## COURT SESSIONS RECESS TUESDAY

### Court Deals Severely With Burglary Cases Giving No Suspensions

Judge Fires is being commended this week for the manner in which he is protecting our citizens against burglars. Local peace officers are just as appreciative as the average citizen.

Robert Clawson and Harold Welch, both transient youths, entered a plea of guilt to a charge of having burglarized the Thomasson service station on East first street some weeks back. Each of them were given four year sentences. The youths were captured in the depot the next day after the burglary, and finger prints taken by I. B. Pierce clinched their conviction.

V. E. McCoy, pled guilty to having burglarized Earl & Tom's cafe recently. He was given a term of three years to think it over.

V. E. Cooper, who gave W. T. Hayter and Barney Johnson each a forged check, entered a plea of guilt and drew down a three year sentence in each case. He is said to be wanted in several other places on the same charge.

Charged with drunken driving, Adam Riskey pled guilty to the charge Tuesday and was given a sentence of one year. This sentence was suspended because of his reputation for being a good citizen otherwise. He is also forbid driving any car or truck during the year under the new driver's act.

The court took a recess Tuesday during a lull in business. The next cases are being taken up today.

### Paving Contract to Complete Highway Hedley to Hall

A paving contract was let by the Highway Department in Austin Wednesday on that stretch of Highway 5 from Hedley to the Hall county line.

The contract calls for 10.9 miles of asphaltic seal coat with prime coat at a cost of \$18,833.

Cooke & Braden of Amarillo was the lowest bidder. This is the same company that put in the grade and drainage on Highway 5 across the county.

### Robbed 9 Years Ago Money Returned

While on his way home from the barber shop in the fall of 1927, Frank Whitlock was seized by two young men near the Shamburger lumber yard.

After he had shoved the youths away and gone a short distance, he discovered the loss of a purse from his hip pocket containing \$76.50.

There was little he could do about it though he feels sure that he knows who committed the offense.

Saturday, Cecil K. Killough of the Farmers Exchange picked up a check near the T. W. Smith home from the weeds on his way to town. The check was for \$1 and made payable to Frank Whitlock, and signed by "Mick" Clark.

When Killough showed the check to Whitlock, it was recognized as one that was taken in the purse the night of the robbery. The check was dated Sept. 5, 1927. The check shows evidence of having been kept out of the weather. "No, I am going to keep the check," Mr. Whitlock stated Tuesday, "just to remember the only time I was robbed in a modern manner."

### \$1 Subscription Rate Expires April 30th

New and renewal voluntary subscriptions are coming in at a rate of better than 50 a week. The past week was 58, and the week before was 54 on the Honor Roll. Is your name on the list? Save 50 cents by handing in that dollar before May 1st.

We are most grateful to these loyal supporters. We shall ever strive to merit that "vote of confidence." We want to neighbor with you, work with you and for you. We thank you for that splendid spirit of cooperation.

## Larger Attendance At Easter Services

### Sermons Tonight, Tomorrow Concludes Series

The observance of Holy Week at the several churches, large congregations have been present to hear special sermons by the pastors of the town.

Rev. J. Perry King, pastor of the Baptist church will speak on "The Trial" at the First Christian church at 7:30 this evening.

Tomorrow, Friday, at 2:45 p. m., Rev. Robt. S. McKee, pastor of the Presbyterian church, will speak on the subject of "The Crucifixion" at the Methodist church.

Excellent sermons were heard at the Presbyterian church Monday night by Presiding Elder T. S. Barcus of the Methodist church. And again Tuesday night Rev. King preached on "Christ's Intercession" at the Presbyterian church.

The public has a cordial invitation to attend any or all of these services. The week's observance will close with a cantata at the Methodist church Sunday night, a full program outline of which is given in a separate article on this page.

### District School Meet At Pampa 16-17-18th

The Interscholastic League meet of District 2 will be held in Pampa beginning with registrations and ball games the 16th.

R. B. Fisher is general director and Frank Monroe will have charge of registrations.

## Thugs Escape After Groom Hold-Up Sat.

### Tourists Are Hijacked Of Money and Jewelry And Left Stranded

Local officers helped search the country north of here all day Sunday in an effort to find clues to the two men who held up Mr. and Mrs. Van Nevel seven miles east of Groom Saturday. The robbers purchased gas at the Reeves station at Groom a short time before the robbery.

The parties were traveling from Arizona to their home in Illinois. The robbers parked their coupe across the highway and stopped the tourists who were robbed of jewelry and cash amounting to about \$1000.

The robbers then took their car a short distance, threw the keys under the car and headed north toward Pampa. The victims later found the keys, drove to Groom and reported the matter.

The identity of one of the robbers has since been learned as one having a long criminal and prison record. This is the second high-jacking by the same pair near Groom, and several hold-ups in Amarillo and vicinity are credited to the same two men.

A relentless search is being made for the outlaws all over the (See Thugs Escape, Page 8)

### John H. Clark is Seriously Ill At His Home

Mr. Clark is showing little improvement since becoming seriously ill the last of the week. He has been in failing health for several months.

Mrs. Van Allen Kent of Fort Worth and Mrs. W. V. Winslow and son Buddie of Temple came Wednesday to be with the ladies' father.

## Annual Easter Cantata At Methodist Church Next Sunday Evening At 8:30

### The Cantata, "Life Eternal" by Holton Will be Directed By Miss Anna Moores, Assisted by Mrs. J. L. McMurtry. Mrs. H. R. Kerbow is Organist

Bass—Rev. Landreth and Messrs. Hudson, Hayter, Connally, Smith, Chunn. Tenors—Messrs. Phillips Gentry, Rathjen, Perkins, Drennan, Hicks. This cantata, with the preparation made in rehearsals, is said to be the most beautiful presentation of the kind ever to be offered the public in this section. Please don't overlook the opportunity, at the Methodist church, Easter Sunday, April 12, 1936.

### Bartlett Renews Lease To Postal Department

The postoffice will remain in the same location, according to a lease contract that dates from April 1st.

The lease is for two years, with a three year option. The building is the property of J. Roy Bartlett. Terms of rental are not given for publication.

### Former Clarendon Girl In Auto Wreck Near Bryan

In company with several Amarillo ladies, Miss Aline Ballew was painfully injured in an auto wreck near Bryan late Thursday night. Virginia Bruner, named A&M college cotton pageant belle from Amarillo, received a crushed vertebra when the auto struck a culvert shoulder and turned over several times.

## Hale-Pyle Elected By Landslide Tues.

### Large Vote Polled When Interest is Aroused On Election Day

Practically no interest was taken in the election of two city commissioners the past two months. Those interested, other than the candidates, sought in vain for information upon which to base a conclusion. Candidates groped in the dark, as it were, and trusted to luck.

Voting Tuesday began briskly as the polls opened. By mid-afternoon hundreds had voted and more were being brought to the polls by interested parties on both sides, it is said.

The candidates were apparently paired. Tom F. Connally and H. C. Brumley, whose terms were expiring, on the one side, and T. M. Pyle and W. B. Halle on the other.

A total vote of 638 votes were polled. Halle led the field with 425. Pyle came under the wire with a total of 379. Connally received 222 votes of confidence, and 210 stood pat for Brumley.

No definite issues were brought to the fore so far as the voters were concerned. The campaign went off serene and calm. The behavior of the crowds Tuesday was deliberate and void of dissension.

### Attending Presbytery In Dallas This Week

Those attending the Dallas Presbytery meeting in Dallas this week are the pastor, Rev. Robt. S. McKee, Mrs. G. L. Green, Mrs. D. P. Brent and Mrs. F. E. Chamberlain.

The Dallas Presbytery includes the territory of northwest and west Texas.

### Baby Rescued After Spending Night in Canyon

Gybolin, aged 19 months and a daughter of Mr. and Mrs. Dick Sheppard of near Quitaque wandered away from home late Friday. More than three hundred people from Turkey and surrounding sections looked for the little tot through all the night.

She was found alive and well next morning in a canyon after having walked more than a quarter of a mile during the night. The Sheppard home is about 10 miles northwest of Quitaque in the roughest part of the country.

## Highway Department Locates Mail Boxes

### School Bus Stops Given Attention in Locations On Highways

To better render service to the mail patrons, and to properly "dress-up" mail boxes for the Centennial traffic, the highway crew under the direction of foreman Bob Rankin, have given the matter serious attention.

All mail boxes on the highway are being fastened to 4x4 posts that are set in a concrete slab 6x18 in the ground. The posts and boxes are being painted an aluminum color, and have a red flag.

The names of the box owners are being stenciled on the box. All this is being done free of any charge to the patron. The only requirement is that the patron provide a legal mail box.

The boxes must comply with the requirements of the postal department as to size, and must be located on the highway in accordance with the requirements of the highway department.

New school bus stop stations are being marked with legal stop signs. They will be so located on the highway that no child will have to walk more than a quarter of a mile Mr. Rankin says.

Every precaution is being taken to safeguard the school children against accident or injury. The public is urged to lend cooperation in observing the highway laws relative to school buses.

### Granddaughter Local Couple Is Panhandle Princess

Miss Lola Pearl Cox of Panhandle, and granddaughter of Mr. and Mrs. A. H. Baker here, was chosen princess of the Panhandle aggie boys at the Plainview dairy show Monday.

Miss Cox is a daughter of Mr. and Mrs. Marion E. Cox, and is a frequent visitor in Clarendon.

## Clarendon Hatchery Does Good Business

### Shipments Made to Several States Demands Machine Capacity Production

All machines are being run to capacity at this time to supply the demands for chicks, stated manager Frank White Jr. Business right now is at the highest peak since the hatchery was established here seven years ago.

Shipments now are going to Oklahoma, Kansas, New Mexico and Arizona as well as to a wide section of Texas. "We have a nice shipment of chicks going to Glendale, Arizona tomorrow," Mr. White stated Tuesday.

Local demand is easily supplied with any of the standard varieties, but the local demand cannot take care of the production of the capacity of the big machines.

Foreign business is being built up on fair business methods and quality chicks. Repeat orders are common, and satisfied customers help create a demand for more business from the same section to which former shipments had been made.

### School Election Goes Off Quietly Saturday

Less than a hundred votes are said to have been cast here Saturday in the school election, little interest being shown in the matter. Odos Caraway and O. W. Latson were returned to the Board by a vote of 63 and 61 respectively.

Jerome D. Stocking received 26 votes and Rayburn Smith received 30 votes. Bill Patman, O. C. Watson already on the Board, and Bennett Kerbow each received a vote.

### Gene Howe Elected President Tri-State Fair

At a meeting of the directors of the Tri-State Fair Association Monday, Gene A. Howe, better known as "Old Tack", was unanimously elected president of the Association.

Mr. Howe was closer associated with the late Wilbur C. Hawk than any other man. Mr. Hawk was president at the time of his death. The election will meet with popular approval.

## Four Escape Death In Bad Auto Spill

### Auto Turns Over Three Times Throwing Two Occupants Clear of Wreck

Escaping death as if by a miracle, four occupants of an auto experienced a thrilling highway episode between Carey and Estelline about 10 p. m. Saturday night.

In the car were Mr. and Mrs. Bill Wickline, Miss Pauline Sanford of Clarendon and Weldon Massey of Memphis. The Wicklines formerly lived here but reside at Memphis at present.

While driving at a rapid clip it was suddenly discovered that the back seat was on fire. In the excitement, the back wheel dropped over the shoulder of the pavement causing the car to turn over three times, it is reported.

Bill Wickline fell beneath the car, Massey and Miss Sanford were thrown clear of the wreck. Mrs. Wickline, formerly Miss Lucile Andis, alone remained in the car escaping injury under the steering wheel.

Wickline received severe cuts about his head and bodily bruises. The other occupants were scratched and bruised. The infant of Mr. and Mrs. Wickline had fortunately been left in Memphis with friends.

### Work Resumed on Hedley's Streets Monday

After a delay of several days awaiting further appropriations, work was again resumed on the streets which are receiving a coating of caliche clay.

All the principal streets of the town are to be improved in this manner, it is said.

## Relics Rare Value Are Loaned Museum

### More Glass Display Cases Are Needed to Care For Priceless Articles

The Les Beaux Arts Club takes pleasure in announcing to the public the continued interest being taken in the Donley County Museum which was opened to the public March 2nd.

In addition to the long list of articles catalogued at that date, many other curios and relics have recently been added to the collection by contributions of Donley county citizens.

Included in the latest contributions are a bull-tongue plow made in Honey Grove, Texas 50 years ago; a framed picture of B. H. White, first county clerk of Donley county; a broadaxe used to hew logs in building pioneer homes, and originally brought from Kentucky; an Indian corn grinder; Indian doll and a tom-tom; a copy of Bunyan's Pilgrim's Progress.

A family album that takes one back to the Sundays of long ago; a whisky demijohn; a three-legged bake oven; a saddle made in 1842; a replica of a covered wagon; a cowhide rope; collections of arrowheads; wild cat head; Mexican fan; Grecian history and other books.

Glass cases in which to keep these contributions are needed very much. If you know of such, kindly inform the Museum Board.

The Museum is open from 2 to 5 each Monday afternoon. No admission charge is made. It is maintained for its educational value, and the pleasure it may afford. The Board will appreciate gifts, or the loan of contributions at any time.

## TRAFFIC LAWS TO BE ENFORCED

### Nine Highway Cops Backed By Peace Officers To Get The Job Done

The Department of Public Safety has expressly instructed your local peace officers, sheriff and deputies, to assist the nine highway patrolmen in this district to enforce the auto traffic laws.

Be sure you have a license on your car for 1936. If you have a license from some other state, it can only be used in Texas 30 days. Be sure to get a Texas license. If you went to another state and bought a cheaper license expecting to use it in Texas, you simply got in bad. It is a violation of the state traffic laws and the penalty is a heavy fine.

How about your lights? Be sure that your head and tail lights meet all requirements. Both must be burning when you get on the highway at night.

Don't get in a hurry. Take it slow. The highway speed limit is 45 miles an hour, and the limit within corporation limits of a town is 20 miles an hour. If you think you can "zip" through town over a highway just because it happens to be on a street, you have a bad dream ahead.

How about your driver's license? You must have it with you at all times you are driving. Don't let some one else drive the car thinking that your license will get them by. It won't do it. The driver must have the license. The cost is nothing. Get one today if you haven't already.

If you expect to keep your driver's license, obey the law. Otherwise it may be taken away from you.

Above all, don't get to driving a car if your breath smells of intoxicating liquor. Farfetched? Not at (See Traffic Laws, Page 8)

### Mrs. Hayes Robbins Improves After Operation

Improvement is noted in the condition of Mrs. Hayes Robbins who underwent an appendix operation at Adair hospital Friday.

Mrs. Lon Mathewson of White Deer, Mrs. Otis Burrison, Miss Frances Choat and Miller Choat came to be with their mother during her illness.

## CHANGE OF VENUE DENIED LIESBURG

### Defendant is Charged With Murder of R. A. Cox Here in October

Arguments for a change of venue in the Ora Liesburg murder charge were heard this forenoon by Judge Fires. The defendant was represented by Jimmie Mahan of Childress, former district attorney, and J. R. Porter.

The state was represented by district attorney John Dever and W. T. Link.

Witnesses called by the defense included W. H. Moffett of Hedley, one of the two jurors who refused to vote a conviction in the trial of Liesburg here in October, 1935. Mr. Moffett stated that he had been criticised somewhat in his section, but stated that he believed that Liesburg could get a fair and impartial jury to hear the evidence in the forthcoming trial.

Other witnesses used by the defense were Fred L. Williams, publisher of the Clarendon News, and J. R. Porter, one of the defense attorneys.

The state presented Sheriff Guy Pierce, his deputy Marion Quisenberry, and C. L. Cook of Lelia Lake to offer evidence of a fair trial in this county.

After hearing the evidence introduced with the motion, Judge Fires stated that "mighty little evidence had been introduced to show that a fair trial could not be had here," and overruled the motion.

A special venire of one hundred men have been called for Monday, the 13th, from which a jury is to be selected. All witnesses have been notified to be present next Monday.

### Small Blaze Destroys Out Buildings at Ozier's

The garage, stable and other out buildings were destroyed at the E. M. Ozier home by fire about noon Saturday.

The biggest loss was from the destruction of cotton seed and feed running the loss to near a thousand dollars.

Mrs. Ozier was painfully burned on her face while liberating a horse from the stable which was burning.

The fire is said to have been caused from sparks apparently from a trash pile nearby.

### Will Visit Relatives In East Texas and Oklahoma

Taking advantage of a vacation period, Mr. and Mrs. J. W. Smyth and little granddaughter, Jo Ann, left here today bound for Bonham, their old home.

Mr. Smyth stated that he expected they would visit his brothers in eastern Oklahoma before returning next week. Roy Blackman, substitute mail carrier, will take care of the Silverton mail route during Mr. Smyth's absence.

### Child's Bouquet Is Valued at \$300

Residing in Bonham, Texas 53 years ago, Mrs. A. T. Russell walked down the street holding in her childish hand a small bouquet. A Jew rewarded her for the gift offered him by paying her ten cents.

The ten cents was in the form of United States currency, a mere slip of paper that resembles a greenback except as to size. The relic is about two and fourth by three and a half inches and was signed by William Meredith as secretary of the U. S. treasury at the time the money was minted, approximately 1863.

Mrs. Russell through the years has kept the product from the sale of the flowers. Old and brittle, is the small bit of paper, but wholly intact. The bit of paper is said to be worth about \$300 today. If that be the price, Mr. Russell says it is for sale.

Mrs. Russell, an orphan, was adopted into the home of Col. Campbell, who for many years was a practicing attorney of Bonham.

WILL SLIMY TRAILS LEAD TO TEXAS?

Texas is self-respecting. She harbors within her borders some of the grandest men that God ever made. They have made their records on their own merits instead of upon the reputation of their granddaddies.

Without so much as drawing the color line, the main "ramrod" of the Ft. Worth end of the Frontier Centennial show has, if the report be true, disgraced all Texas.

Real noblemen to dance with Texas queens!

The magic wand of Billy Rose will attract real counts, barons, princes and other titled gentlemen to the Fort Worth Frontier Centennial's face-theater to become dancing partners, if Rose's plan works out.

The following advertisement, which is self-explanatory, is being published in the personal columns of the New York Times, the Chicago Tribune and the Los Angeles Times!

Wanted: 100 bona fide noblemen whose titles stem from either active or extinct monarchies and who, for adventure or economic reasons, are willing to serve as dancing partners for the flower of Texas from July 1 to Oct. 15.

Rose, general manager of the show here, returned to Fort Worth by plane Friday night after a week in New York. He said things will begin popping fast now that preliminary details have been handled.

Texas has always preferred to reward her citizens because of merit rather than birth. Feature the "flower of Texas" gyrating on a dance floor with a flock of syphilitic scions of alleged nobility, most of which are extinct, or exist in name only!

Improvement, Not Payments Form Greatest Value

College Station—Not how much money can be gotten out of the new agricultural program, but how much will it help improve sound farming is the fundamental question to be asked, according to A. L. Smith, who has charge for the Extension Service of putting into action plans made under the Soil Conservation and Domestic Allotment Act.

He suggests that every farmer map out his fields as he would like to farm them—to make the farm cropping plan that he knows would hold and build up the land, and which he has not used because of lack of money.

To farmers who apply for them, after completing the program of approved soil conserving and soil building practices, grants of money will be made later in the year because soil conservation and sustained farm buying power are of vital importance to the Nation.

Farmers whose farm plans for 1936 conform to the flexible soil

conserving program may be paid at the rate of 5 cents per pound for the normal lint cotton yield on land shifted from this soil depleting crop to some crop or use that protects and restores the soil.

\$7,500 for Each Man, Woman And Child in the State

Surpassing even the optimistic estimates of native Texans, a practical national statistician of tourist trends today predicted that 11,565,000 persons will visit Texas this year, spending \$446,255,700 to share in the Lone Star State's celebration of its first hundred years of history, growth and development.

The amount to be spent represents approximately \$7,500 for each man, woman and child in Texas. Thompson points out it will find its way into the channels of established business in the state as follows: \$33,245,000 will go for lodging and a like amount for gasoline, oil, garaging and auto-

motive repairs; \$93,707,000 will be spent for assorted retail purchases; \$111,556,000 will be spent for food, \$26,897,000 for amusements, and \$25,773,000 for miscellaneous refreshments, smokes and confections.

The Centennial Exposition is the principal lure, according to Thompson, but letters which have reached the travel bureau in such volume as to point to an all-time record year tell also of plans to "discover the whole Texas empire" before leaving the state.

"There can be no doubt", Thompson declared, "that the determination of residents of all the other states to see Texas this year is the most significant development on this year's travel calendar. It is just one of those things, the proportions of which even we, who are closest to the hopes and aspirations of the nation's motorists, find hard to grasp."

WILL TRADE—Equity in lot for trailer!

Now that Spring is actually, Or practically, assured, Despite a stay of thirty days Old Winter has secured; Despite a rumor going round That Summer may be late, I have a trade or two I feel I might negotiate!

I'd like to swap a cottage For a bungalow on wheels, And a set of Harvard Classics For a flock of rods and reels. I'd like to trade an overcoat, With nothing much to boot, For a pair of beach pajamas Or a gaudy bathing suit.

Since Spring is in the offing And the offing near at hand, I feel the urge to travel To some dim and distant land. So I'd like to swap my equity In real estate in town Fr anything of equal worth That isn't fastened down. —Carey Holbrook

Born Sunday, April 5 to Mr. and Mrs. Henry Rape, a son.

M. S. Wilson, sheriff of Hardeman county, was here Monday as a witness in the car theft case wherein the McKee car was recovered in parts by Sheriff Pierce some months ago.

Mrs. C. S. Marshall, formerly in the employ of the Little mercantile company here, was here Tuesday. She makes her home in Sunday, Moore county, where the new gas field is located. One well is near her door.

Mr. and Mrs. M. E. Cox and daughters, Anna Sue and Lola Pearl and Clarence Howe of Panhandle, and Alpha Mae Patton and Jack Rogers of Amarillo attended the birthday dinner of Mr. and Mrs. A. H. Baker here Sunday.

THE GREAT CONTROVERSY. W. Wallace Layton, Minister. Identity of the N. T. Church Article XIV

In the same year that Calvin launched the Presbyterian church in Switzerland, Henry VIII of England created the Church of England, which church wears the name "Episcopalian" in America.

Henry VIII defended the Catholic Church against the attacks of Luther in 1521 and thus gained for himself the title "Defender of the Faith", from the acting Pope, Leo X. But his integrity for Catholicism was not due to any love for that cause, as is evinced by his action in 1535. He fell in love with little Anne Boleyn, an attractive lady of his court, and demanded of the Pope a divorce from his wife, Catherine of Aragon. When Leo X refused him the divorce he severed relationship with the Catholic Church and by the Act of Supremacy, he forced Parliament to establish a new Church and name him head of the same.

Episcopalianism is not far removed from Catholicism. Its foundation is the lasciviousness of Henry VIII; its organization is of Henry VIII; and its head is Henry VIII. It cannot be the N. T. Church, for its foundation is Christ, (1 Cor. 3:10,11); its organization and laws, are from the Divine, (1 Peter 1:21). Its head is Christ Himself, (Col. 1:18) (Eph. 1:22,23).

Surely any man wanting the real thing, would not want something that had its origin as did the Episcopalian church. I choose the New Testament Church. (To be Continued)

The way the old Roman chariots are pictured, one would think that the team power was hitched to the chariot only by the lines.

Texas is headed for a sales tax whether you like it or not. Too many are escaping tax payments to get by otherwise. It is barely possible that the present tax survey will scrape up enough unrendered property to make up the deficit.

Well it remained for grand old Missouri to prove the stork theory. A woman who had been in the state prison for nearly two years, gave birth to a daughter last week.

The lady who fed her husband soap flakes instead of post-toasties was talking to her neighbor about it at 10 a. m. "Was he mad about it?", she was asked. "Mad? Why the old boy's in there frothing at the mouth right now."

In case you don't know, that was a "dry fog" raging here Sunday.

We had a straight sandstorm Saturday.

Somehow when I hear a woman apologizing for the shortcomings of her husband, I think of a coffee stain on a tablecloth. Either one seems to give her a lot of concern in the category of apologies.

Nineteen years ago Monday, America made her biggest mistake by breaking into the European waf. War supply manufacturers forced our country into the conflict, made all the profits, and we will be paying the price of victory for 150 years to come. Our boys were sent over to "make the world safe for democracy." Look at Europe today bristling with fighting machinery and repudiating past war debts to the nation that saved the hides of the Allies! A

recent poll of the nation showed that 7 out of every 10 voters were opposed to becoming a party to a foreign war again. If we, as a nation, were taught to attend strictly to our own business, then the World War was not altogether a total loss to us.

This column is indebted to resident engineer G. K. Reading of the State Highway Department for a Centennial highway map measuring 27 1/2 by 33 inches. One side shows the highways of Texas. The other side bears pictures of historical interest over the state, among them many of West Texas and the famous Palo Duro State Park near us. Thanks a lot, Mr. Reading.

So long, folks, I'll be going home to see what luck G. W. had sweeping with a hoe.

**350 Are Employed On New Farm Plan**

College Station, Texas, March 31—The assembling of personnel and arrangement of facilities for handling work of the Government's new agricultural program, expected to be announced by the Department of Agriculture shortly, is going on with as much dispatch as possible at state headquarters here, H. H. Williamson, director of the Texas Extension Service, has announced. Mr. Williamson has estimated that the combined personnel in the various units here will within the next three or four weeks reach a peak of approximately 350 people.

Clerical activities at headquarters in the new program will probably not begin for some six or eight weeks, however, Williamson said. "It will be necessary for producers to be supplied with the necessary application forms and county offices equipped with supplies before there will be need for work in the state office," he said.

The college is completing a temporary building to house activities of the new program. This structure will have 20,000 square feet of floor space. Additional space in college buildings will give the federal workers here a total of approximately 35,000 square feet of floor space.

The Extension Service is now busily engaged in the completion of the commodity programs that are being terminated, namely, cotton, corn-hog, wheat, rice and peanuts. All activities have been resumed in the old offices of cotton, corn-hog and wheat. New work which has to do with the cotton price adjustment under the 12c loan is being inaugurated but this will be for only short duration.

The three units of the Government work that are operating are auditing, general accounting and disbursing. The complete personnel expected will include approximate-

ly 150 workers in the auditing division, 115 in the general accounting and 80 in the disbursing office. The disbursing office is under the Treasury Department with Miss March B. Norvell, of the San Antonio office, in charge here. The general accounting office is under the Solicitor General with J. T. Connolly, here for several months, in local charge.

Due to the decentralization of the auditing, accounting and disbursing units at Washington, Texas people who have been employed in those units at Washington are being transferred to College Station.

## Historical Society Annual Session Fri.

J. Frank Dobie Numbered Among Several Speakers To Be Heard

Canyon, April 5.—The Panhandle-Plains Historical Society meeting April 10 is the most interesting event of the coming week to hundreds of Northwest Texans and to at least one world citizen—Miss Susan J. Allen who is hurrying from Bermuda and New York to Canyon to visit the museum of which she has been a generous patron.

To the Texans a change in the constitution, and discussion of plans to enlarge the Museum will be the most interesting feature of the business session which will be held Friday afternoon at 2:30. At this time officers will give brief reports of the work of the past year; these will include Professor L. F. Sheffy, the secretary, Floyd V. Studer and Professor C. Stuart Johnston whose work in discovering and excavating fossil and prehistoric artifacts have attracted attention throughout the entire nation.

Professor W. L. Vaughan is receiving reservations for the banquet each day. The number of tickets available is limited to 210. A letter from Senator B. G. O'Neal of Wichita Falls tells that he hopes to attend the annual meeting this year.

J. Frank Dobie, historian and story teller of the University of Texas will arrive Friday morning after having lectured in Childress the night before. He will stay in Canyon until Sunday and will visit prehistoric habitations and fossil beds before he returns to Austin. He will be the principal speaker at the banquet, "Traditions of the Cattle Country" being his subject. He is the author of "Coronado's Children" and "A Vaquero of the

### NOTICE of ORDER of SALE

THE STATE OF TEXAS )  
 COUNTY OF DONLEY )

By virtue of an order of sale issued out of the 108th Judicial District Court of Potter County, Texas, on a judgment rendered in said court on the 11th day of March, 1936, in favor of Foxworth-Galbraith Lumber Company and against Mrs. Janie Espey, a feme sole, in the case of Foxworth-Galbraith Lumber Company, against Mrs. Janie Espey, No. 12,315, in such court, I did on the 9th, day of April, 1936, at 10:15 A. M., levy upon the following described tract of land situated in the county of Donley, State of Texas, as the property of said Mrs. Janie Espey, to-wit:

The Southwest One-quarter (SW ¼) of Section No. Twenty-Eight (28), Block C-7, Certificate No. 4-667, containing 160 acres of land, LESS AND EXCEPT, five (5) acres of land previously deeded out of the Southwest corner of said tract, and on the 5th, day of May, 1936, being the first Tuesday of said month, between the hours of 10 o'clock a.m. and 4 o'clock P. M. on said day, at the court house door of said county, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said Mrs. Janie Espey, in and to said property.

Dated at Clarendon, Texas, this 9th, day of April, 1936.

Guy Pierce  
 Sheriff, Donley County, Texas. (8-c)

### Not Paupers Asking Old Age Assistance

No "pauper's oath" is required to obtain assistance under the new law, Orville S. Carpenter, executive director of the Texas Old Age Assistance Commission, declared this week.

"It is unfair to consider a man or woman a pauper when he or she has \$5,000 or \$7,500 worth of property and has \$500 or \$1,000 in the bank. These are the maximum amounts of property and cash an applicant may have and still qualify for assistance. The larger amounts are for married applicants," he explained.

"Broader qualifications would keep us from receiving federal aid. If our law were changed to make everyone past the age of 65 eligible, we could not obtain funds from Washington. Cooperation of the Federal Government is limited to only those states giving aid to the needy.

"The National Social Security Act reads that it was passed for the purpose of giving financial assistance to states for helping aged needy individuals (Section 1, line 3)," Mr. Carpenter stated.

"Our old age assistance set-up for administering the new law was created only after I had conferred with the Social Security Board in Washington.

"State legislators passed the Texas law in such form as to agree with the national one. The Texas Old Age Assistance Commission and our entire plan are based on the State law and upon rules and regulations made by the Federal Government," he added.

"We have formulated our plan in such a way to be accepted by the Social Security Board, which must pass upon our law and plans before matching our payments dollar for dollar," the Executive Director said.

### DISINHERITED?

By RAYMOND PITCAIRN

National Chairman  
Sentinels of the Republic

Through successive generations the American people have continued to receive one of the richest heritages in all history.

Freedom of speech and of opportunity... the right to a decisive voice in the greatest government on earth... a national spirit of courage and self-reliance... public wealth beyond the dreams of Croesus—

These are but a few of the treasures won in the blood and the sweat of hard-working, hard-fisted pioneers and left to us as a natural birthright.

How are we preserving that heritage? What is America doing to maintain or increase for posterity the things our fathers won for us? What will this generation leave to those who follow?

Today the list seems discouraging. Its items would include:

A burden of national debt which, as this is written, exceeds \$1,000,000,000—instead of an increasing national wealth.

The threat of a new, alien philosophy of dependence and fear—instead of the spirit that sent Daniel Boone into the wilds of Kentucky and whole families over the hardships of the Oregon Trail.

A glorification of the economic goose-step—instead of the bold, free tread that could carry youth to whatever heights its strength and ability permitted.

No wonder, as it regards this prospect, youth in America feels disinherited. No wonder thousands of older citizens, remembering the opportunities of their own youth, are protesting against a philosophy which robs their sons of similar freedom. No wonder the true descendants of the American pioneer are insisting that personal liberty and personal opportunity must be preserved in this country.

Thousands of our ancestors fought and died to win for us those liberties and opportunities. Thousands more fought to preserve them. The newer generations have a right to enjoy the heritage. We cannot let them down.

Tom Hunnicutt and John Mace of Hedley had business here Monday.

Mr. and Mrs. Kenneth Fink of Childress visited his mother, Mrs. O. L. Fink, Monday.

 There is Always Worship Fellowship :: Service  
 \*\*\*\*\*

We are in the midst of one of the most helpful series of services that Clarendon has ever had. Large crowds are attending the services commemorating the events leading up to the death burial and

resurrection of our Lord. That Christ arose from the dead is the foundation of the Christian structure. No fact of history has stronger evidence of truthfulness than this one. Personally I think it is beautiful and Christ like when the professed followers of him who loved us and gave himself for us come together to emphasize the doctrine upon which we are all agreed. The doctrine of the resurrection of Christ. Those who attend these services will not feel that we have had an "Easter Parade" when we climax the week with a happy song service Sunday evening at The Methodist church.

"Ring, happy bells of Easter time!  
 Our happy hearts give back your chime.  
 The Lord is risen! We die no more;  
 He opens wide the heavenly door;  
 He meets us, while to him we climb,  
 At Easter time!"

We will observe the Christian's Passover Feast at The Baptist Church Sunday morning, and have the regular Training Service at 6:45 in the evening. Let us make it a happy day.

**AT FIRST METHODIST CHURCH**  
 \*\*\*\*\*  
 EASTER, the greatest of all Christian days, the day of victory, joy, and praise. Everybody will go to Church Easter Sunday. Surely we must go to the house of God on this great day. Every Church in the community will be extending a hearty welcome to every one in the name of our Resurrected and Victorious Christ.

We hope to reach the goals in Sunday school at 9:45 a. m. The morning worship will be at 10:50 as usual. The choir will sing "Break Forth into Joy" by Caleb Simper. Parents are invited to bring their children for baptism at the very beginning of the service. At the close of the service an invitation will be given to people to unite with the Church.

The Easter Cantata, rendered by the choir singers of the community, will begin at 8 p. m. We are glad to be host to this great community chorus, and to the other participating Churches.

### SOIL BUILDING CROPS CUT FARM COSTS AND CHECK EROSION

#### Three Ways to Cut Farm Costs

1. Grow Feed Crops.
2. Grow Food Crops.
3. Grow Soil Building and Erosion Control Crops.

ADJUSTMENT payments and increased income from cotton are enabling farmers to retire and build up badly eroded and worn-out land. The new cotton contract provides that food and feed crops for home use, in addition to soil-building and erosion-control crops, may be grown on land withheld from cotton production.

**SYLVIA SIDNEY as TONITA STORMCLOUD**

**Sylvia Sidney Hides Perfect Face Under Character Make-Up; Showing 12-13th**

The star with the most perfect face in Hollywood, as adjudged by photographic and art experts, is the one who rarely, if ever, appears before the motion picture camera as herself! She is Sylvia Sidney, currently starred in the B. P. Schulenberg-Paramount picture "Behold My Wife," coming Sunday and Monday to the Pastime Theatre. In this picture Miss Sidney, who has become noted for her versatility in playing varied character roles, again conceals the perfect face beneath the makeup necessary for a convincing rendition of her newest role, that of a full-blooded Indian beauty.

Miss Sidney, herself, gives the answer to the query "why does she rarely play 'herself'." "The real reason why I don't always play 'myself,' as it were, is that I prefer to play character roles. It's the best experience and the wisest thing to do in Hollywood," says Miss Sidney. "Since I've been in Hollywood I have played nothing but character leads.

"First there was the prison inmate in 'Ladies of the Big House'. Then came the little waif in 'American Tragedy.' Others I have essayed are the Japanese geisha girl in 'Madame Butterfly'; the old woman of sixty in 'Jennie Gerhardt'; the taxi moll in 'Pick Up'; the regal princess in 'Thirty Day Princess,' and the carnival show girl in 'Good Dame.'

"Character types are much more interesting. And besides, it lengthens the life of a player in Hollywood. Heavies and character parts are the ones that last.

"Hollywood producers are a bit short-sighted when it comes to judging competent actors and actresses, if I may say so," Miss Sidney pointed out.

"They evidently figure that once a leading woman can't play leading roles anymore she is done with films. That's part of the tragedy of this business. But if they can be shown that you are competent with all types of character roles, why then your film life is more lasting."

In "Behold My Wife," Miss Sidney is supported by Gene Raymond, H. B. Warner and Laura Hope Crews.

Adapted from "The Translation of a Savage" by Sir Gilbert Parker. "Behold My Wife" is the story of a white man who married an Indian girl in order to disgrace his family, but learned to love her when time and events had proved her true value.

Directed by Mitchell Leisen, "Behold My Wife" was produced by B. P. Schulenberg for Paramount.

Payne taught our school a few years ago. She will be remembered as Miss Gray.

**Finals**  
Lelia Lake Junior Boys — 2; Giles — 3.  
Lelia Lake Junior Girls — 18; Giles — 2.  
Giles Senior Boys — 25; Lelia Lake — 13.  
Lelia Lake Senior Boys — 14; Goldston — 5.

The Coaches and players competing in the tournament extend their thanks for the use of the new Lelia Lake Gymnasium for the appreciated manner in which the contest was conducted.
