Clarendon hotels and streets are full of transients brought in here by the pipeline operations of the big concerns and the general proximity of the oil boom. It is becoming more apparent every day that the oil interests are drawing nearer and that Clarendon will shortly have a full-fledged boom of its own. Wide-awake citizens are dropping an anchor "to windward" and expect to be ready to cash-in on its arrival.

Clarendon is being talked of in every city in the radius of three hundred and fifty miles. In the hotels of Dallas, Fort Worth, Oklahoma City, Wichita Falls and Amarillo there is increasing talk of Donley County and Clarendon as the most promising wild-cat territory in the Panhandle area, and on the trains the talk is repeated every day. The reason for all this will be realized by even the slow-witted before ninety days has elapsed. Come to Clarendon and get in on the ground-floor.

Over at Slaton the Times this week announced its retirement from the field having sold its subscription and mailing list to its competitor, the Slaton Slatonite. Slaton is a thriving town with a regular semi-monthly payroll from the Santa Fe shops, but again it is proven that two newspapers in a town under five thousand inhabitants is an economic mistake. Editor Ben O. Smith and wife will move the Times plant to some other good West Texas town where there is an opening and continue to operate a high grade paper like they always have done.

There is a general feeling of security about the affairs of state down at Austin since Gov. Dan Moody assumed the reins of government. It is not that Dan is such an extraordinarily wise or experienced executive, but the feeling over the state is caused by the general belief in the sincerity of purpose and purity of intentions of the young governor. Patriotic Texans applaud this new and pleasant condition in which we find ourselves, and Governor Moody has the best wishes and co-operation of ninety-eight percent of the people. A new day has dawned.

The acquittal of Rev. J. Frank Norris on the charge of murder at Austin Tuesday was frankly expected, where prejudice did not becloud the judgement. The hired prosecutors of the state overstepped when they asked the death verdict on a first degree murder charge, and brought defeat on themselves. It would be a strange jury that would convict a man of cold, calculating, pre-meditated murder, when he did not know nor had ever seen the victim before the brief meeting which ended in the tragedy. Norris has a hard road ahead, at that.

We have at last completed the reading of the one hundred and twenty-two page Prosperity and Building Review edition of the Amarillo News-Globe, issued on January 16th. It is a remarkable compilation of the unprecedented progress of Amarillo during the past year, when our sister city scored the highest percent gain of any city in the United States. It is a record that would be hard to conceive of, except that we journey that way occasionally and we find it hard to realize that the changes actually exist that are noted from one visit to another. Amarillo is the capital of a wonderful section of the nation and 1927 will see the record still more remarkable. The News-Globe is to be congratulated on its splendid participation in the growth and progress of Amarillo and the Panhandle.

He who is to win the noblest success in the world of affairs must continually educate himself for larger grasp of principle and broader grasp of conditions.—Mabie.

One of the outstanding chambers of commerce in this section of Texas is the Memphis Chamber of Commerce, located in the capital of Hall County. Just recently it elected Editor Claude Wells of the Memphis Democrat as its president for 1927, and forthwith held a wonderful annual banquet reporting the accomplishments of the year just passed and outlining a great program for the new year. Editor Wells is a master-citizen as well as a splendid newspaper man and Clarendon people feel assured of the continued success of the Memphis organization under his able direction. Salute!

Governor Moody having appointed R. S. Sterling of Houston and Cone Johnson of Tyler on the highway commission, the West Texas Chamber of Commerce and legislators from West Texas are urging that the third member of the commission be a West Texan. J. A. Kemp of Wichita Falls and R. Q. Lee of Cisco are both being mentioned for the place, and the appointment of either will be hailed with delight in this part of Texas. The highway commission is the "big business" office of Texas, handling something like thirty millions of dollars a year and The News belongs to that great majority who sincerely trust that the appointments shall be made from standards of business ability rather than political expediency.

While Texas has a governor who is honestly trying to live on the niggardly salary of four thousand dollars a year the state pays its chief executive, is a propitious time to rectify this mistake of long-standing. The News sincerely trusts that the present legislature will raise the governor's salary to ten or twelve thousand dollars per annum, and there are some other state officials whose yearly stipend should be increased. This will not be a drop in the bucket insofar as the taxpayer is concerned, and it will go a long way to attract a much better grade of public servant, which after all, would be the greatest public economy Texas can hope to realize.

People read and read and read, blandly unconscious of their effrontery in assuming that they can assimilate without any further effort the vital essence which the author has breathed into them. They can not. That they do not is shown all the time in their lives. If a man does not spend as much time in actively thinking about what he has read, he is simply insulting his author. Meditation is not a popular exercise. If a friend asks you what you did last night you may answer, "I was reading," and he will be impressed and you will be proud. But if you answer, "I was meditating," he will have a tendency to smile and you will have a tendency to blush. I know this. I feel it myself. (I can not offer any explanation). But it does not shake my conviction that the absence of meditation is the main origin of disappointing stocktakings.—Arnold Bennett.

Since the terrible tragedy at Round Rock where ten young men, from the best homes in Texas, were snuffed out in collision with a fast passenger, there has come numberless suggestions and proposed laws forcing the railroads to provide overhead or under-way crossings for all state and federal highways. This is to be expected in an age when every activity is the butt of legislation, but it will not be hard for the thinking minds of Texas to realize that such a forced expenditure on the part of Texas railroads would place them all in bankruptcy—or force the doubling and trebling of passenger and freight tariffs now in effect. In any event, taxation or otherwise, "Jones" pays the freight," and it seems to The News that it might be better for Texans and the strangers within our gates to assume the task of diminishing such occurrences to the vanishing point by using even more than ordinary care in approaching railway and inter-urban crossings. What's fifteen seconds when human lives are in the balance?

ONE CROP FARMER IS SHOWN IN TRUE LIGHT IN ARTICLE

The following pungent paragraphs were handed The News editor the fore part of this week and came from the columns of a paper in South Carolina, where conditions are in existence that have never been seen in Texas and in all probability will never be seen here if the program of diversification is carried out. The article follows:—
The Plight of the One-Crop Farmer

The plight of the one crop farmer caused Mr. Joe Folse, of the Mississippi State Board of Development, to commit the following poetic offense:

"The saddest words of tongue or pen,
I have no cow, no sow, no hen,
No corn, no peas, no graden fence,
Just a bale of cotton worth 8 cents."

Whereupon, with more truth than poetry, Mr. C. H. Kellogg, general manager, Louisiana Development Association, was moved to make the following prediction:

"Cheer up, Joe!
For this next year, I think,
My kids will have some milk to drink.
I'll feed them too some ham and eggs
And put some dimples in their legs.
I'll have a cow, a sow, a hen
And I will get full many a yen
For all the stuff I take to town
No more I'll cuss 'cause cotton's down."

HIGH SCHOOL ACTIVITIES

(Mary Jo Chamberlain)

Interscholastic League Work.
The various phases of interscholastic league work are progressing very nicely. —C.H.S.—

Extemporaneous Speaking.
The extemporaneous speaking this year is based upon current events and the past week they have been studying interesting subjects in current magazines. This is under the supervision of Mrs. G. L. Boykin. —C.H.S.—

Declamation
New declamations have been ordered for our old ones have passed the age limit. We have been reading and studying declamations the past week. We are expecting great work because we have three winners of last year's contest in both county and district. Miss Beck is sponsoring the declamation group. —C.H.S.—

Essays
Some pupils made the sarcastic remark: "Oh, essays are dry," but if they could visit the class they would have an entirely different view. Mrs. Pierle, the head of the English department is in charge of this phase and at present they are studying the informal essay. —C.H.S.—

Debate.
Resolved: That there should be a Federal Department of Education established, with a Secretary in the President's Cabinet. And by the time "Cobb" gets through we will just want one secretary in the president's Cabinet; or not any secretaries at all. This is one of the largest groups and is under the supervision of Miss Abbott. They are studying the subject at present but later there will be hard fought debates. —C.H.S.—

Spelling.
The spelling group is the largest one so it was divided and senior spellers are under the direction of Miss Wood and Miss Harris. Mr. Cooper is in charge of the junior spellers. This year's pamphlets have not arrived yet but they are working faithfully on last year ones. —C.H.S.—

Choral Club.
Choral Club work may be taken up instead of interscholastic league work so during the time set aside for this the operetta is being practiced.

Mid Term Grades Received.
There was rejoicing, and a few tears shed, Friday afternoon when the report cards were passed out. It was a total of a half term's work but some of us hope that we did learn more than the cards told. —C.H.S.—

Spanish Club.
The Spanish Club met January 20. The program consisted of several songs in Spanish, and a debate in Spanish to decide whether the pupil of the United States should speak Spanish or not. The affirmatives won. A very interesting newspaper report was given in Spanish by Sam Braswell. As the refreshments were served the Club talked in Spanish. —C.H.S.—

English Club.
The English Club met Friday, January 21. The books were exchanged. They are all very interesting and are causing a great deal of discussion among the pupils. The program dealt with short stories:

Best Short Story I Have Ever Heard, Julia Taylor.
Club Announcements, Jewel Davis.
Liberty Magazine Contest, Ross Beville.

Best Short Story I Read Last Year, Doak Smith.
Original Short Story, Mary Jo Chamberlain. —C.H.S.—

Latin Club.
The Latin Club met Friday, January 21, for a very interesting program. A new secretary was elected to replace Lenia Martin who has moved from Clarendon. The following program was rendered:
Diet of the Romans, Marvin Lindsey.

Meats and Poultry, Wyifa Lee Alexander.
Wines, Agnes Oakley.
Kitchens, Ruth Little.

Breakfast of a Gentleman, Edna Mae La Fon.
A Dinner Party, Houston Bell.
Serving a Dinner, Eleanor Pierle.
Couches, Franky Zigler.

These reports show more of the customs of the people whose language is being studied. When the formal program was concluded a Latin game was played until time for adjournment. —C.H.S.—

Hi-Y.
There was a call meeting of the Hi-Y program committee Tuesday. They have started making out the programs for the rest of the year. There was no meeting Tuesday night January 18 nor January 25, but they will meet Tuesday, eb. 1, 1927 at 7:00 when the following program will be rendered:
Newspaper Report, Marvin Warren.

Description of the Mexican National Sport, W. S. Wickline.
Philosophy of Will Rogers, "Slick" Naylor.

Piano Solo, Anonymous.
A Couple of Bears from Town.
Critic, J. P. Cooper.
Everyone is cordially invited. The postponement was due to the fact that it conflicted with special activities connected with school work that are occupying the evenings of many Hi-Y members. —C.H.S.—

The Debating Club.
"Order in the room," was uttered by Miss Abbott when the following program was finished:
Declamation, Nannie Mae Bearing.

Declamation, Esther Renaud.
The Qualities a Debater Must Have, Phil Reeves.

The Question of Education, Valera Black.
Nicaragua Question, Billy Dillard.
Crime Wave in the United States, Phifer Estlack.
Rules for Debating, Clinty Phillips.
Helen Bailey (critic) told us our good qualities as usual. Don't get the above statement wrong; there was no mob, the members were merely applauding. —C.H.S.—

The Science and Math Club
At the last meeting of the Science and Math Club, a warm debate engaged the interest of the club. The debate was over, "Whether it is best to let the students read scientific magazines during school." Both sides gave interesting points but the judges gave the decision to the affirmative. We hope this will have considerable weight with our school officials and that the students will be given the right to continue reading scientific magazines during school hours. —C.H.S.—

Basket Ball
The basket ball tournament was not held Saturday because of the disagreeable weather. It will be held Saturday 29. This was agreed upon by all the entries. We will have had more practice by then and are looking forward to it with great interest. —C.H.S.—

Girls Elect Captain
The girls basket ball team have been meeting for several months to be in good practice by the season. After the practice Tuesday afternoon a captain and reporter were elected. Gladys Noble, Captain.
Sally Smith, Reporter.

There are going to be a good many games this season in which we hope to win.
"We are backing you, Girls."
—C.H.S.—

Goodnight vs. Bronchos
We met Goodnight Tuesday in an exciting game. There was excellent team work shown. The score was 28 to 6 in favor of the Bronchos. —C.H.S.—

C. H. S. vs. Lelia Lake.
Wednesday afternoon we played a return game with Lelia Lake. The game was played on an out door court. This was the best game of the season and the score was 9 to 11 in favor of Clarendon.

The girls played their first game of the season Wednesday afternoon. The girls could not do their best for they played on an out door court. The girls lost, the score being 17 to 21 in favor of Lelia Lake. They have the best team that they have had in years. —C.H.S.—

Coming Game
We will play Amarillo here Tuesday night, January 24, at seven o'clock. This is a great game and we hope there will be a big crowd. —C.H.S.—

D. C. T. A. to Meet.
The second meeting of the year of The Donley County Teachers Association, will be held February 3, at the College. Dr. R. E. L. Morgan, president of Clarendon College has secured Dr. B. P. Claxton to address the teachers at this time. Dr. Claxton was United States Commissioner of Education during the administration of president Taft and president Wilson. He is a big man and the Association is fortunate in securing Dr. Claxton. A banquet will be given for him before the meeting if he arrives in time. Dr. Claxton will address the general public at 7:30 after this meeting. —C.H.S.—

New Project.
Mr. Morgan is now working on a new project. He has written to all of the larger state and denominational schools of Texas for pictures of their buildings. He wishes to place these in the halls and they will help the pupils to make their choice of colleges. We are all going to help because this will be very helpful to the seniors who are now face to face with this problem and it should establish goals for the under classmen to work to. —C.H.S.—

Benefit Picture Show.
The benefit picture show which is being given Monday and Tuesday night is receiving great applause by the general public. The picture is "The Keeper of the Bees," and is sponsored by the Parent Teachers Association. Nearly seven hundred tickets have already been sold. The purpose of this is to help finish paying for the new clock. —C.H.S.—

Operetta.
We are all waiting with great enthusiasm for the operetta. The actors are taking great pride in their work and it will be very humorous and amusing. The proceeds of this is to help pay for some books which have been bought since the new course was added. —C.H.S.—

South Ward.
The Mothers Club of the South

Ward has purchased a pair of scales for the use of the pupils.

The South Ward is also beautifying their grounds. Mr. Hardy has secured five new sets of goal posts. They were also painted. The paint was furnished by the High School Athletic Association.

People Are Learning the Value of Occasional Use.

EVERYONE knows that a laxative stimulates the bowels. A diuretic performs a similar function to the kidneys. Under the strain of our modern life, our organs are apt to become sluggish and require assistance. More and more people are learning to use Doan's Pills, occasionally, to insure good elimination which is so essential to good health. More than 50,000 grateful users have given Doan's signed recommendations. Scarcely a community but has its representation. Ask your neighbor!

FAMOUS FOR FOOD

KITCHEN RESOLUTIONS FOR 1927

- Begin the new year right; Take an inventory of your kitchen and resolve to:
1. Discard worn out tools.
2. Mend those that are worn out.
3. Group your utensils and supplies according to the kind of work in which they are to be used.
4. Arrange equipment to pass with out retracing steps to your refrigerator, pantry, etc., to your preparation center, working center, serving center, dishwashing center, to your china closet.
5. Correct the heights of your working surfaces, table, stove, sink, etc.
6. Install a stool or a comfortable kitchen chair so that you may sit at much of your work in place of standing.
7. Get running water piped into your house and waste water piped out.

AIMS OF THE KITCHEN IMPROVEMENT CONTEST

The Kitchen Improvement Contest to be conducted in the county, by Eula Key, County Home Demonstration Agent, working under the direction of the A. and M. College Extension Service, co-operating with the Dallas Semi-Weekly Farm News, aims to influence Texas farm women in regard to four particular matters:

- 1. To give to the original kitchen, that is the kitchen at present the greatest amount of time and thought looking to its improvement.
2. To make the kitchen as sanitary as possible and to finish or refinish the floors and walls so that they will be easily kept and yet attractive.
3. To procure at the smallest outlay of money possible the best furnishings and labor-saving equipment for the kitchen.
4. To so group and arrange the kitchen furnishings that the woman's work may be done with the greatest saving of time and energy; in other words, so that her head may save her body.
Any woman interested in any of the above points should get in touch with Miss Eula Key, County Home Demonstration Agent, at once, and enroll in the contest before February 5th, 1927. All kitchens will be scored at the beginning and end of contest by a county judging committee and prizes will be awarded to the kitchen making the greatest improvement in proportion to cash expenditure on the following basis:
Class I. The kitchen making the greatest improvement for the least amount of money. (Cost not to exceed \$25.)
Class II. The kitchen making the greatest improvement in proportion

MISS EULA KEY Home Demonstration Agent

to the expenditure. (Cost exceeding \$25.)

Those who are interested in the kitchen contest must get your names to me at once in order that your kitchen may be scored and your names sent in to College. Keep in mind that we only have a few more days in which to decide, but we have until April to complete each. Let us help you in making your kitchen the brightest and happiest room in the house. Where do most of the women spend the greater part of the day? In the kitchen. Check your kitchen and see if you have the proper lighting and ventilation. Check your efficiency. Do I have the proper working heights or do I have to stoop to my work? Are my cooking utensils grouped? Do I sit at my work as much as possible? What about your kitchen equipment? Don't forget only a few more days and I hope you will take advantage of this opportunity of getting your kitchen worked over this year.

EULA KEY, Co. Home Dem. Agent.

BAZAAR AND MARKET

COME COME COME COME

CONTINUED PERSECUTION OF ITALIAN MASONS

The condition of the Freemasons in Italy has not improved. In fact, if it were possible to get worse, it might be said it has gotten worse. Letters direct from Masons in that country are rare, and they can not bear any information as to the true situation unless the letters can be taken secretly out of Italy and mailed in some other country. The latest information is that Raoul V. Palermi, Grand Master of the Grand Lodge and Grand Commander of the Supreme Council, was assaulted and beaten several times by some fanatics right after the last attempt on Mussolini's life.

The Grand Orient—which is not in fraternal relations with or generally recognized by Masonry in the United States—has had its existence almost terminated. It owned the property known as Palazzo Giustiniana. The government took it over and fixed a price on it of a million lire, while its real value is about ten million lire; the Grand Orient refusing later an amicable offer of five million lire. But not even the one million lire has been paid to the Grand Orient for the property.

At Tevere, a paper published in Rome, gave an account of the transformation of these headquarters of the Grand Orient to provide for offices for a commission authorized by the government to provide for the reform of penal and military legislation. It says: "The new offices are connected with the Palazzo Madonna by a bridge," and the writer states that "through the courtesy of the chief of the Senate we were able to visit last night the new offices, where formerly the brethren, great and small, and the green serpents and other abominable individuals, have plotted against the country and against the regime." We do not know exactly what is meant by the "green serpents," but of course the context shows they are things to be despised by the Fascisti.

The writer continues: "Notwithstanding the radical change in the remodeling, the hall with its artistic inlay finish has been respected; also the superb ceiling with a fresco by Zucchi; and the delicious private room of the Grand Master, with its upholstered walls of painted silk." This last mentioned room is to be used as a parlor. Continuing the writer says: "The transformation most radical has been made in the starred temple, or room; once a dark chamber with dark windows, with the ceiling full of stars. It has been transformed into an up-to-date hall of toilet, well lighted with two big windows on the street. The transformation could not have been more of moment and significance."

Mr. Torrigiana, who is head of the Grand Orient, has had his own villa in Florence devastated, and is being persecuted to such an extent that he has been forced to move from time to time when he could find an apartment where he could live. Only recently the Societa' Beni Stabili (a real estate corporation) rented him an apartment, and according to Il Nuovo Mondo, a New York paper published in Italian, some Fascisti went to this real estate corporation and ordered that Mr. Torrigiana should be at once evicted. Protests did no good; the representative of the corporation was slapped in the face, and was forced to order the evacuation of the premises.

It will be remembered that only very recently Mr. W. E. Brennan, United States Consul in Rome, was set upon and beaten nearly to death, it being well known that Mr. Brennan was a Freemason.—Scottish Rite News.

Miss Christie Morris Marries Ples W. Latson

The marriage of Miss Christie Morris, daughter of Mrs. R. M. Morris, and Ples W. Latson was solemnized Saturday evening in a simple ceremony performed by the Reverend B. W. Wilkins at the Methodist parsonage in McLean.

The bride is well known here, as well as in Amarillo where she has visited many times. She has lived here most of her life, and has attended both Clarendon High School and Clarendon College. She is at present a pupil in the musical department of the College. Mr. Latson has been here but a few months, but he, like Mrs. Latson has many friends in this city. He is associated with his brother, O. W. Latson, and a contractor.

Mr. and Mrs. Latson will make their home here with Mrs. Morris.

General Chairman of Missionary Society and Executive Board Hold Reception Wednesday, 26th.

The most important social event of the week was the formal reception given Wednesday afternoon at the home of Mrs. Cal Merchant, by the General Chairman and the Executive Board of the Womens Missionary Society for all the ladies of the Methodist Church. Mrs. Merchant's beautiful new home was decorated with many ferns and potted plants in blossom. In the dining room a yellow and white color scheme was used. The curtains were drawn and the room lighted by candles. The tea table was truly lovely with its crystal and silver reflecting the light of the yellow candles and the basket of California flowers.

A short program arranged by Mrs. G. L. Boykin was greatly enjoyed. It consisted of two readings by Miss Nell Parmer, a cello solo by Mrs. Loyd Stallings, a vocal solo by Miss Josephine Pound, and a violin solo by Mrs. Boykin. In the receiving line with Mrs. Merchant were her house-guest, Mrs. Thomas Cleek of Panhandle, Mrs. E. L. Morgan, and Mrs. A. L. Moore. Mrs. Ira Merchant and Mrs. Tom Goldston presided charmingly at the tea table. One hundred and sixteen guests called in the afternoon.

Mrs. R. E. White, General Chairman of the Missionary Society and was in charge of arrangements for the reception. Other members of the Executive Committee are the following: Mrs. R. E. L. Morgan, Mrs. Paul Shelton, Mrs. A. L. Moore, Mrs. Cal Merchant, Mrs. Carrie Wiedman, Mrs. Tom Goldston, Mrs. H. L. Wilder, Mrs. Harwood Beville, Mrs. J. H. Hurn, Mrs. Homer Ellis, Mrs. C. E. Griggs, Mrs. H. M. Faulkner, Mrs. Charles Dean, Jr., Mrs. M. E. Stegall, Mrs. G. L. Boykin, Mrs. C. A. Barton, Mrs. O. T. Smith, Mrs. Nathan Cox, Mrs. L. F. Bones, Mrs. C. B. Ingram, Mrs. Will Johnson, Mrs. David Johnson, Mrs. Walter Wilson, and Mrs. J. W. Chisholm.

Mrs. Gentry Hostess To Afternoon Club

Mrs. Meredith Gentry was hostess to her afternoon bridge club Friday, entertaining three tables. Those present were: Mrs. Charles Trent, Mrs. Forest Taylor, Mrs. Nat Perrine, Mrs. James H. Morris, Mrs. Park Chamberlain, Mrs. Oscar Jenkins, Mrs. Homer Ellis, Mrs. Dorr Ellis, Mrs. Sam Dyer, Mrs. Park Chamberlain, Mrs. Selden Bagby, and Miss Mary Cooke. Miss Cooke's score was high; Mrs. Taylor's low. They, and Mrs. Dyer who drew for consolation, received lovely favors. Refreshments in four courses were served afterward. Lovely cut flowers were the decoration used for the party.

Mrs. Van Trease Honored

Mrs. C. W. Bennett and Miss Anne Myra Bennett entertained informally Thursday afternoon, honoring their house guest, Mrs. H. N. Van Trease of Tulsa. A delightful afternoon was spent by the following guests: the honoree, Mrs. G. B. Bagby, Mrs. C. W. Bennett, Mrs. R. L. Bigger, Mrs. A. T. Cole, Mrs. C. Hallmark, Mrs. M. S. Parsons, Miss Catherine Cole, Miss Willette Cole, and Miss Mary Stocking. Refreshments were served late in the afternoon.

Mrs. G. B. Bagby Entertains For Amarillo Visitor 25th.

Mrs. E. A. Simpson was honored with a delightful party given by Mrs. G. B. Bagby Tuesday evening. A three course dinner was served, after which bridge was played by the following: Mrs. C. W. Bennett, Mrs. John Blocker, Mrs. R. L. Bigger, Mrs. Charles Bugbee, Mrs. Kate B. Carroll, Mrs. Odos Caraway, Mrs. A. L. Chase, Mrs. F. E. Chamberlain, Mrs. W. H. Cooke, Mrs. T. H. Ellis, Mrs. Homer Glascoe, Mrs. Sella Gentry, Mrs. J. L. McMurtry, Mrs. W. H. Patrick, Mrs. John Potts, Mrs. L. L. Swan, Mrs. Simpson, Mrs. J. T. Sims, and Mrs. James Trent. Mrs. Bagby presented the honoree with an exquisite guest favor. Mrs. Glascoe won high score prize and Mrs. Bugbee drew the consolation.

Mrs. James Trent Honors Mrs. Simpson of Amarillo

Mrs. James Trent entertained with a dinner-bridge party Monday evening, in compliment to her house guest, Mrs. E. A. Simpson of Amarillo. A three course dinner was served, and afterward a happy evening was spent in the game, five tables playing. The guest list for this delightful affair included the following: the honoree,

Mrs. Simpson, Mrs. L. L. Swan, Mrs. J. T. Sims, Mrs. Charles Trent, Mrs. George Ryan, Mrs. Nat Perrine, Mrs. W. H. Patrick, Mrs. J. L. McMurtry, Mrs. A. R. Letts, Mrs. Sella Gentry, Mrs. Homer Glascoe, Mrs. T. H. Ellis, Mrs. W. H. Cooke, Mrs. Kate B. Carroll, Mrs. A. L. Chase, Mrs. Odos Caraway, Mrs. Fred E. Chamberlain, Mrs. Charles Bugbee, Mrs. R. L. Bigger, Mrs. G. B. Bagby. Mrs. Simpson received a lovely guest favor; Mrs. Sims won the high-score prize; and Mrs. Chase drew consolation.

Mr. and Mrs. Charles Trent Entertain Tuesday Evening

Mr. and Mrs. Charles Trent entertained Tuesday evening with a bridge dinner that was one of the jolliest parties of the week. Simple but lovely decorations added to the pleasure of the occasion. The guest list included the following: Mr. and Mrs. Selden Bagby, Mr. and Mrs. Park Chamberlain, Mr. and Mrs. Sam Dyer, Mr. and Mrs. Homer Ellis, Mr. and Mrs. Meredith Gentry, Mr. and Mrs. Phillips Gentry, Dr. and Mrs. Oscar Jenkins, Mr. and Mrs. Holman Kennedy, Mr. and Mrs. Nat Perrine, Mr. and Mrs. Forest Taylor, Mrs. Bagby made high score for ladies; Mrs. Perrine drew consolation favor; and Mr. Perrine won the high score favor for men.

Mrs. Belle Smith Honored on Eighty-Fifth Birthday

The eighty-fifth birthday of Mrs. Belle Smith was celebrated in a small but lovely party given by Mrs. F. N. Reynolds. The prettily appointed luncheon table had as a centerpiece a huge cake on which were eighty-five pink candles. Cut flowers further decorated the table. A three course luncheon was served. Those present were Dr. and Mrs. Reynolds, Mrs. Smith, Mrs. Celia Barton of Canadian, and little Miss Celia D. Reynolds.

Mrs. Watts and Mrs. Kerbow Hostesses to Golden Cross

Mrs. J. W. Watts and Mrs. Bennett Kerbow were hostesses to the Ladies of the Golden Cross Monday afternoon, entertaining with an informal party at the home of Mrs. Watts. Fifty members of the society were present to enjoy the mission study on Mexico, led by Mrs. C. C. Powell, and the series of games and contests that followed. Refreshments were served.

Miss Josephine Pound Entertains at Dinner

Miss Josephine Pound entertained at dinner Monday evening, honoring C. B. Chapman of Santa Ana, California, who was a guest in the home of Mr. and Mrs. G. F. Mullino. Miss Pound's guests were: Miss Georgia Belle Gibbons, Miss Louise Mullino, C. B. Chapman, Frank Stocking and Jack SoRelle.

BISHOPS' CRUSADE IN AMARILLO POSTPONED

Co-operating with the city authorities and health officers in their efforts to control the small pox epidemic now existent in Amarillo, the leaders in charge of the Bishops' Crusade have announced that the Crusade will not open in Amarillo on January 30th as planned, but has been postponed for a period of at least two weeks. Public meetings are deemed inadvisable for that length of time and those planned for the Crusade have been called off. If conditions in Amarillo will permit, and if the Crusade can be obtained at that time, the Crusade will open in the city on February 13. It will open in Abilene on February 6th, according to original plans. It was announced.

Mr. and Mrs. Clarence M. Peabody are parents of a son born January 21. He is Clarence McCam, Jr.

Edley Crabtree left Monday evening for College Station, to re-enter A. & M. College.

In these days of modern school houses, county superintendents, county agricultural agents, and State aid, we doubt whether the reader can give school children of the frontier days the sympathy which they deserve, for the majority of the pupils were compelled to travel long distances to school, over trails instead of roads, and by slow methods of transportation. "School Days on the Frontier" has been written by a pioneer woman and will appear in the Magazine Section of The Clarendon News, February 17th. R. C. A. Radiolas. Sealey Mattresses. WHY IS SO MUCH EXPECTED OF FURNITURE? Dollar for dollar, there is a hundred times more use out of furniture than any other commodity we buy today. Year in and year out, furniture is expected to stand up under the punishment of daily abuse, and unless it does, folks complain of what a poor purchase they made in this or that item, which has not successfully withstood the ravages of at least one generation! What about your automobiles? How long do they last? What is your depreciation in a short month? Or clothes, hats, shoes, tobacco, anything! How much do you get out of the dollars you spend on them when compared to furniture? You are right in expecting much of furniture, for good furniture should not only last a generation, but, more important, make your home a place where husband has no apologies to make—or think—when business associates come to dinner; where the hostess has that poise and charm which comes only with the assurance that her home is just right; where your children's friends love to spend the evening—"Earth gets its price for what earth gives us," but in proportion to the services rendered, the cost of good furniture is low when compared with other necessities. U. S. FOREIGN POLICY

The serious state of affairs existing here in regard to the Nicaraguan and Mexican question has taken a different trend. A new policy of conciliation and compromise is being essayed by Secretary Kellogg in his report. The continued agitation in Congress and the press are probably responsible for this change.

OPINION OF LEAGUE REJECTED

Adhering to its policy that all disarmament questions must be decided by the special preparatory commission for the international disarmament conference, the United States informed the League of Nations that it does not accept the opinions regarding the disarmament questions which have been expressed by the League's permanent joint commission on disarmament.

First 24 Hours of Life Baby's Hardest Time

By MARIE K. JOHNSON

Undernourishment is one of the most common of the causes of infant mortality, according to a survey recently undertaken in Chicago. Statistics show that of 4,522 babies under one year of age that died in 12 months, 888 died in the first 24 hours. Eight hundred and a half percent died in the first six days, exclusive of the first 24 hours, and 1,788 died from the seventh day to the sixth month. Eight hundred and sixty died in the last six months of the year. The survey indicated that a surprisingly large number of infants are artificially fed, which condition, doctors agree, had a marked bearing on their undernourished conditions. Naturally, no one food may prove satisfactory in every case, although the survey showed that evaporated milk in many cases had proved an excellent substitute for mother's milk. This may be explained by reason of the fact that evaporated milk is simply pure, concentrated cow's milk from which 60 per cent of the water has been removed. It contains practically every element necessary for good health and is consequently an excellent builder of bone and tissue.

Marie K. Johnson

Although authorities on health recommend evaporated milk as a baby food, like other substitutes for the natural supply, it should not be considered as a food complete in itself. Addition of orange or tomato juice, barley water or lime water is important in providing adequate diet for the infant. For babies, milk of dependable purity is essential. Market milk will not keep for any length of time and is also liable to contamination, especially in hot weather, while evaporated milk, hermetically sealed in sterilized containers, remains as fresh and pure as on the day it was canned. Sterility in evaporated milk, authorities agree, is one of the most important points in its favor. In processing, evaporated milk is subjected to 240 degrees heat for a half hour, thereby removing all possibility of bacterial life being present in the milk. Heat is the only preservative for this type of milk and the heat has the further beneficial effect of making the curds of milk more flocculent and easier to digest.

Know Your Cook Book, Girls, Advice of Diva

Margery Maxwell, prima donna with the Chicago Civic and Ravinia opera companies, and who enjoys the distinction of being among the first American girls to be recognized in grand opera circles, takes particular pride in her culinary skill. Cooking, in her estimation, is a fine art which is rapidly being lost.

Margery Maxwell

"Doubtless one of the big reasons for this condition is that modern young men don't expect the girls they marry to know much about cooking," said Miss Maxwell.

"In the future, before man pops the question, he's going to find out whether the girl knows what calories are and whether she's wise to the elements of a balanced diet.

"A few questions before the minister asks, 'Do you take this woman?' would save a thousand recriminations later."

There are certain dishes to which Miss Maxwell is partial. As she explains them, they are readily prepared. Miss Maxwell uses for Maryland Chicken.

- Two 2 1/2 lb. chickens
2 eggs
Fine bread crumbs
Salt
Fat
Pepper
1-3 cup butter
1 tsp. salt
1 cup evaporated milk diluted
Dash pepper
2 tbsp. flour

- Asparagus en Fri.
1 bunch fresh asparagus
2 round toast
2 poached eggs
1/2 cup evaporated milk diluted with cheese

Prepare a white sauce of the butter, flour, salt, pepper and diluted milk. Cook the asparagus in boiling salted water. Drain and add to white sauce. Place a poached egg in center of toast. Pour asparagus around the egg and sprinkle grated cheese over top of all. Serve at once. Serves six.

Happy Wedlock Sure Thing If Bride Is Cook

Haphazard meals yearly ruin thousands of marriages. Most marital shames would maintain an even keel if brides knew cooking. Many of the first year's troubles between newlyweds would be avoided if the wife were capable of preparing foods with an experienced hand. Wives are to blame for the failure of many business men in the final analysis. The business man's health depends a great deal on what he eats. And it's up to his wife to see that he gets the right kind of food. A healthfully balanced diet goes a long way toward making the tired business man less fatigued.

The expert home manager sees to it that her husband never comes home to a delicatessen lunch. There is a carefully planned meal waiting for him. The real housewife knows that an unbalanced diet means trouble and avoids it. Likewise, she appreciates the fact that variation in her menus is important. In this connection the following recipes have been selected as an aid to the home manager:

- Frozen Salad: 1/2 cup mayonnaise, 1/2 cup candied dressing, 1/2 cup diced pineapple, 1/2 cup diced apple, 1/2 cup diced bananas, 4 tbsp. pineapple, 2 tbsp. lemon juice, 1/2 cup evaporated milk, 1/2 cup cream. Mix the fruit and juices. Combine milk and cream, chill and whip; then fold in the fruit and mayonnaise. Pour into a mold and pack in equal parts of salt and ice. Serve on lettuce leaves. This serves eight.

- Orange Bavarian: 1 tbsp. gelatin, 2-3 cups evaporated milk, 1 cup cold water, 1-3 cup whipping cream, 1/2 cup sugar, 1/2 cup salt. Soak gelatin in cold water, add fruit juices, sugar and salt. Heat in the top of a double boiler until gelatin dissolves. Strain and set in pan of cold water. When mixture begins to set, fold in the evaporated milk and cream which have been beaten stiff.

- Banana Ice Cream: 6 very ripe bananas, 2 cups evaporated milk, 1/2 cup lemon juice, 2 cups cream, 1/2 cup sugar, 1/2 tsp. salt. Scrape off outer 1/2 of fibrous portion on surface of peeled bananas. Mash and rub through a sieve. Add the rest of the ingredients in the order given and stir until all are well blended. Let stand for 20 minutes so that all sugar may dissolve. Freeze in a 1 to 6 salt-ice mixture. This recipe makes 1/2 gallon cream.

Nourishing Drink for Children

BABIES and children, the same as adults, grow weary of being fed the same food in the same way each day. It is true that most children take naturally to milk, but that does not mean that they must be fed it ad nauseam. On the contrary, that is the very thing to be avoided.

Pediatricians advise consumption by children of a quart of milk a day in one form or another. This does not mean skim milk, but whole milk, for the skimmed product is lacking both in butter fat and the essential food element known as vitamin A, which is found in butter fat. Many mothers do not appreciate that removal of cream from the top of a bottle of milk results in skim milk.

In evaporated milk, a product recommended by many leading doctors for the use of infants and children and which is simply pure cow's milk sterilized in cans and with sixty per cent of the water removed, there is no cream line. The milk in the top of a can is the same as it is in the bottom of the container. This results from a process called homogenization, in which the fat globules in the milk are broken up into such microscopic bits that they remain in homogeneous suspension. Every drop of homogenized milk has a buttery taste because it contains butter fat. For this reason, in evaporated milk there is none of the flat taste one finds in drinking from the bottom of a bottle of market milk.

In order to avoid feeding the baby a child plain milk three or four times a day, many authorities recommend the use of a mixture of fruit juice and milk, a highly palatable and refreshing drink.

Following is a recipe worked out by experts for an orange-milk drink: Mix in a fruit jar 1/4 of a cupful of orange juice, 3/4 of a cupful of evaporated milk, three teaspoonfuls of sugar, 1/2 teaspoonful of lemon juice and a few grains of salt. Shake well before serving.

COMMON COLDS

The season of the "common cold" is again with us, and too often these colds are regarded lightly and allowed to run their course, causing serious complications, advises the state board of health. The causative agent of colds is generally conceded to be a germ of communicable nature, this being responsible for the usual epidemic nature of colds.

"Secondary factors contributive to catching cold are sudden changes in body temperature, exposure to wet or cold, or other causes leading to lowered body resistance to disease germs. The incidence of colds is not confined to any particular climate, as statistical studies along this line show citizens of more agreeable climates suffering equally with those of more severe climates."

Prevention of Colds. "If you wish to stay free of colds, strive to keep in the best physical condition in order that the disease fighting agents of the body may successfully combat germs entering the body. Overeating, loss of sleep, fatigue, exposure, and worry all tend to lower body resistance, and are conditions that should be avoided."

"It would be well if colds could be quarantined as other communicable diseases, but as this is impracticable, it is advisable to avoid as much as possible persons suffering from this malady. If you have a cold, give it serious consideration, as it may be the beginning of what is termed the "flu," and if neglected, may result in pneumonia, or other serious complications."

MORE OPPOSITION TO FORCE

The use of force in Mexico has met with a good deal of opposition. Recently, fourteen Texas university faculty members addressed a telegram to Senator Borah protesting the attitude of the United States Government towards Mexico and Nicaragua. Dr. S. Parkes Cadman, president of the Federal Council of Churches issued a statement in which he declared that the churches of the country are opposed to any resort by force to settle the difficulties in Mexico or Nicaragua. Senator Aaron Saez, Mexican Secretary for Foreign Relations, stated that Mexico would not voluntarily go to war with any country, excepting in the case of self-defense should she be the object of aggression.

CRITIC OF FASCISM

Prof. Gaetano Salvemini, self-exiled from Italy after criticism of Premier Mussolini and Fascism, arrived in New York recently on the French liner France. He has been living in England. "Mussolini is not the creator of Fascism," he said. "He is merely its figurehead and propagandist." Professor Salvemini said that the actual factors of Fascism were the military men, the big industrialists and the war profiteers.

DON'T BE AFRAID TO SAY IT

Because it is hard for you to bear criticism you endeavor in every way possible to avoid placing yourself in a position to be criticized. Rather than be suspected of this attitude you drift along with the tide of opinion.

You know that your convictions do not coincide with theirs, but you don't want to take a definite stand, for you fear their censure. Evidently you have never learned the lesson that in order to amount to something you are bound to make enemies. Then, too, you will meet friends who will refer to you in a derogatory manner if you cross them. The more important and fearless you become the more criticism you will receive. If you would be a nonentity the remainder of your life be silent on the great issues that come up, retiring in giving your opinion when you are asked. You don't have to be antagonistic, but you can be honest. You should not be disagreeably frank and stubbornly obstinate, but you can be loyal to right principles all the time—where her folk like it or not.—Houston Chronicle.

OFFICIAL FIGURES ON TEXAS BUILDING GIVEN BY STRAUS

Here's how the eighteen top cities in Texas lined up in building permits during the past year.

Amarillo was third in the list, being exceeded only by Houston and Fort Worth, the latter barely nosing out the Metropolis of the Plains.

The m. of the p. is cocky, however, in that it shoved aside San Antonio and Dallas in its whirlwind climb toward the top during the frenzied past twelve months.

Amarillo got further ground for business by topping all cities of the nation in the percentage of building increase during the year.

The official figures below were made public today by S. W. Straus, Company of New York.

DENVER ASKED TO BUILD NEW RAIL LINE

A move for a north and south Denver railroad through the East Panhandle, leaving the main line of the Fort Worth & Denver at Memphis, through Wellington, then north, was launched at Wellington Wednesday at a meeting with representatives present from Memphis, Wellington, Canadian and Spearman.

It was voted to recruit a steering committee from all the towns and counties in the area affected and to send a strong committee before officials of the Fort Worth and Denver with the formal request that the Denver build such a line.

No specific route was proposed, however it would run from either Memphis or Wellington to either Spearman or Canadian, where it would connect with the Santa Fe.

Some expressed the belief the Denver might run a line north to Alliance, Nebraska, where it would connect with its main Burlington line.

Survey Made Recently. It was stated definitely at the meeting that the Denver had run one or more surveys in recent months along the eastern edge of the Panhandle, and the belief was general that the railroad company would be eager to build such a route provided it was pledged full cooperation of the towns and counties affected.

An organization was perfected, with Bob Anglin of Spearman as president and W. A. Miller of Canadian as secretary. A steering committee will be named at once, with each town furnishing a member of the committee, and a big mass meeting is planned at an early date at some centrally located point. Those attending the meeting were: George Sanger, W. P. Dial, F. M. Foxhall, and J. M. Elliott of Memphis; W. A. Miller and C. W. Allen of Canadian; Bob Anglin and Sam Horton of Spearman; E. S. Shoaf, C. C. Small, S. R. Pinkston, Phillips and A. N. Hutchinson of Deskin Wells, Aubrey Dobbs, H. A. Phillips and A. N. Hutchinson of Wellington; and B. F. Bennett representing the West Texas Chamber of Commerce.—Memphis Democrat.

HOW TO MAKE COTTON AT 12 CENTS A POUND

Writing in the American Mail, Gee McGee tells just how to make cotton at 12 cents a pound. We know our readers will be interested in finding out just how it can be done, so we give Gee's ten specific rules as follows:

"1. Rent a good farm for part of the crop, and shoot your landlord if he ever mentions his part to you.
"2. Buy your grub on credit. Steal your mule feed and plow tools from your neighbor. Give checks for groceries.
"3. Stay away from church so's your preacher won't expect you to pay him anything, and if he sends a collector around, why, turn him down.
"4. Borrow a shoat to raise on the halves. When he gets fat, kill him, and tell the man you got it from that his half died.
"5. Spend every Sunday with your wife's kinfolks, if she's got any fit to go to see, and borrow enough rations to live on through the following week.
"6. Hire a hand and promise him 2 bales of cotton for his services and 2 bales of cotton for his services and gather your crop. (N. B. Make him board himself while working for you.)
"7. Get some good man to endorse your note for \$50, and don't speak to him again.
"8. Trade at every store you find that will sell you on credit till "next saddy." If any of them turn you down—buy one load anyhow with a check.
"9. As soon as crops are laid by—take your mules back to the man that you bought them from, and tell him you are ruined. (He will be glad to get his mules back by that time.)
"10. Pick your cotton as fast as it opens. Have it ginned, and charge the ginning to your landlord. Sell your seed and cotton as soon as possible. Dodge everybody you owe, and move just as soon as you think that somebody else is thinking you are planning to leave the State. That's all."

SMALL AMOUNT OF EDUCATION

Secretary Work, of the Department of Interior, in an address at a dinner and conference of the president and trustees of the University of Pennsylvania at Philadelphia, pointed out that by slightly more than \$2,400,000,000 of the \$70,000,000,000 earned by the American people annually is devoted to public education, and declared that with all our "getting" we cannot and must not lose the nation's soul.

AN ANSWER. Further restriction of immigration was proposed in an amendment to the Immigration Act of 1924, which would limit the number of aliens admitted in a year to 2 percent of the number of any one nationality in the United States, based on the census of 1890. The bill was introduced in the House of Representatives by Representative Andersen, of Red Wing, Minn. It also provides that there shall be a minimum of 100 immigrants admitted every year of any one nationality.

Texas railroads built 1,005 miles of track in 1926 which is far more than was built in any other state. Florida was second.

LOCAL HISTORY IS MADE A HIGH SCHOOL SUBJECT

Preparation of a complete history of their county, Williamson, location of places of historic interest, and permanently marking them were made a two years' project by history student in Taylor (Tex.) High School. In carrying out the project specific assignments were given students, worth-while work was done, and the completed history is to be published. In addition to an authentic history of the county, a calendar of historic happenings was worked out, and a map showing places mentioned. Local legends were written up, and many interesting incidents of the past unearthed and put into permanent form. Bronze markers were purchased, suitably inscribed, and set up to designate historic places.

A few Eggs cost a lot— A lot of Eggs cost little

IT doesn't cost those who are feeding their hens Purina Poultry Chow a single penny more to get eggs. It actually costs less! That's because it costs a lot to get a few eggs. Poor layers eat almost as much feed as heavy layers. The only kind of feed that really costs little is the feed that makes lots of extra eggs.

Give your hens Purina Poultry Chow, for you will be taking no chances. An egg record card, which we will furnish you free, will aid you to check up that Purina Chow makes a lot more eggs at less cost.

Everyone says - Buick is Reliable

Buick reliability is one reason why the majority of new Buicks every year are purchased by old Buick owners.

Buick is the car with the Sealed Chassis, which encases every operating part inside an iron or steel housing, to keep out dirt.

Buick is the car with the high-speed starting motor, for reliability in starting—with mechanical 4-wheel-brakes, for certainty in stopping—and with a six-cylinder, valve-in-head engine, for engine performance that is the envy of the motor car industry.

Buy a Buick! It is a more dependable and more enjoyable motor car.

THE GREATEST BUICK EVER BUILT
ODOS CARAWAY, LOCAL AGENT

Copyright 1926 Ipana Troubadours.

He was the one good troubadour in a naughty age. So should it be written of Jaufre Rudel.

His fellow troubadours reflect the spirit of their day—gay, heedless, witty and inconstant. Loves they had aplenty—fleeting loves whose very names are lost in the passage of the centuries.

Loves had Jaufre one—a perfect love that makes his story timeless. "Jaufre Rudel, Prince of Blaya, fell in love with the Countess of Tripoli, though he had never seen her, for the good report that he had of her from the pilgrims who came from Antioch, and he made many poems concerning her with good tunes but poor words.

"And from desire to see her, he went to sea. And in the ship great illness came upon him so that those who were with him thought that he was dead in the ship.

"But they succeeded in bringing him to Tripoli, to an inn, as one dead. And it was told to the Countess, and she came to him to his bed and took him in her arms.

"And he knew that she was the Countess and recovering his senses,

he praised God and gave thanks that his life had been sustained until he had seen her.

"And then he died in the lady's arms.

"And on that day, she took the veil for the grief that she had for him and for his death."

Thus reads the biography of Jaufre Rudel, Prince of Blaya, "whose heart turned, like the disk of a sunflower, towards the Lady of Tripoli," and who, unlike the "flower," finally reached the object for which his heart was seeking.

What's Doing in West Texas

Haskell—Work on the city hall here is progressing nicely. When completed, the building will hold offices of the mayor, city secretary and water department as well as housing equipment of the Haskell Fire Department. A city jail is also included in the building, occupying part of the ground floor in the rear of the structure.

Stamford—Nine of the 15 men named as Master Farmers of Texas in the recent contest of the Progressive Farmer are men who live in the territory served by the West Texas Chamber of Commerce. Though West Texas entrants in the contest were rather noticeably in the minority, more than fifty percent of the winnings were carried off by the western section. The Master Farmers of West Texas came from the following counties. Commanche, El Paso, Medina (2), Hale, Kerr (2), Lubbock, and Howard.

Plainview—Hale County has added 16 fine registered bulls to its bull circles. The animals were brought from Ohio by Paul Huey, county agricultural agent.

Shamrock—A two story hotel containing 24 rooms is being erected here. Each room is to be equipped with hot and cold running water and will be heated by gas.

Pampa—Brick work on the new Schneider Hotel has started, and the building will be ready for occupancy by May 1, according to the contract. Several colors of bricks are being used in the work.

Stamford—Approximately a quarter of a million dollars annually will be saved by shippers of the South Plains section due to activity of the West Texas Chamber of Commerce in their behalf. The West Texas Chamber through its traffic department has successfully presented the Santa Fe differential cases to the Railroad Commission and as a result, South Plains shippers will be relieved of paying the western differential.

Lampasas—Lampasas' 24,000 egg capacity chick hatchery has opened for 1927 operations. C. R. Oakley is in charge.

Borger—Outlining a booster and advertising campaign to be launched this month, the local chamber of commerce directors at a recent meeting chose the slogan, "Buy It in Borger," as the initial move toward civic promotion and development. The Booster Campaign is to extend two weeks.

Levelland—Contract has been entered with the Texas Utilities Company for the maintenance of fourteen street lights for the business section of the town. The lights are to be of 100 candle power and of the pole and bracket type.

Paint Rock—Possibilities of Paint Rock as a summer and health resort are to be exploited if movement on the part of leading citizens goes through. The town believes its location near the banks of the silvery Concho make it an ideal spot for a summer playground where swimming, boating, fishing, and hunting can be had in abundance.

RUBBER FROM THE GUAYULE SHRUB

At a meeting of the American Chemical Society, recently held in Philadelphia, Dr. David Spence, an internationally known chemist, in a paper read before the rubber division of the society, stated as a result of his experiments that all obstacles had been overcome and that a new product of the guayule shrub had been developed which vulcanized readily, matching when vulcanized, the tensile, elongation, abrasion and other tests now demanded of the best grades of plantation rubber, and that this new product would meet all the major requirements of manufacture of tires and especially tire trends.

The plant grows wild over a considerable portion of Southwest Texas, especially in the region contiguous to Marathon.

At Marathon, in Brewster county, Texas, is a guayule rubber factory that has been in operation for several years.

The fact that California has succeeded in taming the guayule and cultivating it like an ordinary crop is of special interest to Texans, because it opens up the possibility of a new industry for the western part of our State. The plant possibly might be grown all over Texas.

How rubber is obtained from guayule makes a story worth reading. It will appear in the Magazine Section of The Clarendon News, February 17th.

TRUANCY AND DESERTION.

The problem of school teachers is not so much the teaching of public school pupils as controlling them, for without control there can be no organization, no concert of action, no group instruction, and hence no individual instruction. Aristotle led the child by the hand, hence the name pedagogue for a school teacher. That was before school houses supplanted groves for class work.

Truant officers and welfare workers conclude that there are definite causes of disorder in the class room, and that these causes must be removed before teaching may be done. They find that seventy-five per cent of the cases of truancy have egg-shaped heads or long heads, with the small end in front. Such heads are usually narrow, or small of diameter.

This type of head characterizes the tribes of Africa that have the lowest intelligence. Of course it is not the head formation that determines the brain capacity, but the brain capacity that determines the shape of the head as a type. Educators conclude that heads of great girth, of great diameter, and of great depth, indicate great intelligence and great energy. This study is not to be confused with phrenology, which is not considered scientific. Truants and deserters generally have long heads.

Truancy in school and desertion in the army are of biological genesis, and are not to be explained by associations or environment, or even the lack of training. No training will correct a truant, and no discipline will correct a deserter. Those hoboos called "Wandering Willies" or "Wandering Willies" are of this type. They can no more keep from wandering than migratory birds in their seasons. Being of low mental inheritance they cannot be taught to be still in the class room, in the home, or in life. They can not hold a job because they do not want to. They are "N'er Do Wells," and they beget children of the same type.

The War Department now employs intelligence tests in order to be able to exclude from the army all recruits of low mental level, and by doing this has been able to reduce the percentage of desertion, according to a recent report of the adjutant general. In boarding schools the deserters are invariably of this type of head and mentality, and if they are allowed reinstatement for the second time they invariably desert again. They are born with the urge to move on. They do not yield to discipline or to punishment because the fault is congenital, and not acquired.

HEDLEY FOLK HONOR NEW SHERIFF WITH RECEPTION

A very delightful event was that given on Monday evening, January 10th, at the home of Mr. and Mrs. E. L. Snider. It was in the nature of a "Farewell Social" given by Mr. Snider's Sunday School class of the Methodist church in honor of Mr. and Mrs. W. A. Pierce, who are leaving soon to make their home in Clarendon.

A number of games proved highly interesting, interspersed by merry conversation. Dainty refreshments were served.

Mr. Snider, as spokesman, in his happy manner presented a lovely gift to Mrs. Pierce from the class. About eighteen guests were present, and all report having had an extra good time.—Hedley Informer.

Pains disappeared

"SEVERAL years ago I was badly run down," says Mrs. John Bunch, E. F. D. 3, Columbia, S. C. "I could not do any of my work. I was so weak I could not wash a dish. My back and sides hurt me at times dreadfully. I dragged around until I finally got down in bed."

Then, explains Mrs. Bunch, she happened to read about Cardui, the woman's tonic, and decided to give it a thorough trial, the results of which she describes below:

"It seemed to reach the cause of my trouble at once. I did not take it long before my appetite began to improve. I gained in weight from 114 pounds until now I weigh 125 pounds. I soon was able to be up around the house. I took up my household duties and was delighted with my returning strength.

"I now do all my own work. The pains in my sides and back have disappeared and I feel like a different person."

Cardui has been helping suffering women for nearly 50 years. Sold by all druggists.

ABILITY GROUPING IN NEW YORK HIGH SCHOOLS

Pupils are grouped according to ability in approximately 35 percent of the junior and senior high schools in the State of New York, according to 497 replies received to a questionnaire sent out by the educational measurements bureau of the State department of education, to ascertain the extent to which grouping is carried out in high schools. Grouping is usually effected in the ninth grade, and is generally based on intelligence tests, though frequently on the teacher's estimate of the pupil's ability or his marks in school. In 147 schools pupils of different ability are grouped in separate classes, and 109 schools reported that ability groups are formed within classes. Some schools use both procedures.

ITEMS OF INTEREST IN DONLEY

MARTIN

J. A. Pool made a business trip to Lelia Lake Thursday.

J. T. Conner has moved in our community on one of the Bugbee farms.

Geo. Bullman has moved south of Clarendon.

W. C. Morrow has been on the sick list at the home of his brother, W. H. Morrow.

Mrs. A. M. Peabody is listed with the sick this week.

Grandmother Sawyer is still very sick.

A very serious accident happened to Everett Waldrop this Monday on the way to school, when his horse slid and fell breaking his leg between the knee and ankle. He was rushed to Clarendon to the sanitarium.

The coon hunters made a raid on the coons last Wednesday night bringing in a number of fine furs. All are everjoyed with their catches. Another big hunt is planned for the week-end.

HUDGINS

We are sure having plenty of bad weather now. The people sure would like to see a few days sunshine. The weather was so bad we did not get to have our Sunday school nor singing Sunday night.

Miss Bernice Dotson surprised her friends Wednesday night when she and Mr. Lee Moore quietly drove to Lelia Lake and were married.

Miss Dotson is a popular young lady in our community and greatly loved and admired by everyone who knows her. She is the daughter of Mr. and Mrs. J. A. Dotson. Mr. Moore is from a very popular family from Lelia Lake. We wish this young couple much happiness and prosperity along the journey of life.

Misses Pearl and Lillie Christie spent Sunday with her brother, L. O. and family.

Miss Exie Miller has returned to her home in Clarendon, having spent last week with her sister.

Mrs. L. M. Putman spent Monday afternoon with Mrs. O. L. Jacobs.

The party at Mr. Emmett Christies' was well attended Friday night.

Miss Lillie Christie has been quite ill since our last report but is better now.

Little Reva Lee Pierce is very ill at this writing.

Mr. Tims is some better at this writing.

Mr. Clyde Fletcher has returned after a six months stay in Missouri. The children of Mr. and Mrs. L. C. Tims are sick.

Our community was shocked very much Sunday evening when the death Angel came and took from our midst Little Kenneth Ray, the infant son of Mr. and Mrs. D. H. Perdue. The little one just stayed long enough to be loved and brightened the home. He was only 26 days old. All that friends and loving hands could do was done, but God knew best. He was laid to rest in the Hedley Cemetery. Funeral services were conducted at the home by Rev. J. A. Laney of Lelia Lake. May God's richest blessing be with the heart broken family.

LELIA LAKE

A called meeting of the Home Economics Club was held Wednesday afternoon, in the school building, with Miss Eula Key to outline a program for the year's work. Fitchen aprons will be studied and discussed at the next meeting, which will be in the home of Mrs. J. C. Christal, Feb. 3. The time of meeting will be each first and third Wednesday afternoons at 2 o'clock. The following program will be given:

What constitutes a Kitchen Apron. Materials suitable for a Kitchen Apron.

Finishings for a Kitchen Apron. The Lelia Lake Zebras and Clarendon Bronchos met at Lelia Lake Wednesday afternoon for a double-header basket ball game. Both games were snappy from start to finish. The Lelia Lake girls won with a score of 22 and 19. There was only one substitution made and only four fouls.

The Clarendon Bronchos won with a score of 9 and 11. It was a very defensive game. Roberts was high point man of the Zebras and Blanton was high point man of the Bronchos.

The boys game was a return game. This makes the games even. Lelia Lake and Hedley met at Hedley Tuesday evening of this week for a double header basket ball game. The boys played an even game; scores 12 to 12 and the girls lost 14 to 30.

WINDY VALLEY

Some real bad weather at present.

The home economics club met January 13th with Mrs. E. M. Glass. Miss Eula Key, the new demonstration agent, met with the ladies at this meeting and a very interesting and profitable afternoon was spent. Plans for year books were discussed and many new ideas were introduced by Miss Key. Next meeting will be with Mrs. Robert Stotts, January 28.

NAYLOR

Mrs. Richmond Bowlin returned from Clovis, N. M., where she was called to the bedside of a sister, Mrs. T. J. Gumble, who died. Mrs. Bowlin was accompanied home by her sister, Mrs. Bess Osborn also her brother and wife, Mr. and Mrs. R. W. Ferrell of Vernon.

Naylor school is progressing nicely, much good work being done.

Mrs. Richmond Bowlin visited with them Tuesday afternoon.

We are now witnessing the laying of the pipeline and wondering how long it will be before we will have oil of our own.

Despite the stormy and wintry weather quite a crowd gathered at Mrs. Fanny Naylor's Saturday night and surprised Mr. and Mrs. Tom Naylor by showering them with many handsome gifts. T. L. Naylor sure did show much feeling in his gift for the rolling pin he gave was only about 6 inches long.

Glad to state that Mr. A. E. Tidrow is able to be out again after an attack of flu.

Miss Lucille Johnson spent Saturday night with Miss Rachel Tidrow.
