Sewing School Opened Today With Good Attendance

LACK OF FUNDS IS THE REASON

DELINQUENT TAXES ASSIGNED AS BAR TO ACCEPTANCE OF OFFER

After many weeks of delay for one cause and another, the Commissioners Court of Donley County voted Tuesday afternoon to reject the offer of the State Highway Department to grade and drain Highway No. 5 through the county on designation of the department, provided the county would furnish right-of-way. The vote of the court was unanimous.

The final action came after a hearing attended by citizens from Clarendon and Lelia Lake in which it was found that the court believed it impossible to pay for the right-of-way through a warrant issue, without an increase in taxes. Proponents of the acceptance of the offer pointed out that the petition presented the court asked that the warrants be issued for this purpose, "without increase in taxes," and that no one was urging one penny's extra taxes at the present time.

Members of the court said that the plan of retiring the warrants over a period of years could be easily handled if it were not for the delinquent taxes this year and the prospect of other delinquencies in the coming year. It was stated that only fifty-eight percent of the taxes due the county had had been collected this year.

Those speaking to the question were J. R. Mace, and A. B. Bynum of Lelia Lake, A. L. Chase, G. L. Boykin, G. G. Kemp, and Sam M. Braswell of Clarendon.

Members of the court said that the matter would have been closed weeks ago if the funds had been available.

Following is the official action of the court taken from the

ART EXHIBIT IS DRAWING CROWDS

LES BEAUX ARTS CLUB IS WELL PLEASED WITH RESPONSE TO EFFORTS

The city of Clarendon is especially fortunate this week in having an exhibit of original paintings of southern artists on view at the Ladies' Club Rooms in the City Hall. The exhibit has been open to the public, free of cost, since Saturday, and will continue through Friday of this week. Each day one of the local clubs has sponsored the exhibit, and many people of the town and outlying communities have availed themselves of the unusual opportunity afforded in viewing these works of art.

The collection is composed of oil paintings, water colors, and etchings and wood-block prints. Comment has established certain ones as favorites, such as "Village Street," "Buffalo Mountain," "Theresa in Orange," and "Maine Birches."

The first of these is by Virginia Wooley of Alabama, long an exhibition in the Southern Art League. The street portrayed is in Laguna Beach, California, and is a charming study in sunlight and shadows.

"Buffalo Mountain" is by Alice Ferguson of Washington, D. C. It brings to mind the familiar red granite mountains of the Rockies with their bare tops and wooded slopes.

"Theresa in Orange" might be any high school girl of our acquaintance in thoughtful attitude. The artist, Christopher Murphy, Jr., of Savannah, Ga., has been the recipient of numerous prizes for

BAND IS BIG HIT OF 66 CONVENTION

CLARENDON BAND IS PRAISED BY THOUSANDS ATTENDING HI-WAY MEET

Shades of the olden time conventions of the West Texas Chamber of Commerce were reenacted last Monday at Shamrock where six thousand persons gathered in observation of the Highway 66 Annual Convention and to celebrate the newest hard surfaced link in the "Main Street of America". Although Clarendon is a number of miles off No. 66 this event presented an excellent opportunity to return a number of favors to the city of Shamrock and to Robert A. Sandusky director of the Irish Band for their unselfish help in recent enterprises in this city, and the band was taken to the Wheeler County city to add their bit to the festivities of the day.

Arriving in the Irish metropolis via the wonderful newly opened concrete highway while airplanes zoomed and whistled overhead and thousands of visitors poured into the celebration city. Already eight other bands were giving concerts at various points on the Shamrock streets. After all was set the local band started their triumphant entry down main street with T. D. Nored and Henry Tomb at the helm. So superior was the local musical cohorts of Gus B. Stephenson that a great throng gathered around the purple coated musicians as the band circled for the first morning concert. Following a brief concert they were joined by the Shamrock green caped band and both organizations marched to the depot to welcome the Amarillo special train. While awaiting the arrival of the special the Clarendon and Shamrock bands united into one great band and with Directors Sandusky and Stephenson alternating at the baton the great crowd was entertained

COUNTY REDUCES TAX RATE 10 PCT.

COUNTY VALUATION WILL LIKELY BE REDUCED \$1,000,000.00 IN JUNE

As a means of helping the overburdened tax payers of the county, the Commissioners' Court cut the tax rate 10 percent there, by saving the citizens of the county 7 1/2 cents on the hundred dollar valuation. The new rate will be 67 1/2 cents on the \$100 in place of the 75 cents charged formerly. It is reported that a reduction in the county renditions this year approximates a million dollars.

BAPTIST MEETING TO CLOSE SUNDAY

HUGE CROWDS CONTINUE TO HEAR SENSATIONAL COWBOY AT TABERNACLE

Crowds continue to throng the big tent tabernacle at the south end of Kearney street to hear B. B. Crimm, self styled cowboy preacher, as he brings his revival campaign to an end this Sunday evening. Powerful sermons have featured services of the past week and a splendid result has been obtained at the conclusion of each evening's service.

A different type of message has been featured by Crimm and has proved to be a popular digression from the usual run of revival sermons, as is evidenced by the huge crowds which fill the spacious tabernacle nightly.

Monday evening was the high point of the revival when something like fifty answered the proposition to join the ranks of the christian people. If you have not heard the Cowboy Preacher we would suggest that you avail yourselves of the opportunity at once as the series of services will come to a conclusion this Sunday evening.

The young people's revival services conducted by Rev. Powell and Mr. Bain have drawn crowds of the youth of the city. The young people have responded to their leadership and some high spiritual hours have come, resulting in a number of reconsecrations and conversions.

The program for the remainder of the week is:

Thursday night, The Picture Show, Joy Ride, Mixed Swimming Pool, and the Dance; Friday night, Why Be A Christian; Saturday night, The Easiest Way to Hell Out of Clarendon. There will be four services Sunday, at 11:00 o'clock, at 2:30 to women and girls; at 4:30 to men and boys above 10 years of age, and at 8:15.

TWENTY-FIVE IN CITY TOURNAMENT

AL COOKE COPS MEDALIST HONORS WITH EVEN PAR FIGURES SUNDAY

Twenty-five aspiring golfers teed off last Sunday in the qualification play to determine standings in the annual city golf tournament, but today there are only a mere handful who are still fighting for the prizes as second matches are underway. Al Cooke, one time winner of the city title, bids fair to become one finalist by virtue of his sensational game Sunday which brought him medalist honors when he negotiated the local layout in perfect par figures, 72.

Those qualifying into the Championship flight were Ira Merchant, Dude Gentry, Fred Buntin, W. H. Cooke, M. P. Gentry, A. N. Wood, Tom F. Connally and Al Cooke. Ira Merchant stamped himself as decidedly in the race for the championship and is proving a very substantially enthroned champion. In spite of his extreme poor showing in the past few weeks, the defending champion appears to have suddenly regained his game as evidenced by the severe trouncing he administered to Dude Gentry in the first round matches when he left vanquished his initial crown disputer by a score of 6 and 5. Gentry was far from his usual game, but Merchant would have beat the best of them in the match. Other first round matches found Fred Buntin defeated by Bill Cooke, who turned in a six-tiling sub-par 35 on the first nine. A. N. Woods downed M. P. Gentry and Al Cooke found the going tough before winning from

Tom Connelly by the narrow margin of 2-1. Those in the second flight were Dick Cooke, J. T. Patman, Carl Parsons, R. C. Weatherly, W. A. Wilson, George McCleskey, Kinney Lane and H. B. Kerbow. First round matches results are Cooke defeated Weatherly, Wilson won from McCleskey and Kerbow downed Kinney Lane.

Results of the third flight were Frank Stacking lost to Dick Allen, U. J. Boston beat Kelly Chamberlain, Doss Palmer defeated Milus Little and Tom Murphy and John Hutton defeated Joe Goldston.

Finals in all flights will be held Sunday on the local course, the championship match will be decided in a 36-hole play-off with the other final matches being decided over an 18-hole course.

MEMORIAL DAY TO BE OBSERVED HERE

AUBYN E. CLARK POST TO SPONSORE MONDAY SERVICE AT M. E. CHURCH

The principal speaker for the occasion will be Rev. W. E. Ferrell, pastor of the First Christian Church, and the service will begin promptly at 10 o'clock, according to Nathan Cox, post commander.

Monday afternoon the graves of all veterans will be decorated by the local Legion post. The general public is extended a very cordial invitation to attend the services and add their bit in doing honor to those fallen comrades who have passed beyond.

Tom Connelly by the narrow margin of 2-1.

Those in the second flight were Dick Cooke, J. T. Patman, Carl Parsons, R. C. Weatherly, W. A. Wilson, George McCleskey, Kinney Lane and H. B. Kerbow. First round matches results are Cooke defeated Weatherly, Wilson won from McCleskey and Kerbow downed Kinney Lane.

Results of the third flight were Frank Stacking lost to Dick Allen, U. J. Boston beat Kelly Chamberlain, Doss Palmer defeated Milus Little and Tom Murphy and John Hutton defeated Joe Goldston.

Finals in all flights will be held Sunday on the local course, the championship match will be decided in a 36-hole play-off with the other final matches being decided over an 18-hole course.

NORMAL BUSINESS

When business becomes slow, many theorists become agitated, and clamor for startling new innovations, which are contrary to habits of our people, and to which the country would adjust itself with difficulty.

That is much like a doctor who gives his patient some violent remedy that exaggerates his distress. What he usually needs is a rest and quiet, and mild treatment that removes obstacles to recovery.

So in regard to business. The needs of this time are not for radical and far-reaching changes, but for the removal of the more assessable obstacle to full prosperity, the cultivation of prudent and wholesome habits, and the avoidance of excesses, assisting our industrial system to work smoothly and naturally.

The unfortunate tendency of our people to rush to extremes precipitates business disasters. When business is good, they step high, see no possibility of disaster, and go in for extravagant plans of expansion. Then when business turns slow for a bit, they lose all faith and confidence, they say business will never be good, they refuse to buy goods, they lay off help, and business becomes worse because of panicky fears.

What this country needs is a spirit of calm moderation, that refuses to go joyriding in times of expansion, and consequently is not loaded up with heavy burdens when business slows up. The same calm spirit refuses to go into depths of gloom when business slows up, and its cheerful confidence helps to maintain courage and faith.—Valley Stream Record, Valley Stream, N. Y.

HIGHWAY OFFER REJECTED

This depression is a relentless thing. Just as it looked as if Donley County might be well on the way to securing a fine highway through the principal towns of the county, it horns in and breaks up such a possibility by shutting off the normal receipt of tax money. At least, that is the way the Commissioners Court views the matter.

The highway department's offer to the county was officially rejected by the court in a unanimous vote Tuesday afternoon of this week, and the lack of funds was named as the cause of the rejection.

Now, it will be just too bad if conditions get better this fall, tax money comes in at a satisfactory rate next year, and we do get the highway at the entire expense of the department—and on a location more nearly as the crow flies across the county, missing our principal towns.

Anyway, The News has done its full best to get the highway where it would serve the people of Clarendon, Lelia Lake, and Hedley and we certainly hope that it was the depression only that kept us from such a realization.

BRAZEN PROPAGANDA

One of the most brazen pieces of "wet" propaganda now in evidence, and there are several forms, is the regular appearance in weekly news reels on the moving picture screens of America, of beer-drinking scenes and speeches all crying out for beer and whiskey, through the modification or repeal of the eighteenth amendment.

Most of such scenes are staged specifically for the purpose of reproduction and broadcast through the news reels, and are not really news at all.

There should be a united and determined protest against such stuff being shown on the screens of America to so many young people, who are not old enough to remember the terrible days of the old saloon, and who are not mature enough to see through such subtle appeals to appetite and prejudice.

The protest should go to the film producers, themselves. They will listen if the protest is strong enough.

PLAYING WITH FIRE

The action of the State Democratic Convention at Houston in riotously passing a resolution calling for a re-submission of the Eighteenth Amendment to the states, was playing with fire in the most careless fashion and could easily throw Texas again in the Republican column in the National election next fall.

Playing with fire—yes, indeed—and at Houston where the party committed suicide four years ago.

Texas generally would prefer to back Garner for the Democratic nomination and without any declaration on the prohibition question, at all, but there is a majority of Texas Democrats who hold their principles higher than party regularity, and these are waiting to see just who dictates the policies at Chicago, the witless wets or the conservatives.

A MOVE IN THE RIGHT DIRECTION

County authorities say that the valuations for Donley County have been reduced nearly a million dollars this year and the tax rate is to be lowered five cents.

At a time when every citizen is feeling the sharp sting of taxes, this is certainly welcome and is a step in the right direction. Now if the lowered valuations come on property that deserves to be lowered, that will make the reduction even more acceptable.

If taxes are not reduced when the county faces conditions such as we know today, there is no chance of a reduction. When things are booming, taxes always go up.

Modern Electric Cookery Will Make Your Kitchen

Cooler . . .
Cleaner . . .
More Economical

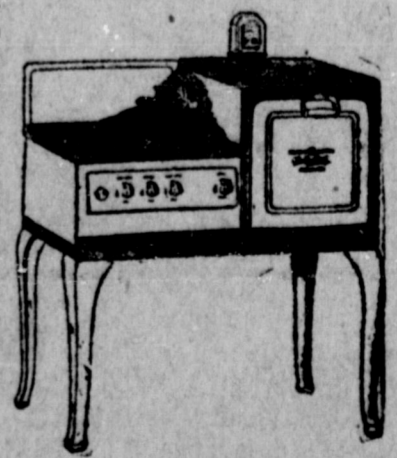

Electric Cookery means a cool, happy kitchen, because electric heat is "controlled." It is applied only to the bottom of the utensils, exactly as required. None is wasted to make your kitchen unbearably hot and disagreeable.

Your kitchen will be cleaner, too, for electricity is clean as sunshine. There's no soot, smoke or grease to soil walls and curtains or begrime pots and pans. Think of all the work you can eliminate by this one feature alone!

.. And the economy of Electric Cookery will gladden your heart and lower your budget! Electrically-cooked foods retain full bulk weight . . . meats do not shrink . . . vegetables do not boil away . . . and, due to a superior cooking principle, more inexpensive cuts of meat can be used with gratifying success. The Electric Range cooks foods with all the precious vitamins, essential minerals and delicious food-flavors sealed-in, too!

We will be delighted to demonstrate this modern automatic cook, and explain why it has been approved and endorsed throughout West Texas. Profit by Electric Cookery superiorities NOW!

Call us for an individual investigation of your use of electric service, to determine the cost of cooking by electricity in your home. You may be surprised to know that there are many cases where electric cookery actually decreases the total of electric and gas bills.

Reduced 30 Pounds Never Felt Better

Safe Way To Lose Fat

Take the case of Miss Madeline Crowley, for instance, who lives in Little Rock, Ark. Just read her letter:

"I have used Kruschen Salts for one year—when I started I weighed 140 pounds—now I weigh 110 pounds and never felt better in my life."

That's the big reason a host of men and women take Kruschen to lose weight—as the fat goes you gain in health—skin clears—eyes grow bright—activity replaces indolence.

Take one-half teaspoonful of Kruschen in a glass of hot water every morning before breakfast—cut down on fatty meats, potatoes and sweets—a jar of Kruschen that costs but a trifle lasts 4 weeks—get it at any drugstore in the world—but for your health's sake demand and get Kruschen Salts.

Spring Season Brings Weddings As Cupid Gets To Work Early

Knorpp-Parr

Gladioli in shades of pink, artistically combined with white larkspur and fern, and glowing tapers in tall candelabras tied with tulle bows and adorned with flowers formed a setting of much beauty for the wedding of Miss Gertrude Dorris Parr and Wesley Carroll Knorpp last night. Dr. Henry Kendall Booth officiated at the rites, held at First Congregational Church and witnessed by about 250 guests.

As a musical prelude to the service a lovely program was given by Miss Josephine Herrick, cellist, Miss Geraldine Judd, harpist, and Raymond Moremen, organist. Numbers were "Ah Sweet Mystery of Life" and "I Love You Truly", organ solos: "At Dawning" and "All for You" harp solos, and "O Promise Me", cello solo. During the ceremony the harpist played a soft accompaniment.

The bride, who was given in marriage by her brother, Charles L. Parr of Los Angeles, was gowned in white satin, made with close-fitting lines, a short train, square neck and long sleeves. Her tulle veil fell from a lace cap brought from Europe in 1900 by her grandmother and was held at one side by a cluster of orange blossoms. She carried a handkerchief of Italian lace and a bouquet of orchids, gardenias and valley lilies.

Mrs. Farr was matron of honor, wearing crepe de chine in a shade matching the flowers in her bouquet, a sheaf of talisman roses. The bridesmaids wore similar gowns, of angel skin lace, all long and tight-fitting, and carried dainty muffs of violas with pink rosebuds in the center. Misses Barbara Bell and Gertrude Ayliffe wore gowns of tea rose hue and Misses Helen Lucile Davis and Mary Isabel Bugbee gowns a shade lighter.

William Goodall served as best man. Ushers were John C. Knorpp, Ted Wells, Sherman Corroll and Kent Bell.

Mrs. Charles D. Church, mother of the bride, was gowned in blue angelskin lace and wore a cor-

sage of pink roses and lilies of the valley. Mrs. Wesley Knorpp, mother of the bridegroom, was in eggshell lace, with matching accessories and a harmonizing corsage.

After the services a reception for seventy relatives and intimate friends was held at the home of Mr. and Mrs. Church, and the bride and bridegroom left on their wedding trip. As her traveling costume the bride wore a blue suit with a white ermine collar, with matching hat and accessories. They are making a trip to Pebble Beach before going to Clarendon, Texas, to live.

The bride, who has been the inspiration for many prenuptial affairs, is a graduate of Wilson High, where she belonged to Sigma Theta, and attended Oregon State College at Corvallis, where she is affiliated with Pi Beta Phi sorority.

Mr. Knorpp attended Poly High where he was a member of Alpha Sigma fraternity. After attending California Preparatory School at Covina he went to University of Texas at Austin, where he was a member of Alpha Tau Omega fraternity. He is now associated in the Donley County State Bank in Clarendon, where he has resided for the past year and a half.

Hoorary, conditions are getting back to normal. The University of Texas, the old Alma Mater, you know, won its annual baseball championship last week at the expense of the Texas Aggies. It was sweet revenge too, for it was those same pesky soldiers from the domains of College Station that chiseled in on the rights of the Longhorns last year and snapped the unbroken chain of successive conference titles at eighteen. However the Farmers couldn't stand the pace and wilted to the cellar regions resting only on the much abused diamond performing S. M. U. Mustangs. It was a great race this year with any of several teams having a crack at the crown up until the last week of the season, and then it took the last game with the Aggies to decide whether Uncle Billy's aggregation hung up another trophy in Gregory Gymnasium or a new feather was to shine from Rice's Owl Cage.

Folks, you should have attended the Highway Convention at Shamrock Monday. It was something like the old times when conventions were conventions. Crowds, crowds and more crowds. Bands galore, bugle and drum corps, parades and headcheers were able to be seen wherever one turned. Something like 6,000 persons were in the city and the wonderful new highways of Wheeler County were celebrated much to the satisfaction of all present. A splendid city and marvelous hosts is Shamrock and its residents.

And did the purple coated band lads from this little place do their bit towards making the convention a brilliant success? We refer you to any of the several thousand folks who heard the notes of Gus B. Stephenson. The local band was best in the history of its out-of-town engagements and were the outstanding musical organization of the nine bands present. So said hundreds of people this writer heard while following the band through the streets of the Wheeler County city. Another thing which was especially pleasing to the local folks which accompanied the band members was the friendship of the Shamrock and Clarendon bands. Everyone knows Bob Saadusky, Shamrock director, is a prince of a fellow and nothing would do him but the Clarendon boys should take the spotlight at every opportunity. The two bands consolidated with Gus and Bob alternating at the baton in a fine concert at the depot while awaiting the arrival of the Amaville special train. It's a great thing to have a feeling like that between the two neighboring cities.

It's a great thing too, to have nice things said of Clarendon's athletes as were told me by a representative of the Shamrock Texas, that city's splendid newspaper. This fellow stated that of all the cities either the golf team or other athletic teams visited

two places were the favorite of Shamrock people. Clarendon was named as one and the other was a city in Oklahoma. They feel they will get a fair deal in Clarendon—that's why we brought our hand over Monday. Clarendon enjoys helping those who help us.

But just a word of warning to the local golfers. In spite of all this friendly talk Shamrock is going to do its damndest to annihilate you Hillcrofters on the return match in the Cap Rock race. They are laying for the high riding Clarendon club, and their win over Memphis the other day on Memphis' course bears out their threat. They are jubilant over their last conquest and are pointing to the Clarendon match.

Congratulations are due Al Cooke for turning in a cool par 72 to cop the qualification play in the City Tourney. Nice comeback, Al.

Ira Merchant got all hot about this column intimating his game was all shot and to prove we were darn poor at this press agent stuff he strolls around the course with a warm 73. A lot of co-operation we get from some of these guys in this business. Anyway thanks for the drink (Coca-Cola) Ira.

Whew, that was some ball game last Sunday at Lelia. Everybody on both teams liked the pitchers so well they were impartial and hits rained to all corners of the little city to the east all afternoon. Baseballs were darn near as thick coming from home plate as the fuzz from the giant Cottonwood tree just east of the crossing. There never was a bunch so hard to get out as that Lelia Lake crew when they got to pasting the old horsehide. Several times they would start a rally and five or six hits in succession would ring from their mighty bludgeons. If the Chamberlain club hadn't took a running start in the first few innings we fear for what the result would have been. Anyway everybody had a great time and were all but run down when the last man was retired.

Goldston regained their winning ways Sunday with a fat victory over Hopkins in a game something akin to an eight-day bicycle race. The visitors just couldn't get the Goldston batters out as they amassed a staggering total of 30 runs.

The victory was however not without its toll, as this lad Bots suffered a bad injury sustained when a bat slipped from the hands of a Hopkins' batter and struck the player on the upper jaw. Had he been struck on the neck or two back or higher on the

CLEMMONS FAMILY PLANS ANNUAL BASEBALL GAME

The annual baseball game between the Clemmons family and an independent team in celebration of "Uncle Bob's" 68th birthday will be staged this year at Alanreed June 19th. The Clemmons brothers led by their sterling old dad will meet the Alanreed Wildcats in the annual diamond classic this year, and unless the competition is several hundred percent better than last year the Clemmons crew will hang up another victory alongside the growing total of birthdays of "Uncle Bob."

The general public is cordially invited and urged to go over to Alanreed on the above date and watch the old gentleman do his stuff. It is one of the very few such affairs in the entire country and is a feature of the local country.

The Clemmons line-up is as follows:
Jake, catcher; Vodie, pitcher; John, first base; Dudley, second base; George, third base; Vernon, short stop; Uncle Bob, right field; Donley, center field; I. B. left field.

head it very probably would have been fatal. He was rushed to town where first aid was given and the popular Goldston athlete is reported resting easily. We have never met the boy since moving to Donley County, but our observation has been that he is a swell fellow—unassuming, friendly and a youngster of unlimited capability. What's better, he is coming into high school next year and we believe his name is destined to become one of the Maroon and White's finest athletes. Clarendon wishes for your speedy and complete recovery.

The Clemmons family is about to have its annual baseball game in celebration of "Uncle Bob's" 68th birthday. Last year the family beat the Sox off an independent team and we predict another such outcome on June 19th at Alanreed. Every one's invited.

WIFE SOLD AT PROFIT

Few of the present generation, particularly in the North, know that before the Civil War a great many negroes in the South owned other negroes as slaves. Some interesting facts concerning the subject are given in Prof. Carter Goodwin Woodson's book "Free Negro Heads of Families."

He shows us that as far back as 1830 one-seventh of the negroes in the country were free, some of them rich, owning large plantations and other valuable property. In 1857 one negro in South Carolina owned 200 slaves, in Louisiana four negroes owned respectively 97, 89, 50 and 47 slaves. Many others owned smaller numbers, it being estimated that 40,000 free negroes owned nearly 100,000 slaves at one time.

The story is told of a Charleston negro who admired a female slave owned by a neighbor and bought her for a wife. Later on when she had failed to behave herself as he thought proper, he sold her at a profit of \$50.

Resume
In the first edition of this Olympic Games bringing to you week by week choice news from the center of activities, we took you on a mental flight through three thousand years of Olympic history.

From State to Stadium
It is a far cry from the Olympic stade (field) in ancient Elis, fringed by the sacred olive groves of Aphrodite, to the Olympic Stadium in Los Angeles, fringed by a great city. Rearing its 125,000 tons of solid concrete 106 feet into the open sky, the Olympic Stadium, the focal point of activities in the Xth Olympiad, has the greatest reserved seating capacity of any stadium ever built.

Two editions of the old Roman Coliseum in which King Nero used to wiggle his thumbs with life or death significance could be set down with room to spare in the huge Olympic Stadium, spread over 17 acres. If the materials used in its construction were loaded in box cars they would form a train more than 18 miles in length.

Jones and Jones
When Coach Howard Jones' gridiron warriors handpicked from 1931 Stanford, University of Southern California, and University of California teams face Tad Jones' boys from Harvard, Yale, and Princeton in the Olympic demonstration of American football, 105,000 hearts will leap with the opening whistle and the Olympic Stadium will blaze with illumination sufficient to light a city of 15,000 population. This epochal battle takes place

on the evening of August 8, the 10th day of the Olympiad.

In the great Olympic Stadium will also be held the impressive opening and closing ceremonies with President Hoover's party in attendance, the track and field events, equestrian sports finals, gymnastics, field hockey, and the three international demonstrations of lacrosse.

Philosophy of Olympism
It's a grand idea, this Olympic Games; and there's a rich philosophy behind it.

As the dying sun sinks into the Pacific on the afternoon of August 14th, and the aged-old Olympic closing ceremony is enacted in a stadium sinking in shadows, many of the old-timers standing there will be thinking of the words of Baron Pierre de Coubertin, founder of the modern games:
"The main issue in life is not the victory, but the fight; the essential is not to have won, but to have fought well. To spread these precepts is to pave the way for a more valiant humanity, stronger, and consequently more scrupulous and more generous."

FARM AGENT EXAMINATION OPEN
The United States Civil Service Commission has announced that until June 7 it will accept applications for the position of farm agent to fill vacancies as they occur in the Indian Service. The last register of eligibles for this position was established March 9, 1931. Forty appointments have been made from that register. The entrance salary is \$1,860 a year. If quarters, fuel, and light

are furnished a deduction therefor will be made from this salary. For these positions the Department of the Interior wishes men.

Applicants must show that they have completed at least one year of study in the regular four-year course in agriculture at a college or university of recognized standing, or that they have been graduated from a four-year agricultural course at a standard high school. Additional credit will be given for college training in agriculture additional to the foregoing or to that offered in lieu of experience, as prescribed below. There is a further requirement of practical farming experience in States west of and including the following: Wisconsin, Minnesota, North Dakota, South Dakota, Nebraska, Kansas, Oklahoma, and Texas.

The register of eligibles will be divided as follows: (a) General farming, including dairying; (b) stock raising under range conditions; (c) irrigation farming; (d) dry farming.
Full information may be obtained from Norma Rhode, Secretary of the United States Civil Service Board of Examiners at the postoffice in this city.

-Masonic Notes of Interest-

GEORGE WASHINGTON MASONIC NATIONAL MEMORIAL DEDICATED

Alexandria, Va.—On May 12, in a notable assemblage consisting of the President, Mrs. Hoover, high officials of the Government, ranking Masons of the various Grand Lodges, high Scottish and York Rite dignitaries, heads of other national Masonic organizations, and distinguished members of the Masonic Craft throughout the country, the imposing \$5,000,000 Temple on Shooter's Hill, of this city, was dedicated to virtue, universal benevolence, Freemasonry and to the memory of America's greatest son—Washington. This achievement marks the consummation of the dream of Freemasonry in this country for over a quarter of a century.

Undaunted by a steady, drenching down pour of rain, nearly 15,000 soldiers, sailors, marines and coast guardsmen, under the marshalship of General LeJune, marched to the music of twenty or more bands the full length of King Street to the east footings of the lofty Temple. Here they broke ranks and quickly sought hotels and places of shelter. All along both sides of the street in reviewing stands, from windows and huddled along the sidewalks, many more thousands saw the parade.

Among those in the reviewing stand were Lieutenant Governor Price, of Virginia, member of the George Washington Masonic National Memorial Association and those representative Masons above mentioned.

Forced inside of the beautiful, classic structure by the heavy downpour, the actual dedication ceremonies were held in the marble-columned auditorium which recently had been completed in every detail. Here about 600 high officials and others are comfortably seated while more than half as many more were permitted to stand back of the outer railing. The great crowd which had assembled to listen to and witness the ceremonies from the granite steps and the environs of the Temple were bitterly disappointed, but many remained while the ceremonies within were being broadcast. Towering to graceful height before them stood the new Temple of Freemasonry, "a tangible symbol of intangible ideals."

Promptly at 12:55 p. m. and timed to connect the ending of the parade with the beginning of the ceremonies, the presidential party entered the granite-columned auditorium and were escorted to their places on the stage by Col. Louis A. Watres, and Harry K. Green, Grand Master of the Grand Lodge of Virginia. Salutes roaring from twenty-one guns of the 16th Field Artillery stationed near-by announced the arrival of the President. Salutes fired from twenty-one guns on the historic "Constitution" and five coast guard vessels echoed their reply from the Potomac nearly two miles away. A flourish of bugles was sounded, followed instantly by the Marine Band which struck up the strains of the President's March.

Within a few moments, and with splendid dramatic effect, six marines stationed in front of the great marble columns in Memorial Hall again sounded four quick flourishes, a signal for the procession to start. Two by two high officials of the Craft led by the Grand Marshal, Robert S. Barrett, marched down the center aisle of the main steps to the stage from the Memorial Hall bearing a small replica of the Temple and symbols used in the ritual which was especially written for the ceremony. Distinctive and impressive in the procession were three Past Grand Masters of Virginia, each carrying a pitcher. First was James H. Price with a gold pitcher containing corn, next came E. L. Cunningham with one of the silver pitchers containing wine. Following him came John S. Bottimore who bore the other

silver pitcher containing oil. At appropriate points in the ceremony the contents of the pitchers were poured symbolically on the small replica of the Temple.

Conspicuous in the procession and about the Temple were the various committees of the lodges charged with the care of priceless relics used by George Washington in connection with his Masonic and public life. The committee from Fredericksburg Lodge No. 4, Washington's mother lodge carried the Bible upon which he took his Masonic obligations; the committee of the Alexandria-Washington Lodge No. 22, of which lodge he was the Charter Master, bore the trowel used by him in laying the corner-stone of the Capitol, September 18, 1793. Committees from Potomac Lodge No. 5, of Washington, D. C., Saint John's Lodge No. 1, of New York City, and the Grand Lodge of Massachusetts, carried respectively the gavel used by Washington in laying the corner-stone of the Capitol, the Bible upon which he took the oath as first President of the United States, and the silver urn made by Paul Revere containing a lock of Washington's hair.

The gossip's column of the Masonic Outlook for May, 1932, carries the following interesting disclosure: "Why hasn't somebody told us before that H. G. Wells had written a Masonic story? It is an occultistic, somewhat spooky yarn, entitled, 'The Story of the Inexperienced Ghost,' and may be found in the volume published in 1924 by Schribner's 'Twelve Stories and a Dream.' In this yarn, so typical of the earlier Wellsian manner, is a reference to the Quatuor Coronati Lodge, thinly disguised under the name of 'Lodge of the Four Kings,' 'Quatuor Coronati,' as you will remember, means 'the Four Crowned Ones.'"

In commenting on the newly formed club, Mr. Stewart stated, "We intend to start the organization of such a club in every one of the twenty-six counties in the 31st Senatorial district. More Ways Than One To Make The Farm Pay

Modern methods have shown that there are more ways than one to make a farm profitable. Diversified farming has come to stay. Cows and chickens add their share to the farmer's income. ATTENTION, VOTERS OF DONLEY COUNTY

The object of this letter is to recall to your mind the fact that your vote will be appreciated July 23rd. Another reason is the fact that it is almost impossible to see personally each voter in the County. To be sure I will do my best to see each one, the majority of whom I have already seen, however on my frequent trips over the county calling at homes often the party desired to be seen is away.

For these two reasons I am using this method of stating that I will do my best to see you but in case I might not, let me state here and now, that I am asking for your vote.

I believe the financial affairs of the county should be handled most economically. I believe the county should live within its income. If the revenue of the county be reduced I believe its expenditures should be reduced accordingly.

I ask your consideration and promise to exercise the very best judgment that I am able to command regarding any matter concerning the county.

LIONS START DRIVE FOR NEW MEMBERS

CLUB HEARS REPORT OF ROSWELL CONVENTION FROM T. D. NORED

In the absence of a number of members of the Clarendon Lions Club and the entire program committee Tuesday, Boss Lion Boykin turned the meeting over to the members for a discussion of various and sundry subject. The principle topic for discussion was the membership drive which started with the luncheon of that day.

Lion Patman, one of the team captains, read the names of the members who were to act under either Lion Patman or T. D. Nored and then outlined the method by which the contest was to be held. Boss Lion Boykin reported and exhibited the first request of the contest with the former Lion Broun back in the fold following a few weeks astray from the den.

Lion Nored was asked to make a report on the New Mexico State Lions Convention held last week at Roswell which he and District Governor Braswell attended as guests of that state. A wonderful convention with plenty of sidelights was referred to in the narration offered by the electrically inclined Lion.

Lion Holman Kennedy expressed the appreciation of his wife and himself for the flowers sent Mrs. Kennedy while she was confined to her room at the Adair Hospital following an operation.

A letter of appreciation from the Burton family at Decatur was read to the group in response to the floral offering sent following the death of Lion H. T. Burton's father.

The group meeting at Pampa today was announced and all who were able were asked to make the trip.

Court Rejects—

minutes of that body: On this day came on to be considered the question and matter of buying the right of way for Highway No. 5, through Donley County, and the issuance of time Warrants to pay for same.

The State Highway Commission having proposed to the Court through their Engineer, Mr. W. J. Van London that said Commission would Grade and Drain said Highway at the expense of the State provided the County would buy and fence said right of way. Said Highway to be on location approved by the Highway Commission.

The Court having taken the proposition under advisement and also having been presented with a petition with approximately 480 names of property tax paying voters of Donley County, asking the Court to purchase said right of way with County Warrants, provided it could be done without increasing taxes. The Court having considered the matter from this angle and it appearing to the Court that in 1929 the Road & Bridge fund from all sources received approximately \$53,000.00; in 1930 approximately \$35,000.00; in 1931 approximately \$27,000.00; There is an indebtedness formerly incurred on said fund which requires approximately \$10,000.00 per year to pay, and it is easy to see that in the diminishing receipts and the fact that 22 cents out of every 30 cent levy of Road & Bridge Funds have already been set apart to take care of indebtedness, and the absolute necessity for keeping lateral roads up and repairing culverts and bridges made it appear to the court that they would be unwarranted in making such indebtedness and endeavoring to pay the same without additional taxes.

Motion made by Sid E. Harris, and seconded by G. W. Beck that the proposition so made by Highway Commission be rejected for the reasons above set out. On Vote, Four of the Commissioners voted for the motion and None against.

The regular semi-monthly meeting of the Boys Club will be held at the American Legion Hall Saturday evening at 7:30 o'clock. It is hoped that a large number of the boys will be present for this meeting as plenty of action is in store for the lads and a full program is being planned.

O. C. Watson, Sr., and Sam Braswell, Jr., have been appointed to handle the next two club meetings for the Lions Club and it is expected that an athletic program will follow a citizenship program on the above date. All the boys in the city are cordially invited and urged to be in their places.

with a splendid concert. Several more concerts were played by the locals before entering the spectacular parade following the noon hour, and then the band members were treated with a theatre party before reporting for the massed band concert later in the afternoon. After the massed presentation a trip to the hotel lobbies was next in line and elicited much praise for the local band. At five o'clock the band was dismissed and later in the evening the trek home was begun with the local delegation bearing the good will of the convention and hundreds of congratulations upon the splendid work of the band.

"Poppies"

Poppies grow—row on row Reaching for the sun— In Flanders Field they never die Like you and I, they live for one. They raise their heads poppy red And then seem to say— This is the sod, that's blest by God— Let's Carry On Forever and a day.

Do you remember the little red poppy you bought on the street last May? Perhaps it was a mere trifle of the day and yet the little thing in life which seem so insignificant, are often determining factors in our lives or the lives of others.

Would you think so small an object as a little red paper poppy carries the burdens of thousands of men in Government hospitals who are staging their greatest battle now, although the World War in which they served was over thirteen years ago. Do you know that all through the winter months these men, many of whom receive no compensation are making the poppies bloom?

Yes, each day in the poppy work rooms, they are fashioning with clumsy and oft' times tremb-

ling fingers the little red flower marked with the tag "Veteran that symbolizes remembrance of those who gave so much for us. Do you know too, that every penny received for these poppies Legion and its Auxiliary is used to help these needy veterans and their families?"

WE THANK YOU

We want to thank the public of Clarendon and Donley County for the fine response to our Opening Day last Saturday.

Hundreds of people visited our new place of business on that day, many of whom had never before done so, and our business was better by far than we expected.

We thank you all and invite those who have not yet been to see us to come by and inspect our facilities for service, and give us a trial on SINCCLAIR Gas and Oils, Firestone Tires, Tubes and Batteries, and all other needed car service.
