BLANTON AND THE UNEMPLOYED.

Congressman Blanton of the Abilene district told Congress that we had twenty million unemployed right now. He gave as his reason that the nation harbored 40,000,000 foreigners, half of whom never expected to become citizens of this nation.

Under the NRA, the plan is to find employment of any kind for about 2 days out of the week for the large number of unemployed, then lay them off until necessity demands that something be done further.

History Of The Public School System Of Texas Written By County Superintendent

Sloan Baker

One reason for the greatness of Texas lies in the fact that the founders of Texas made ample provisions for the training and education of its youth.

Texasans have always demanded education. As early as 1827 the colonists asked the Mexican government to provide schools for their children and the failure of that government to do so was given in the Declaration of Independence as one reason for their revolt.

Texas schools in the days of the Republic, and even until after the War between the States, hardly deserved the name "schools."

When our present constitution was drawn up in 1876, much attention was given to the public school system.

The Constitution of 1856 and 1869 both included provisions for public free schools, but so much turmoil prevailed that little was accomplished.

ary settlement. In 1856 it was also ordered that alternate sections of land surveyed for the railroads should become a part of the state school fund.

The constitution of 1866 and 1869 both included provisions for public free schools, but so much turmoil prevailed that little was accomplished.

When our present constitution was drawn up in 1876, much attention was given to the public school system. To all lands previously given was added one-half the remaining public domain.

The Constitution of Texas provides for a selective state board of education consisting of nine members appointed by the Governor.

through a special five-member textbook committee, select the texts to be used in the public schools.

The office of State Superintendent was created in 1884. He is the head of the state department of Education and secretary to the State Board of Education.

The office of County Superintendent acts for the county much as the State Superintendent acts for the State. A county board of education was set up in 1911 to assist and advise the County Superintendent, and he is its secretary.

Sixteen State Superintendents have served Texas. B. M. Baker was the first to hold that office in 1884. The present State Superintendent of Public Instruction is Dr. L. A. Woods.

The new plan of transportation of school pupils to affiliated high schools in the State of Texas, enabling the high school pupil who lives in rural districts to have the same advantage of an affiliated High School education as the child who lives next door to the high school, is an innovation in school transportation that is meeting with a hearty approval.

Music as a regular curriculum activity is one of the chief aims of Dr. L. A. Woods in the advancement of the school program.

Mr. Dickson has the needs of the schools of the Panhandle at heart. He is continually working to secure for schools in the Panhandle of Texas the advantages of every financial and educational assistance that the State of Texas has to offer.

Donley County School Superintendents, Principals, Teachers, and Trustees are working with Mr. Dickson to bring the schools of this county to higher standards.

Under the guidance of the County Board of Donley county, W. A. Poovey, president of the Board, Edwin Baley, Claud Nash, W. M. Pickering, H. T. Burton, members of the Board and Sloan Baker, County Superintendent and secretary of the Board, with the cooperation of the superintendents, principals, teachers and trustees, progress has been made.

The chief project for development in the schools of Donley County for the next year under the guidance of the County Board and County Superintendent, will be a

thorough study of Texas history, geography, geology and music, in order that the pupil may "Know Texas" so that he can "Talk Texas" to the Texas Centennial visitor next year.

MIDWAY SCHOOL

The Midway School came into existence by the consolidation of two one-teacher schools, Pleasant Valley and Hackberry, in the summer of 1933, and has developed into a system and community center equal to that of any two-teacher school in this section.

The Board of Trustees of the school, headed by Mr. Slaton Mahaffey, Pres., and Miss Katie McAders, Sec., have had innumerable problems to solve, but have met them earnestly, and have done ex-

cellent work in giving Midway community a school to be proud of. Its teachers, Dennis Smith and Miss Mattie Rhodes, have enjoyed having the privilege of bringing the school to its present standing in the county.

The student body and people of the community appreciate the friendliness of the neighboring schools and the helpful attitude of the people in general over the county during the past two years while the school has been making its start in its work of education.

CHAMBERLAIN SCHOOL

Chamberlain school, located on the Clarendon-Windy Valley road, three and one-half miles south of Clarendon holds second place to no school in the county. It has always maintained a high scholastic

standard and ranks high in athletics. Graduates of the school have done excellent work in Clarendon and other high schools and the school has been approved for three years of high school work by the County Board.

The building consists of three rooms and an auditorium. Its position on a good county road and a mail route makes it easily accessible at all times.

The school has the regular seven grades of the elementary school and in addition three years of high school. All the regular high school academic subjects are taught by

the principal, Edwin V. Cooper. Misses Agatha Taylor and Eunice Johnson are in charge of the grade school.

Mr. and Mrs. F. M. Hilliard of Childress, and Mr. and Mrs. Travis Walker of Paducah visited Mr. and Mrs. Wade Hilliard here over the week end.

TEMPLE OF TRUTH
By the Apostle

Bachelor Bill says "if you wanted to be appreciated, don't get the habit of going around telling people things for their own good."

Say what you will, but it looks like it would have been better to have given the old folks the \$30 a month rather than to have started that CCC business. The boys were not given anything to do anything with, and really are not expected to earn the money, small as the amount is, but it was a wild idea hatched out in the incubator of rotten judgment. If the money had been paid to old folks, it would have released a number of honest jobs to young men who do not like to be classed on a "gimme gang" basis. Give the money to the aged, and the jobs to the boys.

There will be a lot of school folks in town next Saturday. The exhibits to be shown at the business houses are to be classified in order to show the practical side of the schools as we now know them. Pupils, teachers and patrons will be our guests. Let's show them a real good time, extend every courtesy possible and make them believe that we really mean it. There is nothing like the practical side of

Clarendon, Texas

the school issue, and we all ought to appreciate the effort of Mr. Sloan Baker in dragging it out to where we can see it.

Does any one know of a Professor of Banjo-ery? Has any one seen a Professor of Rug-ery lately? The adult schools of old Donley are short such instructors. Local people are not to blame for this foolery. National planners have made it possible to employ two people as instructors, and counselor Prof. Earl Jones is doing his 'bounden' duty in trying to locate some one to fill the positions of instructor in "banjo and rug making." Included in the adult curriculum may be noted "three professors of "guitar-ery" which means that we are getting some where with the adult school idea as she is planned. We may be headed for the asylum, but it is to be hoped that the fool killer will get in some work before we reach the state bug house at Wichita.

But it is no fault of the common people—the great middle class. They merely follow the dictates of those higher-ups. And as much as I regret to think it—much less say it—we are headed for a dictator form of government. What does that mean? It means that we will be divided into two classes—the very highest of wealthy, and the rest of us will be the very lowest just as it is being handled in some of the European countries. We will never know how much our old grandparents handed to us in the form of a nation, until it is too late. And we just got through celebrating George Birthinton's Wash-day.

Mrs. R. S. Moss visited her daughter Mrs. Rodgers in Amarillo Sunday.

Mr. and Mrs. J. T. Sims visited their daughter Mr. and Mrs. Edley Crabtree at Amarillo Sunday.

Mrs. Margaret Goodson and son Tommie spent the past week end visiting her sister Mrs. Fancher Upshaw at Amarillo.

Chest Colds
Don't let them get a strangle hold. Fight them quickly. Creomulsion combines 7 helps in one. Powerful but harmless. Pleasant to take. No narcotics. Your own druggist is authorized to refund your money on the spot if your cough or cold is not relieved by Creomulsion (adv.)

WINDY VALLEY SCHOOL

The Windy Valley school faculty and trustees made plans at the beginning of the school year to make Windy Valley a standard three teacher eight grade school. First, we checked over our building and equipment. We found that the equipment was short and that the appearance of the building would have to be improved. The trustees and principal decided that the school house must have a general remodeling.

The rooms of the school house were kalsomined and all of the woodwork was repainted. New window panes were installed in most of the windows. New doors were put in each of the south rooms. The stoves and heating system were then checked. After spending about \$75.00 on the stoves the heating system was decided in excellent condition.

The ceiling in each room was given two coats of paint in order to reflect more light. After each class room was remodeled carefully, our attention was turned toward the auditorium. We decided that a new stage and stage scenery would have to be acquired if we were to classify as a standardized school. A contract with the Plainview Scenic Art Co. assured us of a new curtain and stage equipment. The merchants of Clarendon and Lela Lake made it possible for us to have the beautiful stage scenery which we now enjoy. Our next move was to raise the stage three and one-half feet above the floor. With the installation of flood lights and spot lights our stage was complete.

The next thing on program was the building of a science laboratory. With Mr. Parker as carpenter a new science laboratory was soon completed. A large number of benches were made for the auditorium. With the completion of the interior of the building our attention was placed on the outside of the building and school ground.

The north side of the building was reshingled. The roof extensions and all of the wood work were repainted. With the completion of the building, our efforts were turned toward the school ground and outer buildings.

An application was made by Mr. Jackson and the trustees for a PWA project. Through the help of County Supt. Sloan Baker, our project was approved.

We then begin to change the appearance of the school ground. The trees were topped and their trunks white washed. The CWA workers built seesaws and swings for the children. Flower beds were dug all around the school house. The basketball and tennis courts were covered with caliche. Several holes were dug around the school ground so that ever green trees could be set out around the campus. The general appearance of the school ground has been improved with the use of wheel barrows, picks, and shovels by CWA workers.

In a summary of the improvement of Windy Valley School and school grounds, we find that Windy Valley district bought approximately \$275.00 worth of materials and the government has spent \$700.00 on our PWA project.

Our state aid this year was the highest Windy Valley has received in a number of years. The total amount of aid being \$681.00. We

received aid for the new batteries that were bought for the Delco. The state deputy supervisor also gave us aid for all of the material used in the repair of the building.

The Windy Valley pupils have had equal opportunity with town students this year due to 45 minute class periods and special work. We have all classes arranged so that we have plenty of time for English and Math classes.

We have a laboratory for experimental purposes in general science. The library receives a daily news paper. There are a number of good magazines and periodicals handy at the students disposal.

The boys of Windy Valley have a citizenship club organized, which meets every Tuesday and Thursday of each week. The purpose of the club is to train the boys in principles of self government. The boys have charge of the school house and school grounds. They assess their own punishment. The club has a constitution and the members are guided by the merit system. The club was organized and is sponsored by Mr. Jackson.

We wish to take this opportunity to thank the trustees who have cooperated with us so faithfully in making Windy Valley school a better school. Much credit should go to Mr. Russell and all of the other trustees, for all of the work they have done this year for the school.

GOLDSTON SCHOOL

In the year of 1894 the Goldston School District was set aside and organized with a large boundary. It was then called the "Graf" school and was located on the old Graf ranch. A few years the school was moved to the McAdams farm, and from there to the present location which is now called Goldston school.

The district was consolidated with a school called Fairview which was east of the Goldston school. That was about the year 1912.

About 14 years ago the present Goldston school building was erected which is a nice four room brick building with halls, stage, basement and a teachinge.

The school has been very progressive.

The improvements this year have been— In the way of equipment purchased for this year includes primary reading tables and chairs, reading charts, etc. A set of master maps and globe, a duplicator, and paper, construction paper, a victrola with 90 records, teachers chairs, steel waste paper baskets, coal scuttles, etc.

Our basement now has a work shop for manual training in the basement. Our 6th, 7th, and high school boys are busily engaged in preparing for the March celebration at Clarendon. Visit our booth at the Thompson Hardware store.

Considerable improvement has been made on the teacherage, the interior of the school building and out houses. A modern drinking system has been installed.

We have a very attractive playground due to about \$900 of TRC labor, 1500 loads of caliche, and dirt used for raising and leveling the ground. Believing that play is an essential part to a school, our school board purchased another strip of playground.

Smith Bros. made it possible for

the basketball courts to be oiled which has made them very satisfactory for play. We also have a new league type baseball diamond.

We stir to keep Goldston in the sport column. Our Senior girls, junior girls, and senior boys won the county basketball championship this year.

In doing departmental teaching we are using the project, contract and unit type with other methods. With 103 enrollment in our school 27 of the students are our 3 year high school.

Our boys and girls are now preparing for the interscholastic league meet. First place is our aim.

We are inviting the schools of our section of the county to an all day play-day on April 1st. "Come and Play with us."

The principal, Mr. Millsap, is working on a plan to sponsor the high school pupils on an all day visit in the Palo Duro park, after which they will meet Dr. H. M. Cook of W. T. S. T. C. and visit the museum at Canyon.

Prospects are favorable for Bus transportation for the next school year.

The Goldston faculty consists of Principal J. B. Millsap, Miss Bera Lambert, Miss Willie Mae Blanks, and Mrs. Mary Sue Watters Longan.

GLENWOOD SCHOOL

The Glenwood School District No. 24 was cut off of Whitefish District about 1902. At first and for many years thereafter the school year was very short and sometimes the vacation or summer period was as much as twelve months long. This first school was located on what is now C. T. Mc Murtry's Anderson pasture about one mile west of its present location. It remained at this place until 1928 when the new school house was built.

It would interest the school children and perhaps make them just a little bit envious to know that at first, only a four months school was taught. Among the first to use the hickory stick (or perhaps it was a cottonwood limb) in demonstration of the fundamentals of reading, writing and arithmetic, were Miss Lumpkin and Miss Patterson. Miss Nellie Ryan boarded at Joe Penland's and taught the year of 1907-1908. Miss Browning followed her for one term. For the next few years there was a very irregular school if any at all. In 1911-1912 Miss Minnie Rutherford taught the school. For the school year of 1914-1915 Miss Eva Patching was the teacher and the next term Miss Williams was the teacher. A man succeeded Miss Williams and the year 1918-1919 Miss Anne Reeves served as instructor. The teachers from 1923 to 1934 were as follows:

- Miss Kirkwood—1923-24.
- Miss Bynum—1926 (no school in 1925)
- Miss Leslie in 1927. This was the first 7 months school. Mrs. Shields and Miss Gorman—1927-28.
- Miss Sibley 1928-29.
- Mrs. Hall—1929-32.
- Miss Dunn—1932-34.
- Clide Slavin—present teacher.

HUDGINS SCHOOL

Now that the basketball is over the boys are ready to start track, baseball and the girls have the makings of a real playground ball team.

We are busy now working on the celebration of Texas Independence and History Pageant that will take place in Clarendon Saturday, March 2nd.

Several were out of school the past week on account of flu and sore throat, the Dr. having told our principal to stay in bed two days, but declined to do so.

Billy Joe and Mary Nell Christie have a spirited race on as to who can read their books the quicker, and as yet a winner has not been determined.

Come down and see if the eighth and ninth graders can write the States and Capitals of U. S. The 5th, 6th and 7th can.

What if: Dorothy Cearly missed a word in spelling.

Frances couldn't gaze toward the window. Marjorie couldn't bring two pairs of shoes to school.

The girls could play soft ball without quarreling.

Moniet White has her years spelling with only 2 misspelled words in it. It is worth looking at to see all those hundreds together. Edna, Dorothy Cearly and Dorothy

Jean and Coranette have all missed very few words. Odd happenings—

Leslie making a hundred in Arithmetic. Milford without a smile. Odell being peeved at a certain girl. Valetta being late at school.

We need our argument over sound settled. If a tree should fall in a forest and no ear was there to hear it fall, would there be sound—some one answer it for us.

BAIRFIELD SCHOOL

This week brought to a close the first month after the Christmas holidays in the Bairfield school.

We have at the present time an enrollment of five pupils which are in grades as follows: first, second and fourth. These pupils are all very conscientious workers and by the cooperation of all the record has been kept free from tardies and has only one absence.

The units of work for this month have been "Indian Life", the people of Holland, and the people of Switzerland. These units have furnished much interesting material with which to work in reading, language, geography and art.

Holidays which have been observed this month are Washington's and Lincoln's birthdays and of course St. Valentines Day was not overlooked.

The two important extra-curricular features in which this school has been interested this month are as follows: first an exhibit based upon a characterization of the administration of James S. Hogg, "The Believe it or Not School," and a few especially interesting things concerning the history of Texas. The other being a vigorous beginning of the interscholastic league work.

There have been a number of things accomplished this month, and we hope that the following month may be better spent than the first.

Marjorie Harlan
Mrs. L. C. Parker who has been visiting her daughter, Mrs. Warner has returned to her home at Electra, Texas.

Mr. and Mrs. Mulky Patterson left for their home at Dallas Saturday. Mrs. Patterson has been with her father, Mr. Pracher who has been very ill for two months.

FAIRVIEW SCHOOL

Some forty years ago the far-sighted citizens of the Naylor community saw fit to establish a school, beginning in a small half-dugout which has steadily grown to the present two room brick building.

The school sites have been changed several times, some improvements having been made with each change. The present building which replaced a one room wooden building was built in 1924, with a two room teacherage added two or three years later.

A number of the teachers have been persons who were raised and partly schooled in the community. The present assistant, Mrs. Lucile Pickering Eanes, grew up and received most of her education here, having taught here for the past four years since finishing school at Clarendon College. The principal, Mr. E. H. Estlack, also a graduate of Clarendon College, has been employed for three years.

Preparations are being made for the Pre-Centennial Pageant March the second. We have been studying about Texas minerals, pirates, and filibusters. The pirates and filibusters played an important part in the early history of Texas. The filibusters made several attacks on the Spaniards in Texas. Several pirates plundered ships in the Gulf of Mexico. One of the main pirates was Lafitte who used Galveston Island for his headquarters.

Come and see our booth at the Donley County Leader office and learn more about pirates, filibusters, and Texas minerals.

THEY'RE SAFE - IN AN ALL-STEEL BODY

-a feature of the big, rugged New-Value Dodge

THE first Dodge car ever built had an all-steel body. It wasn't chance... it wasn't "climbing on a bandwagon" that led Dodge to the safety of the all-steel body. It was progressive engineering, the urge to pioneer, to lead and not follow in vital, important automobile improvements.

These Dodge bodies have been tested and proved by owners for over 20 years, everywhere, in constant daily use. Dodge not only pioneered the all-steel body but has constantly perfected it over the years.

So, too, with hydraulic brakes. First introduced by Dodge many years ago, Dodge has constantly developed them. Today, Dodge gives you hydraulic brakes that are long past the experimental stage. For in Dodge you get perfected, dual-cylinder hydraulic brakes—safer, more dependable, more economical than other types.

Now Dodge pioneers again the "Air-glide Ride", in which you speed smoothly along with new comfort, skimming over bumps without a tremor or jar, taking the curves safely, without sideway. Another new contribution to motoring ease is "Synchronous Control", which makes driving unbelievably easy and effortless.

You'll recognize this Dodge as a prize beauty the minute you see it. But you must drive it to see how far ahead of others it is in power and speed, comfort and economy, safety and performance.

WATSON'S BIG BOLL MEBANE COTTON SEED

Greatest yield per acre plus high lint percentage at the gin. And that's what makes the most money, for you. Remember, too, the WATSON staple is long, strong and uniform.

VARIETY OF COTTON	Linting per Cent or Gin Turnout	Average lbs. Lint Per Acre 1932 and 1933
WATSON	39.3	233.8
Lone Star	37.7	211.
Qualla	37.5	208.9
Half & Half	42.9	207.
Bryant Mebane	38.8	206.6
Clett Superior	38.9	205.7
Lankart	40	205.4
Harper	39.6	197.9
Mebane A. D. Est.	39.3	195.8
Bagley	38.3	184.3
Knash	40.5	174.3

The above figures were compiled from the Official Records of the Main Texas Experiment Station, College Station—tests made annually under the supervision of A. & M. College. The figures show—in fact, PROVE the exceptional value of WATSON COTTON. Watson Cotton yielded more pounds of lint cotton per acre over all varieties in test at Chillicothe Experimental Station this year.

WATSON SEED IS ACCLIMATED TO THE GREEN BELT DISTRICT

Seed to be sold by Thomas Feed Store of Clarendon at \$1.90 a bushel. This seed has been grown in Collingsworth Co.

CLARENDON H. D. CLUB
The Clarendon H. D. Club will meet at the home of Mrs. C. D. McDowell Friday afternoon at 2 p. m.

FRIENDSHIP CLUB
Mrs. J. A. Meaders and her daughter, Katie were hostess to the Friendship Club Tuesday afternoon at their home. 12 members were present. The club was opened as usual with the Lord's prayer and a scripture reading by Mrs. Stocking. The usual work of sewing, conversation and visiting was enjoyed until a lovely refreshment plate was served to Mesdames J. D. Stocking, G. J. Teal, H. Tyree, C. R. Skinner, Harley Skinner, M. E. Mongole, J. H. Harris, M. E. Thornton, U. S. Absher, J. L. Allison and hostesses Mrs. Meaders and Katie. The Club will meet with Mrs. Crabtree March 12.

MOTHERS CLUB
The Mothers Club met at the club room Tuesday afternoon. Mesdames Geo. Norwood and Ted Williams hostesses. During the business session Mrs. Rayburn Smith was elected to membership.

A very interesting program on Gardening was rendered. Mrs. Oscar Jenkins Leader. Vegetable Gardening—Mrs. Will Johnson.

Flower Shows—J. H. Morris Song, On The Good Ship Lollipop—Marylin Merchant and Margaret Ann Jenkins.
A very lovely salad refreshment course was served to 18 members and invited guests: Mrs. Alfred Estlack, Mrs. Ira Merchant, Marayln Merchant and Margaret Ann Jenkins.

MOTHERS CLUB ENTERTAINS
Honoring the members and their husbands of the Mothers Club. The Club entertained with a lovely two course dinner 42 and bridge party Friday evening at the home of Dr. and Mrs. T. H. Ellis. The dinner was served on the game tables. Washington talie cards and favors were used. Interesting games of 42 and bridge were played after the dinner. Those present were: Mr. and Mrs. Bill Patman, J. H. Howze, Cap Morris, Ralph Keys, D. F. Wadsworth, Van Kennedy, Ralph Decker, Harrison Simpson, George

Norwood, Henry Tombs, T. H. Ellis J. D. Swift, Clyde Douglas, Walter Clifford, Roy Ingram, Nathan Cox, J. F. Heath, Earnest Hunt, C. W. Galloway, Mrs. Will Johnson, Albert Johnson, Mrs. Ted Williams, Mrs. Carl Bennett, Maxine Ellis, Hostesses for the evening were: Mesdames Ellis, Galloway, Carl Bennett, Van Kennedy, J. F. Heath, Ralph Keys, Nathan Cox and D. F. Wadsworth.

LADIES AID
The Ladies Aid of the First Christian Church met in church parlor at 3 o'clock. After a short business session the devotional was turned to Mrs. F. C. Johnson who read the 2nd chapter of 2nd Peter. The study proved very interesting. Mrs. Johnson gave a short sketch of the two Epistles of Peter, when and why they were written. The next meeting will be at the church, Gene Herd; 3rd chapter of 2nd Peter. Meeting dismissed with Lord's Prayer.

PATHFINDER CLUB
Mesdames W. B. Sims and Eva Draffin were hostesses to the Pathfinder Club Friday afternoon at the Club Room.

A motion picture study program. Leader—Mrs. H. T. Burton. History and Business of picture making—Leader. American and Foreign Film—Mrs. A. T. Cole. Moral Standards and Educational Importance—Mrs. G. G. Kemp. Artistic Phases—Mrs. James Trent. Geo. Washington motif in napkins and small hatchets for favors were used in the delicious refreshment plate of cherrie pie and whip cream, tea and coffee which were served after the program by the hostesses.

MOREMAN—RAY
Miss Clotell Moreman of Hedley and W. E. Ray of Clarendon were married Sunday at the home of the bride's parents near Hedley. They left immediately for Mineral Wells. Mr. Ray is a son of Mr. and Mrs. J. M. Ray of Clarendon where he has spent his life. He is associated with Walter Clifford in the grocery business under the firm name of Clifford & Ray. The bride is a daughter of Mr. and Mrs. John A. Moreman of Hedley. She is a lady of high educational attainments.

FOREIGN MISSION PROGRAM
The First Christian Church announces that it will hold a special Foreign Mission Program next Sunday morning. The pastor will preach a sermon on this subject and the music will be furnished by the newly organized Young People's Christian Endeavor Choir. This Choir has been practicing some special songs for the services. The Choir will meet for final rehearsal at the parsonage of the Church Friday evening.

CHRISTIAN ENDEAVOR MEETING
In spite of the cold north winds and the whirling sands, the young people met for their Christian Endeavor program Sunday evening. The subject of the evening was: "What the Bible Says About Forgiveness." Miss Zoy Fronabarger was program leader and Miss Mary Lynn Teer presided over the meeting. The main feature of the evening was the organizing of an Endeavor Choir, to assist the minister in his regular services. The motto of the Society is: "For Christ and His Church."

1912 NEEDLE CLUB
Mrs. B. L. Jenkins, Mrs. A. A. Mayes, Mrs. A. L. Chase and Mrs. A. R. Letts were hostesses to the members of the 1912 Needle Club Thursday at the home of Mrs. Mayes. The hostesses entertained the ladies by taking them to the Pastime Theatre and enjoying the show. Then they went to the home of Mrs. Mayes where they were served a lovely refreshment plate. This was in order of a joint birthday party as each hostess had a birthday and each one received a lovely gift.

Those present were Mesdames Sella Gentry, L. S. Bagby, J. B. Baird, Anna Hall, Minnie Dyer, J. T. Patman and hostesses, Mes-

dames Chase, Letts, Mayes and Jenkins.

CLAY KEEN COMPLIMENTED
Complimentary to the twelfth birthday anniversary of Clay Keen Mrs. J. D. Stocking entertained a number of his class mates at her home on Thursday afternoon for several hours. Various games were played by the young guests.

A large cake graced the dining table topped by twelve candles. After lights were blown out, those in attendance were served to ice cream and cake.

Among those present to participate in the pleasure of the afternoon were Betty Jo Caraway, Betty Jo Webb, Jo Ann Smith, Jessie Lott, Katrina Carlie, Claudine Haly, Bay Grady Laster, Al Word, Earl McKinny, Durwood Hams, and the honoree, Clay Keen, who received many useful and beautiful gifts.

B & P WOMEN'S BANQUET

The Mothers' & Daughters' Banquet, held at the college dining room, under the auspices of the B & P W Club, was attended by approximately one hundred and fifty guests.

The dining room presented a gala aspect with decorations of green and white. The table decorations were of green and pink, the center decoration being a doll in her cradle, fully clothed and bedded with a rag rug beside the cradle. Tiny hand-made cradles served as mint cups and pictures of mothers and daughters made attractive table decorations.

A delectable menu was served by the Missionary Society of the Methodist Church featuring the club colors, green and pink.

Invocation was spoken by Mrs. Landreth, and Mrs. Ruth Teat, in easy and charming manner, presented as toastmistress.

The style revue, directed by Miss Anna Moores, was well received, period costumes being worn by Miss Moores, as Martha Washington, and by Mrs. Bill Bromley and daughter Mary Ann, Mrs. Henry Tomb and little Ira Jean Estlack, Mrs. Nathan Cox and daughter Mary Ladelle, Mrs. Mittie Baird, Mrs. W. C. Stewart and Phyllis Ray Ingram, Virginia Cluck, Anna Moores Swift, Dorthea Watson, Joe Ella Stewart, Carroll Holder, Dorothy Joe Taylor and Jean Bourland. A clown, in the person of Guy Kerbow, exhibited keen interest in the costumes worn, to the merriment of the occasion.

Mrs. E. P. Shelton, the speaker of the evening, chose as her subject "The Little Things We Leave Undone," and after challenging both mothers and daughters to measure full to the responsibility of their respective positions, recounted many of the "little things" which occur throughout our everyday lives, between mother and daughter, which make for happiness or heartache, and by the force of her personality drove home to our minds and hearts the truths presented.

A cut from Little Women was given by Eunice Johnson, Rosalyn Bass, Elgin Patrick, Sarah Virginia McGowan, and a six piece orchestra directed by Mr. Truax, played several numbers.

At the conclusion of the program President Mantie Graves assumed the chair and proceeded with the organization of a "Mother & Daughter organization", patterned after the Father & Son organization in our town, the officers being a president, a vice president and three directors. The following were elected to serve for the ensuing year: President, Mrs. C. C. Powell; vice president, Miss Dorothy Joe Taylor; directors, Miss Julia Mae Caraway, Miss Anna Moores and Mrs. E. P. Shelton. February 13th, the date of the first banquet of this kind in the city, was adopted as the annual date for this event.

Mrs. Harold Bugbee, Miss Fannie Perry and Miss Rosalyn Bass served as tellers for the election of officers, and while this committee was counting the ballots, impromptu numbers were rendered by Mr. and Mrs. Truax, Mrs. Stewart, Miss Eunice Johnson, and Mrs. Jesse Lowe. Three mothers between 75 and

80 years of age were present; Mrs. Snooks Andis was the youngest mother present, and her little daughter was the youngest daughter present. "Fruit-Basket" was the vogue when the president asked the proudest grandmother to stand.

Out-of-town guests introduced were Mrs. Will Martin of Amarillo; Mrs. Hatchett (nee Dorothy, McCanne) from Baton Rouge, La.; Mrs. Joe Everette and Miss Adamson of Hedley.

ST. JOHN BAPTIST CHURCH (Episcopal)

Newton C. Smith, pastor. Sunday at 11:00 a. m. in St. John Baptist Protestant Episcopal Church the Holy Communion will be celebrated and the pastor, Rev. Newton C. Smith will preach a pre-lenten sermon on Sincere Repentance, the text St. Matthew fifth chapter and the twentieth verse. A most cordial invitation is extended to all to worship with us.

FIRST PRESBYTERIAN CHURCH

Robt. S. McKee, pastor. Sunday School, 9:45 a. m. Morning Worship, 10:55 a. m. Sermon subject, "Planning the Good Life." Vesper Service, 5 p. m. Sermon, "The Heavenly Vision." Intermediate Y. P. Society, 6 p. m. Woman's Auxiliary Business Meeting, Wednesday, 3 p. m. Music Night, Wednesday, 7:30 p. m.

AT THE FIRST BAPTIST CHURCH

J. Perry King, Pastor
There is Always Worship Fellowship :: Service

"Six days shalt thou labor, and do all thy work: Remember the Sabbath day to keep it holy," were the words of God Himself for the good of the inhabitants of the earth. There is no better way of keeping the Lord's day than going to church and worshipping God in the beauty of holiness. Sunday is a holy day instead of a holiday. The reason so few people observe it as such is, because a holy day is meaningless to an unholy life. The way we observe our Sundays is but a reflection of the life that we are living. Christ was always found in the sanctuary on Sunday. If we are His followers and loyal to his teachings and example we will surely be found some time during the day he has pleased to call his own in the place he has designated as a place of worship. GO TO YOUR CHURCH Sunday. Be in your place of worship. Your church life is strong or weak according to your example. How many Sundays would we have Sunday School if all the members attended like you? How many preaching services would we have if the members attend only Sunday School like you? How many evenings with no service at all if your example were followed? Your presence in your place on the Lord's day in his house means more perhaps than you have ever realized. For your children's sake go to church.

You are cordially invited to be in either or all of the services at The First Baptist Church Sunday. Preaching by the pastor at 11:00 a. m. and 7:30 p. m. Sunday School at 9:45 a. m. and Training Service at 6:30 p. m. Be confidently expecting great things of the Lord in your church next Sunday and you will not be disappointed.

Former Clarendon Resident Dies in Oklahoma

On February 18, 1935 Mrs. Lula Reneau departed this life at the age of 52 years, 7 months and 25 days, at her home in Weatherford, Okla.

Lula Ellen Reneau was born at New Haven, Mo. November 22, 1882. Her parents, Mr. and Mrs. J. M. Vernon, moved to Collin

county, Texas when she was two months old.

On Sept. 3, 1903 she gave up her career as a teacher and was united in marriage to E. L. Reneau of Greenville, Texas. To this union were born five children, two daughters, Gladys Reneau Brande of Armistead, N. M. and Esther Reneau Baumann of Cordell, Okla. Three sons, Scott of Clarendon, Rex of Weatherford, Okla. and Marion of Junction City, Oregon.

In 1905 the family moved to Leedy, Okla. and later to New Mexico in 1910 in territorial days where she became a pioneer in a land where neighbors were few, each working out their own plan of existence, but she always proved to be a devoted wife and loving mother.

Mrs. Reneau was converted at the age of 13 and united with the Baptist church at Kingston, Texas, being a member of the local church at the time of her death. She had been in failing health for the past three years, being confined to her bed by pneumonia some four weeks preceding her death.

She resided in Clarendon for many years, and a resident of Weatherford since 1928. Because of her kindly disposition and beautiful traits, she will be missed by friends wherever she has lived.

God has plucked a flower from his earthy garden to be placed in the heavenly bouquet. God gives and takes and heaven's gain is the loss of her dear children who feel that they have lost all.

Misses Margaret, Rachel Milton and a friend Miss Argenta Tallie of Miami spent the week end with their mother Mrs. Carl Adams.

Mrs. R. F. Morris and Mrs. Roberts Ryan and son John of Wichita Falls visited over the week end in the Jim Morris home.

Donley County Leader, \$1.50 a year

Dr. Ward Hicks of this city spent the week end with his parents at Memphis.

COUGHS

Constipated?

The doctors say . . . Use liquid treatment

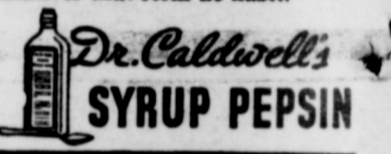

Here is the soundest advice anyone can give on the subject of laxatives. It is based on medical opinion. We want you to have the benefit of this information no matter what laxative you may buy:

The secret of real relief from constipation is reduced dosage. You can't regulate the bowels unless you can regulate the help you give them. That is why doctors use a liquid laxative; the dose can be measured to a drop.

Avoid laxatives that you can't cut down in dosage; especially those that seem to require larger doses than when you began their use.

Under the doctor's care, you usually get a liquid laxative. The right kind of help, and the right amount of help. Smaller and smaller doses—until you don't need any.

The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara—natural laxatives that form no habit.

POST OFFICE CAFE

We wish to announce removal from our present location to the Antro Coffee Shop, where we will maintain our quality foods and service. Dinners, Sandwiches, Short Orders, Lunches and Good old Maxwell House coffee always the same. GOLDSTON JERICHO ROUTE

Senator Huey P. Long Signs With Associated Features

Senator Huey Pierce Long of Louisiana for many years a publisher of Louisiana "Progress" has signed a contract calling for a hundred (100) word daily article for six days every week.

Senator Long was admitted to the Louisiana Bar at the age of 21, appointed to the State Railway Commission at the age of 25, appointed to the Public Service Commission at the age of 28, candidate for Governor at 29, and elected to that office at the age of 33, and elected to the United States Senate at the age of 35.

It is the general comment among people of the fourth estate that Senator Long's brief essays should prove an interesting and enlightening addition to the profession.

Quoting one of the Washington-correspondents—"Capital Stuff" by John O'Donnell and Doris Fleeson "now no one, from the White-

house down to the junior New Dealer in the Senate, is making the mistake of under estimating the brilliancy of the redhead. Politically, emotionally and legally they admit the man is a genius."

During times when the most important news of the year was breaking from the World Court, Congress, and other events which made "hot" news; Senator Long continued to make the front page. In view of this it will be interesting to read the comments of Mr. Long in order to understand more of his real political philosophy and less about other things that have brought him front page publicity in almost every newspaper of the nation.

Mrs. Irene Mitchell was quite ill the first of the week suffering from a relapse of the flu. She is said to be improving at this time.

New Legislature Convenes For Vital Session

Taxpayers of Texas may worry about how they will pay for the highways that cross their counties, but they never had to worry about how to pay for the State Capitol Building at Austin. Next March 2 will mark the fiftieth anniversary of the laying of its cornerstone.

In one of the largest land deals ever entered into by a private company and a Government institution, erection of the Capitol Building was made possible. Furthermore, the State got the better of the bargain, so says Samuel H. Roberts, Dalhart, General Land Commissioner for the Capitol Freehold Land Trust, one-time builders, who is stopping at the Baker Hotel.

For 3,000,000 acres of land valued at \$1 per acre the then known Capitol Freehold Land & Investment company of Chicago undertook to construct the building. The actual cost was more than that, Roberts says, since a special railroad had to be built into Granite County to obtain the native stone required by the Government.

These 3,000,000 acres were in the Panhandle section. From Oklahoma line on the north, the New Mexico line on the west and south for 210 miles to about the present site of Lubbock the land extended. Two Chicago merchants formed the building company. They were John V. Farwell and Senator C. B. Farwell, brothers. After the deal

was made in 1883, the brothers borrowed \$5,000,000 from an English company for fencing and water well drilling purposes. Borrowing of this money has led to the erroneous belief that an English company financed the building, Roberts said. The money was borrowed on the land and all paid back.

With this 3,000,000 acres of land under fence it became the largest fenced cattle ranch in existence. More than 150,000 head of cattle roamed this vast section, all bearing the XIT brand—meaning, Ten Counties in Texas. With the organization into a cattle business the company became known more commonly as the Capitol Syndicate.

With the breakup of the great ranches the syndicate began to dispose of its holdings. At first large blocks were sold to smaller cattle companies, but later it was piecemealed to individuals. Out of this breakup many prominent West Texas ranchers secured their holdings.

An area of 3,000,000 acres could not break up completely, however. The company, controlled now by heirs of the Farwells, still retains 300,000 acres of the original land. About half of this is leased to ranchers for grazing purposes. The remainder is broken up into rent farms, Roberts explained. The land lies in the northern section of the

Panhandle. Company headquarters are maintained at Farwell and Dalhart.

Texas not only got the better of the bargain in the actual contract by forcing the company to spend more than the terms called for, but soon after the building was completed entered into land sale competition with the company, Roberts said. The 3,000,000 acres was hardly a dent in the land owned by the Government, and on the open market they offered their land at 50c an acre—half less than what the company had paid for their holdings.

The Farwell brothers had expected a quick turnover of their land, but against the competition of the State they failed. Because of this they were forced into the cattle business on the extensive scale.

It was under the supervision of Abner Taylor of Chicago that the building took form atop Capitol Hill. When constructed it was the eighth largest building in the world. Today the building stands much as it did when constructed, the hard, brown granite impervious to all destructive elements.

From her perch atop the dome the Goddess of Liberty looks southward, holding aloft her torch. This extended right arm is of momentous importance, for it is this extension that makes the Texas Capitol taller than the National Capitol at Washington.

Of course, we civilized people shudder at such instances of cruelty. Still, what have we done in our own country to help the aged who suffer from want and privation? It is distinctly not an honor to be in a class with China and India as a nation that has made no provision for its aged. There are twenty eight states and two territories of the United States that have passed some form of old age pensions and there are only thirteen states that are really paying those pensions.

Old age pensions have been accepted abroad, especially in the last two and a half centuries. Protection against old age for selected classes can be traced back as far as the seventeenth century. A pension and retirement fund for registered French seamen was established about 1673. Following the French Revolution and during the Napoleonic regime, pension systems were inaugurated for civil servants and for miners of Liege. Even the Czarist Government of Russia granted pensions to employees of government factories in 1804.

(continued next week)

P. A. Buntin and son Fred went to Ft. Worth Tuesday, called there by the death of William Cox, son-in-law of the elder Mr. Buntin.

Mrs. W. N. Martin of Amarillo visited here the first of the week with her parents, Mr. and Mrs. W. L. Ciampitt.

Mr. and Mrs. Chas. M. Lowry and children visited Mrs. Lowry's mother, Mrs. J. W. Story at McLean Sunday.

Gable Likes Working With Other Stars

Quite a Change From Days When Stars Thought They Were Almighty

"Although I'm not a crusader at heart, I think there's one popular misconception which should be cleared up—that stars do not care to play with other stars, particularly with a group of them in the same picture."

CLARK GABLE

With these words Clark Gable gave the lie to a belief grown hoary with age. Tri-starred with Joan Crawford and Robert Montgomery at the head of a cast including Billie Burke and Charles Butterworth in Metro-Goldwyn-Mayer's "Forsaking All Others," Gable is in a position to know.

JOAN CRAWFORD

This is the new special production which will be shown at the Pastime Theatre, Wednesday and Thursday, March 6-7th. The reason for the new point of

view, the star added, is two-fold: "Most important is the stimulating factor of competition. Any scene is more fun to play if your antagonist—whether man or woman—gives you sharp competition. It brings out the best in both players and results in a better scene."

ROBERT MONTGOMERY

"If everyone in the picture is of the same stature, even the butler who announces that tea is served, then it's excellent. You really must work to avoid getting lost in the crowd. The lines are sometimes important, but not always. Take Charles Butterworth, for example—he can do more with an expression or gesture than most actors can with a monologue."

LELIA LAKE (Mrs. H. R. King)

Mr. and Mrs. D. M. Cook shopped in Amarillo Wednesday.

Mrs. Kate Thompson and son Joe Bill spent Thursday and Friday attending business and visiting with her niece, Mr. and Mrs. Edd Green of Dalhart.

Mr. and Mrs. W. A. Creamer of Mulshoe were called here Thursday night by the illness of their son Johnson who is with his sister, Mr. and Mrs. Willard Knox.

Mr. and Mrs. Frank Wolford returned later part of week from Childress where they were called by the serious illness of his sister.

Mr. and Mrs. W. W. Jones and daughters returned Friday evening from Vera where they were called

by the death of her sister.

Miss Edna Wood of Shamrock spent Sunday with her mother, Mrs. Henry Wood.

E. L. Lewis went to Post Wednesday to spend a few days. Mrs. Lewis was called there about two weeks ago by the illness of her mother.

Supt. B. F. Kirk is a member of the PWA planning board for this county.

D. W. Tomlinson and family of Ashtola spent Sunday here with relatives.

Mr. and Mrs. Melvin Bishop and daughter, Miss Alice of Hedley spent Sunday here.

Robert C. Gulley returned latter part of week from Abilene where he attended lecture week at A. C. C.

Home and garden club met in the home of Mrs. Guy Taylor Tues. afternoon. After spending the time in needle work refreshments were served to Mrs. C. G. Aten, Mrs. W. V. McCauley, Mrs. Raymond Wilson, Mrs. G. F. Leathers, Mrs. J. A. Thompson, Mrs. Will Kennedy, Mrs. M. G. Cottingham, Mrs. Henry Tatum, Mrs. H. R. King and hostess, Mrs. Taylor.

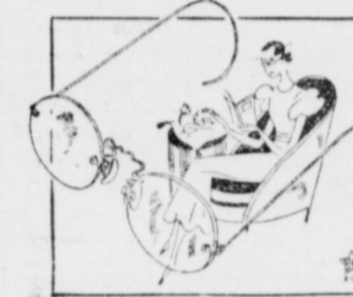

Mr. and Mrs. D. M. Cook entertained a number of friends Thursday evening. A number of games of 42 were played. Delicious refreshments were enjoyed by Mr. and Mrs. B. J. Leathers, Mr. and Mrs. Joe Stavenhagen, Mr. and Mrs. B. F. Kirk, Mr. and Mrs. Raymond Wilson, Mr. and Mrs. D. C. Leathers, Mr. and Mrs. Guy Taylor, Mr. King and host and hostess, Mr. and Mrs. D. M. Cook.

WORKER'S EDUCATION CHATS

By Earle Jones

There is one problem that has beset mankind since the days of Adam. That is the problem of old age security. Society is faced now, as it always has been with the question, "What shall we do with our old?"

The uncivilized men of ages ago had very definite ideas on the subject. Their life embodied the principle of the survival of the fittest, and old people being decidedly physically unfit, simply did not survive. An idea somewhat similar is carried out to-day by Cannibals on certain islands in the Pacific, where it is considered a distinct honor to slay one's own parents.

FINE WORK

HOUSEWIVES, more than any other group, abuse their eyesight through failure to have their eyes examined and properly fitted. Our examination of eyes is most thorough and the fitting of glasses, when needed, most carefully done. Our rates are also moderate.

Our Weekly CHURCH CHAT

W. E. FERRELL Minister First Christian Church

"Analysis of Bible."—John. (Continued)

We continue our analysis of the book of John by beginning with the fourth distinctive feature of the book.

4. Discourses and conversations, found only in John.

The talk with Nicodemus, 3:1-21. The woman of Samaria, 4:1-26. With the Jews at the feast of the Tabernacles, 7:14-39. 8:3-58. The parable of the good shepherd, 10. The series of private instructions to the disciples, chapters, 14,15,16. Christ great prayer for unity, chapter 17.

5. John records eight miracles of Christ to prove His divinity, six of these are found only on the book

Stop Getting Up Nights

MAKE THIS 25c TEST

Use Juniper oil, Buchu leaves, etc., to flush out excess acids and waste matter. Get rid of bladder irritation that causes waking up, frequent desire, scanty flow, burning and backache. Get Juniper oil, Buchu leaves, etc., in little green tablets called Bukets, the bladder laxative. In four days if not pleased go back and get your 25c. Get your regular sleep and feel "full of pep."

Stocking's Drug Store Douglas & Goldston

of John. The water made into wine, 2:1-11. Healing the nobleman's son, 4:46-54. Healing the man at the pool, 5:1-9. The man born blind, 9:1-7. The raising of Lazarus, 11. The second drought of fishes, 21:1-6.

6. There are two currents of thought flowing through the book which are profitable to follow.

Faith. 3:16-18. 5:24. 6:29,40. 7:38. 8:24. 10:37,38. 11:25-27. Eternal Life. 3:15,16,36. 4:14. 5:24. 6:27,51. 11:26. 12:50. 17:3. 20:31.

SYNOPSIS. The book may be divided into five parts.

1. The Prologue. The eternal word incarnate, 1:1-18.

2. The Manifestation of Christ's Divinity. That of John the Baptist, the Holy Spirit, the disciples and Christ's mighty works. 1:18. 12:50.

3. The private Revelation and instructions to the disciples. 13-17.

4. The humiliation and triumph over death. 18-20.

5. The Epilogue, 21:1-23.

John presents many portraits of Christ and His ministry. By careful study it will be noted that each chapter presents some special feature of the Master. The Son of God.

1. The son of man the social Christ, 2. The divine teacher, 3. The soul winner, 4. The great physician, 5. The bread of life, 6. The water of life, 7. The defender of the weak, 8. The light of the world, 9. The good shepherd, 10. The prince of life, 11. The King, 12. The servant, 13. The consoler, 14. The true vine, 15. The giver of the Holy Spirit, 16. The great intercessor, 17. The model sufferer, 18. The uplifted Saviour, 19. The conqueror of death, 20. The restorer of the penitent, 21.

(Next week we will study the book of Acts)

ASHTOLA SCHOOL NEWS

By Vera Barker

Our teams participated in the Rural Basketball Tournament held in Hedley Friday and Saturday, February 22 and 23. Friday our Senior girls team defeated the Bray team. Our boys defeated the Chamberlain team and were defeated by the Windy Valley team Friday. Our girls were defeated by the Goldston girls Saturday. Ash-tola school bus furnished transportation for our players and coaches, both days. Although the trips were not altogether successful ones, much enjoyment was gained by them, and the hospitality shown by the Hedley people was indeed appreciated.

Our Centennial Exhibit will be in Kerbow's show window. Every one is invited to observe closely our works since we have taken great pride in producing them.

Work has begun on various Inter-scholastic works.

GOLDSTON

Everyone seems to have about dug out from under the most severe sandstorm in history according to old settlers.

Well they sometimes tell us that a good rain follows these dirt storms and heres hopink. A number of cars were stranded Sunday evening in and near Goldston because of the pelting pebbles and sand driven by a hurricane from the north. A number of homes were turned into taverns in caring for the unfortunate motorists. Five lodged in the H. B. Rhodes home, and a couple spent the night in the J. B. Millsap castle.

L. J. Goldston and family visited over the week end in Amarillo.

There was no school Monday because of the severe cold weather.

Goldston emerged from the Basketball tournament with banners flying, winning three out of four first places. Our senior boys won the county championship, and the senior girls copped the same feat, and the junior girls brought home the same honors in their division. Keep your eye on Goldston school, and visit their booth Saturday, March 2nd. Their art and literary achievements will be on display at the Thompson Hardware Store.

Erastes McAdams of the south plains is spending a few days with his brother Edward.

Fontain Elmore made a business trip to Fort Worth last week.

Bonnie Hendrix made a trip to Hillsboro last week moving the Wade family to East Texas.

William Klausone of our fossil diggers received a message Monday bringing the sad news of the death of his father who lived in Oregon. Bill as he is known has lived here for several months, is a very intelligent high class young man. He has the sympathy of the community in this sad hour.

Mr. and Mrs. Alvis Burrows of Crosbyton were Thursday night guests in the H. B. Rhodes home. Mrs. Burrows formerly taught school with Mrs. Rhodes in east Texas.

At a recent meeting of the coaches of the county an all star basketball team was selected. Three Goldston boys were listed on the team of five players. The following are their names and positions they play. Earl Parker, all star center; I. B. Clemmons, all star forward; Joseph Stewart, all star forward. This pepy team will likely play several games outside the county.

SMITH SCHOOL

Smith School will present as their part of the Texas History display "The Fall of the Alamo", and Texas Art as well as some few of their own school exhibits.

The students of Texas History have created and felt the spirit of those brave leaders, as they have studied every phase of the battle. As they constructed the Alamo they have kept the vision of the famed warriors and the bloody massacre before them.

For displaying the other subject, Texas Art, Mr. Harold Bugbee, the famed cowboy artist of Texas, will present some of his pictures. Also some literature will be on display for those to inspect who are interested.

The families of Doss and Elmer Palmer visited their brother at Plainview Sunday. Their mother, Mrs. B. L. Palmer, accompanied them and remained for a visit with her son there.

BRAY SCHOOL

When the people of the Lone Star State have been caused to think of the coming birthday of the state, it was thought fitting to give her a party of which she would be proud and which people far and near would find it profitable to attend. And as it was thought advisable that next year's party should be preceded by a pre-party, it seems fitting that some of its component parts should take stock to see what the by-gone years have meant to it and to the state as a whole. As the schools play so important a role in the history of a state, we do well to think about what they were, are, and may be.

It was not so long since that some far-sighted citizens, who are soon to help give this state so fitting a party, pioneered in the building in the northeast part of this county the school known as the Bray School. A meager start it had, but it now rates among the best rural schools of the county. Only a few years ago its second building became so old and ill-fitting that modern education demanded a better, more comfortable one, and the people of the community responded with their funds so that now there stands building that cost with equipment, over \$4500. There are four rooms, but there has been over three teachers employed. The building is equipped with a stage, and a beautiful scenic curtain was erected over the stage a few months after the completion of the building. The building is modern in every respect, and it measures up with the best small buildings of the state.

There are three acres in the building site, and this has been improved since the erection of the new building so that it presents a fitting landscape for the building. Modern water facilities have been put in and improved so that an adequate supply is not only on the play ground, but running water has been piped into the teacherage, a three-room, fairly comfortable building, the improvement of which has been fairly well kept up along with the school building.

When relief aid became available so that schools might use it to improve as well as to furnish employment for those needing it, the ground was leveled up (being greatly helped by the use of the county grader so graciously allowed used by the local commissioner), fences were repaired, and the third room added to the teacherage. A neat lot was built around the well and gravel was put around the well and building to prevent wind erosion, and trees were set out around the well and building, and a Bermuda grass lawn was put out in front of the teacherage. This year many more trees have been put out (many fruit trees), and the plan is for many more to be put out in the near future. Two caliche ball courts were built last year, and a new windmill and tower was erected.

A good school spirit is exhibited by the students as well as the patrons. Clubs and associations of different kinds have been formed by the students, and patrons are only too glad to help out in any way possible. Recently in an effort to improve attendance all students were divided into two groups, and each group competed for the best average attendance. The losers' penalty was an entertainment of the winners. The result seemed fairly successful. Another move was the organization of a citizenship club. Its purpose is to help in anyway with the making of a better, more pleasant school. It is really a continuation of a club of like purposes in existence last year and even three years ago.

The primary room is accomplishing good results as a result of a reward system. Each child is awarded stars for perfect lessons, and those receiving the most stars in a month are to receive prizes. The intermediate room is doing splendid work in the preparation of notebooks, and headmarks in spelling are fought for among those students. In the high school division the students are learning the technique of notebook building.

Time, patience, and perseverance have evolved the present school of which the patrons are jealously proud, and it is with disdain that they think of any possible retrenchments. Hence if it is possible that a mistake is made in taking a progressive step, it is because of the fear of a move in the wrong direction by making a step not carefully considered first.

The Bray school bids fair to give to the society some of those fine men and women (though perhaps not great as we sometimes think of great men and women) who are

to launch out upon the State's second hundred years of history. No better preparation could they have for such than that of proper education. It is, therefore, hoped that no compromise will be made in the field of education, but that all will try even harder to improve upon what we have. It is a worthy ambition that we make for Texas a richer and fuller history for her next hundred years than those of the one now about to expire has been; and if such is to be done, no greater investment toward that goal could be done than the endowment of the youth in education.

GILES SCHOOL

Teachers and students have been real busy the past few days. In addition to their regular duties, much time has been spent getting material ready for our exhibit. Our exhibit will be based on (1) Devel-

Stark Trees Bear Fruit

From the largest Nursery in the world.—Oldest in America. If interested in long lived, record bearing strain of fruit trees or vines, shade trees or shrubbery, drop me a card. I will call for your order great or small without extra cost.

R. L. BRAZILLE Rt. 1, Clarendon.

WATCH YOUR KIDNEYS!

Be Sure They Properly Cleanse the Blood

YOUR kidneys are constantly filtering impurities from the blood stream. But kidneys get functionally disturbed—lag in their work—fail to remove the poisonous body wastes.

Then you may suffer nagging backache, attacks of dizziness, burning, scanty or too frequent urination, getting up at night, swollen feet and ankles, rheumatic pains; feel "all worn out."

Don't delay! For the quicker you get rid of these poisons, the better your chances of good health.

Use Doan's Pills. Doan's are for the kidneys only. They tend to promote normal functioning of the kidneys; should help them pass off the irritating poisons. Doan's are recommended by users the country over. Get them from any druggist.

New And Renewal Subscriptions Help Leader To Become Better Publication

The subscription coming from the farthest point over the past week is that of Mrs. E. A. Teague of Boise, Idaho. Mrs. Teague resided here for a long number of years. The children grew up and were educated to their first college years here. They made fine men and women and are making a success of their chosen professions.

J. G. McDougale of Hedley paid for the largest number of subscriptions, four in number. Two came from the same family, though far removed. They are F. A. White of Clarendon and his son Glenn of San Angelo.

The list of names printed below will give the advertiser some idea of the class of people he is appealing to through the Leader. You can't beat 'em anywhere. The period of their citizenship in Donley County ranges from six months to over forty years.

The Donley County Leader begins its seventh year of service to this trade territory with the next issue. It is a course of pleasure to the management to know that the efforts put forth have met with the approval of the public to the extent that the scope of service has more than doubled during that time.

The new and renewal readers listed above is one healthy indication that the readers make the paper. This is a small list of the large number over the past two weeks. With this class of continued support, the management feels sure that the influence of the publication as reflected through its readers, will be a force for development through the years to come.

Minister Completes Five Year Service Here

Rev. W. E. Ferrell, of the First Christian Church, completed a five years ministry with this church last Sunday. Rev. Ferrell came to this city from Salisbury Maryland, where he also served for five years. He reports that during his ministry here he has delivered 431 sermons, 88 special sermons or addresses, 32 funerals. During this ministry there have been 102 additions to the church of this number he has baptized 59. He also reports 9 weddings during this period. He reports that the church is in fine shape and all are expecting great things in the future. Many improvements have been made to class rooms and the Bible School is steadily growing.

TECHNOLOGICAL COLLEGE BAND TO PLAY HERE

Portion of Funds Will Go To Uniform Fund Local Band Here

Two soloists and a trick roper will be featured by the Texas Technological College Band to visit here at 2:30 on March 7th. The 52 piece organization was chosen from the 95 piece college band, and is under the direction of Prof. D. O. Wiley.

Alfred Riley, cornet soloist, one of the two to be featured has won two State contests at the Dallas fair. Riley was the feature soloist with North Texas Agricultural College band for four years. Director Wiley states that he is perhaps the best cornet soloist he has directed in a college band.

David Humphries, flute soloist, has won many West Texas division contests in the past several years. He will be featured in the concert of Tech's band.

Billy Lewis, who can make a rope do every thing except talk, is the most accomplished trick roper artist who has ever been presented with a band directed by Professor Wiley. Lewis is an aggie student of the college and was with the Hardin-Simmons band last year.

The band leaves Lubbock March 4 to tour 14 West Texas towns in two special buses. This is the first trip made by the band since they accompanied the Red Raiders to Los Angeles when Tech played Loyola University last fall.

Prof. Wiley has a wide reputation as a bandmaster. He was director of the Simmons University band which he took to Europe. On their return the band played a radio engagement in New York City.

This band concert will be given under the auspices of the Clarendon band. The prices of admission will be a dime for school students, and twenty-five cents for adults.

CAVE WOMAN—

(continued from front page)

vious experience in amateur or professional plays. Speed McGuire, the old cowhand, is played by Walter Turner who also is a guitarist and singer; Lady Isobelle Mountcraven, the old lady, is played by Stella Jones; Lady Diana Mountcraven, her niece, by Nina Crawford; Phil Harder, the law, by "Pop" Herndon; Bob Banning, young rancher, by Bob Roberts; Ann Banning by Maude Crawford; Lord Bertram Cecil Mountcraven by Jack Haertel; and the comical valet, Henry Watkins, is played by Bill Kanaley.

Besides the play there will be the added attraction of a real old-time fiddling contest and guitar playing contest. Clarendon and vicinity has some of the best musicians of this kind in Texas and after the play they will be given free rein to display their talents. Prizes, consisting of merchandise given away by local merchants, will be awarded the best players. Several musicians from adjoining counties as well as from Donley County will participate.

Both events will take place at the College Auditorium the evening of Wednesday, March the sixth at eight o'clock. A small admission will be charged.

Bible Schools Begin Contest Next Sunday

The Bible Schools of the Memphis Christian Church and the Clarendon Christian Church enters into an attendance contest next Sunday. These two schools are about evenly matched and a great contest is expected. Both groups are working hard to start the contest off with determination to win from the start. The losing school will present the winners with an appropriate banner. Every member of the local church is urged to help this school win that banner from Memphis.

Second Wilkinson Child Was Buried Thursday

Joveta Faye, aged 6, daughter of Mr. and Mrs. O. L. Wilkinson passed away Thursday morning following an extended illness. She is the second child of the family to succumb to a little known malady in this section within the month.

Services were conducted at the Buntin funeral parlor by Rev. Ferrell. The Leader joins the many friends of the bereaved in expressing deepest sympathy in their sad hour.

Donley County Leader \$1.50 a year

WATSONS LARGEST SEED EXPORTERS

Walter Watson of Wellington, and his father, Ferris, now of Garland, are the largest exporters of cotton seed to foreign countries in the United States. The Watson Cotton Breeding Farm was established in Wellington early in 1931, and the popularity of Watson strains has been growing steadily since that time.

In 1932 about 15,000 acres of Acala and Mebane of the Watson cotton were planted in the Wellington area. That represents an increase of several thousand acres over the 1931 planting. It is estimated that 10,000 bales of Watson cotton will be ginned in Collingsworth county this year for at least \$20,000 more than the ordinary short staple cotton would have brought.

Orders for Watson staple cotton were received from China, Assyria, Asia and Old Mexico last year.

Maytag Distributor Makes Record Sales

Another big shipment of Maytag washing machines was received by the Clarendon Furniture store Tuesday, the second in less than a month.

J. Frank Heath, owner of the store, states that his sales since stocking the Maytag machines January 8, 1934 totals 208 to Wednesday night. His sales this month have averaged a machine a day, he says.

The sales territory covers Donley and surrounding counties, the greater portion of them going into rural homes.

Pioneer Business Man Dies Here Friday

Charles Young McDonald, aged 82, passed away at his home here Friday and funeral services were conducted by Rev. Robt. S. McKee, pastor of the First Presbyterian church, at the home of Will C. McDonald, son of the deceased at 10 a. m. Saturday.

He is survived by his widow, and Will C. McDonald, the only child, of his immediate family.

Mr. McDonald came to Clarendon more than a quarter of a century ago and engaged in the drug business, being owner of the City Drug store for many years. Later he was identified with his son in conducting an auto service business in the large building at the corner of Second and Kearney which they had constructed for their special line of business. For the past several years he had retired from business due to failing health and old age.

He was a native of Missouri and in his younger days engaged extensively in the stock business, at that time being one of the biggest live stock shippers to the Kansas City market from his section.

Mrs. F. C. Johnson honored her husband with a lovely birthday dinner the 22nd of Feb. Those present were Mr. and Mrs. F. C. Johnson, Mr. and Mrs. Lloyd Johnson and Everett Johnson.

McFolk Confined to Amarillo Hospital for Operation

J. W. McFolk, who has represented the Carpenter paper company in this district for the past eight years, underwent an operation at St. Anthony's hospital at Amarillo Wednesday.

Mr. McFolk sold coffee in this district more than forty years ago, and was a cow puncher of the early days of ranching in the Panhandle.

CARD OF THANKS

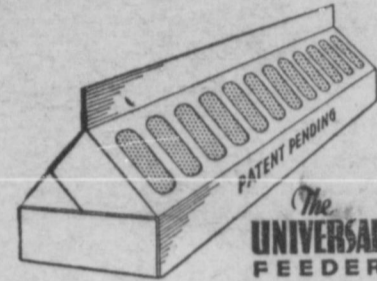

We wish to express our heartfelt thanks to our faithful friends who were so kind and considerate during the long illness and at the death of our husband and father. It is our earnest wish that we may be able in some way repay you for your thoughtfulness and many kindnesses.

Mrs. Mary McDonald
Will C. McDonald
and Family.
