Parents who desire to transfer their children from one school district in the county to another are asked to attend to this matter at once.

TYNDALL DRAWS GREAT CROWDS

DR. TYNDALL IS DRAWING LARGE CROWDS TO CHRISTIAN REVIVAL EACH NIGHT

In spite of other attractions in and near Clarendon the evangelistic services being conducted by Dr. John W. Tyndall for the First Christian Church here is drawing large crowds, with each night bringing even more people to the services.

A noticeable thing in the services is the presence of a large number of out of town folks. These folks constitute a large part of the evening attendance, and are very active in the services.

Election Judges Asked to Turn In Results Soon

In order that the returns may be posted as soon as possible all election judges of the County boxes are urged to return to phone in the results of the count to The Clarendon News.

In the past several of the distant boxes of the county were delayed in sending in the report due to the judges of the election bringing in the boxes with the votes instead of phoning the results when they were counted.

Many Women To Make State Trip

Seven Donley County women and the Home Demonstration Agent are to make the trip to the Annual Short Course held at College Station beginning the early part of next week.

The ladies will leave here Saturday, July 26th and will take in all the entire five days of the course, returning to their homes here the latter part of the week following the close of the work.

LARGE CROWD AT MARTIN THURSDAY

CLUB REALIZES MORE THAN \$2000 DOLLARS FROM EXHIBITION

Following a rest of little more than two weeks, the business men of Clarendon met their friends of the Martin Community in a good will event on Thursday evening of last week.

ASK FOR NEW ROAD DISTRICT TO SPAN 2 CREEKS

Citizens of Donley and Armstrong counties have petitioned the court to create a new road district whereby Hall and Mulberry creeks on the J. A. Ranch will be spanned by bridges thus eliminating the present ford at both places.

MISS MARY MAE CARAWAY SPENT PAST WEEK END IN PAMPA

Miss Julia Mae Caraway spent the past week end in Pampa as the guest of Miss Cecilia Atteberry.

COUNTY RALLY WELL ATTENDED

LARGE GROUP ENJOYS ATHLETIC AT LELIA LAKE LAST FRIDAY

Representatives of five Home Demonstration Clubs of Donley County met last Friday at Lelia Lake Camp for an all-day session with dinner served on the ground.

In addition to this, the Ladies made plans for their attendance to the Short Course at College Station, the names of seven being selected as the members to attend this event in addition to the Home Demonstration Agent.

Miss Nora Smith, County Home Demonstration Agent, stated that the dinner spread was one of the largest she had ever seen and that sufficient food was carried to the homes of the visiting members to care for their suppers.

Reports were received from the five clubs represented and all of them were splendid according to reports received from Miss Smith.

Absentee Votes Heavy This Year

Voting by those who are planning to be out of the city on election day is heavier this year than it has ever been.

Half Inch of Rain Received

The first rainfall registered for the month of July in Clarendon was caught here Wednesday evening of this week and amounted to .5 of an inch as a starter.

Reports on the condition of the crops indicate that early corn is gone too far for any redemption, but that the later corn and other row crops were not suffering but will be able to use the moisture very nicely.

The road situation in the county will be helped materially by the rain, particularly Highway 88, which has been badly torn up for the past two weeks.

As soon as the moisture has dried to allow them to work. The fall the dinner spread was one of the largest she had ever seen and that sufficient food was carried to the homes of the visiting members to care for their suppers.

HILLCROFTERS BEAT CHILDRESS

LOCAL GOLF TEAM TRIMS

The Hillcroft golf team resumed their winning ways Sunday on the local course when they took the Childress golf team into camp, and successfully drove and putted out a 14 to 2 victory.

The Hillcroft team led the days scores with the low medalist stroke of 74, only two over par.

Meredith Gentry pushed Cooke for this honor, trailing him by only one stroke, for a total of 75 for the eighteen holes.

The Childress players were entertained at noon with a fine dinner, after which the members of both teams met at the Hillcroft course and the matches were started. The matches as played are listed below with the score of each match.

Meredith Gentry defeated J. R. Sherrill 3 up.

Ira Merchant won from C. A. Blanton 2 up.

Al Cooke defeated C. P. Sanders 4 up.

Philip Gentry lost to J. D. Michie 2 up.

Kenneth Kerbow beat Jack Turner 1 up.

A. N. Wood won from A. J. Brown 2 up.

J. T. Patman defeated Tack Klutta 7 up.

Seldon Bagby beat Clyde Davidson 5 up.

George McCleskey won from Cecil Pryor 1 up on the nineteenth hole.

Ernie Hardin lost to Dr. McConnell 4 up and 2 to play.

T. M. Shaver defeated C. P. Boyd 1 up on the twentieth hole.

Clarence Miller beat Jimmie Leslie 4 up.

Lee Vaughn lost to Roger Rhen 1 up.

Alex Cooke lost to Bert Leslie 3 up.

ROTARIANS IN FINE PROGRAM

ROTARIANS FERRELL, DRENNON AND POWELL MAKE INTERESTING TALKS

The regular weekly luncheon hour of the Clarendon Rotary Club was held last Friday in the club room of the Clarendon Hotel and was featured by an address by Rotarian W. E. Ferrell, pastor of the First Christian Church, who took the subject of "Harmony" and made a splendid talk.

Rotarian R. E. Drennon came to the floor and very interestingly reported to the club the activities of the boys work, and especially that of the boy's baseball league which is being sponsored by the Lions and Rotarians of the city.

He stated that the contests were getting hotter with each game, and expressed a desire that more of the local Rotarians attend the games.

Further report of the proposed civic park was given by Rotarian C. C. Powell. Plans and activities of those in charge was given and was endorsed again by the Rotary club.

Guests of the day were L. H. Baker, Duncan Ross, and Dr. O. O. Hillingsworth, Rotarian from Arlington, who stopped with the local club to make up his attendance. After the usual remarks from the visitors the club was adjourned.

JULY RENEWALS ARE BEST IN MANY YEARS

Despite the fact that conditions in the county are reported to be unfavorable in all things, the News has received more renewals since the first of this month than has ever been the case before.

Statements were mailed our subscribers and they have responded in their usual manner, coming into the office daily with their renewals and mailing them in when they have been too far away or too busy to make the trip in person.

An unusual renewal came into the office a short time past, when a man flew all the way from New York City to Clarendon just for the purpose of renewing his subscription to the News.

Where to Vote in Clarendon

Inasmuch as this is the first election to be held since the division of voting Precinct 2, it will be well for the voters to give the matter consideration and look at their Poll Tax Receipts to see just where they should cast their ballots.

Those of the precinct who have receipts bearing the number 2, will cast their vote in the court house as was the custom in the past.

Those on the other side of the line will find that their Poll Tax Receipts bear the number 18, which indicates that their polling place will be in the City Hall.

The Election Judges will appreciate the courtesy of your looking at your receipt that you may be saved the trouble of making two trips in order to cast your vote.

PARTY AT GOLDSTON BUILDING

NEWS ELECTION PARTY WILL GIVE STATE RACES TOGETHER WITH LOCAL RACE

Another election year has arrived, and again the Clarendon News will provide its friends with the returns of the election Saturday night beginning at 8:15 o'clock and continuing until the small hours of Sunday morning.

The election returns as presented by the News will cover the Precinct, County, District, and State races, giving the names of each Donley County voting box.

An attempt will be made to get the results of the state races by one o'clock or shortly after. Radio, telegraph, and long distance will be utilized in speeding up the returns as much as possible.

The street from Kearney to the rear of the Goldston Building will be roped off and will afford the interested spectators a goodly amount of room in which to witness the returns of the election as they are posted on the board.

A large crowd is expected to assemble at the Goldston Building for the election returns.

entire public is invited and urged to be the guests of the Clarendon News and attend this great party Saturday night. Let's all be there and watch our candidates win.

The Clarendon High School Band under the direction of Gus B. Stephenson will be present for the election party and will play a concert starting at 8 o'clock. This will open the party and give the early board watchers plenty of entertainment until the returns begin coming in rapidly.

Mrs. Jay Fierce and daughters, Betty Jay and Peggy Claire spent Saturday in the home of Mr. and Mrs. M. C. Reed. They also visited with friends in the city while here.

Mr. and Mrs. Floyd Keener moved to their new brick bungalow on the west side of the city on Wednesday. They will be greatly missed from the neighborhood in which they have been living but their friends are happy with them in the possession of this lovely new home.

LARGE CROWD LAUDS SMALL

NEARLY ONE HUNDRED WITH BAND ATTENDS PAMPA RALLY FRIDAY NIGHT

To cheer on their favorite candidate for Governor was the cause of approximately one hundred Clarendon and Donley county people motoring to Pampa last Friday evening to attend the mammoth Small for Governor rally held at that place.

The band arrived in the city of Pampa shortly before 6 o'clock, where they were rushed to the scene of the parade starting point. The Wellington band led the giant parade through the streets of Pampa with the West Texas candidate for governor immediately following in an automobile.

The Clarendon band was honored with the position directly behind the candidate's car, with the other bands following in the rear of the parade. The parade terminated at the Gray County Court House where Candidate Small was duely introduced and the political speaking followed.

A vast crowd was present for his appearance, and the demonstration was one which far surpassed any political demonstration ever held in the Panhandle section of the state. A crowd of approximately eight thousand was present to hear Candidate Small and show the man their undivided support.

### NATIONAL EDITORIAL ASSOCIATION

PANHANDLE  
PRESS  
ASSOCIATION

Whatever their efforts and however far reaching their work may be, it may be truthfully said that the Federal Farm Board is doing one thing. They are furnishing the newspapers over the nation with a plentiful supply of copy paper for they use more than ordinary care in the preparation of their copy, leaving the reverse side perfectly clean, thus relieving the newspaper of the necessity of looking father for their weekly supply of this necessary ingredient of the week's work.

#### SATURDAY'S PRIMARY ELECTION

Come Saturday the Democrats of Texas will engage in a spirited and most interesting battle of the ballot box to determine who shall be public servants for the coming two years in county, state and precinct.

The duty of citizenship demands that all of us who elect to vote the Democratic ticket go to the polls and vote for those whom we sincerely believe will serve the state the best and whose character best exemplify good citizenship.

No one should allow themselves to be misled or intimidated in the casting of their vote, but should stand firm in the right to cast their own ballot free and unafraid.

When voters do that, there is little cause to fear the result.

#### A GOOD GUESS—MAYBE

Texas never saw a harder political situation to untangle than in the present governor's race. With seven major candidates and each controlling a sizeable vote to begin with and only in the neighborhood of seven hundred thousand votes to be divided among them it requires a magician, a diviner, to make a really accurate estimate of their strength. As some one has said, "one man's guess is good as another's," and with that cordially agreed to, The News will make its "guess" of the outcome next Saturday—and it will probably be Monday before the actual standing of the leaders is estimated. Our "guess" shall not be absolute, but will be divided into two classes. Those who have, according to our estimate, a better chance to get into the run-off, and those who haven't. We believe that the voters will put either of Small, Sterling, Mayfield of Love into the run-off. We think that the sensation of the race will be the absolute fall-down of the Fergusons. Nobody likes to vote for a loser and they have established a reputation for being dismal losers. Accordingly, we say that the Fergusons will drop into the second division and probably among the tail-enders with Miller and Young. Anything might happen and probably a few hundred votes will mark the difference between those who are in the run-off and the two closest up candidates. Which proves again just how poor a system the Texas primary is.

#### THESE COMMUNITY VISITS

With the meeting in Goldston this evening, a series of visits to the nearby communities by the Clarendon Chamber of Commerce and by Clarendon business men will be ended for the time being. These visits were made possible through the 4-H Clubs of the county asking for a visit from the Clarendon people. It is hoped that they were made profitable for they have no doubt provided the means of transportation for many delegates to the Short Course at College Station.

In the meetings held, there was no effort to sell anything from Clarendon. In fact nothing from Clarendon was offered for sale. If the community had something they cared to place before the visitors it was bought and used to the best advantage. Nothing was said to indicate that a spirit of sales was present. The Clarendon visitors enjoyed these events so much that there will no doubt be others at a later date.

In the matter of talent, few were overlooked who could please an audience with any sort of an entertaining feature. New material was constantly being located that will come in handy when performances of this sort are needed in Clarendon. No two of the programs were alike, pleasing both the visitors and visited so that attendance on each of them was held to a maximum.

It is the hope that the neighborly spirit engendered by the presentation of these evenings of entertainment may grow and that greater meetings may be had in the future than these eight have been in the past.

### THE TRAGEDY AT DALHART

Liquor was born an outlaw, it grew as an outlaw and an outlaw it remains—the same in 1930 as three thousand years ago.

At Dalhart a few evenings ago outlaw liquor was the immediate cause of the murder of a faithful and popular sheriff, the wounding of a woman and the killing of two men resisting arrest.

It took society in the United States nearly one hundred and fifty years to learn that there is no temporizing with liquor. Like a rattlesnake it cannot be reformed. It is the same outlaw today as it has always been.

But there is one feature of the killing at Dalhart which should not be overlooked. Get this—if there had been no citizens to buy of the bootleggers involved there would have been no bootleggers.

In every community where bootleggers ply their dirty business there are a few citizens who are responsible for their presence. When these fellows in every community see their duty as citizens and refuse to make the bootlegger's trade profitable, we shall be rid of the bootlegger.

In a large measure the booze buying citizen of Dalhart is responsible for the murder of their sheriff and the death of the two outlaws. No amount of respectability can free them from the blame.

What is true at Dalhart will be true in every other community when the inevitable murder, death, divorce, car accident and broken hearts come, as come it most certainly will.

#### OUR FIRST PRIMARY CHOICE

The News has always made it a habit to name its choice for the state offices just before election time—a choice made out of a sincere purpose to select good men for office. We present that list herewith respectfully recommending them to your consideration, all the while urging each and every voter to make up his own mind as to his choice of candidates, even as The News has done.

- For United States Senator—Morris Sheppard.
- For Governor—Clint C. Small.
- For Lieutenant Governor—Edgar Witt.
- For Attorney General—Robert Lee Bobbitt.
- For Comptroller—George H. Sheppard.
- For Treasurer—Ed A. Christian.
- For Commissioner of Agriculture—A. H. King.
- For Land Commissioner—J. H. Walker.
- For Railroad Commissioner—Pat M. Neff.
- For Chief Justice—C. M. Cureton.
- For Judge of Court of Criminal Appeals—O. S. Lattimore.
- For Congressman 18th District—Marvin Jones.

#### USE YOUR VOTE

Again the people of the state are called upon to exercise their right of the ballot in the selection of the leaders for another two years. Again they have been asked to vote for the men who are best fitted for the offices to which they aspire and again there will be many who will not take the time to cast their votes.

The mere fact of selecting your candidate has little to do with the final outcome of the election. The utilization of the privilege of the ballot is the prime object. We are urging that the readers of the News take advantage of this privilege and vote their convictions, remembering that when this is done that they have done their part in keeping the balance of power in their hands.

We urge and insist that you vote. Vote as you like, but vote.

### GOLDSTON LAD BEGINS NON STOP ENDURANCE RIDE HERE

Charlie Wear, from the Goldston community mounted his horse Monday morning from in front of the News office and took off on what is believed to be the first endurance horse ride ever attempted in the country. In place of sitting in a tree which has swept the nation as the latest endurance stunt, Charlie believes that it will be much easier to pass away the hours riding his favorite horse. The ride is conducted through the streets of Clarendon.

Several of the Clarendon business men contribute the necessities of the boy doing the feat, and provided for his wants throughout the ride. Charlie has guaranteed to ride the horse for 36 hours, and if everything goes well he is going to extend this limit several hours. He states that he is going to make his mark high enough that it will take a real endurance ride to displace his record.

### SMALL STATE WORKS WONDERS IN HIGHWAYS

#### SOUTH CAROLINA SETS RECORD IN AWARDING PAVEMENT CONTRACTS

By E. E. Duffy

Just what may be accomplished by judicious use of road funds is well illustrated in South Carolina. Recently contracts were awarded, in one day, for the construction of about 300 miles of concrete roads—a letting which probably exceeds any from the time of Appius Claudius to the present.

How a small state such as Carolina can undertake such a remarkable project is, after all, a simple story. Some years ago her sister state of North Carolina inaugurated a bond issue road building program. Roughly, \$115,000,000 worth of bonds were sold by North Carolina, bonds that are financed without extra taxation for they are being retired by gasoline tax income.

The changes that over North Carolina were so striking and significant that South Carolina decided to do likewise. Accordingly, last year South Carolina adopted a \$65,000,000 bond issue. The recent letting is the first to be made in this bond issue program.

South Carolina's bonds are also to be retired by the gasoline tax which, in that state, is six cents a gallon. At first this tax brought forth some criticism, particularly on the part of those not familiar with road conditions in South Carolina. But these Carolinians have determined that the six-cent gas tax is far less burdensome than the mud tax and upkeep bill on inferior roads.

South Carolina expects to complete some 500 miles of concrete pavements this year. Included in the recent letting were 22 sections of road, many of which will fill in gaps between important pavements and towns.

Bond issues, similar to that of South Carolina, permit mass construction with consequent lower prices and lessened inconvenience to motorists. Because of the fact that bond issues permit immediate construction, greater highway usage is obtained during the period equivalent to the lifetime of the bonds. South Carolina is in reality compacting several years construction into one year—and the motorist of today will be using the highways today.

#### ON TEXAS FARMS

Summer colds in poultry flocks have been reported in many counties, due largely to excessive heat combined with poorly ventilated houses. In demonstration flocks county and home demonstration agents have been getting owners in many instances to open more doors and windows and to remove a board across the rear side for better ventilation.

Several thousand capons will be marketed next spring by Garza county farmers and club members, the county agent thinks. Interest in the subject was aroused by last year's experience which resulted profitably to those who adopted the capon route to turn surplus cockrels and feed into cash. Feed was short there last year and capons low in price but fair profits were made in spite of this.

### Buick Presents Straight Eights

A synchro-mesh transmission and a valve-in-head straight eight engine are the outstanding features of the 1931 Buick line. The Two-Door Sedan, one of twenty new models, is shown above.

Exciting the interest of the motoring world and arousing a widespread comment of approval, the new 1931 Buick line powered with straight eight valve-in-head motors was presented on Saturday, July 26. Offered in four new series, the 1931 Buick Eight holds many surprises for show-room visitors.

In addition to its advanced straight eight valve-in-head power plant, the new car also has a synchro-mesh transmission, new insulated body by Fisher, and many other important advances which, according to E. T. Strong, president of the Buick Motor Company, make the new eight the outstanding car of the company's history.

Many refinements have been incorporated in the beautiful new Fisher body, and changes in construction have been employed to strengthen it structurally and eliminate any possibility of noise or fumes from the engine. The driving compartment in all models has been completely insulated. No radical changes have been made in the general appearance of the new bodies, but a wealth of fine details and new appointments have been embodied to increase the luxurious riding comfort of the new Buick Eight.

Among the engineering advancements on the new Buick Eight, in addition to the synchro-mesh transmission, are an engine oil temperature regulator, dual carburetion, combined intake silencer and air cleaner, new crankcase ventilating system, im-

proved steering gears, one-piece rear axle housing, new clutches and four-point rubber insulated engine mountings. The new line is offered in twenty models, divided into four different wheelbase lengths. The six models in the 8-50 series are carried on a 114-inch wheelbase and powered with an eight-in-line overhead-valve motor, which has a bore and stroke of 2 3/4 x 4 1/2 inches. This motor is rated at 76 1/2 horsepower and provides a speed of 75 miles per hour.

In the 8-60 series two models are offered on a 118-inch wheel base. The motor used in this series has a bore and stroke of 3 1/4 x 4 1/2 inches, developing 90 horsepower and a speed of 80 miles per hour. In the 8-80 and 8-90 series a motor having a bore and stroke of 3 3/4 x 5 inches drives a motor of 104 rated horsepower. Two models are presented in the 8-80 series on a 124-inch wheelbase, and the 8-90 series on a 132-inch wheelbase is composed of seven models.

The new Buick Eight produces a new sensation in driving; there is no apparent change in smoothness, noise or vibration from low to high speeds, and the car can be driven with great ease, comfort and safety. Silent operation, due to improvements made in the overhead valve mechanism, the use of the synchro-mesh transmission, and the insulation of the body, is one of the outstanding features of the new Buick Eight.

Commercial fertilizer is paying this year in Cherokee county, according to a preliminary report of the county agent who adds that "about all the corn that will be made this year is where every other row is in peas and the corn fertilized."

It has cost Midland county farmers only one cent to kill a rabbit, using strychnine and salt prepared under direction of the county agent, whereas some counties are paying bounties of five and ten cents per rabbit killed. Farmers report that one pound of bait is killing 27 rabbits.

**H. L. DARWIN** of Paris, Lamar County, Texas, for Lieutenant Governor of Texas DEMOCRATIC PRIMARY, JULY 26TH, 1930

Served four years as State Senator from Delta, Hopkins, Franklin, Titus and Red River Counties, and four years as State Senator from Lamar and Fannin Counties.

1. Agriculture is the basis of all our wealth and civilization—and all means should be employed to make it as profitable as other industries.
2. Educational opportunity should be equal alike to every Texas child.
3. The present revenues for maintenance and construction of our State Highways are sufficient. A State Bond issue is not necessary.
4. I favor laws to protect public health.
5. We levy all the taxes now necessary for general and special purposes. We should cut expenditures.
6. I favor developing our natural resources for the greatest public benefit.
7. Labor is entitled to every consideration and you cannot maintain a high standard of civilization on low wages.
8. I favor Prohibition.
9. I favor developing our Texas ports, and also all our means of transportation.
10. I am opposed to the creating of more offices.
11. Our penitentiary should be made modern and the convicts should be kept continuously and profitably occupied. Good management and hard work will do more for the penitentiary than all else.

### DINING ROOM APPEARANCE FEATURE OF SHORT COURSE

COLLEGE STATION, Texas. —The desirable peaceful, quiet appearance of a dining room is best brought about through exercising simplicity in the selection of the furnishings and furnishings, Miss Leloise Davis of the home economics department, Texas College of Arts and Industries, Kingsville, will tell the girls group Tuesday morning at the Farmers Short Course, A. & M. College of Texas. Use of light neutral shades was pointed out as an important factor in creating this appearance.

The type of furnishings selected for the dining room should depend upon its location and whether it is a separate room or a part of the living room. Wherever the dining room is located, it should be well lighted and well ventilated, with the lights so arranged over the table as to bring out its best features without causing a glare in anyone's eyes. Soft candle light was suggested as being ideal for the dining room. Where a combination living room and dining room is used, a gate-leg or refectory table set to one side or at one end of the room proves satisfactory and effective.

Since in the service of meals there is naturally a certain amount of formality, the furnishings selected should help create a dignified atmosphere. Selection and care of linens for the table and the uniformity of china and silver were mentioned as added factors of importance in helping to create the correct atmosphere in the dining room.

# SOCIETY

## Mrs. Cleo Norwood Is Hostess

An affair which added much to the week's social calendar was given Thursday afternoon when Mrs. Cleo Norwood was hostess to and delightfully entertained the members of her bridge club and a group of invited friends with a bridge party at her home, College Hill.

The rooms made a pretty setting for the affair in the floral decorations with tallies and other appointments furthering the summer motif.

In the games of auction bridge Miss Lorraine Patrick was given club high score; Mrs. Clarence Miller, guest high and Miss Mazee Bechtol, consolation.

Present for the affair were: Mesdames B. F. Kirtley, Bascom White, Roy Ingram, Lillian Brady, Sam Darden, B. C. Antrobus, C. W. Bennett, Jr.

Miss Leta Verne Martin, Miss Lotta Bourland, Miss Clarice Puller and Miss Lorraine Patrick, club members.

Mesdames Jim Haile, Clarence Miller, P. B. Gentry, Ira Merchant, and Floyd Lumpkin.

Miss Lillian Murphy, Miss Betty Weatherly, Miss Mazee Bechtol and Miss Herbert Hudson of Amarillo, invited guests.

## Young Matron's Harmony Class Outing

It's after all, not too dull in Clarendon despite the desertion of many society folk. The coolness of the past few days have given pep to several hostesses who have given delightful parties or outings. Among these was that of Tuesday with Mrs. Charley Bairfield as hostess to members of the young Matrons Harmony Class with a picnic at the beautiful Troublesome Canyon.

The clear water rippling over the falls, wild flowers and mossy banks under the outspreading branches of tall trees made this an ideal spot for such a delightful outing, and it is conceded to be the most enjoyable affair of the season.

A bountiful picnic lunch was served to the following:

Mesdames Paul Shelton, Lee Vaughn, B. F. Kirtley, C. W. Galoway, Henry Tombs, O. C. Watson, Henry Williams, Cleo Norwood, Clarence Miller, Ben Andis, Ella Ballew, Walter Hutchins, Tom Giddens, Fred Thomas, Bennett, Jr., John Butler, Jim Redfern, Mr. and Mrs. B. C. Antrobus and Miss Opal Pyle.

## Friendship Club Guest of Mrs. Skinner

Members of the Friendship club were guests of Mrs. C. R. Skinner at her home Tuesday afternoon.

After the members gathered a very enjoyable afternoon was spent with fancy needle work in rooms beautified with cut flowers.

After an interesting business session a delicious ice course consisting of peach ice cream and angel food cake was served to:

Mrs. A. T. Miller, Mrs. M. E. Thornton, Mrs. R. O. Thomas, Mrs. J. W. Rowland, Mrs. J. D. Stocking, Mrs. H. Tyree, Mrs. J. L. Allison and Mrs. L. Ballew, club members.

Mrs. Hartley Skinner and Mrs. H. M. Reed of the Chamberlain community were invited guests.

Cooling drinks served by the hostess during the course of the afternoon added to the comfort and pleasure of the guests.

Mr. Hailey Skinner, Mr. Roy Beverly and Mr. A. T. Miller, also profited at the hands of the genial hostess.

## Woman's Missionary Auxiliary

The Woman's Missionary Auxiliary of the Methodist church met in their regular business session on Wednesday, July 16th, at the church.

After the devotional and business session the society voted to accept an invitation to attend a picnic on July 30th at the Country Club.

All members are to meet at the church at 5 o'clock and a way will be provided for those who do not have cars.

## Mrs. Noble Hostess to Good will Club

Mrs. I. O. Noble was the genial hostess to the members of the 1930 Good Will Club, Monday afternoon, at her home in college Heights, where several very pleasant hours were spent with light sewing and conversation in rooms laden with the perfume of a profusion of roses and other garden flowers.

At the close of the afternoon a tasty salad course was served to Mesdames L. B. Carlisle, Melvin Cook, A. O. Yates, R. Y. King and Miss Nova Cook, who then made an inspection of the yard finding many beautiful blooming plants and a most attractive fish pond.

Miss Iva Marie Davis left for her home in Quitaque Monday evening after a visit of a week here with her sister, Miss Carrie Davis.

## Kedron Evans Entertains

Small but altogether delightful games until mid-night were given Monday night by Kedron Evans at the ranch home of her parents, Mr. and Mrs. W. J. Evans. The first part of the evening was enjoyed by a good swim after which weiners were roasted. Games and hill climbing occupied the minds of the happy picnickers until a late hour when they returned to the ranch house where they enjoyed a big supper. Then these merry makers played various games until mid-night when a delicious ice course was served.

They arose the next morning at four so they might eat breakfast at the chuck house with all of the cowboys. They enjoyed a horseback ride after which they returned to their homes. Those present were: Neva Riley, Mary Travis Dyer, Marjorie Shepherd and the hostess, Kedron Evans.

Miss Rhoda Weidman used her integrity in planning the entertainment for members of the Business and Professional Women's club Tuesday evening when they held their regular dinner in the dining room of the Clarendon Hotel.

A small card which bore a phrase of music from some popular song was handed each guest as they arrived and the found their places at the table by naming the composer and finding the picture of same which served as place cards.

A color scheme of pale green and pink was used effectively in the decorations as well as the dinner course.

Garden flowers centered the tables and dainty nut cups added to the attractiveness of same.

Guests for the evening were Mrs. O. T. Smith, who rendered their vocal solo; Miss Mildred Sparks, who pleased those present with a piano number; Mrs. Walter V. Thomassen, Miss Anna Bourland, Mrs. B. L. Jenkins, Jr., Miss Lotta Bourland, Miss Erma Lewis and Miss D'Laurel Beville.

No business of special importance was transacted but a most pleasant evening was spent.

## Story Hour Greatly Enjoyed

Mrs. Loyd Stallings, an affable story teller, pleased the children on Tuesday evening with stories of a varied nature including animal as well as fairy stories which always delight the imagination of children.

A group of twenty enjoyed the story hour.

Sponsors were Mrs. Fred Rathjen and Mrs. R. Wilkerson.

## W. M. S. In Circle Meetings

Members of the Rex Ray Circle met in the home of Mrs. Walter Powell with fifteen present and enjoyed the study "Christ's Miracles."

The East circle met with Mrs. E. N. Shepherd and studied the character, Grace Clifford in the book Pioneer Women. Thirteen members were present.

Mrs. Cap Lane was hostess to eight members of the west circle who had as their lesson, "Why and How."

## Woman's Auxiliary In Meeting

The meeting of the Woman's Auxiliary, Presbyterian church, was held Wednesday afternoon in the home of Mrs. Harry Ruddell with twelve members and three visitors present.

Devotional was led by Mrs. J. E. Mongole with the lesson "Educating the Mexican North of the Rio Grande River" following.

The subject was discussed by Mrs. W. G. Word and Miss Edgar Mongole.

A social hour was enjoyed later with Mrs. Ruddell serving dainty refreshments.

Rev. and Mrs. Emanuel Dubbs of Borger and Mr. and Mrs. "Happy" Williamson of the same city were in Clarendon Tuesday evening to attend the Tyndall revival services.

Mrs. Laverne Shuford returned to her home here Monday evening of this week after a visit of some days in Dallas with Mrs. C. R. Mitchell and her son, Marvin.

Mrs. Shuford reports that Marvin shows some improvement and that the doctors state that he now has a chance for recovery.

Mr. and Mrs. Elmer Palmer and Mrs. Doss Palmer and son, Ray, returned to their homes here Monday evening after a visit with relatives in Hamlin, Texas. Mrs. B. L. Palmer made the trip to Hamlin and remained there for a visit with two sons, who are living near that city. Conditions near Hamlin are reported as not so good as they have not made a crop there in two years and prospects are not so good for a crop this year.

## FORMER EDITOR WRITES OF WORK ON PARK HERE

The following letter was received from A. M. Beville the fore part of this week and is a fair example of what the older residents of the city think of the park that is being started at the head of Kearney Street. The letter:

Clarendon, Texas, 7-21-30. To The News.

I note with much pleasure the proposed improvement of the park in the south part of town. There is a fine grove of trees and with some additional improvements it will make a very nice park.

I recall my effort many years ago when I operated the News, how I plead with our people to plant trees along our streets and for many years afterward, Clarendon was known as the "tree town," said by all to be the prettiest town in the Panhandle, because of its many and beautiful trees.

Following the campaign for the street trees, I turned to the planting of trees in the present park, and a dry spell, about such as we are having now, made it a very hard matter to put over, but I exercised faith and had the present trees set, every one of them, and this despite the fact that I never did collect hardly as much as half of the amount expended, yet I rejoice that the nice trees are there, and for many years it has been a nice play place for children and it rejoices me to see some interest now being taken to improve this small park, as it should be. Most sincerely,

A. M. Beville.

## JAMES KIMBELL JR.

James Kimbell, Jr., died in a hospital in Los Angeles, Calif., July 8, 1930, and was buried in Groesbeck, July 13, in the family burying ground in Faulkenberry cemetery.

James Kimbell, son of Mr. and Mrs. James Kimbell, was born in Groesbeck, on March 1, 1891, and was therefore 39 years, 4 months and 7 days of age at his death.

He is survived by his wife, Nettie Freeman Kimbell, whom he married ten years ago, and his little boy, James Kimbell III, who will be four years of age in August; his father and mother, a sister Mrs. Duke N. Rankin of Groesbeck; three brothers, J. C. and Fountain B. Kimbell, of Groesbeck and Fred Kimbell of Beeville, Texas.

Mr. Kimbell united with the Methodist church when he was a child. He was also a member of the Knights of Pythias and Elks. When the World War started, Mr. Kimbell volunteered and was sent to A. and M. College for training, and was in France with the American Expeditionary Forces under General Pershing within ninety days after his enlistment.

He remained in France for more than 17 months. While no claim was made by Mr. Kimbell for compensation, there is little doubt but what he was gassed in France and this was the remote cause of his untimely death, according to the condition of his lungs when examined by specialists in Los Angeles. Groesbeck Journal.

## Church of Christ Announces Revival

Announcement is made this week of the revival meeting to be held by the Church of Christ of Clarendon, commencing with Saturday night, August 2, at the Church of that faith. The services will be held each morning and evening, and will continue until August 14. The evangelist which has been secured to conduct the campaign is John M. Rice of Abilene. Elder Rice is one of the outstanding evangelistic leaders of the Church of Christ and comes to Clarendon highly recommended by those who know and have heard him.

A song leader and special worker has also been secured to work with Elder Rice during the coming series of services.

Members of the Church of Christ of Clarendon are anticipating a great revival and are looking forward to the approaching campaign with much enthusiasm.

Full announcement of the services will be made in the columns of The News in the next issue.

## HEDLEY YOUTH DIES IN CLARENDON HOSPITAL

Marie Johnson quietly slipped from this earth into the peaceful great beyond Saturday at the Adair hospital, after fighting a heroic battle for life over a week.

Merle is the son of Mr. and Mrs. C. E. Johnson of the city of Hedley, and had just recently passed his seventeenth birthday. He was one of the most popular young men of that city and had many friends in Clarendon. Very seldom is the passing of one mourned by such a large group, the entire community being touched by his departure.

Blood poisoning was the cause of the untimely death of the boy just on the threshold of manhood. The end came as a relief to the young man and the sorrowed parents, as Merle had suffered greatly throughout his malady, and is now in the peaceful land where there is no sorrow and suffering.

The remains of the lad were taken to Hedley where the funeral services were conducted by Revs. Landreth and Hutto from the family home. Friends of Merle and the griefed parents paid their last tribute to this fine young man and showed their deep sympathy to the bereaved family with a large and most beautiful floral offering.

Hedley and the surrounding community feel the loss of Merle, and mourn with the griefed family over the inestimable loss of their loved one.

## STATE LEGION MEETING TO BE BEST EVER HELD

Advance information received the fore part of this week from State Legion headquarters in Austin indicates that the convention held this year is to be the biggest and best event of the sort that has been held since the formation of the State Department. All sessions of the convention will be held in the Senate Chamber of the capitol building, thus giving the legionnaires the oppor-

tunity of seeing this building at first hand. Austin is preparing to care for a monster delegation and a number of special trains are already in prospect. The railroads are offering their usual discount of a one way fare for the round trip, which figures \$17.10 from Clarendon to the convention city. Ample time is allowed for sight seeing on the tickets issued as they do not expire until September 5th. Hotel rates are the most reasonable presented in quite a long time, averaging less than \$2.00 per day per person, even in the best hotels of the city. Interested persons are asked to see Commander Andis at their earliest convenience and make plans to enjoy a visit to the state capitol and attend the convention at the same time.

## W. H. PATRICK TELLS OF VACATION EXPERIENCES

W. H. Patrick, president of the First National Bank of this city, returned Sunday from Aransas Pass, where he had been on his vacation. The local banker spent eight days away from the city, and stated that he had one of the most delightful and restful trips he had ever taken. While in Aransas Pass Mr. Patrick was the guest of J. H. Frost, president of the First National Bank of San Antonio. The party stayed in Mr. Frost's summer home on the Gulf.

The eight days were filled with plenty of rest and sleep in the cool breezes from the Gulf. Fishing, swimming, and sailing furnished the diversion of the visit, and afforded the right amount of amusement to make the stay of the pleasantest sort. Enjoyment of the whole outing was enhanced by abundance of good eats which was kept on hand to appease the mighty appetites of the vacationists.

One of the most pleasant features of the entire stay was the swimming activities of the group. The house was situated only about thirty yards from the Gulf channel, and the party participated in the "old swimming hole" act several times a day.

## MRS. BENNETT KERBOW REPORTED DOING NICELY

At last reports from the bedside of Mrs. Bennett Kerbow, as we go to press, attendants state that she is resting easily and is slowly improving. Mrs. Kerbow has been suffering from an attack of blood poisoning, and her many friends in the city will be happy to learn of the change in her condition. Her hand, which has caused so much suffering is a great deal better since the establishment of drainage from the diseased member. The News joins with the entire community in wishing a complete and speedy recovery for this splendid woman.

## GRANDPA MERCHANT SUFFERS INJURIOUS FALL

R. E. (Grandpa) Merchant had the misfortune to fall at his home about 10 o'clock this morning, painfully injuring his hip. Doctors in attendance state that such a fall with an old man might possibly prove injurious, as yet it is impossible to tell whether the hip was fractured or only bruised.

Grandpa Merchant is in his 92nd year, and was enjoying good health up until the time of his accident. He is resting easily at his home.

Mr. and Mrs. John Bass and family were Pampa visitors Monday.

Miss Mary Kate Hurn of Seattle, Wash., is the house guest of Miss Lorraine Patrick while visiting with other relatives in the city.

Misses Elgin Patrick and Leticia Benson spent the past week-end in Memphis as the guests of Misses Bernice Guthrie and Lucy Hudcins.

Miss Lois Alexander left Sunday for Crowell, where she will spend some time visiting in the home of her sister, Mrs. H. K. Edwards.

George Darden spent a few hours here last Friday evening with his brother, Sam Darden. He was en route to New York and stopped here between trains.

Mrs. Eula Cox returned Thursday from Hedley where she had spent the major part of the week with her sister, Mrs. T. R. Moreman.

## BISHOP BOAZ HERE THURSDAY FOR MEETING

Bishop H. A. Boaz, bishop of the Methodist Episcopal church visited with friends and ministers of Clarendon and the Clarendon district last Thursday. While Bishop Boaz was in the city he was the guest of Rev. S. E. Allison and Presiding Elder W. M. Murrell. He attended the Clarendon District preachers meeting at eleven o'clock, during which time the problems of the various parishes were taken up with the Bishop. Following this meeting a luncheon was enjoyed by all the ministers present at the Clarendon Hotel at noon.

Bishop Boaz left Friday morning for Vernon where he will confer with the preachers of that city and district.

Mr. and Mrs. James Wall and daughter, Lulu Maude, of Groom spent last week in the home of Mrs. W. A. Massie, mother of Mr. Wall.

Mr. and Mrs. P. W. Turner and family of Boyce City, Okla., spent the past week end here with her brother, Chas. G. Speed and family.

Mr. Bob Couch returned to her home here the fore part of this week from Groom and White Deer, where she has been for the past several months working.

Mrs. W. W. Taylor, Miss Athlyn Taylor and Miss Leta Verne Martin motored to Amarillo Monday where Miss Athlyn underwent a tonsil operation. They returned Tuesday afternoon.

Miss Ann Vraven of Childress spent the week-end with her friend, Miss Lorraine Patrick. She is expected to return today to be present at a social function to be given by Miss Patrick.

Mr. and Mrs. Bryant Thomas and baby were here over the latter part of last week visiting in the home of Mr. and Mrs. F. B. Thomas. Mr. and Mrs. Thomas will be remembered as former teachers in the Jericho, Goldston and other schools of the county.

Mr. M. F. Reed and sons, Mack and Warren visited in the home of Mr. Reed's father, Mr. and Mrs. M. C. Reed, on Monday. Mr. Reed and the boys had been visiting with relatives in Stratford and stopped enroute on their way home to McGregor, Tex.

Mr. and Mrs. Will Hayter returned Monday from Throckmorton, Texas, where they attended a family reunion of the Hayter family. All the children of Mr. and Mrs. Hayter, parents of Mr. Will Hayter, were present on this occasion.

Mr. and Mrs. Lee Muse and daughter left last Sunday evening for an extended vacation trip through the northwest. This trip will include a visit to Oregon, Washington and a side trip over into the Southeastern part of Canada.

Congressman Marvin Jones

In the coming primary, the Democrats of the Eighteenth Congressional District, composed of Fifty-three Northwest counties, will no doubt show their appreciation of a conscientious, wise and capable public servant by voting for Marvin Jones for Congress.

Mr. Jones was first elected in 1917 and has served continuously since that time. By native ability and through industry and experience he has become one of the most effective and highly respected men in the House.

If the entire House of Representatives were composed of men like Marvin Jones the standing of the National Congress would be a source of general pride. Mr. Jones does not seek the limelight. He does not speak merely to get into the record, but when he does speak he has something to say, and the members of the House always listen to him.

Mr. Jones has had very little opposition, and in the few instances when it has developed his opponent has accepted defeat with little surprise, and everybody seemed to have a good time. His merit is recognized, and each added year finds Mr. Jones more strongly entrenched in the confidence and esteem of his constituents. Even those who disagree with him occasionally on national questions are proud of the manner in which he serves all of the people of the district, and of the record he has made.

The people of the Plains are always glad to support Marvin Jones.—The Herald, Perryton.

Miss Sibyl Smallwood of Amarillo spent the week end with her sister, Mrs. Pittman and friends, Mr. and Mrs. Walter Clifford.

**TO THE VOTERS OF DONLEY COUNTY**

This is the first time in the history of Donley county that the voters have had a chance to elect a Tax Collector upon the qualification necessary to attend to the duties of said office.

I am making the race for Collector strictly upon the qualifications necessary to attend to the duties of said office. If you think either of my opponents are better qualified to serve as Tax Collector vote for him. However, if you think I am qualified equally as well your support and vote will be appreciated and if elected I will attend to the duties of the office to the best of my ability.

# J. H. Walker Has Record Unique In History of Texas Government

### Works Way Through Every Office Job to the Top

J. H. WALKER

BUT one man, according to the history of Texas, has worked his way through every desk from the bottom to the top of a major

state department. That one man is J. H. Walker, who one year ago became Commissioner of the Land Office by appointment, succeeding the lamented J. T. Robison, under whom he served as Chief Clerk for twenty years.

J. H. Walker is a native of Johnson County but his legal home is Hill County. He entered the Land Office thirty-one years ago, but the last two years of Governor Sayers' administration he was Chief Clerk of the Comptroller's office, and during Governor Lanham's administration he was Assistant Financial Agent of the State Penitentiaries. His service in the Land Office covers twenty-five years.

For some years Mr. Walker lived in the Abilene country and has first-hand knowledge of the conditions in the West, as well as all other parts of the state.

He became Commissioner with an experience unparalleled in the history of this state, and with an unexcelled knowledge of original Spanish grants gained through his work as translator in the land office.

He is a candidate for election and the question before the people is whether the rule of promotion shall be sustained. His platform is administration of the law to the best interest of the state and with fairness to those dealing with it.

### SHORT COURSE PROGRAM GIVEN

MANY FEATURES ARE TO BE FOUND ON THIS YEAR'S A. & M. SHORT COURSE

COLLEGE STATION, Texas, July 22.—Completion of detailed program for the twenty-first annual Farmers Short Course at the A. & M. College of Texas July 28-August 1, as announced by Extension Service officials, discloses a wide range of discussion in agricultural and home making fields for men and women, boys and girls. Numerous recognized experts, including W. F. Schilling of the Federal Farm Board, Dr. O. E. Baker, bureau of agricultural economics of the United States Department of Agriculture, and others will contribute to the general programs, while the group programs will be conducted by specialists of much experience in their respective fields.

All told, the five day gathering promises a series of addresses and talks covering the general field of agricultural endeavor with emphasis on modern methods and particular attention to timely phases. Attendance is expected to be around 5,000 with the representation of 4-H Club boys and girls equalling last year's record of 1,700.

President T. O. Walton of the college will formally open the short course with an address Monday morning, July 28. Director O. B. Martin of the Extension Service will preside at the opening session.

The program has been so planned as to offer sessions particularly appeal to members of every group. Special group sessions for men, boys, women and girls have been worked out and general entertainment features, including historical and agricultural pageant entitled "Texas, the Magnificent," to be presented Thursday night on the lawn at Guion Hall, will suggest the more serious group discussions and talks.

A series of general lecture programs dealing with the farm program from three aspects—effi-

ent utilization of land, efficient distribution of farm products and cutting the costs of production—will be held in the mornings. These discussions are expected to appeal particularly to farmers and county agents. Dean E. J. Kyle of the school of agriculture, A. & M. College, will open this series with a discussion of "The Triangle of Agriculture." Other speakers who will appear in the series of farm problem talks will include: Dr. G. W. Dyer, Nashville, Tenn.; Dr. O. E. Baker, senior agricultural economist, bureau of agricultural economists, U. S. Department of Agriculture; W. F. Schilling, member Federal Farm Board; John C. Burns, manager Texas Livestock Marketing Association, Fort Worth; Lawrence Westbrook, organization manager, Texas Cotton Cooperative Association, Dallas, and others.

Addresses of general interest, for adults, will be given every night except Thursday night when the out-door pageant with an all-farm cast will be staged. Speakers for these night programs will include Dr. Gus W. Dyer, Nashville, Tenn.; W. F. Schilling, member Federal Farm Board; Mrs. E. E. Davis, Arlington; Hon. Tom Connally, United Senator for Texas.

Group sessions for subject matter consideration will be held in the afternoons for men, and in the mornings and afternoons for women and girls and for boys. Joint meeting will be held every morning by the boys and girls.

The subject matter programs for men will be given over to discussion of poultry, livestock, field crops and farm engineering and horticulture.

Homemakers programs for women and girls. Recognition of Texas Master Farm Homemakers will be accorded at the opening of these group sessions Monday morning, July 28.

For the sake of convenience the groups of boys and girls will be divided into sections, the boys into four sections and the girls into five sections. Each section of the boys group will receive the same program in turn as will be the case with the girls group.

Special meetings to be held during the period of the short course and in conjunction with it include: County Superintendents' direction Prof. W. L. Hughes, department of rural education, A. &

M. College; Texas Bee keepers' Association, July 28-29, Dr. S. W. Blasing, department of entomology, A. & M. College, in charge; Agricultural Writers Conference, sessions every afternoon, A. D. Jackson, chief, division of publications, Experiment Station, in charge; Experiment Station Workers, daily in Experiment Station administration building; Extension Workers Conference, daily; cooperative marketing session, Monday afternoon, July 28, with W. F. Schilling, member Federal Farm Board, and directors of Texas cooperative associations taking the leading roles.

### ADVENTURES OF A YOUTHFUL PIONEER OF TEXAS

The life of J. T. Morgan, 74 years old, living in the Shady Grove community about fifteen miles west of Dallas, Texas, has been filled with romance and adventure. His latest adventure was the discovery of the famed James Bowie lost silver mine, an old Spanish gold mine and a cache of Spanish treasure, stolen and concealed by the Indians in the early history of Texas.

The above true story of Morgan will be published in the monthly Magazine section of the Clarendon News, August 21.

### HALE CENTER FARMER GIVES IT HIS ENDORSEMENT

"Argotone Has Made a New Man of Me and Restored My Health," Says Stringer.

To the large number of men whose statements have been published in the press of the county is now added the name of Fred H. Stringer, of Hale Center, Texas,

living on rural route 2, and who is a very prominent and well known farmer, while talking with the Argotone representative, at South Plains Drug Store, Plainview, Texas, recently.

"Argotone has made a new man of me and restored my health," he said, "and I am more than glad to recommend it. I was in a very run-down condition, and was very weak and nervous. I had the 'flu' and then my condition got worse. When I got up from the flu I wasn't able to do my work. I was bothered with stomach trouble, and food did not agree with me, but the attack I had of the flu made it worse, and I was surely in a bad shape. I got to where I didn't eat anything. I had distressing feeling, caused by the gas that formed on my stomach and anything I ate would not digest.

"I have only taken one-half bottle of Argotone, and it certainly has improved my case in every way. All my stomach trouble has left me, and I eat and sleep just fine. I am gaining in weight and strength every day, and do not have those restless spells. Argotone has restored my health after nothing I took seemed to do me any good, and I know from my own experience that it is a good medicine.

Genuine Argotone may be bought in Clarendon at the Stocking Drug Store.

## Did You Ever Stop to Think?

By Edson R. Waite, Shawnee, Okla.

That a whole lot of careless automobile drivers should remember that they are to use their heads and what is supposed to be in them.

They should keep in mind that public highways are not for their exclusive use. Other people have rights the same as they.

The horn of their car is put there for a purpose. Somebody is always likely to drive into their path from side streets or roads.

They should always be on the outlook for the unexpected.

The unexpected is always the thing they should expect.

Serious attention should always be given to the driving of a car.

It doesn't pay to be sorry after it happens.

They should see that it doesn't happen—they won't be sorry.

A great majority of the accidents that Mar the pleasure of motoring can be laid at the door of careless drivers who imagine they can keep their minds on other things and still be competent to operate the machine safely and sanely while so doing.

"The problem of encouraging the people of any community to buy at home is really a problem of discouraging the members of that community from making excessive purchases away from home. People automatically and naturally buy where they are. When a too great section of the home purchasing power is being expended in nearby cities, it is the result of two things.

"First, that the local retailers do not, or cannot, furnish a sufficient variety for selection to please certain classes of the public, and that they make no unusual attempts to correct that weakness on their own part.

"Second, that the man objects but he makes no acceptable pleas to the woman of the homes to exhaust every local possibility for satisfaction of her wants before seeking elsewhere.

"This resort to the need to one of individual family discussion, decision and action, and an obligation for betterment on the part of the local retailer.

"There is, of course, a limit to the extent to which either side of this problem may be influenced. Family propaganda depends entirely upon the extent to which each man in the community takes it upon himself to discourage buying away from home. It is unchangeable by public propaganda, because such deals with the result instead of the cause. On the other hand, a better collection of stock and better merchandising with better advertising would go a long way toward normal, quiet, reasonable, and sensible buying in the direction desired.

"When a sufficient number of business organizations and individuals recognize that the best way to handle all problems of competition is to first set one's own house in order and then make sure that the public knows it is in order always finds it so, the sooner we will cease to hear the ineffective clamor against the new forms of competition."

It seems as if the tariff question is a bone of contention everywhere. The Philippine Herald of Manila, the Pioneer Filipino daily in English, in a recent editorial says:

"Secretary Alunan of the department of agriculture and natural resources feels excited over the report that Australia will increase its tariff on Philippine lumber exports to that continent to such a rate that it would constitute a real menace to the Philippine lumber export trade with that country. And as a retaliatory measure, in case the Australian tariff on Philippine lumber goes into effect, Secretary Alunan is already thinking of proposing an act which would tax heavily the importation of Australian farm products.

"Perhaps Secretary Alunan forgets that Australia has gone ahead of the Philippines in hitting back. The Herald believes that her pro-

posed increased tariff on Philippine lumber cannot mean other than a retaliation to the famous double-barrel act passed by the Philippine Legislature at its session, which provides a high tariff on cattle importation and at the same time prohibits cattle imports. Secretary Alunan of course knows that cattle raising is one of the principal industries of Australia, and when the Philippine legislature put a ban on cattle importation here, it naturally invited retaliation.

"It is the business of the government to protect local industries. But any local industry can be effectively protected with a high tariff. And a high tariff on imported cattle would have more than sufficient to give the local cattle industry full opportunity for complete growth. But absolute prohibition on top of high tariff seems the height of pessimism.

"The Herald still believes that the complete ban on cattle importation is not only an unwise piece of legislation, but an unconstitutional act. Unless it be proved that the imported cattle is disease-bearing, which menace the local industry, there is no justification for it, legal or economic. For there is no local industry that cannot be safely and amply protected by a tariff wall.

"There was a time when Australia prohibited the importation of Philippine lumber on account of the presence of destructive insects or worms in Philippine lumber. But as soon as this defect in local lumber was corrected, Australia lifted the ban. The Philippines should act in like manner and prohibit importation of Australian cattle only as an emergency measure. The general cattle ban was enacted in restraint of trade. And it would seem that Australia is justified in retaliating by an increase in its tariff on Philippine lumber."

George L. Browning, president of the Seaboard National Bank of Los Angeles, says:

"A father can do no more damnifying thing to his son than to leave him a fortune to handle without having taught him how to handle that fortune. It is like handing a loaded weapon to a child who knows nothing about handling such weapons.

"A daughter at five receives her first music lesson. Continuously she practices her music until she reaches her maturity. Because of the fore sight, patience, interest and energy of her parents she is an accomplished musician.

"The son at five is given his first lesson in business. Continuously he is taught and continuously he practices business dealings. At maturity he can play the game of business as easily as the daughter can play the piano.

"How foolish are the parents who expect the son to be a successful business man after having neglected to teach him economic principals and business practices in the early formative period of his life.

"Into the child's mind and soul there must be built a solid foundation on which rests the business principles. The child must have formed a habit of close analysis, definite objective, creative think-

ing, unyielding determination and honesty of purpose. The schools alone cannot give this. The home—the parents must bring this about by directing the child's activities and thereby the child's habit of thought.

"A father should make a pal of his son, and as soon as the boy can count, responsibility of paying the bills, of placing values on purchases, of determining possibilities of savings should be placed on the child. The child should be made to clearly understand that money within itself has no value, but is merely an implement to use in the garden of life, and it is either good or bad as it is made so by its use."

"I was in miserable health for five years, the result of stomach kidney and liver disorders. My back ached terribly and my feet and ankles were badly swollen. Gas formed after each meal, and I endured awful pains. Dizzy spells and bilious attacks were other sources of distress. My husband insisted that I try Konjola, and now I have a good appetite food digests as it should, dizziness and biliousness are gone and my weight is back to normal. We will always recommend Konjola after what it did for us."

## SMALL COUNTY GETS SUPPLY OF PAVEMENTS

KENT COUNTY, MD. COMPLETES 15-YEAR JOB IN ONE YEAR.

By E. E. Duffy

How a small rural community may make the most of its highway funds is admirably illustrated by Kent county, Maryland, where recently 51 miles of single track hard surfaced roads were dedicated. These pavements were built within one year and without increase in taxes. Kent county claims that it has solved its road problem—and any one who has journeyed through the fertile Del-Mar-Va country knows that the mud and dust there made it a real problem. The solution of the road problem is all the more remarkable because of Kent county's small population of 20,000.

Kent county crammed a fifteen year road job into one year. At first it seemed that this would be a gigantic task, one beyond the ability of the little community. But strangely, the only effort involved on the part of the taxpayers, aside from arduous planning and educational work on the part of the Kent county Chamber of Commerce, was marking an X on a ballot. Taxpayers won't ever be required to pay a cent of additional tax and consequently their contribution to the state gasoline tax fund will be some what enlarged.

At first glance this seems like a bit of Utopia, but in reality it's nothing more than commonsense financing. In Maryland, as in most states, a portion of the "gasoline tax money is refunded to counties by the state. Kent county simply capitalized on this assured income and issued \$900,000 in road bonds for pavements. The pavements were then laid under the supervision of the efficient state highway department. These 51 miles of roads are now to be maintained by the state, for they are permanent!—surfaced in accordance with state specifications. In Maryland, as in several other states, the state highway department maintains all main county roads that have been properly improved. In effect, Kent county has shortened its road problem by 51 miles.

Narrow pavements, according to road records, are gaining in popularity throughout the country, with something like 3,000 miles in service. They are holding economical and completely satisfactory where traffic is light, finances limited, and year round travel desirable.

Governor Albert C. Ritchie of Maryland declared at the dedication: "This is a historic occasion in that Kent county is pointing the way, as a pioneer, in the solution of the local road problem."

## UNCLE SAM, EMPLOYER

Uncle Sam's latest report on his personal business sets the total number of his employees at almost 600,000. This army of Civil Service workers is larger than it has been since World War days, when it reached 900,000.

Government employees are recruited from all over the United States, each state being given a certain quota which it must not exceed. For some time, there has been lively shooting at Civil Service authorities in regard to these quotas. Complaints are made that the District of Columbia, Maryland and Virginia have gone far beyond their allotment and that other states suffer correspondingly. It is asserted that this condition arose as a War factor and has never been corrected. The Senate, in accordance with its usual method of investigating unpleasant rumors, appointed in 1928 a special committee to hear witnesses and pass judgement on the substance of these charges. Numerous persons, mainly Civil

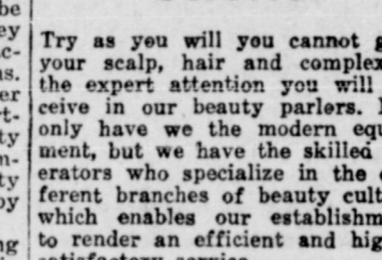

Service employees, came before this body and presented cases of unjust treatment and partiality. But the burden of the complaints had to do with the quota excesses and deficiencies.

Two Civil Service bills were introduced by Senator Hefflin of Alabama and passed by the Senate. One provides for strict enforcement of Civil Service appointment and promotion laws, and the other instructs the Civil Service Commission to furnish a list of all appointments in excess of the quota since November 11, 1918. In this way, it is hoped that any unfair features in a system particularly designed for fairness will be corrected.

## ONLY A DOCTOR KNOWS WHAT A LAXATIVE SHOULD BE

Danger lies in careless selection of laxatives! By taking the first thing that comes to mind when bad breath, headaches, dizziness, nausea, biliousness, gas on stomach and bowels, lack of appetite or energy warns of constipation, you risk forming the laxative habit.

Depend on a doctor's judgment in choosing your laxative. Here's one made from the prescription of a specialist in bowel and stomach disorders. Its originator tried it in thousands of cases; found it safe for women, children and old folks; thoroughly effective for the most robust man. Today, Dr. Caldwell's Syrup Pepsin, as it is called, is the world's most popular laxative. It is composed of fresh herbs and other pure ingredients. You can get it, in generous bottles and ready for use, at any drugstore.

Don't treat a "slight cold" lightly! The discomfort of a summer cold can easily develop into dangerous illness if neglected. A tablet or two of Bayer Aspirin will check a cold as quickly as it came. And you will get immediate relief from the headache that goes with it.

If there's a sore throat, too, crush 2 tablets in 4 tablespoons of water, and gargle. Those who have learned the true value of Bayer Aspirin are never without it in any season of the year. It's always ready to relieve headaches, neuritis, neuralgia, and a long list of aches and pains. Genuine Bayer Aspirin does not depress the heart.

WHEN FOOD SOURS

ABOUT two hours after eating many people suffer from sour stomachs. They call it indigestion. If means that the stomach nerves have been over-stimulated. There is excess acid. The way to correct it is with an alkali, which neutralizes many times its volume in acid.

The right way is Phillips Milk of Magnesia—just a tasteless dose in water. It is pleasant, efficient and harmless. Results come almost instantly. It is the approved method. You will never use another when you know.

Be sure to get the genuine Phillips Milk of Magnesia prescribed by physicians for correcting excess acids. 25c and 50c a bottle—any drugstore. "Milk of Magnesia" has been the U. S. Registered Trade Mark of the Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

## When BABIES are Upset

BABY ills and ailments seem twice as serious at night. A sudden cry may mean colic. Or a sudden attack of diarrhea. How would you meet this emergency—tonight? Have you a bottle of Castoria ready?

For the protection of your wee one—for your own peace of mind—keep this old, reliable preparation always on hand. But don't keep it just for emergencies; let it be an everyday aid. It's gentle influence will ease and soothe the infant who cannot sleep. Its mild regulation will help an older child whose tongue is coated because of sluggish bowels. All druggists have Castoria.

## GIRLS CAMP AT COUNTRY CLUB

### CAMP FIRE GIRLS BEGIN WEEK'S ENCAMPMENT WITH VIGOROUS PROGRAM

The Clarendon Camp Fire Girls with their sponsor, Miss Lorena Stegall, left the city Monday about noon and established their camp at the grounds of the Clarendon Country Club. This is a regular yearly feature of the camp and girls work in Clarendon and elaborate plans and a very instructive and vigorous program has been made and is now being carried out to a very satisfactory end.

Some thirty of the local camp fire girls are in the camp, and are enjoying the out door life to the fullest extent. The program as is being carried out by the girls is given below.

Rise, 6:30.  
Morning Devotionals, 6:45-7:00.  
Morning Exercise, 7:00-7:15.  
Breakfast, 7:15-7:45.  
Dish washing, 7:45-8:00.  
Tooth Brush Parade, 8:00-8:15.

Taps, first bell, 10:15.  
Taps, last bell lights out, 10:30.

One of the fine things about the camp is the rules which the girls themselves have made to govern the encampment. The girls have shown a fine spirit throughout the camp, and each is living up to the rules in a most pleasing manner. The rules as made by the girls are listed in the following paragraphs.

1. No fussing. Penalty, sent home.
  2. No girl or group of girls to leave camp grounds without permission from guardian. Penalty barred from swimming rest of trip.
  3. No eating between meals. Penalty, do without next meal.
  4. No talking during nap hour. Penalty 25c a wash.
  5. No one to take after supper. Penalty, Wash all dishes rest of camp period.
  6. No one allowed in boat.
- Little sisters must stay near big sister and consult with them over problem.
- The week's encampment is made possible by the business men and business firms of the city of Clarendon contributing to the upkeep of the Camp Fire Girls camp. Those contributing to this cause are given below.
- U. J. Boston, Odos Caraway, Homer Mulkey. The Clarendon News, West Texas Utilities, Cameron Lumber Company, Clarendon Grain Company, Hanna-Pope & Company, Donley County State Bank, Farmer's State Bank, Donley County Leader.

## CHURCH CHAT

What is Preaching? Preaching is spoken communication of divine truth with a view of persuasion. Accepting this as a sufficient definition, we notice that it covers the three points with which we are chiefly concerned in a sermon, namely: Its matter, its manner, and its purpose. As to the matter of this communication, it is "divine truth." This tells us what to preach. As to the manner of this communication, it is divine truth, "spoken." This tells us how to preach. As to the purpose of this communication, it is divine truth spoken, "with a view to persuasion." This tells us why we preach.

"It was God's good pleasure through the foolishness of preaching to save them that believe (I Cor. 1:21). There can be no improvement upon the divinely appointed means of saving the world, nor any adequate substitute for the gospel in essays upon morality, lectures on current topics, etc. The preachers' main theme should be the gospel, which is, "The power of God unto salvation to every one that believeth" (Rom. 1:16). He is a messenger of joyful tidings. It should be remembered, that while the terrors of God's law must have their place in preaching, that people are more easily won by the presentation of God's mercies than His judgment. Let a preacher only administer thundering anathemas, and he will soon find that the most of his hearers are conspicuous for their absence. People will not come to be lashed like slaves, but appreciate being treated as intelligent, reasonable men and women. True preaching is of the Word. The world is hungering for the gospel and Biblical truth. True preachers should "persuade men" to be "reconciled to God." We do not need a new gospel, but we need the old gospel anew. "It is the whole duty of the whole church to preach the whole gospel to the whole world." (C. H. Scoville).

To you who are hungering for the gospel and Biblical truth, we invite you to attend the Evangelistic services conducted in the big tent, near the old school building, Dr. John W. Tyndall is the preacher. Come hear him.

W. E. FERRELL, Minister, First Christian Church, Clarendon, Texas.

Mr. and Mrs. Eari Alexander of this city and Mr. and Mrs. O. M. Cosby and family of Memphis left the latter part of last week for a visit to Taos and other points of interest in New Mexico.

Miss Mary Sue Watters has returned from Hedley where she visited in the Hartzog home.

Miss Vada Waldron returned the latter part of last week from Canyon, where she has been for the past six weeks attending the first term of Summer School at West Texas State Teachers College.

Mrs. R. Y. King is entertaining in her home this week, her aunt, Mrs. A. J. Thompson and her friend, Mrs. C. J. Woodson and Miss Carroll Woodson, all of Okarche, Oklahoma. Miss Woodson and Miss Carroll went to Amarillo on Wednesday for a visit with relatives and will return here for a longer visit before returning home.

## Texas Thoughts

(Editor's Note—Opinions expressed in this column do not necessarily constitute the editor's opinion. The column is reproduced as an impartial analysis of the political situation as seen from Austin.)

With less than a week remaining before election day candidates are putting forth last minute strenuous efforts in an attempt to clinch a nomination. Gubernatorial candidates who started the campaign on one or two speeches daily have increased the schedule to three or four daily appearances.

Thousands of miles of territory are being covered and many voters are being appealed to.

Attempts to force the Sterling candidacy are not meeting with any large measure of success. Publicity propaganda and advertising have been resorted to, but still the voters are not rushing to the Sterling banner.

Other contenders for the nomination are contending that these attempts are having a backfire and the Houston man is losing rather than gaining in strength. Reports current from the central portion of the state furnish ample basis for this claim.

Mayfield, speaking in Austin last week, charged that Sterling's stupendous campaign expenditures were proving a boomerang. He declared that the governor's seat could not be purchased and expressed fear for the future of Texas' free government should voters allow themselves to be misled by bright promises that could not be fulfilled.

He declared that his candidacy was being received favorably and expressed the conviction that he would be one of the run-off candidates.

Every portion of Texas is being visited by the former United States senator and large crowds are hearing him. He is spending the present week in the northwestern portion of the state and bright reports are being heard of his candidacy.

Three Gubernatorial candidates spoke in Austin within the space of four days. Mayfield started on Thursday, July 10, and spoke to a crowd of 4,000. Small spoke on Saturday to about 2,000 and Jim Young to the same number on Monday.

Mayfield's crowd was the more enthusiastic by far and it is being predicted that he will carry Travis County over all opponents.

The Ferguson candidacy is losing out it seems apparent. The "Old Guard" is remaining steadfast, but there are not as many of that group as there once was. No new converts are being made.

Run-off candidates will be, it is said, Mayfield for certain, and either Sterling or Small for the second man.

Minor contenders in the gubernatorial race are not making much of an impression this year. At times they have been known to be muddle the situation, but not so this year. Some four or five men will get practically the entire vote.

## East Players Increase Lead

By winning two straight games from the West side team the East players extended their winning streak to four straight games, and are now perched on top of the percentage column three full games ahead of the West side baseball team. The Friday game was a real tussel from the start with the game going extra innings before the East sluggers scored enough runs to win the game 7 to 6.

The Tuesday contest was a walk away for the East club by the score of 12 to 2.

The West players were helpless before the slants of the east pitcher, and the infield went to pieces time after time to permit runs to trickle across the home base.

The game tomorrow will be a fast game, with the west boys determined to take up the slack between the two clubs, and again resume their winning ways, something they have so completely lost in the last three weeks.

Everyone is invited to attend the games and pull for their favorite team. There is no admission charge for the games.

## COUNTY ATTORNEY QUOTES LAW CONCERNING VOTING

R. Y. King, County Attorney for Donley County, dropped into the News office the fore part of the week and stated that there was quite a number of the young voters who have just become of age who did not understand the rule governing their right to vote without the payment of the 1930 poll tax. Several have been puzzled over this question and have asked for enlightenment upon it.

To clear the situation up for the interested parties Attorney King has prepared the following statement for publication.

"Any man or woman who may have attained the age of twenty-one years, since the first day of January 1929, may without having paid a poll tax vote, at any election which may be held before the first day of February 1931."

Mr. King further stated, "For example, suppose that John Doe reached his twenty-first birthday the second day of January 1929, he does not owe a poll tax for the year 1929 but of course he has a vote; John Doe will owe a poll tax for the year 1930, but that tax is not payable and due until the 31st day of January 1931, and yet he may vote at any and all elections during that time; that is to say John Doe is a qualified voter without having paid a poll tax during the whole two years and one month at any election from January 2nd, 1929 until January 31, 1931."

Chloris Halle from Venice, California, is here for a visit in the home of Mr. and Mrs. W. B. Halle.

G. W. Antrobus and Mr. and Mrs. A. P. Poole spent from Monday morning until Tuesday night on the south plains on a prospective tour. The party visited Levelland, Lubbock, Plainview and Hale Center. Mr. Antrobus says that the country around Levelland is the place for the young man to go who wants to make a good start with little capital. The crops are exceptionally fine, and the county enjoys regular rains.

## Lakeview Road Looks Promising

Hedley citizens who have long been interested in a road outlet to the south were greatly pleased with the news that came from Memphis Monday to the effect that the Hall county Commissioners Court had approved the opening of the Hall county end of the Hedley-Laketon road. This is a project for which a number of citizens, both of Hedley and of Lakeview, have hoped and worked for several years, and it is firmly believed that the road will be a distinct asset to both towns, as well as a convenience to the traveling public whose business the road may serve.

Being assured that the road was desired by a large number of Hall county citizens, as well as by an equally large number of Donley county citizens, the Hall county Commissioners Court declared its willingness to do its part, and it is understood a jury of view has been appointed to see after the matter of right of way. The Hall County Court is to be commended on this progressive action, and it is hoped that the road will soon be fenced, graded and ready for travel.—Hedley Informer.

## LOCAL BASEBALL TEAM PLAYS MEMPHIS TWICE

Two game series between an all-star aggregation from Clarendon and the famous Memphis team will be played the last two days of this week. The first of these is to be played at Memphis at 3:30 Friday afternoon and is guaranteed to be filled to the brim with real baseball enough to thrill all the fans. The second game of the series will be played here in the College Park Saturday afternoon at 3:30.

Manager Fitzgerald is handling the local team. He states that the two games will be filled with all the interest of a big league battle. The Clarendon team has not been announced.

## GUY PIERCE MAKES STATEMENT EXPLAINING MATTERS

In performing my duties as a night time officer under Sheriff M. W. Mosley, I am forced to sleep a part of the day. My time therefore, is pretty well taken up and I have little time left to meet the voters individually.

Twenty-eight years of my life has been spent in Hall and Donley county with the exception of eight years spent in the navy. My present age is 35. Having lived so long

in this immediate section, should acquaint me with the needs, wishes and demands of the people as what they would like to find among the qualifications of a candidate for the office of Sheriff.

My experience in the Sheriff's office here has given me an insight into what duties the officer must perform in order to fill the place. It has been my policy to give every one a square deal and show no partiality. Should I be elected, this idea will be uppermost in my mind.

I believe in law enforcement backed by good judgment and reason. Every one accused is not guilty and I shall bear that in mind. Taxes are high and it shall be my policy to save the taxpayer every dime possible in the execution of papers placed in my hands for service.

If I have not seen you, it was because my duties would not permit and certainly not because I did not want to ask your support. Your vote will be appreciated, and should I be the choice of the majority of the voters of Donley county, I will be the sheriff all ALL the people serving them as a public servant without fear or favor.

## H. L. DARWIN OF PARIS FOR LIEUTENANT GOVERNOR

Through the kindness of the good Editor we shall attempt to give a few reasons for supporting H. L. Darwin for Lieutenant Governor.

As we all understand the duties of Lieutenant Governor are chiefly that of presiding over the Senate or upper branch of the legislature. To that body he is the same as the County Judge to the Commissioners court, voting only in case of a tie, yet we all know he yields a great influence over this law making body, and can do a world of harm if his heart is not right.

For twenty years we have known Mr. Darwin and had an opportunity to closely observe his life and habits, and we are glad to say during his private and public life his good name has never been questioned.

He is probably the best qualified man in the race for this important position, since he served eight years as state senator, and had the name of being the most efficient member of the upper house. He is held in very high esteem by his co-workers in that legislative body, and has the distinction of being referred to as the Jim Hogg of the Senate, because of his clean cut, straight from the shoulder expressions on legislation.

Favorable to the masses, having been reared on the farm and his living coming from that source he readily makes the statement that agriculture is the basis of all our wealth and civilization.

and the educational advantages should be equal to every Texas child.

He favors prohibition and is frank in telling you he is against Mr. Sterling's three hundred and fifty million dollar road bond.

His friends are numbered by those who know of him. Vote for H. L. Darwin and you will have a part in electing a real man for Lieutenant Governor. Respectively,

## IS ABLE TO WALK DOWN TOWN NOW

"I used to suffer terribly with stomach trouble and sick headaches and my strength and energy were so poor I couldn't walk

MRS. MARY DIETZ

down town. My color was unhealthy looking, my appetite was poor and I was bilious and generally rundown. Sargon completely rid me of stomach trouble and indigestion, my strength and energy are back and I walk to town or go anywhere else I want to go as good as anybody. I've gained weight, sleep fine and am stronger and feel better than I have in a long time.

"Sargon Pills got my liver active, my color is healthy looking, and they have never given me a minute's unpleasant effects." Mrs. Mary Dietz, 833 Peodie St., Houston, Texas.
