

## City Census at Low Ebb Totals Only 2743

### Three Districts Will Vote on Joining Junior College

#### GAIN IS SHOWN IN POPULATION

#### PRELIMINARY REPORT SAYS CLARENDON GAIN IS AL- MOST TWELVE PER CENT.

In a preliminary report issued this morning from the office of Galen R. Smith at Amarillo, on the work of the census enumerator for Clarendon, the city shows to have made a gain of almost twelve per cent over the census taken in the year 1920. The report is subject to correction and additions as there may be some who have been missed in the count.

The 1920 census showed Clarendon to have 2,455 residents. The report of the 1930 enumerator as mailed to Mr. Smith the fore part of this week showed a total of 2,743, or a net gain of 287 people in the ten year period.

In the census of 1930, sixteen farms were enumerated by the census taker.

It is the wish of the enumerator to secure every one who is living in Clarendon as of April first. In case any have been overlooked, notify the Chamber of Commerce, the office of the News or get in touch with C. C. Powell, the enumerator.

#### Hedley Schools Make Fine Gain

With the return of the scholastic census for the year, the school roll of Hedley showed a gain of 42 scholars for the year. The rolls for the year just closed amounted to 441, the gain bringing the totals to 503.

In addition to benefitting from the natural increase in the number of scholars, the Hedley school is to gain benefit in that they will have absolute control of their school, the number 500 being necessary to secure this freedom from jurisdiction by the County School Board.

#### PADUCAH PUBLISHER VISITS IN CLARENDON

Editor and Mrs. E. A. Carlock of Paducah visited in Clarendon Saturday afternoon and night in the home of Mr. and Mrs. Sam M. Braswell. Mr. Carlock is editor and publisher of the Paducah Post and is one of the outstanding newspaper men of this section, having been president of the Texas Press Association as well as the Panhandle press body. The Carlocks returned here with the Braswells from the annual convention of the latter organization which adjourned its 1930 session at Memphis shortly after two o'clock Saturday.

#### ACCIDENT VICTIM BURIED MONDAY

#### AN UNAVOIDABLE ACCIDENT CAUSES THE DEATH OF THREE-YEAR-OLD GIRL.

Driving into the afterglow and immediately following another car, the car driven by Mrs. Geo. Ryan struck little Miss Wanda Jones last Sunday evening near eight o'clock and caused her death almost instantaneously. The baby, it seems, had crossed the street and was called back as the car was drawing near. Eye witnesses to the tragedy assert that it was an unavoidable accident, Mrs. Ryan being unable to see the youngster as she dashed back across the street.

Funeral services were held for the child last Monday afternoon at 4:30 o'clock from the First Baptist Church. Rev. Shepherd read the final rites over the body of the little one who had been on this earth for a trifle more than three years.

Little Miss Wanda is survived by her parents, Mr. and Mrs. E. W. Jones, and by two sisters and one brother. Both grandmothers are also living and were at the last rites. Interment was had in the Citizens Cemetery.

Mrs. Ryan, not too strong physically, has been sorely stricken since the tragedy, having been confined to her room since Sunday evening.

#### Little Theater Working on Play

The director for the third Little Theater production, "Tons of Money," is working with the cast chosen to present this play and will soon have them in condition to start the practices early next week with the full cast in their appointed places. In this production Mrs. Stocking is presenting an entirely new sort of plot and an entirely new sort of play for the people of Clarendon and surrounding territory.

A side splitting comedy from start to finish, the play is one that will win an instant recognition from those who attend the presentation. On the night of the first reading, the cast could not contain themselves and were forced to stop in their reading of parts to laugh vociferously over the lines read.

In addition to a new sort of play, an entirely new cast of characters is to appear in this production. Not one of the proposed list has appeared in a production staged by the Little Theater in Clarendon, and all of them will be certain to appeal to the audience.

An especial appeal is put forth for the people to see this production. Those who have not seen the stage in its new fittings will be well repaid for their visit if they care nothing for the show

#### CLEAN-UP IS A GREAT SUCCESS

#### MORE CO-OPERATION THIS YEAR THAN EVER BE- FORE THIS TIME.

Mayor H. W. Taylor is more than pleased with the results the people of the city have had in the past two week in their clean-up proclivities. As reported by the city office, more people have taken a part in this drive than has ever been the case up to this time. Mayor Taylor states that the town is now cleaner than he has ever seen it and it will be remembered that this statement is without contradiction as he has been a citizen of Clarendon as long as many of our citizens have been alive.

To Wednesday, a total of two hundred fifty-three loads of trash had been hauled from the premises of people in the city of Clarendon, and many others are in prospect. The city is hauling this trash free of charge and all they ask is that the trash be put where the wagons can reach it without going into the yard after the matter. Haul it to the alley or place it near the street where it is easily reached and call the office of the City Secretary. The city trucks will do the rest.

#### Girls To Present Style Show Fri.

The annual Style Show presented by the members of the Home Economics Class of the Clarendon High School will be given Friday evening of this week in the College Auditorium. A slightly different show is to be presented this year in that the girls will start with Miss Home Ec at her birth, and will close out in the work of this young lady when she is married and starts a home of her own.

Proceeds from the event will be used to defray the expenses of the winners in the local Clothing Contest to the State Contest which is to be held this year at Galveston. Misses Bonnie Ne Gordon and Joyce Link will represent in the State Meet which was held last year in Dallas. Miss Beck is at the head of this department and asks that the young ladies be given a fair showing that the whole public may know what is being done in this department.

Mr. and Mrs. L. Ballew had as their week-end visitor their granddaughter, Miss Aileen Ballew of Amarillo.

Miss Mattie Graves, Mrs. W. H. Price and Mrs. James A. Patman were Amarillo visitors last Friday evening for one of the numbers of the Music Festival.

#### CANTATA ENJOYED FRIDAY EVENING

#### THE PRESBYTERIAN CHOIR PLEASES AUDIENCE WITH RENDITION OF SONGS.

Selecting Good Friday as a fitting time to present the Sacred Cantata, "The Thorn Crowned King," the Presbyterian Choir gave this composition to the residents of the city on Friday evening of last week. The audience that greeted this performance was appreciative of the work that had been put into the presentation and responded heartily with their praise after the evening of song had ended.

The director, Mr. Robert S. Cope, should be given his share of credit for the creditable performance presented. The numbers were tuneful and were presented with just the right finish to make them much enjoyed and thoroughly a pleasure to the audience.

Some others in addition to the regular members of the Presbyterian Choir were in the number presenting this Cantata. Miss Mary H. Howren, the organist for this church, was in her place at the organ for the presentation of this evening of song.

The personnel of the choir is: Mrs. J. L. McMurry, Mrs. Frank Heath, Mrs. Roberta Ryan, Mrs. Robert S. Cope, Mrs. O. T. Smith, Miss Anne Weideman, Mrs. A. L. Clark, Mrs. R. F. Morris, Mrs. Clark Hemminger, T. D. Nored, Irl Smith and W. H. Batten.

#### M. E. Revival Series Closed

The Pre-Easter Campaign at the Methodist Church closed as per schedule on last Sunday morning. Dr. E. E. Robinson, pastor of the First Methodist Church at Memphis, preached all the sermons of the campaign, delivering some of the best discourses heard here for a number of years. Interest in the services grew from the very beginning, with increased attendance making its appearance with almost every service held.

Officials of the local church are well pleased with the outcome of the campaign and feel that the work of the church will show an increase through the summer months.

At the close of the services a free-will offering was taken for Dr. Robinson.

A number of additions are also reported to the church through the work of the series.

Hon. and Mrs. J. R. Porter and children visited in Amarillo Wednesday.

Mrs. M. M. Noble and Mrs. A. T. Cole left Wednesday morning for Pampa where they will attend the three days convention of the Federated Clubs of the 8th District. They will visit with their daughters, Miss Willette Cole and Mrs. Lucy Lewright also.

#### Three Schools Seeking College

Since the passage of the Clarendon District's tax on the Clarendon Junior College problem, three schools of the county have started the ball to rolling to get into the college district. This will allow their students the same privileges enjoyed by those in the Clarendon District so far as the college attendance is concerned.

The Fairview, Hackberry and Pleasant Valley schools have started petitions to circulating and will soon ask the college board if they may join the district. Following this, the petitions will be presented to the County School Board for their approval and the subsequent calling of the election for the purposes mentioned.

Other districts of the county are expected to ask for a like series of actions in the immediate future. The vote in the election at Clarendon last April 5th demonstrating that the college is wanted and that others of the county may take advantage of the services offered at a nominal cost to each tax payer.

#### CO. H CAPTAIN IS DECORATED

#### CLARENDON COMPANY LEAD- ER IS GIVEN D. S. C. IN SAN ANTONIO TUESDAY.

Ceremonies incident to the presentation of the Distinguished Service Cross to Major Ethan Allen Simpson, now of Amarillo, were concluded at San Antonio Tuesday of this week, recalling the brave days of 1918 when the then Captain Simpson with his Company H, 142nd Infantry, from Clarendon and Donley County, received their baptism of fire on the St. Etienne front in the October drive which broke the German resistance and brought about the armistice the following month.

The presentation was made at Fort Sam Houston by Brigadier General Halstead Dorey, himself

MAJOR ETHAN A. SIMPSON

a wearer of the D. S. C. The citation accompanying the Cross reads:

For extraordinary gallantry and heroism in the line of duty during the attack on the German positions at St. Etienne, France, October 1918, when he led his company in a successful assault on the enemy's trench system.

The O. E. F. will celebrate their 186th anniversary on Friday evening of this week in the College Auditorium. A special program will be given.

#### LARGE AUDIENCE GREET'S CANTATA

#### ANNUAL EASTER CANTATA OF METHODIST CHURCH IS PRESENTED SUNDAY.

A large and appreciative audience greeted the presentation of the cantata "Life Eternal" by the Methodist Choir Sunday evening at the Methodist Church. The choir of twenty-four voices was robed in their new vestments of white with collar and facing of black and made a very dignified spectacle in the choir loft decorated in flowers and greenery. They entered to the nocturnal strains of the organ in the Grand March from Aida, which was followed by the invocation by Rev. Leon O. Lewis, who continued with the scripture reading after the audience had joined the choir in singing the Doxology.

A request number "Let Mount Zion Rejoice" by Herbert, was rendered before the cantata by the choir, recalling a very popular anthem rendered some fourteen years ago under the direction of R. Deane Shure, who made musical history in Clarendon while he was director of music at Clarendon College and as conductor of the Methodist choir.

Following this anthem the Easter Cantata was begun and rendered with satisfaction to the choir and to the evident pleasure of the listeners. Special mention must be made of the soprano solo work by Mrs. J. L. McMurry, and the alto solo of Mrs. O. T. Smith as well as the tenor solo of Irl Smith. These singers added to their reputations by the renditions of the beautiful passages of this cantata.

Duets were sung by Messrs. Braswell and Boykin, tenor and bass; Mesdames Wilkerson and Smith, soprano and alto; Mesdames McMurry and H. R. Kerbow, first and second soprano. Mrs. Wilkerson also sang a very pretty solo and obligato preceding and in the chorus, "Ye Shall Live Also." All these special numbers were well rendered adding much to the harmony and color of the program.

The choruses were all melodious and the choir sang with enthusiasm and inspiration, causing many to say that they had never heard the choir to better advantage than on this occasion.

Too much credit cannot be given the organist, Miss Fray Stallings, and Mr. Gus Stevenson who with Mrs. Annis Owens Jones contributed so much to the success of the program with their violin accompaniments.

At the conclusion of the cantata, the organ swung into Meyerbeer's Coronation March as the regional, after which Rev. Lewis pronounced the benediction, on what has been declared by many to be the most enjoyed Easter Cantata ever presented by this excellent organization.

Frank White and daughter, Miss Marjorie, spent last Saturday in Fort Worth.

Miss Eva Lee Morrison spent the last week-end in Amarillo with friends, returning here after the San Jacinto Day holiday on Monday.

#### PAVEMENT SLAB READY NEXT WEEK

#### LITTLE WORK REMAINS TO OPEN STREET TO TRAF- FIC IN NEAR FUTURE.

The first slab of concrete for the pavement on Gort Street was laid last week and will be held closed to traffic for four days to allow it to completely set before it is opened for public use. A slab connecting this to the sidewalks will be next in order to allow the folks facing that street access to their places of business.

Other portions of the ditch work have proceeded almost as far as possible until the Denver Railroad starts the work on the outlet end of the ditch. The bridges yet remain to be completed, but this is a minor item and will take but little of the time of the contractors. The bridges will be opened for use of traffic some thirty days after they have been completed.

#### Dual Event Is Here Saturday

Closing the season on two events that will appeal to the youngsters and to the older people as well, Les Beaux Arts Club is holding the Bird House and Feeder Contest and the last flower and plant trade of the year at the Woman's Club Room on Saturday of this week.

The rules of the contest have been stated before this time, being confined to two groups of boys. One below the age of ten years and the second between ten and fourteen years of age. Prizes of \$1.00 each for the best houses and of 50c each for the best feeders are offered. The houses will also be offered for sale immediately following the awarding of the prizes.

The flower trade is nothing new and is really expected this time. Those of the people who have a surplus of annuals that have come from the seed since the first event was had during March will have them ready and at the Woman's Club Room on the day appointed. They are asked to place the roots in wet sand or dirt to prevent their drying out and prevent possible loss of the plants. Any shrubs that are surplus will also be appreciated. The exchange is open to every one, it mattering not whether something is brought for trade or not. Those desiring a trade are welcome as the others who have something to trade for plants on display.

#### SCHOOL FOR MEN MAY 5TH TO 9TH

#### TRAINING FOR THOSE IN- TERESTED IN WORK WITH BOYS AT LEGION HALL.

A Scoutmaster's Training School is scheduled for Clarendon for the week of May 5th to 9th according to Robert S. McKee, who is chairman for the school. The Legion Hall in the City Hall has been secured for the location of this school, it being considered as the center of activities in the city and of easy access to every one who might be interested in the work with boys.

The Columbia University Training Course is to be presented at this time, carrying out a course that would enable any person who took it to take a troop and with proper work, make it just what it should be. A small fee will be charged to care for the cost of the course, which is being presented in the larger key-towns of the Southeast Panhandle Area.

The school will be held in the early evening and is to be open to every one, no matter whether they are or are not parents of boys. Any one who is interested in the future development of the boys of the community is asked to attend and will be found welcome.

#### Hedley Gains In Census of 1930

The first town in Donley County to report completed census returns for the 1930 census, Hedley shows a gain of 205 over the census of 1920. The population as reported from the office of Galen R. Smith at Amarillo shows that this city now has 800 population in the incorporated limits of the town. The census for 1920 showed them to have a total of 594 people.

The population of the city of Hedley is in reality much larger than this, since there are numerous additions to the town that are to be counted in the Hedley rural census instead of in the town of Hedley proper. These additions should possibly have been counted in the city of Hedley, and would have raised the amount of increase to a number greater than it showed for the decade.

The News is informed that Miss Gertrude Osborne, former Clarendon College student, is listed on the Honor Roll of the Texas Technological College with a grading of B plus for a course of sixteen term hours.

#### APRIL 20 TO 27 MILK WEEK HERE

#### PATHFINDERS SPONSOR PRO- GRAMS ON CONTINUED USE OF MILK.

The Pathfinders Club of Clarendon has led the way in the sponsoring of this week as a state-wide milk week. Mayor H. W. Taylor has officially set aside this week for the city of Clarendon and is asking the people to observe the week in their homes by the use of more milk.

The Home Economics Department of the Clarendon High School is assisting in the work with Miss Beck using menus containing milk in all its forms during the week set aside. A special menu was recently served at the committee meeting held in Austin when plans were laid for this week. No article on the menu was without the use of milk, it playing a prominent part in the preparation of the meal.

The Pathfinder Club is also offering a prize for the best essay on "Why Drink Milk?" These essays are to be turned over to the secretary of the Pathfinder Club and the winner will be announced at a later date. This part of the contest is open to both boys and girls. Another contest is open to members of the Home Economics Department members alone.

The movement on the part of the Pathfinders in Clarendon is a part of the movement sponsored by the State Federation of Women's Clubs.

#### CLARENDON FOLK ATTEND DISTRICT MEET AT CLAUDE

The District Conference at Claude held Tuesday and Wednesday of this week drew a most widespread interest from the folk scattered over the Clarendon District. This is an annual event and is held to determine the degree of progress reached by the various charges over the district and to lay plans for the continuation of the work started in the first half of the year. Rev. W. M. Murrell, Presiding Elder of the district presided at all the sessions of the Conference, reporting conditions as being fairly good. Clarendon representatives in attendance are: Rev. and Mrs. W. M. Murrell, Rev. and Mrs. G. H. Gattis, Rev. Leon O. Lewis, Rev. C. B. Ingram, Mr. and Mrs. T. E. Trostle, Rev. and Mrs. L. A. Reavis, Mrs. C. A. Blanton and J. H. Hurn.

Mr. and Mrs. Ben Andis and family motored to Pampa Sunday for a visit with Mr. and Mrs. Guy Andis and family.

Mr. and Mrs. Carl Saxe and son, Tommy, returned to their home in this city Wednesday after an absence of some ten days in Mangum, Okla. They report everything as moving nicely in that city.

#### DISTRICT COURT FINISHED HERE

#### DOCKET ALMOST COMPLETE- LY CLEARED OF CASES OF ALL CLASSES.

One of the most successful terms of court for the past several years was completed Wednesday evening when the District Court adjourned the Spring term. The docket is left in a splendid condition, almost wholly cleared of all cases that could be tried at this term.

The work of the Grand Jury was most successful, they returning twenty-two true bills in their deliberations. Their final report was carried in the issue of the News of last week.

In the work of the court, fifteen criminal cases were disposed of to the entire satisfaction of the court. Thirty-one civil cases were heard and disposed of in the five weeks term here. In the civil docket, there were seven divorces tried, these being in the list of thirty-one civil cases.

Judge W. N. Stokes of Vernon filled the bench for the past two weeks, relieving Judge A. J. Firea who took his place on the bench at Vernon.

Crude oil prices have been advanced again and there is renewed activity in the Panhandle oil fields. Prosperity in this section depends a lot on the oil industry, and all of us will benefit with the advance in crude oil.

Clarendon isn't going to get the increase in the 1930 census to which she is entitled. There is an addition not in the city limits, and the lagging oil industry in the nearby fields last year cost us many families not yet returned. Clarendon's percentage increase will be about twelve percent.

Memphis last week entertained the Panhandle Press Association in a manner long-to-be-remembered. Her hospitality was of highest grade and all the members of the newspaper fraternity left there after adjournment high in their praise for the Hall County metropolis. Plainview will have to step out if they surpass Memphis next April.

West Texas will have a new opportunity to see just how influential the section is in state politics by reason of the candidacy of Senator Clint Small, who entered the governor's race this week. Senator Small will receive a handsome vote in the Panhandle and will dent East Texas with a vigorous campaign—the kind he is capable of making.

Several educators in Texas are advocating a twelve months school for the children of this state. This is an idea which will likely spread with great rapidity, and while extra teachers will have to be provided so proper vacations can be granted the teaching staff of every school, and a short leave of absence for the pupils must also be arranged, it is a movement looking to greater efficiency in the school room and would educate through the high schools in a shorter time. Time is money, now as never before.

Three school districts in Donley County have already signified their desire to hold an election for the purpose of joining the Clarendon Junior College district, and the movement for the calling of the election is now well under way. Others will likely follow in the next week or two, and there is every indication that when the Junior College opens its doors in September there will be over a half dozen other districts joined in a legal way and enjoying the benefits along with the citizenship of the home district. Donley County may yet have the distinction of being the first county unit for junior college purposes in the state; which would be no small advertisement for our county.

### IRISH WRITER DECRIES THE THEORY OF LUCK

E. Temple Thurston does not believe in luck. To his view the best thing that can happen to any one in this world is to have to work hard.

If life were a choice between walking up a ladder or around it, he would walk up it, experience having taught him that there is infinitely more satisfaction in the effort. His scorn of superstition in any form impels him to walk under any ladder which has not a painter with a paint pot at the top of it, and when he calls out "How do you do?" to a magpie it is because of those black and white wings over the countryside affect him that way.

This confession of principles the Irish novelist makes in a contribution to The Daily Chronicle of London.

"Good luck," he says, "is not inductive to high principles. And the man who changes his chair at the card tables is showing about as much energy as he will ever put into any of the more strenuous affairs of life.

"I find it difficult in the constitution of my mind to believe in any luck at all. I have never been left any legacy. I was invited by my father to earn my own living when I was 18. I was chucked out of my first job when I was 21 for working too hard at another one. It happened to be literature, with which my employer was not concerned at all. He was the proprietor of a pure yeast factory. I was his manager. I understand his contempt of literature now.

"Were I to believe in luck I should be forever hesitating to cross the street. I should spend all my time and my energies in pursuit of that evasive goddess of fortune, hoping she could do for me what I had not the energy to do for myself. Indeed, the man in the parable who had not increased his talents when his Lord returned may well have been occupying himself with the inquisitive desire to know whether they should turn up heads or tails."

### OBSESSED WITH "PUBLIC-BE-DAMNED" POLICIES

Cornelius Vanderbilt is said to have coined the phrase to fit his policy "The public be damned." Whether he did or did not is immaterial, but it is a fact that the early American corporations did operate on that sort of a policy insofar as their relations to the public were concerned.

Then came a great change. Broad visioned men at the head of corporations began to see that such a policy was suicidal in this land of freedom and where public sentiment was rapidly becoming the court of last resort on all matters of public import.

With a change in policy diametrically opposed to "the public be damned" idea, the people of the United States began to view the railroads and public service corporations, not as "soulless corporations," but as public servants earnestly striving to make a contribution to the growth and progress of this country, without disguising their desire to make a fair return on their investment.

In recent years there have been outstanding successes made by corporations in their winning of public confidence and in establishing their beneficent intentions toward those they seek to serve. The electric power companies have made especially notable progress along this line, and the gas companies have in some instances achieved some success.

Except for one telephone company operating in Texas and the Southwest there seems to be less concern among the telephone corporations about their public relations than with any other sort of corporations operating in this territory.

The State Telephone Company, which operates the Clarendon system and those of most of our neighboring cities, has established a particularly unsavory reputation in their relations with the public, and from the reports here and in other Panhandle towns are apparently obsessed with the "public be damned" idea of business conduct.

The News has copies of several letters on file written to this company urging them to adopt the policy of close contact with their clientele through the advertising columns of the newspapers of the Panhandle—a policy the wisdom of which has been conclusively established by a number of other public service corporations in this section. But these letters have been ignored in that eloquent manner always indicative of the swell-head executive down in the Southwest to show large profits to the Eastern bond and stockholders, regardless of what the people may think.

But the worm is about ready to turn. The State Telephone Company, nor any other like corporation can ignore the rights of the people to know something of their business ideals and methods, especially where dealings with their patrons have consisted largely of poor service and promises never fulfilled.

"Public be damned" policies will not suffice in these days of open dealings fairly conducted. It is un-American and cannot survive.

Last year The Clarendon News argued for the establishment of a temporary airport for our city, predicting that within a few months Clarendon would be on a daily air route, Clarendon is on a daily air route now, all right, but we are still without the airport. Some may say that the planes do not stop here, so why the airport, but it must also be remembered that they, are not likely to stop here even in emergencies unless we provide some sort of well-marked landing field. If we are to have the benefits of air mail and air express, together with access to air transportation we must arrange some sort of temporary airport. In these modern days we are likely to stand in dire need of all three any day. We need the airport.

### MAYOR WARNS BOYS ON USE OF AIR GUNS

Mayor H. W. Taylor has asked the News to issue a warning to the boys of the city on the promiscuous use of air guns, sling shots and rifles in the city limits of Clarendon. Especial emphasis was placed on their use insofar as insulators and electric light globes are concerned. Mr. Taylor further states that it is a violation of the city ordinances to use these instruments within the city limits, and that the City Marshal has the power to bring the boys into the City Hall for attention. Unless they are discontinued, the city also has the power to confiscate the instruments so used within the city limits.

Mr. and Mrs. Gordon Jordan and family of Tulsa visited in the home of Mrs. Jordan's mother, Mrs. W. A. SoRelle over the past week-end, returning to their home the fore part of this week.

## A Common Power Supply

When a group of towns draw on a combined power supply they do more than improve their own power resources. The transmission network constructed to serve them provides a base from which to extend service to the surrounding farm territory.

Thus the trade territory of the towns is enabled to share in the same ample supply of power—and the advantages for the farm are turned into advantages for the towns which serve the farms.

This is one of the important consequences of the replacement of isolated plants by widespread transmission systems such as this Company maintains to serve a broad area.

ONE PRESCRIPTION MADE FAMILY DOCTOR FAMOUS

Seldom has any single act been of greater benefit to mankind than that of Dr. Caldwell in 1885, when he wrote the prescription which has carried his fame to the four corners of the earth.

Over and over, Dr. Caldwell wrote the prescription as he found men, women and children suffering from those common symptoms of constipation, such as coated tongue, bad breath, headaches, gas, nausea, biliousness, no energy, lack of appetite, and similar things.

Demand for this prescription grew so fast, because of the pleasant, quick way it relieved such symptoms of constipation, that by 1888 Dr. Caldwell was forced to have it put up ready for use. Today, Dr. Caldwell's Syrup Pepsin, as it is called, is always ready at any drugstore.

These are the things that motorists want—and are entitled to get—from the gasoline they use. A gasoline may be ever so powerful—but if it is not volatile enough to start the motor quickly and give rapid acceleration in traffic—it will not satisfy today's demands. ## West Texas Chamber of Commerce Meets in Abilene, May 29-30-31 New Features in Big Convention

When the twelfth annual convention of the West Texas Chamber of Commerce opens here, May 29, for three days, a plan new to meetings of the regional organization will be in effect. That plan provides that every member of the organization is to be given an opportunity to participate in the business of the body. Heretofore matters of importance to the convention has been argued out and decided by various appointed committees and conference groups.

W. B. Hamilton, president of the West Texas Chamber of Commerce will place a constructive program before the organization as a whole and is aiming at definite results.

Convention business sessions will occupy the mornings from 9 to 12 o'clock. Elaborate entertainment programs are being prepared for each afternoon and night.

The colleges are arranging an Educational Parade for one afternoon and there will also be a Delegations Parade for the member cities. Both will be conducted at a minimum of expense to the participants.

The West Texas band contest with prizes worth \$2,500 will be conducted by the West Texas Band Teachers association. Thirty bands already have been assured.

One of the highlights of regional chamber conventions of the past few years—the "My Home Town" contest—should bring together community boosters and speakers from a large number of West Texas towns. In addition to cups and other prizes, scholarships are being offered to the winners by eight West Texas colleges.

Abilene is at work. The necessary committees are arranging a program which includes parades, and air circus that will be a wow, exercises at the various colleges here, balls, banquets and every detail necessary for a successful convention.

D. A. Eandeen, general manager of the West Texas Chamber of Commerce, with the executive board, has formulated a work program for the organization which deserves the united support of every progressive West Texas citizen. The finances have been placed on a satisfactory basis and everything is set for an aggressive year's activity.

An office, under the direction of J. E. T. Peters, has been established in Abilene to work out convention plans. The headquarters will be maintained until after May 31, closing day of the convention.

### Congratulations from Tech Dean

Dean J. M. Jordan of Texas Technological College at Lubbock has long been interested in the junior college situation here in Clarendon. He has been here several times, knows what a fine college plant this community enjoys and has watched with much interest the developments in the local situation.

When he read the news of the victory at the polls for the Junior College in the election of April 5th, wrote Supt. Burton the following letter of congratulations:

April 12, 1930  
Supt. H. T. Burton,  
Clarendon, Texas.  
My dear Mr. Burton:

### KAUFMAN COUNTY ATTORNEY ANNOUNCES FOR GOVERNOR

Dallas, Texas, March 31—Declaring that he was a life-long Democrat, Jim Young, Kaufman attorney and former Congressman, launched his campaign in a radio speech here at a state-wide rally of his friends. Mr. Young based his campaign on a program of tax reduction.

Mr. Young contended that the farms of Texas have decreased in value and productivity, though an antiquated system the small land owners were bearing more than their share of the burdens of the state expenses. He proposed to equalize the tax burdens by reducing the farm taxes and levying toll on the natural resources of the state, such as oil, gas, sulphur and other minerals.

"The farmer and the ranchman has been a stabilizing influence in our community life and the support and mainstay of our system of government," he declared, "I advocate that the burden of taxes be made lighter on the farmer

and the small land owner. It should be placed on those who have become rich in our natural resources of oil, gas and other minerals.

Mr. Young argued that expenses of government must be curtailed and the places of waste found and abolished. Mr. Young said that he did not mean, however, that the large corporations should be unjustly taxed.

Mr. Young went on record as opposed to a statewide bond issue for road building or for any other purpose. He declared that it was his opinion that the present funds were all that the highway commission could judiciously expend for highway construction.

"In this great enterprise we must make haste slowly," he said of road building.

"The government should always be alert in caring for the whole educational system, beginning with the common schools and running through our whole system to its cap-stem, the State University, our A. and M. colleges and our Technological schools," he declared.

There are a number of Star and Life Scouts in the Southeast Panhandle Area who will be eligible for scholarships in a short time. We have one Eagle Scout, three Life Scouts and twenty-one Star Scouts that are eligible for advancement at the present time.

W. P. Cagle returned to his home here last Friday after a visit of some days with friends and relatives in Lubbock, Sweetwater and Cisco. He reports crop conditions favorable as far south as Tulsa, with much dry weather south of that city.

## Here is What the Dallas Chamber of Commerce Thinks Of Visit Here

The following letter was received the latter part of last week from Homer D. Wade, Vice President and General Manager of the Dallas Chamber of Commerce and tells of some of the reactions enjoyed by the Dallas men after they had visited in our city. The letter is self-explanatory:

Mr. G. L. Boykin, Manager,  
Chamber of Commerce,  
Clarendon, Texas.  
My dear Boykin:

Please pardon my delay in making acknowledgment of the courtesies extended to our party of business executives upon our recent visit to Clarendon. It was a genuine pleasure for them to have the opportunity of meeting so many of your business and civic leaders, and it was a joy to our party to receive such a cordial and generous reception. As stated in my former letters, our objective was to get firsthand information and to visualize the territory over which we traveled. You certainly afforded these opportunities for us in Clarendon. Our only regret was that we did not get a better view of the wonderful parade by your school children, the result of which I notice was very largely in favor of the tax that was at issue.

The formal meeting was a delightful occasion and we were all very happy that we had this brief but delightful opportunity of contact with your business and civic leaders. I want to thank you again and again for your energy and thoughtfulness in the arrangements you made.

I am also desirous to know of any reactions that came from your business men. If you will be good enough to write me any expressions that you have heard, or may hear, and at the same time offer any suggestions to our advantage if you will do this very thing. In the meantime, let me thank you most sincerely on behalf of our party and request that you convey these sentiments to the men who were kind enough to greet us.

With warmest personal regards, I am,

Sincerely yours,  
Homer D. Wade,  
Vice President and General Manager.

Since the receipt of the above letter, another communication has been received, stating that special resolutions had been passed thanking the Secretaries for the effort they had received at all stops on the road. Especial emphasis was placed on the reception accorded the delegation when they stopped in Clarendon.

The Dallas Clearing House Association has nothing but the interests of the South and Southwest in its mind when this reduction is mentioned. The News is indebted to J. D. Swift of the Farmers State Bank for the letter which is reproduced here in full. The letter: To all Texas Bankers:

Dear Sirs:— You can lead a horse to water but you can't make him drink. The Federal Government, Co-operative Marketing Associations and other agencies striving to aid the farmer can offer their various services to him but they can not make him prosperous. Like the horse slaking his own thirst, the farmer is forced to make his own prosper-

ity. Whether 1930 brings him a bountiful return or wipes him out, depends on his own effort and judgment at last.

The fact that contributing agencies can not in the show down control the prosperity of the farmers with the wasteful distribution in the situation now facing Agriculture generally. The Federal Government and Associations and Agencies have been and are actively engaged in regulation of Marketing devices and practices which will to an extent do away with the wasteful distribution and prevent dumping. However, even with better regulated and wider market little has been accomplished to help the wheat and cotton farmers because they have produced too much.

This is a live fact and must be faced by the interior banker, the Reserve banker, and the professional man, and the business man and the farmer. The situation of facts everybody, if your neighbor does not realize it, if your tenant can not grasp it, if your friend refuses to face it, your own prosperity as well as their is tied down by their delinquencies. It is the duty of every man to help in this situation. It is as clear a call to patriotism as a call to arms.

And all of this boils down to REDUCE THE COTTON ACREAGE and in its place produce feed for stock and food for the table.

The member banks of the Dallas Clearing House Association have addressed themselves to this duty

## SEAT SALE FAR AHEAD OF HOPES

### RESERVATIONS COMING IN WITH EVERY MAIL FOR PASSION PLAY.

Amarillo, April 15—Hundreds of seats for the return engagement of the Frieburg Passion Players in Amarillo April 29 and 30 already have been reserved. Every mail brings in additional reservations and dozens of Amarillo people call at the News-Globe office daily to apply for seats.

The famous German cast, headed by Adolf Passnacht, the Christus portrayer, is identically the same cast that appeared in Amarillo in February. Three performances were given then, and more than 3,000 people were turned away from the doors, after standing room had been sold to capacity.

The production will be given Tuesday and Wednesday nights, and Wednesday matinee, but present indications are that the house will be sold out each time. The story of Passion week appeals to so many people and the engagement in Amarillo will cover such a wide territory, that Wilbur C. Hawk, Tri-State Fair President, advises making early reservations.

Those who failed to make reservations for the last engagement were disappointed when they called at the box office for seats. Those making reservations by mail should specify whether they want to see the play Tuesday night, Wednesday afternoon or Wednesday night. Seats for the night performances will range from \$1 to \$2.50. Seats for the afternoon show for school children are 50 cents, and for teachers 75 cents. Other adults will be admitted for from \$1 to \$2 and all seats will be reserved.

Many dairy cows are undersized and low producing because they did not get enough of the right kind of feed when they were young and growing. After a heifer has freshened and is producing milk it is difficult for her to make up for growth lost through poor feeding when young.

In the past, and continuing their policy, urge an earnest consideration of the situation now facing Texas and active participation in rectifying it.

Yours respectfully,  
Dallas Clearing House Association, Inc.

## UNWITTING ERROR MADE BY NEWS IN TIRE SIZE

The News committed a grievous error last week in setting the price of a 32x6.00 tire at \$34.00. A tire of the nature described is a balloon casing and would carry a price of little more than half the price mentioned. What was intended for the advertisement was a 32x6 truck tire and a heavy duty one at that. The price on this would have been just in line with the price quoted. We beg the readers of the News to look into this matter and see just what they might have bought had the size been in correct adjustment with the price.

Mrs. J. T. Warren and daughter spent the week-end with relatives in Memphis.

Pockets made like shoe bags and hung on a sewing room screen or a closet door in the sewing room provide a handy way of keeping patterns and findings.

Children who profess not to like eggs or milk will often eat custards, omelets, milk puddings, milk vegetable soups, and egg-milk drinks if they are well flavored. The wise parent will not call attention to the ingredients of such dishes, but will simply offer them as a matter of course in their regular place in the meal.

### Seniors Make Merry On Their Day

Starting the festivities with a series of scraps with their age-old adversaries, the Juniors, the Seniors of the Clarendon High School made merry on Tuesday evening and night of this week, concluding their activities with a party to Dripping Springs and a picnic in the evening in the home of Miss Luree Burson.

Great preparations had been made for the celebration of the evening. Flags being placed in outstanding positions and guarded zealously throughout the hours of Tuesday night. Sounds of battle were heard at all hours, it being supposed that none of the students took time out for even a few hours sleep.

The girls of the class had planned to spend the night in the home of Miss Joyce Link, at a slumber party. Reports have it that they slumbered very little, but that a splendid night was enjoyed by all of them, especially since the Junior Girls had chosen to effect the same sort of a party next door at the home of Miss Bernice Andis.

Wednesday saw the class make its way to Dripping Springs, just south of Claude, for an all-day outing and picnic. Hill climbing and exploration of the canyons took the larger part of the day, leaving the seniors tired but happy when they returned to their homes in the city sun-burned and tired, but feeling that the day had been well spent.

Wednesday evening saw the climax to the activities with a mammoth party in the home of Mary Frances Caraway, one of the class members. Bridge, dancing and games of a varied nature were found in abundance throughout the evening. The day closed with this event and the seniors look back on their work and feel that they have done their part in keeping alive the spirit that makes each succeeding Senior Day just a little better than the one just before.

The members of this happy class are: Wylfa Lee Alexander, Minnie Lee Armstrong, Laticia Benson, Luree Burson, Mary Frances Caraway, Fern Cautchen, Ruby Cearley, Nova Cook, Ruth Crabtree, Josie Mae Davis, Ruth Donnell, Ruth Hartzog, Wilma Hikel, Eunice Johnson, Roberta LaFon, Joyce Link, Marjorie McKillop, Pearl Martin, Edna Montgomery, Ethel Cacy, Elgin Patrick, Lucile Pickering, Mildred Pittman, Jewel Rhodes, Claudia Smallwood, Mildred Sparks, Betty Walker, Helen Smith, Marjorie Harlan, Virginia Wisdom, Fred Bourland, Thomas Clayton, Greer Cottingham, Winford Gattis, Bill Rutherford, Joe Noble, James Smith, Ansel Barton, Edwin Eanes, J. L. Russo, Donald Peden, Talmadge Mayfield, Ralph Summers, Roy Stewart, Elph Mayo, Kathleen Riley, Paul Talley. Class sponsors are Mrs. Nathan Cox and J. Roy Wells.

### Mrs. B. L. Jenkins, Jr. Hostess to Club

On Friday afternoon at the home of her father, Mr. L. O. Lewis, Mrs. B. L. Jenkins, Jr., was the gracious hostess to members of the Friday Bridge Club and a few invited guests.

Lovely tulips and corn flowers were used to advantage in the entertaining rooms where the games were enjoyed. Mrs. O. L. Jenkins, Miss Helen Beck and Mrs. Forrest Taylor were score winners. Each received lovely gifts.

A delightful two-course luncheon was served Mesdames O. L. Jenkins, Forrest Taylor, James H. Morris, P. L. Chamberlain, C. E. Miller, Floyd Lumpkin, Holman Kennedy, Forrest Sawyer and Mildred Martin, club members; Mesdames Charles Bairfield, Ralph Bourland and Clyde Price, Misses Helen Beck, Temple Harris, Mae Lumpkin and Lotta Bourland, invited guests.

### Children Enjoy Easter With Egg Hunts

Easter in all its joy was enjoyed by the youngsters of Clarendon during the past week in one of their most favorite sports, that of hunting Easter eggs.

Each department furnished refreshments for the children, which were eagerly consumed, and the vigorous exercise to which they had subjected themselves had sharpened their appetites to a ravished degree.

The children of the Cradle Roll, Beginners and Primary Departments of the Baptist Church were taken to the City Park near the grade school buildings for their afternoon of pleasure. The eggs were eagerly sought and there were plenty for all. These children were under the direction of Mrs. H. T. Burton and Mrs. Jim H. Headrick.

### Maxine Ellis Hostess On Birthday

The younger set of the town have come in for their share of amusements during the past week due to Easter tide, which is always a happy time for the youngsters, and to add to their happiness Miss Maxine Ellis entertained with an Easter party in celebration of her ninth birthday at the home of her parents, Dr. and Mrs. T. H. Ellis, on Tuesday afternoon.

On arriving the children were told that the Easter rabbits had left eggs for them about the spacious yard and prizes would be given to those finding the largest number of eggs of stated colors. The children searched eagerly for and hoarded the eggs of the stated colors to find at the end of the search that Dorothy Kerbow, Ethelyn Drennen and Frances Morris were winners of the lovely prizes.

Games of various natures were indulged in until Mrs. Ellis invited them into the dining room where a pink and green color scheme had been effectively used to decorate the table, which was centered with a beautiful birthday cake. The cake held nine pink and green candles with an Easter rabbit holding sway over all.

After many wishes for the hostess, the candles were blown out with one big puff. Much to the delight of the group the cake was cut and served with ice cream to the following, who also received dainty Easter favors: Dorothy Kerbow, Margaret and Lador Belle Wilkerson, June and LaVerne McMurtry, Ruth and Jean McDonald, Willie Maude Pratt, Ethelyn Drennen, Phoebe Ann Butin, Gladys Hutton, Frances Morris, Frances Grady, Joe and Peggy Ward, Nell Cooke, Edith Shelton, Gene Teat, Marilyn Kelly and Billie Cook. Mesdames W. C. McDonald, Minnie Dyer and Homer Glascoe assisted with the entertaining.

### Young Matron's Harmony Class Meets

At the lovely home of Mrs. Cleo Norwood, on Tuesday afternoon, the members of the Young Matrons Harmony Class met for their regular business and social meeting with Mrs. Bascom White as associate hostess.

After the business session a social hour was enjoyed, during which the game 42 was enjoyed. Pleasant conversation intervened and lovely refreshments were served late in the afternoon to Mrs. H. L. McElvany, Mrs. B. F. Kirtley, Mrs. B. C. Antrobus, Mrs. O. C. Watson, Mrs. Lillian Brady, Mrs. Tom Goldston, Mrs. C. E. Miller, Mrs. Paul Shelton and Mrs. Joe Ellison.

### An Easter Picnic

A group of children met at the home of J. R. Tucker Saturday afternoon, later going to the City Park for a picnic. Games were played and acrobatic feats performed for the amusement of the other members of the party, then the picnic lunch was enjoyed by: Delphia Bones, Aileen Ballew of Amarillo, Dollie Watters, Doris Smith, Violet Baker and Kathleen Odjom.

A. J. Smith, Drew Wilkerson, N. G. Thompson, Paul Green, Joe Montgomery, Gene Butler and Houston Gattis.

### Pathfinder Club To Change Meeting Place

Observance of Music Week by the Pathfinder Club will be in the home of Mrs. J. L. McMurtry Friday, at 3:30 o'clock, with Mrs. U. J. Boston and Mrs. B. G. Smith as hostesses.

### MacDowell Club

On Tuesday evening the MacDowell Club met for a short rehearsal prior to their appearance at the First Christian Church next Sunday evening, also for a short business session.

### Friendship Club Entertained

Mrs. Emma Thornton was the delightful hostess to members of the Friendship Club on Tuesday afternoon, at her home. A short business session was followed by fancy needle work and pleasant conversation with delightful refreshments being served at the close.

### Jr. Hi P. T. A Closes Year's Work

The meeting of the Jr. Hi Parent-Teacher Association of last Thursday brought to a close the work of the year of 1929-30. Rev. Robt. McKee gave a most instructive and well prepared talk on "Adolescence." This by far has exceeded any program of like nature given in Clarendon for quite some time. Mr. McKee, an interesting speaker, gave one a clearer insight into the boys and girls of that period, and no one, who, after having heard this talk, should not be able to cope with the difficulties that arise during this period.

Every parent and teacher present have expressed their pleasure of having had the privilege of hearing such a splendid discourse. After reports from the standing committees and other business transacted, officers for the new year were elected as follows: President, Mrs. J. T. Warren; First Vice-President, Mrs. John Bass; Second Vice-President, Mrs. W. W. Taylor; Third Vice-President, Mrs. O. T. Smith; Recording Secretary, Mrs. Ben Hill; Corresponding Secretary, Mr. McHenry Lane; Treasurer, Mr. R. E. Drennan.

After the election of officers the retiring president, Mrs. R. Wilkerson, expressed her thanks for the co-operation of the various officers during the year, stating that our aim of the year, that of increasing interest in the P. T. A. work, attendance at its meetings and upholding the standards for which the association was organized, showed no direct results, but probably would next year when the parents realized that the Jr. Hi P. T. A. was not a money making organization but is to bring the parent and teacher into closer relationship, that they may be able to help the student accomplish more.

### Mothers' Club Notes

A rising vote of thanks was given Mrs. Wilkerson for her work during the year. The outstanding work of the year was that of Mrs. McKee, who was chairman of the Child Welfare Committee. She has worked quite faithfully and earnestly at this work, much to the satisfaction of the school faculty and the association as a whole.

### CITY LIBRARY IS IN RAPID GROWTH

OVER SEVENTY-FIVE VOLUMES ADDED THIS WEEK AND MORE TO FOLLOW.

By purchase and donation the City Library of Clarendon is adding over seventy-five choice books of literature, history and reference this week and an additional purchase of a hundred volumes is enroute and will be placed in the book racks on arrival. Mrs. Frank McCreary made a donation to the library of sixteen volumes, one of which is of especial interest to the people of this community. It is a volume of poems, by her lamented mother, Mrs. Albina Letts, under title of "By Grandsire's Well." With this donation to the library comes a collection of pictures and views of the West and of the World's Fair, which is the beginning of a new angle of the library work here. The titles of the donated books are: "Getting On in the World," Matthews. "The Guide to Reading," Abbott. "Poems of Hope," Barnard. "Life of General Francis Marion," Horry. "The Elimination of the Tramp," Kelly.

Your Town Afford?" was led by Mrs. Floyd Keener, with Mrs. U. J. Boston and Mrs. Will Bromley discussing various phases of this subject. A round table discussion followed on how to turn the thoughts of the child from bad to good amusements. A delightful refreshment course was served. Mrs. Hopkins and Mrs. Carl Adams were invited guests for the afternoon.

### Miss Dorothy Headrick is Honored

Miss Dorothy Headrick was the charming recipient of two lovely affairs during her visit over the week-end with her grandparents, Mr. and Mrs. M. W. Headrick. One of these, a delightful six o'clock dinner, was given in the beautiful new home of Mr. and Mrs. O. W. Latson with Miss Johnnie D. as the hostess, on Saturday.

The delectable dinner was enjoyed to the fullest by Misses Pauline Shelton, Melba Dell Warner, Carroll Holder, Dorothy Jo Taylor, Pauline Sanford and the honoree, Dorothy Headrick. On Saturday evening Miss Pauline Shelton named Miss Dorothy Headrick as the honoree of an enjoyable Rook party. The games were enjoyed in the lovely new home of Mr. and Mrs. Paul Shelton with blooming pot plants and ferns adding to the attractiveness of the home.

An Easter motif was carried out in the tallies and dainty favors. To enjoy this were Misses Ruth Price, Johnnie D. Latson, Pauline Sanford, Melba Dell Warner, Carroll Holder, Dorothy Jo Taylor, Dorothy Headrick, the honoree, and Pauline Shelton, the hostess.

### FREAK CHICKEN IS SHOWN IN CLARENDON THIS WEEK

Something more is new under the sun. That is a statement which might be said of a set of "Siamese Twin" chickens new one week old. The double chicken was sold to Mrs. Richmond Bowlin on Thursday of last week with an order of Rhode Island Chicks purchased from the Clarendon Hatchery. There are two seemingly normal chicks, tied together, one wing to the other's thigh. They are lively enough, with one dragging the other merrily about over the place as they eat, drink and chase about the place of confinement. Mrs. Bowlin brought the chick to town Monday and it was placed in the Clarendon Hatchery, where it is expected to wax and grow chickens that are not hooked up in any such manner.

### Rev. W. M. Murrell returned to his home the fore part of this week from Quitaque, where he had been to hold a series of revival meetings in the Methodist Church of that city. He reports quite a fine series with a goodly amount of work done for the betterment of the church.

**Powell Says "Folks Fine"**

Instead of being the task usually applied to such a job as taking the census, Mr. C. Powell, enumerator for Clarendon, stated to the News the latter part of last week that he had met with a hearty response from every one. It seems that every one was prepared for the work of the enumerator and that they answered the questions asked without the least hesitancy. Members of various households were caught taking a bath and in various and sundry other occupations.

In fact, Mr. Powell is well pleased with the results he has obtained and feels that his job is complete for the 1930 census. It is thought that no one has been missed, but in case there should be some one, the News is again carrying the blank and asked that this be filled out and mailed to Mr. Smith in Amarillo that there be no family missed. New residents should get in touch with Mr. Powell if they have not been enumerated, that the entire population of the town may be included in the count.

### Our Weekly Church Chat

The great event of the first Easter morn is the Christian's source of joy. By the stupendous fact of the resurrection God has given a divine character to man's faith and hopes. By this crowning miracle unmistakable evidence is given to the world that the words and works of Jesus Christ are not mere wisdom of some human sage, nor the sayings of a great philosopher, nor the dreams of an inspired poet, but the words and works of God.

The man who manufactures, or attempts to foist upon others, counterfeit coins is a traitor; so he who circulates doctrine that comes not from heaven, however genuine he makes it appear, is a traitor. In the apostolic days, Christians received the teachings of the apostles, who were Christ's inspired representatives. We also should ground our faith upon their word as recorded in the New Testament and thus build. "Upon the foundation of the apostles and prophets, Jesus himself being the chief cornerstone." (Eph. 2:20.) Speaking about the early Christians, we read, "And they continued steadfastly in the apostles doctrine and fellowship, and in breaking of bread, and in prayers." (Acts 2:42.) The inspired apostles knew that there would appear false teachers who would pervert the gospel of Christ, so they warned us, "But though we or an angel from heaven preach any other gospel unto you than that which we have preached unto you before, so say I now again, if any man preach any other gospel unto you than that ye have received, let him be accursed." (Gal. 1:8, 9.) Whosoever transgresseth and abideth not in the doctrine of Christ, hath not God. He that abideth in the doctrine of Christ, he hath both the Father and the Son. If there come any unto you and bring not this doctrine, receive him not in your house, neither bid him God speed. For he that biddeth him God speed is a partaker of his evil deeds. (1 John 9:11.) Some people do not desire to hear the whole counsel of God. They have their favorite doctrines and would have all others put to silence. They forget that there is but one doctrine taught in God's word, that reveals the plan of salvation, the rules for operating the church and the laws of righteous living.

In the sermon Sunday morning we hope to show some very important facts about the New Testament and the Church. Our subject is: "The Church That Succeeds." On April 26th the Independent Order of Odd Fellows will be one hundred and eleven years old. The local lodge and some invited friends will attend services Sunday evening to celebrate their anniversary. Special program has been arranged. Sermon subject will be: "The Universal Neighbor." The Maudwell Club will be present and furnish some special music. You are invited to be present. Remember the Bible Pictures Wednesday evening at eight o'clock. W. E. Ferrell, Minister, First Christian Church, Clarendon, Texas.

A southern dairyman in a territory recently freed of cattle ticks was skeptical concerning the merits of a registered dairy bull and hesitated to buy one. Later he stated that the difference in the value of a few yearling calves of the first "crown" from the purebred bull that he finally bought, and the value of the same number of yearling scrub calves, was greater than the entire cost of the bull.

### MOSLEY OUT IN BUCK SUIT—BRASWELL LOST

In the case of Harry Buck et al vs. Braswell and Mosley, for libel, tried at Channing in the district court last Thursday and Friday, the plaintiffs withdrew their suit as to Mosley, while the jury returned a judgment of \$250 against Braswell.

The case grew out of a mixup of names connected with the theft of a produce truck out of Amarillo last July. The News printed a story concerning the theft and named Harry Buck as one of the men arrested, whereas Buck was the man held here the same day as a suspect in the killing of Oliver Hill, and had no connection with either crime. It was a mistake in names, and the Amarillo Daily Globe carrying a similar story from the same source, had settled with Buck last summer for \$100, not as damages, but as expenses connected with correction of the error. The News printed a correction in November, as soon as the error was called to the attention of the editor. The suit against Braswell and Mosley was in the sum of \$10,000 actual damages and \$10,000 exemplary damages, but in the charge to the jury Judge Reese Tatum ruled out the possibility of exemplary damages and submitted only actual damages, "if any."

News readers will remember that Sheriff Mosley stood a suit for false imprisonment of Buck on the occasion mentioned above, in the present term of district court here, and was assessed a nominal damage of one dollar.

The mammoth hatchery business has developed so rapidly that more and more farmers are buying day-old chicks instead of incubating the eggs. Day-old chicks should be bought from hatcheries where the breeding flocks are inspected carefully and culled rigidly, and where the poultry plants are kept in sanitary condition. It doesn't pay to buy poor quality chicks.

HELP FOR WAR SUFFERERS

How many of us realize that there are to-day 87,000 disabled veterans of the World War? And how many realize the need created by these for an intensive program of unforgetting service?

Such a program has been consistently carried out by the American Legion Auxiliary. Regular visits to keep incapacitated men in constant touch with the outside world, provision of comforts not assured by the Government, the maintenance of convalescent workshops, and the employment of making memorial poppies—all these are to be traced to the Auxiliary.

Its service includes, too, not only the veterans themselves, but also the families of dead or disabled soldiers. Almost every unit has several such families to which it gives regular assistance. Especially are the children in these crippled homes the objects of solicitude. To keep them in school, to create scholarships in their behalf, to give our war orphans that higher education to which their fathers' sacrifice entitles them—to such great-hearted service nobody can be dulled.

The Auxiliary now has 333,000 members, but it needs 500,000. What woman eligible to its ranks—these are relatives of Legion members or of any man or woman who served in the War—can resist the Auxiliary's appeal?

### LIONS URGED TO WORK WITH BOYS

TWO VISITORS STRUCK WITH ANNOUNCEMENT OF THE SCOUTMASTER SCHOOL.

Bringing up a subject that was not under discussion at the time, two visitors to the Lions luncheon Tuesday of this week called for a continuation of work with boys. The first man to mention this subject is Lion M. E. Hill from Hillsboro, Texas, and the other was Judge W. N. Stokes of Vernon. Lion Hill urged work with the boys as being of vital importance and something that was becoming more needed as the days pass. Judge Stokes called attention to another angle of the matter when he indicated that it was the brighter and more favored boys who received the greater part of attention from the helpers in any community. He urged work with the underprivileged boys who oftentimes carry a bright intellect underneath a coat of rags and dirt. These are the boys that the judge finds he has to deal with more often in the courts and it is with these that he would have the greater part of work done. The others are more likely to be able to care for themselves.

Lion McKee reported on the attendance at the Rotary Charter Night on last Tuesday evening, stating that there was a genuine spirit of co-operation present and that the Rotarians were well pleased with the reception they had received at the hands of the Lions Club. They especially appreciated the presentation of the flag from the Lions.

In the same address, Lion McKee announced the Scoutmasters' Training School that is to be held in Clarendon May 5th to 9th. Fathers, grandfathers and prospective fathers were urged to attend and make this as great a success as possible.

T. R. Broun, County Agent, stated that the work of the agent in the county was progressing nicely with some 5,000 acres under terrace this season and more in prospect for the coming terrace season. The report was also made that 3,000 pounds of certified seed had been placed over the county and that another supply had been ordered. W. A. Poovey and Monty Garrison were the other guests of the luncheon.

Lion Carraway reported widespread interest in the work with the boys as he had recently visited in both Bowie and Decatur and had heard the subject discussed in both towns by different civic bodies. Lion McKee suggested that the next program be turned entirely to the Boys' Work. This suggestion met with the approval of the club and the program committee was so instructed.

A letter from Lion Dr. Graham of Wichita Falls was received telling of a recent operation on M. J. Bonham. Tonsils, adenoids and another operation on his eyes were included in the last set-to. No further word has been received from the doctor as to the progress of the patient. Adjournment in the usual manner.

### "PARK BETWEEN THE LINES" IS PLEA OF MARSHAL PYLE

When the city started to cleaning the city they did not stop with hauling trash and such other minor matters. The downtown section of the city is receiving this week the final touches that will make the place ready to receive the usual run of visitors during the summer. The workmen are removing this week the deposits of dirt and grime that have accumulated in the past months from oil that drops from parked automobiles on the street. The parking stripes and markers have already been repainted and show up nicely from the street. Mr. Pyle, City Marshal, asks that the drivers of the city be especially careful in parking their cars, urging that they parallel the stripes, thus setting the cars all at the correct angle with the curb and giving ample room for removing the cars should need arise. Offenders if this regulation are being regularly tagged and the City is planning to assess fines if the practice is continued.

### BAND CONCERT IS GREATLY ENJOYED

APPEARANCE OF BAND IS GREETED WITH ENTHUSIASM LAST SUNDAY.

The first appearance of the Clarendon Municipal Band in a series of Spring and Summer open air concerts was had on last Sunday afternoon at the Grammar School Building at the south end of Kearney Street. A temporary stand had been erected to care for the band with the audience seated round the edges of the block in their cars. The band showed much improvement and rendered a concert that was above the average performance for such an organization.

Under the direction of Gus E. Stephenson, the band played all sorts of selections, ranging from the heavy classic overtures to a number of marches and others of a lighter nature.

The following is the program as was arranged and presented: "The Victor," March, K. L. King. "Dawn in the Forest," Overture, Ralph C. Garrett. "The Crystal," March, Le Roy Abbott. "Crown of Jewels," Overture, Louis Parnella. "Evening Shadows," Serenade, K. L. King. "Slidin' Some," Trombone Novelty, Ed Chenette. "The Conqueror," Overture, K. L. King. "The Avenger," March, K. L. King.

It is thought that others of a like nature to this concert will be arranged and presented to the public at intervals during the coming Spring and Summer months, when the open air can be used to the best advantage.

Mr. and Mrs. Ralph Andis and son, Billie Ralph, spent last Saturday night with Guy Andis, living just this side of Pampa. They visited in Pampa the following day.

Mr. and Mrs. C. M. Lane have had as their guests over the week-end Mr. and Mrs. W. V. Thomasson and children of Ralls, Texas.

Among those who attended the Easter services of the Knight Templars at Memphis Sunday were Mr. and Mrs. J. H. Hurn, Mr. Frank Whitlock, Mr. W. E. Ray, Mr. R. Wilkerson and Mr. J. N. Rutherford. They report a splendid service though not so well attended.

REPRESENTATIVES FROM S. M. U. TO BE HEARD IN COLLEGE AUDITORIUM.

Under the direction of David Macpherson, baritone, former assistant director of the Wisconsin University Men's Glee Club, the S. M. U. Organization, popularly known as "The Mustang Harmony Boys", is making its 1930 Panhandle Tour, stopping at Bowie, Wichita Falls, Chillicothe, Quanah, Childress, Pampa, White Deer, Amarillo, Canyon, Clarendon, Burkburnett, for performances. This group, with a trio of "classical collegians", three of the most versatile members of the club, will furnish the specialties on the program. David Macpherson, the director, and Charles Kiker, pianist, accompanist, will do special solo work, thus giving added variety to the program.

For a few moments the young lady was unconscious, but has returned to her normal self and is improving rapidly. ### CLARENDON LEGIONAIRES ATTEND MEETING AT PAMPA

The unofficial meeting of the Eighteenth District of the American Legion and Auxiliary, together with the capers of the 40 and 8 and the 8 and 40 that was held last Saturday and Sunday in Pampa was a great success. Bobbitt, Mrs. Marks from Los Angeles, California, National President of the 8 and 40 and many other guests of great distinction from all parts of the state were present in great plenty.

The Easter service of Sunday was also turned to the legionaires, Mr. Bobbitt delivering the address at the morning service of the Methodist Church. Clarendon was represented by Messrs. Ralph Andis, Joe Holland, Clifford Decker, John Robinson and Loyd Stallings.
