Cowboy Preacher Draws Revival Crowds

Les Beaux Arts Club To Sponsor Famous Art Exhibit

BAPTIST MEETING IN STEADY GROWTH

COWBOY PREACHER ONE OF MOST POWERFUL EVER TO SPEAK HERE

One needs only to attend an evening service of the Baptist Revival campaign at the big tabernacle on the old grammar school grounds to be convinced that Rev. B. B. Crimm, Cowboy Preacher, is proving to be popular with Clarendon and Donley County folks. Never since the fiery campaign days of Rev. Fisher have such crowds turned out to hear an evangelist as they have to the present campaigner.

It has been a long time since local church goers have been privileged to listen to a man who is unafraid to voice the faults of the local people. Rev. Crimm's personality and force of speech sets him apart from the usual run of evangelists. His audiences are swayed by his word pictures and his ideas are driven home with well chosen and powerful phrases. He is sincere in all his messages but holds the interest of his hearers with near sensational methods.

All the enemies of the church and religion have been scored to the bare during the short duration of the revival with promise for more in the coming services. Everyone is invited to attend the meeting at the big tent tabernacle each evening at 8 o'clock where inspiring music and a powerful message awaits each of us.

OPENING FOR NEW STATION**

Clarendon's first and largest super one-stop service station will be formally opened to the motoring public Saturday, May 21, when Hommel Brothers throw their spacious Sinclair Service Station open for inspection and business. The new business is one of the most modern and thoroughly equipped service stations in the Panhandle and the management is especially anxious for the people of Donley County and Clarendon to drive in and see their new home. Sinclair gas, oils, and lubrication service together with complete tire, washing, polishing and storage service is offered the patrons of the new business under the one commodious roof. The great driveway is one feature of the business which the owners are especially proud which gives plenty of room for service without danger of striking some stationary object.

All day Saturday the management will offer the patrons of the station free favors. For the gentlemen a gift coupon book worth \$1.50 in trade or service will be given while a beautiful carnation will be the gift to the ladies visiting the new station.

The location is just across the street from the former location of Hommel Bros. Garage. The management invites every one to visit the new place of business and insures the public their sincere effort to please the most exacting customer. Spacious and comfortable lounging and rest rooms are offered for the comfort of the traveling motorist.

LADIES PROGRAM IS HUGE SUCCESS

GUESTS FROM PAMPA MAKE BIG HIT WITH PROGRAM PRESENTED HERE TUES.

The members of the Clarendon Lions club, their ladies and guests were feted Tuesday night at the Lions Club den in celebration of the twice-a-year Ladies Night event. To make the occasion even more enjoyable a group of visiting Lions and ladies from the Pampa Club, headed by the newly nominated District Governor of District "T", Lion C. H. Walker, were present and presented the major portion of the program.

Before the group seated themselves for the bountiful banquet all entered into a sing-song with Lion John Sturgeon of the Pampa delegation leading the songs.

Visiting and pleasant conversation was enjoyed by the gathering during the meal and before its conclusion every one was in their most informal frame of mind and all set for the festivities to follow.

Vice-President Ira Merchant, acting in the capacity of Boss Lion for the occasion, displayed a most pleasing way of handling the program and added to the evening with timely bits of sparkling wit. He made a short address of welcome to the visitors and called upon Lion George Briggs for the response. The genial visitor explained that he was so anxious to be with the Clarendon Lions that he drove from Colorado that day to get here. Lion Briggs started to make a long speech but the would-be orator heeded the implorings of his fellow townsmen and desisted.

The program was held up for a while for an inspection of photographs of the men and ladies who were present at the time. Many a laugh was had as the persons attempted to name the charming infants who were first editions of the various Lions and Lionesses. Lion Fred Rathjen won the prize for guessing most of the women correctly while six ladies shared the prize for the most nearly correct gentlemen list.

Visitors were introduced as Mr. and Mrs. C. H. Walker, Mr. and Mrs. John Sturgeon, George Briggs, Mr. and Mrs. Arthur W. Teed, Mr. and Mrs. W. C. Bratton, Mrs. May T. Carr all of Pampa and Mrs. W. H. Price and daughter of Pleasanton, Kansas, and Mr. and Mrs. Simmons Powell of this city.

LOCALS WALLOP WELLINGTON 16-5

Again the average of the Clarendon Golf Club came through with a great margin of wins to down the Wellington golfers in a Cap Rock League match Sunday on foreign soil after the local favorites had been handed their usual defeats by the enemy aces. At one time it was the lower members of the team that were holding the average of the team down but here of late neither Ira Merchant nor Al Cooke can scare their opponents sufficiently to push over a win.

The match Sunday at Wellington was one of the hottest contested affairs the local golfers have enjoyed this year. The opposition of the Wellington players was unexpected and it took all

First Pathfinder Story Hour To Be June 7th

Mrs. R. S. Cope and daughter went to Quannah on Tuesday. They were joined by Mr. Cope on Wednesday as Mrs. Cope underwent a tonsil operation.

The Children's Story Hour series for the summer season of 1932 will be inaugurated again this year by its founder, the Pathfinder Club, who have announced the initial meeting will be held on the steps of the Girls Dormitory Tuesday evening, June 7th at 7 o'clock.

The story hour feature was started by the Pathfinder Club five years ago and has been one of the major activities of the organization since that time. It has grown increasingly popular with the children of the city each summer, and has grown to be something more than a feature in the social calendar of Clarendon. The Pathfinder Story Hour has become an institution in the lives of the city's youngsters, making it possible for them, privileged and non-privileged alike, to partake of the wholesome play ground activities under the proper supervision of the ladies of the club. Story tellers of the best talent have been secured and will entertain the kiddies with their interesting variety of tales

so dear to the hearts of the adolescent.

The story hour will be conducted each Tuesday evening between the hours of 7 and 8 o'clock. All the children of the city under 12 years of age are cordially invited and urged to participate in the enjoyable events.

GOVERNMENT COSTS AND SALARIES

In these days when every citizen is demanding that the cost of government be reduced and that taxes be lowered, there is some evidence on the part of administrative officials to make certain reductions in operation, but to leave salaries as they are.

Occasionally one hears the argument that by reason of the loss in fees from low-tide business, official salaries are already cut, and this is true in some instances. On the other hand, there are some offices that carry no fees at all, and then there are some offices that have reaped fees far in excess of what would have been a fair remuneration for services in the light of salaries set by law.

Nearly every county in Texas, and other states, too, for that matter, have already reduced salaries and now many announcements are made on the lowering of tax rates possible through such savings, plus other reductions in costs of operation.

When all salaries in business lines have been reduced, when all incomes have shrunk, when revenue from investments is at the lowest ebb in the history of the nation for fifty years, it is certainly time for all government costs to be reduced.

Since salaries make up such a huge part of all government costs, federal, state, county and city, they should certainly be lowered from ten to twenty-five percent, and it ought to be done NOW.

Clarendon municipal employees have already had their salaries cut, as have nearly every other city in the country. Nearly every county in Texas has reduced the pay of all county officials.

A movement to cut Donley County officials' salaries several months ago was ignored. It is plainly Donley County's move.

The move to reduce county salaries is overdue now, and the demand of the citizenship is so general and without any malice toward any county official, that it should be given prompt attention.

OF COURSE HELL RUN

Governor Sterling promises his announcement for a second term pretty soon. He will run. The News has expressed the belief hitherto that he would present his candidacy again, not because he has found the office enjoyable or profitable financially, but because he is compelled to yield to the second term tradition or else submit to the rather illogical but inevitable slur under which one-term governors in Texas relinquish office. The post is virtually a four-year tenure interrupted by the biennial election, which constitutes a popular review and judgement on the first half.

Governor Sterling has waited until his word on the matter coincides with the release of State Auditor Moore Lynn's report that by Aug. 31, 1933, the deficit should be \$354,000, whereas the estimated deficit as of that date was put at \$11,390,000 prior to the Sterling campaign for more taxes and fewer appropriations. It may very well be that the Governor's delay was to give Mr. Lynn time to complete his estimates. In any case, the Lynn statement will cut some ground from under Fergusonian assaults.

Those gentlemen who are displeased and who affect to be dissatisfied with the Governor's delay should have known how it would terminate. By the simple device of imagining themselves in his place they should have been able to deduce his decision and to restrain their several ambitions accordingly. The News takes no stock in the supposition that Senator Small will give up his Senatorship, where he is useful to all Texas, in order to split the anti-Ferguson support of the Democratic party. The issue of 1932 is Fergusonism and Governor Sterling has taken up the gauntlet.—Dallas News.

DONLEY SHOULD SAY "YES" OR "NO"

When the Donley County Commissioners Court meets in recessed session Monday, there should be no quibbling about the acceptance of the offer from the state highway department on Highway 5 through the county.

The court should once and for all, say "yes" or "no", so that there can be no mistaking the meaning and so the department may know how to proceed.

The News is asking that a prompt and simple answer be officially made preferring to hear a flat "no", to an evasive "yes". Unless the court sincerely enters into the agreement with a spirit of co-operation with the highway department, it is much better to refuse altogether.

Without any fence-straddling, without any political maneuvering, the citizenship of this county is entitled to a conclusive action on the part of the court—an action based on judgement and not prejudice.

Let's have a "yes" or "no" answer.

Cooperative Use Pays Well

Here is a lesson in the value of co-operation.

Time was when every community had its own small, isolated electric power plant—if it had any electric service at all.

That was before it was technically possible to link up groups of towns and provide them with power through widespread systems of electric transmission lines.

Today many communities share each power plant. Thus they utilize the facilities more efficiently and receive a higher grade of service at a much smaller cost. The small town's new industrial importance is a direct outgrowth of this improvement in power supply.

The West Texas Utilities Company is rendering this dependable, inexpensive and elastic type of power supply to 125 progressive West Texas cities and towns.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

When **TEETHING** makes HIM FUSSY

One of the most important things you can do to make a teething baby comfortable is to see that little bowels do their work of carrying off waste matter promptly and regularly. For this nothing is better than Castoria, a pure vegetable preparation specially made for babies and children. Castoria acts so gently you can give it to young infants to relieve colic. Yet it is always effective, for older children, too. Remember, Castoria contains no harsh drugs, no narcotics—is absolutely harmless. When your baby is fretful with teething or a food upset, give a cleansing dose of Castoria. Be sure you get genuine Castoria with the name:

GOLDSTON, A COMMUNITY OF READERS

The patrons and pupils of the Goldston school are using their leisure quite largely by reading good literature. This has been and is being manifested by the amount of reading that they do. The pupils alone have checked 750 books out of our library this year. Since we have only 150 books in our school library, these figures show that each book in our collection has been read an average of a little over five times. However we have evidence that they have been read more times than that, because frequently the parents of the pupils who check a book from the library read it also. There have been cases where two or three children of the same family have read a book when it was checked only once.

Reading for the use of leisure, is further manifested in our community by the fact that a number of the families belong to the City Library at Clarendon. We are not able to give a count on the number of books that have been used in this way; but we are sure there have been quite a number. Besides getting books from the City Library, we have received and passed around magazines that were given to us by the Lions Club of Clarendon. When we received a supply of these magazines the patrons seem very anxious to secure them, and they are all willing to pass them on to a neighbor when they are through with them.

A further evidence of the fact that the pupils are reading extensively is shown by the number of Reading Certificates that they have earned this year. Seven of the pupils of the Goldston school have received these certificates which are issued by the State Department of Education and signed by the State Superintendent of Public Instruction. In order to be eligible for one of these certificates a pupil must read and report on at least fifteen books from a prescribed list of forty-two books. Several more pupils have almost completed the required number of books, and we believe that they will be before school closes. Nearly all of the certificates secured this year have been earned by the seventh grade pupils, but the lower grades are planning to read thirty books another year so that they will be eligible for a double seal certificate.

We certainly appreciate the interest that the pupils have taken in reading for these certificates, because so far as we know the pupils of the Goldston school have been the only rural pupils of the county to receive Reading certificates. Those who have received Reading Certificates are Louise Seago, Mary Earham, Raymond Clemmons, I. B. Clemmons, Viola Clemmons, Eldos Dyer, and J. D. Hahn. None of them have stopped reading good books since they have received their certificate. This is evidence that they are reading for knowledge and entertainment instead of for some visible reward.

Mr. and Mrs. C. R. Skinner Celebrate Golden Wedding Anniversary Tuesday

In Loveland, Colorado, on Wednesday evening, May 17th, 1882, at 8:00 o'clock, Miss Sarah Katherine Rowe and Mr. Calvin R. Skinner were united in marriage. The ceremony took place at the home of Mr. and Mrs. J. R. Palmer, a sister of Mrs. Skinner's.

Mr. Skinner was a director in the Loveland Irrigation System. They resided in Colorado for the next 26 years. To this union was born 3 sons, R. R. Skinner, Bennett, Colorado; J. H. Skinner, Longmont, Colorado; and H. R. Skinner, Clarendon, Texas; each of whom is married. There are five grandchildren.

They moved to Clarendon, Texas in February, 1908 and have been residents here for the last 24 years. Mr. Skinner has been a director in the Farmers State Bank for 18 years, and is a member of the present board. He has retired from active business life.

Mrs. Skinner is well known in Clarendon and Donley County, since she has always led a useful and active life in the profession of nursing.

In celebration of their happy and memorable occasion, Mr. and Mrs. C. R. Skinner were at home to their many friends Tuesday, May 17th from 3:30 to 5:30 in the afternoon and from 7:00 to 8:00 in the evening.

The Friendship Club, First Christian Church, Order of the Eastern Star and close friends sponsored this hospitable and charming celebration.

Invitations were extended to their host of friends through the local paper and churches. The large numbers who called and extended good wishes and congratulations were evidence of their popularity and high esteem in Clarendon and various communities.

Their comfortable home was indeed a bower of blossoms, carrying out the golden color scheme. The setting was truly an inviting one, and in keeping with the happy and festive occasion.

In the receiving line with Mr. Skinner were Mrs. J. D. Stocking, Mrs. J. D. Swift, Mrs. Fred Buntin, Rev. and Mrs. Ferrell and Mr. and Mrs. H. R. Skinner.

The house party consisted of: Mesdames Frank White, J. L. Allison, John Sims, Sr. J. L. McMurry, Carl Tyree, W. D. Van Eaton, M. T. Crabtree, W. A. Massie, James Trent, J. B. Baird, L. S. Bagby, H. R. Kerbow, Fred Chamberlain, C. G. Stricklin, W. H. Patrick, Ollie Veazey, H. Tyree, Mollie Gray, E. N. Bromley, M. E. Thornton, L. Ballew, J. H. Harris and R. C. Weatherly.

Misses La Trice Benson, Anna Moores, Mae Bennett, Katie Meador, Eva Lee Morrison.

The dining table was laid in lace over gold. The center piece was of opelia roses in a gold rose bowl. Tall golden tapers and holders were placed at intervals. The punch bowl was concealed in a mass of ferns and flowers, carrying out the color scheme. The effect was lovely.

The tables of glittering gold wedding gifts were beautiful to look upon.

Throughout the afternoon and evening there was a background of soft music. This was inter-

spered with readings by Mrs. W. B. Simms and Mrs. W. C. Stewart and the reading of a lovely and original poem by Rev. W. E. Ferrell and dedicated to Mr. and Mrs. Skinner. The latter was read at intervals throughout the afternoon and evening. The poem was entitled "Fifty Years Ago", and was a resume of their fifty years of wedded life.

The guests were registered in a lovely and appropriate book, bearing the title "The Open Door", and was presented by the Farmers State Bank of Clarendon, Texas.

The charming and pleasing host and hostess were indeed an inspiration to all who attended, and our wish is that they may celebrate many more happy anniversaries.

Les Beaux Art Club in Interesting Study

In the home of Mrs. C. G. Stricklin members of the Les Beaux Art club enjoyed an unusually interesting program on Saturday.

The business session proved more interesting than usual as it was opened with the gavel that had been presented to the Les Beaux Art by the president of the 7th District of Women's Federated clubs while in session at Canadian, for organizing the Jr. Les Beaux Art club of this city. Miss Catherine Ross was elected parliamentary for next year.

Since May 1932 was the five hundredth anniversary of the execution of Joan of Arc in France this club honored her memory with a program at this time. Mrs. L. L. Swann, leader for the afternoon, gave the early life and visions of Joan of Arc. Mrs. R. L. Bigger told of her court and military life and Mrs. Charles Trent told of her trial and execution while all present listened with bated breath to the experiences of this notable and heroic personage and made them appreciate more the statues and memorials that have been erected in France in her honor as described by Miss Catherine Ross.

A social hour was enjoyed at the close of the program.

1926 Book Club in Last Meeting of Club Year

The 1926 Book Club closed their club year on Tuesday of this week with a study of America's Twelve Greatest Women as based on the Good Housekeeping feature of 1931.

This meeting was held in the ladies club room with Mrs. Meade Haile and Mrs. Bill Bromley as hostesses. Roll Call was answered with Favorite Book Reviewed this year and the leader, Mrs. Allen Bryan opening the study with a discussion of Grace Abbott, Jean Addams and Caelia Beaux. Mrs. Ed Teer told of the outstanding achievements of Martha Berry, Willa Cather, and Carrie C. Catt. Mrs. Henry Tomb told of the interesting lives by Grace Coolidge, Minnie M. Fiske, and Helen Keller and Mrs. Rayburn Smith concluded the program with gleanings from the

lives of Florence R. Salvin, Schuman-Heink and Mary E. Woolley.

This study proved very interesting for the twenty-six members present. Mrs. Richard Bell was an invited guest.

Blue Bonnett Club Entertained

A delightful and enjoyable affair of the social week was the entertaining of the Blue Bonnett Club by Mrs. George Ryan at her home on College Heights.

California poppies and Iris lent enchantment to the home as well as to the games of auction bridge which occupied the early afternoon hours, Mrs. J. L. McMurry playing high.

A delightful afternoon luncheon was served at the close of the games to Mrs. J. B. McClellan and Mrs. L. L. Swann, invited guests. Mesdames R. L. Bigger, Jno. F. Blocker, Odos Caraway, R. A. Chamberlain, A. L. Chase, A. R. Letts, and C. G. Stricklin, club members.

Auxiliary Reaches Quota

Those who have watched the Auxiliary of the American Legion grow in numbers as well as in interest were delighted Monday when the president, Mrs. James Trent announced that the present membership had reached its quota of thirty members. This is the culmination of the membership drive recently begun by this organization.

During the business session, which was held in the Women's Club room, delegates to the State Convention to be held in Corpus Christi the first week in August were elected.

Poppy Day will be observed on Saturday, May 28th. The Auxiliary also voted to co-operate in every way possible with the Legion in the program on memorial day.

No meetings will be held during the summer months.

LEST WE FORGET

There is a book soon to be published, which will contain photographs, hitherto suppressed, showing the ravages that the World War wreaked on men. They are not nice photographs; not pleasant views. They are shocking, many of them horrible. They tell another, different story of war; the real story. The world should have had such a book in 1914. Then it would not have

cheered its youth on to death and to the infinitely more terrible fate of maimed bodies and shattered minds.

But it cheered them on; urged them into the Inferno, which it called "glory." And now thousands upon thousands of them must spend the rest of their mortal days in the untender environment of government hospitals and asylums, heir to all the ghastly ills that war could muster up.

This month, during the week of Memorial Day, we shall be offered, for whatever we wish to give, poppies made by the hands of these men who gave so much for us—these men who still are giving, perforce, every day that they live. We can scarcely do less, as supposedly civilized human beings, than buy these Buddy Poppies wherever they are offered to us. And when we buy them, let them be scarlet and constant reminders to us of the shambles of Flanders, and of the shameful folly of war and war's terrible and useless sacrifice.

Roses Decorate Home of Mrs. Martin

The home of Mrs. Will Martin was fragrant with the perfume of roses which had been used to decorate the entertaining rooms of the home on Tuesday when Mrs. Will Martin entertained for members of the 1922 Bridge Club.

In the games Mrs. R. A. Chamberlain played high receiving a lovely gift. Mrs. W. H. Cooke received consolation.

A lovely afternoon luncheon was served from tables attractively arranged and centered with roses.

City Golf Tourney Dates Set For May 22-29. Ira Merchant Defending Champ

The annual city golf tournament dates have been set for May 22-29 and local golfers will pause in their drive for the championship of the Cap Rock Golf League for a little intracub competition. Qualification rounds will be held on Sunday, May 22nd and will consist of 18 holes.

The younger set gave Mr. Sloan Baker a surprise birthday party. They met at the school house and came together. Many interesting games were played and at a late hour refreshments of ice cream and cake were served to Mr. and Mrs. Marion Long, Mr. and Mrs. Robert Jackson, Mr. and Mrs. Hollis Neese, Mr. and Mrs. Sloan Baker, Misses Celest and Mildred Brown, Mildred Baker, Lou Harris, Ruth and Frances Knight, Eva Alexander, Inez George, Mary Ledford, Eva Edward, Ara Faye Womack and Messrs Charles George, Johnnie Alexander, Monroe Jackson, O. B. Smith, Tate Hill, Bill Raymon and Clarence Maddox, Chester Lester and Cecil Grimes and Holbert Harris. Hugh, Dorothy Nell and Gene Baker.

With the annual city golf tournament just around the corner local enthusiasts are getting their appetites whetted up for some plain and fancy shooting next week. This column predicts a new name will adorn the championship cup following the championship final Sunday week. We base our belief upon this after scanning the record of previous winners in the late Cap Rock Golf League contests. Of the ones who have won the title before only one is capable of winning with the brand of golf he has been displaying here of late. We are speaking of Bill Cooke.

Bill's game is beautiful to watch and is based upon the soundest principals of form and symmetry. Incidentally the old veteran is playing the best golf of his career just now, and it's mighty seldom his game takes the "Wobblers" common to other players. Bill was the first city champion when the game was a novelty to the city. He has been consistent through the intervening years, but younger stars have arisen to such heights as to darken the brilliance of the elder Cooke. However as this year's city tourney dawns both the city ace seem to be having considerable trouble with their usual fine games, and we wonder if in Clarendon, as in other places, another come-back will be rewarded with success.

Ira Merchant, two-time winner of the city trophy and present title holder, is pitifully off his game at present, and it is extremely doubtful if the local star will regain his unbeatable stride within the next week or two. At the present time Ira is dissecting his game in an effort to locate the flaw which has torn his usual steady game into hooks and slices. We venture to state that Merchant will find his true game before the Green Belt tournament.

Al Cooke, also one-time winner of the city tournament, is a bit off his game although not so far off as Merchant. Al will make it double tough for a number of the aspiring golfers and will probably walk away with the medalist honors, but there comes the same old fault. Al isn't a match player. He knows the game from all angles and is the best medal player in the city, but the strain of match play tells on the wrong-hander.

Then there is Walter Wilson, the lion hearted laundryman, who can win a match from many a better golfer. Walter says he has the cup just as good as won. And the funny thing about it is—when the old fighter says such things, he is usually capable of proving his point. Check Walter as a possible contender.

Dude Gentry and old "Satan" Woods are throwing strong challenges at the boys, too. Dude is shooting his best ever and is threatening to take over the job of playing in number one position in the Cap Rock League matches. A. N. believes he is the best golfer in the club and is always ready to prove it—and he's hard to make out a "fibber."

Take your choice, customers, and see if it makes any difference. Anyway just leave me room to see the championship match Sunday week. FORE, please.

Attention again, please, Amarillo Daily News! After a number of discrepancies toward our fair city in the past—and to which your attention has been called—comes another in Wednesday's

sport page. In the headline of the story concerning the Wellington-Clarendon Cap Rock Golf League match of last Sunday bold, black type states "CLARENDON GOLFERS LOSE IN WELLINGTON". Why couldn't your newspaper get at least something correct concerning the news from Clarendon? We repeat, "What has the Amarillo Daily News against Clarendon?"

Boy, boy, those new baseball uniforms of the Chamberlain club certainly do look natty. They were installed in a victory over the Lelia Lake team last Sunday on Mr. Bryson's diamond. It's a pretty fair club with considerable power. They should go far in their games this summer.

Frank Stocking and the composer of this column got together the other day and decided we would stage a tennis tournament three weeks after the new tennis courts are finished.

Now here's the catch. If you are interested in the tournament and inter-city matches throughout the summer with a big city-county tournament next fall sufficiently to do a little work to finish the courts, the tourney won't be so far off. You can have the tournament pretty soon if you'll be willing to help get the courts in shape to handle a tournament. It's up to you whether we have a tennis tournament soon or not. Yes, there is going to be prizes offered worth working and playing for.

How about it, Dude? Let's finish those needed courts. I think it is time.

And now folks, here's a distress call from the town gangsters who are all but stranded in Colorado. Pinky Kerbow, J. P. Rhodes, Raymond Davis, and James Cornelius wrote home to state they were enjoying themselves but had cut their rations down to two meals per day to comply with the serious economic situation in their immediate locality. A can of sardines or pork and beans would no doubt be appreciated by these trail blazing frontiersmen. The address is Estes Park, Colorado.

There are ten Clarendon boys at that place and all having a great time.

A discussion was had the other night by the Chamber of Commerce Board of Directors concerning the Fourth-of-July program, if any, this year. Nothing was definitely decided except no guarantees would be made in any case, should the celebration be attempted again this year. So far the question of a celebration incorporating such events as were held last year, racing, ball games, rodeo, etc., is hanging fire. If you would like to have another celebration on the order of last year's successful celebration, you could no doubt help a lot by writing to the secretary of the Chamber of Commerce or to the Clarendon News stating your idea on the proposition. Voice your

Eight players will make up each flight with as many flights as the players justify. This will give every one an opportunity to play in a flight with other players of equal ability.

First round matches will be played May 23, 24, and 25th over a distance of 18 holes. Second round matches and first round consolation matches will be played May 26, 27 and 28th over a distance of 18 holes. On Sunday, May 29th all final matches will be played. The championship match to be settled in a 36 hole play-off with all other final matches being settled in 18 holes.

Prizes will be awarded to the winner, runner-up, and to the winner of consolation in all flights with a prize also going to the qualifying medalist.

Ira Merchant is the defending champion and needs only to win the title once more to become permanent possessor of the championship cup. Other players who have won the title previously and who are considered likely to lift the crown from the unsteady Merchant are Al Cooke, Bill Cooke and "Dude" Gentry. Others are of the opinion that the old veteran, A. N. Wood, might upset the dope and carry off the cup. It all points to a great tournament filled with many upsets and thrills. Get your clubs out and shined up for the qualifying rounds starting this Sunday.

Firestone EXTRA VALUES COUNT

LOW PRICES on tires is one thing—extra quality at low prices is quite another.

When you can get the Extra Values of Firestone's two patented construction features—Gum Dipping and Two Extra Gum-Dipped Cord Plies Under the Tread—at no premium in price, you are getting the most in Safety and Mileage your money can buy.

Prices for these extra quality tires are unbelievably low today; in fact, the lowest ever known.

The Tire That Taught THRIFT to Millions

GUM-DIPPED CORDS The Firestone patented Gum-Dipping process transforms the cotton cords into a strong, tough, sinewy unit. Liquid rubber penetrates every cord and coats every fiber, guarding against internal friction and heat, greatly increasing the strength of the cord body, and giving longer tire life.

TWO EXTRA GUM-DIPPED CORD PLYS UNDER THE TREAD

This is a patented construction, and the two extra Gum-Dipped cord plies are so placed that you get 56% stronger bond between tread and cord body, and tests show 26% greater protection against punctures and blowouts. It sets a new standard for tire performance on high speed cars.

NON-SKID TREAD Tough, live rubber specially compounded for long, slow wear. Scientifically designed non-skid gives greater traction and safe, quiet performance.

★ One of the largest magazine publishing houses published a survey which they recently made to find out the tire buying plans of car owners for this year.

In this survey they covered twelve states and interviewed 1,403 of their subscribers. They found that 68% of those interviewed are going to buy tires this summer, and that 27.2% of these car owners are going to buy Firestone Tires—the next highest is only 20.6% which shows the demand for Firestone Tires is 32% more than for any other make.

OUR WEEKLY CHURCH CHAT "THE BIBLE"

After an absence of about ten months, we are returning to you with our Weekly Church Chat. It is our purpose in these Chats to bring you lessons of importance from the inspired Scriptures and from time to time we will deal with the problems of life that should be of interest to you. In all of our studies, the "Bible" will be our text book. The Bible will answer all of our questions, because we believe it is God's Inspired Word. The Bible and not creeds of churches, or interpretations of commentators, will be our soul standard of appeal in religious matters. Error proceeds from man, but never from God. His Word is absolutely infallible. "To the law and to the testimony: if they speak not according to this word, it is because there is no light in them." (Isa. 8:20). In the Old Testament the approach of Christ is gloriously predicted. But in the New Testa-

ment He appears as our living, loving Lord. Without the "Bible" men would not know how to come to Him, or to live acceptably in God's. "Belief cometh by hearing, and hearing by the Word of God" (Rom. 10:17). Without the Bible men would be in utter ignorance of the future. There is a Bible because there is a God, and there is only one Bible because there is only one God. The Bible does not need to be defended, it needs to be taught. The Bible is the book of life, let us study it's great lessons and live. Our greatest desire should be to please our Creator, to please Him we must know His will, the Bible reveals His will and what we must do to obtain eternal life.

As Christians we are followers of Christ, we must listen to Him when He speaks. Sunday morning we will study, "The Voices of Jesus." This will be a lesson of interest to all who desire to know Christ. Sunday night our Subject will be, "Cleansing The Foun-

tain". This message will be something different but will reveal the cause of all spiritual troubles and will reveal God's remedy and help you live according to His plan and program. Your are invited to study these lessons with us. The First Christian Church, W. E. Ferrell Minister Clarendon, Texas.

The Continental office set every Conoco station attendant in Albuquerque looking for the traveler. All day Conoco men asked motorists their names.
