## LOCAL SCHOOL VICTORY CORPS PASSES IN FINAL REVUE HERE WEDNESDAY AFTERNOON

Climaxing the end of training for the current school term, the Victory Corps, composed of High School and College students, passed in final revue Wednesday afternoon before Lt. P. A. Daugert and Lt. L. J. Buckley from the McLean Internment Camp and members of the local American Legion.

Approximately one hundred and fifty boys and girls participated in the revue and general inspection.

Upon being asked for his opinion of the group, Lt. Daugert stated "that the group as a whole was excellent and the girls surprisingly excellent." He also stated that these young boys who will possibly go into service within the near future, will write letters back home thanking the men who have worked with them so diligently, as this learning will mean a great deal and possibly mean a quick promotion soon after entering the service.

Fred Cook, assisted by Chas. Lowry, are two of the men responsible for the greater portion of the fine work in drilling these boys and girls. Mr. Cook has spent a great deal of time in this work and should be especially complimented for lending his patience, time and good will toward such a worthwhile program.

The Victory Corps drilling program is not only beneficial to those that might enter the service but all others in that it will help them physically in coordination and many other ways.

Those of you who have not seen their performance, have missed a lot and should make an effort to see them when they begin their training at the beginning of the next school term.

The certificate of Graduation-Basic Military Drill will be presented to 22 boys of the Victory Corps Friday afternoon, stating that they have completed the prescribed course of study of the Pre-induction Basic Military Training Program sponsored by the local Post American Legion "In recognition of proficiency and achievement in military drill, demonstration of leadership qualities, and the desire to accept full responsibility as an American citizen," the certificates to be signed by H. T. Burton, Chief School Administrator; Fred Cook, Chief instructor and Chas. M. Lowry, Post commander of the American Legion.

The boys who will receive Certificates of Graduation certifying that they have completed the Course of Study and Training are: Ray Graham, Max Rhea, Harold Donnell, G. D. Shelley, Billy Thornberry, Calvin Naylor, Victor Smith, Claude Hearne, J. F. White, Melvin Vick, Maurice Riskey, Weldon Moody, James Clark, Glendie Hedrick, Bobby Harold Smith, Redell Henson, Bill Bell, Claude Siddle, Johnnie Beard, H. C. Shaw, Dwight Blair, Harold Green.

### LEADER ADVERTISING GOES A LONG WAY

It was revealed this week by L. T. Whitlock of the Whitlock Furniture Co., that he had received an Air Mail letter dated the 20th of April from Dr. C. W. Galloway who resides in Los Angeles, Calif., answering the display advertisement placed by that firm in the April 15 issue of the Leader, asking for a washing machine that was advertised.

Mr. Galloway is an old time subscriber of the Leader and still believes in patronizing the old home town merchants if possible. Incidentally the washing machine was sold before his letter arrived. This goes to prove that advertising in the Leader goes out a long ways as well as covering the territory here at home.

## Clarendon Clinic Hospital Notes

**Births:**  
Mrs. W. H. Strawn, a boy and Mrs. Lee Heathington, a girl.  
**Surgical:**  
Fay Holland.  
**Medical:**  
Buck Roberts, A. T. Russell and Mrs. S. B. Rousseau of Claude.

### WRECK VICTIMS DOING NICELY

Miss Arlene Dozier, Freida Putman and Laverne Marshall, wreck victims of last week are reported as doing nicely at this time. Miss Helen Jo Bulman, the fourth party injured, was released from the hospital the latter part of the week.

## F. F. A. Youths Start Pigs For Fall Show

Clarendon and Donley County youths who are members of the Clarendon F.F.A. or who are doing their club project under the supervision of J. R. Gillham, Clarendon Vocational Agriculture teacher, will have all of their pig projects for the summer started by the last of next week, according to Gillham. A large number of top pigs of all breeds will be fitted for the local show to be held in September or October.

## Good Health Vital In Raising Chicks

Raising what they have is the main problem confronting Texas producers of poultry. According to H. M. Breedlove, County Agent for the A&M College Extension Service, Texas poultry flocks are 17 per cent larger than at the same time a year ago.

Doing the job efficiently means better brooding, ranging pullets on ground free from visible parasite eggs and placing them early in clean houses with deep litter, sufficient feed, water, space, light, nests, ventilation, grit and oyster shell.

A five per cent reduction in mortality of hens would mean an increase of 200,000,000 dozen of eggs and 100,000,000 pounds of poultry meat, Breedlove says. Frequent culling and marketing of unprofitable birds is one means of increasing the supply of poultry meat.

"Keeping young stock away from old stock, and daily cleaning and disinfecting of houses and utensils protect against outbreaks of disease. Phenothiazine in quantities of 1 1/2 ounces, or three level tablespoonsful, in the mash 100 hens would consume in two days, is 100 per cent effective against the cecal worm whose eggs transmit blackhead to turkeys. It also is effective against the large round worm of poultry," Breedlove said.

The bluestone and vinegar treatment along with this is proving effective in controlling blackhead and other protozoan diseases," the County Agent points out. "The mixture comprises two ounces of powdered or small crystals of bluestone dissolved in one pint of vinegar. It is administered by putting one tablespoonful in each gallon of drinking water in non-metal containers for two or three days, and never given more than five successive days at one time."

## Large Number Attends F.F.A. Banquet

One hundred and seventy Clarendon Future Farmer members, fathers, and Clarendon businessmen, ranchers and farmer supporters attended the annual FFA Father and Son Banquet, Thursday night, May 6th at the Methodist church. The guests met at the south College building at 7:30 p.m. where they were conducted through the local vocational agricultural department and then conducted to the Methodist church.

A menu featuring project materials prepared by the youths was served by members of the Home Economics classes. Joe Smith, Chapter president, served admirably as toastmaster for the occasion. Jack Ballew presented a brief historical sketch of the FFA, and reported on the summary of the 1942 project program. Harry Blair presented information as to kinds and degrees of FFA membership. Carroll Brumley gave a resume of the local chapter's participation in livestock shows and fairs. J. R. Gillham, local FFA Adviser, reported on the chapter's work during the year and expressed his satisfaction with the high degree of cooperation secured from business men in carrying on the work.

H. T. Burton, R. E. Drennan, H. M. Lane, Tom Tucker, Lee Bell, C. B. Morris, C. L. Knight, John White, E. S. Ballew, George B. Bagby, and Burt Mayfield were initiated into the F.F.A. organization as honorary members in honor of the outstanding accomplishments for the local chapter. The late Homer Mulkey was the only other man ever to hold the honorary degree from the local chapter.

## Pioneer Returns For A Visit

Among the boys to come to Clarendon some 55 years ago was Walter Hall. When he became older he started his railroading career on the Denver when the machine shops were here.

Hall later became a fireman, and still later an engineer. After serving forty-nine years, he retired recently and is taking life easily.

Among those who befriended this strange lad 55 years ago was Mrs. F. H. Hardie. Mr. Hall brought along his family and spent a few days visiting her at the Cottage Inn the fore part of the week, leaving Tuesday.

### REV. QUATTLEBAUM COMPLETES REVIVAL AT MEMPHIS

Rev. J. O. Quattlebaum Jr. returned home this week after completing a very successful revival at the Methodist church in Memphis last week. He reported 14 additions, a good attendance and a very successful meeting throughout.

## Russell Rites Held Monday

Funeral services for Mrs. Lena V. Russell were conducted by Rev. J. O. Quattlebaum at the First Methodist church here at 2:30 Monday afternoon. She is survived by her husband, A. T. Russell, and the following step-children: Fred Russell of Clarendon, Mrs. H. J. Shoffitt of Lefors, Mrs. B. W. Anderson of Seven Sister, Texas.

Mrs. Russell had been a resident of Clarendon some twenty years. She passed away Saturday, May 8th, after a lingering illness at the age of 69 years. Interment was had in Hillcrest cemetery at McLean.

## Lions To Hold District Meet At Lubbock

Over 200 official delegates from the 66 Lions Clubs in District 2-T of Texas are to be in Lubbock May 16 and 17 for the 1943 annual meeting of the district, which will be in the form of a "War Conference." The central theme is to be, "What Can Service Clubs Do In The War Effort?"

All arrangements for entertaining the visitors and presenting the various features on the business programs of the two-day event have been completed under the direction of Harry Morris and Dr. Marshall Harvey, president and secretary, respectively, of the Lubbock Lions Club.

D. A. Skeen, Salt Lake City, Utah, second vice-president of Lions International, will be one of the speakers on the Monday morning (May 17) session. Others who will participate include Roy Keeton, Austin, state secretary of the Texas Lions Clubs, H. C. Pender, Lubbock, past district governor, and Murry H. Fly, Odessa, retiring district governor of District 2-T.

Climaxing the conference will be the Governor's Banquet and Ball Monday evening. Ralph Randall, Panhandle, an outstanding humorist will act as master-of-ceremonies for that feature.

Sunday afternoon will be given over to registration and fellowship, with a special religious service at the First Baptist church in the evening.

Formal sessions of the conference will get underway at 10:00 a. m. Monday morning in the auditorium of the First Baptist church. International Vice-President Skeen, and others will take part on that program.

Approximately six Lions from the Clarendon Lions Club plan to attend the meeting and represent the local club.

### DONLEY TAX COLLECTOR CONVICTED FOR THEFT

CHILDRESS, May 9—The conviction and two-year prison term assessed J. W. Adamson, former Donley County tax collector, on charges of embezzlement in district court here has been reversed by the court of criminal appeals.

Adamson was indicted on a dozen counts of embezzlement of public funds and was tried once at Clarendon but the jury was unable to agree. One case was tried here in January, 1942, and the jury found him guilty and set the two-year penitentiary sentence. Seven charges against Adamson remain on the docket in the court here.

## Bombing Field Near Brice

The public was attracted to a lot of noise coming from the south one day last week. The concussion caused windows in Clarendon to chatter. It was learned later that this noise was coming from bomb explosions.

It is said that the government has leased six sections in a pasture across Prairie Dog Town fork of Red river south of Brice to be used for a bomb practice field.

### Ration Reminder

**Ration Book No. 1**  
COFFEE—Stamp No. 23 good for one pound through May 30.  
SUGAR—Stamp No. 12 good for five pounds through May 31.  
SHOES—Stamp No. 17 good for one pair until June 15.  
GASOLINE—Stamps No. 5 of A-books good for four gallons each, through May 21.  
**Ration Book No. 2**  
Blue stamps, G, H, and J good through May 31, for canned and processed vegetables and fruits.  
Red stamp G (meats, fats and cheeses) becomes valid May 9; H, May 16; and J, May 23. All expire midnight May 31.

## Pressure Cookers To Be Rationed

County Agent H. M. Breedlove stated this morning that due to the shortage of pressure cookers it has become necessary that they be rationed. This is necessary in order to place cookers where they are most needed.

If you already have a pressure cooker that can be repaired it will be necessary that you do so instead of applying for a new one. The new cookers will go to large families who will do a great deal of canning or to groups of small families who will agree to share a cooker. This applies to both people living on farms and in the city.

If you are eligible for a new pressure cooker it will be necessary that you make application at the County Agent's office before May 25th.

These cookers will be rationed by the Farm Machinery Rationing Committee cooperating with a committee of six women who have been appointed by the War Board. After the applications have been approved it will be necessary that you locate a cooker before the order to purchase is given by the committee.

"We are going to try to get a pressure cooker repairman to come to the County to repair cookers that are out of order," Breedlove said. "If you have cookers that need repairing, drop me a card. If the number wishing this service is justifiable it may be possible that we can get a repairman to hold a pressure cooker clinic."

Members appointed on the pressure cooker ration committee are as follows: Miss Berry, Miss Vallie Harrell, Mrs. Greer Cottingham, Mrs. Millard Word, Mrs. George Wayne Estlick, and Mrs. Dewey Woods. Applications will be taken in the office of the County Agents and turned over to the committee for final approval.

## Lovell & Bulman to Lead F. F. A.

James Reed Lovell and Junior Bulman were elected President and vice-president respectively of the Clarendon F.F.A. Chapter for 1943-1944. Marvin Jordan as treasurer, Gene Harrison as reporter, Jack Ballew as secretary, Jiggs Mann as watch dog, Joe Lovell as Parliamentarian, and Harry Blair as Historian were elected to fill the other offices. All of the group except Ballew, Harrison and Blair will be chapter officers for their first year.

The new officers will take charge of the meetings upon the completion of the present school year. Lovell will be a senior in 1944 and Bulman will be a junior. They hold the same offices in the greenhand unit of the chapter this year.

## Methodists End Session Here

Two important groups met at the Methodist Church Wednesday under the leadership of Rev. G. T. Palmer, District Superintendent of the Clarendon District. The morning session was a joint one for the purpose of hearing the inspirational speakers. Dr. Harold G. Cooke, President of McMurry College, preached the Conference sermon, on the subject, "Spiritual Resources."

Other visitors were Rev. W. E. Hamilton of Lubbock from the Board of Education, Dr. and Mrs. W. C. House of the Amarillo District, and Rev. and Mrs. J. F. Michael, the pastor of the Methodist Church at Claude.

The ladies of the church served a chicken luncheon to more than 200 ministers and delegates. The afternoon was given over to business by the ministers and laymen, while the ladies met in session for a program and business. The reports were excellent.

## Good Rains Start Planting Season

### RUTH CAUTHEN TO MARANA, ARIZ.

Ruth A. Cauthen of Clarendon was a member of a Women's Army Auxiliary Corps unit which left First WAAC Training Center at Fort Des Moines, Iowa recently for duty with the Army at Marana, Ariz.

WAAC units now are at work with the Army in more than 20 states and overseas.

## "The Poppies Have Arrived"

This was the word that flashed to members of the American Legion Auxiliary here today and brought many of them to the Legion Home to begin the work of arranging the little red flowers for Poppy Day, May 29th.

The poppies, many hundreds of them, were in boxes shipped from Legion, Texas where they were made by disabled war veterans under the direction of the state Department of the Auxiliary.

Shaped patiently by hand, each little flower is a replica in crepe paper of the flowers that bloomed on the battle field of the first war. Each is slightly different, but, as Mrs. Adams, Auxiliary Poppy Chairman explained, all have the same meaning.

"Flanders Fields are on the other side of the world from Guadalcanal and a quarter of a century distant in time, but the little wild poppy of Flanders speaks for the dead of both battles," said Mrs. Adams.

"The poppy is the memorial flower for all who have died in America's struggle against world slavery, wherever or whenever they fell. We wear it to show that we remember them, honor them, and are continuing to fight in the cause for which they died."

The poppies are being sorted and counted ready to go into the baskets of the Auxiliary volunteers who will distribute them throughout the city on Saturday, May 29th. Contributions received for them will aid the Legion's and Auxiliary's work for disabled veterans and families of service men.

## Local Chapter Wins Honors In F.F.A. Meet

Teams representing the Greenhand and Senior chapter conducting entries of the Clarendon Chapter won top honors in this event at the Annual Memphis F.F.A. District encampment at Memphis, Friday and Saturday, May 7th and 8th. Lakeview, Esteline, Memphis, Turkey and Quitaque were other schools competing in these events.

Forty-three members of the local chapter competed with some two hundred youths from the other five schools in softball, basketball, horseshoes, washers, table tennis and tennis. Gayle Pyeatt won honors in tennis singles for the local group and Carroll Brumley won top rating in table tennis for the Clarendon Chapter.

With four first places, the Clarendon Chapter ranked at the top in the division of honors at the encampment. Joe Smith, Jack Ballew, Harry Blair, Pete Bromley, Gene Harrison, Billy Jack Land, J. B. Knight, Eldon Bullington, Carroll Brumley, and J. R. Morgan represented the local group in senior chapter conducting and Jim and Joe Lovell, Jr. Bulman, Marvin Jordan, Harold Darby, Jiggs Mann, Henry Wilson, Bobby Gene Adduddel, Sidney Harp, and Max Mays made up the junior chapter conducting entry.

Rain totaling 2.61 inches fell over the week end, definitely ending a threatening drought through this section and giving moisture to begin large-scale planting of cotton and feed in every section of the county.

Approximately the same amount of rain as was recorded in Clarendon fell over the entire county, and the rainfall was general throughout the eastern Panhandle and Western Oklahoma.

This moisture has relieved considerable worry over a possible shortage of grain to fatten the county's largest number of feeder hogs and cattle in history.

Range land, which was also needing rain, will be put in good condition, but stock tanks failed to receive much water as the rain fell so slow that practically every drop went into the ground.

With the season that was already in the ground, several farmers and business men have expressed the belief that with anything like normal rainfall through the summer months, this county may come near to repeating last year's bumper cotton and feed crops.

### CARROLLS DOWN FROM BORGER

Mr. and Mrs. Bill Carroll and son visited in the home of her parents, Mr. and Mrs. F. B. Thomas Tuesday. They reside in Borger where Bill is a welder for the Huber corporation. They formerly resided in California for a number of years after leaving here, but returned to Texas some four months ago.

## Reward Offered For Cattle Theft Information

Sheriff Guy Wright was in receipt of a letter this week from D. J. Roberts, Sheriff of Wilson County, asking for cooperation in the arrest of cattle thieves in that locality which is down below San Antonio. We quote the letter as follows:

Sheriff Guy Wright  
Dear Officer and Deputies:  
\$75.00 Reward for any information that will lead to the arrest of the thieves of Dairy Cattle, 12 Jersey Heifers, 2 years. May have calves by this time. Branded TU right hip; (This TU is connected. All 12 head dehorned close to the head. Tattoo in left ear (one letter and two numerals). Tag in right ear (Bangs test).

"Would it be possible for you to have this published in your local paper as a free ad as it may be that some subscriber may get this reward. These cattle have been gone since the 17th of March, 1943. Yours truly,  
D. J. Roberts, Sheriff,  
Wilson Co., Texas.

### DON TOMLINSON SURVIVES

Reported missing in action since March 31st in the Tunisian battle area, grave fears were felt for the safety of Don Tomlinson, well known in this section, and a son of Mrs. M. M. Tomlinson.

Mrs. Tomlinson was advised Tuesday by the American Red Cross that Don was a prisoner of the Italians. The Red Cross was informed by contact with a branch of the organization in Vatican City, Italy.

Don Tomlinson entered the service in March of 1942. He trained at Ft. Knox, Kentucky for several months. A short time was spent in training in the east and then he went across. Several months were spent in further training in Ireland before being sent to north Africa.

**THE LEGISLATIVE GRAPEVINE**

By Grady Hazlewood

In the closing days of what should ordinarily have been an uneventful session, members are becoming panicky over the consideration of bills which necessarily must die on the calendar for the want of time. Although there were few bills of general public interest, some of the most controversial and bitterly contested legislation came before us.

Killed in the House was the Aviation Bill which would have placed the industry in Texas under the Railroad Commission. Opponents contended there were no airplanes available for any group at this time and it was untimely to tie down with state regulation and red tape an industry where during one hour a person would be flying

in Texas and the next he could be in some other state—that it would so surround private and commercial flying with red tape that it would be impossible to operate.

Passed by both houses of the legislature and on the governor's desk is the Chiropractor Bill which licenses and regulates chiropractors. This legislation was termed as the most politically dangerous legislation up for consideration in years. Opponents contended that to license the chiropractors would seriously endanger public health because it would license a profession with an inadequate knowledge of diseases and human ailments. Proponents advanced the argument that there is not now any regulation, and

that lawyers, barbers, farmers, or any person whosoever can engage in chiropractic treatment without having training or qualifications—that it would be better to have some regulation than no regulation at all. Proponents also called attention to the fact that under the terms of the bill passed chiropractors must now have a two year college course and, in addition thereto, four years of study in the basic sciences of Anatomy, Physiology, and other subjects. They also called attention to the fact that the bill makes it a criminal offense for any chiropractor to treat any infectious or contagious disease or to practice medicine or surgery.

The real battle is now going on between the free conference committees on the departmental, higher educational, and rural aid bills. A rural school superintendent from the Panhandle was amazed when he heard a leading member of the Senate refer to the rural aid bill as being one that "throws our money away." The statement was made in the course of an argument over raising the salaries of rural school teachers who are now abandoning the profession in wholesale fashion because of low salaries. The subcommittee of the departmental appropriation bill reduced the appropriation for the Liquor Control Board so that more than 100 enforcement officers must be cut off the payroll. This, even though the

department is self supporting by reason of revenue from fines collected. The only answer to legislative action such as this is that Texas is a larger State with a great variety of sentiment thus expressed by the legislature.

**The Nurse At Home**

EDITOR'S NOTE—This is the first in a series of ten articles on Home Nursing prepared by the Public Information Service of the American Red Cross. For complete details about the standard course, inquire of your local Red Cross chapter.

Never before has the adage about an ounce of prevention been truer than now. Many sections of the country are almost devoid of medical service, and the shortage will grow as the armed forces increase. The American Red Cross is now conducting a recruitment program to enlist 36,000 graduate nurses for the Army and Navy Nurse Corps this year. This means a further drain on the supply of nurses. Wives and mothers of the country can and must learn to carry much of the home load. To help these wives and mothers meet their problems, the Red Cross is accelerating its program in home nursing. Courses are being offered by thousands of chapters.

The Red Cross Home Nursing

course originated in 1906 with Miss Mabel Boardman, then, as now, Secretary of the American National Red Cross. The first textbook, from which the present one stemmed, was written by Miss Jane Delano, the first Director of Red Cross Nursing, in collaboration with the Chief of the Army Nurses Corps and came into use just as the first World War brought its great demand for knowledge in prevention of disease and home care of the sick.

*It's really been a* **PROBLEM**

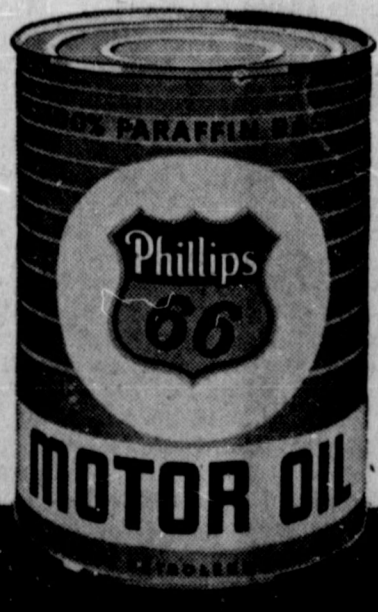

IT SAVES A LOT of head-scratching to have facts instead of guesses, when you are choosing a motor oil to protect and preserve your car for the duration.

That is why we give you these facts: We produce a number of oils at a variety of prices to meet the differing demands of car owners. Some want a low-priced lubricant for very old cars, some want a medium-priced product, while to still others cost is no object.

Of all these oils, we have concentrated on one as our best. The crudes which go into it, the extra care in processing, the results it gives; all enable us to say frankly and simply, Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer to average motorists.

Never was it more important to use good oil. So it is good sense and good saving to ask for Phillips 66 Motor Oil when draining winter-worn lubricant, or when making the recommended every-two-months oil change.

CARE FOR YOUR CAR... FOR YOUR COUNTRY

IT'S PHILLIPS FINEST QUALITY →

**THE TEMPLE OF TRUTH**  
By the Apostle

CONFIDENTIAL.

A goathead, a pestilent weed of the west and especially prolific in this section, is said to have nine lives. That's why the good woman

becomes "catty" while working the Victory Garden her husband brags about so much.

**ANTIQUE.**

Many a woman stays at home among her what nots while her "not what" loafers down town in the domino parlor.

**SCOTCHMAN.**

Then there is the fellow who

got off the street car backwards because he heard the old lady say that she was going to grab his seat.

**LOUD DIETING.**

Now that horse meat is finding its way into meat markets in many places, do you suppose the fellows who have been "beefing" so much about a lot of things, will now start "horsing around?"

**GRANDMA'S DAY.**

The boys not so many years ago asked of the job to attend grandma's funeral every time a ball game was staged. Boys of today are more truthful. They simply tell the boss they want off to see grandma make her first parachute jump.

**THE BLOCK MARKET.**

The black market in the east is

being exceeded in the south by the "block" market. A legislative committee investigating the health department angle in San Antonio report "disgusting conditions surrounding the butchering of meat" in that city. Mrs. Florence Fenley, ranch owner and member of that committee says, "I saw flies perched on the sausage grinder where weiners were being made." Dan Kirby of El Paso signed a report thusly: "It stinks!" Roger Q. Evans of Denison, another member of the committee stated that "a truck driver testified before our committee that 'he helped dress cancer-eyed and big jaw cattle and T.B.'s for market." Mrs. Fenley, according to a published report, "counted 22 cancer-eyed cattle in a Ft. Worth stock pen." That woman spilled the beans. She went on to say that she also saw crippled cattle, diseased cattle and all kinds of fertilizer on four feet headed for the slaughter and to eventually reach the tables of innocent purchasers who pay a big price for the filth.

This is admittedly not a choice subject to discuss, but you ought to know about it. After you know about it, write your elected representatives at Austin and tell them what you want done about it. Especially if you don't want to eat that kind of stuff—and you don't. So write today.

**GOLDSTON**

Beatrice Smith  
Everyone enjoyed the rain and are now getting ready to plant their crops.  
Mr. and Mrs. Johnnie Rains and sons who live the other side of Borger and Ina May Brock who has been visiting her sister and family, came down Sat. night to be with their parents, Mr. and Mrs. Collier Brock and family, on Mother's Day.

Mr. and Mrs. Edd Mooring and son Arlis and daughter Genella, spent the week end with his mother in Plainview.

Pfc. Melvin Rowe is home on furlough visiting his wife and parents.

Wilma Smith and Jimmie Nell Parker spent Sat. night and Sunday with Juanita and Naoma Mooring.

Mrs. Dick Eichelberger and Mrs. H. M. Stewart visited Mrs. Jim Helton Wednesday evening.

Pfc. Eulan Higdon returned to camp Thursday after visiting his wife and parents a few days.

Lloyd Brock, son of Mr. and Mrs. Ray Brock and Dorothy Joe Endsley, daughter of Mr. and Mrs. Endsley of Clarendon, were united in marriage Sat. night.

Wilma and Beatrice Smith spent Wednesday evening with Mrs. L. L. Johnson of Clarendon. Edd Mooring and son Bill, Hugh Stewart, W. R. Parker and John Smith spent Wednesday fishing at Lake McClellan.

Mr. and Mrs. Roy Roberson and family visited relatives in Clarendon Sunday.

Mr. and Mrs. Buck Parker and Jimmie Nell visited in the Hubert Ziegler home Monday.

Joe Ralph Holland of Hedley visited in the Jesse Vick home over the week end.

Mr. Jesse Vick and daughters visited in Memphis Sat.

Mr. and Mrs. Bob Seaton and family visited in the Jesse Vick home Monday night.

**LELIA LAKE**

Mrs. Moody Hamil left Friday for Honey Grove to spend Mother's Day with Mrs. Hamil and other relatives there.

Miss Anita Cook left Friday for Plainview where she accepts a position.

Miss Lucy Stogner and Mrs. Lizzie Gargis spent the week end in Amarillo.

Mr. and Mrs. Roy Crutchfield and daughter of Clarendon and Miss Nellie Ree Usrey of Amarillo spent Sunday with their parents, Mr. and Mrs. Olen Usrey.

Mr. and Mrs. C. A. Thomas and children of Goodnight visited with relatives here Sunday.

Mr. and Mrs. Chester Lee Scott and baby of Amarillo, Mr. and Mrs. Lamar Aten and son Wayne and Mr. and Mrs. Quin Aten and daughter Shirley were guests of Mrs. Jo Aten Sunday.

D. M. and C. L. Cook spent Sunday with their mother, Mrs. J. D. Cook of Ashtola.

**Our Merchant Marine**

IT BEGINS WITH THE TERRIBLE WINTER OF 1607, WHEN THE DISCOURAGED PLYMOUTH COLONISTS ON THE KENNEBEC RIVER, MAINE, HEWED FROM THE FOREST THE FIRST AMERICAN-BUILT COMMERCIAL VESSEL THE 30 TON PINNACEL VIRGINIA, AND SAILED IN HER TO ENGLAND.

THE NEW ENGLAND COLONISTS, LACKING VIRGINIA'S TOBACCO CROP AND FERTILE SOIL TURNED TO THE SEA FOR THEIR LIVELIHOOD.

GREATEST FRIEND OF OUR COLONIAL SHIPPING WAS JOHN WINTHROP FIRST GOVERNOR OF MASSACHUSETTS, WHOSE TINY SLOOP "BLESSING OF THE BAY," 1630, TRADED ALONG THE NEW ENGLAND COAST AND EVEN WITH THE DUTCH ON MANHATTAN ISLAND.

FROM THOSE MODEST BEGINNINGS, COASTAL AND INTERCOASTAL TRADE GREW STEADILY BY THE TIME OF OUR ENTRANCE INTO THIS WAR, MORE THAN HALF OUR TOTAL TONNAGE WAS DEVOTED EXCLUSIVELY TO THESE OPERATIONS.

Lt. Sam W. King of Marine Corps came Sunday eve for a short visit with homefolks. He is enroute from Quantico, Va. to Corpus Christi, Texas.

A shower complimenting Mrs. Dub Smith of Tell, formerly Miss Virginia Cook was given Wednesday afternoon at the home of Mrs. D. M. Cook. Hostesses were Misses Virginia G. Leathers and Anita Cook. About 20 guests called.

Mrs. S. R. Tomlinson received a message Tuesday from American Red Cross stating that her son, Don Tomlinson is a war prisoner in Italy. A message received April 20 from War Dept. stated that Don was missing in action since March 31. Although this message was not official, it is believed that the Red Cross information is true.

Mr. and Mrs. Leo Smith were in Amarillo Tuesday.

**FISHING SEASON AT LAKE CHILDRESS OPENS MAY 15**

Fishing season at Lake Childress, six miles west of here, will open on May 15, two weeks later than the season at most lakes in this section.

Due to the late spawning season in this part of the state, the city council has set the later opening date at the lake for the past three years.

Lake Childress is stocked with bass, crappie and catfish.

Mrs. F. H. Hardie, patient at the Clarendon Clinic hospital for some 3 weeks, is again at home much improved in general health.

Ray Wright Sheriff of Donley County, Texas (13-c)

## P-T. A. AND MOTHERS CLUB TO SPONSOR STORY TELLING HOUR

These two organizations will sponsor a Story Telling Hour to begin June 1st, and continue thru August.

Mrs. C. A. Burton will tell the children stories. She will be assisted by two ladies each week from the above organizations. The hour will be from 7:30 to 8:30 o'clock each Tuesday evening on the Court House lawn. All children who are interested in this type of recreation are urged to attend.

The mothers selected to assist Mrs. Burton are:

### JUNE

1st Tuesday—Mrs. Bryan Armstrong and Mrs. Dick Lanham.  
2nd Tuesday—Mrs. Dale Hill and Mrs. Harry Blair.  
3rd Tuesday—Mrs. Walter Clifford and Mrs. Arlie Wood.  
4th Tuesday—Mrs. R. Y. King and Mrs. Elba Ballaw.

### JULY

1st Tuesday—Mrs. Fontayne Elmore and Mrs. Rolfe Brumley.  
2nd Tuesday—Mrs. Donald Ballew and Mrs. Henry Tatum.  
3rd Tuesday—Mrs. G. D. Shelly and Mrs. Roy Clappitt.  
4th Tuesday—Mrs. Alfred Estlack and Mrs. Frank Hommel.

### AUGUST

1st Tuesday—Mrs. Alvin Landers and Mrs. W. A. Riney.  
2nd Tuesday—Mrs. Lawrence Whitlock and Mrs. Vada Carpenter.  
3rd Tuesday—Mrs. Mike Thornberry and Mrs. Wendel Smith.  
4th Tuesday—Mrs. Geo. Wayne Estlack and Dr. Laura Lowell.

Any of these women who are unable to serve at the above dates are asked to call Mrs. Alfred Estlack or get a substitute to serve in her place.

## FRIENDSHIP CLUB

Mrs. J. D. Stocking was hostess to the members and guests of the Friendship Club Tuesday afternoon at her home.

Mrs. Skinner presided at the business meeting, opening the club with prayer. Mrs. Thornton read the Bible lesson.

A quilt for the Red Cross was finished. Mrs. Chase had a lovely display of hand made rugs.

A delicious ice course was served to guests, Mrs. A. L. Chase and Mrs. Van Eaton; club members, Mesdames Skinner, Teal, Tyree, J. W. Morrison, Jesse Pool, L. Ballew, Lindsey, and hostess, Mrs. J. D. Stocking.

## MOTHERS STUDY CLUB MEETS IN ANNUAL SPRING LUNCHEON

The Mothers Club had their annual Spring Luncheon Tuesday in the home of Mrs. Alfred Estlack, with Meses Walter Clifford, Bryan Armstrong, G. D. Shelly, Cap Morris, Alfred Estlack as co-hostesses.

A chicken dinner was served at one o'clock cafeteria style from the dining table which was covered with a lace cover and a centerpiece of roses and mock orange. The small tables were covered with white covers and a centerpiece of rose buds.

After lunch, Mrs. Walter Clifford was presented a gift by the club for her splendid work as president the past year.

After a brief business meeting, the afternoon was spent in cutting and sewing for the Red Cross.

Those present for lunch were guests, Mrs. J. C. Estlack, Mrs. Frank Thomas; members, Meses Bill Patman, Clyde Douglas, Joe Ritter, D. F. Wadsworth, Dr. Laura Lowell, Alvin Landers, Geo. Wayne Estlack, W. A. Riney, Wendell Smith, Donald Ballew, J. H. Howze, R. Y. King, Frank Hommel, Fontayne Elmore, A. D. Estlack, and Mrs. Dale Hill who called in the afternoon.

## MISS INELLE COX CELEBRATES BIRTHDAY

Inelle Cox celebrated her 8th birthday Saturday afternoon with a group of girls and boys at her home. Various games were played. During the afternoon, a lovely assortment of gifts were presented to the honoree.

The large birthday cake with lighted candles was cut and served with ice cream to Barbara Faye Estlack, Sandra Shelton, Mary Ann Landers, Doris Knorpp, Dorothy Jean Wallace and Bill Peter, Glen Wallace, El Ray Pyeatt, Donald Smith, Don Thornberry, Jimmy Thompson, Jack Clifford and Mary Ladelle Cox and honoree Inelle Cox.

## LADIES OF MIDWAY ASKED TO MEET

The ladies of the Midway community are asked to meet at the home of Mrs. Leroy Luttrell Thursday, May 20 to quilt for the Red Cross. We expect to finish two quilts so we urgently request all the ladies to be present.

A covered dish luncheon will be served.

## BETTY CARAWAY AND SGT. SHELBY BELL ARE MARRIED

Miss Betty Caraway became the bride of Staff Sgt. Shelby C. Bell of the Frederick Army Flying School in Frederick, Okla., Sunday morning at 9:45 o'clock in Amarillo. Rev. Jack Sizemore, pastor of the Line Avenue Baptist Church, officiated at the wedding which was held in the home of Mr. and Mrs. W. G. Estes, 816-B Louisiana Street.

Mr. and Mrs. C. H. Bell, brother and sister-in-law of the bridegroom attended the couple.

Sgt. Bell is a son of Mr. and Mrs. S. C. Bell of Clarendon. Mrs. Bell is a daughter of Mr. and Mrs. Odos Careway, also of Clarendon.

## MRS. ALLEN BRYAN TO PRESENT PUPILS IN RECITALS

Mrs. Allen Bryan will present her pupils in recitals on Monday and Wednesday evenings, May 17 and 19th at the College Auditorium at 8:45 p. m.

The following pupils will appear on Monday evening: Juanita Carpenter, Mary Ann Bromley, Louva Hunt, Sybil Head, Delene Blair, Jimmy Dean Howze, Cora Lee Muse, Martha Ann Clark, Jaunelle Stevenson, Nadine Hitt, Lynn Leathers, Ochinata Heath, Patty Molesworth.

On Wednesday evening the following pupils will play: Doris Knorpp, Shirley Brumley, Mary Ann Landers, Jo Ann Ritter, Nell Bentley, Mary Ladelle Cox, Mae Morris, Lois Marie Hommel, Bobby Nell Seago, Marilyn Butler, Shirley Aten, Arvazene Smith, Scharlean Pyeatt, Mary Edna Elmore, Dorothy Ann Castleberry.

## MISS ANNA LYNN BARNES AND W. J. ANDERSON ARE MARRIED

Miss Anna Lynn Barnes, daughter of Mrs. Lola Barnes of Clarendon, became the bride of William Jesse Anderson, seaman first class, U. S. Navy, son of Mr. and Mrs. Ben Anderson, 619 Fillmore Street, Amarillo, on May 1. Dr. A. D. Foreman, Jr., pastor of the First Baptist Church of Amarillo, performed the single ring ceremony in the home of the bridegroom's parents at 12 o'clock noon.

The bride wore a yellow suit with blue accessories. The bridegroom's mother wore a blue dress with white accessories.

For the present, the bride will be at home at 1209 Taylor Street and the bridegroom will return to his ship.

Mrs. William Jesse Anderson is a graduate of Clarendon High School and is employed by the Certainteed Products Corporation in Amarillo.

## CELEBRATE BIRTHDAYS

Ralph and Georgia Bell Harmon celebrated their 2nd and 6th birthdays Saturday afternoon with a host of friends at their home.

After playing a number of delightful little games, a basket filled with gifts were presented to them by Bennie Shelly and Glenda Lee Bordan.

After blowing out candles from the two birthday cakes, ice cream, cake and cookies were served to the following: Billie Carl and Keith Pittman, Jean and Patsy Pittman, Glenda Lee Borden, Guy Allen Jacobus, Dowell Hall, Jackie and David Lowell, Tedd and Freddie Shelly, Bernice Benson, Bennie Shelly, Janice Benson, Billie Noblet, Frankie White, Boyd Pipes, Mrs. S. H. Shelly, Mrs. Frank White, Mrs. Ruth Jacobus, Rev. and Mrs. Ament, Mrs. Dr. Lowell, Mrs. Carl Pittman, and Mr. and Mrs. Page Harmon.

## JR. BEAUX ARTS CLUB

The Jr. Beaux Arts Club met on the afternoon of May 6 at the home of Lavoise Armstrong.

Those present were members, Frankie Hommel, Anna Moores Swift, Annie Ree Porter, Nelda Sue Burton, Charline Knox, La Rue Shadle, Betty Lou Naylor, Jaunita Bingham, Sara Lowry, Leona McCraw, Wilma Henson, Lola Marie Ayers, and Lavoise Armstrong; sponsor, Miss Howren, and visitors Mrs. Bell and Mrs. Bingham.

A program on sculpture was presented by Jaunita Bingham, who talked on ancient Greek sculpture; La Rue Shadle who gave the life of Michelangelo; and Betty Lou Naylor who gave the life of Rodin.

Lovely refreshments were served by the hostesses, Lavoise Armstrong and Leona McCraw.

## CHRISTIAN MISSIONARY SOCIETY MEETS WITH MRS. COTTINGHAM

Met with Mrs. Cottingham at Lelia Lake for an all day meeting. Our hostess was gracious in her greeting and all were made welcome in her lovely urban home. The home was beautiful with pot plants and cut flowers in profusion.

The guests began arriving about noon with covered dishes of food for the luncheon which was a feast of good things to eat and fine fellowship.

After enjoying our lunch and social time, the president called the meeting to order. Seventeen ladies were present to enjoy the day and the lesson led by Mrs. McClenny.

After the benediction, our hostess asked us to remain for a social hour, and as this was so near to the president's (Mrs. Ament) birthday, a pleasant surprise was in store for her. Hayter brot in a beautiful decorated cake and Mrs. Cottingham served delicious home-made ice cream; also a tray of gifts which were presented to Mrs. Ament who received the gifts and was gracious of her words of appreciation to all.

All enjoyed the day and expressed our thanks to our hostess for her splendid hospitality, and hoping to have a return visit in her home soon.

—Reporter

## PATHFINDER CLUB

The Pathfinder Club will entertain the Federated Clubs Friday afternoon at 4:30 in the home of Mrs. J. L. McMurry. Please be there by 4:30.

Mrs. Jack Latson and son Tommy are visiting Mr. and Mrs. Bill Bentley and family while she is waiting to hear from Jack who has been transferred to San Bernardino, Calif.

## BIFFIE DEE BLAIR CELEBRATES BIRTHDAY

Biffie Dee Blair, 8-year-old daughter of Mr. and Mrs. Harry Blair was honored with a party given Saturday in observance of her birthday.

Games were entertainment for the girls who presented the honoree with a lovely assortment of gifts. Ice cream and angelfood cake were served to Nell Bentley, Jane and Douglas Duke, Patricia Ann Estlack, Norma Ann Bobbitt, Jo Ann Ritter, Lola Mae Underdown, Bettie Ann Speed and honoree, Biffie Dee Blair.

## FAMILY REUNION IN TUCKER HOME

Mrs. J. R. Tucker had the pleasure of having her children home for Mother's Day and week end. Those present included Mr. and Mrs. Conway Armstrong and daughter Dorothy Anita of Monroe, Louisiana; Mrs. Jack Whitaker and son Jackie of Haskell, Texas; Mr. and Mrs. Homer Tucker and small son Tommy of Memphis; Miss Ruth Tucker of Carlsbad, N. Mex.; Mrs. Raymond Carter and daughter, Sandra of Kansas City, Missouri and Geo. and Vernon Tucker of Clarendon.

## CARD OF THANKS

We wish to express our thanks for the many kindnesses shown during the long illness and death of our wife and mother; also for the lovely flower offering.

A. T. Russell  
Fred Russell and Family  
Mr. and Mrs. H. J. Shoffitt and Family  
Mr. & Mrs. B. W. Anderson and Family

Mr. and Mrs. Henry Williams returned home Monday from Ft Worth and Temple, where they visited relatives and attended business matters.

## GARDEN GLANCES

"America beautiful lies in the hands of the gardeners."

Gorgeous purple bunches of wisteria blossoms hang gracefully from the vines covering the porches at the homes of Johnny McMahan and Mrs. L. S. Bagby. A variety of spring flowers are brightening the yard at the home of A. G. Lane. Bright blue, pink and white larkspur, Martha Washington roses, red roses and pink phlox produce quite an array of color to the landscape.

The garden of Burt Smith is made beautiful by the mock orange shrub, the red roses, bright colored larkspur and honeysuckle. Flanders poppies literally blaze in the huge bed at the J. L. McMurry home. A few weeks ago this same spot was covered with tulips. This is indeed a good arrangement for succession of blooms.

Huge mock orange shrubs adorn the front of the Bill Gre. ne home. A red climbing rose also presents an attractive view.

Victory gardens will flourish since the rain. W. T. Hayter, J. C. Estlack, G. W. Estlack and J. C. Morgan are among the group of successful vegetable gardeners.

## AN APPRECIATION

Our appreciation of every act of kindness during the last illness and death of our dear son, Walton. May the Lord give each one of you just such friends in your hour of sorrow.

The loved ones of  
Walton Tucker.

Helen Peden who is employed with the Consolidated Vultee Aircraft Corporation of Fort Worth spent Sunday with her parents, Mr. and Mrs. D. C. Peden.

**TO THE PRODUCERS OF DONLEY COUNTY:**

**Walter J. Flynt, Secretary**  
**Donley County ACA**

The field work on the Premeasurement Program is coming along very nicely up to date having covered some 10 communities with the services offered. Some of the farmers like the idea of the program and can use it, while others cannot use the program because they have not decided where they will plant each crop.

The program is set up for the purpose of helping farmers to plan their crops to be in compliance on cotton and war crops. The way it helps them is that if they will bring measurements enough, or there are focal points on the map that can be identified we will be able to make entries on the aerial map measure them out and guarantee the acreage. All farmers will be sent notices of where this service will be available to them a few days before we will be at these places.

The final count on crop insurance applications received in the county was 214 applications, covering approximately 315 farms. I am very pleased with interest shown in this program, and hope that it will prove as satisfactory as it seemed to be in 1942.

A few of the things to be remembered in connection with the 1943 Cotton Crop Insurance program are that each individual is responsible for the payment of the premium on all cotton in which he is interested at the time of planting. You should also remember not to plant over cotton to some other crop other than cotton until it has been inspected and approved. This is necessary because the Crop Insurance corporation is insuring this cotton, and would not pay an indemnity unless a representative of the Corporation (the county insurance inspector) has inspected it.

There is some 15 or 20% of the farms that still have not signed Farm and War Board plan sheets. It will be necessary to do this before a producer is eligible to participate in the 1943 Conservation program. Many producers have not been able to sign these sheets because of inability to contact their committeeman, but in the near future we intend to call all plan sheets in and finish them in the county office if it cannot be done in the field at an early date. The reason we hesitate to do this, other than burdening the office force with added duties, is that farmers would have to come to the county office to do the signing, and would have to travel a greater distance.

We hope to get these plan sheets worked out in the near future, so those who have not signed please assist us all they possibly can.

**RED CROSS VOLUNTEER SERVICE**

Thousands of capable women have discovered the satisfaction of knowing that they can meet their household and social obligations and still make a real contribution to the welfare of others. Capacities and energies which laid fallow are now harnessed to constructive and productive ends. Let's don't lose them!

**Soldier's Kits**  
Mrs. U. J. Boston, Chairman of the cutting, will have the Soldier's Kits ready for distribution this week.

Mrs. Henry Tatum took material for the Kits last week for the 1930 Needle Club, which had an all day meeting. The ladies of this club are going to be responsible for 150 Soldier's Kits, complete with housewife

Mrs. Frank McClure is making 12 this week for samples. Anyone interested in helping to make these Kits can get them every afternoon at the Production Room between the hours of 3:00 and 5:30 p. m. As we have said before, these Kits cost \$1.00 to fill. Donations of any amount are more than appreciated. Checks are made payable to the American Red Cross.

**Sewing**  
We failed to mention in last week's column that the Hedley Red Cross also turned in with their other garments, 75 women's petticoats and 40 women's blouses.

Mrs. C. C. Powell turned in 15 men's shirts made by the following ladies of the Win-A-One Sunday school class: Mrs. C. L. Benson, Mrs. J. T. Patman, Mrs. A. C. Donnell, Mrs. Will Johnson, Mrs. C. C. Powell, Mrs. D. O. Stallings, Mrs. Frank Bourland, and Mrs. A. A. Mayes.

Mrs. Harry Ruddell turned in 12 men's night shirts and 12 men's shirts made by the following ladies of the Presbyterian Auxiliary: Mrs. Fred Chamberlain, Mrs. Douglas Wadsworth, Mrs. Karl Adams, Mrs. Walker Lane, Mrs. Geo. Green, Mrs. Heckle Stark, Mrs. Frank McClure, and Mrs. Harry Ruddell.

Mrs. Regan Bain has loaned the Red Cross Production Room an electric iron, which we were very happy to have, as we needed one very badly.

Mrs. Doss Palmer turned in 2 very pretty afagans made from wool scraps and crocheted together. These were made by the Dorcas Althean Sunday school class.

**HOME SERVICE**

**Mrs. C. A. Burton**  
Requests have come for information about government medical aid for wives and children of servicemen. In answer to my request for information, the following was sent me: Public Law No. 11, enacted March 18, 1943, provided \$1,200,000 in grants to the states, including Alaska, Hawaii, Porto Rico and the District of Columbia to provide medical nursing, hospital, maternity and infant care for wives and infants of enlisted men in the armed forces or the lowest corps paid grades. These four grades are Private, Private First Class, Corporal and Sergeant.

This fund is to be administered by the State Department of Health after approval by the Federal Children's Bureau. From the Division of Maternal and Child Health of the State Department of Health at Austin I had the following reply: "Funds are not available for the medical and hospital care program until our revised plan is approved by the Council on Medical Economics of the State Medical Association, and approval by the Federal Children's Bureau. We shall be glad to notify you when this plan is activated."

I hope this may not be long, but can do nothing until further information.

Mrs. C. J. Talley returned home Saturday from an extended visit with her daughter, Mrs. Kate Waters and family.

A. C. Donnell, Pantex Ordnance Inspector, spent the week end visiting his family here.

I. A. Maxey is reported as being confined to his home on account of illness.

From Amarillo Sunday, visiting in the Mr. and Mrs. J. A. Warren home, were their children, Mr. and Mrs. L. D. Hunter and Mr. and Mrs. Tommy Mandril, and from Borger Mr. and Mrs. J. A. Warren Jr. and Barbara.

**Jump On Flea Beetles**

Did you notice small, round holes in the leaves of the green beans or mustard greens while walking through your Victory garden this morning? The holes looked as though a charge of small shot had landed in the garden. Well - if you saw such holes then the flea beetle has moved in on you. The beetle is very shy and you won't see him often. But if you observe a small brown, black or striped insect—that's the unwelcome boarder in your garden. Another characteristic which will help you identify it: when disturbed, it jumps like a flea.

The beetle is very fond of young seedlings. So it's important to watch for these pests. If they get a head start, says H. M. Breedlove, County Agent for the A&M College Extension Service, they may destroy a large number of your garden plants before you suspect the cause. They feed on the top side of the leaves, and go after cabbage, turnips, tomatoes, eggplants and potatoes as well as beans and mustard greens.

Breedlove says that the preferred method of control is dusting affected plants with a rotenone and sulphur mixture. If that isn't available, dusting the seedling plants with cryolite will do the job. After that use a dust or spray of pyrethrum if you cannot get these materials, then dust the plants thoroughly with air-sprayed lime or Bordeaux mixture. Repeat as often as is necessary. If it rains often you may have to do it five or six times to get the situation well in hand. But keep after 'em.

Van Allen Kent is among the old timers to again spend some time in Clarendon with relatives and friends. He has been in California for several years.

O. C. Maxey, who has been employed at Cactus Ordnance Plant for the past several months, is at home now owing to the closing down of the plant, and has taken up Victory Gardening like a veteran.

Chester Talley Jr. spent Monday and Tuesday here with homefolks. He is employed by the Western Stock Yards in Amarillo.

Tom Maxey has been here this week from Amarillo with his father, I. A. Maxey, who is ill.

Ruth Peden who has been spending her vacation with her homefolks returned to her work in Fort Worth Sunday.

Laverne McMurtry of Amarillo spent Mother's Day with homefolks.

Loeva Koen spent the week end visiting her parents, Mr and Mrs. Koen at Wellington.

Mr. and Mrs. Cap Morris have returned from a visit with their son Carrol at Edmon, Okla.

**HUDGINS**  
M. S. S. M. Harp

There were no services Sunday or Sunday night.

Mrs. O. L. Jacobs, Mrs. Whitt and Charlie Ann called on Mrs. Noble of Windy Valley Wednesday of last week.

Mary Nell Perdue spent Thursday night with Mrs. S. M. Harp. Bro. Fitzgerald is to preach Sunday night.

Those to visit with Mr. and Mrs. O. L. Jacobs Sunday were Mr. and Mrs. L. O. Christie and family of Martin, Miss Lillian Green of near Clarendon, Lee Christie of Canyon, Miss Melba Christie of Dalhart, Mr. and Mrs. A. L. Jacobs Betty and Bobbie, of Amarillo, Mr. and Mrs. S. M. Harp and son, Mr. and Mrs. John L. Fowkes and family of near Hedley.

Mr. and Mrs. D. H. Harrison and family of Memphis took supper Tuesday night of last week in the N. M. McGlone home.

Mrs. John Perdue was on the sick list last week.

Laura Ann and Margaret Jane Fowlkes spent Saturday night with Mr. and Mrs. O. L. Jacobs. Mr. and Mrs. Jim Awfl and daughter visited in the J. L. Talley home Sunday.

Mr. and Mrs. N. C. Hudson, Bob and Dorothy of Happy visited in the M. M. McCracken home part of last week.

Jackie and Melvin Fowlkes spent Saturday night with Sidney Harp.

Mr. and Mrs. L. N. Snoddy of Hobbs, N. Mex. visited her parents, Mr. and Mrs. R. T. Brown Mother's Day Mrs. Snoddy has bought two \$18.75 war bonds with pennies she has saved the past 2 years.

R. T. Brown and L. N. Snoddy were in Amarillo on business Wednesday.

Mrs. E. Lacy of Antho, N. Mex. is visiting in the home of her nephew, F. C. Johnson.

S/Sgt. Farris Dozier came home Saturday from California to be with his sister, Arlene, who was seriously injured in an accident May 5th and who is still in the Clarendon Clinic. She is doing as well as can be expected.

S/Sgt. Farris Dozier is here from California visiting his parents, Mr. and Mrs. Charles N. Dozier, also his brother and sisters.

Those taking Mother's Day dinner in the W. B. Sims home here Sunday was W. A. Sims of Fort Worth and Mrs. A. O. Walker and daughter Ann Marie of Amarillo.

Miss Emma Sheffield and Mrs. Mears of Dumas visited Mr. and Mrs. Melvin Cook the week end.

Dorothea Watson returned to Ballinger Wednesday after spending Mother's Day with her parents, Mr. and Mrs. O. C. Watson.

Dorothea Watson of Ballinger is here this week visiting her parents, Mr. and Mrs. O. C. Watson.

Florence Hvass of Lubbock was over the week end visiting relatives.

Mrs. Clyde Slaven was an Amarillo visitor Thursday.

Mrs. Lloyd Benson and Mrs. William Lewis Jr. were Amarillo visitors last Friday.

Mrs. Dick Bell and daughter Nancy Ann of Dalhart visited her mother Mrs. A. T. Cole Mother's Day.

Hugh Brown went to Amarillo Sunday night for medical treatment.

Lt. and Mrs. Donald Keltz of New York City were guests in the Bill Bentley home Friday night. They were on way to Calif.

Mrs. J. S. Ellison of Portland, Oregon visited in the home of Mr. and Mrs. Bill Bentley Friday nite.

Mr. and Mrs. Kenneth Fink and son K Mac of Childress visited his mother, Mrs. Earl Lea, the week end.

Judge and Mrs. W. T. Link are entertaining their granddaughter, little Miss Penny McKinley of Amarillo this week.

Mrs. Lloyd Johnson is visiting her mother, Mrs. R. E. Blair at Carthage until she can join Lloyd who is in the service.

Miss Penelope Blocker of Dallas visited relatives over the week end.

Mr. and Mrs. Frank Murray and daughter Patricia visited Sunday in the Grover Heath home.

Mrs. C. L. Goen and Mrs. Grover Heath attended a Mother's Day program at Hedley Friday.

Mrs. O. W. Latson of Dalhart is visiting her daughter and family, Mr. and Mrs. Bill Bentley.

Mr. and Mrs. Lewis Woods and children of Borger spent the first of the week with his parents, Mr. and Mrs. L. L. Woods.

George Washington threw a dollar across the Rappahanock. You can send yours across the ocean by buying Bonds in the Second War Loan campaign.

The fresher a vegetable when it is used, the better the taste, the less the waste, and the more vitamins retained.

Under our plan you invest what you can. Under Hitler you have nothing to invest. Under our plan you should invest more now in the Second War Loan.

You can't lose if you invest in the Second War Loan drive, but you will lose if you don't save for tough sledding after the war.

**... with Good CHICKS, Good FEED, Good SANITATION**

### Senator Connally's Anti-Strike Bill Passes Senate By Vote of 63 to 16

Senator Tom Connally's anti-strike bill passed the Senate today by a vote of 63 to 16. It amends the Selective Service Act and authorizes for the duration of the war the President to take possession and operate any plant in which production of war munitions, airplanes, ships or military or naval equipment is delayed or impeded or hindered by existence of strikes or labor disputes in such factor or plant or mine. The Government is also authorized to take possession of any plant that is equipped to produce such materials and supplies. It is provided that any person who coerces or instigates or induces any interference with the continued operation of such plant by lock-out or strike or slow-down or other interruption or who aids any such lock-out or strike or interruption interfering with the operation of such plant or mine or providing funds for the conduct or direction or for the payment of strike or unemployment benefits to carry out such unlawful purpose shall be subject to fine and imprisonment. The bill also strengthens the War Labor Board by conferring power upon it to subpoena witnesses or parties to labor disputes and provides for the adjudication and settlement of labor controversies. It is further provided that such plant or mine shall be returned by the President to private owners when it is determined that such plant or mine will be privately operated in a manner consistent with needs of national defense.

Senator Connally as long ago as June 12, 1941, offered an amendment which embodied the general principles of the present bill and it was adopted by the Senate.

However, it failed in the House. On November 17, 1941, Senator Connally again introduced a measure, Senate 2054. In the present Congress the bill was again introduced and was favorably reported by the Committee on Judiciary by a vote of 12 to 2.

The bill had a stormy career in the Senate, both Senator Barkley, the Majority Leader and Senator McNary, the Minority Leader, joined in an effort to have the bill sent back to the Committee. However, Senator Connally was able to overcome their motion by a vote of 2 to 1. When asked about the measure, Senator Connally said, "The objective of the bill is to keep open and operating plants manufacturing war munitions and supplies for the gallant men in our armed services on the far-flung battlefields of the world. When production is delayed or hindered, the government ought to take possession. When the government does take possession the plant is a government plant and no one is authorized to interfere with its operation or induce others to interfere. The bill ought to have a tremendous psychological appeal to the country and to all of our citizens. It is a fair, just and necessary measure in the interest of the national defense and effective prosecution of the war."

By constructing various bombing tables, the bombardiers at the Midland, Tex. Bombardier school can tell just how far behind their bombing plane each type bomb will lag.

A saving nation does not invite inflation. Get your money into the Second War Loan drive.

**THE TWO BIG GUNS!**

**COTTON IS SECOND ONLY TO STEEL AS THE MOST VITAL WAR MATERIAL... AND EVEN STEEL MUST HAVE COTTON TO FUNCTION PROPERLY!**

11,000 DIFFERENT ITEMS MADE OF COTTON ARE USED BY THE ARMY, WITH MANY UTILIZED IN GUN CAMOUFLAGE AND SHELTERS, TRUCK TARPULINS, MUNITIONS, TANKS AND OTHER STEEL ARMAMENT USELESS WITHOUT COTTON.

THE QUARTERMASTER CORPS OF THE U.S. ARMY IS THE WORLD'S BIGGEST BUYER OF TEXTILES! IN A RECENT SINGLE ORDER IT BOUGHT 351,300,000 YDS. OF COTTON CLOTH AND 40,000,000 YDS. OF MOSQUITO NETTING. ENOUGH CLOTH FOR A BARRACKS BAG TO HOLD HONSHU ISLAND, LARGEST PART OF JAPAN!!

FOLLOW US HOMES ON THE WAR FRONT. THESE ARE MANAGED BY SKILLED SOLDIER-TECHNICIANS WHO WERE TRAINED IN THE TEXTILE INDUSTRY IN CIVIL LIFE AND TRAINED AT CAMP LEE, VIRGINIA, THE COUNTRY'S LARGEST QUARTERMASTER REPLACEMENT TRAINING CENTER.

### Childress Woman Enrolls With WAACs "To Avenge Death of Her Husband"

"To avenge the death of my husband!" Thus did Mrs. Nattie Jo Magnam of 600 Ave., Childress, answer the WAAC recruiters when asked why she wanted to join the Women's Army Auxiliary Corps.

The young widow of Sgt. Edward Magnam appeared at the West Texas Recruiting and Induction District Headquarters this week to enroll in the WAAC. Members of the WAAC staff looked on as the young wife whose husband lost his life on Guadalcanal last January took the oath that made her a soldier, too.

"My husband would want me to do this," she said. "He made the supreme sacrifice. He gave his life for his country. Now, all I want is to avenge his death! By joining the WAAC, I feel like I'm sending a soldier out there to make it up to him."

Sgt. Magnam was killed in action on Jan. 23, 1943. Since then Mrs. Magnam has been living with her parents in Childress. "We are proud to have Mrs. Magnam become one of us," de-

clared a WAAC officer of this district. "She has followed the example of hundreds upon hundreds of other American women who have turned to the WAAC for the chance to avenge the death of a loved one."

The West Texas quota for the quarter ending June 30 is 726, Lieut. Howlett advises. At present the district is far below this and unless there is a great change for the better, West Texas stands the chance of trailing the rest of the State when records are tallied.

**One Second Editorial**

### Essential War Material Deposits Uncovered

New deposits of an essential war material — fluorite — have been uncovered in Texas' Big Bend, the University of Texas Bureau of Economic Geology has announced.

Perhaps as much as 250,000 tons of milling grade fluorite—required in the manufacture of steel, glass, hydrofluoric acid and other war industries—are available in Hudspeth County, in the area west and south of Hot Wells in the Eagle Mountains, the bureau reports.

Analyses of samples of these deposits reveal an average calcium fluoride content of between 40 and 50 per cent, it was stated.

Possibilities of commercial development of these deposits is enhanced, bureau officials believe, by favorable milling conditions—the form in which the mineral is found, the high fluorite content and proximity to rail facilities.

### Childress Bombardier School Graduates Students May 13th

Army Air Forces Bombardier School, Childress, Texas, May 11—The "Valentine of Steel Class" which pledged itself to deliver demolition bombs to Hitler and Hirohito in commemoration of the February 14 dedication of this new Bombardier School, will graduate May 13th.

The graduation program will mark the end of three months of intensive training during which the student bombardiers have become expert with the bombsight which has made American bombardiers the most accurate and destructive of any nation.

Graduation exercises follow two weeks of "polishing off" during which the cadets, already expert with their practice bombs, gained a new confidence in their weapon by blasting combat targets with demolition bombs. The combat exercises were directed from a secret base where the future bombardiers performed all the tasks necessary to maintain a combat bombardment squadron in the field.

During their training at the Childress school the new crop of bombardiers mastered ground school subjects such as theory of bombing and navigation, and spent many hours in the bombing training hangars where they became intimately acquainted with the Norden bombsight before practice bombing from AT-11 bombing trainer planes.

Practice bombing included nine weeks of day and night, low and high altitude missions over targets located in Cottle, King, Motley, Dickens, Hall, Floyd counties. The targets are 30 feet in diameter, inside a hundred foot circle, and are supplemented by targets made to resemble combat objectives such

as battleships, convoys, refineries, and power plants.

For demolition bombing the cadets used a hill which is 125 feet in diameter at the top and was whitewashed by a range crew under the direction of Lt. Ralph O. Harvey Jr. The whitewash makes the target visible at high altitudes.

Cadets who graduate May 13 have survived one of the most exciting schedules. Every bomb dropped was photographed on its impact and the cadet was graded

according to the accuracy proved by the photographs. To graduate as a bombardier, a cadet must equal or better a standard of accuracy set by the department of training which is under the direction of Lt. Col. L. H. Dalton.

Men at the front must save our country. We must save to keep them fighting. Buy Government Securities in the Second War Loan drive.

Donley County Leader, \$2 a year.

### "Hey, Mister, You Dropped a Watt!"

REDDY: What on earth are you going to do with all those candles?  
MAN: Light my home. I'm cutting down expenses.  
REDDY: H-h-u-u-m-m. Then you need about 500 pounds of candles a month to give you the same kind of good light. D'you know what that'd cost?  
MAN: Nope. But I guess it'd save me money.  
REDDY: Well, let's do some figuring. That many candles would cost you about \$200—  
MAN: Wow! I couldn't afford that. My monthly electric bill is only three dollars or so.  
REDDY: Well, that's just about average. But remember that only about 85c of it goes for light. The rest pays for electricity to run your radio and refrigerator—  
MAN: Say, that's not so much when you come to think of it.  
REDDY: Right! Electricity's cheaper than it's ever been. You're getting about twice as much for your money as just 10 or 15 years ago.  
MAN: How can that be? My bill hasn't changed.  
REDDY: Maybe not. Think of the bigger and better lamps you're using and the electric appliances you've added. Fifteen years ago, did you have an electric refrigerator?  
MAN: No-o-o.  
REDDY: Radio? Electric mixer? Air conditioner?  
MAN: No... Say, how come I get so much more electricity for about the same money I used to pay?  
REDDY: That's easy. Experience. Training. Well-balanced business methods.

MAN: I don't get it.  
REDDY: It's like this. The men and women who run the West Texas Utilities know their job. That job is to give you the best possible service at the lowest possible cost. And they're doing it! Today—when most everything else is going up—ELECTRICITY IS STILL CHEAP!

Snuff out the Axis—Buy War Bonds!

West Texas Utilities Company

**Pile It High for Next Winter**

The time to think of replenishing the fuel supply is when you don't need it. With an acute shortage of wood for fuel next winter, wise farmers and townspeople are building a reserve woodpile now, and getting their coal bins filled to capacity.

**WAR EXPENDITURES —1918 AND 1943**

In 1918 American war expenditures were only 18 1/2 billion dollars; in 1943 they will exceed 100 billion dollars. These figures show sharply the difference in cost between the last war and this one. There were four Liberty and one Victory Loan drive in the last

war, with a total goal of less than 19 billion dollars; but to finance the present war the people of the United States must raise about 70 billion dollars before the end of this year. In that war, our task was chiefly to fortify a line of trenches in France; in this war we must equip and supply our armies on all the far-flung battle-fields of the world.

**Housewives Can Use Over Billion Food Jars Again In Home Canning**

Save that empty pickle, mayonnaise, or coffee jar! You can use it again in home canning.

A lot of the 1,500,000,000 reusable jars that glass manufacturers are making for commercial food packers this year will find their way into your kitchen. They will come in two sizes, one with a mouth 63 mm. (about 2 1/2 inches) in diameter, the other with a mouth 70 mm. (about 2 3/4 inches) in diameter.

Maybe you've always saved empty jars from the store—because you're a thrifty housewife. This year, just by doing the usual thing, you'll be patriotic as well as thrifty, for re-using commercial jars is good wartime economy.

**Re-use Screw Caps Too**

Even the metal screw caps that come with the jars can be used again. Screwed down over thin metal home canning disks, the screw caps will hold the disks on the jars during processing.

These home canning disks—the only item you need to buy—come in two sizes, one 63 mm. in diameter to fit the smaller-mouthed jars, the other 70 mm. in diameter to fit the larger-mouthed jars.

**No Rubber Rings Needed**

You don't have to buy rubber jar rings. Each home canning disk has a sealing compound, serving the purpose of a ring, embedded around the underside.

**Prepare Caps, Jars, Lids**

When the canning season arrives, and you've gathered all your jars and screw caps and bought as many home canning disks of each size as you need, it's a matter of one-two-three to get ready for the actual canning.

1. Prepare the original screw caps for re-use by prying out the paper linings or scraping away the sticky sealing compounds inside them. The inner surface of each cap must be perfectly smooth.

2. Make sure that none of the jars have nicks on their mouth edges.

3. Wash the screw caps, jars, and home canning disks; sterilize in boiling water for at least 10 minutes.

**Use Any Canning Method**

Any of the usual canning methods—open-kettle for acid products, water-bath canner or pressure cooker for non-acid or acid products—may be followed.

**Open Kettle Method**

1. Pack the fruits or vegetables into the hot jars to within one-half inch of the top.

2. Wipe the top and screw thread of each jar.

3. Seal the jar immediately by laying a home canning disk on top and screwing it down tightly with a screw cap.

4. Set the jar aside, in an upright position, to cool.

**Cooking in the Jar**

1. Pack the fruits or vegetables into the hot jars to within one inch of the top.

2. Wipe the top and screw thread of each jar.

3. Seal the jar immediately, in the same way as for the open-kettle method.

4. Place the jars in a water-bath canner or pressure cooker and process the required length of time.

5. Remove the jars and set them aside, in an upright position, to cool.

**Remove Caps When Cool**

Whichever method you follow, leave the screw caps intact until the jars have cooled thoroughly, about 24 hours after processing. At that time they may be removed and used on the next canning batch.

**Test for Leakage**

After the screw caps have been removed, test for leakage by tapping the disks lightly with a spoon handle. A clear ringing note means a perfect seal, a dull sound, leakage.

Once the screw caps have been removed, the perfectly sealed jars are ready to be placed on shelves—and left there until the food inside is wanted for the table. Unnecessary shifting around of the jars may cause dislocation of the lids and result in leakage.

**Careers in Aviation Are Still Open To Young Men**

Careers in aviation are still open to the young men of America, Lt. Col. B. Durette, commanding officer of the West Texas Recruiting & Induction District, has announced. Despite rumors to the contrary, Col. Durette said, men between the ages of 18 and 26 and have not yet been called for induction under the Selective Service Act, may apply at once at the nearest Aviation Cadet Examining Board for physical and mental examinations.

Those men who pass the examinations and are found acceptable, will be given a letter to the Armed Forces Induction Station requesting their assignment to the Army Air Forces upon induction. After induction, the men will be assigned for preparatory training, upon completion of which they will receive appointments as Aviation Cadets and have the opportunity to become a Bombardier, Navigator or Pilot.

To those men 17, but not yet 18 years of age, Col. Durette announced the opportunity of volunteering for enlistment in the Air Corps Enlisted Reserve. These men will be called to active duty for pre-flight training at the end of the first school semester after reaching the age of 18.

**Stories of Pioneer Texas Families Being Recorded**

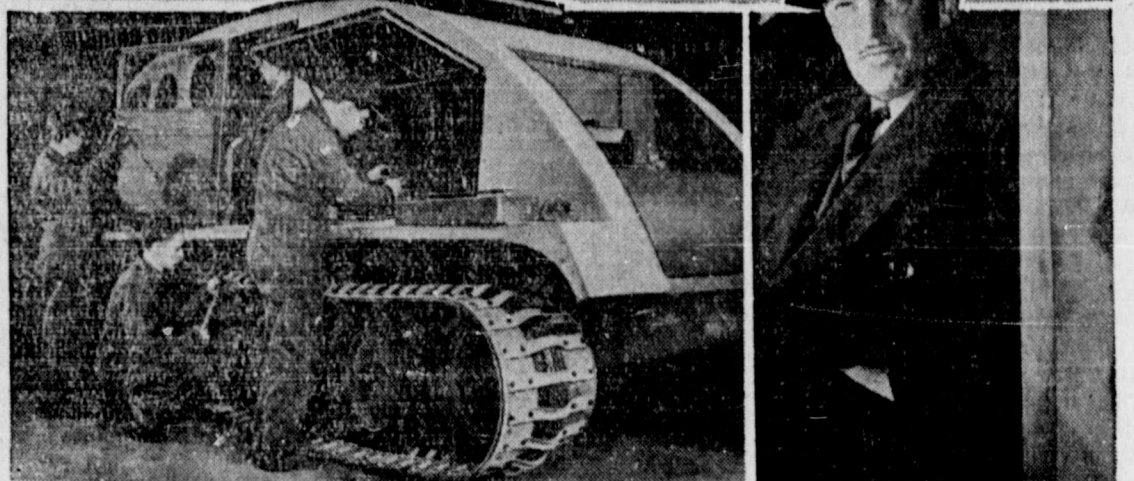

The stories of many pioneer Texas families are being revived and recorded for posterity by students at the University of Texas.

These students are members of an English class in Life and Literature of the Southwest, which is being taught by J. Frank Dobie, professor and himself a noted author on Southwestern folklore. Next year Mr. Dobie will spend as guest professor at Cambridge, University, England.

Tales collected in this class range from East Texas' oil fields to the plains of western regions. Students have dug up family records and legends, talked to pioneer grandparents, and searched for phases of Southwest history which have never yet been chronicled.

This combined writing about life in the Southwestern area will be published in the class book, "Lazy E," which is going to press now. "Lazy E" is entirely student-

**Canadian Invents Jeep On Snow Shoes Carries Six Fully-Equipped Soldiers**

The weird-looking vehicle plowing through a snow drift in the top photo is the Canadian Army's favorite winter buggy. Capable of "sailing" over the deepest snowbank, it is the invention of J. A. Bombardier, of Valcourt, P.Q. (lower right). A snow jeep under construction is shown in lower left photo.

On and off for two winters, the old farmer had been shouting encouragement to the neighbor's boy. In a Rubie Goldberg contraption, consisting of two sleds and an old engine, the lad had been vainly trying to climb a steep incline leading to the woods. Finally, one evening, the farmer rushed into the house crying to his wife: "He's made it! He's made it! I knew he'd do it!"

That was twenty years ago. Today, that boy, Armand Bombardier, now 35, is still turning out weird conveyances, but these are real snowmobiles and he is building them for the Canadian army. Experts in the Army Engineering Design Branch of the Department of Munitions and Supply, agree that his invention is just the thing for personnel transport across the snow-

bound countryside, carrying as it does half a dozen fully equipped men over the deepest snow.

His featherweight snowmobile is a plywood vehicle mounted on wide snowshoe-like tracks. It is equipped with skis at the front and is propelled by a rugged 95 h.p. engine located at the back. With a speed of more than 25 miles an hour, it can go anywhere a skier or snowshoer can. The secret of its mobility lies in its extremely supple suspension. Its tracks are supported by specially designed pneumatic wheels, four on each side.

Armand Bombardier has lived all his life in the small Quebec settlement of Valcourt in the hilly Eastern Townships. Years ago, the village was completely isolated during the winter months and the idea struck the young inventor that he

should devise some vehicle which would travel over the snow covered hills to the neighbouring towns.

Leaving school early—he had virtually no technical training—he opened a garage, making sure there would be plenty of space for his snowmobile experiments. He built scores of models, labouring late at night designing springs, improving motors. He tried every form of propulsion including propellers. These, however, he discarded when he became convinced that traction was his only solution.

Like most inventors, he was the butt of many jokes, and few took him seriously. They all changed their minds, however, when, in 1936 he succeeded in turning out a model which performed marvels in the

written, edited, illustrated and financed. It will supplement the many bound volumes of the Southwest's history, which leave much of the life and ways of early Texas untouched.

To hold the sweet in corn, peas, and lima beans and to keep snap beans fresh, keep them cold. Let them stay in the pod or husk unless you can store them tightly covered in refrigerator.

Don't wash eggs before storing. Water destroys the protective film that keeps out air and odors. Wipe eggs off with dry, rough cloth. Store eggs in open bowl or wire basket in a cool place.

*That Extra Something!*

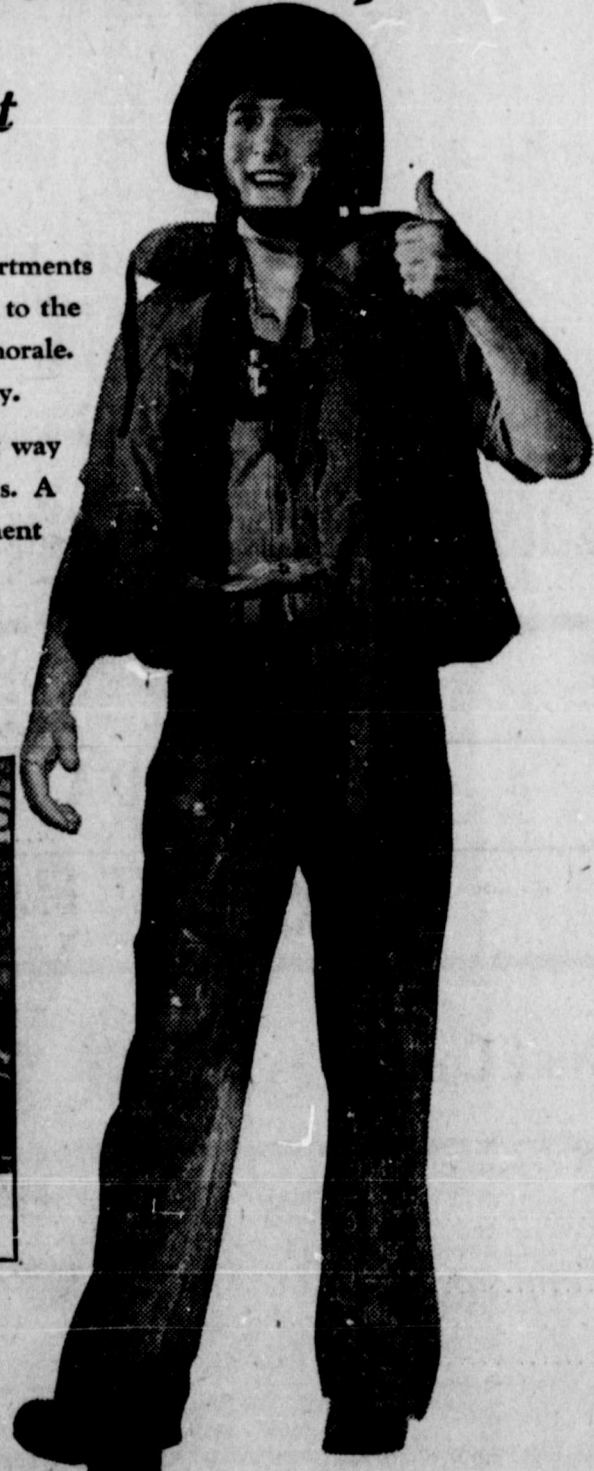

...You can spot it every time

THEY'LL tell you at Ship's Service Departments how much ice-cold Coca-Cola means to the men in refreshment, in enjoyment and in morale. You read and hear similar things every day. When people feel about a soft drink that way it's got something special. Coca-Cola has. A taste all its own. A drink that adds refreshment to thirst-quenching.

Truly, the only thing like Coca-Cola is Coca-Cola, itself . . . the trade-marked product of The Coca-Cola Company.

A Coke and a hot dog! Everywhere you see that combination, you see something that is America in foreign lands!

5¢ The best is always the better buy!

Although war has changed and disrupted so many things in their lives, our fighting forces overseas are so often delighted to find in far-off places an old familiar friend...Coca-Cola...being bottled in Allied Nations all over the globe, just as it is at home.

### Ardis Patman Guest of Mrs. Roosevelt At White House On Mother's Day

The great and the near great may be summed up in one short explanation. The great are those who recognize no handicap and succeed despite adversities. The near great are those who sympathize with, and aid, those who are handicapped.

On Mother's Day in Washington a most deserving youth of Clarendon was made happy because the great mother love of Mrs. Eleanor Roosevelt made him a welcome guest of the wife of the President on that memorable occasion.

For some months Ardis Patman has been receiving treatment at Walter Reed hospital there in an effort to overcome the handicaps of an attack of infantile paralysis. Whatever disappointments he has had in the service for not being able to use his talents, was in a large measure buried in the happy thoughts that the first lady of the land did not overlook him. Having three sons in the service herself, Mrs. Roosevelt did for this lonely Clarendon youth on Mother's Day what she could not do for one of her own, and was made much happier for the privilege.

But here is the letter from Ardis to his mother, Mrs. W. M. Patman, told in his own words:

Washington, D. C.  
May 5, 1943

Dearest Mama:

While I am still stunned, I must get this letter written. It's difficult to start from the first of the story, but I'll try not to get ahead.

Monday evening after supper I found a note on my bed to this effect: "Cpl. Wm. A. Patman is to catch the ten o'clock shuttle bus in the morning for Walter Reed and report to Col. Darnell at ten thirty."

I couldn't imagine the purpose of the visit, for I know the orthopedic doctors, and was reasonably certain his name was not among them. The call, then, had nothing to do with a physical examination. In the office I found a doctor and asked him who Col. Darnell is and showed him the note. Suddenly he looked up and asked, "What in the

world have you done? He is the Adjutant."

Even though my conscience was clean, I spent a restless night of speculation, and believe I considered every possible motive of the note except its true purpose. But no one could have guessed it!

Yesterday morning at a quarter to ten I was in the Transportation Office ready to leave. The desk sergeant glanced at my permit and bellowed, "Patman, what in the hell have you done? The Colonel handles only important cases!"

By the time I reached the hospital I could have felt no worse if I knew a firing squad was behind the door to the adjutant's office. But the instant the major of the outer office heard my name, he became most effusive and concerned with my comfort. Shortly he took me into the Colonel's office, and there I found the same, even if not more pronounced, air of hospitality.

After customary remarks the Colonel began: "I presume you know why you are here?"

"No, Sir, to be frank, I am quite puzzled."

"Well, Mrs. Roosevelt wants to meet you."

"Fantastic," I thought. "What is he trying to do? Psycho-analyze me? Test my reaction? I'll accept this as a very natural thing and give him something to think about." And my quiet acceptance of the fact did baffle him. Then he turned quizzical and asked me, "You are perhaps a relative of Mrs. Roosevelt? Have you friends in common? Perhaps you have seen foreign service?" And so he continued until negative answers exhausted him.

Finally, in desperation, he declared he didn't know what she wanted but that she had asked to meet me.

A little after eleven o'clock, I was called from the waiting room, re-entered the Colonel's office, and there sat Mrs. Roosevelt. She arose, gracious as a person could

be. She asked if I could attend dinner Sunday at the White House, and as she withdrew, she added, "Then we shall be so happy to see you at one o'clock."

If I were to have the commission of general bestowed tomorrow, that interview and dinner invitation would still take precedence of the high lights of army life!

It would be commonplace to relate hospital incidents in this letter, so will save them for a later date. What I am about to say, however, is more important than any thing and always will be. You will forever be my "First Lady," and to be with you on Mother's Day, I should gladly relinquish the coveted invitation of that day.

You are the courageous person who never admits defeat, and that is the quality that will save the world from present day conflicts. Your idealism, gentleness, unselfishness, braveness, humanity, loveliness—all make you the perfect mother, and constantly there is a prayer of gratefulness in my heart that God has given you to me. Someday soon we shall be together again, and we can have our laughs and fun as before.

With all my heart's love and devotion,

Ardis

Dated a day before Ardis wrote his letter, the following letter was received by Mrs. Patman from Mrs. Roosevelt:

Washington, D. C.  
May 4, 1943

Dear Mrs. Patman,

I want to report I saw your son today while I was at Walter Reed Hospital.

I am glad to say he is getting on very well.

Respectfully yours,  
Eleanor Roosevelt.

### Gas Certificates May Be Revised

According to County Agent H. M. Breedlove, information from the District ODT office to the effect that arrangements have been made by the Office of Price Administration and the Office of Defense Transportation to remove a possible source of black market gasoline operations, officials said today. Hereafter, commercial vehicle operators whose mileage is reduced will be required to give up excess T coupons immediately to the ODT when operations are reviewed or the certificate of War Necessity is revised for less-mileage.

All certificates issued in this district are now being reviewed by ODT, N. F. Nelson, Amarillo District Manager said, to discover and correct certificates which allow operators more gasoline than essential operations require. Some operators have excess coupons due to changes in their business since first application was made. Others have cut their mileage through joint action plans and other conservation methods, since their present certificates were issued.

Many allowances for gasoline have already been cut, Breedlove said, after a review of the first quarter year's operations. But until this amendment by OPA to the rationing regulation, there was considerable time lapse between revision of certificates and recall of excess coupons.

Simplified procedure now makes any gasoline coupons representing gallonage in excess of the certificate holder's revised needs expire at the time a revised certificate is issued. These coupons must be surrendered immediately to the ODT district office. Any T ration coupons issued on the basis of a certificate of War Necessity expire immediately if that certificate is revoked by ODT.

Mr. and Mrs. W. A. Land returned home Tuesday from a 10-day visit with their son and family, Mr. and Mrs. Marvin Land at Tucuman, N. Mex. Their grandson, Tommy Land accompanied them home for a visit.

Mrs. Haskel Kemp who has been at Shawnee, Okla. for medical treatment was home for the week end.

Mr. and Mrs. C. E. Griggs of Dumas spent the week end visiting Mrs. R. M. Morris.

Mrs. Geo. McCleskey left Monday for San Antonio to visit her mother, Mrs. W. B. Ling. George left Friday for the West coast. They have been visiting his parents, Mr. and Mrs. Geo. McCleskey, Sr.

### Local F.F.A. Chapter Plays Host To Fathers & Businessmen-Supporters At Methodist Church Thurs. Night

By A. D. Estlack

The Sixth Annual Clarendon F. F. A. Chapter Father-Son-Businessmen Banquet passed into history last Thursday night at the Methodist church banquet hall when Joe Smith, president of the chapter, acted as toastmaster and performed a grand job to the delight of approximately 170 attending. Well drilled in the routine of chapter work, Joe and his co-workers carried the well-rounded program through to conclusion without the usual lost motion.

Jack Ballew, Harry Blair and Carroll Brumley made short talks on the program, bringing to their listeners the history of the F.F.A. organization, degrees and membership and the part played by the local chapter in shows, fairs and project programs. The fact was brought out that the Future Farmers of America are well organized, work as a unit and display a spirit of comradeship. They welcome competition, love their work and sponsor ideals which nourish the strength and honor of their organization.

J. R. Gillham, instructor and director of the local F.F.A. chapter, added spice to the program when he made a brief talk introducing the aims, expectations and appreciation of the local chapter as a whole. He brought out the fact that the Clarendon chapter is rated at the top of the organization, nationally, and that when

the local chapter enters competition, all entrees instantly take notice. Mr. Gillham expressed appreciation on behalf of the boys for the splendid cooperation shown by local businessmen. He brought out the fact that local businessmen create leadership, guidance and inspiration among the boys through their interest, efforts, time and money. He stressed the fact that the boys showed more incentive for their work when local leaders and promoters showed an inclination to back the boys not only in money and prizes, but also in showing their appreciation for a job well done.

Those attending had the pleasure of seeing just what the local chapter is doing and has done when they gathered before banquet time at the south building of the college to inspect the display rooms, work shops and classrooms of the F.F.A. boys. Hundreds of prize ribbons hung on the walls, attesting the splendid work and the awards for their efforts through past shows and fairs. Many beautiful loving cups grace the rooms - - awards for highest attainments won by little men doing a big job.

The workshops are kept in good order and the boys pride themselves on keeping it that way. It is in these classrooms and work shops that the Future Farmers of America are arming them-

selves with every weapon of knowledge available to carry out a good sound farming program—not only in tilling the soil, but caring for his livestock as well. During the banquet officers for the coming year were announced. James Reed Loell headed the list as president and Junior Bulman will be vice-president. Other officers were Marvin Jordan, treasurer; Gene Harrison, reporter; Jack Ballew, secretary; Jiggs Mann, watch dog; Joe Lovell, parliamentarian; Harry Blair, historian. These boys will guide the destiny of the local organization through another year.

Featuring a project menu with but few exceptions, the boys treated their guests to a swell banquet, and with the help of the girls from the Home Ec department, the most discriminating individual could not have found fault with this annual treat, planned and looked forward to by a great bunch of boys.

As an appreciation for their loyalty and ever readiness to aid in whatever work the local chapter might undertake to do, the local organization bestowed honorary membership to each of the following men: H. T. Burton, R. E. Drennan, E. M. Lane, Tom Tucker, Lee Bell, C. B. Morris, C. L. Knight, John White, E. S. Ballew, George B. Bagby, and Bert Mayfield.

Farmers, ranchers and businessmen, for some years now, have realized the value of the F.F.A. to Clarendon and Donley County as a whole. Not only has the monetary value of the many projects been enormous, but the publicity gained through yearly winnings has had no equal over the nation. The organization not only builds

a fine citizenship, but prepares future farmers to meet the many problems he has to hurdle to make a success of his venture. The wonderful record made by these boys during the past six years has an underlying factor which must not be overlooked. Their instructor and adviser, J. R. Gillham, has entered into the work wholeheartedly and with a loyalty of purpose which has seen his efforts crowned time after time with the highest laurels that can come to fine showmanship in the livestock arena.

Mrs. Florence Hvaas of Lubbock visited her mother and other relatives here over the week end.

Mrs. Tom Goldston visited with relatives in Amarillo Sunday.

Mrs. Lule Ebey of Ft. Worth is visiting her sister, Mrs. J. D. Stocking.
