I follow the curious practice of answering whatever letters come to me on the day I receive them. I am too busy to do otherwise. It is the man with little to do and with no particular method of doing it who neglects his correspondence and then possibly forgets it altogether.—Thomas Arkle Clark, Dean of Men, University of Illinois.

WHOSE RIGHT IS SUPERIOR

Three men and a woman up in West Virginia took a two-year-old child (the woman's child) with them on a drunken spree. They tied wire around the child's throat and choked it to death. Then they tried to pull the little one to pieces and finally threw the mutilated body into the river. All four of the murderers confess the crime and give as an excuse that they were drunk. Just exercising the personal liberty we hear so much about.

Three men in Kansas City, Kansas, pulled off a drinking party one night last week. Two of them are dead, both being shot through the heart. The third man says he knows nothing about how it happened. The three men were friends of long standing, all being advocates of personal liberty.

A truck down in the Rio Grande Valley ran into a car that was occupied by four women. Two of them are dead. The driver of the truck was drunk. He is probably one of those individuals who says that if you will let whiskey alone it will let you alone. But these women didn't find it so.

Now honest, is your right to drink superior to the right of others to live? Think about this when you spout personal liberty.—Marshall News.

"TAIN'T SO DOGGONE BAD" SAYS McCARTY

We ain't been blown away. We ain't had no tidal wave. We ain't had no floods, no pestilence. Ain't had no earthquakes with the redhot lava, over-spreading our farm districts, destroying farm homes, crops and taking a toll of human lives. We've had no wars, or revolutions to contend with. Peace reigns throughout the nation. The gross wealth of our nation is something like four hundred billion dollars. Bank resources right at twenty billion dollars. What the Devil and Tom Walker are you grouching about? Have five million bales of cotton ahead, enough to clothe a nation. Made two billion bushels of corn this year. O, yes, cornpone for the whole nation. Wheat granaries are bursting and the American smoke houses are all bulged out with bacon. Of course it's dry, but wake up, old scout, and get that frown off your face and look up at the hilltops as you live in the greatest country in the world. We have our farm homes and our ranch homes are intact, and the fertility of the soil is still here, that mystic stuff that grows the golden grain and King Cotton, puts the green in the grass and the fragrance and the juice in the peach. Why, shuckins, folks, we are the most blessed folks on earth. Just think of it. In Europe and Asia, hundreds of millions of folks die who never had a square meal in their lives, never rode in an

automobile, never had a radio nor talked over a telephone. But, gosh, the oceans of the world are our, our merchant ships touch at every port in civilized world, and in man power and human genius—America is the marvel of the world. Roll up your sleeves old sport and get out on the commons, invade the market places and buy and sell. Fortunes are made when financial cowards lose their nerve and go into hiding. Why, daburn it, don't be a baby! Stand up to your fodder if you don't get a bit. Hold up your head if you die before night. The world is yours if you are capacitated to handle it. No, 'tain't so doggone bad.—Albany News.

ANOTHER WICHITA MAN TESTIFIES NIGHT COUGHING QUICKLY RELIEVED

WIFE GAINS ON ARGOTANE, "WOULDN'T BE WITHOUT IT," HE SAYS.

Still another well known Wichita Falls man comes forward with his unqualified endorsement for Argotane. This time it is J. R. Terry, who resides at 1020 Bond Street, that city. "My wife has actually improved so much since she started taking Argotane that it is almost unbelievable," said Mr. Terry in an interview with the Argotane representative. "And has been benefited so much in every way that I am glad to make this statement which I hope will be the cause of others who may be suffering as she did getting relief."

She had been in such a run-down condition for the past 15 years that she felt like she should have been in bed most of the time. She was subject to frequent attacks of dizziness and sick headaches. She also suffered intense pain from gas on her stomach and she was habitually constipated. She had a tired aching feeling all the time, which left her so weak she could hardly stand up.

"She has been wonderfully benefited by Argotane. In fact, I consider it remarkable the way she has been built up for she is almost like a different person. She has been relieved entirely of stomach trouble, headaches and that aching feeling. I am delighted more than I can tell with what Argotane has done for her, and we would not be without it now for the world. It is by far the best medicine she has ever taken."

Genuine Argotane may be bought in Clarendon at the Stocking Drug Store.

CONOCO RADIO HOUR TO BE ON AIR SOON

Good news for radio listeners is contained in the announcement by the Continental Oil Company that Conoco will soon be back on the air again with a new type of program.

The feature of this radio hour is that the listeners themselves will have a hand in building the programs. The broadcast will be known as the Conoco Listeners' Hour and will be on the air once a week for 26 weeks from 17 stations, scattered throughout the country. The radio audience will be represented in the studio by Pat and Peggy Patterson, an average young married couple. Pat and Peggy will supervise the programs from a listener's point of view. In arranging the broadcasts they will be guided by the ideas, criticisms and suggestions sent in by other listeners throughout the country.

The programs will be on the musical and variety type. In addition to Pat and Peggy, the regular staff will consist of the Con-

But the very first swallow of Thoxine, a doctor's prescription, is guaranteed to give almost instant relief. Thoxine works on a different principle, it goes direct to the internal cause.

Thoxine is pleasant tasting and safe for the whole family. It will give you better and quicker relief for coughs or sore throat than anything you have ever tried or your money will be refunded. oco orchestra and the "Rondoliers," a male quartette. Each week an outstanding personality from the world of music, art, theater, etc., will be featured.

Ginger Rogers, stage and screen star now playing the lead in Broadway's outstanding musical show, "Girl Crazy," will be featured on the initial broadcast. Others who will be heard on future programs include Bud Fisher, cartoonist, creator of "Mutt and Jeff"; Frank Umbriaco, accordionist; Roy Cropper, tenor, who sang the leads in "Hit the Deck," "The Student Prince," and other shows; Betsy Ayers, popular radio soprano; Bobbie Watson, comedian of the "Follies" and the "Winter Garden;" Margaret Speaks, niece of Olev Speaks, the composer, who will sing his songs; and Blanche Ring, musical comedy and light opera star.

Conoco is not a newcomer on the air. Last year's "Conoco Adventures" series was very successful and Continental officials believe the new type of program will prove even more popular.

The Conoco Listeners' Hour will be broadcast every Monday evening in this territory, beginning December 1st, WFAA, Dallas, from 6:30 to 7:00.

DID YOU EVER STOP TO THINK

By Edson R. Waite, Shawnee, Oklahoma. That it is not always easy for the world at large to recognize real greatness unless in perspective and from the vantage ground. There are no visible accessories or adornments by which inner greatness is unmistakably indicated.

A King on his throne, a commander of troops, a millionaire, or a man holding high office have a sort of greatness attributed to them by reason of their artificial and perishable surroundings, but deprive them of these and they at once sink to the level of the common people. Real greatness is a greatness of the soul of inner development and does not depend upon material conditions or belongings. This Is Why People As A Rule

Are Unable To Recognize Their Great Men and Women.

15,000 DEMAND SARGON DAILY

ATLANTA, Ga., More like a tale from the Arabian Nights of old than a record of modern business achievement reads the story of the marvelous growth and development of Sargon that New Scientific Compound which has become the sensation of the drug trade throughout the United States, Canada and other countries.

The old illustration of the people dropped into the pool best describes the phenomenal and unprecedented demand and its fame is rapidly spreading over the entire continent.

Recently compiled figures reveal that approximately 15,000 men and women are marching into drug stores daily for Sargon and Sargon Soft Mass Pills, the marvelous new treatment that is restoring health to countless thousands by new and remarkable methods undreamed of only a few years ago.

Already more than 5,000,000 suffering men and women have put it to the test and have told other millions what it has done for them.

Marching regulation U. S. army fashion—single file—this vast army of Sargon users would reach from New York to San Francisco and at the present rate of sale—would, in a few years time, encircle the entire globe.

The only explanation of Sargon's triumph in the Medical World is Sargon's true worth. Back of its triumph in the drug

Strange Case Of Lubbock Man Speaks For Crazy Water

THOUGHT TO BE HOPELESS YET HE LIVED TO TELL HIS STORY.

Three weeks ago today, I came to the Crazy Water Hotel on a stretcher from the city of Lubbock, Texas, with what the doctors called Typhoid Spine, and they told me that there was no medicine that would cure me. I started drinking Crazy Water and taking the baths, and on the 12th day after arriving, I took to the wheel chair and on the 17th day I started walking without them, so I feel if Crazy Water will do that for me I cannot say enough for it.

I. F. Holland, Lubbock, Texas.

The new million dollar Crazy Water Hotel at Mineral Wells, Texas, covers an entire block of ground. It is modern, fire-proof and complete in every detail. It is natural to think it would be expensive to stop at this magnificent Hotel; yet, you can enjoy its genuine hospitality, pleasing service and receive the benefits of the Crazy Mineral Water Treatment at very reasonable rates. Write them for full and complete information.

to the pioneers of this section were of special interest. Silver and china, some over 200 years old and clothing worn in Colonial days also created much interest. Another feature was an entire room used for the exhibition of old quilts which showed much talent and many hours in piecing. In this room also was an old spinning wheel and numbers of old coverlets made by hand that were over a hundred years old. Many old books including several ancient Bibles created much comment among the guests.

SOUR STOMACH

JUST a tasteless dose of Phillips' Milk of Magnesia in water. That is an alkali, effective yet harmless. It has been the standard antacid for 50 years. One spoonful will neutralize at once many times its volume in acid. It's the right way, the quick, pleasant and efficient way to kill all the excess acid. The stomach becomes sweet, the pain departs. You are happy again in five minutes. Don't depend on crude methods. Employ the best way yet evolved in all the years of searching. That is Phillips' Milk of Magnesia. Be sure to get the genuine.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of the Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

Restless CHILDREN

CHILDREN will fret, often for no apparent reason. But there's always Castoria! Harmless as the recipe on the wrapper; mild and bland as its tastes. But its gentle action soothes a youngster more surely than a more powerful medicine. That's the beauty of this special children's remedy! It may be given the tiniest infant—as often as there is need. In cases of colic, diarrhea or similar disturbance, it is invaluable. A coated tongue calls for just a few drops to ward off constipation; so does any suggestion of bad breath. Whenever children don't eat well, don't rest well, or have any little upset—this pure vegetable preparation is usually all that's needed.

THE AFTER EFFECTS OF SIX WEEKS GRADES

Another six weeks of school has just passed on to become history. As the report cards were given out, I tried to watch the effects the grades had upon my fellow class mates. The expression upon the face of each pupil told a story of its own. Some looked as if they had lost their last friend, for they knew that there was no hope of a good grade. Some had a look of hope that perhaps it was not a failure in every thing to take home to show the folks. Others seemed glad to get their cards, for they had good grades to be proud of and to show to their parents. And then there is always the small group, who does not care whether it passes or fails. It takes what ever comes as a course of life which it cannot alter. There is no desire to try to do better; so there is little to be read in these faces except failure.

Now that the report cards have been given out, every one wants to know what their cards also made. In the class room, the halls and on the way home, the topic of discussion is "What did you get on your report card?" or "Let me see your card." The ones who fail as a rule do not care to show their cards, but make various frail excuses for their failure, but the pupil of fair standing smiles knowingly. There is no excuse for the majority of failures. Anyone who tries can pass.

The home is the place where the show is really worth the money. Let us first look into the home of a pupil who is making good grades. This pupil's mother or father is proud to sign such a good report card. But there is always the well known word of warning "Don't fall down in your studies," "Try a little harder" or "You can do better than this if you try."

The scene changes now to the home of a pupil who is just barely passing. What is the sound we hear? Some one is getting a bawling out. A disappointed parent says, "Don't you bring home a report card as poor as this again or I will not sign it. You can make a better grade than this in English I know." This is all familiar to us, for each one has some study in which he is weak and must be made to work a little harder.

As a new six weeks starts there is a greater desire to study and try to bring up those failing grades; there is a new page to turn over. Now is the time to set a new record. Set a new one with higher grades than ever before. If ever one would use this as a motto, there would be far less failures. But a great deal of the spirit dies in a very short while, yet there is always a large number, who are making good grades and who want to make better ones.

SOPHOMORE REPORT

There were many Sophomores who were on the first honor roll the last six weeks. Among those that were, are: Ardis Patman, who made 95, 1-4, the highest average; second, Billy Greene, with an average of 92; third, Geraldine Pratt, 91 1-2; fourth, Wanda Mayfield, 90 3-4; fifth, James Headrick, 90 1-2; sixth, Alfred McMurtry, 90 1-4, and seventh, Garland Woods 90.

BENTON SMITH HOST

After the football game Thanksgiving, quite a few of the Children girls stayed for an informal dance at the home of Benton Smith, who once lived at Childress. Although the girls had to leave rather early, everyone seemed to have a fine time. By the time the party was over, everyone was calling each other by his nick-name, and nothing could be heard except "Sot, Gin, Blondie, Lizzie, Goob, Mavis, Peck, Percy, O. R., Ara, Smitty, Peffer, and Bill." Friendship with one's opponent is the easiest and best thing in the world and every one from here is glad that every one from there came here for a little fun.

MR CLARK HOST AT VENISON DINNER

Last Wednesday Mr. W. A. Clark, Dean of Clarendon Junior College, invited the members of the school board, all of the teachers in the dormitory and the men of the faculty to eat venison with him. The feast took place in the dining hall of the girls dormitory and everyone seemed to consider it a treat, especially those who had never before eaten venison. The deer was one of the prizes which Mr. Clark bagged during his recent hunt in New Mexico.

HOUSE PARTY

As you walked down the hall on Monday morning, instead of hearing the usual variety of conversation, it seemed that every student in school was talking about "being sore" or if "I thought I just could not get up this morning," or something like that. When at last you found someone who was not "too sore" or "too sleepy" or too busy asking everyone else how he felt, the truth came out. Eleanor Morris had a house party over the week-end. This is how they tell it.

All of the gang ready, we left here Saturday afternoon and arrived at the Morris ranch at about six-thirty. We immediately began to amuse ourselves by dancing or playing bridge. There was a huge fireplace in one of the rooms, and we all roasted marshmallows and had a "burning good time."

At a late hour (they did not tell whether it was a late hour or "early") everyone decided that since the marshmallows were gone, it was time to retire—or to use the ranch expression—"turn in." (No note was made either of the time spent in sleeping. We can only judge by the countenances of those who attended.)

Sunday morning was spent in hiking and exploring. There were some caves in the hills south of the headquarters that just had to be examined; but by dinner time, everyone was back at the ranch house and quite ready for the "grub."

We were not disappointed. There was a very substantial dinner ready—plentiful and delicious. After eating so much, we could only play miniature football and go kodaking for strenuous exercise after all of those biscuits was out of the question. Late in the afternoon, it was considered time to start back home, so everyone "creaked" his way to the cars. These were the one who went:

Ruth Nichols, Josephine Daniels, Ruth Hartzog, Margaret Jones, Gladys McCrary, Alyeen Mann, Ada Mae Owens, Esma Keener, Sylvia Burson, Pearl Martin, Louise Adamson of Hedley, Geraldine Biffle of Silverton and Frances and Eleanor Morris. The boys were: Winfield Mosley, "Heavy" Whitlock, Snooks Andis, Byron Haile, Bill Wood, Jim Cornelius, Carrol Hudson, Mike Baird, Lloyd Martin, Johnnie Tucker, Dick Nichols, Hollis Leathers, Pete Morris and Mr. and Mrs. Wylie Morris.

"GO TO SCHOOL NIGHT" HELD

Tuesday night, at the South Ward building, a school night was held. All of the parents of the pupils in this building were invited. The parents went to the room of their child, where the teacher led them to their child's seat. The teachers explained what they were trying to teach their children. After that they were served with dainty refreshments and dismissed.

Pep Squad Entertains Football Boys

Friday night the pep squad girls entertained the football boys with a banquet in the Home Economics Department. The boys and girls arrayed in their gay colors of maroon and white, arrived in high spirits for the eventful occasion. Various types of amusements were found until the girls were announced. Marjorie White, in her pleasing manner played "Bronchos" as the crowd entered the lovely banquet room decorated in the dear old maroon and white colors of Clarendon High School. The motif being a football, the color scheme of maroon and white was carried out in the table decorations. On each table was a doll dressed as a football player. In the center of the speaker table was a miniature ballfield on which a football game was in full swing; consequently the pep squad looked on from the side line. The walls of the room were adorned with Broncho blankets.

Mr. Stocking very capably acted as toastmaster for the occasion. He first offered a toast to the pep squad and Miss Helen Beck, who responded with a toast to the team. Captain Raymond Nichols responded with a toast to the coaches. Mrs. Meade Haile, pep squad sponsor, gave a toast to the mascots.

The menu proved very interesting and held the attention of all. The Toss Up 1st Quarter Kick Off Cranberry Cocktail Huddle 1st Down End Run Olives Celery Pickles 2nd Quarter Fake Pass Pear Salad 3rd Quarter Touch Down, End Around Sweet Potatoes, Battered Rolls Green Beans 4th Quarter Punt Drop Kick Pumpkin Pie Mints

A most unusual and interesting program claimed the remainder of the evening. Mr. Stocking, acting as a doctor, brought forth a machine which he announced would make the best one which whatever kind of person they desired to become. He then asked that if anyone was dissatisfied that he might step into the machine and be made over. Berkeley Ryan declared that she was too thin. She stepped into the machine and after much grinding, which sounded as if the machine would break out stepped Geraldine Pratt all smiles. Sauntering over to the piano, Geraldine "banged" a while and when questioned as to her satisfaction of being plump replied that she was not satisfied, but desired to become a musician. Battered being placed in the machine, Delphia Bones comes forth. After rendering a piano solo, she declares that even though she can play the piano she is also dissatisfied. Delphia says that she has always been told that gentlemen prefer blondes, but the men that she meets must not be gentlemen; therefore she would like to become a brunette flapper. The brunette flapper is no other than Juaneta Jackson, who is also dissatisfied and expresses her desire to become a teachers pet. Margaret Jones appears an ideal teacher's pet, but had rather be able to sing. In turn Alyeen Mann becomes the singer, singing a football song. However she knows that she can sing and would like to be able to dance. Immediately Eleanor Morris comes forth and dances. Bunk Nichols, the water-boy emerges from the machine and expresses his desire to become a football player. The process of changing him takes some time, but the work of the machine is successful, for the little Langford is ushered forth from the machine. Vera Noland appears on the scene declaring that she is tired of being bashful and would like to talk. Ruth Price proves to be the efficient speaker. But, after speaking, she is also dissatisfied and would like to become a cook. A charming young lady, none other than Martha Thomas, appears bearing a tray on which lies the skeleton of a turkey. She declares that it was so good they ate it all up. Her desire to become an artist is soon fulfilled when Esma Keener makes a crayon sketch on the blackboard. Jo Ella Stewart arrives with her dog; she declares that she cannot do without it. Jo Ella's desire is to be made into a girl that every boy likes, and would like to have her dog made over too. When she and her dog are placed in the machine it sounds as if the machine would fly all to pieces. Instead, however, the machine just breaks and articles of clothing, together with a string of baloney come from the machine.

The breaking of the wonderful machine caused the evening's entertainment to come to a sudden close. The guests departed feeling even gayer than they had arrived. The visitors of the evening were Eleanor Morris, Mrs. Frank Stocking and Mr. Meade Haile. Others were Ruth Nichols, yell leader, Ruth Price, senior leader,

SENIORS, PLEASE NOTICE!

Seniors, what do you mean, writing articles like the one that appeared in the paper last week? We think that the Junior activities for this year have equalled yours, or excelled them. We have been too busy attending to our own affairs to write about our activities. We are not trying very hard to be the best class this year (which requires very little effort on our part) but intend to be the best Senior Class in the history of C. H. S. We understand that it must have been an extremely trying job for your reporter to write about all three of the Seniors, but the Junior reporter has written several articles and is recovering very rapidly.

GIRL CAGERS WIN FROM CLAUDE IN 21-15 TILT

The C. H. S. girls team and Claude met in their first game of the season here last Wednesday night and battled to a 21-15 victory for the Clarendon girls. Although Claude had not been beaten, the high school squad had more fight and spirit in this game and was determined to hold their opponents down. The contest was a deadlock, from start to finish, with neither team ever being very far in the lead. Both squads started the game hard and soon found that it was impossible to let up and keep their opponents from pushing into the lead. The entire squad showed much improvement over their practice games and from the way the girls are working, they will likely see a much faster and better trained aggregation play in the next game.

HI-Y REPORT

With Mr. G. C. Good the old Hi-Y spirit came back to Clarendon. Mr. Good made a very interesting speech in chapel, about three weeks ago encouraging the Hi-Y movement. He had an attentive audience because at the first meeting of this year there was an attendance of about twenty-five who gathered at the school house and enjoyed a very good time. All of the old members of preceding years were there along with many new ones. The Hi-Y conference will be held at Lubbock this year. It has been held in the Panhandle. Some of the most prominent speakers in the State will be there. We are all looking forward to the conference because it is very beneficial to everyone and we all have real good times. The Hi-Y club of Clarendon cordially extends the invitation to all who wish to join.

The last meeting was attended by Lloyd Benson, O. L. Smith, Bill Montgomery, Carrol Holtzclaw, J. D. Holtzclaw, Charles Word, Odell Barnard, Ancel Ryan, Russell Barton, Ralph Summers, John F. Harlan, Walter Gorman, James Smith and Bill Word.

Miss Lillian Park went to McLean last week-end.

Childress Bobcats Defeat Bronchos

The Bronchos lost to the Childress Bobcats 15 to 8. Both teams showed plenty of fight, the Broncho line held repeatedly on the one yard line. The Bobcats lost a lot of their punch when Groce their plunging full back, got his shoulder broken in the third quarter. The Bronchos played Friday without the strength of Captain Nichols, who was out with sprained ankles from the Memphis fray. With Nichols in the line-up we would of seen an entirely different score, the big full back was sorely missed when the Bronchos got within the 10 yard line.

Childress is probably the best team the Bronchos have played this year, and they have made an impressive entrance in to class A competition this year. Childress featured their power plays through the line with Teague, Davis, Barkley and Groce packing the ball and Cagle and Teague around the end. Sikes blocked a Broncho punt for a safety, and stood out on the defense for the visitors.

Bourland passed to Reid for consistent gains through the game. Baird, Andis and Hudson carried the blunt of the Broncho offense. While Morris, Benson, Langford and Watson starred for the locals on the defense.

Play by play: First Quarter: Captain Sikes kicked off 60 yards, Bourland returns 20. Baird goes over tackle for 2 yards. Andis picks up 10 yards on a lateral. Hudson fails to gain around end. Valuable Player Contest Swings Into Last Week With Johnson Leading Line

With only seven days until the final count of votes the ballots have flowed continuously into the News Valuable Player contest box the last week. Nichols is still the possessor of first place among the backfield men, but an upset has occurred in the first place position in the line-up with Everett Johnson replacing Pete Morris. Johnson's gain has been the most sensational individual gain of the entire contest while the supporters of Morris and other contestants have been comparatively idle over the last seven day period. The winners with their picture will be announced in the Annual

Home Town Edition of The Clarendon News next Thursday. Both will be presented with a miniature silver football with suitable engraving on each. Watch for the announcement of the winners and if you haven't voted do so at once so the most valuable players on the Broncho team will be awarded these trophies.

Our Weekly Church Chat

Not always in the ordinary of Dec. 11. Following are the contents take sides. There are important matters in connection with which neutrality is advisable. To take sides would promote disunion. Too often one meets with persons who will be heard on every question; to them, silence is always out of the question; they never dream of heeding the command to be "slow to speak".

Consequently, they unnecessarily create a breach between themselves and others upon trivial questions that do not matter.
In questions of right or wrong, good or evil, neutrality is sinful. A Christian must take up arms against evil, or be counted upon the other side. Yet how often in order to retain, if possible, everybody's good will, or that one's business may not be interfered with, do men choose to occupy a position of neutrality instead of openly opposing the wrong. It is imperative that Christians should take sides in matters of principle and unflinchingly stand up for God and right and truth. Such a man loses nothing from man or God in the long run.
"Tell me not of neutrality; it is out of the question. Ah! here is a case of neutrality upon the records of this book: "Curse ye Merozi!" Why? What had the people done to expose themselves to this bitter malediction? Had they taken up arms against Jehovah? No! Had they gone over to the enemy and fought against the chosen people? No! What, then, had they done? Nothing! Their neutrality was their crime. "Because they came not to the help of the Lord, to help the Lord against the mighty"—Dr. Newton.
"We are not here to play, to dream, to drift, to loaf, to lead, to load, to lift, to shun not the struggle; face it, 'tis God's gift, Be strong." (Selected.)
In many Missionary Circles and Societies throughout the land, the first Sunday in December is being observed as "Woman's Day". Special programs are being arranged and the deeds of loyal women are being reviewed. Sunday morning our subject will be, "Two Good Women." These two women are mentioned but once in the Bible, but a great lesson awaits us if we study their case. Sunday night the Ladies' Missionary Society renders a special program.
W. E. Ferrell, Minister, First Christian Church, Clarendon.

Funeral services were conducted at the First Methodist church Wednesday afternoon at three o'clock by Dr. Earnest E. Robinson, pastor, assisted by Rev. E. T. Miller, pastor of the First Baptist church. Interment took place in Fairview cemetery.
Mr. Batson is survived by his wife and thirteen children, nine girls and four boys, as follows: Louise, Ruby, Mary and J. R. Batson, Mrs. T. B. Roberts and Mrs. Brice Webster of Memphis; Mrs. S. S. Roberts and Mrs. D. E. Leathers of Clarendon; J. A. Batson of Amarillo, W. I. Batson of Lubbock; T. I. Batson of Amhurst; Mrs. Sal Messer of Lakeview and Mrs. Harry Meredith of Ontario, California. Zechariah Outlaw Batson was born in September 29, 1857 in Clarksville, Tennessee. He was united in matrimony on January 12, 1885, to Miss Mary Edna Neblett, daughter of Henry Neblett of Clarksville, Tennessee. He became a Christian and united with the Methodist church in July 1893. To this union thirteen children were born, all of whom survive.

JOINT PARK MEET HELD AT ABILENE
MAJOR PARK PRESIDENTS, STATE OFFICIALS PLAN LEGISLATION.
Presidents of the four proposed major parks associations of Texas met Wednesday evening at Abilene with Chairman D. E. Colp of the Texas State Parks Board, Chairman W. R. Ely of the Highway Commission, together with a number of senators and legislators in a meeting devoted to the working out of plans for the securing of practical park legislation in the coming session of the legislature in January.
The Paloduro Park Association was represented by Sam M. Braswell, president, who is also secretary of the board representing the four-park project in Texas. The Paloduro Association is the best organized and financed association of the four, and it is regarded as certain that if any of the other projects fail in being ready for the January session that the promoters of the park here in the Paloduro Canyon will make an earnest effort to get state designation for a large tract of land in the canyon as a recreational center.
Others attending the meeting at Abilene were Messrs. O. C. Watson, T. D. Nored and Odos Caraway.
Plans for the Paloduro Park project will be worked out in detail at a meeting tomorrow at Memphis, which will have the advantage of the information on the movement at large obtained from the Abilene session. A number of Clarendon men will attend the Memphis meeting which begins at noon with a luncheon, courtesy of the Memphis Chamber of Commerce.
