

MEETING TOMORROW EVENING TO DISCUSS ROADS

AT MASS MEETING LAST FRIDAY AFTERNOON IT WAS DECIDED TO CALL A COUNTY WIDE MEETING TO GO OVER ROAD SITUATION.

At a meeting Friday afternoon called primarily to discuss the feasibility of a road from here to Silverton, it was decided by some thirty business men and citizens to call a meeting in the court house tomorrow evening for the purpose of considering road conditions of Donley. Facts are transpiring in other counties that, if Donley sits still and does nothing, will place these counties far ahead in every respect. It became apparent at this time that Hall county commissioners, since petitions have been received from every part of the county, have called an election to vote on the adoption of a half million dollars worth of bonds for the thorough improvement of the roads in that county.

H. Lott, one of the principal speakers of the meeting, and who has been working for sometime on the project of the road joining this city with Silverton, stated that he had circulated a petition among the land owners of Hall county who would be affected by the proposed road, and something like fifty-eight of the fifty-four favored issuing forty thousand dollars worth of bonds for the improvement of the part of the road passing through Hall county. He took this proposition up with the commissioners court of Hall county, and they promised him, if he would let the proposition sit still that they would call an election of the large bond issue and would allow the amount that he is asking in the petition for the improvement of the section of road that he and the other petitioners were interested in. This would build a bridge across Red River and would improve the road in Hall county in the line of Donley county. Memphis, however, proposes to intersect the road from Silverton to Clarendon with a road direct into Memphis. Clarendon would, however be closer to the fine farming communities in Antelope Flat and Quitaque than would Memphis.

Prominent citizens speaking at the meeting stated that the only thing that they think that Donley can afford to do is build a road from the Donley line such as is constructed in Hall county. Secretary McCardell asked for suggestions and Tom Connally stated that he thought the only plan is for this county to get busy, and build roads as it should, and not let Hall county secure the large trade territory that will be open with the opening of the new road.

County Commissioner Anderson was asked his opinion about the matter and he stated that he believed live cotton buyers here would bring more trade here than a good condition of the road. J. T. Sims, M. M. Noble and other prominent business men replied that if the roads were put in condition that the crops could readily be hauled here, the buyers and the market would come as a result; and that the proposition of good roads cannot be avoided on such a basis.

As it became apparent that Briscoe county is preparing to issue bonds in the sum of seventy thousand dollars for the building of bridges, this with the probability of the large bonds in Hall County spurred the meeting to greater interest, and it was decided to call a mass meeting in the court house tomorrow evening; and everyone in Donley county who is interested in roads in all parts of the county should be present.

Ernest and Lee Pope, Jerome and Frank Stoecking, Cleo Andis and Oscar Walker were among those from this place attending the baseball games between the Bulldogs and Buffaloes at Canyon last week.

Frank Houston, of Childress, was here on business Tuesday.

WORK ON SCHOOL HOUSE IS TO BEGIN IMMEDIATELY

CONTRACT LET SATURDAY TO STEWART AND COMPANY CALLS FOR COMPLETION OF STRUCTURE BY SEPTEMBER 20TH. TO BE FINE BUILDING

The school board awarded the contract for the construction of the new school building to Stewart and Company of Oklahoma City Saturday afternoon. The agreement calls for the finish of the work by September 20th and the successful bidder stated that the work would commence within the next ten days. The price of the bids accepted by the school board was \$45,700.

This structure will be an up-to-the-minute one, with two stories and basement comprising eleven rooms and a fine gymnasium. The price does not include the heating, but only the building and plumbing. The heating will be effected from the present high school building with the enlargement of that plant. Toward the accomplishment of the heating, and the repair of other buildings, the remainder of the \$75,000 bond issue will be used.

Five bids were received, and W. W. Taylor, secretary of the school board, states that all the bids were close together. With the finish of the building, Clarendon will be provided thoroughly with school facilities, and the city's fame as a school center will be enlarged.

REV. SMITH WILL GOTOSAN ANGELO

RESIGNS PASTORATE HERE LAST EVENING TO TAKE EFFECT JUNE 1ST.

Rev. J. A. Smith, pastor of the Baptist Church in this city for the past two years, presented his resignation to that congregation last evening to take effect the first of June. He will go from here to San Angelo where he has accepted the pastorate of the Baptist Church.

Rev. Smith came to this city in May, 1920, as the pastor of the Baptist church, and he has proved to be one of the best pastors that the church has ever had. Not only have there been many additions to the church under his ministry, but the material addition to the church has been remarkable. It is stated that no other church in Texas has been able to make such additions as this church has done on as small expense. A large Sunday school addition of basement and two stories was recently completed at a cost of less than five thousand dollars, this remarkable figure being realized by the fact that the members joined and worked as a body on the construction work. The members of the church regret to lose Rev. Smith as their pastor, which was made manifest by their many expressions of regret. Put in his new work, the members here will wish for Rev. Smith and his family the same success that has been his here.

Upon the acceptance of his resignation, a pulp committee was appointed to make recommendations for the next pastor, and on this the church will take action at a later date.

REV. GRISWOLD TO RETURN TOMORROW

Word received from Rev. J. T. Griswold, pastor of the First Methodist Church, is to the effect that he will return tomorrow from Little Rock where he has been attending the General Conference. Rev. Griswold will fill his pulpit here Sunday morning and evening.

Miss Pearl Miller returned this morning to her home in Amarillo after having visited here this week with her friend, Miss Jessie Morrison.

LEROY M. FUNK AFTER SHRINE DIAMOND RING

LOCAL MAN ENTERS RACE FOR SHRINE RING TO BE AWARDED AT AMARILLO NEXT THURSDAY AT BIG CEREMONIAL. LET'S GO!

It has been about two years since Clarendon Nobles had a local novice enter the race for the big diamond ring awarded to the most popular candidate by Khiva Temple, A. A. O. N. M. S., at Amarillo, and the entrance of Leroy M. Funk, one of our most popular young men is stirring up much interest among the festooned nobility in Clarendon and Donley County. Leroy is a big, jovial, whole-souled fellow—just the type that Shrine Patrons enjoy as their meat—just the type that all Shriners like to rally around in a big campaign to put him over for the ring.

He has a dandy platform which is set forth below and with the experienced assistance of the Donley County Nobles, it looks like Clarendon has picked a winner this time.

Here's what Novice Funk has to say:

I believe in Funk. I believe he should have that ring.

I am for soft words, soft jobs and after the ceremonial I will be for soft cushions.

I am against soft drinks, soft soap and soft Patrons.

I like hot cakes, "hot dogs" and HOT SANDS.

I believe in long hours, long speeches and long ROPES.

I believe Khiva's Patrol should have re-inforcement, for they will be needed. I'm a strong guy.

I believe those "Dickey Birds," the Patrol are all right, but not enough of them. I'm a bear cat.

I'm against Wolves with long tails and will step on them.

I believe in that ring. O Ring, thou art MINE.

LUNCHEONITES JOIN GOOD ROAD MOVEMENT

The principal part of the discussion at this week's luncheon was relative to the good roads movement, which many citizens are endeavoring to put over at this time. While this movement did not originate with the chamber of commerce, the members express their hearty approval of it, as they realize that many surrounding counties are preparing to leave Donley far behind, unless this county awakens to its opportunities in the way of improving the roads.

Secretary McCardell also spoke to the luncheonites on the building possibilities, and this in turn led to the discussion of a building and loan association for this city, since many surrounding cities are taking advantage of the benefit derived from such associations.

A good sized crowd was present, and occasion was taken to announce the fact that no luncheon will be held next week as several people will be at the conventions to be held in Plainview and Amarillo.

Further announcement was made of the good roads meeting to be held in the court house tomorrow evening.

MRS. TOMBS HOSTESS HOME ECONOMICS CLUB

Mrs. Tombs was hostess Friday afternoon to the Home Economics Club of this city. Each of the twenty-two ladies in attendance gave a demonstration of some made over dress, or some hat that they had made. A demonstration that proved of more than ordinary interest was the exhibit by Mrs. Tombs of an evening dress that she had made on the dress form, using in the making some lace that is more than thirty-five years old. Delightful refreshments were served, and the club adjourned to meet with Mrs. Bob Mann on Friday May 26th.

Fred Chamberlain is in Kansas City this week on business.

BULL DOGS WALK AWAY WITH CANYON TRACK MEET

LOCAL ATHLETES DEFEAT CANYON NORMALITES ON THE CINDER PATH AND DIAMOND. GOODWELL, OKLA., THIRD IN TRACK EVENT.

Each event that the Clarendon athletes have entered this year has but given them another opportunity to demonstrate their superiority over their opponents. Their latest victory is that over Canyon Normal and the Oklahoma Junior A. & M. of Goodwell Oklahoma when the locals took the track meet at Canyon Saturday. Added to this victory was the victory of their having beat Canyon in one of the two baseball games played there earlier in the week, thus giving them three victories in the four games played with Canyon this year. Additional to this record is the fact that they lacked only one point winning the state track meet for Junior Colleges at Ft. Worth week before last.

In the Canyon track meet Saturday, Clarendon won first place with a total of sixty-five points; Canyon won second with fifty-one points; and Goodwell won third with thirty-six points. Out of the possible fourteen first places, Clarendon won nine, Canyon three, and Goodwell one. Jackson of Clarendon was the high point man with twenty-six points, George Close was the next best man of the locals with twelve points, Chief Youngblood third with nine points, and Wilburn and Upton divided honors for fourth place with six points each. In the mile relay race, which the locals won, the average speed per quarter was fifty-five seconds. Canyon Normal offered gold medals impressed with images of buffaloes to the winner of each first place including the individual men in the relay race; and the comic part is that Clarendon almost broke up their herd of buffaloes, bringing home thirteen of them and leaving only three with Canyon.

In baseball Clarendon divided the last two games with Canyon. The first one was an eleven inning contest in which Youngblood held the Normalites to one hit, at the same time getting fifteen strike outs on them. Graves for Canyon got eleven strike outs on the locals, and held them to three hits. The result was a two to one victory for Clarendon, with two errors slated against them and three against their opponents.

The game on the second day resulted in a five to two victory for Canyon. Smalley struck out nine of the Normalites and Whittaker struck out eleven of the locals. Clarendon got eight hits and Canyon seven; Clarendon made one error and Canyon three. In the tenth inning Mitchell for Canyon, broke up the game when he got a home run with two men on. This was Clarendon's first defeat in the regular schedule, and the second defeat of the season, the first having been at the hands of the Amarillo Grays. Thus Clarendon has the record of having won fourteen of the sixteen games played thus far.

Coach Burton and the boys report a fine time and royal treatment while at Canyon and this was the more enjoyed as the two schools are such keen rivals.

At the Ft. Worth track meet, Clarendon entered only five men, while T. M. C., the winning college, entered twenty men; yet Clarendon lacked only one point winning the meet, and a victory would have resulted for the locals had they but entered one more man. T. M. C. made a score of fifty-five and one half points, and Clarendon made a score of fifty-four and one-half. John Tarleton, the college winning third place in the meet, entered thirteen men and won fourteen points.

However there was consolation in the fact that Jackson, for the locals was the high point man of the state with twenty-six and one-half points; thus he brought home the individual

COLLEGE SUMMER SCHOOL WILL BE A THOROUGH ONE

COURSES TO BE OFFERED IN SEVEN DIFFERENT DEPARTMENTS WHICH WILL BE FULL EIGHT INSTRUCTORS ENGAGED.

The summer school conducted by Clarendon College this summer will be the widest and the most thorough in the history of the school, with the offer of full courses in seven different departments. Summer school will commence June 1st, following the close of commencement exercises, and will last until July 15th.

Courses with full credit will be offered in English, History, Mathematics, Science, Foreign Languages, Business Administration, Education and Music. A feature of the school that could not be offered heretofore is the permanent certificate for teachers. Due to a recent ruling of the State Department of Education, with the satisfactory completion of an advanced Education course and other prescribed work, the applicant will be granted a permanent certificate. The indications are that this will add materially to the list of students attending this summer school; for a part of the summer school students are recruited from the teachers of the public schools.

Dean S. H. Condon is publicity agent for the summer school, but he will not be among the faculty as he will be in the field work for the college this summer. Prof. Justin Anderson will be in charge of the school assisted by the following other faculty members: Misses Mamie McLean, Pansy Lane, Moena Lane, Mabel Betts, Ineva Headrick, Mary Howren and Prof. D. M. Beights. The attendance at the summer school last year was the largest yet known, and it seems that it will be even larger this year. A large number of reply cards were recently sent out over the Panhandle, and Dean Condon reports that many favorable replies are being received already.

SHRINERS AND ROOSTERS TO CROSS BATS TUESDAY

The baseball teams of the Clarendon Shrine Club and the Methodist Sunday School will try their relative strength on the College Park Diamond Tuesday afternoon commencing at five o'clock. All of the stores will be asked to close so as to give each of the organizations the best support, and at the same time help in the establishment of the local league. Each of these teams is playing one thousand percent, and a good contest is assured. Each of the teams is also equipped with new uniforms.

The formation of the local league has been possible only through the co-operation of the various organizations supporting teams for this season, and this will be of much value to Clarendon from the community standpoint. Frank Stoecking has been appointed the official score keeper, and at the end of the season the averages of the various teams will complete. The percentage will be given in this paper from week to week. Thus far the percentage of the teams stands as follows: Shriners, 1,000; Roosters, 1,000; American Legion 0.

Bob Erwin returned Saturday from Dennison where he has visited with relatives and friends the past three weeks.

Clarendon, of course, continues to display the loving cup that it won at Canyon last year.

Clarendon is rounding out the most successful athletic year in its history, and much of the success of the Bulldogs on gridiron, diamond and cinder path is due to the coaching of H. T. Burton, who has the power not only of directing the practice, but of putting the spirit of fight in the man until they scarcely know what defeat means.

MEMORIAL DAY PROGRAM HERE SUNDAY, MAY 28

PLANS ON FOOT TO STAGE MEMORIAL DAY PROGRAM ON SUNDAY PRECEDING MAY 30TH. LEGION BEHIND IT.

The American Legion and the Ladies Auxiliary have decided to have and are now planning a memorial day program and parade. Tuesday May 30th is Memorial Day but the parade and program may be given on the Sunday preceding to enable the people from the surrounding communities to attend.

The parade will be led by the Clarendon Band who will be followed in turn by ex-confederate soldiers, the Legion in Uniform, the local Company of the National Guard, the Boy Scouts and appropriately decorated trucks representing such organizations as the Red Cross, The Camp Fire Girls, etc. After the parade a program will be given on the Courthouse lawn and following that retreat will be held.

The details of both program and parade are in the hands of a joint committee composed of Miss Cannon, Miss Pansy Lane, Mrs. George Taylor, Jim Adams and Montey Garrison and definite plans will be announced at an early date. Make your arrangements now to be present at this service and let's pay the respect we owe to our loved and honored dead.

HEALTH CONFERENCE NEXT WEEK

EXPERT TO BE HERE IN CONSULTATION WITH MISS YEAGER FIRST OF WEEK.

According to announcements made by Miss Ella Yeager, Public Health Nurse for Donley county, arrangements are being completed for the Children's Health Conference which will be held in this city Tuesday under the supervision of Miss Berry, specialist with the Extension Department of the University of Texas. Mothers who are interested in having their children examined are asked to phone Mrs. C. G. Stricklin or Miss Yeager.

It will no doubt prove interesting for the mothers who had their children examined last year to have the children again examined at this time, and note the changes. Miss Berry is an expert in this work, and added to this the fact that she is a nutrition specialist, her work should prove very valuable. Under the supervision of Miss Yeager, the work with the children is becoming one of the greatest fields of the Public Nursing work in this county, and every mother with young children will find it extremely valuable to take advantage of the conference.

APPARENT HALT IN CITY BOND ISSUE

Word received yesterday morning from Dunn and Carr, the purchasers of the city's recent issue of bonds for water works improvement, was to the effect that their attorney was of opinion that the bonds were invalid and consequently they would be unable to pay for the bonds as they bid. This seems more than peculiar, under the circumstances, and it has been with hesitancy that those interested in the project could believe that the matter is as serious as the bond buyers have declared.

In issuing the bonds, the work was done under the direction of instructions from the Attorney-General's department; and when the final transcript was sent to the Attorney-General's department, the bonds were approved. Now, in the face of these facts, it seems strange that the attorneys for the bond buyers should be better informed on the laws of Texas, than is the Attorney-General's

BULLDOGS CLOSING SUCCESSFUL BASEBALL YEAR

FIFTEEN OUT OF SEVENTEEN SCHEDULE GAMES ARE WON BY LOCALS. CHIEF WINS EVERYONE OF TEN GAMES HE HAS PITCHED.

The Bulldogs took the first of the games here with Daniel Bakes yesterday afternoon, and are playing the second and last game of the series this afternoon. This winning is closing out the most successful baseball season that Clarendon College has ever known. The feature of yesterday afternoon's game was the home run by Chief Youngblood with one man on; the final score was four to one in favor of the Bulldogs.

Chief allowed the visitors only three hits, and he struck out sixteen of them. Blair, hurling for the invaders struck out eleven men, but seven hits were also got off of him. He got the most strike outs on the local club that any pitcher opposing them has yet done, and the playing of the entire team proved it the strongest club that the Bulldogs have faced this year.

Yesterday was the tenth game that Chief Youngblood has pitched this season, and he has won every one of them. In six of the games the score of his opponents has been one tally; in one of the games, no score; in two games two scores; and in one game, that with the Amarillo Grays, the score was six.

Yesterday's game also made the seventeenth schedule game that the Bulldogs have played this season including the games with the Amarillo Grays, and the Bulldogs have won fifteen of them.

Unfortunately two of the visitors were hurt in yesterday's game, each one of them being hit in the head with a baseball as they were running bases.

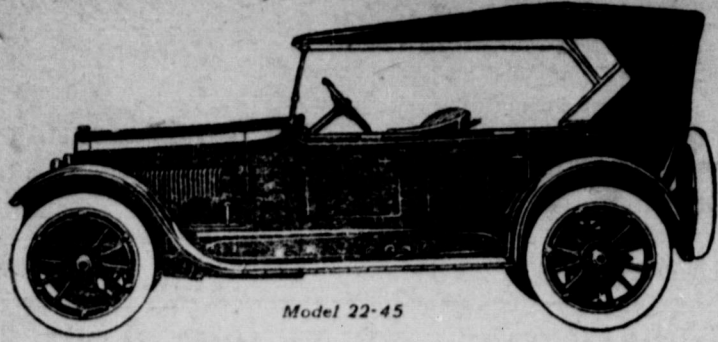

Clifford B. Casey, of Amarillo, Executive Secretary of the Epworth League for the Northwest Texas Conference was in this city Saturday and the first of this week on work preparatory to the holding of the annual conference here from June 6th to 11th.

department.

The message from the purchasers of the bonds stated that the articles under which the bond issue was entered were repealed by the Legislature in February 1921. On the face of things, as the law is read, this repeal seems certain; but there seems reason to believe that the attorneys in the department at Austin would have been aware of this repeal as anyone else; and it is thought that there is matter in the context that keeps the repeal from being as sweeping as the purchasers have declared. However, upon the receipt of the communication, the Attorney-General's department was immediately notified; and their reply is awaited with much anxiousness.

Some are inclined to the theory that the bond buyers grew sorry of their deal, as they paid 104.83 for the bonds, a figure almost unheard of in Texas for many years. It is also known that the firm purchasing these bonds had been organized only about three days at the time of this purchase; and this was their first purchase of bonds; and the high figure which they paid for the bonds would almost make any firm wish that the bonds were invalid.

However, it is possible that the Attorney-General's department would declare the bonds invalid; and in that event it would be necessary to call another election and go through the process of selling them again, thus delaying the work on the water works for some forty to sixty days. In the event that the Attorney-General should again declare the bonds valid, there are many other bond buyers who are anxious to purchase this issue. The whole matter, then, depends on the word received from Austin.

Model 22-45

The Standard of Comparison

For years, Buick Model 45 five passenger touring car has been the standard by which open cars have been judged.

It possesses in the highest degree those qualities of graceful strength and refinement that suggest at once dependability, comfort and power.

Today, Buick Model 22-45 is repeating in fullest measure the success of other years.

CAN YOU DOUBT IT?

When the Proof Can Be So Easily Investigated.

When so many grateful citizens of Clarendon testify to benefit derived from Doan's Kidney Pills, can you doubt the evidence? The proof is not far away—it is almost at your door. Read what a resident of Clarendon says about Doan's Kidney Pills. Can you demand more convincing testimony?

W. H. Martin, retired merchant, 4th and Park St., Clarendon, says: "I found Doan's Kidney Pills good for pain and lameness in my back. I got Doan's at McKillop's Drug Store and was pleased with the results they gave me. They are certainly fine." (Statement given January 24th 1911.)

On April 21st, 1919, Mr. Martin added: "I have not had any signs of kidney trouble since Doan's cured me. I am always glad to say a word in praise of Doan's Kidney Pills."

Foreign Advertising Representative
THE AMERICAN PRESS ASSOCIATION

The News editor is in receipt of a wire from the Plainview Herald and News adding their invitation to that of their city to attend the West Texas Chamber of Commerce meeting to be held there next week. According to the telegram special arrangements are being made to care for the visiting press men, with ringside seats, tables, typewriters, etc. If we can go, we'll sure accept the invitation.

Coming up on the pullman from Fort Worth the other morning we noted a small boy and his sister occupying an opposite berth and what struck our attention was the fact that after they had made their morning toilets they both took from their pockets small Testaments, read a short portion and spent a few minutes in meditation or prayer. It was a wonderfully brave thing for the little folks to do and speaks volumes for the training they have had at the hands of their parents. Safe indeed, would be this republic if all our young people had formed such high and noble habits. And yet the young people will never do better until the parentage of the nation effects a change in their daily lives. "Remember, now, thy Creator, in the days of thy youth."

There must be something to the belief held by old-timers that there is now more rainfall in the Panhandle than there was thirty years ago. The rains have been falling with much frequency for the past six weeks, until the atmosphere here is just about as damp as it is in central or south Texas, and it has been many years since the Panhandle had such a season in the ground. From every section of West Texas there comes reports of wonderful seasons and increasing crop prospects. Right here in Donley County big crops are the rule, but it seems that 1922 is to be the banner year of them all. Business is getting better and all conditions are on a better footing. There is much improving and an era of building is upon us. Conditions are so much better here than in many other sections that there promises to be a great incoming of prospectors this fall—this means a large increase in population.

The more one sees of uniforms in schools the more one is convinced of the policy. In these days when dress extremes are found in the public schools of the land, and where ideas formed there bud into worse excesses later in life, it seems to The News that some effort worth while and with the backing of the thinking people of the nation should be effected to correct extravagance in dress and its attendant evils of "flapperism." Since simplicity of dress is best attained through a neat serviceable uniform in some of the best managed schools of the nation, we believe that the time has come for the introduction of uniforms in the public schools of our land. It's mighty hard for a girl to be a vamp when she isn't dressed like a vamp, and there has been so many heartaches because of differences in dress that it seems to us that every good purpose might be served by a general adoption of uniform clothing in all or practically all of the grades of the public and all of the high school grades. The News has always felt that the free-text-book law was somewhat a departure from the principles of democracy, but if

that may be accepted there is little doubt that free uniforms might be accomplished and accepted on the same principle and with really greater results.

Those who are against spending money for road improvement must become alarmed over the ever recurring agitation for better roads. The movement has been slow in Donley County but today there is more general interest in good roads than we have ever known. There has been a meeting or two held in Donley County to discuss plans for better roads, but as yet there has never been a representative attendance and nothing definite has been proposed. From the news columns of this issue our readers will see that a call has been made for a mass meeting of citizens from all over Donley County to be held at the district court room at the court house Friday night, and The News takes this occasion to urge that every property owner in the county who can conveniently be present, do so, and that all of us go to the meeting with an open mind that some sound plan may be centered upon for the betterment of roads in Donley County. The building and maintaining of good roads is now so akin to every other progress of the community that there is no valid excuse that may be offered against improvement. The improvement is not local as every other forward looking county is busy on the problem. Let us attend the meeting Friday night and see well to it that Donley County is not behind in the matter of road improvement.

DENTON IS HOST TO EDITORS AT T. P. A'S. 43RD MEET

(Sam M. Braswell)

To prove itself a great host is no mean task for any city that entertains the annual convention of the Texas Press Association. Texas editors have been the recipients of such wonderful hospitality from all the leading cities of the state that Denton has a great task cut out ahead for her when she invited the Texas Press Association to meet with her in 1922. That she set a new high mark for gracious welcome and attentive hospitality is attested by every one of the four hundred odd attendants at the big convention which met in that splendid city on the morning of May 11th, lasting through Saturday noon of the 13th. President Bralley of the C. I. A. and his efficient corps of helpers were "on the job" from the arrival of the very first member until the departure of the last reluctant pen pusher, and those who had held a pretty fair idea of the importance and excellence of that great state school, came away with a new vision of its wonderful usefulness and its destined power in the southland. The membership was housed in Lowery and Capps Halls, dined in the boarding department of Lowery Hall and given every attention from president, teacher, and girl student every hour of the day. The girls from these two halls had moved over into other dormitories, doubling up in rooms with other girls and doing it gladly that the editorial mind of Texas might get a better insight of the workings of their great school. Although the C. I. A. is only nineteen years old the News editor believes that it has fared better than any other state owned institution in the matter of obtaining funds for the growth and development until today it is one of the best equipped schools owned by the state and with its sixteen hundred pupils, ranks third among the exclusive girls' schools of the nation. The students all wear uniforms, which has eliminated snobbishness and flapperism until the most impressive thing about the school is its splendid school spirit, its democracy and the presence of that old-fashioned womanliness so needed in these times of stress and so charming to those who love the South and its traditions.

Will C. Edwards, editor of the Denton Record Chronicle, was leader among the citizenship of the city in mobilizing all of Denton's resources in making the convention one of unbounded welcome and in seeing that every want of the visitors were promptly attended to. So well was the city organized that it was impossible for any member to spend a penny for cold drinks, cigars, shaves, hair-cuts, cleaning and pressing or any of the little personal wants that modern man craves and must have. It was

great—and the city that surpasses Denton has a rugged road ahead of it.

The convention meetings were held in the new auditorium at C. I. A., which was completed with very great effort at dawn of the morning on which the convention opened. It is one of the great auditoriums of the south and is not surpassed for beauty and modern facilities in all Texas. The Boy Scouts of America were on duty for the meeting and caused comment that now no convention could be handled satisfactorily without the help of the manly fellows who make up the troops of the Boy Scouts of America. The president, the secretary and the assistant secretary each had an orderly detailed for his personal service and the News editor, as assistant-secretary, had his first experience in having an orderly always at hand and eager to do anything from bringing a drink of cold water to the desk on up. J. B. Farris, Jr., age twelve and member of Troop Four was the bright and energetic lad that was our orderly, and it was a real pleasure to have the little fellow to confide on the way to the train after adjournment, that he "hadn't had as much fun since Christmas." Another bright spot came to J. B. on Friday when he was with the party at several feeds saying that he "had had five meals that day,"—and still he wasn't sick.

Judd Mortimer Lewis, poet of the Houston Chronicle, was president and presided with all the grace and dignity for which he is famed and every meeting of the convention was one of pleasure. Some very instructive papers and addresses were read and delivered, a new constitution and by-laws were adopted, and the interests of the association were placed on a higher level. In the election of officers, S. Denver Chestnut of the Kenedy Advance, was advanced to the presidency and Will West of the Lufkin Journal, was elected as vice president. Of course Sam Harben and C. F. Lehmann were re-elected for the twentieth time as secretary and treasurer, respectively, and probably will be until the end of time. Buford Brown of Electric and Robt. Baldrige of Clifton were elected to the executive committee, and Galveston won the 1923 meeting, peace and harmony prevailing.

The Panhandle editors were busy exploiting Amarillo's claims for the convention in 1924, and while it was put in nomination for 1923 it was done in order to get it before the membership, and it was second in the voting at that. This editor and other Panhandle editors have the personal pledges of many of the south and east Texas members that they will vote for Amarillo at Galveston to bring the big meet to the Panhandle in 1924. This will be a great thing for exploiting the resources of this section and will be an eye-opener for many Texas editors who have never passed this way. After adjournment and luncheon Saturday the big party broke up,

"Mother—anybody says it's easy after ten o'clock in the morning and we get to have a lot of Kellogg's Corn Flakes or we can't go ahead and play any longer. We're all hungry sometime' don't!"

Kellogg's CORN FLAKES
cooling-delicious-healthy

Summer's the time for "safety first" with family stomachs! Every one feels a lot better with lighter food on the hot days! And, crisp, delicious Kellogg's Corn Flakes are everything that can be desired—for health, for enjoyment, for nourishment!

Realize what proper diet means to health in summer. Cut down on the heavier foods that upset physical and mental energy and eat Kellogg's Corn Flakes! They're extra delicious with the luscious fruits now in season.

Kellogg's Corn Flakes are sold only in the RED and GREEN packages that bear the signature of W. K. Kellogg, originator of Corn Flakes. None are genuine without it!

Kellogg's CORN FLAKES
Also makers of KELLOGG'S KRUMBLES and KELLOGG'S BRAN, cooked and krumbled

some going north, east and south. On invitation of the Star-Telegram through Silliman Evans, its Washington correspondent, those who travelled via Fort Worth that afternoon were guests of the S. T. on a personally conducted tour of their magnificent new building and afterwards were carried out to Panther Park to see the Champion Cats pour in on the Galveston Sand Crabs in a beautiful game ending by a score of 2 to 1. The Star-Telegram lives large in the hearts of the people and is always doing the thoughtful and kindly thing.

It was an interesting trip and a great convention. We enjoyed every minute of our stay in Denton and will ever remain obligated to Pres. Bralley, C. I. A., Will Edwards, Denton Business Men, Boy Scouts. The Normal and everybody over in that great little city. Then there is another side to the question—regardless of what section or what city the editor was from with whom we were talking it was always a pleasure to tell where we came from and to see the esteem in which Clarendon and Donley County were held.

They know about it through the daily press and The Clarendon News—and its great to be from a good town.

USE SULPHUR TO HEAL YOUR SKIN

Broken Out Skin and Itching Eczema Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment. declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dried right up.

Get a small jar from any good druggist and use it like cold cream.

QUALITY

CALLS YOU HERE

Did you ever find that after using the merchandise of one grocery it was almost impossible to get used to any other line of goods?

Sure you have. There are many people who feel that way about this grocery. They have found that the quality of our goods, the service we offer and the low prices at which we sell demands their attention.

THE TYPICAL AMERICAN

HENRY W. GRADY

We hear a great deal said, particularly each year when the New England societies meet, about the virtues of the Puritans; but we should not forget the fact that the Cavalier as well as the Puritan was on the continent in its early days, and that he was "up and able to be about."

Let me remind you that the Virginia Cavalier first challenged France on this Continent; that Cavalier John Smith gave New England its very name, and was so pleased with the job that he has been handing his own name around ever since; and that while Miles Standish was cutting off men's ears for courting a girl without her parent's consent, and forbade men to kiss their wives on Sunday, the Cavalier was courting everything in sight.

But having said this much for the Cavalier, we let him work out his own salvation, as he has always done with engaging gallantry, and we hold no controversy as to his merits. Why should we? Neither Puritan or Cavalier long survived as such. The virtues and traditions of both happily still live for the inspiration of their sons and the saving of the old fashion. But both Puritan and Cavalier were lost in the storm of the first revolution; and the American citizen, supplanting both and stronger than either, took possession of the Republic, bought by their common blood and fashioned to wisdom, and charged himself with teaching men government and establishing the

voice of the people as the voice of God. It has been said that the typical American has yet to come. Let me tell you that he has already come. Great types, like valuable plants, are slow to flower and fruit. But from the union of these colonists, Puritans and Cavaliers from the straightening of their purposes and the crossing of their blood, slow perfecting through a century, came he who stands as the first typical American, the first who comprehended within himself all the strength and gentleness, all the majesty and grandeur of this republic—Abraham Lincoln. He was the sum of Puritan and Cavalier for in his ardent nature we fused the virtues of both, the faults of both were lost. He and in the death of his great soul was greater than Puritan greater than Cavalier, in that he was American; and that in his homely form were first gathered the vast and thrilling forces of his ideal government; charging it with such tremendous meaning and so elevating it above human sufferings, that martyrdom though infamously aimed, came as a fitting crown to a life consecrated from the cradle to human liberty.

Let us, each cherishing the traditions and honoring his fathers, build with reverent hands to the type of this simple but sublime life in which all types are honored; and in our common glory as Americans there will be plenty and to spare for Puritan and Cavalier.

The Clarendon News' Americanization series

(Editor's Note—The articles appearing in the above space from week to week are taken from "Americanization" by Elewood Griscom, Jr. This excellent volume, which is a collection of articles upon the general theme of patriotism and good citizenship, is presented to the schools of Texas by the Bodies of Scottish Rite Masonry in Texas.

THE STATE OF TEXAS, TO THE SHERIFF OR ANY CONSTABLE OF DONLEY COUNTY, GREETING:

You are hereby commanded to summon all persons interested in the estate of Richard Walsh, deceased, and also all persons who would have been entitled by inheritance, had there been no will, whose names are unknown, to be and appear at the next regular term of the County Court of Donley County, Texas, to be held at the Court House of said County in the City of Clarendon on the 3rd Monday in June, 1922, then and there to contest, should they desire to do so, the probate of the hereinafter mentioned will, as well as the application of W. H. Patrick, filed in said Court on the 5th day of May A. D. 1922, and numbered 363 on the probate docket thereof, which will then and there be acted upon for the probate of the last will and testament of the said Richard Walsh, deceased, the original of which last will and testament cannot be produced in court because of the fact that the original of said last will and testament has been heretofore admitted to probate by and is now on file with the Master of the High Court of Southern Rhodesia, South Africa, but a duly certified copy of said will, is filed with said application, and the said W. H. Patrick alleges that he is named executor of the American property mentioned in said will, and asks for a probate of the same.

You are further commanded to serve this citation by publishing the same in a newspaper which is published nearest to the Court House of said county for four successive weeks previous to the first day of the term of this the County Court of Donley County, Texas, to which this citation is returnable, to wit: the 19th day of June 1922.

Herein fail not, but have you before said court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness W. E. Bray, Clerk of the County Court of Donley County, Texas.

Given under my hand and seal of said Court at office in the City of Clarendon, Donley County, Texas, this 5th day of May, 1922.

W. E. Bray, Clerk County Court, Donley County, Texas. (22c)

STUNT FLYER MEETS DEATH AT VERNON

With several hundred horrified spectators watching the aviator's desperate efforts to grasp the broken parachute harness, "Daredevil" Ed Lirette, one of America's foremost stunt flyers fell 2,000 feet to his death in the American Legion aviation meet at Vernon Sunday afternoon, according to a message received here Sunday afternoon.

The body, reached first by his pilot and pal through many years, M. M. Merrill, who made a quick landing near the spot where he had marked the body's fall, was horribly mangled in the plunge to earth through nearly half a mile of space.

When the pilot reached the body it was floating face downward in about four feet of water in a small creek running near the aviation field.

The position of the body near the spot where it had caved in the bank and slid to the water indicated that the flyer would have been drowned if he had not been killed.

The anxiety of the flyer, who had thrilled thousands during the American Legion meet here last week and the week before, not to disappoint the spectators, was the reason for his tragic death.

The parachute jump—he had made about 250, according to Merrill, and considered it one of the least hazardous of his many daring flying stunts—was made with borrowed parachute and harness. His own, through mistake, had been shipped back to his home in Dallas from Wichita Falls, and he borrowed the parachute and harness from another flyer.

The harness was too small for him—Lirette was a powerful man and weighed about 175 pounds—and instead of adjusting the full harness he decided to make the jump with just the safety belt about him. The belt snapped under the terrific strain from the flyer's heavy body when the parachute opened perfectly to check the fall after the usual drop of a hundred feet or so, and Lirette's body crashed right on down to the earth a half mile below.

Spectators were some time in reaching the body—the flyer was performed some distance out from the field to prevent a full view of the performance by spectators who had not paid to enter as had happened at the meet held in Wichita Falls.

The dead flyer's body will be shipped back to his home in Dallas where a widow and three children survive, this afternoon.—Wichita Falls Record.

We believe in Tanlac and so will you if you try it. Sold by Stocking's Drug Store and R. A. Long Drug Co.

DEVORE

VELOUR FINISH

Is Your House A Home?

The answer is on the walls

WALLS are the background of family life. They affect the beauty, cheer and cleanliness of every room.

When finished with the soft mellow tints of Devore Velour Finish (a flat oil paint) walls not only help to make the things in front of them beautiful, but *become beautiful themselves*.

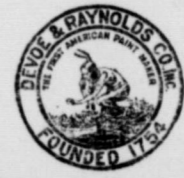

And because such walls are washable, their cleanliness and fresh beauty are easily preserved by the occasional use of soap, water and a rag.

Devore Velour Finish can be applied on any interior wall or ceiling.

Devore Products are time-tested and proven,—backed by the 168 years' experience of the oldest paint manufacturing concern in the U.S. Founded 1754.

CHILDRESS ORGANIZES BUILDING AND LOAN ASSOCIATION

At a meeting held last Friday at the Chamber of Commerce the final organization of the local Building & Loan Association was completed. A number of business and professional men attended the meeting and signed the application for a charter.

The purposes of this organization are two-fold. First, to promote thrift among the citizens of the community by means of the savings plan offered members and secondly, by aiding in the buying and building of homes through its plan of monthly repayment loans.

The association is owned and operated for the benefit of all of its members and every member shares alike in all of the earnings of the organization. There is not even a dollar of such earnings or of the principle used to defray expenses. These expenses and overhead operating costs are cared for by means of small membership fee of one and

one-half per cent of the maturity value of shares which is paid by each and every member upon joining the organization. This fee is only \$1.50 on each \$100 share and is guaranteed to pay all expense of the organization.—Childress Post.

SHRINE CLUB WAS ORGANIZED HERE ON FRIDAY NIGHT

At a meeting of many of the local Shriners last Friday night the Hereford Shrine Club was formally launched with the election of Geo. P. Garrison as president and Albert Herbest as secretary-treasurer.

Nearly all the Panhandle towns now have such clubs, organized for fraternal social pleasure. Hereford being about the last place with any considerable membership to fall in line. It is proposed to present the name of a member of the club for the Shrine Ring this year and then to push his candidacy hard. Two or three names have been men-

tioned and the final selection will be announced soon.—Hereford Brand.

NORMAL MAY GET NEW METHODIST DORMITORY

Canyon, May 13.—Funds from the Methodist centenary funds may be used in the construction of a woman's dormitory at the North West Texas State normal provided the city puts up one-third the cost, according to announcement made today. The Methodists are now contemplating the erection of dormitories at San Marcos and other towns where state educational institutions are maintained, according to the West Texas Chamber of Commerce.

CASH BASIS

We are often asked why it is necessary for us to be so rigid with our collections. The reason is very easily explained. Every thing we buy must be paid in cash.

We have adopted the policy of paying cash for all material and supplies that we buy locally.

When we buy fuel we have to pay cash in advance.

Freight and express are always cash.

Labor is always cash.

Ninety-nine per cent of everything we buy must be paid for in cash.

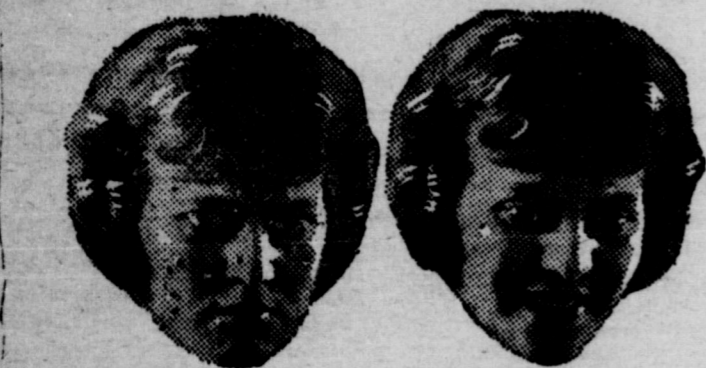

This plant is owned by a big company, but it is operated by itself. We have to pay all expenses out of the money we collect. As all our expenses must be paid in cash it is necessary for us to have the cash to pay them.

We all know that following up delinquent accounts is an expensive process. And that if we can pay cash for what we buy and get cash for what we sell we can operate our business on a cheaper basis.

The state laws limit our profits to a reasonable return on the physical value of the property. It is to the interest of our customers to help us reduce our expenses. You can do this by paying your bill as early in the month as possible, so that we can keep our business on a strictly cash basis.

This is the reason why we ask our customers, to pay their accounts before the 10th of the month.

NOW IS TIME TO GET READY FOR THE FAIR

PRIDE OF POSSESSION IS STIMULATED FOR ALL THRU WELL PLANNED EXHIBITION AT COUNTY, DISTRICT AND STATE FAIRS.

Now is the time to start preparing for the Fall Fair. Or rather, you are almost too late to start preparing if you wish to win the prizes that might have been yours had you given more thought to the question earlier. The more successful exhibitors start planning for the fall fairs the very day their last fair closes in the preceding fall. They study the exhibits they have to compete with their method of presentation the judges method of scoring exhibits, note the strength and weakness of the various exhibits and plan to plan their next exhibit to meet the most favorable consideration.

In order to successfully exhibit it is necessary that particular care be given to the selection of the seed for the different departments under which you expect to make entries. There are a few communities and still fewer individual farms where every commodity called for in a Community, or individual exhibit calls for and to successfully compete against regular exhibitors it is necessary that you plant several kinds of crops outside of your regular list of crops. This is an advantage to the farmer and his community in that through growing a crop for exhibit purposes—to fill out his individual community or county exhibit he finds a new crop that is especially suited to the conditions as they are found on his farm and thereafter profitably produces this crop.

There is practically no field crop, garden plant, flower or fruit known to the Southwest that cannot be successfully grown in West Texas with a little special care. In some of the exhibits shown at the Dallas Fair last year there were 64 different crops grown from individual farms in certain exhibits. West Texas has taken more than 80 percent of all awards offered for the past several years at the Dallas Fair, the Waco Cotton Palace and other fairs where they have competed for awards and it has resulted in a much fuller appreciation of the agricultural possibilities that this country offers than much writing in many newspapers, magazines and journals—for "Seeing is Believing," as the old saying goes.

In order to intelligently study the problem of preparing your exhibit for the fall fair—with particular reference to what you should do RIGHT NOW it is necessary to go into the matter of Exhibit Rules of the Dallas Fair—these are accepted as the Standard in the Southwest.

In outlining the following score cards we will not attempt a discussion of the arrangement and detailed requirements of exhibiting under the several heads but merely give an idea of the different products that you will need to plant NOW in order to be able to fill the entire exhibit card at the coming fairs. If you have the best Corn that was ever grown but do not have the rest of the products required you would not make much showing in the full individual or county class exhibits. It is just as easy to start now and

plant a little patch of every one of these required crops and be ready to fill in with a full exhibit.

In planning your county exhibit divide these different classes up among your different progressive farmers and make one of them responsible for one or two things and another for two or three more, and in that way cover the entire list without working a hardship on any one farmer.

The Individual Farm Exhibits require the following crops and the proportionate values set after them count in judging the exhibit.

Score Card

CORN—10 ears in each sample, Variety 30; Quality 70.

COTTON—3 stalks, 100 open bolls and 1 pound lint (short staple), Variety 30; Quality 70.

SHEAF GRAIN—Each sheaf to be 3 inches in diameter at center band, Variety 30; Quality 70.

THRESHED GRAIN—2 quarts each, Variety 30; Quality 70.

FORAGE CROPS AND CULTIVATED GRASSES—Each sheaf to be 3 inches in diameter at center band, Variety 30; Quality 70.

FORAGE CROP—Seed, 2 quarts each, Variety 30; Quality 70.

FRUIT—Fresh, canned and preserved Variety 30; Quality 70.

VEGETABLES—Fresh and canned, Variety 30; Quality 70.

MISCELLANEOUS—Farm products, not enumerated above, Variety 30; Quality 70.

MOST ATTRACTIVE AND BEST ARRANGED EXHIBIT.

TOTAL—Variety 270; Quality 630.

—Plains Agricultural Journal.

WASHINGTON SPECIALIST TO BE IN DONLEY NEXT WEEK

Miss Madge Reese, a specialist with the U. S. Department of Agriculture at Washington D. C., will be in Donley county next week assisting Miss Trullie Richmond in the club work. Miss Reese will spend only ten days in Texas, and the fact that Donley is to receive two days of that time is of great value.

The dates on which Miss Reese is to be here are understood to be Monday and Tuesday. She and Miss Richmond will then visit places doing representative club work. The schedule will probably include the women's clubs of Clarendon, Lelia Lake and Hedley and the Girls Club, of Pleasant Valley. In Lelia Lake the work will be with reference to interior decorating, at Hedley designing, at Clarendon table service, and at Pleasant Valley regular club sewing including the work on made over garments.

Miss Beatrice Story left last evening for Amarillo where she will appear this evening in recital as a member of the faculty of Amarillo College of Music. Miss Story has been for some time teaching violin once a week in Amarillo, and her whole time will be engaged with the college there next year. Her friend, Miss Mattie Eva Lane, who has been an excellent accompanist this year, left this morning for Amarillo, and will play the accompaniments for Miss Story's solos.

E. B. Cannon, of Dallas, arrived here this morning to take charge of the Western Union office for two weeks during the vacation of T. W. Welch, the regular operator.

Buy a Ford and Bank the difference. (20c)

Dr. H. L. Wilder returned Friday from El Paso where he attended the state convention last week. He was divided or county class exhibits. It met in Amarillo by his son William and they drove from there in a car.

1922 A BUILDING YEAR

From every paper all over the United States we read of the building operations in 1922.

Building material has decreased about thirty-eight percent as compared with the year 1920, and in the year 1921 there was a thirty-two percent building increase over 1920. These figures are based on reports from 140 cities. Now while material has decreased, we must not lose sight of the fact there has been a slight increase in wage, trade, rates from May 1920 to May 1921.

Twenty-six cities trebled their building in 1921 over the 1920 rate. What does all of this prove? First, we are in for a great constructive period all over the United States. Read your papers "anyone, anywhere, any day," and what do you see? Building new school houses, churches, railroad and county roads everywhere. They are selling bonds, they are building, they are going ahead using 1922 for a building year.

Notice right here in Clarendon with our new school building, the new improvement in our water work system and a few other improvements, I feel sure will take place this year all will help us. See how many new bill boards are being erected in Clarendon, drive to some other places and notice the new signs, all are advertising; when others are doing we can at least follow their example.

Friction is one of the natural laws, it is one thing necessary to make us go forward. We would like to run thirty miles an hour if we could. What holds us back? Friction. How easy it is to float with the tide down stream, we are carried along without friction, we go along without any exertion, but do we accomplish anything going backward?

We start up stream and see what is required, it means much work to get there and up stream like in any business we find plenty of room, and at the bottom you always find a crowd. All Donley County has headed up stream with its record of thirty-two years without a crop failure, it is turning the eyes of many to this section. Letters are coming every day, new loan men are looking over this territory, and if you will look in the Literary Digest of May 13th, you will see on the map of the United States this territory is among the favorite spots. If we are in one of the best sections of the United States, we should make use of our advantages, we must build and make use of the year 1922 to go ahead. If we are to grow, to expand, to hold our place in this section we will find it is much like working for a loving cup each year, we may hold it for one year, but each succeeding year means a new struggle, and 1922 looks like a promising year for most all grains, cotton, livestock and also a fruit year.

Look over the rest of Texas, read your papers, ask others and then look around Donley County and feel thankful for what we have for 1922.

Let us not forget, let us build and make this a building year, as we have started with our schools and our water works, let us not lose sight of the fact, the most needed of all are good roads, north and south, east and west through Donley County and unless we keep up with the progress of the other counties and build good roads in Donley County, we cannot succeed.

Chamber of Commerce, A. N. McCardell, Mgr.

THE PRESBYTERIAN CHURCH

"This May Be Your Church" Somebody missed you at the Mother's Day Service last Sunday. Despite the rain there were quite a number of visitors and the service was apparently enjoyed by the whole congregation.

Next Sunday will be just a plain service. Hope you'll come along. Be in your place for there's a place for you.

Bible School at 9:45, W. M. Montgomery, superintendent. Morning worship at 11 o'clock. Evening service at 8 o'clock. Mid-week service at 8 o'clock Wednesday evening.

A. & M. SPECIALIST HERE LAST WEEK

Miss Myrtle Murray, specialist with the extension department of the A. & M. College was here last week assisting Miss Trullie Richmond with some special demonstrations. The work in this county continued from Thursday afternoon until Saturday, and several of the communities were highly benefited by the excellent work done by these lady specialists.

R. L. Bigger returned home Saturday morning from a business trip to Amarillo.

MARTIN NEWS

School closed last Friday night.

We gave a program Thursday night and the high school children gave a play Friday night. Saturday night we gave two plays and charged an admission. We received \$22.42 which funds will go for some school fixtures and the rest will go to the boys base ball apparatus. All three of the nights were enjoyed. Allen Reeves is visiting friends and relatives in Hedley this week.

Mrs. J. F. Cannon is visiting her daughter, Mrs. J. F. Cauthen and family in Clarendon this week.

Aubrey, Chester, Ruth and Kate Talley, Otis Woods, Joe and Josie Cannon, and Vernis Pool, also Ruby McElvaney and Bernice Rowland all were visitors of Grady and Maud Parsons Sunday.

Ruby McElvaney and Bernice Rowland of Clarendon visited Maud Parsons Friday until Sunday.

Singing at the J. F. Cannon home Sunday night.

Mr. Ratcliff and daughter Martha, of Clarendon visited friends and relatives here Saturday and Sunday.

Jim Owens returned from Goodnight and visited his sister Mrs. J. A. Pool.

Mr. and Mrs. Richard Cannon visited the latter's parents, Mr. and Mrs. J. A. Pool Monday and Tuesday.

Sidney Beach of Hedley visited Jewel and Ewel Sibley Saturday and Sunday.

Mabel Sibley and Jewell Lillard visited Willie Hodges Sunday.

SPECIAL AT PASTIME

The filming of one of the scenes for "Unseen Forces," the First National and Mayflower picture, which will be the attraction at the Pastime Theatre, Wednesday and Thursday, May 24th and 25th, was interrupted when Sylvia Breamer, playing the leading feminine role, was suddenly afflicted with a severe toothache and could not go on with her work. An indefinite and expensive delay was averted, however, when Sam De Grasse, a member of the cast, who formerly practised dentistry, brought speedy relief to the suffering star.

MRS. J. C. FINLEY ENTERTAINS T. E. L'S.

The tea given by the members of the T. E. L. class of the First Baptist church at the home of Mrs. J. C. Finley last Thursday evening proved to us a great success. The home was beautifully decorated and the guests came between the hours of four and nine. Refreshments were served to some eighty-five guests. Music was furnished for

DONLEY COUNTY FARMERS SAVE SOIL BY TERRACING

The farmers in this county are realizing the value and importance of terracing rolling land as a means of soil conservation. Certainly never before has there been so much interest manifest in an endeavor to check the terrific losses caused by soil erosion. Last year, it was appalling to see the rolling land in the county which had produced three quarters of a bale of cotton per acre, washed into a chaos of hillside ditches, leaving the land destitute of all the valuable surface soil.

In the spring of 1921, only a small percent of the owners of rolling farms called on me to assist them in terrace work. Since the first of this year we have made about 37 miles of terraces on farms in Donley County. These men all tell me that it is their intention to turn this land over to the next generation in as good condition as they found it, when the time comes. There is little doubt that the haphazard process or land erosion has depleted the soil of more fertility than was ever marketed off through crops. If you do not believe in terracing hill land it is because you have never seen any done correctly, and made to hold. I hope everyone in the county will personally go and inspect some of the terrace work that has been done on your neighbors farms, if you have done none yourself. I will be glad to furnish you the name of one of your neighbors who has his terraces up, so you can see what the work looks like.

Your farm represents an investment you have made for equipment with which to carry on your occupation. More than that it is the home of you, and your family. Your investment is secure in proportion to the way in which you care for it. Would you invest your money in an

interprise which you were sure would be allowed to wash away into Salt or Red Rivers? Hundreds of acres of valuable farm lands are washed into these, and other rivers every year, and it could be prevented by a little diligent work and planning. Other generations will be dependent on the fruits of this soil after we have crossed the bar.

Roy W. Hendrix, County Agent.

EPWORTH LEAGUE RENDERS ANNUAL PROGRAM SUNDAY

The Epworth League had charge of the services at preaching hour at the Methodist Church Sunday evening, rendering at that time the annual program. A good sized audience was in attendance, and the numbers were well received.

P. W. Walker was leader of the meeting. The first number was an interesting talk by Miss Pansy Lane on the significance of the Maltese Cross; the various elements combined in the emblem as used by the Leagues were explained by Miss Lane, to the instruction and enjoyment of both the leaguers and the general audience. Johnie Jenkins then gave a thoughtful talk on how the church may help the leaguers, and brought out many good points on the co-operation of the two bodies. Cecil Peoples then told of how the league may help the church, and his talk showed real insight into the possibilities of the league. Charles Dean told of the league conference to be held here June 6th to 11th. Miss Mabel Betts played a beautiful factory, and other music was an excellent quartet, "Rose of Sharon," sung by Messrs. Thompson, Walker, Craig and Peoples.

W. A. SoRelle and family visited with relatives and friends at Tullia and Vigo Park last week. Mr. SoRelle also made a business trip to Lubbock.

REMAINS OF MRS. T. D. CAIN INTERRED HERE SATURDAY

The earthly remains of Mrs. T. D. Cain were laid to rest Saturday noon in the Citizens' Cemetery following her death early Friday morning. Funeral services were held at eleven thirty o'clock Saturday at the home of her husband's mother, Mrs. Sallie Cain, conducted by Rev. J. R. Henson; a quartet composed of Mrs. S. M. Braswell, Miss Mabel Betts, William Craig and Charles Dean sang the last sad but beautiful hymns, following which Rev. Henson paid high tributes to the character of Mrs. Cain, telling of the many ways in which she had blessed her home and friends.

Mrs. Cain was born in Altamont, Illinois, January 24th, 1879. In childhood she was converted and united with the Methodist Church. She and her husband became acquainted in Amarillo, and were married in this city on the 19th day of July, 1919. Besides her husband and his mother in this city, she is survived by her father and mother a brother and two sisters in Illinois, but the latter were unable to reach this city for the funeral. The many friends of the family unite in extending sympathy in their hour of bereavement.

CHIEF YOUNGBLOOD RECEIVES FLATTERING OFFERS FROM LEAGUE TEAMS

With the passing of every day, "Chief" Youngblood, the insuperable hurler for the Bulldogs, is receiving new offers from the largest league teams. Monday morning he received a communication from the Chicago White Sox requesting an opportunity to watch him work out; and Tuesday morning he received a letter from Jack Doyle, famous second baseman of former days, and now scout for the Chicago Cubs, asking a notification of the first game in which Chief will be in action, stating that he is very desirous of seeing the big Indian working out.

Youngblood is receiving offers daily from the leagues large and small; and the college season that is just now closing has proved Youngblood one of the greatest college pitchers in the state.

ROOSTERS PECK LEGION TO PIECES SCORE OF 5 TO 3

In the game Monday afternoon between the Roosters and the American Legion, which game officially opened the season for Clarendon, the Roosters flew away from the Legion by a score of five to three. The second inning was the one that proved disastrous to the Legion when they allowed too many men to walk, and a hit and sacrifice fly by the Roosters ran the score well ahead. The feature of the game was the first base hit by Hallmark, the third Legionist to come to bat. Meads and Bob Long were umpires.

The line-up of the teams was: Roosters, McKenzie, c.; Smalley, p.; Cooke, 1st; Ozier, 2nd; Reavis, 3rd; Northcutt, s. s.; Carter, l. f.; Patman, c. f.; Richards, r. f. Legion, Cannon, c.; Stewart, p.; Connally, 1st; Sandlin, 2nd; Hallmark, 3rd; Lovell, s. s.; Adams, l. f.; Kerbow, c. f.; Kutch, r. f.

The game, due to the soaked ground, was played on the Shrine diamond north of the track rather than on the college park. Errors were numerous on each team due to the little practice, but each showed good material that is capable of much with a little practice.

WART CLUB ENTERTAINS MONDAY EVE

The Wart Club of Clarendon College entertained Monday evening at the home of Miss Lelia Burrell. A delightful luncheon was served to the various couples while they were scattered over the lawn. Those present were Misses Ethel Stark, Mary Tomlinson, Betty Smalley, Lelia Burrell, Mattie Price, Leah Smith, Clotel Moreman, Bera Bowden, Irene Montgomery and Messrs. J. T. Parsons, D. M. Beights, Hiram Vaughter, Ruston Hankins, Fred Sherwood, Johnie Jenkins, Orion Sharp, Wesley Upton and Bob Burnett. The affair was delightfully chaperoned by Misses Mabel Betts and Moena Lane.

MUST BE SOLD BY FRIDAY

A Queen Anne dining room set; a living room set, and a bed room set in brown mahogany. These are as good as new. Mrs. Donna Green.

Mrs. J. R. Henson left Tuesday morning for Memphis where she is visiting with friends.

MRS. MEADOR HOSTESS TO DEMONSTRATION CLUB

Mrs. Will Meador was hostess to the Sunnyville Home Demonstration Club on Tuesday of this week, about twenty-five members being present. A delicious buffet luncheon was served at noon, each member having contributed one prepared dish, following which our charming hostess surprised us with a course of cake and strawberry and pineapple ice cream.

In answer to the roll call the members responded with "How many hats have I made and how much money have I saved." This report showed that fifteen hats had been made at a cost of about \$27, with an estimated saving of approximately \$124.

Miss Haley assisted by Miss Richmond, gave a very interesting lesson on the making of button-holes of the many and varied kinds, the different stitches used in hemming with demonstrations of the kinds of material best suited to each, and the embroidering or arrow-heads, stars, etc., so essential in finishing work. The leaders showed themselves to be artists of rare skill in the wielding of the needle and much valuable instruction was imparted to the willing workers.

Guests at this meeting were Mrs. J. L. Allison and Mrs. Grimsley.

This club, with its splendid corps of officers and its strong supporting membership, a body united with one aid and one purpose is accomplishing things of note. With the help of Miss Yeager, the Red Cross health nurse, and Miss Richmond, the county home demonstration agent, these women are studying health questions and the bettering of conditions in the home along the lines of labor saving devices, the utilizing of materials on hand without the outlay of extra money, the preserving of surplus produce and many other things of material concern to the home-makers.

Reported.

RESOLUTIONS OF RESPECT

To the officers and members of Freedom Rebekah Lodge No. 149 and I. O. O. F. Lodge No. 381.

Whereas, on April 29, 1922, the hand of death removed from our midst, and from the scenes of her earthly labors, our faithful and worthy sister, Minerva Ratcliff.

Whereas, we acknowledge the wisdom, love and mercy of Almighty God, by whose kind providence she lived to love and care for a devoted family, bless our community, and promote Christianity and faithful to her order.

Be it therefore the will of the Almighty God, and invoke the blessings of his comforting spirit upon the bereaved family.

Be it further resolved: That by her death, the town has lost a dear and noble woman; the family a loving companion and mother and Freedom Rebekah Lodge No. 149, a loyal and faithful member. We grieve, yet a greater than she has said, "Come up Higher," and let us bow our heads in submission, and say "All is well" for "in our Father's House are many mansions," and tomorrow we too, will join that immortal throng, that moves on to the Great Beyond.

Be it further resolved: That these resolutions be spread upon the minutes of our Lodge, a copy tendered the family of our deceased sister, a copy furnished the Texas Odd Fellow and a copy furnished our local paper.

Respectfully submitted,
J. C. Finley, R. A. Ledbetter,
Mrs. A. M. Lanham, Mrs. F. C. Whipple, Committee.

COPY OF NEWS ASKED BY OLD TIME VISITOR

The News received an interesting request last week when a letter from a resident of South Dakota came to this office requesting that a copy of the News be sent to him. He stated that he passed through Clarendon before the railroad came through here, and that it was necessary in returning to his home in the north to take the stage to Dodge City Kansas. He gave as his reason in asking for the paper, that he wished to see a paper published in the town which was in the heart of "the wild west" in the day he was here. Needless to say, we sent the paper, but we just wondered if he would not be disappointed when he saw no account of a cowboy affray or a shooting scrape.

SHAMROCK MINISTER COMMENDS KLAN AFTER RECEIVING DONATION

Shamrock, May 16.—The Ku Klux Klans of Shamrock and McLean visited the Baptist Church of Shamrock, and made a donation of \$140 for the erection of a new building. The old building was destroyed by fire March 13.

There were two letters handed Rev. J. E. McClurkin sitting that "this organization stands squarely behind you and your church in all your endeavors and it is requested that the enclosed donation be accepted in the same spirit that it is made."

The church voted unanimously to give the Klan a vote of thanks for the donation, and the pastor in commenting on the organization told what the Klan stood for, and prayed God's blessings upon it. He said he was glad to know there is a Klan in Shamrock and that none but law violators need fear the Klan. The theatre building was packed with people to hear Rev. McClurkin preach in the subject, "Sin and Its Consequences."

This is the first donation toward the new church.

DRESS MAKING AND HEM STITCHING

We are prepared to do your dress-making and hemstitching work. Your patronage will be greatly appreciated and we absolutely guarantee satisfaction. Customary prices, and thread furnished.

LOCAL MAN CONSTRUCTS AND OPERATES RADIOPHONE

W. H. Cummings, electrician with the local telephone exchange, is now enjoying concerts from various parts of the United States due to his having recently finished the construc-

tion of a home radiophone set. Cummings has had fine success in receiving concerts from Wichita and Great Bend, Kansas, and Tucumcari, New Mexico.

C. C. OFFERING VALUABLE SCHOLARSHIPS

Clarendon College is this year setting a new high record in giving scholarships, offering eight thousand dollars worth of scholarships to the graduates of schools of the Panhandle with as much as thirteen units of affiliation. There are one hundred and twenty schools holding such affiliation, and the value of each scholarship being seventy-five dollars brings the total to the high figure.

CLARENDON SHRINERS DEFEAT CLAUDE NOBLES IN AN UNEVEN GAME MONDAY

The Clarendon Shrine baseball demonstrated its superiority over a like team at Claude Monday afternoon, in an uneven game the score of which was nine to three. Features of the game were the home run also the two base hit by Jim Adams, and the running one hand catch of Bennett Kerbow, all of which plays received applause from the spectators. Manager Harry Sitner, of the local Shrine team journeyed with them to Claude, and says that he was more than proud of their fine appearance in their new uniforms. Fred Buntin, hurler for the locals, showed fine form for so early in the season by letting Claude down with two hits. Clarendon got twelve hits.

Following is the personnel of the local team; H. Warren, l. f.; C. G. Stricklin, 2nd; Dyer, c.; Buntin, p.; Adams, 3rd; Shaver, 1st; Clifford, s. s.; Kerbow, c. f.; Trent, r. f.

Miss Pauline Ozier, daughter of Mr. and Mrs. E. M. Ozier, will remain in Dallas this summer to attend the summer session of S. M. U. She will receive her degree at that time.

ORCHESTRA CONCERT TO BE AT METHODIST CHURCH

The Clarendon Concert Orchestra will render its concert to local people Sunday afternoon at four o'clock in the Methodist Church. In the concert the orchestra will be valuably assisted by Miss Ruth Pirtle, reader. The numbers to be rendered by the orchestra vary from the classical to the lighter music; soloists in the organization, which embraces fifteen musicians, will also appear. As there is no charge, the public is very cordially invited to be present for the performance. The program to be given is as follows:

Coronation March from the Prophet, Meyerbeer—Orchestra.
Overture, "The Contest", Mueller—Orchestra.
Reading, Romance, Whiting—Miss Pirtle.

Violin Solo, Zigeunerweisen, Sarasate—Miss Beatrice Story.
Piano solo, Selected—Miss Mattie Eva Lane.

Jakey and Old Jacob, Anon—Miss Pirtle.

Part Two
Overture "Poet and Peasant", Suppe—Orchestra.

Loiu du Bal, Gillette—Orchestra.
Violin Duet, La Paloma, Yradier—Miss Beatrice Story and Miss Annis Owens.

In Florida, Wright—Miss Pirtle.
Cornet Solo, "Addah" p. l. k. a. Losey—Chas. Dean, accompanied by orchestra.

Theme from Calif of Bagdad and Lucrezia Borgia, Boieldieu—String section of orchestra.
Faust, Grand Selection, Gounod—Orchestra.

Why Not Build Now?

The price of building material is in line with the price of the commodities you sell. If you are a farmer see how the price of a two hundred pound hog will compare in purchasing lumber with a two hundred pound hog in 1918, when the prices of everything was up. Don't contemplate Building—Just Build!—Never before was the time better for the builder, our fine materials priced within reach of all, makes building costs mighty low, and really for fine building and economical building, our materials cannot be beaten.—Figure with us.

MIAMI LOOKS FOR OIL DEVELOPMENT

From developments here this week it is very probable that within the next few days, or very soon, at least, drilling will be commenced on two, and possibly more locations very close to Miami. The town has been full of oil men all the week looking for leases most of them looking for blocks of from 5000 to 10,000 acres, and not as usual, "checkerboarding." We cannot see why there is not a great possibility of oil right here in Roberts County, as there is in Hutchinson or Carson County, and every new well that is brought in, is a little closer to our own territory. We understand that there is one Amarillo firm that has the rig loaded and ready to ship to this location, as soon as the leases can be signed, and there are others that can be expected to come in very soon after this one gets on location.—Miami Chief.

LELIA LAKE

The musical recital given by Miss Manly and her pupils Friday night was enjoyed by all.

Mrs. Robert Thompson of Amarillo is visiting her sister Mrs. Roy Guffey.

The musical recital given by Mrs. Herbert Warren and her pupils was enjoyed by all.

RED PEPPER HEAT STOPS BACKACHE

The heat of red peppers takes the "ouch" from a sore, lame back. It can not hurt you, and it certainly ends the torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub, and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers.

Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

BUILD In 1922

Build that house, barn or garage this year. You have put it off long enough.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.

SHRINE CARAVAN MAKING SCHEDULE

ARRIVES AT LITTLE ROCK AFTER FIRST 850 MILES OF TRIP WITHOUT MISHAP

Little Rock, Ark., May 15.—Eighteen hundred miles by motor and make every point on schedule time is the record established by the first Trans-Continental Shrine Caravan which arrived here yesterday from Memphis.

A Minneapolis car, carrying two Shriners and their wives, joined the Caravan at Memphis and two more Arkansas cars will leave here with the Caravan this morning when it moves on to Hot Springs. Several automobiles filled with Little Rock Shriners met the Caravan Sunday at noon eight miles from the city and escorted them to the leading hotel here where a dinner was served in their honor.

The big snow-white pilot car, driven by Captain Bernard S. McMahan, director of the Caravan was held up by the Little Rock party and others in the Caravan thought that the county authorities had placed him under arrest for exceeding the speed limit until introductions were made.

The party would have reached Little Rock a day earlier but for the fact that the Caravan took advantage of an opportunity to attend Shrine Ceremonial in Florence, Ala., last Thursday and incidentally make an inspection tour of the famous Muscle Shoals project which is located there.

Three thousand Shriners from Nashville, Memphis and Birmingham went to Florence on special trains and a rousing reception was given when the Shrine Caravan rared into Florence.

The captain was asked to explain the plans and purposes of the Caravan to the Shriners and at a local theater where the ceremonies were held, he told of the lively interest that has been shown in the proposal to organize a National Shrine Touring Club that will annually motor from coast to coast, visiting the Imperial Council en route. He detailed the advantages of the Southern route to and from the West and told of the efforts of those behind the Colorado-to-Gulf Highway to make that one of the most important laps in the route.

Members of Al Amin Temple, with headquarters in this city, are eager to see the organization of a Shrine Touring Club perfected and they plan immediately to use their efforts to have the route through this city make a link in the permanent coast to coast Shrine route.

The first eighteen hundred miles of the journey have been made without mishap in spite of the warnings that were given at the start at Washington that "The Caravan will never be able to get through the flooded swamps of the South." The highways in Arkansas are the best the Caravan has traversed up to this time.

CHILD LABOR LAW IS HELD UNCONSTITUTIONAL BY SUPREME COURT

Washington, May 15.—The Child Labor Law was today held by the Supreme Court to be unconstitutional and not valid.

The decision of the Court was rendered in a case brought by the Government against the Drexel Furniture Company, of North Carolina and was one of three cases brought in that state testing the validity of the law in all of which the United States District Court decided against the Government.

The law held unconstitutional today by the Court was enacted after the Supreme Court had declared invalid an act of Congress which excluded from interstate commerce products in whose manufacture child labor had been used.

The law affected by today's decision was virtually the same except that it imposed an excise tax of 10 per cent upon the annual net profits of establishments employing child labor. Opponents of the law contended the new law was an unconstitutional invasion of the police powers of the states.

LOCAL MEN RETURN FROM STATE ORATORICAL CONTEST

Dean S. H. Condon, of Clarendon College, and Hon. R. H. Beville returned Saturday evening from Plainview where they were present at the state oratorical contest for junior colleges. Dean Condon was president of the state association last year, and Mr. Beville acted as one of the judges of the contest. The contest was held at Wayland College, the home of the winning contestant of this district. Ernest Belcher, of John Tarleton College, of Stephenville, was the winner of first place.

Each of the local men report an excellent time at the meeting, declaring all of the orations to be of high type. John McFarridge, of Burleson College, at Greenville won the second place in the contest. Other competitors were the orators from Marshall College, at Marshall, and from Wayland College at Plainview. Other judges were R. V. G. W. Shearer, presiding elder of the Lubbock district, and Homer Steen, editor of the Floydada Herperian. The contest will be held in the first district next year.

LATE RETURNS ADD TO WILLIAMS' LEAD

Wichita Falls, May 15.—Additional returns from the election Saturday in the 13th Congressional District for a representative to fill the unexpired term of the late Lucian W. Parrish are increasing the lead of the State Senator Guinn Williams of Decatur, who has a majority of the vote. A total vote of about 28,000 is indicated. S. A. L. Morgan of Wichita Falls, who is running second, has about double the vote of Miss Annie Webb Banton who is running third.

Orville Bullington, independent candidate who was endorsed by the Republicans, will have less than two thousand votes in the district.

Returns from some of the country boxes are likely to be delayed for several days, as telephone wires are down and rains have made the roads difficult to travel.

Mrs. Olin Walker and baby of Amarillo, visited her last week with Mrs. Walker's parents, Mr. and Mrs. W. B. Sims.

OLD-TIME GOLD CURE—DRINK HOT TEA!

Get a small package of Hamburg Broom Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

Rub RHEUMATISM FROM STIFF ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil

Stop "losing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say "Jack Robinson—out comes the rheumatic pain," "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; slops sciatica, lumbago, backache, neuralgia.

Lumber up! Get a 35 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it is no longer a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

BIG EATERS GET KIDNEY TROUBLE

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

SCHOOL BUILDING WILL GET WATER

When the question of providing the school building with city water came up at a recent board meeting every member expressed himself as favoring the matter of connecting up now and not wait until some future time.

The cost has been figured up and is said to be around \$400. The city council has been approached with the request to help bear the expenses of this installation, and have generously consented to do so.

It had not been thought that the school would not connect up at some time, but lack of sufficient finances alone made the proposition questionable at this time. But now that is settled and next season school should open with this needed arrangement completed. Provisions will be made to get water at the building for fire protection, as well as for drinking purposes, so that hereafter we should get a good return in the rates.—Foard County News.

There is not a single portion of the body that is not benefitted by the helpful action of Tanlac. Sold by Stocking's Drug Store and R. A. Long Drug Co.

J. F. Espey and family returned Monday morning from a week end visit with relatives and friends at Hedley.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffing, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up, and miserable.

MAGNOLIA WILL ERECT MODERN MACHINE SHOPS

Construction work will be started immediately on the new machine shop of the Magnolia Petroleum Company which will be located just south of the Magnolia's warehouse just west of Electra and adjacent to the city limits. The Magnolia shop located one and a half miles north of Electra will be moved to town and consolidated with the new plant.

The new plant will be considerably larger than the present machine shop and these improvements will cost approximately \$150,000. The number of men employed in the plant will be increased approximately one-third, which will increase the pay roll of the plant from \$5,000 a month to something over \$7,000. This means that a number of men who have formerly lived in the field will be looking for homes in the city.

The capacity of the Magnolia's machine shop is being increased and moved to town because the present plant has been inadequate to handle the increased work put upon it and also to eliminate the expense of hauling material between the warehouse and the present machine shop north of Electra.

At the same time the Magnolia's warehouse will be rebuilt. The buildings, which will house the new machine shop and the new warehouse, will be of steel construction throughout.—Electra News.

NOT FROM A BANK AD

She reached below her dimpled knee into her rolled-down stocking. And there she found a roll of bills; "Ah, me! 't was sweetly shocking! "Why don't you keep it in a bank?" Inquired a nosy prier. "The principal is the same," she said, "But the interest here is higher." —Selected.

LOCATION FOR LUBBOCK HIGH SCHOOL DECIDED ON

At a meeting of the Board of Trustees and the committee on the selection of a location for the New High School Building held Wednesday night, the location was decided upon. Block 43 in the Overton Addition to the Original town of Lubbock was chosen.

Many things had to be considered by this committee in the selection of this location, the question of economy and central location being the prime factors involved. The Western part of the city in some direction was the only practical place for the building, and the general opinion of the committee seemed to be that neither the extreme southwest or northwest was the proper place, but endeavored to select the location as near the center of the city as possible on an east and west line. Several locations were discussed, but for reasons of price and undesirability otherwise, they were discarded. The block selected is the one between 13th and 14th Sts., on the fourth block due west of the present High School building. Although this is a little far out at present it is only a matter of a very short time until that part of town will be thoroughly settled. We must look beyond the present and prepare for the future, for such is the progress of the city of Lubbock that we must already be looking ahead.

The bonds have been disposed of and the location decided upon. The next thing is a beautiful new high school building worthy of the patronage and support of the progressive citizens of Lubbock. As has been said before, the building will probably be put up in units, so that it can be added to in the future without destroying the other part of the structure, and with very little expense to joining on.

The ward buildings will be located one in the northwest, one southwest and one in the southeast, the exact locations to be left with the patrons of that ward and with a nice ward building already in the northeast part of town, with the grammar school and primary departments of the city in separate buildings, and a

LUBBOCK BUSINESS PROSPECTS BRIGHT

A trip into the country adjacent to the city of Lubbock will convince one that never before have prospects been better than at this time, as the recent rains have added their lot to the general appearance of the pasture lands, and every farm shows signs of renewed activity of the men whose strenuous efforts have made West Texas known and recognized as the agricultural section of Texas and realizing the enormous wealth which these farms and ranch lands are capable of producing each year one can readily see that 1922 will be a great year for the man who made his home on the Plains and had confidence in the possibilities of this section.

Good prospects mean good business for the man who goes after it and the business men of Lubbock being recognized for their ability to do things will accomplish great things for themselves and the general welfare which will be plainly shown in what Lubbock is at the close of this year. At this time every citizen of Lubbock is being called upon for funds for the erection of a city auditorium, which will be used for all public meetings to which such building as is now planned is adapted, for funds for the erection of a thirteen hundred dollar building in which will be housed the horses that will be brought here for use of the battery of field artillery recently organized in Lubbock and yet with the great advantages the erection of these buildings of Lubbock in view, one can soon figure that the money spent on either project is an investment on which all who are interested in making Lubbock a better place in which to live will receive many times a nominal return if their desire to see Lubbock grow is strong enough that they receive any satisfaction in seeing things done to that end.

The new businesses which are going in, and the new business men who are entering these businesses are certainly a great addition to Lubbock, and even if business has been a little slow in the past the way to get over the strain is to go forward and make back what was lost in the past, remembering that without a doubt we are located in the most favored section of the state, and that all that is lost is only a small part of what can be gained through level headedness and energy placed back of our every effort to do things.—Lubbock Avalanche.

PADUCAH TO HAVE COTTON COMPRESS

At last the long-sought dreams of Cottle County are to be realized for a Cotton Compress. Complete arrangements have been made for an immediate establishment of a plant in Paducah.

For several months work has been under way in an effort to induce the construction of a cotton compress to come to Cottle County. Long has been the need of such an industry in this section of the country; owing to the enormous amount of cotton that is yearly shipped from Paducah, and it will mean much to the county in general.

H. F. Underwood, who is the promoter and at the head of the company, assisted by F. J. Phillips and E. V. Milner, are all of Athens, Texas. They are well known business men throughout the State of Texas and are capable of making the cotton compress of Paducah a successful enterprise.

The capacity of the compress is not known at present, although it has been made known that it will be an up-to-date modern plant, capable of taking care of the cotton industry of Cottle and adjoining counties.

Construction will begin as soon as business matters can be terminated. The machinery has already been purchased by the company and they expect to have the plant completed in sufficient time to handle the coming fall crop.—Paducah Post.

CARD OF THANKS

We wish in this way to express our heart felt thanks for the many deeds of kindness and words of sympathy of our friends and neighbors during the illness and death of our dear wife and daughter-in-law.

Sincerely,
Tom D. Cain
Mrs. Sallie Cain.

MEMBER CLARENDON CHAMBER OF COMMERCE

ALL YEAR SCHOOL SYSTEM ADVOCATED BY EDUCATORS

Austin, May 5.—J. K. Beretta, of San Antonio, a member of the San Antonio school board, advocate of an all-year school term, was here Monday. Mr. Beretta stated that the system, of which he is the author is meeting with much favorable comment everywhere.

The system which he proposes calls for four sessions of twelve weeks each, with a week's vacation at the end of each session. This is optional both with the pupil and teacher. The pupil and the teacher can either do this or they can attend any three consecutive terms. By adopting the four sessions with a week's vacation at the end of each term Mr. Beretta stated that it would relieve the congestion of the schools. Under the new plan a pupil can be graduated from school in eight years instead of the usual eleven or twelve years now required.

The greatest objection to the new plan comes from the mother of the pupil, who declares that the children cannot study during hot weather. The author of the new system declares that practically five months of the year is wasted under the present system. There are three and one-half months during the summer and two weeks at Christmas time and other holidays that make approximately five months of idleness. This added to the usual method of the children who have been out for over three months during the summer and who require some three or four weeks to become accustomed to working again brings the total up to five months.

It is said that the new system had met with success in some twelve cities of the United States, where it is now in operation. It is said, too, that the United States bureau of education recommends the new system both as being economical and beneficial.

The question of paying the teachers was another bone of contention against the adoption of the new system. It was pointed out, however, that the teacher would benefit by the twelve-month period by being paid for the extra time on a proportionate basis of the nine-month term. For instance, if the teacher was receiving \$1200 under the old system she would receive \$1500 under the new plan. This would be the procedure provided the teacher taught the entire year as some of them would do. Most teachers it is explained, usually find some kind of work during the summer months and under the new plan this would provide the means of securing added compensation.

Mrs. L. F. Lowry returned the first of the week to her home in this city from a visit with relatives and friends at Claude.

Mr. and Mrs. W. A. Massie left Monday for California where they will visit for some time.

Capt. Hankins, of Quanah, was here on business in consultation with Major Simpson Monday.

Dr. William Webb of Ft. Worth, returned to his home Saturday morning after a visit here with friends.

PASTIME THEATRE

Miss Mary Hallett Benedict, daughter of Mr. and Mrs. T. L. Benedict, will arrive here next week from Oklahoma City to spend the summer with her parents. Miss Mary Hallett is registrar for Central High School in that city.

Mrs. E. W. Moreman left Saturday morning for Ft. Worth where she attended the Mothers' Day services Sunday. Her son Walter is attending that institution, and the mothers of all students are invited to be present on that day.

PERSONALS

Miss Anna Moores was a Memphis visitor yesterday.

J. J. Taylor was in Wichita Falls the first of the week on business.

Miss Clara Chrisman shopped in Amarillo Saturday.

Dr. Rogers, of Miami, was in this city Saturday on business.

Lloyd Fletcher of Amarillo, was here on business Saturday.

The material is on the ground for the building of the Goldston school house.

Friends will be sorry to learn that Col. Charles Goodnight is confined to his home in Goodnight by illness now.

W. H. Patrick is in Ft. Worth this week attending the Bankers' Convention.

Mrs. R. T. Wilson returned this morning from Vernon where she has been visiting with relatives.

E. C. Britain of Amarillo, was here on business the first of the week.

Miss Pauline Bell visited with friends in Amarillo the first of the week.

Mrs. J. E. Nelson returned Saturday evening from Claude where she attended an educational meeting.

Dr. T. W. Carroll returned to this city Saturday from El Paso where he extended the Mothers' Day services the Texas Medical Association.

Misses Bess Pritchard and Reda Clay spent the week end with their home folks at Wellington. They are seniors in Clarendon College.

Miss Oma Griggs, who has taught school at Goodlett this year, returned Friday evening to her home in this city to spend the vacation.

I. D. James returned Saturday to his home at Leonard after a ten days visit here with his daughter, Mrs. T. J. Jolly.

W. J. Sturdivant, of Amarillo, made a short visit the first of the week with J. M. Erwin and family of this city.

Mr. and Mrs. Charles Lowry were called to McLean Monday by the serious illness of the latter's grandfather.

Mr. and Mrs. W. W. Beaty, of Memphis, spent the week end here with their relatives, the Holland family.

Mr. and Mrs. B. J. Leathers and son Leroy, of Lelia Lake, visited here the last week end with Mr. and Mrs. Joe Holland and family.

Miss Ella Yeager returned Saturday evening from El Paso where she attended the State Medical Convention.

W. P. Cagle Jr., and family, of Memphis, visited here the last week end with the former's father, Mayor W. P. Cagle and family.

H. W. Taylor and Sons are having a ventilator placed in the plate glass balcony front of their hardware and furniture store.

Alfred McMurtry, the small son of Mr. and Mrs. J. L. McMurtry, had the misfortune, while playing Saturday, to fall from a step ladder; and his arm was broken as a result.

An erroneous statement in last week's issue of the News was to the effect that Sheriff Rutherford is building two rent houses. We are glad to correct the statement before to sheriff is further assailed in the effort to rent the houses.

Dr. Houston Terry, of Ft. Worth, visited here this week with his uncle, M. E. Bell and family. Dr. Terry was formerly a resident of Claude and Clarendon, his father being an old timer. This is Dr. Terry's first visit here in five years.

Car of Fords just in—see us at once. (20c)

Dr. William Webb of Ft. Worth, returned to his home Saturday morning after a visit here with friends.

METHODISTS ELECT FIVE NEW BISHOPS

At Hot Springs, Ark., Wednesday the general conference of the Methodist Episcopal Church, South, in session, completed its Episcopal elections by naming Dr. Hiram Abiff Boaz of Dallas, Texas, as the fifth bishop to be chosen at this session; revised the machinery of its board of missions, and began the election of a general board of secretaries over which the conference has direct supervision.

Election of Dr. Boaz as bishop came on the third ballot, and the eighth of the conference. He received 213 votes. Dr. Boaz with the four other new bishops, Dr. J. E. Dickey, Griffin, Ga.; Dr. W. B. Beauchamp, Nashville, Dr. Hoyt M. Dobbis, Anniston, Ala., and Dr. Sam R. Hay, Houston, Texas, will be consecrated Sunday.

The secretarial elections were still in progress when the body adjourned and was resumed Thursday morning.

The principal contest centered about the choice for secretary of the board of church extension, and two ballots were taken before Dr. T. D. Ellis, of Macon, Ga., was elected to succeed Dr. S. H. C. Bergin of Louisville, Ky., who was not a candidate for re-election. Dr. Ellis lacked two votes of a majority on the first ballot. The other votes were scattered among a large number of candidates on both ballots.

Dr. John Shackford of Nashville, Tenn., was elected general secretary of the Sunday School board, and Dr. E. B. Chappel of Nashville, editor of the Sunday School board, and Dr. board. Heretofore Dr. Chappel has performed the duties of both offices, but this conference separated the work.

The conference also set May 6, 1926, as the date of the general conference. The place will be chosen by a committee later.

Mr. and Mrs. Mart Kelly are enjoying a tour of the northeastern part of the United States. At this time they are visiting in New York, having gone there from Washington where they recently visited with relatives.

NOTICE ABOUT EMPTY CEMENT SACKS

After May 25th we will only pay 10 cents for empty cement sacks regardless of what price they were charged to you at, as we have to return all cement sacks of a higher price to shippers by that date in order to get the higher price. Please bring in all your 15 cent and 25 cent sacks before this date for credit.
