

COUNTY HOME DEMONSTRATOR IS REALIZING FINE RESULTS FROM WORK THROUGHOUT THIS COUNTY

REPORT OF MISS TRULIE RICHMOND TO HEADQUARTERS SHOWS THE ATTENDANCE AT WOMENS AND GIRLS CLUBS REACHED A GRAND TOTAL OF 515 IN ONE MONTH. SEVENTEEN COMMUNITIES INTERESTED IN WORK.

The success that Miss Trulie Richmond, Donley county's home demonstrator, is realizing in her work is readily seen from the examination of an average month's report. Since her coming to this county last fall, she has so re-organized the work that the club work is on the most effective basis that it has ever been. Last month's report serves to show the extent of the work. The days spent in the field amounted to twenty and one-half; days spent in the office six and one-half. Calls on the agent at headquarters were 79; farm or home visits made 36; farm or home demonstrations visited 23; meetings at demonstrations 40; demonstrations visited 3; total number of miles traveled 972.

The narrative part of Miss Richmond's report is as follows:

Club Work

There have been twenty meetings of the girls clubs this month and one new club organized. There was a scattered community that had two or three girls that wished club work but not enough to justify giving the time. At last their interest became so great that they went into the adjoining community and interested the few girls there and then asked for the work again. My time was all taken so a couple of the young ladies of the community volunteered to give the work to the girls if I could direct them. So with much enthusiasm they organized and have had six club meetings this month to catch up with the other clubs of the county in their work. They have finished their sewing and made a number of garments for me to use in demonstrating made over garments and use of scraps. They have also begun dresser scarfs for their own rooms.

Three of the clubs have had their lesson in table service and report their pleasure in arranging the table for the family at home. I do not think any other work given has been so much appreciated and commented on as the table service work. The club at Ashtola has eight members—every girl in the community that is within the club ages. On Monday they had their first absentee from their regular meeting. They have completed the sewing and the cooking and have done splendid work too.

Miss Murray was with the poultry club at Goldston this month and gave them some help in chick diseases and visited some of their flocks with them, showing them defects and good points in their birds. The girls of Hedley were not interested enough to justify my giving them the time I had allotted them. So I disbanded them this month. We will try for a good representative club at this point next year.

Food Production

The gardens and orchards over the county are in splendid condition and the women are getting ready for a big canning season, as is proven by the fact that fourteen steam pressure canners have been purchased and one Burpee sealer ordered. There may be more but that number have been reported to my office.

There has been one lesson given in garden diseases and pest control. And there has been innumerable consultations over these problems.

The poultry problems have also interested two groups of club women to the extent of having lessons on these subjects.

Miss Murray, the poultry specialist from A. & M. College spent two days with us and visited a number of flocks and gave very personal help.

Health and Sanitation

This month the Public Health

Nurse has met with three of the Women's Clubs and has given them demonstrations in home nursing. She has expressed herself as very favorably impressed with the demonstration method of presenting the work in the home care of the sick and preventative measures for the protection of the health of the communities. And the women are greatly interested in this work that we have given them in co-operative way.

Home Improvement

Some very interesting work has been done in the county this month by the women's clubs along the line of the problems that confront the housekeeper. Three of the clubs have studied interior decoration as applied to the modest home of the small town and rural community. They have demonstrated this by model rooms made from cardboard boxes and have given explicit directions for making over furniture and finishing floors and walls. To me the most important point in this lesson was the fact that with just a little help in the way of literature and suggestions from this office the women prepared and presented this program without my even being present.

Using the material prepared by this club two other clubs have had the same lesson and yesterday a telephone call asked permission to invite the Lelia Lake Club, who prepared the first study, to meet with them some time this next month and give the lesson to their club. This means the development of a local leadership and the union of communities in a way that I feel sure will be very helpful to all.

One club has made a study of water systems for the rural home and two homes plan to install some kind of a system in the near future.

Another community had a lively discussion of the practicability of bookkeeping and a budget system for the rural home and as a result five house keepers pledge themselves to figure out a budget for their families and try to make it work for six months and then have another meeting and tell us the results of their efforts.

One woman's club had a very interesting lesson on table service.

Clothing

There have been three lessons this month given in womens clubs on sewing finishes in which they have learned different hemming stitches, buttonholes, pockets, arrow heads, stars and a number of other embroidery stitches used as simple sewing finishes just at present. Two lessons in renovating, cleaning and improved laundry methods have been given and three in dress designing, house dresses and remodeling clothing.

Dress forms still hold the interest and six have been made this month. A number of hats have been made but I do not know just how many of them belong in this months work. One community reported that they have spent \$27.68 for millinery supplies and have made hats that have given them a clear saving of \$125.75 and some of the women who have made hats were not present to report their work. That is the biggest saving reported as yet but a saving of over three hundred dollars have been reported for the county up to this time.

Prof. H. C. Taylor, director of the Conservatory of T. W. C., formerly of this city, was here the first of the week visiting with friends and seeing to the securing of pupils for that school next year.

F. E. CHAMBERLAIN AGAIN HEADS PANHANDLE BANKERS

LOCAL BANKER IS UNANIMOUSLY CHOSEN TO SERVE AS PRESIDENT AGAIN BY THE PANHANDLE BANKERS' ASSOCIATION IN AMARILLO.

F. E. Chamberlain, of this city vice-president of the Donley County State Bank, was again chosen president of the Panhandle Bankers' Association Tuesday afternoon. Plainview was also selected as the next meeting place of the organization.

Tuesday noon two hundred bankers and their friends were entertained with a banquet at the Hotel Amarillo tendered by the Amarillo Board of City Development. J. C. Paul of Panhandle, acted as toastmaster.

The local man who again heads the organization, having been elected to the executive position at the meeting of the organization at Lubbock last June, has been with the Donley County Bank in this city for many years; and, although young of years, has come to be recognized as one of the most successful bankers in the Panhandle. His election for the second term comes not only as a recognition of his ability as a banker, but of his services as head of the organization of Panhandle bankers.

The full list of officers elected this year is:

F. E. Chamberlain, president, Clarendon; C. W. Harrison, first vice president, Clovis, N. M.; H. E. Fuqua, second vice president, Amarillo; D. L. C. Kinard, secretary, Memphis; Grady Oldham, treasurer, Canyon.

LOCAL ARTISTS WELL RECEIVED

ALMOST EVERY CITY IN PANHANDLE TO BE VISITED THIS SUMMER.

The Clarendon College Concert Company, composed of Misses Mattie Eva Lane, Ruth Pirtle and Beulah Dunn, is now touring the Panhandle and its concerts are being received with great favor at each appearance. Their program consists of instrumental and vocal numbers and readings; with Miss Lane at the piano, Miss Dunn with violin and voice, and Miss Pirtle as reader.

The company left here Saturday accompanied by Rev. M. L. Wentz and wife; Rev. Wentz is acting as manager and with his car they are making the tour overland. Their schedule is: White Deer June 16, Pampa 17, Mobettie 19, Miami 20, Higgins 21, Perryton 22, Spearman 23, Dumas 24, Amarillo 26, Vega 27, Hereford 28, Happy 29, Tulia 30, Lockney July 1, Silvertown 3, Hale Center 4, Ralls 5, Crosbyton 6, Matador 7, Paducah 8, Crowell 10, Knox City 11, Hamlin 12, Munday 13, Quanah 14, Godlett 15, Kirklind 17, Estelline 18, Quitaque 19, Turkey 21, Lakeview 22, Memphis 24, Wellington 25, Dodsonville 26, Shamrock 26, Wheeler 27.

SHRINE SPECIAL PASSES THROUGH HERE TUESDAY

The special train chartered by the El Mina Temple, of Galveston, carrying the Shriners and their wives on their return home from the National Convention at San Francisco passed through this city Tuesday morning, meeting the northbound Denver here. Engine and coaches were decorated with Shrine insignia, and the train consisted of some dozen coaches including the baggage cars. A crew of shriners was operating the train.

Bill Abbott, of Vernon, spent Sunday here visiting with friends.

METHODIST REVIVAL STARTING JULY 16TH

REV. GRISWOLD TO DO THE PREACHING. SPECIAL MUSIC WILL BE FURNISHED BY THE WISDOM SISTERS SINGERS OF WIDE REPUTE.

Plans are being finished for the Methodist revival meeting which will begin in the First Methodist Church here Sunday July 16th. Dr. J. T. Griswold, pastor of the church, will do the preaching, and music of suitable character will be furnished by the Wisdom Sisters, of Macon Missouri.

According to the present plans, the meeting will last two weeks, and will be held in the church. The decision to hold the meeting in the church rather than a tabernacle was almost unanimous on the part of the stewards, and it is felt that this will be a material help in a spiritual way to the meeting.

The Wisdom Sisters are revival singers of nation wide repute, and those who attended the annual conference in Amarillo last fall will remember the rare power of their singing. Their work will be supplemented by the singing of a large choir, and the preparations are of great music as well as preaching.

Rev. Hamblen, pastor of the Methodist Church in Stamford, held a revival in his church this spring assisted by this trio of singers; and the result was the greatest revival that that city has ever experienced. There was an audience larger than the capacity of the church every meeting.

PROMINENT VISITORS ATTEND TUESDAY'S FEED

DISCUSSIONS ARE PRIMARILY ON CHAMBER OF COMMERCE WORK. LUNCHEON FEATURE DECLARED EXCELLENT.

With a nice attendance, the principal part of the discussion at Tuesday's luncheon was in regard to the work of the Chambers of Commerce in West Texas in particular; this feature being spoken on in the main part by A. L. McCarter, of the West Texas Chamber of Commerce. Judge Perry S. Pearson, of Amarillo was another out-of-town speaker.

Following the luncheon Secretary McCarter called on Judge Pearson who, after assuring those present of his delight at being a guest of the luncheon, made some pertinent remarks on the importance of the development of the individual man, in these days of organization, declaring that it is the feeling of sovereignty and individuality that has made the American citizen the greatest on the globe.

A. L. McCarter, field man with the West Texas Chamber of Commerce, was then called upon, and he replied with a peppy speech concerning the work of that organization. He referred to the fact that Clarendon supports that organization as well as the Panhandle-Plains Chamber of Commerce. In relating some of the work of the organization, he referred to the fact that it supports an office in Washington and a Highway office at Austin, in this way keeping posted on all projected legislation, and using its influence against all unfavorable legislation.

The organization also supports traffic officers at Ft. Worth, Stamford, Wichita Falls and is preparing to open another such office at Amarillo next month. Among other

(Continued on page 5)

FIRE HAZARDS NEAR MINIMUM IN CLARENDON

REPORT OF EXAMINER VISITING THIS CITY MONDAY SHOWS LEAST DANGER OF FIRE IN CLARENDON OF ANY CITY THIS SIZE.

The fire hazards in Clarendon are the minimum in Clarendon according to the statement of B. M. Grafton, with the State Fire Insurance Commission of Austin, who was in this city Monday going over the local situation. Mr. Grafton states that there are more substantial business houses in the fire district of this city than of any city this size in the Panhandle; which statement is proved by the fact that there are only two frame building business houses in the fire limits, all the rest being brick or stone.

James Trent, the local fire marshal went with Mr. Grafton over the fire limits of the city Monday; and Mr. Grafton stated that afternoon that he had been unable to find any slips whereby a bad recommendation could be caused. The new general basis schedules will soon be prepared by the State Department according to the statement of Mr. Grafton; and he said that his recommendation would be that the fire hazards of this city be classed as the lowest.

Of course, as well as the matter of fire traps, the pressure of the water that can be maintained during a fire is a large factor. It is possible with the standard equipment pump here to maintain a pressure of one hundred and twenty-five pounds. The present rating of the city is fifty-eight cents.

LEAGUE VISITS HICKMAN SUNDAY

TWENTY MEMBERS OF LOCAL CHAPTER RENDER PROGRAM IN HALL COUNTY.

More than twenty members of the local chapter of the Epworth League drove through to Hickman schoolhouse in Hall county Sunday afternoon and rendered a program for the newly organized league at that place. The leaguers left here early in the afternoon and arrived there about three thirty o'clock. A good sized audience was waiting, and the program began immediately. The subject was on keeping the Sabbath, and that the program went well was shown by the favor with which it was received.

Rev. Leon Henderson is pastor of the church at that place, and it was under his guidance that the league was organized there. He stated that he felt sure that the league there profited much from the program which the local league rendered.

The local league is keeping up much interest and enthusiasm during the summer; and has invitations from other leagues to come and render them a program.

LOCAL GIRLS MAKE GOOD RECORD IN STATE U.

Mrs. J. E. Nelson in a letter to Mrs. C. G. Atteberry, of this city, states that she took pains to look up the records of Misses Mittie Cole, Ruth Rutherford and Delta Kemp made by them the past year in the University of Texas, and found that they had among the highest records in their large classes. These young ladies went there from the high school in this city. Miss Alpha Kemp and Mrs. Bryan Backus, who graduated from the college and went there to finish their work toward their degree made among the highest records in the University, each of them being in the one per cent making the highest grades in the college of arts.

COUNTY DEMOCRATIC COMMITTEE MEETS SATURDAY AND PREPARES FOR THE PRIMARY OF JULY 22ND.

NAMES OF CANDIDATES ARE DRAWN FOR ARRANGEMENT ON THE BALLOT. DEMOCRATIC PLEDGE WILL BE REQUIRED. NEGROES NOT EXCLUDED BY THE COMMITTEE. J. T. PATMAN TO BE NEXT EXECUTIVE CHAIRMAN.

The County Democratic Executive Committee met Saturday in the office of County Chairman A. M. Beville and prepared the ballot as it will appear in this county. The pledge which is "I Pledge myself to support the nominees of this primary" will be required of those entering the polls. This committee did not make a ruling excluding the negroes, as has been done in some counties. J. T. Patman was elected next chairman of the committee.

The work of the committee lasted throughout the day, as it was necessary to make out a careful estimate of the expenses of the primary, and apportion them. Of course, the committee has not the power to assess officers who are certified by the district of the state chairman, but nevertheless checks are arriving daily from candidates for state offices each one being for one dollar, the assessment that the county makes on such offices.

The names of the candidates for the various offices will be arranged on the ballot as they were drawn. With the completion of this work, E. A. Thompson, of the executive committee, was instructed to make out the state ticket, and have it printed for the primary, which will be held on Saturday, the 22nd of July.

The committee was unanimous in voting to have the second primary. Thus a majority vote will be required, and the date of the second primary will be when the senatorial run off is held which is the fourth Saturday in August.

The committee was composed of A. M. Beville chairman, A. B. Bynum, M. D. Lattimore, A. O. Hefner, J. P. Pool, and E. A. Thompson. The order of the names of the candidates will be as follows:

- United States Senator
- Robert Lee Henry, McLennan Co.
- Marian A. Ferguson, Bell Co.
- Earle B. Mayfield, Bosque Co.
- C. A. Culbertson, Dallas Co.
- Cullen F. Thomas, Dallas Co.
- James E. Ferguson, Bell Co.
- Sterling P. Strong, Dallas Co.
- Clarence Ousley, Tarrant Co.
- Congressman at Large
- E. W. Cole, Travis Co.
- Chief Justice Supreme Court
- C. M. Cureton, Bosque Co.
- Associate Justice Supreme Court
- C. M. Cureton, Bosque Co.
- Associate Justice Supreme Court
- Thos. B. Greenwood, Anderson Co.
- Judge Court of Criminal Appeals (Full Term)
- A. J. Harper, El Paso Co.
- W. C. Morrow, Hill Co.
- Judge Court of Criminal Appeals (Un-expired Term)
- F. L. Hawkins, Ellis Co.
- Governor
- Pat M. Neff, McLennan Co.
- Fred S. Rogers, Fannin Co.
- W. W. King, Sabine Co.
- Harry T. Warner, Lamar Co.
- Lieutenant Governor
- T. W. Davidson, Harris Co.
- Andrew S. Jamison, Tarrant Co.
- Joe E. Edmondson, Anderson Co.
- Col. Billie Mayfield, Jr., Harris Co.
- W. A. Johnson, Hall Co.
- Attorney General
- W. A. Keeling, Travis Co.
- Railroad Commissioner
- J. C. Mason, Taylor Co.
- Allison Mayfield, Grayson Co.
- Comptroller
- Lon A. Smith, Rusk Co.
- Wm. M. Woodall, Nolan Co.
- State Treasurer
- A. H. Kerr, Tarrant Co.
- L. E. Teninson, Bosque Co.
- George G. Garrott, Dallas Co.
- C. V. Terrell, Wise Co.
- W. D. Carroll, Comanche Co.
- Ed A. Christian, Bexar Co.
- Lee Kirgan, Freestone Co.

- Commissioner of the General Land Office
- J. T. Robinson, Morris Co.
- J. C. Thompson, Foard Co.
- Superintendent of Public Instruction
- S. M. N. Marrs, Travis Co.
- Ed R. Bentley, Hidalgo Co.
- Jefferson G. Smith, Upton Co.
- Commissioner of Agriculture
- George B. Terrell, Cherokee Co.
- Commissioner Precinct No. 1
- F. L. Goldston
- Edwin Bailey
- Commissioner precinct No. 2
- J. R. McFarling
- J. H. Hurn
- G. M. Allen
- G. A. Anderson
- Jno W. Butler
- Commissioner precinct No. 3
- T. W. Messer
- W. E. Christin
- Commissioner precinct No. 4
- J. L. Hawkins
- A. E. Tidrow
- Public Weigher, Precinct 1 and 2
- Ben Andis

HON. RALPH PORTER JOINS CLARENDON BAR

This week Hon. Ralph Porter arrived here and has established offices in the Connally Building for a general practice of the law. He comes highly qualified and prepared having made an excellent account of himself in the University.

Mr. Porter graduated from Clarendon College some ten years ago, later receiving his bachelor of arts degree from the University of Texas. Following his service in the army, during which he received his commission, he returned to State University and pursued his law studies through the three years receiving his bachelor of laws this past commencement. During Mr. Porter's studies in the law school, to the personal knowledge of the writer who was a year behind him in that department, he made a record as one of the best students in the school and graduated with high honors.

Coming here as he does highly equipped in the legal studies and in the academic background, he will, no doubt, attain a great success in his chosen profession; and his many friends who knew him in past years will welcome him to our citizenship.

DR. AND MRS. GRISWOLD ENTERTAIN MONDAY EVE

Dr. and Mrs. J. T. Griswold entertained the members of the board of stewards and their wives at the Methodist parsonage Monday evening. The affair had been originally planned as a party on the lawn, but due to the rain this idea was abandoned; the evening was a most delightful one for everyone.

YOUNGBLOOD'S FAME CONTINUES TO GROW

The fame which Chief Youngblood who made his first baseball record while hurling for Clarendon College, is attaining is seen in part from the publicity which he is receiving in the largest papers in this country. In the New York Evening Journal of June 15 appeared a picture of Chief with comment on the fine record that he has made. His picture and a writeup also appeared in the Washington Times recently.

OUR KIND OF LAWMAKERS

One of the most popular sports of the present time is to make fun of our lawmakers, both State and National. And when one sees some of the things that happen in our legislative halls, it must be admitted that there is some ground for ridicule.

But as a matter of fact, our legislators are about as good as we deserve.

Our habits of thought and action—the demagogue and the pussyfoot—make it easy for the four-flusher, to get elected to office.

Take the average political speech that is delivered during a campaign. Usually the things that win the most applause are the things that mean nothing. We like the clever statement that makes us laugh. We applaud an appeal to prejudice, and howl with delight when some opponent is held up to ridicule.

That wouldn't be so bad if we didn't go ahead and cast our votes on the same basis.

The man who enters a campaign for office and devotes his time to serious discussion of serious problems is not the one who makes the boys throw up their hats and yell, and too often he is not the man with the big end of the votes on election night.

We denounce the politicians for failure to display any courage in voting against popular legislation which is unwise, but very few of us ever say a word ourselves. We are afraid to go against the demands of a vociferous minority, although our jobs are not at stake, as is the case with the legislator.

In all fairness then, why should we denounce our Congressman, who very properly wants to hold his job, for his flabby attitude on measures that are demanded by the vociferous and well organized minority?

Maybe if we displayed a little more courage, our Congressmen would be more courageous. But the great majority of us are too indifferent or too cowardly to speak our own convictions with the result that the Congressman never hears from anybody except those who are trying to put through pork barrel legislation. The only way to get better men elected to Congress is to quit voting for some clever vaudeville actor who has the ability to make us laugh at his opponents, or who takes his time out in lambasting the "money powers."

When clear-thinking, level-headed courageous men become convinced that the people are really taking an intelligent interest in public matters they will become candidates.

Being a member of a legislative body is an honorable occupation. Most men would appreciate an opportunity to serve in Congress, but as long as we honor demagogues we must be content to live under laws made by demagogues.—Amarillo Tribune.

BETTER DIVERSIFICATION

It is a peculiar condition of our modern economic life that the matters of cost and price are of the most absorbing interest, while the actual values of commodities based upon a fundamental standard of values are practically ignored. Men take some absorbing interest, while the actual value of the gold dollar, especially since the period of great inflation during the war has forced this upon their attention, but neither farmers nor business men notice the extreme

fluctuations of the basic commodities in values of each other.

The Texas farmers will often continue to sell his corn upon the market when he could reap a fifty per cent profit by turning it to pork. Like wis, he often continues to grow cotton out of habit, rather than turn to some more profitable crop, for the simple reason that he is not aware that relative prices are such that he would be rewarded for dropping the cultivation of cotton.

In the beginning of the development of our present economic system, commerce was carried on entirely by direct barter. Then came the use of money as a medium of exchange and a standard of value. The use of this very simple instrument, while it has facilitated trade and has been the means for the greater part of our commercial development, has nevertheless, been responsible for our growing indifference to real values of commodities. There is a present day tendency to laugh down any reference to values of commodities measured in terms of each other, as a reversion to the primitive, but whatever is primitive is usually fundamental.

Tables, carefully compiled, show almost without exception the rapid decline of the value of cotton in terms of hogs, corn, oats and wheat. Furthermore, any investigation into a like comparison of cotton with other commodities will invariably show a similar rapid decline in the value of the Southern staple.

There is one answer to the question "How cure such a condition?" and that answer is "Diversification." Not diversification blindly as has often been the case in the past, but diversification with a constant eye to reaping any benefit indicated by the rise in the price of one commodity measured in terms of other commodities that could be produced upon the same land. In the past the farmer has been much "preached at" by business men, bankers and others along the lines of diversification. They have told him to raise more hogs, grow more potatoes, grow more oats, grow more corn, but such advice was usually given blindly and the farmer not infrequently found himself overstocked with sweet potatoes, peanuts or other crops, and no market upon which to sell them. The consequence of such a situation was usually not only to swing the farmer back to the straight and narrow path of cotton production, but to make him turn a deaf ear to propaganda upon the subject of diversification.

Due to the low cotton production of last season, cotton stands today on the true market of equivalent values at a higher quotation than it has stood for many years past. Ten pounds of cotton, middling, is now worth approximately 16.2 pounds of hogs, 4 bushels of oats, 2.6 bushels of corn, and 1.4 bushels of wheat. If these ratios hold during the coming season, the cotton farmer will be relatively prosperous.

No end of effort should be made however, to open the eyes of the Southern farmers and business men to the fact that it was an enforced season of diversification and poor crop conditions with consequent low cotton production that has brought about a condition that may permit the Southern farmer this year to make a profit comparative to that of the grower of wheat, oats, corn and the raiser of hogs.—Texas Chamber of Commerce.

LAND FOR YOU

And a way for you to buy it. We can furnish black, black loam or sandy loam soils. Land with plenty of rainfall, moderate rainfall, or irrigable. Land that is level, rolling or hilly. Land suitable for almost any crop, fruit, vegetable or livestock. Terms easy for real farmers. Some raw lands without cash payment to those who will improve them, and long easy terms of payment. DALHART BUILDING AT

A RAPID RATE

If conditions in Dalhart in the building line at the present may be accepted as a barometer, it may be said that good times are hovering near.

Throughout the whole country there is a marked feeling of optimism and men are going about their work, happy in the belief that good times will be with us soon.

Building activity has been going forward with a rapid stride during the past few months and the Texan, this week, has made a survey of the situation and herewith presents to its readers the list.

Four business houses on main street have been completed or are in the course of construction. They are: The Peoples Furniture Company, two story brick; the H. N. Pollard brick building occupied by the Sawaya Cash Grocery Company; Dean's Bakery and Candy Company, brick building, just opposite the Mission Theatre and the Midway Filling Station, just across the street from the Midway Bank.

New residences are going up

rapidly and the Texan learns that, besides the ones here listed, several new building plans have been submitted and that before the end of the summer we may expect to see several new residences completed.—Dalhart Texan.

THE POWER OF WORDS

Words are tools with which you work—master them well. For words are as delicate as glass and as dangerous as fire on the one hand, and on the other, as subservient as an honest vassal.

If you are an expert in workmanship, you are equipped with the most powerful weapons and the most useful tools in the world. If you are a master at talk, you'll never balk.

Thoughts are the children of your brain and words are the garments they wear—do not make tramps of them. Words are all powerful—they can wreck homes, destroy lives, ruin business and devastate property.

A single word may precipitate whole empires into a bloody embroilment or it may prevent such a catastrophe; a jury may pronounce the word "guilty," and send an innocent man into eternity; multitudes may say "yes" and elect a tyrant to betray them. Stop! Think! Contemplate the power of words.

Think well before you clothe your thoughts—man and his handiwork decline and rot, but a word has eternal life. Lincoln uttered a few words at Gettysburg, and they have become immortal.

The English language is a gold mine, and it is free for all, but the big nuggets lie deep and only the persistent miners ever strike a find. It is never too late—now is your time. Stake a claim and make a name.

See that structure of steel and concrete going up? Hundreds of men are busy working on it. Masons with their trowels; carpenters with their saws; structural workers with their modern machines; but the directing genius back of them all is the man whose tools are words.

To the weaver of words is entrusted the responsibility of creating—of building—of influencing.

The potentialities of the English language are as immeasurable as the blue expanse above. The limitations are in you. Opportunities are rotting at your very door because you are not equal to the occasion.

Words are missionaries with which you may explore the realms of tomorrow. They fly into the darkness of the future with their message of fortune.

Awake! The power of words is only equal to the power of thought that promotes them. All words are vain without brain.

The most severe beating any man ever received was to be whipped with words. The prize fights of tomorrow will be on the rostrums of our educational institutions and the gladiators will use only words as weapons.

Words can site the human emotions and passions—Words can bring tears and cause heartaches—Words can bring joy and wreath the faces with smiles—Words can make men lose their senses and go insane with anger—Words can soothe and conciliate—Words can sway mobs and masses—Words can make people buy.

Proclaim a word to the public until it becomes a by-word for a human need and you can make that little word worth millions.

The success of every business hinges upon the character of the words that constitute the "points of contact" between the house and its customers and prospects. About 80 per cent of these "points of contact" are made by letter, and every one of them makes some kind of an impression—remember that! Also remember that every point of contact is an opportunity to create good will.

Words are the media through which your brain does things. The possibilities are incalculable. Of what value is an idea if you can not express it in effective phraseology? Your value is measured by your ability to achieve. You are in your own hands.—Geo. W. Robnett.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

PAVING CONTRACT LET SATURDAY BY CITY COUNCIL

The City Council opened the bids for paving Saturday, and awarded the contract to the Panhandle Construction Company of Lubbock at the price of \$3.03 per square yard, the total contract amounting to a little more than \$29,000.

The bids ranged up to \$44,000. The successful bidder was \$8,000 below the best bid made to the council eight months ago when bids were asked for the first time.

The specification called for paving to be 48 feet wide, but the council decided Saturday to make the street 54 feet wide. A joint meeting was held with the commissioners court and an agreement reached as to the part of the paving on the county property.

The council chose the bid calling for a four inch concrete base with paving brick on top.

The paving will cost each owner around the square about \$210.

In this edition of the News will be found a call for an election which is of vital importance to the street improvement program. When this election is carried, the paving may proceed without fear of collecting from non-residents who take it into their head not to pay for their paving.

It gives the contractor a prior lien upon the property, above any other that may be against the property. Up until a few years ago when this act was passed by the legislature, there was no way to force the non-resident to pay his part, and therefore there was gaps in paving in every town. Under this new law the contractor may proceed without fear of losing.

The city of Canyon must adopt this measure before proceeding with paving. The election will be held on 8th of July.—Randall County News.

Mrs. W. H. Foster is visiting with friends at Memphis while Rev. Foster is in McAllen preparing to go there as pastor of the Presbyterian church.

FIERY, ITCHY SKIN. QUICKLY SOOTHED BY THIS SULPHUR.

Mentho-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or is rough or dry. Nothing subdues fiery skin eruptions so quickly, says a noted skin specialist. The moment this sulphur preparation is applied the itching stops and after two or three applications, the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up. A small jar of Mentho-Sulphur may be had at any good drug store.

\$365 IN PRIZES FOR BEST RHYMES

A new contest is just being started which will interest everyone who reads this paper. Anyone can enter this Contest—anyone can win! All it is necessary to do is to write a 4-line rhyme on Dr. Price's Phosphate Baking Powder, using only the words which appear on the label of the Dr. Price can (front and back).

Isn't that easy? Everyone likes to make rhymes and here is a chance to spend a fascinating hour or two writing rhymes on this popular Baking Powder and perhaps winning a substantial prize for your efforts.

27 CASH PRIZES
For the rhyme selected as best a prize of \$100 will be given; for the second, third and fourth best rhymes prizes of \$75, \$50, and \$25, respectively will be given. And besides these prizes there will be 23 prizes of \$5 each for the next 23 best rhymes. With such a long list of prizes as these, it would be a pity not to try your hand. Here's a 4-line rhyme as example:

Biscuits, muffins, pie or cake,
With Dr. Price's Powder bake.
The Price's Co., guarantee
No alum in the cans to bake.

As Dr. Price's Phosphate Baking Powder sells for only 35 cents a 12 oz. can, some rhymes could play up the great economy of this pure and wholesome baking powder.

All rhymes must be received by July 1, 1922. Only words appearing on the label of the Dr. Price can (front and back) may be used. These words may be used as often as desired, but no other words will be allowed. If you haven't a can of Dr. Price's, you can see one free at almost any grocer's. It is not a requirement that you purchase a can in order to be eligible in this Contest.

Anyone may enter the Contest, but only one rhyme from each person will be considered. In case of ties, the full amount of the prize will be given to each tying contestant. Write plainly on only one side of a sheet of paper and be sure to give your name and address. Send your rhyme before July 1st to Price Baking Powder Factory, 1003 Independence Blvd., Chicago, Ill.

NEWS WILL APPEAR IN NEW STYLE AND SIZE NEXT WEEK

Some two months ago The News installed a larger news press and since that time have been busy trying to secure other equipment and accessories to enable us to print a more extended issue of this sheet. After so long a time we have succeeded in assembling the necessary materials and expect to publish the first eight page, all home print newspaper ever turned out in Pampa. Whether the advertising patronage will justify the new size sheet is yet a question, but we will at least try it out for a time. No increase in subscription or advertising rates will be made, but instead an effort will be made to increase the volume of business to a sufficient extent to justify the larger paper.

The paper will be changed from a seven column page to a six column size, and numerous other changes, such as more up-to-date heads, etc., will be inaugurated. The management has spent several hundred dollars in the past few weeks improving the plant, and now feels that it has one of the most completely equipped newspaper and job printing plants in the Panhandle.

In order to handle a paper of almost twice the size of the present News, it will be necessary that both news and ad copy be in the office as early in the week as possible—the earlier the better as will be impossible to put off much typesetting to the last minute as has been done in the past.

Several feature articles such as a column of "radiophone," an American Legion column, Nellie Maxwell's "kitchen cabinet" and other departments will be carried each week. We trust you will like the News in its new style and shape. —Pampa News.

PLANS FOR NEW SCHOOL BUILDING ARE APPROVED

The School Board for the Panhandle Public School met Wednesday afternoon and received and approved the corrected plans for the new school building at Panhandle. These corrected plans are identical with the original plans, with the exception of the gymnasium and three class rooms omitted. This became necessary in order that the

So extra delicious With fresh fruits

No other food has such an appeal on a hot day as Kellogg's Corn Flakes! They win fickle appetites, they satisfy hungry folks! As an extra-summer taste thrill, eat Kellogg's with the luscious fresh fruit now in season. Such a diet is not only ideal from a health standpoint, but it is refreshing!

Kellogg's CORN FLAKES

You can eat Kellogg's Corn Flakes liberally at any meal because they digest easily. Let the children have all they want.

Insist upon Kellogg's Corn Flakes in the RED and GREEN package that bears the signature of W. K. Kellogg, originator of Corn Flakes. None are genuine without it!

Also makers of
KELLOGG'S
KRUMBLES
and
KELLOGG'S
BRAN, cooked
and krumbled

contract price of the building might come within the bond issue of the district.

Notice for bids on the construction of this building are now being run in the Amarillo Daily News, The Wichita Beacon, The Daily Oklahoman and the Panhandle Herald which bids will be received 3:00 o'clock p. m. on the 16th of June. Superintendent Williams and the

Board are now busy filling all vacancies with the very best teachers available and express the view that the Panhandle school will be supplied with a corps of teachers for the coming year, second to none in the State.—Panhandle Herald.

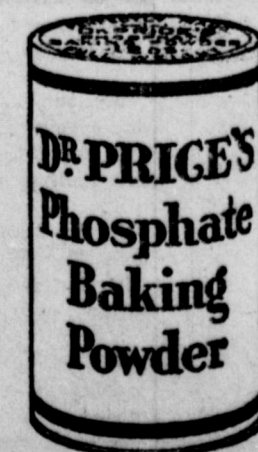

Miss Tyree left Saturday for Gunnison Colorado where she will attend school this summer.

Five Reasons Why!

1. High Quality — Wholesome high-grade materials.
2. Economy — 25c for a large can, 12 ounces.
3. Purity — Contains no ingredient that is not in itself wholesome.
4. Gives Fine Food Flavor — Leaves no bitter taste.
5. Dependability — Unvarying perfect results.

Large Can 12 Ounces, Only 25c

SPECIAL!

NOTE—Some grocers may have a few cans left of Dr. Price's bearing the label with the special advertising offer recently announced for a limited period. Ask your grocer about this unparalleled bargain.

CONTAINS NO ALUM!

To All Car Owners

I am now located in my shop and am prepared to do all kind of repair work on automobiles and will guarantee to fix any car that can be fixed. All work will be personally looked after by myself. Bring me your welding. Battery, Generator and Starter a speciality.

Yours truly,

G. E., "Dick", Allen

LARGE ENGINE IS REMODELED

LARGEST UNIT IN LOCAL POWER PLANT IS BEING GENERALLY OVERHAULED.

The large one hundred and fifty horse power oil burning engine in the local light and power plant is being given a general overhauling and repair at this time. The cylinder is being rebored, and the piston renewed. Other repairs are of a general nature; and it is expected that the work will be completed within ten days.

This large engine was installed two years ago, and has run almost continuously ever since that time, being relieved by the other engines only when the load was light.

Work is also going forward on the concrete exhaust for the engine, and with its completion the operation of the plant will be practically noiseless so far as the outside world is concerned.

LELIA LAKE

The Parent-Teacher's Association will send a committee into the home of every parent who has a child in school next Tuesday morning, asking them to have chickens, eggs, fruit or money which ever they prefer to give, this is to be used for the benefit of the Lelia Lake school. Please have ready what you prefer to give. Everyone is requested to attend the meeting of same that afternoon at the little white school-house.

Mites and insects easily exterminated with Dr. Hess' insect powder. For sale by R. A. Long Drug Co.

Rev. Sam J. White, who visited here last week with friends left Friday for Kansas to hold a revival from there he will go to Detroit Michigan where he becomes the pastor of one of the Christian Churches.

CITY WATER RATES TO BE REDUCED JULY 1ST

According to announcement made by the city office, the water rates will be reduced the first of next month; the minimum being \$1.75 for the first two thousand gallons and a charge of fifty cents for each thousand gallons thereafter. This will be welcome news to the many families of the city who maintain a garden and flowers, and is due to the efficiency that has been realized in having the local poyer plant to pump the water.

Save your melon and cantelope vines with Dr. Hess' insect powder. For sale by R. A. Long Drug Co.

Misses Nettie Sims, Leta Verne Martin and Athlyn Taylor spent the week end in Claude visiting with friends.

Mrs. Hesta Penn returned Saturday from Hillsboro where she spent her vacation visiting with her mother.

Mrs. Ona West, of Amarillo, spent yesterday here visiting with her nephew Fred Story and family, she was enroute to her home in Amarillo from a visit with relatives in Paducah.

Mites and insects easily exterminated with Dr. Hess' insect powder. For sale by R. A. Long Drug Co.

Dr. G. S. Slover returned Friday from Dallas where he went as a member of the joint board of publication for the Texas Christian Advocate. Rev. J. W. Mills was selected as editor of that paper following the appointment of Rev. A. J. Weeks as editor of the Missionary Publications at Nashville.

MISS MAMIE HARRINGTON IS MARRIED IN HOUSTON

The following account, which is taken from the Houston Chronicle will be of unusual interest to local people, being the account of the recent marriage of Miss Mamie Harrington to Horace Brewer. Mrs. Brewer is the daughter of Mr. and Mrs. F. E. Harrington, was reared here having gotten her education in part in the local schools.

The marriage of Miss Mamie Virginia Harrington and Horace Homer Brewer was quietly solemnized at 10:30 o'clock Wednesday morning at the Christ Church, with Dr. Peter Gray Sears reading the service. The bride who is the daughter of Mr. and Mrs. Frank E. Harrington, was given in marriage by her father. She wore her traveling suit, a handsome model of navy blue, with hat to match and a corsage of Ophelia roses. Immediately following the ceremony Mr. and Mrs. Brewer left for San Antonio and after a visit to several Texas points will be at home at 1512 Stuart Avenue. Out-of-town guests for the wedding were Mrs. Thomas H. Brewer of Caldwell, mother of the groom; Miss Nell Warren of Austin, Mrs. Elomer E. Gladish and daughters of Stratford and Mrs. Thomas Forsythe of Gibson New Mexico.

STUPENDOUS PRODUCTION TO APPEAR AT PASTIME

"Queen of Sheba," a William Fox super-special which enjoyed a sensational run on Broadway, New York, is booked for the Pastime Theatre beginning next Monday. It is described as a stupendous spectacle and a great love story. New York critics hailed it as one of the greatest photo-dramas ever produced. It showed to crowded houses throughout the run, until taken off to make way for another of the Fox specials.

"FRIENDLY ENEMIES"—A COMEDY

Great Play Will Have Much That is Funny Throughout

Although Friendly Enemies is a play of climaxes and thrills, it is essentially a comedy with a decidedly happy ending.

The character of Block in comparison with that of Pfeiffer, both of them German born American, afford ample opportunity for some of the most delicious comedy situations which have ever been produced on the American stage.

People chuckle all the way through the play and many situations are greeted with roars of laughter.

NOTICE TO THE CREDITORS OF THE ESTATE OF RICHARD WALSH, DECEASED:

The Race Victory at INDIANAPOLIS The Road Victory at WICHITA Help You Choose Tires

500 miles at 94.48 miles an hour—a relentless grind over a rough-finished, sun-baked concrete and brick pavement at record-breaking speed—that is the gruelling test Oldfield Cord Tires underwent successfully at Indianapolis Speedway May 30th. They were on the winner's car for the third successive year and on eight of the ten finishing in the money, upholding the confidence successful race drivers have in the trustworthiness and ability of these tires to meet the greatest demands of speed, endurance and safety. Their records in every other important race have been equally as good.

Consider this achievement along with another test of Oldfield quality made at Wichita, Kansas, this past winter and early spring.

34,525 miles on rutted, icy Kansas roads, running day and night on a Studebaker stock car without a single tire change. This test was made by a group of Wichita automotive dealers in a tire, oil and gasoline economy run. Mayor Kemp of Wichita was official observer and made affidavit to the mileage and service given by Oldfield tires.

You may never subject your tires to the gruelling experience of Indianapolis nor the steady grind of bad winter roads, but it is good to know you can get such safety and mileage economy by buying Oldfield tires. Ask your nearest dealer.

165% Increased Business
The buying public is the best barometer of the value of any article. Their approval of Oldfield value has been demonstrated by the increase of 165% in business for the first five months of 1922 over the corresponding period of 1921.

Agents Everywhere
Oldfield Tires are distributed through 73 branches and distributing warehouses in all parts of the United States. More dealers are constantly becoming Oldfield agents and Oldfield tires are now available in your community.

"The Most Trustworthy Tires Built"

The Oldfield Tire Company, Akron, Ohio

LOCAL LADIES ATTEND AMARILLO O. E. S. SCHOOL

Several members of the local chapter of the Eastern Star attended the school of Eastern Star work in Amarillo Monday. Those going from here were Meses. Florence Trent, Ascenath Bromley, Maggie Weatherly, Maude Benedict, Lela Moreman, Sella Gentry, Bess Stricklin, Mollie Gray and Miss Nora Headrick. Also accompanying them to Amarillo were Mrs. Charles Trent, of this city, and Mrs. Stricklin and little Miss Katherine Long, of Groesbeck.

ROOSTERS CONTINUE TO LEAD CITY LEAGUE

The results of the baseball in the city league thus far gives the Roosters, of the Methodist Sunday School, a lead on the other teams. In Tuesday's game between the Shriners and the American Legion the Legion was victorious. The standing now is:

Games Played	Won	Pct.
Roosters	4	.750
Shriners	4	.500
Legion	4	.250

J. R. Calhoun, of San Antonio, formerly of this place, is here this week visiting with relatives and friends.

LOCAL SHRINERS TO PLAY AMARILLO

The local Shrine baseball team will go to Amarillo Sunday there they will play the American Legion Team of that city. Manager Sitter says that he expects this to be a close and a good game.

NOTICE

A seal must be placed on every car; so if you do not have a seal secure one at once. J. H. Rutherford, Sheriff. (25c)

LOCAL COLORED TEAM VICTORIOUS MONDAY

The baseball team composed of the local colored boys journeyed to Amarillo Monday and celebrated Emancipation Day by defeating a team of like color from Amarillo. The game resulted in an eight to seven score. It seems then that the hurlers for the locals "slipped the pill down the dark alley."

Spray your stock with Anti-Fly. It will positively keep flies away. Anti-Fly adheres well and one application a day will keep your stock comfortable. Sold in any quantity at Stocking's Drug Store.

PROMINENT VISITORS AT TEND TUESDAY'S FEED

Important works, these offices look after the freight rates of the various sections where they are established; in this connection a freight auditing and a claim department is maintained. Anyone upon shipping some freight may have the bills audited by the organization, and thus learn whether the freight was properly classified. The claim department is open to anyone having a claim against a railroad; and it will collect the claim; each of these services are rendered free of charge.

Mr. Carter then took occasion to tell of the exhibits that the organization displays at the Dallas Fair, the Cotton Palace and more than a dozen other state fairs in the southwest. He congratulated the local chamber of commerce officials on the luncheon feature, declaring that it was one of the best means of keeping up interest in the work of an organization; also relating the fact that of the eighty-five luncheon clubs which the organization he represents has organized within the last year, eighty-three of them are still living and thriving.

Among other things Secretary McCardell announced that the Chamber of Commerce of this city has a complete mailing list of the county, and this is there for serving everyone.

Spray your stock with Anti-Fly. It will positively keep flies away. Anti-Fly adheres well and one application a day will keep your stock comfortable. Sold in any quantity at Stocking's Drug Store.

I am in position to make quick loan on Ranch. The larger the loan the better if security is good. See me or call 403 for quick action. (25c) E. W. Grogan.

FLETCHER SEEKS OFFICE OF DISTRICT ATTORNEY

Lloyd Fletcher, of Amarillo, some weeks ago announced his candidacy for the office of District Attorney, and the announcement was written up but due to an error in this office, Mr Fletcher's name was never placed in the announcement column. His fine work with the department of justice will be remembered, and he is highly qualified for the office he seeks.

REV. INGRAM CLOSES REVIVAL AT HOPKINS

Rev. C. B. Ingram, of this city returned the first of the week from Hopkins schoolhouse north of Jericho where he closed a two week's revival Sunday evening. He reports several conversions and says that the church is in much better condition.

Use Anti-Fly for spraying livestock. One application a day will keep flies away. Sold at Stocking's Drug Store.

U. OF T. HAS RECORD SUMMER ENROLLMENT

Austin, Texas, June 21.—All enrollment records for the summer session of the University of Texas have been broken this year, since the total enrollment for the first term has already reached 2191. In comparison with the 2037 students who had paid their fees at the same time last year, there is a gain of 454. Judging by the number of students who have not yet paid their fees, it is thought that the total registration will continue to keep up the proportion of increase over the total enrollment of last year's summer session, which was 2250 for the first term. It is expected that an enrollment of 2800 will be shown by the end of the second term. The second term will open July 24, and will close August 30. The summer normal will continue from June 13 to August 10.

Spray your stock with Anti-Fly. It will positively keep flies away. Anti-Fly adheres well and one application a day will keep your stock comfortable. Sold in any quantity at Stocking's Drug Store.

CAMERON-BARNES

Miss Hazel Barnes the charming daughter of Mr. and Mrs. Otis Barnes, became the bride of Dave Cameron, of Paducah, Thursday evening at seven thirty o'clock when Rev. J. T. Griswold performed the ceremony that made them man and wife. Only relatives witnessed the ceremony, and the bridal couple left immediately for their home in Paducah.

The bride is one of the popular young ladies of this city and has received her education in the college. The groom also attended the college and studied law at Lebanon Tennessee. The best wishes of a host of friends go with them for a long and happy life.

LELIA LAKE ITEMS

Mrs. Roy Guffey has had as her guest the past week her mother, Mrs. W. H. Jackson of Abilene, Texas, also her sister Mrs. Earl Cade and children of Fargo, Oklahoma.

Bro. Morgan of Memphis preached in the 1st Baptist Church Sunday and Sunday night.

A party was enjoyed by the young folks Saturday night in the J. A. Thompson home.

Mr. and Mrs. R. E. Dezelle of Ft. Worth are visiting the lady's mother, Mrs. R. E. Conner.

Mrs. J. F. Roberts and family are visiting in Memphis the past few days.

Mr. and Mrs. Roy Guffey and family visited in Amarillo Friday and Saturday.

Mr. and Mrs. Herbert Warner are visiting in Memphis.

A severe hail storm struck north of the river Monday afternoon, and from reports several hundred acres of crops were destroyed.

M. B. Oates, of Wichita Falls, agricultural agent for the Ft. Worth and Denver, is in this city today consulting with local citizens on the feasibility of making this city a greater cotton market to the greater advantage of all parts of the county.

F. M. Christy, formerly in the employ of the News, will leave tomorrow morning for Waco where he has a responsible position with the Barnett Printing Company, one of the largest of such concerns in that city.

Use Anti-Fly for spraying livestock. One application a day will keep flies away. Sold at Stocking's Drug Store.

This is a scientific preparation which penetrates the skin going direct to the seat of trouble. Will not stain your clothes.

Sold on a guarantee by R. A. Long Drug Co. (26c)

McDonald's Drug store." (Statement given November 29th 1915.)

On April 21st 1919, Mrs. Lovell added: "Since recommending Doan's Kidney Pills I have not needed a kidney remedy as the cure Doan's made has lasted."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Lovell had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

CLAUDE ANTELOPES DEFEAT

CLARENDON LEGION TEAM

In a game of interesting baseball, on the local lot Thursday afternoon, the Claude Antelopes showed the way to the Clarendon American Legion team through nine innings, the soldier boys hanging on the end of a 5-4 score. Two of Clarendon's scores were unearned as Brummett, playing third for the Antelopes, overthrew first on two successive occasions. With two on, one of the Legion boys parked the ball and three runs came across the pan.

This was the third time these two teams had met, Claude winning the first and third games. Claude News

A. N. McCardell and Harry Sitzer were Amarillo visitors Thursday.

I AM AN AMERICAN

I was a pilgrim seeking a place, myself of Old World wrongs and keep the new Nation whole.

Thus I made America. And America made me—a new man, still a Protestant, still a Catholic, still a Jew, but first an American. No longer a nonentity but a man bending only in the voluntary service of mankind. America has given me Opportunity, the golden wand which has transformed me from a chattel to the peer of any man on earth.

Am I great enough, strong enough to keep what I have made? Have I builded better than I knew? Do I realize now, that America contains the inspiration and the purifying principle for the world? Does American Liberty mean anything in particular to me? Is it more than a mere nation of people, conceived in the freedom loving thought of a hundred nations, builded of human desperation and kept whole by the will and determination of noble incentive? Will I earnestly work, willingly give, and gladly sacrifice to save my America and thereby save the world?

Yes, I will. And why? Because—I am an American.

The Clarendon News' Americanization series (Editor's Note—The articles appearing in the above space from week to week are taken from "Americanization" by Elewood Griscom, Jr. This excellent volume, which is a collection of articles upon the general theme of patriotism and good citizenship, is presented to the schools of Texas by the Bodies of Scottish Rite Masonry in Texas.

SUNNYVIEW

We have had a weeks fine weather and the farmers are keeping up with their work. Crops looking fine.

Mr. and Mrs. Ralph Cornelius of near Groom spent Saturday night with the latter's parents W. D. Martin. All visiting in the home of Mr. Cornelius of Clarendon Sunday.

Mrs. J. H. Roberts of Lelia Lake and Mr. and Mrs. F. L. Behrens and children were the guests of A. M. Lanham and wife Saturday night.

Misses Blanche and Eva Bogard left Friday for Canyon where they will attend normal.

Those attending the I. O. O. F. and Rebekah Association at Amarillo last Tuesday and Wednesday were Pat Longon, Charles Carder and Misses Dollie and Lizzie Carder, Hattie Meadows and Irene Gibbs.

Miss Mamie Lanham who taught school at Hurley, Bailey County stopped off with her cousin A. M. Lanham and wife on her way home at Dennison and spent Friday and Friday night.

Mr. and Mrs. Neal Bogard spent Sunday with their parents, Mr. Bogard and family.

Most everyone from this section went to see the parade Thursday night.

Mr. and Mrs. Lonnie Wood were the guests of J. D. Wood and family Sunday.

Miss Fannie Mae Behrens is spending the last few weeks with her sister Mrs. T. T. Wagoner of Claude.

Mr. and Mrs. Heckle Stary spent Sunday with Mr. and Mrs. Loyd Moreland.

The Club ladies met with Miss Eulah Haley Friday in an all day meeting. All report a very pleasant and helpful meeting. About 60 ladies were present. Dinner was served in picnic style and was enjoyed by all.

John Butler and wife, A. M. Lanham and wife attended I. O. O. F. Memorial services at Clarendon Sunday morning.

(Omitted from last week)

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound" you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

THE INSTINCT TO "DOLL UP"

The superintendent of the New York State Reformatory for Women has made an observation sufficiently surprising to the general public to be good copy for the daily newspapers. He says of the inmates of his institution, who are as completely removed from masculine gaze as those of a nunnery, that "they take the same pains in dressing and beautifying themselves" here as they would for an Easter Parade on Fifth Avenue. They love to "doll themselves up."

This would seem to confirm those cynics who have been saying for so long that woman did not adorn herself to find favor with man, but simply to make her sisters envious. But isn't the sounder explanation that the desire for self-adornment with her is instinctive as the desire for physical strength in man, and that by the satisfaction of this desire she helps maintain her self-respect in trying circumstances? It will be a sad day for the race when men cease to develop muscle and women to make themselves attractive, except with some definite and practical object in view.

The authorities of the New York State Reformatory would do well, instead of fighting the expression of instinct, to encourage it, while guiding it along the paths of good taste.—Leslie's.

MASONS ELECT OFFICERS

Thursday evening the Masonic Lodge elected officers for the coming year. Those elected were as follows: E. W. Bromley, W. M.; Clint Perdue, S. W.; L. M. Funk, J. W.; E. A. Thompson, Secretary; W. H. Patrick, Treasurer; Homer Mulkey, Tyler.

Tanlac builds up the weak, run down system and makes you feel strong, sturdy and well, as nature intended. Stocking's Drug Store and R. A. Long Drug Co.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked, get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

THE COW, THE SOW AND HEN

The farmer smiled as he passed them by,

The cow and the sow and the hen; For the price of wheat had gone sky high,

And the cow and the sow and the hen

Ate up the grain he could sell at the mill;

They needed his care when nights were chill

He swore of them all he'd had his fill—

The cow and the sow and the hen.

These barnyard critters had had their day,

The cow and the sow and the hen. He could get thirty bones for a ton of hay—

No need for the cow or the hen. He never would milk another cow,

He hated the sight of a grunting sow,

And raising chickens was work for the frau,

Goodbye to the cow and hen.

They gave no heed to his jeer or frown,

The cow the sow and the hen. Whatever goes up, they said, comes down,

The wise old cow and hen. The hen laid eggs the winter through,

The cows gave milk, and the piggies grew;

But hay dropped down from thirty to two—

Oh, the cow, the sow and the hen.

Now he sits and sighs, as he counts his cost

For the cow and the sow and the hen.

He almost cries for the milk he's lost.

Oh, the cow, the sow and the hen. He'd tend them gladly in mud and rain,

And lessen his acres of hay and grain,

If he only could buy them back again—

The cow and the sow and the hen.

—Dr. A. H. Upham, President of Idaho University.

LOCAL STUDENTS MAKE GOOD AT CLARENDON

Doyle Osborne of Pampa community, graduated from Clarendon College this commencement, ranking in his grades near the highest in the large class. Mr. Osborne took an active part in all student activities, represented his literary society, the "Adkissionian" in the annual oratorical contest and was prominent in many organizations. He has returned here for the summer vacation, but states that he will continue his studies in higher institutions next year. John Osborne, brother of Doyle, ranked highest in his class at the same college this year, and if he maintains this splendid record throughout the ensuing three years, he will leave the institution as honor graduate.—Pampa News.

"I feel twenty years younger," is what thousands have said after Tanlac restored them to health. Try it. Stocking's Drug Store and R. A. Long Drug Co.

Fine Tailoring, Cleaning and Pressing at Dad's Tailor Shop. Phone 110.

OLD-TIME COLD CURE—DRINK HOT TEA!

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia.

Look up! Get a 25 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pain, aches and stiffness. Don't suffer! Rub rheumatism away.

SPECIAL

New crop Uvalde Honey, the best Texas produces.

With the opening of the canning season you will be needing more fruit jars and rubbers. We have a good stock of the standard makes.

Clifford & Wilkerson

JOSEPH VIERRA HERE, WELL KNOWN HAWAIIAN BARI-TONE TO APPEAR WITH HIS COMPANY AT CHAUTAUQUA.

The Vierra family of musicians that Hawaii has produced.

The Vierra brothers first appeared in America at the time of the San Francisco Exposition at the Hawaiian Village and it was there that the wave began which carried Hawaiian music all over America.

Since that time the Vierras have been continuously busy.

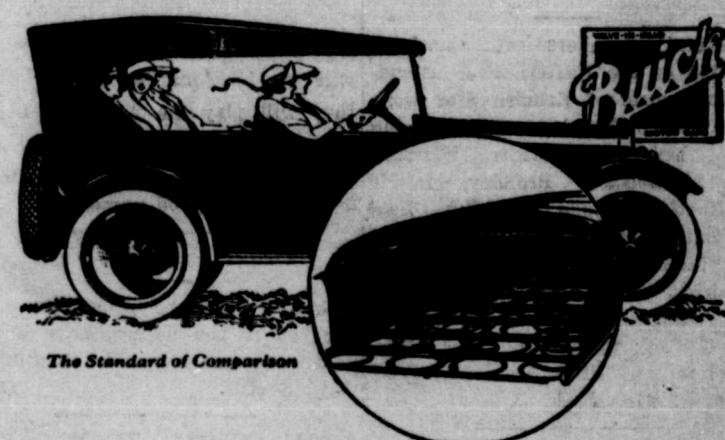

The thing that distinguished these Hawaiians from all other companies is the fact that they regard their

work very seriously and do not produce a company that is not high class and distinctly Hawaiian.

Vierra's Hawaiians appeared on the big Seven-Day Circuit of Redpath-Horner in the summer of 1921 and proved one of the most successful musical organizations that Redpath-Horner has ever had.

The Hawaiians with Mr. Vierra will give a program of wide variety including all of the popular Hawaiian music and a great many of the most recent popular hits in American music.

Miss Carrie Wilder was an Amarillo visitor Sunday.

The Standard of Comparison

Why Buick Cushions "Ride Easy"

Buick cushions are comfortable on all roads because of their "double-deck" springs and resilient hair pads. The upper springs, which are light and easy-acting, yield to the slightest road irregularity. The lower springs are larger and stiffer. They come into play on rough country roads, carrying the passenger in comfort over bumps which cause the ordinary seat to "strike bottom".

Between the springs and the French-plaited leather upholstery are two thick, yielding pads of interlaced hair which positively prevent "lumping".

In Buick seat cushions, as in every other part of the car, is built the quality which has made Buick cars the standard of comparison.

BIG CHICKEN FIGHT STAGED MONDAY FOR MONTHLY TRADES DAY

Owing to the good weather for farm work, the attendance at the regular monthly Trades Day Monday was not large. Very few farmers could afford to leave their work in the fields to come to town.

The chief excitement of the day was the chicken fight staged on the square by C. L. Condrey. About 25 chickens were turned loose and were eagerly chased by various classes of individuals as called out by Mr. Condrey. The person catching the chicken was allowed to keep the same and in addition received a prize from one of the business houses.—Randall County News.

BROWN COUNTY MAY ASK GOVT. AID FOR TRAPPERS

Brownwood, June 20.—Brown county may go to the federal government fifty-fifty in the matter of paying the salary for three months of an experienced trapper to destroy the large drives of timber wolves which have of recent months killed scores of sheep and goats in this section. Their depredations have increased recently, C. R. Londron, inspector of predatory animals, U. S. Department of Agriculture, with headquarters at San Angelo, has made a proposition to local people, whereby the services of such a trapper may be secured.

CONTRACT MADE FOR SEWAGE DISPOSAL PLANT IN TULIA

At 1:00 o'clock, Thursday afternoon, June 15th, the city officials of Tulia met pursuant to published notice for the consideration of bonds

for the construction of a sewage disposal plant of drainage pipes. There were four bids submitted by Gordon Construction Company, of Denver, Colorado; James Construction Company, of Dallas, Texas; Cramer & Cullum construction Company, of Dallas, Texas; and R. M. Irick & Son, of Plainview, Texas. The amount of the bids were—\$27,775.50; \$28,315.70; \$29,275.70 and \$26,706.00, from the said companies respectively.

These several bids were submitted under the conditions that the contractors would accept City Warrants for their work. Each agreed to deduct five per cent on their bids for cash, except R. M. Irick & Son, who agreed to accept 7 per cent off for cash.

Therefore the contract was awarded to R. M. Irick & Son, of Plainview, for cash, making the amount of the contract, \$24,836.58. Tulia Herald

WELLINGTON GIN UNDER CONSTRUCTION

The Wellington Gin, which burned last year, is now being rebuilt larger and better than before, and better equipped. This gin, known as the old Kimbell gin, already has cotton and seed houses that escaped the flames, and with the addition of the gin building proper and new machinery, will be one of the best in the city. With the large cotton acreage and great yield promised this year, all the gins will have plenty to do—and think of about 20 cent cotton.—Wellington Leader.

R. C. Dial, former editor of this paper when it was known as the Banner-Stockman, was through this city Thursday enroute to Clayton, New Mexico.

WORK ON BRIDGE TO BEGIN MONDAY PROMOTERS SAY

Driving of piling and actual construction will begin Monday on the Interstate Bridge Company's structure over Red River on the road between Vernon and Altus, Okla., according to long distance telephonic word received this morning by Peck and Hickernell from C. R. Moore, president of Austin Bros. Bridge Company of Dallas, who has the subcontract.

Barring accidents and high water the bridge should be completed by July 20, Mr. Peck said this morning. The pile driver and other machinery was shipped Wednesday. Approximately half the twenty-eight carloads of lumber and hardware have been shipped. It is expected that work will go forward without a halt.—Vernon Record.

VERNON COTTON EXCHANGE ESTABLISHED

A cotton exchange in Vernon will be opened probably by July 1 by virtue of action taken by local buyers and will be located in the office of the Triangle Oil Co on the second floor of the T. L. Pierce building. Continuous quotations will be received on cotton, cotton products, grain and all stocks by the new board.

Direct wire service will connect the local exchange with New York and New Orleans markets and will be offered daily from 7 a. m. until 2 p. m. The board will be established here by C. B. Maginnis and Co. of New Orleans. Transactions on the stock market will be received here every fifteen minutes.

SAM JONES ON HONESTY

I'll tell you the sort of honesty I find in my Bible where Abadiah borrowed \$5000 from Ahab and died before the money was due. After his death Ahab sued the widow for the debt, and levied on her and her two children for the money. They could levy on children in those days, and they were to be sold in this case to pay the debt. The mother in distress, and she hunted up the best old prophet on the face of the earth. She stated her case to him, and said: "My husband died, owing this money, and they have levied on my two children to pay this debt. What must I do?" The old prophet looked at her and said: "What have you in your house?" The poor woman replied, trembling: "Nothing but a pot of oil, and that is to embalm our bodies with." The prophet never said a word about the homestead, but he said: "You go and sell that oil and pay that debt. She went home and borrowed vessels and drew enough oil out of the pot to pay the old debt, and she had more oil left afterwards than when she commenced to draw it. That was God Almighty standing by an honest woman, don't you see? I have seen it repeated again and again, and I tell you that God Almighty will take care of an honest man, if He has to put the angels on half rations for twelve months.

W. A. Wilson and J. W. Watts had their families returned last week from central Texas where they went on a fishing trip.

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Back-ache or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poison from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

THRILLING PLOT

"Friendly Enemies" to be Produced at Chautauqua.

Friendly Enemies, the great play in which Louis Mann and Sam Bernard made such a tremendous success recently is to be produced under the management of Charles F. Horner at Chautauqua.

This play has a very interesting history. It was written during the war. The first production was given in Washington. In the original cast were Louis Mann and Sam Bernard, the former stars of Potash and Perimutter.

It happened that the President of the United States entered shortly after the beginning of the first act. As the play progressed, the audience was in a high state of excitement and enthusiasm.

After the last act there was tremendous applause for the individual actors and calls for the author. Just about this time the audience discovered the President. After repeated calls the President rose and said:

"All that I can say has already been said most admirably said in this most beautiful play. All the sentiments I could express have been admirably represented. Sentiments that I hope will soon grip the world."

The play will be produced not only on the Sterling Circuit but on the big Premier Seven-Day Circuit of Redpath-Horner and the production will be identical in every respect.

CITY WILL BUILD NEW WATER LINE TO EAST PORTION OF THE CITY

The City Council of Canyon is making arrangements to extend the city water line to the east part of town with a six inch main on either Houston or Evelyn streets, probably Evelyn street.

Private mains have been carrying the water to this part of town since the water system was put in twelve years ago, but this part has grown so rapidly that the water mains now do not supply sufficient water for the needs of the patrons, and give but little fire protection.—Randall County News.

WHEAT HARVEST IS WELL UNDER WAY

A drive over the country last Sunday indicated that most of the wheat in the county was rapidly ripening and would be ready to save within a few days. Last week witnessed activity in preparing binders for the work and some farmers even commenced to cut Saturday. Many hundreds of acres were ready Monday and by noon a number of outfits were operating.—Foard County News.

FIRST CHRISTIA CHURCH

Lord's day June 25. Bible school 10 o'clock. Preaching Morning and evening. Morning Subject: "The Experimental Retrospect". Evening Subject: "Intimacy with Christ and its Effects". Subject for Wednesday evening: "The Birth of Foreign Missions." The public is cordially invited to worship with us at all of these services.

E. L. Hughes Minister.

SAYS RED PEPPER HEAT STOPS PAIN IN FEW MINUTES

Rheumatism, lumbago, neuritis, back-ache, stiff neck, sore muscles, strains, sprains, aching joints. When you are suffering so you can hardly get around, just try Red Pepper Rub.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into pain and congestion relief comes at once. Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes the sore spot is warmed through and through and the torture is gone.

Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Be sure to get the genuine, with the name Rowles on every package.

What Ails Business?

--nothing much, say the men who advertise wisely

it is done by men to whom the simplest economic problem is a profound mystery.

Yet you hear them parrot what others of their kind say—"Business is rotten!"

Is it rotten? Only in spots—BADLY NEGLECTED SPOTS for the most part.

Where it is NOT NEGLECTED—where well conceived and wisely applied advertising is employed as a business stimulant—YOU WILL FIND BUSINESS GOOD. The men who are advertising wisely will be first to confirm this statement.

Don't be a curbstone economist! Don't agree that "business is rotten" just because you hear visionless men say it is! ADVERTISE WISELY, and be sure of your share of the good business that's abroad.

There are many hundred News readers who will help to make your business GOOD—or BETTER if it already is good if you will go to them with straightforward messages about what you have to sell—AND WHY THEY SHOULD BUY IT.

BIG IMPROVEMENT IN THE PASTIME THEATRE

The Pastime Theatre has lately installed a Gardiner Velvet Gold Fibre Screen, exactly like those used in the ten largest theatres in the United States.

The Velvet Gold Fibre Screen is so named because of its tendency to bring out, in the picture projected upon it the soft, warm velvet tone in the photography, and eliminate all violent contrasts so displeasing to the eye, so that, instead of the greys, browns, blues and other dark colors in the original scene being projected as black (as they are upon the average screen) they are reproduced in exactly their natural color values when projected on the Velvet Gold Fibre.

The film producers spend fortunes for gorgeous stage settings, handsome gowns, beautiful draperies, furniture, bric-a-brac, etc. No end of money is spent to produce the most perfect photographic apparatus and lighting systems so that the proper color value may be imprinted upon the sensitive film.

The Velvet Gold Fibre Screen the link between you and the producer and director with their thorough knowledge of color combinations.

The eVelvet Gold Fibre Screen brings out the definition in the picture in its entirely showing every facial expression, even to the twinkle of an eye. Even very old people or young children can view pictures shown on a Velvet Gold Fibre Screen as often as they wish and sit as near the front as they desire without danger of hurting their eyes.

It is worthy of notice that every new theatre that opened in New York and Brooklyn last year installed one of these screens. Movie fans of Clarendon will now be able

to see a picture just as good, for less money than they would in New York or any other large city. We congratulate manager Mulkey for his effort to give Clarendon pictures that equal and in many instances equal those of the larger cities.

MARTIN NEWS
