PALO DURO PARK OPEN DAILY.

Dreams of a park in Palo Duro canyon are more nearly realized this week with the announcement of Major Kingsley that the Park will be open to visitors daily.

THOSE PROVERBIAL CHICKENS.

Nations as well as individuals some times find the "chickens coming home to roost." France has had her credit torpedoed in America because she would not pay.

GIVE THE "LAW" A CHANCE.

Many are now inclined to think that Texas is sorely in need of a Ranger force. A squad of men going in twos in a modern car "loaded for bear."

Texas does need an efficient Ranger force modernly equipped. Canadian mounted police "get their man" as a time honored custom.

County, town and city law enforcement officials cannot cope with the situation because of the small number so authorized, and the limited equipment.

JONES SCORES ANOTHER VICTORY.

It was Marvin Jones, congressman from this district who first advanced the idea that beef and dairy producers should share in the emoluments of governmental financial paternalism.

The bills providing for two hundred million dollars to help the cattle industry were sent from Washington to Miami, Florida by airplane where the President signed them.

Congressman Marvin Jones has been chairman of the powerful House Agriculture Committee of twenty-seven members for some years.

WOMEN MENACE TO OUTLAWS.

Are the girls to take charge of the outlaw situation in the southwest? That is the question uppermost in the minds of the "laws" right now since two basketball girls refused to be highjacked at Seminole, Oklahoma Saturday night of their new auto and personal valuables.

Misses Mildred and Lillian Rudell, aged 18 and 16 stepped out of their home into outer darkness. A man alleged to be Raymond Boles also stepped out but not of the date-making shiek type.

The next question is, is this an outburst of Americanism, or simply a boost for athletics, or both? Does it mean that outlawry must continue in the southwest until such time as the girls—not women—shall take the law into their own hands and protect the officers from further danger?

This is the second instance of this nature within two years. More power to the athletic young ladies of the land that they protect their rights and property regardless of any laxity of law enforcement that might exist.

Mrs. Earl Alexander visited friends in Memphis over the week end.

Barney H. McDonald of Bowie was here the last of the week visiting with his brother Will C. McDonald on the Bennett & Sims farm near Salt Fork.

Mr. and Mrs. Lee Nowlin of Hedley spent Sunday here with her parents, Mr. and Mrs. C. M. Lane.

A New Cotton Variety For Western Texas

The Experiment Station near Chillicothe has developed a new cotton variety known as Mebane 141 which is particularly adapted to the Northwest Texas cotton producing region.

ture is one that, along with its good producing ability, will make this variety popular in the region to which it is adapted.

This new variety has been in the process of development since 1925. One thousand and twenty-four selections were made in that year from a strain of Mebane that was the most valuable Texas variety 20 years ago.

lint that was too short, for lack of storm-resistance, and poor picking qualities, and for too low lint percentage. About 15 strains had by 1930 escaped elimination on these grounds and in that year these strains, among them selection 141, were put in a variety test with about 30 commercial varieties.

Distribution of this new variety was, therefore, begun last year when approximately 50 farmers grew about five acres apiece.

Spur Experiment Station this variety produced 568 pounds of lint per acre, or approximately 8 bales on 7 acres.

The results obtained during the past four years with this variety, which has produced from 8 to 20

per cent more than other varieties of tenderable staple length indicate the likelihood of Mebane 141 becoming the most important variety of good staple in this important cotton producing area.

**BUFFETS SAY "HAPPY DAYS!"**

**WHEN THE STEIN'S ON THE TABLE—**

The proper cheese is bound to be there with it!

For beer and cheese—the buffet supper in all its glory—are classic and inseparable food combinations.

The very thought of the smooth and amber-flowing liquid conjures up in the masculine breast thoughts of generous slices of nut-sweet Swiss cheese, scoopsful of pungent Old English, wedges of ruddy American. From free lunch to political caucus, the joys of the foaming stein and the buffet supper are endeared to memory the world 'round.

Americans will have to learn the

joys of the proper thirst-inducing, appetite-satisfying cheeses which properly belong with the foaming beverage, according to the educational department of the Kraft-Phenix Cheese Corporation. There are more than 400 different varieties of cheese—and all of them will enjoy renewed popularity now that buffet suppers are the thing, according to the cheese company.

Swiss, full-flavored American, Limburger, sharp and ruddy Old English—these are some of the cheeses which are expected to enjoy unparalleled popularity on the buffet tables of the nation now that beer is back.

**TEMPLE OF TRUTH**  
By the Apostle

Well it's getting to where we ought to pass a law compelling these bandits to paint their cars red. This will help in two ways. Painting them will take up time from devilment, and besides, we can dodge red cars better.

The College Hill Widow says "some women seem to think they have done enough for their community when they wear a girdle and a slip at the same time."

There was a time when some men were "as good as gold," but we've gone off the gold standard now you know.

In a conversation with a minister in another town recently, he said: When I preached my Easter sermon I got the town talking by one single expression when I said "well, if I don't see some of you again before next Easter, I wish you a Merry Christmas."

Kirk Sutlive, of The Blackshear Times, tells about a lawyer down there who received the following letter from an old client:

"Dear Judge: I is in Florida in trouble, and I is writing you so you kin come down here and get me out. I killed a man and they has got me charged with murder. Come at once.

Your truly,  
"Sam Johnson."

"P. S.—Bring that witness we used in de hog stealing case."

While down the country, the Apostle took time out to view a number of spring awnsambles for ladies, and if there is anything he knows nothing about, it is female fashions.

Women's fashions for next summer bid fair to be fancy-free and foot-loose in the most literal interpretation of that time-honored phrase.

A sort of exotic stream-lined modified nudism is the decision of the designers who, in comfortably steam-heated workshops, are racking their brains to find ways of satisfying feminine demands for new hot-weather fashion fancies.

Legs will be almost as much in evidence on city streets as on beaches. Skirts will be split at the side above the knee, and in some sports models they will be split up to the waist. Evening gowns will have stiff airplane wings. Buttons will be made of such tropical stuff as ebony, straw and isinglass.

And as for beach clothes, you had better wait and see, because there isn't enough material to make description possible. Some of the mannikins, as yet unconverted to nudism, blushed so much when they wore the bathing suits that the buyers thought they had fresh coats of new sunburn.

Mr. and Mrs. Wiley Morris have the finest collection of petrified tree parts and curious rocks in the county at their home in west Clarendon. It is a beautiful place and both of them take pleasure in showing the wonderful flower gardens, etc. surrounding their home. One rock looks as though a giant had set his bare foot into soft cement. Many of these rocks were brought from a canyon near Channing, and others came from the

Morris ranch southwest of town.

Bowie put on a big spread Monday for "Allred Day." Down there the last of the week, I saw them making preparations, and 99 percent of all ages are for Jimmie Allred plenty strong. Jimmie is a native of Bowie which was his home until he sought bigger worlds to conquer. All the surrounding country went there to help his home town celebrate Jimmie's opening address Monday afternoon.

A poem signed "A Nut" appears in the Leader this week. Ed Threadgill is the writer, and is a farmer residing south of Bellevue. He writes some real sensible stuff along though he lays no claim to anything special. We will have more of it from time to time.

And here's another thing about Bowie. Users of electric lights are furnished with a street lamp in front of the house without charge. The extra light is on a main line and does not measure through your meter.

It is not my intention to leave the impression that the Parsons brothers, Homer and Carl, are the only honest men in the clothes cleaning business by any means, but I do want to compliment these two young men on one great thing—the most important thing in a business man's career—they are honest to the core. In our dealings with them over several years, and running into a few hundred dollars each year, we have found them scrupulously honest. They DO what they say they will, WHEN they say they will do it. When the

depression hit them, they suffered plenty along with the rest of the folks. They worked harder and tried harder to merit more of what little business was to be had. Now they have moved to a building of their own. I would be ungrateful not to say that I wish them unbounded success, because they have earned it. They will keep growing because they have builded on a sound foundation. You just can't keep those kind of fellows down, because nobody would wish them otherwise than a successful career in their line of work. Luck to you, boys, and may your business keep right on growing.

GW took me in charge Thursday of last week end we went down to look over her nine brothers and sisters and their families. We visited at Bowie among her kin and out to Vashti where a big bunch of them live. I do not recall much about the trip except that we had an abundance of good old home-spun ham, growny gravy and custard pies along with all the visiting. We had a great time, enjoyed every bit of it and expect to get back down that way when the peaches get ripe. They have a fine fruit crop in prospect. Sunday came all too quickly, but we had to get back on the job. My time was taken up pretty much with the little folks. I like babies and especially the little boys and girls with whom I romped and played. I played ball with a bunch of the boys with its attendant noise, all going well until one enthusiastic youngster accidentally jumped on my big toe while I was holding down third base. The accident is but a reminder at this time, but the happy

hours spent with those buxon lads will live with me a long time. Great fellows! It's a pity that boys have to grow up, learn the ways of the world and get their dispositions warped. A bunch of the women folks filled a large box with flower bulbs, roots and cuttings which I am going to give a chance to grow in grand old Donley county. Thank you folks, thank you, for every consideration shown us. I can only say in the language of Mae West—come up to see me some time!

**Paintings of Harold Bugbee Feature of Exhibit**

Canyon, April 5.—A One-Man exhibit of paintings, featuring oils from the brush of Harold Bugbee of Clarendon will be one of the special attractions of the Panhandle-Plains Historical Society Meeting here on April 13.

The paintings have already been hung in the Mary E. Hudspeth Art Gallery of the Museum and may be seen by visitors on Tuesday, Thursday or Saturday from two to six o'clock as well as on the day of the annual meeting of the Historical Society.

In the exhibit will be seen 14 oil paintings including "The Trail Herd Entering the Canyon", "Bucking Bronco", "Indian Spear-throwing Buffalo" and several interesting pictures of Elk, Bear, Deer and a lone trapper.

Handsome paintings of Colonel Charles Goodnight, and of Colonel T. S. Bugbee, both done by Harold Bugbee, are also a part of the display.

From his boyhood Mr. Bugbee has been more interested in portraying the Southwest, both past

and present, than any other subject. His work has brought favorable comment wherever his paintings have been exhibited, and many of his recent pictures are now on exhibit in the east. One of the most interesting of the oil paintings in the Canyon exhibit tells a story of branding time. The glare of the sun, the heat of the fire, the smell of burning flesh and hot leather, the fear of the calves are all so realistic that even the tenderfoot can correctly interpret the scene. In the Trail Herd Entering the Canyon the heat of the day has passed, and long purple and blue shadows, the tired cattle and horsemen all combine to suggest evening, the end of the journey, weariness and promise of peaceful rest.

The exhibit will remain until April 14, and perhaps for a longer time.

**Thousands have Ended their Bowel Worries by taking this advice!**

Can constipation be safely relieved? "Yes!" say medical men. "Yes!" say the many thousands who have followed their advice and know.

You are not likely to cure your constipation with salts, pills, tablets, or any of the habit-forming cathartics. But you can correct this condition by gentle regulation with a suitable liquid laxative.

**THE LIQUID TEST:**

First: select a properly prepared liquid laxative. Second: take the dose you find suited to your system. Third: gradually reduce the dose until bowels are moving of their own accord.

Simple, isn't it? And it works! The right liquid laxative brings thorough bowel action without using force. An approved liquid laxative (one which is most widely

used for both adults and children) is Dr. Caldwell's Syrup Pepsin. It is a doctor's prescription, and is perfectly safe. Its laxative action is based on senna—a natural laxative. The bowels will not become dependent on this form of help, as in the case of mineral drugs.

Hospitals and doctors have always used liquid laxatives. The dose can be measured, and the action controlled. Pills and tablets containing drugs of violent action are hard on the bowels.

If there are children in your household, don't give them any laxative, but use a healthful, helpful preparation like Syrup Pepsin. Its very taste will tell you it is wholesome, and agreeable to the stomach. Delightful taste, and delightful action; there is no discomfort at the time, or after. Ask your druggist for Dr. Caldwell's Syrup Pepsin, all ready to take.

**YOUR SATISFACTION BEFORE OURS—**

Money in reserve protects you against the unpleasant "might be's" and lets you enjoy the pleasant "could have been's." A few dollars from your weekly pay check tucked away in a bank account won't be missed—the secure feeling of a growing cash reserve will make life less tense and a lot more enjoyable.

Drive a Chrysler? Read Mrs. Ketner's story...

"I made your 'two-trip' test," says Mrs. Lee Ketner, 705 Melrose St., Winston-Salem, N. C., "and to say I was surprised would be putting it mildly."

"Gulf-lube outlasted my regular 25c motor oil by 115 miles—it went 51% further before a quart was consumed!"

Thanks, Mrs. Ketner. You're one of thousands of motorists who have cut their oil costs with Gulf-lube—the oil that was tested by the American Automobile Association in 6 average cars—and outlasted every oil in every car!

Start saving! Switch to Gulf-lube now. You'll buy less oil between fillings. You'll get better, smoother lubrication. At 25c a

quart Gulf-lube is America's biggest motor oil value. At all Gulf stations.

**Miss Mantie Graves Becomes President B & P W Club**

Fifteen members attended the B & P W Club meeting Tuesday evening with Opal Pyle as hostess. This was strictly a business meeting presided over by Batrice Antrobus. Plans were made for the Lubbock convention and Julia Mae Caraway was appointed chairman of "On to San Antonio" where the State convention will be held in June.

Miss Lane's resignation as President of the Club was read and Mantie Graves was elected to this

office for the remaining club year and for the coming year. This left the office of First Vice President vacant and Mildred Martin was elected to serve in that office.

Annie Ruth Johnsey was elected as Treasurer for the coming year to fill the vacancy left by Julia Mae Caraway's resignation. After reading an invitation from the Junior Beaux Art Club to attend a program which they will present on May 9th, and at which time Mr. Floyd Studer will be guest speaker on the subject of "Indian Civilization in the Panhandle."

**Legion Auxiliary Meets At Canadian 7 and 8th**

American Legion Auxiliary met in a joint meeting of the 18th District Convention in Canadian April 7 and 8th. Registration began at 10 a. m. at the City Auditorium which has been decorated with flags, bunting and symbols of the Legion.

In the afternoon the ladies were entertained by a program of music and tap dancing, from 1:30 p. m. to 2:30, then we were taken to the

beautiful home of Mrs. J. T. Johnson where we were served tea and were shown one of the best privately owned art displays in Texas. These pictures and painted china are the work of Mrs. Johnson. She is at this time a lady of about 50 years and is still painting beautiful pictures. Among these are her husband, children, grandchildren and herself. From here we went to the spacious home of B. T. Tepe where we could play either bridge or forty-two. The two winning high score received bouquets of double sweet peas and roses.

At six o'clock we were served dinner in the Methodist Church dining hall.

Then to the Palace Theatre for a show, and then to the Auditorium for a dance.

Sunday morning we attended a joint service with the Legion at which the minister of the Presbyterian Church, who is the Chaplain of the Canadian Legion, gave us a wonderful message.

At noon we were served sandwiches, doughnuts and potato chips and coffee in this same building.

In the afternoon we heard some good speakers and singers until 3:30 when the ladies went to the Methodist Church for their own meeting and to nominate a new district chairman and an assistant. The new chairman is Mrs. Floyd Sloan of Amarillo and Mrs. Guy Clay from Wellington is her assistant. These ladies will be elected at the state meeting in August which will be held at Mineral Wells.

Clarendon will have the next convention which will be in October, 1934.

This meeting was attended by Mrs. O. L. Fink, Chairman and Mmes. Huffman, Fish, Beach, members and Mrs. James Trent, Chairman of the 18th District.

**Mrs. Jettie Fryar of Lelia Passed Away Tuesday**

Mrs. Fryar had resided on her farm near Lelia for many years. Elder D. F. Hukel conducted the funeral services at the Church of

Christ there Wednesday. She was 80 years, 9 months and 4 days old.

Surviving her are four children. They are Mrs. Reynolds and Mrs. Cruse of Lelia, and Robt. Fryar of Melrose, N. Mex. and N. Fryar of San Antonio.

**Choice Beef is Supplied City Grocery Market**

Being particular about the quality of meats sold through his market, Ed I. Fox at the City Grocery makes a specialty of seeing after the source. This week he purchased a choice beef from John Clark. It is said to be about the fattest carcass hung up in the market to date.

This steer was fed on the Clark farm, the principal feed being crushed and ground feed produced on the farm. Those who have eaten of the steak claim it to be of a fine grain, juicy and a quality that cannot be beaten. Donley county can and does produce some of the choicest steaks in the Panhandle.

**CARD OF THANKS**

We wish to thank our neighbors and friends for the many kindnesses shown us during the illness and death of our beloved mother and grandmother. Your generous sympathy, kind assistance and beautiful flowers comforted us in our sorrow. May you always have a full measure of the same comfort when sorrow comes to you.

**Sinclair Dealers defeat motor oil substitution with new TAMPER-PROOF can**

Motor oil bootleggers are clever! By hook or by crook they've managed here and elsewhere to substitute inferior oils—even "reclaimed" crankcase drainings—for motor oils of honest reputation. Some authorities estimate that as much as 25% of all motor oil sold in America today is "bootleg".

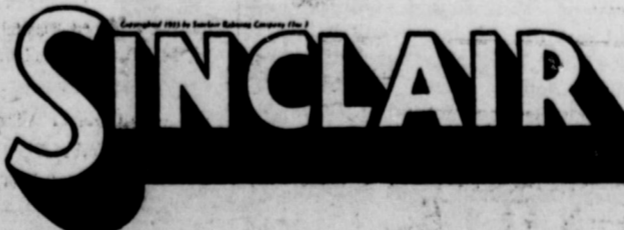

But Sinclair dealers here have met this menace. They serve you from the new Sinclair 1-quart or 5-quart Tamper-Proof can—a can that can't be opened for serving you without smashing it beyond all repair. And it's smashed before your very eyes.

These cans come to the dealer straight from the Sinclair refinery where they are filled (and sealed) with Sinclair Opaline Motor Oil, mellowed 80 million years", or Sinclair Pennsylvania Motor

Oil, "mellowed a hundred million years". They're dirt-proof, contamination-proof—and an absolute guarantee against motor oil substitution.

Protect yourself—get your money's worth—ask for Sinclair Motor Oil in the Tamper-Proof can. This service costs you nothing extra.

**Gorgas Memorial Contest**  
 The subject of mosquito control and eradication of disease carried by mosquitoes has become of vital importance to the people of the world. In keeping pace with the times and informing ourselves just what has been done and can be done, about twenty of juniors and seniors entered the Gorgas memorial contest this year. Recently Miss Virginia Williams was award-

ed a medal as winner. Virginia has won first place in essay writing in our school for the past two years though she has not represented us at county meet either year. Last year she debated at the same hour as essay writing. Due to illness she was unable to attend this year. All others who entered the Gorgas memorial contest even though they did not win first place reaped a great benefit from their work.

Several members of the class ordered material on the subject which enabled the writing of some splendid essays. From research done on this subject the students have gained knowledge on the control of mosquitoes and methods of bettering health conditions. Essays have not yet been judged for state and national prizes, but we hope to hear later from that report. Virginia we're proud of you.

**Boy's Athletics**  
 The boys that won places at the county meet are looking forward to the meet to be held next Friday and Saturday at Pampa.

We have all been working out in good shape so we can carry off several places. Some of the boys have turned out for baseball. If the boys all play like they have been, we are going to have area 1 baseball nine. Oh! Isn't it nice that we have to bring an excuse to see those nine play ball.

Some of our winners only beat by the hair on their chest. Wasn't it just our luck that the boys are all fuzzy if not "buggy." We're wild and woolly from Texas. We were weaned on wildcat's milk. We're wild and woolly from the west, and this is our night to howl.

Bashful.

**Seniors**

We seniors sure are getting anxious for the few remaining weeks of school to disappear. We are all doing a great deal of studying now and are hoping that we will all be there when it comes time to receive the diplomas. The class may be small but we hope we are making a good show in this school anyway.

We have been planning to have an entertainment of some kind soon but have not decided yet when it will be. We will tell you more about it some other time.

**Fifth and Sixth Grade Have Picnic**  
 On Friday afternoon, March 30, the fifth and sixth grades went to Mr. Gee Leathers pasture for an Easter picnic. We climbed hills, played baseball and other games, and hunted Easter eggs. James Morton found the largest number of eggs. About five-thirty we had a picnic lunch of fruit, cookies, pickles and sandwiches. Those present were Justine and Lucille Gregg, Leota and Betty McKee, Ida Mae Floyd, Virginia Carroll, Bessie Mae Wood, Juretta Howard, Johnnie Leathers, James Morton, Don and Jack Espey, Granville Floyd, the guests Geneva Robertson and Mrs. R. O. Espey and the sponsor, Miss Vera Garland.

### A LONG TIME AGO!

When I was a little "tad" with my mother and my "dad" In our little old log cabin by the old oak tree, Then my mother used to sing praises to our Lord and King How fond memories of that time return to me. When the evening chores were done past the setting of the sun, And the twilight cast its shadows on the wall, Then I'd sit on mother's knee while she sang a lullaby; All the joy it gave me then I now recall.

Many years have passed away, I am wrinkled now, and gray And my father and mother have gone, To that land beyond the sky where no tears can dim the eye Still I tarry here a while to carry on. When my labor here is o'er and I start for yonder shore, Then I'll meet my blessed Savior in the air; He will safely pilot me o'er the rough and mystic sea And I'll meet my dear old parents over there.

## Our Weekly CHURCH CHAT

W. E. FERRELL  
Minister First Christian Church

### "A New Name For The Gospel."

Text: "I have not shunned to declare unto you the whole counsel of God." Acts 20:27.

The prophets were supremely conscious of their mission. The Lord God had sent them. Commission, mission and submission were vital experiences in the lives of God's chosen servants. Paul fell heir to this divine call, intensely conscious of the urgency, the sufficiency and efficiency of his mis-

sion and message. He gave it a name adequate to its origin—"the whole counsel of God."

1. The Gospel is a Declaration. "I shunned not to declare unto you." Fear would have made it a compromise. Paganism, legalism and naturalism are always waiting to adulterate the true word of faith. In modern times they employ more exquisite instruments, but the results are just as deadly. Shame would have suggested silence, but Paul had conquered this temptation. "I am not ashamed of the gospel of Christ," he said. We have something to declare, let men despise it as they may. The gospel is power. Doubt would have reduced the gospel to a mere apologetic. True, we need the best minds to clarify the truth in the light of new knowledge generation by generation, but the Church is strong-

est when she declares her message and does not stand arguing about it. The preacher does not make up a message, he declares it. The gospel is a declaration, not a discussion.

2. The Gospel is a Declaration of the Counsel of God. The gospel is the story of God's presence in the world in the person of His Son, Jesus, of His plan in saving mankind through the atoning death on Calvary, and of His power in the lives of all who believe in Him, through the indwelling of the Holy Spirit. It covers the whole nature of man, and Paul sums up man's inevitable response in two phrases, "Repentance toward God," and "faith in our Lord Jesus Christ." That's the gospel in a nut-shell.

3. The Gospel, a Declaration of the Whole Counsel of God. It is sufficient without any additions to teach men how to live and how to die, and all other things without this gospel are only a thin veneer hiding man's real need and doing nothing to cure it.

Dr. Miles NERVINE

"Did the work" says Miss Glivar

WHY DON'T YOU TRY IT?

After more than three months of suffering from a nervous ailment, Miss Glivar used Dr. Miles Nerveine which gave her such splendid results that she wrote us an enthusiastic letter.

If you suffer from "Nerves," If you lie awake nights, start at sudden noises, tire easily, are cranky, blue and fidgety, your nerves are probably out of order.

Quiet and relax them with the same medicine that "did the work" for this Colorado girl.

Whether your "Nerves" have troubled you for hours or for years, you'll find this time-tested remedy effective.

At Drug Stores 25c and \$1.00.

# WE HAVE MOVED!

With the interests of our patrons ever uppermost in first consideration, and due to a demand for more floor space to care for their needs, we purchased the SoBelle building next door to the Caraway cafe. We are now moved into our own building where we have double the floor space. New machinery needs have been added that we might serve you better without any increase in price.

W. H. Morgan was elected as a member of the school board in the trustee election here Saturday.

Because of a typographical error we learned that Goldston community last week moved to Naylor. Of course in the sifting of material during these sandstorms most anything is likely to happen. We are wondering how that progressive community likes their new neighbors who so suddenly appeared in their midst. Well we are glad to go to Naylor anytime, but if we had a choice of time of moving we would prefer to go when the melons are smiling on the vine, with the canteloupes at their best—then we would like to park near Mr. Pickering's great field of yams, and to us life would be a continuation of "yum, yum, yum."

## HOW WOMEN CAN WIN MEN AND MEN WIN

### The Favor of Other Men

Unless two pints of bile juice flow daily from your liver into your bowels, your food decays in your bowels. This poisons your whole body. Movements get hard and constipated. You get yellow tongue, yellow skin, pimples, dull eyes, bad breath, bad taste, gas, dizziness, headache. You have become an ugly-looking, foul-smelling, sour-thinking person. You have lost your personal charm. Everybody wants to run from you.

But don't take salts, mineral waters, oils, laxative pills, laxative candies or chewing gums and expect them to get rid of this poison that destroys your personal charm. They can't do it, for they only move out the tail end of your bowels and that doesn't take away enough of the decayed poison. Cosmetics won't help at all.

Only a free flow of your bile juice will stop this decay poison in your bowels. The one mild vegetable medicine which starts a free flow of your bile juice is Carter's Little Liver Pills. No calomel (mercury) in Carter's. Only fine, mild vegetable personal charm to win men, start taking Carter's Little Liver Pills according to directions today. 25¢ at drug stores. Refuse "something just as good," for it may grip, loosen teeth or scald rectum. Ask for Carter's Little Liver Pills by name and get what you ask for. ©1933, C.M.Co.

### CROP AND LIVE STOCK LOAN IS EXPLAINED FULLY

J. D. Swift and John T. Sims  
Members of Board From  
Donley County

Applications for production loans to farmers and stockmen in Childress, Collingsworth, Donley and Hall counties are now being received by the application writers of the Memphis Production Credit Association. All loans will be made on a business basis and according to the security furnished by the applicant.

The loans that will be made in this county and the other three counties served by the Memphis association must be good loans

and loans that are collectible if the association is to continue as a permanent service to farmers in this and other communities, as intended.

"Fortunately, not all farmers in this county need credit, but for those who do the association stands as a business organization—not as a charity institution. Loans may be obtained for periods of 3 to 12 months by any eligible deserving farmer or stockman who needs credit and has security; but if a farmer or stockman is eligible for credit it must be extended on a business basis."

Each applicant has to state in his application what property he is offering to secure the loan. Security for these loans will consist of first liens on crops, livestock or other personal property on which a lien, or chattel mortgage, may be taken to secure the loan adequately. The lien may be taken on prop-

erty already in the possession of the borrower, or to be purchased with the money borrowed. It is not intended that production loans shall be secured principally by mortgages on real estate. Where this type of security is taken it will be regarded only as additional collateral.

The charges on production loans would be as low as possible in keeping with business credit. A small fee is charged to inspect the property offered as security by the applicant, but usually no charge will be made for inspection if the loan is not granted.

The minimum amount that can be loaned to any one eligible borrower is \$50.00. The interest rate is 5 1/2%, and charged only for the actual number of months the loan is outstanding.

Loans may be obtained for general agricultural purposes including the costs of growing, cultivating, or marketing crops; and for the production of livestock, and dairy and poultry products.

Most of the loans will run from 3 to 12 months, and are to be due and payable at the time when the crops and livestock financed are sold.

Each farmer or stockman borrowing for the first time automatically becomes a member of the association, since each is required to own voting stock in the association equal to \$5.00 for every \$100.00 or fraction thereof he borrows. The stock may be purchased with a part of the loan proceeds. It is the only voting stock in the association, and may be purchased only by borrowers, each having only one vote regardless of the amount borrowed.

A farmer or stockman who becomes a member of an association

does not have to "stand good for" the loans of the association, or the debts of other borrowers. The stock carries no double liability.

The Memphis Production Credit Association, which is authorized to make loans in this county, is one of 50 which have been established in this state. Most of the capital of the association is provided by the Production Credit Corporation of Houston, which is supervising the work of associations in Texas.

#### Jimmie Redmond's Recording Musicians to Play Here

With Jimmie Redmond's "Isle O' Blues" to play for the dance at the opera house Friday night are such well known artists as Miss June Hall, the blues girl; George Gore, C. B. S. artists; Charles "Stub" Taylor, "nut man" entertainer; novelties and tap dancing.

The music of the eleven piece orchestra is said to have been of the very best.

The rambling Cowboys will again be heard here at the dance Saturday night at the Opera House. Their music of a week ago is said to have been of the best stringed quality.
