FUNERAL RITES FRED M. KERBOW HELD WEDNESDAY

Resident of Panhandle Many Years And Member Leading Pioneer Family

Brought from Lubbock to the home of his mother here some three weeks ago, the illness of Fred M. Kerbow was not thought to be serious. As late as Sunday he was taken to Adair hospital for examination. His death followed on Tuesday attributed to an abscessed lung.

Funeral services were conducted at the home of his mother, Mrs. H. C. Kerbow, at 3:30 Wednesday afternoon by Rev. Douglas Carver of Panhandle and Rev. M. M. Beavers, Methodist presiding elder of this district.

Fred M. Kerbow was born May 6, 1887 at Unitia, Delta county, Texas. The family moved to Fisher county in 1900 and to Clarendon in 1905 at which time the deceased made his home in Panhandle until recently when he moved to Lubbock.

He is survived by his widow, Mrs. Myrtle Edwards Kerbow whom he married in 1911. Four children, Maud Alma, Paul, Betty Fred and James survive him. Other immediate relatives are his mother, Mrs. H. C. Kerbow; a sister, Mrs. Don Grady, and four brothers; Guy, H. B. and H. R. of Clarendon and J. E. of White Deer. In addition to these relatives, other relatives attending the last rites were Mr. and Mrs. G. B. Moss, Mrs. R. M. Edwards, Mr. and Mrs. Hugh Edwards, Mr. and Mrs. Neil Edwards, Mrs. Eva Craig and children, all of White Deer. Mr. and Mrs. Paul Smithy of Memphis.

A large number of friends and the many expressions of sympathy, a profusion of flowers and every courtesy possible shown the bereaved, attests the high esteem in which the family is held where the name has been linked with development of the Panhandle for the past twenty-seven years.

HIGHWAY MATTER HITS MANY SNAGS IT NOW DEVELOPS

Commissioners Without Any Further Action Pending Information

In the absence of a direct proposal from the Highway Commission later than 1929, the County Commissioners apparently are awaiting further information before taking up highway issue for consideration.

At the hearing Monday when petitions were presented in sufficient number to authorize a call for an election, it developed that such election could not be held at the expense of the taxpayers because such action would be illegal. Had the Commissioners, it was explained, voted to issue warrants, 10 percent of the taxpayers signing petitions asking for an election, could have forced the Commissioners to call an election at the expense of the taxpayers.

It further developed that the Road and Bridge fund could not be depended upon for payment of the right-of-way for the reason that funds are not available. In other words, it was explained that with such tax as is legally due this fund, plus the car tax apportionment, even then funds would be insufficient after outstanding warrants falling due had been paid and a sinking fund provided for indebtedness already burdening the Donley county taxpayers.

In the meantime, those favoring highway construction are diligently going ahead with plans to get immediate action. The County Commissioners are awaiting developments ready to act as umpire, preferring to let the majority of the citizens have their say in the final solution of the perplexing problem by voting upon the issue if legally demanded.

J. R. Porter went to Tulla on business Wednesday.

GET BUSY NOW FIELD INSPECTOR ADVISES FARMERS

Applications For Farm Loans Must Be Made Before April Thirtieth

All farmers who are interested in making applications for a loan from the Farmers' Seed Loan Office of the Department of Agriculture must make their application before April 30th, 1932. Anyone who does not understand how to make these applications should get in touch with their County Committee composed of J. D. Swift, Banker, U. J. B. Ston, Merchant and G. M. Allen, farmer, all of Clarendon, Texas. Information can also be secured from your County Agent, Mr. T. R. Brown and from Mr. Boyken, secretary of the Clarendon Chamber of Commerce.

Mr. C. L. Geesey, Field Inspector for this district with headquarters at Pampa, Texas advises us that at the present time 17 applications have been sent to Dallas requesting around 1800.00. In the majority of the cases half of this amount is in the hands of the farmer and the balance will be sent them within the next thirty days. Other sections of the state have made many requests for loans and considerable money is in circulation throughout the State of Texas as a result of these loans.

Court Proceedings Continue Over Next Week

The District Court recessed from Monday to Thursday of the week. The case of Haskell Munsey was tried before Judge Fires Monday, he being given a three year suspended sentence on a charge of complicity of manufacturing liquor some two years ago.

State vs Roy Wilson, continued to fall term. State vs Jimmie Walker, continued to fall term. State vs J. J. Alexander, passed to fall term.

Two civil cases are docketed. Roy E. Darnell vs Lloyd Southwest Fire Insurance company set for 15th. T. J. Allen vs Trinity Fire Insurance company, set for 18th.

Special venire was ordered to report today for the trials of Agel Lasa and J. B. Marquez, both being charged with the murder of another Mexican near Ashtola last fall. Judge Fires appointed Judge Link to defend the Mexicans since they had no attorney and no means to employ one.

Farm Loan Regional Meet At Amarillo 15th

G. L. Geesey, field inspector for agricultural loans in this district, announces a regional meeting to be held at the Herring hotel in Amarillo Friday afternoon at 2 o'clock, April 15th.

Final regulations and advice will be given on agricultural loans preceding the closing date for applications for farm loans on April 30th.

It is planned to have a meeting at Dallas at an early date to be attended by a representative from each County Committee of every county in Texas. Since these men serve without pay, a number of railroads have agreed to furnish free transportation.

Rev. Ferrell Will Return To Clarendon

The Leader is informed that Rev. W. E. Ferrell of Bridgeton, N. C. has accepted the pastorate of the First Christian church and will return here within a month.

Due to the fact that his daughter is in school, the return will be delayed until the close of the term.

This news of the return of the popular minister and his equally popular family is hailed with delight by the citizens of Clarendon as well as his church.

The Rev. Newton Smith, rector of St. Matthews Episcopal Church Pampa and wife were the guests of Rev. and Mrs. Swan Tuesday.

Rev. Bowen was a business visitor in Canyon Tuesday and Wednesday.

Baptist Pastors And Laymen Meet at McKnight

The regular monthly meeting of the Baptist pastors and laymen of this district met in a worker's council at McKnight Tuesday.

Inspirational sermons were preached by Rev. Webb of Memphis, and Rev. Reed of Estelline.

Those attending from Clarendon were Mrs. W. M. Gray, Mrs. A. W. Simpson, Mrs. L. Kimbriel, Mrs. L. L. Cornelius, Mrs. M. W. Mosley Mr. and Mrs. R. W. Moore, Mrs. Hattie E. Moore, Mrs. H. A. Harrison.

South Ward School Folks To Exhibit Friday

Pupils from the first to the fifth grades will show the public products of their skill Friday afternoon from noon to 5:30.

The pupils and their teachers are anxious for all the patrons and friends of the school to visit this exhibit. In previous years a more extensive exhibit was shown perhaps, but none more worthy of commendation. By all means see the exhibit.

Miss Ineva Hendrick and nephew, James Hendrick, spent the week end with relatives in Amarillo.

LOVING CUP IS OFFERED THE MOST BEAUTIFUL GIRL

Contest at Pastime Theatre Tomorrow Night Decides Clarendon's Best

Picture show crowds will see something new at the Pastime Friday night of this week when some fifty of the most famous beauties of west Texas will parade in a contest for a loving cup and two other valuable prizes to be awarded by Mr. Mulkey.

Each firm in town has been asked to select a girl to represent that firm in the contest. Almost fifty have been selected up to the time of going to press. Full particulars will not be announced until the beginning of the contest on the stage.

Never before has there been such a contest staged in Donley county. Never before have so many of the fairest of the fair agreed to meet in a friendly contest in a public exhibition. The big show begins at the regular hour and those interested are advised to come early in order to get a seat.

Local Cabinet Maker Builds Work of Art

Homer Taylor, artist with both brush and tools, brought a combination smoke stand and magazine rack to the Leader office today where he sold it to the junior member of the firm.

The coloring is of a clouded wine effect, turned legs of artistic design in keeping with the other harmonizing lines of the main body features, and many other dainty features makes of this original article of furniture a prized possession indeed.

Taylor is possessed of much talent in painting pictures and this temperament or talent finding expression in his wood products, bespeaks a dual nature seldom found in any individual. He has indeed a creative mind with ability to create the creature of his imagination.

Local Lions Attend District Meet at Lubbock

C. Herbert Walker, president of the Pampa Lions club, was elected governor of the 58 Lions clubs of this district at the Lubbock convention Tuesday. He succeeds Sam Braswell of Clarendon who was nominated for a place on the directorate of Lions International from Texas.

Those attending from here were Governor and Mrs. Sam Braswell Sr., Odos Caraway, H. Mulkey, O. C. Watson, G. L. Boykin, T. D. Nored and Tom Connally.

Collingsworth Courthouse Is Dedicated Saturday

A monster crowd gathered in Wellington Saturday to witness the dedication of Collingsworth county's new \$150,000 courthouse. Perry S. Pearson, an Amarillo attorney made the principal address.

Judge A. J. Fires, venerable district judge of this district, and J. D. Wilson, county superintendent of the Collingsworth county schools were also on the speaking program. County judge Edward M. Brown was master of ceremonies and was assisted by county commissioner H. I. Cagle, J. E. and H. K. Jones and W. C. Ketner.

Clarendon H. D. Club Will Meet Friday Afternoon

The Leader is requested to announce that the Clarendon Home Demonstration club will meet at the home of Mrs. Edd Speed Friday afternoon at 2 p. m.

This special announcement is requested due to the change of meeting place as announced in the Leader last week.

International President Lions Clubs on Visit

Arriving here Sunday, Julian C. Hyer of Ft. Worth, and International President of the Lions, was taken in charge by enthusiastic Lions of Clarendon and escorted to the Country Club where a breakfast was given in his honor.

Mr. Hyer later returned to town and spoke to the members of the Sunday school classes at the Methodist church. A hundred percent attendance of local Lions was noted at the breakfast.

Court of Criminal Appeals Reinstates Asten Case

The appeal of James E. Asten following a twenty-year sentence here on a bank robbery charge some months ago, and said to have been dismissed by the higher court through error in filing papers, has been reinstated.

Asten was charged with complicity in the robbery of the Donley County State bank here in June of 1930. His case will be reviewed by the higher court now according to local officials.

Mrs. G. F. Keener visited relatives in Amarillo recently and attended the cooking school.

S. H. CONDRON SPEAKS TONIGHT ASHTOLA SCHOOL

Well Known Educator Will Deliver Address to The Senior Class

This week sees the close of the Ashtola school year, seven months work having been completed. The school closes with an interesting schedule of programs.

The program began last night when the senior play "Spark of Life" was presented.

Tonight commencement exercises will be in progress after eight o'clock for the seniors and graduation exercises for the grammar grades. Mr. S. H. Condron, formerly a teacher in old Clarendon college, and at present head of the department of government in the West Texas State Teachers College at Canyon, will deliver the commencement address.

Friday evening of this week the final school exercises will be held. At that time representatives of the entire school will appear on the program. All programs thru the week begin at 8 o'clock and the public is cordially invited to be present.

HUDGINS SCHOOL TO PRESENT PLAY FRIDAY EVENING

Scenes Depicting Pioneer Days of Woolly West In This Presentation

"The Worthy Vagabond" is the name of the play to be presented by the pupils of the Hudgins school at eight o'clock Friday evening of this week.

This play being staged by school children only, is said to be one of the best and is based on frontier life and typical of the west in olden days with plenty of thrills and nerve-wrecking incidents.

There will be no admission charge. The entire public is invited to share in the enjoyment of this community entertainment.

The cast:

Fred Miller, brother of Judith, R. A. Beverly.

Bart Thurman, foreman of Bar-Heart-Bar ranch, William Meador, Sandy Lane, who takes Bart's place, Artie Wood.

Dan Allen, half owner of the ranch, Paul Cearley.

Horatio Algernon Hazard Jr., a professor of biology, Alton Jacobs.

Judith Miller, owner of the ranch, Mildred Talley.

Queenie Winton, a friend of Judith, Adelle Talley.

Sadie Snapp, a neighbor, Mary Kathryn Hardin.

Rachel, a colored mammy, Ruby Wood.

C. E. Bairfield Heads Miami Schools

At a recent meeting of the Miami school board, Chas. E. Bairfield was elected superintendent, and will continue to have charge of the department of vocational agriculture.

Quoting the Miami Chief, "Mr. Bairfield has been connected with our schools the past term as vocational agriculture and science teacher and has made a marked success in these branches. He holds B. S. and M. S. degrees from Texas A & M college, and is well qualified for the position to which he has been elected. He has fine executive ability and we predict for our school a most successful year under his administration."

Mr. Bairfield was formerly instructor in vocational agriculture in the Clarendon schools and made an enviable record here where his many friends will be pleased to know that his skill is recognized and real worth appreciated by the citizens of Miami.

Mosley Says Circus Tax Was Paid State And County

County tax collector M. W. Mosley has informed the Leader that the circus here last week paid a state tax of \$25 and a county tax of \$12.50.

No city tax was paid according to city secretary Mrs. Shaver for the reason that the circus was not showing within the city limits.

The sale of tickets by any of the merchants had nothing whatever to do with any tax evasion and the Leader was misinformed at the time of printing the statement last week and gladly makes this correction in justice to all parties concerned.

Petit Jury For Fifth Week District Court

Those summoned for Jury service for the 5th week of District Court here have been excused according to A. H. Baker, district clerk, today. He requests the Leader to make the announcement for the benefit of those who have been notified to appear.

Pres. J. A. Hill and L. N. George of the Canyon state school were here Wednesday in the interests of the museum building contemplated and for which the state has appropriated a portion of the funds.

Mr. and Mrs. C. L. Stephens of Goldthwaite and Maurice Stephens and son Bobbie of Wichita Falls visited in the E. M. Ozier home Wednesday.

MRS. J. C. WOOD DIES SUDDENLY SUNDAY EVENING

Death Comes Suddenly Sunday Afternoon; Lived In Donley 23 Years

Funeral services for Mrs. Wood were conducted at the First Baptist church Monday afternoon at three o'clock by Rev. Chas. Williams of Goodnight and Rev. R. S. McKee of Clarendon.

Mrs. Wood was subject to heart attacks, had been feeling ill during the day and took a dose of medicine and walked from the kitchen back to a bed and laid down where she expired within a few minutes.

A number of relatives were visiting at the home at the time, and her death came as a shock to them, they thinking she would overcome the slight attack as she had many times before.

Caroline Wade Ratcliff was born December 20, 1857 in Webster Parish Louisiana. She came to Limestone county, Texas with her parents at the age of 17 years where she lived for many years.

She was married to J. C. Wood in the spring of 1877 and they later moved to Hamilton county. From there they came to Donley County in 1909.

To this union were born seven children, all of whom are still living except Eila who passed away in infancy. Those surviving are: Miss Della, Arthur, Oscar, Lonnie and J. D. all of Clarendon and Elton of Memphis. Twenty three grandchildren and twelve great-grandchildren. Two brothers, J. L. Ratcliff of Pampa and R. W. Ratcliff of Clarendon, two sisters, Mrs. Lou Thompson of Murchison and Mrs. W. W. Wood of Abilene also survive.

She was converted in 1879 and joined the San Creek Baptist church in Limestone county, and lived a consecrated christian life and was ever ready to lend a helping hand to anyone who came her way. She was a devoted mother, a kind friend and good neighbor and will be greatly missed throughout the community.

B. & P. W. CLUB HAS INTERESTING SESSION TUESDAY

Will Supply Equipment For One Room of Adair Hospital at Once

Possibly at no other session did the members accomplish more than that of Tuesday evening in their regular meeting at Hotel Clarendon.

Reports of the excellent showing made at the district convention were heard from those attending. A great deal of useful information was brought to the local Club by these delegates.

During the business session, the Club voted to furnish one of the Adair hospital rooms, this being the one big project upon which the Club had been working for some time. The ladies are being given a whole lot of credit for civic work this being the one big event in the history of the local Club.

Eight new members were initiated into the mysteries of civic club routine work at this meeting. This consisted of a humorous "physical examination", the singing of the emblem song, emblem drill, etc. Miss Lottie E. Lane read an interesting paper on "Why I am a member of the B. & P. W. Club." The President, Miss Norma Rhodes, gave the Club pledge and welcomed the new members in full fellowship.

The new members were Mrs. Andrew Jay, Mrs. Milus Little, Mrs. Ruth Reeves, Misses Ruth Donnell, Opal Pyle, Winnie Weatherly, Helen Martin, Martha Buttrill. Twenty-six members were present. Mrs. Elizabeth Holloway and Mrs. Marvin Thomasson of Memphis were guests of the Club.

The Reason.

These United States put up billions of dollars and thousands of lives of the flower of the nation to save Europe, and there is nothing left to save the States now.

Information.

Maybe I'm cynical, but with so many wise ones failing or going behind, I'm glad that I've been dubbed a fool even by my best friends.

Keeping Up.

An auto passed today with a bunch of youngsters aboard going nowhere. A small dog was being led along behind with the aid of a rope. Poor pup, he was about all in with his tongue hanging out having run until he was bowlegged.

Somehow the picture reminded me of some people who are always tugging at the end of a social rope trying to keep up with the procession.

Praying Family.

One thousand dollars a day since the birth of Christ is a lot of money to give, but the Rockefeller family has done just that. No strings tied to it. Most of it has been given for research work in the cause of humanity.

The members of this famous family are not of the sporty class. They are often referred to as the "praying family", and the best families are generally of that class.

A Powerful Trust.

The present situation when citizens are being told to trust in this, that and the other to bring back prosperity reminds me of the story of the ferry loaded with human freight that lost a propeller in midstream.

It was a dangerous situation and the Captain was plainly worried as the craft floated down stream. An old lady came to the Captain and asked about the danger and the Captain replied, "We must trust in God," whereupon the old lady wailed, "Oh, has it come to that?" We can trust the Hoovers, Mellens, Smiths, Roosevelts and such like, but we can't trust God.

Getting Started.

Arthur Brisbane says that the great Chicago exhibition will be opened about June 1st next year. There is nothing strange about that, but Arthur also says that the machinery of that big show will be set in motion by means of photo-electric cells carrying light from the star Arcturus.

The light rays starting this machinery left that star forty years ago according to astronomers, and since light travels at the rate of 186,000 miles per second, and it takes forty years for it to reach the earth, that star is quite a distance away to be attracted to the Chicago exhibition leading one to believe that the windy city on the lake is leaving nothing undone to attract attention.

OPEN FORUM

Donley County Roads Again

Having been in Donley county, off and on, for twenty years, and having seen the roads change from rutty, chuggy cow paths and sand banks to its present rather good shape, comparatively, all at great expense to the tax payer, I want to ask why go to the added expense and inconvenience of changing the road to the south side of the Ft. Worth & Denver? The state promises to drain and grade the road bed. We have that now and besides there has been hundreds of tons of firm dirt and

gravel put on sand banks about Ashtola and Hedley to make them passable. Who is going to surface the sand on the new road—not the state; its promise is for drainage and grading and then they will silently fold their tents and steal away and we will spend gallons of gas pulling sand.

Why the south side anyway? On the north edge of the county they say we are all wet for wanting a road on the south side of the tracks.

Because Potter and Hall county put their roads on the south side is no reason we should be fined because we are on the north side.

Under passes in hilly country are not near so expensive as road beds and bridges.

If there is money due us from car licenses it should be paid in honor and not as a bribe to get the road changed and sell a lot of worthless sand beds on the south side of the road to the state at a big price. You can always bet your bottom dollar that there is graft afoot when such a nonsensical deal is afloat.

The road and bridge fund has never been too much money to keep the byways of the county, the real traveled roads of the farmers, in shape. There is a bridge on a by road going to Kelly creek which was put in out of knotty lumber and is broken down right now. The county will be sued some day for such work and will have to pay. Nothing but the soundest material should be used when life is at stake.

Let the state build her main routes where she will. What do tourists care about Clarendon? What do you, when you are traveling, care about small places? Just another place to slow down and mope through trying to get on the map by building from the roof down.

If you want to build a town lay a good foundation, some thing to keep your boys at home in business and the map will place you.

Why any town wants high ways with cars zipping through its business center is a mystery to me.

Towns of importance are routing their travel arteries away from business centers so that their customers can trade in some degree of safety.

Another thing: when ever you think that it will not cost you, because it is state and government money, you are just being a plain dumb jack ass. We have been lulled to sleep so often by "let the government do it, it won't cost you anything" that we are taxed

New Cattle Breed Comes to Texas

Twenty-nine head of Africander cattle, the first ever brought into the United States, have arrived at the famous King ranch, near Kingsville, Texas, for cross breeding with American cattle now on the ranch. The largest of sixteen bulls, pictured above, weighs 2,200 pounds. The heaviest of the cows tips the scales at 1,500 pounds. This species is used as draft animals in South Africa.

to death now—income tax, inheritance tax, (doesn't hit many now), death tax. Don't you know if we keep on that we will be taxed for the very air we breathe?

Whose fault is it? Yours. You sit and grumble and let people play you for the suckers that you are. Now comes the end: Every man and woman in Donley county who paid his or her taxes without borrowing money, vote for the new road. The rest of you strain a muscle and go vote against it. I am for saner government.

J. D.

SIDELIGHTS

By Marvin Jones
(Member of Congress from Texas)

The House of Representatives has been making a real effort to reduce expenses of government. In this I am sure they are responding to a public desire.

In the six department bills which have already been passed by the House, the total appropriations have been reduced more than five hundred million dollars below the appropriations for last year. When all of the bills have been passed, it is expected that the reductions will be more than seven hundred million dollars below last year's appropriations.

This is approximately one hundred and fifty million dollars below the amount asked for by the President through the budget.

The House of Representatives has reduced the amount the President has asked in his budget recommendations every year for the last ten years since the budget law was enacted. The reductions this year will be greater than they have ever been before. However, I think they should be still further reduced.

The great problem before the American people is that of reducing the activities and expenses of government, local, state, and national.

There are a number of bureaus and commissions which should be abolished. Others should be restricted and economies practiced wherever possible.

I am opposing new appropriations, as well as any increases in old appropriations. I expect to continue this course, as further savings must be made and the cost of government reduced all along the line.

Government should not engage in any line of business that is

suited to private enterprise, not only because it costs the government more, but also because it interferes with private initiative.

It is advisable for the government to engage in regulation only so far as is necessary to see that there are fair dealings and equal opportunities as between individuals and enterprises and to see that monopolies and special privileges are prevented. This is the proper function, and here the activity of government should end.

That government is best which interferes the least with rights and privileges of the individual citizen, and it should go no further than to exercise its legitimate part in preserving equal opportunities for all.

LIVING AT HOME URGENT

The "live-at-home" appeal, denied at times because of the gasping "one-crop" system is more urgent today than it has been since it was first addressed to the farmers of Van Buren county decades ago to supplement cash crops with food and feed crops to meet home demands, says agricultural leaders everywhere.

In 1931, due to the drastic lesson of the drought the year before, farmers all over the county turned to food and feed crops and the production of livestock as precautions against recurrence of short-

ages such as they had just experienced.

When harvesting time was finished in 1931 the barns of Van Buren county farmers, empty the year before, were bulging with feed of all kinds for cows, horses, hogs and chickens. The pantries and cellars held bountiful supplies of canned fruits and vegetables, dried fruits, potatoes, molasses and about everything else that goes with good substantial living on the farm.

The old-fashioned smokehouse, almost abandoned during the days of high priced cotton and one-crop farming, made some progress towards coming back into use. Hogs were fattened and killed and the meat cured over hickory wood fires in the self same way it was done when farmers felt disgraced if obliged to buy meat or corn.

Last year farmers of this county traveled the road leading to comfortable living. They did not make much money, but they made crops that were just as good as money—crops that fed the family and livestock. This year they are traveling the same road with more confidence and enthusiasm.

The county's fertilizer bill is dwindling because farmers are shifting that responsibility to winter and summer legumes. In some localities farmers are letting vetch store nitrogen in the soil during the fall and winter months and then they pass the job on to cowpeas, soybeans, lespedeza and other nitrogenous crops in summer. The addition of nitrogen and vegetable matter is giving life, vitality and fertility to worn out soils.

Big Noise at Amarillo When 500 Bandsmen Play

Bands from 13 cities gathered at Amarillo last week for the Massed Band concert, a part of the Panhandle Music Festival. Here are all the bands gathered together in front of Amarillo's Municipal auditorium. Plainview took first place in Class A bands; Hereford was first in Class B, and McLean was first in Class C.

The mirage of quick money from cotton alone is fast fading. Farmers are more and more regarding wealth as a happy combination of food and feed crops, dairy products, livestock, home-gardens, poultry and cotton.

Tried over and over and under all kinds of conditions and circumstances the "one-crop" idea has proven to be false and impractical while the well-undated "live-at-home" program has proved to be a safe and sure way to a comfortable living whether there is prosper-

perity or depression, or wet or dry seasons.

A system of planting and reaping that will provide the home with the necessities which the farm is capable of producing, thereby reducing to the lowest possible figure the amount of cash needed in the operation of the farm, is the safest one to pursue.

A BUSINESS PRINCIPLE

It is an accepted business principle that lowered prices increase sales volume. Following this truism of business practice, public service companies have made, and are making, every effort to stimulate increased use of service and thus reduce utility rates. These two facts go hand in hand . . . when use increases, rates decline.

—And under the modern rate structure of the West Texas Utilities Company, your individual average rate per kilowatt-hour declines as more kilowatt-hours are used. In fact, analyses have shown that the average customer, using fifty kilowatt-hours per month, can increase his use of service to THREE TIMES that amount for only 10 cents a day additional cost on his electric service bill—or for the cost of only one medium-priced cigar a day! The same principle produces similar results when applied to West Texas as a whole: as more service is used by all customers, the standard rate steps are reduced.

Electric utilities have made an enviable record during the past two decades. Commodity prices have fluctuated widely, and even yet have not reached the level of 1913 prices. On the other hand, the unit cost of electric service has declined steadily! A comparison between commodity and electric service costs shows that while the 1913 commodity dollar now buys less than a dollar's worth of merchandise, the same dollar, in this West Texas territory, buys over twice the amount of electric service it did in 1913!

Rate reductions have been made many times since the West Texas Utilities Company first entered West Texas. During the past ten years, the unit cost of your electric service has been LOWERED 60 PER CENT, with residential service alone showing a REDUCTION OF 54 PER CENT!

TEMPLE OF TRUTH
By the Apostle

This "nigger-durham" has just about got the old Apostle down and I don't mean maybe. Some folks used to call it "big bale" only this was sent by an admiring friend back in old Kentucky and it is the real stuff and the Apostle is not used to it. It will be soaked in water and the water poured on the squash bugs this summer and Lord help the squash bugs!

How about starting a "Want-to-no" club?

And here comes the news from south Texas that a woman won't let her grown son associate with girls because they make him smell like tobacco.

The fellow who slaps me on the back and calls me brother at the first meeting is the boy I fear most.

People in the habit of doing nothing sometimes overdo the job.

Book agents offering special inducements to popular people continue to come around and lie to me. It looks good until they ask me to get on the dotted line, and then it don't take any brains to know what is going to happen a little later.

He drove his old flivver Down to the river. 50c the toll man cried. "Sold!" The flivverer replied.

That is another indication of spring.

Of all the botches the management of this journal is it. The sheet said the circus did not have to pay tax last week when it did. We listened to the wrong party, he didn't know any more than we did. Now comes Milton W. Mosley who said he hooked them for \$37.50 and he's ready to go on with his campaign.

Fat men get that way just to show the rest of the folks how far the skin can stretch without busting.

The College Hill widow says that many a man who married a woman with a wasp-like waist later finds out that he has been stung.

Signs of spring: In the country it is "keep out." In town it is "rent."

A man in Amarillo is suing his wife for divorce alleging cruel treatment. It all happened one night last winter. She declared she heard a burglar and got up to investigate. The old boy slid down in the bed under cover pulling it off his feet so they got frostbitten. Now he wants to cut loose from her.

After a careful examination, the Apostle is of the opinion that a waffle is a plain pancake "come to town."

Binella Ruth is about the prettiest name we've heard in a long time and it is mentioned here for the benefit of a lot of folks who are going to need names this spring. She is just as pretty and smart as her name and is a daughter of Mr. and Mrs. Hoyt Smith, and Mr. Smith is a pharmacist in the Stocking drug store.

While V. V. Johnston can prove that he did not live in Jack county, he owns up to being born near the Jack county line southwest of Bridgeport where he spent most of his younger days and had a personal acquaintance with Heien Hunt Jackson, noted writer. Yep, she came out of the blackjack and rocks of that wild wooley section, too.

Had you ever noticed that about the time folks become crazy about highway building that they begin to make up for the excess taxes by reducing the salaries of the school teachers. In other words the highways appear to be of more importance than schools.

Where Rice Straw Will Make Paper

Here is the huge paper-making plant at Orange, Texas, recently acquired by the Commercial Pulp and Paper company, which has devised a means of making paper from rice straw and will utilize Texas rice straw on a large scale for making paper in this plant. Texas rice growers have long sought a market for their straw and consider this new process a boon to the industry.

F. B. Thomas over at the feed mill reports that he feeds his fifteen hens the kind of feed he makes and sells through the advertising of the Cooper grocery. He gets 15 eggs a day and one day he got 16 eggs from the 15 hens. Well all I have to say is that hens have a right to get out of line as much as some people I happen to know.

Reports are coming in that Morgan H. Salmon is fixing up a toll gate on the highway that is crossing his farms in an effort to raise tax money to pay for extra highway taxes. This could not be verified up to the time of going to press.

How about a bang up, cracker-jack good garden this year? And stage a garden contest on top of it all.

Mrs. O. T. Smith lost her watch Sunday about noon between the Methodist church and the parsonage. If the finder knew what a fine woman she is, and how much she is worth to the country in general, and how deserving she is, that watch would be brought to her right now. There is not a better woman in Donley county from any standpoint and please take her watch back home.

CHEVROLET GIVEN GIFT PREFERENCE

Results of the Cremo cigar contest, in which winners were given their choice of any one of three makes of low-priced cars, reveal that of the 240 cars awarded, 136 were Chevrolet Sixes, 89 were Plymouths and 15 were Fords, according to records disclosed by the American Tobacco company, sponsors of the contest. The contest was conducted on a national scale, with a winner selected each week according to the merit of his cigar band essay, and he was given an optional choice of the three cars, delivered to him fully equipped. Chevrolet scored 57 per cent of the total, Plymouth 37 percent and Ford 6 per cent.

Two Chicago Bankers Prominent In Drive Against Depression

Charles G. Dawes (left), Chairman of the New Reconstruction Finance Corporation, and Melvin A. Traylor, Chicago Banker.

CHICAGO and the Middle West have a double interest in the success of the gigantic Reconstruction Finance Corporation which is now being organized in Washington following speedy action by Congress. Charles G. Dawes, whose name is almost synonymous for the business community of Chicago will sit in the driver's seat as the active head of the great \$2,000,000,000 Federal corporation just authorized by Congress. Another Chicago banker, a Democrat who is being repeatedly mentioned as a man of Presidential timber has the distinction of making a vital contribution to the initial strength and success of the Reconstruction Corporation. That man is Melvin A. Traylor, president of the First National Bank of Chicago who was the first to visualize and propose

that the Reconstruction Corporation render some service to thousands of depositors of small banks which had failed during the past two years. The gist of Mr. Traylor's proposal before a Senate Sub-Committee was that the Reconstruction Finance Corporation be authorized to make loans to closed banks as well as to financial institutions and others needing its aid. Such a step would release substantial amounts of money to depositors whose funds had been "frozen" by the failure of such banks.

Mr. Traylor's suggestion made such an impression that it was embodied in the Bill as finally passed by Congress. He, more than any other man, is responsible for the timely assistance that will now be possible for many depositors of small banks throughout the country.

party in the S. J. Dyer home Friday night. Miss Buttrill of Clarendon met with the club girls at the school house Thursday. She gave the girls a lesson on making dresses.

Mr. and Mrs. Clenton Shriggley and little son, Gilbert Dawson, of Lakeview visited her grandparents Mr. and Mrs. W. C. Veazey Sunday.

Charles Dyer and Otis Speir who have been working in St. Louis, Mo. on the Smith Bros. truck line, returned home Saturday for a visit with relatives.

Mr. and Mrs. L. H. Earthman and family, Mr. and Mrs. Gordon Gatewood and sons, Mrs. Eddings, Claude Mixon and daughter, Anna Jewell Rhodes, Bertie and Howard Stewart all attended the singing at Bray Sunday afternoon.

Literary society met Monday night. An interesting program of quartettes, readings and a debate by pupils in the sixth and seventh

grades of Mrs. Gatewood's room. The subject of the debate was: Resolved that Corn is more beneficial to mankind than Wheat. Those on the affirmative side were Louise Seago, Juanita Walling and Raymond Clemmons; those taking the negative were Mary Earthman, Ruth Rhodes and Harold Simmons.

Mr. S. W. Lowe of Clarendon gave a very interesting talk. We also had with us Mr. and Mrs. A. N. Wood and Mr. Lane of Clarendon. Mr. Wood helped us out with our singing. We appreciate these nice people coming out and helping us with our programs and invite them back with us anytime they will come.

Mr. and Mrs. A. H. Rhodes and little son, Larry Neil of Amarillo visited relatives here Monday.

Mr. M. L. Tracy of Denver, Colorado is visiting her mother, Mrs. H. Robertson who is recovering from a serious illness.

Panhandle Explosion Injures Five

Here is the scene of the downtown gas explosion at Panhandle, Texas, which resulted in injury to four people and \$50,000 damage. The blast occurred when W. H. Rogers, grocer, struck a match to look for a gas leak. Rogers, J. I. Raines, Roscoe Vance, Ed Baker, and his son, Esco Baker, were all injured, and three buildings were damaged, one being completely demolished.

A. H. Baker, representing his daughters, Mrs. M. E. Cox of Panhandle and Mrs. H. Tice of Wellington, closed a deal with Speed brothers the past week for the home erected by G. F. Keener and occupied by Lee Vaughan west of the H. Mulkey home. SIMS P. T. A. OBSERVES HUMANE WEEK

National Humane week was observed by the Sims Parent-Teacher Association when they met in the South Ward building on Tuesday with a splendid attendance.

Mrs. U. J. Boston, president, presided during the afternoon. The program opened with the P. T. A. prayer and song after which a nice program on Humane Education was presented by pupils of the fourth and fifth grades. Mrs. J. D. Stocking followed with an inspirational and instructive talk on "Education in the Home" and Rosalyn Bass closed with two of her delightful readings.

During the business session, Mr. Drennon announced that the teachers of the South Ward building would hold an open house for the patrons of the school on Friday afternoon at which time an exhibit of work done by the pupils would be held.

Miss Waldron's room received the picture for having the largest number of mothers present.

1930 NEEDLE CLUB

OUR DRY UNITED STATES

"The poet sings of sunny France,
Fair, olive-laden Spain,
The Grecian isles, Italian's smiles,
And India's torrid plain;
Of Egypt, countless ages old;
Dark Africa's palms and dates;
Let me acclaim the land I name—
Our dry United States.

"The poet sings of Switzerland,
Braw Scotland's heathered moor
The shimmering sheen of Ireland's green,
Old England's rock-bound shore,
Quaint Holland, and the Fatherland,
Their charms in verse relates;
Let me acclaim the land I name—
Our dry United States.

"I love every inch of her prairie land,
Each stone on her mountain's side;
I love every drop of the water clear
That flows in her rivers wide;
I love every tree, every blade of grass,
Within Columbia's gates.
The queen of the earth is the land
of our birth—
Our dry United States."

THANKS A LOT

The First Baptist church of Clarendon, Texas wishes to take this opportunity of expressing its appreciation to all those outside our membership who so generously opened their homes and helped to entertain the delegates and visitors in attendance at the Sunday School and Baptist Training Service convention which was held in our church last week. Special appreciation is extended to Mr. and Mrs. H. L. Brady who furnished a large number of beautiful flowers with which the church was decorated.

We are also indebted to the local newspapers for their co-operation in giving publicity and write-ups of the convention. In fact to everyone who contributed in any way in making the convention the suc-

cess that it was we extend a warm cordial THANK YOU.

First Baptist Church.

A LIGHT AROUND THE BEND
(and still on Earth.)

A better day is coming,
A morning promised long,
When truth and right with holy might,
Shall over throw the wrong.
When Christ the lord will listen,
To every plaintive sigh—
And stretch his hands o'er sea and land,
With justice by and by.

The boasts of haughty tyrants,
No more shall fill the air,
But aged and youth shall know the truth,
And speed it everywhere.
No more from want and sorrow,
Shall come the hopeless cry,
But war shall cease and perfect peace,
And perfect peace will flourish by and by.

The tidal wave is coming,
The year of jubilee;
With shout and song it sweeps along,
Like billows o'er the sea.
The jubilee of nations shall ring,
Through earth and sky,
The dawn of grace draws on apace,
It's coming, by and by.

O! for that glorious dawning,
We watch and wait and pray,
Till o'er the height, the morning light,
Shall drive the gloom away;
And when the Heavenly glory,
Shall flood the earth and sky,
We'll bless the Lord for all His works,
And praise Him by and by.

But alas the Great Darkness and the cause of which; which immediately precedes this glorious light. Neither their silver nor their gold shall be able to deliver them in the Great Day of the Lord's Indignation and wrath. Zeph 1:18.

OPEN FORUM

Clarendon, Texas.
 April 12, 1932.
 Why not circulate a petition, as they seem to be the order, asking the County Commissioners NOT to call an Election on our Highway proposition. It will cost several hundred dollars and it is very possible that there would be just as earnest workers to getting a large number of signatures as there may be on the one now being circulated. If a large number of the property owners asked them to not call it, and to tell the Highway Commission to go ahead and put the road where they want it, for they are going to do so anyway, just as long as they pay for it. I think if it was suggested to the right parties, and you know them, that it will be readily taken up. It would save the county several hundred dollars.
 Why not have a HOME GARDEN contest these times as well as a BEAUTIFUL YARD Contest? The returns might be more helpful.
 From A. M.

When Federal Liquor Agents' Guns Spat Death

"I find that a decent and law abiding citizen has been ruthlessly murdered." That is the statement of William McCraw, district attorney in Dallas, following investigation of the shooting to death of Marion McGlothlin, Dallas county country grocer, and the wounding of his wife by Federal Prohibition Agents L. C. Smith and N. D. Heaton. McGlothlin's country store was a rendezvous where the officers, posing as customers, were to meet a bootlegger and buy liquor. Mrs. McGlothlin says that their actions led her to suspect they were robbers. When she withdrew her pistol from under the counter, it was shot from her hand. McGlothlin then got his shot gun and was shot to death by the agents. McGlothlin is shown upper left; his wife, head banded where one of the officers struck her with his pistol is upper right. Below is the scene of the tragedy.

The TIRE That Taught THRIFT To MILLIONS!

FIRESTONE tires appeal to the thrifty. They give Extra Values at the lowest prices ever known.

Firestone do not manufacture tires under special brand names for mail order houses and others to distribute. Special brand tires are made without the manufacturer's name. They are sold without his guarantee or responsibility for service.

You take no chances on Firestone tires. They are silent, safe, long-wearing — and each tire bears the Firestone name, which is a guarantee of satisfactory service.

Firestone's greater economies in buying, manufacturing, and distributing make possible these greater values and lower prices.

Stop at our store today. See sections cut from Firestone tires — special brand mail order tires and others. Take these sections in your own hands — compare Quality and Construction. Then you, too, will know why — "Firestone is the tire that taught thrift to millions!"

Extra Values GUM-DIPPED CORDS

The Firestone patented Gum-Dipping process transforms the cotton cords into a strong, tough, sinewy unit. Liquid rubber penetrates every cord and coats every fiber, guarding against internal friction and heat, greatly increasing the strength of the cord body, and giving longer tire life.

TWO EXTRA CORD PLYS UNDER THE TREAD

This is a patented construction, and the two extra cord plies are so placed that you get 56% stronger bond between tread and cord body, and tests show 36% greater protection against punctures and blowouts. It sets a new standard for fire performance on high speed cars.

NON-SKID TREAD

Tough, live rubber specially compounded for long, slow wear. Scientifically designed non-skid gives greater traction and safe, quiet performance.

Chapel Program

Friday afternoon all of our grades met in the auditorium to have our usual chapel exercise. The seventh grade had charge of the program and they gave their English club program. The program was "A Tribute to the Flag." It was a very appropriate program because we had a new flag to dedicate.

The following program was given:

- Roll call—Patriotic quotations.
- Piano solo—Francis Johnson.
- Reading—Winston Nippert.
- History of Flag—Bobbie Leathers.
- Song of "Columbia Gem of the Ocean"—Class.
- Rules for use of Flag—Francis Johnson.
- Things to do and not to do with the Flag—Marie Howard.
- Song—Bobbie Leathers, Vernelle Leathers and Bernice Self.
- The makers of the Flag—Lanell Lewis.
- How we may show our love to the Flag—Bernice Self.
- What the Flag means—Vernelle Leathers.
- American Creed—Class.
- Flag Salute—Class.
- Freedom Song—Class.

This program was very good in spite of the fact that this week we had our six week's test and their time was limited.

—Oleta Camp.

Party

Miss Dona Mae Koen entertained a few of her friends with a party Saturday night, April 9, 1932. Games as "clap in and clap out," "winkum," "Fly away marriage," were enjoyed until a late hour.

Refreshments were served to Misses Aanna Belle Creamer, Vernelle Leathers, Margaret Gerner, Virginia and Jane Williams, Beatrice Hardin and hostess Dona Mae Koen. Messrs. Harold McDaniel, James Bullard, Noble Eddins, William Hardin, Philip Paten, and R. I. Moore.

All left reporting an enjoyable time.

—Beatrice Hardin

Worker's Club

The Worker's club met April 8, 1932. The president called the house to order and the minutes of the last meeting were read. As there was no old or new business to come before the house the program for the day was carried on which was a day spent with Burns.

The roll call was given with a stanza from one of Burns' poems. The life of Burns was given by Edward Morton and Effie Dean Bullard discussed him as a nature poet. Several of his poems were given and the class sang "Flow Gently Sweet Afton." At the last Oleta Camp compared Wordsworth and Burns.

After the critic's report, the program for next meeting was read.

—Lorene Howard.

"Texas Whirlwind Club"

The Texas Whirlwind club met April 7, 1932, the president in chair. The minutes of the last meeting were read and approved. The president called for business, old and new. There was no business. The following program was rendered.

- Reading—Maxine Tomlins. n.
- Piano Solo—Bobbie Leathers.
- Story—Bernice Self.
- Bibliography—Ruth Robertson.
- School rules—Vernelle Leathers.
- Song—Class.
- Impersonation of Teachers.
- Miss Potter—La Nelle Lewis.
- Mr. Waldron—Bobbie Leathers.
- Mrs. Thomasson—Vernelle Leathers.
- Mr. Thomasson—Winston Nippert.

Black Terror

Here is Midnight, the famous bronco that has never been ridden. He threw or disqualified every cowboy who tried to ride him at the Southwestern Stock show and rodeo at Fort Worth, and this photo shows the reason why.

The report of the critic was offered and the motion was made to adjourn. The house adjourned until our next regular meeting April 19, 1932.

—Marie Howard.

Programs to be Given

As our school will soon close, several programs are being planned. The pupils of Miss Stogner and Miss Taylor will have a program one night. The rest of the primary grades to the seventh will put on a program. The seventh grade will have their graduation exercises one night. And last the Seniors will have their Commencement program.

The pupils will soon begin work on these programs and we all look forward to the time when they will be given.

—Gladys Humberd.

Scenes of First Texas Lynching in Two Years

The body of Dave Tillus, Houston County negro, was found strung up to the tree (shown center) at 11 o'clock last Friday night, 15 miles from Crockett, Texas. It was the first lynching in Texas in nearly two years, 1931 having gone without a lynching. Tillus had attempted to attack a white woman, Mrs. Battie Parker (upper right). Following news of the attempted attack, the negro's employer, Arch Maples, (left) started to Crockett to place him in jail. On the way they were stopped by four white men, who hanged Tillus. Mrs. Parker's nine-year-old son, who aided her in warding Tillus off with an ax, is shown, (lower right).

If baby has COLIC

At 11 in the night, Colic! No cause for alarm if Castoria is handy. This pure vegetable preparation brings quick comfort, and can serve harm. It is the sensible thing when children are ailing. Whether it's the stomach, or the little bowels; colic or constipation; or diarrhea. When tiny tongues are coated, or the breath is bad. Whenever there's need of gentle regulation. Children love the taste of Castoria, and its mildness makes it safe for frequent use.

And a more liberal dose of Castoria is always better for growing children than strong medicine meant only for adult use.

Hold Funeral for Four Little Boys Burned to Death

Hubert, Hulon, and Herman Winn sit on the pony from left to right, and their father, Henry Winn, stands beside them. The three little boys, with their infant brother, Charles, are dead, burned beyond recognition when their father attempted to light a fire with gasoline in their farm home near Grand Saline, Texas. Winn is near death from burns in a Dallas hospital. He wants to die, now, he says, in his grief for his four children. Below are the caskets in which the four little boys were laid to rest, side by side, in the Grand Saline cemetery. Mrs. Winn was slightly burned.

SUNNYVIEW

Mr. and Mrs. Heckle Sterks and his mother, Mrs. Millard Starks returned home Saturday afternoon from Waxahachie where they were called in response to a telephone message last Wednesday morning advising them of the death of Mrs. Starks' sister, Mrs. Callie Bailey who has been seriously ill for some two or three months.

We are glad to learn that the infant baby of Mr. and Mrs. Gene Hester is doing nicely. It has been real weak and ill with the flu.

This community was shocked and saddened on Sunday evening when we heard of the sudden death of Mrs. J. C. Wood of the Martin community. She has many friends in this section and all join in sympathy for children and relatives.

Mrs. M. E. Jones of Brice is here visiting with her daughter, Mr. and Mrs. Jack Bailey and family.

Mrs. Whitt and Miss Sada Gray took their pupils to Hudgins Friday afternoon where they played a match ball game, both sides played a hard game but Hudgins won the game.

Mr. and Mrs. Guy Jones of Claude spent Saturday night and Sunday with his sister, Mr. and Mrs. Jack Bailey and family.

Capture Big Falls County Still

They do a big job of making liquor in Falls county. Not casting any aspersions, however, for the men who were making liquor in this still had just moved to Falls county and had rented a house near Martin. Sheriff M. M. Reese captured the two men, still and all, and brought to the county jail, where the photo was taken.

Sold! At \$1.53 Per Pound on the Hoof

What a succulent morsel a steak from this big fellow must be! He is the grand champion steer of the 1932 Southwestern Exposition and Fat Stock show at Fort Worth, and brought the record price of \$1.53 per pound when sold. The animal is Superior Mischief, owned by C. M. Largent and Sons of Merkel, Texas. The price netted about \$1,332 and is the highest paid at any show in the United States in the last two years.

*** CHAMBERLAIN ***

There was a god attendance at Sunday school Sunday. Most every one has dug out after being submerged in the sand storm Sunday. Truman Faulks says the sand was so thick in the air at their place that prairie dogs could be seen in the elements tumbling in.

Billie Laverne Rampy left Wednesday for Dallas where she will take treatment in the Scottish Rights sanitarium, she was accompanied by her father.

Mrs. Evans and children who has been visiting in the home of her father Mr. Dean, leaves this week for East Texas to join her husband who has a position in the oil field near Henderson.

Mr. and Mrs. Thaxton of Goodnight were guests in the Melvin Rampy home Sunday.

Jonnie Beard and family with Woodrow Moore of Wivhita Falls and Mr. Blanton of Clarendon called in the Millsap home Sunday. Mr. Beard got a wee-bit giped at the school play. He purchased 5 boxes of popcorn and only drew 4 prizes, including a sack of brand, five gallons of gas, a finger wave, and a square meal. John is a lucky dog; it is said that every dog has his day, but most of us had ours when we were pups.

Rev. R. S. McKee and R. S. Cope are attending the meeting of Dallas Presbytery this week at Crandall, Texas. They are expecting to return Thursday night.

JOHN F. GRANT

"The national government is reorganizing its executive department, and cutting expenses: New York, North Carolina, Virginia, Wisconsin, Pennsylvania and other states have already done so," said John F. Grant, Republican candidate for governor here Saturday, "but Texas government continues along the lines adopted in the oxcart days." "We have a treasurer and comptroller and auditor, none of whom knows what the other is doing. We have great departments spending many millions of dollars annually with no audit of their expenditures made. We have duplicating educational services and costs. We have prisoners for whom we must buy food and clothing, where other states succeed in having their prisoners produce food and clothing not only for themselves but for inmates of state asylums and eleemosynary institutions.

"Truly the time has come when a little common sense and efficiency should be installed at Austin. It will not be done, however, without a radical change of personnel and principal at the capital." "Business men of Texas should face the tax problems of the state; they should formulate a program of their own, one which the legislature will find it necessary to weigh carefully," declared John F. Grant.

Mr. Grant recalled that a resolution was offered in the 41st legislature providing for a joint committee of legislators and leading business men to study the Texas tax situation. This same resolution came to the floor of the 42nd legislature and met with defeat.

"The law-makers were very fearful that some one would accuse them of hob-nobbing with big business men," Mr. Grant said. "The simon-pure friends of the people we send to Austin could not afford to do that, so they killed the tax survey idea, so far as non-politicians were concerned."

"A legislative committee supposedly has been functioning in recent months, however. Possibly it has secured the views of any business men, but if so I have not been informed of the fact. In any case the men who produce the goods of this state, transport and manufacture and sell them, should make their views known to this committee, or to the legislature when next it meets."

"Unfortunately indeed was that action of the legislature which defeated the plan for a formal survey of the taxing situation by both legislators and business men. Such a survey would prove incalculable value to us to day as we face deficits and the need for raising new revenues. We can help the situation now only by voluntary action on the part of our leading private citizens. In the long run we ought to remedy it by sending a different type of legislator to Austin."

GRAND JURY REPORT

Comes now the Grand Jury duly impaneled for the March Term, A. D. 1932, of the District Court of Donley County, Texas, and submits this its final report:

1. We have been in session for four days and have inquired diligently into all violations of the law that have come to our knowledge and have heretofore returned into open court seven felony indictments, and we herewith return into open court two misdemeanor indictments.

2. We have visited the county jail and find the same in excellent condition, both as to sanitation and treatment of prisoners.

3. We recommend that the County Attorney notify all butchers in the county to comply with the laws of the state applicable to them and if they fail we recommend prosecutions of those who do not.

4. We recommend to the Com-

Asks Prison Probe After Husband's Death

A. D. Swor

A. D. Swor, prisoner at Eastham prison farm, in the Trinity river bottoms near Weldon, Texas, complained he could not work because he was sick. He was lashed by guards on official orders. Two days later he died. His wife, mother of three little children, left her small home near Port Arthur to go to prison officials and demand an investigation. Leo Simmons, manager of the Texas prison system, said that Swor's death did not result from whipping. Four prisoners from Eastham are in the prison hospital now as a result of mutilated feet, inflicted by themselves or by fellow prisoners, Simmons says, so that they might escape work at Eastham, where Captain B. B. Monzingo is in charge.

missioners' Court of Donley County, that on the next audit of the County Books the contract for the audit be let on a competitive basis as provided in Article No. 1641, Revised Civil Statutes of Texas, 1925.

5. We wish to thank the Court, the District Clerk, the District and County Attorneys, the Sheriff's Department and all Grand Jury Bailiffs for their co-operation and assistance during our deliberations.

We have finished our labors and ask that we be finally discharged. Done at Clarendon, Texas, this the 13th day of April, A. D. 1932. J. T. Patman, Foreman of the Grand Jury.

Farmers Guaranteed Higher Prices For Certain Products

Authorization Received By Local John Deere Dealer

Bennett & Sims, local John Deere dealers, advise that they have received authorization from John Deere Plow Company to put into effect immediately an offer that guarantees a higher scale of prices on varying quantities of corn, wheat, and cotton, in the purchase of John Deere tractors, combines, windrowers and threshers.

Many farmers, according to Bennett & Sims, are in need of new machines in order to produce their crops economically. They are hesitating about buying new equipment because of the fear that prevailing low prices of farm products will continue.

To meet this situation, John Deere, through its local dealers, offers guaranteed prices. If the price of corn, wheat or cotton does not reach the guaranteed price at the time payment becomes due on notes given and maturing this fall, farmers buying machines included in the offer, will receive a credit to make up the difference.

Bennett & Sims, are in position to explain in detail the workings of this offer and invites farmers interested to see them at their earliest convenience, in order that they may take advantage of this

plan now so that their production costs can be kept down to the minimum this year.

G. P. Folley Announces For Commissioner Prec. 4

Mr. Folley and daughter, Mrs. Blasingame, visited the Leader office today and while here Mr. Folley asked the Leader to announce his candidacy for the office of Commissioner from Precinct No. 4.

He has resided in Donley county sixteen years, residing at the present on what is known as the old Charley Wadkins place, the north half of which he owns. He has been farming during his residence in Donley.

Mr. Folley states that he, because of a long residence here, believes that he is acquainted with the needs of the county and the wishes of the people, and will be glad to render faithful service to the very best of his ability.

Weeklv Poem

LIFE'S ALLUREMENT

Oh, let me live in expectation Of better days that are to be— And work in sweet anticipation That Fate some day will smile on me!

And let me hold a fighting sector, Where I must drive to reach my goal—

Where I, at times, may sip Life's nectar, But not too often drain the bowl!

And when the day has left me weary,

And I have failed to touch the prize—

May I maintain an outlook cheery, And never fail to realize

The finest part of Life's attraction Lies not in climbing every slope,

Nor in that thing called "Satisfaction—

It lies in dreams, in faith, and hope!
