## Music Week Is To Be Observed By Clubs

### CHIEF OF LIONS URGES REFLATION

CHAS. H. HATTON, INTERNATIONAL HEAD, SPEAKS TO DIST. CONVENTION

Over 500 members and wives of the Lions clubs of 54 counties in District 2-T attended the district convention which was held at Amarillo Monday and Tuesday. Similar conventions are being held in this district. The plan of a district convention was originated in 1932 by Sam M. Braswell, then governor of District 2-T and the first convention held was so successful that all the Texas districts will hold conventions prior to the state convention, and the same plan is spreading throughout the realm of Lionism.

Following the organization of the convention Monday morning, the address of District Governor C. Herbert Walker was delivered. At the noon hour three model luncheons were held, by Pampa, Colorado and Lubbock Lions, at which model programs were presented.

At the afternoon session the Perryton male chorus of 20 voices delighted the large audience with its splendid program. The male quartet contest followed, in which the Perryton quartet was declared winner.

International Head Sneaks  
Chas. H. Hatton, of Wichita, Kansas, president of Lions International, was present at the opening of the convention, having spoken to a large audience at the Polk Street Methodist church on Sunday evening. On Monday afternoon he made the principal address of the Lions convention, speaking on a subject which has gripped the attention of all branches of business and government—inflation of the currency as a means of restoring price levels and the ability to pay debts.

A conservative Republican business man, prominent for many years in his home town in financial and civic circles, the assembled Lions heard him laud President Roosevelt and his "new deal" and express the belief that he would be able to lead the United States out of its difficulties. He talked at length on the need of what he called "reflation" in order that debts contracted prior to 1929 might be paid with commodities at a fair price. "In the final analysis," said Mr. Hatton, "even U. S. Government bonds must be paid with commodities—wheat, cotton, corn, beef, manufactured products, etc. The citizen and the government find themselves in the same situation today. They have been making payments on their indebtedness during the past four years but still owe more, in terms of commodity values, than they did in 1929. Only a return of higher price levels can cure this situation," he said.

On Tuesday the selection of the 1934 convention city and election of a district governor were the important items. Colorado, Texas, was chosen as the next convention city. Del Harrington, of El Paso, general attorney for the Southern Pacific railroad and prominent Lion for many years, was elected governor after a spirited contest with Marion Peters of Midland.

Clarendon Lions and ladies who attended the convention included Mr. and Mrs. Sam M. Braswell, Mr. and Mrs. T. D. Nored, President Ira C. Merchant and Mrs. Merchant, O. C. Watson and Mrs. Watson, and Mrs. Fred A. Story.

Among those from Clarendon attending the Panhandle Plains Historical Society meeting in Canyon Friday were Mr. and Mrs. Jerome Stocking, Mr. and Mrs. Phillips Gentry, Mrs. Sella Gentry, Mr. M. E. Bell, Mrs. F. E. Chamberlain, George Chamberlain, Mr. and Mrs. W. H. Patrick, Misses Katherine and Lorraine Patrick, Harold Bugbee, and Mrs. Lona Shawver of Truscott, Texas.

Mr. and Mrs. Clinton Henry and Dick Ritchie, of Paloduro were among those attending the Museum Dedication in Canyon Friday.

### Mrs. R. Bowlin Is Victim of Hold-up

Mrs. Richmond Bowlin, of the Naylor community, reported Tuesday morning, on her arrival in Clarendon, that she had been held up by three men and robbed of a little over \$12 while on her way to town.

She stated that she passed three men, who were driving a Chevrolet coupe, but was shortly afterward overtaken by them, one of the men calling to her that she had a flat tire. When she stopped her car, the other car also stopped. One of the men told her that she had no flat tire and that he wanted her to hand over watever money she had in her purse.

Leaving her only a dime, the men told her to drive in front of their car for a while, then stopped and told her to turn around and go back the way she was previously going. They drove away hurriedly in the opposite direction.

Officers who rushed to the scene of the hold-up state that close questioning of people in the community indicated the mysterious disappearance of the coupe and the three occupants, no one being found who had seen it.

### ROTARY CLUB HAS FULL ATTENDANCE

REV. W. G. BAILEY, VISITING  
ROTARIAN, TALKS ON  
CLUB PRINCIPLES

100 per cent attendance of its members was recorded by the Clarendon Rotary Club at its regular luncheon Wednesday, with Dr. O. L. Jenkins presiding. He complimented the club and expressed the hope that many such 100 per cent records might be made in the future.

The program for the day was to have been in charge of J. C. Estlack and A. T. Cole, but they yielded their time to a visiting Rotarian from the Plainview club, Rev. W. G. Bailey, who is conducting a revival at the First Methodist church.

He made a very interesting and inspiring talk on the various phases of Rotary and commended it as one of the greatest of influences which are brought to bear on the thoughts and activities of business men.

R. E. Drennan brought before the club the matter of observance of Boys' Week and the club agreed to extend it and include both girls and boys. The committee will make plans for proper observance of the national movement.

### DISTRICT COURT ENDS THIS WEEK

FRANK JACKSON GUARDIANSHIP REVIEW ENGAGES ATTENTION OF COURT

District Judge A. J. Fires will bring the March term of District Court to a close, probably Friday, with the conclusion of the review of the reports of Frank Jackson, guardian for O. B. and Vee Smith, minors. The minor disabilities of O. B. Jackson having been removed, the guardianship terminates with the examination and approval of the district court. The case has occupied the entire week.

It is believed that the term of court now coming to a close has cost the State and county an amount that gets a new low record. Sheriff Guy Pierce's fees amounted to only \$30.10, due largely to the fact that six convictions were secured with the use of only one trial jury. It was possible to dispense with juries because of the nature of the evidence which had been obtained by the sheriff's department.

In talking with a News reporter about the small fees of his office in this term of court, Sheriff

### CARAWAY NAMED LOCAL DIRECTOR

DIRECTORS WEST TEXAS C.  
OF C. NAMED BY CITIES;  
CARAWAY RE-ELECTED

Odos Caraway has been nominated for re-election as director of the West Texas Chamber of Commerce by the board of directors of the Clarendon Chamber of Commerce, who thus complimented the service rendered by Mr. Caraway during the past year in the same position.

Under the by-laws of the West Texas Chamber of Commerce every affiliated city has the right to have a member of the board of directors, who may be nominated by the town itself. Nominations will be voted on at the 15th annual convention of the West Texas Chamber at Big Spring, May 11-12-13.

About thirty of the two hundred cities in the territory of the West Texas C. of C. have already reported their nominations, and President Wilbur C. Hawk, of Amarillo, and D. A. Clark, Sweetwater, chairman of the Elections committee, are urging each city to select its director before the convention.

Mr. Caraway was named chairman of the Donley County Relief Committee, and has devoted himself to its tasks without a penny of recompense and at a great sacrifice of time. He has rendered a great service to the citizenship by his general oversight of unemployment relief, and the board of directors which nominated him for re-election express sincere appreciation of his unselfish spirit.

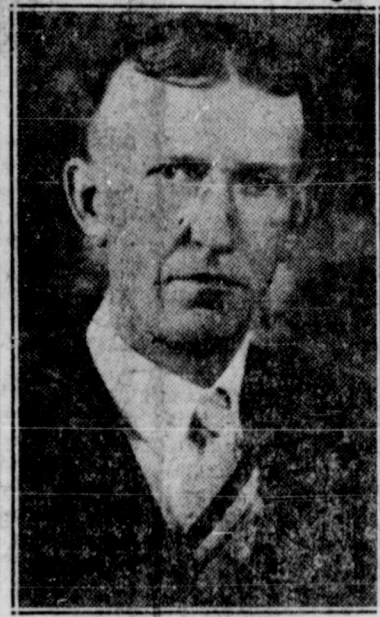

### MacDowell Club To Offer Vesper Service

As is its usual custom during National Music Week, the MacDowell Club will present a Vesper Service program of sacred music Sunday afternoon, May 7th, at 5 o'clock.

The program will be composed of numbers by the MacDowell Chorus, under the direction of Miss Anna Moores, and soloists will also be heard in special selections. The program will be announced in this paper next week.

Experiments to produce a cheap motor fuel from wood are making progress in Czechoslovakia.

### Nominated

### All Schools Urged to Observe Music Week

The State chairman of Public School music in Texas Federation of Music Clubs, through Mrs. M. D. Ramsey, of Floydada, Seventh district chairman, is asking that all schools in the county observe National Music Week by giving special musical programs.

National Music Week will be observed all over the United States during the week of May 7-13, the object being the emphasis of music as a means of stimulating interests in and appreciation for it. Many schools of the county will arrange special programs of vocal and instrumental music to be presented during Music Week.

### WHOLESALE DISTRIBUTOR BEAUTY SUPPLIES HERE

F. M. Greene, of Tulsa, Okla., announces the establishment of this city as a wholesale distributing point for his line of beauty shop supplies and equipment. He is a brother of "Bill" Greene, manager of the Greene Dry Goods Company.

Mr. Greene has had many years of experience in supplying the beauty shop trade with equipment and supplies. "Clarendon is so situated as to offer quick service to a large number of beauty shops and I am confidently expecting to build up a good business with them," said Mr. Greene.

### LITTLE THEATRE TO PRESENT PLAY

"LAST OF MRS CHEYNEY"  
READY FOR PRODUCTION  
THURSDAY, APRIL 27TH

Frederick Lonsdale's "The Last of Mrs. Cheyney," one of the most sparkling dramas of modern times, will be presented at the College Auditorium, Thursday, April 27th. The curtain will rise on the first act of this clever play of English society life at exactly 8 p. m.

The cast has been rehearsing for a number of weeks and hopes to make this the best play of the season. The dialogue sparkles with wit and sophistication. A synopsis of the plot cannot be given without "telling all." Just who is Mrs. Cheyney?

The play is particularly well cast, having Elizabeth Merchant in the title role and Mrs. Cheyney and Dick Ritchie as Lord Arthur Dilling, the part he played on the English stage.

Others in the cast include Carl Parsons as Lord Elton; Frank Stocking as Charles, Mrs. Cheyney's butler; Hon. Willie Wynton, played by Kelly Chamberlain; William, a footman, by Bill Word; Hollis Leathers is George, another footman; Bill Wood is Jim, a chauffeur; Robert Mrs. Elby's butler, is played by Bill Word; Florence Chamberlain is Lady Maria Frinton; Katherine Patrick plays Mrs. Elby, a cousin of Lord Dillings; Jewell Chamberlain is Hon. Mrs. Wynton; Mary Cooke impersonates the sophisticated Lady Joan; and Gwyn Halle is Lady Mary Findlay.

Mrs. Sam M. Braswell, who is properties manager, has arranged for some entirely new scenery and it is the hope of the Clarendon Little Theatre that the people of Clarendon will support this production as they have those in the past.

### RFC Begins Claying Part of Highway 88

Workmen and teams began applying clay to Highway 88 Thursday morning (today) beginning at the railroad and extending past the old city dump ground.

This stretch of highway has always been bad in wet weather, and the people of the Goldston community petitioned the RFC Relief committee to clay it.

### Methodists Begin Two Weeks' Revival

Rev. W. G. Bailey, pastor of First Methodist church at Plainview, preached the first sermon Monday night of a series which will extend over next week at the First Methodist church of this city. A good audience greeted his first appearance here and interest in the revival has grown steadily.

Rev. Bailey is not a preacher of the "fire-eating" type, but believes in a practical religion that should be carried into home and business life alike. The pastor, Rev. E. B. Bowen, urges all members of the church to be present at all the services which it is possible for them to attend and cordially invites the people of town and county to hear the visiting preacher.

The singing is being led by Rev. Bailey Wilkins, pastor of the Methodist church at Claude, whose leadership is greatly enjoyed by those who are attending the services.

The following are the subjects of the sermons which Rev. Bailey will preach during the next few days: Friday afternoon, "God's Power to Save;" Friday night, "The Call of the Other World;" Saturday night (no service Saturday afternoon), "Repentance;" Sunday morning, "The Christ of the Cross;" Sunday night, "Accepting and Confessing Christ."

### Watson Re-Elected Hardware Director

O. C. Watson, of the firm of Watson & Antrobus, was re-elected director of the Panhandle Hardware & Implement Association which met at Amarillo last Monday, with a record high attendance, 265 hardware and implement men attending the day sessions and nearly 300 being present at the banquet held Monday night at the Nat.

Mr. Watson was elected president of the association in 1926, serving as vice-president in 1925 and was a member of the board of directors in 1927 and 1928. His choice as a director for 1933 and again for 1934 is a compliment to his faithful service under his previous incumbency.

Joe Horn is getting a little bit fretful over the weather lately; says what he wants is a rain. "Some of these days it will begin raining and you'll be hollering for it to quit," some one told him. "Nope, I'm just like the chap who said he'd take a calf any time of the year or a rain any time of the year. Don't remember when it rained too much," he said.

### CHANGES MADE IN RELIEF WORK PLAN

ALL LOCAL COMMITTEES ARE ASKED TO LEARN OF NEW REQUIREMENTS

Local unemployment relief committees from Hedley, Lelia Lake, Ashtola and Giles met Wednesday with the Donley County Relief Committee to acquaint themselves with the new requirements as to handling their work, and obtain sets of the new record forms.

Beginning with April 1st an entirely new "set-up" was established and the payment of RFC funds for relief for the unemployed must conform to the new plan.

There are about 20 school district sub-committees which have been handling unemployment relief in their communities, and the central committee is ready to co-operate with them in getting their records in shape to continue the relief work. It will be necessary, as in Clarendon and elsewhere, to re-register all applicants for relief work on the new forms, which will be supplied by the county committee.

Local committees of the school district communities are urged to get in touch with the county committee as early as possible.

### CLUB TO PRESENT ARTISTS' PROGRAM

W. T. S. T. C. FINE ARTS  
FACULTY AND STUDENTS  
HERE BY MacDOWELL

Ushering in the observance of National Music Week with a program of unusual merit, the MacDowell Club will present the Fine Arts faculty and student artists of West Texas State Teachers College at Canyon to Clarendon music lovers on Saturday evening, May 6th, at College auditorium.

Of especial interest will be the appearance of Miss Mary Helen Hardin, of Childress, who was named the most beautiful girl at Canyon this year. She is the daughter of Mr. and Mrs. T. L. Hardin, former Childress banker and now manager of the wholesale hardware firm of R. H. Norris & Co. She was elected "song-bird" of the Panhandle Press association several years ago and is a gifted soprano.

Another feature of the program will be a one-act play by Mr. Batchelor, head of the Speech Arts department, assisted by students. The program will be presented at a nominal charge for admission.

### BANDMASTERS TO PLAY HERE SOON

WELL-KNOWN MUSICIANS TO  
APPEAR ON MUSIC WEEK  
PROGRAM OF P. T. A.

Three bandmasters, each of whom is a talented soloist, will appear on a concert program which will be presented here during National Music Week, on Friday night, May 12, at the College auditorium. The concert will be sponsored by the Parent-Teachers Association.

The three bandmasters who will give solo performances are Robert A. Sandusky, of Shamrock, Glenn A. Truax, of Memphis, and Gus B. Stephenson, of this city. Mr. Sandusky appeared on a program here during Music Week last year, and delighted all who heard him. Mr. Truax is usually gifted as a musician, and Gus B. Stephenson needs no introduction to Clarendon people.

In addition to the special solo numbers by these three musicians, the Clarendon band, directed by Mr. Stephenson, will play, and several of his pupils will render solo and group numbers.

The Parent-Teachers Association is sponsoring this musical program as its contribution to the several programs which will be presented during National Music Week, the official dates for which are May 7-13. A ten-cent admission charge will be made.

### Do You Think Your Memory Fairly Good?

Is your memory fairly good? If you are a member of the First Methodist church you will be interested in an argument which has been going on among some of the members. If you are not, you may feel like expressing your opinion on it, anyway.

The question under argument is, "When was the Methodist pipe organ installed in the church?" About as many dates are mentioned as there are guessers. Dave Johnson, Curry Powell, Paul Shelton and several others can't agree on the year, even not to mention the month of the year.

Next week The News will settle the question authoritatively, but in the meantime, try your memory on the question. You will likely decide on a certain year by some other event—and then find out how even eye-witnesses tell different stories about the same happening.

Mrs. J. E. Teer, Mrs. W. C. Thornberry, and Mrs. Basil Kirtley visited relatives in Wichita Falls this past week-end.

## WE WILL NOT ACCEPT BEER ADVERTISING

"Will your paper accept beer advertising if it is offered to it?" The question has been put to The News in a questionnaire which was sent out to a large list of newspapers by an advertising agency.

"We Will Not Accept Beer Advertising" was the answer made by The News.

Recently an official of the national brewers' association made the statement that \$25,000,000 would be spent by the brewers of the United States when the legal barriers to its sale were removed, and that a very large part of that amount would be used in buying newspaper space.

Theoretically, a newspaper is a merchant of advertising space, being in no sense responsible for what the space is used to advertise, provided it violates no laws applicable to newspaper publications.

But The News has consistently opposed for too long the legal or illegal sale of intoxicating liquors, including beer of whatever alcoholic percentage, to consent to sell its space for beer advertisements.

It believes that its readers, whatever their attitude toward legalized beer may be, could justly charge it with inconsistency if it accepted money for advertising which encouraged beer-drinking, and then used its own space to oppose legalized beer as it opposes all other alcoholic drinks.

But whether it might be charged with inconsistency or not, The News can't bring itself to the frame of mind to sell space to beer advertising. It has space to sell and wants to sell it. But it has its ideals—ideals that may seem unimportant to others, but that it must live up to if it is to retain its respect for itself. And that is why The Clarendon News will not accept beer advertising.

## WHEN A TAX IS NOT A TAX

"The gasoline tax," says the San Antonio Express, "today is not a tax at all, but an upkeep and construction fee which pays compound interest to the autoist on every mile he travels. Missouri made an exhaustive study of this proposition, and it was carefully estimated that for every \$30,000 the autoists of the state pay in gasoline taxes, they get a return in savings on car wear, tire wear and gasoline consumed of \$100,000."

"But if revenues from that source are to be devoted by the state to other uses than the building and maintenance of highways, then and thereupon it will immediately become a TAX, because it will no longer yield to the payer a direct return on his investment."

To which The News will add that the average autoist does not in the least object to the present gasoline tax that has heretofore been spent on his highways. He raises no great objection to the one cent per gallon that goes to the support of Texas schools. He has accepted without great grumbling the addition of another cent for Federal government purposes. But he will object, and strenuously, if any part of the three cents which is now going to the highway department is diverted into general revenue funds, to take the place of decreased taxes from other sources.

And he ought. As a matter of simple justice, neither school tax nor Federal tax should be paid by the auto owner. The gasoline tax properly should go to the building and maintenance of highways and nowhere else. All present highways should be kept in good condition and new ones built each year—not with bond issues but out of gasoline taxes. Such a program is sound and if kept within the bounds of reason will never be opposed by auto and truck owners. Any other program is resented by them as unfair taxation.

## TURN DONLEY COUNTY FEED INTO BEEF

The gradual development of a farm feed-lot industry in Donley county would be accompanied by quick and satisfactory profits to every farmer who engages in it, provided feed stuffs grown on his own farm were used in the enterprise. Donley county is known far and wide as a practically certain row-crop country. But its farmers know that they are never able to sell their grain-sorghum crops at profitable prices for the simple reason that the farmer always has to pay transportation costs on the feed he sells.

He knows that if he had to buy feed for his own stock it would be ruinous to him. He can well afford to feed his stock on home-grown feed. It follows that no one else can produce beef as cheaply as the farmer who grew the feed on which the cattle are fed.

The News submits the thought that five to ten head of baby beeves, or older stuff, can be fattened on the average farm with profit to the farmer. It is not necessary that they be fattened in carload lots, especially if a number of farmers in the county undertake to fatten a few head each, making up a pool car when a carload of finished stuff is ready. Shipping cattle to Donley county to be fattened on its farms would mean many more thousands of dollars than shipping feed out to be fed to cattle somewhere else.

## tips on taxes

LEGISLATIVE NEWS SERVICE OF THE TEXAS PRESS ASSOCIATION, AUSTIN

AUSTIN—The Legislature is now in the fourth month of its regular session. Under the constitution the \$10 per day compensation lasts 120 days. Extension of the session beyond this period is possible, but the pay of members will be reduced by half. It is not likely that the session will be prolonged much beyond May 9 when the four-months period of high pay ends, though some members believe it will last until the latter part of May. There is strong sentiment among many leaders to bring the session to a close as early as possible, due chiefly to the fact that there seems to be an almost hopeless lack of harmony on many important subjects with little prospect of composing these differences.

Up to this time, efforts to levy new taxes have failed, with the single exception of an income tax, which has House approval. But there will be a determined effort during the closing days of the session to revive the sales tax, principally on the plea that it is necessary to keep public schools open. Laws strengthening enforcement of the cigarette tax and gross production are expected to stop leaks that caused a loss of \$5,000,000 last year. There is also a possibility that all of the cigarette tax will be diverted to the school fund. Many observers contend that stoppage of leaks and reasonable reorganization of the school system in the interest of economy make any new tax unnecessary.

The general economy program depends upon what is done within the last few weeks of the session. With a weary Legislature, anxious to finish its work and go home, some measures may win approval that earlier in the session would have had no chance of adoption. Those citizens who wish to obtain substantial reductions in their tax bill would do well to watch the proceedings closely and not hesitate to let their representatives know their wishes. A good start has been made in the direction of economy, but this can be quickly offset in a last-minute stampede. If this doesn't come it will not be due

to lack of effort on the part of tax consumers. They are on the job and will not quit until adjournment is taken.

The income tax bill follows many provisions of the Federal income tax. As amended it exempts \$2,500 of the income of married persons and permits an exemption of \$500 for each dependent. The rates graduate from one per cent on incomes in excess of \$11,000. The corporation rate is from two per cent on the first \$1,000 to six per cent on incomes in excess of \$6,000. Passage by the Senate is regarded as doubtful.

The Senate has passed the four major appropriation bills. The House has passed three and is yet to act on the educational appropriations. The judiciary appropriation bill has passed both branches of the Legislature and has been signed by the Governor. The eleemosynary and departmental bills are in the hands of free conference committees to adjust differences between House and Senate measures. The appropriation bills call for reductions from 25 to 35 per cent below figures of the past two years.

A bill is pending in the House raising the scholastic age from six to seven years. Its adoption will reduce the number of claimants on State school funds by about 135,000 and would result in savings to the schools estimated at upwards of \$2,000,000, depending on the amount of the Senate apportionment. This would be in addition to savings in local funds through the resultant decrease in school enrollment. The measure is House bill No. 243.

The constitutional amendment limiting total State expenditures to \$22.50 per capita per biennium, already approved by the Senate, has been reported favorably in the House. This is a very important measure. If approved, it would be impossible for the Legislature to continue increasing State expenditures. The authority of the Legislature to increase appropriations is limited only by the ability to find sources of taxation. The amendment would provide an absolute limit, where there is now virtually none.

## School Notes

By SLOAN BAKER,

Chairman of the High School Course of Study Committee, George Kavanaugh of Martin, met with Committeemen C. W. Howard of Bray, and Frank Behringer of Hudgins in the County Superintendent's office last Wednesday night. A course of study outlined according to suggestions from H. T. Burton of Clarendon, and W. L. Payne of Hedley. The outlined course of study has been sent to Austin for approval. This approved course will be used in Rural School Districts next year. County Superintendents from many counties in the State will

meet in Austin next April 20, with County Delegations and patrons of the public schools to try if they can, to influence by a concerted effort the payment of \$16.00 per capita next year so the public schools of Texas may remain open for a full term next year. A number of the schools of Donley county are sending petitions by their county superintendent to Austin to aid in this effort to hold the present state apportionment.

The County Board of Education will meet Monday, the first day of May, to classify the common school districts. All trustees of schools are invited to be present at this classification.

McKnight school closed last Friday afternoon. Mr. G. C.

Clemons, Mrs. Bartley and Mrs. Rebecca McCorry have taught a very successful school there this year.

Mrs. Lou Brock Nichelson finished her third term as teacher at Watkins. She was reelected another term. The school closed last Friday.

A number of the schools are getting ready for the State Standardized School Inspector. Martin school had an all day workday last Friday, improving the grounds and building a fence, placing gates at the two entrances. They expect to qualify this year as a Model School. The community worked hard all day Friday but decided on another week day this week to finish their improvements.

## Feed -- Food -- Credit A Safe Farm Program

The present agricultural conditions and the prospects of all prices of all agricultural commodities in the future suggest that a program of "live at home" is imperative for the farmer.

We wish to point out to the farmers of this territory, as we did last year, that from our viewpoint the time has come, more than ever, when it behooves the farmer to grow his feed and food at home, consisting of fruits, vegetables, poultry, meat and milk, and have these products preserved in sufficient quantities to feed a family at least one year, and a two-year supply of feed for livestock. It is an utter impossibility to produce any one crop (particularly cotton) and meet your obligations. One-crop programs have always proven disastrous.

We have no disposition to dictate to our farmer customers, but it is our seasoned judgment and experience that unless a "live at home" policy is adopted and continually pursued, farmers can never prosper. We would respectfully urge the planting of gardens this year, and if the gardens should fail, then we would urge that farmers go to the sections of this country that raise truck and garden stuff in abundance and buy or barter for the same, thus supplying their home needs with the fruits, vegetables, etc., that they fail to raise on their farms. A good many farmers last year employed the barter system, and are this year borrowing very little money, as a result of it.

It will be the policy of the following banks to base their farm loans in the future on whether or not the farmer is following the program as outlined above.

This statement is made at this time so that farmers may plan their 1933 planting activities accordingly.

The play, "The Deacon's Honeymoon" presented by home talent Friday, was enjoyed by a full house. Each one played his role well and on Friday night, April 21, Martin will present a play here. Admission will be 5c and 10c. Let's give Martin a good house.

Our Sunday School is doing fine work, much interest is being shown, with a large attendance Sunday school and church services.

Mr. and Mrs. A. E. Tidrow and children, Mr. and Mrs. A. B. Carnes and children, spent Easter with relatives at Childress.

Mr. and Mrs. T. B. Downing entertained the young folks Saturday night. A most pleasant evening was spent.

Our Teacher-Trustee meeting billed for Friday night will not meet until April 28. We invite every one to be there.

Mr. and Mrs. Richmond Bowlin gave an egg hunt Sunday afternoon. Those enjoying the fun were Mrs. H. L. Whitfield and children of Hedley, Mrs. K. C. Reed and children, Brice Johnson, Austin Selby and children.

Our teachers, Mr. E. H. Estlack and Miss Pickering gave the school an egg hunt Friday afternoon.

**ALANREED**

(By Mrs. I. A. Tipton)

We had a very good attendance at Sunday School Sunday morning and a very good short Easter program, after which Rev. Henderson filled his regular appointment.

Mr. Jim Taylor's father died at Wichita Falls, Texas, last week. Mrs. Dave Turner died at her home near here Sunday morning and was buried here Monday afternoon at 4 o'clock.

The Red Cross nurse from McLean came to Alanreed Friday afternoon and organized a home nursing class for the women and girls of the community.

Mr. and Mrs. A. G. Gillespie, of Brice, and Mr. and Mrs. Gillespie, of McLean were in Alanreed Sunday.

Alanreed played McLean a game of base ball Sunday afternoon. Scores were 8-11 in favor of McLean.

**Bits Of WASHINGTON'S Current Comment**

The President has proceeded somewhat slowly in stating his views on the subject of a shorter working week, and has given Congress no suggestions regarding inflating the currency, inflation of the currency being regarded by some as a remedy for most of our existing ills. As

Mr. Tom Ball, Herman and Ernest Tipton were in McLean Saturday evening.

Miss Willie Dee Hall spent Sunday with Miss Georgie Fae Tipton.

Mrs. Maxene Fulton visited Mrs. Hugh Guill Saturday.

Mr. Joe Boss of Clarendon was in Alanreed Saturday.

Misses Annie Lou and Gwendolene Darnell visited Misses Willie Dee Hall and Georgie Fae Fulton Sunday afternoon.

Mr. Dillard of Clarendon is visiting his son Mr. J. Wm. Dillard.

Mr. Leon and Miss Mary Fannie Steager visited near Eldridge Sunday.

Misses Estell and Julia Lee Walker visited in Eldridge community Sunday.

Mr. Pete Walker who has been working near Electra, Texas, came home Friday.

Mr. Jess Reeves was in Shamrock Saturday.

Mrs. H. G. Guill, Mrs. W. T. Blakney, Mrs. J. P. Elms, Mrs. Alvis Norman and Mrs. V. N. Henderson were in Amarillo Tuesday of last week.

Miss Bernice Hall of Houston has been visiting her parents, Mr. and Mrs. D. L. Hall of Alanreed. Her brother, Houston Hall, returned home with her.

Mr. and Mrs. Charles Cousins visited the lady's parents, Mr. and Mrs. E. B. Reeves Sunday.

Miss Willie Dee Hall visited her sister, Mrs. John Clemons, and her brother, Mr. Johnnie Hall, of Goldston, Monday.

Mr. Geo. H. Clemons, of Lefors, visited his sister, Mrs. Gilbert Garrett, Monday afternoon.

Mr. Charles Younger of McLean, was in Alanreed Monday.

Mr. and Mrs. Gilbert Garrett and Mr. Tom Ball visited Mr. and Mrs. E. G. Stapp Sunday night.

Mr. I. A. Tipton's mother died near Nacogdoches, Texas, April 15th.

might be expected, Mr. Roosevelt's farm-relief bill does not please all hands. It takes more than a President of the United States to satisfy everyone. The three matters mentioned, coupled with with others of lesser consequence, have brought about what may be said to be the first open opposition in the Senate to the President's plan for general emergency legislation. The Republicans hold their peace. The cynical claim that they are waiting for an opportunity to say, "I told you so." Those of a more charitable cast of mind hold that the Republicans are placing no stone in the President's path. In any event the first open opposition arose in his own party. Perhaps it should not be characterized as opposition, but a mere incident to an interchange of view points and opinions. This no President would attempt to suppress.

Bernard Shaw has arrived in New York and opened shop. About five thousand were willing to waste an evening listening to his buffoonery. Americans were advised to discard the constitution, and were told, among other things, that their greatest gain in the World War was the creation of Communist Russia. As a pro-

fessional smart man. Mr. Shaw disposed of his salable wares years ago, but his audience gave him what the stage people call "a good hand." There seems to be no end to the market for the remnants of his stock in trade.

President Roosevelt is said to have taken in charge the task of straightening out the entire railroad tangle and putting the transportation business on a sound basis. The term Rail Czar has been coupled with his name in that connection. Perhaps it would be more accurate to state that the roads are in a bad way and need, on a large scale, immediate and direct action of the kind that resulted in the freight conductor's famous telegram: "Off again, on again, gone again. Brannagin."

A week or so ago, a Minnesota man interrupted the Capital's consideration of politics and legislation with a strange account that was of real human interest. Separated as an infant from his family, he was reared among the Indians, regarding himself as a half-breed, and went by the name of Indian Jim. After the lapse of forty years, he pruned the family tree, located his sister in Washington, and hastened to her by airplane. There are few

present-day stories that read back directly into the Old West.

George Francis Train, an eccentric public man who flourished in a generation past, used to comply with requests for his autograph by scribbling his name, with the following sentence above it: "This will sell for a thousand dollars in a thousand years." A newspaper dated in April 1933, and making no reference to beer, should command that much, as a curiosity, within a far shorter period of time.

The foreign debt matter is in about the same condition as the Pennsylvania baby passenger who was forgotten when an auto rolled over a twenty-five foot embankment. After a while, someone thought of the infant and fished it out, uninjured. There may be hope for an ultimate debt solution that will better Uncle Sam. Yet there is a chilling tone in the instructions given Mr. Herriot, who will attend the conference on behalf of France. He will come to give information, not to bargain.

The only place for a gold coin just now is on a watch chain, but silver ones still are doing good service. Silver and gold

pieces have a common characteristic, in that their edges are roughened or marked otherwise. That little wrinkle had its origin in England in 1696. In those days, also, there was necessity for making cash go as far as possible and the crafty helped themselves out by clipping a piece from a coin now and then. King William III put an end to the practice by establishing the milled edge, without which no piece of money was to be accepted as genuine.

Judging by a column heading, the old pre-Volstead days have returned. It reads: "To Start On Two More Busts." Things are not so bad as they seem, however. The text below the heading simply states that a couple of new statues for a national park are completed.

**SHOES OF GOATSKIN FOR MEN THIS SUMMER**

The average "Pairage" of men's shoes produced last year in this country was only one and one-fourth per capita, which goes to show that the people were thrifty in making their old shoes survive. Next Spring goatskin is to appear as an approved leather for men's cool and hot weather shoes, and over one hundred rep-

resentatives of the Shoe and Leather industry of Washington, Boston and New York have resolved to give practical application to the desire of American men to dress their feet as comfortable in hot weather as they dress the rest of their bodies.

It has been determined that the light-weight goatskin shoes which will be worn next Spring and Summer are more than a pound lighter than ordinary men's shoes. The statisticians and the technocrats have determined that this will free man who wears goatskin shoes from lifting an accumulated total of 480 tons of weight during the lifetime of his new goatskins.

Despite its lightness goatskin ranks second to kangaroo in strength, according to the Massachusetts Institute of Technology and both of these leathers have more strength than horse, calf, cow or buckskin. Goatskin has its fibers arranged in such a way according to experts, that it permits the passage of air and insures ventilation.

## "THE LORD'S SUPPER"

The Savior gave no intimation as to when the supper should be observed. It was not needful for Him to fix the time as He proposed to baptise His disciples in the Holy Spirit and thus guide them into all truth, that they may legislate for the church. The Apostles have given us the Lord's Day and the Lord's Supper, one commemorating His resurrection, while the other shows forth His death. Fifty-two times a year we commemorate His resurrection and surely reason requires that His death should be remembered with the same frequency. In Acts 20:7 we read: "And upon the first day of the week, when the disciples came together to break bread, Paul preached unto them, ready to depart on the morrow." Paul arranged his schedule so that he could be with the church members when they came together to break bread. He had to wait

nearly a week for the event. But he waited.  
True, we do not find the word "EVERY" in the narrative, and it has been objected that "the first of the week" may not mean or be equivalent to every first of the week. We answer, neither is the word "EVERY" found in reference to the Jewish Sabbath. "Six days shalt thou labor and do all thy work, but the seventh day is the Sabbath of the Lord thy God." Is not "the seventh day" equal in signification to every "seventh" day? Most certainly. The like truth appears from Paul to Corinthians. "On the first day of the week they came together." He clearly intimated that the intention of their coming together was to eat the Lord's Supper. Thus in apostolic example we have the law of the ordinance as to frequency, the Lord's Supper, every Lord's Day.  
The Lord's Supper is commemorative, and so it has the nature and use of a pledge or token of

love, left by a dying Savior, to a dear surviving friend. As oft as we partake of this festive, we remember Him who gave Himself for us and Who is now preparing an eternal home for his friends and followers.  
Sunday, we will bring a special lesson on the Lord's Supper, the subject will be, "A Personal Question." Sunday night we will bring a lesson on: "God's Wrath." We will try to show that God is angry at a certain class of people, and has left them without excuse.—W. E. Ferrell, Minister, First Christian Church, Clarendon.

## '26 Book Club Hears Mrs. Davenport's Poems

NEW MEXICO

Tears from hearts that break at the end of a long hard trail;  
Souls lost in an emptiness of poison springs, cold blue  
Lakes, and strange enchanting hills where death unseen  
Lurks grinning behind bleached bones . . . .  
Winds, hurricanes of fire and snow, driving dust  
Over alkali trails under weary feet of hopeless  
Starving cattle; . . .

Silence, terrible, meaningless, endless . . . .

Soft white nights of laughing stars, sapphire skies,  
And midnight moons, veiled in the shadowy perfumes  
Of honey-sweet locust blossoms.

—Elvia Davenport.

The 1926 Book Club and its guests had the pleasure of hearing Mrs. Elvia Davenport of Hedley read some of her poems at an open house on Tuesday afternoon at the College Auditorium.

The Junior Band gave several splendid numbers after which Mrs. Rollie Brumley introduced Mrs. Davenport. She spoke first on "A Defense of Modern Poetry," telling how modern poets had departed from the traditional verse forms.

Vivid word pictures of the Panhandle and New Mexico written in blank verse compose most of her poetry. Having lived in both places for a number of years has enabled her to portray the spirit of the country in a most entertaining manner.

At the conclusion of this inspiring program, the members of the club and Mrs. Davenport adjourned to the Woman's Club Room, where a short business meeting was held. Beatrice Antrobus was elected Director of the Little Theatre from the club, following which Edith Ballew and Eunice Buntin served an ice course.

## Mrs. W. A. Massie Is Hostess

With Mrs. W. A. Massie as hostess, members of the Kill Kare Kneede Klub gathered in her home on Thursday for a delightful afternoon.

The entertaining suite was colorful with the many pretty blooming pot plants and attractive green ferns. After a very pleasant afternoon the hostess served a dainty ice course to:

Mrs. H. C. Brumley, Mrs. W. C. Stewart, Mrs. M. L. Stricklin, Mrs. W. A. Land, Mrs. Eva Draffen, Mrs. W. B. Sims, Mrs. Homer Mulkey, Mrs. Van Kennedy, Miss Etta Harned, Mrs. Buel Sanford, club members.  
Mrs. L. Ballew, Miss Ida Harned, Mrs. T. M. Pyle, Mrs. Jim Headrick, and Mrs. C. W. Taylor, guests.

## Surprise Party

Coming as a complete surprise was the Forty-Two party honoring Mr. Lucian Bones Tuesday evening at his home.

When the crowd had gathered, games of forty-two were played, after which Mrs. Bones served a delectable ice course. Mr. H. A. Blanton won high and Mrs. Si Johnson low. Each presented their prize to Mr. Bones.

Surprising him were: Misses Jean Sparks, Emma Lee Johnson, Powell, Mesdames Si Johnson, Frank Sparks, and Claudyne Ratcliff, Messrs. H. A. Blanton, and Homer Bones, and Mr. and Mrs. Fred Russell, Mr. and Mrs. Roy Beverly, Mr. and Mrs. Johnnie Baird, and Mr. and Mrs. Roy Blackman.

## Pathfinder Club

The Pathfinder Club met in the Woman's Club Room Friday with Mrs. Ralph Porter and Mrs. Fred Rathjen hostesses for the afternoon.

The program included discussions on "Prize Literature for 1932-33." Mrs. C. A. Burton, as leader, gave a review of the Short Stories; Mrs. H. T. Burton, Novels; Mrs. J. R. Porter, Biography; Mrs. Frank Bourland, Drama; and Mrs. W. B. Sims, Poetry.

At the close of the delightful program, a delicious refreshment course was served. "Music" will be the subject for discussion at the next meeting of the club, April 28th.

Mrs. Roberta Ryan and son, John Morris, of Wichita Falls, will arrive Friday for a short visit with Mrs. Ryan's brother, J. H. Morris and Mrs. Morris.

## An Enjoyable Easter Party

It seems Easter is a glad time for youngsters as there are so many nice things they can do to entertain their friends and the decorations are so pleasing to the children.

One of the many enjoyable affairs of the week was the Easter party given by Mrs. C. G. Stricklin, for her daughter, Beverly Gray, at their home on Monday afternoon.

When the kiddies had assembled an egg hunt was announced and the fun began with shrieks of laughter whenever an egg was found.

When this was over the children found that an attractive Easter table had been set on the porch. Pink ice cream rabbits and cake were served to the happy group.

Participating were: Donita Chamberlain, Alma Louise Murphy, Mary Nell Keys, Marian McCanne, Margaret Ann Jenkins, Kelly Chamberlain, Jr., Don Elbert Morgan, Sonny Keys, Nell Ellis, John Carroll Brumley, Jimmy Douglas, and John Manley Bryan.

## Mr. and Mrs. Teer Entertain

Mr. and Mrs. J. E. Teer were cordial host and hostess to their Night Club and friends on Wednesday evening when they entertained with a Dinner-Bridge.

After the sumptuous dinner, games of bridge were played the remainder of the evening. Mrs. Kirtley winning high score and Mrs. Gentry being fortunate in the cut for consolation. Each received a lovely gift.

Attending were: Mr. Selden Bagby, and Mr. and Mrs. Meredith Gentry, guests; and Mr. and Mrs. Earl Alexander, Mr. and Mrs. Simmons Powell, and Mr. and Mrs. Basil Kirtley, and Mr. and Mrs. Frank Stocking, club members.

## Mrs. Blanche Oden Hostess To Club

The 1930 Good Will Club met with Mrs. Blanche Oden on Thursday afternoon to hear an Easter program.

This consisted of songs, readings and story telling by Mesdames Melvin Cook, A. O. Yates, Lucian Bones, and Don Martin, which was thoroughly enjoyed by everyone present.

The hostess served a refreshment course to: Mrs. Fred Russell, Mrs. Melvin Cook, Mrs. C. R. Gamblin, Mrs. Lurian Bones, Mrs. A. O. Yates, Mrs. Don Martin, and Mrs. Si Johnson.

## Lovely Party

Little Miss Donita Chamberlain entertained several of her little friends with an Easter Egg Hunt on Tuesday afternoon at the home of her parents, Mr. and Mrs. Parke Chamberlain.

A chocolate duck was the prize awarded to Kelly Chamberlain, Jr., for finding the most eggs. After playing many children's games Mrs. Chamberlain served punch, sandwiches and cookies to Beverly Gray Stricklin, Betty Jo Caraway, Madeline Kelly, and Kelly Chamberlain, Jr.

Mrs. R. A. Chunn left Saturday for Dallas, Waco and Waxahachie where she will visit with her children and a sister. She expects to be gone a month.

Mrs. H. E. Westmoreland and children, of Amarillo, visited her father and mother, Mr. and Mrs. T. F. Connally last week. She returned Sunday with Mr. and Mrs. Fred Story, the children returning Monday.

## Contract Club

Mrs. Sam Dyer entertained the Contract Club and several guests on Wednesday afternoon at her home.

Tulips of various hues and bouquets of bridal wreath made the room more attractive. Three rubbers of Contract bridge were played being followed by a delectable afternoon luncheon.

Present for this delightful affair were: Mrs. John O. Maberry of Sayre, Oklahoma, Mrs. Frank Stocking, Mrs. Charles Trent, Mrs. T. H. Ellis, Mrs. J. E. Teer, guests; and Mrs. Kelly Chamberlain, Miss Mary Cooke, and Miss Lorraine Patrick, members.

## 1930 Good Will Club Enjoy Forty-Two

Meeting in the home of Mr. and Mrs. Fred Russell on Thursday, members of the 1930 Good Will Club and their husbands spent an enjoyable evening playing Forty-Two.

In the games of Forty-two, Mrs. Lucian Bones was fortunate in winning high and Mrs. Claud Gamblin received the low score prize. A dainty refreshment course was served to:

Mr. Billy Gamblin, and Dr. and Mrs. C. W. Galloway, guests; and Mr. and Mrs. Melvin Cook, Mr. and Mrs. Claude Gamblin, Mr. and Mrs. Lucian Bones, Mr. and Mrs. A. O. Yates, and Mrs. Si Johnson.

## 1922 Bridge Club

Numbering among the many lovely social affairs of the week was the entertaining of the 1922 Bridge Club by Mrs. A. R. Letts at her home on Tuesday afternoon. Having foregone parties and gayety during Lent, the participants enjoyed this first party.

The rooms were decorated with colorful bouquets of spring flowers, which added to the afternoon's enjoyment. Games of bridge were played with Mrs. L. S. Bagby winning high score and Mrs. W. H. Cooke, consolation.

After the games, a sumptuous afternoon luncheon was served. Tulips in pastel shades in a beautiful silver bowl centered the attractive table.

Those present included Mrs. W. H. Martin, Mrs. C. H. Bugbee, Mrs. T. H. Ellis, Mrs. L. L. Swan, Mrs. L. S. Bagby, Mrs. John Sims, Sr., Mrs. James Trent, Mrs. W. H. Cooke, Mrs. Sella Gentry and Mrs. Odos Caraway, club members.

Mrs. George Ryan and Mrs. W. H. Patrick were guests for the afternoon.

Walter Hagler has moved his hat shop, formerly located in Parsons Bros. dry-cleaning establishment, to Lefors, where he will also conduct a cleaning plant with his hat shop.

Mr. and Mrs. Bela Martin of Amarillo, Mrs. W. R. Silvey, and Miss Paula Ruth Matthews of Oklahoma City were guests of Mr. and Mrs. W. B. Sims Monday afternoon.

## 1930 Needle Club In Session

Members of the 1930 Needle Club were guests of Mrs. Vada Carpenter on Tuesday at her home.

Pleasant conversation and fancy needle work furnished the afternoon's entertainment, with a lovely ice course being served to:

Mrs. Turner Kirby, Mrs. Jimmie Moore, Mrs. Ben Buck, Mrs. Ralph Decker, Mrs. Couch, and Mrs. Joe Bounds.

## Art Pilgrimage Will Visit Many Notable Places

Visitors who go on the first art pilgrimage to Austin, sponsored by the Texas Fine Arts Association, April 28 and May 7, will see places and documents of historic interest.

Among historical buildings will be the Elizabeth Ney studio, home of the Texas Fine Arts Association; the O. Henry house, Amelia Barr's home, the home of the French Embassy, when Texas was a Republic, the Spanish archives in the Wrenn Library, the Capitol, the Governor's Mansion, the Governor Pease home and the old Land Office, unique in two respects, in its being one of the two such buildings in the United States the other being in Washington, D. C. and in its

architectural design. Stremme, German political refugee, who drew and decorated early Texas maps, designed this building after castles on the Rhine. It was built in 1857. After the new Land Office was built it was turned over to the Daughters of the Republic and the Daughters of the Confederacy, who have fitted it into a museum for historical documents and relics. Travis' Bible picked up in the Alamo after the siege, Texas Declaration of Independence, the Treaty with England bearing the signature of Queen Victoria and the Treaty with France carrying the signature of Louis Philline, are guarded and treasured in the Capitol.

Maypole dances, amateur theatricals and a carnival on the Ney grounds are planned. Twenty-eight studios will be thrown open to visitors. There will be on view oils, water colors, pastels, sculpture in stone, soap, wood and clay all kinds of prints in color and black and white, including etchings, block prints, lithographs, textile and pottery, bookbinding and other leather work and wrought-iron.

The Texas Fine Arts Association has headquarters in the Driskoll Hotel.

Mr. and Mrs. Clifford Whitmore have returned from Longview to Pampa, where Mr. Whitmore will be stationed. Mrs. Whitmore will be remembered as Miss Fannie Florence Sims.

## New Beauty Shop To Open Here Friday

Mrs. Nadine Haile Tucker announces in this issue the opening of her new beauty shop, to be known as the Greene Beauty Shop and located on the balcony floor of the Greene Dry Goods Company.

A licensed operator, who was trained in the widely known San Jacinto Beauty Culture school at Amarillo, and with experience extending over several years, Mrs. Tucker offers a high type of service to the ladies of Clarendon and Donley County. She was formerly with the Whitlock Beauty Shop, where she enjoyed the patronage of a large clientele.

Her new beauty shop's woodwork and fixtures were designed and constructed by the firm of Taylor Bros., and presents a very attractive appearance. It is equipped with modern appliances for all types of beauty culture, and

Mrs. Tucker cordially invites the ladies of Donley county to inspect it on the opening day, Friday, April 21. Her opening announcement details a special offer for Saturday only.

TENNIS

At the Interscholastic League Meet held in Amarillo Friday April 14, The Tennis teams from Clarendon were defeated by the Amarillo teams. Alfred McMurtry and Bob McKee played for doubles and lost in the first set. Phillips Smith played for singles and he also lost in the first set. This, however, should not cast a shadow on the playing ability of the Clarendon players because Amarillo won all tennis honors.

PALO DURO PICNIC

The Palo Durans went to the river on a picnic Wednesday, April 12. This was the first society picnic in 1933 and everyone enjoyed it immensely. Each member brought his allotted amount of food so that there was plenty to eat. To make it even better a large fire was built and some coffee made. Cars were used as a mode of transportation instead of a truck because it was easy for some of the members of the society to furnish them.

HOME ECONOMICS

The Home Economics Girls No. 1 are serving a series of luncheons this week. The first section served a luncheon Tuesday of: Soup, Ice Tea, Salmon Salad, Corn Bread, Crackers, Butter, Fruit Cup.

The second section served a luncheon Wednesday of: Green Beans, Potatoes, Gelatin Salad, Pickles, Salmon Croquettes, Butter, Corn Bread, Whip Cream, Brown Betty, Iced Tea.

The second year girls will have their last luncheon Friday, which will be a buffet luncheon. The following week they will take up their "Child-Care" unit.

THE JUNIOR AND SOPHOMORE PICNIC

In spite of the wind and cold, the Juniors and Sophomores went on the picnic which they had planned for Friday the 14th. Three trucks were at the college building promptly at three o'clock to take the jolly students to the Word Ranch. Mr. Burton, Miss Wiedman, and Miss Harris were chaperones. The people at the ranch assisted in the erection of two swings, where many spent the time. Those who did not care for swinging attempted rowing. And last, but not least there was fishing for Mr. Burton. When everyone had explored the ranch and tried his hand at the various amusements, two fires were built for which all were grateful. Then came the "eats". By the time the food was gone it was getting late, so the trucks were loaded and headed for home. Each student reported a good time, and may there be many more such picnics in the near future!

This has certainly been a dull week—nothing ever happens. Pinky an' Jake an' George an' Willie Jo an' Mike went on their annual fishing (?) trip this week end. They couldn't have had such an awfully good time, though, because they didn't catch any fish. Friday was college day and all the co-eds and students went on a picnic. It has been rumored that Willis, that's the Dean, was subjected to a most undignified procedure. And some one certainly has a mania for recalling certain occasions of revelry as is evidenced by the fact that a toy horn, a relic of some eventful date, is kept in the office for use as a fire whistle. Either the horn or the bugler needs an adjustment—we haven't decided which. We just can't believe it, but Lu McClellan has been mooning around with an all too calfy expression on his face this week. He's bound to be afflicted one time or another so maybe it's just as well to get it over with in his youth, the only disadvantage being that when the mooning is over, he'll feel just like a penny waiting for change—and I want a ringside seat so I'm going to postpone this record until a later date.

The College Students took College day Friday, April 14, and went to the Morris ranch for an all day outing and picnic. Bundled up until one could not tell whether they were people or bears the students got on the large truck and left town by eight-thirty. It was a very cold ride, but every one seemed to enjoy it.

On arriving at the picnic ground, which was hidden under a hill so that it was protected from the wind, every body started on hikes in order to get rid of the cold and stiffness. A large fire was built for those who did not care to hike.

Shortly before noon all of the boys (including Dean Clark) and part of the girls were forced to join a club and go through the initiation which consisted of four or five boys seizing the victim and setting him in a creek of somewhat cold water.

The food was plentiful and delicious. After eating, more walks were taken until about four o'clock at which time the truck started for home. College day was quite a success.

Thursday afternoon the Senior girls held a class meeting to decide what types of dresses should be worn on class night, at the Baccalaureate sermon, and on Commencement night. After a round table discussion, it was decided to wear sport frocks for the first two occasions and more formal dresses on Commencement night.

The Seniors have also held several meetings to vote upon a place to go on Senior Day, April 28th. At present nothing definite has been decided.

BOYS' DEBATE

The Clarendon High School boys' debating team debated the boys' team of Pampa High School at Pampa on Monday afternoon. The judges rendered their decision in favor of the Pampa team. This practice debate is the last the local boys will participate in before going to the district meet at Canyon on Friday.

ALPHA DELTA PSI LITERARY SOCIETY

The Society had about ten or twelve members present the last meeting night.

The members voted that the Society have a theatre party Tuesday night, April 25. At

that time "The Sign of The Cross" is showing.

The following program was rendered. The first two numbers were a reading by Pauline Slover and a talk on Western Authors by Una Vay Bradley. Helen Lawler told about Cow Boy Life in West Texas. Lu McClellan sang two cow boy songs: "Home on the Range" and "Cow Boy Jack."

ASSEMBLY REPORT

Wednesday, April 12, an assembly was called at 11:00 o'clock for all college and high school students. It was decided that the college students are to sit on the north side of the auditorium. Next Mr. Burton said there had been several complaints made to the school board, so some new rules had been drawn up and were announced at this time. First, all smoking in the school buildings must be stopped. The penalty for doing this is suspension for one week. There is no penalty for smoking on the campus, but students are asked to refrain from it. Also every one was asked not to sit in the cars brought to school. He then asked that tearing paper in small pieces and throwing chalk be stopped. Mr. Burton mentioned the fact that every four weeks there are about 200 absentees and tardies on the High School record, while in the South Ward there are only 16 to 20. He cautioned every one to be more careful about these absences. On closing, he pointed out that this is the last six weeks and it is advisable to study more to be sure to pass.

1,000 War Veterans Expected at Dalhart

DALHART, April 19.—Preparations are being made to entertain at least one thousand delegates at the Eighteenth District American Legion and Auxiliary convention in Dalhart April 29-30, according to Elmer D. Elliott,

chairman of the steering committee. A big barbecue will be one of the outstanding features for the two-day event. Mr. Elliott stated, in addition there will be all kinds of entertainment for every hour of the day and well into the night, he declared. "We aren't going to allow our visitors a dull moment," is his statement. State and national officials will be present and posts from adjoining towns in other states will be honor guests. Formal invitation will be sent soon, the chairman announced.

It Takes More Than Salts, Calomel, Mineral Waters, Oils, or Laxative Pills to Arouse a Sluggish Liver

They Give Only Temporary Relief From Constipation and Biliousness, Because They Have No Effect Whatever on the Liver or its Production of Bile

Bile is nature's own laxative and your stomach and bowels require at least one quart of fresh bile every day to keep them clean, pure, free from fermentation, putrefaction, gas and disease germs.

When your liver becomes torpid or sluggish the bile stagnates and stops flowing freely. The contents of your bowels become the breeding place for germs and poisons; your food does not digest—it just ferments and decays in the bowels. The blood absorbs these poisons and you suffer from constipation, gas, sick headaches, biliousness, nervousness and sour stomach.

Sargon Soft Mass Pills will remove the cause of this condition and purify your entire system in nature's way. They are not like any other medicine you have ever taken. They are so gentle, thorough and natural in their action that there is nothing about them to remind you that you have ever taken a medicine, and most remarkable of all you gradually reduce the dose until you no longer require a laxative at all.

Five years ago it was generally believed that calomel and laxative drugs stimulated the liver, but modern science has proved that calomel, salts, mineral waters, oils and other laxatives have no effect whatever on the liver.

Sargon Soft Mass Pills act directly on the liver because they contain two amazing substances which highest medical authorities agree are the only effective stimulants to the bile-producing activity of the liver known to modern science. These substances stimulate and invigorate the liver to cleanse and purify itself through increasing its production of bile. This fresh bile immediately starts to work neutralizing acids and poisons, stopping fermentation and decay, cleansing and purifying the bowels and sweeping out accumulated poisons.

Unless you have tried Sargon Soft Mass Pills you can have no idea of the effects produced by this natural cleansing of your liver and bowels. It makes you feel years younger, stronger, healthier and happier. It brings back life and color to faded eyes and cheeks, restores the appetite and sound digestion—gives you a new outlook on life itself.

Insist on genuine Sargon Soft Mass Pills. Don't be misled. There are only two known substances which will actually stimulate a torpid or sluggish liver to cleanse and purify itself by increasing its production of bile. Sargon Soft Mass Pills contain both of these substances and no other advertised medicine on the American market today does contain them. Only 60c for a full 30-day treatment. At your druggist, or write G. F. Willis, Inc., Atlanta, Ga. Douglas-Goldston Drug Company.

How to get to SLEEP

When you can't sleep, it's because your nerves won't let you. Don't waste time "counting sheep." Don't lose half your needed rest in reading. Take two tablets of Bayer Aspirin, drink a glass of water—and go to sleep.

This simple remedy is all that's needed to insure a night's rest. It's all you need to relieve a headache during the day—or to dispose of other pains. Get the genuine tablets of Bayer manufacture and you will get immediate relief.

Bayer Aspirin dissolves always immediately—gets to work without delay. This desirable speed is not dangerous; it does not depress the heart. Just be sure you get the genuine tablets stamped thus:

**TWO SUGGESTIONS FOR GARDEN COMBINATIONS**

The average amateur gardener finds it rather a puzzle and difficult task in planning his garden on paper to figure out practical combinations of vegetables which it is necessary to do to obtain full use of the producing capabilities of the soil. As an aid in planning, a number of combinations which have been tried out successfully are set down:

Cauliflower, lettuce, radishes—Early cauliflowers in rows 3 feet apart. Between the rows plant a row of lettuce. Between the lettuce and the cauliflowers sow a row of radishes. This would give you the following distances; cauliflower, 9 inches; radishes, 9 inches; lettuce, 9 inches; radi-

shes, 9 inches, then the second row of cauliflower.

Cucumbers, peas, radishes—Dwarf peas in double or single rows 6 to 9 inches apart between rows of peas and later hills of cucumbers in rows midway between the rows of peas.

Carrots, parsnips, spinach, lettuce or radishes—Plan carrots or parsnips in rows 2 feet apart or in alternating rows 2 feet apart. Midway between the first two rows plant radishes, lettuce in the second two rows and spinach in the third two rows.

Beans, spinach and radishes—Spinach in rows 2 feet apart. Midway between rows of spinach plant radishes. When radishes are harvested let their row be planted to string beans.

Tomatoes, cauliflower or broccoli, spinach, radishes—Set cauliflower or Italian broccoli early in rows 4 feet apart, 1 foot apart in rows. One foot each side of cauliflower or broccoli plant rows of spinach, plant radishes between spinach and cauliflower or broccoli. Midway between rows of cauliflower or broccoli, set tomato plants when weather is warm and radishes and spinach are out of the way.

Spinach, radishes and peppers—Plant spinach in rows 2½ feet apart. Between rows plant one or two rows of radishes and when radishes have been used set pepper plants midway of the rows and 2 feet apart.

Spinach, beets, radishes—Spinach in rows 2½ feet apart. Midway between rows of spinach plant a row of beets and between rows of spinach and beets a row of radishes.

The Bronchos depart for Canyon tomorrow to enter the District Meet. Those who will make the trip are Reavis, Behrens, Linders, Martin, Watson, Gorman, McCrary, and "Owl" Benson, trainer. The Bronchos with a strong squad are expected to win the District Crown this year. Clarendon has not won the District meet since 1926 when the Bronchos sent ten men to the State. Linders, the big giant shot man, has been heaving the shot near 50 feet. Martin is adding inches to his jumps and Reavis is taking seconds off of the hurdles. With very few injuries the Branchos are in A-1 condition for the meet. Why not back them up by going to the District with them? They deserve your support. Why not give it to them?

Since the weather has prohibited Broncho football squad from spring training all week I will the Bible lesson for the day.

(Continued From Page One)

Pierce made the remark that approximately 15 pleas of guilty had been obtained during the last two terms of District court and trial of the cases without juries, thus saving the county and state thousands of dollars. Sheriff's fees, alone, have heretofore averaged about \$1,000 per year, he said. "That's a fine record, Mr. Pierce," said the reporter. "Yes, fine for the taxpayers, but pretty hard on the sheriff and his force," said Mr. Pierce with a wry smile.

**Illegal Liquor Destroyed**  
Thursday morning Sheriff Pierce obtained an order from Judge Fires, authorizing the destruction of illegal liquor, containers and certain equipment confiscated by his office. **Library Notes**  
By MRS. C. A. BURTON

Miss Ruth Melamed of the Public Library of Jamaica, New York, has compiled a list of one hundred of the outstanding novels of the 19th century, and this list was recently given in a Library Bulletin. Checking the list, we found that we have thirty-one of these in the library, as follows:

"The Choir Invisible"—James Lane Allen; "Pride and Prejudice"—Jane Austen; "Lorna Doone"—Richard Doddridge Blackmore; "Jane Eyre"—Charlotte Bronte; "Withering Heights"—Jane Emily Bronte; "The Last Days of Pompeii"—Edward Bulwer-Lytton; "Old Creole Days"—George Washington Cable; "Richard Carvel"—Winston Churchill; "Nigger of the Narcissus"—Joseph Conrad; "Last of the Mohicans"—James Fenimore Cooper; "David Copperfield"—Charles Dickens.

"Adventures of Sherlock Holmes"—A. Conan Doyle; "Three Musketeers"—Alexander Dumas; "Hoosier Schoolmaster"—Edward Eggleston; "Adam Bede"—George Eliot; "Return of the Native"—Thomas Hardy; "Luck of Roaring Camp"—Bert Harte; "Scarlet Letter"—Nathaniel Hawthorne; "Rise of Silas Lapham"—William Dean Howells; "Tom Brown's School Days"—Thomas Hughes; "Les Miserables"—Victor Hugo; "Sketch Book"—Washington Irving; "Moby Dick"—Herman Melville; "Tales of Mystery, Imagination and Humor"—Edgar Allan Poe; "The Colister and the Hearth"—Charles Reade; "Treasure Island"—Robert Louis Stevenson; "Dame Care"—Hermann Sudermann; "The Gentleman From India"—Roth Tarkington; "Adventures of Huckleberry Finn"—Mark Twain; "20,000 Leagues Under the Sea"—Jules Verne.

Besides these we have books by the authors of eleven other books in the list, but not the one considered best. How many of these have you read? Better join us and brush up on your reading of the older writers.

Next week I will give you those which we have from this same librarian's list of 100 for the 20th Century. She says: "This list of novels was compiled for the reader who desires to acquaint himself with thought-provoking novels. The word 'best' is a relative term and varies greatly with personal opinion. My list, therefore, makes no claim to bring the best, but is a selection containing literary value and real substance. This is not an exhaustive but a suggestive list for the reader of more serious fiction."

From "The Fine Art of Reading" by Robert E. Rogers, I took the following:

"Literature is neither a pastime nor an escape. Literature is meat and drink. It is full of calories and vitamins. It is a tonic and stimulus. Even to the sick it is not an opiate, but oxygen and blood-transfusion, that precious life blood of master spirits of which Milton speaks. More people have been restored to health by books than have been poisoned by them."

With the general theme of "Education is Life," the program included addresses by Dr. Bradford Knapp, head of Texas Tech at Lubbock, and Dr. J. A. Hill, head of the State College at Canyon.

**NEW TEXAS ALMANAC NOW PLACED ON SALE**

Many new features are contained in the Texas Almanac and State Industrial Guide for 1933, which has just been issued by The Dallas News. There are more than 1,000 articles, statistical tables, illustrations and maps, answering between 50,000 and 100,000 questions about Texas. Every phase of Texas' economic, political and civic development is covered, including farming and live stock, manufacturing, wholesale and retail trade, population, railroads, aviation, highways and automobiles, motor transportation, inland waterways, minerals and mining, government and names of State, district and county officials, education, conservation and numerous other subjects.

A large folded sheet between the leaves of the volume carries political and railroad map on one side and highway map on the other. These maps were made especially for the Texas Almanac and are up to date and accurate. As one runs through the leaves of the volume one comes across as Historic Landmarks of Texas, Archeological Research in Texas, Noteworthy Texas Caves, the Program for State Parks, Health Resorts and Places of Recreation, Arts and Artists, Libraries, Old Kettle Trails, Boundary Disputes, Kinds of Salt and Fresh Water Fish Found in Texas, Home Canning and Farm Terracing and Home Tenantry.

While many new articles have been included, the chapters of information that have become standard in the Texas Almanac are retained, completely revised and enlarged. There are more than 7,000 names of individuals in the book. Especial attention is given to historical features, particularly those of importance in connection with the tentative plans for a centennial celebration. The volume this year lives fully up to its reputation of being the "Encyclopedia of Texas." Incidentally, a review of its contents reveals a marvelous amount of development in the Lone Star State, even during the last few years of business stagnation.

**FIGURES QUOTED SUPPORT ROBERTSON INSURANCE LAW**

AUSTIN, Apr. 18.—The tremendous increase in real estate mortgage loans by out-of-state insurance companies in Texas since enactment of the Robertson Insurance law has been cited by Texas insurance men who are fighting against repeal of the measure as proof of the value of the law to this state.

The Robertson law requires out-of-state companies doing business in Texas to invest 75 per cent of the reserves of their Texas policies in Texas securities to secure the minimum premium tax of 2 per cent they must invest in real estate mortgage loans.

These compulsory investment clauses of the law have caused a heavy investment in farm loans in the past twenty-five years in Texas by out-of-state insurance companies, Texas insurance men point out.

Where there were comparatively few real estate mortgage loans before the law was enacted, there are now hundreds of millions invested. When the law was enacted out-of-state companies doing a general business in Texas had but \$5,724,404 invested in real estate mortgage loans. Since he

**Governor Grants Pardon To Miller**

Wm. Miller, who was given a one year sentence on a charge of transporting whiskey, during the March term of District court, was among six who received pardons Tuesday from Governor Miriam Ferguson, three being full pardons and three conditional pardons. Miller's pardon was conditional, the terms imposed not being made public.

Full pardons were given to three violators of the prohibition laws, and three conditional pardons to two others for similar offenses, the third pardon being issued to a man under sentence as accomplice in an arson case.

General paroles were issued to ten prisoners under sentence or serving time for various offenses.

**Young Mother Dies As Journey Starts**

Mrs. Naomi Jolly Dyer, aged 20 years, 11 months and 25 days, wife of Clyde Dyer, died of a heart attack Wednesday, April 12, with which she was stricken immediately after taking her seat in the truck which was to take her to her and her young son to her husband in New Mexico.

Mr. Dyer went to New Mexico last fall to obtain employment, and recently wrote to his wife to bring her son and the family effects with them to him, as he had secured regular employment. A relative had come to Goldston for them and was ready to begin the long drive when Mrs. Dyer was stricken. She was taken back into the home of her father-in-law, with whom she had been making her home, and died a few minutes later.

Relatives left at once for New Mexico where she was taken to McLean where she was laid to rest. The husband and baby with all other relatives have the deep sympathy of the people of this community.

**After 40**  
bowel trouble

Constipation may very easily become chronic after forty. And any continued constipation at that time of life may bring attacks of piles and a host of other unpleasant disorders.

Watch your bowels at any age. Guard them with particular care after forty. Whenever they need any help, remember a doctor should know what is best for them.

"Dr. Caldwell's Syrup Pepsin" is a doctor's prescription for the bowels. Tested by 47 years' practice, it has been found thoroughly effective in relieving constipation and its ills for men, women and children of all ages. It has proven perfectly safe even for babies. Made from fresh laxative herbs, pure pepsin and other harmless ingredients, it cannot grip; will not sicken you or weaken you; can be used without harm as often as your breath is bad, or when your tongue is coated; whenever a headache, bilious, gassy condition warns of constipation.

**GOLDSTON NEWS**  
(By Mrs. G. R. Grant)

Rev. King filled his appointment here Sunday morning and night. There was a good attendance at Sunday School in the afternoon. After Sunday School the children enjoyed an Easter egg hunt.

Ed McAdams was on the sick list last week but is able to be out again.

Mrs. W. L. Goldston visited with Mrs. Fontayne Elmore Monday afternoon.

Mr. and Mrs. Wes Wood and little daughter, Mr. and Mrs. Clyde Hudson and Mr. and Mrs. Warren Bray and baby of Amarillo were dinner guests of Mr. and Mrs. Grant last Sunday.

Mrs. Joseph Dilli was on the sick list the first of the week.

We are having nice spring weather this week and hope the sandstorms are about over.

Mr. Stegall's brother left the first of the week for New Mexico. The entire community was shocked and made sad Wednesday afternoon of last week, when the news went out that Mrs. Clyde Dyer had died very suddenly from a severe heart attack at the S. J. Dyer home. It was very sad as her husband was over five hundred miles away at work in New Mexico. His uncle Dave drove through to bring him home which required almost forty-eight hours. The funeral was held Friday afternoon in the schoolhouse by Rev. B. N. Shepherd of Clarendon, after

**Put These Efficient Low-Cost Servants in Your Home**

Electricity has been the magic force that has revolutionized home management. Through its use, present-day home-managers have gained freedom from household drudgery... have saved time, work and money... have protected health and happiness... have made of their houses real homes... all at the cost of only a few pennies a day for electric service!

Take the list below, RIGHT NOW, and check to see how many of these "Electrical Servants" you are enjoying. Every one of them mean added convenience, new economy, additional labor-saving and more efficient home management.

Since the organization of this company, the net average (total income divided by the total number of kilowatt-hours sold) electric rate has been lowered more than 60 per cent! You now can enjoy the superiority of complete electric service for less money than you paid for only inadequate lighting and one or two small appliances a few short years ago! Think of it... for only a few pennies a day you can enjoy all the incomparable advantages of modern "Electrical Servants"!

Ask a trained representative for further information. You will be happily surprised to find how much you can accomplish electrically for such a small amount.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?
