## PANHANDLE IS CHEATED ON HIGHWAY AND RELIEF FUNDS, JONES ASSERTS

The records will show that the Panhandle has been cheated in the matter of highway and relief funds, declares Congressman Marvin Jones.

In a survey of both relief and highway funds expended on roads in this congressional district, prepared by Bureau of Public Roads, Mr. Jones points out that the 53 counties—comprising one-fifth the area of the state—received but one-twelfth of the special road grant given Texas. The money was appropriated, he avers, for the main purpose of closing gaps on the cardinal highways.

Instead, he declares, it was largely allocated on a population basis and this policy has meant discrimination against the Panhandle.

"A short time ago," he said, "I asked the Bureau of Public Roads in Washington to furnish me with a statement showing the work done and projects approved in Northwest Texas in the special road program of \$8,900,000, and also the work done and projects approved in the regular road program of \$24,000,000 allotted to Texas. I am just in receipt of that statement.

"It shows \$1,153,954 spent and \$5,103,600 in projects approved in the special road program in 28 counties. In the regular road program, \$24,000,000 was allotted to Texas to be handled through the Texas Highway Commission. It is shown that \$2,104,880.69 has been allocated to the counties of the present Eighteenth Congressional District of 53 counties, for a total mileage of 466.9 miles. In addition, there has been allocated from the new funds \$600,000 on a mileage of 54.1 miles.

While some work has been done, in my judgment, neither the Texas Highway Commission nor the Relief Commission has allocated to this section a proper division of these funds.

"The present Eighteenth Congressional District (old) is comprised of 53 counties and constitutes nearly one-fifth of the geographical area of the state, but it was allocated by the Highway Commission only a little more than one-twelfth of the regular allotment of \$24,000,000. It was evidently allocated by the Commission on a population and not on a mileage basis, and without proper regard to the closing of gaps in the federal highway system.

"In my judgment, the Relief Commission should have allotted a larger portion of the relief funds for use on the special road program. This is especially true in view of the three or four years' drought conditions that have prevailed in this section.

"I hope and believe a better understanding is coming and that the Relief Commission will speed up the special road program for use during the coming winter, and that the Texas Highway Commission will in the new \$12,000,000 that has been allotted to Texas for the current year make provisions for closing all of the gaps in the federal highway system, or that both commissions will work together and in combined form see that all these gaps are closed, as well as many secondary roads improved.

"While I was in Washington recently, I had a conference with Commissioner McDonald, the head of the National Bureau of Public Roads, and urged that he insist that the Texas organization close all the gaps in this section in the federal highway system out of the new funds available for Texas."

## College Extension Work Is Begun Here Monday

Fourteen teacher-students greeted Dr. D. M. Cook at the College Monday when he began extension classes for the W. T. S. T. College of Canyon.

Twenty teachers is the quota and it is understood that the number will be filled at the class that meets here next Monday at 4:30 p. m.

## Flood Control Plans Have Not Been Worked Out

Arrangements have been made by the city to have Jeff Williams of Plainview survey the watershed south and southwest of town in order to determine the scope and cost of flood protection.

Relief workers have cleaned up the Denver hotel building with the possibility of it being used by the transit bureau workers should the plans for flood control be finally consummated.

W. R. Bowdin, district manager of transient bureaus, arrived in town today to make final arrangements for quarters for one hundred workmen which he states will be sent here at once.

## Four Indicted by Present Grand Jury Session

Those indicted included Johnny Hale who is being held on a liquor sale charge. H. L. Martin, one of the two men flushed in the building near Claude some weeks ago, is held to answer to a charge of burglary.

Others are Buck Andis, liquor sale. Buck Andis and Brit Melton jointly charged with liquor sale. Hammond Mayfield colored is held on a charge of theft of over \$50.

## Sox-Box Supper Friday Nite At Windy Valley School

Ever attend a "Sox" supper? Of course not! Then better not overlook the "Sox Supper" at the Windy Valley school Friday night of this week. It's a school affair in which the community will join to raise funds for the purchase of song books.

If you bring a box, you know what to put in it. If you decide on "Sox," bring two "new" ones and fill them liberally with whatever you like that can or may be eaten, according to Clarence Jackson, principal of the school and prime mover in raising funds for the purchase of song books.

Good stringed music of the bone-tickling type. Plenty of eats and gobs of fun is promised. Friday night, October 19th. Don't miss the first "Sox supper" ever to be held in old Donley county so far as known.

## Relief Cannery is Closed Awaiting Cans

The original allotment of 18000 cans for Donley County has been processed and due to the fact that no additional cans have been received the cannery has been temporarily closed. Notice of shipment of 5000 cans has been received but they have not been delivered.

Producers who have canned goods stored at the cannery at this time are requested not to call for their products until the cannery is re-opened.

## Hedley Owls to Play Here Friday Afternoon

The Bronchos will meet the Hedley Owls on the local grid at 3:30 tomorrow, Friday the 19th.

The Owls have had careful training and will give the celebrated Bronchos a battle for honors which will be well worth seeing.

## Cotton Crop Falling Short Of Last Season

The government census report shows that 1188 bales of cotton were ginned in Donley county prior to October 1st. There was ginned 2263 bales for the same period last season.

## Administrator Announces Closing NRS Office

All applicants who have NRS registrations on file at the relief office are hereby notified that the NRS office in Donley County has been closed. No new applications will be taken and no work cards will be issued.

## MARVIN JONES WILL SPEAK HERE NEXT TUESDAY

### Congressman Will Discuss Vital Issues Affecting Public Welfare

Congressman Marvin Jones will speak at the Pastime Theatre here next Tuesday at 1:30 p. m. on "the economic and agricultural problems of the day."

The public at large is invited to hear him. Because of Mr. Jones

MARVIN JONES

being chairman of the powerful committee on agriculture in the United States Congress, he is eminently qualified to speak on the subject of agricultural problems of the nation.

No man in public life today has had more to do with the "new deal" problems of numerous kinds, or has investigated conditions more minutely and thoroughly than has Mr. Jones.

## Little Folks Will Stage "Tom Thumb" Martial Ceremony

### Miniature Wedding Will Be Shown at College Friday Evening at 7:30

The Methodist Missionary Society is sponsoring a "Tom Thumb" wedding that will include six in the main cast at the College Auditorium Friday evening, the 19th.

Frankie Ariene Garrison will take the part of bride. Dewey Tom Heath, sprightly youngster, will be the handsome groom to walk out with one of the best looking young ladies of the city.

Clyde Benton Douglas will assume all the austere dignity at his command in playing the part of the "parson."

Manly Bryan, he of much training and a songster of note locally, will render a vocal strain that will captivate when "I Love You Truly" is heard.

Just to add spice to the occasion, Marilyn Mahar will captivate her audience with "Let Me Call You Sweetheart."

What would a wedding be without instrumental music. Right here is where Master Edward Teeter displays a lot of talent in the rendition of "Roses of Picardy," and that during the ceremony, too.

Avoiding a breach of custom, little Miss Dorothy Kerbow will play the celebrated wedding march as only a well trained young lady can, reared under the tutelage of a mother well versed in musical art.

Eight brides maids and eight ushers are required to do the job satisfactorily. The families of both bride and groom will be present. The guests at the wedding will be characters from "Mother Goose."

The Belle Bennett Circle of the Missionary Society are sponsoring this play and assure you a delightful evening of fun, thrills and entertainment at a very nominal cost.

## T. D. HOBART DENIES SALE OF J A PROPERTY

### Despite Visiting Indians And Rumors Famous Old Ranch Still "For Sale"

A report gained some headway the past week that the famous old J A Ranch had been sold to California oil men for four million dollars. Quick contact was made with T. D. Hobart of Pampa, executor of the ranch estate, who denies any knowledge of the transaction, though says the "for sale" continues to hang out for those who have the cash.

Occasionally Oklahoma Indians visit in this section for sentimental reasons merely to look over their old hunting grounds. They have always been welcome guests at the ranch. No sooner do they arrive than a story gains headway that the ranch has been sold to Indians.

Charles Goodnight is said to have established a dugout near the present headquarters in 1876. He operated the ranch for the owners, Mr. and Mrs. John A. Adair of Wrathdair, Ireland until he established a ranch of his own adjoining the west side of the J A property.

Mrs. Adair operated the ranch for many years until her death at which time it passed to her heirs, the Richties being numbered among them. The younger men of the family spent some time here the past year.

Mrs. Adair gave to the people here the present county hospital building. She also gave a building to the Y. M. C. A. which in turn was later sold to the city and has since become the City Hall.

## MESH RED TAPE GREATLY RETARDS RELIEF ACTION

### Administrator Explains How Mistaken Ideas Become Vexing Problems

The following telegram appeared in last week's issue of the Donley County Leader:

Four teacher vocational and adult school approved Sewing room project approved for two thousand forty dollars Two road projects in Precinct Two and Three approved School repair jobs in line for approval

Sloan Baker

The following correction was received this week from local relief officials:

"Mr. Sloan Baker made a trip to Austin last week to submit to George H. Fern the Emergency Education Projects for Donley County and was given approval on them at that time.

Donley County has had a sewing room project since the beginning of the TRC last April but it carried no material approval and it has been impossible to secure material from sources other than the relief commission. Relief authorities have been unable to complete satisfactory material bids on this project, and it is not in operation. Sewing rooms carry no definite monetary approval; they are classified as relief commodity production plants and approvals are continuous AS LONG AS funds are available.

The fact that a project is approved in no way means that it can either become active immediately or that it will ever become active. Administrators of relief funds which they do not have on hand regardless of the fact that additional funds are available from time to time. Work on projects must be governed according to the allotments rather than the approvals carried by the projects.

The road projects in Precincts 2 and 3 have been held since September 24th by the district engineering supervisor for investigation into material bills. The project in precinct 3 was released

## HIGHWAY EAST WINS APPROVAL FEDERAL BUREAU

### Making of First Hurdle Is Announced by the State Department Saturday

"It won't be long now" is the ringing cheer from a long suffering public. The cheering news comes that the highway project from Clarendon east by way of Hedley to the Hall county line has been approved by the United States Bureau of Public Roads at Austin.

The project is classified as one of a number of 1935 national recovery jobs in this state. That means that we may expect work to begin possibly within the next three or four months. This is a "grade and drainage project."

As further assurance that the project will be rushed, the Texas department announces that immediate steps will be taken to prepare plans, specifications and estimates for submission to proper authorities for final approval.

One will recall the old days of highway construction in Texas when building was started "overnight" without fanfare of trumpets, but very little of it in the Panhandle.

A long-suffering and disappointed public will wait. They cannot do otherwise while the project is dragged through the customary maze of red tape. Anyway, this is the first intimation of encouragement for some time.

## Fifi Mystery Girl Eats, Sleeps Under Water October 29th

### Astounding Mysteries Will Be Shown at Carnival On College Hill

The date of the College Carnival has been changed to Monday Night, October 29, due to the fact that the local Lions Club is having a special feature on the Tuesday night. Please remember this change and tell your neighbors that the College Carnival will be starting at 7 p. m. Monday, October 29th.

Among the wonders to be exhibited will be Garlic the Strong Man; Fifi the Mystery Girl who eats, sleeps, and talks under water; the Chamber of Horrors; the Monkey Cage; and that wonderful feature for all students—The Faculty Graveyard.

The Climax of the Carnival will be the stunt and vaudeville show which will start at 9:45 featuring tap dancers, singers, Garlic the Strong Man, and many other worthwhile acts. This program will reach its conclusion with the crowning of the Carnival Queen who is being elected by votes. Each candidate for Queen who is not elected will be a Maid of Honor in the Coronation Ceremony, and will be escorted by a Prince of her own selection. This contest will remain open until the night of the carnival, and the price of each vote is 1c.

The public is not only invited but urged to attend this gala occasion, where it is believed that FUN will be the principal feature and troubles may be forgotten for a few hours.

## White Elephant Sale Will Be Held Saturday

Ladies of the Methodist Missionary Society announce that they will hold a "White Elephant" sale Saturday in the building next door to the Land shoe shop.

They invite their curious friends and those not so curious, to call and see what they have. They promise no disappointments.

last Friday, but the project in Precinct 2 is being retained in the Amarillo office. School repair jobs that were in line for approval were also being delayed in the Amarillo office until the district project supervisor could contact the state sanitarian."

## CHAMBERLAIN H D CLUB TO SPONSOR SPOOK CARNIVAL

### Varied Program is Promised With No Admission Charge Evening of 25th

The Chamberlain Home Demonstration club will sponsor a Halloween Carnival at the school building the evening of October 25th, beginning promptly at 7:30.

Not the least of the attractions will be the gift of a beautiful service quilt to some lucky person. Plenty of fun and entertainment is promised throughout the evening.

A school play, contest, stunts, songs, fortune telling and other mysteries will be featured. The haunted house, witch, black cats and broom sticks will be a knockout, according to a statement of a lady who is taking a leading part in the arrangements.

No dull moments from beginning to end, say the ladies who have the matter in charge. Gobs of good eats will come in for the customary share of attention.

The public is invited to take advantage of the opportunity to forget their earthly affairs and roam the realm of witches without admission charge at the Chamberlain school, Thursday, October 25th at 7:30. Don't forget the date.

## JIMMIE ALLRED TO DISCUSS TAX ISSUE BY RADIO

### Will Be Heard This Evening Beginning at 7:15 For Thirty Minute Period

Attorney General James V. Allred will address the people of Texas over the Southwest net work from 7:15 to 7:45 p. m. this Thursday evening.

On this occasion he will tell the people of Texas why House Joint Resolution No. 16, proposing an amendment to the State Constitution that will authorize the classification of property for taxation, should be adopted.

JAMES V. ALLRED

The address will be broadcast over the following stations that come in plainly in this section: KGKO of Wichita Falls; KOMA of Oklahoma City; KRLD of Dallas. You are requested to telephone your friends to listen in for this address regarding the much mooted question of taxation.

General Allred is staking his reputation on a question in which he is opposed by the Fergusons, the school teacher organizations and many of the larger corporations. By all means give him a hearing and be better prepared to vote on this Amendment November 8th.

## Chevrolet Sponsors Football Games by Radio 20th

Games scheduled for the 20th are TCU vs Texas A&M at College Station. Can be heard here over KGKO of Wichita Falls.

Over KOMA of Oklahoma City will be heard Nebraska at Norman on the same date. These broadcasts are being sponsored by Chevrolet.

## TRADES DAY TO BE CELEBRATED HERE WEDNESDAY

### Fall Stocks Will Be Shown And Other Inducements Offered Purchasers

Sixty-seven firms of Clarendon will offer special inducements to customers next Wednesday in observance of Trades Day, a plan that has been found satisfactory through the summer.

Five gifts totaling fifty dollars will be given five customers of local merchants.

Besides other bargains offered in all lines, many will want to look over the bargains being shown in fall stocks. It is claimed that a special effort will be made to show that wants may be supplied here as effectively as in larger towns when one considers the price and quality.

Trades Days continue to attract large crowds eager to share in purchases and the final climax of the afternoon. Look over the large circulars distributed the several days preceding Wednesday.

## BRONCHOS DROP FIRST CONFERENCE GAME FRIDAY, 13-0

### Clarendon is Outplayed by Strong Miami Squad in Bid For Honors

The Clarendon Bronchos lost their first conference game here last Friday afternoon when the strong Miami Warriors completely outplayed them and won the game, 13 to 0. The Bronchos played a strictly defensive game throughout the afternoon. The local squad has only two lettermen, but at that, they put up a strong fight. Most of the game was played deep in Clarendon territory, with the Broncos fighting hard to keep the Warriors from piling up an even higher score.

Captain Bennett of the Warriors did most of the ground gaining for Miami and was undoubtedly the outstanding player of the afternoon.

The Bronchos made a desperate bid to score in the last quarter through the aerial route, but time would not permit.

Greene for the Bronchos made some nice gains from running plays, but they were too far apart to make a touchdown possible. Holtzclaw really filled his position as defensive full and was in most every play, doing a great part in keeping the Miami boys from making the game a pushover for the Warriors.

## HOME EC. STUDY CLASS TO BEGIN HERE NEXT WEEK

### Government Provides Means For Learning How to Cut Living Cost

Provision for a vocational home making class for Donley county through the State Relief Commission has been secured through the efforts of Sloan Baker.

Arrangements for these classes are well under way at the present time. The courses to be offered are various phases of foods, clothing and family relationships.

All persons over sixteen years of age and not attending public school are eligible to attend.

Persons interested in any line of homemaking who wish to enroll in these classes are urged to sign up with either Mrs. Earl Jones, Maude Crawford or Gladys Wright at the office of the county superintendent of schools at the earliest possible date.

Actual class work will begin next week. The first unit to be taught is "Adequate Low Cost Meals." Watch for further announcements concerning these classes.

After all is said and done, we surmise that getting relief from "relief" will be the biggest job for Uncle Sam in the not distant future.

\* \* \* \* \*

**WHY FIGHT THE LABORING CLASS.**

Since the first divine command to "earn thy bread by the sweat of thy brow," labor has produced everything because production is impossible without labor.

Down through the ages a small class has lived off the product of labor and defended their actions. A few nitwits have departed from their raising, condemned their associates from whom they receive their livelihood at various times by espousing the cause of the leaches who live not by labor, when they thought it was popular with the higher-ups.

On October 6th there was mailed out from the head office of the National Editorial Association a strong condemnation of the strikers in the plant of a plumbing manufacturer in Wisconsin. Members and such other dupes as might be imposed upon were asked to run several columns of matter along with a picture, condemning the laborers.

When did it become the duty of the weekly press to mix in strikes over the nation? Or does it apply only to those who might pay a press agent to prepare the copy and crash the pages of the weekly publisher without cost to the millionaire manufacturer.

The act alone would justify the assumption of the power of the weekly press in moulding public opinion. On the other hand, it offers a direct insult to the intelligence of the publishers in asking them to contribute to a fight against the very class upon which he is dependent. The working class—the middle class—supports the weekly press.

Did this manufacturer of plumbing supplies ever run a national advertising schedule? No!

Then why should we be asked to contribute \$20 worth of labor and space at one whack in defense of the supposed rights of one not interested in our cause?

Then again we wonder if the national office of the Association has been purchased by the non-advertisers who are laboring under the delusion that this method of free space graft is cheaper than legitimate advertising.

In conclusion, it is our candid opinion that publishers are not under any obligations to defend any class of manufacturers gratis, whether local, national or inter-national advertisers.

**Do You Really Appreciate Your Druggist**

"Nations might learn a lesson in conduct from the druggist," says the American Druggist, leading trade publication, in an editorial calling attention to Pharmacy week, October 8-13. "He has in his shop chemicals enough to destroy his neighbors. He uses them instead to help and heal. When war drums rattle across the face of the world, and half earth's populace quakes for fear of some man-made disaster, swords flash, bayonets glisten, bugles blare, cheers go up and flags flutter from their standards. "Why no banners, no parades, no shine and glitter and swank for this man who works, in contrast to the war-makers, for the saving of human life and the assuaging of mortal pain? He is possessed of a sense of responsibility, of character, of intelligence and good will. In a changing world, whose every ruddy dawn brings about some new phenomenon, it is well to have some steady influences of sanity such as this same unpretentious man of science. The pharmacist carries on an ancient tradition, a lore as old as learning, a skill, if you like, an expertness and a craftsmanship—but all of it is dedicated to the prolongation and betterment of life.

"Look twice upon this modest man, as he emerges from his prescription room to serve you. His white packet, his shining array of white mortars and pestles, of slabs and mullers, of test tubes,

bottles, retorts and filters, bespeak the precision of his work. The law requires this. But his service in health rests upon an older, more profound conception than that contained in formal law.

"When of old soothsayers deceived rulers and subjects with their abracadabras and magic formulas, outspoken apothecaries condemned them, broke their crystal gazing balls, poured contempt upon their superstitious half-knowledge. When explorers ventured into the New World, pharmacists went with them, seeking not gold, but treasures of medicine. From quassia to quinine and from manna to morphine, the pharmacist has poured out rich gifts of healing medicine for a world eager for his help, but strangely indifferent to his unselfish devotion.

"Today his drug store has become a community center, a stronghold of friendly, neighborly relations, a bulwark of commercial life, a repository of the healing herbs of science brought to Main Street, of skill wedded to mercy and of integrity in service to physician and patient. It is vividly symbolized, to him who passes by the drug store window, by those huge cabinets filled with colored liquid, the show globes which are the banners in the only war that pharmacy can know—the war on human suffering and disease. They are bright banners of hope, raised against a threatening sky, in a world beset with phantasms and fears."

Donley County Leader \$1.50 a year

**JAILBIRDS IN THE MAKING**

Publishers in the state—the 500 of them—are confronted with what looks like the NRA's first "charge of the light brigade" in Kansas. The publishers, along with the butcher, the baker and the fiddle stick maker, have nearly all been dunned for their own particular code assessments—but very few of them have given the duns a second glance. Like the publishers, most merchants have figured the assessments were meant for "the other fellow" and let it go at that.

The code authorities are miffed, to put it mildly, and have decided to "turn on the heat"—using the publishers as a test group.

Publisher assessments in recent months have ranged from \$15 to \$25—depending upon how many franked letters the editors have opened before consigning them to the waste basket. The code top-kicks have concluded, very owlishly, that if they can't force the newspaper fraternity to stand and deliver, they might as well go home with Mrs. Johnson's boy, Hugh.

Early last month the Kansas Press Association took a deep breath, forgot the lessons that are

taught in Moscow, and protested the whole business. The association's voice has since been compared to a spatsy's chirp, when it was raised against the army sergeant's roar which rebounded from the Chicago Code Authority. The press mourners were advised that the code assessment was John Law in the flesh, or in the muscle if you prefer, and according to Paragraph 17, Section 44 of Article 38, a personal administrator would be dispatched to Kansas to see that the assessments were not only collected but the publishers trained to act like seals, or rather gentlemen when their duns arrived in the future.

"Legalized graft" is the unhappy description most publishers apply to the assessments. Nearly all swear that they will "lay it out" before shedding a single dollar bill from their fast-thinning rolls. Meanwhile the butcher, the baker - - - and the lawyer - - - watch and wait - - - for theirs. —St. Marys Kansas Star.

Mr. and Mrs. W. C. McDonald and daughters Jean and Ruth spent Sunday in Childress and were accompanied home by Mrs. J. D. Jefferies, who had been visiting there.

**Back to the Farm Movement With Federal Relief**

Austin, Oct. 16.—More than 25,000 clients have been certified as eligible for rural rehabilitation in Texas, it was announced today by J. E. Stanford, head of the rural rehabilitation department of the Texas Relief Commission. Field staff of the department has leased from landlords 26,121 acres of land and has caused to be repaired 1,102 houses to be occupied by rehabilitated clients.

Stanford said 666 families already have been placed on these improved farms and are being furnished with the necessary capital goods for making a living. Community work centers, an important phase of the rural rehabilitation program, are being considered at 86 points over the state and approximately 20 are expected to be under construction shortly.

"In addition," said Stanford,

"more than 2,000 relief roll families, both tenants and landlords already residing on the farm but who will not occupy leased houses and subsistence plots, have been contacted and taken actively into the program by rural supervisors. These families will receive the same consideration as those occupying leased and repaired residences."

Earl Jones left Saturday for Austin where he is to enter school for training in Government and Adult Education work.

The Donley County Corn Huskers composed of Ross and C. P. Jones, Bill Gibson, and Casper Speir visited in the W. C. Jones home Sunday afternoon and rendered some good music.

HERE COMES THE NAVY and LOVE TIME.

Evening Show Starts at 7:30

**Week-End Specials and Electric Refrigeration Saves You Money**

You can economize as much as 20 per cent by buying at week-end specials and taking advantage of the perfect refrigeration offered in order to preserve your foods that you buy at these specials.

With modern Electric Refrigeration — which assures safe preservation of perishable foods at all times — you can easily buy in sufficient quantities to effect this saving.

Just think of the saving you can make . . . and you will only have to market once a week!

The safe, constant, dependable refrigeration supplied by the new Frigidaire makes this economical practice possible. Frigidaire automatically maintains this constant cold of less than fifty degrees necessary for safe refrigeration. There is no trouble on your part — even defrosting is automatic.

A trained representative will be glad to explain how the new Frigidaire pays for itself. Ask for a demonstration or ask any user of the Frigidaire.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

**West Texas Utilities Company**

TEMPLE OF TRUTH  
By the Apostle

"How's lawyer Jones, doctor?"  
"The poor fellow is lying at death's door."  
"Some guy! At death's door and still lying!"

A man in this town owns a windshield sticker ten years old that reads: "Let's get the Pan-handle out of the mud."

When it comes to turning out nice girls, a parked car has it all over a lot of finishing schools.

Now they are telling that Cy Richardson sat up all night watching an Amarillo orchestra perform. When his women folks call-

ed his hand, his excuse was "dang me I wanted to see how that bass fiddle guy ever got the thing under his chin."

Courtesy is a great deal like a rubber tire—mostly wind. But it makes the journey of life a lot more comfortable.

I see by the papers that nine sets of twins have enrolled in the same school in Oklahoma. It must be the water. No town can afford to neglect its drinking water.

The bookworm seldom bores high enough in the financial world to be attacked by the income tax army. Even at that, they get far more out of life than the average millionaire.

Now what does that fat guy walk back and forth along the west side of the City Hall and look up at the windows so much for every day? Maybe he's tired!

Why is it that the occupants of the Model T's driving through here look so much more pleasant than those who whiz through in a Packard?

Shesa Fizzle thinks the hospital corps ought to be buried.

With the oratorical power to sway minds, you rise above the common level—like a cork.

It is announced that Miss Herma will take the soapbox against salads imbedded in gelatine at the club meeting Friday.

Is the drouth relief related to the Volstead Act?

Then there is the newly-wed who placed a piece of the cake under his pillow and dreamed of working in a rock quarry.

The only depression easily overcome—the one that makes you turn over your mattress.

Back in the days when she wore cotton hose, she didn't have to smoke a certain brand of cigaret to get rested. She dropped off her dogs and let nature take its course. Nature was a grand success until those cigarets were invented.

Sometimes I think we get impatient too quickly. Think of old Noah. It took 120 years for his ship to come in, and he had to build it himself.

The only printer in Texas who has attempted to make any money the past five years, is now in the pen. It was a poor imitation.

Next to having your brakes fail on a mountain grade, there is nothing more thrilling than to watch a truck dragging a large trailer loaded with lumber make a U-turn on the busiest street in town Saturday afternoon.

You hear a lot about a little girl making good in a big city, but in the case of Margaret Oliva Droge, (height 6 feet 11 inches and a perfect blonde), operator of a road house near Kansas City, it's a case of a big girl making good in a small town. She's a native of Seneca, by gattin!

Think of it!! Around Xmas time we're promised a return of the good old two-cent postage rate. There'll be six cents saved in sending presents (cards) by one fellow in this town alone.

Of all the old-time 'hooky' excuses ever offered by a school boy, was that of Spec Lane when he explained that when his mother broke the stove lid, he had to sit on the hole all day to keep the smoke in.

What this country needs is a rush survey of male bathing attire—or sompin'. Git ready for the Centennial, you know.

BRONCHIAL TROUBLES

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL  
And You'll Jump Out of Bed in the Morning Rarin' to Go  
If you feel your eyes and the world looks pink, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.  
For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.  
If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a tight, bad taste and your breath is foul. Skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.  
It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.  
But don't ask for liver pills. Ask for Carter's Little Liver Pills on the red label. Beware! A substitute. Read drug stores. ©1931 C. M. Co.

Mr. and Mrs. R. R. Dingler and family spent Sunday in Hedley visiting relatives.

Mr. and Mrs. J. E. Estes and family accompanied by Miss Frances Hott attended singing in Brice Sunday afternoon. After singing they visited Mr. Estes' sister, Mrs. P. M. Baten and his mother, Mrs. N. J. Estes accompanied them home for a short visit.

Mr. and Mrs. W. N. Tracy accompanied by Mr. and Mrs. R. L. Sue spent Saturday night in Lefors visiting relatives.

Mr. and Mrs. Johnnie Walls and family spent Sunday in the home of his parents.

Mr. and Mrs. E. V. Cooper and son Lyle spent Friday in the home of Mr. and Mrs. R. P. Wilson.

Miss Melba Johnston spent Sunday with Annie Marie Hardin.

Miss Annie Marie Hardin spent

the latter part of the week in Clarendon visiting relatives and friends.

Charles Lowry and Wade Hilliard had business in Memphis Saturday.

BUSINESS FOLLOWS  
CONCRETE  
CONCRETE HIGHWAYS PAY FOR THEMSELVES  
Three reasons why concrete is the most economical pavement:  
1. Long life and low upkeep—funds which would otherwise be spent for repairs may be used to complete our highway system.  
2. Scientific investigation has proved that it costs motorists up to 2 cents per mile less to drive on concrete than on inferior surfaces. The saving is in gas, oil, tires and car repairs.  
3. Concrete builds business, promotes travel. A town on concrete is moved closer to all markets.  
And in addition to these money-reasons concrete pavements give motorists relaxation : : : comfort : : : and SAFETY!  
Pave Texas highways with concrete... attract more Texas Centennial visitors... advertise Texas to American motorists.

### PATHFINDER CLUB

Mrs. Joe Cluck and Miss Temple Harris were hostesses to the Pathfinders Friday afternoon. Contemporary poetry was the program subject led by Mrs. Nathan L. Cox.

Themes in the new poetry—Mrs. C. A. Burton.

"Man with the hoe"—Mrs. W. B. Sims.

"Trestam"—Mrs. N. L. Cox.

Music—Mrs. John Bass.

Invited guests of the afternoon were Mesdames W. A. Clark, D. O. Stallings and Miss Mary Howren.

Lovely refreshments were served.

### 1926 BOOK CLUB

The 1926 Book Club met at the Club Room Tuesday afternoon with Mrs. Zell Toomb and Mrs. Thelma Bairfield as hostesses.

Mrs. May Nell Teer led the program discussion.

Story—"The Mother"—Mrs. Pearl Buck.

The story was given by Mrs. Edith Ballew in her charming manner and was greatly enjoyed.

A refreshment plate was served to Mary Allensworth, Beatrice Antrobus, Edith Ballew, Thelma Bennett, Virginia Bryan, Howze, Dewey Clifford, Evadne Cox, Temple Harris, Myrtle Ingram, Velma Lane, Alta Lane, Mildred Martin, Nell Norwood, Jennie Dale Porter, Luma Smith, Rita Stocking, Mary Thornberry, May Nell Teer, Eunice Buntin and Edgar Mae Mongole.

### AMERICAN LEGION AUXILIARY

A meeting of the Auxiliary was held Monday afternoon at the Club Room. The following officers were installed:

President, Mrs. O. L. Fink; first vice president, Mrs. R. Y.

### A Three Days' Cough Is Your Danger Signal

Don't let them get a strange hold. Fight them quickly. Creomulsion combines 7 helps in one. Powerful but harmless. Pleasant to take. No narcotics. Your own druggist is authorized to refund your money on the spot if your cough or cold is not relieved by Creomulsion. (adv.)

GOLDSTON, TEXAS

King; vice president, Mrs. John Clark; secretary-treasurer, Mrs. Cecil Beach; sergeant-at-arms, Mrs. C. Huffman; chaplain, Mrs. Chunn; historian, Mrs. James Trent.

The above officers with Mrs. Sella Bagby, Mrs. Bill Meader and Mrs. Clarence Pipes will compose the Board.

### 1930 NEEDLE CLUB

Mrs. Ben Buck was hostess to this Club at her home Tuesday afternoon.

Halloween decorations were used. Sewing and pleasant conversation furnished entertainment for the afternoon.

A lovely refreshment was served to Mesdames U. Z. Patterson, Ralph Andis, Ernest Hunt, Joe Bownds, Joe Ritter, Carl Peabody, Vada Carpenter, Turner Kirby, Marvin Land, Rhea Couch, Clarence Whitlock.

The Club will meet with Mrs. Vada Carpenter November 6th.

### 1922 BRIDGE CLUB

Mrs. A. R. Letts entertained her Club Tuesday afternoon serving a two-course luncheon following the games.

Club members present were Mesdames L. S. Bagby, T. H. Ellis, Chas. H. Bugbee, R. A. Chamberlain, Odos Caraway, W. H. Cooke, L. L. Swan, James Trent, Sella Gentry.

Guests were Mrs. Geo. A. Ryan, Mrs. W. H. Patrick, Mrs. B. L. Jenkins.

### CLARENDON H. D. CLUB

Members of this Club will meet at the home of Mrs. Sloan Baker at 2 p. m. Friday. The president, Mrs. Fink, announces six birthdays to celebrate.

### KILL KARE KNEEDLE CLUB MEETS

Mrs. H. C. Brumley entertained this Club at her home Thursday. Needle work, conversation and a social time was enjoyed until late when a plate lunch was served.

### LA VERNE McMURTRY HAS HOUSE DANCE

Miss La Verne McMurtry entertained thirty-four of her friends with a house dance Friday night at the home of her parents, Mr. and Mrs. J. L. McMurtry.

Refreshments were served. Orchestra music for the dancing was furnished by Miss Louise Smith, Hubert Reavis and Nickey Stewart.

Guests were Dorothy Powell, Mary Frances Powell, Sarah Virginia McGowan, Avis Lee McEl-

vany, Frances Sanford, Virginia Cluck, Dorothy Faye Scoggins, Tillie Pratt, Eloise Hill, Vivian Taylor, Wilma Dee Smith, Frances Fowler, Nellie Grady, Peggy Word Mary Lynn Teer, Anna Moores Swift, And.

Sam Barrow, Ardis Patman, Harold McDaniels, Arthur Chase, Willard Skelton, Drew Wilkerson, "Heavy" Whitlock, Price Whitlock Billy Weatherly, Bill Walker, "Fat" Watson, Robert Nichols, Bob Word, Carroll Hudson, Charley Murphey, Wesley Powell, T. J. Mann, Bobby Boston.

### CHAPMAN—HILL

Rev. J. Perry King, pastor of the First Baptist church, said the words that united in matrimony Miss Jewell Chapman and Wallace Hill at the parsonage Sunday.

The newlyweds will make their home at Lelia. Both parties are well and favorably known to a wide circle of friends in the Goldston community who wish for them many years of happiness.

### TURKEY DINNER ENJOYED BY CLASS MATES

Bobbie Wilson entertained some of his class mates at 1 o'clock with a turkey dinner Sunday, Oct. 14th in the home of his parents, R. P. Wilson in the Chamberlain community, in honor of his birthday Friday. Places were laid for ten. The color scheme was in pink and green. The house was beautifully decorated in fall flowers. The young people attended the regular Sunday afternoon singing and returned to the Wilson home for a 6 o'clock buffet supper.

### ALPHA DELTA PSI

Tuesday evening the Alpha Delta Psians met and enjoyed one of the most interesting programs of the year. From the book, "Lure of the Southwest," Milford Allen and Louise Smith discussed particular attractions of southern states.

Mrs. Stocking then took charge, and gave character sketches of the annual play personnel. The name of this play, to create interest, is being withheld. However, a list of names of the participating actors assures the public that the amateur drama will be good. Those chosen for parts were Delphia Bones, Doris Cassle, Wilma Dee Smith, Nellie Grady, Wanda Mayfield, Sherman Irons, Robert Nichols, George McCleskey, Thayer Acord, Lu McClellan, and Homer Estlack.

### B. P. R. CLUB MEETS

Lovely dahlias and beautiful coxcombs were used in decorations when this Club met at the home of Judge and Mrs. J. R. Porter Thursday evening.

In the games of 42, F. W. Rathjen won high and received a box of candy as his reward. Mrs. G. L. Boykin drew consolation and received a "highly valued" Halloween horn.

Delightful refreshments were served to Mr. and Mrs. G. L. Boykin, Mr. and Mrs. Sam Braswell, Mr. and Mrs. H. T. Burton, Mr. and Mrs. F. W. Rathjen, C. C. Powell and the hostesses, Judge and Mrs. Porter.

### HUSBAND COMPLIMENTED WITH BIRTHDAY PARTY

Mrs. Ely Perkins entertained a number of his friends with a birthday dinner Tuesday evening in honor of the birthday of her husband, Mr. Ely Perkins.

Halloween decorations were effectively carried out in the table and house color scheme.

Games of 42 were played until late. The guest list included Mr. and Mrs. Geo. Garrison, Mr. and Mrs. Roy Ingram, Dr. and Mrs. C. W. Galloway, Mr. and Mrs. Jesse H. Lowe, Mr. and Mrs. Sam Braswell, Jr.

### GOOD WILL CLUB

The 1930 Good Will Club motored to the new home of Mrs. Geo. Eanes in the Chamberlain community last Friday afternoon where they were delightfully entertained.

The inspection of the home was an inspiration to everyone, as Mrs. Eanes is quite an artist.

Some time was spent in quilting a quilt.

At the close dainty refresh-

ments were served to Mrs. Dick Bain, Mrs. Will Johnson, Mrs. Si Johnson, Mrs. A. O. Yates, Mrs. C. R. Gambin, Mrs. Melvin Cook, Miss Nova Cook, Mrs. T. W. Eanes, Miss Rebecca Eanes, Mrs. Harlo Stephenson, little Miss Anna Mae Stephenson, and the hostess, Mrs. George Eanes.

### BLUE BONNET CLUB

Mrs. C. C. Powell entertained the members and guests of the Blue Bonnet Club at her home Thursday afternoon. The guest rooms were made more beautiful with fall flowers. Games of bridge were played at 3 tables.

Those to be lucky in winning the prizes were Mrs. Fred Chamberlain, first prize, while the traveling prize went to Mrs. Caraway.

A delicious refreshment plate was served to guests present Mrs. R. A. Chamberlain, Fred Rathjen and A. L. Chase. Club members, Mrs. Odos Caraway, Chas. McMurry, Jim McMurry, W. H. Patrick, Fred Chamberlain, A. R. Letts, Geo. Ryan, R. L. Bigger and hostess Mrs. Powell.

### CLYDE BENTON DOUGLAS HAS BIRTHDAY PARTY

Clyde Benton, son of Mr. and Mrs. C. J. Douglas celebrated his 10th birthday Tuesday afternoon at the home of his parents, aided by a number of his friends who greatly enjoyed a birthday party. The children played outdoor games until called into the dining room to be served lovely refreshments. The beautiful white cake adorned with 10 pink candles was served as the fitting climax to a children's party.

Youngsters to enjoy this party were Louis Chamberlain, Pat Grady, Geraldine Clayton, Billie Ralph Andis, Ella Jean Speed, Nelda Sue Burton, Dwight Blair, C. G. Kirtland, J. V. Mosley, Billie Jo Bain, and Bobbie Joe Lafan.

### ANNA MOORES SWIFT COMPLIMENTED

Mrs. J. D. Swift entertained for her daughter, Miss Anna Moores Swift, Saturday afternoon celebrating her birthday.

Roses were used to make the guests rooms more beautiful for the girls when they returned from the matinee at the Pastime where the honoree had taken her guests for entertainment.

The birthday cake was decorated with pink candles which Mrs. Swift cut and served with lovely refreshments to Eloise Hill, Mary Lynn Teer, Laverne McMurry, Dorothy and Mary Frances Powell, Virginia McGowan, Roselyn Bass, Nellie and Rosa Lee Grady, Vivian Taylor, Peggy Word and the honoree, Anna Moores Swift.

### GARDNER UNION

When Will People Like Me? Discovering the secret—Ruth Cornell.

Unselfishness—Katrina Carnell. Pleasantness—June Harrison. Courtesy—Mildred Phelps.

Look for the Good—Jimmy Jean Thompson.

Sincerity—Joe Goldston. Helpfulness—Mildred Phelps. Popularity that lasts—Frances Fowler.

### FIRST PRESBYTERIAN CHURCH

Robt. S. McKee, pastor.

Sunday School 9:45 a. m. Morning Worship, 10:55 a. m. Sermon subject, "Becoming a Christian."

Intermediate Y. P. Society, 6:30 p. m. Evening Worship, 7:30 p. m. Church History during the Fifth and Sixth Centuries.

Woman's Auxiliary Inspirational Meeting, Wednesday, 3 p. m.

Homer Estlack visited friends in Dallas and saw the Fair over the week end.

Elsewhere in this issue of the Leader is given the viewpoints of Mr. Jones on matters that effect the Panhandle. Read his views and hear him talk at the Pastime next Tuesday, the 23rd.

### AT THE FIRST BAPTIST CHURCH

J. Perry King, Pastor

There is Always Worship Fellowship :: Service

Maybe you have noticed it, too:

The happiest people in our community seem to be those who are the busiest about the Master's business. Another thing to be observed is that the church going habit helps the habit of serious thought. Why not indulge your intellectual self-respect and go to church next Lord's day? Maybe that you are not as smart as you think you are. Even if you are, you get something at church that can't be found anywhere else in all the world.

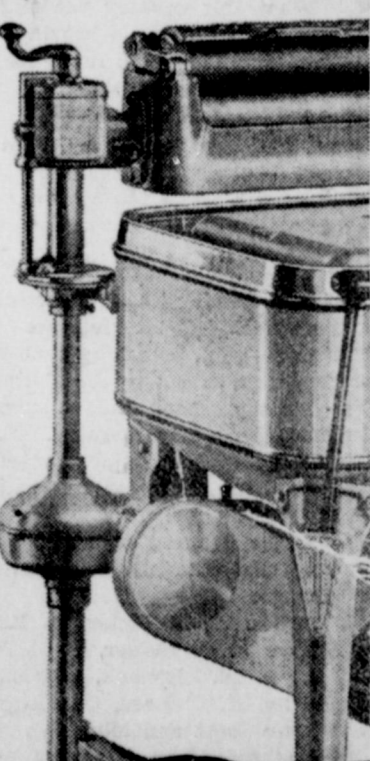

Your church is a religious home a sanctuary of worship, a school of religious instruction, a service unit for the new world that is building. Your church opens wide her doors in welcome to all who need rest, to all who need comfort, to all who need a Savior, and to whosoever will come. Don't neglect the best friend the community has. For your childrens sake go to church.

At the Baptist Church next Sunday, our goal for Sunday School is 360. We went beyond our goal for the Training Service last Sunday with an attendance of 158. We ought to reach 160 next Sunday.

The church where your welcome holds out.

Mr. and Mrs. Walter Trout and children Sundayed in Hedley.

### College Carnival Plans Are Going Steadily Forward

Except for the change in the date from October 30 to the 29th the outline of plans agreed upon for the success of the big carnival go steadily forward with every assurance of a howling success, say the youngsters who are taking part in the big show.

This is said to be the biggest thing of its kind ever attempted on the local campus. In fact it is said to cover the hill when it "gets going."

A complete write-up of the affair will appear in the Leader next week. This article will be written by the carnival press agent just like the big circus people manage things.

Mrs. Nellie Kuteman of Hedley was a business visitor here Wednesday in preparation for a trip to Dallas.

### CARD OF THANKS

For the deeds of kindness, expressions of sympathy and beautiful floral offerings of friends on the occasion of the illness and death of our darling babies, we are deeply grateful, and especially do we thank the nurses and doctors. May God bless you.

J. T. Lamberson and Wife. S. W. Lamberson and Family. M. C. Williams and Family.

Mrs. T. M. Cleek spent Saturday and Sunday with her parents, Mr. and Mrs. T. W. Smith.

Mrs. Coe Cleek spent Saturday and Sunday with her sister, Mrs. Blanche Davis.

Word received from G. W. Antrobus locates him in Cincinnati saying that he is " hale and hearty." He reports Ohio and Kentucky as being most prosperous.

"Frances and Joan have normal action and are gaining weight continually. I am thankful for Dr. Caldwell's Syrup Pepsin." Mrs. COLEMAN FLINN 42-11 Mass. Ave., Cambridge, Mass.

## HELPS WHOLE FAMILIES

Attention, MOTHERS, to what every doctor knows to be a fact, and what they say to avoid

If you have children who are occasionally constipated, you should know this.

If you are "not yourself" because of a constipated condition, don't blame it on your blood condition, or your age, but first try this treatment that safely relieves sluggishness in children or adults.

**The Proper Treatment**

You can't safely relieve the bowels with any medicine if you can't regulate the dose. To regulate dosage, you should have a liquid laxative.

When necessary to repeat, you can gradually reduce the dose. And that is the secret of safe relief from a sluggish, constipated condition at any age.

A liquid laxative can be measured. Its action can be thus controlled. If properly made, of such natural laxative elements as senna and cascara, it forms no habit—even in the youngest child. And such a laxative will help the bowels to help themselves.

Dr. Caldwell's Syrup Pepsin is an improved liquid laxative containing

- BE CAREFUL**
- IF any laxative is dipetic (makes you thirsty).
  - IF it affects your appetite.
  - IF you need more today than the first time you took it.
  - IF it drains the system (by too watery a movement).
  - IF a bad "burning" is felt.
  - IF there is severe griping.

herbs, active senna, and cascara, and is the one widely used. You can always obtain it at any drug store. Why not make the "liquid test" which has attracted so much attention of late? It helps nearly everyone who tries it. It may make you feel better overnight. The children will like it, too; Syrup Pepsin has a delightful taste.

If you will risk sixty cents to discover the safe, pleasant action of Dr. Caldwell's Syrup Pepsin, we believe bowel worries will be over for your household.

### Henry Ford Endorses Concrete Pavement

"There is nothing like a concrete road," says Mr. Ford, "it is unbeatable. I know from my own experience. Properly constructed, a concrete road will outwear anything else known."

This statement by Mr. Ford who has been a leader in all matters pertaining to highway transportation for more than a quarter of a century, has particular significance in view of the \$12,000,000 expenditure which is now being planned for the improvement and extension of Texas highways.

Mr. Ford's unqualified endorsement of concrete pavement becomes public through the distribution by the Portland Cement Association of a booklet entitled "An Open Letter to Henry Ford." Briefly this letter presents a complete analysis of road costs. The

introduction says "The increase of concrete highways is inevitable—simply because concrete provides the best possible pavement."

In substantiating this introductory remark the Letter to Henry Ford points out that motorists pay all of the costs of all roads, paved and unpaved alike. According to a quotation from Thomas H. MacDonald, Chief, U. S. Bureau of Public Roads, motorists "pay for adequate highways whether they have them or not, and they pay less if they have them than if they have not."

The proof of the safety, comfort, economy and durability of concrete pavements, which is set forth in "An Open Letter to Henry Ford" should cause every motorist who reads it to praise the sound judgment of highway officials when they wisely decide to pave main Texas highways with concrete.

Every motorist knows that he prefers to drive on concrete, and now he will delight in learning that the safe and comfortable roadway costs him less money to own, keep up and use than other less desirable types of road finishes.

Messrs. James and Charles Trent returned Sunday from another very successful annual fishing tour to Corpus Christi.

Miss Inez Skinner, formerly of Windy Valley, is employed in the home of R. W. Vincent at Channing to which place she orders the Leader sent.

### Historical Facts About Texas Of the Long Ago

San Antonio, Texas, Oct. 9.—Plans for the Texas Centennial in 1936 and the coincident revival of things historical as foundation work for suitable celebrations are being laid at San Antonio, Houston, Galveston, Brenham, Nacogdoches, Huntsville, Gonzales, Galveston, Dallas and other cities, are inspiring an interest in the architecture of the founders of Texas. In small towns built long ago as sources of supply on the frontier, one finds old stone houses with grace of line and softness of color. They seem to be part of the landscape, so natural are they! They seem to tell a story of the romance and adventure of their builders, the early colonists.

These houses were built through the century from 1750 to 1850 from Nachitoches over the Louisiana border, through San Antonio and into New Mexico. Yet the most interesting specimens left standing today are at Castroville, San Antonio, and Fredericksburg. These houses give tangible proof that our ancestors possessed a culture which included an architecture adequate to their needs, sincere and beautifully appropriate.

Castroville is a village near San Antonio on the Del Rio road. It was built in the forties by Count Henri Castro, a Portuguese nobleman, and a group of educated French and Alsatian colonists. Fredericksburg was founded by German colonists.

The old houses at these places have been whitewashed many times, and the weather-beaten stones have a rich color impossible to imitate. They have a quiet dignity, quite unlike their alien neighbors, houses whose architecture was imported by a newer generation.

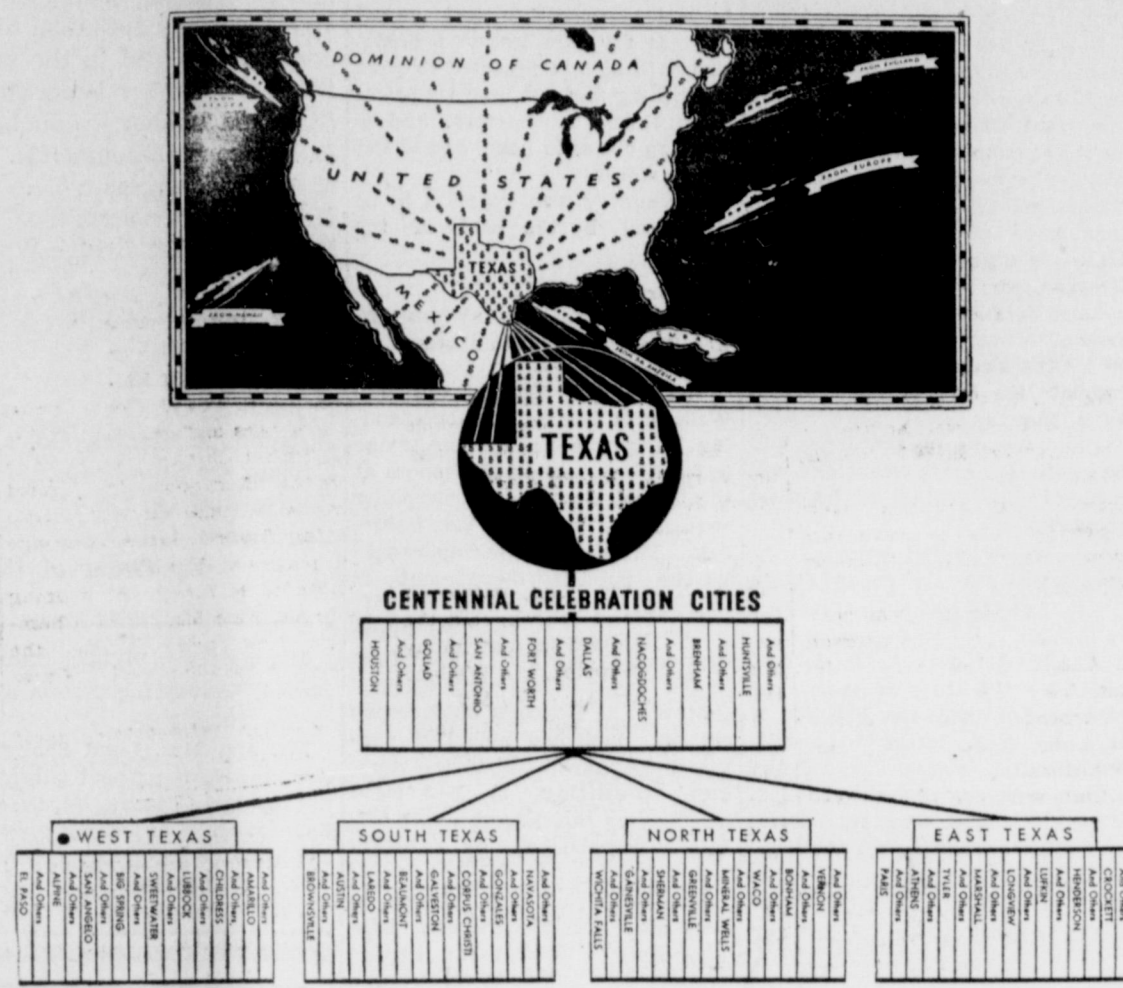

But the German house, and the French house and the house of the Frontiersman from the States, and that of the Spaniard who preceded them all, was a Texas house, built of materials found in the State and planned to suit the climate. There was no violation of good taste by a striving after effect.

And what are the distinguishing marks of the indigenous Texan architecture? David Williams, Dallas architect, who has done much to focus attention on the beauty of native architecture, gives the answer.

"Their style is modern, for it satisfies all the requirements of modern design and construction," said Mr. Williams. "It can be developed in perfect harmony with what is being done in modern architecture. None of our ornate styles have that quality. They were good houses when they were built, and many of them have been good houses for a century. They have shady places, wide verandas and porches along the wings that run off to the rear on the west side. Here one may relax and be at peace. They have slatted shutters, closed into deep reveals of thick stone walls to keep out the glare of the sun. They have great square chimneys for warmth in winter."

The history of this Southwestern architecture began before the Pilgrim fathers landed on Plymouth Rock. It extended through two hundred years of Spanish domination, through the building of the missions in the century following 1690, and after 1820 was given a great impetus through the

colonization efforts of Moses Austin and his son, Stephen.

### Schools Benefit From Gas Tax Collections

Austin, Texas, Oct. 10.—The state common school fund received the record total of \$8,496,212 as its one-fourth "cut" of Texas' gasoline tax income for the fiscal year which ended August 31, or nearly \$1,000,000 more than in every previous year, Comptroller George H. Sheppard announced today. Schools receive one cent of the four-cent state gas tax.

Proportionate boosts went to the Board of County and District Road Bond Indebtedness, which also receives one cent of the tax, and the highway fund, which gets the remaining two cents.

Working his first full fiscal year with an adequate field force under the state's strong new "anti-bootleg" law, the comptroller boosted gas tax income \$4,033,845 above last year to an all-time high total of \$33,984,848, his annual report showed.

He attributed almost the entire gain to record enforcement activity and the educational campaign of the Texas Good Roads Association. In his state-wide drive against the tax-stealing "racket", his 50 field men filed 99 felony and 71 misdemeanor charges during the year, he reported.

The \$33,984,848 income is broken up into three parts. In addition to the \$8,496,212 for schools, another \$8,496,212 goes to county tax relief in the refunding of county road bonds. Whereas the fund last year was able to pay all interest on such bonds but only 30 percent of the principal, the increase will permit paying this year of all interest and at least half the principal maturities, if not more, Mr. Sheppard estimated. The remainder of the gas tax, or \$16,992,424, is still devoted to the original purpose for which the tax was invented—construction and maintenance of state highways.

### College Students to Celebrate Homecoming Event

Canyon, Oct. 3.—Preparations here are in full swing for the celebration of the Twenty-fifth Anniversary of the West Texas State Teachers College on October 19 and 20.

The two days celebration will include four programs, a football game between McMurry College, Abilene and the West Texas Buffaloes, and many small gatherings for special organizations.

President J. A. Hill is urgently inviting every person who has been a student in the college since its founding in 1910, and all friends of the college to join in the celebration.

Ruth Bryan Owen, United States Ambassador to Denmark will be the headline speaker for the October 20, program at 10 a. m. "Ten Nights in the Bar Room" old-time melodrama will be presented Friday night, and a pro-

gram representing the State will be given Friday afternoon with prominent state officials as speakers.

The opening program of the celebration will be Friday October 19 at 10 a. m. with J. B. Speer, president of the Ex-Students' Association presiding. Guy Rogers of Wichita Falls will be the principal speaker. A representative from the family of Dr. R. B. Cousins, first president of the college will also be on this program.

There are 18000 individuals who have attended the college since its founding; it is expected that at least 5000 of them will attend the celebration. Professor L. F. Sheffy is chairman of the faculty committee in charge of arrangements. A special committee has charge of the barbecue on Saturday at which all ex-students and parents of present students will be honor guests.

### New Method Determines Diphtheria Status

Austin, Texas, Oct. 10.—Nature has revealed priceless secrets to students of medical science, stated Dr. John W. Brown, State Health Officer. The Schick test is the key to one of these secrets. It determines whether children are susceptible or immune to diphtheria. The medicine used consists of a highly diluted form of diphtheria toxin, several drops of which are carefully introduced between the outer layers of the skin, on the inner surface of the forearm.

This susceptibility test is entirely harmless. Fifty times the amount used for a child would be necessary to injure a small animal such as a mouse or guinea pig. The red area is Nature's danger signal. Such a child, if exposed to diphtheria, might acquire the disease.

Seventy-five to 90 per cent of children under 12 are naturally susceptible to diphtheria. This information has been gained through Schick tests carried out on thousands of children in this country during the past decade or more. Young children should therefore receive immunizing treatments against the disease, without a preliminary Schick test. Such a test should however, be carried out six months after preventive treatments, to make certain that immunity has been established. In older children and adults, a preliminary Schick test is advisable, since immunity may already be present.

During 1933, 632 children died of diphtheria in Texas. Nature has revealed the secret of susceptibility through the Schick test. With the knowledge of susceptibility, diphtheria could be reduced to the vanishing point, if parents would have their family physician protect their children.

Mr. and Mrs. Alfred Estlack and Mr. and Mrs. Eugene Estlack were Amarillo visitors Saturday.

Donley County Leader \$1.50 a year

Mr. Orville Ellis from Amarillo and Miss Althea Jones visited Herman Tipton and wife of Alarred Saturday.

Mr. Harold Huggins of Lockney and Miss Mildred Golladay visited Miss Althea Jones Sunday afternoon.

Miss Majorie Merchant spent Friday afternoon and Saturday with her grandparents, Mr. and Mrs. T. W. Smith.

Mr. and Mrs. Odos Caraway and children visited friends at Borger Sunday.

Misses Mamie Price, Logan, Aiken, Parten and Hall of the local school faculty, visited the Dallas Fair the last of the week.

Mrs. Louie Holloway and children of Indianola, Okla. are visiting her parents, Mr. and Mrs. Wiley Morris.

Mr. and Mrs. Jasper Stark of Memphis, Tenn. are visiting their brother, Millard Stark and family.

Bill Wood, who recently went to Albany, Indiana with the F. O. Wood family, has returned to Clarendon.

### GOLDSTON

Rev. Lee Vaughn filled his regular appointment here Sunday. Neely Hudson and family of Chamberlain attended church and visited relatives here Sunday.

The wedding bells still ring in Goldston. It was Buck Hill that got himself married to Miss Jewel Chapman of Clarendon Sunday at high noon. Rev. J. Perry King performed the ceremony. Here is wishing for them much happiness. They will be at home for the present at Lelia Lake.

Our good friend Luther Skelton of the Pastime Confectionery attended church here Sunday.

A. L. Millsap had a tooth extracted last week, and he swears by the eternal gods that he lost a joint of back bone in the operation. However, the dentist is still arguing that it was a piece of jaw bone similar to the bone used by Sampson when he successfully spanked a whole flock of Philistines.

The young people enjoyed a party in the L. G. Goldston home Friday night. Refreshments were served—games played and every one reported a nice time.

1904  
Where Hand H Coffee was Roasted and Packed in 1904

October marks the THIRTIETH ANNIVERSARY of the Hoffmann-Hayman Coffee Company, San Antonio, Texas, one of the pioneer Roasters in the State of Texas. From a mere handful of satisfied customers in 1904 to the present wide popularity of the fine products of this firm throughout the Southwest, is a story woven around a standard of Quality and Fair Dealing.

In their modern plant, erected during the depression, many Texans find employment in the manufacture of the large line of High-Grade Coffee, Teas, Spices and Extracts.

Three of the most popular brands of Coffee in the State today are: "H and H", "Sam Houston" and "Texas Girl".

1934  
Today Hand H Products are produced and packed in this modern new plant one of the largest and finest in the entire South

**COUNTY SCHOOL NEWS**  
By Sloan Baker  
County Supt. Schools

Financial requirements for the state's support of public schools for the fiscal year ending August 31, 1935, will total \$30,273,302.49 the Comptroller's office has estimated.

Revenue exacted from all sources may bring the available school fund nearer to a balance than for several years. It was estimated at \$29,569,726.47.

An ad valorem tax levy of 35 cents for each \$100 assessed valuation was calculated to yield \$8,400,000 of the gross had been written off for collection costs and delinquency. Revenue from other sources was estimated at \$21,281,212.36. The fund receives a share of certain gross receipts, poll and special taxes and income from a permanent fund.

Expenses for the next fiscal year were estimated at \$25,707,000 to pay an apportionment of \$16.50 per capita on 1,558,000 acolastics; \$2,101,543.92 for text books and \$2,464,756.57 deficit carried forward from August 31, 1934.

Taxpayers, School Patrons and intelligent voters will mark out the Amendment to Section 3 of

Article Eight on next November the sixth if they do not wish to shoulder seven dollars per capita on 1,558,000 or approximately \$10,906,000 which the State now pays in per capita apportionment. The October issue of the Outlook has an excellent explanation of the danger of this amendment to the public schools of the State.

Earl D. Jones was approved as one of the eighteen students in the State to receive special training at the State University in government, economics, and citizenship so that he may return and hold classes among workers to educate them as to the purposes and foundation principles of the American Government so that we may have a more intelligent citizenry. This kind of education is being financed by the Federal Government to combat the foreign ideas which have been sweeping the country the last few years. Mr. Jones will be in school for six weeks and will return to this section of the State to work.

**Checking Up on Food Costs Over the State**

Austin, Oct. 16.—A food cost index for the state of Texas will be compiled under the direction of Mrs. Helen S. Swanson, consultant dietitian of the Texas Relief commission, she announced today.

County administrators were sent a list containing seven groups of foods with the request that

prices be obtained from two whole sale firms, from an urban home-owned retail store, from an urban retail chain store, and from a rural store.

From the results of this survey, a general average for the state will be compiled. Relief officials also will be able to compare prices in various counties and adjust budgets for families accordingly. The data also is expected to yield interesting facts as between prices in rural and urban stores and as between prices in home-owned and chain stores.

The survey was expected to be completed by the end of the month.

**Four Panhandle Newspapers Win Honors at Dallas**

The Dalhart Texan and the Wellington Leader, two outstanding Panhandle newspapers, came in for a big share of the honors at the Texas statewide newspaper contest held in Dallas last Saturday. The contest was sponsored by the publicity department of the State Fair of Texas.

The Wellington Leader's Silver Anniversary edition placed first in the "most outstanding edition" contest. The Leader's anniversary edition published recently contained 92 pages of historical news and advertising. It had been heralded as the largest single edition ever published by a Texas weekly.

The Dalhart Texan placed in four events in the contest, winning first in community service contest for daily papers, second in the "most outstanding edition" contest, third for general excellency and fourth for the best local column.

Other Panhandle newspapers winning places in the contest include the Floyd County Hesperian at Floydada with first in general excellency for weekly papers with circulation over 1,500 and the Matador Tribune with the best local column. The Tribune's column entitled "Trail Dust" is written by Douglas Meador, editor. John L. McCarty's personal column "Cactus, Sage and Loco" in the Dalhart Texan was placed fourth in this contest.

**Jones and the Speakership**

Marvin Jones of Amarillo, who has been our Congressman a long time, is mentioned as a likely candidate for Speaker of the House of Representatives. In fact, affable Marvin, who has been in Congress nigh onto a score of years, mentioned before leaving his Amarillo home for the North, a month or so ago, that he might make the race.

But the chances are Marvin won't run for Speaker and The Plainsman hopes he doesn't.

Marvin is just where he belongs as the head of the powerful House committee on agriculture—a subject upon which he has done much study.

As the House expert on agriculture, Marvin has been one of the President's advisors along that line and can get the Chief Executive's ear almost any time he wants it.

And, to boot, although he won't be our Congressman after January 1, he can do more for us in his present post than he can as Speaker. And Marvin likely will always feel inclined to do what he can for his ex-constituents, just for old time's sake.

Note that The Plainsman didn't say that he hoped Marvin wouldn't be elected Speaker.

He thinks enough of Marvin personally to want to see him get anything he wants to have.

But in the face of the situation in Washington, it would be next to impossible for Marvin to be elected this time and for that reason, together with those listed above, we hope he doesn't make the race.

—The Lubbock Journal

By Order of the Commissioners Court.

34-c

Mr. and Mrs. Willard Knox returned Tuesday night from a trip to the Dallas Fair.

Mr. and Mrs. Loyd Shelton of Ashtola are the proud parents of a baby girl, Sandra Verue, since Sunday. Both are doing nicely in the home of her parents, Mr. and Mrs. G. F. Leathers.

The Lelia Lake Study Club met last Tuesday in the home of Mrs. Cecil Cook with Mrs. Wilma Batson as hostess. The topic of discussion was, "Health," members answering the roll call with my pet remedy and "How to Fight Colds," by Kate Thompson, "Getting Well Meals" by Bertha Gerner, "Diet and Tooth Health," by Fleeta McCauley, "Mental Hy-

giene" by Wilma Batson, and "Nurse on Horseback" by Louise Wilson. Refreshments were served to twelve members by the hostess.

Mrs. B. L. Boswell returned Saturday to her home in Gladewater after an extended visit in the home of her parents, Mr. and Mrs. A. B. Bynum.

Mr. H. R. King was an honor guest in the home of Mrs. S. R. Tomlinson Friday evening. His friends expressed their gratitude and thanks for so many delicious barbecued chickens with a number of useful gifts. After the presentation of the gifts and a poem "There's a Man in Our Town" read by Mrs. J. A. Thompson, a sumptuous plate lunch was served by the members of the Study Club.

Hallowe'en colors predominated and tiny but noisy horns were presented to every guest by the hostess. Music by John McCauley, Mr. and Mrs. Sam Roberts, and Rice Batson, bridge and forty two followed the lovely meal.

Those present were Messrs. and Mesdames Guy Taylor, Sam Roberts, C. C. Carter, C. H. Holland, Will Kennedy, Frank Clark and family, W. V. McCauley and family, John Gerner and family, Rice Batson, H. R. King and son H. R., M. G. Cottingham, B. F. Kirk; Mesdames Bill Baker of California, J. A. Thompson, the hostess Mrs. S. R. Tomlinson, Miss Mary Sue Foster of Giles and Don Tomlinson.

Mrs. M. Carter entertained Tues afternoon in honor of her sister, Mrs. B. L. Boswell who returned to her home in Gladewater. Games of bridge were enjoyed during the afternoon. Prizes were awarded to Mrs. C. L. Lewis and B. L. Boswell. Lovely refreshments were served to Mrs. Quin Aten, Mrs. Alvin Landers, Mrs. C. L. Lewis, Mrs. Claude Morton, Mrs. Wilton Grounds, Mrs. Luther Butler, Mrs. Bob Ayres, the honored guest, Mrs. Boswell, the hostess, Mrs. Carter, and Misses Lynn Lafon and Layma Taylor.

### Our Weekly CHURCH CHAT

W. E. FERRELL, Minister First Christian Church

#### "REPENTANCE."

Two very important elements enter into the plan of salvation. To be saved involves God and man. It involves God's part and man's part. God's part consists in what He has done and what He will do. God's part may be deep and mysterious, hence the deep parts of the Bible. Man's part must be simple, so all men can understand it. Hence that which man is to do is simple and decidedly plain. If man will do his part God will

surely do all that He has promised. We have learned that "faith" is not a mysterious and impossible thing. It is simply the whole-hearted belief of testimony. This testimony that Jesus is the Christ is given in the New Testament, God's Word. Repentance is not an impossible thing to any man. It simply means to make up the mind to quit sinning and rejecting Christ, and to accept and acknowledge Him wholeheartedly and sincerely. Repentance is often defined as sorrow for sin. This is an accomplishment, but not repentance itself. Nor can repentance be defined as reformation of life; that is the fruit of repentance. There is in genuine repentance, sorrow for sin, a change of will and newness of life. Repentance fully defined may be termed, "a change of will,

or mind toward God, caused by sorrow for sin, leading to a reformation of life." This necessary change of mind, affection and life is produced by the gospel. It is within the power of man to remain unchanged or unmoved. If he refuses to give an attentive hearing or to submit to its claims, he cannot be saved. "Except ye repent, ye shall all likewise perish." (Luke 13:5). "Repent and be baptised every one of you in the name of Jesus Christ, for the remission of your sins." (Acts. 2:38). Repentance is one of the commands of the New Testament. Christ commanded it, (Luke 13:3, 5). The apostles commanded it, (Acts. 17:30,31). With this host of references on this subject, none should doubt the importance of this step in the plan of salvation. When we think of God's goodness it should lead us to repentance. (Rom. 2:4). Many difficulties and questions can easily be cleared up if we will accept God's word and not try to explain away or change the divine plan of salvation. Next week, a lesson on Confession.

**MIDWAY**  
(Mrs. John Goldston)  
Church and Sunday school was well attended Sunday. Rev. Allen filled his regular appointment. The program put on by the young people of the Lelia Lake B. Y. P. U. was enjoyed by a large audience. We invite the young people to come again. Their program was well rendered and very inspiring. It made us wish we had a E. Y. P. U. in our community. The people of the community were saddened the past week over the death of the twins of Mr. and Mrs. J. T. Lamberson. Mr. and Mrs. Williams and son of Bowie, who have been here the past week with their daughter, Mrs. J. T. Lamberson returned home Saturday evening. Mr. and Mrs. J. T. Lamberson accompanied them home. Mr. and Mrs. Oscar Youree of Hedley, Mr. and Mrs. Louis Youree, Mr. and Mrs. Jack Youree of Memphis, Mrs. Youree and Woodburn and Gene of Hedley, Mr. and

### BANKERS SUPPORT SOUND EXPANSION

By R. S. HECHT, Vice President, American Bankers Association

BANKERS universally recognize that the prime economic need of the nation is the stimulation of sound industrial and commercial activities and recent travels over a wide stretch of the country have shown me that they everywhere are making all effort possible to lend constructive financial support within the scope of their proper banking functions to promoting the expansion of business activity.

Frequently in times past when our country suffered from an economic depression and consequent unemployment on a large scale, the rise of some broad new industrial development, such for instance as a new industry like the automobile industry, has been a powerful factor in stimulating a return or an accelerated growth of national prosperity. Such a movement means the creation of new wealth, the employment of large groups of people on useful lines and as a consequence the production and distribution of sound, effective purchasing power, which is a form of wholesome economic stimulant that has none of the evils of monetary inflation.

A New Force for Improvement Perhaps we have at hand, if not the rising of a wholly new industry, a measurable equivalent in the potentialities of a widespread rebuilding and modernizing movement such as home renovating, plant remodeling, the putting of our railroads on a high speed air conditioned basis and other valuable developments in the construction field. The effects of such activities on employment and many lines of business would be most beneficial and I can repeat without reservation that we bankers are willing and eager to play our full economic part in any such constructive developments.

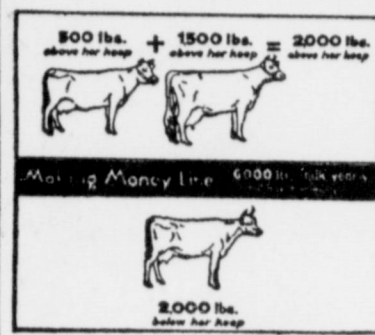

It has been made to appear that money has not gone to work because of the timidity of bankers rather than what is a true explanation, because business men have not had enough confidence in the business outlook to borrow the dollar from the banker and put it to work. The basic requisite to the expansion of commercial bank loans is sound, normal business conditions on which to conduct sound, normal banking operations. The best business a bank can wish for is the opportunity to loan money to successful business men and manufacturers imbued with confidence to enter upon aggressive business enterprises and endowed with the ability to bring them to successful conclusions. Such loans mean business activity for the community, growing pay rolls and prosperity, and the banker wants to make them because to be identified with such activities not only means profits to the reward of community good will. There is no better proof of the great desire of banks to take care of the short term requirements of the business world than to point out the abnormally low rates at which this demand is being supplied at the present time.

Mrs. Strainer of Memphis, Mr. and Mrs. Mars Powell attended the funeral of the twins of Mr. and Mrs. J. T. Lamberson. Mr. and Mrs. Clayton made a trip to Amarillo the past week. Ed Mahaffey made a business trip to Amarillo Tuesday. Mrs. Bill Meaders entertained last Saturday eve, honoring her daughter Lora eGne on her 12th birthday. The house was beautiful with garden flowers. Games and contests were enjoyed, then music. Miss Jo Ann Smith very beautifully played "Love and Idleness," by Allan Mac Beth. She was ac-

### If Lightning Should Strike, Cows Would Make Money

Average Milk Production Is Profit-Deciding Factor.

Low producing cows take away the earnings of the good ones. So important is this in these days of low milk prices and an impending feed shortage that the research men of Purina Mills' Farm at Gray Summit, Mo., sound a warning to dairymen to cull their herds more closely. "For many dairymen it would be almost good fortune if lightning should strike the loss-producing 25

per cent of the herd," says E. R. Powell, who is in charge of the Purina Experimental Farm. "It is a simple problem in arithmetic to demonstrate why such misfortune would be good fortune. Each cow must produce a definite amount of milk to pay her keep. This figure has been advancing in late years because of the reduced price per 100 pounds paid by city milk distributors and the lower butterfat prices paid by creameries. "Now, if a cow produces 500 pounds above her keep, that is her total profit. If she produces 1,500 pounds above the keep, she is doing three times as well. Therefore,

Miss Peggy Gene Webb charmingly played "The Old Spinning Wheel, and Miss Betty Jo Webb in

and the guests enjoyed an old fashion candy drawing. A salad course was served at a table centered with a large beautiful angel food cake trimmed in pink and decorated with twelve blue and pink candles which was cut and served.

The presents were then opened and admired by all, especially the honoree, Miss Gene. Those to enjoy this occasion was Misses Jo Ann Smith, Peggy Gene and Betty Jo Webb, Maxine Lamkin, Ada Sue Smith, Lois Beach, Rachel Edith Longan, Lucille, Betty John and Vernon Dennis Goldston, Irma Fay, Robbie and Billy Moreland, Messrs. Dempsey Robinson, Harold McKee, Faris Seatian, Beryl Longan and Darrel and Lora Gene Meaders.

Mr. and Mrs. Loyd Moreland, Mrs. Rayburn Smith, Mr. and Mrs. John Goldston and the hosts, Mr. and Mrs. Bill Meaders. Dr. Chas. Falkenbach of the American Museum of New York is here this week with Will Chamberlain investigating the fossil fields. He is accompanied by two more young men of Oklahoma. Mr. and Mrs. Slayton Mahaffey were dinner guests of Mr. and Mrs. Odie Naylor Sunday. Mr. and Mrs. S. V. Preichers of Temple, Texas visited with Mr. and Mrs. J. A. eMaders Monday. Kennedy Davis returned to the hospital at Dallas Sunday. He was accompanied by his sister, Mrs. Guy Stidham.

Mr. and Mrs. W. K. Davis visited with Mr. and Mrs. Milt Allen Sunday. Mr. and Mrs. Archie Lewis announce the birth of a daughter, Oct. 14th. Mrs. Achie Lewis sister and children of Bowie arrived here Sunday evening for a visit. Miss Carrie Davis visited relatives in Quitaque Sunday.

her own attractive way gave "The Lady from the City". Master Darrel Meaders favored the guests with one of his witty pieces. The candy box was then brought in

ACCURATE PROMPT INEXPENSIVE

No job too large for our capacity or training. No job too small to receive the utmost care. The more valuable your car makes it all the more necessary to entrust it to the best skill.

Skill amounts to little unless the mechanic has the machinery and tools necessary to turn out a product in keeping with the best grade of workmanship.

We have the mechanics—the tools—the machinery. It costs you no more to get the best service to be found in a garage with the equipment that we have for testing and repairing.

## Clarendon Motor Co.

## THE MILLING SANATORIUM

MINERAL WELLS, TEXAS

I was suffering terribly with my back. I was advised by medical doctors that my trouble was misplacement of ligaments, and was treated by them for four or five months without relief. I went to H. H. Milling of Milling Sanatorium and received twelve of his treatments, which cured me. I can truly recommend him to any sufferer.

MRS. E. C. WITHERSPOON.

### An Institution with a National Reputation for the Treatment of CHRONIC DISEASES

### DOROTHY DARNIT

A Weekly Feature of The Donley County Leader

**J. S. Davis Passed Away Here Monday**

Funeral services were conducted at the Buntin funeral home by Rev. J. Perry King, pastor of the First Baptist church, at 3 p. m. Tuesday.

Mr. Davis was born in Culman county, Alabama Jan. 31, 1871. He was married to Miss Dora Eaton at Cleburne, Texas Jan. 20, 1901.

To this union seven children were born, four boys and three girls. Besides his widow, the surviving relatives of his immediate family are Mrs. Alberta Adkins, Kennard and Gilbert Davis of Clarendon; Mrs. Madlion Philley and Mrs. Vera Bullard, both of Phoenix, Arizona.

**Hommel Grows Champion Fruit of All Seasons**

Peaches may grow large earlier in the season, but those grown here by W. Ollie Hommel and brought to the Leader office today, are the largest peaches of any season we have ever seen.

The three peaches are an average of those grown on this seedling tree, each measuring 10 1/2 inches in circumference. The tree is four years old, this being the first year of bearing.

Two dozen peaches were grown on the tree which was irrigated three times during the hot summer drouth. The fruit is a light yellow with a red blush and is a decided cling.

**Roy Jewell Elected Foreman Of Grand Jury**

Except for a few minor civil cases, little has been done in the district court sessions to date. Judge Fires has been busy disposing of minor cases in preparation for the larger suits next week.

The jury criminal cases will be heard the last week of court, it is said.

Up to noon, the grand jury had returned five indictments. The parties had not been arrested, and the sheriff could not disclose the names of those indicted.

**Second Twin Daughter Dies Here Friday**

Mr. and Mrs. J. T. Lamberton have the deep sympathies of the good people of this section in sustaining the loss of the second of their twin infants within the week.

Oleta Ann passed away Tuesday, and Cieta Joan Friday. The twins were born on January 7th of this year and died with the same ailment said to be due to cutting their first teeth.

Rev. J. Perry King conducted the funeral service at the First Baptist church Saturday. Funeral arrangements were in charge of the Buntin mortuary.

A group of C. J. C. students and friends visited Palo Duro Canyon, Dripping Springs and Col. Goodnight Ranch last Sunday.

**EX-STUDENTS OF CANYON SCHOOL IN HOME COMING**

**Sheffy is Big Man Behind Arrangements for 25th Anniversary Affair**

Canyon, Oct. 14.—When Dr. J. A. Hill, president of the West Texas State Teachers College began to think of the celebration of the Silver Anniversary of his college, his first thought was the choice of some one to head the general arrangements committee. For this position L. F. Sheffy was selected, from among the sixty odd members of the college staff.

Sheffy has been with the college since it attained senior rank in 1917, but he was a part of Northwest Texas long before that. Living near Plainview, his feet dangled from the seat of a freight wagon, and his small-boy hands held the reins in the days when Canyon was the nearest railroad point to his home, and a college there was not yet thought of.

He attended old Clarendon College, working his way. Next he found his way to Southwestern University, then a long way from the Texas Panhandle. After teaching awhile he went to the University of Texas, where his interest in history lead him to an M. A. Degree, and a position on the Canyon faculty when J. A. Hill relinquished his position as head of the history department to become president.

It was not his prowess in the field of history, however, that made President Hill pick out Sheffy when he wanted to assure the ex-students and friends of the college a fitting and successful Silver Anniversary program. It was his vision, his experience in handling big undertakings, and his inability to quit once he began a job.

Mr. Sheffy is the man who raised the money to build the Panhandle-Plains Historical Society Museum, doing it at a time when there was no money in the country; it was at this that he demonstrated that he didn't know how to meet discouragement except with a smile and determination to go on.

Last spring the arrangements committee, consisting of Dr. Hill, D. A. Shirley, Ruth Lowes, C. A. Murray, Miss Mary E. Hudspeth, Mrs. T. V. Reeves and W. R. Clark began to have regular meetings with the chairman, Mr. Sheffy.

Soon ten other committees were at work; these were program, alumnae, homes, organizations, decorations, finance, police, publicity, reception and barbecue committees. They will be up until the last guest is gone next Saturday night. Then they and L. F. Sheffy will think over the faces old and new that have swarmed the campus for two days and wonder if the Golden Anniversary in 1934 can be more significant than the Silver Anniversary of 1934.

**Alleged Kidnapping Creates Stir Here Monday**

When it was discovered that a babe of fifteen months was missing from the Glazener home near Jericho Monday forenoon, the family was seized with terror and the sheriff's office was at once notified.

Soon after, Deputy sheriff Guy Wright intercepted two men and a babe of the description north of town. They were brought here where it later developed that the alleged kidnapper was the father of the babe.

Mrs. Glazener took the babe when only four hours old at the death of her sister. After some conversation at the courthouse during which time the youngster loudly protested against being taken anywhere from his foster mother, it was agreed that the babe should return to the Glazener home.

**Panhandle-Plains Museum Is Now Open Daily**

The museum of the Panhandle-Plains Historical Society is open every day of the week from 3 to 6, according to announcement just made by Secretary L. F. Sheffy who has it in charge.

"The museum will be open every afternoon as long as the FERA assistance is given to the college," said Mr. Sheffy. Carefully chosen students are in charge of the museum under the supervision of members of the history department. Both President Hill and Mr. Sheffy consider it a great privilege to have the museum open daily and hope that the Federal Government which makes it possible, will continue it a long time.

Heretofore the museum has been open on Tuesday, Thursday, and Sundays, only.

**Lovells Return Monday From Attending Funeral of Son**

Mr. and Mrs. S. H. Lovell were called to Greenville some two weeks ago due to the serious illness of their eldest son C. S. Lovell. They returned Monday after attending the funeral at Commerce, their old home.

C. S. Lovell had been in the employ of a gin company at Commerce for the past twenty-three years. In speaking of his sad experience, Mr. Lovell said he saw something that money could not buy when the legion of friends of his son sought to do everything for him possible in his last illness.

The many friends here will regret to learn of the misfortune of these good people, outstanding citizens and neighbors whom we have learned to love through the many years that Mr. and Mrs. Lovell have resided here.

**Free Canning Demonstration At Club Room Today**

A free canning demonstration is being held this afternoon at the Club Room beginning at 2 o'clock. Mrs. Ima C. Hensarling, who is working under directions of the extension department of A & M College, has charge of the work. This is said to be the only class that will be held by her here at this time.

Donley County Leader, \$1.50 a year

**Donley County Receives Fair Rainfall Tuesday Night**

Coming at a time when badly needed on winter pasture, a fall of four-tenths was noted by government weather gauge here according to Joe Goldston.

The fall is said to have amounted to as much as two inches northwest of town extending beyond the Martin community. Showers over the county caused the estimate to vary, but in the main there was enough moisture to accomplish quite an amount of good.

The upper Panhandle was pretty well covered with near a half inch at Dalhart and surrounding territory, the driest sections.

**Rural Grocer Finds Method To Bring Customers**

While in the office of the Leader Wednesday, Claude Mixon, manager of the Hill-Mixon grocery of Goldston stated that the firm's business doubled when the firm began advertising in the Leader recently.

Buyers in this day do not make purchases on friendship alone. They demand prices and best values for the dollar. They also want to know what the merchant has to offer and the price asked for it. The Hill-Mixon grocery will continue to inform their customers of where to get bargains every week through the Leader.

**Floydada Newspaper Couple Visits Relatives Here**

Mr. and Mrs. M. B. Cavanaugh of Floydada visited here over the week end in the R. O. Thomas home, the ladies being sisters.

The Cavanaugh's publish the Floyd County Plainsman, a sprightly weekly that indicates that the owners besides getting out a newsy sheet, also look to the financial side by carrying a good percentage of advertising. They are among the very few to own their plant and building free of debt and taxes paid up.

Miss Mary Joe Chamberlain is visiting in Childress this week.

Dr. Scott A. Burnam and nephew, Jack Burnam of Amarillo visited here Sunday in the home of his parents, Mr. and Mrs. W. H. Burnam.

Guaranteed lowest rates on all periodicals, domestic and foreign. Instructions and equipment free. Start a growing and permanent business. Cohocton, N. Y.

**Kennedy Davis is Taken To Dallas Sunday**

Since sustaining serious injuries in an auto wreck near Jericho some months ago rendering him helpless in the lower limbs, Kennedy Davis has shown slow improvement.

His condition at this time is more hopeful. He was accompanied to Dallas Sunday by his sister, Mrs. Guy Stidham, where he will receive further treatment under the renowned surgeon, Dr. Carroll.

**Local Singers Attend Big District Meet at Hollis**

Visiting their old "stomping" ground and visiting friends of former days, Sullivan Cooper and Jimmie Chilton also took a hand in the Texas-Oklahoma District Singing Association meet at Hollis Sunday.

Mr. Cooper led a number of the class songs. Several thousand singers were in attendance. In fact Mr. Cooper says it was the biggest thing of its kind he ever attended.

**Plymouth Stolen From White Deer Dealer Recovered**

A Plymouth standard coach was taken from the dealer at White Deer Saturday night. No trace of it was found until a Mr. Carter residing five miles southeast of Alanreed found such a car in the breaks near his home.

Sheriff Pierce and deputy Guy Wright went over Tuesday and brought the car to Clarendon after wiring round the switch in the absence of a key. It is said the thief is known and an early arrest is expected.

**Experiments Being Made On Cattle Feed**

The final results of two years' experimental work on the maintenance feeding of range cows and creep feeding of calves that will be of tremendous interest to west Texas cattlemen will be announced at a "field day" meeting on the L-7 Ranch of W. W. Brunson near Midland, Texas, next Friday, October 19th.

Ranchmen from all over west Texas are expected to attend this meeting. A big free barbecue is being prepared by W. W. Brunson and other Midland ranchmen at noon. After this will be followed a tour of the 5 pastures of cows and calves that have been on the experimental feeding work.

Mr. E. B. Powell of the Research Department, Furina Mills, who has had supervision of the experimental work, will announce the final figures of the two years work.

The purpose of the experiment has been to get more accurate information on the effect of various feeds on wintering cows, and also to study the value of creep feeding calves such as what gains can be made and the cost of these gains. In general, whether or not it is profitable to creep feed calves under average ranch conditions in west Texas.

Because of the greatly increased interest in creep feeding everywhere in Texas, it is expected that a very large attendance of ranchmen will make a trip to Midland to observe and inspect the work that has been done on this ranch.

Mrs. O. L. Fink returned from Childress Sunday where she had been visiting her son and his wife, Mr. and Mrs. Kenneth Fink.
