CLARENDON, DONLEY COUNTY, TEXAS, THURSDAY, JULY 7, 1921

Established in 1878.

New Series, Vol. 32 No. 27

CLARENDON'S CELEBRATION IS ATTENDED BY MAMMOTH CROWDS FROM OVER ENTIRE PANHANDLE

CLARENDON AND HEDLEY DIVIDE THE BASEBALL HONORS. BARBECUE IN ABUNDANCE IS PROVIDED AND SERVED IN K. P. FASHION BY EX-SOLDIERS. RODEO IS PUT ON IN MAIN BY HOME COWBOYS. SPIRIT OF GOOD FELLOWSHIP IS BIG FEATURE

The picnic held in this city Monday and Tuesday under the auspices of the American Legion was well attended not only by the citizens of Donley County but by the residents of many counties adjoining and nearby. One of the best features of the whole affair was the spirit of friendship and amity, and if everything else had failed, the gathering would have been worth while from this feature alone. Great crowds thronged here for the barbecue; and it was a success in every way, everyone getting all of the meat that he cared for. In the baseball games Clarendon and Hedley divided honors; Clarendon taking the first game, and Hedley the second. The rodeo was put on by the cowboys of ranches nearby, and by riders from other counties and states. Music for the occasion was furnished by the Clarendon Band; the American Legion is pleased with the results of the celebration; although the rain interfered with the afternoon program for the second day, everyone went away feeling that the weather could not be helped, and that everything else was up to the standard that the circumstances would permit.

The entertainment was opened the first day with a baseball game between Clarendon and Hedley; this was declared by everyone to be had seen in a long time. The one of the best games that they feature of the game was the hard hitting of Cougan Adams, of the Clarendon nine; for out of three times to bat, he got three hits. The game was close from beginning to end, no score having been made on either side until the beginning of the fifth inning. Each of the pitchers got several strike outs to his credit, but each team did consistent hitting. Clarendon had got two scores, and had almost shut out Hedley as it had done in the two previous games played with that team, when an error cost it a score by Hedley; and the final result was a score of two to one in favor of Clarendon. Hedley took the game on the second day; this game was lax from the first call to play ball, and in the fashion in which the game was played it was sort of a question of which team had the least worst luck as to which would be winner. Clarendon did not have the good pitcher that they had looked for; and with poor pitching ability for the home team, the Hedley nine took advantage of the situation and when the final score was marked, the result was a five to two score in favor of Hedley.

The rodeo the first day was largely attended and a larger crowd was preparing to attend the second day when the weather began to look

so threatening that many of the people left for their homes; but a goodly crowd, despite the threats of Jupiter Pluvius, went out to the College Park. The program was put on in rain or shine. The program the first day was started with a cigar race, and the feature that was funniest was the upsetting of all the cigars and the man holding them when one of the contestants charged up the field and leaped from his horse, and fell full force against Henry Rowden who held the cigars. The bronc riding was begun by Roy Mayes. The general opinion was that the horse knew the reputation of the rider that had mounted him and thought any attempt at wild pitching useless. But some of the other horses showed no desire to give up the sponge without an effort; especially did this seem to be the case when one horse pitched off over the hill, larrying the rider over into the rough places where a better chance to dump the rider awaited. The goat roping contest was won by Guy Pearce with a record of twenty two seconds.

Perhaps the most enjoyed entertainment of the afternoon was the steer riding; and with the vim with which these pitched rendered their riding more difficult than most of the bronc riding had been. The flag race went off in excellent form, and as it is a rough and tumble game, many were the comical situations when one side tried to get away from the other with the flag.

A very large crowd had gathered for the second day's fun, and even though many of them were driven home by the weather, yet they got away with the large amount of barbecue that had been prepared for the occasion. The barbecue was cooked to the finest shade of taste, and was served in K. P. fashion at the Court House Lawn. The barbecue was furnished by the business and the cattlemen of Clarendon and the surrounding country. After the lunch hour, a short band concert was given by the band on the streets as had also been done on the afternoon before, and the crowd went to the scene of the western show. Soon after the beginning of the program the second day, rain began to fall. But the cowboys, undaunted by such behavior of the weather, continued their roping show; and it seemed both peculiar and funny when the boys roped and tied the goats while the rain poured down. Several times when the roper had come near "getting his goat," his horse fell down in the mud and the billy-goat still claimed his freedom of the range.

The band was as determined to contest with the elements as were the cowboys, and in the heaviest

AUTOS BUILT OF COTTON, COAL DUST AS FUEL, ARE POSSIBILITY OF FUTURE

Chicago, July 5.—Automobiles built of a composition of cotton and operated with coal dust for fuel are possibilities of the future, according to Robert Babson, statistician, who is visiting here.

"The principal factor in the decline of the automobile business has been the steady increase in the price of gasoline," Mr. Babson said.

"The car of the future will be run by other fuel. Already the use of coal dust has passed the experimental stage. In my opinion, it will be used extensively within a short time."

"Lighter cars must be manufactured to cut down the cost of production and maintenance. A composition of cotton, formaldehyde and glue is being used to produce a material that may solve the problem."

Mr. Babson declared that general business conditions would not improve until late winter, as the "buyers' strike" was "still on. Eighty per cent of the original purchasers of Liberty bonds still hold them," he said.

STAPLETON POTENTATE

Amarillo, July 5.—George Stapleton was unanimously elected to serve Khiva Temple, Ancient Arabic Order, Nobles of the Mystic Shrine, as the first illustrious potentate, under the charter recently granted by the imperial council at Des Moines.

Members of the divan elected for the coming year are: O. T. Nicholson, Shamrock, chief rabban; F. R. Jamison, Amarillo, assistant rabban; Roy W. Thompson, Dalhart, high priest; Dr. A. J. Caldwell, Amarillo, Oriental guide; Sam J. Brown, Amarillo, treasurer; R. R. Swift, Amarillo, recorder.

Potentate Stapleton, Recorder Swift, High Priest Thompson and Nobles J. D. Sweeney of Amarillo and Lee Shropshire of Plainview were elected representatives to the Texas Shrine council.

Rev. C. N. N. Ferguson and his son Charles left Saturday evening for Childress where they are conducting a revival at the First Methodist Church. The elder Rev. Ferguson is doing the preaching while the younger is leading the singing. No doubt their meeting will be attended by their usual success.

downpour played such appropriate selections as "How Dry I Am." Finally the elements prevailed and spectators and performers alike beat a hasty retreat.

The best thing of the picnic this year was the spirit of friendship in the get-together; there have been larger gatherings in Clarendon when the weather and crops permitted a picnic to be held; there have been shows in the past equally as good; but there has never been a friendlier gathering. Local people and citizens of adjoining counties were anxious to help in every way for the advancement of the interests of the Panhandle as well as this county and vicinity, and the affair assumed the spectacle, not of a county picnic, but of a picnic for several counties of the great Panhandle; and by several progressive-minded persons the feasibility of a Panhandle Picnic was discussed. As there was no formal public speaking, the floor belonged to him who could attract the largest gathering, and the vote to him who could secure the most adherents to his cause.

Due credit should be given to the American Legion under the direction of Post Commander Joe Holland; Mr. Holland did everything from deliver circulars to assuming the role of master of ceremonies, even condescending to dish out the barbecue with a deftness that betrayed the fact that sometime or other he had been a K. P. And Big Boss Blanton helped with the affair in his usual jovial manner even agreeing to ride the wild horses himself if that was necessary to furnish entertainment. Most of the performers were ex-soldiers and are members of the Legion. This was the first picnic given under the direction of the Legion, and the start speaks well for the boys, and the hope is that in the years to come, bigger and bigger things may be brought about to the end that Donley and the Panhandle will become to be known as the best part of Texas for a real celebration as well as the best place to live for general purposes.

DRILLER KILLED BY CRASH OF MACHINE SATURDAY

O. O. DICK IS THROWN SEVERAL FEET INTO THE AIR WHEN HE IS CAUGHT BY THE HEAVY WRENCH CABLE COMPANION ESCAPES HURT

The sad accident occurred when the brake band on the machine to which was attached the heavy tools in the well broke and a heavy wheel was hurled to the top of the derrick by the cable. Horace Tucker was with the deceased at the time, and each jumped to get from under the derrick; the deceased was first to leap out at the door and was caught by the wrench cable, the heavy iron striking him in the pit of the stomach, and was hurled several feet into the air. He fell on a rock pile and suffered serious bruises. He was hurried to the Adair Hospital, where he underwent an operation Tuesday afternoon, but his condition was too serious for recovery, and he died at 5:15 o'clock.

RED CROSS TO ASSIST TUBERCULAR SOLDIERS

Former soldiers and sailors in Donley county suffering with arrested tuberculosis as a result of their service to the country during the war are eligible for entrance to newly established convalescent training centers and will be assisted to obtain entrance to one through the Donley County chapter of the Red Cross, according to an announcement today by the home service, secretary, Mrs. C. A. Burton of the local chapter.

FOUR COUNTY MEDICAL SOCIETY MEETS HERE TOMORROW AFTERNOON

The Medical Society for Donley, Childress, Hall and Collingsworth counties, the membership of which is composed of the physicians and surgeons of these counties will meet in this city tomorrow afternoon at one o'clock. The place of meeting will be in the Y building. At this meeting many questions of interest to the medical profession in its endeavor to keep the health of the community best, will be discussed; and a goodly part of the program will be rendered by local physicians.

The following is the program. Some problems confronting us—Dr. B. L. Jenkins.

Roundtable Discussion of the following questions, conducted by Dr. T. H. Ellis.

What should be the Doctor's relation to public health affairs?

What should be the Doctor's relation to the Public School?

What should be the Doctor's relation to Civic Affairs?

Miss Ruth Story, of Amarillo, arrived here Saturday evening for a visit with her brother Fred Story and family.

Mrs. Nelson Eddins and son Nelson Jr., are visiting here with Dr. and Mrs. J. N. Eddins.

Miss Ruth Norwood of Shamrock, formerly of this city, has been here the past week visiting with friends.

Paul Atteberry returned yesterday morning from Memphis where he has been on business.

IMPROVE METHODS OF PACKING EGGS FOR SAFE SHIPMENT

"Handling Eggs for Profit" is the title of a little mimeographed circular issued by the Food Research Laboratory of the Bureau of Chemistry, United States Department of Agriculture, which gives directions and drawings for the construction of egg cases, and outlines methods for packing the eggs so as to reduce loss from breakages while in transit from the producers to consuming centers.

The specialists of the Food Research Laboratory have made a study of methods for packing and shipping eggs in order to reduce the great losses from breakage that have occurred in the past. This work has been done in all parts of the country in co-operation with railroads and with egg shippers. Experimental shipments in different kinds of shipping cases and with the different methods of packing the eggs in the cases have been made and the results compared. An instrument has been devised for measuring and recording the shocks to which cars containing eggs were subjected while in transit.

As a result of these experiments the specialists have recommended methods of packing eggs which reduce breakage to a minimum. These methods have been tried practically under a great variety of conditions and have been incorporated as requirements in the railroad and express classifications for the transportation of eggs.

RED CROSS TO ASSIST TUBERCULAR SOLDIERS

Information received from the Southwest Division office of the Red Cross states that a convalescent center for cases of former service men with arrested tuberculosis has been established for Arkansas, Oklahoma and Texas at San Antonio, and for Kansas and Missouri at Nauvoo, Illinois. A third is under way at a point near Des Moines, Iowa.

These centers are equipped with dormitories for single men and small apartments for men with families so that they need not be separated from their families during the period they are at the training centers. The training pay ranging from \$80 to \$170 per month is sufficient to take care of the expense of the man and his family while there, and he is to be taught whatever of a wide variety of subjects in vocational training that he may elect.

Men may make application through the local chapter and arrangements will be made for the necessary examination and other details relative to the application. Transportation of the service man to the center is paid by the government. The convalescent centers are equipped with medical and complete recreational facilities.

Donley County Publicity.

ROYAL ARCH MASONS INSTALL NEW OFFICERS

The Royal Arch Masons at the meeting last Friday evening installed the officers for the year. Following is the list of the officers:

J. W. Morrison, H. P.
C. R. Skinner, King.
E. W. Bromley, Scribe
M. T. Howard, C. of H.
Clint L. Perdue, P. S.
J. F. Blocker, R. A. C.
Joe Horn, 3rd G. M. of V.
M. T. Crabtree, 2nd G. M. of V.
J. C. Delashaw, 1st G. M. of V.
O. C. Hawk, Guard
W. H. Patrick, Treasurer
E. A. Thompson, Secretary.

Mac Wheat and his sister Miss Ella Pearl, Miss Willie L. Clower and Mrs. Jones of Memphis were here with Mr. and Mrs. W. B. Baldwin visiting their friend Miss Myrtle Benedict and attending the picnic Monday and Tuesday.

Mrs. Jim Pool, of Ashola, visited in this city Tuesday with her friend Mrs. Bob McGowan.

FEW CRIMINAL CASES ON DOCKET OF DISTRICT COURT FOR SUMMER TERM TO BEGIN MONDAY JULY 18TH

DOCKET IS ONE OF THE HEAVIEST EVER YET IN THIS COUNTY, WITH THE MAJORITY OF THE CIVIL CASES FORECLOSURES. TODAY IS THE LAST DAY FOR SERVICE FOR THIS TERM OF COURT. DISTRICT JUDGE BISHOP OF AMARILLO WILL PRESIDE.

The July term of the District Court for the 47th Judicial District will commence Monday morning, July 18th with Judge Henry S. Bishop on the bench. The docket is very heavy, and by far the greater part of the work is on the civil side of the docket, the most of the criminal cases, in fact, being continued from the last term. The Grand Jury has been summoned to appear the first week, and after they have been sworn they will commence work at once. As will be noticed, a great deal of the docket has to do with foreclosures. District Attorney Lloyd Fletcher will be present to look after the interests of the state in criminal matters and consult with the Grand Jury whenever needed. If all of the cases are contested, the full term allowed by law will be needed to take care of the work. Below is probably the complete docket. As today is the last day that service can be got for this term of court, it is possible that a new suit or two might be filed. The docket criminal and civil is given.

The following cases are continued from the last term of court: State of Texas v. George Dale, forgery; State of Texas v. Rosa A. Marquis, conversion; State of Texas v. Arthur Talley, burglary; State v. Andrew Newman, theft; State v. Eph McDowell, violation of liquor law; State v. Paul Nunn, violation of liquor law; State v. Arthur Greer, violation of liquor law; W. B. Webb v. C. C. Carter, trespass to try title; Josephine McBride v. W. T. McBride, divorce; Rufus Curtis v. May Curtis, divorce; John F. Craig v. Frank B. Letts, Debt; Mrs. M. E. Horn et al v. Mord Horn, partition; Walter Darlington v. Hobart I. Carver et al, foreclosure of deed of trust; L. L. Guffey v. Rverside Oil Association, suit on note and foreclosure.

The following is the list of the Grand Jurors:

Alexander, R. H.
Massie, Wm.
Bailey, Edwin
Bain, J. T.
Baker, J. E.
Barefield, Went
Bass, Jno. M.
Bell, M. E.
Kent, J. W.
Watt, E. H.
Brunley, J. W.
Christal, J. B.
Crisp, R. W.
Disherman, Ed
Hermesmyer, G
Messer, T. N.

The list of the petit jurors for the first week follows. The list for the second week will be published in next week's issue of the News.

Clark, John H.
Taylor, J. J.
Harvey, J. D.
Allen, Sam
Kid, T. R.

(Continued on page 6)

If you believe Clarendon can still afford street lights in her residence district, ask the mayor and city commissioners to put them back on. It costs no more than it did before the war, the rate is the same.

Some of that harvest money is beginning to make its appearance in Clarendon and business is showing lively signs of appreciation. Fresh money is like new blood in a run-down system—it gives the "pep" Bring it to Clarendon, boys, and get value received for every dollar.

The Daily Panhandle, the evening paper issued by the Nunn Publishing Company at Amarillo was discontinued last Saturday and that concern will devote its entire energy to their morning paper, The Amarillo News. This is as it should be. Amarillo doesn't need three daily papers, but the News in the morning and the Tribune in the evening will fill the field with credit and profit to themselves and the community. Duplication of papers in any community is like two telephone systems in the same town. They are a burden to the city and usually result in a loss to one or both of the companies.

Quality Groceries at Very Low Prices

When in need of groceries pay us a visit. We have a well-assorted stock of quality groceries. Our prices are as low as good groceries can be sold for. We make special prices on large bills.

If you are paying too much for groceries there is no need for you doing so.

We are the farmer's friends and are proving this every day by selling them groceries and feed for less than they can get them at most places.

Member Clarendon Chamber of Commerce

Another great rain Tuesday afternoon and night for Donley county. Every prospect in this section is better than it was thirty days ago and Old Man Prosperity who is said to have migrated to the lower regions some eight or ten months ago is packing his traps to do the "come-back." Meet him in Donley County not later than September Morn.

The appointment of Ex-president Taft as chief justice of the supreme court of the nation by President Harding is one of the most popular appointments ever made by any president. Aside from party lines there is no more popular American today than Mr. Taft. During all the times of most bitter recrimination between the leaders of both parties Mr. Taft has retained the respect and confidence of those aligned against him and his elevation to the highest judicial post in America is hailed with delight in all quarters. Mr. Taft possesses a judicial mind and his equipment and experience fit him admirably for the responsibility of the office. He has a poise and judgement which bodes well for the future of this nation from a judicial standpoint. Here's to Chief Justice Taft.

The citizens of Clarendon will regret that the city officials have deemed it expedient to discontinue the street lights in the residence district and will miss the service more and more as the days go by. It is reported that the city commission feels this to be necessary as a measure of economy, but The News believes that the citizenship of Clarendon in the great majority want the service and are not so anxious about the saving of money. City governments are not organized nor operated "to save money." They are maintained to give service and protection. In the matter of lights the city gets a double benefit as the street lights not only afford a service in getting about at night, but they are also a protection against petty burglary and "peeping toms." Since the recent floods our streets are in much worse condition than they have been in recent years and at no time in the past three years have we needed the lights in the residence district as we do now. The better the town or city is a usual index to a greater city debt. New York City owes over \$900,000,000—a sum equal to the national debt of many second rate nations. Fort Worth and Dallas also carry a heavy bonded indebtedness. The point The News wishes to bring out is that the citizens of American cities care little about the amount of taxes they have to pay provided they get a municipal service in like ratio. There is not much probability of Clarendon's taxes being reduced and those who appreciate city service are very unwilling to see the service reduced.

"Kistaceous" is a new word. It was coined during the welcome address at the Texas Press convention at McAllen, when Hon. A. D. Rogers, booster for that section, used it in connection with his description of the wonderful climate and horticulture of Magic Rio Grande Valley. "Kistaceous" is some word and every lover, ex and prospective will appreciate its descriptive significance.

Street lights are greater protection against crime waves than increased police force. A number of years ago when Chicago was over-run with a wave of criminality the city council met in session to discuss protection with the chief of police. Upon being asked how many additional men he needed to quell the crime over the city, he replied, "I need no more men than I now have. Give me two hundred additional arc-lights in certain sections of the city and the present force can handle the situation." Clarendon has been fortunate in being free from holdups and petty thievery so far, but we had the lights. Wrong doers fear the light.

CHRISTIAN REVIVAL CLOSE AT HAND

The revival meeting to be held at the Christian Church is drawing close to hand. Dr. John W. Tyndall of Atlanta, Georgia will conduct the service for the church. Sam J. White the pastor of the church will lead the music for the congregation. The tabernacle will be built in the near future, all the churches assisting in its erection as all expect to use it for their revivals. The meeting will begin July 17 and run about three weeks. Dr. Tyndall is one among the great Bible scholars of the world and when any one hears him once they are sure to want to hear him again. Everyone should begin to get ready for this meeting and hear every sermon and Bible reading. It will be a rare treat to hear such a gifted man as he is. The services will be conducted at 10 o'clock in the morning and at 8:15 in the evening. Everyone who sings is asked to join the choir for the revival and help in the singing. The pastor of the church will occupy the pulpit at both the morning and evening service next Sunday. At the morning hour he will use for his subject "He went a little further and for the evening his subject will be "The Fires of the Soul." Everybody welcome. By a reporter.

POSTED

This is to notify the public that all of the J A pastures are posted and hunting, trapping or fishing is not permitted and all trespassers will be prosecuted.

BABIES AND MOTHERS ARE ENTERTAINED

The fourth Wednesday in June is a date that will long be remembered by the mothers and babies of the Woman's Missionary Society of the Methodist Church. Mrs. G. M. Richards, who is superintendent of the baby division planned and carried out a very unique program in the basement of the church.

Promptly at four o'clock the mothers and babies began to arrive, and when all had been seated the program was opened with prayer by Rev. C. N. N. Ferguson the pastor. Games were played by the tiny tots under the direction of Mrs. Richards and to watch these youngsters, "drop the handkerchief" and sing "London bridge is falling down" made even the oldest present wish they could becomt a child again just for the day.

Following the games the tiny tots were told that they might open their "miteboxes," this created quite a bit of interest on the part of both mothers and babies. In these boxes were the savings of three months; mites of pennies, nickles and dimes earned or saved from their candy money, by these children and represented the first steps in their lessons of economy.

All the children were directed to go to the "make believe" post office and they were given a letter addressed to the "Mother of the Sweetest Baby in the World," this each carried and gave to his or her mother. Mrs. Sam Braswell read a very interesting paper "Packing a Child's Trunk for Life." The mothers appreciated the truths of this paper since it reminded them that the child required more than mere material things with which to build their character.

Little Miss Virginia Anthony was promoted to the Junior Division of the children's work. Ten certificates of membership were presented to children present by Mrs. Richards. These certificates were rolled and wrapped with ribbon and made each little recipient very happy in very much the same manner in which they will be made happy in the years to come when they receive the certificate of promotion in school.

Since March the first of the baby division has received \$16.50 in dues and "mite box" offerings. present were served home made ice cream, cakes baked by the mothers and thus ended one of the most enjoyable occasions the baby division had had the pleasure of participating in many a day.

Eighty mothers and babies were present on this very happy occasion. The baby division has an enrollment of seventy-three babies and children under the age of six years.

SENATE MEETS AGAIN

The Clarendon Senate will meet again next Monday evening at 8:15. All members are urged to attend. Visitors will lend a welcome and an outstretched hand. Any one can have a part in this senate by enrolling the name with the senate from any state where there are not more than two senators. See the president and get on the roll at once so as to have a part on next Monday evening. There are quite a number of bills to be brought before the senate at the next meeting. The last meeting of the senate was prevented on account of rain and therefore the business will be larger for the next session. The divorce and picture show bill will be brought up for discussion and there is lots of fun and good speeches promised. No one has to pay any dues to belong to the senate. It is for the community at large. The next meeting is expected to be the largest one yet held. Many have been phoning for membership in the senate, previous to the last scheduled meeting, and it is to be hoped that they will be present next Monday evening.

By the President.

Earl Newland returned yesterday morning to his home in Amarillo.

ALL ELECTRIC LIGHT AND POWER METERS ARE TO BE TESTED

Nearly every one is willing to pay for what they get. But they want to know that they are getting what they pay for. With this in mind we have secured the services of a meter expert to test our meters in Clarendon. Our meter expert Mr. J. B. Gribble of New Orleans, La., will be here some time next week, and will commence testing meters. It will require several months time to test all the meters in Clarendon, but they will all be tested before he leaves Clarendon.

Receiver Texas Gas & Electric Company

CAR OF WHEAT BREAKS DOWN ON DENVER TRACK

A car of wheat that was being switched in the Denver yards in this city Monday evening broke down near the water tank in the east art of the yards. Nothing could be done with the equipment then at hand to remove the obstruction, with the result that passenger trains were forced to take the siding when passing through. The wrecker arrived here Tuesday morning and work was at once begun on clearing the track. By noon Tuesday the car had been removed. No certain cause was found for the wreck.

MISS LONG ENTERTAINS

Miss Alta Long entertained a number of her friends Wednesday evening with a slumber party. The guests first enjoyed a line party at the Pastime Theatre, returning after the show to the home of the hostess where they spent a most delightful evening. The next morning a sunrise breakfast at the river was a pleasant finale to the fun. Those present besides the hostess were: Misses Ruby, Fay and Mae Bennett; Gladys and Laura Rankin, of Durant, Oklahoma; Lelia Clifford, Winnie Weatherly, Eppie and Vera Long.

Earl Hedgecock, of Amarillo, was a guest of A. H. Baker and family of this city Monday and Tuesday.

ANOTHER CLARENDON CASE

It Proves That There's A Way Out for Many Suffering Clarendon Folks

Just another report of a case in Clarendon. Another typical case, Kidney ailments relieved in Clarendon with Doan's Kidney Pills.

L. L. Taylor, proprietor of blacksmith shop, First St., Clarendon, gave the following statement on January 24th, 1911. "I had a lame back and the pain across my kidneys was so bad it was difficult to straighten up. Every time I bent over, sharp twinges would shoot through my back. I had heard about Doan's Kidney Pills, so I went to the drug store and got a box. I can vouch for Doan's because I had not used a whole box before I was at work again. Doan's drove the pain and lameness away."

NO TROUBLE SINCE
On April 29th, 1919 Mr. Taylor added: "I have had no further kidney trouble since Doan's Kidney Pills cured me, and I praise them just as much today as when I first endorsed them. The cure Doan's gave me has lasted."

60c, at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.
Wint Barefield returned Monday from McKinney where his wife is in the hospital. Friends will be glad to learn that Mrs. Barefield is improving. Their little daughter Lois left Saturday evening to join her mother.

TEXAS SHERIFFS TO MEET

The Annual Convention of the Texas Sheriffs Association will be held in Amarillo July 12, 13 and 14. An interesting and instructive program is being arranged for. At the present time there are 492 members of this Association, and arrangements are being made for special rates to be granted, and it is hoped that the sheriffs of all Texas will be present, and also those sheriffs residing in Oklahoma and New Mexico, in order that a closer understanding may be reached and plans devised and worked out whereby the interests of the States will be better protected through this department of justice. Each individual member is urged to lend his support, and be present to take part in the proceedings of the convention.

Sheriff Rutherford of Donley County will attend and says the officers are expecting a great convention.

Miss Ruth Averyt, of Claude, visited here Monday evening and Tuesday morning with her sister Mrs. Ralph Kerbow. Miss. Ruth was enroute home from Boston where she has studied music for the past year. Miss Ruth is a graduate of Clarendon College, having finished in music in 1919. She says that she had a most wonderful year in Boston.

MRS. GRAY SUCCEUMS TO LONG ILLNESS SATURDAY

Mrs. J. L. Gray, of this city, after an illness extending over the past several months, passed away at her home in north Clarendon Saturday morning at 12:10 o'clock. The funeral services were conducted at the residence Saturday afternoon at four o'clock by Rev. C. N. N. Ferguson. Interment took place in the City Cemetery.

The deceased had been a lifelong member of the Methodist Church and by her consistent Christian life and beautiful exemplification of the Christian teachings she had seen all of her children saved and members of the same church. Many and beautiful were the tributes paid to her by those who knew her best, for to know her was to love her. The floral offering was most beautiful. Deceased is survived by her husband J. L. Gray of this city and by seven children: Misses Sada and Theodosia Gray; Messdames Smith and T. M. Orme; Wilson, Johnnie and Oscar Gray.

Clyde Douglas, of Memphis, visited here the last week end and attended the picnic the 4th.

NOTICE.

We wish to announce to the public that in the future we will not lend our dishes. The trouble of re-marking and handling the dishes so often and the fact that they so often get mixed with other peoples dishes makes this action on our part necessary.

We wish to extend to the public every courtesy and accommodation in our power but we feel that in justice to ourselves we are obliged to take this action.

Respectfully,
H. C. Kerbow & Sons.
(25-2t)

FOR SALE OR TRADE

143 acres irrigated farm in the Arkansas valley in Ohio County, Colorado in high state of cultivation, 25 acres alfalfa, 25 wheat, 45 beets and other crops this year. Would trade for small ranch or good farm near Clarendon. See owner, J. B. McCarley. (25tfc)

Earl Newland, who is with the Burroughs people at Amarillo, visited here the past week with his parents Mr. and Mrs. J. M. Newland.

USE YOUR HOME PAPER

The slick guy with a smooth line of talk, greased hair, pressed pants and a big card printed in three colors seems to be an excellent combination to separate business houses from \$3 to \$10 for box space on a pasteboard card after the aforementioned slick guy tells you it is advertising. Don't believe it. It's charity. He has no interest in your community or your business. His sole and only interest is your money and you will find him perfectly willing to add one lie to another to enlist your interest, for he will not see you again after he has cleaned up on the town and taken the train out.

Sometimes it is a thingamajig that he is going to hang on every telephone in the county; sometimes it is a hotel directory and other times it may be some new Wallingford folder that will gain the attention of even more conservative business men. They have an excellent line of talk, these fellows. They have to have, for that is what they live on. Ever hear of a business man who had to enlarge his store, or a town that doubled its trade territory as a result of this kind of advertising? I never did, and I do not believe that one of the slick guys did either.

But I know of several towns that have made phenomenal progress and of thousands of others that are being boosted as a result of advertising through the home town paper. And they keep right on boosting whether you advertise or not. Did you ever stop to think of the number of editors of home town papers that are giving their life's work to printing the interesting things and everyday happenings that bind the community spirit and interest and create a spirit of loyalty and devotion to the home town that holds support and brings business to your doors? And that fool editor keeps right on doing it whether you put your advertisement in the paper or not.

Why? Because it is his business to grind out a paper that people want to read. And they read it whether your ad appears or not. If your ad is not there, they will read some one else's ad.

Got all the business you can handle—don't need to advertise? Don't fool yourself. One of the big packing companies spends \$50,000 a year just to keep its name before the public. They have more business than they can handle now, but they know that if they withdraw their advertising that it would not be long until their business would decrease. All of which is by the way of endorsing a little item that appeared in the Cotton Plant Democrat a short time ago:

"A real slick pull-the-cork under advertising slicker was in the city Monday working a church directory scheme. The last we saw of him he wanted a sheet of red card-board to map out a state hotel directory on. He said that it was a little hard to get it started here but after he got the bank and a few others, the rest of them were easy. He had a figure on the printing, but said the price was too high, although he admitted that our price was about right. He said he was going to take the work over into another county where there were eight papers, all doing work ahead and starving to death. When a schemer of this kind comes along, using the churches, both white and colored, to promote his schemes, it is time for the business man to call a halt."

The interesting thing about this item is that the editor was not "beefing" about not getting the advertising himself. He probably has got all the advertising he could take care of. If the business man wanted to waste his advertising fund on a game as old as the gold brick and three-card monte game, learn, but he does not want to see he is willing to let them live and his churches swindled.

Human nature is a complex, puzzling thing after all. That editor of the Cotton Plant Democrat would be branded by his home town people as a traitor to his community if he bought his clothing of a mail order house and did his banking in another town. And yet, the slick guy who calls his pretty cards "advertising," fills them up from top to bottom. And the editor uses only a bit of his space to make mention of the fact in a patient sort of way and keeps on boosting the town.—Leo C. Moser, in the Fayetteville (Ark.) Democrat.

THE OPPORTUNITY OF A LIFE

We are now offering 75,000 acres of the Spearman Farm Lands, located at Seagraves, Gaines Co., Texas for sale to actual settlers upon the colonization plan at very attractive prices and upon extremely good terms. This is the best place on earth for a poor man or a man of moderate means to secure a home for himself and family. A postal card to W. A. SoRelle, general agent, Clarendon, Texas or W. H. Steele, local agent, Blythe, Texas will bring you a descriptive pamphlet giving you full information concerning this country. Don't miss it but write today. (40c)

DIXIE CURING PLANT NEARING COMPLETION

The work on the construction of the Dixie Curing plant in this city is two thirds done, and will be completed by the 15th of this month. The machinery is being ordered this week, and with its installation the plant will be ready for operation. All of the inside walls have been erected, and a good part of the roofing is completed. The building is an airtight wooden structure and is placed on a concrete foundation; its size is sixty by one hundred and five feet with twelve foot bays and with its ninety separate bins it has a capacity of forty bushels.

The potato acreage in this county has been carefully estimated and the total is about five hundred acres with access to this plant. The prospects are fine for a big crop of fine grade and variety. Here, therefore it has been impossible for the potato crop to be stored for a great length of time, and the result was that the crop had to be sold or consumed within a short time.

From the fact that the farmers all over the United States had the benefit of their potato crops for only a few weeks, it resulted that millions of dollars worth of potatoes were lost each year. It has been proved that all that is necessary to save and save the potatoes is warm air applied at the proper temperature for the proper length of time. The government plan had been used with a fair degree of success; it was to place stoves in the potato houses and dry and preserve the potatoes. This worked when the potatoes were in a good condition to start with, but was by no means uniformly successful and a large percentage of the potatoes were lost.

The construction of this curing plant is unique. It is placed on a concrete foundation, and is made as nearly airtight as possible. The construction of the walls, two-by-four saunders is first used, and on the inside is placed tarred felt; on the inside of this then is a ship lap wall, and still on the inside of this shiplap there is a light rubberoid roofing. The outside wall is of dry siding and covered by three coats of paint. The roof is of shiplap with the tarred felt, this covered by a solid sheeting with an outer roof of shingles.

By a special bin construction, the potatoes do not fall and are sifted downward by the force of gravity. These allow a free circulation of the air and this is regulated as to temperature and amount and this easily as the air is forced through the bins under pressure. The main air lines, coming from the tank where a reserve of air is kept under pressure, pass down the building beneath the floor from end to end of the building. Lateral pipes go from these out to the various bins, and perforated pipes extend from these lateral pipes to all parts of the floor of the bins thus insuring an equal distribution of the air.

Potatoes are cured by this process within about thirty days, and when thus cared for can be kept for almost any length of time. This means much to the farmers of this county and to the business of this city, for to one the potato crop is saved while to the other a large volume of a new business is added; then, too, it adds to the diversity of Donley, and will be another means of proving that the resources of our home country are unlimited.

RED CROSS NUHEALTH

(This is number two of these items of health-care. Others will follow; cut them out and study them for your own good.)

Fresh Air

Methuselah lived to be 960 years old. If you live to be 50 you will be beating the law of mortality averages by something like 15 years.

Life might become a bit stale if we all live to be a thousand years these days, but the 20th Century American has fallen back to the other extreme.

Methuselah's famous span of life was lived in the simplicity of open air and outdoor environment.

As you plan your scheme of daily life to include simple exercise and as much fresh air and outdoors as possible, so will you be able to increase the years before you become a customer of the undertaker.

It's easy to go home in the evening and sit down inside with the newspaper or a book and let your muscles grow flabby with disuse.

But it's easy to die before your time. If you don't believe it look at the mortality column in your newspaper and see the ages of those listed there.

The greatest medicine in the world is fresh air, and you can write your own prescription.

A daily walk in the evenings is the simplest and most available exercise for most of us. Get out in the outskirts of town and smell the flowers. Let the evening breeze get into your lungs. Watch the stars come out in the sky, listen to the song of the bullfrogs in the ponds.

It's cheaper and better than any drug store medicine. Daily Every Pathway.

TOURIST DECIDES OUR CITY BETTER THAN CALIFORNIA

Neal Norwood, a former resident of Wichita Falls, who with his family had started to California to city enroute last week, and within make his home, stopped in this a few hours had decided to make this destination and home. He arrived here a while before night and encamped on the free camp grounds. He soon found his old friend H. D. Taylor. Mr. Norwood said that he was more favorably impressed with Clarendon than any city that he had seen in a long time. Of course it did not take Mr. Taylor very long to tell the visitor of the wonderful advantages of Clarendon and Donley. Mr. Norwood, upon further investigation the following morning decided that Clarendon was more suitable for his home than of land to the south of this city, California. He then bought a tract and will engage in the chicken and dairy business.

This is the oft repeated story; when once a person sees Clarendon he wants to live here; when he knows its people he will make this his home or know the reason. Donley with its record of ever a crop failure and its county seat the metropolis of the Panhandle is the ideal home for which the travelers is looking.

Charles Speed and family have returned from Briscoe county and points on the south Plains. Mr. Speed superintended the construction of a nice brick schoolhouse in Briscoe, and later visited on the south plains. Mr. Speed says that all of the country where he has been is in good shape, but that none of it is equal to Donley and that he thinks more of his home county than ever.

Mrs. D. O. Stallings and daughter Miss Fray returned to Hereford Monday with the former's parents Mr. and Mrs. F. H. Britain. They will visit there for some time.

NEWS PRINTS DIRECTORIES FOR LAKEVIEW EXCHANGE

The News job office is this week engaged in the printing of the directories of the Lakeview Telephone Exchange. It is a neat sized booklet, and is arranged in a manner that does credit to the manager Mr. Hollis Boren. The News printed the directories for that exchange last year and so well pleased were they with the class of work done by this office, they placed the order with us again for this year's directories. The News is pleased to have these orders thus replaced, and it is also a pleasure to do business with men as affable as Mr. Boren.

ANXIOUS CROWD WATCHES RETURNS OF BIG FIGHT

Before any of the returns were due from the big fight Saturday, a good crowd had gathered to receive any word from the pugilistic championship contest. As the telegrams announcing the results of the preliminaries arrived, they were placed in the window of the Palace Confectionery. Although a part of the gathering were supporters of the foreigner who aspired to carry the heavyweight little back to Europe, yet the majority of sport lovers were in hopes that the American would put forth his same healthy wallop, and the general judgment was that the American would be victorious. As the telegrams arrived, the results were read to the crowd by Captain E. A. Simpson, and with the final announcement of Dempsey's victory, the supporters of the great American pugilist gave expression to their feelings by several wild shouts.

H. E. Westmorland arrived here Saturday evening from St. Louis where he attended business. At this place he joined his wife who is visiting with her parents Mr. and Mrs. Tom Connolly.

MISS LITTLE ENTERTAINS STORE FORCE WITH PICNIC

Miss Emma May Little entertained the force of the T. M. Little store with a picnic Thursday afternoon. The scene of the outing was the river, and everyone pronounced the grounds an ideal place for such. The finest kind of eats were provided in abundance. Those present besides the hostess were Misses Lula Watts, Fannie Rae Ballew, Ruth Little and Messdames E. D. Martin and Esther Massey.

MISS GRIGGS TAKES CLASS ON AN OUTING

Miss Oma Griggs entertained her Sunday school class which she teaches at the First Methodist Church on a delightful little outing Friday afternoon. A little wagon was used to carry the many good youngsters enjoyed very much eats to the scene of the picnic, and joking each other about eating a wagon load of ice cream. It was a happy time for everyone.

Rollie Brumley, of the Lake Creek Hereford Farm north of Hereford, spent a snore and sound 4th in this city Monday.

Here's why CAMELS are the quality cigarette

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarette aftertaste,

It's Camels for you.

S. M. Finley has returned to Shamrock after a visit in this city with his brother J. C. Finley and family.

Miss Grace Milan of Memphis, is spending the week here with her friends Mesdames J. R. Bartlett and Frank Decker.

Mr. and Mrs. J. A. Barnett, of Amarillo, former residences of this city are here this week visiting with friends.

Miss Agnes Swift, of Memphis, is visiting here with her sisters, Mesdames J. R. Bartlett and Frank Decker and her brother J. D. Swift.

FIERY, ITCHY SKIN QUICKLY SOOTHED BY THIS SULPHUR

Mentho-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or is rough or dry. Mentho-Sulphur cures skin eruptions so quickly, says a noted skin specialist. The moment this sulphur preparation is applied the itching stops and after two or three applications, the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up. A small jar of Mentho-Sulphur may be had at any good drug store.

LELIA LAKE

A nice rain fell Tuesday which was needed as the hard rains we had some time ago had caused the ground to bake badly.

Quite a crowd from Lelia Lake enjoyed the 4th and 5th in Clarendon. Everyone giving praise to the barbecue which was a credit to the one that did it and the town. Mr. and Mrs. Martin of South Texas visited in the June Taylor home Sunday. Mrs. Martin being a cousin of June.

E. L. Lewis has been looking after his threshing force which is near Goodnight.

H. D. Burris sent several days in Amarillo last week.

Sunday school was very well attended at all churches.

Mrs. Homer Ellis was down from Clarendon for a short visit Tuesday morning.

H. W. Taylor and wife, also Mr. and Mrs. Bill Patman were down from Clarendon Sunday afternoon.

Albert Gerner is at Jericho helping his brother John with his farm work.

Mr. and Mrs. A. V. Clark, also Grandmother Clark and Mrs. Mary Thower were here from Clarendon Thursday evening.

OH! MY BACK!

The Expression of Many a Kidney Sufferer in Clarendon

A stubborn backache is cause to suspect kidney trouble. When the kidneys are inflamed and swollen, stooping brings a sharp twinge in the small of the back, that almost takes the breath away. Doan's Kidney Pills revive sluggish kidneys—relieve aching backs. Here's Clarendon proof:

Mrs. L. L. Moore, E. 6th St., says: "Sometimes ago my kidneys and back caused me a lot of trouble. My back was so lame and sore I could hardly stoop over. It ached all the time and mornings was so stiff and lame I could hardly get straightened up. I had such dizzy spells, I would almost be blinded. Severe headaches followed these attacks. My kidneys were weak, too. Doan's Kidney Pills gave me excellent relief."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Moore had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

ON A HOME

Thinking of owning a home in Clarendon? Did you know that right now is the best time you will have for buying property. The big financiers of the country say that with the coming of fall that the prices will rise higher than prewar prices because of the demand. When school time draws near houses will be in demand and scarce at that so if you intend to own a home now is the time to see me at once as my home of eight rooms, modern conveniences, first class outside improvements, close in, will be sold at a sacrifice and I will take my loss now at your gain. Price \$8,500. Phone 410. (27c)

POSTED

The public is hereby warned that hunting and wood hauling is forbidden in the R. O. pasture. All trespassers will be vigorously prosecuted.

Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

"We should drink, before breakfast a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach. The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly."

MORE TOURISTS BEGIN-NING TO PASS THROUGH

With the passing of the recent protracted season of rain, and with the roads in better conditions than they have been in some time, the number of tourists passing through this city has materially increased. Some of the cars come from Louisiana, but the majority of them come from north and central Texas and a few from Oklahoma. Most of the travelers are bound for Colorado. Many of them comment on the progressiveness of Clarendon, saying that this country does not know what hard times means. Some of them have bought land here; and our county and city is to be congratulated upon being able to stand out as one of the counties in the state of Texas that is at the forefront so far as prosperity is concerned.

C. R. Cox at wife of Graham, are here visiting with the latter's parents Mr. and Mrs. Jim Taylor. Mr. Cox said that some of the people had spoken to him something about Clarendon's being dead, but that he told them that if they could see some of the towns further down in the state, they would conclude that Clarendon is the liveliest town in the state. Mr. Cox was especially attracted by the signs of prosperity as well as the fine prospects that he saw.

SUMMER SESSION PUBLIC SCHOOL TO CLOSE SOON

The summer session of the public school will close next week, since the eight weeks will have been completed then. The school has been taught by Miss Elizabeth Stevens and Miss Mae Lumpkin, and has been very successful in every detail. There has been an attendance of twenty-four pupils; they have been enabled by this work to make extra grades, or to make up any work that they were prevented from making on account of sickness or other causes. Miss Lumpkin has had charge of the primary department while Miss Stevens has taught the intermediate grades. The pupils have manifested great interest in the work, and the character of work that they have done has been very satisfactory to both parents and teachers.

As to whether there will be a summer school next year has not been definitely settled, but with the fine class of work that has been done this summer, in all probability a summer session will be held next year. Many of the larger schools over the country are advocating shorter vacations, and the summer school is a long step in the direction of solving many problems that will be solved by the shortening of the vacation.

HOME OF NEWS IMPROVED BY ADDITION OF AWNING

The general comfort and appearance of the News building has been very materially improved by the addition of an awning yesterday morning. Since the storm the reporter and editor have done their afternoon writing in the glare of the summer sun, and the rest of the crew have suffered equally when they stayed near the front of the building. But with the recent addition, we begin to feel more at home, and are longing for the sun once more to melt the clouds away and to come forth to try to run us out of our little sanctum. So kind reader, we hope that in the near future that we can invite you to call on us in our home without embarrassment and that we can be as proud of our home as you are of yours.

Western Bloomer Girls Base Ball Club

AN INDEPENDENT CLUB COMPOSED OF LADIES That Know How to Play Base Ball

Chas. E. Baker, the Business Manager, is in town making arrangements for the club to play here on Saturday, July 16th., at the local base ball park. One feature of the game will be the pitching of Miss Kate Becker, the champion lady base ball pitcher of the world.

The record of this in 1919 was: won 105, lost 51, and in 1920 won 112, lost 26 games, which is a record for any club to be proud of.

The club carries two catchers, one Mable Bohle, the only lady catcher in the world, and four pitchers, so as to always be in good shape to give a good account of themselves on the field. Some people ask, "Do they use men?" The answer is yes, a few, not all, just enough to make the home boys step out if they want to win. The ladies' club always use five girls in the line-up.

The local boys will have to play in mid-season form to beat this club of ladies on the above date with the Clarendon Club. So let us see you get out and practice some for this game and let every fan turn out and root for the home boys. Mr. Baker requests the home boys to play as hard as they can to beat the girls.

As the clippings show that Mr. Baker carries from various games played throughout the country that these ladies do know the game and they will demonstrate that when they cross bats with local club. Ladies are especially invited to attend this game as well as the men. Everybody turn out and make it a real holiday in Clarendon.

WILL PLAY THE CLARENDON CLUB AT FAIR GROUND PARK

DO YOU TAKE ALL THE ROAD?

Back in old Virginia some years ago when the automobile was not used so much as now, we were driving along the road when just ahead of us was a man standing up and lashing his horse, driving toward us as fast as his horse could go so he could drive in a lane and get off the road ahead of us. he reached the lane drove in before we got there, still standing up he shook his fist and said some about the automobile, that would not look well in print. Some time afterward we met the same fellow and asked him to ride to town, he at first refused but finally got in and as we drove along, met a fellow with a team who would not give us any road, he said "Well what do you think of that man for taking all the road?" I was thinking of him the first time we met, he saw the other fellows point of view afterward; all new things are looked at with a sense met, he saw the other fellow's all of us try to see some good in anything or anyone that is trying to do something for the good of of distrust by many people, so let try and find out if they are not doing something before we say it is no good, lets give them credit and a chance. Don't do like the fellow that was abusing the automobile who had never ridden in one. Get in try it, see for yourself, friends who are not members of the Chamber of Commerce, we want you in with us, come to our Luncheons if you have any views to express, do so, but come in make yourself at home and try see our points of view—be one of us.

A. N. McCardell, Secy., Clarendon Chamber of Commerce.

THE PRESBYTERIAN CHURCH

"This May Be Your Church" A fine illustration appeared in "Onward" this last week; the thought was on Procrastination. "When the diggers excavated the ruins of Pompeii, they found the body of an old man in almost perfect state of preservation. Around his waist was a money belt well filled with gold and gems. Alas, had he been content to leave his wealth, he probably would have saved his life," when the great destruction befell that city.

"And the diggers also found beside a woman's body two heavy bracelets, a handful of gold rings, and a well filled purse. Human nature has not changed much for all that we have passed since those ancient pagan days," though some of us call ourselves Christians.

The High Way...of Living...is Better. "He that saveth his life shall lose it; and he that loseth his life for My sake shall save it." Merely a question of placing the emphasis aright. And too, there's that wife, or husband or brother or son or sister that is "sawing wood and sayin' nothin'—just watching you."

IT WOULD BE FUNNY IF IT WASN'T SAD

Here is a problem presented by the Kansas City Star from one of its exchanges.

"Isn't it funny," asks the Gillam Globe, "that the man who thinks he is a business man will get up in the morning from an advertised mattress and shave with an advertised razor, take off advertised pajamas, and put on advertised underwear, hose, shirt, collar and tie, and seat himself at the table and eat advertised breakfast food, drink advertised coffee, put on an advertised hat, light an advertised cigar, go to his place of business and turn down advertising on the grounds that advertising doesn't pay."

Mrs. C. V. Tennery and little daughter arrived here Saturday evening from Merkel to join their husband and father who is now the printer with the News.

FLORA FOREMAN LUNCHEON

Along with the activities of town and county on the occasion of the Glorious Fourth, the Flora Foreman Sunday School class was equally active and equally successful in the perfecting of plans and carrying to successful conclusion a luncheon given at the Methodist Church on Monday at noon.

A delicious three course luncheon was served to eight members and to Mrs. R. H. Alexander, the retiring teacher, and to Mrs. J. W. Shawver, the teacher elect. Toasts were given to the two teachers and plans were discussed for the up-building of the class and the entering upon a definite work, with a definite end to attain, for the class to undertake.

"Old Glory" furnished the color scheme of the occasion, the decorations being very artistically arranged and small flags and fire crackers were given as favors. Little Miss Carolyn Shawver and her guest, little Miss Margaret Yoer, wearing crepe paper dresses of unique design, carrying out the colors of the day, very gracefully and skillfully managed the serving. Those present heartily enjoyed the occasion and extend their thanks to the committee in charge and all those assisting, for such a pleasant treat.

The Flora Foreman class is composed of young women, and we are very anxious to have all the young women of the town and surrounding country who are not already aligned with some other class to become a member, and we here now extend to all such young women a most cordial invitation to join us. Our purpose and aim is mutual helpfulness, and we propose to immediately enter upon some definite work whereby we may help somebody else. We need your help.

Reporter.

Make 'em laugh, make 'em cry, make 'em wait. You won't have to wait. The Virginia Heroine is a laugh from start to finish, College Auditorium, Thursday, July 14 at 8:30 p. m.

F. W. Keener left this morning for his home at Sacramento, California after a visit of two weeks here with his sister Mrs. Ida Chitwood.

J. K. Ridge, of Amarillo, was a business visitor here Friday.

Mr. and Mrs. C. Daughtry, of Ft. Worth are here visiting the latter's mother Mrs. J. P. Manley.

NOTICE
All persons who are no members of the American Legion are hereby notified to stay out of the club room in the future. Do not wait to be invited out. This is not a request.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears. Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

The Secret Is Out

And the greatest interest to all. The most welcome news the people of this section have had for many years. Read every word of this ad and visit the big busy store. You will find out just why we have had on such a big special sale. It is for you to get acquainted with the new prices for the price we sold goods at during this sale will continue all through July the same and in many instances lower. We had to raise a certain amount of money and the result is very gratifying to us exceeding our expectations by many hundreds of dollars.

The quality of this store's merchandise and its business policy are well known and needs no exemplifications.

THE PRICES TELL THE TALE.

T. M. LITTLE CO.
