Final Judging of City Yards In Contests Will Be Held Tomorrow

The final judging on lawns in the Clarendon Yard Beautiful contests will be held tomorrow, J. R. Gillham, secretary said yesterday. Miss Majory Lyon, Childress Home Demonstrator has been selected for the classification.

Miss Lyon judged the yards in June and was followed by Miss Margaret Mosier of Wellington.

Clarendon Youth Appointed Student Instructor

A well deserved compliment is paid Jack Draffin in his recent appointment as student instructor in the chemistry department of the State University. He will visit homefolks here next week.

SEASON OPENS ON DOVES YESTERDAY

Rigid Regulations Govern Hunting of Mourning And Whitewings In County

Local nimrods took to the fields yesterday in quest of Doves as the season opened under existing rigid regulations.

The combination of Federal and State laws permits an open season on mourning and white wings in the counties of Childress, Cottle, King, Stonewall, Kent, Lynn, Terry, Yoakum and counties north and west thereof, from September 1 to October 31 inclusive.

It will be necessary to check the State Regulations before hunting in these sections, D. A. Gilchrist, Regional Director said in a letter to H. M. Breedlove. The bag and possession limit is 15 mourning or whitewing, or not to be exceeded in the aggregate of both.

No repeating or automatic shotgun holding more than three shells is permitted. The magazine of a repeating or automatic shotgun must be plugged with a wooden or metal filler incapable of removal through the leading and thereof so as to reduce the capacity of said gun to not more than three shells. This applies to all doves and ducks.

Migratory game birds may be taken with a shotgun only, not larger than 10-gauge. No rifle of any kind is permitted. Permission must be gained before hunting on private land and it is a violation of the law to shoot along a highway or from an automobile.

P. W. C. Association Meet In Amarillo 8th

President John McCarty of the Panhandle Water Conservation Association calls attention to a meeting of that body in Amarillo September 8th. Citizens and officials of the five-state dust-bowl area are expected to be present.

The purpose of the meeting, he says, is to hear the report of Carl Hinton, the secretary, on his activities in connection with the legislative program. The program is to begin at 10 a. m. with a barbecue at noon. Special honor is to be shown Cong. Marvin Jones and senators who aided in securing the appropriation for the lake and pond development.

Services Held For Fed McAnear Friday

Died at His Home Near Goldston Thurs. Afternoon

Funeral services for Fed McAnear, 65, who died at his home near Goldston at 2 o'clock Thursday afternoon, were held at the First Baptist Church here Friday afternoon. Rev. J. Perry King officiated.

Mr. McAnear was born in Clarksville, Red River County, Texas June 21, 1872 and was married to Miss Virgie Ringwald, April 27, 1913.

He moved to Donley County in 1919 where he has resided since that time.

He is survived by his wife and nine children; six boys, Granville, Selkirk, James, T. W., Junior and Sammie McAnear; three girls, Lorean, Lucile and Mary McAnear; two sisters, Mrs. W. L. Ballentine, Roston; Mrs. Ned Scuff, McLean.

Interment was in the Citizen's cemetery.

Pallbearers were Murl Rattan, Tom Roberts, Jim Peggram, Neely Hudson, Zoro Hudson and Joe Dill.

In charge of the flowers were Helen Speir, Bonnie Hendrix, Edith Roberts, Elgin Risley, Lillie Ruth Hall and Dorothy Parker.

Lelia Lake Woman Ends Crime Wave

Modest Housewife Proves Bane of Bandits In Small Community

Living in an isolated community of only a few hundred persons, a modest housewife, Mrs. John Howard of Lelia Lake, is credited with the capture of 14 law violators and breaking up a series of burglaries.

She proved not only the guardian of her husband's store, but the protector of the entire short main street in her home town.

Burglars, ranging from petty robbers to postoffice bandits, have been apprehended as a result of Mrs. Howard's diligence and the once directed officers during a running gun fight which ultimately resulted in the capture of two desperadoes, upon whose conviction Mrs. Howard was rewarded by the Federal Government.

Only three of 17 who attempted burglaries at Lelia Lake in the last number of years escaped, and of those, two left a trail of blood after a gun battle with Mrs. Howard's husband and son.

Reluctantly telling her experiences, she said: "When we first came to Lelia Lake robberies were so frequent my son, Lon, decided to make an alarm system. Since then all I do is to call the officers at Clarendon and they come the seven miles in less minutes than that."

But Guy Pierce, sheriff of Donley County, declares Mrs. Howard is too modest. Pierce asserts that when he took office in 1932 Lelia Lake was noted for its lawlessness. "Since then we have arrested and convicted 14 persons on the strength of Mrs. Howard's assistance," he declared. "The burglar alarm did not play an important part in catching the postoffice criminals, who went under the name of the Jackson gang.

Mrs. Howard's suspicions were aroused by their actions and she watched them for two hours until they entered the postoffice. She called us then, but the gang had

finished knocking the knob on the safe and had run out in the dark. Mrs. Howard, knowing the roads, directed us in our search, which ended when the bandits wrecked their car after a running gun fight."

In almost every instance Mrs. Howard notified the officers in time for captures either in the stores or as the robbers were leaving. And though she refuses to admit her part, Sheriff Pierce insists she broke up the prevailing crime wave. There has not been a robbery in Lelia Lake since 1933.

During an electrical shower about three a. m. Tuesday, a chimney on the new school building was shattered by a bolt that also tore plastering from the wall of the class room below.

Approximately a half inch of moisture fell. Reports show the rain reached beyond the Sam Evans farm northwest of Ashtola, and west to and beyond the Dr. Rhoades farm. The fall is said to have been general over the community.

LOCAL CITIZENS SEE MEXICO CITY

Modern Highways Make Going Easy Over Mountains In Land of Aztec

All those visiting modern-day Mexico are as one in describing the natural beauty, excellent highways, modern hotels and courteous citizens of the republic on the south.

Speaking of their trip, F. A. White pronounced it great. Several days were spent in Mexico City. Side trips were made to the Pyramids and many other places of interest to as far west as 148 miles of the Pacific.

Hotels are modern, food first-class. "There is no indication of a disposition to hold-up prices on the visitor," Mr. White said.

Some points on the national highway reach a height of 10,500 feet, but no snow was seen. This is in the tropics. "We saw fields where the farmers tied themselves to stakes to avoid falling down the mountain side," Mr. White stated. The fields in some instances are but a mere patch, but apparently grow fine products of limited varieties.

In the party were Mr. and Mrs. F. A. White, Miss Jessie Ingram, Mrs. Gene Herd and Harold White. Mrs. White stopped at Rising Star on the return, where she will spend several days with relatives. The party arrived home Sunday from a trip of some 4,000 miles with no mishaps except two tube "pinch-outs." The distance from Laredo to Mexico City is approximately 763 miles.

Visitors See Many Pleasant Sights in California

Returning home this week from California, R. A. Brame is enthusiastic in enumerating the many places visited by his party. He tells of luxuriant fruit crops and beautiful scenery. In fact he admitted that he liked the Pacific coast country very much.

In this touring party were Mr. and Mrs. Brame and Mr. and Mrs. Thomas Clayton. They spent about three weeks looking over that section.

First Trench Silo Demonstration For Year Set For Tues.

To Be Held On Bridges And Sawyer Farms

Farmers of Donley County will be given an opportunity of gathering more knowledge in trench silo filling when the first demonstration of the 1937 season is given at the Clyde Bridges farm in Hedley Tuesday.

About 125 tons of feed will be stored in the trench, according to Mr. Bridges who said he decided to refill after finding the success of last year's pit.

Another trench is being dug on the Forest Sawyer farm north of Clarendon and a second demonstration will be held there Tuesday or Wednesday, County Agent H. M. Breedlove said.

Donley County farmers are fast being convinced of the importance of trench storage, Breedlove said, and several had already been filled this year without instructions.

Leading the Panhandle last year with 75 silos, Breedlove recently estimated the number this year "may exceed 135."

Old Clarendon Public School Bell to Ring With Old Memories

Silent for the last few years, the approximately 50-year-old Clarendon Public School bell will ring again on a special belfry on the Clarendon Junior High campus.

The combination belfry and band stand was completed yesterday by Speed Brothers, contractors, and unites old sentimental materials with modern day usage.

The structure is built with Colorado sand-stone, brought here in 1890 to go into the present court house, and recently bought by the school board when the cupola and top room was removed.

Electric wires for lighting and amplifiers for loud speaking equipment now run through its gleaming white walls. While atop the roof the bell rests majestically.

The platform may be used for band concerts or public speaking with space for thousands of cars below.

Rodeo To Feature Hutchinson Fair

Champions To Participate In Southwest's Fastest Show For 1937

BORGER, Sept. 1.—The entire Panhandle of Texas is invited to attend the Junior Chamber of Commerce rodeo, opening feature of the Hutchinson County Fair, at Borger, Sept. 6, 7, and 8.

The Southwest's greatest rodeo of 1937 is promised by Vance Rhea and Lon Blanscet, co-sponsors of the three-day affair.

Attractive purses will draw champions and former champions. One of the feature attractions in conjunction with the regular rodeo events is the appearance of Mary Harral, Roswell, N. M., former world champion bronc rider. Miss Harral has made appearances at Butte and Great Falls, Mont., Pendleton, Ore., Elk City, Nev., Soda Springs, Ida., and Odgen, Utah.

World-famous cowboys to participate in the events are Eddie Curtis, El Reno, Okla., world's champion bronc rider; Eddie's brother, Andy, who won the bulldogging event at the XIT ranch celebration at Dalhart recently; John Lindsey of Wichita Falls, world's best rodeo clown and his trick mule, "Hoover"; Dan Wilcox, Tulsa, Okla., trick rider and champion roper; Shorty Ricker; Gene Ross; and many others.

Man Charged With Drunken Driving After Mad Chase

Posts Bond of \$500 Sunday Following Arrest Near Goodnight

Following a mad chase of over 30-miles, in which their speedometer sometimes touched over 90, officers here Sunday night filed drunken driving charges on a Childress man who posted bond at \$500.

Jack Peabody of Hedley was the first officer in the chase. He followed the speeding car to Clarendon where Sheriff Guy Pierce augmented. The man was stopped three miles west of Goodnight.

Pierce said the heavy car was traveling over 80 and was swerving "all over the road and passing other autos on the wrong side." He quoted the man as saying he was in a hurry to "fill a date" in Amarillo.

Pierce said the man gave his name as Joe Lakey and, for the past six-years, has been employed by the Bell Braden contracting company as time-keeper.

PLYLE CHARGES GAS CO. IGNORES CITY

Commissioner Describes Wednesday Meeting As Hot Air Conference

"The City Gas Company has completely ignored terms set out in the existing franchise," T. M. Pyle, commissioner, said in a heated statement last night. Pyle's statement came after a meeting of officials and the city council which he described as a "hot air" conference. Nothing was accomplished, he asserted, "but it will all be thrashed out as soon as possible," he stressed.

In saying he was talking strictly as an individual, Pyle said the gas company not only refused to accept the 60-cent rate for his personal bill but charged him as delinquent for payment on the 60-cent basis last month.

Their action drew fire from the commissioner who last month advised patrons to pay bills on the 10-cent reduction base.

According to the franchise, a 10-cent reduction on the 70-cent per 1,000 cubic rate was due in Clarendon on June 3, 1937. The gas company, however, has failed to recognize the cut and employees stated last month that consumers paying on the reduction would be carried as delinquent.

Worship Hour Changed At Presbyterian Church

The hour of morning worship as announced by the pastor, Rev. Robt. S. McKee, has been changed to 10:30 a. m. Sunday school will be held from 11:30 to 12 o'clock.

The pastor is anxious that the change be understood for next Sunday. A display advertisement is being run in the Leader this week as well as the regular announcement in the church column.

MEMBER OF PANHANDLE PRESS ASSOCIATION

SMALL WEEKLY COMMITS SUICIDE.

A few small weekly newspapers in Texas continue to cut their own throats by using ready prints, or colored supplements, supplied by large corporations that take advantage of their combined circulation and sell foreign advertising at one-fourth rates while charging double price for the ready print or colored sheets that, from a news standpoint, are not fit for wrapping paper.

National advertisers are coming back, but they are coming in the back way through cut-rate methods of the ready print and colored supplement. At present those who use the colored supplement are running a cigarette schedule. It means nothing to the publisher, and very little to the big corporation pushing the colored sheet into the faces of the gullible. The rate is too low. In fact so low that legitimate weeklies cannot get a cigarette schedule at forty cents an

inch so long as the colored supplement, based on an exaggerated circulation statement, take the advertising at eight cents an inch.

Old patent insides! Long the enemy of the small publisher, is pushing a big Firestone schedule just now. But the weekly publisher 'aint in the picture.' He buys the ready print and thus pays for the privilege of running the ads free. This is proven by the fact that legitimate weeklies carry Firestone advertising just now, and have been all along, at national advertising rates.

One publisher using foreign printed matter in connection with his newspaper, recently consulted his readers. He was astounded to find that few, a very few, had appreciated the article for which he was spending hard earned cash. One business man suggested that a four page, all-home print filled up with live ads and news that was happening around home every week, was the best paper printed from a rural reader's standpoint. Perhaps he was partly right in his deductions. Maybe more will try to find out how their readers feel about the matter.

THE REST OF THE RECORD

BY JAMES V. ALLRED Governor of Texas

Several months ago, when the industrial North and East were paralyzed with sit-down strikes, I issued a statement that we were not going to have any confiscation of property in that fashion down here in Texas. I said I was convinced that the sit-down strike method did not represent the desires of an over-whelming majority of organized labor in our State; and that while I was and had always been friendly to organized labor, it was "un-American and unlawful to sit down on somebody's property and try to remain there." If a man wants to quit a job, or

strike, he has a perfect right peaceably to do so; but after quitting he has no more right to sit down on property or premises without permission than he would have to sit down in a private home uninvited.

The people of Texas approved of my statement because it represented the sentiments of an overwhelming majority of them. We haven't had any sit-down strikes in Texas and have had very little labor troubles as compared to other states.

Now another unfortunate situation has developed. Recently in Dallas a man who was trying to show a pro-labor picture in a public park was kidnapped and taken out into the country by a bunch of hoodlums who tarred and feathered him. Another labor organizer was kidnapped and beaten so brutally that he was laid up in the hospital for over a week. Other outrages of a lesser nature were perpetrated and threats were freely being made as to what was going to be done with labor organizers.

Everyone concedes that labor has a right to organize and to select organizers and leaders of their own choosing. The freedom of speech and the right to assemble peaceably are guaranteed by both State and Federal Constitutions. The brutal treatment accorded these men in Dallas is indefensible. I recall a few years ago when the unfortunate Ku Klux epidemic broke out and many men were taken from their homes at night and flogged because they had violated the laws. The people of Texas rose up in their might and took the position that even if a man had violated the law he was entitled to trial in a courthouse and not in a creek bottom. Today it isn't even claimed that the men who were kidnapped or tarred and feathered were violating any law. All that was said by those who perpetrated the outrages was that the men belonged to the CIO. It isn't a violation of the laws of our country for these men to belong to the CIO, regardless of what we may think of that organization.

In my opinion, it is just as important to protect people from outrages of this kind as to prevent the taking of property from the rightful owners by the sit-down strike or other unlawful method. Because I didn't want to see the thing get started again in Texas I immediately sent twenty-five members of the State police to Dallas with instructions to protect men in their right to speak freely and to assemble lawfully. These officers are instructed not to take sides in any controversy but simply to prevent violence on either side.

I was surprised to get a bunch of inspired telegrams apparently approving the treatment given these organizers because, the telegrams said, they were members of the CIO. I don't care to what organization they belong. If they violate any law they ought to be prosecuted for it; but no set of men has the right to take the law into their own hands and kidnap, or beat, or tar and feather, these men. I think the people of Texas are backing me up in this stand.

Since the State police went to Dallas these troubles have practically ceased. I am very hopeful that the situation will adjust itself without any further trouble.

I really wish the general public could know in detail the many fine things that have been accomplished by the Public Safety Department. I am particularly proud of the intelligence branch. In this division we have fingerprint, handwriting and ballistic experts. This has been a great help to local officers everywhere and, of course, has materially assisted the State in dealing with the more hardened type of criminal.

Just as illustrative of what has been done in the one field of bal-

listic work: As perhaps most of you know men from this department can take a bullet that has been fired and trace it to the gun that fired it by markings on the bullet. They have done this in many instances and solved cases that might otherwise have gone down as "perfect crimes."

For instance, recently in one Texas town a man was murdered at night as he slept. He was not robbed, and officers were at a loss for a motive. They did, however, find shotgun shells of a certain type. They picked up every gun of this caliber in the little town and fired some test shells from them and sent these test shells together with the ones found on the ground in to Austin. The fired shells from each gun had been numbered and the experts in the Public Safety Department shortly advised that the shell with a certain number on it was from the same gun as that fired the shells found at the scene of the crime. It was no trouble to trace the ownership of this shotgun and its use to a negro in the community who promptly confessed the crime. This is just one of a number of similar cases that illustrate how quickly the department can assist your local officers.

Some time ago I had occasion to use the handwriting experts. The State of Illinois had asked for extradition papers on a prominent citizen of this State on a charge of forgery alleged to have been committed in Illinois. The notary public who took the acknowledgment in Illinois identified this citizen and in an affidavit asserted that he had seen him sign the instrument in question. While I was hearing the case I had the handwriting expert from the Public Safety Department to go over the alleged forged deed and compare it with samples of the defendant's handwriting; and before I could close the hearing these experts reported to me that without any question the defendant had not forged the deed. You can imagine how grateful these people were to our Department of Public Safety for the service, which cleared the name of a good citizen of Texas.

From time to time I shall try to tell you more of the work of this department and other departments of the State Government in which I think you may be interested.

TEMPLE OF TRUTH
 By the Apostle

Up in Michigan they handled the strike situation in the Russian way. Down here in Texas, Governor Allred got on it with both feet in the good old American way and put a stop to the foolishness right now. When beatings, tarrings and feathering broke out in Dallas, Allred sent Rangers. He took no sides, but he did tell the cockeyed public that we would have law and order in Texas at any cost. And we have it.

Every dog has his day, but the cats continue to have the nights.

A late invention in television enables officers to flash a fingerprint picture as far as a radio will

operate. Finger prints taken in Los Angeles Monday were looked over by Detroit officers in less than three minutes, and the culprit was identified on the spot.

Ima Fizzle says that "if a waffle is a pancake with its Sunday clothes on, a pretzel is nothing but a cookie with the cramps."

Some tall stories got loose among the old-timers in the Panhandle. One had to do with the ingenuity of the coyote. Most anyone acquainted with the coyote will agree that it is the smartest animal ever to inhabit the West. Anyway, the coyote was supposed to dig trenches on the flats when it rained. An old cowpuncher watched a coyote for some time without getting his ideas untangled. Finally, he rode over and disturbed the coyote, but found that he was ditching water into prairie dog holes as a means of catching them when they drowned out.

Another story that never was verified had to do with a fellow looking after a cattle watering. The windmill wheel blew off and left a herd of cattle dry. The lone man resorted to western ingenuity by pulling the pipe and sucker rod from the well. He used barbed wire for a rope and a five pound lard bucket to draw water 164 feet and watered some 400 head of

cattle. It will be admitted that he was industrious as well as ingenious. His muscles were no doubt hardened from flanking calves. As stated above, this story was never verified.

Probably the reason man is referred to as a 'poor worm' is, that he wiggles around a bit and then some chicken gets him.

A scientific report on the Dust Bowl after a survey of some two years has the matter solved. It has been determined that "dust is nothing more than mud with all the water squeezed out of it."

Those who enjoy ill health are never happy unless they are miserable, and even then they are displeased.

ANCIENT INDIAN HISTORY IS PICTURED WITH CURIOUS RELICS AT UNIVERSITY

AUSTIN, Aug. 31.—Mrs. Helen Donovan Barnard, curator of the anthropology museum at The University of Texas, is preparing a handbook under the supervision of the director of the museum, Prof. J. E. Pearce, which will serve as a guide to museum visitors, whether they be serious students or interested laymen.

Notes from this handbook reveal that the University museum probably has the largest collection of local materials of any museum in the United States. Several thousand earthenware vessels of Caddo and Asinai Indian manufacture; ornaments of conch shells and of bone; stone and earthenware pipes; flint implements and weapons; wearing apparel and other perishable material preserved in the caves of the extremely dry areas of West Texas; food preserved in ashes or cached in caves; and skeletal material of man, much of it showing artificial head deformation—these are the local materials which have drawn to the University scholars interested in the reconstruction of the life of the Indian in Texas during prehistoric times. Approximately 90 per cent of the local material of the museum is prehistoric, although University archeologists have found mounds of historic date, easily recognized because of the presence of glass beads or other articles of European manufacture.

In addition to local collections, the museum displays materials representing various Indian tribes of the United States, Central America, and South America, including casts of large ceremonial figures or stelae used by the Maya Indians. Foreign material, including Babylonian clay tablets from Mesopotamia, artifacts from the Dutch East Indies, and materials from the Fiji Islands, the Philippine Islands, China, Japan, Korea, Africa, Australia and Greenland are also exhibited.

Collections of foreign material

are constantly being supplemented. The University recently acquired the S. R. Mitchell collection from Australia, containing a churinga, an object which is very sacred to the male aborigines, so sacred, in fact, that any woman who by chance sees it is immediately killed. A bulroarer or thunder-maker used in sacred ceremonies and several war clubs are also among the Australian artifacts received recently.

One of the most beautiful articles in the museum is a cocoon shell carved by the natives of Java. A carved teak wood box and table also came from Java; and, despite their artistry, are the work of men of primitive culture.

Some of the Indian ornaments are intricately carved. Probably the most valuable specimen in the museum is a conch shell gorget with human head carved in relief. The head clearly shows hair and ear ornaments and possibly a lip plug. Another conch shell gorget has the figure of a turkey carved in it. A rose quartz bannerstone of beautiful coloring has a high polish. The use of the bannerstone has never been determined, but it is believed that it was placed on the end of a stick and carried in ceremonies much as a flag is today. Three small pendants of bone carved in the shape of insects, resembling grasshoppers, are among the unusual ornaments displayed.

The pottery exhibited ranges from the crudest types to vessels made and decorated with such skill that it is hard to believe they were shaped only with the fingers and simple smoothing stones and carved with flint points set in stick handles. Designs common on Texas pottery include incised scrolls, equal-armed crosses, swastikas, scratched or brushed lines, concentric circles, sun symbols, and band lines.

The flint fist axe "coup-de-ping" (blow of the fish) is of special interest since it is found in no state except Texas but is often found in European countries. Skulls are displayed to show artificial cranial deformation by Indians of the East Texas region. The Indians bound their heads with something which flattened their foreheads, and made a distinct depression across the tops of their heads. On display also are skulls from West Texas from which the molars of the female skulls are absent. Since the wisdom teeth are often present in these skulls, it is believed that the child had reached maturity.

LEGAL

BE IT REMEMBERED that there convened in the courthouse in Clarendon, Donley County, Texas, the Commissioners' Court of said County, on this, the 16th day of August, 1937, at a regular meeting thereof, and being present:

S. W. Lowe, County Judge; J. H. Hermesmyer, Commissioner, Precinct No. 1; G. G. Reeves, Commissioner, Precinct No. 2; Claud Nash, Commissioner, Precinct No. 3; W. P. Chamberlain, Commissioner, Precinct No. 4; and W. G. Word, County Clerk and Ex-Officio Clerk of the Commissioners' Court;

Among other business that came on to be considered was the matter of the consolidation of Voting Precinct Whitefish No. 8 with Voting Precinct Glenwood No. 19. Motion unanimously passed to consolidate the two voting precincts, known as Whitefish No. 8 and Glenwood No. 19. The new voting precinct thus formed by the

merger of the said two voting precincts, whose boundaries have previously been defined and established by law shall be known as Glenwood No. 19.

The County Clerk is hereby notified to give notice by publication for 3 consecutive weeks as is required by law.

THE STATE OF TEXAS,)
 COUNTY OF DONLEY.)

I, W. G. WORD, Clerk of the County Court of said County and State, do hereby certify that the foregoing is a full, true, correct copy of an Order Consolidating Voting Precinct Whitefish No. 8 with Voting Precinct Glenwood No. 19, by the Commissioners' Court of Donley County, Texas, as the same appears of record in Volume 6, Page 376, Minutes of the Commissioners' Court of Donley County, Texas.

WITNESS, my hand and seal of the Commissioners' Court of said County, at office in Clarendon, Texas, this the 17th day of August, A. D., 1937.

NOTICE OF APPLICATION FOR PHARMACIST'S MEDICINAL LIQUOR PERMIT

The undersigned is an applicant for a Pharmacist's Medicinal Liquor Permit from the Texas Liquor Control Board and hereby gives notice by publication of such application in accordance with provisions of Section No. 10, House Bill No. 77, Acts of the Second Called Session of the 44th Legislature, designated as the Texas Liquor Control Act.

Ford To Stage Used Car Sale Campaign

Ford dealers throughout the United States during September will cooperate with the Ford Motor Company in a second annual nationwide used car and truck clearance sale, marking a new trend in automotive merchandising it was announced today.

The sale will continue throughout the month, with over 100,000 used car and truck sales as the goal. The clearance was inaugurated last year and achieved signal success.

Ford Motor Company is aiding the sale with an extensive newspaper advertising campaign.

Ford dealers throughout the country report they are in strategic position for such a sale. Wide-spread acceptance of the 1937 Ford V-8 has built up dealer stocks with an unusually wide assortment of used cars and trucks of all makes and models. Price revisions have been made by many dealers, making a used car or truck purchase during this sale an advantageous one for the buyer.

Renewed and guaranteed used cars will figure prominently in the national sale, it was explained.

The Pharmacist's Medicinal Liquor Permit applied for will be used in the conduct of a business at 200 Kearney Street, Clarendon, Texas.

Ford dealers displaying the R&G emblem renew used cars in accordance with rigid specifications laid down by the factory and issue a written, money-back guarantee to the buyer. In preparation for the approaching clearance, dealers have extended their participation in the R&G procedure.

Jones Suggests Agricultural Conferences During Recess

Cong. Marvin Jones of this district, and chairman of the House Agricultural Committee suggests a closer contact with the farm situation during the time Congress is in recess. Speaking on the subject, he said:

"I have requested each member of the House Committee on Agriculture to hold conferences, during the recess, with the farmers of his particular district, and, in so far as possible, with the farmers of his state, in reference to general farm legislation.

There are 5 members of the House Committee on Agriculture, representing as many different states. Every different part of the nation is thus represented.

We have asked each of the four major farm groups to submit to us the provisions that they feel should be included in the measure. They have indicated their willingness to do so and some of them have already submitted their suggestions.

We have planned for the Committee to return to Washington a month before the convening of the next session, for the purpose of endeavoring to have legislation ready for the consideration of the Congress soon after it assembles."

Miss Dorris Mace of Amarillo spent Sunday here in the J. A. Warren home.

JO ELLA STEWART HONORED WITH BRIDAL SHOWER TUESDAY EVENING

Complimenting Miss Jo Ella Stewart, who is to become the bride of Ralph Randel of Panhandle, September 23, Mrs. Sam Braswell entertained with an auto shower Tuesday evening. Mrs. Braswell was assisted by Mrs. Clarence Whitlock and Mrs. Sam Cauthen.

The guests gathered at the home of Mrs. Clarence Whitlock at 5 o'clock where gifts were presented Miss Stewart. Each guest told why the bride elect "auto" have their gift in her home.

While the bride-to-be, her mother and Mrs. Braswell, attended a second shower at the home of Mr. and Mrs. Cauthen, the guests at Mrs. Whitlock's dressed themselves for a bridal party.

After gifts were presented at Mrs. Cauthen's, where school friends gathered, Miss Stewart and her escorts proceeded to the Braswell home where older women gave her advice about what she "auto" and "auto" not do at her wedding.

Mrs. Braswell read a cake romance from "True Story" with the guests supplying names of cakes.

From Mrs. Braswell's the group went to the Stewart home where refreshments were served. A spare tire (gold frosted doughnuts), A date with a nut (candied stuffed dates) and grape Marlow.

The home was decorated in the Lion Club colors as Miss Stewart and Mr. Randel met at a Lion's party.

On a table covered with gifts, a satin stool was arranged with a bridal party in miniature. A book entitled "Before the Chevrolet" came into Jo Ella's life," containing illustrated stories, was read by the guests.

Attending the showers were Mesdames W. H. Patrick, C. T.

JOHNSON—CHAPPELL

Miss Mary Virginia Chappell, daughter of Mr. and Mrs. S. K. Chappell of Amarillo, became the bride of William A. Johnson of Sunnyview, at the home of Rev. J. Perry King, Thursday afternoon at 2 o'clock. Rev. King read the ceremony.

Mr. Johnson is the son of Mr. and Mrs. W. Z. Johnson of the Sunnyview community.

MARY HOPE WELLS AND W. F. RUSK MARRY

Miss Mary Hope Wells, daughter of the Rev. and Mrs. M. E. Wells of Hedley, became the bride of W. F. Rusk, at the home of her parents last Thursday evening. The bride's father performed the ceremony.

The bride, lovely in a gown of white satin with chiffon veil and carrying a bouquet of white tuberoses, pale pink carnations, and baby breath, entered the room to the soft strains of Lohengrin's Wedding March, played by her sister, Jo Wells.

Ola Ruth Wells, a sister, attended the bride and Fred Wells, was best man.

After the ceremony, a dinner was served the bridal party by Mrs. M. E. Wells and the couple left on a wedding trip to Amarillo and Clovis, N. M.

Mrs. Rusk is a graduate of West Texas State Teachers College and was a teacher in the Pampa schools last year.

Mr. and Mrs. Rusk will be at home in Dumas where the groom is employed by the Magnolia gasoline plant.

MISSIONARY MEETING

The women's missionary organization of the First Christian Church met Wednesday afternoon at three o'clock.

The devotional was led by Mrs. J. R. Tucker, the theme being, "The Harvest is Plenteous." The study topic was, "Rural Life Seeks a New Day."

Mrs. F. C. Johnson discussed "Toward the New Day," Mrs. R. E. Austin, "The Nation Helps the Farmer"; Mrs. Roy Clappitt, "What Folk Schools Mean to the Rural Areas"; Mrs. Eva Humphrey

"Fellowship in Rural Life."

The meeting was closed with the missionary benediction.

CHESSERS ENTERTAIN MONDAY NIGHT

Mr. and Mrs. A. B. Chessir entertained Mr. and Mrs. Paul Smith-ey at the home of Andrew Jay Monday evening with an informal dinner.

Cut flowers were used in decoration and games were played the rest of the evening.

Dainty refreshments were served before the guests departed.

JUNIOR H. D. CLUB

The Junior H. D. Club met at the Club room Friday afternoon with Mrs. Frankie Taylor as hostess.

During business hour, plans were made for an all day meeting at the Club Room the next meeting date. Each member is to bring a covered dish.

CATTLE PRICES EXPECTED TO CONTINUE HIGH

WASHINGTON, Sept. 1.—Department of Agriculture economists expect cattle prices to continue near present high levels the remainder of the year, the monthly livestock report disclosed Wednesday. Principal factors are the reduced slaughter supply of grain-fed cattle and good consumer demand for beef.

CLARENDON GOLFERS FALL EARLY IN SHAMROCK INVITATION GOLF TOURNEY

With the exception of Bobby Boston and M. P. Gentry, Clarendon golfers fell early in the second annual Cole Creek Country Club golf tournament at Shamrock last week.

Elmer Watkins beat Boston 4 and 3, and M. P. Gentry was ousted by Bob Holt, 4 and 3, in the quarter finals.

In the championship flight Dude Gentry, 71 and Ira Merchant, 72, were downed in the second round by Grover Austin, Pampa and Walter Pendleton Jr. Gentry beat E. Bechtol, Shamrock and Merchant won over Fred Newsome in the first round.

Other Clarendon championship results: first round, Billie Cooke Jr., 72 lost to Jo Bihle, 65. Lub-

bock; U. J. Boston, 77, defaulted to James Douglas, 70, Shamrock; Bill Cooke Sr., 73, defaulted to Grover Austin, 66.

Second flight: M. P. Gentry, 80, won over Pete Shaw, 90, St. Paul; John Gillham, 88, lost to J. W. Shadick, 84, and Bob Boston, 80, defeated A. M. Hillburn, 88.

Lyle Holmes, Shamrock, captured the tourney by defeating Grover Austin 1-up in the 36-hole final match yesterday. Joe Bihle was medalist with a playoff win over Jess Taylor of Woodward after a tie of 65.

Carl B. Adams is moving his family this week to their newly purchased home on College Hill.

Clarendon Bronchos Begin Dummy Scrimmage As Squad Starts Forming

Although still a light squad, the Clarendon High School Bronchos this week begin running plays in dummy scrimmage. Over 28 suits have been issued, but less than 20 prospectives report for the two-day workouts.

Hopes for a well balanced backfield loomed with Boyd Allison, Jelly McGowan, Bob McWhorter and Billie Cooke making the combination in drills. This group will be augmented later with Johnnie Grady and possibly Watters who have not reported for practice.

Positions have not been picked and some linemen later may be worked into backs. Boyce Pierce, the state rural pentathlon winner is a candidate for any position, and while working out at guard, may be shifted to make a fast elusive ball carrier.

Durwood Mears, a Junior High product, is also at present on a guard position. Though light, he could be trained into a running back with speed.

Collie Huffman and Dempsey Robinson still hold the heavy heavy of tackle. Robinson, clothed, tips the scales at 225. Huffman is no lightweight although shaded by Robinson.

Other candidates are Warren, Lane, Palmer, McClenney, Longan, Wilson who are expected to make first string material.

Donley County Leader, \$1.50 a year.

Claude Mustangs Preparing For Clarendon Tilt

CLAUDE, Sept. 1.—The Claude Mustangs, which will open the season for the Clarendon Bronchos there Friday night, September 17, are being whipped into shape on the Hardin ranch south of Amarillo.

Bill Bibson, assisted by Malcolm Anderson, Colorado University, are piloting the crew. About 25 boys are encamped.

Wheeler Grid Prospects Are Brighter, Coach Says

WHEELER, Sept. 1.—With the opening of school the prospects for a winning football team for the defending champions are decidedly brighter, Coach Stina Cain, said this week.

Only five of last year's lettermen will be eligible this year. They are Amos Page, Troy Shipman, Elmer Green and Alton Weeks.

McLean Tigers Have Tale of Woe In Football

McLEAN, Sept. 1.—Coach Bill Allen's McLean Tigers have several problems facing them this year with the foremost being their weakness in the punting and passing departments. Only 15 boys have been working out, making the probable squad very small with practically no dependable substitutes.

Coach Allen has a number of green recruits this year and the likely recruits for the backfield will be inexperienced.

Pampa Junior High Hires Former Hedley Coach

PAMPA, Sept. 1.—Bill Leggitt, last year coach at Hedley High School, has been elected assistant coach of the Pampa Junior High School. In addition to coaching, he will teach several classes.

Leggitt is a one time Wellington High School athlete and played football in New Mexico Normal.

Jones Gives Bronchos Even Chance In 1937 District Grid Race

C. C. Jones, 1936, Clarendon High School grid coach and now with the Amarillo schools, was here Saturday and gave the ponies an even break to finish high in this year's race.

It's the former mentor's opinion the Bronchos have the edge over Wheeler, Lakeview, Lefors and Mobeetie and a 50-50 chance with Memphis and Shamrock.

Jones picked McLean as district champs with second place going to Wellington and third to Shamrock.

Information from Mrs. J. B. Turnbow states that Mr. Turnbow is in Brawley, California recuperating from an appendix operation.

800 May Join CCC Camps In October

Quota to be Made Up of Men And Boys From Panhandle Counties

Eight hundred Panhandle boys will be enrolled in the CCC during October, it was announced by Texas Relief Commission officials yesterday.

The quota will be made up of boys and men from District 16 and 17, which are 35 Panhandle counties.

These enrollees will come from families now being assisted by the WPA, RA, SCC, city, county and local charitable institutions. In addition to families receiving relief aid, a large per cent of applicants will come from those families whose incomes are insufficient for a normal living standard.

Eligibility requirements for enrollment are as follows: Boys between the ages of 17 and 23, single unemployed, not regularly attending school, have no criminal record, are physically fit for a full days work and who need training.

A CCC boy can make a salary of \$30 per month besides his room, board and clothes.

Applications are now being taken by welfare officers in these counties and those interested should put in application with Henry Tatum at the Denver Hotel in Clarendon.

MIDWAY

Mrs. John Goldston
The Midway Quilting Club met with Mrs. Loyd Moreland at its regular meeting time, the past Thursday.

Watermelon, ice tea, and conversation was enjoyed throughout the afternoon.

The draw of names for the next meeting and the quilt lining which the club donates to the hostess for her quilt to be quilted at the next meeting, resulted in Mrs. John Goldston to be the next hostess, at her home the last Thursday in Sept.

Those present were Mesdames Tomlinson, H. R. King, Clyde Hudson, Bill Gaither, Ben Andis, J. C. Longan, Nelce Robinson, Pat Longan, Bob Williams, W. D. Higgins, Misses Marguerite and Reba Higgins, Ima Fay and Robbie Zoe Moreland, Rachel Edith and Peggy Longan, Mrs. John Goldston and the hostess, Mrs. Loyd Moreland.

Mrs. Bonnie McLaughlin of Miami visited her parents Mr. and Mrs. Bill Harden during the week end.

New Cotton Picker Does Many Times Work Of One Man

MEMPHIS, Tenn., Sept. 1.—The Rust brothers unveiled a new cotton picking machine last week within sight of mid-southern fields where the centuries-old hand technique remains the sole means of harvesting one of the biggest crops in years.

John Rust and his brother, Mack claimed it would answer objections to mechanized pickers they demonstrated last year. It has double the picking units of the original machine and is equipped with lights for night work.

One man can handle the self-powered picker. As it moves along the rows the stalks are compressed into a channel against moist spindles twirling on revolving drums staggered tandem fashion. A new type doffer—to prevent clogging—strips the cotton from the spindles and drops it into two receptacles from which it is blown into bags.

Last year's picker had to make two trips over a row to pick it cleanly, and much cotton was knocked or dropped to the ground. There was trash or bits of stalk and leaves in the staple.

FARM TENANCY SOLUTION PROPOSED BY CONFEREES

COLLEGE STATION, Sept. 1.—Resettlement administrators finished their six-day conference last Friday with the conclusion that the farm-tenancy problem in Texas must be attacked by improving the condition of tenancy rather than converting large numbers of tenants into land-owners.

They estimated less than one farm to the county can be bought with funds now available under this year's appropriation for the new Bankhead-Jones farm tenant act.

Donley County Leader, \$1.50 a year

WITH OUR NEIGHBORS

Living among the best folks in the world goes right on here in old Donley county, and no foolin'. These city-bred newspaper workers envy us folks who live out on the edge of that high-brow band of this so-called civilization. They don't have any neighbors, and life without friends and good neighbors just ain't nothing at all.

Here comes in John Goldston, not once but often, bringing in some of the famous gold-meated watermelons termed "Goldston Specials" on the market on the Plains. The quality makes the market. John parks a fat melon right inside the door, says howdy, and drives on. There's no furberlows and kowtown' about good citizen John Goldston.

The season is on, folks, the season is on. Harry Hartzog, farm raised, hard-working youngster in school and on the farm, worked his way through school over at Canyon. He was head teacher down at Giles last year and has the Martin school this term. Harry appreciates every favor done for him. He's just as conscientious as they make 'em. Harry brought in some fine cantaloupes for the members of the Leader force. And were they fine!

Reading matter in the classic or scientific line comes high. Books sell for \$7.50 to \$40 each. We fellows who like paleontology, do a lot of swapping. We like to study the fossil bones of old Donley county and hereabouts. Then comes in Albert W. Gerner of Lelia with a batch of books. My, how they are enjoyed!

There is nothing better than corn on the cob with a bit of salt and a batch of golden rich Jersey butter smeared over the corn. W. F. Shannon brings in some of that fine corn every season. Just recently he brought in a fine batch that had all the best features except the one found in all corn on the cob. The butter just naturally drips off the ears during the eating process.

Tom W. Eanes is another fine neighbor and Monday saw a carton filled with fresh roasting ears right here in the office grown by Mr. Eanes.

A fellow might live in a lot of places where he thinks he is doing well, but you can't exactly associate with the "salt of the earth" anywhere except right here in old Donley county.

Quite a few came along leaving eatables at the office or at the house and asked that nothing be said about it. They are timid folks, and the editor always likes to let the folks know he still has friends left. Often vegetables and melons are left at the house and we never know who brought them.

In every avenue of life there are men who go along rearing a large family, working and saving and thinking more of the pleasure and comforts of others than of themselves. This type of man takes his hardships calmly. He is honest, industrious, harmless and blameless. He usually expects little, and gets less. After he lives his allotted time, he leaves little of wealth behind except in the form of a good name. Just such a man passed away out at Goldston last week. Fed McAnear was a good man, loyal neighbor, beloved husband and father. Of him Mr. Grant was heard to say, "he was one of our very best citizens." Often, the influence of such men reaches farther than we would have any idea. He left a pattern for his children to follow. He had a large number of friends and they will miss this good man. A pity that there are not many more like him while traveling life's pathway.

A. L. Wallace up near Ashtola is one of those plain-spoken kind of fellows who earns all he gets. Years ago he homesteaded in New Mexico. It was quite different to 'ole Alabama' where he was born, or Arkansas where he was water-bound for several years. After a trial of several months, he gave up New Mexico because he worked at a job 400 miles from home. Mrs. Wallace loyally held down the homestead, but the arrangement did not suit A. L. He was right. Life is far too short to stay in a section that is not self-supporting. In the Leader office Saturday, Mr. Wallace was asked: "Did you ever eat any 'possum and tater' back east?" His eyes instantly snapped, his lips smacked. A grin spread on his face. "You tell the world I did, and I like 'em, too," he said. He's one of Donley's best citizens, a good farmer and a good neighbor.

This week end the wife and I will be down in the Cross Timbers

visiting her eight brothers and sisters, and sixty-four nephews and nieces. Our boy Phifer and his wife from San Antonio will meet us at Henrietta. I will spend some time with Col. Ed Bulls down in Jack county while GW visits her 500-and-some-odd relatives.

Northwest Texas Women and 4-H Club Girls Stress Wardrobe Work

Attractive, appropriate clothing at low cost, and a convenient suitable place in which to store it is the basis of the wardrobe demonstration work being carried by Northwest Texas home demonstration club women and 4-H club girls under the supervision of county home demonstration agents.

Forty-three Jones county 4-H club girls report having spent an average of \$34.61 for clothing from November 1936 through July 1937. The amounts ranged with the individual girls from \$5.26 to \$200.25. These girls reported 17 clothes closets remodeled at a cost of \$29.60 and three built from old materials at a cost of 50 cents.

Three gunny sacks were carefully laundered, dyed black, and made into a smart, durable tailored coat by Mrs. W. W. Jones of Hutchinson county. Mrs. Jones used her foundation pattern to get a perfect fit. The coat is trimmed with bone buttons that had been used on another garment. The only cost for the coat was 15 cents spent for dye and five cents for thread.

Geneva Marr, Foard county 4-H club girl, reports having made 32 garments and mended a large number during her clothing work for the past year. The 32 garments include eight dresses, four undergarments, one skirt, two aprons, one pair of slacks, and several other garments. For these 32 and for those she bought ready-made during the year, Geneva reports having spent a total of \$26.41.

Forty-six Sherman county home demonstration club women modeled dresses and slips at a style show held recently. Sixty-one club members have made slips and dresses using foundation patterns to obtain perfect fit. Eighty-one patterns have been cut by club members.

FARMERS INCOME SHOWS BIG INCREASE OVER 1936

DALLAS, Sept. 1.—Income to farmers from marketings in July amounted to \$740,000,000, \$30,000,000 greater than the same month last year and the highest July since 1929, the Bureau of Agricultural Economics announced recently.

This brought the total for the first seven months to \$4,243,000,000 (billions), compared with \$3,835,000,000 (billions) for the similar 1936 period. Part of this is due to an increase of Government benefit payments which totaled \$330,000,000 in the first six months of this year against only \$169,000,000 in 1936.

Income may be expected to exceed last year's in the rest of the months of 1937, the bureau predicted. Total for the year is estimated at roughly nine billion dollars compared with \$7,865,000,000 (billions) in 1936.

All of the improvement will come from crops, as livestock marketings will be light the rest of this year.

Mrs. M. H. Rhoades of Ashtola was a Clarendon shopper Tuesday.

Mr. and Mrs. Joe Terry, Mrs. R. M. Morris of Clarendon and Mr. and Mrs. Bub Morris of Amarillo left Sunday for Lake Kemp for a vacation fishing.

Mike Stricklin returned last week from an extended visit in Arizona.

Robert C. Holly was here over the week end on a business mission. He formerly resided at Ashtola. At present he is employed by a large furniture company in Ft. Worth.

Who Pays Tax to Support Needy Aged of Texas?

Where does the pension dollar come from? How much of each payment to an old person is supplied by the liquor tax? What part of each old age assistance dollar comes from cigarette taxes? These questions were answered this week by the statistical division of the Old Age Assistance Commission.
 Of a dollar paid out in the form of old age assistance, 50 cents is put up by the federal government to match 50 cents paid by the state. The state's 50 cents, based on Nov. 1, 1936, through July 31, 1937, revenues, was derived as follows: 23 cents from cigarette taxes, 2 cents from tax on vending machines, 23 cents from liquor, wine and beer taxes, one-fifth of a cent from the amusement tax,

Super-Duty Frigidaire
Mrs. Ben D. Parker
of Abilene
 (See Photo Right)

Happy but almost speechless was Mrs. Ben L. Parker, 2126 Grape Street, Abilene, when shown the super-duty Frigidaire her entry in the "name-a-housewife" contest had won. "I need it, too," she told Harold D. Austin, who made the presentation. Thoughtful of Mr. Austin, who sells the refrigerator, she obligingly added: "Every woman needs a Frigidaire!"

Advertising Manager West Texas Utilities Co., Abilene, Texas.

Dear Sir:

The purpose of the contest that your Company arranged is one that should appeal to every American woman, for it is true that the facilities for the effective management of the home have, within the past few years, become so notable as to remove -- let us hope, forever -- much of the ceaseless drudgery formerly a concomitant of that necessary field. Science and invention, I am sure, will shortly find ways to eliminate the few formerly onerous duties. It is, therefore, indeed high time that the term formerly synonymous with household drudgery be relegated to the limbo of forgotten things.

Accordingly, I have examined with the greatest interest all the entries that you sent me by airmail. I can not be certain, naturally, that any of them would become the one term that will be received by American women as a permanent and acceptable substitute for the outmoded term housewife. I think, therefore, that your plan to offer a selected list of prize-winning terms is the wise procedure, thereby suggesting possible lines which may lead to a term -- perhaps altogether new -- that may be generally accepted.

I regret that a great many of the entries seemed to me altogether too flamboyant and fanciful for even brief consideration. Others, tho the contestants may not have realized it, were terms already employed in our language with far different meanings. Others were altogether dependent upon the correct pronunciation for their significance.

My search for the winner of the contest led me to seek a term that was not only new in every respect, but that would be formed with due regard to etymology and with a recognition of the fact that the chief agency in the relief of household drudgery is electricity. This word I found in **Neolectress**, coined by Mrs. Ben D. Parker, of Abilene, Texas.

For second choice, I have selected the entry of Mrs. F. B. Probandt, of San Angelo, whose word is **Domestician**. My third choice is the entry of Mrs. W. B. Bourland, of Oklaunion, whose word is **Homeologist**. The remaining selections, in the order of my preferences, are attached hereto.

Very truly yours,
Charles Earle Funk

 Mrs. J. Dexter Eoff, Ballinger
 Anna Mick, Mason
 Mrs. R. H. Bounds, Stamford
 Mrs. R. R. Trimble, San Angelo

Do you like "Neolectress"? N-e-o means new. L-e-c-t-r-e-s-s has the feminine ending and suggests electricity. Taken together, the word suggests a modern home maker alert to this new electric age. Dr. Funk, in his letter, says "the chief agency in the relief of household drudgery is electricity." Thus, we define "neolectress" as meaning "a modern woman freed of kitchen drudgery by Electric Servants." The name is being copyrighted with that definition.

The contest was successful because it attracted attention to the improved status of West Texas women. A thousand women specifically said they dislike the name "housewife." However, it is more difficult than we at first thought to find a suitable substitute. But we like "Neolectress" better the more we think about it. We hope you will. To all entrants we express sincere gratitude for their help. We only wish there could have been prizes enough to go all the way round!

A Safety Tip FOR YOUR Labor Day Trip

TAPPING RUBBER TREES ON FIRESTONE PLANTATIONS IN LIBERIA
 From the Firestone plantations in Liberia comes an ever-increasing supply of the world's finest rubber. Money saved here and in manufacturing and distribution enable Firestone to sell a safer, first-quality tire at lower prices.

DON'T take chances on your Labor Day trip. Protect yourself and family by equipping your car with a set of new first-quality Firestone Standard Tires. Firestone builds extra quality and extra safety into these tires and sells them at lower prices because Firestone controls rubber and cotton supplies at their sources, manufactures with greater efficiency and distributes at lower cost.

NINE CENT COTTON LOAN ANNOUNCED BY GOVERNMENT; SUBSIDY REVEALED

WASHINGTON, Sept. 1.—A nine-cent per pound cotton loan on this year's cotton, was announced this week by the Commodity Credit Corporation.

They also announced plans to pay a subsidy not exceeding 3-cents a pound to producers complying with next year's production control program.

The subsidy, it was announced, will be paid on only 65 per cent of this year's basic acreage. It will be paid next year after the growers have complied with the control program.

Loans will be 9-cents per pound on cotton classing 7-8 inch middling or better; 8-cents on 13-16 inch staple and middling or better grade; seven and 3-4 cents on 7-8 staple of less than middling.

To be eligible for loans, cotton must be stored in warehouses as soon as the necessary arrangements can be completed, but not later than September 15th.

A condition of each loan is that

the producer-borrower must agree to participate in and comply with the 1938 adjustment program. The RFC has authorized a loan of \$150,000,000 to the corporation for the loan.

Legion Plans Big Blow-Out For Labor Day

PAMPA, Sept. 1.—Charlie Malsel, commander in chief of the Pampa American Legion, which is sponsoring the old-fashioned get-together basket picnic, slated for Labor Day on the Saunders ranch near LeFors, stated today the program is practically complete.

Colonel E. O. Thompson and Congressman Marvin Jones are to be the principal speakers.

From eight to ten thousand persons from the northwestern Panhandle are expected to attend the outing with every conceivable form of entertainment scheduled for the afternoon.

Kay Francis, Errol Flynn Co-Starring

Going far afield for a picturesque setting for a movie, Warner Bros. this time chose Iraq (which used to be Arabia) as a locale. They placed a British garrison there, had its members surrounded by wild natives, and offered the problem of how the soldiers and their officers and wives were to be saved—if saved they might be.

"Another Dawn" is the name of the picture. It is scheduled to open at the Saturday Nite Prevue at the Pastime Theatre. Add to that situation the fact that Kay Francis is the lady most chiefly concerned—and that the two men who love her are Errol Flynn and Ian Hunter—both have a chance to save her and the garrison—and you have the ingredients of real drama.

It all makes a very thrilling movie, and preview experts have put it up to the top of the list among the action and romance pictures of the year.

Errol Flynn is said to surpass his performance in that history-making movie, "The Charge of the Light Brigade." And it is said, too, that Hunter (once the idol of all the matinee girls in London) has the best opportunity that has come to him since the Warners imported him to play the Duke of Athens in "A Midsummer Night's Dream."

There are mountains and deserts and a lot of fighting and some extremely daring airplane flying in "Another Dawn," the producers declare. Also a stirring climax when the time comes for one or the other of Miss Francis' adorers to save the garrison.

The man who directed "The Story of Louis Pasteur" and "The White Angel"—William Dieterle—guided the making of "Another Dawn." Besides the three stars, the cast includes such excellent players as Frieda Inescort, Herbert Mundin, Billy Bevan, Clyde Cook, Mary Forbes and G. P. Huntley, Jr.

DONLEY COUNTY SINGING CONVENTION WILL MEET AT ASHTOLA NEXT SUNDAY

Just another one of those things where they have "singing on the ground and dinner all day" at Ashtola Sunday. Yes, it will even beat that, according to singer Jim Cannon. Jim says Dodsonville's fine bunch of singers are to be on hand to strut their stuff. Amarillo folks who can really sing are coming down.

The Donley county singings are known all over the Panhandle. Quite a large number of skilled men and women, boys and girls inhabit old Donley, too. You'd be surprised if you never knew it before, but old Jess Stiles is a real songster. No foolin'. He can fiddle and sing too, if they want it that way.

To name the skilled singers in Donley and Hall county who make these monthly celebrations a part of their lives, would take up a page. They just naturally feel that clean, wholesome neighborly singings are the real thing.

Solos, duets, trios, quartets and songs by the entire crowd will be heard. This is an affair in which all may join in wholeheartedly. Bring a basket, box or tub filled with chuck or grub. Just like they did way back yonder where this singing idea originated. Stay all day. Enjoy association with the finest folks in the world. Ashtola is about twelve miles or so west of Clarendon on the main highway, in case you've never been there.

Abilene Lady Wins First Utility Prize

In their effort to secure a name to take the place of "housewife," the West Texas Utility company awarded first prize to Mrs. Ben D. Parker of Abilene for suggesting "Neolactress." Second prize went to Mrs. F. B. Probandt of San Angelo on "domestician." Third prize was given Mrs. W. B. Bourland, Oklaunion on "homeologist." A Frigidaire was given as first prize; Thor washing machine second; Sunbeam Mixer third prize.

Great Response Reported In Baptist Revival

Great response was reported in the Baptist Revival for the second week as large crowds gathered to hear Dr. Pond talk on many interesting subjects. C. B. Stephenson, in charge of the young people, also had marked success.

Services have been held daily at 10 a. m. and 7:45 p. m. and will continue until Sunday with street services held each afternoon at the intersection of main street and Highway 5.

Russell Returns From Mexico Monday Night

The scenery was beautiful but it was the abundance of fish in Mexico that most impressed A. T. Russell who brought several photographs back to Clarendon to bear out his "fish" stories.

Mr. Russell returned Monday night, accompanied by his daughter, Mrs. B. W. Anderson and family of Seven Sisters.

Mr. Russell left Clarendon and visited in the B. W. Anderson home in Seven Sisters before the party toured Mexico.

LOCALS

Mrs. Joe Rady and Mrs. Ella Clark of Ft. Worth visited their mother Mrs. John Clark the week end. They returned home Monday. Mrs. Clark accompanied them to make her home at Ft. Worth where she has moved.

Mr. and Mrs. G. L. Green and daughter Helen Louise returned home Sunday from a 5-day vacation trip. They visited Mr. and Mrs. Karl Adams at Sunray, also visited at Floydada, Palo Pinto, and with their son Robert at Munday, Texas.

A girl was born to Mr. and Mrs. Weldon Boyd in a Lubbock hospital Sunday. Mrs. Boyd was formerly Miss Cecil Hukel. Mrs. Frank Heath, sister of Mrs. Boyd, returned home Monday.

Mace Trout and family of Borgert spent Friday night with Mr. Trout's sister, Mrs. Bill Hardin, on their way to California where they will make their home.

Will Young and son of Waco, visited a short time in Clarendon Saturday, with Mr. Young's relatives and old friends, Odos and Flem Caraway and J. A. Warren. Mr. Young is a cousin of the Messrs. Caraway.

Rev. McKee Addresses State Women's Gathering

The minister and his son Robert returned the last of the week from Kerville where Rev. McKee spoke at a gathering of the Women's Auxiliary of the Texas Synodical of the Presbyterian churches of Texas.

They spent a short time at Lake Medina near San Antonio on their return. The preacher reports good luck at fishing in the big lake.

Mr. and Mrs. Henry Cox and Richard Cox of Giltown and Mr. and Mrs. John Willingham and children of Lubbock, spent the week end with Mr. and Mrs. K. S. Cox.

Rev. M. E. Wells and son Fred, and Ivan Jones of Hedley were in town Monday. Ivan, famed athlete who attended Rice Institute at Houston last term, will be a student of Rice this coming term.

Clarendon News To Move Near Antro Hotel

With the purchase of the Goldston building near the Antro Hotel this week, The Clarendon News will move into that location soon, it was learned yesterday. The new location is where the paper was several years ago.

The News for the past several years has been occupying the Little building.

More Donley County Folks Visit On Ruidoso

Limpid streams, lofty mountains fruit and vegetables combined with a wonderful climate and magic scenery attract hundreds to the Ruidoso canyon country west of Roswell, N. M.

Mr. and Mrs. D. W. Clampitt left Monday for a stay of ten days on the Ruidoso. They were joined at Amarillo by their daughter, Mrs. W. N. Martin and son Billie.
