## \$4,000 PRIZE CAMPAIGN OF THE NEWS IS DRAWING TO THE CLOSE WITH BUT TWO WEEKS REMAINING

THE SECOND PERIOD OF THE BIG PRIZE CAMPAIGN WILL END SATURDAY EVENING. BUT TWO PERIODS OF ONE WEEK EACH REMAIN IN WHICH TO GATHER VOTES. SUBSCRIPTIONS NOW COUNT FOR MORE VOTES THAN AT ANY TIME LATER.

With the close of the all important "second period" just two days off, candidates in the New's big prize campaign are preparing with feverish haste and intensity to make their final stand for victory before Saturday night—the close of the "second period" vote schedule. Realization that subscriptions the next two days will count for almost double the number of votes that they will the final week of the campaign, is spurring every candidate to greater activity. The increasing number of votes being cast is evidence of the the great effort being put forth by nearly every candidate.

### Race Close

In spite of the large number of votes being cast no one candidate appears to be gaining any special advantage. Thus far each one seems to be holding his own. During the week since the votes were last published nearly every candidate at some time or other occupied first place. In fact so close is the race that as each candidate turned in their votes they usually went into first place only to be dislodged when another turned in. So it has been going all week and a glance at today's vote count published herewith shows many changes over last week's. At the present time it is "anybody's race." So close are the headlines running that any one can "cinch" first place with just a few good subscriptions.

### Second Payments

The large number of second payments being received shows how intense the efforts of the various candidates to collect votes really is. Count for thousands of votes while the second period vote schedule is in effect. Contestants and their friends should endeavor to get as many as possible of these in during the remaining two days of the second period.

### Soon Over

The candidates who fool themselves into believing that there will be plenty of time later to make a showing are the ones who will be badly disappointed when the contest is all over in just a few short weeks. Only two more days remain in the second period. The third period and the fourth period each last but one short week. Just two weeks from next Saturday and it will all be over. How you use every day of that time will determine to what extent you share in the prize distribution. Failure to put forth your best effort just one day of these few remaining days may cost you hundreds of dollars. One day wasted may mean that you gave away the chance you had to be driving around in your own car a few days from now. Can you af-

ford to remain idle, to not put forth your best efforts to win when the prizes are so great, so valuable and the time so short?

'Tis the coward who quits to misfortune.

'Tis the knave who changes each day.

'Tis the fool who starts like a whirlwind

Then throws all his chances away.

The time to succeed is when others discouraged show traces of tire.

The battle is fought on the home stretch

And won 'twixt the flag and the wire.

### Real Battle Developing

Unmistakable signs of the intense interest throughout the community in the race has reached the News office. Each candidate has his or her following of friends. There are rallying to the support of their favorite to win the car by giving of second term and long term subscriptions. Few people there are in the community who have not chosen a favorite and who are not willing to help that favorite win. All this has had a most wholesome effect on the individual contestants. More personal pride is noticeable than is usual in contests of this nature. Each candidate has expressed his or her determination to be returned a winner. One declared that to accept defeat would be a disgrace. Another stated that to not put forth her very best efforts would show lack of appreciation of the help her friends had given her. Still another said, "I owe it to my friends who have helped me so loyally, to do everything I can to win. I must win to repay the confidence they have put in me by picking me as their choice to win the main prize." There is every indication that it will take the best effort of every candidate to get them listed among the prize winners. Just one opportunity missed, just one hour wasted may mean hundreds of dollars to those who now have an even chance to win first prize if they are willing to pay the price with hard work, hustle and ability to stick to it. Now is the time to get busy. \$4,000 is going to be distributed to the few who will stick everlastingly at it from now till April 29th.

The candidates who "fool" themselves into believing that there will be plenty of time later to make a showing in the race are the ones who will be badly disappointed when the New's grand prize distribution is closed. It is a case of NOW or NEVER. This is final and fair warning.

## How to Get a Million Votes By Saturday Night.

Nine FOUR-YEAR subscriptions, including "clubs," count 1,050,000 votes. Five SIX-YEAR subscriptions, including "clubs," count 1,100,000 votes. One hundred dollars (ten clubs of 100,000 votes each) made up of any kind of subscriptions, means 1,000,000 votes besides the regular number of votes credited to each subscription.

A million votes can easily be secured by any contestant on the SECOND PAYMENTS—that is extensions of subscriptions received earlier in the campaign. Thousands of extra additional votes can be secured in this way and many new "clubs" made up.

## KHIVA BAND RENDERS FINE PROGRAM HERE FRIDAY

TWENTY MUSICIANS AND ENTERTAINERS APPEAR IN CONCERT TO LARGE AUDIENCE. PARADE BEFORE THE SHOW.

The Khiva Temple Band and Entertainers appeared here Friday evening with a program that was of highest class musically and well rendered in every detail. Perhaps the best numbers rendered by the band were "Crema de la Crema" and the selection from Faust. The high character of the band must be attributed in large degree to the work of E. R. Humphries in conducting the organization. The band was assisted by Norman Raleigh, bagpipe soloist, Miss Rachel Kendall, pianist, Irving Tolzein, violinist, and Miss Florence Pittman, with esthetic dancing.

The opening number, "The Imp," proved to be a devil of a good march. Then followed one of the heaviest numbers of the evening, "Crema de la Crema." A fantasia combining many familiar airs from the operas and classical authors, this was a gem of musical production from the standpoint of interpretation and smoothness of execution.

Rev. Paul Merrill delighted the audience with two vocal numbers, and he sang a very pleasing encore in response to the hearty applause. "The Hunting Scene" proved to be an excellent descriptive number, and the "American Patrol" was as well rendered.

Jesse Rogers proved himself a Euphonium soloist of no mean ability when he played King's "A Night in June." Willard Smith likewise proved himself an artist when he played a cornet solo, "Beyond the Gates of Paradise," in this he varied from the soft vibrant notes to the almost military blast of the trumpet. Norman Raleigh received hearty applause for his bagpipe solo, as did Miss Florence Pittman for her graceful dancing. Irving Tolzein was also well received with a violin solo of excellent type. Piano accompaniments were played by Miss Kendall.

A number that proved beautiful and almost characteristic was the Southern Fantasia, a collection of the gems from the many songs written by Stephen Foster. Perhaps, for all round musical production, the selection from "Faust" was the best number of the evening. Many of the familiar airs of the opera were played, and the wonderful exposition or counterpoint was not unnoticed. This work covered the compass of a brass and reed band of this size, at times there were the light, playful notes of the reeds, this building up in a gradual crescendo to the powerful notes from the brasses, thus making a selection of the highest merit.

The band was composed of some twenty pieces, and the fine ensemble was highly pleasing. Of the members two are local men, Charles Dugbee, clarinet, and Sam Braswell, cornet. The concert was given in the Pastime under the auspices of the Shrine Club, and a large and appreciative audience witnessed the performance. All in all this was the best musical treat that Clarendon has had in many months.

### SIMPSON TO BE MADE MAJOR

Capt. E. A. Simpson has received word from the headquarters of the 36th Division stating that he will be appointed major of the battalion composed of Companies E at Hereford, Canyon, G at Amarillo, and H in this city. Certain work is outlined, and upon his completion of this work, he will be federally recognized in the new office. Some work remains to be done in order for this division to get federal recognition, and this is being completed with all speed possible.

Miss Bess Edwards, district agent for the home demonstration work is spending several days here with Miss Trullie Richmond going over the work in this county.

## BULLDOGS EVEN SERIES WITH AMARILLO LEAGUE

SECOND GAME IS HARD FOUGHT WITH A SCORE OF 7-6 IN FAVOR OF THE LOCALS. YOUNGBLOOD STRIKES OUT NINE MEN.

The College Bulldogs proved their mettle Tuesday when they tied the series with the Amarillo Grays. The first game was played commencing at ten o'clock in the morning and resulted in a ten to one score in favor of the invaders. The second game was a tight one beginning to end, and resulted seven to six, the big end of the score being in favor of the local team. "Chief" Youngblood was the local hurler in the second game, and he proved his calibre by striking out nine of the invaders.

Smalley started the first game for the locals as pitcher, but was relieved by Jackson. This was a distinct mistake, as Smalley, would have, in all probability, have held the visitors to a lower score than was done with the change of hurlers.

The second game was highly enjoyed by the many fans in attendance as it was neither team's game until the very last of the ninth when Jackson's long hit to center field was dropped by the fielder, then overthrown to third thus allowing Cook to come home. "Chief" Youngblood, the powerful six feet three hurler for the Bulldogs, was the outstanding star of the game; nine of the men who picked up the bat before him laid it down without finding where he was throwing the ball; while the combined pitching staff of the Grays struck out only six of the Clarendon boys.

Amarillo came to bat. The first two men fanned and the third was put out at first. Woods came to bat for Clarendon. He was put out on a short hit to short stop. George Cook made a hit straight to second base, and a double play second to first closed the inning. Amarillo came to bat, and the first hitter was put out a short grounder to Youngblood. The second man struck out, while the third was safe on a hit to left field and the fielder failed to hold the ball. The next runner was out on a short grounder to Jackson. Jackson came to bat; he made first on a hot grounder to center field. O. Close did not make first; Jackson stole second; Hallmark struck out. Jackson came home on Meads hot hit through first, and Meads made first. Keener sent a hot grounder to left field, and Meads went to second. Chief struck out. Score 1-0.

The first Amarillo man to bat walked; the one following struck out. The next took first on being hit; one man came home on a left field fly; another was put out while coming home on a short hit. The next batter fanned. Woods for Clarendon came to bat, he was out on a short hit to short stop. George O. Cook struck out. Cook made first. Cook was out on Jackson's short hit to short stop.

Amarillo's first batter made first; the next was out on a short grounder to second, the third put out at first while the first came home. The next batter got a two bagger, and came home on Hallmark's wild throw to first base, the next batter was put out at second. Scores 3-1 in Amarillo favor. O. Close was out on a short hit to first. Hallmark made his only first base when he was hit. Meads was out on a long hit to center field, but for the strong wind blowing, Meads would have had a home run. Hallmark was out on Keener's hit to short. Scores 3-1 in Amarillo's favor.

The first batter for Amarillo in the fifth inning was struck out, his follower was out at first on a short hit to Youngblood. The next man got a home run. The next batter was out on a long fly to left field. Score 4-1 in Amarillo's favor. Clarendon came to bat, and Chief walked, Woods followed and walked. G. Close made first on hit to short.

## LOCAL KNIGHTS HOSTS TO VISITING TEMPLARS

MEMPHIS COMMANDERY HERE FOR EASTER SERVICE TO BE HELD AT METHODIST CHURCH NEXT SUNDAY MORNING.

For years it has been the custom for the members of Memphis Commandery, No. 50, Knights Templar, to hold their Easter service at the several towns in the jurisdiction in annual rotation and next Sunday the Knights Templar of Clarendon will be hosts to their fellow members here in our city. Just three years ago the Clarendon Knights entertained the Commandery here in the annual Easter service, while last year the service was held at Memphis.

According to plans the Knights will meet at the Masonic Hall at 10 o'clock Sunday morning and after preliminary drill and instructions they will march in a body to the Methodist Church promptly at eleven, where Dr. Whaley, as prelate of the order will deliver the sermon. Special music for the occasion has been prepared by the Methodist choir and the auditorium will be suitably decorated.

The committee in charge of the refreshments has arranged with the Christian ladies to serve dinner for all Knights and ladies in the basement of the Christian Church immediately following the service. A chicken pie dinner with all accessories is being provided and a great social time is anticipated.

About two o'clock the company will march to the Masonic Hall where an informal program will be rendered interspersed with talks "for the good of the order" by the visiting Knights and others. The Epworth League orchestra will dispense music for the occasion and there will be solos, readings and other forms of entertainment. This part of the day's activities will last until four or five o'clock when the guests will begin their departure for their respective homes.

The public generally is invited to the eleven o'clock service at the Methodist Church and all who go will be impressed with the beautiful Easter devotions as practiced by the order.

W. H. Lindsey is Commander and J. H. Read is Recorder of the Commandery while the local entertainment is under the direction of Sir Knights Condron, Connally and Braswell. Sir Knight Mulkey is chairman of the "feed" committee, the finance committee is composed of Sir Knights Cagle, Bain, Hurn and Rutherford. Decorations will be attended by Sir Knights Blocker, Adams, Bartlett, Kerbow and Garrison.

### PADUCAH EDITOR IS VISITOR IN CLARENDON

Editor and Mrs. E. A. Carlock of the Paducah Post, published at Paducah, were guests in Clarendon Friday and Saturday of Editor and Mrs. S. M. Braswell, and Mr. and Mrs. W. E. Bray. Mr. Carlock is a member of the Khiva Temple Shrine Band and came here primarily for the purpose of participating in the concert given by that organization here Friday night.

Mr. Carlock is a prominent newspaper man in Texas and was popular enough to win the ring given to the most popular novice when he was initiated as a Shriner at Amarillo last September. The Carlocks are related to Mr. and Mrs. Bray, and are Texas Press Association friends of the News' editor and wife, having been with them on the trip to McAllen last June.

Tine Mae has gone to El Paso where he is working in an auto top shop.

R. S. Moss, J. A. Warren, and L. E. Crowder were Amarillo visitors Tuesday.

John M. Warren returned last week from Corsicana where he attended the funeral of a brother.

## DALLAS PRESBYTERY IN SESSION HERE THIS WEEK

MINISTERS AND LAYMEN OF THE PRESBYTERIAN CHURCH FROM THIS DISTRICT MEET HERE IN CONFERENCE ON CHURCH WORK.

The Presbytery of Dallas, Southern Presbyterian Church convened at the Presbyterian Church Tuesday afternoon at two o'clock, and will be in session through this evening. Rev. W. R. Hall, D. D., of Milford, as last moderator of the present session called the meeting to order. After the roll call of ministers and churches, the officers were elected and standing committees appointed.

The officers elected were Moderator Rev. T. F. Gallaher, D. D., of Oak Cliff, Dallas, Vice Moderator, Rev. E. S. Lawrence, Iowa Park, Temporary Clerk, Rev. S. L. Joekel, Waxahachie, Reading Clerk, L. E. Petty, Milford. At the convening of the night session at seven thirty o'clock, the opening sermon which had been postponed from the first session was preached by Rev. Alexander Gray, professor of Bible and Philosophy, Austin College, Sherman. At eleven o'clock yesterday morning, Rev. T. O. Perrin, of Dallas, preached the Presbyterian sermon, after which the communion of the Lord's Supper was observed. The business session continued through the afternoon.

At seven thirty o'clock last evening, Rev. H. S. Springall conducted a popular meeting on home missions, assisted by Rev. Guy Davis, of Clayton, New Mexico, and Rev. E. S. Rodriguez, of Dallas. The enjoyable feature of Wednesday was a supper in the basement of the Christian Church served by the ladies of the church to the Presbytery and the congregation. The success of the affair was witnessed by a large attendance.

At ten o'clock this morning, Rev. Guy Davis, preached the sermon, following which lunch was served for the Presbytery in the basement of the Christian Church. Another popular meeting will be held this evening at which time the subject of foreign missions will be considered.

More than thirty visiting ministers have been here for the session, and the local church, as well as the visiting churches of the district is greatly benefited by the meeting, and a part of the success of the meeting is due to the work of Rev. W. H. Foster, who is host to the Presbytery.

### COLLEGE TO GRANT PERMANENT CERTIFICATES

Word has been received from the State Department of Education that Clarendon College can grant permanent teachers certificates in the future. For some years the State Department has granted first grade certificates to those completing the education course offered by the college, but the latest ruling shows again the progress of the institution.

Some time back the college authorities made inquiries to ascertain whether permanent certificates would be granted, the reply from the department at Austin was that with the giving of certain work, the grant would be made. The college established this work with the resulting improvement.

## TUESDAY'S ELECTION RESULTS IN BONDS VICTORY

PLANS WILL BE LAID BEFORE ATTORNEY GENERAL NEXT WEEK AND SALE FOLLOW APPROVAL AS SOON AS ADVISABLE. ISSUE IS \$75,000.

Tuesday's election resulted in a victory for the water bonds by a vote of 206 to 72. Preparations are being made to proceed as fast as possible with the work, to the end that the system may be constructed here at the earliest possible date. W. D. Howren, of Amarillo, the engineer who prepared the plans, is preparing to go to Austin next week to lay the plans before the Attorney General's department, and get the bonds approved. Mr. Howren will carry a transcript of all proceedings thus far.

Bond buyers have already made inquiries concerning the bonds, and the opinion of the city officials is that the bonds may be sold at par if not at a small premium.

The plans call for main line from the west to the east part of town with laterals north and south so that every dwelling will be within two blocks of a fire plug. The business district will also be gridironed. With successful operation, the system can do much toward the progress of Clarendon.

### ROAD TO SILVERTON DISCUSSED TUESDAY

That a road may be opened up from here to Silverton seems more probable now than it has at any time in the past several years. Tuesday afternoon a meeting of the business men of this city and of the managers of the JA ranch was held in the First National Bank and the possibilities of the road were gone into in detail. It is only a matter of time until thousands of acres of the big ranch will be opened for cultivation, and the advisable time to construct the road is before this opening takes place. Such a road would also give this city a cut off to the proposed government park on the Paloduro, and the tourists who frequent that park, should it be opened would pass through this city as being on the best highway there.

### NEWS COMPLETES NEW TELEPHONE DIRECTORIES

The News has this week completed the job of furnishing the local exchange with one thousand directories. The management of the News as well as that of the exchange believes that the work this year has been done with a minimum of errors, and these directories will doubtless be more serviceable than any other yet put out. This is not the first set of directories that the News has made for Mr. Benedict and his satisfaction is shown by the return orders each time.

Under the efficient management of Mr. Benedict, the local exchange is giving service that is unsurpassed anywhere in the country, as has been proved by the several times that this place has been cited by the Southwestern management as having the record of this district for efficient service. With the view of further improving the service, Mr. Benedict has started work on putting up some three miles of cable this summer.

Texas and the Panhandle need the proposed Paludoro Park. We ought to use our latent resources for play as well as for commerce. Let's do our part.

The Blanton connection doesn't want to control the lower house of congress any more than the Shepard-Thomas connection wants to do the job in the senate. But what will the people say? "Ah, there's the rub."

The Haskell Free-Press carries announcement of the arrival of a twelve pound son at the home of Editor and Mrs. Sam A. Roberts. The young journalist is named Paul Wesley and The News hastens to add its congratulations to those of hundreds of the craft. Lee Rountree will have something to harp on about the Sams now, sure enough. Sam Roberts is a bear-cat.

Governor Neff is coming to West Texas and the Panhandle on a speaking tour and while he did not include Clarendon in his itinerary it is to be hoped that he sees as well as speaks. If he gets a vision of the Panhandle as it is he will go back to Austin with a broadened view of the domain over which he wields executive sway and The News believes that he will be a better governor insofar as the interests of the Panhandle are concerned.

The News neglected last week to make mention of the very splendid 32-page anniversary edition of the Randall County News published by Editor C. W. Warwick at Canyon which came to our desk the week before. It was a masterly effort in chronology, printer's art and literature and was such a number as fellows like Warwick are capable of issuing. May Editor Warwick eclipse himself on his golden anniversary—and we believe he will.

Friday and Saturday of next week the Panhandle Press Association will meet in Amarillo and "the largest district press association in America," is expected to hold one of the best conventions in its history. Congressman Marvin Jontz will feed us; Col. Ernest Thompson will feed us; Amarillo Board of City Development will feed us—if a Panhandle editor don't come away well fed, his capacity will forever be under suspicion. Be there, boys, from the first drop of Pres. Holman's gavel.

From every quarter comes the cheering news that the "depression is over" and that business has found again the paths of normalcy. It doesn't mean that there is any more money in the country than in the months that have passed, but it means simply that the people have gained confidence to the degree that they have put their energies and money back into harness. When money and people both get to work business always begins to boom.

Insofar as Clarendon is concerned there has never been the depression felt in other quarters of the country and the little timidity experienced in business is about gone. There is talk of four or five new business houses being constructed to take care of the demands of the town and The News predicts that several new concerns will be open for business by the first day of September.

This is as it should be and in the next twenty months our city will again repeat a building program equal to that of any other period of her history.

Memphis is installing a "white way" in her business district to supplement their street lighting system. Hats off to Memphis.

With the great crops that our fine rains have almost guaranteed, a fair market, and the economy of the year, Donley County banks will be bursting with money by the first of January 1923. Some of us have irked under the credit restrictions that have been imposed by the banks for the past year, but the wisdom of their course will be fully apparent when we have "cashed in" on this year's crop. The lesson in economy has been bought at a heavy price, all right, but nothing is ever worth much to us that don't cost us something.

Good, clean, wholesome athletics are receiving a new impetus in Clarendon this spring. Several baseball teams are being formed in the city and lots of activity will mark the long sunny evenings of the several months to come. There will be two or three Sunday school class teams, the Shrine Club team and possibly another or two. Little trouble ever originates with the man who keeps his mind and body in a healthy state of activity. Let's love our neighbors and "play ball."

The Clarendon Telephone Company donated a liberal space in their latest directory to the Clarendon Chamber of Commerce for advertising the town of Clarendon. This strong concern which boasts of one of the largest and best equipped systems in the nation, population of the town considered, saw the advantage of assisting the city organization in its work, and while the motive was unselfish the act will rebound to the benefit of the telephone company after all. You can't build your city without helping your own business. What big business finds profitable to do, may well be considered a tested and tried business policy. You can't get away from it—you hurt your own business when you fail to support your chamber of commerce.

### NOTICE TO CONTRACTORS

### PROSPERITY OR ADVERSITY

We are having prosperity or adversity, two expressions used often and the last is used often without thought.

During our best business year 1916, some call the boom year, the per capita earnings in the United States were the highest. In other words we produced more per capita during the year than any other.

This country using the dollar as the standard is successful only when the dollar purchases a dollar's value as in normal times, and when each in the United States, produce one dollar per capita per day; we are in a fairly prosperous condition, and 1922 from all appearances will bring us nearly to the line or normal conditions.

Increased wages do not mean much when the purchasing power of the dollar is small, and the value of the dollar is worth, just what it will get for you in merchandise.

Depression is caused by several things the most important is the juggling of the multiplication table, and when we attempt to make the change inflation occurs, and it is always followed by depression.

Adversity or prosperity is like the old saying, "what goes up must come down," no one will dispute the fact, prices are going down slowly and the purchasing power of the dollar is going up, soon the two will meet, wages adjusted, merchandise will be normal in price, and every one feel a sense of contentment and until the change takes place we cannot expect normal conditions.

While the change takes place, are we to stop advertising, go out of business, deplete our stocks, and all talk adverse times; not if we expect to continue in business.

Business in boom days needs little attention. It is much like a well machine and runs smooth, but now in the days we are passing through, we have to use our head, to think of how to improve the conditions and to keep our affairs in such shape; when the normal times return we are found ready and waiting, and we must advertise more by keeping our stocks in a more attractive manner, look after the customers more carefully, and only by so doing will we adjust ourselves to the adverse conditions, and keep going until they change to the prosperous ones.

Steel production is one of the best Barometers if we may use the word, and it shows an improvement of more than one third over last year at this time, more freight cars are moving, banks show more money, and now with the recent rains many say our prospects for a good crop are the best known for many years, everywhere pointing to better times and it can mean but one word prosperity.

"Come on, Alice, you know Mother said we are going to have Kellogg's Corn Flakes for lunch. And that's the kind I like to eat about a whole box of, because they ain't tough to eat! Come on an' hurry up!"

## Kellogg's Corn Flakes are a taste-thrill at meals or any time

That's because Kellogg's Corn Flakes are so deliciously flavored—the Kellogg flavor that is known all over the civilized world! You, as well as the little folks, can eat great bowlfuls of Kellogg's Corn Flakes day after day—and each sunny-brown, crispy, crunchy spoonful thrills the taste as though it was the first!

Put Kellogg's in comparison with imitation corn flakes! Kellogg's Corn Flakes are never tough or leathery or hard to eat! They are all-the-time crisp, all-the-time good! Don't miss such enjoyment!

Insist upon Kellogg's in the RED and GREEN package that bears the signature of W. K. Kellogg, originator of Corn Flakes! NONE ARE GENUINE WITHOUT IT!

Don't forget, KELLOGG'S Corn Flakes are made by the folks who gave you the JUNGLE-GLAND Moving Pictures. Coupon inside every package of KELLOGG'S Corn Flakes explains how you can obtain another copy of JUNGLE-LAND.

## CASH BASIS

We are often asked why it is necessary for us to be so rigid with our collections. The reason is very easily explained. Every thing we buy must be paid in cash.

We have adopted the policy of paying cash for all material and supplies that we buy locally.

When we buy fuel we have to pay cash in advance.

Freight and express are always cash.

Labor is always cash.

Ninety-nine per cent of everything we buy must be paid for in cash.

This plant is owned by a big company, but it is operated by itself. We have to pay all expenses out of the money we collect. As all our expenses must be paid in cash it is necessary for us to have the cash to pay them.

We all know that following up delinquent accounts is an expensive process. And that if we can pay cash for what we buy and get cash for what we sell we can operate our business on a cheaper basis.

The state laws limit our profits to a reasonable return on the physical value of the property. It is to the interest of our customers to help us reduce our expenses. You can do this by paying your bill as early in the month as possible, so that we can keep our business on a strictly cash basis.

This is the reason why we ask our customers, to pay their accounts before the 10th of the month.

### DISTINCTION LIST FOR THE SEVENTH MONTH

Total Enrollment of 801 and Distinction List of 149.

The seventh month of the present session of our city schools closed Friday, March 31, 1922. Reports on file in the superintendent's office show that the total enrollment for the year up to that time was 801, and that the distinction list for the seventh month was 149. This distinction list was divided as follows: 51 from the high school, 46 from the high sixth grade and the seventh grades, and 72 from Central Ward. There were only 35 tardies for the month out of a possible 28,000 being approximately a tardy mark of one tenth of one per cent, or a fraction more than one tardy per thousand chances. There were 77 visitors to the different schools during the month, distributed as follows: 2 to the high school, one to the sixth and seventh grades, and 68 to Central Ward. Four rooms averaged more than 95 percent in attendance. They are as follows:

- Mr. White's room—96.79 per cent.
- Miss Stickney's room—96.69 per cent.
- Miss Steven's room—95.64 per cent.
- Miss Lumpkin's room—95.63 per cent.

Those who averaged 90 or more were recorded with highest honors (Summa Cum Laude), and those who averaged 85 or more but less than 90 for the month were recorded with high honors (Magna Cum Laude). The list follows:

Miss Dorothy Smith underwent an operation last week for appendicitis. She was teaching school at Sharmock at the time of the attack, and was carried to Clinton, Oklahoma. At this time she is recovering nicely. She was accompanied there by her mother and her brother, Harold.

## 1922 MAKES RECORD PRODUCING FREAKS

Last week the News carried a short story of a large egg brought to this office by W. H. Bryant, the circumference of which egg was five and five-eighths inches one way and seven and seven-eighths inches the other. Since that time T. W. Welch has had on exhibit a freak egg that is larger than the egg displayed by Mr. Bryant. It is seven inches around the egg one way and eight inches the other. Inside of the larger egg is a smaller fully developed shelled egg. The freak was laid by a nine months old pullet owned by Mr. Welch. Judging from the freaks, 1922 is an unusual year.

## MISSES STALLINGS AND MARTIN IN RECITAL

Programs have been received here of the graduation recital of Misses Fray Stallings and Helen Martin, which recital recently took place at T. W. C. at Ft. Worth where the young ladies are attending school. Clarendon people will be interested and glad to learn that each of the young ladies will receive a diploma in piano, although this is their first year in T. W. C., having finished in the Clarendon College Conservatory last year.

The first number was the Capriccio brillante by Mendelssohn, played by Miss Martin. Miss Stallings then played Mendelssohn's Concerto in D minor. Miss Martin next played a group, Legend by Campbell-Tipton, Prelude in G minor by Rachmaninoff, and Rhapsodie in G minor by Brahms. The final group played by Miss Stallings was Arabesque by Leschetzki, Burlesque by Corne, and Rondo capriccioso by Mendelssohn.

## OBITUARY

Mrs. Beulah Clara Rodgers was born February 18, 1885 in Cooke county. She was married December 24, 1905 to Pink Rodgers and moved to this county with her husband in December 1906. To this union were born five children, all of whom survive the mother.

Mrs. Rodgers died March 30, 1922, following an attack of flu and pneumonia. Funeral services were held at the family home March 31st at three o'clock conducted by Rev. J. T. Griswold, following which interment took place in the Citizens' Cemetery.

Mrs. Rodgers was converted and united with the Methodist Church when she was fourteen years of age, and her Godly life will always be a benediction to her husband and children.

Besides the husband and children, Mrs. Rodgers is survived by her father, J. R. Simmons, of Whitesboro; a brother J. C. Simmons, of Sayre, Oklahoma, and another brother, Nollie Simmons of this city.

The many friends extend condolence to the bereaved in their hour of mourning.

**DONLEY COUNTY MELON EXCHANGE NOW ASSURED**

Since a meeting of many water melon farmers of this county at the court house Saturday afternoon, an exchange for this county is assured. The plans for such an exchange were explained by R. S. Jordan, of McLean, a melon farmer and director of the Texas Farm Bureau melon farmers exchange for this district. Ninety-five per cent of the farmers present agreed to market their water-melons through this exchange, and as watermelons are perishable, it is felt that the exchange will be a valuable asset in handling the crop. Hedley also plans to form an exchange to be affiliated and co-operating with the local and other exchanges to be affiliated and co-operating with the local and other exchanges. Officers of the local exchange will be elected Saturday, April 22nd.

### How the Famous Disc Clutch of the Buick "Four" Proved Itself

The same design of disc clutch that was used in the powerful war tanks is likewise used in the Buick four. The Buick clutch under the most grueling conditions, has proved itself absolutely positive, dependable and easy to operate—a clutch that demonstrated the same certainty and safety for unforeseen emergency that it did for ordinary service.

This thoroughly trustworthy unit is a development of 20 years of consistent effort. It is typically representative of the standards governing the construction of the Buick Four throughout.

### SHRINE CEREMONIAL ACTIVITIES BEGIN

Preparations are well under way for the coming ceremonial of Khiva Temple, A. A. O. N. M. S., May 25, George Stapleton, recorder of the Temple announced Friday morning, and he declares that all indications point toward the biggest and most successful Shrine event ever staged in this section of the country.

The drum and bugle corps, which contributes largely to the success of the ceremonial events has been reorganized, and J. F. McClintock has been employed to instruct the class of buglers, while A. W. Ball will have charge of the drum section.

The patrol under the captaincy of Guy C. Saunders is working regularly to be ready for the ceremonial session, and E. R. Humphrey is rapidly putting the band in shape for the affair.

Capt. Barnard S. McMahan left Friday morning for Washington, D. C. to pilot the trans-continental Shrine motor caravan to Amarillo, and that party of Nobles of the order will arrive here to participate in Spring event.

A large class of novices is promised for the ceremonial, and the several Shrine Clubs in the Panhandle are hard at work, and it is said that many new and novel stunts will be introduced by the Clubs.—Amarillo Tribune.

### "GREAT IS DIANA OF THE EPHESIANS"

It's an old cry but it's up-to-date. It was an ancient subterfuge and is a modern camouflage.

The Leaders, the Baptist Standard—their personal organ, The Lariat—the organ of Baylor, are working over-time on the bug-bear that somebody is attacking Baylor. They are just having one nightmare and day horse after another.

Nobody is attacking Baylor. The thing that is hurting is that the light has been turned on the fact that an arch-Evolutionist was retained as dean for fifteen years and other Evolutionists are still there.

Stand up and fight like men. Don't whine around. Meet the isms squarely. "Shall Baylor be true to ideals of Carroll and Burleson or join the idols of Chicago University?"—Rev. Frank Norris in "The Searchlight."

### CHRISTY BROS.

Offering all that is new, novel and up-to-date in the presentation of trained animals performances, Christy Bros. Wild Animal Exposition will exhibit in Clarendon, Tuesday April 18, giving two performances only, afternoon at 2 and evening at 8 o'clock.

Hundred of wild and domestic animals all highly educated and finished actors presenting their performance with clock-like precision. Among the feature of the animals numbers are Christy Bros. \$10,000 group of performing, Black Maned African Lions. A group of performing Black Bears showing almost human intelligence in the presentation of their many displays. The World Famous Mixed group of performing Elephants, Zebras, horses and dogs, a combination never before successfully trained exhibited and the marvelous performance by pretty dancing ponies, beautiful High School and Manage Horses, Aerial Monkeys, Riding Dogs, goats and sheep are but a few of the many novelties offered.

For the kids, from six to sixty, Christy Bros. have mobilized all the nobility of Clarendon into one vast army of fun makers and the skits, sketches, and travesties offered by these famous groom chasers create an endless chain of real health giving laughter of the better sort. Scores of famous aerial stars present a series of daring and sensational revolutions in mid-air combined with the skillful performances of wire-walkers, acrobats and upside-down performers round out a program of sterling worth never before offered by any travelling organization. In addition to the wonderful acts and displays presented by the animals, that department offers a most complete study in Zoology which is a valuable asset to the children schooling and adults knowledge. Competent lecturers conduct personal tours through the animal department giving the history of each and every specimen and their habits. A monster free attraction takes place on the show grounds preceding the opening of the doors for both the afternoon and evening performances.

### THE SPIRIT OF ABRAHAM LINCOLN

WOODROW WILSON

By popular subscription, the log-cabin birthplace of Lincoln, on a farm near Hodgenville, Kentucky, has been enclosed in an imposing granite memorial building as a gift to the nation. President Wilson called upon to accept the memorial gave this impressive interpretation of it:

No more significant memorial could have been presented to the Nation than this which encloses the birthplace of Abraham Lincoln. It expresses so much of what is singular and noteworthy in the history of the country; it suggests so many of the things that we prize most highly in our life and in our system of government.

How eloquent this little house within shrine is of the vigor of democracy! There is nowhere in the land any home so remote, humble, that it may not contain the power of mind and heart and conscience to which nations yield and history submits its processes.

I have come here to-day not to utter a eulogy on Lincoln; he stands in need of none, but to endeavor to interpret the meaning of this gift to the Nation of the place of his birth and origin.

Is not this an altar upon which we may forever keep alive the ves-

tal fire of democracy as upon a shrine at which some of the deepest and most sacred hopes of mankind may from age to age be rekindled? For these hopes must certainly be rekindled, and only those who live can rekindle them.

The only stuff that can retain the life-giving heat is the stuff of living hearts. And the hopes of mankind cannot be kept alive by words merely, by constitutions and doctrines of right and codes of liberty. The object of democracy is to transmute these into the life and action of society, the self-denial and self-sacrifice of heroic men and women willing to make their lives an embodiment of right and service and enlightened purpose.

The commands of democracy are as imperative as its privileges and opportunities are wide and generous. Its compulsion is upon us. It will be great, and lift a great light for the guidance of the nations only if we are great and carry that light high for the guidance of our own feet.

We are not worthy to stand here unless we ourselves be in deed and in truth real democrats and servants of mankind, ready to give our very lives for the freedom and justice and spiritual exaltation of the great nation which shelters and nurtures us.

# TIME IS NOW SHORT

Hustle is the key that will unlock the treasure chest that is so filled with magnificent News Prizes, by far the most valuable and attractive ever offered by any newspaper in this section of the state in recognition of energy and activity. Never before has there been such a glittering array of gifts presented as in the New's Great Gift-Giving Campaign. And never were there such battles waged to win them. Present indications point to a hairbreadth finish, and while it is certain that the winning votes will run high, it is also reasonably sure that the big motor cars will be won by a very narrow margin.

COUNT YOUR VOTES—COUNT THE OTHER FELLOWS VOTES—THEN GO OUT AND HUSTLE FOR MORE VOTES—ALWAYS MORE VOTES. Many of those who apparently have no chance, if they be judged by their standing, promise to jump toward the last and send the too confident ones down to defeat. Overconfidence is the biggest handicap under which a candidate could labor. This unwelcome attribute causes more regret than anything else in a campaign of this sort. The only way to be sure of winning is to spend every minute possible scouring for subscriptions. Perseverance is the only living quality. And see what there is at the top for the plucky ones—a luxurious motor car, hundreds of dollars in gold—each the embodiment of refinement, of quality and general goodness. These prizes will make their owners proud. No luxury encompasses the delight of a motor car, and these particular models that are to be given away stand out in omnipresent splendor.

The big schedule of votes in effect this week and the 100,000 extra vote offer makes easy possible a rapid rise in votes. One candidate stated yesterday that she was making a thorough canvas of every subscriber she had previously secured, and thus far her returns have averaged better than 50 per cent.

Determined efforts are being brought into play to make an exhaustive "clean-up" of the territory. Candidates are darting hither and yon, ever in quest of votes. Make these days the most active of any that have gone, before, that Victory may Crown your efforts. The schedule points the way. The time is short—only two days till the close of the "Second Period"—yet any candidate can make themselves a winner in that time. And when the sun sets on the Final Day, then you can reflect contentedly that your work was a mighty effort, well put forth. This very week, this fateful period of two days, is a period filled with tremendous possibilities—time enough for anyone to make victory a certainty. Get started early tomorrow morning—keep going and finish the biggest, yet shortest, campaign ever inaugurated in Texas, with a finish that will do you justice and make you prosperous and happy.

Amarillo to bat, and the first man walked, while the second was out on a bunt, the following batter was out on a fly to short. Next batter was out on a fly to second. Jackson, of Clarendon fanned, O. Close out on hit to short. Hallmark was out on a weak pop up fly.

Amarillo's first batter was put out on a hit to second. The second struck out, the next one was out on a hit to third. Clarendon returned to bat, and Meads was out on a hit to first, Keener was out on a fly to short, Chief put out on a hit to short.

In the ninth inning Amarillo's first man struck out, the second when the latter fumbled the hit, and man made first on Hallmark's error, was slow in throwing first. Third batter was out on a fly to left field. The next batter was out on a hit to short. Clarendon came to bat, Wix Adams batted for Woods, but was put out on a short hit to third. G. Close was put out on a hit to second. Cook watched with his usual coolness, and walked. Jackson hit a long fly to center field, and Amarillo pulled a costly error in failing to hold the ball. Cook went to third, and the fielder attempted a throw to third, overthrowing the base, and Cook came home. Score 7-6 in Clarendon's favor.
