years. In the same period, the industry as a whole showed a gain of only 35 per cent. Sinclair's 1930 sales were 180

for ANY BABY.

WE can never be sure just what makes an infant restless, but the remedy can always be the same. Good old Castoria! There's comfort in every drop of this pure vegetable preparation, and not the slightest harm in its frequent use. As often as Baby has a fretful spell, is feverish, or cries and can't sleep, let Castoria soothe and quiet him. Sometimes it's a touch of colic. Sometimes constipation. Or diarrhea—a condition that should always be checked without delay. Just keep Castoria handy, and give it promptly. Relief will follow very promptly, if it doesn't, you should call a physician.

*** WINDY VALLEY ***
 Rev. Robey Josey preached here Sunday following the Sun. school hour.
 Misses Dorothy Allen and Jaunita Howard are spending the week with Miss Oma Paulk.
 The A. A. Russell family is visiting relatives at Granbury, Texas.
 Miss Mary Lee Buchanan is again at home after several months visit with relatives in Clay and Wichita counties.
 Miss Ines Skinner visited Mrs. R. M. Sloan in Clarendon Saturday.
 Mr. and Mrs. Luther Morrison of Naylor visited in the H. Wells home Friday.

Mrs. Waits and daughters of Fairview visited the lady's sister, Mrs. A. H. Bowling Sunday.
 Gerald Noble of Canyon visited home folks over the week end.
 Miss Gladys Noble visited Miss Cleo Pope near Clarendon Wed.
 Mr. and Mrs. J. W. Skinner entertained the young folks with a party Saturday night, a large crowd being present.
 Buck Noble, Doc and Hubert Mann and Sewell Buchanan left Friday for Ran, Colorado where they will work awhile.
 Crops in this section are looking fine since the rain Tuesday.
 Joe Cannon is making his headquarters at Vernon for the present.

STOP!

WANTED!!

1000 Bushels of Wheat, Oats and Barley Before August 15th

Yes, it's true, we're taking wheat at \$1.00 per bushel—Oats at 50c and Barley at 50c, in payment of subscriptions to the Donley County Leader. The Leader is not lowering its subscription rate which is \$2.00 per year in Donley and adjoining counties.

Wheat---\$1.00 per Bushel

Oats---50c Barley---50c

LIMIT: One Subscription to Family

THIS OFFER GOOD ONLY FOR SUBSCRIPTIONS IN DONLEY AND ADJOINING COUNTIES.

There are certain conditions, of course, to this offer. The Leader cannot accept payment for subscriptions longer than a year in advance, to the subscriber. In other words, for each name only one year's subscription will be taken. However if one individual wishes to pay for more than just one person, that will be alright.

And another condition is that the grain must be in sacks. We have no storage facilities and for convenience must have it in sacks. Weigh it yourself. We'll take your word for it.

If you are not a farmer or do not have your own wheat, the Leader will allow you to purchase the wheat but we insist that you buy direct from a farmer and that you pay the farmer at least 50c a bushel for his wheat. Please don't pay him less—you are getting a bargain at that and we will appreciate your helping the farmer and in turn helping the Leader make the most of this drive.

We are offering real farm relief. Wheat \$1.00 per bushel and Oats and Barley, each 50c a bushel in trade for subscriptions to the Donley County Leader.

The Donley County Leader

"A COMMON PAPER FOR COMMON PEOPLE"

STATISTICS
BY GUM

The federal court injunction in Texas was dissolved Sunday, the bridge built with taxpayers money over Red river will be opened. Murray took his 'boss' pistol and went home after the bridge was opened. His farewell speech was short, "the people can now use the free bridge, and if they want to pay 75 cents to cross a toll bridge, that is their privilege."

Bud Durham, aged 13, and residing near Morse, was badly injured Friday when he fell from a tractor. His left leg and hip were torn by the cleats on the wheel. He will recover.

Bill Elston, son of Judge Frank Elston of Carson county, was shot through the head at the Jack Hall ranch near Amarillo shortly after midnight Sunday morning.

Bishop H. A. Boaz of Dallas laid the cornerstone of the new educational building of the Methodist church at Wichita Falls Sunday.

Allen T. Burns, director of the National Association of Community Chests, estimates that there will be double the demand for charity this winter as that of last winter. A survey has been made of the nation completed last month. A nation-wide fund-raising will begin about October 20th in 376 of the larger cities where it is believed help will be needed most earlier in the winter.

Nebraska recorded 27 suicides last week. Of this number two were bankers and a publisher of a weekly and the state president of the press association of that state. The Associated Charities of Louisiana estimates that 84 per cent of her black population is now idle, and that over half of that number will become subjects of charity before January 1st.

C. A. Rush of Gladewater owes his life to a suspender buckle. When he was fired on in an argument with a dance hall manager, the bullet struck the buckle making only a slight flesh wound.

Jailer Olin Derrick of Okemah, Oklahoma was shot through both legs by his wife Monday while prisoners were attempting a break. When directed by her husband to fire at his attacker, she fired as her husband was pushed in front causing him to receive the bullet intended for his assailant. He will recover.

Tax valuations in Wichita county have been reduced sixteen per cent.

Loving county in the Pecos river valley, was the last county in Texas to organize. Mentone is the new county seat. The population during the oil boom was 195.

Frank Norfleet, after almost a year in tracking down a man who swindled a Ft. Worth woman out of several thousand dollars by a false marriage, saw him safely behind the bars at Atlanta, Georgia Monday.

ASHTOLA

Our protracted meeting in which every one is urged to attend, will begin Sunday.

There was a good attendance at Sunday school. Come out and help us.

Mr. and Mrs. Adkins Mace and little son of Lelia visited her parents, Mr. and Mrs. A. L. Wallace Saturday night.

Mrs. Nix and grandson of Eldorado, Okla. who have been visiting Mrs. Dollie White, are now visiting relatives at Farwell.

Mrs. O. C. Moody and children of Bridgeport is visiting her parents, Mr. and Mrs. Reid and family.

Miss Ima Jean Shelton of Amarillo is visiting in the A. L. Allen home.

Joe Lewis continues to improve after several weeks illness.

Mrs. H. W. Lovell is visiting her daughter in Kansas City.

L. B. Merrell and daughter Muffet are visiting his parents in Ft. Worth while Mrs. Merrell attends the Short Course.

BRICE

With a good start and a good ending, the Brice base ball team took an easy victory from the Lesley team Sunday afternoon. The game was tight, very interesting, and the Lesley team received a 7-2 beating.

Mr. A. C. Hartzog and family of Martin spent Friday night in the home of their daughter, Mrs. Joe Wood.

Miss Glynda Shepherd spent the past week with friends at Lodge. Buck and Loyd Clark left for Dallas Saturday where they are to work.

Mr. and Mrs. Author Benson of Clarendon visited in the D. T. Smallwood home Tuesday.

Mr. Lou Higgins and family of Amarillo visited in the home of his brother, Mr. Homer Higgins, over the week end.

Lola Bess Todd is spending this week at Memphis visiting her brother, Clifton Todd.

Mr. Bigby Phillips has his brother of Oklahoma visiting him this week. They enjoyed a fishing trip to Lelia Lake Saturday, and reported good luck.

Flossy Coantz is spending this week at Hedley visiting relatives.

Introduction And Selection West Texas Crop Sec.

College Station, Texas, July 28— "During the rapid settlement of the Plains region of Texas, which has taken place in the past few years, it has been found that corn is not well adapted to be the chief grain crop for most of that section, but that the grain sorghums, introduced mainly from Africa, are, said D. L. Jones, superintendent of Texas Agricultural Experiment Sub-Station No. 8 at Lubock, speaking on the development of pure line grain sorghums before the farmers and ranchers section at the Farmers Short Course at Texas A & M College Tuesday.

"As soon as those varieties and strains suitable to the area involved, in comparative experiments, their superior adaptability and usefulness for the region, steps were taken to purify them. When this was accomplished the Experiment Station felt the need of reliable persons to follow up the distribution of these pure seeds so that their purity might be maintained. The cooperation of the county farm agents was obtained and they usually have supervision over distribution of these seeds.

"After that some method was needed to insure purchasers in getting what they paid for and so legislation authorizing the State Plant Board to supervise the growing of pure grain sorghums and to certify their quality, was enacted.

Chevrolets to be Displayed At World's Fair

Detroit, Mich., July 30.—Signing of contracts authorizing the erection of a special building at a construction cost of close to \$1,000,000, to be devoted exclusively to the display of General Motors products at Chicago's International Exposition in 1933, is announced by W. S. Knudsen, president and general manager of the Chevrolet Motor Company.

Albert Kahn, architect, is now drawing up plans for the structure, which will have 100,000 square feet of display space and will be strategically located on the lake shore opposite 31st street, one of the main entrances to the Exposition grounds, in the transportation center.

A complete automobile assembly line in constant operation is one of the attractions planned for the new structure, which also will contain the complete lines of all General Motors products, Mr. Knudsen said. This corporation is the first industrial concern to contract for the erection of a special display building on the Exposition grounds, officials said. Mr. Knudsen heads a committee of General Motors executives who will have charge of the project.

PLEASANT VALLEY

Mr. and Mrs. Everett Stevenson and little daughter left Saturday to visit relatives in Tennessee.

Betty John Goldston celebrated her 6th birthday Monday afternoon with a party. Games, puzzles and stories furnished wholesome amusement after which the birthday cake was served with ice cream. They later enjoyed a swim.

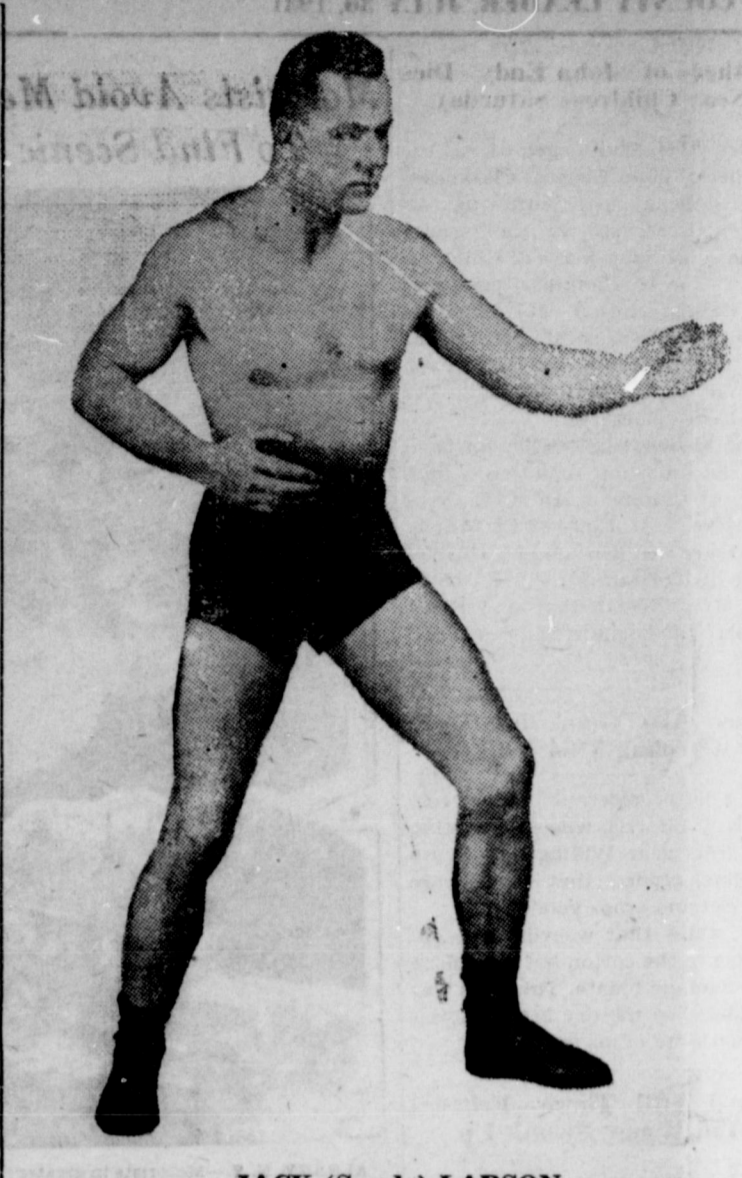

Those present were Pear Derrick Billy Joe Wilson, Gladys Hutton, Dorothy and Neva Riley, Lucile Goldston and the honoree, Betty John.

Mr. and Mrs. Jiggs Mosley of Hedley spent Sunday with her parents, Mr. and Mrs. Hugh Riley.

Mr. and Mrs. P. McMahan of Clarendon spent Sunday with Mr. and Mrs. Nelce Robinson.

Mrs. Sid Morris continues on the sick list.

Helen Goldston entertained with a 42 party at her home Saturday evening. Those present were Lodi Greene, Lorene Hayes, Wilma Hukel and the hostess, Helen Goldston and Carrol Parker, Bill Thomas, Jack Hayes, John Harlan, Alta Dorsett, J. T. Lamberson, Jr.

JACK (Swede) LARSON

Big Wrestling Match Ready For Friday Night

The big wrestling match for tomorrow night is all set. The building has been selected two doors south of the News office and fans have been installed. The people are assured of a cool and enjoyable evening.

Roy Welch arrived in town Sunday evening. He has been putting the finishing touches to his perfect condition this week. He said that he would make the Swede wish that he had stayed on the coast. From the looks of Welch, he should be able to do anything that he says that he will if the Swede does not prove to be the better man.

Word was received from Swede Larson this week to the fact that he is in perfect condition and that he has a few tricks of his own that may mean the defeat of the man that whipped him in Berger two years ago. He has been working out with Cal Farley and Dutch Mantell in Amarillo for the past two weeks. He is expected to enter the ring in the pink of condition. Cal says that the boy is looking mighty good to him. He will arrive in Clarendon a few days before the match.

For the preliminaries Kid Davis fro Estelline will wrestle John Mc Mahan, local football star. McMahan has been working out with Roy Welch the past week and will furnish the fans fifteen minutes of good amateur wrestling.

Charlie Ware of Goldston who wrestled in the bout here July 2nd will meet an opponent that will be selected early this week.

The colored boys who will fight in the battle royal have been practicing for the past week. They will give the fans a better show than in the previous bout.

Ringside seats are going fast. Reservations should be made with Promoter T. G. Stargel at the

Pastime Confectionery today for seats.

CHAMBERLAIN

Mrs. J. A. Hufstutler left Sunday evening to attend the short course at A&M College.

Mr. and Mrs. Richard Dingler are entertaining a new girl since Saturday.

W. A. Hughes marketed some fine roasting ears last week at Clarendon and Amarillo. This corn is an extra large variety of early corn. He planted two rows of corn and one row of peas, the corn will make at least forty bushels to the acre, besides a good crop of peas.

Mr. and Mrs. Roy Blackman and little son, and Mr. and Mrs. Clayton Peabody are visiting relatives at Beaumont.

There was a family reunion in the J. H. Duckett home Sunday July 19, his children were all present including Mr. and Mrs. John Short, Mr. and Mrs. J. A. Stanford,

BILLY WALKER

NEWMAN BARBER SHOP

of Cottle county, Mr. and Mrs. S. L. Tidwell of Clarendon, Mr. and Mrs. Leonard Darnell of Jericho, and the two sons that are at home, J. E. and J. B.

A sumptuous dinner was spread, and the entire day was enjoyed by all the children who on departure for their homes at a late hour left their blessings and wishes for many more such occasions for good.

Mr. Duckett has only lived in this community three years having lived twenty two years in Hall county. He decided he was entitled to live in a good county, and Chamberlain community was chosen for his new home where he purchased a half section of land, built a modern residence and is considered one of our very best citizens. He farms, raises good milk cows and devotes a lot of his time attending to his own business.

The V. V. Johnston family left Monday for a ten day visit with relatives and friends at Marlow and other points in Okla. and Young county, Texas.

Mrs. Major Hudson of Clarendon visited in the home of her brother-in-law, Nealy Hudson Friday.

Mrs. Clifford Johnson and daughter Velmer visited with her parents at Amarillo Thursday.

Mr. and Mrs. Jimmie Millsap returned home Sunday after visiting in Bonham, Cooper, Greenville and other points in east Texas.

Mr. and Mrs. Brazille had as their guests Sunday their son Dan and lady of Claude. Their daughter Mrs. Nelson and children of Dublin, J. T. Carelle and family of Hudgins, Miss Pauline Foster, Mrs. Webb and sons Carl and Earl, Mr. Davis and family of Lelia Lake, Mrs. Brazille's sister, Mrs. Lincoln and daughters, Mrs. Joiner and

PAIN

HEADACHES NEURITIS NEURALGIA, COLDS

Whenever you have some nagging ache or pain, take some tablets of Bayer Aspirin. Relief is immediate.

There's scarcely ever an ache or pain that Bayer Aspirin won't relieve—and never a time when you can't take it.

The tablets with the Bayer cross are always safe. They don't depress the heart, or otherwise harm you. Use them just as often as they can spare you any pain or discomfort. Just be sure to buy the genuine. Examine the package. Beware of imitations.

Aspirin is the trade-mark of Bayer manufacture of monoaceticacidester of salicylicacid.

Miss Virginia of Erath county, J. S. and W. J. Lincoln of Walnut Springs.

NAYLOR

Misses Minnie and Lou Naylor and T. L. Naylor, attended the funeral of Grandma Hodge at McLean Monday afternoon.

Mr. and Mrs. Richmond Bowlin spent Sunday in the H. L. Whitfield home at Hedley.

Mr. and Mrs. Frank Proctor returned to their home at Shamrock Sunday after a visit of several days in this community.

Miss Ava Hefner and Miss Gertrude Shepherd of Clarendon visited in Turkey Sunday.

Mrs. T. E. Naylor and children spent a few days at Clarendon this week in the home of her brother and wife, Mr. and Mrs. J. R. Bain. A sister of Kansas City, and a brother and niece of Cooper are visiting A. E. Tidrow and family this week.

Luther Skelton says he observed some of the finest crops he ever saw on his recent trip to the Level-land country on the south plains. He has property there.

Narration of Trip Includes Interesting Scenes & States

Made Circuit of Northwest Traveling 4,727 Miles Over Paved Highways

Mr. and Mrs. Frank Whitlock and sons Lawrence and Price, accompanied by Miss Weta Haley, returned home Monday from a vacation trip that included in their itinerary of travel some eight of the most scenic states of the west and northwest.

The principal object of the trip was to visit Mr. and Mrs. Geo. Garrison and babe at Yakima, Washington. Mrs. Garrison was formerly Miss Lucile Whitlock, the only living daughter in the Whitlock family.

Going to Yakima, the trip was made over the northern route and the return trip was made over the southern route through Calif., Arizona and New Mexico.

The party left on their tour from Clarendon at four a. m. Sunday. Two weeks ago eating breakfast at Perico. Raton was reached at the lunch hour and the first night spent at Colorado Springs.

Starting at 5:30, the second day was filled with thrills over highways that took them through the capitol of two states—Denver and Cheyenne and night found them at Rock Springs, Wyoming.

The third day saw them over the beautiful drives of Utah, the Devil's slide and a stop was made for lunch at the noon hour at Ogden where they saw the first large fruit orchard. The night was spent in Hot Springs, Idaho.

The fourth day was one of anxious anticipation as Yakima drew nearer. After a view of wonders in Idaho, a part of Oregon, a late drive was made and the tourists arrived at Yakima at 11:30 p. m.

After a visit with Mr. and Mrs. Garrison, the return trip was begun with a visit through a number of channels on Oregon highways through the Cascade mountains. Portland and Salem were visited as was the Vista House at Crown Point on Columbia river highway; Horse Trail falls, Mt. Hood and her perpetual snow cap and Multnomah Falls 620 feet high. A forest fire was seen in Oregon just before crossing the line, and it was there that they saw their only wild deer.

In California a sunset on the Pacific was viewed from Crescent City, later a trip through the Redwood Forest and across 168 miles of desert to Needles, an oasis just before crossing into Arizona.

The remainder of the trip through Arizona and New Mexico was made without incident, the party arriving here Monday night.

Amarillo to Ft. Worth Air Mail Starts August 1st

A letter mailed at Amarillo Saturday morning for air mail, will get to Ft. Worth before night. In other words, the plane leaving Amarillo at 10:18 a. m. will arrive at Ft. Worth at 1:46 p. m., three hours and twenty-eight minutes in transit.

An air plane each way every day will deliver the first air mail service. These planes will follow the Denver and pass over Clarendon.

W. C. Kenyon, postmaster at Amarillo, is autographing the first letters to be carried, something like ten thousand is the estimate for the first haul. The new air mail service will extend from Cheyenne, Wyoming to Ft. Worth with a number of branch lines.

Californians Visiting Here With Home Folks

Mr. and Mrs. Cliff Ingram and sons Billie and Bobbie arrived the last of the week for a visit with his parents, Rev. and Mrs. C. E. Ingram and other relatives in Clarendon.

Cliff has lived in California for about ten years, making his home at South Gate, a suburb of Los Angeles most of the time. He is a plasterer by trade, and while he says that work is somewhat slack, he finds plenty to do and is satisfied that he is doing as well as he could expect right now.

Carpenter Wants to Exchange Lots For Wheat

John Eudy, local carpenter and contractor, is making wheat men an offer that will enable them to market their wheat and at the same time acquire lots in a school town.

"By ganney I will sell them the lots at hard times prices and take pay in wheat," is the way he expressed it to the Leader man.

Lella Lake Lady Remembers Grasshopper Days

In addition to subscribing to the Leader while visiting in the office Saturday, Mrs. J. A. Thompson of Lella stated that she had canned enough peaches last season to last yet another season. She also has a number of other fruits and vegetables carried over from last season.

She expects to can quite a bit this summer using the tin can method. She will can a general variety of vegetables with which she always has good luck. Meats will be canned later in the season.

Mrs. Thompson is originally from Kansas, having received her education principally in Kansas City though her home was in western Kansas. In speaking of western Kansas, she related how, during grasshopper epidemics, the hoppers ate up crops even to dried hay, horse collars or anything they could get. She has made her home in the Panhandle for the past 35 years, most of that time being spent on their ranch near Dalhart.

County Demonstrator Will Take Vacation at Abilene

Miss Martha Buttrill, who is now attending the Short Course at College Station will take a month's vacation immediately following the work there.

She announced that most of her vacation period would be spent with home folks at Abilene through the month of August.

The Department allows each county agent a month's vacation each year. Miss Buttrill leaves her work here in good shape for the coming season, having given instructions where necessary, before leaving. Miss Buttrill is said to be the most popular county agent Donley county has ever had according to a number of her pupils who have voiced their sentiments.

Mr. and Mrs. Edwin Andrews of Dalhart spent the week end here in the home of her parents, Mr. and Mrs. J. W. Rowland. Mrs. Andrews is a member of the public school faculty of Dalhart and Mr. Andrews is a typesetting machine operator on the Dalhart Texan.

Cantaloupe Buyer Visits Here Looking Over Prospects

Hartwell Wagoner of Rocky Ford, Colorado was a visitor of much of the county Wednesday, or that portion where cantaloupes are grown. He represents a commission firm of Chicago that makes a specialty of selling cantaloupes from all sections of the United States.

Wagoner had just finished shipments from below Bowie and stopped here to see what the prospects were for a larger acreage next year that car lot shipments might be made to the larger cities.

Visitors Returning This Week Report California Hot

While we in Donley have been complaining of the heat, California is much hotter except when one is in bathing or on top of a high mountain according to Clarendon folks returning this week.

Mrs. S. A. Pierce has spent some two months with her daughter, Mrs. Lute C. Lamb and husband in southern California. She was accompanied by her daughter, Mrs. Earl Lynn and son Billie. They all report an interesting visit but glad to get back home where the climate is cooler.

Demonstration Club at Smith Has Live Membership

The Smith W. C. D. club met with Mrs. W. D. Mabry on Wednesday. The lesson was based on "first aid" instruction proving both interesting and instructive.

Those present at this club meeting were Mesdames Berl Smith, Frank Jackson, Sloan Baker, Henry Scott, Clyde Roden, E. E. Shipman, Burly Brown, W. D. Mabry and Misses Mary Lee Mabry, Mildred Brown, Inez Shipman, Florone and Gloria Scott, Dorothy Neil and Gene Baker and Lottie Mabry.

The club members entertained their husbands and children with a picnic supper just below the Berl Smith place. The 'cats' consisted of a variety of sandwiches, pickles, ice tea, Lemonade, ice cream and cookies.

Those enjoying the outing were Mr. and Mrs. Henry Scott and family, Mr. and Mrs. Clyde Roden, Mr. and Mrs. E. E. Shipman and family, Mr. and Mrs. Berl Smith, Mr. and Mrs. Sloan Baker and family, Mr. and Mrs. W. D. Mabry and family, Mr. and Mrs. Frank Jackson. The husbands voted to have a picnic once a month, so the ladies concluded that their husbands appreciated their efforts.

Lions Club Program As Given At Tuesday's Luncheon

Roll call. Minutes last meeting. O. roll call Lion Porter was required to answer for each member with his given name subject to a fine of 10c for each name missed. None missed.

The committees of the organization for the year were named by the boss Lion. Copy included. Sam Braswell, Jr., member of the program committee for the year outlined the plan of programs to be followed for the year, stating the two members would be asked to put on the program each Tuesday in turn, throughout the year.

Lion Teer announced the Key member plan as announced by International and stated that to be a key member one had only to enroll two new members in Lionism, and urged members here to take advantage of this plan.

Milt Mosley reported on the case of blindness coming to the attention of the club and stated the child was ready to be taken to Amarillo to the clinic as soon as date could be arranged, which would probably be this week.

Carroll Knorpp was introduced as a guest of C. J. Douglas and stated his pleasure at attending the club. After some very enlightening remarks as the duties and status of the Lions' Talltweeter, A. A. Mayes by W. M. Murrell the club adjourned.

Increased Limits on Parcel Post Mail August 1st

Announcement is made by the postal department that increased limits of both weight and size on fourth-class or parcel post packages after the first of the month. The minimum weight is eight ounces and the maximum 70 pounds. The combined length and girth shall not exceed 100 inches.

Parcel post weight for any package in 4th, 5th and up to and including the 8th zones, is increased from 50 to 70 pounds, thus making the weight limit uniform in all zones. The length and girth of packages in all zones is increased from 84 to 100 inches.

These modifications are made for the purpose of increasing the usefulness of the parcel post service as a safe, convenient means of transporting packages safely and quickly.

Whole Wheat Flour Becoming Favorite Bread Source

Believing that one should buy wheat, have it ground and eat whole wheat flour now as an emergency move to help the growers of wheat, is the opinion of many.

It is estimated by local mill men that over half our citizens are now using the whole wheat flour in some form, many of them three times daily. Others make breakfast foods and still others are canning the whole wheat grains.

Claude Lamb of Shamrock is visiting with Esca Trostle this week.

Mrs. E. Clifton of Alanreed was a guest of Mrs. Karl Adams here Sunday.

Don't overlook the wheat offer in this issue.

* * * * * * MARTIN * * * * * *

A revival is in progress here with Rev. Williams in charge. The Sunday school was largely attended and interest is on the increase.

The Martin H. D. club met with Mrs. H. B. Catlett Thursday, 8 members and 6 visitors being present. Members present were Mesdames Dave Patterson, J. A. Sowell, Walter Morrow, A. T. Tolbert, J. H. Easterling, Claude Easterling, Virgil Jordan, and the hostess, Mrs. H. B. Catlett.

Mr. and Mrs. Aubrey Talley of Silverton are visiting home folks this week.

Visitors were Mesdames Sutton, Misses Lena Sutton, Tina and Ina Faye Pittman, John Endsley, Mrs. Horace Wood.

This community was glad to hear that Chester Hodges had been moved from the Hereford hospital to the Hamm home in Clarendon.

Mrs. J. B. Turnbow and father, Mr. Cox and Royce returned home Friday after a visit with relatives in Jack county.

Mr. and Mrs. Horace Wood and children are visiting the lady's parents, Mr. and Mrs. Dave Patterson. Mrs. J. E. Baker and Mrs. J. A. Pool are attending the Short Course at College Station.

Mother of John Eudy Dies Near Childress Saturday

Mrs. J. H. Eudy, aged 64 and the mother of John Eudy of Clarendon, died Saturday after suffering an apoplectic stroke at the family home eight miles north of Childress.

Rev. Joe H. Hankins, pastor of the Baptist church at Childress conducted the funeral service at the family home Sunday afternoon at four o'clock with burial in the Childress cemetery.

She is survived by her husband and the following children: John Eudy of Clarendon, B. H. Eudy of Memphis, J. D. Eudy of Ft. Worth, Joe Eudy of Brownfield, Charles Eudy of McLean, Mrs. J. W. Howard, Mrs. Weatherby and Riley, Robert and Leonard Eudy of Childress.

Crops Are Good in South Carolina This Year

In a letter received this week, Mr. R. F. Morris, who is operating his farms near Willington, South Carolina, reports that rains are plentiful and crops good.

He states that weevils are appearing in the cotton but have done little damage to date. This area was considered in the dry belt last season, with the crops cut short.

Land Still There—Fritters And Honey Swunk Up

I. B. Pierce took a notion several days ago to see what the rest of the country was doing, and while his family was visiting at Chickasha, I. B. took a trip down through old Alabama as far as Florida.

He reports that conditions were getting worse the farther he got from Texas. His opinion is that the larger portion of the male population—both white and black—are hobbing on the railroads, not going any place in particular, but coming away from somewhere.

Rev. R. S. McKee and son Robert are visiting friends in Carlsbad, going down Thursday. They expect to be out of town a week.

Mrs. W. A. Davis and son Bill returned from Summerville Sunday where they had been visiting a daughter and sister, Mrs. W. M. Curry.

Motorists Avoid Metropolitan Areas To Find Scenic Wonders of Country

ALBANY, N. Y.—Motorists in greater numbers than ever before are yielding to the call of roads more open than the crowded network of metropolitan areas. This is the inference to be drawn from a checkup of license plates showing that 28 per cent more automobiles from other states have entered New York this year than during the same period of 1929.

The 1929 total of 4,241,777 motorist visitors to upstate New York will mount to more than 5,000,000 during 1930, Warner Bates, secretary, estimated at headquarters of the New York State Automobile association here. Registrations at the lodge at Howe Caverns at Cobleskill, 40 miles west of here, have doubled in the year since the series chambers, discovered by Lester Howe in 1842, have been made accessible to tourists by installation of electric lights and elevators.

Largest subterranean passage in the northeastern United States, the caverns have been termed by state geologists a twin-wonder to Niagara. The caverns country is the region of upstate New York roughly bounded by the Finger Lakes, the Catskills, and the Saratoga Springs region.

The three historic highways which send the great volume of cross-state motor traffic within the provincial stone's throw of the caverns entrance are the Cherry Valley and Mohawk Valley Turnpikes (N. Y. Routes 20 and 5) which continue eastward from the vicinity of Niagara Falls and Schoharanna Trail (N. Y. 7) which runs northeast from Binghamton to Albany. Motorists following approved A. A. routes to destinations anywhere between Atlantic City and Quebec must almost inevitably traverse the caverns country, a strategic hub from which highways radiate to the favorite playgrounds of the east and the cities of the middle west.

Mr. and Mrs. Clyde Gilbert and children, Clynelle and Howard, visited over the week end with his brother, Mr. and Mrs. Chas. Gilbert at Channing.

Carl Andis visited relatives here Sunday and was accompanied back to their home in Amarillo by Mrs. Andis who had spent the week here with Mrs. Don Martin.

Hedley Baptist Church Has New Pastor From Okla.

The First Baptist church of Hedley has a new pastor in the person of Rev. Daniel E. Hogan of Okmulgee, Oklahoma.

Rev. Hogan had preached there a number of times and has the advantage of not having to get acquainted all-round. He is said to be a forceful minister and a good worker in any community.

Rev. C. B. Ingram held a meeting at Goodnight last week in which he reports twelve conversions over the week. He reports 21 for the month of July and 257 since conference.
