## BRONCHOS WILL MEET TIGERS ON CLARENDON FIELD

### Most Interesting Football Game of The Season Is Scheduled For Friday

All roads, history tells us, led to Rome, and on the days of gladiatorial combats the traffic was all but impossible—time has moved on, but still all roads lead someplace, and still on days of gladiatorial contests the highways are overlaid with gas chariots. The highways might not be equal to the Appian Way but gladiators are more numerous and in every respect superior.

Friday all Class "B" roads lead to Clarendon where the Bronchos of that city play host to the Bi-District Champions from McLean. Rated the under dogs the locals are working as never before, knowing full well that the Tigers so far this year have averaged better than a point a minute, in Class "B" Competition. The Bronchos realize that both their defense and offense must be polished up. They point with pride, however, that their goal line has not been crossed this year and are determined that that record will be maintained.

Probable line-up will be as follows: Whitlock, qb; E. Watson, hb; P. Greene, hb; Word, hb; McMahan, c; Noble, lt; Mann, lg; O. C. Watson, re; L. Martin, le; Easterling, lg; Behrens, rt.

The game will be called at College Park at 3 o'clock. Due to the popularity and past record of both teams, a monster crowd is expected to see Friday's game.

## Dick Bain Takes Charge New Service Station

The new Panhandle Service Station is now in charge of J. R. (Dick) Bain, formerly with the Clarendon Motor company. The station is located at the I. O. Noble garage on East First street on Highway 5.

Mr. Bain extends an invitation to his old customers to call at his new place of business where he offers them and new customers the best grades of gasoline, oil, kerosene and other products of the Panhandle Refining company of Wichita Falls. Also that new non-explosive clothes cleaning liquid known as Panoclean.

He will stock a complete line of auto accessories, tires, tubes, etc. just as soon as stock can be shipped. With this complement of auto needs, coupled with his excellent grades of gasoline, he expects to receive his share of the auto trade of this section.

Mr. Gambin will continue to represent the refinery in handling the wholesale needs of customers for the popular products well known in Donley county.

## TWO KILLED AS PASSENGER HITS CAR AT HEDLEY

### Bodies Are Badly Mangled And Coupe Demolished When Dragged

Norman Selby of Hedley and Pete Davis of Chickasha were instantly killed late Saturday evening at the crossing on the Denver at Hedley when struck by the engine of the northbound passenger.

The men were watching a switch engine clear the track and drove in front of the oncoming passenger without realizing the danger. The Chrysler coupe, practically new, was badly wrecked as the bodies within were mangled when dragged before the engine.

The body of Selby was held at Hedley pending the arrival of relatives. The body of Davis was brought to Clarendon and prepared for shipment Monday to Chickasha by the Buntin mortuary.

Norman Selby was a son of S. S. Selby of Hedley, was single, and served his country over seas during the World War.

## Government to Lend Money On Warehoused Cotton

Loans are to be made possible to farmers by the Commodity Credit Corporation according to Jesse H. Jones, president of the Reconstruction Corporation, \$250,000,000 having been allotted for that purpose Monday.

The money is to be used to discount notes held by banks advancing money to farmers who warehouse their cotton.

Loans to 10 cents a pound of low middling grade and a seven-eighths staple or better, and 8 cents on cotton below seven-eighths staple of low middling grade.

Banks may make the loans direct to the farmer, and discount them with the credit corporation without recourse.

## Tarter Makes Bond Tuesday On Extortion Charge

Jerry Tarter, charged here last week with theft of cotton from F. L. Behrens, and in which case he pleaded guilty and was fined a hundred dollars and cost, is again in the toils of the law.

This time he figures in an extortion case in which he is alleged to have written a brother-in-law at Pampa a threatening letter if he did not leave a sum of money in a can on the Pampa-Amarillo highway.

Inspector M. B. Johnson of the Amarillo postoffice took charge of the matter and arrested Tarter soon after when he is alleged to have arrived at the spot in a search for the can containing the money. He is said to have been liberated by the U. S. Commissioner at Amarillo on posting bond to the amount of \$2,000.00.

## BRONCHOS WIN FIRST CONFERENCE GAME FRIDAY

### Game Played Under Lights As Large Crowd Sees Bronchos Win 14-0

The Clarendon Bronchos smashed through their first conference obstacle last Friday evening when they defeated the Wellington Skyrockets 14-0. The game was played under lights on the Wellington gridiron and furnished the fans plenty of exciting moments.

Receiving the opening kick-off, the Bronchos marched straight down the field with line plunges and finally culminating with an excellent pass from Paul Greene to O. C. Watson for the first touchdown. Greene made the extra point good with a perfect boot between the uprights. The second counter came during the last minute of the game when a Skyrocket man was rushed while attempting to punt on the fourth down of play, and was tackled near his own goal line. Whitlock, quarterback for the Bronchos, smashed over the final stripe for the touchdown. Greene, again added the extra point.

Wellington made two valiant efforts for touchdowns, having carried the ball on two different occasions to the 10 and 15 yard lines only to have the Broncho forward line rise up and hold them for downs. Several nice running gains were made by both sides. Greene, Whitlock and E. Watson hammered the line for the Bronchos with little Word making the dashing end runs. O. C. Watson and Loyd Martin handled the end positions with commendable results. McMahan, Behrens and Noble performed well on the defensive as well as on the offensive. As a matter of fact the whole Broncho squad exhibited themselves far better than the critics had forecasted.

The Skyrockets fought hard and deserve to share the honors equally as far as actually playing goes. The Bronchos were quick to take advantage of the "breaks" and thus came out on top with the most honors.

From all indications the Bronchos promise their backers some real games before the season closes. The boys receive very little in return for the kicks and bruises they receive while playing, and most certainly deserve and merit all the backing that is possible.

## GUEST ARTISTS ENTERTAIN LION CLUB MEMBERS

### Cecil Waggoner of Claude Captivates With Skill As Ventriloquist

What is said to have been an innovation on the Lions club program Tuesday at their regular luncheon hour was that of Cecil Waggoner of Claude, who furnished no end of mirth and mystery with his stunts in ventriloquism.

Other good numbers on this program were the solos by Hugh and Dorothy Nell Baker, in which R. E. Drennon as program chairman, is given much of the credit for the arrangement.

A. L. Chase announced the annual Father and Son banquet date as being November 16th.

At the request of Rev. E. B. Bowen, pastor of the First Methodist church, Sam Braswell was appointed to give the welcome address at the Methodist conference which is to meet here November 9th.

C. C. Powell was introduced as a new member of the Club.

A benefit minstrel will be given by the Club on December 8th, tentative plans having already been made for its success.

Guests of the Club were J. R. Ward of Dallas; Jas. C. Mahan, Childress; John Deaver, district attorney; Herndon, Moore and Cecil Waggoner of Claude; Hugh and Dorothy Nell Baker of Clarendon.

## Accident Costs Ginner Left Foot at Goldston

Tom Haggard, gin hand at the Smith Brothers gin at Goldston, accidentally stepped into the seed conveyor early Friday morning.

His left foot was crushed badly necessitating amputation about half way between the ankle and knee. He was rushed to Adair hospital by the manager, Fenn Bourland, and Odell aMntooth, where he has been a patient since Friday.

As the hands gathered to begin the day's run, they joked about it being Friday, the 13th, and some suggested that extra caution should be taken to avoid accidents. Within a short time Mr. Haggard was being brought to the hospital as above stated.

## Fifty Years of Wedded Life Celebrated Saturday

The golden wedding anniversary of Mr. and Mrs. L. Ballew was celebrated at their home in south Clarendon Saturday afternoon. This venerable couple came to this section in September of 1903 where they reared a family of five sons and a daughter, all of whom followed in the footsteps of their parents in making foremost citizens in their respective home sections.

All of the children were present including Mr. and Mrs. Wilson Ballew and children, Mr. and Mrs. Earl Ballew, Mr. and Mrs. Fred Ballew and children, all of Amarillo. Mr. and Mrs. Carl Gilliam of Hereford, Mr. and Mrs. Elba Ballew and son, Mr. and Mrs. Donald Ballew of Clarendon.

A more complete account of this delightful home gathering appears in the society section of the Leader. This publication joins with the many good friends of our esteemed citizens in wishing for them many more happy and useful years as citizens of Donley county.

## Damages His Auto to Avoid Collision With Woman

While driving on Polk street in Amarillo Tuesday, Jack Killough sustained a serious damage to his auto in avoiding a collision with another car driven by a lady who suddenly darted from a side street. Mr. Killough took to the curb and ended up against a tree. No occupants of his car received injury. A garage man estimated his repair bill at \$95. He brought his folks home on the bus and returned Wednesday to bring his wrecked car home where he will have it repaired. He wants his friends to understand that his walking cane is evidence of rheumatism, and not a relic of an auto wreck.

## INDICTMENT IS RETURNED HERE IN KIDNAP CASE

### Roy Jewell Made Foreman Of Grand Jury Now In Session

The Grand Jury got down to business Monday soon after organization in which Roy Jewell of Hedley was selected as foreman. Other members of the Jury are Lu McClellan, W. T. Hayter, Glen Williams, W. T. Burr, Marvin Hall, C. E. Wheeler, J. F. Henry, J. W. De Bord, C. A. Crow, E. L. Speed, and J. B. Masterson. This body of men has been selected from the best citizenship from all sections of the county.

Two bills had been returned up to noon Wednesday. Taft Clements, colored man is charged with the murder of one Bill Jones on July 11th. The altercation is alleged to have taken place in the colored section of Clarendon.

Claude Weaver, sometimes known as "Mexico Kid", is charged in an indictment with kidnapping and extortion. This case originated in Donley county July 16th. R. A. Sanford of Pampa left Memphis on that date and Weaver rode in the Sanford car until they reached the east end of the pavement at Clarendon. It is alleged that at that point Weaver took charge of the car and compelled Sanford to accompany him to Amarillo. It is further alleged that Weaver dispensed with Sanford's services and drove the car to Artesia where it was later located. A New Mexico peace officer is said to have arrested Weaver near Hot Spring, New Mexico. He was returned here to await the action of the Grand Jury.

Kidnaping was emphasized by the special session of the Legislature just closed to the extent that a law was passed making the act of kidnaping an offense punishable by death. Since the law was passed after the offense in this case is alleged to have been committed, it will not apply in the Weaver case.

## New Variety Store Arranges Stock For Opening

Workmen have completed changes to the front of the Edington building formerly occupied by the Whitlock barber shop. Show windows have been arranged and the building given a coat of bright red paint which gives it a different and altogether inviting appearance.

The building will be occupied by a variety store offering 5c to \$1 values under the management of A. J. Parker who also has similar stores at Panhandle and Phillips. A large stock is being received almost daily compelling the management to employ extra girl help in arranging it for the opening date Saturday.

## Father-Son Banquet Program Date is November 16th

Lawrence Whitlock will preside as toastmaster when the fathers and sons meet in their annual banquet affair here the 16th of November, he having been chosen on the occasion of the banquet last season, which is the time-honored custom.

The program committee members are R. E. Drennon, J. R. Porter, Homer Estlack and George McCluskey. This committee will meet in the office of Dr. Sherman this Thursday night for the purpose of outlining the program for the banquet the 16th of next month. Dr. Sherman is also a member of the program committee.

The arrangements committee members are George Chamberlain who will be assisted by Homer Mulkey. These boys may be depended upon to see that nothing is overlooked for the comfort and amusement of both fathers and sons.

This will be the 11th annual father and son affair originated by Dr. B. L. Jenkins back in 1922. Each year has seen an increase in enthusiasm and a more attentive gathering. Every effort will be made to make of this the best of all of them.

## Highway Matter is Clearing To Early Finish

All of the deeds to the right-of-way on Highway 5 from the middle of Kearney street to the west county line are now in with one exception according to a statement of Judge Lowe Wednesday.

The one exception is the old J A house owned by Jim Parker of Wichita Falls. He is said to be ready to make the city a proposition on the amount of damage to that property which is on the proposed highway route through the west part of town.

When these deeds are all in, the matter will be turned over to the Highway Department. Bids will then be asked for just as soon as the deeds are approved.

## SEVERAL CIVIL CASES DISPOSED OF THIS WEEK

### Judge Fires Hears Divorce Cases And Three Civil Suits Since Monday

Maintaining his record of clearing the docket as rapidly as possible with justice being done to all parties interested, Judge A. J. Fires rushed through several suits the fore part of the week in preparation for the criminal cases that are to come up for trial this term of District Court.

Divorces granted are Gertrude Sumpter vs T. A. Sumpter; Katharine Stark vs Merlin Stark; Nellie K. Heitman vs G. J. Heitman; Goldie Johnston vs B. H. Johnston.

Other cases tried are J. C. Doneghy vs A. B. Bolden, judgment for plaintiff; Mrs. Martha J. Hogue vs W. E. Grimsley, suit to try title, judgment for plaintiff; Security State Bank of Hedley vs J. W. Adamson, settled by agreement out of court and suit dismissed on motion of plaintiff.

Only two criminal cases appear ahead at this time, one colored man on a murder charge, and the other is an extortion and kidnaping case, indictments having been returned by the Grand Jury in both cases this week.

## Wayland's Band To Visit Baptist Church Sunday

Rev. E. N. Shepherd, pastor of the First Baptist church announces that the Wayland Volunteer Band of 12 members will be present at the morning service at his church at 11 o'clock. Eighteen members of the band will be present on the evening program.

## Volunteer Band Christian Workers to Present Two Programs

How to catch men for Christ. Follow Him in purity. Follow Him in prayer. Special Music. Follow Him in compassion.

## Evening Program:

The poverty of Christ. Why He became poor. How He became poor. Special Music. The results of His poverty.

At 3 in the afternoon, the band will present a program at the Goldston school. The preaching service at that hour will be given to the visitors who will present a varied program of unusual interest. Subject at Goldston: "The need of a vision."

This volunteer band of christian workers, the select students of Wayland College, have appeared here before, and were given an appreciated hearing. Rev. Shepherd issues a cordial invitation to the general public to be present on the occasion of these programs that are of a varied nature, of a Christian character and highly enjoyed.

## Goldston to Stage Pie Sale Saturday Night

The people of the Goldston community are to unite in entertaining visitors Saturday night of this week with a pie supper. This is that kind of an affair that the auctioneer displays no end of skill, and where there is no end to the enjoyment while the sale is going on.

It is announced that plenty of good music will be furnished along with the sale from which they hope to get funds to purchase song books and other necessities that go toward making the school a community center where good will is maintained. Get there early, is the suggestion of those who are charged with the responsibility of getting the job done just right.

## Finger Print Officer Gets Back on Job Again

After a vacation period on the coast, most of which time was spent fishing with good luck at Corpus Christi, I. B. Pierce is again on the peace officer force in Clarendon. He was accompanied on the trip by Mrs. Pierce and their son John Patrick, the latter spending most of his time bathing among the young "salts" of the Gulf. The trip was made by auto with a nifty trailer home with modern conveniences.

Mr. Pierce has established a reputation for picking up burglars from finger prints in Donley and nearby counties, and his services are much in demand. It is such skill that will be required to run down petty thievery in this county, it is believed.

## HEDGPETH WILL OPEN AUTO BODY AND PAINT SHOP

### First Shop This Kind Here Will Supply Need Long-Desired by Public

Those familiar with the auto industry in this section are of the opinion that the establishment of an auto body shop here at this time will supply a need that has been keenly felt for many years. Previously, auto body needs were through a few minor jobs were had in Childress, either place being supplied by Amarillo in the main, sixty miles from Clarendon.

The shop will be owned and operated by C. C. Hedgpeth who recently returned here with his family from Danville, Illinois where he has spent the past ten years in the Hulce auto paint and body works of that city. He formerly resided in Clarendon and is a son of Mr. and Mrs. N. N. Hedgpeth.

Mr. Hedgpeth first began his trade in the Danville auto shop back in 1917. He served Uncle Sam during the war and returned to Danville in 1921 being assigned a place in the body department of the largest shop of its kind in that city. He served in the wood working department five years. For the next five years he learned the paint and welding trades.

During the ten years that he served the same company, he became familiar with all parts of the industry and served as general foreman of that large shop several years before resigning to return to Clarendon recently.

His training includes all the essential elements of the auto repair industry such as painting, upholstering, top building and curtain making, seat covers, fender and body work and welding. The shop will be located in the Fink building next door to the Miller & Miller freight office.

This shop will appeal to those who would like to have a nice looking car at a small cost, and especially those who do not care to make an investment in a new car. Many cars have very few faults in the mechanism, but the appearance of the body in general classes them as practically worthless. This is where the skill of the auto body builder is most appreciated. Mr. Hedgpeth will appreciate giving you an estimate of the cost of putting your auto in that class of presentable autos.

## CLARENDON AND WHEELER TO PLAY DONKEY BASEBALL

### Opposing Team Will Battle Local Boys At College Park October 27th

Donkey baseball is taking the country by storm. This is largely due to the fact that such a type of game is stormy if nothing else. The casualties are numerous though only a few bones are broken in such a melee. Survivors who live to tell the story are loud in their acclaim of the sport as strictly a he-man's game.

A team from Wheeler will bring over a bunch of live stock of the donkey tribe for the purpose of playing a seasoned and battle-scarred bunch of the local boys the 27th. It has been reported that the Wheeler donkeys are old at their tricks. Possibly some of the donkey pack is of the army of "Fighting Joe" Wheeler after whom the town was named. He left the donkeys with the town as a mark of appreciation of the honors accorded him in the naming.

It is further claimed that these same donkeys have been in training for this game ever since, and that they will make that bunch of burros at Amarillo look like a bunch of sick kittens so far as action is concerned. It will be recalled that the Amarillo burros did nothing more than to put one on crutches, and tear off two acres of hide off some more.

This will be a Masonic benefit game sponsored by the Masons of the 98th district. Further information will be given through the Leader next week, probably the line-up.

## Miss Sarah Thompson Wins Deserved Promotion

The many friends of Miss Thompson here will be glad to learn that she has won new laurels in her chosen profession of music teacher in the Ft. Worth public schools. In a recent issue of the Ft. Worth Press, a photo of Miss Thompson appeared with other leading teachers of the public school system there.

After having taught in the elementary school for the past four years, Miss Thompson has been advanced to a position in one of the largest junior high schools of that city.

Miss Ruth Thompson, a sister, is substitute teacher in the same school where Miss Sarah Thompson is teaching. Both of these excellent teachers have a host of friends in Clarendon who will appreciate a further recognition of their talent and training.

## MYSTERY PLAY AT HEDLEY NEXT FRIDAY NIGHT

### Program Will be Presented High School Auditorium In Three Acts

Those who delight in home talent play of the quality that pleases will appreciate the play, "Mystery of the Third Gable" which will be presented at the High School Auditorium at Hedley Friday night, October 20th.

The play will be presented in three acts picturing a lonely, haunted house far from other habitation, and just the kind of a place to which might be attached ghost stories and tales of spooky habitations.

The play is being put on by the ex-seniors of the school. Just such players as have delighted audiences in times past during their school days. You are asked to be present when the mystery is solved.

Those taking a part in this play are R. F. Newman, Verda Gilliam, Anne Ruth Mitchell, James Webb, J. D. Shaw, Theresa Webb, Marvis Whiteside, Mrs. Ray Moreman, Joe Everett and Woodley Richardson.

 PANHANDLE PRESS ASSOCIATION  
 WEST TEXAS PRESS ASSOCIATION  
 NATIONAL EDITORIAL ASSOCIATION

It's a safe bet that when you hear a fellow cuss the local paper, that his subscription is not paid up—if he takes the paper at all.

The purchase of a \$120 buggy thirty years ago caused more comment in the average community than the purchase of a new auto today. But just think what would happen if a fellow bought a new buggy today!

Some of these racketeers have reached the top of their profession "Wrong by wrong." Some of them are doubtless wishing that they had started out with a nigger shooter after sparrows, if they have enough old humanity left in them to reason at all.

The NRA has done some good at least when advertising was banned from "phone directories and calendars." In that one act alone, thousands of citizens will be compelled to avoid throwing away perfectly good money from which they expected a return but never got it. Now what will the government do about its own cut-throat envelope printing?

The cotton plan for 1934 presents a new problem with many angles. Under the government cotton reduction plan for next year Uncle Sam proposes to rent some 15 million acres of land and retire it from production. The land owners will be paid at the rate of \$3 to \$10 rental for the land which has led many to see in it nothing more than a land owner's code.

When this volume of land is withdrawn, more than 200,000 tenants will become jobless as well as their families. Employees of gins, railway or truck companies, mills and many others will be affected by a lack of cotton production. The government's idea is to make land owner's of the tenants, it is said. Just how a tenant could become a land owner under present conditions is the puzzle of the ages, looking at it from a layman's viewpoint.

We do know this, that some of the very best citizens of this county are tenants. We naturally presume that this is true over the state. For the past several years, it was to the financial advantage of farmers to rent rather than own land. It is to be hoped that a plan can be worked out to the advantage of both owner and tenant. When land owners find owning profitable, tenants will also profit to the point of acquiring a home. The big question today is, if Uncle Sam is to play Santa Claus to the land owner, what is he going to do for the tenant? They both need a square deal as for that matter.

**MOVING BACK HOME AGAIN.**

The way our people have been buying necessities here the past two weeks is positive proof that the "home" instinct has not been killed by the oppression of the past few years. Many homes had been reduced to a mere "camp" because of a lack of actual cash. Now that cash is coming back, the folks are moving back home again.

New clothing is being bought. Suits, dresses, coats and other wearables long neglected are being bought by every member of the family. Then too, there is new furniture being added to the home. Mending as well as patching will cease for the time being.

New and used cars are being bought so that the folks can get around to see how the neighbors have fared during the financial storm. Community centers are taking on a new lease of life. People are in much better spirits and do not mind spending the money when they have it to spend. Those who feed and clothe the world are getting a break.

Wouldn't this be a great country if the people had a chance? Mother's face now wears a smile where the furrowed scars of care have left a lasting impression. Dad's been saying as little as possible because he had to "hold up" under the load, and he can now take an easier breath and join in the happiness of the home where new "things" have brought such a change in the atmosphere of the home. Yes sir, our folks are moving back home again.

**INVENTION'S MOTHER.**

Necessity is going to force a change in a lot of things with which we have to associate during the next few years. Necessity is said to be the mother of invention. The old lady is very, very busy right now.

In a great many respects, our railroads are managed on the same plan as store keepers manage their store. The clerk locates, gets in his stock and then sits down to wait for the public to come in and get it. That plan worked years ago, but it was a long time ago.

The railway managers had the same idea. Build the road, set the rolling stock in motion, and wait for the business to fall in on them.

That rail idea worked alright several years ago. It has gradually dwindled until mother necessity is being forced to get on the job to save the day and prevent streaks of decaying rust bands to exist all over the nation.

Motor traffic has hit a fast pace the past few years. The best scientific thought was back of the motor bus game because the sale of the machines could not be made possible until there was first a demand created. That demand was hatched within the minds of some of the best brains of the nation long before the motor buses were to hit the highways.

While this bus manufacturer was creating a demand for his product, the railway brains were busy counting on a dividend rather on how best to serve the public. Fortunately, the public must be served efficiently by either bus or rail for them to succeed.

Buying up bus systems and air lines as some railroads have been doing is not going to get them anywhere. The public is demanding a cheaper and faster service of both. If the railway keeps apace with the public demand, they will have lost the value of the railways by increasing the efficiency of their bus and air lines.

Within the past year airplane propellers drive German trains over the rails at a speed of 125 miles per hour. The electric power comes from the water falls and the rail rate is less than half what it was when steam was used.

Right in our own nation, the Union Pacific and Burlington systems are trying out both freight and passenger cars that will operate on a similar basis as the German, except that the speed will be 150 miles per hour or better.

Within the next five years, it will likely be possible to go to Ft. Worth from here by rail within two or three hours at a cost of less than half the present rate. Freight will be shipped by the same system and at about the same saving over the present rates.

When we can step on a passenger car here and be in Amarillo within less than thirty minutes at a cost of approximately fifty cents, who would want to drive a car? That is the method and saving that is appealing to the public where the new cars are being tried.

Airplanes make the trip from Boston to New York City in about three hours. With the new type of cars being operated under trial over the rails, the time has been cut from four and three-fourths hours to two hours and forty-five minutes. The rail fare is less than half the airplane rate.

This merely goes to show the possibilities in the Panhandle where the railways have all-weather roads, no speed cops and plenty of business if they care to equip to take care of it.

**Spraying Methods to Control Fruit Tree Diseases**

I often get letters from people wanting to know just how to spray. It would be hard indeed to tell people just when and how to spray in a short letter. All or nearly all the sprayer manufacturers have calendars and full directions how to use their sprayers.

Fruit tree diseases are like diseases of people. You can have the pneumonia one year, the typhoid the next and then end up by having

hydrophobia. The same treatment that would do for one of these diseases would not do for the other. As a rule it is safe to spray with lime and sulphur in the winter time. In the future I expect to spray my orchard twice with lime and sulphur during the winter. In this way I am sure to get any Brown Rot, Leaf Curl or what not, for lime and sulphur will kill any kind of spores and all these diseases are spores in the winter time. And are waiting to hatch out as soon as spring comes. But after the

**WE ALWAYS APPRECIATE YOUR BUSINESS**

**Farmers State Bank**

leaves begin to come out on the trees the strong lime and sulphur will not do. It would burn the trees. We must use weaker solutions. It is now claimed that a weak solution of Bordeaux sprayed on just when the Pear blooms are open will prevent Blight. A few years ago we had a siege of Blight but it is gone now. A fruit tree is like a healthy man if you can keep them good and healthy by good cultivation they require very little spraying and the man very little physic.

J. E. Fitzgerald,  
 Stephenville, Texas.

**SHAME ON MACHINE GUN**

Still hungry? It was considered a duty, if not an act of patriotism, under the two previous administrations to wreck the government's merchant marine; and in one instance, according to the senate investigating committee, it was a first class job of wrecking—especially under Coolidge. One Henry Herberman organized himself a shipping company, capital \$1,000. On this \$1,000 capital Herberman managed to buy for \$1,000,000 ships that cost the government

\$42,000,000 to build; and on top of that he secured mail contracts from the government assuring him \$18,000,000 over a period of 10 years. In one instance, it is shown, Herberman's company was paid \$13,672 for carrying one pound of mail, and 66 2-3 per cent of his insurance premiums paid by the government at a saving of \$457,000 to him. At the time these negotia-

tions were going on Herberman, now a shipping magnate, was paying on an average of \$25 each for breakfast, luncheon and dinners. All told this graft has amounted to about \$400,000,000. All of which goes to show that Kelly, Bates and Bailey do not even reach the stature of a chicken stealing coon. —Blue Valley Farmer.

**FOR SALE**

Government bonds in denominations as follows:  
 \$25.00, \$50.00, \$100.00, \$500.00, \$1,000.00, \$5,000.00 and \$10,000.00, bearing 4% interest, payable semi-annually.

**C. D. SHAMBURGER LBR. CO., INC.**

This chart is based on figures from the United States Bureau of Labor Statistics and national electric rate figures. The rate curve of the West Texas Utilities Company follows a more sharply descending slope to a point 52% below the normal level, which is 10% lower than the national average rate reduction shown above.

**Your Average Electric Rate Is 85% Below Other Living Costs!**

Complete electric service is the most reasonable item of expense in your family budget. It is the only item that has consistently been improved in quality and lowered in cost. Today it is 85% below other items of family expense . . . and still going down!

During the past ten years your average electric rate has been reduced more than 53%—while in spite of two years of rapidly lowering prices other items entering into the family budget still remain 32.5% ABOVE THE NORMAL LEVEL!

Just think of it! The 1932 dollar spent for general living expenses bought only 26% more than the 1922 dollar (according to the United States Bureau of Labor Statistics), while it bought from the West Texas Utilities Company 115% more residential electric service than the 1922 dollar!

This is a remarkable record! In spite of constantly increasing costs of government, the West Texas Utilities Company has effected economies which have given you the benefit of rate reductions amounting to more than 53%! And now, with commodity prices again following a sharply ascending curve, today's electric rates are even farther below general commodity prices than shown in the above chart.

Your dollar spent for electric service buys you more in real value—and more in comparison with that same dollar spent for other service or commodities—than any money you spend.

**West Texas Utilities Company**

TEMPLE OF TRUTH  
By the Apostle

Live stock running loose on the streets of Clarendon at night now are so scarce that the town looks like a deserted sheep range at night. All of you people who got sore when this matter was brought up in this column last week, have plenty of time in which to get in a good humor. In the meantime, we are willing to accept your apology any old time you are ready to recognize the rights of the public. Most of the trouble could be traced to pure carelessness. No one really expected to impose any hardships on any one else, they were merely following a custom.

The Fair, a large department store in Dallas, has installed a special "Man's Toilettes Shop" for men only. Miss Lillian Moon Riddle is in charge. Those who are most prone to associations under the dreamy moonbeams, may solve the "riddle" of their failures to "land" the object of their affections by consulting "Miss Moon Riddle."

An old negro's worthless son was married secretly. The old man heard of it and asked the boy if he was married.

"I ain't sayin I ain't," the boy replied.

"Now you, Rastus," stormed the old man, "I ain't askin you is you ain't; 'T's askin' you ain't you is?"

When an old colored mammy asked the county to send a doctor over to her cabin to see her sick boy, the judge naturally wanted to

"THE MAIN THING ON MAIN STREET"

Daily Buzz  
MAIN STREET'S  
PEPPY PAPER

POOR "FLOPPY" FISH

IT'S ONE THING TO BE DUMB — IT'S ANOTHER THING TO BE LAZY — BUT "FLOPPY" FISH, MAIN STREET'S DRONE, IS BOTH — HE'S DUMB LAZY.

By L. F. Van Zelm

know the trouble. The old lady in reply said, "yassah, jedge, you see de Santafe dun stung him and he dun swole up bigger all over den whut he is."

Most all of the shrimp pickers down on the coast are said to be women. Some up here on the plains.

The fellow who wears a 7-gallon hat on our streets most every day was addressed as "colonel" Saturday. He objected by saying that "he did not booze any, and had never successfully doctored a horse in his life."

From the amount of hay fever in this section, the Almighty evidently had it cut out for a Russian colony. A hay fever victim can speak the Russian dialect naturally.

Will Rogers says his greatest picture of all time is "Dr. Bull," in which he dopes out more philosophy to his patients than pills. In private letters to his picture fiend friends, Will asks them to take a look and write him their opinions.

One of the swellest chicken raisers in the county says that fall

layers can be had right along if the earliest pullets are fed nothing but whole grain and let run on the range so that they will molt early in the season. A lot of us seem never to learn anything.

A proud husband came in this week to tell us that "his hireless cooker had the best turnip patch in Donley county." They's sevrl uv 'em, bruther!

Intelligence is what you get from home. Common sense you must develop yourself. Learning is what you obtain in school. Knowledge is what the world hands you. Judgment comes only with the years. Experience is a bitter medicine administered by life itself, and must be taken with a bit of conscience. Wisdom is a phantom often chased but seldom overtaken. Success or failure is a matter of opinion. Reputation is the golden scale. Contentment the final objective.

A banker is a tightwad if he does not lend money freely, and a bankrupt if he does.

Ecclesiastes 10:12. Ask the "dictator" of your community to read it.

Plenty of invitations to potlikker feasts, but the season is too young for the growny gravy. Thanks just the same. We'll be out for the potlikker.

You folks down east have our heartiest thanks for the Japanese persimmons. Could some one send a half bushel by express collect? As the negro says, there is nothing that we like better or get less of than persimmons.

Perhaps our old friend Joe Fitzgerald can help out on the persimmon deal. He used to raise 'em by the tons or something like it, and sold persimmon trees all over the south. His nursery ad is running in the Leader every week. Perhaps you need trees.

More people were in to pay their subscriptions Saturday than in any one day for the past two years.

S. J. May out on route 1 holds the record for having planked down the cash for three years. There is nothing that we prize more highly than the large number of sincere backers that say a good word for the Leader at every opportunity, and what's more, they patronize Leader advertisers. That helps a lot, too.

Speaking of the colored race, some times one will get off something that is really amusing because of the intelligence it contains. Recently while trying a negro in a Dallas court, the negro was admonished sternly by the judge to answer all the questions of the lawyer by a "yes" and "no." The negro protested by saying that there were some questions which could not be answered with a "yes" or "no." This vexed the judge who asked the negro to give him an example of what he meant. The negro asked the judge: "Jedge, is you as big a fool as you looks like you is?"

The oldest story going the rounds is that in a certain neighborhood a baby was born and a search was made for some scales on which to weigh it. The only scales to be found were a pair belonging to the ice man. As the story goes the baby weighed 35 pounds.

A western editor, recently writing of a local improvement society and of the conditions of individual premises, said of one citizen: "There is no hypocrisy about

Brown. He is not one of those men who beautify their front yards and leave their back yards filled with cans, rusty tins and disorder. No hypocrisy, Brown's front yard is just as dirty as the back one."

Of course it's none of our business, but we would like to see the women and girls get in on the baking contest being sponsored by the company selling the Pride of Amarillo flour. You can get it at the City Grocery, and your cake, light bread or biscuits must be at the City Grocery listed with Mr. Fox before the judging begins at 3 p. m. Saturday of this week. Eight dollars in cash is to be paid for prizes as announced in the Leader last week. Read the advertisement of the Clarendon Wholesale Flour store in last issue.

Now that we are to have a real auto body shop in Clarendon, we won't have to run up to Amarillo and pay a dickens of a high price to get the job done because we can't get it done at home. Read the advertisement of the body shop in this issue, and what's more, take your car around and see how easy it will be to make it look like a real auto. If you can't afford to buy a new one, you likely won't mind spending something on the old bus to make it look like an auto. A man who has had 10 years experience in a big shop working at all angles of the game ought to know how to get the job done at a reasonable figure. It won't take much time to find out, and besides, we need to keep these kind of fellows here to patch up our wrecks.

We may be rubbing it in on negro stories in this issue, but here is the best we have heard in some time. Down in old Alabam, a negro had a severe tooth ache and was unable to find a dentist who could pull the tooth. The negro went to Atlanta where they understand the negro possibly a little better. The Atlanta dentist strapped the negro in the chair, hooked the forceps on the tooth and began prying up with a pump jack. He was surprised to find that the tooth was hanging to the jawbone, but kept twisting the auto jack. Finally he leaned back and speeded up the process and when he opened his eyes, he had pulled the skeleton out of that negro and turned him wrong side out. A surgeon next door answered a hurry call and turned the negro back right side in again but forgot to put in the bones. That would have been a calamity except for the fact that the negro lived and has since been exhibited all over the world as the original "rubber man" of Africa and made his millions.

\* \* \* \* \*  
\* GOLDSTON \*  
\* (Allene Rhodes) \*  
\* \* \* \* \*

Sunday School was held at the usual hour Sunday afternoon with good attendance.

Mr. and Mrs. Odell Mantooth spent Sunday with his parents of McLean.

Mr. and Mrs. Howard Stewart of Chamberlain spent Saturday night and Sunday with relatives here.

Mr. and Mrs. Sam Dale and daughter, Lucille, visited her parents, Mr. and Mrs. R. A. Brame and family of Sunnyview Sunday.

Rev. King of Clarendon preached here Sunday.  
Mr. and Mrs. J. W. Rhodes and family had as guest Monday Mr. and Mrs. Claude Lewis and children of Shamrock, Mrs. Howard Stewart of Chamberlain, Mrs. Jack Perkins of Brice, Mrs. Mattie Lewis, and Mrs. H. M. Lewis and son of Hedley.  
The young people enjoyed a

party in the home of Mr. and Mrs. Patterson Saturday night.

Mr. and Mrs. Roy Stewart and son of Chamberlain visited Mr. and Mrs. John Spier Sunday.

Mrs. Dick Eickelberger shopped in Amarillo Saturday.

Mrs. Claude Mixon and children and Mrs. Arville Smith visited relatives at Shamrock Saturday night.

The friends of Mr. Hoggard were sorry to hear of him getting his foot cut off while working at the gin Friday. He is at the Adair Hospital.

The trustees met with the County Superintendent at his office Saturday to hire teachers. The teachers for this term are: Mr. Gordon Gatewood, Miss Nan Potter, Mrs. Arville Smith, and Miss Willie Mae Blanks.

Those who attended singing Sunday night at Chamberlain were Mr. and Mrs. Claude Mixon and family, Mr. and Mrs. Gordon Gatewood and sons and Bertie, Uva and Ralph Stewart.

Granville and Sellkirk McAnear and Robert Lee Kerbow visited friends at Brice Sunday.

Little H. B. Rhodes Jr. left last Sunday for Pampa, where he will attend school this term.

Mr. Ben Hill of Brice visited Sunday afternoon.

**Special Recovery Agencies**  
The several recovery acts created by Congress, according to a Washington news item, are:  
1. Reconstruction Finance Corporation—Jesse H. Jones.  
2. Farm Credit Association—Henry Morgenthau, Jr.  
3. Home Owners Loan Corporation—William F. Stevenson.  
4. Industrial Recovery Act—Hugh S. Johnson.

5. Administration of Agriculture Adjustment—George Peek.

6. Federal Relief Administrator—Harry L. Hopkins.

7. Tennessee Valley Board—Arthur E. Morgan.

8. Federal Railroad Coordinator—Joseph B. Eastman.

9. Civilian Conservation Corps—Robert Fechner.

Billions of dollars will be disbursed by these agencies. Let us hope no black pages of graft, corruption,

and dishonesty will be written into the history of our country by a single one of these agencies.

Mr. and Mrs. Ed Carlson are again at home having returned from Mineral Wells Sunday. Mr. Carlson went there for treatment and is greatly improved though he was advised not to attempt any labor until next spring.

Donley County Leader, \$1.50 a year

Is Your Motor Dirty?

We have a quick process of removing grease and dirt from a motor using only kerosene and an extra strong force of water. No acids used.

Washing and Greasing at a Fair price, too.

TALLEY'S SUPER SERVICE STATION

THE MILLING SANATORIUM

MINERAL WELLS, TEXAS

Donley County people, suffering from chronic diseases, should not submit to painful operations and take injurious medicines without first investigating the facilities of this wonderful Sanatorium.

Milling's tried and proven methods of treatment, which has had an outstanding national reputation for over forty years, has administered relief to thousands of suffering humanity. The truth of this statement can be greater appreciated if one will ask about the Sanatorium from anyone that has visited Mineral Wells—The Greatest Texas Health Resort.

Free information concerning our treatment of various diseases, can be had upon request. Also with this information, we will furnish in booklet form, pictures of the \$125,000 Sanatorium, with its spacious lobbies, inviting dining room, comfortable living quarters and modern convenience—together with many other out-door features.

Rates are very reasonable—for \$21.00 per week and up, rooms, meals, and treatments can be had.

An Institution with a National Reputation for the Treatment of CHRONIC DISEASES

**CLARENDON H. D. CLUB**  
The Clarendon Home Demonstration Club will meet at the home of Mrs. Lester Schull Friday October 20th at 2:30 p. m.

**CAMP FIRE GIRLS**  
The Owissa Troop of the Camp Fire Girls met Wednesday at 4:00 They elected officers for the coming year. The president is Jo Word vice-president, Gene Teat; secretaries, Kathleen Ryan; reporter, Jane Kerbow.

**POLLY ANNA CLASS**  
The members of the Polly Anna class of the Baptist church met at the home of their teacher, Mrs. Cap Lane. The officers who were elected for the first quarter of the new year are: president, Virginia Cluck; vice-president, Anna Moores Swift; secretary, Hulda Jo Cauthen; reporter, Emma Ruth Burkett; and social service chairman, Eugenia Noland. The class

hopes to be the best as well as the oldest class of girls in the Intermediate Department.

**MISSIONARY SOCIETY METHODIST CHURCH**  
The Missionary Society of the Methodist church met in the ladies parlor at the Methodist church Wednesday afternoon. Plans were made for the Society to serve dinner the first Wednesday night of the conference at the Christian church. A committee was appointed, Mrs. O. L. Fink chairman assisted by Mrs. C. E. Griggs and others.

**BLUE BONNET BRIDGE CLUB**  
A delightful event for members of the Blue Bonnet Bridge Club was the 1 o'clock steak luncheon at the ranch home of Mrs. Chas. McMurry Thursday. Mrs. McMurry used beautiful dahlias to decorate her guest rooms. Following the luncheon, games of bridge was played. In the games, Mrs. Fred Chamberlain received the high score favor for club. Mrs. Bagby was awarded high score favor for guest.

Invited guests were Mmes. B. L. Jenkins, Sella Gentry, L. S. Bagby,

club members, Mmes. Odos Caraway, John Blocker, Geo. Ryan, J. L. McMurry, R. L. Bigger, A. R. Letts, Fred Chamberlain, C. G. Stricklin, Curry Powell.

**KILL KARE KNEEDLE KLUB**  
The club members of the Kill Kare Needle Klub met at the home of Mrs. Homer Mulkey Thurs afternoon. Mrs. Mulkey had a surprise theatre party planned, so when the ladies all arrived they motored to the Pastime Theatre where a special show was given for the club. After enjoying the picture Mrs. Mulkey invited the ladies to the Pastime Confectionery where they were served a delightful ice course in pink and white. Members to enjoy this occasion were Mmes. Harry Brumley, W. B. Sims, Joe Cluck, Eva Draffin, W. A. Land, W. A. Massie, F. O. Wood, Sam Lowe, Ben Hill, M. W. Mosley, M. L. Stricklin, W. C. Stewart, Buel Sanford, Misses Etta and Ida Harned. Invited guest, Mrs. Sam Braswell and Mrs. W. T. Hayter.

**AMERICAN LEGION AUXILIARY**  
The regular monthly meeting of the American Legion Auxiliary met at the club room Monday afternoon. Mrs. B. C. Antrobus presided at business meeting with 8 members present. The Auxiliary will meet at the American Legion Hall at next meeting.

**CHRISTIAN LADIES AID**  
The Ladies Aid Society of the First Christian church, are on the job again trying to secure enough Admiration Coffee coupons to get the large coffee urn, which has been on display in the "M" System store for the past few months. The ladies have placed a large jar in the store and are requesting all users of Admiration and Bright and Early coffee to place their coupons in it and they will be collected from time to time. They feel sure that there are enough coupons circulating around to help them secure this urn. All contributions towards this project will be highly appreciated, as the urn can be put to a good use, during the Suppers and Banquets that the ladies hope to hold during the coming days.

—Reporter.

**1926 BOOK CLUB**  
Guardian of the Dessert by Tom Gill was the book which Ruby Bormley gave in a very interesting talk at the meeting of the 1926 Book Club Tuesday afternoon at the Club Room. Mary Thornberry presided over the short business meeting session in the absence of the president, Lotta Bourland. Miss Temple Harris was leader of program.

A lovely refreshment was served by the hostess, Ella Kent and Virginia Bryan to club members, Temple Harris Ruby Bromley, Thelma Bairfield, Evadne Cox, Rita Stocking, Mildred Martin, Dewey Clifford, Jennie Dale Porter, Loma Smith, Imogene Brumley, Hazel Dillard, Joyce Clark, Zell Toms, Alta Lane, Mary Thornberry.

**PATHFINDER CLUB**  
The Pathfinder Club met in regular meeting at the club room Oct. 13th with Mesdames Joe Cluck and Simmons Powell hostesses.

The business meeting was opened by the retiring president, Mrs. U. J. Boston, then turned over to the new president, Mrs. J. R. Porter. Mrs. C. J. Douglas and Mrs. S. M. Braswell were elected to membership.

The study of the afternoon was "The Barrets of Wimpole Street," and was ably led by Mrs. C. A. Burton. Mrs. Wm. Grey gave a sketch of the life of the author, Rudolph Besier.

Delightful refreshments were served by the hostesses.

**GOLDEN WEDDING ANNIVERSARY**  
Mr. and Mrs. Lenn Ballew were married at Pilot Point, Denton County, Texas October 14, 1883.

They were married at the brides home at 6:00 o'clock p. m. Afterwards the couple went to church. Then an in-fair-dinner was given them by the groom's father and mother.

Mrs. Ballew wore a wedding dress of wine colored crepe with cream accessories.

The groom wore black with a white satin tie.

The couple moved from Pilot Point to Clarendon in Sept. 1903 with their 6 children, five boys and one girl. The children were reared here.

October 14, 1933 was the couple's wedding anniversary. Saturday from 3 to 6 an informal reception was given and friends of Mr. and Mrs. Ballew at-

tended. The house was decorated with beautiful cut flowers, in gold and various colors.

The wedding cake was adorned with yellow roses and a miniature bride and groom was on the top. Gold candles were burning in the entertainment rooms, and punch was served by Miss Aileen Ballew of Amarillo.

Mrs. Donald Ballew pinned a yellow flower on all the guests. Many and varied were the beautiful presents they received. Sunday an elaborate covered dish luncheon was served to the children.

Those attending were Mr. and Mrs. Wilson Ballew and children Wilson Lenn, and daughter Vivian of Amarillo; Mr. and Mrs. Earl Ballew of Amarillo; Mr. and Mrs. Fred Ballew and children, Aileen and Hollis Wade of Amarillo; Mr. and Mrs. Carl Gilliam of Hereford; Mr. and Mrs. Elba Ballew and son Jack of Clarendon; Mr. and Mrs. Donald Ballew of Clarendon.

**HOLLEY-WATTS**  
Announcement has been received here of the marriage of Miss Ola Mae Watts, daughter of Mr. and Mrs. John W. Watts of Fort Worth to Mr. Robert Holley, son of Mr. and Mrs. W. P. Holley of Ashtola community, Wednesday evening, October 11th at the First Methodist church of Fort Worth.

The ceremony was read by Dr. A. F. Johnson, pastor of the church a large number of relatives and friends attended.

The bride wore a model in ashes of roses with black accessories. Following the ceremony an informal reception was held in the parlors of the church.

Mrs. Holley is a graduate of Clarendon High school and College. She taught in the schools of our county and in Canyon before moving to Fort Worth.

Mr. Holley is a graduate of Wayland Baptist College. He taught last year and is again teaching in Brice school.

**EARNEST WORKERS S. S. CLASS**  
The Earnest Workers S. S. Class of the Methodist church met Thursday at the home of Mrs. J. N. Newlin in all day meeting. Each lady furnished a covered dish and when all was placed on the large table it was a sumptuous feast. The meeting was for the purpose to quilt a quilt that the class had pieced. It was quilted and sold before the ladies left for their homes.

Those to enjoy this quilting were class members, Mmes. J. B. Baird, Anna Hall, O. L. Fink, Joe Hurn, Chunn, Van Eaton, Peebles, Slater, Schull, Crabtree, Tomb, Clifford, Newlin. Invited guest, Mrs. Matt Bennett and Mrs. Walter Hutchins.

**T. E. L. CLASS SOCIAL**  
The T. E. L. Class of the Baptist church met at the home of Mrs. M. C. Reed Tuesday after-

noon in their social meeting. The rooms were decorated in Hallowe'en colors. Various games suitable for a Hallowe'en party was played with much fun and enjoyment.

Dainty refreshments were served by Group One of the class to invited guest, Mmes. C. L. Thomas, B. N. Shepherd, J. T. Warren, Buel Sanford, W. C. Stewart, H. C. Brumley, and to class members Mmes. Joe Fowler, M. W. Mosley, J. R. Cox, Simpson, Harris, Dawkins, Elmo Lane, J. L. Allison, W. A. Land, Mann, Frank Whitlock, Barnes, G. G. Kemp, Cap Lane, Edd Speed, T. M. Couch, Milton, M. C. Reed, Major Hudson, Matt Bennett, Eva Draffin, Eddings, W. B. Sims.

BOHUMIR KRYL, the celebrated Band Master

### American Legion to Present Kryl and His Band Here on November the 19th

The lion-headed Bohumir Kryl, the celebrated band master, who will appear at the Pastime Theatre, November 19th with his great band, is one of the most picturesque characters in the musical world.

The career of Bohumir Kryl

reads like a chapter from almost unbelievable fiction. At the early age of twelve, Mr. Kryl began his career of public entertainment, in the Winter Gardens of Berlin, and has been an outstanding personality from that day to this.

When he was thirteen, Kryl

## DOWN MEMORY LANES

To many of us The American Legion has always been an ideal—something on which no return is expected for what we all put into it—something whereby the other fellow who sorely needs help, is benefitted by our endeavors. Something that is bigger and broader than ourselves—something that is filled with sacrifice and in which selfishness has no part.

Our original conception of the Legion has grown as the years pass, though it has remained unchanged otherwise and for this, we can all be grateful—and grateful too that it is our privilege and good fortune to be Legionnaires.

The American Legion is right in the midst of the greatest membership drive in the history of its organization. This is the fighting year in this Legion of ours and we ask every eligible man to avail himself of the privileges for SERVICE that membership in The American Legion offers. A privilege of putting your shoulder to the wheel and helping make successful our program of Americanism, Community Service, Rehabilitation, Child Welfare, Legislation and others.

### Legion To Help Police Football Game

Sixteen members of Aubyn E. Clark Post of The American Legion under the command of Provost Marshal Milton Shaver will assist city and county peace officers in handling the crowd at the Clarendon and McLean football game here Friday afternoon.

worked his way to America by means of his violin. He is master of numerous instruments, but confines his playing at present to the cornet. With this instrument he does the impossible—playing two octaves lower than any other living cornetist. He plays with a certain contempt for the difficulties that often defeat other musicians.

Kryl scorns defeat in any line of endeavor. Aside from his mastery of music he has attained distinction in the arts of sculpture and painting. He has also established himself as an able business man, having been president of a large bank in the Chicago area.

Kryl owns one of the greatest private painting collections in the country.

Kryl is the father of two beautiful daughters and is the grandfather of three lovely children. One daughter married Paul Taylor White, Composer and Director of the Rochester, New York Civic Symphony Orchestra. Kryl's daughters Marie and Joey, one an accomplished pianist and the other violinist, toured Europe and America in recitals.

Kryl is a versatile personality. In Kryl and his band, the American Legion is presenting a world famous band leader and a world famous band. Kryl's artistry and his superb directing unite in a wonderful composite of band music that is unexcelled.

### Aubyn E. Clark Post of The American Legion

The Aubyn E. Clark Post of The American Legion was organized some time in 1919. The exact date is not known, however, as all the records of the Post during the early days of its organization have been lost.

The Post was named in honor of 1st Sergeant Aubyn E. Clark, Company "H", 142nd Infantry, who was killed in action near St. Etienne, France on October 8th., 1918.

Chas. B. Trent was the first Commander and had a leading part in its organization. On January 2nd, 1919 the State Department of The American Legion issued a charter to the following members: Floyd L. Lumpkin, Hollis B. Spiller, Chas. B. Trent, Allen M. Beville Jr., De A. Baker, Sam G. Dyer, George Taylor, Thomas E. Allen, Thomas R. Walker, Ethan A. Simpson, Cecil Reavis, Mathew Lane, Wallace W. Weatherly, Ernest T. Naylor and Herbert Baker. At that time an election was held and Allen M. Beville Jr. was elected Commander. Chas. B. Trent is the only member who has belonged to the Post every year since its organization.

Very little is known of the activities of the Post during the first few years of its existence but we do know the names of the men who, as its Commanders, guided and led it in carrying out its programs. Joe Holland was elected Commander in 1921. Jim Adams was Commander in 1922. Monty Garrison held this office in 1923 and Nat Perrine in 1924. The following year the Post ceased to function due primarily to the fact that its members could not secure a permanent meeting place and very often could not find a suitable place to hold meetings.

Through the untiring efforts of Chas. B. Trent and a few others the Post was reorganized March 12, 1928. The organization meeting being held in the Antro Hotel.

Immediately after the reorganization in 1928 the Legion secured a permanent home in the City Hall. By an agreement with the City Commissioners and Mayor they are to have use of the hall as long as they want to use it for a Legion home.

Several hundred dollars have been spent by the Post in the furnishing of their home and today they have one of the best furnished homes in the Panhandle.

The Commanders and the number of members since the reorganization of Aubyn E. Clark Post are as follows: H. T. Burton was Commander in 1928 with a membership of 61, in 1929 C. J. Douglas was Commander and the membership was 52, in 1930 E. R. Andis held the office with 67 members, in 1931 under the leadership of C. E. Miller the membership rose to 105 and the following year under L. N. Cox it went to 116. In 1933 Ralph Kerbow was Commander and the membership was 99.

G. L. Boykin who has been Adjutant of the Post since 1928 was recently elected Commander for 1934.

Since its beginning child welfare has been, is and will continue to be a concern of the Legion second only to that of the disabled.

From the early days of its existence the Legion and Auxiliary have co-operated with the National Education Association, and the posts and units have worked with the schools on the theory that the more enlightened people are the better citizens they will be.

Community Service is another Legion contribution to the welfare of the community. With most folks America is largely the home town. Whether a boy or girl grows into a good citizen, whether an adult is of the right type depends largely on the atmosphere and environment of the home and community. The Legion believes that the more attractive and comfortable a community may be made the better its influence for sound citizenship.

How well Aubyn E. Clark Post of The American Legion has carried out this program can be seen from the fact that in 1930 it received an award of the Most distinguished Service Certificate from State Headquarters of The American Legion and from the National Headquarters of The American Legion. In 1932 the Post received a Community Service Citation awarded by the American Legion Monthly for worthwhile and constructive service to the community. In 1930, 1931 and 1932 the local Post won the loving cup awarded to the most active and outstanding post in the 18th. district of Texas

### WE ASK ONLY TO SERVE AMERICA

By LOUIS JOHNSON

America's fighting forces in the World War, in uniform and out, drawn from all honorable elements in our population, with out regard to race, creed, color or place of birth, reflected the acme of American democracy. The true comradeship of the men and women in the military, the superb co-operation of the supporting civilians and the devotion of all to our cause produced a mighty flaming patriotism.

With signing of the Armistice which ended the colossal carnage, the soldiers and sailors who had been under Old Glory on the battle fronts naturally wanted to perpetuate the bonds which had been welded in the life and death struggle. They realized that in the same unselfish spirit in which they had fought they could render great service in peace, and prove to be the guardian of the disabled, the widows and orphans and other veteran's needy dependents.

These thoughts inspired the organization of The American Legion in Paris fourteen years ago March 15th—almost before the echoes of the booming guns had ceased. The organizers, representative of all outfits overseas, recognizing that since no one had given himself orders as to where he would serve, decided that the spirit rather than the field of service should govern eligibility for membership, and that military rank should be forgotten.

This just idea made veterans who served at home as welcome as those who had been sent abroad; it made The American Legion as democratic as the armies of the slain and wounded, as democratic as the Constitution of the United States would have all citizens be; it made the Legion the only all inclusive, exclusive organization of World War veterans; and now, with more than a million members and close to a half million mothers, wives, sisters and daughters in its Auxiliary, the outstanding veterans' organization of all time.

Pitifully unprepared for combat when we declared war on Germany on April 6, 1917, we were equally unprepared to care for the battalions of the mangled who were brought home to continue to agonize until death or medical treatment brought them relief. The Legion immediately applied to those whose minds and bodies bore the searing marks of war, the comradeship of buddies by going into Congress and the state legislatures with appeals and proposals for various measures and appropriations which would save lives, alleviate pain, rehabilitate many of the crippled bodies and shattered minds, and keep the wolves of poverty from the doors of their dependents.

Today the government hospitals throughout the land, in which veterans are being administered the full benefits of all that is known to the science of medicine and from which a multitude have been restored to normal living, stand as monuments to the Legion's consecration to a lofty ideal. Today, all over the country, men, women, and children have been relieved of great distress because the Legion is keeping faith the comrades who made the supreme sacrifice in action or have passed on since from wounds suffered "over there."

Child welfare has been, is and will continue to be a concern of the Legion second only to that of the disabled. We want this beloved country of ours to be greater for our having lived in it.

To accomplish that, we realize that America must increase the opportunities for all children, especially those who are hampered physically or through the adversity of parents, non-veterans as well as veterans.

From the early days of their existence the Legion and Auxiliary have co-operated with the National Education Association, and posts and units have worked with the schools on the theory that the more enlightened people are, the better citizens they will be. The Legion believes that "Ignorance is the greatest menace to America."

Community service is another Legion contribution to the welfare of the country. With most folks America is largely the home town. Whether a boy or girl grows into

which is the Panhandle of Texas. Since its organization the Legion has co-operated and worked with other civic clubs and organizations in all worthy undertakings for the betterment of the town and community.

### History of Company "H", 142nd Infantry And Its Maneuvers During World War

Company "B" 7th Texas Infantry was organized in the summer of 1917 by Capt. E. A. Simpson. The original Company of 123 enlisted men were recruited from Clarendon and surrounding communities.

For some thirty days they were in Camp at the old Fair Grounds north of Clarendon, before being ordered to Camp Bowie at Ft. Worth.

One of the largest crowds ever in Clarendon gathered to see Co. "B" off to Camp. A special troop train already loaded with the men of Co. "A" of Amarillo came through in the afternoon and picked up the men of Co. "B".

Upon arriving in Camp Bowie the new soldiers found that they would have to help build their quarters as Camp Bowie at this time was not completed. It wasn't long, however, until the tents were all up and the ground policed and everything in order for what everyone hoped would be their home for only a short time.

Uniforms, blankets, rifles, etc. were not issued for some time and the men had to stand guard in winter weather without over-coats and armed only with sticks.

On October 15, 1917, due to the requirements of the War Department of much larger units the old 7th Texas Infantry was consolidated with the 1st Oklahoma Infantry to form the 142nd Infantry. Co. "B" of Clarendon and Co. "D" of Quanah were united to form Co. "H" in this new regiment.

Capt. E. A. Simpson became Co. Commander of Co. "H" and at that time the other officers were Lts. Vivian E. Brady, Clark M. Owsley, Wm M. Murphy and Stayton M. Hankins.

After this reorganization Co. "H" had about 230 enlisted men, where Co. "B" only had 128 when they arrived at Camp Bowie.

All of the winter of 1917-18 and most of the next summer were spent in intensive drill and school. There was trench warfare, Bayonet practice, long marches with full pack both day and night. Ten months may be a short time in which to make soldiers out of recruits, but to the fellows of the 142nd Inf. it was a very long time and they were very much ready for

a change when July 9th, 10th and 11th they entrained for Hoboken, N. J. None of the regiment remained there more than 24 hours. Co. "H" spending the night and a few hours of the following day before they boarded the transport Rijndam on July 17th with the 2nd and 3rd Battalions.

At 2:00 p. m. on July 18th the ship moved out of the harbor and joined its Convoy with thirteen other transports. In this Convoy there were between 60,000 and 70,000 men.

On August 1st the Company landed at St. Nazaire, France and on the sixth day entrained for Bar-sur-Aube which was in the Department of Aube and the 13th training area.

It was on this trip that Pvt. Ed Strunt of Co. "G" was knocked from the top of a box car as the train passed under a low bridge and killed instantly.

On arriving at Bar-sur-Aube Co. "H" and Co. "G" were assigned to a small town about six kilometers out and the training schedule was resumed and intensified. Before long some of the men in Co. "H" were transferred to the 42nd or Rainbow Division.

This, of course, made those remaining more anxious to see some service at the Front. However, they did not have long to wait for the regiment soon moved to an area around Champignuel, and "H" Co. went to Ruffly le Petite. On October 4th the regiment moved to Somme Suippes, where they arrived before day-break on October 5th. On October 6th the regiment marched to a rendezvous Somme Py. That evening orders were received directing the 141st and 142nd Inf. to relieve the 2nd division Front Line. The relief was affected that night, guides being furnished by the Marines.

The 142nd Inf. relieved the Marines on the evening of October 7th and were ordered to attack at 5:15 on October 8. Co. "H" and Co. "G" being designated as the assault Companies. In the attack that followed due to improper artillery support the casualties in these two Companies were very heavy. Co. "H" going in with 152 enlisted men had over 100 killed and wounded in the attack.

### American Legion to Begin Campaign Drive For New Members From October 24 to 28th

The American Legion, an organization composed of ex-soldiers of the World War, is made up of men who served with inseparable ties of purpose and association. They fought side by side for a common cause. Membership requirements are forever closed unless a man has a discharge from the Military Services of the United States of America during the period of the World War.

President Roosevelt said in his address to the National Convention at Chicago recently that he expected the Legion to serve now as never before. Your Legion membership card stamps you as a special representative of the President and of the United States and its President in Peace as much as did your rifle during the war.

The American Legion Post of

a good citizen, whether an adult is of the right type depends largely on the atmosphere and environment of the home and community. The Legion believes that the more attractive and comfortable a community may be made, the better its influence for sound citizenship. The Legion, because of its membership from virtually all of the constructive interests in a locality, is the ideal medium through which community upbuilding and advancement may be carried on. The value of Legion community projects, both direct and in co-operation with other groups, in the last ten years is immense in dollars and cents; the moulding effect on the people generally cannot of course be viewed in concrete form by mortal eye.

We of the Legion are intensely interested in what the fate of the nation is to be. Proud that we fought against the enemies of 1917-18, it is but natural that we should be determined to prevent overthrow by an invasion from without or revolution from within so long as we are able to rise in defense, and that we should want to instill in the minds of oncoming generations that loyalty and devotion which will insure our nations preservation.

—American Legion Monthly.

Clarendon has had an enviable record. For three straight years, it was the outstanding post in this district. It is the largest organization from the standpoint of members in Donley County. If you are a veteran of the World War, you owe it to your country, your President, the Legion, and yourself to be a member of the American Legion. Committees of the Clarendon Post will instigate a membership campaign October 24th that will cover four days, during which it plans to contact every ex-service man in this territory. The Legion is for the benefit of the ex-soldier, and he is the only possible member. Give the boys a break and pay your dues. Support the only organization of all ex-soldiers, and take part in the activities of the local post. You will be a better soldier, citizen, and Legionnaire. A big rally will be held Friday night October 28th at the Legion Hall at the close of the membership period. Every ex-soldier is invited. If you have a discharge, you are invited. Come!

G. L. Boykin, Commander

Installation ceremonies for officers of the Texas department of the American Legion will be attended by Edward Hayes, recently elected national commander, Tom H. Owens announced.

Mr. Hayes, with his wife, formerly Miss Margaret Muleady, sister of Assistant District Attorney of Dallas County James J. Muleady, will arrive in the city on Oct. 21 and will remain through Oct. 22.

Ceremonies will be broadcast from the Baker Hotel over WFAA, The Dallas News and Dallas Journal station. They will be preceded by a conference of State Legion officers in the hotel.

L. Van Perkins, State commander-elect, was in Dallas Friday conferring with local officials regarding entertainment for the national commander. Thousands of legionnaires are expected in the city on Oct. 21.

### National Legion Head Will Attend Texas Ceremonies

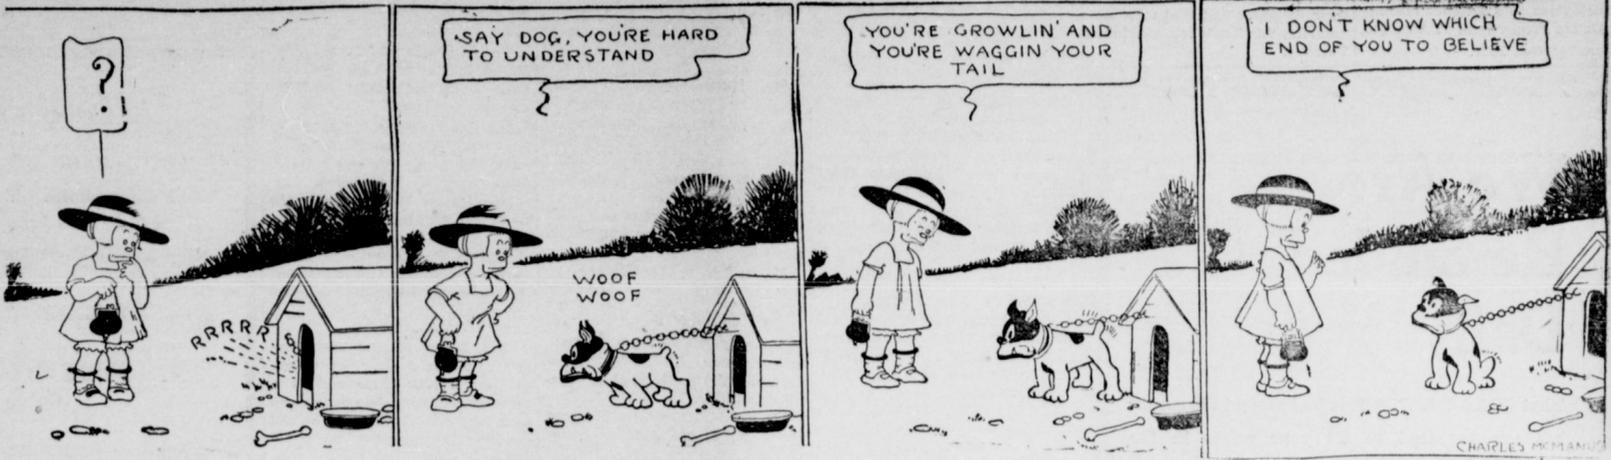

# Our Weekly CHURCH CHAT

W. E. FERRELL  
Minister First Christian Church  
"The School of Christ"

If there is anything which can make a man fear sin, it is the atonement in its mysterious awfulness. There is a power in the scenes of Gethsemane and Calvary which could not be surpassed or equaled if we had present before us all the torments of all the lost. The overwhelming thing about the atonement is that "God spared not His own Son." A substituted angel would have made sin appear, "exceeding sinful," but when we go beyond the angel, and have before us the substitute, incomprehensible indeed, yet confessedly "the brightness of His Father's glory, and the express image of His person," when we find that His dignity is no shield against suffering, but that He is reckoned with rigidly and unflinchingly, so that the poison of death for a time overcomes Him, then there is set in array before us such an exhibition of God's thought of sin and determination to punish it, as leaves far behind the highest picture which the imagination can sketch of the whole world visited with the extreme of divine indignation.

It is a terrible thing to be cursed by man, a wicked man, without cause, but to be cursed by a Father, by a being who never errs in judgment, a being who never condemns unjustly, a being who suffered to save us, a being who has long expostulated in view of this very judgment, a being who com-

## DOROTHY DARNIT

mands the elements of the universe to execute his purposes—what must this curse be? Christ has warned us with a solemnity that may well intimidate and arouse us to sober thinking and action.

Paul in the Galatian letter tells us that the "law was a schoolmaster to bring us unto Christ, that we might be justified by faith." In God's Word, The Bible, there are three schools. The Mosaic or primary school, which sustained the same relation to the gospel school, that the primary school does to the college or university.

The school of John the Baptist, stands as a preparatory school, standing mid-way between the primary school and the College of Christ.

Sunday our subjects will be "The School of Christ" and "The Nature of Future Punishment." Both ser-

mons will help us to appreciate the atonement of Christ. Be sure to attend church next Lord's Day.

### COUNTY SCHOOL NEWS

By Sloan Baker  
County Supt. Schools

As this issue of the paper carries American Legion News, it would be well to refresh our minds with the fact that the American Legion stands squarely behind the public school system as an institution that is truly American in its principles. The American Legion urges that the true tenets of American Citizenship based on our

glorious history as a freedom loving people be taught to the youth in America in our public schools. In fact as the American Legion sees it the prime reason for the spending of public money on education is to inculcate in the minds of the American youth that he has as his first obligation a patriotic duty to perform in upholding the fundamental truths of the Constitution of the United States.

Chamberlain community enjoyed a community singing led by Mr. Ham Earthman the last two Sunday nights. The new Stamp's book meets the approval of the singers in every way.

Mr. Dennis P. Smith, principal of Midway, is visiting in Pampa during the vacation period.

Mr. Bob Dillard is spending the vacation period in remodeling the

interior of the Windy Valley school.

The trustees of Goldston school met in the County Superintendents office last Saturday afternoon. Miss Willie Mae Blanks who taught at Brice last term was elected primary teacher and Mrs. Orville Smith of Shamrock was elected as intermediate teacher by the board. Mr. Gordon Gatewood, principal, and Miss Nan Potter assistant are the other members of the faculty previously elected.

Miss Dorothy Elliott has been chosen as the principal for Smith school for the next term. Miss Elliott formerly taught at Gammage in Hall county.

Mr. Dave Waldron of Sunnyview is very enthusiastic about our chances in having winners in the Interscholastic meet this year.

By all indications the county's schools will start earlier than usual due to the fine weather the farmers and children are having for gathering their crops this year. Everybody who wants to see the best football game of the year be out to see the game between the Clarendon Bronchos and the McLean team Friday.

### SUNNY VIEW

(Mrs. A. M. Lanham)

We had a shower of rain Saturday afternoon but no hail in this section. Every one is on the job this (Monday) morning gathering cotton and binding feed.

Mr. and Mrs. Neal Bogard and family and Mr. and Mrs. Heckle Starks spent Sunday with Mr. and Mrs. Millard Starks.

Mrs. Sam Roberts visited with her daughter, Mr. and Mrs. Floyd Parker of Clarendon Saturday.

Mr. and Mrs. Jack Bailey and children Darrell and Dorris called on Mr. and Mrs. Lanham on their way home from Brice late Sunday evening.

Mr. and Mrs. A. M. Lanham and Misses Pauline and Mildred Brame called on Mr. and Mrs. Nelson

Riley Sunday night till bed time.

Mrs. Lavilla Craft and daughters aWnda and Bettie Ann left here Saturday for Amarillo where she will make her home with her sister, Mr. and Mrs. Henry Lelmar where she can be near school for her little girls. Her mother, Mrs. J. O. Thompson and brother Joe Thompson went with her, but returned home Sunday.

Mr. and Mrs. Nelson Riley and children attended the pie supper at Midway Friday night, the occasion went over the top. A fine time was had and the sale a huge success.

Misses Orene and Ina Riley spent the week end with home folks.

Mr. and Mrs. Milt Allen were callers in the Nelson Riley home Sunday afternoon.

# CREDIT

AND WHAT IT MEANS

Credit is the financial synonym for "Faith." If you have a reputation for honesty and have always met your obligations promptly then people will trust your promises. A good banking connection can help build up a man's credit materially. Some day it may prove very important to have the recommendation or endorsement of a good bank. That is one of the reasons why we like to maintain friendly personal relations with our customers.

## Donley County State Bank

# JOIN THE S P C M

(Society for the Prevention of Cruelty to Motor Cars)

Just take a look at the old car when you start out for the movies tonight!

Tires bald-headed as an electric light bulb, and just about as safe to drive on - - Dents front and rear where Martha didn't quite negotiate the garage - - - Paint that looks like the skin of an old potato - - - An engine that has both whooping cough and the jitters, and burns up many unnecessary dollars in gasoline and oil.

And as you drive along the road notice the new Chevrolts that pass you by - - how much smoother they are - - - More silent - - powerful - - how quickly they stop, how fast they get away.

Isn't it about time YOU were buying a NEW CHEVROLET?

Especially with Chevrolet value greater right now than you will ever likely see again. Think things over a little - - - as they relate to industry - - - and as they relate directly to yourself.

For the past four years the bottom has seemed to drop out of everything. Factories have been closed because

there was no demand for their products. Workmen have been thrown out of jobs. Prices have gone down and down—nothing has appeared to have any basic value at all.

But everything SHOULD have a true basic value - - - a value which is fair alike to the person who makes it, the one who sells it, and the one who buys it. This is the purpose of the NRA and the BUY NOW Campaign: to make everything worth something again.

And that purpose is succeeding! In the automobile and allied industries scores of thousands more men are being employed today than a year ago; they are being paid millions more in wages. Prices on commodities are mounting steadily. Steel is up 15%. Crude rubber 144%. Upholstery fabrics are up 50%.

These increases are NOT YET reflected in the finished automobiles. TODAY you can still buy at the old, low prices. NOW IS THE TIME TO BUY A CHEVROLET - - - the car that is leading in value and sales - - - by the greatest margin in history!

Now is The Time to Buy! And Chevrolet Is The Buy!
