

FIRST PERIOD OF NEWS CONTEST IS NEARING CLOSE. NOW IS THE TIME TO SECURE BIG VOTE SCORE

TEN O'CLOCK SATURDAY NIGHT HAS BEEN SET AS THE LIMIT OF THE FIRST PERIOD. SUBSCRIPTIONS COUNT FOR MORE VOTES NOW THAN AT ANY TIME LATER. WORK NOW MEANS MUCH TOWARD FINAL SUCCESS.

They're on the home stretch! Candidates in the News automobile prize campaign have reached the turn, maneuvered themselves into position for the final go, and from now until the close of the first period 10:00 o'clock Saturday night, will be battling for supremacy under whip and spur.

Last chance for big votes. Ten o'clock next Saturday night is positively your last chance to enter subscriptions and secure the maximum number of votes on same. Never again after this time will it be possible to get the full voting power on subscriptions. This is final and fair warning. If you entertain any desire whatever of being declared the winner of one of these automobiles, to be awarded the coming month, do not fail to turn every available subscription to your account before the close of the "First Period."

Not to do so means that you will have to redouble your efforts during the remainder of the race to make up for lost ground. A few long-term subscriptions NOW may be the very ones needed to "cinch" the big prize; they could hardly help but win one of the major awards.

Speed Will Win. The crucial test is now at hand. If you ever intend to do anything BIG in this race DO IT NOW. Instead of being in second, third, fourth or fifth place GET UP AT THE TOP and stay there. Now is the time to make reasonably certain of the prize you most desire.

The Big Chance. The big chance to drive home a victory in the News' big \$4,000 race is stirring up a whirlwind of action hitherto unrecorded. Candidates are giving vigorous account of themselves with the result that vote scores are climbing up more rapidly than at any time since the race began.

It is quite evident that all aspirant realize that wholesome effort now will derive rich reward, for each and every combination of \$12 in subscriptions constitutes a club worth 100,000 extra votes.

"To Win Is Object". To win a luxurious automobile is the only object firmly fixed in the mind of every candidate. It will not be long now until one of these fortunate candidates will be gliding along in their fine new automobile—gift from the News in return for their ability to hustle.

Many other handsome awards will be forthcoming at the close of the race. Altogether a list of about \$4,000 in prizes will be distributed gratis among the lucky candidates—and the few days until the close will decide who they will be.

Interest Is Great. Out in the country the public mind

is largely centered on the outcome of the race. The same is true of the city. Nearly everyone has a favorable candidate who is pluckily striving to bring home honor to the many friends he or she represents as well as to gain personal reward. In some cases the entire neighborhood seems to have arisen to the occasion determined to see that their favorite comes out winner.

False Stories. It is no doubt natural with such an intense interest being shown in the great race, that some candidate would attempt to discourage others by circulating rumors more ingenious than accurate. One hears of immense vote reserves stored away to dump on participants at the time. But the tales one hears are so highly embellished with frills, so utterly inconceivable, that their untruthfulness is readily apparent. They are deserving of no more consideration and the wise candidate is too busy to listen to them.

The big feature of this club offer is the great number of second subscriptions that are coming in. A great many of the candidates report that they are meeting with unusual success inducing subscribers to extend their subscriptions, in many cases to a full two or five or six years.

No Switching. Candidates are warned that "switching subscriptions" will not be tolerated, and those who attempt to do so will probably have ample time when it is too late—to wish they had heeded the warning. Every single subscription turned into the campaign may be carefully verified by the score at the end and be sure of holding all your votes than to suffer forfeiture of just enough votes to keep you from winning a prize.

Another thing that candidates are careless in is the filling out of the stubs. Perhaps the name is left off, or the address or part of it with the result that the paper cannot be delivered. Fill out every line on the subscription stub—and write plainly.

Just Two Days Left. Just two days remain of the first period schedule. If you want to make certain of winning do everything possible in the way of securing subscriptions during these days. One club will accomplish wonders. But you are not limited to one club, if you can get two or three, or more. Every club means several hundred thousand votes.

Compare the vote standing today. Note the rapid increase and gains on every hand. Get busy. And your special attention is called too, to the thousands of votes to be secured by getting second payments on subscriptions that have

CLEAN UP WEEK WILL COMMENCE FIRST OF APRIL

MAYOR CAGLE DESIGNATES THE FIRST WEEK IN APRIL AS CLEAN UP TIME. HEALTH OFFICER TO INSPECT THE NEXT WEEK.

The first week in April has been designated by Mayor Cagle as the time for cleaning up the city of Clarendon. Not only the front yards and streets will be cleaned, but the alleys as well. By having a clean up at this time, all of the rubbish can be removed, and the space where the weeds grow worst will be open so that it will be comparatively easy to chop down the weeds as they spring up.

The week following the clean up campaign, the health officer will make an inspection tour of the city, and make recommendations that he sees fit. Clarendon has always taken hold in earnest whenever there has been a cleaning up; and perhaps there are more causes for cleaning up here than in many cities, due to the fact that a creek runs through the city. During the week wonders can be worked and Clarendon made, as we want to see it, the cleanest town in the Panhandle.

NEW ELECTRIC POT FOR LINTYPE IN OPERATION THIS WEEK

The News this week is operating the new electric pot for the lintype which was recently received and installed last Friday. The new improvement has many advantages over the old pot which was operated by a gasoline pressure burner. Everyone has more or less idea of the operation of the lintype; a simple explanation would be that it sets our type. In reality it arranges the line of mats as the operator strikes the keyboard, and against these mats molten metal is forced, thus casting a whole line of type at a time.

The former burner was operated from a gasoline pressure tank, and this is always more or less unsatisfactory; for not only must the pressure be maintained close to a certain figure, but every once in a while the burner will go out, and there is the trouble of "generating" and lighting up again. But with the new electric pot, all that has to be done is snap an electric switch just as if turning on a light, and the ingenious mechanism does the rest. When the metal has been melted and brought to a certain temperature, the burner automatically cuts off; then when the temperature of the metal begins to fall, the automatic device turns on the burner again, and keeps the metal hot enough for casting.

Yes, the country newspaper must have good equipment as well as the dailies, if it would stay abreast of the times. And the idea of the News in installing the first class equipment is to give the best service possible to all of its patronage.

B. Y. P. U. HAS SUCCESSFUL SOCIAL

An enjoyable social was given by the B. Y. P. U. in the basement of the Baptist church Friday evening. The affair was a measuring party, and each one who entered paid according to his height. Although the evening was rainy, a good sized audience was present, and the Union cleared a nice sum of money anyway.

been secured in this election. This week, then, is the time to "dig in" and gather votes while they are plentiful because of the vote efforts. The six years subscriptions which count 150,000 votes together with the one club, which counts 100,000 will be the means of many candidates coming from low to high positions on the list and will be the opportunity of inspiring men and women to go over the top in a few days.

CONGRESSMAN SUCCUMBS AT WICHITA FALLS

LUCIAN W. PARRISH DIES OF INJURIES RECEIVED IN AUTO ACCIDENT NEAR ROBY WHILE TOURING COUNTRY CAMPAIGNING.

Wichita Falls, Texas, March 27.—After a gallant fight against overwhelming odds, Congressman Lucian Walton Parrish, of Henrietta, candidate for the United States Senate, died at a local hospital at 9:50 o'clock tonight as the result of injuries sustained in an automobile accident near Roby on March 15.

Congressman Parrish was a candidate for the democratic nomination to the United States Senate and was on a campaign speaking tour when an automobile containing him and a companion went off a bridge. Congressman Parrish suffered a fractured jaw in addition to other injuries. He was brought to a hospital here where attending physicians did not regard his condition as serious. For

several days he showed marked improvement, but later his condition was complicated by cerebral meningitis. He then became gradually weaker until his death tonight.

Mr. Parrish was a native of Grayson County, Texas, having been born at Van Alstyne, January 10, 1878. He acquired his education in the public schools of Joy, Texas, later attending the Bowie Public Schools and Denton State Normal, and finishing with a seven-year course at the University of Texas, taking the degrees of bachelor of arts, master of arts and bachelor of laws. He paid for his education by his own labor.

He was exceptionally active at the University serving as president of the students association, captain of the football and track teams, and participating in oratorical and debating activities. He was at one time champion hammer thrower of the South.

For ten years he was engaged in the practice of law at Henrietta, his home being at that place at the time of his death.

VALUABLE CONTRIBUTION TO COLLEGE LIBRARY

R. J. Dillard and his sister have made a valuable addition to the College Library by contributing a complete set of "The Confederate Veterans" the publication of which magazine commenced in 1878. Through these periodicals a flood of light is thrown on the condition of the South, and the history department of the college is very grateful for the gift. The senior history class under the guidance of Dean Condon has prepared an excellent index to the set.

MISS BEVILLE APPEARS IN SENIOR EXPRESSION RECITAL AT SOUTHWESTERN

Miss D'Laural Beville, daughter of A. M. Beville of this city, appeared in her senior recital in expression Monday evening the 13th of this month. Miss Beville was reared in this city, and was known widely here as a reader par excellence. The following clipping from the Megaphone, the college paper for Southwestern University, gives the account of Miss Beville's recital. Mr. and Mrs. Harwood Beville, of this city, were in attendance that evening.

The third senior expression recital was given in the University auditorium Monday evening, March 13th, when Miss D'Laural Beville presented Ibsen's "A Doll House." Recently Miss Beville appeared as the manufacturer in "The Maker of Dreams," and because of her excellent work in this little fantasy, there was an air of unusual expectancy in the audience when the reader, clad in a salmon pink dress with accessories of blue and silver, stepped upon the platform.

Though the selection was a difficult one for impersonation, it was chosen with great care, and the arrangement was the result of the reader's own study. Her interpretation was splendid for a student who has made no definite study of Ibsen and one who has had a limited experience in platform art. Her technique was very good, her voice responsive to her feelings and her pantomime subtle and suggestive. She showed deep imaginative insight and true dramatic power to identify herself sympathetically with her situations.

Miss Beville did her best work in the portrayal of Nora, the doll-wife, who knew so little of the responsibilities of life. Perhaps the most delightful part of the program was the scene with Nora and her little dolly children which showed the reader's spontaneity. Miss Beville showed marked ability in the impersonation of Nora as she developed from the doll-wife to a woman with a woman's responsibilities. The reader was forgotten and the audience lived with Nora through her scenes of joy, doubt despondency, anxiety, and triumph. Though Nora was constantly developing and becoming a different woman in her thinking and her attitude toward life, and the reader in this role had to meet new and varied situations, she never once

WIT AND REPAR- TEE FEATURE LUNCHEON TUES.

FINE ATTENDANCE AT TUESDAY'S LUNCHEON ENJOY GOOD STORIES BY VISITORS AND MEMBERS—NEW FACES NOTED.

The regular weekly luncheon held Tuesday at the White House was one of the best attended and most jovial affairs recently enjoyed by the membership. A number of guests were present and in one or two instances local men made their first appearance at the feast.

Secretary McCordell called the big crowd's attention from the excellent menu to the guests by introducing Rev. H. B. Watts pastor of the Methodist Church at Lockney who is here this week conducting a revival at Clarendon College. Rev. Mr. Watts is a young man full of energy and "pep", therefore he responded in a vein highly pleasing to the festive attendance, praised our city and the spirit of her citizenship and told the first of witty stories that featured the talks of all who followed.

Others called on were Mr. Morris who is here conducting the song service in the John W. Tyndall revival which began at the First Christian Church Tuesday evening. Mr. Morris is a very young man in his profession and proved himself as good a story teller as he is a leader of gospel song.

Jas Trent, owner of the Clarendon Ice Plant, brought prolonged cheers from the attendance when he announced the reduction of twelve and a half percent in ice prices for this coming season. Tom F. Connally made a facetious reference to a certain local condition that set the house laughing as the point was so obvious that it "stuck out like a sore thumb." O. C. Watson also made a typical talk which was well received by the hearers.

Adjournment came without any attempt on the part of anyone to inject any moot question. It was a pleasurable affair.

SUNDAY SCHOOL PARTY

A delightful social gathering was the class party given by the social committee of Mrs. Burton's Sunday school class on the afternoon of March 23rd, in the ladies' parlor, which is their class room. Quite a number of the women of the class were unable to come for various reasons, but a large number were present and all thoroughly enjoyed the opportunity to come together in a social way. Besides the members of the class a few invited guests were present. The social committee consisting of Mrs. L. C. Parker, Mrs. H. Lott, Mrs. Will Lott, Mrs. B. B. Hudgins with Mrs. A. C. Carter as chairman, served refreshments which were a delight to the eye and a still greater delight to the palate.

The entire occasion was exceedingly pleasant and the social committee promise many more good times in the future.

MUCH INTEREST IN INTERSCHOL- -ASTIC LEAGUE

PUPILS OF THE CITY PUBLIC SCHOOLS ENTER THE CONTESTS WITH ENTHUSIASM. MANY PRIZES DISTRIBUTED AMONG WINNERS.

Winners in try-out for City schools are announced.

Organizations and public spirited citizens of Clarendon have added greatly to the interest in the declamation, spelling, and debating contests held in our public schools during the past week by offering medals and cash prizes for winners of first, second and third places in the different contests. This interest was shown by the fact that there were probably more entries in the different contests than ever before, there being 56 entries in the senior declamation contest alone. Every boy and every girl in the high school who did not enter the debating contest learned a declamation on "Americanization" and delivered this declamation either in chapel before the entire high school student body, or else before the room in which the pupil is enrolled. As a result strong competition was developed in the contests for the different prizes, and every student in the high school and the vast majority of those in the grades have been greatly benefitted by actually taking part in the interscholastic League work.

The winners of the various prizes, the amount of the different prizes, and the names of the persons or organizations offering the prizes are as follows:

Boys' Debate—1st prize, \$3.00, offered by school board, winner James Patman. 2nd prize, \$2.00, offered by school board, winner Stephen Russell. 3rd prize, \$1.00, offered by school board, winner Richard Bell.

Girls' Debate—1st prize \$3.00, offered by Parent-Teachers Association, winner Etta Mae Bryan. 2nd prize \$2.00 offered by Parent-Teachers Association, winner Mary Lou Baldwin. 3rd prize \$1.00, offered by Parent-Teachers Association, winner Lucy Noble.

Boys' Senior Declamation: 1st prize—Gold Medal offered by American Legion, winner David Allison.

2nd prize—offered by High School Literary Society, winner Howard Crawford.

3rd prize—\$1.00 offered by Clarendon High School Literary Society, winner C. W. Ratliff.

Senior Girls' Declamation: 1st prize—Gold Medal offered by the American Legion, winner Fannie Florence Sims.

2nd prize—\$2.00, offered by John Martin, winner Thelma Parsons.

3rd prize—\$1.00, offered by High School Literary Society, winner Cornelia Ratliff.

Junior Boys' Declamation: 1st prize—gold medal, offered by American Legion, winner Bob Donnell.

VETERAN OF CAMP BOWIE DEFEATED IN FIGHT HERE

"Poncho," the well known mascot of Company H, 142nd Infantry in the Great War, a bulldog who had a reputation for putting men up telephone poles and other like places of safety, lost his reputation and, perhaps, a part of his prowess here Saturday morning when he started a scrap with a large pussy cat belonging to George Reed. The fight commenced in front of Caraway's Restaurant and continued across Kearney Street almost to the Palace Confectionery, when a third party of the canine tribe intervened making it necessary for pussy to seek safety up a telephone post. Eye witnesses state that Poncho made some unkind remark to Pussy, and she replied him never a word but seized the stubby continuation of his vertebrae with her claws. Poncho then let out a death yell and started for different headquarters seeking safety. Pussy got close enough once in a while to lay claws to Poncho, and again a yelp announced that the fun was drawn to an end when another dog came to Poncho's rescue; but, nevertheless a sensation was created, and several inquirers have as yet been unable to ascertain what George Reed feeds his cats.

WICHITA FALLS RECORD—NEWS PRAISES DONLEY CO. FOR DIVERSIFICATION

Monday's Wichita Falls Record-News quotes from The Clarendon News and comments as follows:

"Donley county is not found in Babson's, 'depressed belt.' Donley is away out in the Panhandle country and the editor of the Clarendon News is very optimistic over business conditions and agricultural prospects this season. Bank deposits of Clarendon, he says, amount to more than a million, a substantial increase in deposits is shown since the first of the year and loans are not much larger than at that time. But let him tell the story: 'That the statement of many business men that 1922 has a solid foundation for prosperity are true seems to be proved from the statements of the banks of this city made at the call March 10th, which statements show that more than a million dollars subject to individual check are in the banks, and the other deposits bring the total above eleven hundred thousand. Another remarkable feature about these statements is the fact that the loans have not been increased a great deal since that time. It will be interesting also to note that the deposits at this call amount to practically one hundred and fifty thousand dollars more than at the call March 1st last year. The individual deposits subject to check today are \$1,049,606. Added to these are more than \$47,000 in the various other channels of deposits. With every indication proving that 1922 is on a solid business foundation, the optimists are expecting a wonderful year, while the pessimists confess that the outlook is not nearly so dark as they declared at first.' Donley county has progressive stockmen and farmers; up-to-date swine breeders and poultry and eggs producers. They are diversifiers. They feed themselves and have a surplus to sell. They do not subsist on canned goods, canned milk, corn from Kansas and bacon from Missouri. They were not educated to be one-crop farmers and that crop cotton.'

Clarendon is one of the most progressive towns in this section; especially is this true of her press bureau, which furnishes frequent and interesting items for the daily press. One of the most recent of these appears under the caption, 'New Clarendon Gin To Be Started Soon.' Most correspondents would have been contented to have their gins start next fall; but the Clarendon correspondent is not of the ordinary non-enterprising sort, he brooks no delay. He does not propose to have a new cotton gin standing around idle all summer when it would just as well be at work furnishing news items with a Clarendon date line.—Memphis Democrat.

Anytime you birds, up and down the Denver, think you can put 'one over on Clarendon' when it comes to the publicity game, you'll have to get up early. Only Sunday the Fort Worth Star-Telegram made our total deposits read \$1,490,000,000 instead of \$1,490,000 as it should have been stated. In other words, they gave Clarendon more deposits than all the leading cities of Texas combined so The News is expecting the would-be Ponzies of the nation to drop off here in relays for the next few weeks. It's fine to be favored of the Lord—even the mistakes happen in our favor.

YOU'RE TELLING WHAT THE CHAMBER OF COMMERCE OUGHT TO DO."

Very likely one hears such expression more often than any other unless it is, "Why doesn't the Chamber of Commerce do so and so?" or "Why haven't they done this or that thing?" These questions are never asked by the active members or officers who attend the meetings and luncheons enough to keep in touch with the workings of the Chamber and really know what their organization is.

YOU are the Chamber of Commerce. Every member of the Chamber IS the Chamber of Commerce. If you doubt the efficiency of your organization it is because the individual members have not demonstrated the work of THEIR organization.

EVERY MEMBER should remember that HE is the Chamber of Commerce and if the organization is not doing what he thinks should be done, it is because he is falling in exactly the same respect he accused the organization of failing.

ELECTION ORDINANCE NOTICE OF ELECTION

WHEREAS, the City Commission of the City of Clarendon deems it advisable to issue bonds of the said City, for the purpose hereinafter mentioned:

THEREFORE BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF CLARENDON, TEXAS, that an election be held on the 11th day of April, 1922, at which election the following proposition shall be submitted:

"Shall the City Commission of the City of Clarendon, Texas, be authorized to issue the bonds of said City of Clarendon, in the sum of seventy-five thousand (\$75,000.00) Dollars, payable serially, ten to forty years from the date thereof, with the option of redemption at any time after ten years from their date, bearing interest at the rate of six percent per annum, the interest payable semiannually, and to levy a tax sufficient to pay the interest on said bonds and create a sinking fund sufficient to redeem them at maturity, for the purpose of water works improvement in the City of Clarendon, as authorized by Chapter 1, Title 18, RS 1911, and Article 882 RS 1911, and the Constitution and laws of the State of Texas."

The said election shall be held at the Mayor's office in the City of Clarendon, and the following named persons are hereby appointed managers of said election, to wit:

W. T. Clifford.
The said election shall be held under the provisions of the said Chapter 1, Title 18, RS 1911, and Article 882, RS 1911, and the Constitution and Laws of the State of Texas, and only qualified voters who are property tax payers of said city shall be allowed to vote.
All voters who favor the proposition to issue the bonds shall have written or printed upon their ballot the words: "For the issuance of bonds."

And those opposed shall have written or printed upon their ballot the words: "Against the issuance of bonds."
The manner of holding said election shall be governed by the Laws of the State, regulating general elections.

A copy of this order signed by the Mayor of the City of Clarendon, attested by the City Secretary of said City, shall serve as a proper notice of said election.

The Mayor is authorized and directed to cause said notice of the election to be posted up at the City Hall and at one public place in each of the voting places of the City of Clarendon, for at least thirty full days prior to the date of said election.

The Mayor is further authorized and directed to have said notice of election published in some newspaper of general circulation, published in said City, and which notice shall be published once each week for four weeks, the date of first publication being not less than thirty full days prior to the date of the election.

A. W. McLean, Mayor of the City of Clarendon, Texas.

Attest:
Maude Clark Nelson, City Secretary.

WHAT THE PANHANDLE IS DOING TODAY AS TOLD BY THE VARIOUS EXCHANGES OVER THIS COUNTRY

A REMARKABLE FEATURE OF THE NEWS IS THAT MUCH BUILDING AND PUBLIC IMPROVING IS BEING DONE. OLD MAN PESSIMIST HAS BEEN FORCED TO SURRENDER THE FIELD AND ADMIT THAT 1922 IS A GOOD YEAR.

MEMPHIS PLANS TO PAVE MAIN STREETS
 Memphis, March 27.—Petitions for paving the entire business section of Memphis have been presented to the city council, and an election will be arranged right away. The city has recently sold the municipal light plant, and its funds are proposed to be used in connection with the paving.

THE WOLF HUNT
 The wolf hunt on Tuesday was an unqualified success. As a result of the drive seven coyotes were killed at the round-up, and three others were accounted for before the round-up section was reached. In addition, a large number of jack rabbits were put out of the way, and taken as whole, everybody concerned was very well satisfied.

The benefit to the farmer and stockman cannot be estimated. The amount of mischief those dead pests would have done is beyond calculation, but it would have been very great.—Higgins News.

BRISCOE TO ERECT A NEW COURTHOUSE
 Silvertown, March 24.—The Commissioner's Court of Briscoe County, has voted to build a new courthouse at Silvertown, the county seat. Several representatives of construction firms are meeting with the commissioner's court this week.

Silvertown, the county seat is an old town. The old courthouse is a light frame structure, and a building of a new modern building will contribute to the building of several brick mercantile buildings it is thought.

It is the intentions of the commissioner's court to get the courthouse built as soon as possible. Warrants will be issued to raise the necessary money.

MILHOLLAND CALLED TO CHURCH OF CHRIST
 Charles W. Milholland, has been called to the pastorate of the local Church of Christ and has accepted the work for half time. He will continue half time at Clarendon

and half time here until school is out and he can move his family to Vernon.

Elder Milholland is one of the strongest preachers in the denomination in Texas and the local church is very fortunate in securing him. He has a reputation for being a good church builder and the local congregation are hoping to be able to erect a new house of worship under his leadership.—Vernon Times.

GIVEN TWO YEARS IN PEN
 In district court at Floydada last week J. W. Howell was tried on a grand jury indictment, charging him with burning the barn of Morgan Lawson, about 14 miles north of Lockney, in December 1920, and given two years in the penitentiary.

Howell was a renter on Lawson's place. The fire occurred the last day of December while the family was absent they being in Lockney. The loss to Mr. Lawson was considerable, running into the thousands of dollars. A Fordson tractor was lost, a fine jack was burned, together with something like a thousand bushels of grain. The barn was a large one, and had been erected at considerable expense to Mr. Lawson.—Lockney Beacon.

BLEDSOE WELL IS NOW MORE THAN 4,000 FEET DEEP
 The Bledsoe Oil and Gas Co.'s well has been shut down for the last two days awaiting a few feet of new cable to splice the one now in use at the well. The well is now about forty-one hundred feet deep and the one that has been in use was getting too short for the depth of the well, and to guard against more trouble the drillers thought best to add a new section.

The formation they are now in is still looking good and very promising to the company. The report is that they are a hard lime formation with considerable oil showing, and if this continues oil may be struck at any time.—Lubbock Avalanche.

BIG BUILDERS' STORE UNDER WAY
 Ground was broken Monday morning for the new builders' store of the Panhandle Lumber Company, corner Sixth and Tyler Streets. This building, the first of its kind in this section of the southwest, promises to fulfill a long felt want in the territory.

John E. Hill, vice president and general manager for the Panhandle Lumber Company states that the building at the corner of Sixth and Tyler Streets will be finished and stocked within the shortest possible time, and that it will be unlike anything else in all this part of the country.—Amarillo News.

MEXIA OIL MAGNATE IS INTERESTED HERE
 Col. E. A. Humphreys, well known operator in the Mexia oil fields, has acquired a large acreage in the Panhandle field, the leases being located near the H. T. McGee & Company well, north of the Burk-Burnett tract in Carson county. The holdings of the Mexia oil man are of the Smith-Capers leases, it is reported. The amount of acreage secured by the Mexia man is not announced.

Colony Humphreys is one of the best known oil men operating in the Texas field, and the local oil fraternity is of the opinion that his activity in this field is suggestive of immediate development.—Amarillo Tribune.

CONDITIONS IN NEW MEXICO
 The Dallas News of March 21 contained the following interview:

"S. A. Jones, a banker of Clovis, N. M., has been in Dallas several days. 'Out in New Mexico the long drought has been broken and everything is promising well for the new year,' Mr. Jones said. 'Ranchmen and cattlemen are finding it easier to liquidate some old debts, for cattle and sheep and wool are having much better demand. That means that much more ready money is in our territory. The depression has taught us all a lesson and we will not soon be caught with too great expectations and not sufficient protection. Breeding of high-grade cattle and sheep and producing farm crops are prevailing now with us, as in the Texas Panhandle.'"

BAPTIST SANITARIUM AT ABILENE

Contract for the construction of the first unit of the West Texas Baptist Memorial Sanitarium, to be erected on a tract of land donated by C. M. Caldwell of Breckenridge near Simmons College was awarded to Walsh & Burney, local contractors, by the committee appointed for that purpose Monday night. Consideration of the five bids submitted began at 1:30 o'clock Monday and was finished at a late hour Monday night.

The contract calls for the completion of the building in eighteen months. The cost of the building without furniture is given at \$150,000. The building will face south and will contain 100 beds for patients. The unit for which contract was let Monday will be three stories in height and will be modern in every sense of the word.—Taylor Times.

CICERO SMITH BUYS LOCAL McADAMS LBR. YARD
 Messrs. Lee Johnson and J. R. Logan, officials of the Cicero Smith Lumber Co., with headquarters in Ft. Worth, Texas are here this week for the purpose of closing a deal whereby the Cicero Smith company becomes the owner of the G. A. McAdam's Lumber Co.'s yard in Tahoka, and also at Lamesa and O'Donnell.

Mr. Sherman, who has held the position as manager for the McAdams company, will continue to have charge of the yard here.—Lynn Co. News (Tahoka.)

KLAN PARADE CREATES STIR AT PLAINVIEW

Plainview, Texas, March 26.—Speeches of protest against a parade here Saturday night of hooded figures wearing regalia of Knights of the Ku Klux Klan were made at a mass meeting of citizens today. H. S. Hilburn, captain in the world war, was made chairman of the meeting at which about 700 citizens were present. City and county officers declared at the meeting that they had no knowledge that the parade was to be held until the line of march was formed and that they then made no

effort to prevent it. Several shots were fired in the air during the parade, but there was no disorder.

District Judge R. C. Joiner was among the ten or more speakers at the mass meeting. Resolutions were adopted recommending that a committee be appointed to obtain prosecution of the paraders.

KELL MILLING COMPANY RUNNING NIGHT AND DAY

The Kell Mill is being run night and day now. This is due to the fact that increased orders are being received by the company and they are also running two shifts in order to help out with the labor situation in Vernon and give more men employment.—Vernon Times.

DIVIDENDS MEAN SUCCESS

What object has the railroad in coming through Texas, this county or going any where? Do your banks, stores and different kinds of business operate solely for your benefit?

All the large enterprises operating in the United States are operating for what? To produce good dividends to the stockholders on the capital invested. So, conservative business of all kinds are being run for the same purpose. We are all after the dividends, and as our money is safely invested so we will receive our dividends.

If we improve our city, our roads and our homes, we are taking care of our investments, and are going to earn the dividends.

If we wish our county and city to earn dividends, how are we going to bring it about? If we wish to sell a piece of property, an automobile, or anything worth while, you try to have it look attractive to the public. A salesman calling on a merchant must carry attractive samples. Banks everywhere are improving their buildings merchants change their window displays, and keep their stores orderly, and why? An attractive store of any kind attracts the public, and all business who earns dividends must be kept so. Some will say, "It can't help me."

We will consider your opinion. What was land in Donley County selling for in 1900, and what was the price of your home in 1910? What is the same home or land worth in 1922? Would your land be worth one dollar more to-day if the population was the same as in 1900? If homes had not been built, no, sod broken, and the railroad not running through this county, would your land be worth what it is to-day? You can go in Texas to-day, in counties off the railroad and buy good land for less than one-third of what you can buy land for near this city, and yet you want to say, all the improvements in this county, the increase in population and with the railroad running through they are not the reasons you are earning the dividends.

Take our city, is not every vacant lot, home or business house worth more, even at a forced sale if the city is improved as it should be? It is just essential for the citizen to keep the home they live in, attractive, as it is for the same person to at least take a bath once a week. If it is essential for the personal health is it less more for every citizen in the town to strive in every way to make his home town attractive in every way as any place the same size?

And if we do not, our city is not earning the dividends it should be to every owner in this city and dividends are not always in actual cash they are represented in various ways.

If we are to progress with the times, we must move along with the rest of the world. If Donley county is to earn the dividends, due it for 1922, it will depend on the citizens. Chamber of Commerce, A. N. McCardell, Mgr.

G. M. ALLEN ENTERS RACE FOR COMMISSIONER PREC. 2

G. M. Allen this week authorizes the News to announce his candidacy for the office of County Commissioner from Precinct 2. Mr. Allen has lived in this precinct for ten years, and has been a successful farmer. During this time he has come to know a great deal of the needs of the county as well as the precinct; and he is for the progress of Donley county, in whatever form the opportunity presents itself. He promises his best effort, should he be elected, to give his constituents a business administration. His candidacy is subject to the action of the Democratic Primary in July.

DO NOT TOP LOCUST TREES

If we wish a locust tree to thrive and make a pretty shade, do not, under any circumstances allow anyone to top it. A locust tree that has been topped will never put on a strong joint and is easily torn to pieces by a wind. Not only this, but when you top one of these trees in this section of the country you shorten its life many, many years. If the tree is growing too large, cut the shoots or switches back with a long handled pruning shears, but never cut the main trunk of the tree.

In pruning the tree, cut the dead wood out, also any branch that interferes with any other branch. These must be cut off as close as possible, so as not to leave a stub. Painting or white washing these wounds has been found to be of very little value.

Roy W. Hendrix, County Agent.

ABRAHAM LINCOLN

RALPH WALDO EMERSON

President Lincoln stood before us as a man of the people. He was thoroughly American, had never crossed the sea, had never been spoiled by English insularity or French dissipation; a quite native, aboriginal man, as an acorn from the oak; no aping of foreigners, no frivolous accomplishments, Kentuckian born, working on a farm, a flatboatman, a captain in the Black Hawk War, a country lawyer, a representative in the rural legislature of Illinois—on such modest foundations the broad structure of his fame was laid. How slowly, and yet by happily prepared steps, he came to his place.

A plain man of the people, he offered no shining qualities at the first encounter he did not offend by superiority. He had a face and manner which disarmed suspicion, which inspired confidence, which confirmed good will. Then, he had what farmers call a long head; was excellent in working out the sum for himself in arguing his case and convincing you fairly and firmly. He was a great worker; had prodigious faculty of performance; worked easily. A good worker is so rare; everybody had some disabling quality. In a host of young men that start together and promise so many brilliant leaders for the next age, each fails on trial; one by bad health, one by conceit, or by love of pleasure, or

lethargy, or an urge temper—each has some disqualifying fault that throws him out of the career. But this man was sound to the core, cheerful, persistent, all right for labor and liked nothing so well.

Then, he had a vast good-nature, which made him tolerant and accessible to all; fair-minded, leaning to the claim of the petitioner; affable, and not sensible to the affliction which the innumerable visits paid to him when President would have brought to any one else.

Then, what an occasion was the whirlwind of the war. Here was place for no holiday magistrate, no fairweather sailor; the new pilot was hurried to the helm in a tornado.

In four years—four years of battle days—his endurance, his fertility of resources, his magnanimity, were sorely tried and never found wanting. There by his courage, his justice, his even temper, his fertile counsel, his humanity, he stood a heroic figure in the center of a heroic epoch. He is the true history of the American people of his time. Step by step he walked before them; slow with their slowness, quickening his march by theirs, the true representative of this continent; an entirely public man; father of his country, the pulse of twenty millions throbbing in his heart, the thought of their minds articulated by his tongue.

RATCLIFF RETURNS FROM STATE I. O. F. ENCAMPMENT

R. W. Ratcliff returned from San Antonio where he attended the state Encampment of the I. O. F. which took place at San Antonio from the 26th to the 23rd of this month. Mr. Ratcliff says that the work was excellent with something like three thousand delegates present. As well as getting excellent practice in the secret work of the fraternity, Mr. Ratcliff met several old friends. Next year's meeting will be at Dallas.

Music for the occasion was furnished by the boys band and the girls orchestra from the State I. O. F. home at Corsicana, and when the parade took place, it was the same band that led the parade. Mr. Ratcliff will be much better prepared to assist with the work here since his trip to San Antonio.

W. H. Patrick returned Friday from Pueblo Colorado where he was called by the color of a friend.

BUICK FIRST AGAIN IN YELLOWSTONE PARK

Each year since Yellowstone Park was opened to automobile travel by the U. S. Government, more Buicks have made this difficult trip than any other car excepting Ford. The figures for 1921, just announced, show 1871 Buicks passed through the Park during that season, 412 more than any other make.

The Yellowstone Park tour calls for every ounce of car performance—miles away from service for days at a time—the car must never fail. And that is why each year an increasing number of Park tourists depend on Buick.

Buick cars measure up to Buick reputation.

GET BUSY NOW AND WIN

If you really KNEW you could own one of the handsome big prizes which The News will award next month, you would pull off your coat, roll up your sleeves and hustle day and night, wouldn't you? But when you have an equal chance with the others to win one of them, you hesitate to get busy. Why is it? "Self reliance" is all you need. It is what is keeping you from being a motor car owner right this minute. If you had just one ounce of it, some terrible misfortune only could keep you out of this election. This is an American campaign, filled with typical Americans like—such as hustle, chance, opportunity, speed, luxury—everything combined in a manner to make it exhilarating and worth while.

LAST CALL

ONLY TWO MORE DAYS

Only two more days—count 'em. Just a few more days left in which to secure "First Period" Votes in The Clarendon News' \$4,000 campaign: just a few more days in which to redeem all promises—and to garner enough votes and subscriptions to "cinch" the prize you desire. Your last chance for Big Votes. Never again during the campaign will it be possible to secure so many votes on subscriptions as between now and 10 o'clock Saturday night, April 1st. To hold back subscriptions or to rely on "promises" to subscribe at a later date simply means that you will have to take less votes on such subscriptions. We are putting it up to you squarely. If you entertain any idea of winning the big prize you cannot possibly afford to let this "period" pass without having done your best. Hard work NOW will count more than all the regrets in the world after the race is over.

LELIA LAKE EPWORTH LEAGUE ENTERTAINS AT SCHOOL AUDITORIUM

Despite the rainstorm that came just after sunset thirty guests enjoyed a delicious three course banquet given by the Epworth League in the Lelia Lake school auditorium Friday evening, March 24.

Each arrival was presented with a small Maltese Cross in white and gold, the numbers thereon corresponding to those on the place cards of similar design. By an unusually happy arrangement of rugs, tables, chairs and potted plants the decorating committee had managed to give one side of the auditorium the air of a homelike sitting room while the well appointed dining tables graced the other side. The color scheme was further emphasized by a canopy of white and gold crepe paper streamers radiating from a large league emblem suspended from the center of the room. Miss Imogene Barrett and Mrs. Herbert Warner favored the company with violin and piano selections between courses. S. H. Condon of Clarendon College, speaker of the occasion, gave an interesting and inspiring talk on the functions of the Epworth League in the spiritual development of the young people.

All spent a most delightful evening. Many expressions of appreciation were heard on every side.

A Guest.

DONLEY COUNTY WILL RAISE WHITE CLOVER

Donley County was represented at the Texas Farm Bureau Watermelon Association by W. T. McBride of Lelia Lake. Donley County will increase its acreage in melons this year, and will market through the association.

The farmers are planting white clover in large quantities this year. This will be practically a new crop for this territory.

The hog raisers find by planting the grain sorghum seven feet apart and planting beans and peas between the rows gives them an increased feed crop, and at the same time, prevents the land from blowing. This idea will be carried out by many farmers in this locality.

Several cars of chickens have been shipped out of the county from Clarendon and Hedley and with the increased interest in standard poultry will mean much new money for Donley County this year.

JUST FOR A FEW DAYS AT A BARGAIN—For the next few days we are in position to sell at a wonderful bargain SEVEN GOOD FARMS, ranging from 80 to 320 acres. Also three residences in Clarendon. Might take some trade, if you have something good and unincumbered. See RYAN BROS., for quick action. (13c)

The Clarendon Shrine Club baseball team is being mustered into service and games will soon be arranged with other Shrine Clubs of this territory.

W. J. FLESHER OUT AS CANDIDATE FOR DISTRICT ATTORNEY

W. J. Flesher of Canyon has authorized the News to make the announcement of his candidacy for the office of District Attorney of the 47th Judicial District, subject to the Democratic primary on July 22, 1922. This district is composed of Randall, Potter, Armstrong and Donley counties.

Mr. Flesher has been a practicing attorney in Canyon for twelve years. During that time he served as county attorney, and was very successful in handling the business of this office. As county attorney he became acquainted with the duties that devolved upon the district attorney, as he helped materially with the work in the grand jury room, and in prosecution of criminal cases.

During the last term of district court in Randall county, Mr. Flesher was appointed district attorney by Judge Henry S. Bishop owing to the illness of district attorney W. H. Childers. It is a signal fact that Mr. Flesher obtained a conviction of every criminal case tried during the term. His work was highly complimented by the grand jury, other court officials, members of the different juries, and these citizens who had occasion to be in the court house during the trial of criminal cases.

Mr. Flesher has the unanimous endorsement of the business men of Canyon.

This is the first time in the history of this judicial district that an attorney outside of Amarillo has announced for a district office. Mr. Flesher has been strongly endorsed by the Amarillo attorneys, and attorneys in the other counties of this

district, and if elected he is qualified to make the district an excellent official.

CLEAN UP WEEK

We desire to name the first week in April 1922 as clean up week. We hope that all the people of our city will take a personal interest in this work and make Clarendon, Texas the cleanest city in the great Panhandle. The city will be inspected by the health officer about the second week in April. (13c) W. P. Cagle, Mayor.

(Continued from page 1) MISS BEVILLE APPEARS IN EXPRESSION RECITAL

lost the identity of her character. Dr. Rank, Torvald Helmer, Krogstad, and Mrs. Linden furnished excellent character work for Miss Beville and revealed in a marked degree her versatility as an impersonator. Her work was characterized by exquisite taste and true imaginative, and dramatic instinct. She showed a deep insight into the thoughts and feelings she portrayed, and her interpretation had a sympathy and naturalness that was charming.

Miss Irene Saathoff, Southwestern's most popular student violinist, delighted the audience with two beautiful solos "Romance" by Ogarew and "Cradle Song" by Brahm. She was accompanied by Miss Mary Margaret Goepfinger.

The stage was artistically decorated with palms, ferns and cut flowers.
