

The Donley County Leader

A friend to the farmer, his home and his family. A champion of his rights and a willing promoter of his interests.

Volume 5 Number 28

CLARENDON, DONLEY COUNTY, TEXAS, SEPTEMBER 14, 1933

A Common Paper For Common People

We are operating under President Roosevelt's blanket code until the Printer-Publisher code has been adopted and approved.

EDITORIAL MUSINGS

OLEN E. HINKLE, astute editor of the Pampa Daily News, and whose financial acumen is equal to the uncanny Scot, opines that "Gray county is both fortunate and unfortunate because her oil is kept bottled up. Taxpayers should note with satisfaction that orderly production will keep the oil investments intact, and the oil business, remember pays most of the county taxes."

MAX WADE of the Groom News thinks that "delinquent taxes will be paid with the wheat allotment money—if and when they get it."

T. B. O'BRYAN in the Clay County Leader calls his people to economic arms by asking them to patryze the Katy railway with passenger and freight requirements. The Katy is a pioneer developer of Texas, he says, and deserves support that it may remain self-sustaining. He might add here that the Katy has never crowded any one off into the bar pit yet, either.

DAVID M. WARREN has two timely editorials in his Panhandle Herald last week. One admonishes his readers to "build now" while material and labor are both cheap, and men need the jobs. Another reviews the return of the population back to the farm that flowed to the cities immediately following the World War.

J. W. HYATT editorializes in his Ralls Banner that "he wants to know what prices are going up, since he learns that NRA Johnson sounds a warning of higher prices. Friend Hyatt relates how wheat, cotton, hogs and about everything else down his way on the farms and ranches has gone down, he is particularly interested in knowing "what is going up."

CYRUS COLEMAN in his Henrietta Independent tells us that "After all, the boll weevil, boll worm, grasshopper and the hot winds are the greatest cotton reducers the world has ever known, and they do the job just for their board and lodging."

GRADY G. ROBERTS in his Chillicothe Valley News tritely suggests that "If you owe a bill, pay it now. If you can't pay it all, pay part of it. Do your part by your creditors. Help them to do their part."

M. B. CAVANAUGH in his Floydada Plainsman allows as how Editor Drake of Littlefield "gave the Commissioners' Court an eight-line screamer head telling his readers that the Court had granted the wishes of petitioners and had ordered a local option election for that burg. Later we learn that the town went wet, but since then General Allred has ruled that a single precinct in a county can't hold a local option election legally. That gives Editor Drake a chance at some more scream lines. Some editors are just born lucky, others have it thrust upon them, and Drake had both.

ALBERT COOPER in the Shamrock Texan tells us how extra workmen are being employed in his fair city by saying that "three workmen on the grounds of a local school held the garden hose while another directed the nozzle to water the grass."

CLYDE W. WARWICK in his Canyon News believes that "if the railroads had taken the same attitude toward rates as they now take, the bus and truck business never would have stolen the business as they now have it." Brother Warwick said a plenty and no mistake.

JUMBO HAYNES in his Round-Up column in the Floydada Hesperian says "If you want to see appreciation in its diluted form just do something for the public."

EDITOR DESKIN WELLS of the Wellington Leader who understands women and matrimony if he knows anything at all, tells his readers last week about a Chicago lady who was of the opinion that "she was doubly lucky because she had been widowed twice." Had she been a movie star with 8 to 10 grass husbands, she might have had something to brag about.

BOB HAYNES in his Miami Chief pulls off another wise crack by saying that "crazy people are put into asylums—unless they are driving cars."

N. R. A. TAKES ON NEW MEANING FOR TWO MONTHS

Ministers of Local Churches To Make Drive Backed By Their Membership

The letters, N. R. A., may mean the National Recovery Act to millions of people throughout the United States, but to the people of Clarendon they are taking on a new meaning, to them they mean, "NEWER RELIGIOUS ACTIVITIES."

The churches of the city have united their forces to put on a special "Go to Church" campaign for the months of October and November. The ministers of the city, in a joint session, held Monday morning, outlined a program for better church attendance and they are appealing to the members of the churches in Clarendon to assist them in this campaign.

Many "New Deals" are being tried throughout the world by people who are seeking health, happiness and prosperity, and the preachers of this city believe all of these things can be found and obtained, if people will obey the "code" outlined by the "Master" and His disciple many years ago. To thousands of people, this code is still "New" and it will bring results, if put into practice. "Newer Religious Activities" will solve many of the problems of life, and it is a program that all can help to put across.

Beginning with the first Sunday in October special efforts will be made and interesting programs will be arranged in all of the churches to build up a better attendance record. Vacation days are about over and it is about time for church-members to awake and get on the job and face the tasks before them. The churches of any city are its greatest assets. None would want to live in a community without churches. None have a greater duty than that of throwing the resources of our homes and lives into the movement of building up the church. Too many people who believe in the church, confine their interest to mere believing, but now is the time to put "Newer Religious Activities" to work.

Everybody in church every Lord's Day. The churches need you and you need the churches. The churches of Clarendon are expecting you to do your part.

Pat Longan has been handicapped for two weeks suffering from blood poison in his right hand starting from a scratch.

FARMERS TO GET FREE GRADING AT FITZGERALD GIN

Division Cotton Marketing Of Government Seeks To Help Cotton Grower

The Fitzgerald gin will sample each bale of cotton ginned this season and this sample will be shipped to the Dallas office of the Division of Cotton Marketing to be classed by government cotton classifiers according to the official cotton standards. The class on each individual bale will be returned to Mr. Fitzgerald, gin manager, for the benefit of his customers and this service will be furnished at no cost to them. It will give to them information which, up to the present time, the majority of farmers have not been able to secure. By possessing this information the farmer does not have to ask the cotton buyer the class of his cotton because he knows. The farmer's knowledge of the quality of his cotton places him in a better bargaining position when he is ready to market his cotton and growers of the longer staple cotton can more readily secure the premium which is their due for growing better cotton.

The Clarendon trade territory will be benefitted by this free government service in that the classification of the cotton ginned here,

(continued to back page)

Leader Subscription Rate is \$1.50

All through the trying financial period, the Leader management has done every thing possible to make it convenient for readers to keep paid up. There has at all times been a disposition to "suffer" along with our neighbors and friends. Now that conditions are getting better, the subscription rate in the trade territory is again \$1.50 which barely covers the cost of a subscription.

All subscriptions outside of the trade territory will remain at \$2 due to the excessive postage rate required of us. Please let us have your renewal today.

Revival Meeting Begins Next Sunday at Baptist Church

Rev. Douglas Carver, the popular young pastor of the White Deer Baptist church, is to do the preaching. He is well known as one of the leading pastors of Texas.

Everyone is invited to lend your help. We hope it will not only be of benefit to the Baptist church, but to the whole community. It may be to the whole community, but only to the extent that you back it.

All other organizations are asked to please leave off their activities as far as possible in cooperation with the meeting. The revival will last only two weeks, so we are asking for that much courtesy for the church and the Lord. We, as a church, try to support and cooperate with every worth while club and other organizations in the community by holding our activities to a minimum during any special activities of such organization. No one or group ever lost anything by showing a community spirit of mutual interest.

All singers are requested to help us with the singing by coming on to the choir as you come into the building. We hope to have good singing. We have ordered 100 new song books to add to the supply we already have, so all possible can be furnished with a book. Bring your instrument and help us have a good orchestra.

Please, if you are a Christian, pray for the meeting.

B. N. Shepherd, Pastor.

Week of October Designated Fire Prevention Week

The week beginning October 8th has been set aside this year by presidential proclamation as fire prevention week.

During that week special stress will be given methods in our public schools of prevention fires of every description. Special school programs have been given here in the past and such is being planned now. Churches and civic clubs will be expected to give the matter attention.

SECOND ANNUAL LEGION FEED IS HOWLING SUCCESS

Crowd is Saved Horrifying Experience of Attempts At Speech Making

The second annual "feed" of Aubyn E. Clark Post of the American Legion is now history. The gathering Tuesday night in the vacant store building next to the Antro hotel was "bigger and better" than ever before. Boys who attempted a count specified that in their judgment around 320 men, women and children were present.

Some of the boys who had experienced such events, boasted of the fact that the best part of the program was that no attempts at speech-making would be tolerated. Neighborly talks and glad handshakes characterized the crowd as one bent on celebration, free-handed and untrammelled by any "conventionalisms," as a veteran expressed himself.

Harley Skinner had donated a beef, and G. G. Reeves a mutton, the meat being barbecued under the 'expert' opinion of a committee composed of C. Huffman, Lee Johnson and T. R. Brown. The meat was good—it was all eaten before final adjournment.

The barbecue was supplemented with a general line of 'eats' supplied by the ladies which included pies, cakes, salads, cookies and many other gastronomical delicacies "too numerous to mention." Drinking material was limited to water and coffee, both being taken in the raw. Following the feed, a half carload of watermelons were eaten as a desert. (T. R. Brown counted 'em.)

Music was furnished by the Clarendon band until the building rocked to and fro with the rhythm of feet patting on the floor. Quite a number got ready to dance as Dr. Mark Stricklin strutted to the middle of the floor. It was all a mistake as to his intentions. He merely wanted to announce that he had the longest decedent present, this being in the nature of a son whom he recommended as being 6 feet 2 standing and possibly a little longer lying flat.

The exsoldier who had the fattest wife present failed to budge when family traits were being mentioned. He disqualified by saying that facing bullets and an irate wife were similar, and that so far as he was concerned, the war was over for good.

The closing ceremony consisted of singing the songs originating during war time. Ladies smiled as "Let me call you sweetheart" was wafted on the air with band accompaniment. "Over There" and "Tipperary" were prime favorites recalling to the minds of every one hectic days that we hope will never come again.

The boys put on a show of that kind in which "the flavor will re-

Mosquito Remedy At Small Cost

In speaking of the mosquito epidemic, J. W. Martin suggests that the black variety so prevalent here at this time, could be largely held in check if the refuse oil from the garages was collected and dumped into the lake.

Several others are of the opinion that the City Dads render the public a great and lasting favor by following the suggestion of Mr. Martin.

At the same time, every one should see that every vessel about the place that might hold water, is destroyed. Often an old tin can will breed plenty of pests.

School Enrollment Reaching Normal Status of 730

Through the cooperation of superintendent of schools H. T. Burton, and principal R. E. Drennon of the Junior High, the Leader is enabled to give information relative to school enrollments this week. This information has been sought by several, and for this reason the effort to secure exact data was made.

It will be noted that for the first time in the history of the local schools, the enrollment of junior and senior students is exactly the same. Another and similar incident is that the enrollment in the 7th and 8th grades is exactly the same.

The enrollment by grades: 1st, 44; 2nd, 45; 3rd, 59; 4th, 57; 5th, 63; 6th, 49; 7th, 66; 8th, 66.

The high school department has an enrollment of 77 sophomores or first year students. Juniors or second year students number 55, and the same number of third year or seniors.

The Junior College continues to maintain an enrollment of eighty-four. In comparing this enrollment with other towns much larger, it will be found that it is greater than either Wichita Falls or Amarillo junior college enrollments, according to statements of the daily press.

Clarendon's Band Master Goes to Elk City

Gus B. Stephenson's ability as a band man is again recognized by his being invited to play in a picked band at the West Oklahoma Fair at Elk City Friday, Saturday and Sunday of this week. Band men from the Panhandle and western Oklahoma are to play in this event.

main long after the date is forgotten." The special guests received special attention. Gray heads were glad to be with the "boys" and appreciated the many courtesies. The Second Annual passed into history while "a good time was had by all."

TRI-STATE FAIR FEATURES INCLUDE BIGGER VOLUME

Recognized as Southwest's Greatest Exposition Of Its Kind

The officials of the Tri-State Fair Association will throw open the gates of the Tri-State Fair, September 23rd, and keep them open for eight days, including Saturday September 30th.

Visitors to the fair this year will become familiar with what the words, "New Deal" mean.

The grounds, with larger parking facilities, new entrance, thousands of yards of gravel and caliche forming a network of sidewalks and thoroughfares; new show area; new boy and girl scout building; hundreds of new race stables; re-conditioned race track; the largest and most elaborate agricultural exhibits; displays in the Merchants building of the "New Deal" type; live-stock barns full of the world's finest-bred hogs, dairy cattle and horses; Boy and Girl Scout exhibits; school exhibits; modern implements and farm machinery; home-grown flowers; fine arts; home demonstration displays; domestic science; domestic arts; girl's club work and domestic science; literary; pet stock; poultry; the greatest exhibit of rabbits ever shown, and an old settlers day long to be remembered.

In front of the grand stand every afternoon, six big running races—a \$500.00 purse every day. Imagine the thrill when you hear them say, "They're Off!" Two big championship boxing matches, supported by up-to-date preliminaries, affording 2½ hours of the fastest-stepping sport of modern times, and two nights of fine horse showing in front of the grand stand sponsored by the Panhandle Fine Horse Association. And then to the Mid-Way! C. F. Zeiger United Shows—250 people, 15 railroad cars, 25 stellar attractions, 12 thrilling rides that thrill—the Tri-State Fair Limited—the smallest passenger-carrier steam locomotive in the world—to say nothing of the Punch and Judy Shows and the many other attractions to be found on the grounds.

As before stated, this is a "New Deal." The officials of the fair association promise that you will not be disappointed.

Mr. and Mrs. Lindsey Taylor and daughter Mary of Amarillo visited his parents, Mr. and Mrs. L. L. Taylor this week end.

DRY COUNTIES MAY HAVE BEER UNDER RULING

Attorney General Rules On 3.2 Wine And Beer For Enforcement Officers

Under a ruling made by Assistant Attorney General Hooper Wednesday, beer and wine of 3.2 alcohol may be drunk in counties which are dry under local option.

"Only manufacture, sale, barter and exchange of 3.2 beer and wines are forbidden in dry counties," the Assistant Attorney General said.

"It will be noted that the Legislature failed in the enabling act to prohibit possession and sale of wine and beer coming under the 3.2 act," he said.

Under the ruling thus made, it is claimed that one may make a purchase of 3.2 beer or wine and transport it into dry territory if such beverage purchase is restricted to the use of the purchaser.

It is further held that it is legal after tomorrow, the 15th, for a person to purchase and pay for beer in a section where it is legal, and then have it delivered to him by such agencies as railways, motor carriers, express companies, or individuals for his own personal consumption.

The ruling was made Wednesday since law enforcement officers were in a muddle as to their authority relative to liquor law enforcement under the "new deal."

DONLEY COUNTY'S HIGHWAY WORKING MAY BEGIN SOON

County Relief Committees To Register Laborers For Highway Department

Work on Donley county highways appears to be nearer a solution right now than at any time before. The Commissioners' Court this week agreed to pay the railway company \$4,000 with which to enlarge the drainage culvert on Bell creek. This is the approximate amount that it would have cost the county to go round the drainage area in the purchase of additional right-of-way. The matter of disposing of the Bell creek problem was done by and with the suggestion of a state highway engineer.

Deeds are being prepared to the right-of-way on a six mile stretch near Hedley that has been involved in a controversy for some time. All deeds from here west are on file except two, and the Court informed a Leader representative Monday that these two deeds missing were on file with the Department at Amarillo.

The routing of the highway across the county will follow the original survey south of the track. The highway from Lelia Lake east to Hedley will conform in general to the contour of the railway and touch Hedley's townsites just south of the track.

The matter of routing the highway from Hedley to the east county line has been definitely settled though a change in the piping of the Memphis water supply system may be necessary in some places.

County relief committees will register laborers, trucks and teams. These lists will in turn be supplied to the State Highway Department at their request. The prime object of road building at this time being a drought relief movement as much as any thing else.

In addition to completing highway 5 across the county, the gap on 66 Highway across the north end of the county is to be closed. When this is done, Highway 66 will have been paved from Chicago to Amarillo. The unpaved strip is 18 miles in length and is located in both Gray and Donley counties.

The highway work now beginning in the 19 counties of the Panhandle is being done through the cooperation of the Federal Bureau of Public Roads and the State Highway Department with the counties supplying the right-of-ways.

Clark Alexander Knows His Hogs And How to Fatten

Last year when Clark Alexander of the Midway community northeast of town produced eight head of choice porkers that ranged from six to nine hundred pounds, he found that it paid. Or that it paid better than anything else he had on the farm considering the low prices.

This season he has selected eleven head which he expects to "push" for the market calling for the heavier stock. Some of them are said to weigh around eight hundred pounds at this time, with several weeks yet to go before marketing.

Canyon Chamber - Commerce Sponsors College Ads

When it was found that funds were lacking for that purpose, the Canyon Chamber of Commerce came to the rescue in sponsoring the advertising for the West Texas State Teachers' College of that place. Advertising bills will be paid by the Chamber.

Advertising will be placed in weekly papers over the Panhandle that prospective pupils as well as the general public may learn more of that excellent school. Donley county sends more pupils to the College than possibly any other county of the Panhandle at this distance.

Mrs. R. A. Chunn and Mr. and Mrs. C. B. Chunn left here today to visit relatives in Oklahoma. They will visit at Mineral Wells and other places before returning.

MORE PREACHING, LESS DRINKING AT FAIR.

Tri-State Fair officials flatly refused to permit 3.2 beer concessions to invade the fair grounds this year despite the fact that Potter county is within 3.2 territory. There's a reason, as Post would say.

September 25th has been designated "Religious Day" by the Fair officials. The Ministerial Association is to provide a speaker in the evening of national reputation at 8 o'clock. This is the first time that such a program has been attempted. This is pronounced as being "one of the greatest religious programs ever attempted in the Southwest."

TRI-STATE EXPOSITION BETTER.

Not only has the name been changed from a "Fair" to that of an "Exposition," but the showings this year will be bigger and better than ever, according to Bill Lampe, president of the affair.

The dates range from September 23 to 30th. Extra dates have been provided for the Panhandle towns during the week. Any town or community will have an opportunity to "show out" in any manner they see fit. The Panhandle never does anything by halves, hence it may be taken for granted that the big show will be worth going many miles to see the sights.

DIETS OF THE GREAT AND NEAR GREAT.

Those who all along have labored under the delusion that the flavor and value of spaghetti escaped through the pores during process of manufacture, may rest assured that such is not the case. Zeke Bonura, Dallas' Italian first baseman, and the most valuable player in the Texas league this year assures the public that spaghetti and not sobriety and special training did the trick. La Bonte, one of those fellows who antagonizes us over the radio too often with his singing, is also another Italian who is "daffy" about the starchy concoction generally regarded as only fit for chicken feed. In fact both of these Italians claim credit for their achievements to the fact that spaghetti is a leading portion of their daily menus.

Just about the time that we make up our minds to resort to spaghetti without regard to the final outcome of the experiment, we learn that Charles M. Sheldon, ex editor of the Christian Herald, and yet a contributor to the magazine despite his diet, calmly advocates the use of plain bread and milk with a little cheese broken into the mess.

Dr. Sheldon's advice was taken before given, for we learn from our elders that plain cornbread and milk were much in vogue way back in the days when our nation produced women that were queens, and men that were warriors, tamed the wilderness, survived rotten whiskey, and lived to a ripe old age.

All of this merely goes to prove that diets are often a panacea for financial ills. That starvation does not stare us in the face so long as we have a cow lot and a sense of direction. Some might refuse to gulp down spaghetti until overtaken with starvation which makes the bread and milk diet the more valuable suggestion of the two even though evolved in that day when of necessity the same vessel became the dishpan, waterbucket and bathtub.

THE NRA AND RELIGION.

During the months of October and November the protestant churches of this town are to have what is termed a "Go to Church" period. The pastors, or at least the majority of them, got together Monday and talked the matter over. That people have lost a decided interest in church affairs is common knowledge, if we are to judge of them according to church attendance.

The fact that there is a lack of attendance does not signify a lack of interest. There may be potent factors, such as a matter of clothing during these stressful times. There are those who reluctantly refuse any display of poverty though it may be a "diploma of honor attained in a school of sacrifice." Then, too, let us remember that "The massive gates of circumstances are turned upon a tiny hinge."

Writing this editorial at the request of the Ministerial Alliance that they may get at least one layman's viewpoint on a few ideas, is not an easy matter. Too many subjects instantly bob up to clutter the mind. Since finances seem to be one big factor troubling our churches today, may it be suggested at this point that too many ministers fail to explain the church structure, government or financial system of the denomination which they represent. Very few church members know anything about the government of their denomination, how and where the money is spent, etc. They know still less about the number of church officials, the salaries

being paid and the duties of the various church officials.

Since, as some believe, that good people in all churches are heaven bound, would it not stand to reason that some people would want to get there by the cheapest route, and would therefore choose to affiliate with that church having the most economic financial system?

Another good sermon might be based on "Tolerance." Tolerance is one of the noblest virtues; intolerance is the guardian angel of ignorance and superstition. Whether in politics, religion or social questions the only safe course is to hear and investigate. The scriptures tell us that the Bereans were more noble than the Thessalonians because they searched the scriptures daily to see if the things preached by Paul were true. The evangelist preached a doctrine that was "gall and wormwood" to the haughty Jews—a doctrine which destroyed their pride of race and placed them on an equal footing with the Gentile dogs—a doctrine which set aside their traditions and the religions of their fathers. The Thessalonians refused to hear the preachers, but the Bereans were noble and more sensible. They heard the preachers and then searched the scriptures to ascertain whether the preachers were telling them truth or error.

A thing isn't necessarily true because we believe it is true; conscience is only a safe guide when conscience is enlightened. It is conscience that leads us to dedicate our children to the Lord; it is conscience also that leads the Hindu woman to drown her babe in the Ganges. "He that hath ears to hear let him hear."

HE-MEN vs. TEXAS MOLLYCODDLERS.

"If I'd a knew what I ort to know, I wouldn't a did what I done," would probably apply to the opinion of one Harvey Bailey, formerly a "guest" of the Dallas jail, and now a "prisoner" in an Oklahoma City jail. Having been supplied with saws with which he effected his escape from the Dallas jail, and supplied with a six shooter for protection against possible human obstructions, Bailey "borrowed" an auto from a nearby garage and beat it for Oklahoma. He got as far as Ardmore, and was furnished a police escort from there to Oklahoma City.

Now look what has happened! His attorney over in Oklahoma City complains that client Bailey has scars on him. Not only that, but he is being confined in a dark cell, surrounded by "solitary" and ornamented with shackles and handcuffs on both hands and feet, and seven machine guns trained on his cell.

Contrast that predicament with what Bailey "endured" while a guest in the Dallas jail. There is a lot of difference in being a very ordinary guest, and an extraordinary prisoner. Music, dancing and "didoes" were furnished Bailey without extra charge while a guest of the Dallas jail according to reports of the investigating committee taking a hand in the matter since Bailey deliberately and maliciously absconded without just cause, other than a strong desire to "go places and do things."

Being charged with several murders and a kidnapping or so, is mighty little to hold against a man in the Dallas jail. He was picked up off a cot while sleeping in a yard during the day on the Shannon farm near Paradise. This infraction of social etiquet is probably what occasioned the sympathy of the jail guards in Dallas. They may be short on regards for safety of human lives, but they are long on social exactions in the beautiful bastle. The fact that they failed to interest Bailey to the extent of a more extended sojourn, must be a source of keen regret to the laxly constructed guardians of Dallas' retreat for the criminals who have been grossly imposed upon by minions of the law separate and apart from the jail guards.

The fact that Bailey was surrounded by machine guns and other murderous artillery at the time he was taken in

charge from a sleeping cot, does not signify anything. The mosquitoes are as large as hoot owls down on the Trinity bottoms. We suggest this as an alibi for Judge Mathers, his attorney at Oklahoma City, who is long on alibis if anything.

Bailey is probably a prisoner in the Oklahoma City jail for keeps, or at least until a court of proper jurisdiction rules otherwise. If the cell fails to hold him, perhaps the shackles, handcuffs and machine guns will help. At any rate, those responsible for his custody are taking no chances. They regard their own lives and that of the general public as worth something.

If Bailey does not like the treatment in Oklahoma City's jail, he has no one to blame but himself. He could have staid in Dallas a while longer, enjoyed the music, dancing and other entertainment. His cell may have been cluttered up with sixshooters and saw blades had he remained indefinitely, is about the only objection that could be found to Bailey's sojourn as a guest in the Dallas jail.

Vacancies in Historic Corps

It is announced by Major P. D. Cornell, U. S. Marine Corps, that a few vacancies now existing in this famous military organization will be filled through the Marine Corps Recruiting Station at 533 St. Charles Street, New Orleans, La., during the month of October.

All applicants for enlistment must have been graduated from an accredited high school or attended an institution of higher learning, and, due to the high qualifications

required of an applicant he must be of the highest type both physically and morally.

Men enlisted at the New Orleans office, after a period of intensive training, which consists of close

and open order drills, the use of rifles, machine guns, bayonet, automatic rifles, Stokes mortars and all the other implements of modern warfare, are transferred from Parris Island, S. C., where they receive this initial training, to one of the many Marine Corps Posts at home or abroad. Many of these men, who desire to serve at sea with the Fleet are sent to the Sea School Detachment at Norfolk, Va.

Any young man desiring information about this service should write Major Cornell at the above address and he will furnish him with full information and application blanks.

A marriage license was issued last week to C. P. Darnell and Opal Saunders, both of Hedley.

Mr. and Mrs. Fred Wewerka of Pampa visited her father, J. W. Martin, and other relatives here the last of the week.

The Advantages of Banking here

Are three-fold, sound, conservative policies that insure the safety of your funds; secondly, we have a thorough knowledge of modern business practices and can offer constructive advice; and last, but not least important, is the courtesy and unfailing willingness to serve on the part of every employe.

Farmers State Bank

OUR PART

The Flag Goes Up -----

This company has subscribed to the National Recovery Act, and accepts the moral and financial responsibilities that are involved.

The Price of Electricity Comes Down!

Beginning September 1st, the 3 per cent Federal tax on domestic and commercial electric bills will no longer be paid by our customers. Hereafter the tax will be paid by the company.

THIS IS A REDUCTION IN YOUR COST FOR ELECTRICITY.

--- But it decreases our earnings from commercial and domestic use by 3 per cent. --- The National Recovery Act also subjects this company to additional operating expenses. --- Under the code for the industry which now governs this company, we are re-arranging personnel and working schedules which will result in increased payrolls.

These conditions create new, difficult and costly problems for us, but we approach them willingly, glad to contribute what we can to help the nation to better times.

YOUR PART

USE MORE ELECTRICITY In your business and in your home. Your business will be stimulated, your home will become more livable, --- and you will be playing the game.

As always, the real interests of the company and its consumers are identical. That community of interest is the foundation of the policy of the NRA. That spirit will insure its success.

TEMPLE OF TRUTH
 By the Apostle

The Apostle has been talking too much again. He has been talking when he ought to have been listening. If fish are brain food, he ought to swallow a whale. If a nut is born every minute, the clock stopped when he was born. When mention was made last issue in this column about four prominent club ladies being caught taking watermelons, and a promise to print their names this week if each of them did not hand over a Martha Washington custard, he had visions of starting a new system of racketeering. Did he succeed? He did NOT. All he got was one pie, two threats and a cold stare.

How's the 'skeeters over your way? Jim Trent caught one and bottled it single-handed that weighed a pound and four ounces and had a proboscis (Hindu for proboscis) that measured 2 inches in length. It is bottled at the Rex-all drug store under an Oklahoma system of Harvey J. Bailey guards right now. It might be the "mamma" of the bunch. If it is, Jim Trent ought to have a reward. If he had of captured it two weeks sooner, he ought to have received a pension for life. It's captor is thrown down, stepped on and butchered up by its beak something awful, but he finally whipped it into submission with the aid of a double hand full of ice picks which were the only weapons at hand when the pest made its attack on him.

Some people's idea of a successful NRA is eatin' and drinkin', fishin' and fightin', more tobacco, pretty gals, easy work and less of it, and a lot more pay.

An Oklahoma woman has been granted a divorce because her husband kicked her until she was bow-legged. Some women can't be satisfied with anything their husbands give them.

The man who is trying to find a woman who can make good bread is likely to meet up with a woman who is looking for a husband who can raise the "dough" in the hour of "knead."

Many a man has gone into business at the first "opening" only to learn that he landed in a "hole."

The fear of being old-fashioned and behind the times will force some to do things that conscience and training shrink from.

When you hear some one make a complimentary remark about an acquaintance and suddenly stop with a "but," it is nearly always a sure thing that the next statement is a lie.

People have learned to live without their incomes because they had to live without them.

Next to having a wart on the nose, is for a mother to have social ambitions and a daughter with a face as ugly as a mud fence.

Has any one in Donley county ever grown any soy beans? We mean the real soy beans like they grow over in the Oriental countries? If you have some of them, bring them in as we have a request from a firm that wants to buy soy beans grown in West Texas. They are ground and the oil extracted pretty much as it is taken from cottonseed. This oil is used in oil paints, varnish, laquers and other manufactured articles. The meal is used for food. Fiber gears, steering wheels and furniture are made from the meal also. If the bean can be grown here, we might open up an early cash crop that will beat cotton as they are more easily gathered.

And say, if you eat honey, try some of that from the Big Bend country near Alpine or Marathon, or possibly Marfa. The bees have only catclaw blossoms to work on and the honey is clear and mild and has the finest of flavors. Most

all of our advertising grocers in this issue stock it at a reasonable price.

It is hoped that the gossipers and the Almagamated Order of Bench Warmers and self-appointed Guardians of Public Morals will not adopt Johnson's code and put on a double shift.

Gordon Gatewood, principal of the Goldston school, with his family returned this week from a summer spent at Canyon where he attended school working on his degree. Mr. Gatewood graduated from a high school at 22. He worked his way after leaving the rural school just as many others have done. He says most of the teachers at Canyon this summer were on their own resources and the session was a busy one with the tom-foolery left out. Mr. Gatewood is one of the best school men in the county, and Goldston has a fine bunch of folks with which to work including the School Board.

Have you ever noticed that some people have a "blue blood" air about them? An air of proud self-respect without appearing to be a smart-aleck? Some of them come from the blue grass regions of old Kentucky, but not all of them. Most of the blue blood element of old Donley comes from Jack county, and many of them are law abiding citizens. Among that number is George Washington Beck, county commissioner from the northeast corner. Solid as a rock. Honest as the days are long. Says less and does more than any other county official, it is said. Old time cow hand and stock farmer. Follows the trade yet. The Apostle visited him last summer and arrived just in time to see this old Jack county boy hanging out the last batch of a week's washing for his wife. This is a fact backed by a "paralyzed oath" as the boys used to say. How many other fellows ever put out the family wash? Not a one. (If he has, let him come up and get his name on the honor roll) Yes sir, G. W. Beck was born and reared on Salt creek 14 miles west of Jacksboro. He owned up to the fact in the presence of the County Judge, Commissioners' Court and the Apostle, all at the same time in and during a character investigation and court of inquiry at the courthouse Monday afternoon at 2:17 p. m. o'clock. The purpose of the inquiry was started to find out if there was any stamnia, strength of character or bottom to any of the county officials in an extreme pinch. There was and is. Assessor W. A. Armstrong qualified some time ago. In fact he got real boastful about having come from Jack county. Asa Yates, the best caretaker the courtyard has ever had, also hails from the free state of Jack. He looks like it without asking him, everybody knew where he was from.

Following the above inquiry, J. Less Hawkins took exceptions. He related the fact that both he and Sam Houston had originated in Tennessee, and that his native state had supplied Texas with practically all her great men. This is the first time in history that the reputation of Jack county has ever been insulted in open court. (Just for that, Mr. Hawkins, that one-eyed assistant deputy constable down on Keechi will be around to see you.)

You school teachers having charge of the small rural schools out there are missing a great opportunity by not sending in your school news every week. Look over this issue of the Leader and see what some of our progressive rural school folks are doing. You have plenty of ability right in your school rooms to put it over in a big way. Take the lead and let those young people have a chance. We're expecting to hear from every rural school in the county this coming week. Mail your news so as to reach us not later than Tuesday night. Thank you.

One of the best carpenters in town asked to shingle some for us to pay his subscription up to date and a year ahead. If you are a shingler, and want to pay up, call 386 or come to the office. We want to be neighborly with you. Act as soon as you read this because several will be ready when you are, and all can work at the same time.

Concentrated lie—Every man disregards politics and religion in sizing up his neighbor.

J. Frank Heath of the Clarendon Furniture store made a trip to Ft. Worth the first of the week where he purchased a new stock of furniture.

CHEVROLET PAY HIKE UNDER NRA

40,000 Employees Getting 20 Per Cent More Than Last March

Chevrolet was the first automobile maker to enlist under the National Recovery Act banner. Since August 1, 40,000 employees of the Chevrolet Motor Company have been enjoying a 15 per cent increase in their hourly wage rates. This increase is in addition to the 5 per cent increase previously granted last May. Altogether, the wage raises now total 20 per cent

more than the level for last May. Salaried employees also benefited from a 10 per cent increase which became effective August 1. These recent contributions to the national drive toward prosperity are the latest in a long list of efforts Chevrolet has made to increase both wages and employment. For example, all through the depression every effort has been made to provide for regular Chevrolet workers. Through regulating hours of work per week to retail demand, and by building up parts stocks in lean seasons, it has been possible for 11 months of each year since 1929 to hold Chevrolet's payrolls within 10 per cent of the average of 32,000 men. Last July, Mr. Knudsen announced

the adoption of a five-day week with 7½ hours of work per day, making possible the addition of 4,000 employees between July 18 and August 1. Approximately 11,000 men have been added to the payroll since June 10.

SUNNY VIEW
 * (Mrs. A. M. Lanham) *

The health of this section is good. School doing nicely. Some will start picking cotton this week.

Mr. and Mrs. Lee Singletary of Wellington visited with her parents, Mr. and Mrs. Zeb Morris last week.

Mr. and Mrs. Roy Davis and son of Nashville, Tennessee are here visiting his parents, Mr. and Mrs. W. K. Davis and other relatives.

Mr. and Mrs. Sam Roberts were callers in the Lanham home Thursday afternoon.

Miss Pauline Brame returned home Saturday after spending last week with her sisters of Goldston.

Mr. and Mrs. A. M. Lanham visited with Mr. and Mrs. John Goldston and family Sunday.

Mr. and Mrs. Neal Bogard and family and Mr. and Mrs. Heckle Starks spent Sunday with Mr. and Mrs. Millard Starks. The men attended the ball game at Midway in the afternoon.

Mr. Nelson Riley has finished his new feed barn with a coat of

red paint which will preserve the lumber as well as add to the appearance.

Mrs. Lavilla Craft and daughters aWnda and Bettie Ann and her mother, Mrs. J. O. Thompson made a trip to Dallas last Thursday where she went to see after residential property. They returned home Sunday. Mrs. Craft also went to Amarillo Sunday afternoon and spent the night with her sister, Mrs. Henry Delamar.

Asa Yates and family visited his mother and other relatives at Hale Center the last of the week.

Mr. and Mrs. Clint Tinkle of Pratt, Kansas visited with Mr. and Mrs. Ben Andis the past week.

"Proud and glad to do our part"

WITH President Roosevelt's acceptance of the NRA Automobile Code, Chevrolet, the world's largest builder of motor cars, officially begins operations in accordance with the administration's recovery program.

Although the official code was signed only a few days ago, it will be of interest to Chevrolet's many friends to learn that the Chevrolet Motor Company started to carry out the spirit of today's recovery program *over three years ago!*

At that time, we put into operation a "share-the-work" plan, whereby our workmen cooperated in spreading the work to give more men jobs. By means of this plan, as well as by regulating hours of work per week to meet retail demand, and by building up parts stocks in lean seasons, it was possible to carry 33,000 men on our payroll through the depression. For eleven months of each year since 1929, we have kept our employment within 10 per cent of this average. We are justly proud of that record. We are also proud to say that Chevrolet workmen did not, at any time during the depression, become a burden on public welfare departments.

On August 1st of this year, Chevrolet announced a blanket wage increase as well as the adoption of a 7½-hour, 5-day week and the employment of 12,000 additional men. This wage increase was the second in the last 4 months, Chevrolet having been among the first to put a blanket wage increase into effect.

We feel that the President's recovery program deserves the whole-hearted support of every citizen and manufacturer in America. It is a bold, swift, courageous plan to start the ball rolling toward economic recovery. Its sincerity is unquestioned. Its objectives are admirable. And the direct, forceful steps the President and his associates are taking to make it a success, should stir the pride and admiration of every American.

We are proud and glad to do our part. And we are deeply grateful to the American people for the patronage that has enabled us to anticipate the present recovery program and to play our part today. After all, the immense number of men employed by Chevrolet is a direct result of the continued preference America has shown for Chevrolet.

B. & P. WOMEN

Members of this club met Tuesday evening. Mrs. Ruth Harris was leader. Topic was "Research." Sam Braswell spoke on the subject of "Research" and suggested plans designed to be helpful to the organization.

Roll call was answered by naming vocation and number of years employed. Lovely refreshments were served.

Guests of the Club were Miss Mary Howren and Mr. and Mrs. Sam Braswell.

Miss Mantie Graves read a communication received from Miss Lottie E. Lane recently while she was a patient in an Amarillo hospital, in which she thanked her fellow club members for flowers and "letter shower."

Members present were Julia, Helen and Rhoda Wiedman, Ida and Etta Harned, Katherine Stark, Carrie Davis, Fanny Perry, Mildred Martin, Lotta oBurland, Opal Pyle, Ruth Teat, Mantie Graves, Ruth Harris, Julia Mae Caraway, Jay, Lela Lammons, Layma Tay-

lor, Gwendolyn Couch, Norma Rhodes.

KILL KARE KNEEDLE KLUB

In rooms made beautiful for the occasion, Mrs. Harry Brumley was hostess to the Kill Kare Kneedle Klub at her home Thursday afternoon. Pot plants and cut flowers contributed a part in making the rooms more pleasant. Several hours were happily spent in sewing, talking and visiting together. A lovely refreshment course was served to special invited guests, Mmes. C. W.

Taylor, Geo. McCleskey, Leck Goldston, E. P. Shelton, L. A. Brown, G. G. Kemp, Joe Goldston, Pat Long of Houston and Mrs. C. W. Williams of Comanche. Club members, Mmes. Eva Draffin, M. L. Stricklin, S. W. Lowe, W. A. Land, W. B. Sims, H. Mulkey, F. O. Wood, Joe Cluck, W. A. Massie, Van Kennedy, M. W. Mosley, W. C. Stewart, Misses Ida and Etta Harned.

CLARENDON H. D. CLUB

The Clarendon H. D. Club will meet at the home of Mrs. Willie Morris Friday September 15th at 2:30 prompt.

FRIENDSHIP CLUB

Mrs. G. J. Teal was hostess to the members of the Friendship Club at her home Tuesday afternoon. The club was opened with prayer by Mrs. J. D. Stocking. Scripture reading, 1st Chap. James by Mrs. C. E. Lindsey. After short business session the polyantha packages were opened and viewed. Conversation and fancy needle work was also enjoyed.

A dainty salad course refreshment was served to club members, Mmes. C. R. Skinner, M. E. Thornton, J. D. Stocking, W. T. Hayter, J. E. Mongole, J. W. Rowland, J. A. Tomb, M. T. Crabtree, C. E. Lindsey, L. Ballew and Miss Katie Meaders.

The club will meet at the home of Mrs. H. Tyree Tuesday, Sept. 26th.

CAMP FIRE NEWS

The Camp Fire Girls of the 3rd troop met in their room. Almost all the members were there. Business was brought up before the troop. Afterwards they elected officers. They are: President, Kathleen Oden; Vice-president, Virginia Butler; Sec. and Treas., Nell Cook; and Reporter, Oleta Wood. They are expecting all members present next Wednesday.

LOYAL WORKERS UNION

Program for September 17, 1933. Subject—The Sympathy of Jesus. Leader—Mrs. Miller. The Breadth of the Sympathy of Jesus—Mrs. Vinson. The Sympathy of Jesus for the Hopeless—Mrs. Holtzclaw. The Sympathy of Jesus for the Multitude—Mr. Ray. The Sympathy of Jesus for the Lost—Mr. Holtzclaw. Misguided—Mrs. Cox.

MRS. BURTON'S S. S. CLASS

Mrs. C. A. Burton's S. S. Class of the Methodist church met in business and social meeting at the home of Mrs. C. E. Griggs Monday afternoon. At the business session plans were discussed and during the social hour quilt piecing kept the ladies busy until a delicious refreshment was served to 20 members.

This Letter Will Bring Joy To Fat Folks and Neuritis Sufferers

"Dear Sirs: I was so crippled with neuritis all down left side of my head and arm and both knees so swollen that I could hardly get up and down. At times my feet pained so badly I thought my toes would break off. I tried everything. The doctor told me I would be no better while I lived here but I stopped in a drug store in Brooklyn, N. Y., one day last November and the man in charge told me to take Kruschen for 3 weeks steady and I would get relief which I did. Never felt better and along with it, have lost weight. I weighed 210 then. Now I weigh 154 and while I'm over 50 years old I feel 30. I took it for one thing—got two—so I now have 6 others here taking it." Mrs. A. V. Carr, Ft. Tilden, N. Y.

"It's the little daily dose that does it" so take a half teaspoonful of Kruschen in a glass of hot water every morning before breakfast. Get Kruschen at any live drugstore in the world—a jar lasts 4 weeks and costs but a trifle.

Mrs. Joe Hastings returned from Oklahoma City Sunday where she had been in a sanatorium for several weeks.

CHURCHES

FIRST PRESBYTERIAN CHURCH

Robert S. McKee, Pastor. Sunday School, 10 a. m. Morning Worship, 11 o'clock. Sermon by pastor, "Living a Life." Evening Bible Lesson, 7:45 p. m. Read: "The Gospel of Mark." Young People's Forum, open House Monday, 7:30 p. m. Woman's Auxiliary Bible Study, Wednesday, 3 p. m.

ST. JOHN BAPTIST CHURCH

Rev. L. L. Swan, Rector. Services for "the 14th Sunday after Trinity" Sept. 17th. Holy Communion and sermon—11 a. m. Church School and Bible Class—9:45 a. m. All are cordially invited to worship with us.

SUNNYVIEW SCHOOL NEWS

By Dorothea Riley
Clarence Davis

Last Friday completed our first month of school. Everyone seems to be falling in line and to be accustomed to regular school routine. We feel that under the conditions of our present school atmosphere, we are going to go better work these coming months. After the grades were given to the students, Mr. Waldron suggested that each one was to apply his time to a better advantage, and furthermore, he insisted on a higher standard of work hereafter to those who were low scholastically.

- The following students have qualified for the honor roll by making averages of A's and B's:
- Joe Smith—1st
 - Nell Lamberson—3rd
 - Bobbie Harold Smith—3rd
 - Wayne Morris—4th
 - eJan Taylor—4th
 - Robbie Zoe Moreland—5th
 - Louise Hall—5th
 - Junior Brame—6th
 - Helen Peden—6th
 - Pauline Riley—6th
 - Irma Faye Moreland—7th
 - Dorothea Riley—7th
 - H. L. Riley—8th
 - Billy Peden—8th
 - Dollie Hall—8th.

LOCALS

Dorothea Riley spent Wednesday night with Irma Faye Moreland. Erma Lee Peninger spent Saturday night with Helen Peden. Harold and Joe Smith spent Sunday with Jack Riley. Robbie Zoe Moreland spent Saturday night with Lora Jean Meadors. N. L. and Harold McKee spent Sunday afternoon with Rogers Hester. Dollie Hall spent Sunday afternoon with Flossie Koontz. Jack Lamberson spent week end with Charles, Harley and Beryl Longan. Louise Hall spent Sunday afternoon with Otha, Oleta Koontz. Clarence Davis, one of our news reporters is absent today (Monday) Mr. and Mrs. John Naylor visited in Vernon Saturday, and spent Sunday at Medicine Park near Lawton, Oklahoma. If Annie Mae Taylor has the bell and Pauline Riley looks at her, she runs into the building. She knows Mr. aWidron does not allow wrestling in the building, because we want to keep our building in good condition. The fifth grade pupils have taken their geography examinations over on South America, but are going over it again. We all hope they will get it good this time. Francis Peden failed to make his fast walking record this morning, consequently he was late. Mr. Q. D. Davis, a board member was on the school grounds Thursday repairing the water barrel. We all regretted that Paul and Wayne Morris had to move away, but we hope they will like their new home near Wellington. Mrs. Bryan Weatherly of Amarillo is visiting Mrs. B. F. Kirtley.

ASHTOLA

(Miss Jewell Smith)

Mrs. H. W. Lovell returned to her home Tuesday after a two week stay with her daughter who has been ill.

Miss Othell Walling from Lelia Lake spent the week end with Helen Parker.

Mrs. W. A. Poovey and her mother Mrs. Blackburn have been visiting Mrs. Lee Ramsey at Tascosa. They returned Monday.

Our Sunday School seems to be declining again. Lets have more our next Sunday.

Bro. Allen is continuing his meeting on into another week. We are very glad so much interest has been shown.

The girls Sunday School Class lost in their contest, and entertained the boys with a picnic supper on the J. A. Ranch Sunday evening sponsored by their teacher Mrs. Van Knox. After many intersting games were played supper was spread. After a delicious supper we returned in time for church. All reported an enjoyable evening.

Invited guests were Mr. Knox, Mr. and Mrs. Otis Smith, and Bro. and Mrs. Allen.

Mr. Fred Benson from California is visiting friends, this being his home at one time.

Mrs. H. M. Parker from Stratford returned to her home Saturday, after spending several weeks with her daughter, Mrs. Rual Nicholes.

Miss Altha Knox from Lelia Lake visited her brother, Mr. Van Knox and family Wednesday and Thursday.

Mr. and Mrs. Sid Thomas spent the week end with her parents, Mr. and Mrs. Fox at Tell.

Mr. Loran Rhoades returned last week from Amarillo where he has been visiting relatives and friends the past month and half.

Miss Dola Fay and Alwa Gregg spent Saturday night with Vera and Doris Hatley.

Bro. Allen, Van Knox and Otis Smith attended the Baptist association at Memphis Tuesday.

Born to Mr. and Mrs. E. A. Hutto on Tuesday morning, Sept. 12th, an eight pound girl, to whom they have given the name, Zella Louise.

Facts on Food Prices

Many people erroneously believe that food prices have advanced a great deal, but according to the Department of Labor at Washington, August retail food prices are only 18% above those of April, the low point of the year. August 1933 prices are only 5.9% higher than August 1932. In other words retail food prices are only slightly higher than in 1913.

Itney-Jungle will always endeavor to keep food prices within reach of our customers.

BY ALL MEANS FINISH HIGH SCHOOL

Dr. Roberts, president of the South's most popular School of Business Training at Tyler, Texas, gives the following sane and sensible reasons why every boy and girl should avail themselves of the opportunity of receiving a high school education.

"With the facilities now provided by our various states along educational lines", says Dr. Roberts, "is there any reason why a young boy or girl should not graduate from high school?"

"Without a high school education every worth-while door of opportunity is closed and regardless of one's ambition to make further advances educationally, there is absolutely no chance. The doors of all colleges or literary schools are barred against a non-graduate. If every young person could but realize the absolute truth of the above statement, I wonder if there would not be greater interest taken in finishing the high school course."

"Let me paint a word picture of a recent case coming to my attention, which I trust will drive home to every young ambitious boy or girl who has not completed high school, to get back into high school with the opening of the fall term this year:

"A young man came into my office and related his experience to me. His parents tried to prevail upon him early in life to finish high school, but like a great number of youngsters, he could not see the wisdom of doing so. His parents' means were meager; and at that time the most they could provide for him was high school training. This lad, after finishing the ninth grade, rebelled against going any further, believing he could get by—contenting himself with the fact that his parents did not graduate from high school and that they were good, respectable citizens. This being true, why should he spend any more time in school?"

"Recently, fortune smiled upon the family of this boy and oil was discovered on the homestead, which brought them considerable wealth. It dawned upon him now that his

parents were wealthy he should like to become a physician. He inquired of me how he should go about entering the University preparatory to later entering a medical school. He found that regardless of either his wealth or new ambitions he was barred from every school in the land simply because he decided when he finished the ninth grade he had "schooling enough."

"This lad told me that if he had been sufficiently impressed with the need and importance of high school training at the time he quit school, perhaps he would have stayed in school.

"Seeing this young man's predicament and knowing this same tragedy is being enacted each year at the beginning of the high school term, I am prompted to write this with the hope that it may prevent others from doing the same foolish thing this young man did.

"In our school", continues Dr. Roberts, "the requirements are gradually being raised and this because the business men are becoming more exacting in their requirements and invariably demand that their employees must at least have

a high school education, supplemented by a good business training. Thus another door is gradually being closed to the non-graduate.

"It is my honest opinion that every pressure should be brought to bear to encourage every boy and girl to finish high school regardless of the hardships encountered.

"The various Rotary Clubs throughout the country each year just before the beginning of the fall term sponsor a "Back to School" program. The Tyler Commercial College and School of Business Administration, which I have the honor of serving as its President, very heartily concurs in the Rotary Clubs' program. After high school graduation, then a good business training in our school will give the young person an insurance policy that means protection against depressions and non-employment that is not afforded by any other similar training."

Dr. Roberts invites you to investigate the possibilities offered now to high school graduates in a good thorough business training and if you will fill in the coupon at the bottom of the current catalog, "Achieving Success in Business," it will be sent free of all charges. Address Tyler Commercial College and School of Business Administration, Tyler, Texas.

"The Code for Churches"

In these days of codes, when competitors in worldly affairs are sitting down together and agreeing how they shall co-operate to bring business recovery, have you thought how wonderful it would be if the churches would like-wise unite to promote the Kingdom of God? What a day that would be!

There would, of course, be the necessity of adopting a code—a basis on which all could co-operate. And what other basis would there be—could there be—than the Word of God, the Bible itself?

The terms of salvation? They are there, and always have been there, without change, since the establishment of the church. The creed? The Name? The Ordinances? They are all there, unchanged and unchanging.

Again we say, wouldn't it be a wonderful thing if men were as sensible about the Kingdom of God as they are about material things.

The church has accomplished but a small part of the work that it might accomplish. It has failed in part, because it has never received the whole-hearted support and co-operation of those who profess to love her.

Too many churches are forced to struggle for existence. Too many

DOROTHY DARNI

By Charles McManus

pastors are forced to preach to empty pews. Too many people who believe in the church and its program confine their interest to mere believing, they have never united their forces and resources to make the church and its program successful. They have lost sight of the fact that the real mission of the church is to fight sin and to present Jesus Christ as the World's only Saviour.

God knew that He was assigning a great task to man-kind when He sent forth His Son to declare the terms of reconciliation, and He also knew that men could accomplish the task if they would co-operate

in the movement. He knew that laws or codes would be needed, so He inspired men of old, to set forth the rules and regulation for promoting the work, but men have been slow in accepting them and abiding by His instructions.

Sunday we will bring two lessons to help you understand God's code for building up His Kingdom, at the morning hour, "The Certainty of Victory," and at the evening hour, "The Ambassador of God."

* BRAY SCHOOL NEWS *
* By Floy Bell *

The Bray school is moving along nicely. The pupils seem to be taking more interest in school since we organized our club.

The happenings of Bray: Mr. Howard was said to be suing Mrs. Howard for divorce. The judge asked on what grounds.

Mr. Howard—She threw a biscuit at me.

Judge—That is no dangerous weapon.

Mr. Howard—Judge, you have never seen one of her biscuits.

The way we report the school news each week, Mr. Howard will

appoint some one of the pupils in his room to report the school news one week, and some one else the next week and he will do this until everyone in the room has reported the news, and then he will start over at the one that reported first and on down the line.

We are cutting the school news out and putting them in a scrap book, so we may go back to them and read them and see how the school was getting along in 1933.

Plans have been made for our school to turn out for cotton picking, Friday, September 22, and we don't know yet when it will take up again.

THE STATE OF TEXAS

To the Sheriff or any Constable of Donley County, Greeting:

You are hereby commanded to summon G. J. Heitman by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Donley County, to be holden at the Court House thereof, in Clarendon, on the third Monday in October A. D. 1933, the same being the 16th day of October A. D. 1933, then and there to answer a petition filed in said Court on the third day of February A. D. 1933, in a suit, numbered on the docket of said Court as No. 1782, wherein Mrs. Nellie Kuteman Heitman is Plaintiff, and G. J. Heitman is Defendant, and said petition alleging that plaintiff is and has been for more than one year an actual bona fide resident and inhabitant of Donley County, Texas; that defendant's residence is unknown; that plaintiff and defendant were lawfully married at Claude Texas, May 15th 1926; that they lived together until about July 15th 1932, when they were separated because of defendant's cruel treatment of plaintiff; that defendant was guilty of such excesses, outrages and cruel treatment toward plaintiff as to render their further living together insupportable; that defendant was fussy and high tempered and that he frequently cursed and abused plaintiff and that his conduct became worse during the last year they lived together; and praying for divorce and restoration of her former name of Nellie Kuteman; and that plaintiff was always good to defendant.

Herein Fall Not, and have you before said Court, at its aforesaid next regular term, this writ with your return hereon, showing how you have executed the same.

Given Under My Hand and the Seal of said Court, at office in Clarendon this the 6th day of September A. D. 1933.

Walker Lane Clerk,
District Court, Donley County.
50-c

Friday the first month of school was finished. Work is good and every one satisfied our teachers, Mr. E. H. Estlack and Miss Pickering are up to the standard.

Bro. King visited quite a few of his members Thursday.

Bill Carnes came up from Childress and spent several days with his sister and family, Mr. and Mrs. A. E. Tidrow. He left Friday for Matador to work on a ranch.

Mr. and Mrs. Paul Ashby and son of McLean spent mid week with Mr. and Mrs. C. A. Selby. The ladies are sisters.

Our singing club went to Bray Sunday night to sing with the class

at that place. Mr. and Mrs. James Spencer who have been visiting in the Selby home returned to their home at Borger Friday.

Pioneer Cowboy Dies Here Wednesday Forenoon

Will Terrell, aged 66, died at the family home here near noon Wednesday. For the past six years he has been engaged in the second-hand business at Big Springs. He had been ill for some time, and came here a week ago when he became too ill to continue to look after his business affairs.

He is survived by his widow and one son, Bill Joe. Mrs. Terrell is a sister of Mrs. Cleo Keyes.

Several years ago Mr. Terrell was employed on the J A ranch and had a wide acquaintance among the pioneer cow men of this section.

William Henry Terrell was born at Pine Bluff, Arkansas February 17, 1867, died in Clarendon September 13, 1933 at 11:25 a. m. Rev. B. N. Shepherd, pastor of the First Baptist church conducted the funeral services at the family home today at 2 p. m.

D. O. Stallings Attends Lions Club 7 Years

During the session of the Lions club Tuesday it developed that Lion D. O. Stallings has been in regular attendance each week for a period of seven years. This is believed to be a state record by members of the Club here.

Sam Braswell gave a description of his plane ride from Dallas to Jackson, Miss. on his way to represent President Beddow at a Lions meet at Hattiesburg.

J. T. Patman discussed an article on the "Code of Ethics" taken from the Lion magazine, and Ira Merchant spoke on "Montreal's Baby Clinic" from the same magazine. "Our Nation's Safety" was the subject of H. T. Burton, the article having been written by International President Beddow and appearing in the Lion magazine recently.

The local club will enter the international attendance contest

FARMERS TO GET—

(continued from front page)

together with samples from representative gins throughout the cotton belt, will be used by the Department of Agriculture to issue its regular quality reports of the current crop showing the grade and staple of the cotton ginned to date; 1 by state soil areas; 2 by states, and 3, for the entire cotton belt. A summary grade and staple report for the Clarendon community will be made at regular intervals during this cotton season and a direct comparison can be made between Donley county cotton and cotton grown on like soil over other counties. These reports are farther worth while to local cotton growers in that the quality of the next years planting seed will be known, and the farmers not producing the cotton most profitable to them can plan their seed program for the next season so as to secure the greatest net returns for their cotton crop.

The regular grade and staple reports issued by the Department of Agriculture will appear in this paper as they are released for publication.

Mosquitoes Become Epidemic Over Northwest Texas

Reports from many sections of the Panhandle tell the same story relative to the presence of millions of mosquitoes—gray and the black varieties. The black variety, according to scientists, hatches only in water, while the gray variety will hatch from the egg in a dew drop, or an excessive moist location.

Lawns that have been sprinkled frequently become a favorite breeding place for the gray variety.

The pests did not become epidemic here until last week. Those who have visited as far west as Dalhart, and as far north as Perryton, say the pests are numerous over the Panhandle. Stock has suffered from the sting of the black variety on the plains to the extent that milk production has been curtailed.

W. Earl Reeves of Hedley had business here today.

PREACHER FINDS TEXAS IS MOST PROMISING STATE

Journey of 4,500 Miles Made By Family Crossing Over Twenty States

Returning home Saturday, Rev. Ferrell had much to say about the many interesting sights of the family vacation trip. He was accompanied by Mrs. Ferrell and daughter, Miss Mayme Isabelle.

The Century of Progress was visited where educational visits were made to the principal attractions worth while, and comparisons made of the city's progress as compared to former visits.

In passing through the mining regions of Pennsylvania and nearby states, the minister says the workmen are praising the NRA. Farther east and especially along the Atlantic seaboard where farming and truck growing are the principal industries, the people of that section were very bitter against the administration.

"Money is as scarce as hen's teeth," the preacher says, all over the states where farming is the principal industry.

They were visiting in Norfolk Virginia during the gale of three weeks ago. The wind blew at a 90-mile rate and destroyed practically all the property along the sea shore. Salt water was over much of the lower country and was standing two feet deep in some fields two weeks after the storm, he says.

The trip of 4,500 miles was made with but one puncture. That was in Nashville. The best highways are around St. Louis, and the roughest part of the trip was from Jericho to Clarendon, the preacher says. His most interesting sights were the log rolling contests at the Fair, and the lead and inc mines near Picher, Oklahoma.

"As we neared the southwest, we could readily tell that the folks had more faith in the future, were more prosperous, and were much better contented than back east," the minister stated. "We are all glad to be back in the best part of the old U. S. A. again ready to do our bit to put over the NRA," he said.

McKnight Song Fest is Held On Friday Night

A song program was given at the community center at McKnight Friday night. The event was to permit the public to enjoy some of the training and talent developed during the training school taught by Mr. Sam Ayers of Hedley, and which closed that night.

More than twenty-five numbers were on the program. Besides the quartets, individual pupils were given an opportunity to demonstrate their skill. Large and appreciative crowd was present.

Bray and Windy Valley classes will render a combined program on the fifth Sunday in October. Class are to be taught at each of these places in the meantime, according to information given the Leader for publication.

Rebekah Lodge to Observe Anniversary Friday

In keeping with their custom, the ladies of the Rebekah Lodge here will celebrate their anniversary Friday night with a supper.

These affairs are looked forward to with interest by the members each year, and are made the one big event. Besides the "feed," an appropriate program of speaking and music is included.

Parsons Brothers to Supply Needed Industry

Through insistent demands of public necessity, and personal solicitation, Parsons Brothers of the well known clothes cleaning firm, have installed the latest model automatic hat cleaning and blocking machine on the market.

It is claimed that this new facility, a late product of the inventor's genius, enables a workman to do better work in less time and more nearly restore the luster and newness of appearance to the article.

Parsons Brothers are to be congratulated for having added this facility to their already popular plant since this provision will enable patrons to receive the best grade of hat restoration work at home without added cost, and save the customary delay previously experienced in sending hats to a distant city.

Mr. and Mrs. C. M. Sullins of Portales, N. Mex. visited his sister, Mrs. Gus B. Stephenson and family here over Sunday.

Local Men Purchase Weekly Paper at Childress

The Childress News, a weekly published there first by Mr. Haskett and at present by Horace I. Trout, was this week purchased by Kenneth Fink and Fred Story of Clarendon.

Mr. Story was engaged in the weekly newspaper work at Childress a few years ago and enjoys a wide acquaintance there. He is at present managing editor of the Clarendon News here.

Mr. Fink received his training in the department of journalism of the State University and has received direct practical training on the Clarendon News and the Canyon News.

The new owners will take charge of their new purchase on October first, according to information given a representative of the Leader Wednesday.

Clarendon Band Broadcast Date September 27th

Clarendon's band has been invited to furnish music for a special broadcast program over station WDAG at the Tri-State Exposition on the afternoon of the 27th.

By special request of Mason King of the fair board, a second broadcast will be made again on the evening of the same date. Director Gus B. Stephenson will select his best trained musicians for this special event, the names of those not having been definitely decided upon at this time.

Donley County Leader, \$1.50 a year

Local Hatchery Man Becomes Director in Association

While attending a convention of the state Baby Chick Association in Dallas last week, Frank White Jr., operator of the Clarendon Hatchery, was elected a director of that Association.

In view of the fact that the entire state is represented in this Association, and that only seven men compose the Board, to have been selected as one of the seven is a honor of which Mr. White may well be proud. It is also a recognition of ability, good judgment and progressiveness that characterizes a selection of this kind, and friends of Mr. White are well pleased to know that his qualifications in the profession are being properly recognized.

County Vital Statistics

Ministers Meet Monday For Making Plans

One of the plans formulated by the ministers at their meeting Monday was that one of their number supply for a service each Sunday afternoon at the Chamberlain school. Rev. Ferrell preached there Sunday and found an urgent invitation for ministers to supply a need in that community.

Another plan worked out that will be of interest to the school folks is that a minister of some of the churches will speak at chapel exercises. Two such services will be held each week, on Tuesday and Thursday. Rev. Ferrell of the Christian church supplied Tuesday of this week, and Rev. Shepherd of the Baptist church spoke this afternoon.

Rains Over The Week Help Winter Pastures

The rain of Monday night that covered the county puts the ground in prime condition for the planting of winter pasture. Wheat, rye and barley have been sown extensively over the county as a precaution to avoid high feed prices.

Seed of a quality suitable for planting appears to be scarce, several have come from a distance and say that seed could not be had here. If these conditions obtain, it is to be hoped that one or more firms will stock reasonable seed for planting that the trade territory may be properly supplied.

Mr. and Mrs. Jack Merchant of Sanford spent the week end here visiting relatives.
