NOTICE—Any erroneous reflections upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the publisher.

If 1928 gives Clarendon adequate auditorium facilities, it will be a good year from a civic standpoint. No greater improvement could come to us as a community.

News material is being gathered for the 1927 Home Town Edition of The Clarendon News, and our advertising solicitor is having splendid reception in reserving liberal advertising space for local concerns. The big edition will be put in the mails on December 15th.

One of the most colorful football seasons in the history of the game has just closed, and the game is more firmly entrenched in the life of the nation today than ever before. There is something inspiring about brain and brawn co-ordinated, playing the game to win, but playing according to the rules. This is the true American spirit and is the real reason why football is the great American game.

Bank robbers are going to find hard sledding in Texas with a standing offer of \$5,000 for "dead bank robbers." Over at Odessa the past week officers got two robbers and are richer by ten thousand dollars, thereby. During the winter the chief indoor sport in Texas towns is going to be laying for bank robbers, and before spring robbing banks is apt to be a deserted vocation. Public sentiment is closing down on all crime, therefore, we may look for less of it in all forms.

Came to our desk a copy of the forty-page special edition of the Houston County Times, printed at Crockett, Texas, in celebration of the opening of the new Davy Crockett hotel in that city, sponsored by the Crockett Lions Club. Tom J. Welch is the talented publisher of the Times, and he is also an active member of the Lions Club whose efforts made the hotel possible. Crockett is one of the old-time cities of East Texas, but it has put on new life in recent years until it is one of the state's most progressive towns.

After a struggle of six months the Amarillo Daily Sun has ceased publication. The ownership has lost quite a sum of money, and the splendid plant will no doubt be sold or moved to some other location. From the outside it would seem that Amarillo's best course would be to confine its support to the Daily News and Globe, published in one plant, by Gene Howe and his associates, who are giving the city and section a most worthy newspaper service, and who deserves the united support of Amarillo business men.

President L. H. Hubbard of C. I. A., at Denton, is writing a series of articles for the daily press, the first of which points out the trend in education, whereby endowment from private sources is coming to state-owned schools, and which bids fair to put all schools on a sound financial basis in the years to come. Dr. Hubbard is entirely correct, and The News hopes it is only a short span of a few years until Clarendon Municipal Junior College will have an endowment which shall forever exempt it from the necessity of support by taxation. The institutions of our own community should be our first thought and consideration, and as the years come and go, we doubt not but Clarendon men of money will make the Municipal College the beneficiary of a portion of their estates. Our school should be endowed.

Texas Democrats will applaud the bold declaration of Governor Moody, that he will not be a running mate of Al Smith's in the coming presidential campaign. Dan Moody is a clean-cut, high character young Democrat, and his refusal to be linked with an out-and-out wet is in keeping with his record, and most pleasing to the bulk of Texas Democracy. Texas will have none of Al Smith, not because it is Al Smith, but because as governor of the great state of New York, he has flouted the eighteenth amendment to the constitution of the United States. So mote it be!

It doesn't make a great deal of difference who will be elected to county offices in Donley County in the coming primary and election, but it does make a whale of a difference what Donley County people do with the question of paved highways. Childress County will vote paved highways on December 21st, with the state and federal departments laying down two dollars for every dollar voted locally. This means that every county from Fort Worth to the Donley County line has provided improved highways, and the "eyes of Texas are upon us." The answer Donley County makes will determine the county's growth and improvement for the next twenty-five years. Do you see it?

A worthy citizen and long time resident of Clarendon called at The News office a few days back to ask that this column give some notice to the stealing of bottled milk from the doorsteps of many citizens in all parts of town—an evil which he says has become much more general in the past few months. The dairymen of the town support the truth of this gentleman's protest and stores and markets selling milk say that they have opportunities every day to buy empty bottles from boys and men whom they believe to have come into possession of them in an illegitimate way. One market man says he has adopted a rule of buying bottles only from regular customers who buy bottled milk from him. Some irate citizens are threatening to shoot milk thieves on sight, and if this condition continues our community will doubtless be the scene of a deplorable tragedy. Young boys are sometimes misled into stealing bottled milk in order to get a few dimes from the empty bottles, and it would be terrible should one of these youngsters get killed when he goes to steal under cover of night. It is suspected that there may be a man or two connected with this traffic, but of course there would be little sympathy wasted on a grown-up who is so low as to steal. Citizens, officers, milk dealers and all—we should unite in suppressing this petty thieving, not only for the loss of milk, but for the undermining of character among the young. Milk thieves at a tender age, means bank robbers in later years.

CLIFFORD & RAY STORE IS REFINISHED INSIDE

New paper and paint on the interior of the business establishment of Messrs. Clifford & Ray have added much to the interior scheme of decoration of that place. The work was done in a very effective manner with no loss of time from the work on the inside of the store. The appearance of the store has been much enhanced by this little change and the effect has been to assist them in their practices of service to their patrons.

GOLD STAMP DEALERS ARE ANNOUNCED THIS WEEK

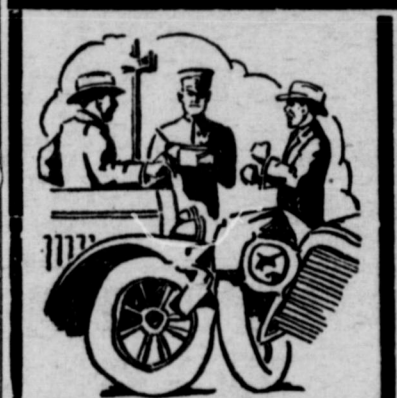

The advent of the Gold Bond Stamps in the city of Clarendon is announced in this issue of The News, when six of the merchants of the city announce their intention to distribute these articles. Adams Dry Goods Company has been designated as the depot for the handling of the premiums, and a goodly showing will be kept there at all times. The drive was put on here by Mrs. Rhoda Hawkins of Amarillo and Mr. O. S. Guilbault of Dallas.

Floyd Little and Jerome Stocking spent Thursday afternoon in Amarillo and attended the Amarillo-Wichita Falls football game.

Miss Lucy Noble was here from Pampa to spend the Thanksgiving holidays with her parents, Mr. and Mrs. M. M. Noble.

Financial Success

The ability to save is one of the very first rules in the game of financial success. Your success depends not alone upon your ability to earn but to save.

Did you ever meet a successful man who at some time did not owe his success in business transactions to his co-operation with some bank.

If you will make a habit of banking your money regularly and checking it out only when you need it, you will be surprised how quickly the unchecked surplus will grow.

One dollar will start an account with us, and every account will receive our careful attention.

STOVE DEMONSTRATIONS IN ORDER ALL LAST WEEKEND

The business firms in Clarendon who are to handle gas appliances were all busily engaged the latter part of last week with demonstrations of a variety of stoves to show the superiority of their products. At least three were in process Saturday in different parts of the city simultaneously and a corresponding number of sales resulted from the work that was done.

H. C. Kerbow & Sons showed the fine points of their stoves with Mrs. J. G. Short of Amarillo in charge of the cooking. The feature of cooking an entire meal was stressed at this store, one stove being used

to cook an entire meal in the oven simultaneously. The meal was later spread on a table for the inspection of the public who cared to look at it.

A cake baked in one of the stoves was given to Miss Thomas after a number of other names had been called. The cakes were of the angel food variety and were mixed and baked in the stores where the demonstrations were being held.

Practically the same sort of demonstrations were held in the store of J. H. Watts & Son and W. C. Stewart. Others are scheduled to follow this week when the gas is turned into the mains and the meters are set for a steady consumption of the gas.

ARTIFICIAL LIGHT OFTEN DOUBLES EGG PRODUCTION

By F. W. Karmel, Bryan, Tex.

During the short fall and early winter days egg production appears to be correspondingly short. For some reason or other, as the days grow shorter, egg production decreases. Careful experiments have proven that the greatest and most economical egg production is possible when the flock has a 12-hour work day. In the fall and winter to provide these conditions it has been found necessary to resort to artificial illumination. We know that light by itself does not make eggs and does not directly make hens lay, but we do know that with the artificial light we can lengthen the working day for the hen, we can give her enough light so she can see long enough each day to pick up enough egg mash and scratch grain to manufacture an egg at least every other day and possibly every day. The short days cause the hens to go to roost early, not giving them enough time to fill up their crops necessary for heavy egg production.

Where electric lights are available, we have found that the best unit is a standard 40-watt factory type Mazda lamp with a cone shaped reflector, 16 inches in diameter at the base by 4 inches, with the reflecting surface of aluminum bronze. This combination should be hung six feet from the floor. A light without reflector ordinarily results in a dimly lighted pen.

Probably the best time to turn the lights on is early in the morning, say at 4:30 or 5 o'clock, and leave them on until sunrise. This will give about 7 hours in forenoon and unless on cloudy days the fowls can see until 5 o'clock in the afternoon. Using lights at night requires a proper dimmer system, so that when the main lights are turned off the dimmer lights will make it possible for the fowls to find their way to the roosts, then these also may be turned off. Alarm clock devices for turning on lights may be made. Special time switches also can be purchased for this purpose. All we care to say here, is that the question of artificial light to make hens lay is quite a study by itself.

Electric lights are to be preferred for this purpose. On large poultry farms it would be a profitable investment to install a home light plant, where alternating city current is not available.

Gasoline lanterns with proper reflectors may be used, also kerosene lanterns. In connection with their use, we feel obligated to advise extreme precaution because of danger from fire.

The method of feeding, where artificial illumination is used, must be changed a little to fit the special conditions.

It is a good idea to have the dry mash hopper feeding space especially well lighted. It is also desirable to have a little scratch grain in the litter for them, especially on cold mornings. Remember the light

only makes it possible for the hens to see to eat more, and unless this feed and the proper kind is available artificial light has no more value.

STICKING TO YOUR GUNS

Three months ago I talked with a manufacturer about a new product he was putting on the market. Sales, it seemed, were unusually slow. The advertising, to use his expression, "was not taking a hold" as well as he thought it should. He looked worried and frankly admitted that he believed he had made a big mistake and was ready to give up the new venture as a failure.

We talked the matter over and I finally persuaded him to stick to the task a while longer and to throw more pressure into his sales work.

As this article is being written, his product is making good headway. Sales are on the increase. The advertising is now "taking a hold," though not one word has been changed, nor one extra insertion a month added. He is glad that he stuck to "his guns"—and that he is turning what he once thought was a failure, into a success.

He saw his job through. How many people in this old world of ours start a task, falter, yield and then turn back? Far too many.

The man who gives up too easily, never gets very far on the successful side of life. It takes grit, determination, self sacrifice and hard plugging to see most worth while jobs through, but wringing success from a difficult job has its reward. Making jobs turn out successfully, quickly stamps a man as a success—but falter, lag, yield and give up,

brands him more severely as a failure. Do you always stick to your guns until the battle has been won?—Svecco Engraver.

MARKET AND BAZAAR

The T. E. L. Class of the Baptist Sunday School will hold a market and bazaar in Shelton & Sanford's Grocery, Saturday, December 3, Christmas goods and nice things for the Sunday dinner. (48c)

MEN BAKE BISCUITS LIKE MOTHER TO TEST STOVES

In Cleveland, Ohio, the American Gas Association maintains a testing laboratory for all kinds of gas-burning appliances. In testing the ordinary gas range no less than 160 tests are required before the range is approved and receives the right to bear the laboratory seal. These tests not only include all kinds of cooking but also structural and insulation tests, to determine the life and efficiency of the range itself.

These tests are necessarily carried out by engineers rather than housekeepers, and these men have discovered that baking biscuits as "light as mother used to make" is a joke. But just the same it is one of the tests which they must give to a gas range before it is finally passed. It is not on record what is done with the biscuits after the tests are completed.

So far, more than 5,000 gas ranges have been tested, but not all of them were found to be satisfactory on the first test.

READ THE ADVERTISEMENTS.

CAMELS, ELEPHANTS, LLAMAS AID TO BUILD DYNAMOS

A modern electric generator has no visible connection with the zoo, but before it can be built most of the curious transport agencies of the world must be called into service, among them coolies, camels, llamas, elephants, buffalo, oxen and pack mules.

Miners and forests from all over the world contribute their products to make the machine that makes the current that lights the lamps and drives the wheels of the world, points out the Texas Public Service Information Bureau.

Copper comes from South America, Alaska and Montana. Asbestos from Quebec heat-proofs many of the wires. Rubber from Singapore is mixed with French Talc. Italian sulphur and Missouri zinc oxide to make insulation. Some wires are covered with silk from China; others with cotton from Texas. Taped copper coils are soaked in a compound of gum copal from the Philippines, Kauri from Indo-China, raw amber from Turkey, linseed oil from the Argentine, turpentine from Georgia, and mineral oil from Oklahoma.

The iron in the generator is mined in Minnesota and smelted in Indiana with Michigan limestone and Virginia coke. Bearings are made from East Indian tin, Chinese antimony and copper. Malay tin and Colorado lead make the solder, and the shellac is composed of a gum taken from trees in India, dissolved in grain alcohol from Nebraska.

After the beasts of burden have brought their little loads from the far places to the ports of the Seven Seas, ships and railways carry them yet other thousands of miles to the

plant where the generator is to be built.

SECOND STREET BRIDGE TO BE OPENED TO TRAFFIC 1ST

The final slab of the Second Street concrete bridge was poured Friday of last week and by the time this is off the press, the last work will be finished and the workmen will have gathered their tools and departed for other fields of activity. The aprons on either approach to the bridge have been completed for a number of days and occasional trucks belonging to the contractors in charge have made the trip across the structure with no damage. The sidewalks will be joined on either side and the gutters and drains will be completed, as well as the railings on either end of the structure, before the job will be completed and turned to the city for ordinary usage. The bridge will do much to relieve traffic that has been diverted to other streets since the work has been under way and will provide additional parking space for the people who come into the city for the purpose of attending to business matters.

The annual value of poultry products consumed at home and shipped out of the state is almost \$75,000,000.

The first railroads were built into Texas from the East and North in the early and middle seventies.

Approximately 50 per cent of the Angora goat growing and mohair industry of the United States is located on the Edwards Plateau of Texas.

Good News for the Buying Public

On December the 1st, We will start one of the Largest Close Out Sales in the grocery line, Clarendon has ever had

We have one of the largest and most complete lines that money could buy, that must be sold at once. To do this we will make absolute cost prices, so that everything will go. Now is the time to lay in a good supply for the winter. We will keep a good line of fresh fruits and vegetables, and we ask you to visit our store each and every day.

BUSINESS RESEARCH SAYS SOUTHWEST IN FAIR SHAPE

Throughout Texas and the Southwest general business conditions were good during the month of October, according to Harvard Nichols, assistant in charge of index numbers in the Bureau of Business Research of the University of Texas and editor of the monthly business review issued by the Bureau. "The lagging tendency which has been in evidence over the past two months gained very little headway during the month," reports Mr. Nichols in his summary of conditions. There were, however, no special developments which might over-stimulate industry. Mr. Nichols adds, "Statistical comparisons with the year 1925, a banner year, often show a declining tendency, whereas a comparison at the same levels with 1926, a more normal year, an advancing tendency is shown. Against October, 1926, the past month makes only a fair showing, but compared to October, 1925, the record is satisfactory.

"The record for agriculture is favorable," Mr. Nichols continues. "Fall weather has been good for gathering the crops and a large harvest relatively has been enjoyed by most producers. Farm prices are much higher than those of last year so that the total agricultural income is likely to be about that of 1926. Farmers made good progress with their fall work and there has been no shortage of labor. Average of fruits and vegetables in the Valley is considerably above plantings of last year and the earlier varieties are moving to market in carlot shipments. Prices were steady to downward."

Improvement of fall ranges from three to five per cent over the month before, with weeds and winter grasses making good growth were also noted by Mr. Nichols along with improvement in several of the larger industries in the state. Although building was less active in October than in the preceding month, Mr. Nichols makes note that there were 49 new enterprises receiving charters from the Secretary of State in October, which is the same number as in September.

MOSAICS IN ARCHITECTURE STUDIED BY PATHFINDERS

An interesting discussion on mosaics in architecture was held at the regular meeting of the Pathfinder Club on Friday afternoon. Mrs. A. T. Cole led the program and was assisted by Mrs. J. T. Patman, Mrs. Forest Taylor and Mrs. C. C. Powell.

The meeting was held in the home of Mrs. Joe Goldston, with Mrs. B. F. Hardy and Mrs. W. H. Patrick as associate hostesses. Eighteen members and the following special guests were present: Mesdames Cousins, H. C. Brumley, J. G. Sherman, George McCleskey, Fred Rathjen, Clyde Douglas, John Draffen, J. D. Swift and Olin Walker of Amarillo; Misses Ruth Dennison, Anna Este Garner, Carrie Owens, Mae Lumpkin and Naomi Allison. Delicious refreshments were served during the social hour which followed the program.

SEISMOGRAPH IS ISSUED IN THANKSGIVING NUMBER

Starting what may prove to be a series of editions for special occasions, the Seismograph, the publication of Clarendon Municipal College and Clarendon High School, came out the fore part of last week with a Thanksgiving number. The paper was managed by Robert Dillard, and was edited by the newly organized Press Club of the schools of the city with Mrs. Edith Bural as the editor-in-chief. The paper received loyal support from the business men of the city and is to be distributed through the student body for a nominal sum, thus making the students think more of their paper than if it were given them free of charge. It is complete in all departments and should it follow the same plan, is practically assured of support and readers among those of the city who may chance to obtain one of the papers.

A building for classroom practice in connection with its school of education will be erected by the University of Pennsylvania at an expense of \$1,500,000.

SEAL SALE ASSISTS GREAT NUMBER STUDENTS YEARLY

According to figures given out today by the Texas Public Health Association, there are at least 650,000 children in the public schools of Texas with some form of physical defects. These vary from children who are merely underweight or those with decayed teeth, to thousands of others with defects of a far more serious nature.

Of the estimated 1,373,611 children between the ages of seven and seventeen in the public schools of this

state, about 60,000 were taught health habits during the past year by the State Association through the well known method of the Modern Health Crusade, as an effective way to help in bringing about a reduction in the number of physically defective children. In its campaign of health education during 1927, over 8,200 school children were given a thorough physical examination. Reports show that between fifty and sixty per cent of the children examined indicate some form of physical defect.

All of the work carried on by

the Texas Public Health Association is supported by the sale of the Tuberculosis Christmas Seal. The 29th Annual Seal Sale officially opened on Friday, November 25th and will continue until Christmas. The State Association reports that seals are being offered for sale in each of the 264 counties of Texas. To make such distribution possible, 32,000,000 of the familiar little stickers with the double-barred cross were required this year.

Bryan.—A \$250,000 hotel is to be built here by R. W. Howell.

MRS. E. W. BROMLEY MAKING MODERN HOME NEAR COLLEGE

One of the big things that has been under way in Clarendon for the past few weeks is the remodeling of the old home of Mrs. E. W. Bromley into a strictly modern bungalow home. The old building was practically demolished, with the exception of a part of the lower story which was used as the starting point for the new home. A roof that is modern in all respects has been put into place and is ready for any sort of weather that may be in the off-

ing. At the present time, the workmen are making ready for a coat of stucco that will complete the interior of the structure. The interior has been altered a great bit and a basement has been added to make the home more complete. All modern and up-to-date construction is being used in the place to make it one of the most complete in that part of the city in which it is found.

A crop of from 125,000,000 to 15,000,000 hogs is expected in Texas in the next few years.

At Your Grocer's A Full Size Package of

Kellogg's CORN FLAKES

Here's our unusual offer

We have arranged with your grocer to treat this territory with Kellogg's Corn Flakes today and tomorrow. Yes, every home. We know this will be unnecessary with those who already know Kellogg's Corn Flakes—but we don't want to overlook our present friends in making new friends. So we're making this offer to every home—and here it is: A standard, full-size package of Kellogg's Corn Flakes free to every one turning in to his grocer the coupon below.

Absolutely free---nothing to buy

We say that your grocer has a package of Kellogg's Corn Flakes for you free—and we mean free. You are not asked to buy anything to get your free package. And you are under no obligation to your grocer

or to us in accepting this gift. We will pay your grocer full retail price, which will allow him his profit, so he is not out anything. Don't hesitate to avail yourself of this offer at once!

Clip coupon now---Use it today or Saturday

Clip the coupon now, before this paper gets away from you. Don't miss this free treat. This offer is good anywhere that this paper circulates. Be sure to turn the coupon in to your grocer today or Saturday for your free package of Kellogg's Corn Flakes—which we feel sure you will like. And if you do—at your grocer's buy Kellogg's Corn Flakes regularly—in the inner-sealed, red and green package!

KELLOGG COMPANY

Southwestern Headquarters
DALLAS, TEXAS

KELLOGG COMPANY

What it takes to make eggs

- 66% WATER** — Clean, fresh water is essential for egg production.
- 13% PROTEIN** — Protein is used chiefly in making the whites of eggs. Purina Chicken Chowder furnishes an abundance of material for whites.
- 10% FAT** — Most of the fat is used in making the yolk of eggs. Purina Hen Chow (Scratch) provides the necessary fat for a maximum number of eggs.
- 11% MINERAL** — Hens need mineral to manufacture the shells.

EGGS will make money for you now! To get eggs, you must feed for them. Purina Poultry Chows will furnish your birds the egg-making materials in the proper proportions. If it's eggs at less cost and more profit you want let's get together on your problem of feeding for eggs.

ITEMS OF INTEREST IN DONLEY

ASHTOLA

Mr. and Mrs. Wilburn Gray and children of Plainview spent Thanksgiving Day with Mrs. Gray's parents, Mr. and Mrs. J. A. Johnson. Mr. and Mrs. D. F. Randel and daughter, Beatrice, Mrs. N. L. Jones, Mrs. John Humphrey and son, Joe Lee, and Vance Swinburn took Thanksgiving dinner with Mr. and Mrs. M. S. Swinburn and family. Mrs. J. S. Hayter gave a very lovely supper Thanksgiving Day. Her guests were: Mr. and Mrs. Oscar Kempson, Mr. and Mrs. R. H. Roberts and son, Mr. and Mrs. S. A. Eddings and son, Auburn, and Miss Oleta Swinburn.

The outside girls played the school girls a basket ball game Thursday afternoon, the score being 2 to 8 in favor of the school girls. Mr. and Mrs. Roberts and son and Mr. and Mrs. Oscar Kempson went duck hunting Thanksgiving Day. The hunt was not a success. Miss Myrtle Armstrong gave her Sunday School class a party Thursday evening. All kinds of interesting games were played and delicious refreshments were served. All reported a lovely time.

Miss Margaret Swinburn spent Tuesday night with Miss Ina Poovey. Mrs. Alma McGown gave her Sunday School class a party Tuesday evening. A lovely time was had by all.

Miss Lola Martin of Amarillo called on Miss Beatrice Randel Tuesday evening.

Mrs. P. A. Johnson and children and Miss Vera Johnson returned home with Mr. and Mrs. Wilburn Gray and family of Plainview.

Mr. J. F. Scarborough of Petersburg was here on business the latter part of the week.

Miss Genella Eldridge spent a few days with Miss Ruby Armstrong last week.

John Harold Jones and Leo Thomas went hunting Thursday night. A skunk was their only victim.

Miss Jessie Swinburn spent Sunday with Misses Myrtle and Minnie Lee Armstrong.

Miss Onata Hayter spent Friday night and Saturday with her grandparents, Mr. and Mrs. W. H. Granda of Clarendon.

Mr. and Mrs. Oscar Kempson had as dinner guests Sunday, Mr. and Mrs. R. H. Roberts and son, Mr. and Mrs. S. A. Eddings and son, Mrs. J. S. Hayter and Tate Poovey.

Little Miss Mary Hayter spent Sunday with Carmet Tims. Mr. and Mrs. Snodgrass and family spent Sunday with Mr. and Mrs. S. G. Evans.

Miss Willie Gregg of Lelia Lake spent Saturday night and Sunday with her uncle and aunt, Mr. and Mrs. Elsie Gregg.

Miss Onata Hayter spent Sunday with Miss Oleta Swinburn. Miss Beatrice Randel spent Saturday night with Miss Ola Mae Watts of Clarendon.

Miss Margaret Swinburn spent Sunday with Miss Merle Harp. Mr. and Mrs. Lee Nowlin left Wednesday evening to visit his mother and father in Oklahoma, and returned Sunday.

Bro. I. W. Ruignam of Clarendon preached Sunday morning and Sunday night and also took dinner with Mr. and Mrs. Henry Tims.

BRAY

Brother Hart filled his regular appointment at this place Saturday night and Sunday at 11 o'clock. The health of this community is good at the present writing.

The young people enjoyed a party in the home of Mr. and Mrs. Claude Hill Friday night. All reported a pleasant evening.

Cecil Butler, who teaches school near Plainview, and his sister, Miss Irene, who is in school there, spent the Thanksgiving holidays with their parents, Mr. and Mrs. Bert Butler.

Brother Hart and family spent Saturday night in the home of Mr. and Mrs. Claude Hill.

Mr. and Mrs. Dal Boles entertained the young people of this

community with a party in their home Saturday night.

Mr. and Mrs. Omel Hill and little daughter, Omelee, took Thanksgiving dinner with his parents, Mr. and Mrs. Claude Hill.

Cecil Butler and Miss Irene Butler returned to their school near Plainview Sunday morning, accompanied by Misses Vivian and Jewell Robinson, Edith Hill, Mrs. Cleo Beavers, Messrs. Walter Butler, Virgil Malone, Clarence Hill and Ernest Tyler. They ate picnic lunch in the Methodist canyon and made some pictures in the canyon. All returned home late Sunday night, reporting a most enjoyable time.

Omel Hill went to Memphis last week and purchased a Dodge coupe.

The people of this community are almost through gathering their crops, which have been very bountiful this year.

Singing at the school house was well attended Sunday night.

Mr. and Mrs. Bert Butler spent the day Sunday with Mr. and Mrs. Harry Hart.

NAYLOR

The Home Economics Club was hostess to the Naylor people at a real Thanksgiving spread Thursday at 5 p. m. The home of Mr. and Mrs. W. M. Pickering was thrown open and there gathered the Naylor folks, both old and young, to enjoy a long to be remembered Thanksgiving.

Miss Lucille Johnson, who is attending school at Chillicothe, was home for Thanksgiving.

Misses Lucille Pickering and Cleo Brown were home from Clarendon to spend Thanksgiving, having for their guest, Miss Lane of Clarendon.

Miss Rachel Tidrow was home from Memphis to spend Thanksgiving.

Mr. and Mrs. Jack Killough of Clarendon were visiting with their Naylor friends Thursday.

W. M. Pickering has had a nice, new radio installed. Mr. Pickering is always ready for anything that gives pleasure in the home.

J. W. Carnes is building a 40 foot cow barn. J. W. is adding dairy business to his farm.

Mr. and Mrs. Frank Brown, Mr. and Mrs. J. R. Bain and Mr. and Mrs. A. E. Tidrow were guests in the home of Mr. and Mrs. W. M. Pickering Saturday night.

Rev. R. I. Hart filled his appointment Sunday afternoon and night, giving us two good sermons.

Our school is doing fine work and most of the students are back at work after picking cotton for the past month.

READ THE ADVERTISEMENTS.

MOVED!

We have moved from our old location in the Opera House Building to the newly constructed Moss Building just east of the Farmers State Bank.

In our new location we have installed one of the most modern dry cleaning plants in the Panhandle of Texas. The new equipment enables us to do more efficient work in a much shorter time than we have ever been able to offer. All operations are confined to the same building and we ask that you come in and allow us to show you the equipment in actual operation.

Send us your clothing and observe the difference when they are returned. Phone us, our delivery service is prompt.

Parsons Brothers

"The Leading Cleaners"

WINDY VALLEY

There was Sunday School Sunday morning. Brother Owens preached at the 11 o'clock hour.

Misses Marie Parker and Delia Barnes of Clarendon spent Thursday and Friday of last week with Miss Gladys Noble.

Clint Owens visited in the J. D. Pope home Wednesday.

A party given in the R. L. Smith home Saturday night was enjoyed by a large crowd of young people.

Miss Lucy Stogner of Ashtola attended Sunday School here Sunday.

Mrs. V. H. Christie spent a few days of last week in the home of

her parents, Mr. and Mrs. W. J. Greene.

Clarence Lancaster returned to his home in Denver, Colo., last Wednesday night, after spending the past several weeks with relatives and friends here.

Mr. and Mrs. J. M. Noble attended church at Hedley Sunday morning.

E. H. Redwine and family of Ranger moved into our midst last week. They formerly lived in this community, having moved to Ranger three years ago. We welcome these good people back into our community again.

We are having pretty warm weather in this community at present and everyone is busy gathering his feed and cotton.

The health of this community is good at this writing.

Junior High Girls Basket Ball Team

The Junior High girls opened the season Friday, November 18, with Claude, their first game. It was a hard fought game between both sides. The Junior High put over the victory and hope to continue a successful freshman year. The scores were 11 to 33 in favor of Junior High. All the players are required to pass in three subjects. Everyone is doing his best toward passing.

A game was also played with Goodnight, November 25, at the gym. Here again the team had to fight hard to win victory but again they were successful. Both teams ran a close tie until about the last quarter and then the Wildcats got more pep in them and the tide seemed to turn. The players of the first half were as follows: Guards—Owita Towles, Willie Vineyard; forwards—Kitty Speed, Lena Towles; run center—Viola Jones; jump center—Esma Keener.

At the beginning of the second half Bernice Andis came in as run center and Ruth Nichols as a guard. In the fourth quarter Rubye Barefield came in as jump center. The game ended with the score 16 to 18 in favor of Wildcats.

The coach, Miss Stegall, works faithfully each evening with the girls to make a successful team. The team is working hard for a victorious year. They need the support of the town at each game played here. Come and help them win.

READ THE ADVERTISEMENTS.

NOTICE TO CONTRACTORS

Sealed bids will be received by the City Clerk of the city of Clarendon until 2:30 p. m., Saturday, December 17, 1927, for the remodeling of the City Hall. Each bid must be accompanied by a certified check in the sum of \$500.00. Plans and specifications are on file in the office of the City Clerk. The city reserves the right to reject any and all bids.

H. W. TAYLOR, Mayor.

Attest:
MAUDE CLARK, City Clerk.

NOTICE FOR BIDS

The Commissioners Court of Donley County, Texas, will receive bids at 10:00 o'clock a. m., December 12, 1927, on one Forty-two foot Giant Elevating Grader sold by the Lone Star Machinery Company, Inc.

This is in accordance with Article 1659 Revised Civil Statutes 1925 and the Laws of the State of Texas.

J. H. PORTER, County Judge,
Donley County, Texas.

CARD OF THANKS

We wish to thank our many friends for their numerous acts of kindness and for the beautiful floral offerings during the recent illness in our family and following the death of our infant son and grandson, Billy Clarke. May God's richest blessings come to you all.

Mr. and Mrs. Kim K. Day.
Mr. and Mrs. C. L. Cook.
Mr. and Mrs. B. C. Day.

Mr. and Mrs. Clyde Price were guests in the home of Mr. and Mrs. Leland Breckenridge of Amarillo Thanksgiving Day.

Society

Davis-Hodges

Miss Fannie Ray Hodges and Charles A. Davis, both of this city, were united in marriage at the home of the Reverend S. E. Allison, pastor of the First Methodist Church, on Monday, November 23.

Long-Hutchins

On Wednesday, November 23, the marriage of Mrs. Mae Hutchins and J. F. Long took place at the Methodist parsonage, the Reverend S. E. Allison officiating. Both Mr. and Mrs. Long are former residents of Memphis, and they will make their home in that city.

Wood-Pitman

Miss Effie Jewell Pitman of the Chamberlain community and Oscar Lee Wood of Skellyville were married in a simple ceremony at the Presbyterian manse on Saturday, November 19, the Reverend F. T. Charlton officiating in the ceremony.

McDowell-Harp

Miss Ruby Harp and J. D. McDowell, both members of prominent families of Goodnight, were married in this city Saturday evening, the Reverend F. T. Charlton, pastor of the Presbyterian Church, performing the ceremony at his home.

Ballard-Smith

Miss Leah Smith, daughter of W. H. Smith of Hedley, and Albert Ballard, also of Hedley, were united in marriage in a simple but impressive ceremony in the office of Miss Lotie Lane, County Clerk, at 11 o'clock Sunday morning. The Reverend G. H. Gattis officiated in the ceremony, which took place before a beautiful altar of banked ferns. Relatives of the young couple and a number of intimate friends were present.

Miss Mae Lumpkin Hostess At Dinner-Bridge Thursday

A delightful affair of the week was Miss Mae Lumpkin's informal dinner-bridge of Thursday evening. Chrysanthemums and bright autumn leaves made charming decorations for the room, and the tables and center tables were in the chrysanthemum motif. Dinner was served at the small tables, which were decorated with gay little nut cups.

Bridge was played at three tables, high scores being made by Miss Katherine Patrick and John Bugbee. Miss Mary Stocking drew the following: The guest list included the following names: Mr. and Mrs. B. L. Jenkins Jr., Misses Mary Stocking, Katherine Patrick, Helen Beck and Fannie Florence Sims; Messrs. Norwood Wright, Harry Smith, J. G. Hutton and John Bugbee.

Mrs. Frank Martin of Long Beach Is Honored With Two Parties

Mrs. Frank Martin of Long Beach, California, who has been guest of honor at a number of delightful social affairs in the past three weeks, was complimented in two parties Wednesday. Mrs. E. A. Chamberlain entertained with a luncheon in Mrs. Martin's honor, having as guests: Mrs. Frank Martin and her daughter, Miss Virginia Martin, Mesdames C. J. Lewis, Ben Chamberlain, G. B. Bagby, W. H. Cooke, Oles Caraway, W. H. Martin and F. E. Chamberlain. A centerpiece of autumn blossoms decorated the table.

Mrs. W. H. Cooke gave the other party of the day, entertaining with four tables of bridge in the evening. Those present besides the honoree were the following: Dr. and Mrs. T. H. Ellis, Dr. and Mrs. M. H. Rhodes, Mr. and Mrs. F. E. Chamberlain, Mesdames Lucy McClelland of Los Angeles, J. B. McClelland, R. A. Chamberlain, W. H. Martin, G. B.

SECRETARIAL SCREENINGS

CLARENDON CHAMBER OF COMMERCE
G. L. BOYKIN, Secretary

Over in Tullia last week there was perfected an organization whose interest it will be to organize and hold in West Texas a Dairy Show. That was a move in the right direction and Tullia was especially the place to hold the meeting, inasmuch as it is the county seat of the county in which the most progressive dairy development in West Texas has been conducted. It was Swisher County that first realized the value of using the best dairy bulls on its dairy stock as the cheapest, quickest and most economical way of improving its dairy cattle. It is hard to believe that West Texas, the home of the Hereford, where Hereford breeders 40 years ago began the use of good bulls to improve their stock and today produce the best in the world, have so completely overlooked their dairy cattle and that today they are as little improved and as low grade and small producers as they were when this country was first settled. This is not the case in every section of West Texas but the improvement that has been done in few sections is by no means universal. Dairy cattle will breed to the same standard improvement as the Hereford with the use of good sires and will pay in the same proportion that the Hereford of today pays over the longhorn of yesterday in the beef market. There is as much difference between a dairy cow and a milk cow as there is between a longhorn and a Hereford. West Texas in general and Donley County in particular is especially adapted to the raising of dairy cattle and should improve their stock. This body will have a representative at the meeting in Tullia and will do what they can to help the organization. There is no cheaper and better way of improving stock than by the use of good sires. The Hereford breeders proved that to be true. No productive animal worth keeping should be neglected.

Pres. H. T. Burton has received quite a bit of note upon the publication of his thesis, "The History of the J. A. Ranch." Mr. Burton announces that it will appear in book form next May. To those that knew this country in an early day this book will preserve many treasures, and Mr. Burton is due credit for its completion in such a fine style.

If you have not seen the new plant of the West Texas Utilities and the new city pump station, you should do so at once. They are an addition to the city. Clarendon has adequate water and electric power for considerable expansion.

Home people and home capital build a permanent city. If Clarendon is to have industries, home capital must build them, or at least own the larger share.

Bagby, Miss Virginia Martin, and W. H. Patrick. High score prizes were awarded to Miss Martin and Dr. Rhodes, and lovely guest favors were presented to Mrs. Frank Martin and Mrs. Lucy McClelland. Refreshments in two courses were served later.

LELIA LAKE

Miss Verue Leathers and Alvin Kennedy drove to Canyon Saturday and were accompanied home by Miss Josephine Stockings of Plainview, who is a student at Canyon. Miss Stockings spent the weekend as a guest in the Leathers home.

Mr. Swinburn and the Misses Alta and Lee Lewis spent Thanksgiving Day and the remaining part of the week at Roaring Springs.

Mr. and Mrs. Allen Bryan of Clarendon spent Sunday with the late's sister, H. K. Leathers, and family. Alvin Mace and sister, Miss Ileta, spent the latter part of the week with friends and relatives at Fort Worth and Dallas.

Mr. and Mrs. M. G. Cottingham and son, Greer, returned Sunday evening after a few days with his parents at Cleburne. They also visited with her mother and other relatives at Marlin.

W. A. Creamer and family spent last weekend as guests of their daughter, Mrs. Weems of Hereford. Mr. Weems and small son, Henry Allen, accompanied them home for a visit.

Mrs. Ewing arrived Monday evening from Claude to visit with her sister, Mrs. W. E. Hammock.

Mr. and Mrs. John Roberts and children of Amarillo spent Sunday in the home of M. W. Cook.

Mr. and Mrs. J. D. Cook and Miss Jessie Cook spent Tuesday of this week visiting at Ashtola.

Mrs. E. L. Lewis entertained a number of friends, honoring the birthdays of her daughter, Louise, and Sam W. King. Many gifts were received.

Born Thursday to Mr. and Mrs. Kim K. Day a son, Billy Clark, who died Saturday evening. Funeral services were held at the Citizens Cemetery in Clarendon, with Reverend Owen, pastor of the First Baptist Church of Lelia Lake, in charge of the last rites. There was a large offering of beautiful flowers.

NEW INTEREST IN ARTICHOKE

The Jerusalem artichoke is one of the few plants native to America which have been practically neglected here but have gained wider favor abroad. In France it has been planted more extensively on light soils and even under these conditions has averaged yields of more than five tons of tubers to the acre. Not enough information is at hand to attempt any estimate of what would be a fair average yield under American conditions, but it seems likely that on good agricultural soils it would be higher than in France. Present interest in the Jerusalem artichoke in this country arises from the belief that it may prove desirable as a source of inulin and levulose which have the same general relation to each other as starch and cane sugar. Inulin and levulose are considered desirable as foods for diabetics.

Miss Mary Jo Chamberlain, daughter of Mr. and Mrs. F. E. Chamberlain and a student in C. I. A. at Denton, spent the Thanksgiving holidays at Windom, as the guest of Miss Estelle Wood, formerly a teacher in the public schools of this city.

Mrs. J. D. Masten of Hedley was a shopper in this city Tuesday.

Have You Selected Your Round Oak Gas Range?

Many ladies have already taken advantage of our Special Demonstration Sale by selecting their Round Oak to be installed when gas is available in their homes.

Special prices and terms to continue through Saturday. Cooking demonstration daily. Join the many others who have already selected their Round Oak, the aristocrat of all gas ranges.

Round Oaks are proven the world's best.

H. C. Kerbow & Sons
The Home of Round Oaks

Round Oaks are priced as low as \$50.00.

Do You Know—

That the health and comfort of the home depends largely upon the quality of gas appliances used? Why not safeguard these with quality heaters? We were offered our choice of the heater industry. We chose only those that would safeguard both your health and comfort and our reputation for quality and service.

We have a wide range of styles for your selection, including gas fireplace mantles. Humphries Radiant-Fire, Ray-Glo, Guardian, Golden-Glow and Brooks.

PRICED FROM \$5.00 to \$125.00

Remember, there is no economical substitute for quality.

H. C. Kerbow & Sons

Closing Out Sale

Beginning December 1, we will start closing out our entire stock of groceries at rock-bottom prices.

To enable us to do this most effectively, we are discontinuing our delivery service and will be on a strictly cash basis after that date.

Our patrons have been loyal and their trade is appreciated.

Watch for our next ad. Prices will be right and they will interest you.

DODGE BROTHERS HAVE BIG MAIL

AUTO MAKERS HANDLE LARGEST AMOUNT ALL CITIES OF MAIL IN DETROIT.

Detroit's largest mailing department, and the one which handles the largest amount of all classes of mail is that of Dodge Brothers, automobile and truck manufacturers, experts from the post office department at Washington state. The Dodge mail division also has been notably successful, they say, in establishing an efficient method of handling all classes of mail.

On the average, 11,000 pieces of incoming first class mail and 25,000 pieces of outgoing first class mail are handled daily by this division of Dodge Brothers, Inc. In addition, it handles daily papers, trade papers, trade magazines, second, third and fourth class mail and parcel post packages. Outgoing parcel post packages alone average a half freight car daily. This does not include the various special mailings for which regular days are set aside. The weekly output of special material averages 18,000 envelopes per week, a line about two miles long if extended end to end.

Few stamps are used on outgoing first class mail, postage being paid by means of an indicia printed on each letter by an automatic metered machine which stamps and seals the letters at a rate of 15,000 per hour. Incoming mail is opened by an electric letter opener at the rate of 10 per second.

A system of collecting mail at the main post office in Detroit is carried out four times daily and the

schedules are so arranged that the driver arrives at the post office in sufficient time to catch the important trains and late enough that the mail from the largest cities has been sorted for Dodge Brothers.

Laredo.—This city plans construction and improvement of bridges over Arroyo Zacate Creek to cost \$40,000.

CANDY AND ELECTRICITY

The entire electric bill of the nation is less than the bill of the nation for candy and tobacco. The cigarette bill alone is more than 50 per cent greater than that for electric service in all the homes of the country. The amount spent for perfumes, toilet soaps and chewing gum is much larger than the electric bill in all the homes.

The average cost of electric service in the homes is only eight cents a day, and represents but three-fourths of one per cent of the average family budget.

MORE BANANAS NOW

Banana culture is the third principal industry of the Hawaiian Islands and exports have been increasing in recent years; from 87,000 bunches in 1910 to more than 250,000 in 1925. The average valuation of a bunch for export is about \$1. There is need for better shipping service to enable growers to supply prime fruit to the West Coast markets.

Mr. and Mrs. Cal Merchant and their son, Virgil, spent the Thanksgiving holidays in Abilene with Jack Merchant, who is a student in McMurry.

Mrs. A. W. McLean, Mrs. Maude McClung and the latter's small daughter, Mary Beth, were guests of Mr. and Mrs. Curry Powell Thanksgiving Day.

WHEN THE FAMILY TALKS IT OVER

It's a serious matter, this thing of family expenses and savings. It's more than a one man job. Some members of the family may help by increasing the income—each may help by decreasing the expenditures. Eventually such effort will bring happiness and peace to all. Theory? Yes—and experience!

FARM COURAGE

On the farms of this section are men and women whose courage makes their work pay them. Mixed with that courage and skill is foresight—shown in the number of accounts here—and in the close contact of customers with this institution.

You, too, will do well to back your trust in farming with a connection at this strong, helpful institution.

THE FARMERS STATE BANK

CONTEST OF LEAGUERS TO CLOSE SUNDAY EVENING

Contest to secure a larger membership and attendance on the services of the Epworth League of the Methodist Church will close Sunday evening of this week. Since the beginning of the contest the attendance has grown to such an extent that larger quarters will be necessary to care for the members who are attending each meeting of the League. The program Sunday evening will be on "The Place of Friendship in the Life of Youth." Loyd Stallings will be the leader and the following program will be given:

"Youth is the Friendship Forming Period of Life"—Marue Trostle.
"Friendship With the Past"—Johnnie B. Vinson.
"Friendship in the Home"—Edna Crane.
"School Friendships"—Charles Summers.
"World Friendships"—Phifer Estlack.
Vocal Solo—Mrs. F. L. Stallings.
Misses Mildred and Willie Mae Stewart, students in C. I. A., Denton, this year, spent the Thanksgiving holidays with relatives at Venus. They are daughters of Mr. and Mrs. W. C. Stewart of this city.

ODOS CARAWAY, Local Agent

Why Bridge-Beach "Superior" Gas Ranges Are Preferred

Beautiful in design and finish.

Complete variety of styles and sizes.

Made of "Superior" cast iron and best steel.

Smooth, bright surfaces of porcelain enamel, japans and plated metals.

Are easy to clean as a china plate.

Pipes specially drilled and threaded—cannot leak gas.

Gas valves easily adjusted for any quality or pressure of gas.

Burners produce clear, blue flame of intense heat.

Cooking tops are strong, level and extra large.

Ovens burn evenly regulated for slow, medium or fast baking.

Ovens double lined and ventilated.

Large broiler for broiling and roasting.

Ovens and broiler doors open flat, forming strong, level shelves.

Patented, unbreakable springs on ovens and broiler doors.

Built extra strong and unusually durable.

Made by a firm with a national reputation—established 1897.

Every Reason Why you should Select a BRIDGE-BEACH "Superior" Gas Range

Nothing finer on the market at any price. Its smooth, bright surfaces, inside and out, are a delight to behold and easy to keep clean. Built by the old, reliable Bridge-Beach Mfg. Co., whose name is a guarantee of quality and satisfactory service.

Many Styles—Reasonably Priced

We invite you to call and see our splendid showing of Bridge-Beach "Superior" Gas Ranges, that you may appreciate their beauty of appearance and many points of superiority.

Clarendon Municipal Junior College and High School Activities

COMPILED BY COLLEGE PRESS CLUB

Social Notes

Miss Lillian Abbott, instructor in history in C. H. S., entertained a few of her friends at her home in McLean Thursday. The nature of the affair was a dinner party. The guests, Misses Temple Harris, Sue Brown Anderson, Zina Greene, Sara Thompson and Myra Worsham, report a delightful time. Miss Abbott, they say, is a charming hostess.

The juniors of the High School report that outside their enjoyable time Thanksgiving Day, they have spent a quiet week, due to the fact that they have decided a little dose of study would help them in becoming seniors of 1929.

Hazel Bourland entertained Elsie Riddle, Alfred Estlack, Earl Humphrey and Robert Dillard at her home on Thanksgiving evening.

The Spud Club hiked to the river Saturday. They did not start until 9 o'clock, as several had overslept because of keeping late hours the night before. They boiled coffee, roasted wieners, and ate until it was impossible to eat more. After lunch they chatted, played bridge, and drank coffee. At 4 o'clock they started home. Julia Taylor, Nadine Hatle, Lois Alexander, Betty Walker, Davella Kelly, Edna Montgomery, Latrice Benson, Elgin Patrick and Gwynn Youngblood, who made up the party, were proud of the unusually quiet Saturday night.

Davella Kelly was a charming hostess when she entertained a number of high school friends with a bridge-dance Thursday evening. Refreshments of hot chocolate, fruit salad, sandwiches and cake were served at a late hour. The guests were as follows: Julia Mae Caraway, Cecelia Atteberry, Elgin Patrick, Latrice Benson, Julia Taylor, Gwynn Youngblood, Edna Montgomery, Edna Mae La Fon, Gladys Burson, Wylfa Lee Alexander, William Greene, Neil McKillop, Joe Bourland, Durwood Skelton, Leonard Darnell, Kenneth Kerbow, Truett McClung, Tom Murphy, John Blevins and Arthur Arnold.

Senior Notes

On her way to school Monday morning, Verna Latson was struck by a car, and the wound which she received on the leg was very painful but not severe. She only missed two days of school and is rapidly recovering.

Tressa Simmons of Sayre, Okla., visited her cousin, Zell Rodgers, during the Thanksgiving holidays.

Genevieve Burson of Dalhart visited Jessie Burson during the Thanksgiving holidays.

From the results of last six weeks exams in English it appears that the seniors of '28 will also be seniors of '29, unless a correspondence course is resorted to. Several seniors are seriously considering this.

Gwendolyn Allison, formerly of New Mexico, enrolled as a senior of Clarendon High School last Friday.

Basket Ball Prospects Good

Basket ball season is opening and prospects look good for as large a number of victories for the Junior College in basket ball as we have had in football. There seems to be an abundance of new material, and there are several men from last year's team who are going to be hard to beat this year. All right, men, when Coach Stocking makes the first call, everyone who is interested see him and get your uniform. We want to win the Junior College Conference basket ball championship this year.

Personals

Ione Ball, W. L. Ball and Miss Josephine Crabtree were guests in the W. J. Ball home at Alameda on Thanksgiving Day.

Susie Lee Cooper and Mary V. Harris motored with friends to Amarillo Thursday evening.

J. P. Cooper, H. T. Burton and Coach Boykin went hunting Thanksgiving Day. Mr. Cooper brought down a goose measuring 76 inches from tip to tip.

Gertrude Osborne was in Pampa visiting friends Thanksgiving Day. Elsie Riddle, Frances Chapman and Edith Speed drove to Memphis last Thursday to see the Broncho-Cyclone football game.

Misses Rita Foster and Ruth Denison were in Amarillo Sunday.

L. B. Cooper attended the State Teachers Association convention in Houston last week.

Mr. and Mrs. I. W. Fulgham spent the weekend at the home of Mrs. Fulgham's parents, Mr. and Mrs. J. W. Brisby of Silvertown. Mrs. Brisby returned with them to spend a few days.

Mrs. Edythe Bural, sophomore of the College, and Alice Bural, sophomore in High School, spent Thanksgiving Day in the G. W. Bural home at Jericho.

Miss Kate Talley, an ex-student of Clarendon College, who is teaching at Pampa, was at the home of her parents, Mr. and Mrs. C. J. Talley, for Thanksgiving Day and the weekend.

A delicious turkey dinner was served at the dormitory on Thanksgiving Day, but owing to other engagements of many of the regular inhabitants, only a few were present to enjoy the feast.

Mr. and Mrs. L. D. Gaston and three sons of Wellington spent the weekend here with their daughter and sister, Lola Gaston, who is attending school here.

Delton Dye and Miss Fannie Mae Bess of Claude were guests in the John Vinayard home Thanksgiving Day.

Norwood Wright was a guest to lunch at the dormitory Thanksgiving Day.

Guy Siddham, sophomore in the College, spent the week at his home in Memphis.

Mr. and Mrs. C. D. Gilpin of Jericho were visiting at the dormitory, guests of Alice Bural, Sunday afternoon.

Miss Helen Beck, instructor of Home Economics in the High School, has been detained from school the past few days because of illness.

Miss Mary Howren was the guest of her sister, Mrs. W. G. Ward, Thanksgiving Day.

Misses Thelma Rippey and Rena Freeman spent an enjoyable time at the Morris Ranch Thanksgiving Day.

Miss Alice Baker of Memphis spent the weekend in Clarendon, visiting Dorothy Schulte.

Wylfa Lee Alexander spent several days of last week visiting in Crowell.

Miss Sue Brown Anderson spent the weekend in Canyon.

Nelda Donald, a freshman in Clarendon Junior College, spent Thanksgiving with her parents, Mr. and Mrs. W. Donald, at Goodnight.

Johnnie Bandy, senior in C. H. S., spent Thanksgiving and the past weekend at the home of her parents in Newlin.

Jokes

"But I wasn't going thirty, nor twenty, nor even fifteen," protested Miss Rippey.

"Hold on," interrupted the officer, "or you'll be backing into something."

Burton to Cooper on goose hunt: "Don't shoot those, they are Brants." Another flock of Brants fly over: "Those are Brants, too."

Cooper: "How many geese has old man Brant got, anyway?"

Junior: "The more I see of seniors, the more I like my dog."

Green: "Professor, is it possible to take the greater from the less?"

Prof.: "There is a pretty close approach to it when the conceit is taken out of a freshman."

"If all the girls were taken out of college," said Mr. Burton, "what would follow?"

"I would," cried Cob from the back of the room.

Jack had a bantam hen. He was not satisfied with the size of the eggs laid by the hen. One morning Jack's father went to the hen house and found suspended over the nest a big ostrich egg with a card on it. On the card was printed: "Keep your eye on this and do your best."

Mr. Cooper, making assignment to science class: "Tomorrow, start with lightning and go to thunder."

Lecturer on evolution: "Boys and girls, I ask you, do I look like I descended from a monkey, do I?"

Joe from the back: "No, fer a fact, ye don't now. Tell us how it happened."

A Roper "Recifile" with every stove sold. J. H. Watts & Son. (48c)

LITTLE'S December Clearance Sale

Because of our December sale and our desire to reduce our stock and sell more merchandise we have greatly reduced the price on every item. Every item in our store except Stetson hats will be sold at greatly reduced prices. We are going to move the vast quantities of merchandise, and when plans were made for our December clearance we knew what had to be done—Make Prices Plenty Cheap. People today are weighing prices and are judging values as they never did before—that is why our business is good. We are crowding more real, actual values into every dollar invested here in merchandise than ever before. December is here and we must sell more winter merchandise. Now is the time for you to buy while you can make a real saving on every item and prepare for the cold winter days.
