MASTODON TUSKS FOUND BY SMITH

Further Explorations Made South Goodnight Uncarths Giant Fossil Bones

In making an excavation for a basement on the Clyde Gilbert ranch eight miles south of Goodnight recently, a plow being guided by Marvin Smith of Clarendon unearthed portions of the skull of what is believed to be a prehistoric mastodon.

Two tusks, one measuring 10 feet and 4 inches, and the other 9 feet were found still attached to the skull. The points were missing as is true in most every instance due to the extreme age of the fossils of this type.

The pelvis bone, ribs and a leg bone have been located by a party of fossil hunters representing the Panhandle-Plains Historical Museum of Canyon.

The tusks were minus any gloss, the surface being rough with plant roots extending into the cracks of the former hard surface. Seven men were required to lift the tusks to the ground level.

The Museum had one similar tusk on exhibit which was regarded as a valuable trophy due to the scarcity of such fossils in this section.

J. H. Myers Buried Tuesday Afternoon

Came to Donley County More Than Thirty Years Ago

Joseph Henry Myers, former Donley county resident, died in St. Joseph's hospital at Ft. Worth at 1:05 a. m. Sunday at the age of 79 years.

Mr. Myers had been in bad health for 18 months, but confined to his bed for only about a week preceding his death.

He was a native of Indiana, coming to Texas in 1877. Returning to Indiana in 1884, he married Miss Inez Wolfe and returned to Texas.

He is survived by his widow, three sons and two daughters. The sons are N. T. and E. R. Myers of Clarendon, S. D. Myers of Dayton, Ohio. The daughters are Mrs. Ethyl Nippert, Clarendon; Mrs. E. P. Turley of Ft. Worth.

Rev. R. S. McKee, pastor of the Presbyterian church, had charge of the services which were held at the Earl Myers home near Lelia Lake at 3 p. m. Tuesday. Interment was made in the Citizens cemetery.

Paul Smith is Critically Ill At Hospital

No change is reported today in the condition of Paul Smith, a patient of Adair hospital where he was taken last week for a belated appendix operation.

Mr. Smith is a highly respected citizen of the Sunnyview community, and his critical illness is a matter of grave concern to a large circle of friends.

The public has a cordial invitation to be present.

CLEAN-UP WEEK BEGINS MONDAY

Pile Trash and Have Ready For City Truck to Haul Monday Morning

This is the one time in each year that the City plays Santa Claus to her citizens. Trash is hauled free of charge.

Simply pile your rubbish at a point where the truck can get to it handily. Do not expect the City to haul your manure. You need it to badly on your lawn or garden. Dirt and rocks will not be hauled either. Level up your yard with that material.

Neither will the city haul anything that can burn. Burn it up and save taxpayers that much expense.

Most any place accumulates iron rubber, bones and other worthless material that should be cleaned up. Don't overlook the tin cans. You will reap a reward if you will mash the cans and bury them near your trees and vines. Our soil is deficient in iron causing plants to turn yellow. The cans soon rust away and supply iron food to your plants and trees.

This is Centennial year. Your city officials urge you to share in helping to make Clarendon a neat, clean town. Visitors from all sections of the nation will pass through here this summer.

Dr. Cook To Speak To College Grads

Twenty Students to Receive Diplomas Tonight

Announcements—Supt. H. T. Burton.
Address—Dr. Harris M. Cook.
Clarinet Solo—Hubert Reavis.
Mrs. Elizabeth Powell, Accompanist.
Awarding Diplomas—R. E. Drennan.
Benediction—Rev. E. D. Landreth.
Recessional—Mrs. Elizabeth Powell.

Books Printed in 1777 Owned By Local Woman

"Verses in praise of John F. Dryden" is the title on each of two leather bound volumes printed in London in 1777, and owned for a number of years by Mrs. W. E. Hutchins of Clarendon.

These books printed 159 years ago inform the reader that they are "original poems and translations" of Dryden's. The books were brought to the Leader office by W. Errol Hutchins, a son of the owner of the books, who is employed by the Parsons brothers' firm.

PETE TRAXLER IS TRAPPED SUNDAY

Noted Highjacker is Caught Wearing Overcoat of One Victim on Highway 66

Trapped at the Canadian bridge as he sought a quick get-away Sunday northeast of Pampa, Pete Traxler found his way blocked by cars of officers. In attempting to run around them, he stuck in the sand. Grabbing a shotgun, he made ready to shoot his way out.

Officers began firing at the first movement of the sneaking outlaw who had "pistol-whipped" poor devils when he held them up and got nothing. He failed to fire a shot. In return his left leg and left arm were shattered by a barrage of fire from officers who took no chances.

He was rushed to a hospital at Canadian where he has since been under guard.

When captured, he was wearing an overcoat taken from Mr. Van Nevill who recently, with Mrs. Nevill, returned from Illinois to identify Arthur Spencer here, who has been helping Traxler rob tourists on Highway 66. Traxler's pockets contained checks taken from Nevill, and a gun taken from a California man in the last high-jacking Thursday night of last week. This party was taken by Traxler off 66 and brought toward Clarendon. Turning into a pasture, the man and woman were relieved of their valuables.

Traxler is being held for Oklahoma officers where he is wanted on a murder charge at Pauls Valley, it is said.

Sheriff Pierce and deputy Quisenberry aided Sunday in the greatest assembly of peace officers in the history of the Panhandle. Every road and highway was blocked. The local officers were with a squad that searched joints at Lefors and nearby towns in an effort to locate Traxler. When the "heat" was turned on, Traxler came out of Pampa and headed northeast, finally landing in a hospital as above stated.

Sam Barrow Gets West Point Scholarship From Jones

Notice has been received of the appointment of Sam Barrow to West Point, Uncle Sam's greatest and most noted soldier training school.

He received the appointment from Cong. Marvin Jones, and will leave the last week in June to begin his studies. Sam graduated from the local high school, and has spent one year in the local College. He is a son of Mrs. M. R. Allensworth.

Glenn Allen is Making Rapid Recovery at Adair

Reports today indicate that Glenn Allen is steadily improving. He suffered injuries recently when a truck ran up on his body as he attempted to jump off the truck on highway work near Ashtola.

Virgil Merchant, operated on for appendicitis Sunday night, is also improving nicely.

GOVERNOR MEETS PANHANDLE FOLKS

Among the folks to attend the banquet given Gov. James V. Allred in the crystal ball room of the Herring hotel at Amarillo Monday night were Frank White Sr. and daughters, Mrs. Marjorie Benson and Mrs. Dorothy White.

Others taking a prominent place in the welcoming of the governor were Homer Mulkey, W. H. Patrick, Odos Caraway and J. C. Estlack.

The Governor arrived by plane from Houston at 7:15 and made a talk of appreciation with only a bare mention of politics. The Governor stated that "he was glad to meet the folks even though one of his opponents objected to his visiting among the people of Texas."

This made the sixth visit of the Governor to the Panhandle since he became governor. He is also the only governor to visit this section while in office.

Others to attend the Convention from here were Mrs. H. Mulkey, Mrs. Odos Caraway, Mr. and Mrs. J. M. Hill, Mrs. J. W. Evans, Mrs. Bob Land, Frank White Jr. and J. E. Teer, and Mr. and Mrs. C. B. Morris.

Miss Dorothy White was Clarendon's entrant in the contest of selecting the most beautiful girl of West Texas.

Mr. Odos Caraway was elected to succeed himself on the Board of Directors of the West Texas Chamber of Commerce.

Drennan To Speak To Juniors Friday

Graduation Exercises Will Be Held at 10 a. m.

Forty-nine pupils will graduate from the 8th grade Friday. An appropriate program has been arranged. Dean R. E. Drennan of the College will deliver the principal address.

The program:

Processional—Mrs. Elizabeth Powell.
Invocation—Rev. R. S. McKee.
Salutatory: Welcome Address—June McMurtry.
Class Song: "Boosting Our Junior High"—Graduating Class.
Valedictory—Billy Patman.
Address—R. E. Drennan.
Presentation of Jenkins Award—Dr. B. L. Jenkins.
Presentation of Penmanship Awards—O. C. Watson.
Presentation of Diplomas—H. M. Lane.

Benediction—Rev. R. S. McKee.
The following will graduate:

Judge Porter Contributes To Local Museum

The heavy rain of Thursday washed a bank near the old "Quarter Circle Heart" ranch headquarters of years ago. In the bank Judge J. R. Porter found a branding iron of the old ranch days, brought it to town and presented it to the Donley County Museum.

The ranch headquarters was located on the McAdams farm purchased by Judge Porter last fall. H. W. Taylor of Clarendon, was foreman of this ranch in 1886, and the family resided there for some years.

DONLEY COUNTY WILL BE REPRESENTED IN FOLK FESTIVAL AT MEMPHIS MONDAY

At a meeting of the County Centennial Committee held at the Library Room Wednesday afternoon, steps were taken to "organize" a blue-back speller class to compete in the Folk Festival at Memphis next Monday night.

Homer Mulkey and J. C. Estlack were appointed on a committee to secure "students" for the school. Men and women of middle age who are willing to assist in a matter that requires little preparation, are kindly requested to call 386 or 49 and register their names.

The first rehearsal will be held at the Club Room at the City Hall at 8 p. m. Saturday.

Members of the Committee present were the chairman, Mrs. C. A. Burton, and J. T. Patman, Mrs. A. T. Cole, J. M. Hill, Homer Mulkey and R. E. Drennan.

Towns of this region will participate in a folk festival which is a part of the Texas Centennial Exposition on May 18 and 19 in Memphis at the high school auditorium.

The purpose of this regional meet is to determine the town which will represent this section in the National Folk Festival at Dallas June 14 to 21. Decision as to the winner will be made by a judge from the National Folk Festival Commission.

Advance reports indicate that the meeting in Memphis is to be one of the most outstanding folk festivals of the state. The Memphis regional meeting was authorized recently by the National Folk Festival Commission at a committee meeting in Amarillo, and the state director called on all towns of this section to take part in the Upper Red River Valley Regional Festival.

These towns have met the challenge, and two interesting programs have been arranged, one on

Smith School Will Present Comedy Play

Home Talent at Its Best In Famous Dialogue Of Fingerprinting

Members of the school body, together with the best talent of the community of elders, will present "Fingerprints" at the Smith school Friday night, May 15th, beginning at 8 o'clock.

J. M. Baker as "Hosey Howlkes" takes the lead in "fingerprinting." Frank Jackson and Mitt Beasley, operating a dude ranch, represent the famous characters of Ned Thorndyke and Jimmy Lee in this stirring episode.

Gerald Knight plays the part of "Roger Whitney" as a city dude.

Mrs. Garner Baker appears as "Amelia Thorndyke" ably assisted by Miss Lorene Hayes as "Pamina Thorndyke." Mrs. Gerald Knight is none other than "Mrs. Roger Whitney" while Mrs. Ella Vee Hill ably represents "Miss Paulette Whitney" in this modern drama of comedies.

"Mignon" is a mere French maid, but watch her thrilling part as acted by Miss Mildred Baker.

Miss Frances Knight appears at her best in taking the character of a negro cook, known in the cast as "Porcelin."

The public has a cordial invitation to see the play with the assurance that "Fingerprints" will afford plenty of laughs.

Donley Co. Produces State Flower in Profusion

Donley county simply leads in a lot of things, but the latest to come to the fore is the fact that "blue bonnets" actually grow wild out in the Midway community.

Just how they got started, or if they are native product, no one seems to know. Mrs. John Goldston sent in a large bouquet to the Leader Tuesday. They were proclaiming to the world from a vase that old Donley is growing the state flower.

Mrs. Ernest Hunt has a number growing. The plants were brought from central Texas recently. They are said to be doing nicely.

MIDWAY SCHOOL TO PRESENT PLAY

Free Admission to Comedy By Home Talent Assures Big Attendance

The Midway school and the folks of the community are to present a three-act comedy play at the Midway school building Wednesday night, May 20th. Typical of the citizens of that excellent community, they are issuing a general invitation to the public to enjoy the big show. The admission is free.

The curtain rises at 8:15 sharp. Bill Gaitner has joined the cast. You will have to see Bill at his best. There will be no disappointment. As "Bud Gates," he's a wow!

Others in the cast, and the part taken are:

Mrs. Bill Gaitners plays "Aunt Emma." Ben Chamberlain takes the part of "Dick Christinon." George Seaton—Jack Morris. Lucille Goldston—Louise Adair. Mattie Rhodes—Kathryn Adair.

Bill Gaitner as "Bud Gates" teaches Aunt Emma how to play "pea-nuckle." Or "pinochle," if you prefer it that way.

J. B. Millsap as "Joseph Sparks" is a human dress model.

Don't forget the date, folks. May 20th.

H. S. GRADUATES ISSUE YEAR BOOK

LaVerne McMurtry Qualifies As Editor-in-Chief Of Beautiful Annual

The High School annual is a book of 96 pages with a binding of brown imitation leather. LaVerne McMurtry is editor-in-chief, Eugenia Noland, editor. Jimmy Bourland is business manager. Willard Hudson is athletic editor.

Howard Strawn was adjudged as being the best all 'round boy in the high school, and Eugenia Noland the best all 'round girl. Gerald Noble is the best looking boy and Dorothy Nell Baker the best looking girl in the high school class.

Class history includes plays, picnics, banquets, class statistics, athletic events, and numerous other data that will be treasured in the years to come.

The printing was done in the job printing department of the Donley County Leader.

Fourth Show Window Broken Tuesday Morning

Even one of cool and deliberate thought will reach a breaking point if the matter goes too far. O. C. Watson of the firm of Watson & Antrobus, reports the fourth large show window of the firm's hardware store broken Tuesday.

Like the other "breaks," this one was broken by small boys whose parents are apparently unable to pay for the damage. The boys were using 'nigger-shooters' and a rock simply flew over and broke the large window pane or show window.

MANY RELATIVES ATTEND REUNION

A number of his relatives honored R. W. Ratcliff former Clarendon citizen and now resident of Pampa, with a birthday family reunion on Red river near the bridge north of town Sunday, the 10th.

Among those present were Mr. and Mrs. W. W. Wood, Mrs. Dorothy Black and family of Pampa, Mrs. C. B. Garrett of Matador, Lee Ratcliff of Vernon, Mrs. Lola Barnes and family, Miss Della Wood, Oscar Wood, L. L. Wood and family, Mr. and Mrs. Arlie Wood, Theo Wood and family, all of Clarendon.

And Mr. and Mrs. Black of Goodnight, Lee Wood and son of Groom, Allen Pitman of Martin, Mr. and Mrs. Elton Wood of Memphis.

Recitations, a big dinner and kodaking featured the reunion.

LEADER DOES THE NEIGHBORLY ACT

Less than 2 cents a week. That's what the Leader will cost you for the remainder of May and during the month of June. This applies to new and renewal subscriptions in the first zone of 50 miles of Clarendon. Other zones will be \$1.50 a year. First zone \$1 a year. The subscriber gets the commission of 50 cents in either case as the regular rate is \$1.50 in the first zone, and \$2 in all other zones due to excessive postage.

This rate is being made at the repeated requests of our neighbors in the Clarendon trade territory. "You ought to keep the dollar rate a while longer because some of the folks did not have a dollar to spare during the short time that your special rate was on," so spoke our good friend J. F. Jones some two weeks ago. A large number have told us the same thing since. We want to neighbor with you. We want to work for and with you for a better weekly newspaper in this trade territory. Get your paper started now. Don't put it off. When you get that dollar, pay your subscription. This rate is being made for your special benefit if your time has expired, or is about to expire.

SHALL WEST TEXAS CELEBRATE?

"Shall West Texas celebrate her Quadri-Centennial in 1940?" That question is now uppermost within the minds of every patriotic citizen of West Texas already.

The idea was brought out by Prof. W. C. Holden, head of the history department of Texas Tech College of Lubbock Tuesday in speaking before the WTCC convention at Amarillo. That body pledged its united support of the movement and a committee was appointed to push the project.

"West Texas history will be 400 years old in 1940," Prof. Holden stated. This dates from the visit of the first white explorers under Coronado through this section. This Spanish exploration camped for some time in what is now known as Palo Duro State Park near here in 1540.

West Texas has been passed up by the present Centennial board as "being a section without historical significance." It is now squarely up to West Texas and Eastern New Mexico to stage a show in 1940 that will glorify the rich historical facts as they are known to exist in history that is fair and impartial.

WITH OUR EXCHANGES
They're All Winners.
The following list of "three sweetest words" in the English language is going the rounds: "I love you; enclosed find check; let me help; dinner is served; vacation with pay; keep the change; clouds and rain; all is forgiven; have a drink; sleep 'til noon; it's a boy."

Suddenly Grows Poetic.
Tell me not in mournful numbers,
Flirting's but an empty dream,
My school work now it oft encumbers
Leaves me blue and black and Green.

Flirting's real and I'm in earnest
And destruction's not my goal,
But my memories like a furnace,
Still shall burn when I am old.

Let me then be up and looking
With an eye for any gal,
Just some one to do the cooking,
Just someone to call a pal.

Get things Done.
Governor Alfred who has been criticized for his many travels over the state is credited with an unbelievable drive, which wears down those around him but seems to find him continuously fresh and ready for the next job. He answers more mail, sees more people, gets around over the state better than any recent governor. West Texans for the first time in a number of years are having the pleasure of seeing their governor in their cities and towns. Alfred gets things done. That appeals to most everybody. People are attracted to doers-of-things, to getters-about.—Floyd County Hesperian.

The Truth About It.
The old-fashioned man who still thinks he must work his way out of the depression, instead of letting the government do it for him, will be the winner in the long run.

Editor Warren Speaks.
Understand that Senator Small's supporters have already conceded ten of the 26 Panhandle counties to Douglas by a small margin. The margin must be small, for the senator's supporters have said that the Potter county majority alone will offset the Douglas majority in those ten counties. The support being offered Douglas is rather surprising. One would think that Small would be at the height of his

popularity after eight years in office. However, it has been apparent that his political strength has been on the decline for the past two years.—Panhandle Herald.

About Contributed News.
The Review is always glad to receive proper news items from those who read it. However, if your news item is not published, don't blow up.

For one thing, you might have forgotten to sign your name. For another, you may have waited too long to send in the news, which may have been printed in an earlier issue which you did not see.

"Yes," we hear a lady exclaim, "but my article was omitted last week when I sent it on time, and another account of the wedding printed that was not as good as mine." Now listen there! Ladies always present problems. Anyway, here's the answer:

Very often a newspaper gets two accounts of such important things as weddings. We have received, on occasion, an account of a wedding from the bride, the groom's mother, bridesmaid and one friend. We couldn't print 'em all. And, when the best account came in, we had already put another into type. So, the mystery is solved.—White Deer Review.

Social Suggestion.

And so the table lamp went out.

VISITING WITH OUR NEIGHBORS
Coming to Clarendon a stranger back in 1919, the writer first looked for a boarding place since the family was visiting down east. It was our good fortune to get parked at the Adams boarding house. The food was good and the house was clean. Best of all, Mrs. E. W. Adam made us feel at home. I have all these years thought Mrs. Adam one of the sweetest christian characters I have ever known. She just lived that way through the week, and her Sunday school class thinks the same of her.

Mrs. Adam visited in the Leader office a few days ago bringing a Blue-Back Speller. We got to talking about old school days and was I surprised to hear her say that she was a bad school girl. In fact she had to "stand up" or something "once" when a child of about 8 years. "I was sitting between two grown girls and the girls put gloves on my bare feet," she explained. When she put out her feet and wiggled her toes, the fingers of the gloves naturally brought

forth a laugh. She cackled right out, she said, and the teacher had her up on the floor in no time. I did not wash to shatter her delusion of my standing by telling her that I had been whipped as many as six times in one day between the ages of 8 and 12.

This would be a dreary old world without our good women. God bless 'em. Serene and calm, mellowing with the years, Mrs. Adam does far more good among her associations than she will ever know.

Brace yourself folks! After the big rain Thursday, Roy Beverly rushed to town to tell all about it. His first rain in several years made an impression. He says it rained in "slooshes", whatever that is, and that great rivers ran down the hill through his field taking out his terraces. Pushing his hat back and assuming a senatorial attitude of poise, he said: "When she reached the valley, the water could not run down hill and she turned and came back up the hill again and washed out another streak of terraces." If any one fails to believe this story, he is keeping the "hill" that he may prove it.

If you are interested in pretty yards, take time out and look at the yard of the Joe Goldston home. You will certainly get some ideas about shrubbery and arrangement. His brother Tom is running him a close second.

Speaking of pretty things, that blue spruce at the northwest corner of the terraced yard of Homer Mulkey's home place is worth a million dollars. It is a veritable Christmas tree the year round.

Clarendon has more pretty yards than most any place. One can find plumb plenty of pretty sights in many places in this old burg.

An authority says that a number of old folks are talking themselves right out of a pension. They stress imaginations and do not stick to facts in giving the inspector information.

Pension Money of Texas Saved by Federal Act

A statement this week by the director of the Old Age Assistance Commission revealed a fact that will mean thousands of dollars to State taxpayers and old folks in the Texas plan for helping the needy aged.

"A large part, if not all, of the cost of administering the Old Age Pension Law in Texas will be paid by the Federal Government," Executive Director Orville S. Carpenter said.

Social Security Board officials told Mr. Carpenter they anticipated that many of the states receiving federal aid will be able to pay a large part of their operation costs out of the federal allotment for administrative expense thereby leaving most of the state funds to be spent for old age assistance.

"After determining the amount to be granted a state for the payment of old age assistance, the Federal Government adds 5 per-

cent of this amount to the check for administrative expenses in that particular state," Mr. Carpenter explained. "The entire federal expense allotment may be used before any state funds are spent for this purpose."

Present estimates indicate that this amount will be sufficient to pay a large part, if not all, of the ordinary running expenses of the Commission after all the applications have been received and acted upon so that probably the entire administrative cost to the State will be only the initial expense of setting up the Texas organization and receiving and checking applications.

Bill Weatherly now has charge of the meat market department of the Clarendon food store. He formerly was assistant in this department. His advancement is a recognition of merit.

Ruth McNeal visited in McLean Monday night.

STEEL MAKERS say—"Ford buys the best steel." Other suppliers of materials and parts will tell you—"Nobody checks up as closely on quality and price as Ford."

This means a great deal to you as a motorist. It is our way of safeguarding the interests of every purchaser and it leads to this—"The mechanical depreciation on a Ford is less than most cars, especially after the first year."

This is one sign of the extra value in the Ford V-8. Accuracy in manufacturing is another. (The Ford is made to unusually close precision limits.) And there is a long list of fine-car features that are exclusive with Ford in the popular field.

Have you a V-8 engine in your car? You pay \$1645 for it in any other car but Ford.

Does your car have Center-Poise Riding? Ford gives you this modern feature—"a front-seat ride for back-seat passengers."

Does your car have fool-proof Super-Safety Mechanical Brakes? The Ford V-8 gives you this proved design, with 186 square inches of braking surface.

Does your car have a genuine steel body structure? Does it have Safety Glass all around? Ford is the only low-price car that gives you this extra protection without extra cost.

You get these fine-car features in the Ford V-8 because of Ford manufacturing methods and low-profit policy.

Frigidaire Unharmed After Plunge from Blimp into Bay

Look out there! It's a flying Frigidaire falling from a Goodyear dirigible into salty Biscayne bay at Miami, Fla. Subjected to one of the most severe tests ever given an electric refrigerator, this stock model unit built by Frigidaire Division of General Motors was dropped 100 feet from a blimp into Florida waters. Towed around by a speedboat to guarantee complete submersion, it was hauled out, found sealed as tightly as when it left the factory and was put into immediate operation freezing ice-cubes. Aeronauts who witnessed the spectacular test were amazed that the refrigerator survived the terrific impact of the drop and came out without a single leak in its permanently sealed mechanism or a break in its cabinet, because, after all, they reasoned, household refrigerators are not supposed to be manhandled that way.

GOLDSTON By Vivian Veazey

We had a good attendance at Sunday school Sunday, but would like for more to come and be with us every Sunday.

My you should see the smile on everyone's face since the rain last week. We received about three inches in all.

The play, "Scarecrow Creeps", will be presented by the Sunday school class, No. 2-A Saturday night, May 16, at Goldston. And believe me the "Scarecrow" really creeps. It will make your hair stand up on your head. Everyone is cordially invited. Admission 10c to all.

Mr. and Mrs. Rabern Stegall and family, Mrs. Garman and daughters Mary Lorena and Peggy of Borger visited in the Ziegler home Sunday.

Mr. and Mrs. Joe Dilli and son Joe Wayne, Mrs. Lena Dilli, Miss Cleo and Dervitt Pope visited in Amarillo Sunday.

Mr. and Mrs. Dennis Smith and daughters spent the week end with relatives in Groom.

Miss Frankie Ziegler of Plainview is visiting with her parents this week.

Mr. and Mrs. W. L. Lynn and family visited relatives in Duke, Oklahoma the past week end. They

reported an enjoyable trip. Mr. and Mrs. Gilbert Garret of Rockledge visited in the John Clemmons home Sunday.

Miss Helen Speir visited with friends of Martin Saturday night and Sunday.

Mr. and Mrs. Kenneth Woolsey of Martin spent Sunday with Mr. and Mrs. G. C. Speir of this community.

Miss Margaret Milam spent the week end with her parents of Memphis.

Miss Magaline McCracken of Quitaque is visiting her sister, Mrs. Loyd Reynolds.

Mr. and Mrs. Curtis Van Zandt of Tullia visited her parents, Mr. and Mrs. J. H. Hurn over the week end.

is said that the women quit using fans when they began to dress more sensibly, and found a powder that would no 'run' when they got hot on the face.

With the government having no luck managing the dust bowl the past year, would it help any to suggest that it be turned upside down?

Service station attendants have done more toward teaching courtesy to the public than any other source. If every place of business handed out the same courteous attention as do the gasoline service stations, a lot of merchants would double their business.

The Leader family spends more money in Clarendon than it receives from the town. Subscriptions and foreign advertising receipts are ten times greater than the amount of advertising receipts from local merchants of this town. This is practically true of every newspaper.

The merchant who does the least advertising, as a rule, asks more favors of the local newspaper man, and expects more of the public than any other individual.

"When bigger lies are made, Donley county can make them." Last Thursday following the heavy rain, a dust cloud came in from the northwest and covered everything with a thick coat of red dust. It almost rained water and dust at the same time. While we were getting the biggest rain in a year or more, Amarillo and the upper Panhandle country was getting the worst dust storm of the year.

Lo! The poor candidate. Our sympathy goes out to the candidates who will pay up to \$3 for a

pie, bid on quilts and other forms of petty graft. A lot of folks running for office can't afford to be held up like they have been year after year in some sections. Wares within the bounds of reason might be alright, but plain robbery of one handicapped, leaves a distaste for that particular community. In fact some communities won't stand for any such foolishness. Let's all be fair about it, folks, let's be fair for we are all neighbors after all.

We are indebted to Harold D. Bugbee, nationally known cowboy artist, and a Clarendon resident, for a reproduction of his painting of Will Rogers dressed in cowpuncher garb on horseback. It is a beautiful picture painted true to life because the artist has grown up in a cattle country.

Nineteen years ago those who openly opposed war were termed traitors of the nation. Dire threats were made on their lives. April 6th, a select committee placed a wreath on the statue of the late Senator Robert L. Follette in Statuary Hall in Washington, honoring those who opposed war nineteen years ago. Senator Wm. E. Borah, now in the limelight as a possible presidential candidate, bitterly opposed war. Everything that these brave, patriotic Americans predicted 19 years ago, has come true. They claimed among other things, that the war was a scheme to make more millionaires out of a few while the cream of American manhood would be slaughtered on the field of battle for nothing but profit. It was and is, folks. Any war of modern ages has been the same old thing. We don't need it.

LES BEAUX ARTS CLUB

Les Beaux Arts Club met in the Club Room May 9th with Mrs. C. B. Morris and Mrs. Frank Bourland as hostesses. Miss Mildred Martin was welcomed as an active member.

A very interesting program was given on the birds and wild flowers of Texas by Mrs. Taylor and Mrs. Word. These talks were illustrated by slides. Mrs. Lester Schull gave a whistling solo which was enjoyed very much by all.

The hostesses served delicious refreshments to nineteen members and Miss Lawrence, Mildred Martin and Mrs. Lester Schull as guests.

PATHFINDER CLUB

The Pathfinder Club met Friday May 8, in the club room for the final meeting of the year. The subject for the afternoon's study being "Indian Folk Lore and Music". The club room held a most interesting exhibit of rugs, pottery, baskets, dolls and bead work, with an authentic Indian Tom-Tom holding a prominent place.

The club was opened with a moments silent prayer, after which Mrs. Rathjen read Riley's prayer for all mothers every where, in commemoration of mother's day. During the business session reports of officers and committees for the year were read.

Mrs. Simmons Powell was leader for the afternoon and the program was opened by Mrs. Joe Cluck giving a biographical sketch of Thurlow Licerance, composer of Indian Music. Mrs. J. L. McMurtry sang "By the Waters of Minnetonka"; Mrs. Simmons Powell gave some Indian songs as piano numbers; Mrs. U. J. Boston gave the history of the Indians who were formerly in Texas. Mrs. Allen Bry-

an played "The Indian Love Call" and Mrs. R. Y. King concluded the program with a very interesting paper on "Indian Tribal customs and ceremonies."

After adjournment the hostesses, Mrs. L. N. Cox and Mrs. C. T. McMurtry served lovely refreshments to twenty eight members and two guests, Mrs. Ralph Keyes and Mrs. Roy Ingram.

JOLLY GROUP CLUB

The members and their families enjoyed a picnic supper Wednesday evening out at Indian Gulch.

Those going were Mr. and Mrs. Sloan Baker and family, Mr. and Mrs. Dick Bain and family and Mr. and Mrs. Fred Russell and children.

CIRCLE MEETS AT CHURCH

Mrs. Bogard was hostess to Mrs. Lumpkin's circle of the Presbyterian Auxiliary when they met at the church Wednesday afternoon. Strawberry ice cream and cake were served to the members during the social hour.

T. E. L. S. S. CLASS

The T. E. L. S. S. Class entertained the mother's with their annual party at the Baptist Church last Thursday at three o'clock. There were about eighty elderly mother's present, Mrs. H. Crone was presented a lovely angle-food cake. She was the eldest, being 88 years old. Mrs. Floyd Ollere received the lovely bouquet as the youngest mother.

The Program: Song by the class; Prayer by Mrs. Hudson; Song by Hulda Jo Cauthern, Marie Carlile. Song by Mrs. Earthman, Mrs. Cauthern, Mrs. Land, and Mrs. Deal. Picture by Mrs. H. C. Brumley, title The Old Rugged Cross, music by Eloise Hill. Reading—Mrs. W. C.

Stewart. Talk by Mrs. W. B. Sims, and a beautiful tribute to the Mother's by Rev. King. Cake and punch was served.

42 CLUB

Mrs. Harrison Simpson entertained the 42 Club at her home Thursday evening. Games of 42 were played at 3 tables.

Mrs. Harrison served an ice course refreshment after the games to invited guests, Mr. and Mrs. McHenry Lane. Club members, Messrs. and Mesdames Van Kennedy, Frank Heath, Roy Ingram, Marvin Warren, C. W. Gallaway, Ralph Andis, and Joe Bownds.

Members are requested to bring thimble and needle. Mrs. Fink, president.

AT THE FIRST BAPTIST CHURCH

J. Perry King, Pastor

There is Always Worship Fellowship :: Service

In the eleventh chapter, twenty eight verse of Matthew we find the most cordial invitation ever given to a tired world. A haven of rest whose benefits are permanent and life giving to all who resort to such a retreat. A conquest whose consummation is a complete realization of the desire of a tired heart. Come! Come unto me! Come unto me all ye that labor! Come unto me all ye that are heavy laden, and I will give you rest. These words are both invitation and welcome. They open the door and give assurance of a loving reception. We need not be afraid to accept this invitation. They are the words of Christ himself. He knows the thoughts and imaginations of the human heart. He knows our need to-day, and says come! This invitation includes the weary worker as well as the weary wayfarer and worshipper. It also includes the weary working. To all such Christ gives body rest, nerve rest, mind rest, because he gives spiritual rest. The greatest haven of rest known to man. Follow Christ through the Lord's Day and note carefully the benefits derived to yourself and those about you.

To Our Naylor Community Friends

We wish to express, in our feeble way, our heart-felt appreciation for the many courtesies shown us by our friends in the Naylor community.

Looking back over the four years we have spent in your midst, as we think of each family and individual, there is hardly a one but which recalls some special favor or kindness shown us that we will keep treasured in our hearts.

It has been a pleasure to have had the opportunity to work for you and with you in all of your community interests.

Your kindness and generosity have made us feel that you are our true friends, and that we will always be welcome here. These things are more gratifying than we can express. So we can only say, "Thank you, each one," and be eternally grateful to the good Lord for giving us such rich blessings.

Mr. and Mrs. E. H. Estlack, and Rochelle.

A Hike The day was new; the sky was clear. The autumn leaves were bright. We walked through groves of balmy spruce And broke the frost so white.

The sun rose high above the trees; It peeped among the grass. It licked the frost from the leaves And kissed us as we passed.

JULIA LOU TINNEY. (The above was written by a school girl of Wheeler, and printed in the Wheeler Times last week.)

Mrs. James Patman is due to arrive for a visit Monday with her husband's parents, Mr. and Mrs. J. T. Patman.

Parent-Teachers in Closing Session Thursday

The Sims P. T. A. held the last regular meeting for the school term 1935-36 in the Junior High School auditorium Thursday, May 7th, 1936. There were about 65 present.

An interesting Mother's Day program was rendered by all the children of the first grade. The program was as follows:

Songs—First Grade: Welcome, Mothers. Help Your Mother Each Day. Mother, Dear, I Love You. We're Glad To-day.

Reading: Mother—Lila Bole. Song: Why We Love Mother—Group.

Reading: My Mother's Pie—Mary Ann Bromley. Acrostic: Mother—Group.

Reading: For Mother—Freddy Rathjen. Reading: Only One Mother—Elise Norwood.

Songs—Group. The Frog. The Scarecrow. The Train.

The High School Band under the direction of Mr. Ray Robbins rendered several beautiful numbers.

At the close of the business session Mrs. E. F. Kirtley, the president of the P. T. A., expressed her appreciation for the work done by the organization, and for the cooperation she had received from the P. T. A. while being the president. Then the assembly gave Mrs. Kirtley a rising vote of thanks, expressing appreciation for the very efficient work she did as president of the P. T. A.

Mrs. Headrick's room won the rewards for having the most representatives present.

The P. T. A. adjourned to meet again in Sept. 1936.

West Texas, Ain't She Great!

Flowers blooming, bullbats booming! Birds are singing everywhere; Cattle lowing, calves are growing; Coyotes seek their lonely lair.

Grass abundant, weeds redundant From the gentle, warm, spring rain;

Land resplendent, moon hangs pendant, Nature cries with growing pains.

Drought has ended, range has mended, Lamb and kid crop, what a sight Come and greet it, you can't beat it.

Country filled with pure delight.

Land of sunshine, gone the "moonshine," Sparkling water, cool and straight;

Business snappy, people happy, Western Texas, ain't she great! —Col. C. C. Walsh.

The above poem was written by Col. C. C. Walsh, chairman of the board of the Federal Reserve Bank of Dallas. He formerly resided at San Angelo where engaged in the cattle, sheep and banking business.

Parik on Island

Plans are being made for the development of Padre Island, off the coast of Texas, as a park which would be one of the most unusual parks in the world. The island stretches along the Texas coast from a point near Corpus Christi to near the mouth of the Rio Grande. Feature attraction would be a scenic highway which would permit motorists to drive the length of the island only a few yards from the gulf surf. The island is well known for its deep sea and bay fishing.

Shrine in Alamo

In the Alamo, historic shrine of Texas' revolution, at San Antonio, there stands a memorial shaft to its fallen heroes, erected as the gift of natives of the province of Nagashino, Japan.

Vegetable And Fruit Growers Are Included In Soil Conservation Program

College Station—"Texas fruit growers, truck farmers and other vegetable growers will be able to earn payments under the Soil Conservation program," A. L. Smith, state agent assigned to conservation work in Texas, announced.

Smith pointed out that land that has been in vegetable crops will be counted in acreage used in determining the soil-building allowance if planted to winter cover and green manure crops, provided that such crops are turned under as green manure. However, the crops must have been growing at least two months, before being turned under.

"This classification of acreage," Smith said, "will be used only for the purpose of determining soil-building allowances. The number of dollars for soil-building payments cannot exceed the number of acres in soil-conserving crops on the farm in 1936.

"In regard to fruit growers," Smith said, "land devoted to orchards, vineyards, small fruits and nut trees is included as crop land under the program."

If such land is clean cultivated, it is classified as neutral. If it was used in 1935 to produce an interplanted soil-depleting crop, the actual acreage so used is classified as soil-depleting. If it is interplanted with a soil-conserving crop, the actual acreage is classified as soil-conserving.

The provisions governing rates of payments and qualifications are the same on the interplanted part

Mrs. Wilkerson Announces For Re-election

The Leader is authorized by Mrs. R. Wilkerson to announce her candidacy for re-election to the office of county treasurer of Donley county.

She asks the consideration of the voters on her past record of efficient administration, and courteous treatment of the public. She is deeply grateful for the consideration shown her in the past in enabling her to provide for her family. Every voter is assured of her grateful appreciation for their vote and influence in the present campaign.

R. Y. King returned Thursday from Dallas where he had been on business.

of all land devoted to orchards, small fruits and nut trees as on other crop land.

The only known dinosaur tracks in the entire world will be on exhibit at the Texas University Centennial Exposition in Austin during the summer and will later be transferred to the Texas Memorial Museum, construction of which will get under way as one of the opening ceremonies of the University Exposition. The dinosaur tracks were recently found in a seventy-five foot sheet of Glen Rose limestone.

Be Sure They Properly Cleanse the Blood

YOUR kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as nature intended—fail to remove impurities that poison the system when retained.

Another Honest Man Bobs Up

After making the third trip to town to see Judge Lowe in quest of county funds with which to purchase food for his family, J. H. Whisenant received \$3 some five weeks back. At that time he stated that he could not return home without taking his wife and children something to eat.

Since then dame fortune has smiled upon him. To the extent of \$3 at least he returned that amount to the county treasurer here Saturday afternoon.

It was simply another case of a deserving man being in a pinch, but willing to tote fair if given an even break.

winter either. This year we can raise them and learn how to store them, and they will be a big help to us. Besides that, I want some herbs like my grandmother use to have. They have to have a place that doesn't get plowed up every year, and if we have an acre of garden we can have a place in there. And we can have an asparagus bed, too, that does not get plowed up. And we need 70 bushels of corn for every work critter we have."

"Ma," the head of the family may say, "You know we never have fed old Beck any 70 bushels of corn in a year. What is the use of putting it down now? Might get some money from the Government for that land if we don't plant it in corn."

"No, you won't either," the lady of the house can reply. "You just as well plant it for old Beck because the county agricultural agent came before our home demonstration council and told us the Government was not going to pay any farmer for any land that he took out of corn if his work stock and his folks didn't have enough. And the Government don't think you've got enough unless you've got the 20 bushels for every person like I was talking about, and 70 bushels apiece for each head of work stock."

"I tell you what you can get money for though, Papa, and that is if you plant me a nice pretty grass lawn all around the house, you can get paid for that at the same rate you get paid for planting grass in the pasture."

"All my life I've been wanting a lawn. It looks so cool like. And it helps keep the house from being so dirty. And the children don't get their clothes near as dirty if they play on the grass as when they play in the dirt. It makes the washing easier."

"Besides that, everybody that passes the house would say, 'Look at that pretty lawn', like they do when they pass Mrs. Jones' place. Now, her house isn't a bit better than ours, but it looks a lot better because she has that lawn around it that looks like a great, green, velvet carpet."

"Papa, when you sign up that cropping plan with the county agricultural agent, sign up for an acre of lawn around the house, won't you please?"

Payments to Veterans
World War veterans will receive a settlement of their adjusted service compensation very soon after June 15, according to the Treasury Department.

Under the law passed at the present session of Congress, the bonds by which payment will be made cannot be delivered before June 15, which is the date they become effective. The bonds have been printed and have been sent to the Federal Reserve Banks for distribution.

Because of the mailing problem which would be created by the release of 2,000,000 letters all at one time, the payments will be mailed in large batches. Within a short time after June 15, every veteran who has had his application approved is expected to receive a registered letter containing his settlement.

Applications are being received daily, and it is estimated that there still be 700,000 applications on hand when payments are started. These are ones which have recently been received or about which correspondence has been necessary.

They will be taken care of as quickly as possible.

The letter which the veteran receives will contain the bonds in denominations of \$50, and if there is a sum less than \$50 due, this will be in the form of a Treasury check. No other person except the veteran can sign a receipt for the letter containing the bonds.

Bonds may be converted into cash by application at any of a large number of post offices throughout the country. The list of these has not yet been announced but there will be 250 or 300 of them.

Payment through Local Post Office

The Treasury Department explains that it is not necessary for the veteran to call at one of these post offices in order to have his bonds converted. If he does not live near one of them, he can make application to his local postmaster, who will certify to his identification. The bonds desired to be cashed will be forwarded by the local postmaster to the nearest post office making disbursements. A check will be sent back immediately to the veteran.

It will probably be more satisfactory for the veteran to cash his bonds through his local postmaster so as to avoid any problem of identification.

All bonds will be dated June 15, 1936, and will run to June 15, 1945. They may be exchanged for cash at any time during the first year at their face value, and if held one year from the date of issuance they may be exchanged with an additional three percent interest.

The law provides that the bonds shall not be transferable, and cannot be assigned toward purchases. They are payable to the veteran only, and can be cashed only by him.

The Department says that every effort is being made to deliver these bonds in order that veterans who desire the cash now may receive it with the least possible delay.

The Farm Credit Administration reports that they are receiving many inquiries from veterans who wish to use their payments toward purchasing farm homes.

DELUGE FLOODS LAKE CREEK AREA

Five Inch Rain Destroys Terraces in Several Sections

It had been a long time since farmers found their fields too wet for plowing, but such was the case the last days of last week following the big rain of late Thursday evening.

A five inch rain is said to have fallen in the Chamberlain community destroying some of the best terraces. The heaviest rain extended from that section to the north-east including Lelia Lake and to Salt Fork. Lake creek was the highest ever known, some of the old timers stated.

Harve Smith, mail carrier on Naylor route failed to make his rounds, but went over the route to the flooded area from two directions.

Wind tore off a part of the roof of the Hedley compress and wrecked a small office building on the east side, it is reported.

The rain area included all of Donley county in varying quantities of two to five inches. The dams in Clarendon stood a rigid test and came through without damage.

Monday, hundreds of farmers were replanting, and some before then where the ground was dry enough. Fields washed badly again, emphasizing the necessity of broad, high terraces.

Miss Clara Lowrance of Iowa Park is a guest of Mrs. Cap Morris this week.

Harold Phelps, manager of the Foxworth-Galbraith lumber interests at Smyer, Texas, spent the week end visiting relatives and friends in Clarendon.

The Dunn Museum of Corpus Christi has loaned to the University of Texas a general exhibit of Texas Ranger equipment, which will be shown during the University Centennial Exposition in Austin, June 6 to December 1.

Orders for Texas Centennial half-dollars, proceeds from the sale of which go into the building fund of the Texas Memorial Museum to be erected on the campus at the University of Texas, are being received from every state in the union, according to Beauford H. Jester of Corsicana, general chairman of the Museum Centennial Coin Campaign.

Riley Vouches For Rain Sign

Disregarding all appellations applied to rain prognosticators—either newcomers or what not—J. N. "Nels" Riley of the Sunnyview community brings out a new one. The rain sign is not new to him, he hastens to assure a doubting public.

Mr. Riley takes note of nature's laws. From this information he is thus enabled to foretell the rain end of the weather for the season.

"When the black locusts blossom profusely," he says, "It is most sure to be a dry summer." The locusts did not blossom much this spring, and Mr. Riley assures his weather customers that rain will be more plentiful this growing season than for some years.

As one of Donley's most successful farmers and an outstanding citizen, Mr. Riley stakes his reputation on the locust theory which will be watched with interest. If successful, little will be said. If a failure—well Mr. Riley might as well get ready to "eel fish" in Louisiana again.

Chevrolet's Built-In Trunks Appeal to Buyers

Built-in trunks, an innovation only a few years ago, are now predominantly favored by the American motoring public, and according to figures revealed by the Chevrolet Motor Company, they may be said to be on the way to becoming almost universal.

As a result of the public's preference, Chevrolet is now building 94½ per cent of its Master sedans and coaches with built-in trunks, while 82.9 per cent of its Standard sedans and coaches are trunk models. In 1935, when the Master line alone offered trunk models, only 33.8 per cent of the sedan and coach buyers ordered them with trunks.

An important factor in the popularity of the trunk models is the motorist's appreciation of the added convenience and protection gained by carrying the spare tire in the trunk. Tires carried within trunks are better guarded against theft than when mounted outside, and are fully protected from the damaging effects of sunlight and weather. In addition, they are easier to handle when a change of tires is to be made.

Extra cost for trunk models also is less this year than formerly, and is further reduced to a sum little more than nominal because the purchaser of a trunk model automatically saves the price of a metal tire cover and a tire lock.

Built-in trunks are, in addition, more commodious than the attached trunks of a few years ago, and have eliminated most of the difficulty and inconvenience of carrying luggage on a long distance trip.

"THE TRAIL OF THE LONESOME PINE" IS SEEN AS MOTION PICTURE MILESTONE

"The Trail of the Lonesome Pine," first natural-color motion picture of the outdoor, opens Wednesday and Thursday, May 20-21st at the Pastime Theatre, with Sylvia Sidney, Fred MacMurray and Henry Fonda in the starring roles, and Fred Stone at the head of the supporting cast.

"The Trail of the Lonesome Pine," based on John Fox, Jr.'s famous novel of the same title, marks a milestone in the history of the movies. It is the first picture in which the color element is taken as a matter of course, and subordinated to the story-interest.

Filmed entirely at Big Bear, California, where the scenery almost duplicates that of the Cumberland Mountain region where Fox's novel is set, "The Trail of the Lonesome Pine" tells how an ancient hill feud involving two families, and resulting in dozens of

deaths, is affected by the inroads of civilization, in the person of a young engineer who arrives to construct a railroad line through the region.

Color is handled in an entirely new fashion in the film. Henry Hathaway, who won fame through direction of "The Lives of a Bengal Lancer," revolutionized accepted technique in his direction of "The Trail of the Lonesome Pine" by insisting that bright colors be eliminated because they detract from the story and characters. He accentuated the realism of the settings by employing only natural shades, with mountaineers' cabins of weather-beaten lumber and rough-hewn logs; costumes of dull shades; and makeup of the players reduced to a minimum.

The battles between the hill folk, and the three-cornered romance in-

JOHN T. SIMS, Mayor.

Involving Miss Sidney, MacMurray and Fonda, are stressed above tricky color effects, it is claimed. The picture was made by the new Technicolor process.

THE GREAT CONTROVERSY

W. Wallace Layton, Minister

Identity of the N. T. Church Article XIV

Having shown that the Church of Christ in Clarendon is scriptural in its origin, we now invite your attention to the name. Many and loud have been the contentions that "there is nothing in a name", yet God saw fit to name Christ's followers. "To Him the porter openeth; and the sheep hear his voice: and he calleth his own sheep BY NAME, and leadeth them out." (John 10:3) He that says there is nothing in a name only expresses his profound ignorance of God's Word. Lets us see: We are to baptize "IN" the name of Christ; who would say it would be just as well to baptize in the name of the devil? And yet if there is nothing in a name, it would make no difference which name we chose in which to baptize. But some one says, "Yes, but God said pointedly to baptize in Christ's name!" Certainly, he also said pointedly that "his sheep were

named" so it is all important to know this name and wear it. If the Holy Spirit thought enough of names and their distinguishing characteristics, to designate our name to be "Christian," then we should not supplement a divine appointed title—"the disciples were called Christians first in Antioch." (Acts 11:26) "If any man suffer as a "Christian" let him not be ashamed, but glorify God IN THAT." (I Pet.4:16)

The early disciples were called "Christians" hence that is our family or individual name. But a collective body of "Christians" are a church (or congregation). What is its name? Christ said, "I will build MY church" (Mt.16:18) Paul addresses the "Church of the First BORN" (Heb.12:23); the first born is Christ—(Col.1:18) Would the great Tribunal approve the name "Church of Christ"? When Paul wrote to the Roman church from Corinth, he sent the salutations of the several congregations of that vicinity, most of which had been established by Paul himself, according to the pattern as outlined in last weeks article. He said, "The churches (congregations, church in a local sense) salute you". (Rom. 16:16) It is not the "Christian church", for we "Christians" do not own it; but we "Christians"

compose the church, which is Christ. So to be known as "THE CHURCH OF CHRIST", as we are in Clarendon, is to be scriptural in name. (Continued.)

MIDWAY SCHOOL SLANTS

Lucille Goldston

Well folks, you haven't heard from us for a while but we are still on the map, even more than ever. Next week school will close with a bang. The school term of 1935-36 will come to a close. We are planning to end it in a big way. The play "Aunt Emma Sees It Through" will be presented on Wed. night, May 20th. We invite the public and we believe it is going to be a wow!

The seventh grade graduation exercises will be Thursday night, May 21st followed by a short program by the fifth, sixth and seventh grades. Lucille Goldston is valedictorian of the graduating class and Mary Sue Stone is salutatorian. Mr. R. E. Drennan, dean of the Clarendon Jr. College will make the address. Everyone is invited to this "big event. (The seventh graders think it is) We save the best for the last.

On Friday, May 22, (the very last day) a big picnic with lots of fun and goodies will end this school term and the school pupils will be free - - free from school books and hard lessons for three whole months. Yes, free to chop cotton, and yet we hate to see school close when we won't see that yellow bus coming over the hill and the little white schoolhouse by the side of the road. Then after vacation we'll all be ready for lessons and these familiar sights again.

We have one week of lessons, one week of exams and then—we've already told you what is next.

We have played three baseball games in the last month and haven't lost a one.

If you wish to see a home talent play, don't miss the comedy at Midway, May 20th, Wednesday night.

Senator C. C. Small Announces Again

Political creeds were forgotten this week as Donley County recalled the favorably legislation sponsored by Senator Clint C. Small, whose announcement was made that he again will be a candidate for re-election to the Texas senate.

It was remembered that he is one West Texan who has retained more than a sense of loyalty for his native land while serving at Austin.

"Senator Small is not only true to the Plains, but he has the devotion for the area that breeds statesmanship," friends in Clarendon said.

The senator has pledged a continuation of his humanitarian policy, designed to see that no one "usurps the rights of the common man." He has declared his championship of prompt payment of old age pensions and adequate support of schools.

While the senator's highly regarded position in the senate was gained as a result of his conservation measures dealing with soil, gas and oil, he is equally acclaimed for the steps he has taken to tide the farmer over the West Texas drouth period. The burden of taxation has been lifted from the farmer as the senator made a speciality of soil erosion work.

SENATOR CLINT C. SMALL

His law returning the entire four-cent gasoline tax to farmers for fuel used for farm purposes has brought more money back to the 26 counties in the 31st Senatorial District than has been paid out in ad valorem taxes.

The measure, sponsored by the senator, which allocates one cent of the gasoline tax to payment of county road bond indebtedness, has taken a \$4,015,993 debt off the taxpayers in the district. It, at the same time, assumed payment of \$2,528,415 in interest on the bonds.

The same law allocates two cents of the gasoline tax to the public school system and is largely responsible for creating a surplus of \$3,500,000 in the education fund.

Senator Small has said "the pensions will be paid promptly" but he also said the expense of administering the old age compensation "must be held at a minimum."

Attempts to divert the school surplus to the pension fund will be opposed by him, he told school men in Amarillo last week.

"Other revenue must be found for the pensions," he declared, "and that surplus retained for educational emergencies."

The senator, widely known for his leadership and influence in the Texas Legislature, began his career of public service at Wellington in 1912 following his graduation from Texas University. He first had attended the Panhandle's initial educational institutions at Clarendon and Goodnight.

His sense of justice and fair play, identified as determination to protect the common man against usurpation of his rights, was acquired as he first studied the fundamentals of government in the little rock cabin built by his father on a Collingsworth county homestead.

Miss Harvey Lou Strawn of Amarillo spent the week end with her parents Mr. and Mrs. W. H. Strawn.

Neighbors Contribute When Fire Destroys Home

The generosity of neighbors found grateful hearts in helping Mr. and Mrs. T. W. Eanes in getting started in housekeeping again after a fire last week destroyed all of their effects.

The papering being completed, Mr. and Mrs. Eanes had come to Clarendon for linoleum for the floors when the fire, starting from some mysterious origin, destroyed the building on the Taylor place occupied by the Eanes family.

Bedding, housekeeping effects, fruit and money were the principal contributions. The generosity of friends and neighbors over this section is unbounded when need comes. Mr. and Mrs. Eanes are most grateful to those kindly remembered them with voluntary assistance, as expressed in a conversation Mr. Eanes had with a member of the Leader force.

Hall County Tax Collector Dies Wednesday Night

J. H. Bownds, brother of Joe Bownds tax collector of Donley county, died in Memphis at 2:30 this Thursday morning.

Mr. Bownds was taken ill Thursday night of last week, suffering a stomach derangement. He had been assessor-collector of Hall county for four years, but because of poor health, was not a candidate this time.

His brother, Cleve H. Bownds, died just a week preceding. He also was a resident of Hall county.

The legion of friends of our fellow-townsmen, Joe Bownds, deeply sympathize with him and other relatives in this great burden of grief.

Dog Poisoners Make Life Miserable for Owners

There appears to be nothing that strikes terror to the owner of a dog quicker, or more forcible, than to see his pet writhing in agony. The owner must stand idly by because there is nothing that can be done to relieve a poisoned dog after he is down.

Some dogs have been poisoned here the past week. Folks who have pets running at large, either dog or cat, don't put out poison. Before accusations are made, one should be very careful to make sure of a basis of reason for believing any one guilty.

There is much concern about the poisoning here, and many are of the opinion that those guilty will now take a saner view of the matter since the grief such an act causes.

Farmers Must Sign Contracts Before Saturday Night

Announcement is being made by county agent Breedlove that those who wish to sign the new agricultural contracts, and have not already done so, must see the county agent this week.

Most all of the producers have signed up, he says, but a few have been neglecting the matter. The time limit is near at hand.

Graduates Hear Sermon at Methodist Church

Graduating classes of Junior High, Senior High and the College heard Rev. J. Perry King preach one of his very best sermons Sunday night at the First Methodist church.

Graduating exercises for each of the schools are being held this week, and the term of 1935-36 will be a matter of history after Friday night.

Landreth to Hold Revival At Quanah Soon

Rev. E. D. Landreth, pastor of the First Methodist church, will conduct a revival at the Methodist church in Quanah beginning next Sunday night. The revival will continue for two weeks.

Rev. Bill Thompson of Childress will have charge of the music.

Mr. and Mrs. Perry Powell and family of Amarillo spent Sunday with his sister, Mrs. J. R. Porter.

Chamberlain Community Will Entertain Singers

A singing is announced for the Chamberlain school next Sunday at 2 p. m.

Supt. Bill Todd asks the folks to be on hand promptly. Large numbers attend the excellent singing meets at this point. The entire public has a cordial invitation to take a part.

Mrs. Marguerite Goodner and Tommy spent the week end visiting her sister, Mrs. Upshaw.

Mrs. Griggs, Gallaway and Lotta Bourland spent week end in Oklahoma City.

Mr. and Mrs. K. S. Cox and Mrs. Tom Tucker and two boys, Walton and Javan, spent week end at Giltown, Texas.

Mr. and Mrs. Everett Clark of Gainesville spent the week end with Miss Lottie Lane.

Mrs. Bruce of Claude spent the week end with her brother, W. A. Davis.

Misses Opal Pyle and Lois Alexander of Lubbock visited relatives here Sunday.

Mr. and Mrs. L. D. Perry of Amarillo visited his mother, Mrs. L. D. Perry Sunday.
