GOVERNMENT FARM RELIEF (?)

During the past two years this nation has spent \$5000,000,000 for farm relief and not a debt has been paid, not a mortgage lifted or relief of any kind provided.

STATEMENTS SHOW BANK CONDITIONS ON SOUND BASIS

Loans Are Considerably Less Than at Time of Call On June Thirtieth

Statements of the three local banking institutions showing their conditions on call of September 29th, show them to be in excellent condition despite the fact that banks over the nation during the past eighteen months have had a hectic career.

The combined loans of the three banks on the above date amounted to \$769,204.94 on the call for March 30th, and \$750,867.14 on call of June 30th, and \$742,214.22 on the last call as of September 29th.

Thus it will be seen that loans have been steadily reduced during the summer contrary to the expectations of the general public, and a condition quite adverse to banking conditions in other sections of the state.

Cash on hand shows some loss, the combined total of the three banks on call of June 30th being \$257,534.08, and on call of September 29th a total of \$181,559.78. The deposits however, show a corresponding loss in that the total on June 30th amounted to \$843,148.97 and that of September 29th \$741,309.29 for the three banks.

The cash items above amounting to \$181,559.78 on September 29th shows a decided gain over March 30th statement when the three banks had a total cash balance of \$150,209.10.

The statement of the local banks at this time reflects the condition of the thrifty class of citizens of Donley county and their excellent judgment under trying conditions. It also denotes the fact that our section is weathering the storm in a manner far above the average.

MARVIN JONES SPEAKS TO HEDLEY LEGION MONDAY

Large Crowd Present to Hear Address of Congressman On World Affairs

At the invitation of the American Legion, Hon. Marvin Jones made an address before a large audience Monday evening in the High School Auditorium at Hedley. "The American Legion", he stated, "is considered by the government to be one of the most important organizations in the United States. It is recognized as such because it is both reasonable and conservative."

The American Legion Post at Hedley includes in its membership every eligible man in that district. Continuing, Mr. Jones said: "We have grown from the smallest to the greatest nation on earth. It is important to think on fundamental things. The many mechanical devices which we have today are only outward evidences of progress. Real progress is determined by mental and spiritual growth."

"The moral and stamina of American people hold it up. The real greatness of a nation is seen in the homes of the people and their manner in dealing with each other."

"A nation that denies the existence of a God, and the use of a free press, cannot succeed. When we cease to exchange ideas free government will fail. The most progress the world has ever known, was made in adverse times. There can be no great excellence without great labor. Government holds the scale of justice evenly balanced. The use of the ballot is our greatest gift, but this use must be exercised intelligently."

"The greatest move to insure peace, is to take the profit out of war. Have democracy in fact as well as theory. We have mastered the machinery of production, we must now master distribution."

Due to his ability, and his ready willingness to comply with requests, Mr. Jones' services are in demand as a speaker before school bodies, lodges and other organizations.

SPECIAL NUMBERS FEATURE ROTARY'S PROGRAM FRIDAY

Club Service Committee Has Excellent Program With Ladies of Talent

True to promise, the Club Service Committee surprised the Rotarians Friday with a most excellent program at the luncheon hour. The numbers were kept a secret until the hour arrived, lending anxious anticipation to an expected treat.

Miss Theresa Webb of Hedley appeared in the role of a dramatic artist for her first time. Her first number, "Fight the Good Fight", was entertaining from every standpoint and illustrated life at its worst and best with a final triumph that brought cheers and handclaps.

Her encore number, "Shakespeare's Seven Ages", was humorous and quite unlike her first. Miss Webb delighted with her talent, and her future visits will be looked forward to with pleasure.

Miss Rhoda Wiedman, talented pianist of the Club, contributed some favorite numbers that continue her in the role of one of Clarendon's most talented and graceful musicians.

Dr. Oscar L. Jenkins enthusiastically announced the football game next day between the bronchos and Quitaque's famous grid stars.

Reports were had that the needs of the Junior MacDowell members of the high school had been taken care of by club action at the previous meeting in which they were supplied with necessary sheet music.

C. C. Powell as chairman of the Community Service Committee will take every precaution to attempt to surpass all records with a program for the meeting Friday of this week.

Sinclair Station Changes Hands This Week

Cecil Smith has disposed of his interests in the Sinclair station one block east of the Donley Bank and has accepted employment at the City Garage Station.

The Sinclair station is now owned by Claude Pyle and his sister, Miss Opal. He has plenty of help employed and asks for a share of the patronage assuring the public of prompt, courteous attention.

Hedley Legionists Elect New Set of Officers Friday

At a meeting of the Hedley Legion Post Friday night the following officers were elected: Jodie M. Bell, Commander; E. T. Maynard, 1st vice and J. M. Lynn 2nd vice Commander; Orville Doherty, Adjutant; C. L. Johnson, Finance Officer; P. L. Dishman, Service Officer; Chas. M. Lowery, Chaplain; O. L. Ellis, Eeergeant-at-arms.

The meeting was held at the City Hall and refreshments were served at the close of the meeting. The Post has a membership of 68 at present, which means 100% of the eligibles of the Hedley district.

Federated Club Meeting Will Be Held Saturday

The Leader is requested to announce that there will be a meeting of the Donley County Federation of Women's Clubs at the Club Room Saturday afternoon of this week at 2 p. m.

All those interested in any kind of club work are especially urged to attend this meeting as matters of importance are to be discussed that will have a bearing on the success of the movement.

Club Room Ladies Sponsor Series 42 Games

A series of 42 games are to be played for a Club Room benefit, the first to be staged at the Club Room, at 7:30 Friday evening.

The price of admission will be twenty-five cents. By this means the ladies expect to collect sufficient funds to meet immediate needs of Club Room expense and at the same time furnish wholesome amusement to those who would spend a delightful evening with their neighbors.

CLARENDON H. D. CLUB ELECTS NEW OFFICERS FRIDAY

Pantries Are Inspected And Score Cards Prepared For 14-Entry Contest

Members of the Clarendon Home Demonstration club met at the home of Mrs. T. R. Broun Friday afternoon at 2 p. m. to begin their tour of inspection of pantries entered in the 4-H Pantry Contest in which 14 ladies of the county are contestants this year.

After inspecting the beautiful exhibit of Mrs. T. R. Broun, the members then visited the home of Mrs. J. C. Estlack where they again viewed a wonderful variety of canned products.

Miss Martha Buttrill, county H. D. Agent, explained the arrangement of foods and explained the diagram card on which a balanced ration schedule was outlined.

The ladies then visited the Club Room where Miss Katie Meaders was hostess to the members.

A business session was held and officers for the ensuing term elected. Mrs. O. L. Fink becomes president for the next term. Mrs. C. D. McDowell, delegate to the Short Course this summer, becomes vice-president. Mrs. C. L. Benson assumes the duties of secretary and treasurer by the unanimous choice of the membership. Mrs. J. C. Estlack is elected to a new post, that of delegate at large.

An appetizing salad course was served to Mesdames G. A. Anderson, John Clark, C. D. McDowell, Major Hudson, C. L. Benson, L. A. Reavis, J. A. Toomb, M. T. Crabtree, H. J. Eddington, J. C. Estlack, T. R. Broun, O. L. Fink, J. A. Meaders, Miss Martha Buttrill and the hostess, Miss Katie Meaders.

Man Killed at Carlsbad Has Relative Here

Walter Rothwell, who was killed at Carlsbad Wednesday, was a cousin of M. V. Harvey of Clarendon. Rothwell formerly lived at Tell near Childress and had been making his home at Carlsbad for the past six months. He leaves a widow and a daughter of five years.

Musical Program Presented To Crowded House

Members of the 1926 Book Club were elated Tuesday afternoon at the ready response accorded them by the large number present to enjoy the excellent musical program sponsored by the Club at the College Auditorium.

The program as published in the Leader of last issue was carried out. The ladies of this Club are due no little credit for the arrangement of a program of such excellence, and the success attained in this effort will no doubt contribute to similar occasions of equal appreciation in the near future.

Book Club Is Sponsoring School Prizes

Members of the 1926 Book Club are sponsoring a contest in which pupils of the Junior High School are eligible, two prizes of \$2.50 each are to be awarded.

Pupils entering the contest are to write summaries on certain books as recommended by the Club. One prize will be awarded to the best article written by a girl, and the same amount will be awarded to the best article written by a boy.

Largest Canner is Operated On Lelia Truck Farm

The largest canning equipment in the county is owned by Reynolds & Cruse of Lelia, and has a capacity of 250 cans.

Besides a large amount of tomatoes, peas, beans, and okra, 1200 cans of corn was canned in a run that did not include relishes, catsup, etc. The firm operates the largest individual truck farm in the county and are having a big run on peppers, tomatoes and other fall vegetables at this time.

ART CLUB FLOWER EXHIBIT ATTRACTS LARGE NUMBERS

Unfavorable Season Does Not Hamper Wonderful Display of Nature's Beauties

Another annual flower exhibit of the Les Beaux Art club is a matter of history. With its passing there remains the memory of a wonderful display of flowers and plants that were a surprise to the most optimistic.

In the display at the Club Room Saturday, new varieties were shown for the first time. The many beautiful specimens produced under the most trying weather difficulties this season will lend encouragement to others to beautify homes and surroundings.

Mrs. Chas. H. Bugbee's large bowl of a wide range of color and variety—twenty-two to be exact—was said to be the best illustration of the possibilities of local flower production.

The oddest specimen perhaps, was that of Mrs. W. M. Massie. A tropical plant in dark green leaf something akin to the maguery plant so common to the semi-tropics of Old Mexico.

Mrs. Fink displayed the "devil's Jew" which partook somewhat of the nature of a "Wandering Jew", except on a much more extensive scale of foliage.

Lilies are all beautiful, but Mrs. H. C. Brumley's lily exhibit was a bit different. It was new to every one. Long tender blossoms of white, pink, purple and other hues delicately blended as if painted by the deft touch of an angelic master.

Old-fashioned flowers. Old yet ever new. Mrs. Cal Merchant's bowl of "straw" flowers in variety attracted many because of their simple beauty and ability to remain intact for months after cutting.

Exhibitors winning prizes were as follows: Dahlias—Mrs. Stricklin, 1st; Mrs. Cal Merchant, 2nd; Mrs. Charlotte McCanne, 3rd. Roses—Mrs. C. G. Stricklin, 1st; Mrs. J. L. McMurtry, 2nd; Mrs. J. D. Jeffries, 3rd. Cosmos—Mrs. L. S. Bagby, 1st; Mrs. Holman Kennedy, 2nd; Mrs. Tom Connally, 3rd. Zenias—Mrs. T. H. Ellis, 1st; Mrs. R. A. Chamberlain, 2nd. Blooming Plant—Mrs. R. H. Holder, 1st; Mrs. C. R. Skinner, 2nd. Non-Blooming Plant—Mrs. Julia Beverly, 1st; Mrs. C. R. Skinner, 2nd; Mrs. T. H. Peebles, 3rd. Mixed Bouquet—Mrs. J. D. Jeffries, 1st; Mrs. Holman Kennedy, 2nd; Mrs. L. S. Bagby, 3rd. Marigolds—Mrs. G. H. McCleskey, 1st; Mrs. Tom Connally, 2nd. Honorable Mention: Mrs. Tom Goldston, first, basket of Snow Berries.

Mrs. H. C. Brumley, second, milk and wine lily, with Silver King. Mrs. Tom Connally, third, basket of smart weed with Silver King. A vase of Cock's Comb entered by Mrs. D. O. Stallings elicited special attention. Her Rat Tail cactus attracted an unusual amount of attention.

Sponsors of the flower show feel greatly encouraged because of the showing made and the interest taken. The exhibit in general exceeded all expectations due to the climatic conditions prevailing over the growing season.

Greene Dry Goods Company Offers Many Bargains

In view of the fact that so many took advantage of the specials advertised by the Green Dry Goods Company in the Leader last week, Mr. Green is listing a larger number of specials for Friday and Saturday of this week.

These are genuine bargains because of the quality and price. There is no better time than now to stock up. In order to get first choice, visit the store early. There will be plenty of bargains over the two days and the management of the Leader has the interests of our readers at heart to the extent of calling your special attention to these excellent bargains. Read the list in this issue. You can always depend on a square deal at Greene's.

W. H. PATRICK SPEAKS TO LIONS ON ECONOMICS

Discusses Government Affairs As Affected by Gold Standard Valuations

Following the luncheon period of the Lions luncheon hour Tuesday, the entire program period was allotted W. H. Patrick, president of the First National Bank here and a member of the Federal Reserve Banking Board of Dallas, that he might more fully explain financial affairs as affecting governments at this time.

He explained the gold standard system and the principal causes and results of the abandonment of the gold standard by England recently. His clear cut remarks were a source of much information to those who had not given the subject a great deal of study, and the information he brought to the Club was highly appreciated.

Visitors were Mrs. Richmond Bowlin, Sheriff Guy Pierce and Doss Palmer, each of whom expressed their appreciation in being privileged to meet with the membership, and to hear the remarks made by the principal speaker on this occasion.

Rev. C. B. Ingram's Friends Hold Special Service

Very few men are paid the compliment that was paid to Rev. C. B. Ingram of Clarendon at the Methodist church Sunday afternoon, the occasion being his 79th birthday.

A large number of friends of the venerable minister gathered to pay him with "flowers for the living" and many were by touching words spoken in commendation of the noble sacrifices made by this man of God who has braved the pioneer inconveniences and gone into the byways to carry the message where there was no one else to perform that particular service.

Those who spoke paying their respects and compliments were J. H. Hurn, Mrs. W. T. Hayter, W. T. Hayter, L. F. Bones, E. B. Bowen, J. D. Polk, A. L. Millsap, P. A. Buntin, H. Mulkey and T. E. Trosble.

Mrs. M. C. Rampy and little daughter, Billie Laverne, left here by rail Tuesday night going to Dallas where Billie Laverne will take treatment at the Shriner hospital.

Accused Slayer of Stanley Gets Fifteen Years

In a trial held in the district court at Amarillo, a jury assessed a penalty of fifteen years against John Williams on a charge of having murdered B. O. Stanley.

Stanley was employed on the Heathington farm of the Chamberlain community the greater part of the year. It was while on a visit to the Williams home in Amarillo, where his estranged wife was housekeeper, that Stanley was slain.

Truman Caldwell is Patient At Adair Hospital

Returning to his home at Hedley Friday, Truman Caldwell was brought to Adair hospital Saturday where he underwent an operation for an appendicitis attack. He is improving nicely.

This young man has been a student at Wayland College this term, and it was there that he was taken ill late in the week necessitating his return home for surgical attention.

Joe McDowell Injured When Horse Falls Upon Him

Brought to Adair Hospital early this (Thursday) morning, a physician found no serious injuries resulting to Joe McDowell aged 19, following a mishap when a horse fell upon him.

He is expected to be able to return to his work on the J A Ranch within a few days where he has been employed for more than a year.

Missing California Couple Has Relatives Here

The news item carried by the Wichita Times Wednesday of this week referring to the disappearance since July 14th, of Mr. and Mrs. Le Roy Herndon of Los Angeles was of special interest to Dewey Herndon and Mrs. A. B. Cobb, brother and sister of the missing man.

The item stated that Le Roy had married a widow with \$40,000 and that the couple could not be located since leaving a town in Canada. The mother of the bride is of the opinion the couple is in Honolulu.

BURGLARY JOBS TRAILING ROUTE OF DENVER ROAD

Safe Crackers in The Several Towns Employ Same Methods To Secure Loot

Methods employed in breaking in to the depot safe at Lelia Monday night were similar to those at several other towns along the Denver Sunday night in the Wichita area. Officers are of the opinion that the same party or parties did the several jobs of knob-knocking.

The depot safe at Lelia gave up about three dollars. This job differed from the others in that food was taken from boxes and packages in addition to the sum gotten from the safe.

The safe of the Foxworth-Galbraith lumber company at Goodnight was broken into Monday night and about fifteen dollars taken. The same method was employed there as on the other jobs. The safe showed to have been at the mercy of an expert. It is said that explosives were used rather than an acetylene torch which would indicate that an experienced yegman was on the job.

Petit Jury Selection For First Week Of Court

Petit jury for the first week of District Court for the week beginning October 26th.

Dave Johnson, H. H. Hall, G. L. Boykin, N. E. Harvey, Clifford Davis, J. D. Mastin, F. E. Caraway, F. R. Crisp, Roy Clayton, J. B. Masterson, G. G. Kemp, O. R. Castleberry, W. W. Gorman, W. M. Rampy, Harvey Shaw, A. A. Cooper, W. W. Jones, W. C. Bridges, T. M. Roach, J. O. Howard, W. C. Alexander, I. O. Noble, Buel Sanford.

Dick Thomas is said to have broken the record in pulling cotton this season when he dragged in 1020 pounds Monday on the farm near town.

Mrs. J. D. Stocking and Miss Mary Howren spent the week end in Canadian as the guests of Mrs. J. M. Shaw.

Brother of Local Citizen Dies at Wichita Falls

John Grounds, last commander of Stonewall Jackson Camp of United Confederate Veterans at Wichita Falls, and a brother of W. H. Grounds of this city, was buried there Saturday.

The deceased had resided in Archer county since 1883, and was 87 years old at the time of his death. He was one of the original purchasers of the Holiday creek U. C. V. campground. Only three members of the original Camp are now living.

Oldest Single Man Lives In Donley County

Donley county boasts of the oldest single man in west Texas. His name is John Gilbreath, aged 93 and who makes his home with his nephew, M. M. McCracken of the Hudgins community. He has never been married.

Mr. Gilbreath formerly resided near Newport, in Jack county where for a long number of years he was engaged in raising blooded horses. He was one of the first settlers and in that section and has been making his home in Donley only for the past few years.

BRONCHOS TO PLAY AMARILLO YANNIGANS SATURDAY

Home Team Enters Battle Badly Handicapped With Shortage of Men

Three main Broncho players will be out of this game due to injuries. Captain Raymond Nichols, Andis and T. Watson will be on the side line. E. Watson will fill Nichols' place, Mann in Andis' place and J. T. Easterling in Watson's place.

The Yannigans have lost two games so far this season, one to Dalhart and the other to Memphis by six points.

Saturday afternoon at the College Park the Bronchos will play the Amarillo Yannigans. The game is being played on Saturday as a favor to the Yannigans. Let's all be out oacking the local team. They look more like the sectional champions in each game.

Chamberlain Lady Committed To State Hospital

In a trial here Friday before Judge J. J. Alexander, Mrs. Mae Mangham, who resided with her family southeast of Chamberlain, was adjudged of incompetent mind and committed to the care of the State Hospital at Wichita Falls.

Mr. Mangham and Sheriff Guy Pierce accompanied her to Wichita Falls Monday.

LITTLE THEATRE TO PRESENT 1ST PLAY TUESDAY

Play Will be Given Under Direction of Miss Anna Moores of This City

The first play of the season to be given by the Little Theatre movement, "A Full House", promises to be a scream from start to finish, say those who have been privileged to hear some of the rehearsals. In fact it is said to beat any ever before attempted. Miss Anna Moores, dramatic artist and director of wide reputation, is directing the play.

Miss Dorothy White appearing in the role of "Susie from Sioux City, is the leading lady and permits the talented young lady to appear at her best in a presentation of talent for which she is especially fitted.

Kelly Chamberlain as "George Howell", a bridegroom, is the leading man in a play that permits him to display a humorous talent far above the average. His appearance in former plays have elicited favorable comment from a large number who appreciate home talent at its very best.

Miss Eunice Johnson, talented dramatic artist, assumes the role of "Ottiley Howell" taking a prominent part in a play that will mean much toward attracting admirers of home talent plays. Miss Johnson never disappoints.

The cast: Parks—An English servant—Carl Parsons. Susie—From Sioux City, a maid—Dorothy White. Ottiley Howell—Eunice Johnson. Miss Winnicker, the aunt—Heleen Martin. Daphne Charters, Ottiley's sister—Mary Jo Chamberlain. Nicholas King, a stranger—Frank Stocking. Ned Pembroke Jr., an only son—Ira Merchant. Geo. Howell, a bridegroom—Kelly Chamberlain. Daughtery, a police sergeant—R. E. Drennon. Jim Mooney, a policeman—Dude Gentry. Kearney, another—Elbert Bowen. Mrs. Fleming, who owns the apartment—Mrs. Joe Goldston. Vera Vernon, a show girl—Elizabeth Merchant. Mrs. Pembroke, from Boston—Anna Weideman.

This play will be presented in the College Auditorium beginning at 7:45, on Tuesday evening of October 13th. Prices of admission are given as twenty and thirty-five cents.

How About It?

Where will all the people park their cars when they go to the poorhouse this winter?

Nauseated Patient.

This nation appears to be suffering from an overdose of compound legislation and taxation.

Fallen Idols.

After all is said and done, the farmer who is needing relief most, is the farmer who moved to town during the era of high prices.

Legal Training.

Our idea of a good lawyer is one who can convince a jury that one can pour seven shots out of an automatic by accident—and aim 'em straight.

Bum Foundations.

If we are to have a continued session of our state law-making bodies, would it be asking too much to request a law limiting corns and ingrowing toe nails?

Republican Progress.

Whatever might be said against the Republican party, they are going to force our public schools to branch out by adding a "department of swap and barter."

Slightly Different.

Suits have been pressed in a tailor shop, and some in a courthouse. The latter place occasions more interest and is somewhat higher in price.

Noted Characters.

About the most noted character extant today is Bill Pastdue. Most every one has received a letter signed by this notorious character and just about as many crave no intimate acquaintance.

Advantage.

Now comes the U. S. Health Commissioner claiming that the depression is a friend in disguise. He states that people are eating plainer food and less of foods of any kind and are consequently enjoying better health. Well, there is a bright spot to everything.

Amos 'n Andy.

Recently, daily papers published a humorous item to the effect that several thousand of the colored population had signed a petition protesting against the tactics of Amos 'n Andy as reflecting upon the "dignity" of their race.

This petition was presented the Peppodent tooth paste outfit, the firm that paid the entertainers. Little more was thought of the matter at the time, but Amos 'n Andy are off the air for the Peppodent folks just the same.

Courtesy Pays.

Spending well of another is not only a good policy, it is a wonderful tonic. It creates an atmosphere of cordiality, removes distrust and soothes hatreds. It is a social salve that heals many a wound received in the battle of life.

There is no lack of sincerity in the attitude. It becomes a joy to those who possess it even in the most ordinary of things. It is the force that counts in the world, the force that counts in the home, the force that counts in the heart, just as the force of hands by practicing the art of courtesy that counts in the recognition of another.

High taxes, it has been said, are the enemy of the poor. It is the enemy of the poor, and the enemy of the poor, and the enemy of the poor.

tional League ball game at Shibe Park near Philadelphia, and smilingly denied any knowledge of the matter. His denial is sufficient to exempt him from any suspicion of collusion in the matter.

Had the Secretary been so fortunate as to have found the booze cache himself when he went out to the barn to milk the cows Monday morning, he would have naturally supposed that something had escaped from a zoo. He's that unsophisticated in the art of properly judging of materials that are said to furnish the backbone of a feast of goodfellows.

It's a downright dirty trick. These men slipping the 600 cases into his barn without getting the permission of the honorable Secretary of the Navy, or even that of his caretaker. It just goes to show to what ends some men will go to find a place to establish their wares even temporarily.

Ever since the 18th Amendment was said to have taken effect, ordinary individuals have chafed under the collar because, as they claim, it was merely a ruse to conserve for the boys higher up, while they were denied access to any fluid that was calculated to cause them to celebrate and forget their sorrows for a temporary period.

While the common herd has been spending their tax money ramming each other into the penal institutions of the land in an effort to enforce a law, some have alleged that the boys higher up have been winking at the same law and getting a supply commensurate with their needs. This is one of the many and perhaps the principal reason, that prohibition has been pretty much of a failure.

Lengthening School Years

(From the Rotarian Magazine) "A college graduate in my day," a middle aged business man recently observed, "had a decided advantage over most of his fellows. But today college men are no rarity, and if a man is to keep up with the procession he should have a master's or even a doctor's degree in his field."

Which is, more or less, true. Business following the professions, has awakened to a new self-consciousness and self-respect, as witness codes of ethics, the growth of service clubs and commercial associations, and the popularity of such words as realtor, beautician, mortician, and so forth.

All of which makes a changed world for the young man. If the professions and business demand higher standards, he must stay in school longer to qualify, while the positions he might have filled will be occupied by older men whose work-span has been lengthened by preventive medicine.

During the current business recession, it is especially important that as many young men and women be kept in school as possible, so as not to swell the ranks of the unemployment either by their presence or through the displacement of others now at work.

President Hoover's Emergency Committee on Unemployment has urged that individuals and organi-

zations encourage college and high school graduates who can afford another year in school, to take it. Not only would these young men and women thereby be employing their time interestingly when otherwise they would probably be idle for lack of a job, but they would also be fitting themselves to qualify for the rising vocational requirements when positions do become available.

Team Work Counts

In times like this when manhood is on trial, team work means more to us than at any other time. Our plans for the year's crops; the weekly pay check from dairy cows and poultry; the canning program, have met with a hearty cooperation.

From these sources it is possible to pay obligations. To preserve the credit standing of the individual that is so necessary by meeting obligations promptly according to promise.

DONLEY COUNTY STATE BANK "Home of the Thrifty" HAVE MONEY

DIVIDEND CHECK TO WEST TEXAS, Oct. 8, 1931 Pay to the order of YOU \$ 60% REDUCTION a 60% Reduction in Electric Service Costs West Texas Utilities Company

These Annual Dividend Checks have reduced Your Electric Bill 60% since 1923!

AS an electric customer of the West Texas Utilities Company, you have received each year a substantial dividend—paid to you merely because you are a user of electric service! These annual dividends, in the form of reduced rates for electric service, have been made possible through efficient utility management, finance and operation. Since 1923, the year in which the West Texas Utilities Company was organized, these rate reductions have saved customers of this company a stupendous sum.

The West Texas Utilities Company has been in existence as a corporation for nine years—and during this time the average electric rate of the territory served has been reduced over 60%. You have reaped the benefit of this substantial reduction—by way of a lowered bill or through a greatly increased use and enjoyment of the comforts and conveniences of electric service.

In past years, many of you paid as high as 20 cents per kilowatt-hour for electric service in your home. Reductions made in the domestic or residential rate alone have amounted to 53%, and you are now receiving a more dependable and higher type of service at an average rate of less than 6.5 cents per kilowatt-hour. When you realize that this reduction has been accomplished in the short span of nine years, and that it has been made in a territory of small and widely scattered towns and communities, you will appreciate the magnitude of the task accomplished for you by the West Texas Utilities Company.

Electricity is your cheapest servant. It will work for you hour after hour—day after day—for an entire salary figured in pennies! Under the present modern rate schedule of this company, your additional use of service is billed at a surprisingly low rate, and adds but little to your regular bill.

Do You Know?

... that electric service is the only item in the household budget that has decreased continuously since 1913?

... that the cost of electric service represents less than 2c out of every dollar of the average family's household expenses?

ever took that disgusted him was the smallpox back in '95. It knocked him out of three first-class con hunts with the bawlin' hounds. You know me, Ed!

The Apostle is getting out a new book on "The Importance of Whey and Limburger as a Fertilizer." Complete with index. It will be interesting, and especially the index.

In listening to a lot of bawls and howls of humans over the radio recently, a high-faluting lady asked me if I admired that "interpretive" music. I told her that I was too dumb to understand when "Rain-storm" ends and the "Hunt in the Forest" begins. She may not know it, but I've heard better music made by a man armed with a club frailing a bunch of hogs out of his corn field.

O. C. Hill was and is a genius. He's the only man in west Texas that ever made a crop with a handful of 'heel' bolts. When he first landed in the Hedley country, he had more judgement than money. In looking over the country he knew that neighbors would all have to lend and borrow like the dickens to get by. He went over to Hedley and bought a handful of heel bolts, and then went around to his neighbors and offered to lend them anything he had and they in turn told him the same thing. Well he borrowed plows and planters and mules and horses and about everything that he needed. In turn he offered to lend anything that he had but only a few ever borrowed heel bolts. He made his crop with

two-bits worth of machinery and laughs about it to this day. In a few years he was about as well fixed as any one and loaned more than anyone else to square himself with the community. But the heel bolts saved the day.

And say! The malt, bottle capper and yeast manufacturers are terribly worried about all this prohibition talk. It may go agin 'em if it is left to a vote.

By doggies! You ought to see the punkin that Mr. McCrackin brought in Sunday. That's the pie material we've been talking about. Haven't weighed it yet, but she's a whopper. He has hundreds of all sizes. Hall v. t. folks ought to see him: right now. He lives about a mile or so east of the Judgins school. He'll sell 'em 13 ct.

Not only that, but he brought in some Oxheart tomatoes. They are a sweet kind, very few seeds, large fellows and shaped about like the heart of an ox, cow or bull or something. They look good and may be the thing for this country as they bear a lot to the vine.

It begins to look like both parties will be in the race next year. No matter what happens, pay your poll tax. There will be a chance to vote to exempt the homestead from taxes by voting in favor of a Constitutional Amendment that will be up at the November election. Should the law be voted, it would make no difference what highway or other bonds were voted, the homestead would be exempt from taxes. In other words, you would

not lose your home when hard luck hits you squarely in the face. Pay your poll tax.

C. F. Bogard announces that he has entered the tailoring business representing the Hoover line, specializing in pants. He carries a sample with him and is diligently working the streets. He claims to be doing an entertaining business.

The old Apostle went up to the Adair hospital Tuesday morning and the first patient we saw was Del Losson sitting out on the porch in a wheel chair. My gosh! Del looks like he had been cornered up and kicked by a bunch of mules. Had his face fastened down so that his broken jaw would mend. His arm was in a plaster cast. But after all, he was cheerful and said he was getting along fine.

And they had a mascot up there, too. She's two and half years old and calls her nurse "girlie" and these calls are frequent. Her name is Georgie Belle and she's the belle among the women folks sure enough. Her broken leg is mending and soon she'll be going back out home.

This is a funny race. When you put up a span of mules for security it is a mortgage, but if it is an auto, it is finance paper.

THE "HIDDEN QUART"

That Stays up in the Motor and Never Drains Away

— is Worth its Weight in Gold to Any Motorist!

It's not the mileage your speedometer shows that makes your car wear out quickly, lose power and need costly repairs. It's motor wear, caused by friction, that does it. And almost half of all this motor wear occurs while you're starting. Cut down starting wear and you'll give your motor longer life.

That's just what the "hidden quart" of Conoco Germ Processed Motor Oil does! It stays up in your motor and never drains away and thus cuts down starting wear! Ordinary oils drain away, leaving working parts unprotected until oil is pumped from the crankcase through the motor, which takes several minutes. Conoco Germ Processed Motor Oil penetrates and combines with metal surfaces of working parts, stays there and never drains away. The "hidden quart" safely lubricates every cylinder, piston and bearing the instant you touch the starter.

The "hidden quart" is worth its weight in gold to you! From the first fill with Conoco Germ Processed Motor Oil, you'll have this "hidden quart" up in your motor, giving safe lubrication at all times, lengthening your motor's life. Drain your crankcase now. Fill with Germ Processed Oil at any station displaying the Conoco Red Triangle.

A HAUSFRAU'S CHEESE CAKE

Cottage Cheese (or "schmierkaese" if you are of German extraction) is a popular ingredient since we have come to recognize its health qualities. As a variant of the cottage-cheese-stuffed date salad, try this cake, pride of a Pennsylvania hausfrau:
Cottage Cheese Cake: 1 1/2 cups cottage cheese, 1 tablespoon butter, 1/2 teaspoon salt, 1/2 teaspoon vanilla, 2-3 cup milk, 1 tablespoon cornstarch, 2-3 cup sugar, and 2 eggs.
Blend cheese, butter, salt and vanilla until smooth. Mix milk and cornstarch and bring to a boil, stirring to prevent lumping or sticking. Add sugar to cooked milk and cornstarch and heat. Pour the hot milk mixture over the slightly beaten eggs, stirring thoroughly, and heat to a custard consistency. Add cottage cheese mixture to the custard and pour into a deep baking dish which has previously been lined with shortcake dough. Bake until crust is done and slightly browned.

ARMY WILL USE CHEVROLET TRUCKS INSTEAD MULES

Lee Hall, Va., Oct. 7.—Firm in the belief that the next war cannot be fought successfully with instruments of the last one, a new type of army combat unit, with modern motor trucks replacing the proverbial army mule, is being developed here by government officials conducting the army proving ground at Camp Eustis.

While motorization of infantry for movement of troops has been under development for some time, the plan of using trucks as an adjunct to actual combat has been developed only within the past few months. At a recent demonstration of the new unit, witnessed by a delegation of automobile men headed by H. J. Klingler, vice-president and General Sales Manager of the Chevrolet Motor company, the light fast trucks performed operating feats even more rigorous than those on the manufacturer's proving ground.

With no semblance of roads to guide it, the motorized unit, made up of ton and a half Chevrolet Trucks modified by two extra wheels in the rear, attained speeds of thirty miles an hour in shell-torn waste land, over wooded knolls and through swamps blanketed under water at high tide.

Each truck in the unit mounts a machine gun, thousands of rounds of ammunition and fuel, and is manned only by a driver and machine gunner. Each truck replaces two mule teams and requires only half the personnel of the old method of machine gun transport.

Because of its speed and flexibility the unit is particularly valuable for pursuit work and in breaking up enemy air bases, army officials say. Light trucks are ideal for the work because if mired they may be towed free by manpower, and their speed and size make them difficult targets for enemy guns, army men say.

The automotive equipment used by the unit consists of part of a fleet of 56 Chevrolet passenger cars and trucks supplied the 34th Infantry in 1929. Although two years old, with each year of army experimentation equal to five years of normal driving, the equipment is still rendering daily service.

So effective have been tests with the new unit that army men hope for sufficient new and additional equipment to make possible motorized combat units as a part of the extra fighting equipment of the army.

Mrs. Jim Morgan says that those who failed to attend the Rebekah lodge Friday night, missed a rare treat.

EDUCATIONAL CONTEST \$1,500 IN PRIZES

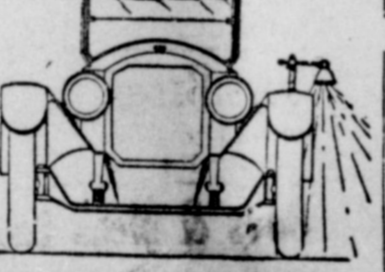

Dallas, October 8.—As the oldest existing business institution in Texas, with its origin going back to the days of the Lone Star Republic, The Dallas Morning News is featuring, in connection with its EIGHTH ANNUAL BARGAIN RATE SUBSCRIPTION CAMPAIGN, a TEXAS QUESTION BOX CONTEST which is designed to test the knowledge of entrants in State history, geography, government and economics.

FIFTEEN HUNDRED DOLLARS in cash prizes will be distributed as follows: First prize, \$500; second prize, \$100; third, fourth and fifth prizes, \$50 each; next 100 ranking contestants, \$7.50 each. The contest is open to all Texans other than News employees, the only qualifications being the return of one bargain rate subscription to The News, either new or renewal. Blanks and full information concerning the contest are obtainable by addressing The News at Dallas.

Representative questions are: 1. How many counties are there in Texas? 2. What is the largest county in Texas? 3. (a) What is the Texas State tree? (b) What is the Texas State flower? (c) What is the Texas State bird? 4. Name two Texans who have served in the President's Cabinet. There are twenty questions in all, and contestants are free to consult textbooks, encyclopedias, the Texas Almanac, local libraries, educators, bankers and others. In short, any source of information is legitimate.

Subscriptions are limited to those delivered by mail to Texas addresses. Contestants may send in their own subscriptions or renewals. In case of a tie, a second set of questions will be submitted for answer by the tying contestants, without the necessity of obtaining additional subscription, and the winner determined accordingly.

Fender Light Makes Night Driving Safer

One of the latest developments making for increased highway safety for the motorist is a light on the front left fender by which drivers of approaching cars can better judge space clearance at night. Clarence A. O'Brien, Washington patent attorney, explains that the light also illuminates the running board on the left side of the car and can be used to supply light when work on the motor is required. The patent was issued to Marlon Ernest Welch, of High Point, N. C.

NEW DICTATORS

HELENA RUBINSTEIN

NEW YORK—A "new aristocracy" has been developed among American women during the past decade, and it is composed of high-salaried business women who are the real dictators of virtually all things feminine, according to Mme. Helena Rubinstein, famous Parisian beauty specialist.

HEDLEY

The Parent-Teacher Association met Thursday afternoon in regular session with 35 members present. Mrs. Pirtle, the president, presided and the following program was presented:

KING COTTON

HAS BEEN DETHRONED

Yes sir, King Cotton has been dethroned. Never before in the history of the cotton industry has the grower been ground beneath the iron heel of the speculator as he is now.

Thousands of cotton growers are "ragged" because they produced too much cotton. Hundreds of thousands of bales of unsaleable cotton carried over from one season to the next for no other purpose than to be used as a club to hammer down the price.

There is no such thing as overproduction so long as people are ragged. The same speculator who cries "overproduction" will also advise you to be "charitable" and donate to the poor of the community where you live. In other words, after you have been robbed, you are advised to help other poor devils who have been robbed just as you have been robbed of the profit of your labor.

A Dollar A Year

\$1

That's the price of a year's subscription to the Donley County Leader. We are taking our loss along with the farmer, merchant, banker and every one else because all are affected by the cut-throat gang that is stealing the product of honest toil.

This offer is for a limited time only. It applies to both new and renewals within the first zone of the Clarendon postoffice which extends for a radius of 50 miles from here in any direction. This offer is being made wholly in sympathy with the people who are affected by the low price of cotton, and is our contribution to the cause of law-abiding citizens who are being hi-jacked in broad-open daylight on the cotton question.

Mail In Your Subscription Now Before It Is Too Late

New Features will be added and the same high class weekly standard maintained. All the news that is fit to print will be yours for the dollar a year. The Leader is under no obligations to any faction, click, gang or creed. It is our purpose to give every section of the trade territory a square deal.

Farmers Are Hit Hardest Close to Hoover

Texas farmers who have been lamenting the actions, and even more the lack of action on the part of Hoover, don't know when they are well off. The following article is reprinted from the Madison County Eagle of Madison, Virginia, and gives some of the folks down here an idea of what is going on near Hoover's summer camp. Editor Madison County Eagle:

Please allow me space in your good paper to express my thoughts on how myself and some of the other landowners here on the Rapidan river have been treated concerning water rights.

About two years ago Mr. Stuart I think it was, came to my place taking options on land and water rights. He made all kinds of promises and stated what a grand thing it would be to have the President of the United States to build a fishing camp in our county. So I optioned my land and about two miles of water rights for one year.

Mr. Stuart said he was going to stock the stream with fish and see that they were protected.

Now the option has expired and the land has come back into my possession, but the water right they are claiming for 99 years at my expense. This right of way is about 60 feet wide, which would mean several acres in two miles and I have to keep the taxes paid on this property and am not allowed any privileges on my own property.

If they have ever put a single fish in the streams on my land they must have done it at night. They even put a screen across the river some distance above my place to keep fish from coming down on my land.

There were plenty of nice fish in the stream on my land, which I bought and paid for, but I am not allowed to catch my own fish.

We feel very proud to have our President locate here in our county, but I don't think they should make it so binding on we landowners and allow us a little more privilege on our own property.

It seems to me that water should be free for everybody. When God created the heavens and the earth and placed here the flowing streams, did He create them for one individual class of people or for every living creature on the earth as a free life and nourishment for their bodies?

I often wonder what this old world will be like in 25 or more years. I guess it will soon be so if a person gets a drink of water he will have to get a written permit from some one in authority.

The only time the poor class of people are noticed these days are just before the election and when their taxes are due. Now, isn't that so?
D. L. Breeden.
Rocklin, Va., Sept. 26, 1931.

then goes over. Reid fails to add extra point. Subs: Cooke for Easterling, Cox for E. Watson. McClesky for Reid, Watters for Jackson, Brown for Benson. Andis kicks 20. Wicker to Allen 8. Wicker to Graham for 15. Wicker to (bang, bang) Graham for touchdown. Ball is declared dead because two Quitaque men had touched the ball before Graham caught it. Score: Clarendon 31—Quitaque 0

Hedley School Teacher Wins Prize in Poetry Contest

Among a large number of entrants in the poetry contest of the Women's Department of the Tri-State fair, Miss Peggy Caldwell was awarded third prize. Her poem under the title of "Illusion", is printed here.

ILLUSION

You came, a knight in armor
That glistened in the light;
You swept my waiting heart away
In the magic of a night;
But when you came this morning
And sunlight fell on you,
The armor I had thought so bright
Was a suit of dull grey hue;
The glory of your splendid plume,
Your sword of gold that gleamed,
Your shield of Truth and Loyalty
Were moonlit things I dreamed.

Miss Caldwell is a popular member of the Hedley school faculty and has gained recognition for a number of similar efforts during recent months.

Globe Trotter and Soldier Of Fortune Visits Here

John Caraway, who relates numerous instances of service in both the Boer and World Wars, arrived here Monday for his first visit in a number of years. His mother and brothers and sisters live here.

John is familiar with all the towns and cities west of the Mississippi, most of the peace officers and represents himself as having done quite a bit of detective work in the larger cities. His last place of residence was Houston, and he says he is headed for a return to the Pacific coast just now.

Mr. and Mrs. J. P. Temples of Hobart, Oklahoma spent the week-end with his sister, Mr. and Mrs. Raymond Matthews and other relatives here.

Increased Business Demands Better Equipment

Machinery purchased for the Donley County Leader plant more than two years ago, has in some instances become obsolete as compared with the march of progress in machinery lines.

During the present week, two important units, up-to-date when installed, were displaced with more improved units. Other equipment will be added as occasion demands. The saw represents much more than the uninitiated might surmise, being in almost hourly use, represents the last word in a combined saw and trimmer, etc. This machine is used to saw either metal or wood and trims the edges to accuracy in mounting cuts for pictures, etc.

The new caster is a wonderful improvement over the older methods. This machine is used in transferring pictures from asbestos paper surfaces to metal that is later mounted on wood ready for printing. The machine weighs 280 pounds and is so simplified that any one can make a perfect casting.

Trostle Has Wonderful Crop Maize on Wheeler Farm

While in the Leader office Saturday, T. E. Trostle spoke of the methods being used to store headed stuff in Wheeler county where he has large farm interests west of Shamrock.

The heads on his farm are being stacked in rows six feet wide, seven feet high and thirty-six feet long. The ricks will be covered with stalks. This method has been used before, according to Mr. Trostle, who states that it is a good method without any cash outlay.

Sam Braaswell Sr. and O. C. Watson were in Amarillo Saturday attending a meeting of the directors of the Panhandle Plains, Inc.

Robert Neal Edwards Dies At White Deer Sunday

A resident of the Panhandle since 1908, and a prominent worker in the Baptist church and community development in general, Mr. Edwards became known to a wide circle of friends and admirers.

He was known as a leader to a large number of people in Donley county who will regret his passing. Services were conducted at White Deer Monday by Rev. Douglas Carver. He is survived by his wife and four children.

WINDY VALLEY

Elder D. L. Hukel of Clarendon preached after Sunday school Sunday afternoon. He will preach here every 1st Sunday.

Mr. and Mrs. Odus Owens of Hedley visited in the Lyons home Sunday.

Mrs. Z. T. Beaty and son Jack of Hedley visited Mrs. J. R. Hillman Sunday.

Miss Gladys Noble visited friends at Goldston over the week end.

Rev. J. S. Harlin will preach at the Baptist church next Sunday.

Mr. and Mrs. John Gunter visited relatives at Carey Sunday.

Misses Ozelle and Louise Wells visited at Lakeview Sunday.

Our people are busy gathering cotton. We need a lot of pickers.

Frank Heath and Homer Gorman were Amarillo business visitors Monday.

What Do You Know About Your State?

For months there has been talk about what Texas ought to do industrially. But how many of us know what industries Texas has or what industries we could foster economically?

Answering this question and many others that concern the welfare of every Texan including the answer to "What Texas Products Can I Buy?" this newspaper has secured the right to publish a series of articles by Col. W. E. Talbot, one of the prime movers in the campaign for Texas Industries. These articles are based on exhaustive surveys and probably will amaze you.
