CASH BASIS

We are often asked why it is necessary for us to be so rigid with our collections. The reason is very easily explained. Every thing we buy must be paid in cash.

We have adopted the policy of paying cash for all material and supplies that we buy locally.

When we buy fuel we have to pay cash in advance.

Freight and express are always cash.

Labor is always cash.

Ninety-nine per cent of everything we buy must be paid for in cash.

This plant is owned by a big company, but it is operated by itself. We have to pay all expenses out of the money we collect. As all our expenses must be paid in cash it is necessary for us to have the cash to pay them.

We all know that following up delinquent accounts is an expensive process. And that if we can pay cash for what we buy and get cash for what we sell we can operate our business on a cheaper basis.

The state laws limit our profits to a reasonable return on the physical value of the property, It is to the interest of our customers to help us reduce our expenses. You can do this by paying your bill as early in the month as possible, so that we can keep our business on a strictly cash basis.

This is the reason why we ask our customers, to pay their accounts before the 10th of the month.

 4-Candidates are not confined to their own particular district or community in which to secure votes and subscriptions, but may take orders anywhere in this section; or, for that matter anywhere in the state or United States.
 5-Cash must accompany all orders where votes are desired. There will be no exceptions to this rule. Candidates will be allowed to collect subscriptions and renewals as well as entirely new subscriptions and votes will be used on both alike.
 6-Votes are free. It costs the subscribers nothing extra to vote for their favorite. Subscripters should ask for votes when naving their subscriptions.

when paying their subscriptions.

7-Votes cannot be purchased. Every cent accepted through the election department must represent subscription. 8-Votes are not transferable. Candidates cannot withdraw in favor of another candidate. Should a candidate with draw from the race his or her votes will be cancelled. Neither will it be permissible for candidates to give or transfer sub-scriptions to another candidate. Votes on such transferred sub-scriptions will be subject to disqualification at the discretion of the management.

9—Any collusion on part of candidate to nullify competition, or any other combination or arrangement or effort to the detriment of candidates or his newspaper will not be tolerated. Any candidate or candidates entering into or taking part in such an agreement, or effort, will forfeit all rights to a prize orcommission.

During the last few days of the election, the box—locked and sealed—will repose inthe vaults of a local bank, where candidates and their friends will deposit their final collections and reserve votes. And not until the race has been declared closed will the seals be broken, the box unlocked, and the judges begin the final count. In this way, no one, not even the campaign manager, can possibly know the voting strength of the respective candidates which precludes any possibility of favortism and insures fairness to the minutest degree.

two days and how you use them will in a large degree tell to what extent you are to share in this great prize and cash distribution.

Every precaution is being taken to guard the interests of the various contestants. Absolute secrecy as to number of votes any candidate may have will be possible by using the sealed ballot box during the last week of the campaign. No one but the contestant will know how many votes he or she may have. Votes will be deposited in this box by the contestants themselves and will not be removed from the Donley County State Bank until after the contest is over, the votes counted and the winners declared.

Now is the time to put forth every ounce of energy you have. Now only is the time to determine yourself to win. Use the reserve power and energy you have stored away. Put forth the supreme effort now to win. Work now and save yourself a thousand regrets in a few days for not having done your very best.
