CAN EXCHANGE BIG FEED CROP FOR LIVESTOCK

IN MANY SECTIONS OF THE STATE WHERE THE CROP FAILURE EXISTED ARE LIVESTOCK THAT CAN BE SECURED BY SHIPMENTS OF FEED.

County Agent Roy W. Hendrix, in close co-operation with the farmers of this county, has been corresponding for some time in the effort to find the most advantageous disposal of Donley's large feed crop, and of late he has received letters from various sections of the state where there were crop failures stating that feeder hogs and dairy cattle will be exchanged for the feed crop that has been grown here.

For one and one half years Miss Richmond was the home demonstration agent for Parker county, and was for one year assistant district agent.

STRIVE AND THRIVE STILL TRUE AS EVER

ALL OF THE WORTH WHILE INSTITUTIONS ARE MAINTAINED ONLY BY UNITED EFFORT. CO-OPERATION NEEDED MORE THAN EVER.

Tell me not in mournful numbers that the old town is on the bum; rouse up from your peaceful slumbers, come and help us make things hum.

You can take a crowd of people most anywhere, and if you can get them to concentrate upon some one thing for an outside person to do, and bring in that person blindfolded tell them to do as they are inclined, in most cases you will find the concentrated thought carried to the blind-folded person.

tion of the war, and we know they were wrong.

The same is true now, when most everyone feels that the depression in business, the tight money market, and many believe it will continue for years, the same thing holds good here. It cannot continue, facts are facts and you can absolutely depend upon this that whatever is, cannot continue, nothing is certain in the world and everything undergoes changes.

All business is subject to changes, if the future seems to hold no prospects for improvement and everyone predicts prosperity as was predicted in the Spring of 1920 when well informed bankers and business men spoke of three to five years of prosperous times, we know they were wrong.

MANY VISITORS ARE PRESENT AT TUESDAY LUNCH

BULLDOGS AND BUFFALOES TIE IN FINAL GAME

ALTHOUGH BUFFALOES HOLD FIRST HALF OF GAME BY LINE BUCKING, CLARENDON Baffles THEM THE LAST HALF BY STELLAR PASSING.

Proving themselves victors in the face of what seemed certain defeat was the record that covered the Clarendon College grid eleven in glory Thanksgiving. This was the annual Turkey day clash between the Bulldogs and the Buffaloes, and was the peer of anything ever witnessed between those teams.

During the first quarter, Clarendon it seemed twice would make a touchdown; but failure to make the first down would cause the ball to go over. During the second quarter, Canyon plowed the Clarendon line time and again for gains; and this was what made the game seem a hopeless one; for when the Canyon line and backfield averaged twenty pounds more than the Clarendon team, it seemed that the Bulldogs would be unable to hold the Canyon onslaughts.

The farmers of Donley county who are interested in the potato crop will meet Saturday afternoon at two o'clock at the court house in this city for the purpose of making some sort of organization.

Furthermore it would appear that the city administration blows the municipal whistle every evening at six o'clock so that no one need go home through a dark street. Small favors thankfully received.

Many business authorities are saying that next year will be a much better business year than the hectic one we are just closing. If enough people get to talking that way it will come to pass. So mote it be.

The Home Town Edition of The Clarendon News will appear December 15th. Much of the matter will be printed the week before, therefore all copy for advertising or other matter should be brought in promptly.

People ought not carry large sums of money around on their persons, and yet banks ought not al-

low pessimism to be talked within their walls. There is such a thing as killing the goose that lays the golden egg. If every goose will get every other goose there will be golden eggs for all.

When every male church member is really in dead earnest over the betterment of local moral conditions, then and not before then will our city, our county, our state and our nation become what it ought to be. The way to begin is to begin at home.

From year to year, the newspapers of Texas are doing less and less "tearing the shirt" for favorite candidates for office. Already many of the leading county papers are serving public notice that the habit of boosting any candidate for any office will be taboo for the coming campaign year. There is the essence of sound business and plain justice in such a position and The News believes it ought to be more rigidly adhered to. In the first place any office that is worth campaigning for is worth spending money for in the way of legitimate advertising. If a candidate is smooth enough to "work the papers" for the free publicity he is not apt to spend anything for advertising and what is worse never seems to appreciate the favor after it is granted. The News always has a preference, even if it is the lesser of two evils, when voting time comes around, but it has long ago despaired of reforming the world, and in the coming campaign it means to adhere more firmly to the rule of no gratuitous publicity for any candidate for any office. Let's save our shirts, boys.

Fort Worth keeps her ear to the ground without cessation. During the past month or two there has been much criticism of the Dallas Fair on the grounds of the unsatisfactory conditions the West Texas counties found in the agricultural

exhibits as regards to the score card and the judging. Also the Fair management made the mistake of antagonizing the rural press of the state on the question of superabundance of "free advertising."

The aloofness of the rural press and business conditions worked together to put a terrific crimp into the gate receipts of Texas' greatest Fair and the directors are yet trying to solve the obvious. Fort Worth, through her leading spirits, is capitalizing the situation and with her unexcelled situation as regards the counties of West Texas it now appears that she will build and stage a fair destined to become famed as one of the best in the entire Southwest. She will have the co-operation of the best agricultural counties of the state; for the observer of the past dozen years has been impressed with the fact that the best average exhibits at the State Fair and Cotton Palace have come from the West Texas and Panhandle counties. West Texas looks to Fort Worth for a great fair where their co-operation will be appreciated and as Fort Worth has grown to great power and wealth through her business connections with West Texas and the Panhandle, The News doubts not that such a fair great in its inception will become powerful in reality.

Next Tuesday in Amarillo will be held a very momentous meeting of the progressive spirits of the Panhandle. The directors and friends of the Panhandle-Plains Chamber of Commerce will meet to elect a successor to Frank R. Jamison, the first secretary-manager of the organization and to lay plans for the coming year. Possibly there has never been an organization of this class that has accomplished so much in so short a time and with a small amount of financial support, and Mr. Jamison shares with his co-workers and supporters all over the Panhandle the credit for this good work. The News feels that great care should be exercised in the selection of Mr. Jamison's successor; that he should be a man of parts and thoroughly "sold" on the Panhandle in his own heart. We believe such a man may be found and if the proper financial plans are adopted we believe that he will be found. The board of executive should not consider for a moment the idea of continuing the work on the same small budget. True, much has been done on a small income, but as the organization is emerging from its swaddling clothes and faces the largest tasks ever before this people, the situation demands more finance that it may be of standard efficiency and never hampered for the lack of funds to prosecute such projects as may be found feasible and needful. The situation is such that it should draw to Tuesday's meeting every man in the Panhandle who reads as the runs of problems, possibilities and responsibilities of To-morrow.

Hon. E. A. Simpson was in Amarillo Tuesday on legal business.

### LITTLE LIFE LINES

"Christmas On the Right Track"  
It is just about a month until Christmas Day.

It remains still in your power to demonstrate the Spirit of the True Christmas or to exhibit something of the old barbarism which existed among the Romans before the Christian Church's influence drove it out and put the Christmas spirit, of the Birthday of Christ in its stead. The relic of each is here yet. Here we set it every year. A lady rushes into the stores at the close of the Christmas shopping season; there is a crush of people, tired clerks, impatient men and women because they are all about in the same situation. This lady tired and worn from her belated Christmas shopping trips is in no mood to demonstrate the spirit of Christmas. The counters are disheveled and she cannot find what she wants. She says things that under ordinary circumstances she herself would consider insulting to the shopkeeper. She is on the high tide of Christmas shopping "for there is somebody who is giving to me, whom I had forgotten and I must do something, although, I don't care about it at all; but you know how it is." And the poor tired shopman has heard the same thing dozens of times. This is the reason some say "Christmas is coming, and I am sure sorry."

But the true spirit of Christmas is something more than that. There is the beautiful custom of giving presents for in those first Holy Days there were gifts in honor to Him.

'Tis this beautiful spirit of Christmas in which we give these small or great expressions of our love to those whom we sincerely love. This kind of Giving In Love is not a mockery of the Christ Child's Birthday, but a loving token of God's Best Gift.

And Christmas is about a month away! How are you to spend the intervening days? Get your tokens of love planned and made and wrapped and sent off before Christmas so that you and yours and the shopkeepers and the mail clerks and delivery boys and oh, everybody, might enjoy the True Spirit of Christmas.

There is something more than a catchy phrase to the thing we have heard so often. "Do your Christmas Shopping Early." Let the Spirit of Christmas Live. Why should the storekeeper have to open his store on Christmas Day? Why should the delivery boy, the meat market man, the druggist, the confectioner, in short, the "butcher, the baker, the candlestick maker," not have the same privilege of Christmas joy as the other folks? This year the Day will come on Sunday; and double reason for the closing of all stores; and yet we doubt but that there will be calls for the shopman!

Let the spirit of Christmas Live.

D. P. Ross and wife returned the first of the week from Childress where they were present at the interment of the former's brother, W. J. Ross. The deceased was one of the old residents of the Panhandle, and was well known in Clarendon, having visited here many times. At the time of his decease, Mr. Ross had been a resident of Childress for twenty-three years. He had large financial interests, being the proprietor of a dry goods store, and one of the directors of the F. & M. Bank, as well as a holder of other property.

Prof. R. N. Sandlin visited in Ft. Worth during the holidays.

#### CLARENDON SHRINE PET HIGHLY POPULAR

All of the Clarendon shriners returned telling of the wonderful times that they had at the Maskat temple ceremonial at Wichita Falls last week, and they say that "Fido," their yellow shimmingy dog attracted wide attention. Unfortunately Fido was left for a while in the lobby of one of the hotels, and upon return of the owners he was gone. Although no trace of him could be found, it was felt certain that he had not been taken up by the dog catcher, as most of the city ordinances do not apply to mechanical dogs. Fido is an ingenious mechanical device; being constructed in three sections. When Fido is led across the floor a motion is imparted to the back section that resembles both the wag of the fine pointer and the shimmy of the follies dancer.

#### HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears. Get a small bottle of Eiy's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

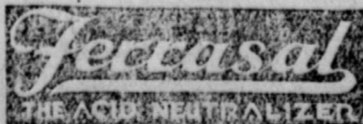

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

#### CALOMAL, SALTS AND PURGATIVES HARMFUL

#### IRRITATE MEMBRANES AND CONTRACT MUSCLES UNNECESSARILY

Many things in the medical profession that were considered all right in our grandfathers' time are not approved today. Among them are the purgatives and laxatives which cause griping pains and irritation when they act. Calomel, salts and cathartics irritate the membranes and contract the intestinal muscles, leaving the bowels in a disordered condition and hindering rather than helping nature in its work.

Ferrasol acts in nature's way, gently and smoothly. It heals and relaxes the intestines. It neutralizes the acids which cause 90 per cent of all digestion troubles, and it cleanses and purifies the whole digestive system. Buy a box of Ferrasol from your druggist today—he will refund your money if it does not help you.

# —a couple of geese were talking

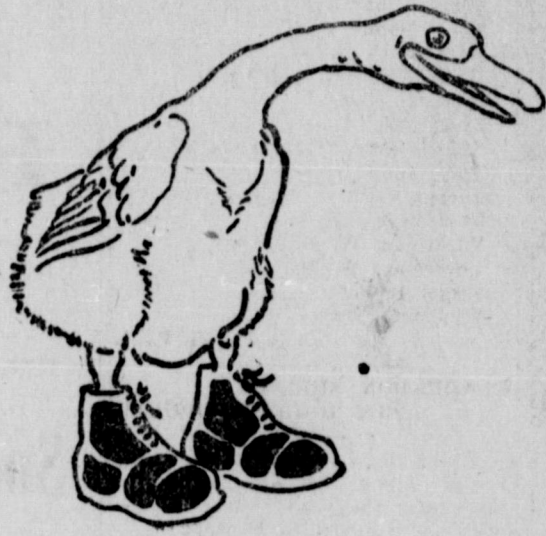

One day about such matters as geese commonly talk about—whatever they are—and they were so interested in it that our artist sketched them for you. While he was sketching he overheard their conversation and we give it to you below. Like everybody else in Donley County they were talking about STRICKLAND-STORY'S Big Removal Sale.

And here another thought occurs to us—this is a splendid opportunity for the Christmas shopper. Many gift-things are already in our displays and the wide-awake shopper will not wait until the last week or day before Christmas to select those remembrance tokens. Stocks will not be as heavy as usual this year--so don't delay your Christmas shopping.

## Do You Need a Coat-Suit for Warmth?

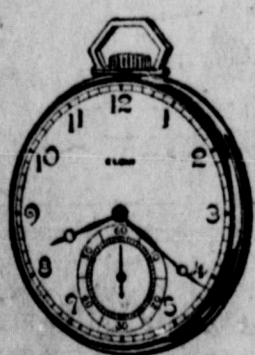

Not so much for style as for comfort? Then read on. We have grouped together two or three lots of coat-suits that are not this season's purchases. We'll tell you the plain truth about them. If you want a suit for its practical value rather than its style value, you'll be interested in these, because of the reduction made on them. You buy a coat-suit for more than one season anyway. Why not take advantage of this one—season reduction on these suits? A few dresses are included in these groups.

### THE PATHFINDER CLUB

The Pathfinder Club has had unusually interesting sessions this fall. Oct. 28th was "Phoebe K. Warner Day." The meeting was at the home of Mrs. Gentry with Mrs. Gentry and Mrs. Shelton hostesses. Mrs. Warner talked on "The Vision of a Club Woman" and the vision of each woman present was broadened by her splendid talk. She brought home to the women their duty and responsibility as citizens, particularly with reference to the education of the young life. She spoke of many changes in the public schools which would be helpful and which could be brought about only when the women of the country realized their duty in the matter. Mrs. Shelton presented Mrs. Warner with a bouquet of beautiful chrysanthemums in the name of the Club, and then delightful refreshments were served by the hostesses.

The next meeting was on Nov. 11th with Mrs. Braswell and the program was Shakespeare's, "All's Well That Ends Well," led by Mrs. Armistice Day was brought to mind very beautifully when refreshments were served by the hostesses, Mrs. Braswell and Mrs. Lowe. Red, white and blue bordered napkins were used and a tiny flag decorated each spoon.

The next meeting was with Miss Hendrick and Mrs. Hendrick at the M. W. Hendrick home. Mrs. Nelson was leader with the conclusion of "All's Well That Ends Well." It proved a most interesting program to which additional interest was given by Mrs. Trent's report of the Federation meeting at Ft. Worth. The refreshments were most enjoyable.

The next meeting will be on Dec.

# VALUES UNEQUALLED

Since we begun selling merchandise for cash, and making equalled prices, where quality is considered, we have found it very satisfactory to both ourselves and the trade.

The time has come when people expect their hard earned money to have the correct purchasing power. We welcome price comparison, and fear no competition, when quality is considered. We will not lower the standard of merchandise which this store has always carried.

We expect to buy our goods worth the money and sell them on the closest price possible based on the most economical system of merchandising. We expect to pay cash for all of our purchases, take advantage of all cash and trade discounts, and in this way we find we can get much better deals than on the old system, and by conducting our business along these lines we find that we can give the trade their goods at a great saving.

We are still giving our low cut prices to the trade to further reduce our stock. Ladies' ready-to-wear from 20 to 50 percent reduction. Some beautiful suits, dresses, coats, petticoats, petty bloomers, dress skirts and some of the prettiest dresses of the season both silk and woolen, you can't afford to miss or price on ladies' and children's hosiery, these include both cotton and silk.

## Men's and Boys' Clothing

## S. G. CHESNUTT PASSES AWAY LAST WEEK

S. G. Chesnutt passed away Monday evening of last week at the home of his daughter, Mrs. W. E. Hodges of the Martin community, and funeral services were conducted at the home Tuesday afternoon by Rev. J. A. Smith, pastor of the Baptist church in this city, interment taking place in the Citizens' Cemetery.

Mr. Chesnutt was born in McMinn county Tennessee in 1839. In 1865 he was married to Miss Mary J. Hoyl, and to this union were born four children two of whom are still living, these being C. R. Chesnutt and Mrs. W. E. Hodges. The widow also survives her husband.

Mr. Chesnutt came to Texas in 1877, moving to Clarendon in 1903.

Mr. Chesnutt joined the Baptist church in boyhood, and was ordained a deacon in 1880. His consecrated Christian life was an inspiration to his loved ones and friends. As he neared the end he said: "The Lord gave, and the Lord taketh away, Blessed be the name of the Lord." He leaves scores of friends who will mourn his passing, and who extend to the bereaved ones expressions of sympathy.

To say Frank Houston, district manager of the Texas Central Power Company, is a clean man applies in more ways than one. As is well known, Frank's name is in Childress where aqua pura is so scarce that one hardly dares take a big drink of water. Nevertheless, Frank, true to his habits of cleanliness, comes up to Clarendon every Tuesday and Friday to take his bath.

### DUNKLE TO MAKE HOME IN COLORADO

F. P. Dunkle, for fifteen years a resident of Donley county and prominent in every move for the advancement of this county, left Tuesday for Colorado Springs, Colorado, his old home, again to make his home. Although Mr. Dunkle held a sale last week, which by the way, was one of the most largely attended ever held in this county, this due to the careful advertising of Mr. Dunkle, he retains his lands in this county; and his many friends are hoping that he will see fit to move back here again.

Mr. Dunkle surrounded himself with scores of friends by his progressive ways, and it is with genuine regret that we see him leave Donley county.

### DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breakfast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and sore grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

### RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 50 cent bottle of old, honest St. Jacobs Oil! at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

### C. C. DRAMATIC CLUB PRESENTS FINE PLAY

The Dramatic Club of Clarendon College, under the able coaching of Miss Ruth Pirtle, expression teacher, presented a delightful play Monday evening to a good sized audience. The title was "At the End of the Rainbow," and it was an excellent college story combining the athletic spirit and romance in the old yet ever new story. Each one of the characters showed originality in the performance of his or her part; and the whole play evinced fine coaching and originality in weaving into the story a large amount of local color. Between acts the college orchestra, under the leadership of Miss Beatrice Story, rendered some delightful numbers; and the soft playing of "Love's Old Song" by Miss Story during the second act added much to the effectiveness of the scene. The play has also been presented with success at McLean.

### HOW THEY DO IT

The Government will furnish the paper and print envelopes cheaper than a local printer can even buy the blank envelopes. How can he do it? Easy! **CITIZEN PLEADS FOR RETENTION OF RED CROSS**

**PROMINENT CITIZEN THOROUGHLY CONVERSANT WITH THE WORK OF THE PUBLIC HEALTH NURSE RELATES BENEFITS DERIVED.**

The citizens of Donley county who are interested in the advancement of its health, which of course lies at the basis of its advancement in other ways, are downcast over the grave possibilities that we shall lose the fine work of the Public Health Nurse. Although this work has been established in Donley county but one year, it has been invaluable for its work among the school children alone, not to mention the many times that services have been rendered alike to those who are and who are not able to pay. As has been stated heretofore in the columns of this paper, this work can be retained only by the united efforts of the citizens of Donley county. A citizen who has had opportunity to see from the inside the results of the work, and who is thoroughly conversant with all phases thereof, has prepared a series of articles for the News, and the first follows.

The Red Cross Health Service that has been instituted in the various sections of the United States is one of the few benefits that has been derived from the Great War. The Red Cross was associated with war, and was thought to be the name of the medical department of the army. The war demonstrated the scope of the Red Cross and the benefits that may be derived from maintaining a Health nurse in any community. A trained nurse in our midst that is accessible to any one, without charge, is an asset that can not be valued in dollars and cents. Her service can, in many instances, save the visit of the doctor. In a number of instances our present nurse has rendered treatment, given hypodermic injections, vaccinations and assisted the doctors with work that would have had to be done in the hospital otherwise, saving an expensive visit by the doctor or hospital fee. Small service in a way, but very valuable to the patient and family.

It is common knowledge that we are more careful of our live-stock than we are of our children. From appearance we value the offspring of our hogs and cattle more than we do our own offspring. But all know this to be false. Any man will spend his last cent and go to any extreme to save the life of his child, not so his hog. Then why is this so? The answer is a lack of realization of the importance of child care. Do you think you are in a position to judge when your child is under or over developed? There is always a cause for such conditions, and though the child may seem normal to you it is possible that some abnormality is present that will prevent proper development both mentally and physically.

The ethics of the doctor will, not allow him to stop your child and examine him. But the health nurse will go to the schools, see all the children at regular intervals and detect abnormalities that are present or that may develop and so advise you. It is not compulsory that you have the defect removed, but an interested parent should want to know of defects that may injure the health of the child.

Health is more valuable than any other thing with which we have to deal. Sickness caused by removable defects has made many a man lose his substance and his future. The axiom, "An ounce of prevention is worth a pound of cure" is more applicable here than anywhere.

Not only is the Red Cross Nurse of value in this way but one of her duties is to give attention, service and instruction to the expectant mother. This is the most important event in the life of any woman, and she should have the best of care and attention, regardless of the number she has had. If the first, so much more important that she should be instructed in the care of herself, to be better fitted to meet the ordeal she will have to go through. This service is rendered free by the Red Cross nurse, and every woman in this county should have access to it.

Without the influence of the people we are going to lose our Health Nurse, the most valuable asset we have. Let's not do it.

Miss Myrtle Jolly returned Wednesday from Hedley where she visited with friends. She was accompanied home by Misses Berta Johnson and Pauline Culwell; the latter returned to their homes Thursday.

**BULLDOGS AND BUFFALOES TIE IN FINAL GAME**

Hallmark did pretty broken field running, and could be counted on for consistent gaining. Lane and Smalley at the ends completed their passes with such consistency that Canyon looked on in amazement. The rest of the line did wonderful work, and they proved themselves heroes when they held with such strength that Canyon was unable to make four yards in five downs when a touchdown was threatened.

Clarendon was immensely pleased with the game, for although this game was a tie, they had defeated Canyon here the first of the year, and they are the victors after all. This is the third game played between these two schools, and is the first to result in a tie. Of the twelve other games, Canyon has won only three while Clarendon has the nine others to her credit.

More than a hundred rooters accompanied the Bulldogs to Canyon, and their hearty cheering backed the team up in a way that made their victory, for if anything, this must be counted Clarendon's victory, having made a touchdown on Canyon. Clarendon is feeling high hopes over next year's prospects, as most of the men on this year's team will return next year. At a meeting held the other day, Jackson was elected captain for next year. Other good available material is also in sight for next year. Of the seven collegiate games played this year by Clarendon, four were with senior colleges and three with junior colleges. Clarendon has won four,

and lost two; one defeat was by an Oklahoma state normal, and the other by Decatur College, thus leaving Clarendon undefeated by anything in West Texas or the Panhandle.

T. J. Noland, of Stratford, visited here the past week with his son, Eugene Noland and family. Mr. Noland is enroute to California where he will make his home. Mr. Noland is a former resident and business man of Clarendon, having built one of the first business houses on First Street. He built a stone building on the present site of the Ford Garage, and there conducted a dry goods and grocery business in the latter 90's.

A dainty salad course was served to the following members who were glad to be present: Misses Harris, Paul, Yeager, Harrison, Hedgpeh, Bourland, Moores nad Mrs. C. W. Taylor.
