CITY'S PUBLIC SCHOOLS TO OPEN MONDAY MORNING

Pupils And Teachers Need Cooperation of Public To Overcome Handicaps

Due to unusual financial conditions, and the necessity for injecting more business into the school work this year, our public schools here as elsewhere, are going to be more or less handicapped. This handicap can be largely overcome by a closer cooperation of the patrons and the public, according to a leading school authority here familiar with local conditions.

All teachers and principals are to assemble at the college building at 9 a. m. Saturday, at which time teacher assignments will be made.

Mr. Burton requests all Seniors to assemble in room No. 13 at 9 a. m. Monday for registration. He urges all those contemplating this work to be present as there is likely to be several changes in schedules of study since Home Economics will be dispensed with this term.

Rev. Robt. McKee, pastor of the First Presbyterian church, will speak at the chapel period at 10 a. m.

Monday afternoon at 1 p. m., Juniors are to meet in Room No. 13, and Sophomores in Room No. 10 to work out study schedules.

Those to enter the Municipal Junior College may register in the College office any time during Monday. It is important that registration be made Monday if possible.

Pupils of the South Ward and Junior High Schools will be present in their respective rooms at 9 a. m. Monday at which time assignments will be made by room teachers.

No special program will be carried out Monday according to H. T. Burton, Superintendent of Schools.

BRUMLEY WILL REMODEL GARAGE FOR OIL FIRM

Panhandle Refining Company Takes Five Year Lease On Building

The garage building on Gorst street owned by H. C. Brumley, and occupied for several years by I. O. Noble as a garage and filling station business, is soon to be remodeled according to Mr. Brumley's statement Wednesday.

Mr. Brumley has leased the front portion of the building to the Panhandle Refining Company of Wichita Falls for a five year period, and will remodel the building for a drive-in filling station by removing the west wall of the front.

Two pumps will be maintained on the outside, and two on the inside of the driveway. General offices will be maintained in the building, the remodeling being done according to the plans of the lessee, C. R. Gambin is general agent for this district. Office rooms will be located on the east side of the building, work to begin at once.

Mr. Noble will continue with his garage business in the remaining portion of the building except that Mr. Brumley reserves floor space for his personal business. Mr. Brumley and Lon Rundell will stock tractors and implements of the Alice-Chalmers line, the two men having accepted a local agency.

Mr. Gambin, local representative for the Panhandle Refining company here, has been maintaining an office in the Bennett building south of the grain elevator of Bennett & Sims. He was formerly with the Lemons-Thompson firm here and has a wide acquaintance with that portion of the public in need of products of his firm over a wide territory. Due to his energetic drive for business, he has built up a nice legitimate clientele, many of them buying in wholesale quantities for tractors on the plains.

Mrs. Pink Hahn of Goldston visited Mrs. Lonnie Hahn Tuesday.

FOOTBALL SEASON PROMISES FANS EXCITING TIME

First Game Will Probably Be With Pampa Harvesters Says Coach Hutton

Coach Hutton arrived Tuesday from his home in Wyoming to announce that football practice would begin Monday afternoon, September 4th and that the schedule of conference games was completed unless some other town joined the league.

"We are sorry that we did not get the chance of playing the Sandies for our first game", said Coach Hutton, "but our first game will probably be played with the Pampa Harvesters which will be as good a game." Last year's game with Pampa ended with the Harvesters leading by a 7 to 6 margin.

It is believed at this time that the McLean Tigers, last season's champions, will be the toughest team to face the Bronchos in a conference tilt. The new arrangement will throw Clarendon and McLean in the same section, so a game is assured. Last year the Bronchos did not get a shot at the Tigers because they were in another section. The game will be played on the locals' home ground October 20th.

As usual Coach Hutton refused to comment on the possible strength of the prospective eleven except to the extent that it would be plenty hard competition for the vacant berths left open through graduation last spring. "Sure, we will have lots of boys coming out for the team, but what we will need is someone with the fighting spirit of Bill Greene to make the team a winning combination," Coach emphatically stated, "and we have some left from last year."

Clarendon plays two of her conference games at home and two on foreign soil. The game with Claude is a practice game. The following schedule gives the open dates which will be filled in with practice games.

Sept. 29th.—Open.
October 6th.—Wellington at Wellington.
Oct. 13th.—Claude at Clarendon
Oct. 20th.—McLean at Clarendon
Oct. 27th.—Shamrock at Shamrock.
Nov. 3rd.—Open
Nov. 11th.—Memphis at Clarendon.
Nov. 17th.—Open
Nov. 24th.—Open
Nov. 30th.—Open

Tom Latimer Buried Here Monday Afternoon

The body of Tom Latimer was returned from Levelland and buried here Monday afternoon after services were conducted at Hedley where he has a number of relatives. Mr. Latimer is said to have been killed by a gunshot fired from behind a screen door at Levelland last Saturday. The party who is alleged to have fired the shot is said to have become angered when Mr. Latimer playfully exploded a toy torpedo on the sidewalk. His assailant has been released under a \$2,500 bond according to information gained from the daily press.

Baseball Teams to Play Off Tie Monday Afternoon

A "play-off" game is scheduled for Monday afternoon at 2:30 between the Chamberlain team and McLean's crack ball team on the Brice road on the Bryson farm.

Each of these teams have made the same score of 5 to 6 in two former games. This game next Monday afternoon will be a hot one and all baseball fans in this section are expected to be present.

Soft Ball Contestants Will Picnic Next Tuesday

All of the various teams taking part in the series of soft ball games here this summer are expected to muster up each player and attend a picnic next Tuesday evening. A watermelon feed is one of the items of the outing.

Each team is expected to furnish melons to supply their number. The Courthouse will be the meeting place, and the hour is 7 p. m.

Clarendon's Part in the NRA Program

The N. R. A. plan is designed to put five million men back on payrolls in a short time.

When this is done, 20,000,000 people (assuming four to each wage earner's family) will suddenly be placed in position to buy the normal necessities of life. That means that the total trade volume of the nation will, upon the complete acceptance of this plan, be lifted by from 10 to 20 percent.

Clarendon will have a definite share in this increased prosperity to the extent that it participates in the plan, so there is a responsibility on every citizen here to cooperate to the utmost to make this gigantic national plan a complete success. Every EMPLOYER and every CONSUMER has a definite responsibility to assume.

THE EMPLOYER'S RESPONSIBILITY:

N. R. A. calls upon every employer to shorten hours of labor, so as to make room for more employees.

Each industry will before long adopt its own code which will fix the increased labor obligations to be assumed by all firms associated with that particular industry. Until that time all employers are asked to sign the President's Agreement and to meet the hours and wages established in that Agreement. This Agreement is sometimes referred to as the Blanket Code.

The success of N. R. A. therefore calls for the cooperation of EVERY EMPLOYER.

It is to the Employers self-interest to do this. Why? Because more people working, with bigger payrolls, will increase the market for his goods. Every dollar spent by an Employer now for increased payroll will return many fold as business flows from a consuming public, once more able to buy to supply its unfilled needs.

So EVERY EMPLOYER SHOULD SIGN THE PRESIDENT'S AGREEMENT AT ONCE.

THE CONSUMER'S RESPONSIBILITY:

Every individual, man and woman, who buys anything, owes it to himself and his community and to the nation, to buy only from those Employers who have taken the increased burden of increasing payrolls to bring back prosperity. This is to the self-interest of the consumer because no citizen can fail to share in this added prosperity. It will reflect itself in increased values for everything he owns. It will make his present position more secure by reversing the process of deflation.

SO EVERY CONSUMER SHOULD SIGN THE CONSUMER'S PLEDGE, which commits him to do his part in this great national economic experiment.

The duty of every citizen of Clarendon is therefore plain. The President has said:

"On the basis of this simple principle of everybody doing things together, we are starting out on this Nation-wide attack on unemployment. It will succeed if our people understand it—in the big industries, in the little shops, in the great cities and in the small villages. There is nothing complicated about it and there is nothing particularly new in the principle. It goes back to the basic idea of society and of the Nation itself that people acting in a group can accomplish things which no individual acting alone could even hope to bring about."

Clarendon must do its part in this great plan. It has never failed when the nation called and it will not fail now.

Joe Goldston, James Trent and J. R. Porter
N. R. A. Committee

FIRST MUSICAL PROGRAM SEASON TUESDAY NIGHT

Public Is Invited To Enjoy This Free Program By Home Talent

Rhodin Chase will play an informal organ-piano program at the Methodist Church, Tuesday night, September 5, at 8 o'clock.

The purpose of this program is to give all persons interested in piano or pipe organ a chance to hear Mr. Chase play. He feels that before a teacher can successfully instruct others that he should be able to play interesting and instructive musical programs himself. He will teach both piano and organ here this year.

Rhodin obtained his training on the pipe-organ while he was attending the University of Texas, five years ago. He took organ lessons for a year and a half from Mrs. Vena K. Mathews, of the Mathews School of Music, Austin. Mrs. Mathews has served 10 years as organist in St. David's Episcopal Church in Austin, and in playing accompaniments for large choral clubs, church choirs, and civic opera.

Rhodin has had a great deal of experience on various pipe-organs in Austin; Amarillo; Boulder, Colorado; and here in Clarendon he has played for weddings, funerals, and church services at the Methodist Church at such times as he was asked, and he has been the regular organist for the night services at the Presbyterian Church.

Many of the people of Clarendon no doubt have wished for just such a program as Rhodin has worked up for Tuesday evening. He will be assisted by Billie Word, tenor soloist; and Arthur Chase, piano pupil of Mrs. Elizabeth Powell.

Berceuse—Jarnefelt.
Valse Melancolique—Lehman.
Volga Boat Song—Russian Folk Song.

(Organ)
Valse Caprice—De Leone.
March Capricante—Papi Wachs.
(Piano, Rhodin Chase.)
Dark Eyes—Russian Folk Song.
Cavatina—J. Raff.
Mother Machree—Olcott and Ball.

(Organ)
Liebestraum—Franz Liszt.
The Lord's Prayer—Koerner.
(Tenor Solos, Billie Word.)
Ave Maria—F. Schubert.
Redwoods at Dawn—Victor Renton.

My Heart at Thy Sweet Voice—from Opera, "Samson & Delilah."
(Organ)
Military Polonaise—F. Chopin.
Rondo Capriccioso—Mendelssohn—Bartholdy.

(Piano, Arthur Chase, pupil of Mrs. Elizabeth Powell.)
Meditation from Opera, "Thais".
Evensong—Easthope Martin.
Hour of Devotion—Rathbun.
(Organ)

Mr. J. W. Martin and daughters Misses Helen and Mildred are visiting with his daughter Mrs. Werkerka at Elreno, Oklahoma.

Mrs. McCanne and daughters, Misses Dorothy, Joy and Marian left Wednesday for New Orleans where the girls will attend school.

Donley County Turns Down Both Repeal And Local Option By Big Majorities

Bond Issue Carries by Vote of 775 to 282. Repeal Issue Carried Over State By Majority of Over One Hundred Thousand, Fails in Donley By Margin of 182 Votes

Son of Clarendon Lady Joins Government Forces

In a letter to his mother, Mrs. J. D. Stocking, Prof. George Stocking instructor in the Department of Economics of the State University of Texas gives an interesting account of what the government is doing in the way of drafting talent for service in the various departments at this time. His letter in part reads:

"I left Texas very unexpectedly in response to a telegram from the Chairman of the Labor Advisory Board of the National Industrial Recovery Administration. Immediately upon my arrival in Washington, I began work as economic advisor to labor in the formulation of the labor provisions of the Code of Fair Competition for the Oil Industry. I have been working in this capacity day and night since. The work has been fast and exciting. I have about completed this task. Meanwhile, I have been requested to join the staff of the Committee on Government Statistics and Information. A committee sponsored by the American Statistical Association and the Social Science Research Council.

This Committee has been invited by the secretaries of Agriculture, Labor, Interior and Commerce to make a study of the interrelation and co-ordination of the statistical work of the various governmental bureaus.

I have asked the University of Texas to give me a leave of absence for next year."

Mr. Stocking is a former Clarendon boy, well known to wide circles of friends who will be glad to know that the government has seen fit to draft him into service where his talents may be of greater service to the nation at large.

Rev. McKee Is New Secretary Local Lions Club

T. D. Nored as president, presided over the deliberations of the Lions club at their regular weekly luncheon hour Tuesday. Fred Story as song leader created more enthusiasm in this respect with his enthusiastic leadership.

Rev. Robt. S. McKee, pastor of the Presbyterian church, became the secretary of the Club last Tuesday.

Chas. Garrison gave two piano numbers. Miss Rhoda Wiedman, an obliging visitor, presided at the piano during the song service.

By special request of the Club, F. W. Rathjen was requested to repeat his radio talk of the previous Friday on the local station.

A report on the crippled children work was made by Homer Mulkey.

Mrs. Beck who has been visiting her aunt, Mrs. Mark Stricklin has returned to her home at Altus, Oklahoma.

Mr. and Mrs. Sayers of Mineral Wells and granddaughter, Miss Penelphia Blocker are visiting in the John Blocker home.

More About Cotton Payment Now Long Overdue

Somehow it was generally understood that payment would be made farmers for cotton destroyed about the middle of July, or not later than August 1st.

County agent T. R. Broun is alleged to have received a letter this week from some government authority stating that "checks would be mailed from time to time thru consignment to County Agents."

In other words, it is understood at this time that the checks will be handled through the same channels, and by the same means and parties as the original papers for claims for payment of cotton destroyed by government contract.

This information is passed on to the readers of the Leader for the reason that we feel that the cotton growers are entitled to all information that can be had relative to matters that concern them.

Voters over the state Saturday wended their ways to the polls apparently with minds made up as to their intentions. No factional fights or other evidences of unlawful actions cropped out during the day. Citizenship of Texas acquitted itself in a manner that bespeaks a high order so far as behavior is concerned.

Donley county voters assumed a matter-of-fact attitude all through the campaign. That same attitude was theirs on election day. No one apparently asked for any information or desired any. Minds were firmly fixed as to the course to take on every question under consideration.

Due to a lack of poll tax payments, the vote was light. Reports from over the county came in early and the results were definitely known before midnight. There was little said about issues before the election, and still less since then.

In Clarendon 248 favored repeal of the 18th Amendment and 290 opposed. From the totals on local option it is plain that some who favored repeal were opposed to the local sale of beer. A majority of 42 opposed repeal, but a majority of 92 refused to sanction the sale of beer here, the vote being 321 to 229.

Because of its nature, the bond issue over the county carried 282 to 775. The feature of appropriating money for the destitute by bond issue to secure federal aid appealed to the good citizens of Donley county. They favored helping the helpless. It is not believed by many that any other form of bond issue would receive much consideration.

Over the county repealists lost by a majority of 182, the vote being 419 for, and 601 against according to the latest returns at the office of the County Clerk, and presumed to be accurate.

Local option lost by an even wider margin of 318 votes. Only 872 over the county favored the sale of beer within the county, while 690 opposed it.

Voting precincts having a majority favoring repeal were Giles, Jericho, Martin. Smith tied on both the repeal and local option features. Those boxes favoring local option by majority vote were Giles, Jericho, Wilson and a tie vote at Smith.

A tabulated report of each of the voting boxes of the county on the three major issues in Saturday's election appears on this page.

Some queer quirks showed up in Saturday's election. While 12 Panhandle counties voted wet, only 10 can sell beer on September 15th when the new law is to take effect.

Oldham county, of which Vega is the county seat, voted for repeal, by 151 to 59 but did not take a vote on the local option feature. Wheeler had 19 votes to spare in voting for repeal, but the vote on local option was a tie—521 each for wet and dry.

The 12 wet counties of the Panhandle are Potter, Dallham, Ociltree, Wheeler, Gray, Carson, Hartley, Oldham, Moore, Hutchinson, Lipscomb.

Over the entire state, 127 counties are dry and 108 are wet, and 19 counties part wet and partly dry.

Of the 172 counties holding local option elections Saturday, 97 voted dry and 95 favored the sale of beer.

So far as can be ascertained, not a single fight occurred during the election. No dissension of any kind marred the interesting session of the day. Voters over the state passed to and from the polls quietly. There appeared to be no animosity between either faction because of a division of opinion as to how the beer question should be handled.

In the main, the larger cities piled up the largest wet vote. Counties having a large foreign population also voted wet. West Texas maintained her dry reputation by standing almost solidly for the dry issue.

NRA TABLET IS BITTER PILL.

Despite the fact that the NRA is being "swallowed" by the public at large with every hope that it will prove to be a panacea for all financial ills, some "patients" cling to the idea of resorting to an "antidote" in the form of unfair trickery.

A hotel in Ft. Worth, for instance, is said to have discharged the colored maids and to have employed white girls. The colored girls had been paid eight dollars a week. The white girls were promised fourteen dollars a week, but were charged seven dollars a week each for a room. The hotel company thus saved one dollar per employee per week while apparently complying with the NRA rule.

Clothing houses in the larger cities with branch "factories" in Texas are found to be paying women (mostly Mexican) three and a half cents per hour for sewing dresses. The wage paid was seventy cents per dozen.

To those who are purposely unfair to labor, the NRA is a bitter pill. Their custom of grinding from human flesh every penny of profit has evidently received its first jar under the NRA.

THE BOND ISSUE AND WEST TEXAS.

In favoring the \$20,000,000 bond issue Saturday, Texas voters in the big majority voiced their confidence in the state administration. By their votes they approved the committee arrangements of the last Legislature for handling such funds.

It is to be devoutly hoped that the portion allotted to West Texas will be spent on her highways. The RFC dole system in Donley was a failure in a large measure so far as permanent improvements are concerned. The expenditure of a much larger sum in a similar manner within this county would be a failure on a gigantic scale.

Donley county needs highways—both main and lateral. Money spent here in the employment of men and teams would mean much to those who have felt keenly the effects of the oppression the past three years. Decent wages should be paid and a fair return in labor demanded. Since we shall have to repay the amount expended at some time in the future, it would be folly to expend the money in any other manner than for improvements as nearly permanent as possible.

It is to be further hoped that the Legislature will get down to business when it meets early in September, and not permit a bunch of politicians to sidetrack them to a squabble over the handling of federal funds. There is plenty to be done without going back and attempting to rehash a lot of ground covered by the last session. Most of us would like to forget that last session as soon as possible anyhow considering the amount it cost and the little that was accomplished.

HICKS LEAVE HICK TOWN.

The citizens of Hicks, a small town down in Milam county, may have never done any thing before to attract attention, but they have at this time. The citizens of Hicks are scattering to the country. They have set a precedent for citizens of other hick towns to follow.

Reading in the Rockdale Reporter, that excellent weekly owned, edited and operated largely by John Esten Cooke, that the only store is being moved to the Alexander farm. Mr. Alexander finds more need of the material on his farm than he does profit operating a store in a hick town after 25 years experience.

Mrs. Ellen Curry, we read further, is also having her town home remodeled. It is being remodeled on her farm, not on a residence lot in Hicks where it has been so long. Not content with the progress of the once busy little city, the section house is also being moved to Giddings. Railroad people get the idea too, along with the rest of the folks. Railway officials may be wondering where the town went to, but they know it escaped them.

There will come a time when factories will be located adjacent to a highway out in the rural section where corporation taxes are far less and the air purer. Hick towns will scatter to the farms where they belong. Department stores supplying all the needs of the family, home, ranch and farm will also be parked along our most traveled highways. Why travel a distance to get into a traffic jam in order to buy something? Progress is demanding these things. It is not a matter of whether we like it or not—it's coming. Hicks is at least 15 years ahead of the parade.

SENATOR SHEPPARD MAKES PROMISES.

The fact that such promises are made, does not mean anything to those who are acquainted with his past record.

Sheppard, whose home town went wet Saturday, was visited by a delegation of farmers who want to know of him why there is so much "lost motion" between the price of the raw product and the retail price of the manufactured article. For instance some fool farmer wants to know why he has to accept \$50 for a bale of cotton that is spun into spool thread and retailed back to him for over \$1100.

Senator Sheppard, whose principle was involved in the Volstead act for which he claimed principal honors, made prohibition a hobby, and to whom the recent Texas dry question became an obsession, has promised these farmer folks near his home town a hearing. In fact the Senator is going to see what can be done about it when he gets to Washington. Possibly it has never occurred to him that Texas folks have any right to expect anything of him except to hand him votes while he rides into office on his old hobby of prohibition.

The Senator has a right to be a pro. He has a right to stump the state if he wants to. He has a right to call a bunch of church women together, drink pink tea with them while he fans his careworn face with a perfumed handkerchief, but Texas needs some constructive statesmen right now who are backing the administration. Texas never before was in more need of real he-men to represent her in Washington than right now. It looks like Texas will be forced to make a change in self defense despite the precedents of the past that kept the "ins" in until they died of old age regardless of how little benefit was received at their hands.

GENIUS AND CIVIC PROGRESS.

W. W. Holcomb, better known to the world as "The World's Worst Hick," and one time connected in a nonchalant manner with the Moore County News as a "columnist," has lit at Dimmit. An enraged public is said to have caused his hasty departure from Dumas after he had failed to induce any moisture to fall over a 12-month period of weather prognosticating. Rain at Dimmit this week enabled the Hick to lay off his Moore county gas mask dust protector adopted when he tired of making a vacuum floor sweeper out of his lungs up there.

The Hick's first civic outburst in Dimmit so far as the public was cognizant took place immediately following the first rain of the year which fell the second day after the Hick "lit" there last week. Guiding a chamber of commerce committee of lethargic individuals, he made an agricultural survey of the local field. After some time spent on charts, blue prints, geodetic notes, monometers, speedometers, spectrosopes and other instruments, it was finally determined that the country was short on turnips. The innocent manner in which the committee received this information was nothing short of pathetic. There had been some suspicion all along that all was not too well with some condition in Castro county.

The call for volunteers had a resounding whack that reverberated over the plains of fair Castro. Patriotic citizens answered the call of the Hick with instruments ranging from a hoe to a road grader. Scrapers, fresnos, two-row listers and various other implements were brought forth to correct the deficit in the first deductions ever made in the bustling "City of Dreams." (A name acquired because of the daily habits of the male inhabitants.)

The likeliest spot for growing the succulent tubers (Hindu for turnips) was the courthouse lawn. With the aid of the county surveyor, to avoid encroachment upon the streets and sidewalks, the brown earth was raked together from where it had been left sprawling by the spring winds, and a terraced affair, with the aid of Dimmitt's new weather prognosticator, has since blossomed out in green. Green with the growth of the pungent vegetable that made Arkansas famous, and that will make the wind-swept Castro county "famouser." Long live the Hick—the most valuable civic animal that has ever been deported out of, or imported into any county in West Texas to date.

West Texas Utilities Signs NRA Code Agreement

Abilene, Texas, August 29.—Signing the NRA code for the 161 West Texas cities and communities in which it operates, the West Texas Utilities Company yesterday at the local postoffice pledged its support and cooperation to the program and plans of the National

Industrial Recovery Act. Pledges also were signed locally in each of the towns in which the company operates.

Changes in personnel and hours are being made at the present time, and all provisions of the agreement will be placed in effect as rapidly as possible, it was learned.

Price Campbell, president of the

West Texas Utilities Company, in commenting on his company's participation in the Blue Eagle program, said:

"The West Texas Utilities Company feels that the NRA program actually will increase purchasing power in an amount sufficient to stimulate general business. While this program adds a large new responsibility to our already heavy payroll, due to the hours required to give continuous service, we feel that the communities we serve desire that we try to carry this additional burden, together with the summation of the extra 3% tax payments to be taken off the collective shoulders of our consumers and placed on our single shoulders.

"This and other added taxes, together with the increased payroll and increased cost of supplies, creates such a very large additional burden that it can be carried only by increased income from increased consumption or increased rates. So we issue a plea to our customers to help by taking increased service, at least to the extent of the 3% decrease in cost of service by which customers will benefit when we take over the payment of the tax.

"Much of such service will come on the low steps of the rate schedules, and must occur quickly as we have only until the first of September before taking over this tax and the other additional burdens.

"The Department of Labor reports that living costs are nearly 25% above normal, or above 1913 prices, while electric rates instead of being above the normalcy line of 1913 are between 40% and 50% below that line—and nearly 70% below average living costs. General living costs now are increasing, so the difference between cost of electric service and the cost of other items of family expense soon will be far greater than at the present time.

"Few customers realize that our present rate schedules are so arranged that they can increase their service several times with only a very small addition to the total bill. The problem we must meet at once is to have our customers see this important fact, and realize the comforts and conveniences this increased service will provide at very low rates."

Blue Eagles were posted on the company's windows throughout the properties yesterday.

Mr. and Mrs. Harlan Naylor and children and Miss Barbara Smith of Mangum, Oklahoma are visiting relatives and friends in Clarendon this week.

Donley County Leader, \$1.50 a year

ANDY AND HIS SPOTS

A leopard does not change his spots; neither does Andy Mellon bow to governmental decrees now that he is no longer "the greatest treasurer since Hamilton." It would be exceedingly interesting to hear pithy phrased General Hugh Johnson and cold, unfeeling superior Andrew Mellon in conversation about NRA regulations which the Mellon aluminum interests do not accept. We imagine that Mr. Johnson would do the talking and Mr. Mellon the freezing. The aluminum monopoly presumes itself to be bigger than the U. S. Government.

It wrote its own code and said that no hearings would be necessary—"Just sign it, Mr. Johnson." Commandably, the NRA director shoved it aside. It's hard to boycott a monopoly, but the publicity which will be given Mr. Mellon ought to get under his hide if anything will. To much of big business has either run branches of the government or coerced public officials. It behooves the smaller business men to back the NRA which is their chief hope for permanently avoiding a Wall Street dictatorship.—Olin E. Hinkle in the Pampa Daily News.

The Biggest Portable Bargain ever offered A BRAND NEW REMINGTON only

HERE is the machine that sold regularly for around \$20.00. At that price it was the lowest priced, practical typewriter in the world. Thousands are now giving satisfactory service to enthusiastic users. A limited number is now offered at the astonishingly low price of \$14.95. When the present stock is gone, no more will be available.

\$14.95

This splendid portable writes in capital letters only and so requires no shift keys. It is very simple to operate. The action is smooth and natural enough to satisfy the most expert typist. Unsurpassed for childrens school work or adult writing tasks.

The Number is Limited! Act Quickly!

THE DONLEY COUNTY LEADER

TEMPLE OF TRUTH
By the Apostle

Frank Hermesmeier of near Jericho was in to see me Saturday. Frank is one of the liveliest 11-year-olds in the county. Besides all that, he has a lot of Bantams for sale at this time. He ran an ad in the Leader some months ago and practically sold out his crop. At this time he has Black Jap, white kind with black tail feathers. Hens with feather dusters on their legs, etc. He wants 25c for pullets and 15c for roosters under the NRA, because Frank is no piker.

The big trouble is that life is too short to learn all we ought to, and not long enough to learn all we have to.

Have you a keyhole seer in your community? One who hears all—sees all—tells all and then some besides. (Apologies to Fair Soap.)

This thing of destroying hogs and pigs, cotton and other stuff right now does not look like the

By L. F. Van Zelm

wise thing to do when one looks over the baby crop. Honestly, did you ever see such a baby crop since Heck was a pup? Do you at the picnic when the old settlers got together, all the middle-aged and down to the youngest mothers seemed to be carrying a baby around. Here on Saturdays, over half the population on the streets is made up of babies. It has been said that when the majority are male babies, that it is an indication of war. This is likely a joke because some female babies can grow up before you realize it and each one start a war of her own. Anyhow, so far as the NRA baby crop is concerned, Texas is backing the president to the limit.

Wilson Gray over north of the river claims to have been left out of the NRA rain code. He failed to get the early floods in the Goldston community, and the last showers have passed him up. Looks mighty bad for the old boy. Been whippin' your wife, or just fall to pay the preacher?

The fishing trip indulged in by Lester Boykin and Coach Burton this summer was more than a trip. It was a career. Lester used to sleep in the classes of the Boulder, Colo. University. It was near there that the expedition landed on the rim of a Jake well known to Lester. Late in the evening of the second day, a large trout crawled up on the bank and bit Coach on the leg. He was in the act of doing battle until Lester quietly informed him that this particular fish was a pet which he had used many years to tow his boat out in the middle of the lake to a duck blind. No other incident fit to print happened except that Coach killed a black malar. There was quite a bit of boasting by the killer until the cook's dog dug up a crow's head near the camp three days later. (P. S. This last is inside stuff and should not be repeated.)

E. J. Chenault donated the first watermelon this season. He has a big crop of them out south of Lelia.

Miss Jewell Smith becomes our Ashtola correspondent due to the resignation of Miss Mary Lovell. Miss Mary has sick folks at home and some of the family is away looking after sick folks at Dallas and elsewhere, and she simply did not have the time to get up her items as she thought she should. We are glad to have Jewell send in

the items because we feel that she will keep them up to the excellent standard set by Mary through the years that she has served her community. You folks out that way should see that Jewell gets your news items each week. Give her a helping hand because she is the kind of a girl to appreciate every courtesy shown her.

When it comes to wounding our feelings, our supposed friends carry the sharpest knives.

More people go to court for revenge than they do justice.

The College Hill widow says that some girls' ideas of a perfect husband would be a cross between Rudy Vallee and Santa Claus.

Some reptiles exhibit animal intelligence, says a radio dispatch from the Frank Hurn farm on Long Creek down in Clay county nine miles or so north of Henrietta. Doc (Robert) Hurn has a pet terrapin that comes in off the terrapin range each day for his daily rations. Doc gave him the name of "Napoleon" in his early terrapinhood days, a name that is easily recognized by his reptileship at this time. Napoleon comes up to the back door, rises on his hind legs and marches around pretty much as his namesake did in France when changing from one wife to another. This modern Napoleon also calls out the words, Doc! Doc! in a loud tone to attract the benefactor who keeps a generous supply of tomatoes, canteloupes, eggs, cucumbers, fruit salad, ice cream, home brew and other delicacies for which Napoleon has developed an uncanny appetite. He refuses to eat spinach in any form. That is the reason he is now known as Napoleon—he was christened "Popeye" in the kindergarten days of his early contact with the versatile Doc who is also a premed student of the State University.

These daily showers and moist weather in general make for ideal turnip growing conditions. The Apostle has planted radishes, turnips, mustard and rape all in the same patch. This method has been followed for the past four years with success, and is the suggestion of an old "greens" grower of Jack county. Try it.

Among those to 'donate' to the Apostolic poor farm the past week was E. M. Hott of the Chamberlain community who brought in a mighty fine lot of canteloupes. He also gave us a "gold" meated watermelon that has the best flavor of any we have eaten for some years. Thanks a lot, Mr. Hott.

Then there is old Tom Messer of McKnight who has promised us a powerful big mess of vine okra. Ours failed to sprout though we planted a hand full of seed which he gave us during the winter.

Later—Wilson H. Gray got a good rain finally. We take back all that we have said about him.

Concentrated Lie—All the soft ball games were played without a cross word or a dissenting opinion.

* NAYLOR *
* (Mrs. R. Bowlin) *

The Baptist people closed a most successful meeting Sunday night. Had Baptizing Sunday afternoon.

We are having plenty of rain. Lake Creek came very full Sunday night.

Mr. and Mrs. Ray Hefner came home Thursday from a week's visit at Reridoso, N. Mex. Ray's mother, Mrs. A. O. Hefner, who had been there all summer came home with

them. Her friends are pleased to hear that she is home again.

Mr. and Mrs. Dee Crites of Lelia Lake spent week end with the lady's parents, Mr. and Mrs. A. E. Tidrow.

Little Sidney Rhea Beach of Hedley is spending this week with his grandparents, Mr. and Mrs. Rich Bowlin.

Miss Ava Hefner left Friday for Wichita Falls, where she will work for the winter season.

Thursday afternoon the Naylor and Arnold families enjoyed a picnic at Naylor Springs. Mrs. Hall of Stratford, Mrs. Arnold's daughter being honoree.

Mr. and Mrs. Zeb Mitchell of Hedley were Sunday afternoon guests of Mr. and Mrs. Rich Bowlin.

Mr. and Mrs. F. M. Barton also Mr. Barton's sister, Miss Barton of Clarendon were Sunday guests of Mr. and Mrs. A. O. Hefner.

Mr. and Mrs. E. H. Estlack and little daughter visited with Mr. and Mrs. Rich Bowlin Sunday afternoon.

Miss Sarajo Tunnell of Midway was week end guest of Miss Alice Downing.

Mr. and Mrs. Morrison were returned from a visit to relatives at

Gainesville. They report a most pleasant visit.

Mr. and Mrs. H. W. Adams entertained at dinner Sunday. Their guests were Rev. Allen and wife, also Rev. Williams and daughter and Mrs. Arnold.

Mrs. R. E. Davis has a sister from Okla. as house guest.

Jane Kerbow is spending the week in Memphis with her aunt, Mrs. A. W. Guill.

THE SPIRIT OF '33

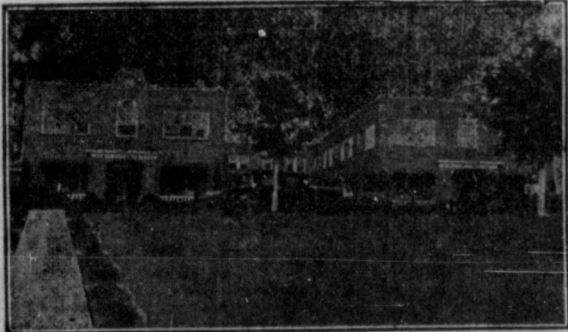

It will have a proud chapter in the history of our country—this spirit of '33! With courageous enthusiasm each phase of our business and industrial life is marching forward. The pronounced uptrend is bringing new prosperity and widespread recovery from the low level of the depression.

This bank is prepared to aid the advancement of business in this community. You will appreciate the expert financial advice and courteous service which is available to all our customers. Make this your banking headquarters.

Donley County State Bank

THE MILLING SANATORIUM

MINERAL WELLS, TEXAS

Donley County people, suffering from chronic diseases, should investigate the facilities of this wonderful Sanatorium, and the results patients have received. This information is available upon request, in booklet form, showing pictures of the \$125,000 Sanatorium, its spacious lobbies, inviting dining rooms, comfortable living quarters, and every modern convenience—together with delightful out-door features such as games, flower parks, wild game and domestic pets, and beautiful scenery. Ask about the Sanatorium from anyone that has visited MINERAL WELLS—the great Texas Health Resort.

Examinations by licensed physician. Rates \$21.00 per week and up, which includes all expenses, including room and meals. Write for booklet to H. H. Milling, Milling Sanatorium, Mineral Wells, Texas.

An Institution with a National Reputation for the Treatment of CHRONIC DISEASES

MISS ROSELYN BASS IS HONORED

Miss Sarah Virginia McGowen entertained with a bridge party at her home honoring her friend Miss Roselyn Bass on her sixteenth birthday.

Three tables of bridge were played and in the games Miss

Louise Smith won high score prize of two bottles of perfume. Miss Dortha Watson was presented with a pretty linen sport handkerchief for consolation.

Mrs. McGowen, mother of Sarah Virginia, served a lovely refreshment at the close of the games.

Those present were Misses Lavonne McMurry, Frances Sanford, Vivian Taylor, Anna Moore Swift, Louise Smith, Helen Green, Dortha Watson, Willie Maud Pratt, Avis Lee McElvany, Pauline Moriaty of Wichita Falls, Sarah Virginia McGowen.

GOSSAMER

We've watched the trend of women's clothes. From times when we'd not dare suppose

They'd ever show their ankles; From bib and tucker, flounce and frill And furbelows and bustles 'til Their mere remembrance rankles.

In after years they rolled their hose

Their pink patellas to expose Then later dropped the stocking; Dropped other garments one by one

To keep us guessing, yet it's fun To get a mild shocking.

No corset now to spoil the view Through waist of lace and peek-a-boo

Their epidermis showing; Slim silhouette, with hose of net. What they'll shed next we don't know yet

But we know something's going.—Mrs. P. R. Sheaffer, Cabot, Ark.

Mrs. Rollins and Miss Mildred Rollins of Dallas who visited her parents, Mr. and Mrs. O. W. Latson returned home (today) Thurs.

CHURCHES

FIRST PRESBYTERIAN CHURCH

Robert S. McKee, Pastor Sunday school, 9:45 a. m. Morning worship, 11 a. m. Sermon subject, "Life's Quest." Evening Bible study, 8 p. m. Please read the Gospel of Matthew.

Nonagenarian to Visit Here Over The Week End

Few men live to reach their 90th year. Still fewer have sufficient stamina left to mingle with the public in anything like a normal way. In this respect, Mr. Cal Shepherd, formerly a Clarendon citizen and who has been making his home at Panhandle for the past few years, is an exception.

Mr. and Mrs. Shepherd will be here for a visit this week end on their way to Mineral Wells and Ft. Worth where they expect to spend the winter. Mr. Shepherd will be ninety years of age Saturday of this week.

Mr. Shepherd served the South as a soldier in Lee's army during the Civil War. He was present when Lee surrendered to Grant. He has a picture of that scene, one of his most highly prized possessions, which adorns his home at this time.

Dimmitt Country Gets Heavy Rains Over The Week

Returning from the Dimmitt country Tuesday, H. C. Brumley reports all Castro county soaked with several good rains over the past week. He went out to look after his farming interests where he is having 800 acres sowed to wheat. Wheat on this acreage made an average of 12 bushels this season.

Harvest is to begin soon on 200 acres of row crops that Mr. Brumley says are as fine as he ever saw. Dick Thomas, with the aid of one helper and two tractors, is farming the two sections.

Miss Julia Cooke of El Paso is visiting her mother, Mrs. W. H. Cooke.

Mr. and Mrs. Cadenhead of Childress were guests of Mr. and Mrs. T. D. Nored Wednesday.

BILLIONS OF DOLLARS TO BE SPENT ON THE RECOVERY PROGRAM

Out of the three billion, three hundred million dollars to be spent by the Federal Government in order to restore prosperous times, a large portion of it, of course, will be spent for its administration. Or, to put it another way, millions will be used to pay for office workers, such as bookkeepers, accountants, stenographers, clerks, office assistants, etc.

The far-sighted young people will see in this plan the dawn of a new day for office workers, and will at once prepare themselves accordingly. If you have finished your high school course, communicate with us and let us tell you just how we can help you in your plans.

We will give you the benefit of our years of experience in helping young people plan their business career. For those who can pay their tuition in cash, but who do not have the funds with which to pay their board, we have a very unique plan to assist them in their finances. It is our information that we are the only business school that offers aid to students in their boarding problem.

We publish a beautifully illustrated catalog to mail to the serious minded young people. If you contemplate a business training, we would be glad to place your name on our mailing list and furnish you with the desired information about our school.

For your convenience, fill out the coupon below and we will mail you one of these catalogs immediately. Tyler Commercial College and School of Business Administration Tyler, Texas

Bankers Aiding Agriculture

State associations of bankers in many agricultural states are giving time and financial support to encourage practices among their farmers that will bring about better farm results.

The major activities reported from one state to the Agricultural Commission of the American Bankers Association which is nationally active in promoting this line of cooperation are as follows:

1. Drought relief work: Local banks have played a vital part in this work, being represented on the county committees for passing on all seed loans. These committees met practically every day during the spring to pass on the loans in order to get as quick action as possible. A total of 914 applications were received and handled by one committee, \$33 being granted.

2. Four-H club work: Bankers helped stimulate 4-H Club work, financing many members who otherwise could not have enrolled. They also helped finance fifteen 4-H Club delegates to the club convention.

3. Livestock feeding: The banks cooperated with the Extension Service in this state and the railroads in increasing the amount of livestock feeding. Assistance was given the feeders in securing finances.

4. Crop improvement: The bankers took part in the crop standardization program of the Extension Service and encouraged the farmers to use pure seed, and in many cases made loans for this purpose.

Legion Meet is Attended By Several From Here

The three-day sessions of the Legion and Auxiliary were attended by delegates to both from here. The local Auxiliary was represented by Mrs. James Trent, Mrs. B. C. Antrobus, and Mrs. Cecil Beach.

C. Huffman was chairman of the Legion committee in attendance at Wichita Falls from Sunday to Tuesday afternoon. Others attending with him were Joe Holland, Nathan Cox, C. E. Decker, Cecil Beach, Chas. Trent and Barcus Antrobus.

Mr. and Mrs. Zoro Hudson of near Pampa visited relatives here this week.

Dr. G. W. Shoffitt left today to spend an indefinite visit with relatives in Roswell. He expects to make a trip into the mountains with Elmo, Mrs. Shoffitt will accompany him on the return trip.

Baptist Pastor And Family Return Home

Following the close of a revival conducted at Moran, Rev. B. N. Shepherd is again at home in Clarendon where he will be pleased to have his church members and other friends meet him in the services next Sunday.

Mrs. Shepherd and Miss Gertrude visited relatives and friends at Stephenville, Tredell, Brady and other places while away.

Clarendon Band Concert For Friday Evening

Director Gus B. Stevenson announces the Clarendon band will appear in a concert here Friday evening at the usual place at the old Grammar School building.

These open air concerts are free to the public, each player contributing of his skill for the pleasure of those who enjoy good band music. The public is cordially invited to hear the band boys play at their best.

Baptist Revival In Progress At Martin School

A Baptist revival was begun at the Martin community school building Sunday by the pastor, Rev. Williams, Rev. S. R. McClung, former pastor of the Clarendon Baptist church, who has been conducting a revival at Dimmitt, arrived Monday and has been preaching since.

L. H. Earthman is leading the song service with Mrs. Earthman at the piano. The attendance is said to be extra good with a house capacity congregation at each service.

Donley County Leader, \$1.50 a year

* WINDY VALLEY * (Inez Skinner) * *****

Miss Eva Paulk visited relatives at Amarillo last week.

Mr. and Mrs. Odus Owens off near Hedley visited Mr. and Mrs. O. S. Lyons Friday night.

Mr. and Mrs. Ward Buchanan and children of Cleburne and Mr. Roy Buchanan of New Mexico visited Mr. and Mrs. W. H. Buchanan during last week.

Miss Lora Skinner visited Miss Jewell Morgan near Hedley Saturday night.

Mr. Othello Simmons who is working near Hedley spent Sunday with homefolks.

Mr. and Mrs. Odelle Mantooth and daughter of Goldston spent last week in the J. D. Pope home.

Miss Hazel Cole of Ashtola spent the week end with homefolks.

(Too late for last week's issue)

The revival meeting which had been in progress the past ten days closed Sunday Night. There was three additions to the Baptist Church.

Mrs. Ward Buchanan and children of Cleburne Texas are visiting Mr. and Mrs. W. H. Buchanan this week.

Miss Maude Gilliam of Hedley spent last week with Mrs. Ethel Josey.

Miss Hazel Cole went to Ashtola Saturday where she will teach this term.

Mr. and Mrs. Odelle Mantooth and daughter of Goldston visited the lady's father J. D. Pope during the week end.

Miss Darlene Lreadwell of Amarillo visited her cousin F. C. Paulk and family last week.

Miss Ruby Wood of Hudgins visited Miss Inez Skinner Sunday.

Mr. and Mrs. McHenry Lane are at home after attending school at Canyon this summer.

BRAY SCHOOL NEWS

The school spirit in the Bray school is improving in spite of the fact that some think the rural schools are doomed to destruction by the recent changes planned by the Department of Education. Most of the school life is centering around a club that was recently organized. The club met in regular session Wednesday, and planned a picnic for the club members on the next Wednesday night. A meeting was called by the President Friday

for the purpose of initiating the new members. The initiation was of three degrees. To jump blind folded over a chair, to drink some milk and to kiss the constitution. The chair was moved and the person blind folded only thought he jumped the chair. The milk was handed the blind folded person and the fold was then taken from his eyes. What a scream! The milk was in a babies bottle. Then the person was rebblind folded and had to kiss the constitution which was written in a tablet. He stooped to kiss the tablet and his face was pushed into a pan of water. The

initiation caused lots of laughter, and more outsiders are beginning to take an interest in the club. The club is going to put on a play in the near future. Everyone over twelve years of age outside of school can join the club provided they take the initiation given them.

Legionnaire Excursion Rate To A Century of Progress

Amarillo, Texas, Aug. 23.--A trip to Chicago and return at an expense of only \$5 a day is in prospect for American Legion members and their friends, as a result of arrangements made by Legionnaires who have the project in charge for the 18th District of Texas. New Mexico and Oklahoma Legionnaires are heartily invited to join the excursion and take advantage of the low rates secured.

The plans call for a special train at the time of the National Convention, Oct. 1 to 3. The trip will last eight days, seven days and six nights of which will be spent in Chicago. This allows ample time for the Century of Progress exposition and other sight-seeing, as well as attendance at the convention entertainments. Railroad fare; hotel bill in Chicago, except meals and incidentals, steamer cruise on Lake Michigan and scores of entertainment events are included in the round trip price of \$40.85 from Amarillo. Passengers boarding the train north of this city will pay slightly less. Those living south and west on the Santa Fe pay slightly more, ride the regular trains into Amarillo and join the special here.

The advantage of this low price all-expense tour are open to the general public, except for the Legion Convention entertainments, which are restricted to paid up Legionnaires and auxiliary members.

Full information concerning the trip may be obtained by writing the Legion Train Committee, P. O. Box 1472, Amarillo, Texas.

Miss Beatrice Drew of Seymour is visiting her sister, Mrs. Wilkerson.

Mrs. Manley and children who has been visiting her sister-in-law, Mrs. Allen Bryan returned to her home in Michigan the latter part of last week.

Mr. and Mrs. J. L. Naylor and little Miss Betty of Panhandle are visiting friends here this week. Mr. Naylor is a teacher in the Panhandle schools, this being his 5th year there.

DESCRIBES FARM ADJUSTMENT PLAN

Agricultural College President Seeks to Adjust Output with Reduced Exports

The Federal farm adjustment program is partly guided by the belief that export of agricultural commodities will not soon recover its volume of five or ten years ago, in the opinion of F. D. Farrell, President Kansas Agricultural College, writing in the August issue of the American Bankers Association Journal.

"Nobody knows whether the farm adjustment program will succeed," writes Mr. Farrell. "Its sponsors describe it frankly as an experiment. It seeks to socialize agriculture at least to the extent that farmers, in what is believed to be the public interest, will restrain their production activities and that processors, distributors and consumers will contribute something toward paying farmers for exercising this restraint. The adjustment programs definitely are based on the fact that prices are determined primarily by supply and demand. They also are based on the assumption that the export business in agricultural commodities will not soon return to its volume of five or ten years ago.

Dependence on Public Support

"The plan offers wheat price insurance for 1933, 1934 and 1935, for the domestically consumed portion of the wheat crop. The insured price is to be sufficiently high to give the domestically consumed portion of the wheat crop pre-war purchasing power. If the plan is as effective as its sponsors hope it will be, the reduction in supply may influence wheat prices so that the entire wheat crop will have pre-war purchasing power.

"If the adjustment program succeeds, its launching probably will mark the end of an era of extreme individualism in agriculture in the United States," says Mr. Farrell.

"Recent fundamental changes led Secretary Wallace to say, 'What we really have to do is to change the whole psychology of the people of the United States.' This is a large order. It involves the whole program of farm adjustment as well as the larger national economic program, of which farm adjustment is a part. If the people decline to participate in the program to the extent necessary to give the experiment a fair trial, we shall never know whether farm adjustment as now proposed would have succeeded or not if it had been given a fair trial."

SPORTS

By Hack

Baseball will be revived in Clarendon again Labor Day (Monday Sept. 4th) when the strong McLean team journeys over for a game with Chamberlain.

These two teams have met twice this year; each team copping one game by the same score of 6 to 5 on their home grounds.

This should be a good game and will probably be the last game of the season on the local diamond on the Brice Road.

Only a small charge is made to see the game so lets all go out and cheer for the Chamberlain lads--win or lose.

They have tried hard this year to put Clarendon on the map in the eyes of baseball fans in the surrounding territory but have received poor support from Clarendon proper. So lets give them the glad hand in what may be their last game of the season.

The Giants continue to lead in the National League by a seven game margin over Boston in second place.

Hack has liked Boston all year. If you remember about two months ago I said Boston should finish quite a bit higher in their standing. At that time they were in 5th place.

The Giants are getting some wonderful pitching and will be hard to overhaul for the lead. Tuesday Carl Hubbell turned in his ninth white wash of the present season. The Washington Senators are all but "in" with the American League penant with an 8 1/2 game lead over their rivals the Yankees.

The N Y Yankees are due for a real shake up before the beginning of another season. Ruth will probably be found in the role of player-manager of some other team and any number of the other boys will find new homes.

Football will soon be the issue in Clarendon. On almost any vacant lot these days you may see the boys who are going to try and make the team this year tossing a football.

Clarendon should have one of the best teams anywhere in the Panhandle this year. They are going to have quite a bit of new material to pick from and several of the "old stand bys" will be back again.

Memphis is going to make a strong bid for District honors this year. They are going to blast off the lid with a practice game with the Golden Sandies. They may not make much of a showing in this game. However there is a possibility that it may be quite interesting since neither team will be up to standard this early in the season.

Clarendon will have one new man on the field this year that much will be expected from; this fellow is Big Truett Behrens. He should be able with a little assistance from his team mates to win lots of games for Stocking and Hutton.

Dove season will open on Sept. 1st. In the estimation of the writer this opening season should be delayed at least 15 days. Any number of doves will be killed that are not fully feathered. You may also find young birds still in the nest.

Quite a number of hunters go hunting in their cars and shoot from the middle of the road at birds on fences and telephone wires. This is a strict violation of the law and anyone caught doing this should be punished.

Clarendon and Donley county have lots of good sports in any sport, they seem to have more in football than any other and less baseball sports. So with the coming of football and the exit of baseball there should be much joy in the ole town.

Don't forget the game Labor Day on Brice road diamond with Chamberlain booked against the McLean team.

The Clarendon H. D. Club will meet at the home of Mrs. C. D. McDowell Friday Sept. 1st at 2:30 p. m.

Mrs. T. D. Nored and children and John Bass Jr spent the week end at Wellington visiting with her parents, Mr. and Mrs. Winters.

Workmen again took up the task of dismantling the old Grammar School building this week. The materials are being stacked and will be offered for sale by the city.

Mrs. O. L. Fink returned home (today) Thursday from Ironton where she had been with her daughter Mrs. Edgar Brittain who has been suffering from a broken arm. Mrs. Brittain is reported as doing nicely.

BIG SHIPMENT FEDERAL TIRES BEFORE SEPT. 1ST

Homer McElvany of the McElvany Tire Shop told the Leader reporter Tuesday that in order to protect his customers as far as possible against the twenty per cent rise in tire prices, he had ordered one hundred and seventy-six tires from the Shook Rubber Company for delivery before September 1st when the hike in prices goes into effect.

"Although I have endeavored to keep my stock complete all summer," said Mr. McElvany, "the new shipment will give my customers the size and type of tire desired."

"The rise of raw rubber prices fifty percent and the tax on cotton together with the fact that a twenty per cent reduction was made on the price of tires some two months ago when everything was steadily climbing, makes this hike in prices necessary at this time. Since a ten per cent rise was made the last of July, this makes tires ten per cent higher than they were earlier in the summer," continued Mr. McElvany, "and I may not be able to keep my prices down very long. Absolutely, now is the time to buy your new tires."

Mrs. R. F. Morris of South Carolina and Mrs. Roberta Ryan and son of Wichita Falls are visiting in the Jim Morris home.

Homer Estlack and Bill Weatherly spent a few days of this week on the Norwood ranch near Goodnight.

Mr. W. T. Hayter spoke on Adult S. S. Work at the Methodist church at Wellington Sunday.

Miss Verna Latson of Amarillo visited home folks over the week end.

Donley County Leader, \$1.50 a year

Mrs. J. B. Baird went to Pampa Wednesday to attend to business.

Mrs. Horace Wood underwent an operation at Pampa today.

Homer Taylor is moving to Pampa this week.

Miss Delphia Bones visited Miss Margaret Hill at Amarillo last week.

Miss Laverne McMurtry has for house guest this week Miss Pauline Moriarty of Wichita Falls.

Mr. and Mrs. Vestal Mosley and children of Colorado are visiting relatives here this week.

Mr. and Mrs. J. H. Easterling have returned from a visit with relatives in Arkansas.

Mr. and Mrs. Fred Gray of Houston are visiting in the J. H. Easterling home.

Mr. and Mrs. Aubrey Talley of Silverton are visiting in the C. J. Talley home.

Mr. and Mrs. W. C. Bridges and children of Hedley were through here today on their way to Amarillo.

Ansel K. Barton, law student in Texas University, is visiting his parents, Mr. and Mrs. F. M. Barton.

Mrs. Thompson of Oklahoma City is visiting her niece, Mrs. R. Y. King.

Allen Jefferies, Fred Chamberlain and Loyd Shelton went to Ft. Worth Tuesday to investigate the cattle market.

Mr. and Mrs. Fred Buntin have returned from a visit at Ft. Worth last week. Their daughter Phoebe Ann remained for a longer visit.

Mrs. Cal Merchant and son Jack went to Sanford Monday. Jack has accepted a position with the Phillips gas company.

When The Argument Is Ended

Some one will have to repair that smashed fender—don't take it to any repair shop just because it's handy. Cool off—then recollect that Finis Harp's Auto Hospital—your repair shop—does the most satisfactory—and least expensive repair work.

Of course, it isn't necessary to wait for a smash-up to establish a need for our service. General overhauls are as necessary to your car as your own semi-annual trip to the dentist. Get our low bid on life-extension for your automobile.

BANKERS' PREPARE FARM FINANCE BOOK

Tells Bankers and Farmers What to Consider in Making Sound Loans

A book on "Making Farm Investments Safe" has been prepared by the Agricultural Commission of the American Bankers Association, summarizing material published by it during the past ten years. It presents a compendium of scientific facts, practice and experience in farming, with timely and helpful suggestions to serve as a reference and guide in the daily routine of banking and farming. From it practical workers in these fields can obtain an idea as to what extent and in what manner farm loans should be limited by soil erosion, weeds, plant diseases, rodents and fire hazards.

The book also indicates how much is added to the security of a farm loan by the farmer who keeps accounts and practices good business methods, as well as the extent to which loans are safeguarded by crop rotation, production of legumes, judicious use of commercial fertilizers, the use of quality seed and the providing of home grown feeds.

Another section sets forth the precautions that should be exercised by both the banker and farmer when negotiating loans to increase or improve dairy production, or beef, sheep, swine or poultry production, as well as what factors should be considered in the economic marketing of products and the way efficiency in production affects efficiency in marketing. Many other everyday details of farm life that have a practical financial significance are treated in the book.

Banks Repay R. F. C. Loans

Among the loans of \$2,819,000,000 made by the Federal Government through the Reconstruction Finance Corporation, the highest percentage of repayments, official reports show, has been made by the banks, indicating the return of stability as the chief unsettling element of public fear has been lifted from them.

The Reconstruction Finance Corporation has authorized cash advances, fully secured by sound collateral, to 6,278 banks since it began operations in February, 1932, and made actual disbursements to them in the amount of \$1,221,878,000. Of this amount, however, \$545,073,000, or over 44 per cent, has been repaid by the banks. All other classes of borrowers combined have repaid about 16 per cent of their loans.

LABOR DAY SEPT. 4TH

● Don't postpone getting the tires you need now. Enjoy your last summer holiday on a new set of Goodyears. Prices are still lower than they were last fall. Play safe. Before you start out, drive in and let us look over your tires.

BUY THIS TIRE

● Prices are marching up. But if you act in time you can still buy Goodyears at prices shown here—and most of them are lower than they were last fall . . . Look at this new 1933 Goodyear Pathfinder. With FULL CENTER TRACTION, 20% thicker non-skid tread, and stouter Supertwist Cord body, it turns in more miles, more blowout protection, more safety, than you could get from any tire costing four times as much a few years ago . . . Now is certainly the time to replace worn, dangerous tires with Pathfinders all around. No one can guarantee how long today's still low prices can last. We have your size. Be sure to get Goodyear quality tubes, too.

The New GOODYEAR PATHFINDER

Wake Up Your Liver Bile —Without Calomel

And You'll Jump Out of Bed in the Morning Rin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine. For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all stores. © 1931, C. M. Co.

"We Serve to Serve Again"

*** CHAMBERLAIN ***

Those visiting in the A. O. Hott home last Wednesday were: Mrs. Tom McGee and son and daughter Gib and Roxie, Mr. and Mrs. Homer Garren and children of Vanore Tenn., Mr. W. M. Townson of Vernon, Mrs. T. W. Trussell and baby of Memphis, Mr. and Mrs. G. D. Townson and family of Ashtola, Mr. and Mrs. Roy Roberson and baby, Mrs. Alice Townson and Mrs. Maggie Petterson and daughter Mary Alice all of Clarendon. All are relatives of Mrs. A. O. Hott.

Mrs. E. M. Hott and Theda Hough visited Tuesday and Wednesday of last week with Rev. and Mrs. J. H. McLaughlin at Goodnight. Monday morning the McLaughlins stopped for a short visit with Mr. and Mrs. Hott on their way home at Edmond, Okla. where Rev. McLaughlin is the pastor of the Baptist church.

Mr. and Mrs. Roy Blackman and little son have returned home from a weeks visit with Roy's father and mother who are former residents of our community.

Miss Cleo Eanes was a very successful hostess to a large number of friends Saturday night when she entertained with a party and watermelon feast.

Miss Nova Cook of Clarendon and Mrs. Theda Hough were week end guests of Miss Melba Del Warner at her country home.

Miss Annie Marie Hardin spent Saturday night with Melba Johnston.

Sunday school was held at the usual hour Sunday with 98 attending. We hope many more will be out next Sunday.

A fine rain fell here Tuesday. All the crops are looking fine.

Mr. and Mrs. Perkins and family of Olney, Texas visited Mr. and Mrs. Isham last week.

Mr. and Mrs. Bill Barbee and family visited in the home of Mr. and Mrs. Mark Putman Sunday.

Mr. and Mrs. G. G. Reeves and Mr. Self visited Mr. and Mrs. M. E. Ayres Sunday.

Miss Oneta Isham has returned home from a weeks visit with relatives at Amarillo.

Mr. A. L. Millsap of Goldston and county superintendent Sloan Baker visited our school Monday.

Doyle Brazille is visiting his sister at Amarillo.

Oran and Ernest Hott are working at Ashtola this week.

Everyone be at Sunday school Sunday.

Miss Ruth Barton, student of the Canyon school this summer and a teacher in the Seminole school in Gaines county, visited her uncle, F. M. Barton and family here this week.

ONE PERSON TALKS TO TEN MILLION PEOPLE

It is uncanny that the President can sit in the blue room of the White House and give his message to ten million people at one time. Yet, that is just what is being done.

When Marconi was spending sleepless hours trying to perfect an instrument that would carry the human voice thousands of miles through the ether, little did he realize what a contribution he was making to the world for the convenience and pleasure of the people. Marconi discovered the principle, but many thousands of others have added to and improved the original, and there is yet hidden away somewhere for others to discover, many other improvements and devices to further perfect this wonderful science.

Our School of Radio was organized for the purpose to be of help to the young man who is Radio-minded. Who knows but that you who read these lines will some day be heralded to the world as one who has added a star to his crown by the discovery of some simple device that will eliminate static, the barrier to Television.

To eliminate static means Television perfected. Then, we can not only hear the speakers, artists, orchestras, etc., but we can see them in action. Millions of dollars are spent annually in the various branches of Radio. Opportunities untold, it seems to us, are waiting for the Radio-minded young man.

For your convenience, we have one of the nicest and most up to date broadcasting studios where our students are privileged to work and learn in the very atmosphere of Radio. Do you want to be an announcer? Do you want to be a Radio engineer? Do you want to be a studio manager? Do you want to be able to do whatever you want

to do in connection with a Radio Station? Or, if you prefer to go aboard ship as ship operator, or to be an operator for the numerous airway lines, then fill in the coupon below and ask for our Radio booklet R-6, which tells you all about our School of Radio.

Tyler Commercial College and School of Business Administration

"AT EVENING TIME IT SHALL BE LIGHT."

Unknown is the author if the following poem. Harvard and Yale in vain have tried to find his or her name. Our guess, almost our conviction, is that it comes from the pen of Louis Imogen Guiney, who so carelessly was wont to sow her seeds of glory. At all events it is worthy of her whose last orison on earth was this:

"Oh, give my youth, my faith, my sword,

Choice of the earth's desire:
A short life in the saddle, Lord!
Not a long life by the fire."

But here are the verses:
Others may wish you peace and ease,

With a gentler break for the times ahead,
Silken sails upon stormless seas,
Or rose-rimmed paths where your feet may tread,

I wish you the fiber the valiant need

To drive your way through the bitter blasts;

I wish you the heart of the fighting breed

To carry through while the battle lasts.

Here and there we can rest and dream;

But most of it is a finish fight,
War to the hilt where the red flares stream
Over a field that is thick with blight.

Life, as it happens, is raw and crude,

With sin and sorrow, defeat and shame,

Where the only answer is fortitude

And the old, old courage to play the game.

I could wish you luck that was spun of gold,

With softer paths for your feet to know;

I could wish you peace through an endless fold,

With never a cloud on the azure glow.

But oh, for the heart that can meet the crash

When storms come down from the hills at dawn!

Oh, for the soul that can face the slash

When life walks in with its sabre drawn!

WE BET DICK LEFT HIS "SPECS" AT THE OFFICE

They tell a good one on Col. Dick McCarty editor of the Albany News.

He walked into the First National Bank of that city, the other morning and saw a big strapping hulk of humanity at the tellers window getting a check cashed. Looked to be about 22 or 23 years old, had on a pair of short pants, away up above his knees, a sleeveless shirt and gosh what legs.

Dick sized the stranger up as a stranger going through. He walked up to the tourist, snipped him on the shoulder, and said to him:

"Boy, we would give a million dollars for a pair of legs like yours." But, oh golly the tourist turned out to be a woman—or so they say.—Big Spring News.

Mrs. J. D. Jefferies was in a car wreck Saturday. She received a badly lacerated top lip and bruised head.

400,000 LEGION AUXILIARY WOMEN TO SUPPORT NRA.

Indianapolis, Ind., Aug. 23.—Supporting the pledge made to the government by Louis Johnson, national commander of the American Legion, to engage the million members of the Legion in the battle for economic recovery, Mrs. S. Alford Blackburn, national president of the Legion Auxiliary, has issued a call to the 400,000 members of the Auxiliary to join in the movement.

In a message sent to National Executive Committee-women and Department Presidents, the National President says:

"For more than three years you have been serving valiantly in the nation's struggle against the economic forces that have swept like

a devastating invader over our country. In your communities in every part of the land you have been helping hold the front lines against hunger and despair. By your endeavors you have contributed inestimably to the nation's welfare during this long, dark period.

"Now under the National Recovery Administration, America is moving forward to an attack on the grave problems confronting it. The key position in this advance is held by the women of the country, and the American Legion Auxiliary, as the nation's largest women's patriotic organization, must give example and leadership to the patriotic endeavors of American womanhood.

"Therefore, I am calling upon each one of you to give your full personal support to the program of the National Recovery Administration. I am urging each local Unit to offer its organized services

to the representatives of the Administration in its community. Trained as we are by long years of civic and patriotic activity, I am sure we can give powerful aid in restoring economic order.

"Sixteen years ago when our country was assailed by a foreign enemy, the women of America united behind the fighting ranks and animated by an exalted spirit of patriotism, did all within their power for the national cause. During the years that have passed since the war, that war-time spirit of service to country has been preserved in the American Legion Auxiliary. Today when an enemy, intangible but even more dangerous, is entrenched in every community, it is the Auxiliary's duty to help rekindle in the hearts of all American women a flaming patriotism that will again sweep them forward in united effort for America.

"I know that every American Legion Auxiliary member will respond loyally and energetically to this new call to the nation's service.

"I am calling 400,000 women of the American Legion Auxiliary into active service under the blue eagle of the National Recovery Administration. I am asking each

one of them to give her full personal support to the recovery program, and I am requesting each of the Auxiliary's 8,070 local Units to offer its organized services to the representatives of the National Recovery Administration in its community. The women of the American Legion Auxiliary have more than twelve years of training in civic and patriotic endeavors, and have kept alive the World War spirit of unselfish service to country. I know they will respond loyally and effectively to this new call to the nation's service."

Visitors in the R. L. Bain home this past week included Mr. and Mrs. G. H. Bain and two boys from George West, Texas, who had not been in Clarendon for seven years; Mr. and Mrs. H. E. Bain and family of Lawton, Oklahoma; Mrs. Stella Hill and family of Hedley. Six of the Bain boys and two girls and thirteen grandchildren were present Sunday.

Ancell Barton, student of the law department of the State University, came in this week for a short visit after attending the summer session in Austin. He will again spend the winter in his law studies at the University.

A Personal Message To Our Subscribers

A newspaper is an essential factor in the community life of any well ordered town. We do not make this statement because we are publishers, but because it is an accepted fact. Your newspaper brings you weekly accounts of many things—the comings and goings of your neighbors, births, deaths, social happenings, development of the community, etc.

But a certain amount of money is necessary for the continued publication of a newspaper. This is derived in two ways, of course—advertising and subscriptions. There is no need to discuss here why advertising has diminished. The reasons are too well known.

It is a fact well known to every newspaper publisher that there is no profit in subscriptions. However, the sums derived from that source go a long way toward helping to meet expenses.

Are You In Arrears?

There are many subscribers on our list who are in arrears. This is a personal appeal to you, if you are among them, please come in and pay up. Your dollar may not seem like a lot, but every bit helps.

If you do not have the cash, let us know the date you will be able to pay.

Donley County Leader

"A COUNTY-WIDE PUBLICATION"

"Tune It Up"

Those are orders—from a man who knows his way about motors. He knows that no motor will give 100% performance when hampered with a dozen little difficulties. He knows the significance that attaches to breaker points or distributor heads. He knows that a clean gas line may save a scored cylinder head. He knows that "Tune It Up" is the modern equivalent of a "stitch in time." Come in and order likewise—for safety.

RIDERS OF OLD T-ANCHOR PLAN ROUNDUP FETE

Annual Gathering To Be August 31 Near Former Ranch House

Old time Panhandle cowboys will be rounded up August 31 at Wragge's Park, a mile north of Canyon, near the site of the old T-Anchor Ranch headquarters.

"Although the old timers are thinning out, there are more than 300 left in the Panhandle," said John Arnot, president of the T-Anchor Range, organization of cowboys and "punchers" who rode the range before December 31, 1895.

For the Range Riders

It will be a basket picnic and coffee and buns will be provided.

"There will be plenty of food for the bachelor cowboys," Mr. Arnot said.

"It is not a family of old settler's picnic," said Mr. Arnot, "but is being held for the range riders of the 90's, their wives and children, but not the grand children."

The grounds will be open the night before and all who wish to come and camp may do so.

Invitation to All

"The association was organized 12 years ago to enable the old time cow boys to meet old time buddies at annual round ups, where they can talk over early days when they rode the range together," Mr. Arnot added. "I wish to extend an invitation to all of the former pioneer cowboys who live in the Panhandle," he said.

Miss Laura V. Hamner is secretary of the association.

ASHTOLA
(Miss Jewell Smith)

Bro. King closed his meeting Sunday morning. Two were Baptized after church.

Some Body is a quitter. Is it you if it is, be at Sunday school Sunday morning at 10 o'clock.

Aunt Susan Ashley is very ill at this writing.

Mr. and Mrs. Price are visiting the Ladies parents Mr. and Mrs. Drennon.

Mr. and Mrs. Elsie Gregg have returned from a several days visit at Farewell.

Mrs. Roy Chasteen is visiting her parents Mr. and Mrs. Carper.

DOROTHY DARNIT!

By Charles McManus

Mr. and Mrs. Dick Tomlinson, Mr. and Mrs. D. M. Cook spent Sunday with Mr. and Mrs. Van Knox.

Mr. and Mrs. O. A. Smith spent Sunday night and Monday in Amarillo with Mr. and Mrs. Terry.

Mr. and Mrs. Graham and family were dinner guest of Mr. and Mrs. Collier Sunday.

You should have seen the farmers Monday morning. They had a smile from ear to ear over the rain. Our crops are looking much better.

Mrs. Hardy, Grace Hardy, Mr. A. A. Smith and Jewel Smith attended to business in Memphis Tuesday.

Mr. and Mrs. Van Knox visited relatives at Lelia Lake Thursday.

There were not so many at Sunday school Sunday. Let's have a larger number next Sunday.

We enjoyed Bro. Ashley's sermons very much and sorry he could not be with us through the remainder of the meeting. He returned to his home Monday.

Mr. and Mrs. Evans, Harry and John Parker left Thursday for Chicago to see the Century of Progress.

We are glad Mr. Ben Lovell was able to be brought home Sunday from the Adair hospital.

Mr. George Warrick, Mr. A. A. Smith, Otis Smith and Louie Self visited relatives and friends at Wilson, Texas this week end.

Mrs. Lovell left for Dallas Sunday night to be with her daughter, who is ill.

Those visiting in the Graham home Sunday were Mr. and Mrs. Garland and son A. J., Helen Parker, Alberta Reed, Jewell Smith,

Tom Brown, R. H. Brown and Raymond Williams.

Mrs. O. A. Smith spent the week end with her parents at Chamberlain.

School opened Monday with a good attendance. We were glad to have Mr. Baker with us and welcome him back again. We are glad to have the same teachers we had last year and wish them a prosperous school year.

Mr. and Mrs. Harold Graham spent Sunday with Mr. and Mrs. Collier.

Miss Mary Lovell took her Sunday school class on a picnic last Wednesday. The youngsters enjoyed the day very much.

LELIA LAKE
(Mrs. H. R. King)

Mr. and Mrs. Lamar Aten left Friday for a visit with her parents in Corbin. Mr. and Mrs. Sisson returned with them to their home after visiting with Mr. and Mrs. Tyler and Mr. and Mrs. Roy Sisson for several months.

Richard Finch returned home Wednesday from attending summer school at Abilene Christian College at Abilene.

Mrs. Claude Morton spent Thursday and Friday with relatives in Amarillo.

Fannie McGowan of Clarendon has been visiting here with friends the past week.

Mr. and Mrs. Tom Durette of Tucumcari, New Mexico spent Thursday here with friends, also attending the revival services conducted by C. McClung of Ft. Worth.

Mrs. Lonie Gerner left Wednesday night for home at Dallas after visiting here with relatives.

Mrs. Frank Fowler returned to her home at Amarillo Sunday after a visit with her sister, Mrs. John Gerner. Mrs. L. J. Russell, her mother, returned with her.

Mrs. H. Wood had as guest for several days her son and family Mr. and Mrs. G. O. Wood and daughter Francis and sons Paul of Abilene and Aubury and E. Wood and wife of Austin.

Mrs. Clyde Fletcher and children

of Claude spent Friday here with friends.

Richard Finch, Morris Finch and Miss Edna Wood made a trip to Shamrock Tuesday.

Mr. and Mrs. W. L. Butler and Mr. C. H. Ellis returned Wednesday from a visit with Mr. and Mrs. W. A. Kercherville of Albuquerque, New Mexico.

Mr. and Mrs. Harry Stebbins and son Pat left Saturday for a visit with his parents at Enid, Okla.

Mr. and Mrs. Roy McGee of Amarillo spent Thursday night with his sister Mrs. Guy Taylor.

Mrs. John Hesse and son Jack came Tuesday to visit with her parents Mr. and Mrs. Knowles.

Mr. and Mrs. John Gerner returned Friday from a visit with relatives at Amarillo.

Maxine Tomlinson returned Saturday night from a several months visit with friends and relatives at Rhine and Dallas.

Elder C. McClung left Tuesday night for his home in Ft. Worth having closed a revival meeting at the Church of Christ.

Members of the Home and Garden Club met in the home of Mrs. J. A. Thompson Friday afternoon, honoring her birthday. The arrival of the ladies was a complete surprise for Mrs. Thompson.

After a few games of bridge, cream and cake was served to Mrs. Thompson and Mesdames Stebbins, Guy Taylor, S. R. Tomlinson, W. A. Tomlinson, John Gerner, Rice Batson, Cottingham, D. M. Cook, W. V. McCauley, C. G. Aten, Will Kennedy, Wilton Grounds, C. L. Lewis and H. R. King.

Mr. and Mrs. B. J. Leathers and son Leroy and Mr. and Mrs. Billie Christal returned Friday morning from a ten day stay at The Century of Progress Exposition at Chicago and points of interest while enroute.

Mrs. Newton and children of Amarillo spent Friday here as guest of Mr. and Mrs. Perry Cruise.

Miss Edna Wood spent most of the past week at W. T. S. T. C. at Canyon in a short observation course.

Monroe Sanders of Oklahoma City arrived Thursday to visit with his brother Albert Sanders and family.

Mrs. J. A. Thompson made a business trip to Claude Monday.

Mrs. Albert Tadle of Shamrock Mrs. Johnson of Quail and Owen Wood and family of Amherst left Friday after a short visit in the home of their mother Mrs. Henry Wood.

Mrs. S. R. Tomlinson and son Sam spent Sunday with relatives at Matador.

Mr. and Mrs. Lon Howard of Levelland came Thursday to visit with their parents.

M. V. Bain spent Saturday night and Sunday with his parents of Knox City. His father accompanied him home.

Mrs. Jim Reynolds spent Wednesday and Thursday as a guest of Mrs. Gilchrist of Pampa.

Mrs. J. D. Cook of Ashtola and Miss Jessie Cook of Clarendon are visiting with relatives here this week.

Mr. and Mrs. Homer Baggett and son Billie of Ft. Worth left

Tuesday morning after a visit here with his mother Mrs. Oma Baggett and sister Mrs. C. H. Reynolds and Mrs. Charles Robertson.

Misses Altha and Isabelle Knox returned Saturday night from a weeks visit with their brothers Mr. and Mrs. Hugh Knox and Noel Knox of Vega.

Noel Knox of Vega spent last week end here with parents.

Mrs. Harriet Kilgore and children moved to Goodnight Monday.

Mr. and Mrs. Wiseman of Harold left Monday after a visit in the homes of her brothers Walter and O. L. Howard and families.

Mutt Anderson of Brownfield is visiting his sister Mrs. Jim Mabery this week. He is accompanied by Tobe Landless of Brownfield.

Mr. and Mrs. Garrison who have been visiting their daughter, Mr. and Mrs. Paul Shelton and family returned to their home in Dallas (today) Thursday. Miss Pauline Shelton went home with them and will attend S. M. U. this winter.

WARNING!!!

If you should tire of me, my dear, Before I tire of you, Why I shall weep a few sad tears, As you expect me to.

But if you think that I will sit Alone at home, forsaken, Rehashing tender memories, You're pretty much mistaken.

I'll make up quite seductively, Wear gold, perhaps, or blue, I'll add alluring earrings, That I used to wear for you.

I'll put the drop of perfume Just behind my ear That invites a man to whisper Things that women like to hear.

Oh! I will be my loveliest! There's nothing that I'll lack— And then I'll do my darndest, dear, To try to get you back! —Swiped (Author unknown)

School Transportation Law Is Explained by Baker

Mr. A. A. Bullock, Chief Supervisor of Rural Schools, gives the following explanation of the transportation provisions of the Rural Aid Laws. No transportation aid will be paid within the district except on children riding a regular school bus operated by a driver who is bonded and who meets the state law concerning bus drivers. Any children living more than two miles from their school in a district where such bonded transportation is provided by the board of trustees, will be entitled to transportation aid of not more than \$1.00 per pupil per month, providing that high school children living in outlying original districts of a consolidated district will be entitled not to exceed \$2 per pupil per month for all children transported more than two miles. A transfer may not receive transportation aid if the grade to which he belongs is taught in his home district.

Offers Bargain to Those Who Will Work

There is an old adage to "sell all you can, and can what you can't." This has been followed by Mr. A. H. Baker except that portion pertaining to the sale. He has acres of peas ready to be gathered because of their ripened condition. He wants them picked or gathered on the shares—50-50 basis. He offers to take the gatherers to and from the field each day. Gather all you want, give him half and keep the other half. This generosity on the part of Mr. Baker will enable those who have no peas to get them for the labor alone. See him now before it is too late.

Mrs. Croto and daughter, Miss Inez left for Tulsa, Oklahoma Thursday after a visit with her sister, Mrs. Paul Shelton and family.

Coach John G. Hutton arrived in town Tuesday from his home in Wyoming. He attended Colorado State Agricultural College at Ft. Collins this summer and took in A Century of Progress at Chicago.

Rural News Items Left Out In Last Issue

Due to a last minute arrangement over which the make-up man had no control, the rural items from Ashtola, Chamberlain, Lelia Lake and Windy Valley were omitted from the Leader last week.

This peculiar issue of circumstances seldom happens in the Leader office, and this is the first instance in several months. We hope it shall never happen again. We had a number of inquiries about each of the several community items, and are pleased to know that the public is interested in them.

Scouts Holding Week's Camp Near Word Headquarters

Monday afternoon some twenty Boy Scouts under the supervision of Scoutmaster S. L. Tidwell and Camp Director Fred Russell left Clarendon to pitch a week's camp about two miles south of the Word headquarters.

Supervisors for the camp have been working in shifts. Tuesday George McClesky and R. E. Drennon were with the boys. Tuesday night Assistant Scoutmaster Lee Vaughn and R. A. Hay stayed with the camp. Wednesday Judge Hubert P. Day took the boys on a 14 mile observation hike. Thursday (today) Rev. B. N. Shepherd will be in charge of the camp. Tonight Scoutmaster Tidwell will be in charge of a stunt night program to which the public is cordially invited to attend.

This camp is being held for the purpose of giving the boys a better chance to pass tests for merit badges. Some of the Scouts have passed the swimming tests while at the camp.

More complete details will be given in next week's Leader.

Mrs. Simmons Powell returned home Friday night after a visit with relatives at Whitewright.

Mrs. Lonnie Hahn and small son, Alfred visited her daughter, Mrs. Andrew Watkins at McLean Friday. Miss Ruby Hahn accompanied her home after a visit with her sister.

Mrs. J. C. Hahn of Quitaque is visiting relatives and friends here this week.

Mrs. O. D. Liesberg visited her daughter, Mrs. Bob Lynch at McLean Friday.

Frank Barton, who received his M. A. degree from the B. B. A. School of State University this summer, stopped in Clarendon Wednesday on his way home at Amarillo to see Phifer Estlack.

WHAT BANKING WENT THROUGH

By JOHN H. PUELICHER
American Bankers Association

BANKING in its long career has been compelled to withstand many serious shocks, but it ran into the most perplexing entanglement of its whole history since the general breakdown of values in 1929. The commercial structure of the entire world seemed to have been shaken from its foundations and the marvel is that the banker, with everything breaking down all around him, was able to come through as he has.

General business failures, agricultural stagnation, income losses, capital losses, inability to meet debts and therefore inability of bankers to pay back depositors when loans were not paid, were the reasons, in most instances, for the bank failures.

No profession, no department of life is without its weaker elements, but had proper consideration been given to the relatively few instances in banking, had exaggerated and startling headlines been kept in true proportion, had banking not been used as a target for political self-seeking and with vote-seeking motives, had unfounded rumors not been spread the people's confidence might have been retained and far less would have been their losses.

There were factors in our banking experience which every earnest banker deploras — factors which many had worked years to eliminate, which it was fearfully recognized would aggravate any difficult days which might arise. One of the worst of these was due to political regulation which chartered many banks that should never have been.

That there have been incompetence and dishonesty in banking is admitted. That the instances that did occur were used grossly to increase fear in the public mind, we affirm. We shall continue to strive for higher attainments in our profession and strive for laws that require competence and ability in management. That we cannot legislate honesty and unselfishness into either a banker or a borrower must be conceded, but dishonesty, wherever found, should be punished. It is as true in banking as elsewhere that no matter how good the law, dishonest and incompetent men can make it ineffective. Good laws are essential. We must strive for ever better ones, but their enforcement will come only as the public recognizes that it is a matter not of laws or codes alone but of the men who administer them.

Our people must be brought to realize that the welfare of our country depends upon its banking system, that the strength of the banking system depends upon the public's faith and understanding, that the majority of banks, because of faithful service rendered, even through the whole of this general breakdown, had the right to expect the people's trust and confidence.

In every great catastrophe, no matter what its nature, no matter what its cause, someone must be crucified. The banker was this time selected. In the late 90's, political agitation started a tirade against the railroads. Some railroads may have done reprehensible things, but the agitation became so general and so violent as almost to destroy one of the fundamental factors in the progress of a country. Today the same thing has been done to the banker in spite of all that has happened, the fact remains that even most of the banks which failed are paying out infinitely better than investments in almost anything else.

Famous West Texas Editor Locates at Dimmitt

Formerly with the Moore County News, W. W. Holcomb is now editor of the Castro County News at Dimmitt, having taken over the reins there the past week.

Mr. Holcomb is one of Texas' best writers and is a trained newspaper man of much originality. His paper on the creation of a new state out of West Texas was declared to be the highlight of the Panhandle Press Convention at Amarillo this spring.

In addition to being a sane writer on newspaper topics, he also has achieved national renown through his authorship of a special column under the pseudonym of "The World's Worst Hick."

The people of that section are more than fortunate in having Mr. Holcomb at the helm of their publicity medium. His articles are both strong and convincing, while he is personally a very fine citizen fully competent to assume more than his share of the duties that devolve upon a progressive citizen in any community.

Mrs. Horace Westmorland and children are visiting her parents, Mr. and Mrs. Tom Connally.
