### GOLF TOURNAMENT ON SECOND ROUND

#### 28 PLAYERS QUALIFIED; AL COOKE IS DEFENDING CITY TITLE

The four flights entered in the Hillcroft Golf Club's annual city tournament began the second round of match play today. A total of 28 members qualified Sunday, with Al Cooke, winner of the 1932 tournament, turning in a 72 count, and Bill Cooke a 73. All entrants broke 100, the lowest turning in 98's.

The first flight's qualifying scores ranged from 72 to 80; the second flights, 82 to 87; the third, 88 to 93; the fourth 95 to 98.

In the first round of match play, first flight winners were: Al Cooke, who played Fred Buntin a 21-hole match; Meredith Gentry, who won against J. T. Patman; Ira Merchant, against Dick Cooke, score 5, up 4 to go; Bill Cooke, against Selden Bagby. Cooke turned in a sensational 33 score on the first nine holes, three below par.

Winners of the second flight's first round were: Pinkie Kerbow, against A. N. Wood, 5 up and 4

### Band Will Attend "66" Convention

About twenty members of the Clarendon Band, with Director Gus B. Stephenson, will play at Amarillo next Monday at the convention of the "66" Highway Association, which meets there Monday and Tuesday.

Transportation will be provided by the Clarendon Chamber of Commerce and the Parent-Teachers Association, under whose sponsorship the trip has been arranged. It is expected that a number of citizens will accompany the band.

### BUSINESS WOMEN TO PLAY LIONS

#### BASEBALL GAME ARRANGED FOR MAY 25; PRACTICE NOW UNDER WAY

Business Women vs. Lions—the most sensational baseball game of the year. And are the women intending to win that game? They certainly are. They have already engaged the services of an expert coach and are practicing hard, limbering up their stiffened joints, regardless of the amount of laceration their sore muscles will require. A boy that bunch of women have muscles, developed by "muscling in" on man's divine right to the ancient and honorable game of baseball.

The game will be played Thursday afternoon, June 1, at 5:30 o'clock, at the Junior High School ball grounds. Admission will be ten cents to all, the receipts to be divided 50-50 between the clubs. The Lions Club decided that its part of the receipts would go into the Crippled Children's Fund.

Some of the Lions believe that they will be able to take the ladies to a "trimmin'" without practice, but they will have "scouts" to keep an eye or two on their practice and it may be necessary to polish up their somewhat rusty baseball machine.

### Dramatic Club To Give Benefit Play

A benefit performance of the five-act play, "Tony, the Convict" for the benefit of the Boy Scouts and Odd Fellows orphans' home, will be presented by the Odd Fellows Dramatic Club at College auditorium, Thursday night, May 25. The public is cordially invited to make their plans to attend this excellent play, whose cast has already won high praise for the finished manner in which they present it.

The cast includes F. O. (Doc) Wood, as Tony, the convict tramp; Roy Clampitt, as James Barclay, the hard-hearted; Jack Bailey, as Weary Wayside, Tony's pal; Winfield Mosley, as Judge van Cruger; Homer Jones, as Philip Warburton, a young lover; Claude Gamblin, as Warden Burrows, of Sing Sing prison; Finis Harp, as a dusky son of Ham; Mrs. M. W. Mosley, as Mrs. Van Cruger; Pauline Brame, as Lena Van Cruger, renegade daughter; Mrs. Bailey, as Sally, the servant; and Emma Ayers, as Rosa Sedley, an old maid.

Readings will be given between acts by Misses Wilma Dee Smith, Nova Cook and Claudine Ratcliff. Admission to the play will be only 10 and 20 cents.

W. H. Patrick attended the 49th annual convention of the Texas Bankers Association which met at Mineral Wells last Tuesday for a three-day session, where he appeared before the convention as a speaker.

### PANHANDLE LEGISLATORS WATCH GOVERNOR SIGN BILL THEY CHAMPIONED

It was a great day for Representatives from the Panhandle in the Texas Legislature when Governor Miriam A. Ferguson signed the bitterly contested "Sour Gas" bill, which will permit distressed owners of unconnected gas wells to realize something on their investment.

Shown in the above photo, made while the Governor was signing the bill, and standing behind the governor, are: left to right, James E. Ferguson, Rep. H. K. Stanfield, Senator Clint Small, Rep. John Puryear, J. H. McCracken, Rep. B. L. Rogers, Mrs. J. H. McCracken.

### Senior High Class Donates Two Maps

In appreciation for the instruction received by them during the past four years, the Senior High School Class of 1933 has donated two literary maps to the high school. One of these is of England for use in the Senior English Class; the other is of the United States and is to be used in the Junior English Class.

These maps show the important literary centers in both countries and will be of much assistance in studying English and American literature. They are published by R. R. Bowker Company, New York, with excellent workmanship in both color and type. Not only will the maps prove to be instructive to the English classes, but the inserts will be valuable as well.

### BRONZE TABLET HONORS FOUNDER

#### UNVEILING AT ADAIR HOSPITAL TO HONOR MEMORY OF MRS. C. ADAIR

The bronze memorial tablet to the memory of Mrs. Cornelia Adair has been placed in the hospital.

The originators of the idea of placing the tablet in the hospital and the sponsors for the same, Mrs. James Bruce McClelland and Mrs. James Trent, wish to announce that a service for the presentation and unveiling of the tablet will be held at the hospital at 10 a. m. Tuesday, May 23, 1933. Both hospital boards will be present and will have full charge of the program.

All of the clergy of Clarendon are invited to attend and also all of the doctors, together with a representative of each of the organizations contributing.

The sponsors wish to thank the contributors and to say it was a great joy to have the carrying out of an idea so generally accepted by the community. The response was most gratifying and hearty, showing that one of the noblest virtues, gratitude, flourishes among us!

No individual subscriptions were solicited as it was thought the community could best be represented by the various organizations.

The following is a list of those contributing:  
Clarendon Rotary Club  
Clarendon Lions Club  
American Legion  
County Council of Donley Co.  
Business and Professional Women's Club  
Les Beaux Arts Club  
St. John's Chapter (Episcopal Church)

### Rotary To Elect Officers Next Week

Round table discussion of District Governor H. C. (Andy) Anderson's report on the recent district conference at San Angelo occupied the greater part of the program period at the Rotary Club luncheon Wednesday. A total of 54 clubs were represented at the convention.

The annual election of officers will be held at the meeting next week. Nominations were made two weeks ago. Nominations were made as follows: For president, Dr. J. W. Evans; for 1st vice president, W. E. Ferrell; and vice president, C. C. Powell; for secretary-treasurer, D. R. Davis and J. C. Estlack; for directors, F. E. Chamberlain and R. E. Drennan.

### REPORT IS MADE ON CONVENTION

#### BIG SPRING MEET W. T. C. C. ATTRACTS LARGE NUMBER COM. BULDERS

Quoting the remark heard several times at Big Spring that "the 1933 convention of the West Texas Chamber of Commerce was attended by more intensely interested community builders than ever before," Odos Caraway brought an enthusiastic report to the members of the Lions Club at its Tuesday luncheon.

He said that the annual dinner given to the presidents and directors was attended by 250 to 300 men and was marked by the unusually thoughtful talks heard. "All of the men present seemed to be in 'dead earnest' about their work in the interest of their communities' needs," he said. In the afternoon session, attended by over 400 men from all over West Texas, they sat for three hours and listened to excellent speakers, most of whom talked on various phases of the past year's work with R. F. C. projects and of the coming year's work.

### Court Of Honor To Be Held Tuesday

Twenty-four second-class Scouts and four "tenderfoot" Scouts will receive their badges at the Court of Honor which will be held at the Baptist church Tuesday night, May 23, at 8 o'clock. The Scouts have already passed their tests before the board of review.

The Court of Honor is composed of R. E. Drennan, Joe Goldston, U. J. Boston and W. C. Stewart. The ceremony of awarding the badges is an impressive one and the public, and parents of the boys especially, are urged to attend the meeting.

### BAPTIST REVIVAL TO BEGIN MAY 28

#### YOUNG PEOPLE PLACED IN CHARGE OF ALL ARRANGEMENTS FOR MEETING

A series of revival services will begin at First Baptist Church on Sunday morning, May 28th, under the direct leadership of the Young People's, Intermediate and Junior members of the church. The older members of the church have expressly placed the direction of the revival in their hands for the development in leadership which the plan will afford.

The young people were asked to select the preacher for the revival and unanimously chose their pastor, Rev. B. N. Shepherd. They also decided to invite R. E. Key, of Tahoka, to lead the song services. He is a leader of proven ability, and the pastor joins his members in inviting the singers of all the city churches to assist them during the revival, as well as all other church workers of the city.

A special feature of the revival will be an address by Dr. J. A. Sandifer, president of Simmons University at Abilene, who will speak at the 11 o'clock hour Sunday morning, June 11th. Sandifer is regarded as one of the outstanding layman speakers of Texas, and his presence here is expected to draw a capacity audience.

"It is our earnest hope that the coming revival services may touch the entire city for good, and we earnestly solicit the prayers and co-operation of all the Christian men and women of Clarendon," said Rev. Shepherd.

### Mayes Will Build New Brick Home

Workmen began wrecking the A. A. Mayes home on West Third street Monday morning to clear the site for the erection of a handsome new brick home. Plans for the new house were drawn by O. W. Latson, who is wrecking the old house and who will build the new one.

It will have five rooms, hall, bath and porch with gable roof, with a terrace floor a step lower than the porch floor. The plan elevations indicate that the house will be very attractive in design. It will be 32x40 feet in ground dimensions, with a concrete basement 14x20 feet.

"I'm building now because I am thoroughly convinced that I shall probably not be able to build at present prices very much longer. In fact, we have already had advances on certain building materials and there are strong indications that all materials will advance before long," said Mr. Mayes. "In all my experience I have never known building material to be as cheap as it is now, and any improvement in general conditions is sure to send prices up again. Many items in building materials can be bought now at considerably less than half the peak prices—for instance, I recall that a few years ago shingles sold for \$11 per thousand and better shingles can be had now at \$4 per thousand," he added.

"Picking cotton is great fun", says an advertisement of a Dallas merchant, who offers a wide range of styles for Milady, ranging all the way from evening dresses down to garmentry of the most intimate nature. "Picking cotton" of this sort is not only fun for the lady of the South. It should be intensely gratifying to her that the dictates of fashion make it possible for her to "wear what others are wearing" and at the same time increase consumption of the South's own crop of dress material. Dress in cotton, Milady, and long may the fashion flourish.

Changing the name of the Hoover Dam to the less personalized and geographically incorrect name of Boulder Dam appears a bit raw. It smacks too much of pettiness to be carrying a label as an administrative pronouncement. Dignified with the Hoover name as a compliment to the man who had been honored by election to the highest office in the nation's gift, no Democrat should have smarted so much as to win his consent to rubbing out the Hoover name on the big dam. If Herbert Hoover had been found guilty of such things while in office as to bring shame to the nation and a wish to erase his memory as far as possible, the removal of his name from the dam project would have been proper. To do so under the present circumstances appears unworthy of the Democratic administration.

### LET EVERYBODY VOTE ON BEER

The News endorses the approval given by the Dalhart Texan to the action of the Arkansas legislature in extending the poll tax payment period to June 15, three days before that state is to vote on the retention or rejection of the 18th amendment. The action was taken to insure full opportunity for full expression of the people's will. Texas people will vote in August, but if no provision such as Arkansas' is made, thousands of voters on both sides will be unable to express themselves. The greater part of them were husbanding every dollar possible and, anticipating no statewide or national election, did not pay a poll-tax. Texas has extended property tax payment periods, and has seen fit to yield claim to certain kinds of delinquent taxes. Extension of the poll-tax paying privilege would clarify the doubt that might be cast on the result of the coming August election, whether a "wet" or "dry" victory. The vote should be a full expression of the will of all who want to vote. (Since the above was written, Governor Ferguson has asked the Texas legislature to allow otherwise qualified voters to vote on the beer question, with or without poll tax receipt.)

### HITLER RELIEVES A WORLD'S FEARS

Adolf Hitler's anxiously awaited statement of the German Government's foreign policy, coming on the heels of President Roosevelt's unannounced appeal to the nations of the world for renewal of disarmament compacts, is definitely reassuring to a world which has felt itself drifting toward another war. Chancellor Hitler's statement indicated hearty accord with President Roosevelt's effort to hasten the restoration of world economic balance by the early solution of the armament question. The President's appeal produced a profound impression in Europe, where it was hailed as "making history," and as America's recognition of inability to hold itself aloof from international problems. Events such as have come to pass on May 16-17, 1933, may well inspire the hope that Woodrow Wilson's dreams of a world freed from horrors of war by the rule of reason may yet be realized.

Turning immediately from world problems to national problems, the President sent a message Wednesday to the Congress, asking it to authorize the launching of a gigantic public works program of a possible total of 3,300 million dollars. He asked Congress to have its tax experts work out the necessary tax measures for payment of interest and amortization, but said that if it had not done so by next Monday he would himself suggest a taxation plan. His suggestion included the participation of all units of government, even to municipalities, in public works construction to be confined to needed improvements. He warned against useless and unnecessary public works, but urged the imperative necessity of re-employment, with short working weeks at a decent wage. He also suggested a means of preventing unfair competition in industry, by those who would seek to take advantage of employers disposed to pay decent wages for shorter weeks and thus give employment to additional labor. Whether his plan will bear the scrutiny which will be given it or not, it must be admitted that the President is sincere in his purpose.

## SIDELIGHTS

by MARVIN JONES  
Panhandle Congressman

The emergency measure which has just been passed embodies the farm mortgage refinancing provisions as well as the currency program. It is frequently referred to as the most important and far-reaching legislation ever presented to the American Congress.

The Senate and House have now agreed on all of the provisions of the bill, and it has received executive approval. Soon after the farm measure was sent to the Senate, I introduced the administration's farm mortgage bill and lead the fight for its adoption by the House of Representatives. It was adopted by an overwhelming vote.

Currency expansion measures were also pending in the House during this period and had been discussed by many members on the floor.

The measures were combined and the Thomas currency amendment added. The result of these various steps and combinations is one measure of tremendous importance to the farmer and to the nation in general.

In passing this combination measure, the Senate added eighty-five amendments. In order to iron out the differences in the measure as it passed the House and Senate, it was necessary for a joint conference committee to be selected to represent each body.

Because of the importance of this legislation, I felt greatly honored in being chosen to head the group of conferees from the House when the measure was thus taken up for final revision and adjustment by the two groups before its enactment into law.

The House and Senate both adopted the conference report, which was the last step before executive approval. It was my privilege to be present when it was approved, and the President presented me with a pen which he used in signing the measure.

The farm relief section of the composite bill is admittedly an experiment, and is intended to be used only in the present emergency. Under its provisions the Secretary of Agriculture is given broad powers to administer several plans in an effort to bring temporary relief to the farmer while a permanent program is being instituted.

The mortgage refinancing provisions have been discussed in the press reports. The necessity of farm refinancing was recognized by the President, with the result that such a measure has been approved by Congress.

I believe that a controlled expansion of the currency will be a long step toward recovery, because it brings with it an increase in commodity prices and

increased purchasing power. The reflation, or expansion, amendment which has been added to the farm bill contains four major proposals, any or all of which may be used by the President for the purpose of increasing the commodity price level. The first relates to open-market operations by the Federal Reserve banks; the second provides for the issuance of Treasury notes within certain defined limits; the third relates to the acceptance of silver aggregating two hundred million dollars in payment of debts owed by foreign governments; and the fourth authorizes a change in the gold content of the dollar or the remonetization of silver.

With such a program as this in operation, accomplishing three important steps in the President's program of ultimate national recovery, I have every hope that the farmer will once more assume his proper place in our economic structure, and that America will be well on its way to better times.

Verna Lusk has accepted a position as salesman with Bartlett's Grocery, taking up his duties there Monday morning. He was formerly with the Armstrong grocery and has extensive experience in serving grocery needs of customers. He will be glad to meet his friends in his new location.

## Liver Sufferers Amazed At Results Obtained From Remarkable New Treatment

**Thousands Reporting Sargon Soft Mass Pills Have Brought Them Lasting Relief From Constipation—Sour Stomach—Sick Headaches—Gas—Bad Breath—Coated Tongue—Nervousness and Dizzy Spells After Everything Else Had Failed.**

**If Your Liver Is Not Performing Its Proper Functions—Sickness—Suffering and Ill Health Are the Inevitable Result.**

**Science Has Proved That Sargon, Calomel, Mineral Waters, Oils, Laxative Pills, Herb Teas or Extracts Have No Effect Whatever on the Liver or Its Production of Bile.**

Unless you have tried Sargon Soft Mass Pills you can have no idea of the effects produced by this natural cleansing of your liver and bowels. It makes you feel years younger, stronger, healthier and happier. It brings back life and color to faded eyes and cheeks, restores the appetite and

sound digestion—gives you a new outlook on life itself. Bile is nature's laxative and your stomach and bowels require at least one quart of fresh bile every day to keep them clean, pure, free from fermentation, gas and disease germs.

When your liver becomes sluggish the bile stagnates and stops flowing freely. The contents of your bowels become the breeding place for germs and poisons; your food does not digest—it just ferments and decays in the bowels. The blood absorbs these poisons and you suffer from constipation, gas, sick headaches, biliousness, nervousness and sour stomach.

Sargon Soft Mass Pills remove the cause of this condition in nature's way. They are not like any other medicine you have ever taken. They are so gentle, thorough and natural in their action there is nothing about them to remind you that you have ever taken a medicine, and most remarkable of all you gradually reduce the dose until you no longer require a laxative of any kind.

Insist on genuine Sargon Soft Mass Pills. Don't be misled. There are only two generally recognized substances which will actually stimulate a torpid or sluggish liver to cleanse and purify itself by increasing its production of bile. Sargon Soft Mass Pills contain both of these substances and no other advertised medicine on the American market today does contain them.

Only 60c for a full 30-day treatment. At your druggist, or write G. F. Willis, Inc., Atlanta, Ga.—(adv.).

Under the 1932-33 President's leadership, Mrs. U. J. Boston, the club has appropriated a Student Loan Fund; paid \$47.00 to a College girl; given \$10.00 to the West Texas Museum at Canyon; bought books for City Library; communicated with our Representative at Austin on important Legislative Bills; and become members of the Texas Good Roads Association.

Mrs. B. L. Jenkins, Sr., as Chairman of the Beautification Committee, gave a splendid report. About 1600 trees, evergreens, roses, shrubs, perennials, and water lilies, and \$1,650 bulbs have been planted besides much other garden work having been done.

The most recent project is the sponsoring of a Junior Little Theatre. A Committee has been appointed and this work is expected to get underway with the opening of the club season in the fall.

The club will again sponsor a Story Telling Hour for the children this summer.

After the business meeting, a social hour and refreshments were enjoyed.

## Our Society Pup

While rummaging this week, I found a little book written in the "gay nineties" by Thomas Antrim. It is just chucked full of witticisms, which the author describes as being "That thing you wish you had said, not listened to."

Mr. Antrim wrote this little book merely to amuse and with that same idea in mind the Pup passes snatches of it on to you. We hope you like it.

"To know a great deal is a sign of intelligence. Not to know anything demonstrates even more wisdom—at times.

"Talent has no sex nor envy a gender.

"There is one man in whom dwells the beauty of Apollo and the wisdom of Socrates, namely, than man whom your wife might have married.

"Pretty women and rich men are rarely wrong.

"Women hate men who are foolish and men fear women who are wise."

In the Reading Contest in the Junior High school, which the club sponsored, Lucille Nidever won the prize for the girls and John Lott for the boys. Each received \$2.50. These prizes will be awarded at the Junior High exercises Friday, May 19th.

At the conclusion of the program, Virginia Bryan and Beatrice Antrobus served a refreshment course.

Slanderous and libelous statements of any nature will be rejected. ## I AM A FUGITIVE FROM LEARNING

My throat feels like it had the death rattle in it. My voice sounds like a cross between a Torch-singer and a Whiskey Baritone. The death of the vivacity in my voice has not been brought on by my being in a Pep Squad. It has not been ruined by my "hitting the bottle" filled with hard drinking whiskey too often. I

have not burned up my throat by smoking cheap tobacco. I am not a nagging wife—hence I did not slaughter my vocal cords yelling at my husband for loitering three minutes in the Bowling Alley. I care little for airing other people's affairs—therefore, I did not wear out my throat by spreading malicious gossip.

It is impossible for me to talk any more. My voice is defunct. Gentle Readers, I can tell you collectively in print the answer to the question that has beat upon my ears (like we wish the rain would beat upon the crops) for the past weeks. The question is asked in various forms, but it usually is "Well, what are you doing at home before school is out?" or "Why did you leave Canyon?" If I weren't so much of a LADY I could answer them quickly and explosively with something like this "It isn't any of your D— business." I try to answer the inquiries courteously and make up a different story to suit the individual. I am a

lover of keeping accurate accounts and I have answered 304 people. I did not mind telling this many and I hold no animosity towards them for killing my favorite voice. Read my story "WHY I LEFT SCHOOL".

I am not conceited enough to think that 2756 progressive citizens of Clarendon are interested in me, but it just one of the signs of progressiveness in Clarendon the way the town is so disgustingly interested in keeping up with everyone else. I suggested putting in the Chamber of Commerce bulletin "Come to Clarendon—The City of Trees—Where You Can Forget Your Personal Affairs. The Town Will Take Care of Them For You. If you did not know, I was attending the Teachers College at Canyon. I was there corporally but not spiritually. I finally got so I wasn't there much in body, and the doctor refused to write me any more counterfeited excuses when I played truant. I believe that I shall submit that as my first excuse.

The second is—I didn't want to be a school mistress. The smell of chalk is repelling to my sensitive nature and I loathe the sound of erasers. I am not interested in molding the minds of the youths of the nation. Teachers are supposed to be "Community Builders"; I prefer to be a "Community Corrupter."

All year I thought the State Legislature would help me out by dissolving Teacher's Colleges but when they decided not to economize by doing away with W. T. S. T. C. I was forced to give up the habit myself.

I might send this to Ripley. "After going to colleges for six years I finally persuaded one of them to give me a degree." I am going over in June to get the results of the Endurance Contest. I haven't enough money to send out invitations to the graduation exercises but I am taking this means of asking YOU ALL to come over. Your presence will be appreciated, but most of all YOUR PRESENTS.

ARYMA OJA.

Rev. J. W. Story and Mrs. S. B. Cousins of McLean, Texas, were united in marriage on Wednesday evening, May 10, at the bride's home in McLean. Rev. Crow, pastor of the Methodist church there, officiated.

The bride and groom had known each other for many years, but the announcement of their wedding came as a great surprise to the large circle of friends of the groom here, as he had kept his intentions a profound secret except to his immediate family.

The bride comes of a prominent family in that section of the state and will be heartily welcomed as a resident of Falfurrias.

The losers in the first round will pay for the consolation prizes in 18-hole matches to be played after the second round of match play is completed. It was thought that Al Cooke, city title holder, would not be here to defend his title, but he showed up and seems determined to maintain his place at the top. Ira Merchant, former title holder, is playing in excellent form and is regarded as his probable opponent in the final 36-holes, although Al may have to battle his big brother for the crown. Bill shot a 73 qualifying score—one under his champ brother.

HANDSOME NEW OFFICE

Friends of George and Selden Bagby are complimenting them on the attractive appearance of their new office, formerly occupied by C. C. Powell. New floor coverings, freshly painted walls and new and re-finished furniture combine to make a most attractive business office.

George is also rather proud of his new electric clock—"the very latest thing out, b'gosh." You read it like you read a speedometer, if you know what we mean. If not, go and look at it—George will be glad to show it to you, and will sell you a United Fidelity policy if you don't run.

Mr. and Mrs. Clifford Whitmore of Pampa were visitors in the John Sims home the past week-end.

Mr. and Mrs. George Duggan of Greenville, Texas, were weekend guests of Mr. Duggan's sister, Mrs. Mollie E. Gray.

Mr. and Mrs. John Cross and daughter, and Ralph Ingram, of Denton, spent Saturday and Sunday in Clarendon with their parents, Rev. and Mrs. C. B. Ingram.

Mary Ladell is the name which was given to the little girl who was born Saturday night to Mr. and Mrs. Nathan Cox. As she arrived at 11:35 o'clock, she might well be called a "Mother's Day" gift to the happy family.

Rufus White of Shamrock was a Clarendon visitor Sunday.

Mr. and Mrs. Vivian Jones returned Friday from Galveston where they spent three days attending the state convention of funeral directors and embalmers. Mr. Jones reports that the three days' programs were highly interesting and very instructive. He is assistant mortician with Buntin & Son, of this city.

ROAD IS BUILT ACROSS CHASM

CLAUDE-WAYSIDE CROSSING OPENS SCENIC SPOTS TO VISITORS

A newly-built highway south of Claude across the Palo Duro Canyon to Wayside, the first crossing ever built through the canyon proper, now places within view of every Panhandle citizen scenic spots which have been inaccessible to all but few persons.

The road was built under the direction of Bill Hamblen, of Wayside, in order that citizens in the southern part of Armstrong County might travel to the county seat at Claude without making the circuitous trip from Canyon through Amarillo and on to Claude.

Traversing one of the most beautiful portions of the Palo Duro where the canyon widens to a fan-like shape, the road through the canyon alone extends nine miles from rim to rim, twisting through colorful formations down into gulches and gorges, out on the floor of the canyon where a vista of the canyon's glories may be viewed, and back toward the other rim beside cliffs, through dense verdure and over rolling hills.

Drive Suggested A suggested 100-mile drive for Amarilloans who wish to get a glimpse of the immensity of the canyon, its wide array of beauties, and an idea of its possibilities for development as a state park, leads from the city to Claude and then south where the canyon is entered. The nine-mile canyon will offer an enlightening view of the canyon. From the Wayside rim of the canyon, the drive may be continued north to the Canyon Park and site of the entrance of the Goodnight Trail. The route then extends west to Canyon and back to Amarillo.

The depth of the canyon at the lowest point on the Claude-Wayside crossing is 1,563 feet. Route Traced Entering the canyon south of Claude, the road follows a narrow finger-like promontory shouldered on each side by deep cliffs. Sharp cliffs, peaks and tall trees are seen to the left, and to the south is seen the road winding through colorful strata.

At a distance of 3.2 miles from the north rim are located the ruins of the S. P. Hamblen dugout, one of the early settlements on the canyon flats. Following Salt Fork, the road squirms through geological formations, and enters the picnic spot of Pleasant Draw. Dugouts of early canyon pioneers are seen on the rise to the south rim. Happy Draw with its chalky bluff of a sheer 500-foot drop is along the line of travel which gradually rises to the Wayside rim.

Throughout the nine-mile drive are natural beauty spots, and at every turn new vistas if the canyon greet the driver. —Amarillo News-Globe.

Pastime Theatre Reduces Its Prices

Homer Mulkey, owner of the Pastime Theatre, announces in his advertisement in this issue of The News, new lower prices on certain days of the week. "There will be no lowering of the quality of the pictures shown," he said, "but I simply want to make the privilege of attending the show available to more people."

The Pastime is offering newer releases to its patrons now than it has been able to offer in a long time, due to a recent change in the routing of pictures. Each week it shows pictures which were shown for the first time only the week before. Its news reels, also, are shown when their pictures have an up-to-the-minute news value.

Scouts Have New Meeting Place

The Boy Scouts had a different meeting place Friday night because they started at the Baptist Church and traced markers to their new place. They traced and found the new place of Rev. Shepherd's home, and intended to make this their meeting place through the warmer months.

They went through their regular form of beginning a meeting which was followed by games and races. Later the First Patrol gave a program on "First Aid." The Senior Patrol Leader was elected and three new members received. They had a weiner roast after which they disbanded. We wish to extend an invitation to visitors and those who are interested in joining.

WOMEN: watch your BOWELS

What should women do to keep their bowels moving freely? A doctor should know the answer. That is why pure Syrup Pepsin is so good for women. It just suits their delicate organism. It is the prescription of an old family doctor who has treated thousands of women patients, and who made a special study of bowel troubles.

It is fine for children, too. They love its taste. Let them have it every time their tongues are coated or their skin is sallow. Dr. Caldwell's Syrup Pepsin is made from fresh laxative herbs, pure pepsin and other harmless ingredients.

When you've a sick headache, can't eat, are bilious or sluggish; and at times when you are most apt to be constipated, take a little of this famous prescription (all drug stores keep it ready in big bottles), and you'll know why Dr. Caldwell's Syrup Pepsin is the favorite laxative of over a million women!

regional organization is greatly appreciated by the central county committee and all community committees.

Mr. Caraway urged a greater interest in the West Texas Chamber of Commerce, and more financial support of its program, asserting that its magnificent work in the past merited the loyal support of all West Texans. He suggested the adoption by the citizens of Clarendon of a slogan, "Every citizen trying to do a little bit more for the betterment of Clarendon."

G. L. Boykin, who also attended the convention, explained the recent amendment by the Legislature, to be submitted to Texas voters on Aug. 26, which would authorize a State bond issue of 20 million dollars to match RFC funds if necessary, stating that if the amendment had not been submitted to the voters by the Legislature, no RFC funds would have been available.

Rev. Albert Gettys, professor of religious education at Baylor Belton College, was present as the guest of his former school-mate, H. T. Burton. In the course of a short talk he stated that the College enrolls regularly 1000 to 1200 young ladies from 15 states.

O. C. Watson, Jr., extended an invitation to the Lions to enter a team in the soft-ball twilight league, in process of organization. His invitation was promptly accepted, and a committee named to meet with other teams' committees, as follows: Fred A. Stovv, T. D. Nored and Homer Mulkey.
