BAPTIST CHURCH PROGRAM SUNDAY GOOD FELLOWSHIP

Lay Members And Visitor Make Talks on Church History

The church was filled with interested listeners Sunday when a "fellowship" program presided over by Judge S. W. Lowe was begun at the morning hour of regular service.

This deviation from the regular schedule was made due to the absence of the pastor, Rev. J. Perry King, who was attending the state Baptist convention at San Antonio.

H. D. (Buck) Ramsey of San Antonio and formerly a resident of Clarendon for many years, led in the talks. He rehearsed much of the early history of the church paying high tribute to his wife, who was a charter member. He mentioned the first church building in 1892 that cost \$800, and the struggles to build the ten thousand dollar church later.

The speaker mentioned the missionary ministers in an early day when the church could not afford a regular pastor. He told of a big-hearted railroad engineer giving fifty dollars to further the cause under a stress of enthusiasm.

The new church building was due largely to the efforts of ladies because the men folks did not think the effort within the bounds of reason. These ladies are Mrs. Mollie Gray, Mrs. Geo. Bugbee, Mrs. C. W. Taylor and the late Mrs. H. D. Ramsey and a few others.

With a nucleus of \$2,000, the work was begun. As the ladies collected funds each week, Mrs. Gray would turn the sum over to church treasurer Ramsey who would pay off the workmen. The church building was erected on a "shoe string", Mr. Ramsey said, but it was built and the ladies are due the credit.

Mrs. Crockett W. Taylor, whose father Rev. Skinner, was one of the pioneer Baptist ministers of the Panhandle, made an interesting talk to the large congregation in which she gave the 'side lights' of the many handicaps confronting early church progress here.

Mrs. Mollie Gray included in her remarks some of the trials of collecting money to erect the church building. He talk was such as to lead one to believe that a masterful effort had been made to further the cause of the church when Clarendon was yet young.

At the conclusion of the interesting laymen program, those who had been continuous members of the local church for thirty years were asked to line up in front of the pulpit when the congregation filed by extending a hand of fellowship to the loyal ladies whose lives has meant much to the cause of Christian training in Clarendon.

Those standing in line were Mesdames W. C. Stewart, Mollie Gray, A. T. Cole, C. W. Taylor, Jim Headrick and Miss Annie Bourland. Miss Elizabeth Stevens is said to have the longest continuous membership of any in the church, but was not present.

Evangelist Church of Christ Greeted by Large Crowd

Large crowds greeted Evangelist Jas. L. Stanridge last Sunday at the Clarendon Church of Christ. Stanridge comes from Ft. Worth where he was minister for the Highland Park Church of Christ. He did his college work at Abilene Christian College and has been preaching for nearly seven years.

Stanridge is married and has one daughter, Carolyn Ruth.

Election Day Tame Affair In Donley County

Returns from over the county indicate that all of the amendments were defeated at the hands of the voters Tuesday.

A tight vote was cast as compared with the run-off primary. The last of the returns are said to have been brought in Wednesday.

LUBBOCK JAIL HOLDS KILLERS DICKENS SHERIFF

Are Captured in Houston As Both Leisurely Assume An Air of Visiting

Several West Texas officers returned to Lubbock Monday from Houston having in charge Virgil Stalcup and Clarence Brown, alleged killers of Sheriff Bill Arthur of Dickens county the week before.

The prisoners, chained together, were taken from the train at Slaton and conveyed overland to Lubbock to avoid any possible mob violence.

Stalcup was captured near here on the 8th by Sheriff Pierce, Deputy Guy Wright and County Attorney R. Y. King. He was returned to Dickens county in custody of Sheriff Arthur on the 11th, and murdered as he entered their cell on the 13th.

The prisoners fled in the sheriff's car and were finally located at Houston Thursday last week. Brown was picked up from a skiff on the bayou while oyster fishing that evening, and Stalcup was taken at a tourist camp the next morning. Neither of them offered any resistance.

Sheriff T. A. Binford and four deputies of Harris county made the arrests.

FATHER AND SON BANQUET DATE IS NOVEMBER 26TH

Name of Principal Speaker Will be Announced Next Week

Efforts are being made to secure a talented young professional man as principal speaker for the Father-Son banquet this year that is scheduled for Tuesday, the 26th.

Harrison Simpson having been elected president of the organization last year, will become toastmaster at this meeting. Phil Couch is vice president.

Members of the Board are Ted L. Williams, A. L. Chase, Robert McKee Jr., Nickey Stewart.

Rotating between the aged and the young, the president to be elected this time will be an older person.

In discussing the plans of the affair today, President Simpson stated that it should be distinctly understood that this is a county-wide affair, and "we want fathers and sons from all over the county to be present for the best program of its kind ever offered," he said.

It is expected to return indictment today, but the prisoners will be kept in the Lubbock jail until the day of trial. Stalcup already has 254 years of sentences, and Brown 99.

OLD SANTA HAS LEGION MEMBERS GATHERING TOYS

Used Toys And Materials Are Wanted to Brighten Faces Of Underprivileged

The Donley County Relief Board has secured approval for labor to be used on a proposed toy repair project that will be sponsored by the American Legion. Legion members will make a county-wide drive for old toys, spoons, scrap lumber, baking powder cans, paints and other materials that can be utilized in the repair and construction of toys.

It is contemplated that this drive will be started within the next few days, and all those people who are in a position to do so are urged to make contributions, as the project can not be operated successfully without the co-operation and assistance of the entire county.

The toys when complete will be given to the local relief organization for distribution among needy families for Christmas, this distribution is not, however, being confined to the relief office alone. Any other organization desiring to make distribution of these toys will be given the privilege of doing so where they are actually needed.

Children who have discarded toys should be encouraged to contribute them to this project. All

LEGION BENEFIT DANCE TO MARK ARMISTICE DAY

Hetrick's Orchestra of Seven Pieces to Furnish Music For Big Event

Whipping matters into shape for the District Convention of the American Legion to be held here the first week in December, a benefit dance will be given at the opera house the night of November 10th, which is next Saturday night.

The terpsichorean exhibition will begin at 9 p. m., we are told, with a deluge of syncopation interspersed throughout the evening.

Known as the 'Armistice Dance,' the big event is being widely advertised to all surrounding fields of action appealing to those who indulge in the light and near-light fantastic.

Hetrick's orchestra is widely known as dispensers of choice dance music. Other arrangements for the success of the benefit dance are just as complete as the musical portion.

From nearby towns visitors are expected to help celebrate the benefit dance, according to information, and a large crowd is expected to be in Clarendon next Saturday night.

Contributions will be made directly to the American Legion Post at Clarendon, Texas.

COMEDY PLAY TO BE PRESENTED BY B. & P. WOMEN

Entanglements of Romance And Newspaper Game Has Plenty of Thrills

Ordinarily, the average reader of a newspaper often wonders just why so many errors creep into print. After seeing "Oh, My Stars" at the College Auditorium next Tuesday evening, one will probably be a bit more lenient towards the builders of the newspaper.

As manager of this newspaper in the play, Lester Boykin has plenty of trouble and a thousand and one things to annoy that always border on the ridiculous and the humorous.

As his chief aid, he has a most beautiful young lady deeply interested in a galaxy of boy friends whose attentions claim her time about as much as her job—or more so.

This newspaper play is scattered through three acts, each of which is filled with laughs that will keep the audience in a roar until the final drop of the curtain. All home talent with each player picked for a special part, the B & P Woman's club will have nothing to regret after the public sees the performance.

A benefit play, a small sum will be charged for admittance, but it will be well worth it. Don't forget the date—Tuesday the 13th at 7:30.

Large Crowd Hears Singing Convention at Bray

A number of local people attended the county convention of singers at Bray Sunday afternoon. A large crowd was reported as being present.

Visitors from a wide territory continue to neighbor with Donley county singers bringing talent from counties more than a hundred miles distant.

The Donley County Singing convention will meet at the Martin school next on the first Sunday in December. Meetings are held on the first Sunday of each month.

School Officials Treated To Chicken Barbecue

Bryan Dickson, State Supervisor and Sloan Baker, County Superintendent, visited the Lelia Lake School System Tuesday morning.

At the noon hour a most delicious barbecued chicken dinner was served, sponsored by the Lelia Lake Study Club and the Board of Trustees.

About fifty were present, including several patrons, the faculty, the Board of Trustees and their wives, the Study Club and the honorees, Bryan Dickson and Sloan Baker.

Mr. Dickson complimented both the Lelia Lake school and the entire community on their progressiveness.

Mrs. Reading is Painfully Burned This Morning

While changing her baby's clothing near a gas heater, Mrs. G. K. Reading's clothing became ignited this morning about 7:30 from which she suffered painful burns to her hands and limbs. She received medical attention at once, and is reported resting easily at this time.

By rare presence of mind, the mother protected her babe so that it received no burns. Mr. Reading is an employee of the Highway department.

Utilities Cooking School Attracts Many

The electric cooking classes conducted by Miss Iah Manchester at Hotel Clarendon Tuesday and Wednesday were patronized with an average daily attendance of about fifty-five.

Miss Manchester was highly complimented by the ladies for her skill and tact, and great benefit is reported by those who were present.

ARMISTICE DAY PROGRAM SUNDAY BAPTIST CHURCH

Rev. J. Perry King to Make Armistice Day Address At 7:45 p. m.

Aubyn E. Clark Post of the American Legion will hold an Armistice Day service at the Baptist church with the pastor as principal speaker.

Special music will be under the direction of E. O. Bone.

In addition to the address of the pastor, others will make short talks according to the committee in charge. Full arrangements have not been made up to the time of going to press.

The public is requested to observe two minutes of silence at the 11 o'clock hour Sunday morning.

Those serving on the committee of arrangements are Dick Chunn, Nathan Cox, Joe Holland and R. W. Moore.

Cleaning Plant Installs More Equipment

Ever looking to improvement in serving the patrons of the firm, this week the firm of clothing cleaners, Shaver & Whitlock, have installed a improved type of washer.

The washer has a 12-suit capacity and is operated with a solvent liquid that will not cause the clothing to fade, and is not inflammable. The machine is said to have been made necessary due to a steady increase in business.

Perryton Newspaper Folks Visit Here Friday

On their way to Ft. Worth for the reunion of the 90th Division, Mr. and Mrs. Van W. Stewart of Perryton spent a short time in Clarendon visiting friends and local Legionists.

Mr. and Mrs. Stewart visited the national convention at Miami, Florida recently. He is commander of the 18th District of the Legion, and Mrs. Stewart holds a similar position in the Auxiliary. They publish the Herald in their home town, one of the best weeklies of the Panhandle.

Highway Improvement Waits Action State Department

The federal Bureau of Public Roads having put a final approval on highway work on No. 5 across Donley county, action is awaited from the State Highway Department now.

Judge Lowe stated Wednesday that he had learned that the federal approval included additional funds for hard surfacing. It had been understood that only funds for grade and drainage were available.

Lions Club Considers Boys' Recreational Center

Four new members were voted into the Lions Club Tuesday. They are Judge A. T. Cole, Judge S. W. Lowe, J. L. Kerby and Barcus C. Antrobus.

Frank Whitlock, premier barbecue artist, was given a vote of thanks for its part in making ladies night affair a big success.

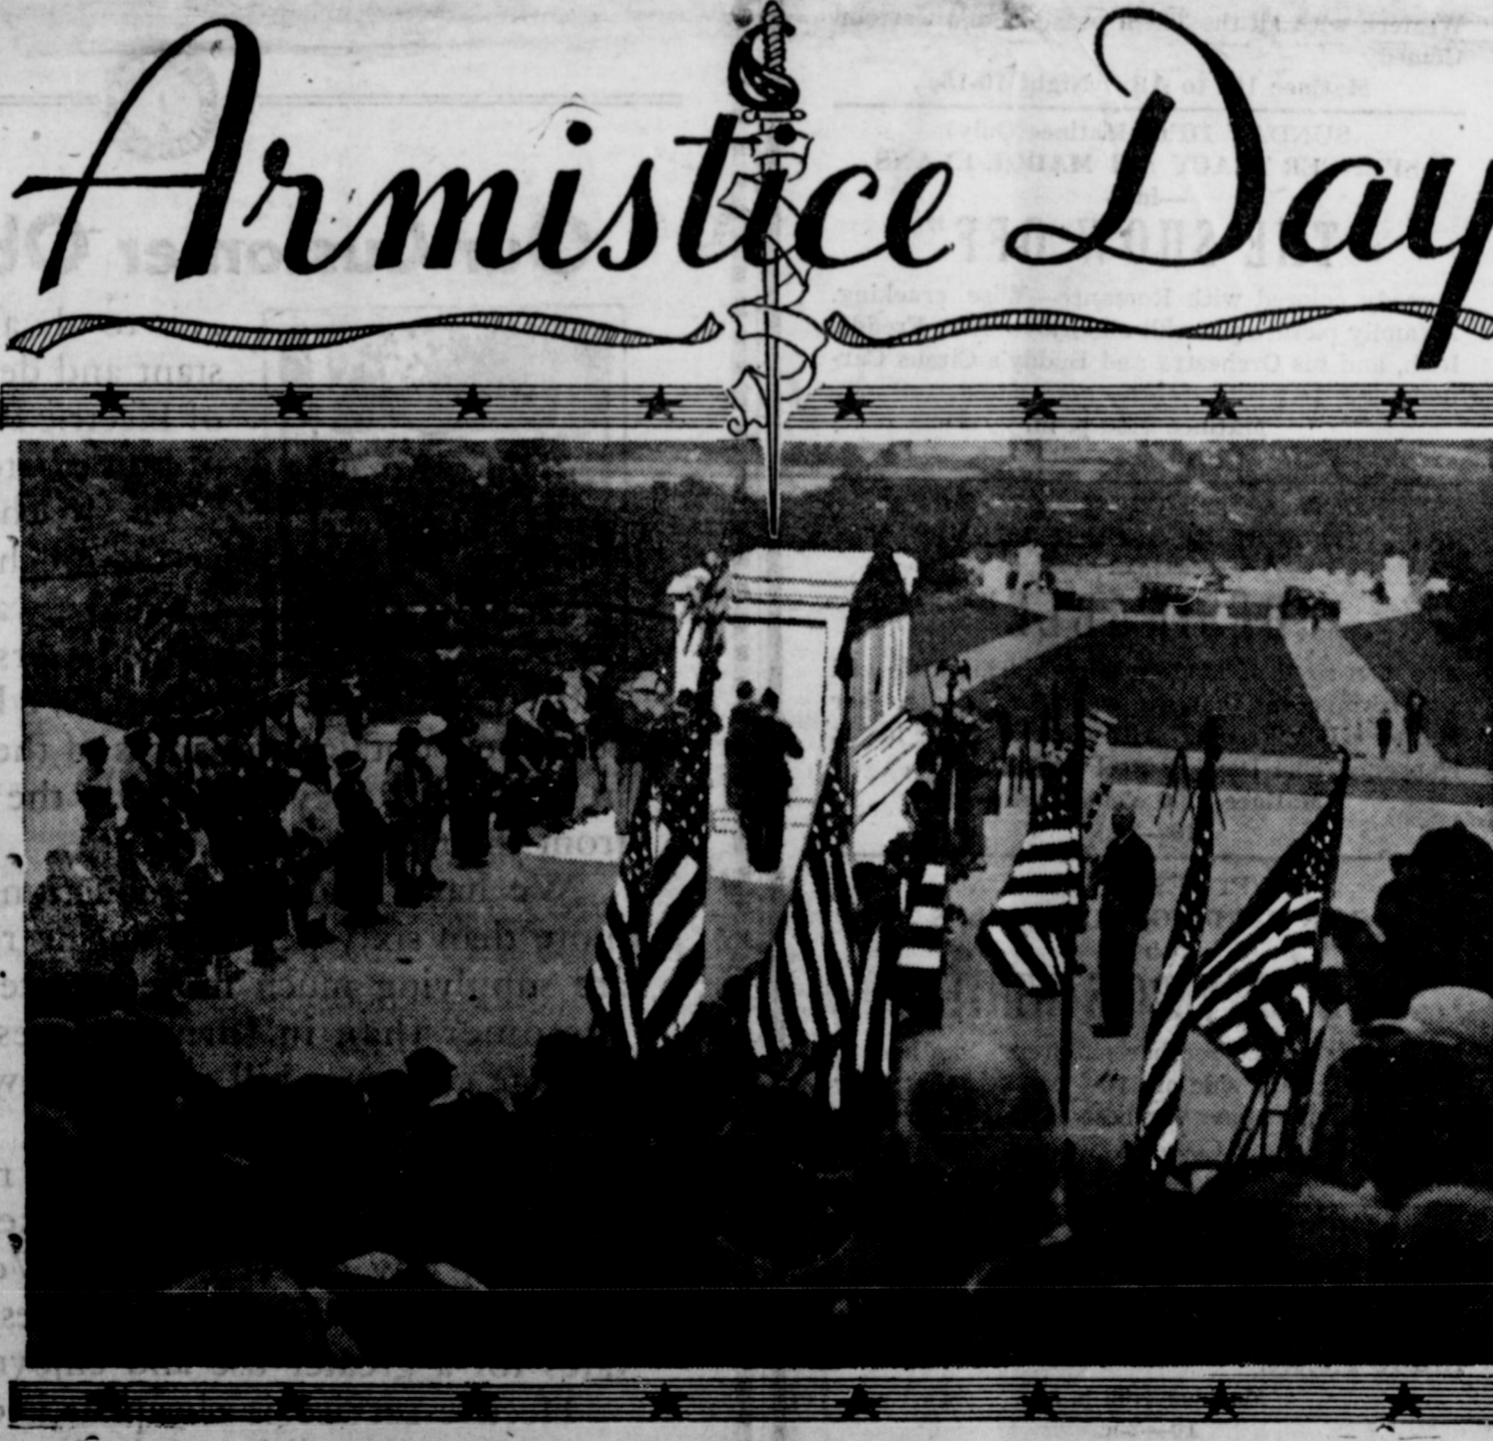

Chairman Mulkey reported that glasses had been fitted for the daughter of Herschel Johnson. He also announced that Dr. Hicks had kindly consented to look after the dental work for this committee.

G. L. Boykin called attention to a recreational center for the boys, and this matter will have further consideration at the next meeting.

Large Attendance is Noted At Picture Show

The unusual number of cars on the streets here Sunday afternoon is said to be due to the extra number attending the Sunday afternoon matinee at the Pastime.

The picture, "The Show Off," advertised for next Sunday includes romance and plenty of comedy with Spencer Tracy and Madge Evans taking leading parts.

ARMISTICE DAY again --- this year, 1934, to be a two day observation, Sunday, November 11th, in churches throughout the land, and officially, in public ceremonies on Monday, November 12th. Symbolized in the photograph above is the nation's tribute at the grave of The Unknown Soldier at Arlington National Cemetery outside the national capital at Washington, D. C. It is here the national colors are dipped, a wreath is placed in fitting tribute and the nation's citizens reminded of the obligation which is theirs. Throughout this land of ours, throughout the lands of nations of the world, Armistice Day is observed, each paying tribute to their soldier dead of the World War. We here in Clarendon join in the tribute, sincerely and eternally grateful. We desire to help perpetuate the honor of those brave souls who gave their all when the nation called.

help the cause along. Anybody, apparently, can hire their services.

One large corporation has lost thousands upon thousands of dollars because rumor-mongers have persuaded people that employees of the firm were suffering from leprosy. Another has taken huge losses because it has been whispered about that the firm has made big donations to the German Nazis.

This sort of work has been found useful in labor troubles. A strike in a large Connecticut city was broken by sly propagandists who spread the word that the union leaders were crooks. A middle western strike failed after gossip-mongers let it be known that the plant would be moved to another city if the strikers were victorious.

Plots of this kind are impossible to trace. The victims may work themselves to a frazzle trying to spread the truth, without success. For there is a preverse streak in human nature, which makes many people believe such rumors tenaciously, no matter how many denials are broadcast.

Yet it is only through refusal to take any stock in gossip that this vicious kind of propaganda can be checked.

The best time someone could tell you that such-and-such a firm employs diseased persons to package its goods, or uses poisonous or adulterated materials in its product, or contributes to Hitler's war chest, or follows an anti-Catholic, anti-Jewish, or anti-Protestant policy—remember that someone, 'way off in the back-ground, probably has an ax to grind.

Some one is trying to play you for a sucker. Don't let him do it.

Relief Headquarters Makes Food Purchases

Austin, Nov. 6.—The commodities distribution department of the Texas Relief Commission has ordered for delivery to Texas relief clients during the late fall and winter months, sugar cane syrup, butter, sugar and cheese, it was announced today by C. Z. Crain, head of the department.

Orders placed with the Federal Surplus Relief Corporation by months follow:

November, sugar cane syrup, 93,600 gallons; rice, 320,000 lbs.; butter, 399,000 lbs.; Sugar, 470,000 pounds; December, rice, 360,000 pounds; butter, 378,000 pounds; January, rice 320,000 pounds;

February, rice, 320,000 pounds; cheese, 210,000 pounds.

In addition, several thousand yards of piece goods material have been ordered for delivery in November, December and January to Texas Relief Commission sewing rooms over the state, where they will be made into clothing for relief roll families.

All of these commodities, except clothing, will be delivered to clients UNpriced, over and above their regular budgets.

Crain also announced delivery of 8,000 mattresses into homes of needy and said the distribution had now covered 100 counties of the state.

Distribution Canned Meats Is Announced From Austin

Austin, Nov. 6.—County Administrators today had been notified by Texas Relief Commission officials of the third general distribution of canned beef and notified to call at the Commission's 21 canneries for their allotment.

The third distribution will include 5,500,000 cans of beef. It is twice as large as the two previous allotments, and will cover the requirements for a two months' period, C. Z. Crain, head of the com-

modities distribution department, said.

The increased allotment was made because storage space is becoming congested at canneries. Administrators were requested to issue the cans on a basis of 12 per month to the average family of five persons, over and above their regular budgets. Larger families will receive more and smaller fam-

ilies proportionately less. Each can weighs 1 pound, 4 ounces.

This issue brings the total number of cans of beef distributed to administrators for destitute families in Texas to approximately 11,000,000.

AGE PENSION PLANS.

The Townsend plan of old age pensions is explained in a lengthy article in this issue of the Leader. The plan is gaining ground over the nation. "Townsend clubs" are being organized not farther away than Amarillo. Petitioners are being gotten ready for the next session of congress. The lawmakers will likely trim down the monthly allowance, but even at that it will likely meet a popular demand.

HOW TO MAKE A CHANGE.

Forty-four codes of reduction are now claimed as a result of the new committee taking charge of NRA with the agreement of Gen. Johnson. It is not what will take its place, no one seems to know, but the idea of curtailing production in the midst of want is a failure.

It expects the leaders to use their brains as well as their muscles and the consumers.

EVERYONE ALWAYS PLAY SAFE.

An article by one Oswald Garrison Villard in the Amherst Monday attempted to make a strong protest against the method of taking outlaws out of circulation. Quoting from this copyrighted article: "Is it not time to halt upon the Department of Justice's cold-blooded policy of gangsters?"

Any writer can find a newspaper market for such a mystery. Reading farther: "Even worse, it seems that the case of a desperado and his girl who were, warning whatever, shot to death last summer." He refers to Parker and Barrow down in Louisiana. The Boy Floyd's name is written in the book of the dead not before he had killed and robbed helpless victims without a chance to defend their lives. In our hearts we wish that there was some other remedy other than right back to the "killer" his own medicine—justice. But justice can have no other method. It is more than a square deal, for his was the privilege of shooting first. In the game of killing, there is no and while there is something akin to sadness in a case like Floyd's, he carries no emblem of a hero. He is a ruthless killer and died as all outlaws should die. The press agents will be breaking into print more and more as the gangsters meet their just dues at the hands of the marksmen who brook no foolishness and take no

mercy. Within a week after County Attorney R. Y. Stalcup held bullets that would have sent Virgil Stalcup where he belongs, this outlaw killed Bill Arthur, Dickens county without cause other than to gain money.

He had more than one opportunity to save the life of Bill Arthur by giving Stalcup the death penalty as provided by law. Sobsters and weak-kneed juries have forced Stalcup to become killers.

A juror who refused to give Stalcup the death penalty when he could have done so, should be made to face the music as a widow and orphans left by Bill Arthur down that it might be a lasting lesson to them and to the gangsters who deserve no mercy.

Police officers shoot to kill when facing an outlaw? The laws of slain officers answer the question. Bill Arthur was a kind-hearted officer attempting to give prisoners more comfortable at their request when they were taken down without any more mercy or consideration than a boy would shoot a mangy coyote.

We have more widows and orphans or more dead

How Rises—The Gossip

It is always with us—no doubt, since the world is a-blinding. But it is not for present-day gossip at a paying racket out of an effort.

For the New York Times recently dug up one of the oddest business deals.

That there are in certain firms, some of which have branches in other cities, which will circulate rumors for you, for a price; rumors about your competitor, about yourself, about some individual—insidious whispers that will spread from mouth to mouth all across the country, untraceable and unstoppable.

They have trained operatives who go about circulating such rumors. Some of them pose as house-to-house salesmen, and drop their propaganda in the ears of housewives. Others filter about through hotel lobby crowds and travelers in railroad stations, dropping a word here and there to

Our Customer Obligation

It is to always supply a constant and dependable source of Electric Power in advance of immediate needs.

To do this, we have invested much capital in facilities and always kept a highly trained personnel to efficiently operate the properties. We have helped our customers obtain appliances of the highest quality in order that they may enjoy the greatest benefit from their electric service.

We have made rate reductions amounting to more than sixty per cent during recent years. We are supplying much more service to the average customer than in former times, and with the average customer bill much below that of former years.

We are doing away with the room count rate in the 160 towns we serve in keeping with our policy of low electric rates. We urge our customers to take advantage of these low incentive rates for a greater use and enjoyment of service.

Electric service is cheap! It is one of the most valuable commodities of the household, yet takes only one per cent of the workman's total household expenditures. You should use much more of it!

My old friend and inventor Jim Heckman has invented a clapping machine for the radio stations. One strong arm guy can make as much fuss as two thousand with this machine. It has a stomping and whistling attachment for the East, and a yelling attachment for the western folks.

After hearing the thing tried out, Homer Mulkey, local Pastime Theatre man, has filed an injunction against one attachment that sounds like babies squealing and popcorn chomping. Homer says the folks will get a machine for the home, start this attachment going and shut their eyes and imagine they are at the picture show. (P. S. This attachment was really gotten up for Sunday theatre goers who want to enjoy a show at home without public criticism.)

LEGION RODEO PLANS COMPLETE FOR TWO DAYS

Memphis, Texas, Nov. 6.—Assured of the biggest rodeo ever staged here because of the long list of contestants already entered, including some of the most noted performers in the South-

west, and by the amount of stock already secured for the shows, thousands of people from over this entire section of the Panhandle are expected to find their Armistice entertainment in Memphis. By the end of last week all plans for the two-day rodeo were completed. Corrals and chutes were erected at Fair Park stadium ready to receive the bronzes, steers, cows and calves to be used in the show.

Roy Mayes, former world

champion bulldogger and a veteran promoter, who is staging the rodeo in behalf of the Charles E. Simmons post of the American Legion, also announced the judges for the events. The contest judges are to be Eddie Smith, Wellington; Nathan Jones, Mangum, Okla., and Murray Dodson, from the Browder ranch in Donley county. Rails Miller of Silverton will be the flag judge. All are familiar with every phase of the rodeo game and assure entrants of fair and correct decisions as to winners of the different events.

Twenty wild bronzes, headed by Northern Star, the most infamous outlaw mustang in the Southwest, a like number of Brahma steers from South Texas and nearly half a hundred cows and calves will be used in staging the three performances.

Between 12 and 25 contestants are expected to enter each of the five contest events. This list includes Jonas de Arman, present all-around world's champion, and many of the leading "punchers" in the game, as well as cowboys from the Matador, J A and other ranches in this territory.

Afternoon performances at 2 o'clock will be staged on Saturday and Sunday, Nov. 10 and 11, and a night show under the Fair Park stadium floodlights will be given Saturday night at 8 o'clock. The celebration starts with a mammoth parade at 1 o'clock Saturday afternoon.

Admission to each of the rodeo performances is 25 cents for children and 50 cents plus a five-cent federal tax for adults.

Oklahoma Car Wreck Victim Visits Here Tuesday

The last man to speak to the lamented Dr. Tyndall before his life was snuffed out in an Oklahoma car wreck some months ago, was here for a short time Tuesday. He is H. H. Tompkins of Cisco.

It will be recalled that a son of H. L. Davenport was killed at the same time, and a son of Bill McDonald badly injured.

Mr. Tompkins states that the Tyndall car smashed into a truck loaded with four tons of coal coming into the highway off a side road.

Armistice Day Barbecue At Palo Duro State Park

Armistice Day, Sunday November 11, will be celebrated at Palo Duro Canyon State Park, south of Amarillo, by a good old-fashioned barbecue. Serving will begin at eleven o'clock Sunday morning and continue throughout the day. Adequate space and facilities have been arranged at the "Cow Camp" down in the Canyon, and the public is welcome. Saddle horses will be available at the gate for those who wish to ride through the Park, and a limited supply of tents may be had by those wishing to make an overnight visit.

Palo Duro State Park is accessible by paved road from Amarillo to Canyon, and surfaced road from Canyon to the Park. There is also a good road from Amarillo via the Palisades.

A great amount of work has been expended upon the roads in the Park recently, and they are fast becoming a pleasure to motorists. The descent into the canyon is a masterpiece of engineering and workmanship. The surprising beauties of this great natural park are daily becoming more easily accessible to visitors, and all Texans should visit the Park, learn of the plans for it, and see what a truly fine thing is being done for them by the National Parks Service and the Texas State Parks Board.

MR. BARGAIN HUNTER

If you are interested in a real buy in a first class little farm, here it is:

Eighty-three and one third acres, deep soil, rich level valley land, 5 miles from Clarendon, 1 mile from highway; 1 mile from good brick school building where four teachers are employed eight months of the year. Church and Sunday school are supported by an exceptionally fine community. Even with the present poor crop year, this little farm will pay two hundred dollars rent this year, on the third and fourth basis. There is a good three room house and fine well of water, and three thousand dollars will buy it, with good terms on \$1800.

This land is owned by heirs and they want to sell. See me if interested.

HELPS WHOLE FAMILIES

Attention, MOTHERS, to what every doctor knows to be a fact, and what they say to avoid

If you have children who are occasionally constipated, you should know this.

If you are "not yourself" because of a constipated condition, don't blame it on your blood condition, or your age, but first try this treatment that safely relieves sluggishness in children or adults.

The Proper Treatment

You can't safely relieve the bowels with any medicine if you can't regulate the dose. To regulate dosage, you should have a liquid laxative. When necessary to repeat, you can gradually reduce the dose. And that is the secret of safe relief from a sluggish, constipated condition at any age.

A liquid laxative can be measured. Its action can be thus controlled. If properly made, of such natural laxative elements as senna and cascara, it forms no habit—even in the youngest child. And such a laxative will help the bowels to help themselves. Dr. Caldwell's Syrup Pepsin is an approved liquid laxative containing

BE CAREFUL If any laxative is dipastic (makes you thirsty). If it affects your appetite. If you need more today than the first time you took it. If it drains the system (by too watery a movement). If a bad "burning" is felt. If there is severe griping.

herbs, active senna, and cascara, and is the one widely used. You can always obtain it at any drug store. Why not make the "liquid test" which has attracted so much attention of late? It helps nearly everyone who tries it. It may make you feel better overnight. The children will like it, too; Syrup Pepsin has a delightful taste. If you will risk sixty cents to discover the safe, pleasant action of Dr. Caldwell's Syrup Pepsin, we believe bowel worries will be over for your household.

Our Weekly CHURCH CHAT

W. E. FERRELL
Minister First Christian Church

"What is Bible Baptism" Part I.
We are discussing a question at this time that has caused much controversy in the religious world. We are not discussing it for the purpose of controversy, but for the purpose of ascertaining truth. Some of our readers are approaching this theme with preconceived ideas that are keeping you from looking at the question candidly and honestly. But we want you to forget any previous teaching you may have had on the subject, and consider it as something entirely new, and we are going to God's

Word for information. We shall not indulge in negative argument unless compelled to do so. We shall not pick out a few passages here and there and build a sermon around them to prove a certain position; but we are going to glance through the New Testament, and study the term from the different passages in which it is used.

This is a question which you must settle if you ever expect to belong to any Protestant religious institution. You cannot become the member of any church, excepting the Friends' without submitting to an ordinance which that church calls baptism. Hence it is important that you know what baptism is, what it is for, and who is eligible for it. This we will find from the Word.

In the beginning, let us say that the word "baptise" is a verb. A verb always stands for one "specific" action. It cannot stand for

three altogether unsynonymous actions. When I say I am going to "walk" down the street, I mean that I am going to "walk" not "run" or "crawl." So we see that it is useless to talk about the "modes" of baptism. Baptism stands for one specific action. It is our purpose here we are through to find just what that action is.

I. Matthew 3. In this chapter we find the word used for the first time. We find John the Baptist is preaching in the wilderness of Judea, heralding the advent of Jesus, and the people of Jerusalem and Judea, upon the confession of their sins are being baptised by John in the Jordan. Note, the people are being baptised "in" the river Jordan. This testimony is very clear.

In the eleventh verse we find that water is the element. In the thirteenth verse we read that Jesus came all the way from Nazareth in Galilee, to be baptised by John. In the 16th verse we find that after Jesus was baptised, he "went straightway up out of the water." Now we know that Jesus was baptised by John, in the river, and that he came up out of the water. But what did John do to Jesus when he baptised Him? (Continued next week)

On Thanksgiving Day we are going to entertain the parents with plays, readings and songs. Everyone is invited to attend.

The club boys had a meeting Thursday and elected new Police Force officers. President, Melvin Skinner; vice-president, Wallace Riffle, and Reporter, Lester Walker.

The 7th and 8th Grades are having a contest to see which one can get the most clippings on the countries they are studying.

We were entertained Hallowe'en with a mask party at the home of Alvis Darnell. Many games were played after which we were entertained by a string orchestra. Mr. Sam Roberts, violin, Bob Ayers, guitar, Mr. Batson, guitar, Royce Hughes, hawaiian guitar. We also had some beautiful singing by Mr. Jackson.

After being entertained until eleven o'clock, delicious refreshments were served to Jimmie Jewel Nichols, Jo Nell Stogner, Robie Lee Russell and Lynnie Giles; Bartle Nichols, Royce Hughes, J. Q. Russell, Melvin Skinner, Wallace Riffle and Jack Simmons; Mesdames and Messrs. Clarence Jackson, Sam Roberts, Bob Ayres, Rice Batson and Roy Darnell.

What we are doing in the Primary room:

In our room we have a reading table. On it we have magazines and puzzles that we may look at in our spare time.

We decorated our room for Hallowe'en. We colored jack-o-lanterns, cats and witch pictures and placed them on the walls.

In our sand table we have a log church house to which some pilgrims are going. We are learning all we can about the pilgrims. We are reading all the stories we can find about them, and will write some stories about them ourselves. We will make Thanksgiving posters. We are learning a Thanksgiving song. We have colored our November calendars and are marking each day as we come to it.

Intermediate Incidents
With the passing of the month of spooks, black cats, pumpkins and witch, down came our brightly colored posters of orange and

black, the witches on brooms and our October calendars. Since this is the month the Pilgrims set aside in which to be thankful, we are learning stories, songs and poems concerning the last Thursday in this month.

For our November bouquet we have a vase filled with various species of leaves which have donned their fall colorings of brown, red and gold.

A Cowpuncher ordered a steak at a restaurant. The waiter brot it in, rare—very rare. The puncher looked at it and demanded that it be returned to the kitchen and cooked.

"'Tis cooked," snapped the waiter.

"Cooked - - hell," returned the puncher. "I've seen cows hurt worse than that and get well."

Mrs. Edd Teer visited at Memphis the week end.

Mrs. Simmons Powell, Mrs. W. A. Clark, Mrs. Frank Stocking, and Mrs. B. F. Kirtley were Amarillo visitors Friday.

ANALYSIS OF THE TOWNSEND PLAN

Insurance statistics show that only 8% of all people born, upon reaching the age of 60, have achieved financial success to such a degree that they may live comfortably thereafter without depending upon further earnings. Eighty-five percent of the remaining 90% are still employed or are endeavoring in some manner to earn all or part of their livelihood and the remainder are dependent upon public or private charity for their keep. Those of the 85% who are still earning are capable of producing only enough to partially pay for their living. A very small percentage actually earn enough for their total needs and but very few earn any surplus for their declining years.

Approximately 8,000,000 of the 10,300,000 people will be eligible to apply for the pension. Economists estimate that each person spending \$200.00 per month creates a job for one additional worker. The retirement of these citizens of 60 years and over from all productive industry and gainful occupations, will create jobs for 8,000,000 workers which will solve our national labor problem.

RETIREMENT ON A MONTHLY PENSION OF \$200

The spending of \$200 per month is for a constructive purpose. First, to place an adequate amount of buying power in the hands of these citizens which will permit them to satisfy their wants that have been so restricted for the past four years. Second, to create such a demand for new goods of all descriptions that all manufacturing plants in the country will be called upon to start their wheels of production at full speed and provide jobs for all workers.

This money made suddenly available to the channels of trade will immediately start a tremendous flood of buying, since the country has been on short commodity rations for the past four years, and since all sections of the country will be affected alike (the old are everywhere) and the poorest sections will at once become important buying centers.

All factories and avenues of production may be expected to start producing at full capacity and all workers called into activity at high wages, since there will be infinitely more jobs available and many less workers to fill the jobs, the old folks having retired from competition for places as producers.

HOW WILL THIS MONEY BE SPENT

It will go into the regular

channels of trade for food, clothing, homes, rent, furniture, automobiles—all manner and description of things dear to the human heart. It will go for travel, the pleasure of riding hobbies, theatre tickets, professional and servants employment and the thousand and one things which modern man demands.

HOW THIS PLAN WILL AFFECT THE OWNERS OF PROPERTY OR BUSINESS

Those of 60 years or over owning property, whose income is greater than the pension, would not need or possibly care to apply for the pension, as it is not designed to be compulsory. Those whose income is less than the pension, undoubtedly would readily consent to turning over the management of their properties or business to younger friends or relatives, thus creating paid positions and jobs for others when receiving retirement pay for themselves. Thus they will perform the two-fold function intended by the plan itself, that of relieving the ranks of industrial workers of their competition for jobs while at the same time creating new jobs themselves.

This plan will effect a marked easement of the tax burden borne by present-day taxpayers and make more secure the profits that should accrue from business and property investment, since the great increase in the volume of business done throughout the country with the resultant employment at high wages which will naturally follow from a new and plentiful circulation of money and a restricted number of workers, should put everybody in a position to carry his pro rata share of the costs of government. Once this has been done for the people there will be no injustice in demanding that everybody pay taxes in proportion to his ability to pay; the universal federal sales tax will bring this condition about and permit none to escape paying his share.

PENSIONERS TO RETIRE WITHOUT FURTHER GAIN FROM LABOR OR PROFESSION

This is an important feature of the plan since the idea is to create jobs for the young and able, eliminating competition for such jobs and positions on the part of elderly people.

Consumption of the products of farm and factory is the vital problem now facing our nation. The success of this plan is based entirely on the creation of jobs of production and by retiring all those pensioned, with adequate spending power, that they may consume for all their need in comforts, necessities and pleasure.

RECORDS FREE FROM HABITUAL CRIME

This clause is designed to have a strong effect in restraining the young and impatient from taking the short cut of criminal activity to obtain money. They will hesitate to jeopardize their future welfare for the sake of getting money now by criminal activities.

The desire to honestly earn is uppermost in the minds of American people. The records of our law enforcement department show that crime is largely the result of lack of opportunity to provide necessities of life through the sale of labor. Provide these opportunities for our younger generations and the crime problem will be greatly lessened.

SAVING FOR OLD AGE

We have been taught in the past that saving was essential in planning for security in old age. But recent experience has taught us that no one has yet been able to devise a sure method of saving. Statistical records show that a very high percent of all people reaching the age of sixty-five have, in spite of their best efforts, been unable to save enough to guard them from the humiliation

of accepting charity in some form either from relatives or from the state. Experience proves that no form of investment is infallible that human mind can devise which is based upon the small group or individual financing. The Townsend plan proposes that all who serve society to the best of their ability in whatever capacity shall not be denied that security in their declining years to which their services in active years have entitled them.

SALES TAX TO BE USED EXCLUSIVELY FOR THE PENSIONS

It is the intent of the plan to apply the sales tax solely to the one purpose of maintaining the pensions roll until such time as the public becomes fully assured of the beneficent and fair system of taxation involved in a universal retail tax. Here is the only fair system of taxation for all that can be devised. Every individual who enjoys the benefits of the numerous social agencies maintained for his benefit, such as schools, police protection, sanitation, public health supervision and the thousands and one functions of government, should be compelled to carry his share of the costs just in proportion to his ability to do so; that is, in proportion to his ability to spend money. This compels the child to become a taxpayer at an early age and accustoms him to the idea that he must do his share throughout his life.

NO CHANGE IN FORM OF GOVERNMENT

This plan of Old Age Revolving Pensions interferes in no way with our present form of government, profit system of business or change of specie in our economic set-up. It is a simple American plan dedicated to the cause of prosperity and the abolition of poverty. It retains the rights of freedom of speech and of press and of religious beliefs and insures us the right to perpetuate and make glorious the liberty we so cherish and enjoy.

THE MEANING OF SECURITY TO HUMANITY

Here lies the true value in the Townsend Plan. Humanity will be forever relieved from the fear of destitution and want. The seeming need for sharp practices and greedy accumulation will disappear. Benevolences and kindly consideration for others will displace suspicion and avarice, brotherly love and tolerance will blossom into full flower and the general sun of human happiness will dissipate the dark clouds of distrust and gloom and despair.

Mrs. Gregg Dies Wednesday Near Ashtola

Funeral services were conducted at the Ashtola school building this afternoon for Mrs. Martha M. Gregg, aged 80 and mother of Miss Gregg. Rev. Lackey had charge of the funeral service, and the Buntin mortuary had charge of arrangements. Interment was made in the Citizens cemetery of Clarendon.

Mrs. Gregg had resided in this county for many years, and had been making her home with her son for a long time until her death Wednesday.

Mr. and Mrs. Lee Mears and family returned home Wednesday from Lubbock.

Thomas Clayton and Homer Estlack were Shamrock visitors Sunday.

Powells Purchase Residence Near Boston Home

Having closed the purchase of the C. A. Blanton residence, Mr. and Mrs. Simmons Powell come into possession of one of the most beautiful homes in Clarendon. Alterations have already been made to meet with the desires and requirements of the new owners.

This home of colorful Spanish design is located next east of the U. J. Boston home and was originally built for Mr. and Mrs. Homer Ellis a few years ago.

M. M. Noble visited his family at Austin over the week end.

Mr. and Mrs. Allen Bennett of Borger and their daughter, Mr. and Mrs. Frank Metcalf and small daughter, Doris of Borger were dinner guests of her sister, Mrs. Monica Harvey Tuesday.

Local Hunters Bag Two Bear On Arizona Hunt

Both bear and deer fell before the guns of Dude and Meredith Gentry and Ira Merchant in the Hobo Mesa country of Arizona within the past week.

The hunters stopped at Blue and went farther into the mountains where the mule ear deer are plentiful. Besides deer, Dude Gentry and Ira Merchant each got a bear, according to grape vine telegraphic reports.

Mr. and Mrs. Alfred Estlack and children were dinner guests of Mr. and Mrs. Eugene Estlack at Naylor Sunday.

Mr. and Mrs. E. K. Burton and daughter Ellen of New York City visited his mother, Mrs. C. A. Burton over the week end. They left Wednesday for California.

Pastime Theatre is Being Re-Decorated

Changes are being made in the contour of the main auditorium of the Pastime Theatre in which the corners at each side of the stage will be dispensed with and artistic corners and washed air passages arranged.

The ceiling will also have necessary changes made to conform to the requirements of the new plans for decorating and lighting. Three large panels will be shown on each of the side walls when completed.

Homer Taylor is doing the decorating work, and the carpenter work is in charge of John Bass.

Colored Robber Given Five Years Here Monday

Herman Mayfield, colored robber who attempted to take several suits from the Bryan clothing store in broad daylight recently by placing them in a carton, was convicted in the district court and sentenced to serve five years Monday.

The district court has been in recess most of this week, to resume work next Monday.

Home Makers Class Have Social Tuesday

The members of the home making class decided "all work and no play makes Jack a dull boy indeed," so it was a jolly group who gathered in the class room for a social meeting instead of the regular lesson, Tuesday afternoon.

After a program of piano selections, story telling and contests Miss Gladys Wright gave a very clear explanation as to the purpose of the class and the plan for future lessons and extended a very cordial invitation to anyone interested in homemaking.

Classes are held Tuesday and Thursday afternoon of every week.

After the singing of a number of old time favorite songs by the entire group, refreshments were served and everyone expressed their complete enjoyment of the afternoon.

Leaving Old Donley County After 12 Years

Donley county will lose one of her best citizens, and the Odd Fellows a faithful member when G. A. Little moves to near Littlefield soon after his auction sale to be held on the 20th.

Mr. Little has resided on the Jones farm near Chamberlain for the past twelve years. Other members of his family having passed away, he is now moving his place of residence to be near his grandson.

"Can Fix-It Shop" Opened In White Building

Two local men who have had several years of experience in that line of work, have opened a "Can Fix-It" shop in the building next west of the Palmer motor company.

According to their advertisement in this issue of the Leader, they invite patronage in repairing watches, clocks, guns, sewing machines and furniture. In fact they expect to do a general repair line of work needed in the average home.

Mart McCracken Directs Two Alabamans to Deer

Returning from the Springer, New Mexico deer country Tuesday, Mart M. McCracken of the Hudgins community brought along evidences of the success of the party.

The Smith brothers, Mark and Chester of Collinsville, Alabama, and cousins of Mr. McCracken, enjoyed the hunt to the utmost.

Mark Smith is an old JA boy of some twenty years ago, but had never been out in the mountain district before.

Mattresses Are Received For Donley Needy

74 mattresses were received last week for distribution among relief clients. These mattresses were accompanied by a list of the names of clients who will receive them. The list was compiled in the Austin office and those persons whose names do not appear on this list will not be eligible to receive a mattress.

Ashtola School Play Date Changed to the 16th

Due to the death of a prominent lady of that community, the date of presenting the school play, "Fingerprints", has been postponed from Friday night of this week to Friday night of next week.

The Leader has been requested to print this notice by the Superintendent, Robert G. Dillard today.

Mr. and Mrs. H. L. Brady and sons Walter and Aubrey of Claude visited friends here Sunday.
