GUY PIERCE NEW SHERIFF

HEAVY VOTE BURIES FER- GUSON WITH NEARLY TWO TO ONE FOR STERLING HERE

With the idea of good government uppermost in the minds of the citizens of Donley County last Saturday, the voters marched to the polls and cast their vote which resulted in the edict that doomed the reign of Fergusonism forever in the public affairs of the State of Texas. In Donley County the voters gave the banner of honesty in government under the leadership of Hon. Ross S. Sterling a great majority over Mrs. Ferguson, proxy candidate, by 1420 votes to 537. This vote is more to be marveled at when the following facts are understood. In the first primary it will be remembered that Mrs. Ferguson succeeded in polling 343 votes which showed she gained 594 votes during the last campaign. Sterling received a vote of exactly 30 in the first primary, which shows that he gained 1390 votes during the campaign just concluded. In the Clarendon boxes Sterling received a total vote of 750 votes to Mrs. Ferguson's 368, which was approximately two to one.

A new height was reached in Saturday's election when 2441 votes were cast by the voters of Donley County. This was 109 more votes cast than was reported in the first Primary last July, which was a record vote in itself. The election was conducted by the Clarendon News, which is an outstanding success and far surpassed any other like party in the history of the city. The big feature of the party was the power amplifier which was used for the first time in Clarendon for the purpose of giving to the public flashes from the Texas Election Bureau as they were received. This was met with instant approval by the crowd estimated at about one thousand, and places this election party on par with the big election parties held in the great cities of Texas. Appreciation and thanks are due Rhodin Chase, for his hook-up of the loud speaker apparatus; Mr. A. L. Chase for his fine chatter throughout the evening at the microphone; Joe Goldston for his untiring help and the use of his radios for the State returns; J. T. Patman and Son for the use of their office to receive the bulletins; the Clarendon High Band for their splendid concert at the first of the party; and all others who assisted in any way towards the success of the party.

A large crowd was present up until the rain brought an abrupt close to the party. The rain held off until all the races were decided, and the results lacked only the totals of the majorities of the various races.

In the only run-off race in the County, Guy Pierce defeated J. R. (Dick) Bain by a vote of 1400 to 1041 for sheriff of Donley County. This race was hotly contested throughout with Pierce holding a slight lead from the first returns.

In the minor state races the following results were obtained from the county election.

For Lieutenant Governor: Witt, 1,047; Strong, 1,014.
For Attorney General: Allred, 1,779; Bobbitt, 424.
For State Treasurer: Lockhart, 946; Davis, 1,035.
For Commissioner of Agriculture, King, 1,227; McDonald, 691.
For Railroad Commissioner, Neff, 1,393; Hatcher, 742.

BRONCHOS BACK FROM TRAINING

BOYS BREAK CAMP AND COME MONDAY WHEN WEATHER GETS BAD

The Bronchos who left last week for a training camp at the Rowe Ranch returned to the city Monday and the encampment was called off due to the adverse weather experienced in the last week. All the boys are feeling fine and have a healthy tan to show for their training. Some of the boys found the going too difficult and returned home the latter part of last week. The coaches have set up training at the College Park twice daily and are rapidly taking the soreness out of their charges, and it will not be long before them more simpler plays will be given to the players and actual playing will be started.

With only two of the regular first string men lost by graduation last year, the Bronchos will place upon the field this year a well seasoned group of youngsters who actually know what the game is about. The backfield will build the brunt of its attack around captain Dick Nichols, outstanding back of last year's maroon and white machine. He will be ably assisted by Carrol Hudson, Clebert McCrary, Johnnie Tucker, Snooks Andis and several other excellent prospects. Fred Bourland will in all probability handle the quarterback job for the team. James Smith, and Malley Dorset will give the other backs a fight for their posts. The Broncho line this year will feature Everett Johnson at center, with Pete Morris, Lonnie Langford, big boy from Clayton, Elery Watson, Loyd Martin, John McMahon, Marshall Burr, Bill Word, Bill Tostle, Kenneth Brown, Park Deaver, Loyd Benson, Pete Easterling, Silas Franklin, Delbert Lenders, Archie Watters, and Truitt Behrens fighting for the tackle and guard positions. On the ends will be found the two men who guarded these positions in last season's play, Toney Watson and E. L. Behrens. These two are very capable and should be even better than they were last season.

The first game will be played with McLean on the home field, September 12, and should prove the metal of the Bronchos.

Below is the schedule for the Bronchos for 1930.
Sept. 12, McLean here.
Sept. 19, Quitaque here tentative.
Sept. 26, Price Memorial College here.
Oct. 3, Estelline, here, tentative.
Oct. 10, Shamrock there.
Oct. 17, Wellington here.
Oct. 24, Memphis here.
Oct. 32, Turkey here.

ROTARY HAS LIVELY HOUR

MISS EUNICE JOHNSON PLEASES LOCAL ROTARI- ANS WITH READING

In one of the most interesting sessions of the local Rotary Club held this year the members were pleased to a great extent by the entertaining ability of Miss Eunice Johnson, local reader. Miss Johnson presented several clever humorous selections to the group.

ways popular number, "Just Smiling." This number is one of the most popular selections ever rendered to a Clarendon audience and is always well received. Rotarian Dr. J. W. Evans was in charge of the Friday program and handled the events in a most capable and pleasing manner.

The Amarillo program presented by the local body for the neighboring city's Rotary group was reported by Rotary President E. L. Jenkins, who also expressed his appreciation and the appreciation of the whole club for the way in which the program was put over. The Amarillo club was loud in their praise for the entertainment by the local Rotarians, and expressed their hope that they would again be favored by a like program.

"NO JOBS HERE" —MAYOR TAYLOR

Job seekers are warned not to come to Clarendon seeking work, according to the Mayor of Clarendon. "There are no jobs here for them," is the way Mayor Taylor puts it and asks the newspapers to warn those looking for work to save their time and expense in coming this way. The Mayor's idea is that all local work is needed for the unemployed of our own community.

Poultry School In Final Meet

The poultry school that has been held in Clarendon High School for the past several weeks was brought to a close Tuesday of this week when the assembled folk studied the housing of poultry flocks. The class adjourned to the home of W. Z. Borron and made a study of his housing equipment and found them in splendid condition. These are of the latest and most modern sort, cool in summer, warm in winter and well ventilated at all times.

An example of what may be done with a building already built, but converted to uses other than that for which it was originally intended was found in the plant of Hayes Robbins. An old dairy barn was converted into a school building for the purpose of a reconstruction along the new lines.

The school will not meet further than this, the prescribed course having been completed.

Despite the fact that the commander of the local Post will be out of the city on the usual meeting night of the Legion meeting, this will be held as usual. Some matters of vital importance are to be disclosed at this date, principal among them being plans for a mammoth radio party during the month and the disposition of rodeo plans discussed at the meeting in August.

Mrs. Bob Lynch and daughter, Bobby, Mrs. R. V. Woods and Mrs. Chain all of Amarillo spent last Friday in the home of Mr. and Mrs. O. D. Liesburg.

Band Concert Is Rained Out

After three false attempts had been made last Sunday afternoon the concert scheduled to be played on the steps of the Grammar School building was called off for the time. A fair sized crowd was present for the affair, this being the usual date for an event of this sort, but soon scattered when it was seen that a shower was imminent.

Band Director Stephenson states that the next concert will be held as usual on the afternoon of Sunday, September 14th, this being the date set for the event. The orchestra will be heard, as well as other features that have been worked out in the past few weeks.

LADIES TAKE ALL LIONS MEETING

SURPRISE PROGRAM PRE- SENTED ON EVENT OF LION TEER'S RETURN

The Clarendon Lions were surprised but not alarmed Tuesday of this week when the ladies of the club came marching into the dining room after all preliminaries had been cleared from the decks and the way paved for service.

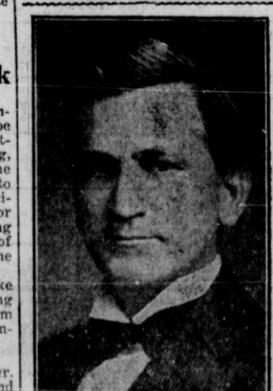

from the Lion members and only the additional plates gave any clue to the things that were happening in the very near future. Lion A. L. Chase was appointed to act as a moral support to Lion Teer after this gentleman had been placed at a small table especially prepared for him. This was followed by the presentation of a small book in which all members of the club had written sound advice and encouragement for the newly married member of the organization. Lion Sam M. Braswell made the presentation and Lion Chase read a few selections from the book to give a general idea of the worth of the content.

Lion Teer responded to the presentation and stated that he had appreciated all the words of wisdom that had been given and that he would attempt to live up to the ideals set forth in the book.

The remainder of the hour was turned to the ladies with Mrs. Fred Rathjen presiding as chairman. A blank sheet of paper was passed the ladies and they were asked to answer a number of questions concerning the character and characteristics of the Lion members. Fourteen questions were asked and some of the answers were particularly illuminating to the Lions and to the other ladies who were present. Only a part of the answers were later read, the remainder being kept on file for further investigation.

Mrs. G. L. Boykin called the Lions who were unaccompanied by their wives to the front of the banquet room and had them sing a very appropriate verse "There Are No Wives With Us." Later the entire gathering sang a number of songs to the accompaniment of the kitchen band brought by the lionesses when they entered the room.

The final action on the part of the Lionesses Chairman was the presentation of a small edition of a rolling pin to Lion Teer in the absence of his wife. Various sorts

COUNTY TEACHERS TO MEET MONDAY

DONLEY COUNTY TEACHERS INSTITUTE TO BE HELD MONDAY AND TUESDAY

The city of Clarendon will be host to all the teachers of Donley County Monday and Tuesday, September 1st and 2nd, when that group meets here for their second annual Teacher's Institute. These sessions were first held last year and proved so popular to the teachers and officials that it was decided to again have the Institute here. Officials believe that there is an advantage to be found by just having the smaller group of the county teachers meet instead of Meeting with the larger group in the district Institute. Professor Stuart H. Condon has been secured to act in the capacity of director of the meeting, and will deliver some three addresses to the gathering of teachers during the two days here. Professor Condon is head of the History department in the West Texas State Teachers College at Canyon, and former Dean of Clarendon College.

SCHOOL OPENING PROGRAM GIVEN

CLARENDON PUBLIC SCHOOLS WILL BEGIN FALL TERM WEDNESDAY, SEPT. 3RD

The hurry for school will begin next Wednesday morning, and will usher in another long term of school for Clarendon and other Donley county cities. The passing of the long summer days will be reminded to the citizens of Clarendon when the opening exercises for the fall term of the Clarendon Public Schools will be held and registration by the pupils will be begun.

With the opening of the new school term it is expected that the enrollment will far exceed the totals of previous years. The Junior College is certain to show a marked growth even greater than the public schools. It is expected by the College officials that approximately 125 or 130 pupils will be in attendance when the Junior College gets under way. The College has such bright prospects this year that the officials are planning on placing a football team on the field to carry the same name as the old athletic teams of the defunct Methodist school, the "Bulldogs." This announcement has met with the entire approval of the fans of the city, and it is hoped that it may be carried out to a successful end. The program for the opening exercises, Wednesday morning, September 3 at 9:00 a. m. is given below.

A benefit baseball game will be played Friday September 5 at College park promptly at 4 p. m. The game will be played between teams representing the east and west sides of the city, with each club boasting a roster of real ball players. The proceeds derived from the contest will be donated to the Clarendon High School Band to pay for the band stand which was built several months previous at the old Grammar school building.

The East players are being coached by Gus B. Stephenson, who promises to take the measure of the West players in this contest. Ernest Fitzgerald will handle the West club and will have a fine array of talent to place upon the diamond in opposition to the hustling east team.

This game will be well worth the time of everyone and will also be helping a worthy cause. Let's all be out there and support our respective team.

PANHANDLE PRESS ASSOCIATION

Rains pretty generally over the Panhandle have brought the most seasonal temperatures we have experienced this summer. The Panhandle has hardly resembled the Panhandle this summer and it seems good to enjoy its characteristic weather again.

Donley County rains have contributed greatly to an increased yield on farms after a disheartening period of weeks and it looks now like we shall make a third crop of cotton—maybe better—and a pretty fair feed crop in most sections. Donley is again to prove to this section that it is probably the safest farming section of the Panhandle if not the entire Southwest.

Those who want a city park for Clarendon will be heartened to know that a small beginning is being made on the work and that a committee from the Chamber of Commerce, the Lions Club, the Rotary Club and the Business and Professional Women is proceeding cautiously to bring the park into a useful reality. 1931 should see Clarendon boasting of and using a beautiful little city park.

Few presidents have had the obstacles to surmount that have fallen to the lot of Herbert Hoover. Now comes a Democratic party will rid itself of Raskob at the next concharges that John Raskob is the head of an organization to slander the president. The vengeful "wets" of the North and East have joined without regard to party affiliation to hinder and slander Mr. Hoover, and no one is surprised at John Raskob being at the head of the movement. The Democratic party will rid itself of Raskob at the next convention. Any other course means utter dissolution.

Observations on the run-off campaign closed last Saturday brings this comment: Dan Moody was the "big battleaxe" of the contest and his hammer blows at the Fergusons had much to do with the outcome. Only two counties where he spoke returned a majority for the Fergusons and in both of these it was greatly reduced from what it had been estimated. In the closing months of administration a governor is usually a man of little moment but Dan Moody, by reason of his vigorous and joyous thrusts crowned with success, is leaving the governor's office in higher favor than he has been since the first year of his administration. He will probably be heard from in a senatorial campaign a few years later.

Few people in Texas but are happy that the primaries of the year are over. Regardless of whether or not one's candidates were successful one cannot but be glad that the speeches are over, the papers are printing information more illuminating and the air is cleared for more varied programs over the radio. On and about Saturday, August 23rd, the state was blessed with rain over most of its area, the weather has cooled immensely and sick crops are taking on new life as school time and fall time approaches. Just a few days now and the fall season is upon us and as we approach it in a happier frame of mind we are better fitted to take up with renewed zeal our various tasks of making a living. Yes, we are all glad the election is over.

Texas is in the limelight over the nation, and in contrast to the heralded return of Fergusonism as chronicled sarcastically in the daily press of the North and East after the July primary, the state is now receiving the most favorable publicity from the results of last Saturday's election. The nomination of Mr. Sterling is considered as the beginning of a new industrial era in Texas and is being taken as an invitation to capital to come to this state and invest in her development. Coming as it has just as seasonal increase in business is beginning, the election of a sound business man as governor is certain to contribute largely to the return of good business in Texas. When 1931 dawns the stage will be all set for the opening act on the greatest industrial advance the Lone Star State has ever known. Farm and hamlet will profit even as the cities shall profit.

West Texas and the Panhandle still holds the spotlight in railway projects and construction. The announcement this week of the thirteen million dollar project of the Texas & Pacific Railway which proposes lines into West Texas and the Panhandle over three hundred miles long is the opening gun of another big fight for footing in this territory. The Santa Fe and the Fort Worth & Denver will probably contest the issuance of the permit with all the power they possess and another decision will have to be rendered by the interstate commerce commission. Meanwhile the news is heralded over the nation and the Southwest profits by having the attention focused in this direction. Very few dreamers are able to dream the greatness of West Texas in its height, breadth and length. All the territory will get new development by reason of the spending of the rail millions.

Electricity is required at different times for different purposes.

This simple fact explains why a widespread electric system, serving many communities over a wide area, can operate more efficiently than small plants each serving a single community. Serving a larger number of people, with a greater variety of demands, the widespread system keeps its facilities working over more hours of the day.

There is another important advantage of the widespread transmission system over the small plant serving a single community. The transmission system can meet increased demands at once. No delay is necessary for increased facilities, as so frequently is the case with the small plant.

Community growth is thus encouraged and hastened.

The West Texas Utilities Company places at the disposal of 116 prosperous cities, towns and communities in West Texas, the "Land of Opportunity", 100,000 horsepower of electrical energy—generated by three Major Generating Stations and 22 Auxiliary Plants, and distributed over a network of more than 2,500 miles of transmission lines.

J. R. (Dick) BAIN THANKS VOTERS OF COUNTY

Permit me to take this means of thanking the loyal friends who gave me their support in the primary Saturday. I am also thankful for the many favors and kind consideration shown me during the campaign.

I am for the upbuilding of the interests of the good citizens of this county and hold no hard feelings against any one because of my failure of election. It shall always be my pleasure to serve you in any manner possible, either as an elected official or as a private citizen.

In looking back on this campaign, I find much pleasure in the fact that I conducted a clean campaign that in no wise reflected upon the integrity of any one and believe that as time goes on, voters of this county will realize and appreciate this fact more. As you know I have lived among you as a neighbor for many years in the past and I expect to continue my residence here where I can be found so that I can make amendments if any errors have been committed.

Leta Verne Martin Bride of Mr. Wewerka

A beautiful and impressive wedding service was solemnized Tuesday morning at 9:32 o'clock at the Methodist Episcopal church South when Miss Leta Verne Martin, charming and attractive daughter of Mr. John W. Martin, and Mr. Fred Wewerka of Pampa were united in marriage by the Rev. S. S. Allison.

A pretty setting of green and white was chosen by the bride for the wedding. The altar was covered with greenery, ferns and fronds of asparagus being used with cantelabra arising tall and stately above this, each holding long white tapes which flamed and gleamed over the setting adding dignity and an air of sacredness.

Miss Pansy Taylor, of Bonham at the organ beautifully played "Because" from Joycelyn by Goddard as the prelude and immediately following the strains of the bridal chorus from "Lohengrin" pealed forth as the processional. Mendelssohn's "Wedding March" was used as the recessional.

Misses Eva Lee Morrison and Agnes Caraway, bridesmaids, were first to enter coming down opposite aisles and taking their places at the altar followed by Miss Athlyn Taylor and Mrs. Ira Merchant, all wearing costumes of black in the very latest of fall design with corsages of dyed asters and ferns.

The bride entered with her maid-of-honor, Miss Margaret Gladden of Wewoka, Oklahoma, who was attractively attired in rich black velvet and who gave Miss Martin in marriage, being awaited at the altar by the bridegroom and his best man, Mr. Charley Moss of Oklahoma City.

Miss Martin was handsomely gowned in an exquisite tulleur of black crepe with accessories to match and carried a bridal bouquet of gorse, white rose buds and ferns. During the impressive ring ceremony Miss Taylor played softly.

Ushers for the morning were Messrs Jack and Ira Merchant, Loyd Johnson and Ernest Kent.

Mr. Fred Wewerka, son of Mrs. R. Wewerka of El Reno, Okla., is a graduate of the law department of Oklahoma University and is present manager of the Pemco Manufacturing Company.

The bride is a graduate of Clarendon High School, a former student of the College of Industrial Arts at Denton later attending Oklahoma University from which institution she took her degree in 1929. She has virtually been reared in Clarendon where she has always been a leader of all social and school activities of her particular set. She is loved by all with whom she comes in contact and will be greatly missed by all who join in wishing she and Mr. Wewerka much happiness in their life together.

Enjoyable Affairs Given Miss Martin

Miss Leta Verne Martin, bride-elect, has been the charming honoree of a host of delightful social affairs which include bridge parties, luncheons, swimming parties and many other compliments which will fill her "memory book" with a long list of happy events.

color scheme, orchid and green, for the afternoon. This scheme was completed in the refreshment courses.

A novel feature of the afternoon was the awarding of grains of corn (candy) for special points made and high score was presented to Mrs. C. G. Stricklin who held the largest number of grains at the close of the playing. Mrs. T. G. Stargel was fortunate in the cut with Miss Leta Verne being presented with guest of honor prize. Others present were Mrs. P. L. Chamberlain, Miss Eva Lee Morrison and Shirley Poole of Childress.

The tasty luncheon was served at a table lovely with a centerpiece of orchid and pink garden flowers enhancing the beauty of the table linens and silver appointments.

A small place card of Modernistic design marked the place of each guest with a small package attractively wrapped at the place of each bridesmaid. When opened these revealed a beautiful string of beads, a gift from the bride-elect.

This delightful hospitality was greatly enjoyed and appreciated by those present.

Few occasions of the busy week for the bride gave more exquisite pleasure than the bridge party on Saturday with Miss Eva Lee Morrison as the hospitable hostess.

CARD OF APPRECIATION

I wish to take this means of thanking the citizens of Donley County for their most loyal support which elected me Sheriff last Saturday. I wish that I might thank each of you personally for your vote and confidence, but as this is impossible I want all the voters of Donley County to know that I appreciate what you have done for me. I want those who saw fit to support my opponent to help me enforce the law in Donley County, and to these I have the best of feelings and I pledge myself to be Sheriff of all the people. Again thanking you for your wonderful support in Saturday's election, and promising everyone a fair and square deal, I remain your servant.

CORPUS CHRISTI LADY GLAD TO PRAISE KONJOLA

Old Resident Eager to Tell What New Medicine Did For Her After Others Failed.

MRS. H. L. DRYER

"I was badly run down and even the simplest foods brought on attacks of indigestion," said Mrs. H. L. Dryer, for more than fifty years a resident of Corpus Christi, Texas, residing at 1337 Ocean Drive in that City. I bloated terribly after meals and suffered severe belching spells. Constipation was a source of constant worry and I had severe pains in my abdomen after meals. I was unable to sleep at night. "I have taken Konjola but a week and I can say that every ache and pain in my stomach is gone. I can now rest well at night and eat what I wish without any of my former miseries. I have never used a medicine like Konjola and although I am 68 years of age I can do plenty of work. I am more than glad to pass my praise for this medicine on to others."

This is not an exceptional case. Konjola does work quickly and none the less thoroughly. It is best in most cases to continue the treatment over a period of from six to eight weeks. Konjola is sold in Clarendon at Douglas & Goldston drug store and by all the best druggists in all towns throughout the entire section.

is still another prominent citizen of the community who comes forward with his endorsement of Argotane. In a conversation with the Argotane representative, Mr. Davis, said:

"No one seemed to know what my trouble was, but I haven't been a well man in twenty years. I suffered from a very bad case of stomach disorder, and got to where I didn't have any appetite and what I did eat would disagree with me, and my food would lie in my stomach sour and undigested, which caused gas to form and bloating spells. I was so nervous and upset I couldn't hardly get any restful sleep at all and simply felt badly all the

time, and suffered from severe, intense headaches and had a bad case of constipation.

"My nephew had taken Argotane and received good results and insisted that I try it. I have just taken two bottles and honestly feel better in every way than I have in the past 20 years. I am completely relieved of all my trouble, and simply eat like I did when a boy. What I eat seems to give me nourishment and strength and doesn't bother me at all. I rest fine every night and wake up in the morning feeling as if I had a new lease on life. I now recommend Argotane because it has brought back my health after everything else had

failed. I want to recommend Argotane to my friends."

Genuine Argotane may be bought in Clarendon at the Stocking Drug Store.

Mr. Fox of Wellington was a visitor in the J. W. Martin home on Saturday he was enroute to New Mexico for a short vacation trip.

PHILLIPS MILK OF MAGNESIA

For Troubles due to ACID INDIGESTION ACID STOMACH HEARTBURN HEADACHE GASES-NAUSEA

EXCESS acid is the common cause of indigestion. It results in pain and sourness about two hours after eating. The quick corrective is an alkali which neutralizes acid. The best corrective is Phillips Milk of Magnesia. It has remained standard with physicians in the 50 years since its invention.

One spoonful of Phillips Milk of Magnesia neutralizes instantly many times its volume in acid. Harmless and tasteless, and yet its action is quick. You will never rely on crude methods, once you learn how quickly this method acts.

Be sure to get the genuine. "Milk of Magnesia" has been the U. S. Registered Trade Mark of the Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

CHILDREN CRY FOR IT

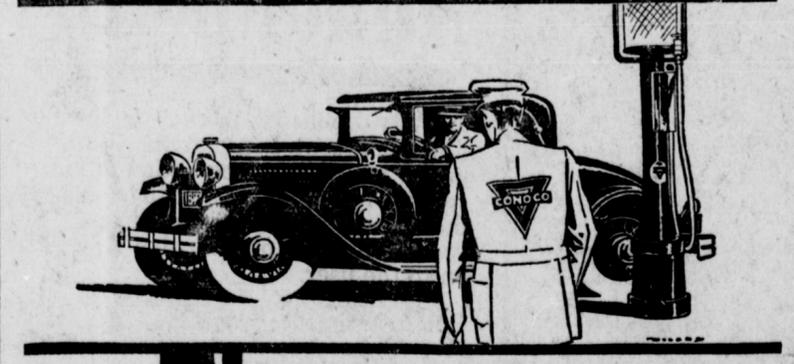

CHILDREN hate to take medicine as a rule, but every child loves the taste of Castoria. And this pure vegetable preparation is just as good as it tastes; just as bland and just as harmless as the recipe reads.

When Baby's cry warns of colic, a few drops of Castoria has him soothed, asleep again in a jiffy. Nothing is more valuable in diarrhea. When coated tongue or bad breath tell of constipation, invoke its gentle aid to cleanse and regulate a child's bowels. In colds or children's diseases, you should use it to keep the system from clogging.

Castoria is sold in every drugstore; the genuine always bears Chas. H. Fletcher's signature.

WHEN THE CONOCO MAN ASKS "ETHYL?" say Yes! and you'll say it again . . .

THE next time you drive into a CONOCO station, the man at the pump will ask you a one-word question. "Ethyl?" will be his query.

And in justice to yourself and the car you drive, we urge you to answer, "Yes!"

For Ethyl, added to CONOCO, the gasoline we're proud of, is like seasoning added to food. As seasoning brings out taste and deliciousness, so Ethyl brings out the qualities which have made CONOCO Gasoline famous.

Ethyl stops the knock that makes the foot retreat from the accelerator when you would rather "bear down" harder. Ethyl stops the knock that forces you to shift gears on hills. Ethyl stops the knock that embarrasses you when you let in the clutch in traffic.

So when the CONOCO salesman asks, "Ethyl?" . . . Say, "Yes!" . . . and you'll say it again.

CITY TOURNEY SHOWS UPSETS

AL COOKE DEFENDING CHAMPION BEATEN BY MERCHANT

The past week on the Hillcroft golf course has seen many of the favorites toppled from their throne by golfers of less fame in the annual city tournament now in progress. One of the major upsets of the tournament, and not totally unexpected by golf experts of the city, was the defeat suffered by Al Cooke, city champion of 1929, at the hands of Ira Merchant. This match was one of the prettiest exhibitions of golf ever witnessed on the local course, and was followed by a large gallery of interested spectators. Cooke secured a temporary early lead from Merchant on the second hole with a birdie 4 while Merchant was sinking a par 5 from the edge. At the short fourth Merchant again sank his approach from the edge of the green for a birdie which halved the match. Merchant continued his spectacular playing with another birdie on the fifth hole, and stretched his lead to two holes on the sixth when Cooke found the rough on his tee shot, while Merchant was running down a par 3. Merchant came in with a fine score of 35, one under par with Cooke taking 37, one over. They played about even through the rest of the match until Merchant won the match on the seventeenth hole 2 up.

Another upset of almost equal importance was the win of Kenneth Kerbow over the veteran Will Cooke, former city champion, in another first round match. Kerbow, conceded little chance against Cooke, started off fine and was never in danger until in the last few holes when Cooke hit his stride and was rapidly gaining. On the seventeenth hole with the match dormant Kerbow played two perfect shots on the difficult eighth, while Cooke was in trouble off the green in four strokes, which resulted in the concession of the match.

Other matches up to Thursday morning are as follows:

First Bale Is Ginned Thursday

To J. H. Gillespie of Brice community goes the honor of bringing the first bale of cotton to Clarendon for sale to open the 1930 season. The bale was grown and ginned by Mr. Gillespie on his place at Brice and weighed 496 pounds. The cotton was of a fine texture and secured an exceptional price when sold at the market in this city.

The bale was bought by Henry Williams, local cotton buyer, for the sum of 8 1-2 cents per pound. This amount is something like two cents over the present market price.

Local business men readily subscribed a purse for the first bale with the first out of the county bale receiving 40 per cent of the total and the first Donley County bale to receive sixty per cent of the total subscription. It is expected that the first local bale will be brought in within the next few days.

"THE CHURCH SCHOOL"

The true Sunday school is the church-school of Jesus Christ, engaged in systematic study and teaching of the word of God for three great purposes: to bring into the body of Christ those within the membership of the Sunday school, who are not members of the church; to train up those who are in Christ into a full grown knowledge and appropriation of the riches which are their's because they are Christ's and to send into the world fully equipped, victorious soul-winners who shall be Christ's living epistles to those who do not yet know Him. The purpose of the Bible school, Sunday school or church school is Bible Study for justification, sanctification, and service.

The Sunday school is a great deal more than is implied by certain oft-used phrases, such as, "a department of the church," "the nursery of the church," "the church of tomorrow" etc. It is the church instructing the school and striving to lead its members to acceptance of service for the Savior. It is well that at last the school is coming to be looked upon not as some side work of the church, but an institution to which all church-members should be attached by membership or in active work, and the view is strongly held that neither the "Cradle Roll" nor the "Home Department" should be neglected.

Our main objective in the Church school of Sunday school work should be the instructing of the scholars in the truths and lofty principles of God's word, that they may be led to make

TWENTY NEW CHEVROLETS PARADE STREETS SATURDAY

A novel advertising scheme was carried out by the Clarendon Motor Company Saturday afternoon when twenty of the new models by Chevrolet were driven in parade through the streets of the city. The parade was started at two o'clock and commanded no little attention from the mammoth crowd that was assembled here for the election as well as the ordinary Saturday crowd. The cars were driven by the young ladies of the city.

The new Chevrolets included all the models put out by the Motor Company and were finished in practically all the new color combinations and wire wheels which are being featured in the new automobiles. The parade also was for the benefit of the new announcement of price reductions affecting a number of the models which was made to the public.

The Saturday parade was the largest like exhibition that has ever been witnessed in the history of Clarendon.
