

Paved Highways for Donley County

THE CLARENDON NEWS

A City Auditorium for Clarendon

\$2.00 Per Year. All The Local News—While It Is News. CLARENDON, DONLEY COUNTY, TEXAS, THURSDAY, MAR. 22, 1928. Established in 1878. New Series Vol. 39. NO. 12

CRIMINAL CASES SET SECOND WEEK

GRAND JURY MAKES INVESTIGATIONS AND RETURNS FIVE BILLS

The first week's session of the District Court for Donley County has been one unfiled with events of any nature. The Grand Jury was impaneled Monday of this week and T. L. Naylor was chosen foreman of that body. T. M. Pyle is bailiff from Clarendon, Monroe Smith handles that duty for Hedley and Will Johnson brings in the boys from the Giles neighborhood. The Grand Jury worked unceasingly from Monday morning until late Wednesday afternoon, when they adjourned after having turned in five bills of indictment. They will reconvene on call of the court.

The second week has been set apart as criminal week, with two cases transferred from Hall County and one case from this county. Monday will see the case of The State of Texas vs Elam Orcutt. Tuesday will see the trial of the State of Texas vs Red Rodgers and Wednesday will see The State of Texas vs M. L. Bunn. No other cases have been set to this date.

The Civil Docket is one of the lightest that has ever been seen in the county and very little will be done in this connection at this term of court. A jury has been called and will be composed of the following men:

C. C. Phelps, J. C. Perdue, Neil Bogard, J. R. Cox, W. H. Huffman, O. R. Culwell, R. T. Darnell, A. O. Hott, Henry Williams, E. B. Hudgins, J. H. Waters, Holman Kennedy, W. M. Bourland, Austin Rhodes, Lee Holland, Z. N. Williams, J. L. Bain, W. C. Coker, W. E. Grimsley, S. G. Adamson, John Watts, G. W. Peabody, D. H. Kimbrell, W. E. McFarland, W. A. Riddle, John Simmons, Ben A. Kyser, J. F. Elmore, Walter Lowe, J. A. Pool, R. K. Hardin, Chas. Speed, Ed Dishman, F. W. Rathjen, J. L. Talley, A. N. Woden.

KELLY CHAMBERLAIN IS ILL IN COLORADO SPRINGS

Late reports from Kelly Chamberlain, who underwent an operation for appendicitis in Colorado Springs Wednesday afternoon state that the young man is doing very nicely. Mr. and Mrs. Chamberlain were in Amarillo at the Convention and left immediately in their car for the city mentioned above. The illness of Kelly was quite unexpected and more than ordinary seriousness.

John and Lu McLellan of Ash-tolene were among the visitors in Amarillo on the Cattlemen's Convention this week.

Attorneys Moss, Bragg and Fitzgerald of Memphis have been in attendance on the District Court this week.

Mrs. J. G. Shepard was quite painfully injured Tuesday evening of this week when a window fell on her hand and bruised and cut it quite seriously.

Mr. and Mrs. Rodger McConnell of Pampa were guests of Mr. and Mrs. O. T. Smith Sunday. Mrs. McConnell left for Mineral Wells Sunday evening in the interest of her health.

STANLEY MILLER NAMED BY JONES

CLARENDON BOY TO ENTER NAVAL ACADEMY PENDING EXAMS

Friends of Stanley Miller in Clarendon will be glad to learn of his appointment as principal for entrance into the Naval Academy at Annapolis. Stanley has been appraised of his appointment through Marvin Jones, who professed the position of second alternate last Fall when Stanley enlisted in the navy and made application to enter the school. The principal and other alternate failed to show up for their entrance examinations in February of this year and the place is now open for Stanley.

Stanley has been working hard on his school work since he entered the naval training school and states that he expects to make the winners take to the tall timber if they beat him to the place. Two other Donley County boys have been in the station at Hampton Roads, and one of them is in the school with Stanley. The other has shipped and at last account was en route to the troubled waters adjacent to Nicaragua. Stanley will be remembered as having attended Clarendon High School and Clarendon College for some years past. He is a long time resident of the city, and has many friends here who wish him well in his work.

HOLLAND BROS. OPEN SATURDAY

LATEST ADDITION TO FILLING STATIONS IS FINE PLACE OF BUSINESS

The opening of the Holland Building, situated on east First Street, will spell the completion of a block of new buildings in that section of the business district since the opening of the writer months. The building is to be completed and ready for the opening by the last of this week, with the probable exception of a very few places that need the attention of the contractors who took the job.

Erected on a corner, the station has places for serving four cars at one time, from three pumps in the driveway and one from the curb. The drive way is wide and airy and gives sufficient room for the longest car or the highest loaded truck to be safely serviced under the cover of the roof. The entrance to the building takes up the greater part of the space in the structure, leaving sufficient room for a commodious office at the rear, in which tires and other accessories are to be stored and where the cashier and book-keeper for the Magnolia Petroleum company will have their places.

A shop has been provided in the extreme rear of the building, and the Bartlett Nash Company has display space on the extreme western side of the building. The building was so built that it may be extended the full length of the lot in a very short time should need arise for this space.

Holland Brothers have been in business for a number of years here. Lee Holland was the first in the business, having joined Joe. Joe Holland, Sr. will also be interested in the business with his sons. The announcement of their taking the Dayton line of tires is to be found in another section of the paper, as well as the announcement of their opening. Special favors will be given all those who patronize the boys on their opening day.

LOCAL BARBER RECEIVES PRAISE ON PERMANENTS

Frank Whitlock, owner of Whitlock's Barber Shop and one of the most popular barbers in the Panhandle, recently returned from a trip to Dallas, where he spent two days under the direction and supervision of Dr. Ellsworth of Cleveland, Ohio. Dr. Ellsworth is one of the foremost exponents of permanent waving in the United States, having studied this work from the beginning of this sort of practice among the beauty parlors of that country. During his days Mr. Whitlock was in Dallas, he staged two demonstrations under the direction of this famous doctor, receiving highest compliments and great commendations on the work done. The skill and work of the local man was of such extraordinary worth and merit that he was offered a position as demonstrator for the Panhandle section of the state, but stated that he cared more for his business here than he did to teach the beginners of this section of the state. The grade made by Mr. Whitlock have not been received to this time, but will make interesting reading when they have been presented to his patrons.

ALPHA DELTA PSI WINS BANNER AWARD

The members of the Delta Psi Literary Society showed their loyalty to the society, and to the school, last Wednesday evening, March 14, by being present at the program rendered by the "Invincibles". The society had voted to be there 100 percent strong. A section was reserved for the members. This section was decorated in the colors of the organization, blue and pink, and the name of the society plainly inscribed on it. This was the first chance the organization had had to show its loyalty to Clarendon Junior College, and the school may rest assured that they will always be as loyal to any other proposition. We are here to serve, and not to be served. At Clarendon Junior College, its the Alpha Delta Psi for a hearty response of cooperation.—Correspondent.

LOCAL LIONS MEET WITH QUITAQUE LUNCHEONERS

President, Mulkey, Judge Porter, W. H. Patrick and Walter Wilson, of the Clarendon Lions Club motored to Quitaque today to attend the regular meeting of the Quitaque Luncheon Club, and to furnish a speaking program for that body. The Quitaque organization will likely become a unit in Lions International in the next few weeks.

Selden Berby is in Clarksville, where he joined his wife, who is attending the bedside of her father, who is critically ill.

Among those attending the Cattlemen's Convention in Amarillo this week are Mr. and Mrs. Tom Crady, Mr. and Mrs. Joe McMurtry, Joe Horn.

BUGBEE INSTALLED AS NEW POSTMASTER MONDAY

Chas. H. Bugbee was duly installed in the office of Postmaster Monday of this week after his nomination had been confirmed by the Postal Department and after all arrangements had been completed with due satisfaction to the powers that be. Mr. Bugbee succeeds Homer Glascoe, who has held the office for four years and six months. Mr. Glascoe states that he has no plans to announce for the immediate future, but that he expects to rest and take things easy for a time at least.

Mr. and Mrs. E. A. Thompson are in Marlin for the benefit of Mr. Thompson's health.

ATHLETIC MEET HERE APRIL 13-14

PLANS UNDER WAY FOR THE LARGEST EVENT OF KIND EVER HELD IN COUNTY

The officials of the Schools of Donley County were called in a meeting here Saturday of last week by Professor R. L. Snyder of Hedley for the purpose of making their plans for the County Inter-scholastic meet that is to be held here Friday and Saturday, April 13th and 14th. The present plans will call for entries from every school in the county in all departments of the meet, both in athletics and scholastics.

Professor Snyder is director of the meet for the county, and is making preparations for the publication of the programs in the near future. These are not yet ready for the press, but have been outlined that the people may know what to expect. The Scholastic work will begin Friday evening, April 13th with the elimination contests. Saturday morning will see the start of the athletic events and a continuation of the scholastic work. The finals in athletics will be had on Saturday afternoon and the scholastic records will also be completed on the second day and in the evening of Saturday. Prizes of medals and ribbons will be arranged that all winners will have something to show for their efforts.

CO-OPERATIVE FAIR EXHIBIT

DONLEY COUNTY WILL JOIN NINE-COUNTY ORGANIZATION AT STATE FAIR

President J. T. Patman, Sec. G. L. Boykin, D. C. Watson, H. J. Edington and Sam M. Braswell of the Clarendon Chamber of Commerce attended a meeting of the Upper Red-Bease River Valley Association at Memphis Wednesday, representing Donley County in the organization composed of nine counties lying in a group from this county as far east as Wilbarger and Ford.

Plans are in the making for a co-operative exhibit of agricultural products at the State Fair at Dallas this fall, each county having its booth but all nine in a group with a unified color scheme and under the organization banner. Preferred location of exhibit space has been secured. The next monthly meeting will be held at Vernon in late April.

A good attendance was present and President Mack Boswell of Crowell, together with Secretary Jerry Debenport of Childress, are pleased with the prospect of success for the aims of the movement.

ALPHA DELTA PSI HAS INTERESTING PROGRAM

The Alpha Delta Psi Literary Society offered "Sandwich Night" Monday evening, March 19. An interesting program was rendered consisting of: a debate by the girls of high school, Ruth Dunn, Gladys Noble, Florence Fink, and Delia Barnes. Frances Chapman gave an interesting review of a modern novel, "So Big." A lengthy discussion on a modern writer was given by Nelda Donald.

Alfred Estlack read some of his original poems. These poems were exceptionally good, and the society is proud to have a promising poet in its ranks. After the program, sandwiches which each member had brought were served. President Dillard presided over the lunch in the same capacity that he had presided over the more formal part of the program.

OLD O'NEAL HOME DESTROYED THURSDAY NIGHT

Fire of undetermined origin was discovered in the old O'Neal home in the eastern part of Clarendon last Thursday night, and the house was practically destroyed before the department could reach the scene of action. The blaze threatened other houses nearby before it could be brought under control but no other damage was done to residence property. It has not been determined if insurance was carried on the house. At the time of the blaze, the house was unoccupied.

Miss Athlyn Taylor spent the week end with her parents, Mr. and Mrs. W. W. Taylor.

M. E. CHURCH TO HAVE REVIVAL

PRE-EASTER CAMPAIGN TO START WEDNESDAY EVENING OF NEXT WEEK

Announcement was made some weeks past of the short pre-Easter campaign of the Methodist Church in Clarendon. These services are to start Wednesday evening, March 28th, and will continue until April 8th. The greater part of the preaching in these services will be done by Presiding Elder W. M. Murrell, assisted by the pastor, Rev. S. E. Allison.

Song services will be under the guidance of William Craig, former Clarendon College student, and now student in Southern Methodist University at Dallas. Mr. Craig will also assist in the work with the young people and in personal work during the length of the services.

Members of the Clarendon Methodist Church are looking forward to this revival with considerable interest and it is thought that a great amount of good will be derived from the series of services that will be held in these ten days. No day services will be held during the revival, so the membership of the church may attend the series with no due loss of time during the day.

Mr. and Mrs. Carl Saye spent Monday in Wellington.

JOINT MEETING ON MARCH 26TH

LEGION AND AUXILIARY WILL HOLD FIRST JOINT MEETING OF YEAR TUESDAY

The first joint meeting of the recently reorganized American Legion and Auxiliary will be held on Monday evening, March 26th at the Opera House, according to plans perfected at the executive meeting of the Legion and Auxiliary Monday afternoon of this week.

At the scheduled joint meeting the activities for the ensuing year will be discussed and finally settled on, therefore Legion and Auxiliary officers are urging a full attendance and participation in discussion.

The regular meetings of the Legion have been set for the first Monday evenings in each month, and a joint meeting with the Auxiliary will be held on the third Monday evening of each month. The first will be a business meeting, while the second will be social in its nature.

A happy feature of Monday's executive meeting was the appearance of Col. Alvin C. Owsley, past national commander of the American Legion, and now candidate for the United States Senate, who was passing through Clarendon, and who accepted the invitation to be at the local meeting. Col. Owsley made a most instructive and interesting address in the short time allotted him. The address breathed a spirit of optimism and ideals, and greatly encouraged the local organization. Col. Owsley declared that the purposes of the Legion must always be noble, clean and constructive if it would hold the sympathy and support of the community. He also stressed close co-operation with every phase of community life.

MITCHELL BARBER AND BEAUTY SHOP IS NEW

The latest addition to the business houses in the city of Clarendon is the beauty parlor and barber shop opened the latter part of last week in the Latson building some two doors north of the Postoffice. The new shop is to be complete in all details and comprises one of the most modern to be found in the city. A number of changes remain to be made, and the new place will be one of the prettiest of the sort in Clarendon. The floor is covered with a pleasing color of linoleum that will match the fixtures and mirror frames near the barber chairs. The Beauty Parlor located in the rear of the shop is one of the most modern to be found anywhere, and is completed with a permanent wave machine and all conveniences that make work easy and accomplished by the operator in charge. Mrs. Mitchell will have charge of this part of the shop. Two chairs have been received and put into operation. One of these will be handled by Mr. Mitchell, who is well known in Clarendon. The other is to be handled by Mr. Bishop, who comes to Clarendon from Denver where he has had some years experience in barber work and in the beauty parlor line. When the place is completed, the ladies will have a nice parlor in which to wait, and all conveniences will be available for those who care to have work done in this shop.

METHODIST CHURCH

Sam E. Allison, pastor. Announcements for services Sunday, March 25th. Sunday School meets in all its departments at 9:30 A. M. Judge J. R. Porter, general supt. Preaching services conducted by the pastor at 10:45 A. M. and 7:30 P. M. Sermon topics, Morning the Lost Sheep-The Lost Coin-The Lost Boy. Evening, A Little Man, Doing A Big Job.

Devotional meeting of the Senior Epworth League at 6:30. Judge J. R. Porter will address the League.

A very cordial invitation to attend all the above services. Mrs. C. E. Griggs returned from Clinton, Oklahoma, Monday evening where she was called to attend the bedside of her daughter, Mrs. U. J. Drew.

F. E. Chamberlain and W. J. Lewis were among the Clarendon visitors to the Stockmen's Convention in Amarillo Tuesday and Wednesday of this week.

Mrs. Dora M. Nyman of Logan, Utah was in the city the latter part of last week for a visit with her niece, Mrs. R. C. Vinson. Mrs. Nyman will also visit in California and Oklahoma before returning home.

Mr. and Mrs. J. T. Sims and Mr. and Mrs. J. H. Morris attended the Fat Stock Show in Fort Worth last week. Mr. and Mrs. Morris returned to their home in Clarendon on Wednesday while Mr. and Mrs. Sims went on to Mineral Wells where they will spend a time.

COLLEGE HERE GIVEN RATING

DEPARTMENT GRANTS MUNICIPAL COLLEGE AFFILIATION AFTER INSPECTION

Following the telegram appraising school authorities here of the affiliation of Clarendon Municipal Junior College with the state university last week, is a letter giving the details of the ranking of the school, together with recommendations of Inspector Reid, who made the survey.

The plan and organization of the local college and its equipment drew especial praise from the inspector and the recommendations are such that the school board here are pleased over the prospects for even a more successful term in 1928-29. The library brought specific approval, and the report set forth that Clarendon's Junior College was organized and administered on a basis favorable to comparison with other such institutions.

Secretary Powell of the board declared to a representative of the News that since the new institution was launched under the most trying circumstances from all angles, the success of the college for its first year has been little short of marvellous, that every recommendation of the inspector will be met by the board and faculty and with the recognition of the state university, Clarendon Municipal Junior College should open its doors in September with a hundred students and with even a stronger teaching corps than in its first year.

According to Mr. Powell, the board feels that it could not have put the school over this year without the loyal support of the citizenship, and since the tuition of \$100 per school year in the college is about fifty percent the tuition generally charged in other Texas junior colleges, much greater and more outside patronage is to be expected the next session, with its rank now secured.

LONNIE WOOD BRINGS HUGE HEN TO MARKET

An unusual item in the poultry line was brought into the News office Wednesday morning of this week when Lonnie Wood brought a Rhode Island Red hen to town that weighed ten and one-half pounds on foot. Bens of this breed ordinarily weigh around seven to eight pounds, but this specimen ran away ahead of the usual line and tipped the scales at the amount stated above. This is a fair idea if what is often found in Donley County where pure-bred chickens are kept and fed on the grains and other foods that are raised in such abundance in the territory.

PRESBYTERIAN CHURCH

All regular services may be expected at the Presbyterian Church on Next Sabbath, and you have a cordial invitation to attend them.

Immediately following the morning service, the elders and deacons are to meet to report the results of the Every Member Canvass which is being conducted this week.

Mr. and Mrs. J. L. McMurtry and children attended the Cattlemen's Convention on Monday and Tuesday.

PLANS ARE LAID FOR BAND TRIP

FORT WORTH AND W. T. C. CONVENTION ARE OBJECTIVES OF COMMITTEE

Another committee of the Chamber of Commerce that is on the job and working on plans for the coming months is the Convention and Entertainment Committee. In a meeting of this committee that was held last week, this body laid plans for the trip of the band to Fort Worth, which is to come as a part of the Clarendon program to make the local organization the Gold Medal Band of the West Texas Chamber of Commerce.

Although plans are not exactly ready for publication, the people of Clarendon are to have an opportunity to see the Clarendon Municipal Band in action more times this year than has ever been the case in the past. Benefit programs and other incidentals are expected, the committee stating they will have the band in Fort Worth if it becomes necessary to send them there on the train. Various plans have been discussed, and the outcome of the work of the committee is being watched with more than passing interest. Watch for the date of their first appearance.

Construction is under way on the new home of Mr. and Mrs. John Blocker.

1928 Yard Contest Plans Announced

GIRLS' COUNCIL NAMES CANDIDATES FOR STATE OFFICE

One of the features of the meeting of the Girls' Council of Donley County Home Demonstration Clubs was the nomination of Miss Nova Cook of Lelia Lake for the office of State President of the Boys and Girls Club. This election will be held in College Station during August, while the Short Course is being given. Another item that was attended to at the meeting was the visit to the bakery in Clarendon, which follows closely in line with the study of the making of breads. The girls were vastly interested in the making of that work that was not known before this Council meeting.

Out of six clubs in the county, four were represented, members coming from Ashtola, Lelia Lake, Hedley and Martin. Two other clubs did not send representatives to the meeting. Officers for the coming year were nominated and will be elected at the meeting to be held in the office of the Home Demonstrator on the third Saturday in April, which will be April 21st. Nominations were named from each of the clubs for each office in the Council. These nominations are: cont'd

LES BEAUX ARTS ADOPT ZINNIA AS CITY FLOWER

Les Beaux Art Club has adopted a city flower, the Mammoth Crim-son Zinnia, and want to give seeds to any one in Clarendon who will plant and care for them. We hope to see a bright bed of these flowers by each of the schools and other public buildings and on most of the lawns of the city. Burpee's seeds, which are the best we can buy, have been selected and we hope for good returns. We expect the seeds here by April first and the time and method of distribution will be announced later. Watch the paper.

W. L. Fitzgerald of Fort Worth visited the latter part of last week in the home of his sister, Mrs. P. C. Vinson.

Monty Garrison returned Wednesday morning from Amarillo, where he had been attending the convention and visiting with his friends.

THREE CLASSES TO COMPRISE CONTESTANTS FOR BETTER YARDS

The yard beautiful contest staged by the Chamber of Commerce has had its effect on that body already this year and the Civic Committee of the organization in Clarendon has laid its plans for a campaign that is to be bigger and better than anything ever held here before this time. The committee, composed of J. R. Porter, Cal Merchant, Irl Alderson and H. W. Taylor met in the Chamber of Commerce office the latter part of last week and announced their plans for the contest for 1928.

The yards of the city are to be divided into three classes. The first class is to include front yards with a front footage of seventy-five feet and less. This includes side yards that go along with the front yard. The second class is to include yards with a front footage of seventy-five feet or more, also to include the side yards. The third class is to include back yards of all sizes and classifications. In case an entrant has his yard in one of the two classes, and there is no fence or hedge set up as a dividing line, the back yard will be said to start with the rear line of the house projected to the property line on either side. There is no limit to the number of classes a person may enter.

Three prizes are to be given in each of the three classes, making a total of nine to be received by home owners and builders in Clarendon during this summer.

The final date for entrance to the contest has been set as June 1st. The contest will close on August 17th and the prizes will be distributed immediately. Score cards are to be provided in the near future that the contestants may know where they stand in the matter and know where to put the greater part of their effort. A score will be used this season that will be similar to the one posted in 1927.

Any person wishing to enter one or more of the contests will do so by making his desires known to the Secretary of the Chamber of Commerce, and name the division or divisions that are to be entered. Judges will be chosen from out of the city, as they were last year.

JUNIOR HIGH SCHOOL FORMS BASEBALL TEAM OF COLTS

Organization has been completed on the Colts baseball team of the Clarendon Junior High School. H. A. Blanton has been coaching the twenty men who have reported for duty in the past few weeks, and they are looking forward to a very successful season with other teams of the Panhandle section. One game is on the schedule at this time and that is to be played with Claude on the Junior High Park Saturday of this week. Since the first games of the year are ordinarily among the hardest of the season, the colts are looking forward to a real battle with the members of the Claude High School team. Even though the boys are new in their experience on the diamond, they promise the fans of Clarendon that they will play ball from two and put more than one hundred followers in Clarendon from the very start.

The following men have been regularly attending on the training schedule: M. Baird, Captain, G. Allen, L. Martin, J. D. Jackson, M. Crabtree, M. Barnard, J. Noble, W. Keener, D. Nichols, W. Andis, J. Cornelius, A. G. Lane, C. Holtzclaw, C. Hudson, P. Demors, O. C. Watson, B. Martin, S. Butler and M. Lane.

TELEPHONE COMPANY DOES FAST WORK ON DOWN CABLE

Resulting from the fire of last Thursday night, a 200 pair cable near the scene of the blaze was burned in two and put more than one hundred phones in the southern and eastern end of the city out of commission. The State Telephone Company promptly got on the job with their crews and four men worked more than twenty-five hours to connect the gap caused by the fire. Four men started on the job Friday morning and worked unceasingly until three o'clock Saturday morning when they took off for a short rest. Following this they went back to work and finished the job before they stopped.

Mr. and Mrs. Odos Caraway returned late Tuesday evening of this week from Fort Worth, where they were called by the sudden death of a brother of Mrs. Caraway.

NATIONAL EDITORIAL ASSOCIATION — PANHANDLE PRESS ASSOCIATION

Details of the 1928 Yard Beautiful contest for our city appear in this issue. With scores of additional entrants and ideal seasons the 1928 contest will be a whizzer, and will add to Clarendon's laurels for civic attractiveness. A general Clean UP ending April 2, is a splendid starter.

Comment was rife in Clarendon a few years back about the lack of children in the homes of newly married. You can't point the finger of scorn at this late bunch of newly-weds in our city. Teddy Roosevelt's broad grin would turn into a hearty laugh, could he visit Clarendon today. "Atta boy--atta girl!"

When the district judge in that district denied the injunction prayed for to prevent the removal of the court house from LeFors to Pampa, the last legal obstruction to the removal was demolished. Pampa is now the county seat of Gray County, and Highway 88 from Clarendon North connects us with another court house.

While we hate to say anything about it, yet Clarendon people, generally, feel ashamed that no memorial of any kind has been erected here to the honor of the boys who sailed to France and guaranteed honor and victory to the Stars and Stripes. An intelligent and loyal people such as we have will never rest content until suitable memorial rears its frame within our fair city. Right will prevail.

Texas growth and development is the wonder of the nation. In a recent estimate issued by the department of census of the federal government Texas shows a population growth from 4,663,228 in 1920 to 5,487,000 on the first of 1928. With this remarkable showing in eight years there is little doubt that the 1930 census will show an even million gain in the ten year period. Consider what this means—100,000 gain each year, or in round numbers, 300 gain a day. When one realizes that the greater part of this daily gain is coming to the Panhandle and West Texas then we glimpse in a vague way, the great progress and development in store for this section of Texas. It makes optimists out of pessimists, to think on these facts and figures.

"If you want to know whether you are destined to be a success or not, you can easily find out. The test is simple and infallible. Are you able to save money? If not, drop out. You will lose; you may think not, but you will lose as sure as fate, for the seed of success is not in you."—James J. Hill.

By proclamation of Governor Moody the week of April 1 to 8th, is designated as Clean Up Week for Texas. Monday, April 2, is set aside as Clean Up Day and plans are under consideration to make April 2nd, the greatest Clean Up Day Clarendon ever knew. Not that we are especially dirty or that our town is littered with trash, but that Clarendon may stay well in the forefront of attractive and cleanly cities of the Panhandle. Get ready now for a monster Clean Up climaxing on Monday, April 2.

Clarendon Municipal College in 1928 will show a tremendous gain in student body. This the first year of the new school has been somewhat handicapped by the lack of affiliation with the State University, but now that the inspection has brought affiliation, the students will come. Texas people are a little wary in the matter of education, which is their just right, and the Fall opening of the Municipal College here will show a splendid gain in students and general interest in the school.

Next year California will spend seventy-eight million dollars in good roads, and California has more good roads than any other state already. In consequence, California leads in automobile ownership, which means family comfort. If other states, with good roads, could build up automobile ownership as California has done, there would be sixty million instead of twenty-four million automobiles running in this country. Other states might think that over.—Arthur Brisbane.

A REAL DAIRY SHOW IN PROSPECT

There's going to be a real dairy show held in Plainview opening April 3, and don't forget it.

From far and near good dairy cattle will be assembled from the Panhandle and Plains area. In every town in this section good interest is shown. On every dairy of any importance the top notch animals are being groomed and made ready for the big show.

It will be the best exhibition of dairy animals ever held in this section. It will be another stepping stone toward the greater development of the industry in this section.

In connection with the show there will be held a sale of dairy cattle. One could spend lots of money hunting around the country looking for good animals to buy. Here they will be assembled hundreds of good animals, many of which will be offered for sale. One trip will put the prospective buyer in touch with the best that the whole section has to offer.

Such exhibitions as this will do much to build the dairy industry. New men will be interested in dairying.

It is always Plainview's pleasure to assist in every worth while effort to develop the resources of this great section and the citizens of this section look forward to this opportunity of being hosts to the dairymen of the Panhandle and Plains.

Panhandle-Plains dairymen and farmers interested in dairying will be thrice welcome in Plainview during the show.—Plainview Herald.

THE BOY THAT IS IN YOU

We think that the finest thing that has been said to Lindbergh is the admonition of Dr. John Finley at the civic dinner: "May you be true to the boy that is in you."

And we recall the legend of the mother to whom was offered any divine gift that she might choose.

And she answered: "Give to my child everlasting youth. I do not ask for him the everlasting aspect of youth, golden hair, forever, and an unwrinkled brow forever. But let him keep his simple heart unto his old years. This is youth enough."

Many men kill the boy that is in them. The boy is an encumbrance. He has ideals. He is the soul of honor. He is conscience. And if he is kept in a man's heart he at times speaks up saying: "This thing that you are about to do is wrong" or that thing is not what you were taught to do. Don't you remember?"

So the boy becomes an embarrassment to the man's success and is killed. Sometimes in a quiet hour his spirit may return to the man's side and say to him, "I am looking for the one in whose heart I used to be."

And the man may answer: "I am the one. Don't you know me?"

But the boy says: "You are not the one. In his face was tenderness, but yours is hard. His heart was simple, but yours is guile. On his head was the light of my mother's spirit always following him, but your head is darkness."—Editorial from New York Telegram.

PAPERS SUPPORT BILL TO KEEP GOV'T. OUT OF THEIR BUSINESS

A bill, backed by 15,000 newspaper publishers of the United States, has been introduced into Congress prohibiting the Post Office department from competing with private business in the printing of envelopes. The bill was presented on December 15 by Senator Oddie, of Nevada.

It is in line with the policy of President Coolidge that the government should not attempt to do what can best be done by private enterprise. At the present time the government prints return notices on envelopes on order from customers. The sponsors of the bill—National Editorial Association, composed of small town publishers and printers—believe that this is rightly business for commercial printers, and not a function of government.

NOTICE OF ELECTION OF CITY COMMISSIONERS

STATE OF TEXAS
 COUNTY OF DONLEY
 CITY OF CLARENDON

Whereas on the 28th day of February A. D. 1928, there was an order passed to hold an election on the first Tuesday in April, the same being the 3rd day of April, A. D. 1928, for the purpose of electing two Commissioners for the City of Clarendon, and said order provided that notice shall be given as provided by law.

Therefore, in accordance with said order and the statutes, and by virtue of the authority vested in me by same, I hereby give notice that on the third day of April A. D. 1928, there will be held in the City of Clarendon at the City Hall, an election, whereat

Save Money on Your Next Purchase

... Note Our Unusually Low Prices

Why So Popular?

Dayton Tires have proven themselves the GREATEST tires EVER built, because of their remarkable PERFORMANCE under every kind of load—and throughout the most trying road conditions imaginable. They always "deliver the goods." Have you ever looked at a cross-section of one? It tells a remarkable story. Count its EXTRA PLIES—SIX instead of FOUR. Test the strength and count the greater number of strands of strongest cotton used in the Cord Fabric. Note the "velvety feel" of the Pure Gum rubber on the tread itself. Lift a Dayton and realize how much HEAVIER it is than any other tire you have ever had in your hands. Then too—you have admired its RED STRIPE against the white sidewall. This is its distinctive badge of QUALITY—proclaiming to the World—Its Strength—Its Sturdiness—Its Stability. Put a set of Daytons on your car. Ride Safer—Faster—and Further.

Price? Yes, and Quality

When you compare other brands of tires to the Dayton or to the Pharis—do not stop at PRICE alone. The QUALITY of materials used, plus the care in manufacturing should enter into your investigation. Ask yourself these questions. How safe are my tires? Will they "blow out" on some curve, or otherwise endanger the occupants of my car, due to the poor materials in them? Dayton Tires are practically Hand Made. They are built to withstand the fastest speeds. Their peculiar treads grip the road—but release quickly. The EXTRA PLIES are so arranged as to give greater flexibility—thus greater riding comfort—and in the end they deliver many thousands of miles of ADDED wear.

How Can We Do It?

Never before have such attractive PRICES been placed on such High Quality merchandise. The only reason we are able to make such prices to the public is because of our buying connection with the Hicks Rubber Company, known as Texas' Largest Tire House. The Hicks Company has a chain of over 70 stores and associated stores in Texas, of which we are one. They buy tires and tubes in enormous quantities—getting large discounts on veritable TRAINLOAD shipments into Texas. They pass this discount on to us, and in turn we are enabled to make you closer prices on your tires. We have their Pharis Road Gripped Cords and Balloons, which as a MEDIUM PRICED tire has demonstrated that it is a tire—packed full of value for every dollar you pay for it. By actual road tests here in Texas it has shown itself to be the BEST value in a medium priced tire on the American Market today. Try one and be convinced.

Dayton
Thorobred Cords
Stabilized BALLOONS

2 to 8 MORE POUNDS OF PURE GUM RUBBER

5 to 10 THOUSAND MORE MILES THAN COMPETING BRANDS

2 to 4 MORE PLIES OF HIGHEST QUALITY CORD FABRIC

NEVER AN OUNCE OF RECLAIMED RUBBER HAS EVER BEEN PLACED IN A DAYTON RED STRIPE TIRE

Many tires on sale today are manufactured with just "so much" of fabric and of rubber, so that they may be sold AT A PRICE. Dayton Red Stripe Tires are not made after that fashion. They are made with EXTRA Plies. They contain EXTRA weight of Pure Gum Rubber. They have NO reclaimed rubber in them to cheapen their cost, or weaken them when put in service. It will pay you to pay the difference, and put on Daytons. And—we have other brands to fit your purse, if your tire demands are not so exacting.

**NEW TIRE LINE
TO OPEN HERE**

HOLLAND BROTHERS TO HANDLE WELL KNOWN LINE OF DAYTON TIRES

Announcement has been made of a new enterprise in Clarendon operated by Messrs. Lee and Joe Holland, under the name of Holland Brothers—whose place of business on First Street has been lately rebuilt.

Associated with Mr. Lee Holland will be his brother, Mr. Joe Holland, both of whom are well acquainted in this part of the state and need no introduction to Clarendon people.

Holland Brothers will be the exclusively agency in Clarendon and its surrounding trade territory for the Dayton Thoroughbred line of tires and tubes—Also for the Pharis Road Gripper tires.

This firm is to be congratulated for its connection with the Hicks Rubber Company, known as Texas' Largest Tire House. The Hicks organization has more than 70 stores and Associated Stores scattered all over Texas and is indeed a unique organization. Holland Brothers will be one of the numerous sales connections of this State-wide Firm.

It is quite interesting to note the unusual growth of the Hicks Rubber Company. It was started during the year 1917 with one small store in Waco with about three employees, and doing an annual business of about \$20,000.00. After ten years, the Hicks Organization now has in excess of 70 stores and Associated Stores in Texas, with large warehouse facilities at Waco, San Antonio, Abilene, and Amarillo, with an anticipated volume of business to be done during the year 1928 of approximately \$4,000,000.00.

Its merchandising methods are more modern and direct, and Holland Bros. will follow its methods, using the same plans in advertising, store decorations, arrangement, etc.

This large business dealing exclusively in tires and tubes has based its success on volume buying and quick turn over, and absolute-ly the highest quality merchandise obtainable to be sold on a slim basis of profit to the consuming public. The public generally has been quick to note the quality merchandise sold by this chain of stores, and to realize the attractive Retail prices asked for the same. A wholly logical result has been that the Hicks Rubber Company, together with its Stores and Associated Stores has built up a structure of confidence all over the State of Texas which indeed had its foundation in giving better values in tires and tubes to the public at better prices.

If the volume of business done immediately after opening is any indication to judge by, surely Holland Bros., under the guidance of Messrs. Lee and Joe Holland will merit unusual success in Clarendon. Their alertness and willingness to serve the motoring public, together with their efficient organization under them, should indeed brand Messrs Lee and Joe Holland as being two of the forward looking business men of the City.

**GARAGES SOLVE
PARKING SPACE**

MULTI STORIED RAMP STRUCTURES TO INCREASE CITY CAR UTILITY

Corkscrew like ramps winding up through centrally located fireproof garages constitute an automobile parking convenience that bids fair to solve the problem of where to park the car during business hours.

The complete stoppage of car parking on downtown streets is talked of by many cities and practiced by few, largely because there are no inexpensive facilities for parking other than the city thoroughfares. Resting cars cannot be banned successfully from the streets unless there is some place else for them to go. Consequently the downtown garage is coming more into popular favor. In fact, the garage movement is just starting.

Noteworthy among the projects to provide space for cars is the Motor Mart garage in Boston, the largest building of its kind in the world. This fireproof structure, with more the appearance of a mercantile establishment than a garage, houses 2,000 cars. So efficiently is it arranged that when full, it could be completely vacated within an hour, should this be necessary.

The gulf between amount of available street space and that required for parking the vast number of cars, varying in length from twelve and a half to eighteen feet and all fighting for a place to stop, is not imaginary. For instance, a recent survey in Chicago showed that, on the average, 314,000 street vehicles daily enter or leave the downtown section.

Another study has revealed that if cars remained at the curb for 30 minutes, only 18,222 vehicles could be accommodated during business hours within the area circled by the "Elevated".

There is perhaps no city in the land, including the giant that spreads over Manhattan Island, that does not have considerable property, adjacent to the business sections, of little present utility.

By creating multi-storied garages the ground area in multiplied by the number of parking floors, thereby combating the massed population effect of skyscrapers.

Downtown parking is necessary. But since the streets alone cannot carry the burden it is apparent that the downtown fireproof will write a new chapter in the life of a convenience-seeking nation.

"KING or COMMONER?" No. 8
ECONOMIC SIGNIFICANCE OF THE AMERICAN COTTON INDUSTRY—From latest volume in Manhattan Library of Popular Economics, republished in serial form through courtesy of Bank of the Manhattan Company, New York.

ARTICLE EIGHT
CHEAPER COTTON AT A PROFIT

A Washington newspaperman after viewing with admiration, the rich soil of one of the cotton States, accepted an invitation from a cotton farmer to take dinner in his house. As they entered the kitchen door, the correspondent saw shelves stocked high with canned goods—tomatoes from Maryland, beans from Pittsburgh, milk from New York and others. When they sat down at the table he noticed further that the butter came from a package bearing the label of a Wisconsin dairy farm.

This was not long after the disastrous experience of 1926, and the farmer had been loud in his complaints about the difficulty in buying food because of the small price obtained for his cotton crop. The visitor realized how readily the farm's rich soil might have produced food in addition to the cotton growers. Then he began to make inquiries. In a statement issued by a Southern bank he found that:

More than one-quarter of the Southern farmers have no gardens, he learned; more than a third have no cows—being reduced to the necessity of buying milk (or condensed milk); more than half have no pigs—their bacon, lard and other pork products must come from the store; many do not even keep chickens. But this is not all; 12 per cent grow no corn; 54 per cent no hay or other forage; 86 per cent no oats; 58 per cent no sweet potatoes; 79 per cent no Irish potatoes. A Georgia railroad estimates that in that state alone the farmers pay \$16,300,000 a year for supplies which they might raise for themselves.

The reason was not far to seek. For generations, cotton has been the only important crop of multitudes of farmers. It has become an instinct with them and has meant cash or credit throughout the region. Besides, one may buy all the living necessities at the village store on the credit of the growing cotton crop.

So reasoned multitudes who in 1926 found with dismay that sometimes cotton brings neither cash nor credit, while those who had gardens, poultry and cows were at least secure in the matter of food. Low prices to them may have meant disappointment, but did not bring privation.

Therefore, many believe that one step toward freedom from King Cotton's tyranny lies in some degree of crop diversification in those States where 75 per cent of all farms now grow cotton, and many grow it exclusively. Cooperation to this end is now being promoted by the Federal and State Agricultural Departments, the cooperative associations, the newspapers, the banks, the colleges of agriculture and the boys and girls of the "4H Clubs."

But cooperation in the growing of cotton is quite another matter. It is an industry of small units. Here and there, of course, large plantations are to be found but the great bulk of the crop comes from comparatively small farms, worked by the farmer himself and the members of his family. Frequently these farmers are negroes, but 55 per cent of all cotton farmers, white and black, are tenants, and at least 75 per cent live on the credit extended by landlord, merchant and banker against the sale of the crop. Tenancy, hand-to-mouth living and small-scale operation are not conducive to efficiency. They limit the introduction of labor-saving devices and the study of improved methods, such as the selection of better seeds, the standardization of seed quality throughout a given region, and the marketing on a quality instead of a quantity basis.

This situation is undoubtedly one of the greatest handicaps upon the progress of the industry as a whole, because it increases the cost of producing raw cotton and the price at which it must be sold. Therefore, it introduces a distinct element of danger, for if cotton reach such a high mark as in 1920 and 1923, the world—including America—will seek to develop other sources of supply.

One step toward freedom from King Cotton's tyranny lies in some degree of crop diversification.

With continued high prices, also must come the stimulation of research into other fabrics or synthetic processes for a substitute. Germany got along, after a fashion, by the use of paper during the war, but science has made tremendous strides since that time. A prolonged period of high prices might see America's wonderful cotton resources shaken by the competition of other countries, and the intensive activities of the laboratories.

In this, as in so many other matters, prevention is better than cure. America now has the world's cotton market. She can retain it and she can extend it, but only on one condition—she must learn the lessons of efficiency which she already employs so largely in other lines of industry, in order that she may produce cheap cotton at a profit, and distribute it with less waste. It is to this economically sound principle that the industry must look for permanent prosperity.

(Next Article, "MEN AND MACHINES.")

WHY MERCHANTS SHOULD ADVERTISE

According to figures of Bradstreet, the man who does not advertise run a greater risk of failing than one who does advertise. In fact the figures showing that eighty-four of each 100 merchants who fail in business did not advertise, should tend to prove that the spending of money in printer's ink is one of the essentials of business these days.

The American Floor Surfacing Co., believes in advertising and concerning this subject says: Don't forget the fact that it

pays to advertise. Look over the successful business men in your town and you will find that they all advertise. Do not get the foolish idea that everybody in your town knows you don't need to advertise. You must make a noise if you expect to be heard. If you can't afford newspaper display advertising, use the classified ads, but whatever you do, advertise consistently. Do not insert an ad in the paper a few times and expect results, but keep hammering away week in and week out, even though it is a small ad and the results will eventually come. If you do not advertise,

you cannot expect to get very far in business. So take our advice and lay out a definite advertising campaign for at least six months and then go to it, even though the expense is going to hurt you a little. You'll get the money back ten times over.—Artesia Advocate.

Lake Kemp above Wichita Falls is the largest artificial lake in Texas and one of the largest in the United States. It has sufficient reserve to irrigate 100,000 acres besides supplying water for Wichita Falls.

The children of J. C. Perdue are on the sick list this week.

The most enjoyable occasion of the year was the surprise birthday party at Mr. Rube Moors.

Not until you have Frigidaire can you realize what it means

Frigidaire will bring into your home an entirely new idea of refrigeration as a household convenience. Only when it is installed will you realize what it means to be independent of outside ice supply, to have all your foods kept so much colder, to have them kept in perfect condition for days or weeks at a time, to have always an ample supply of sparkling ice cubes, to enjoy delicious desserts frozen for you by Frigidaire.

We want to show you the beautiful new metal cabinet Frigidaire with their lustrous Duco finish and spotless porcelain enamel linings. Come in today. Or mail the coupon for complete information.

"This modern 'ice man' calls once—with Frigidaire—and the ice stays always

FEDERAL FARM BANK LOANS

The Clarendon National Farm Loan Association has loaned more than \$450,000.00 to 104 Farmers and Ranchmen in Donley County in the past five years. The rate of interest is 5 per cent plus 1 per cent on the principal and you are allowed twice each year in which to make the payment, which amounts to only \$60.00 per thousand per annum.

Loan when the time comes to pay off your old loan, as you can save from 3 per cent to 5 per cent annually.

Are You Overdoing?

Overwork Throws a Heavy Burden on the Kidneys.

OVERWORK, rich foods and stimulating drinks put extra burdens on our kidneys. When the kidneys slow up, impurities remain in the blood and are apt to make one languid, tired and achy, with dull headaches, dizziness and often nagging backache. A common warning is scanty or burning secretions.

Use Doan's Pills. Doan's, a stimulant diuretic, increase the secretion of the kidneys and aid in the elimination of waste impurities. Are endorsed by users everywhere. Ask your neighbor

CLARENDON, TEXAS

"THE PATSY"

Clarendon citizens who so greatly enjoy the beauty and charm of dramatic action will be afforded a glorious opportunity to see one of the cleverest plays ever produced on the legitimate stage on Tuesday evening March 27th, when an all-star cast of Clarendon's own talent presents Barry Conner's latest contribution to dramatic art, "The Patsy". The worth of this contribution may well be adjudged by the fact that it is now entering upon its eighteenth month at Belasco's 45th Street Theater.

Depicting with almost impossible realism of American life, filled with action, permeating cleverness and humor, the play has achieved unrivaled success. The agreeable and obliging father, who by his kindness has attained a lowly position in his own household; the dominating mother and wife who is constantly sacrificing the younger daughter that Grace may attain social success; and finally "Patsy" the self sacrificing, mel-

ancholy intermittenly, because of the unjust treatment, philosophical though in her sorrow, making the best of life, constantly looking for the "silver lining"; "not crying over spilt milk because there's enough water in it already." Tony Anderson the serious, idealistic type, cast aside by Grace in her climb to social heights; Billy Caldwell, wealthy, the last rung in the ladder, betrothed to Grace. Angered by the treatment of Patsy, Mr. Harrington asserts himself. The shock throws the household in a turmoil and even threatens to separate the family.

Pathetic, tragic, and most of all humorous, a panacea to epicureans, to the bourgeoisie, to the nobility. College Auditorium, Tuesday, March 27th.

Mr. and Mrs. Kelly Hamblen are visiting in the F. W. Gordon home from Miami.

Judge Kinder of Plainview has been in Clarendon all this week in attendance on the sessions of the District Court.

Society

W. M. S. To Have Social

The Mission study program held Wednesday evening by the members of the W. M. S. Baptist Church proved to be most interesting.

The next meeting will be in the home of Mrs. G. G. Kemp, Wednesday, March 28th, 8:00.

Each member is invited to be present. A silver offering will be taken during the afternoon.

Presbyterian Auxiliary Meets

Mrs. James Morris was the hostess to the members of the Presbyterian Auxiliary, when they met in their regular Bible Study, Wednesday, March 21st.

The Book of Ruth, with Mrs. R. F. Morris as leader, was studied and much good was derived from the discussion.

After a short business session a social hour was enjoyed during which the hostess served a lovely two-course plate lunch.

Dorothy Kerbow Little Hostess

Little Miss Dorothy Kerbow very charmingly entertained a few of her close friends Saturday afternoon with a sewing bee.

After the taking of a few stitches, the loss of a number of needles was apparent. Some conversation interspersed with quite a bit of giggling was followed by the serving of tea by the little hostess to: Frances Grady, Mary Zee Taylor, Kathleen Ryan, Phoebe Ann Buntin, Margaret Wilkerson and Lalar Belle Wilkerson.

A Lovely St. Patrick's Party

Miss Jane Killough was the delightful hostess to a number of her friends Saturday afternoon with a St. Patrick's Bridge Party.

The color scheme, green, was carried out in the tallies, napkins and refreshments.

Those attending were: Misses Florence Fink, Lois Alexander, Edna Montgomery, Julia Mae Caraway, Gwyn Youngblood, Latrice Benson, Elgin Patrick, Wylfa Lee Alexander, Davilla Kelly, Julia Taylor, Dorothy McCann and the hostess, Jane Killough.

American Legion and Womans Auxiliary Meets

Col. Alvin Owsley, one time National Commander of the American Legion, was the distinguished guest of the American Legion Auxiliary when they met in a joint session with the Aubyn E. Clark Post in the home of Mrs. Charles Trent Monday afternoon.

Col. Owsley made a splendid talk pertaining to the American Legion work, and plans were made for a get-together meeting on Monday evening March 26th.

The president, Mrs. Trent, hopes the membership will greatly increase in the immediate future.

Graves-Rodmann

Miss Ina Belle Graves of Pampa, Texas and Mr. J. J. Rodmann of San Francisco, California were married in the home of Mr. and Mrs. O. T. Smith Monday, March 19th, 3:30 o'clock. The Rev. W. M. Murrell officiated.

Miss Graves is the daughter of Mr. and Mrs. E. S. Graves of Pampa and is well known in this part of the state. She is a graduate of the White Memorial Hospital of Los Angeles, California and is a very capable and efficient girl.

Mr. Rodmann is associated with the Dutch Shell Oil Company of San Francisco, where the couple expect to make their future home.

Home Economics Club Study Basket Weaving.

Seventeen members of the Home Economics Club met at the home of Mrs. A. H. Baker, East First Street, Friday afternoon, March 16th, to study basket weaving and raffia work in general.

Miss Lorena Stegall very kindly and generously gave her time to the ladies of the club for the afternoon, demonstrating and lecturing on the fundamentals of raffia work.

Six baskets and several trays were finished during the afternoon. The next meeting will be held in the home of Mrs. Fred Ballew, April 6th.

Miss Nettie Sims Hostess

Green and white was the color scheme used by Miss Nettie Sims Thursday afternoon when she was the charming hostess to the Thursday afternoon Bridge Club, at her beautiful suburban home.

In the games of auction bridge which was enjoyed by the guests, Miss Mary Cooke was so fortunate as to win high score prize.

A very delectable plate lunch consisting of Chicken-a-la-king, stuffed eggs, cheese straws, buttered toast and coffee was served to: Miss Mary Cooke, Mrs. T. H. Ellis, Mrs. Earl Alexander, Mrs. James H. Morris, Mrs. Clyde Price, Miss Catherine Cole and Miss Fannie Florence Sims.

Little Westerner's Honored With St. Patrick's Party

A lovely St. Patrick's party was tendered to the members of the Little Westerner's Club Saturday afternoon by La Verne McMurtry at the home of her parents, Mr. and Mrs. J. L. McMurtry.

After a short business session during which the minutes of the previous meeting was read, sewing and games were enjoyed.

Like Little Tommy Tucker, who was made to sing for his supper,

each guest was requested to give either a reading, solo or a selection on the piano before entering the dining room, needless to say, they did.

The dining table was elaborately decorated for the occasion with a centerpiece of flowers with yellow candles in green holders on either side. Yellow and green candies in dainty candy baskets, place favors and the napkins furthered the yellow and green color scheme.

The guests were: Catherine Calhoun, Annie Moores Swift, Dorothy Powell, Mary Hardy, Jo Ellen Kennedy, Joy McCann, Peggy Ward, Margaret Kelly, June McMurtry and the hostess; La Verne McMurtry.

Mothers Club in Meeting

Mrs. Bill Bromley gave the members of the Mothers Club a real treat this week when she entertained them in her lovely new country home.

The pleasant ride out and the crisp breeze gave the members unusual interest in their study, "The Charm of Pastry for Children" with Mrs. H. T. Burton as the efficient leader.

A most appetizing lunch in two courses was served.

Those making the trip were: Mesdames Wms. Patman, Forest Taylor, Manley Ozier, J. D. Swift, W. W. Taylor, Fred Buntin, E. W. Bromley, Ralph Porter, D. A. Kelly, J. H. Headrick, R. Wilkerson and M. W. Mosley of Hedley.

Ladies Aid Meets in Bible Study

The Ladies Aid of the First Christian Church met Wednesday afternoon in the home of Mrs. Hanney in a study program.

The meeting was opened with prayer by Mrs. John Beverly and Mrs. W. B. Clampitt took as her devotional the thirteenth chapter of first Corinthians.

After a short business session presided over by Mrs. S. B. Arnold the lesson, twenty-first chapter of Numbers was taken up.

A social hour was enjoyed later during which the hostess, assisted by Misses Esta Belle and Ruth Hanney served delectable refreshments to the 13 members and two visitors present.

The society was dismissed by the repeating of the Lords Prayer.

Booster Class in Interesting Meet

The Booster Class of the First Christian Church held a most interesting study in the home of C. L. Knight Tuesday evening, March 20th.

Roy Clampitt was the capable leader and Corinthians 4:1 was the lesson. A round table discussion was participated in and enjoyed by all.

A social hour followed during which Mrs. Knight, assisted by Mrs. W. F. Dubbs and Mrs. Jno. Beverly served an elaborate plate lunch.

Those present were: Messrs Roy Clampitt, O. D. Leisburg, W. F. Dubbs, G. A. Anderson, C. A. Wright, John Beverly, S. B. Arnold, J. H. Casey, C. L. Knight, S. C. Johnson, B. F. McCracken, Ed Peltzel and H. Mulkey.

Mrs. Boykin and Mrs. Dean Hostesses to 1926 Book Club

An interesting study of Irish Folk Lore was held Tuesday afternoon in the home of Mrs. G. L. Boykin with Mrs. Chas. Dean, Jr., as associate hostess.

Miss Naomi Allison was in charge of the program and Irish myths, legends, stories and ideas were given by Mrs. B. L. Jenkins, Jr., Mrs. Manley Ozier and Mrs. James Morris, which proved particularly interesting to the large number of members and invited guests present.

Lovely refreshments were served. Invited guests present were: Miss Temple Harris, Miss Helen Beck, Miss Sara Thompson, Miss Lottie Lane, Mrs. A. A. Mayes, Mrs. B. G. Smith and Mrs. J. R. Porter.

Mrs. Ellis Delightful Hostess

St. Patrick reigned supreme Friday afternoon, March 16th, in the home of Mrs. Dorr Ellis when she delightfully entertained the members of the Friday afternoon Bridge Club and a number of invited guests.

Tallies symbolic of St. Patrick's day were passed to the guests and the playing of auction bridge began and was enjoyed until late afternoon when a lovely two course plate lunch was served. Favors suggestive of St. Patrick's day were presented to each guest.

In the games Mrs. Sam Dyer won high score for club members.

CLAUDE J. DAVIS

Phone 442

Miss Fannie Florence Sims for guests and Mrs. Jimmy Miller drew consolation.

Those present were: Miss Mary Cooke, Mrs. Sam Dyer, Mrs. Forest Taylor, Mrs. Holman Kennedy and Mrs. J. H. Morris as club members, Miss Evalie Morrison, Miss Fannie Florence Sims, Mrs. Clyde Price, Mrs. G. C. Stricklin, Mrs. Earl Alexander, Mrs. Floyd Lumpkin, Mrs. Lenode Goldston, Mrs. C. E. Miller, Mrs. Jimmy Miller, Miss Nettie Sims and Mrs. Richard Bell as invited guests.

J. U. G. Sewing Club in Interesting Meet

Little Miss Margaret Taylor was the charming hostess to a meeting of the J. U. G. Sewing Club Wednesday afternoon of last week. A business session came first wherein new officers were elected. Margaret Taylor was elected to the office of President, Maurine Williams received the office of Secretary and Dorothy Joe Ryan was given the Treasurer's office. Following the business session, sewing was enjoyed until a late hour when refreshments were served to the following guests: Dorothy Joe Ryan, Helen Green, Virginia Cluck, Maxine Williams, Chryseia Williams, Mary Frances Dewey, Anna Moores Swift, Betsy Parks, Doby Waters and Beatrice Gorman.

GABE GARRETT'S COMEDIES ANSWER HERE THIS WEEK
Gabe Garrett and his troupe of comedians are in the city of Clarendon, bringing with them all new plays, comedies and features. This is Gabe's first week out but the plays are presented in such a way as if they had been run an entire season. A ten piece concert orchestra is one of the features of this year's show and adds much to the evenings entertainment.
Gabe's popularity in this section is attested each night by the large crowds that are in attendance.
Edward (Bunk) Ozier is spending a time in the home of his parents after having been in Chicago for several months.
R. H. Templeton of the city of Wellington has been in Clarendon this week attending to legal business in connection with the District Court.

A banquet was held here recently to raise funds for beautification of the Ropesville school grounds.

Rochester

The Rochester section reports that prospects are good for this season's crop.

SECRETARIAL SCREENINGS

Clarendon Chamber of Commerce
G. L. BOYKIN, Secretary

Don't forget if you want to make the trip to the Plainview Dairy Show let this office know at once. We now have 10 or 12 who have signified their intention to make the trip. We want you to go if you are interested in the dairy business and especially if you are interested in improving your business.

There is an announcement in the News this week concerning the yard contest for this year. Please notice the divisions and do not fail to get your yard entered properly. June the first is the closing date for entries and the contest will be judged on Friday August the 17th. Out of town judges will be used to judge the yards.

The Clarendon delegation to the West Texas Chamber of Commerce convention at Ft. Worth this year should be the best in the history of the town. The band should make the trip but it will take the cooperation of the entire town to send them and it not be a burden to any one individual. A number of benefits will be put on the help defray the expenses of the band to this meeting. Give them your support. We hope to raise enough money to take care of the expenses of this trip without asking for additional money from individuals.

The Donley county dairy industry continues to expand. The State of Texas and the nation as a whole report a shortage of dairy cows and dairy products for the past year. There has never been a serious overproduction of dairy products. This industry will pay to the extent that it is made a part of a balanced system of farming.

NOTICE

Harper Brush Works representative now in this territory. Will make canvass of Collingsworth and Donley Counties within next thirty days. (12pd)

LELIA LAKE

Mr. and Mrs. Cope and children and Mr. and Mrs. Jack Phelps of Claude were guests of Mr. Phelps' brother, Mr. E. B. Richardson and family Sunday.
Mr. and Mrs. Irvin Batson and children of Memphis spent last week end here with relatives.
S. R. and Sam Tomlinson, Jr., returned Monday from a week's visit at Rhone and also attended the Fat Stock Show at Fort Worth.
Miss Lee Lewis left Sunday for Canyon to enter the Spring Term of the College.
Miss Stocking, who is a student in the Canyon College, is a guest of Miss Verue Leathers.
Willis Grooms of Amarillo spent the week end with his parents, Mr. and Mrs. Grooms of Naylor and a few days with friends here.
Misses Myrle Cook, Carolyn and Jewel Lancy accompanied Mr. and Mrs. Sherman of Clarendon to Silverton Sunday.
Mr. and Mrs. O'Neal and daughters, Misses Nora Lee and Irene, left Tuesday for a visit of ten days duration at Fort Worth. Mill Walling and W. C. Reeves entered the fiddlers contest at Amarillo Tuesday of this week.
Mr. and Mrs. Roy Darnell and Mrs. E. R. Myers shopped in Amarillo Wednesday.
A new grocery business owned by Mr. Roy and Managed by B. C. Chenault opened for business Friday.
Lon Howard entertained a number of friends Saturday evening with a bridge party.
A number of young folks enjoyed a party in the home of G. A. Davis Saturday night.
Miss Vivian Creamer proved a charming hostess to the Las Senoritas Club, when she entertained with a party of 1876. The old fiddlers contest was the greatest fun of the evening. The dinner served in old fashioned style, made the evening a success. Those present were, Misses Jewel Lewis, Minnie Mace, Betsy Ellis, Jewel Lancy, Ettie and Vertie Kimbriel, Myrtle, Ruby, and Mary Batson, Nora Lee O'Neal, Lena Simmons, Elsie Mace and the hostess, Vivian Creamer.
The Sophomores entertained their guests Tuesday evening on Cottingham Creek. They were chaperoned by Mr. Swinburn. After a pleasant afternoon, wieners and marshmallows were served.
Mrs. W. L. Crane is visiting in Fort Worth.

FRENCH TREATING GERMAN WITH CONSIDERATION

Instruction in German of children in elementary schools of Alsace and Lorraine is given earlier, commencing this year, if they have advanced sufficiently in the reading of French. Heretofore study of German has been delayed until the third year. It may now be taken up in the second term of the second year, according to recent announcement of the new

rector of the Academy of Strassburg. The purpose is to make education bilingual in the Provinces, although French must come first in order of importance. On request of parents the catechism will be taught in German from the very beginning to assure ability of the children to read in that language from their earliest years. —School Life.

BROODING BABY CHICKS

By F. W. Kasmeler, Bryan, Texas.

As has already been stated the proper brooding temperature is as important as the feed and care. Thousands and thousands of baby chicks each year are killed by keeping or getting them too hot or too cold. A comfortable chick does not crowd, but spreads out beneath edge of hover and gives an occasional contented peep-peep. Noisy chicks are either too hot or too cold. Chicks that crowd beneath the hover are too cold. Chicks that crowd too far away from the edge of the hover, are too hot. Operate a kerosene or coal heated brooder at a temperature that will hover the chicks at the edge of the hover. If you heat up the entire house too much, the chicks will want to crowd in the corners of the house and get away from the hover. Keeping the entire house too warm weakens the chicks so much that many will later die. Improper brooding temperature causes bowel trouble and many other chick ailments. We suggest starting the chicks at a temperature of 100 degrees at outer edge of hover on a level with where the chicks remain. Gradually reduce this temperature a little each week. Remember that regardless of thermometer readings, the chicks should be comfortable. The chicks themselves are the best thermometers. When we use kerosene brooders we do not use a thermometer, but rather watch the actions of the chicks themselves. In cold weather watch the chicks closely especially the first four or five days. We recommend using hardware cloth about 18 inches high as a fence or chick guard to be placed all the way around the hover, about 18 inches from the edge of the hover. If this chick guard is not used the chicks are apt to wander away from the hover and become chilled. It takes only a few minutes to chill chicks. In cold weather the first four or five days, if you want to raise the chicks, it is almost necessary to stay with them. At this age, they are not brooder broke, do not know where to go to get warm, in fact they are entirely at the mercy of the operator. No brooder is fool proof. No brooder has brains, hence the importance of being on the job. Chilling not only causes bowel trouble, but also brooder pneumonia. In cold weather, keep floor drafts away from the chicks. Although the house should be kept comfortable, fresh air must be available. In very warm weather, special arrangements must be made to keep the house comfortable. We use large wooden shutters on hinges, on all four sides of the house, opened wide to help keep house cool in hot weather. In hot weather, watch chicks closely at night; they must not get too hot. Opening the house more, reducing the numbers in the house, will keep them comfortable in hot weather.

Electra—Within the next two weeks, Electra will have as its newest institution the American Business College, Incorporated. Odessa—Valera formed its first chamber of commerce here recently under direction of the Coleman Chamber of Commerce. Friona—The local chamber of commerce has provided a public dumping ground for the city.

AMARILLO PROVIDES MARKET FOR PANHANDLE BROOCCORN

Farmers are learning. One of the things that farmers have learned lately is to look for a market for their crops before they plant them. It frequently happens that a given commodity can be grown to advantage in a given section, but it proves a loss because there is no market for it. Now a days when those who have the best interest of the farmers at heart feel like encouraging farmers to grow certain commodities, if they are wise, they will provide a means of marketing the commodity. The more markets we have for the commodities, the better for the farmer. And now comes Amarillo with the statement that it has provided a market for a commodity not now generally grown in the Panhandle. Mr. George J. Lins, who has been in the broomcorn business for many years, has arranged to construct a warehouse in Amarillo for the reception and warehousing of broomcorn. Necessary bonding arrangements will be made so that the warehouse certificates may be used as collateral security in the event the grower prefers to hold his commodity. The Amarillo Board of City Development has invited Chambers of Commerce in the Panhandle to confer with them with a view to arranging for the planting of the necessary acreage of seed and is prepared to furnish farmers requirements. The Panhandle of Texas is peculiarly adapted to the raising of broomcorn, from climate and soil conditions, and in addition it is especially suited from the standpoint of transportation charges. A large portion of broomcorn consumption of the United States is on the Atlantic coast, and the territory in the Panhandle enjoys a better rate via Gulf ports to the Atlantic coast than does other sections where broomcorn is satisfactorily produced. The introduction of broomcorn into the Panhandle will add another to diversification possibilities of this section, and produce another cash crop that can be added to the cow, the sow and the hens as a satisfactory diversification for this section.

El Paso—H. L. Birney, president of the Broadway of America Association and regional director in this state, will attend the conference to be held in Memphis, Tennessee, April 20 and 21. Arlington—A new \$250,000 ornamental iron works plant, employing 150 men, is under construction here as a result of consolidation of factories formerly at Fort Worth and Dallas.

FEDERAL FARM BANK LOANS

The Clarendon National Farm Loan Association has loaned more than \$450,000.00 to 104 Farmers and Ranchmen in Donley County in the past five years. The rate of interest is 5 per cent plus 1 per cent on the principal and you are allowed twice each year in which to make the payment, which amounts to only \$60.00 per thousand annually.

Why not get a Federal Farm Loan when the time comes to pay off your old loan, as you can save from 3 per cent to 5 per cent annually.

The Clarendon National Farm Loan Association.
C. E. KILLOUGH, Sec-Treas., Phone 44. (tfc)

Petersburg—A 20,000 bushel capacity grain elevator is to be built here.

In a number of States testing cattle for tuberculosis in every county has become so much the rule that eradication is practically on a state-wide basis. North Carolina leads in this movement, and cattle in about nine-tenths of its area have been tested. It is probable that before the end of 1928 the few remaining counties will have finished testing, in which case North Carolina will be the first State to be recognized officially as free from bovine tuberculosis.

THOMAS L. BLANTON

Congressman Thomas L. Blanton of Abilene who has announced his candidacy for the U. S. Senate. "I am not after more money," Mr. Blanton says, "but I do want promotion on the strength of my record as a congressman from Texas."

ALVIN C. OWSLEY

In announcing his candidacy for senator from Texas, Alvin Owsley says public affairs should be administered with scrupulous economy consistent with public goods. He is opposed to cancellation of any debt owing to the United States by any foreign country. He stands for world peace, prohibition and a ready national defense.

CROSS COUNTRY RUNNERS TO ATTEND BALL GAME

C. C. Pyle's Cross Continent Bunion Marathon which is being run from Los Angeles to New York over Highway 66 will be an added attraction for the baseball fans of Amarillo and the whole Panhandle. The Amarillo Baseball Club have arranged with Cash and Carry Pyle to run his sore feet artists into Texan Park when they pass through Amarillo. Each day is an individual race. The runners are all started at the same time in the morning and the officials follow them all day so that none of them can catch rides. When the next controlling point is reached that evening the men are all clocked in and when they arrive at New York, the man coming in last may win the race if he has the best time during the entire run. Pyle carries his own kitchen and also his own doctors to soothe the bunions, without any cost to the runners. The night Cold Cash's army camp in Amarillo they will pitch their tents at Texan Park. The runners are due in Amarillo on March 27th and will arrive from a point about 50 miles west that day, which should bring them in town about 2:30 P. M. The St. Paul American Association Ball Club is scheduled to play the Amarillo Bronces on March 27th, so the fans of the Panhandle will have the opportunity of witnessing a real ball game, while at the same time they can view the only race of its kind ever attempted. As the runners arrive at Texan Park they will be brought in front of the Grand stand and introduced by either C. C. Pyle or Red Grange, famous football star who is one of the officials of the race. Grange or Pyle will explain to the fans who each man is and what time he has for the first half of the Marathon. In bringing this race to Texan Park during a ball game the Amarillo Baseball Club is offering the sport loving fans of the whole Panhandle one of the greatest programs ever to be placed before the American Public.

HEALTH DEPARTMENT TELLS OF GAS DANGERS IN SPRING

The use of gas for domestic heating purposes, as in gas stoves, gas heaters, gas water heaters and similar gas heating devices, carries the danger of gas poisoning. This is the time of the year when accidents occur, and now is the time to see that your appliances are made safe. Danger is prevented: 1. By being sure an abundant amount of air is supplied to make perfect combustion. 2. By notifying the gas company if the odor of gas is noticed, and at once. 3. By never using flexible tubing and having all pipes and connections of metal. 4. By having all gas stoves, heaters, water heaters, and every kind of gas burning device connected to the chimney flue. This means safety as the products of combustion or the accidental escape of gas are conducted to the outer air. 5. By not leaving the gas turned too low. 6. By never sleeping in a room with a burning gas flame. 7. By always having proper ventilation. 8. By not running a gas engine in a garage with closed doors.

A SILLY WET CLAIM

A few days ago, in a popular tavern in Seattle, while five common travelers were dining, prohibition came up for discussion. The usual claim that more liquor is being sold under prohibition than ever before was made, and the statement was about to get over by common consent, when one of the party objected. "Gentlemen," he said, "I challenge the statement! There is not one-tenth of the liquor sold now that was sold before the Eighteenth Amendment was adopted." Looking them squarely in the face, he asked, "Have any of you had a drink today?" They were an orderly but liberal set of business men, but each admitted that he had had no drink that day. The challenging brother pursued his vantage: "Have any of you had a drink in the last three days?" All of the party except one agreed that they had not tasted liquor in three days. This one had barely tasted some liquor at the hands of a customer; he was afraid to drink the stuff, he said. "Now, don't you fellows remember," said the challenging brother, "that before prohibition, by this time of the day, you would have had at least ten drinks apiece, and you could not have gone about selling your goods for three days without inviting more than half of

your customers to some saloon or the hotel bar for a drink?" There was no answer. The party unanimously agreed they were wrong in their claim that there was more liquor sold now than in licensed days. This incident illustrates the absurdity of the exaggerated claim the wets are putting over by well financed and scientifically directed propaganda. The pretense that prohibition does not prohibit is about the silliest claim that confronts the friends of prohibition. —The Advance.

ENGLISH STUDENTS BECOME "DEPARTMENT STROLLERS"

Visits of "department strollers," students in English classes who have special dramatic ability, assist in visualizing English work in Boys' High School, Brooklyn, N. Y. The boys pass from one English section to another, giving short performances of scenes selected from great masterpieces which they have previously studied and rehearsed. Other methods of visualization in English work are

used, including talks in "picture form" by pupils on assigned topics, in connection with a stereoscopic lantern operated by a fellow pupil.

DO YOU KNOW HIM?

"He drove straight to his goal," fervently spoke the orator. "He looked neither to the right nor to the left, but pressed forward, moved by a definite purpose. Neither friend nor foe could delay him nor turn him from his course. All who crossed his path did so at their own peril. What would you call such a man?" He paused for effect. "A truck driver," came a knowing voice from the rear.

PERMANENT WAVE

THE WAVE THAT STAYS

When we wave your hair our beauty parlor way you can rest assured that it will stay waved for an indefinite length of time. And we do it in such a way as to improve the texture of the hair. QUIGLEY SPEAKS TRUTH TO LIONS

MEMPHIS ROTARIAN SPEAKS TO LIONS AND STATES FACTS FOR STUDY

Speaking straight from the shoulder and making no apologies for his remarks, W. B. Quigley of Memphis Rotary Club addressed the Lions in their regular meeting Tuesday of this week. He took as his theme, "Why a Lions Club?" and brought the facts home to the listeners with a force that will stick with them long after the luncheon has been forgotten.

Men meet for a number of reasons. Pleasure, Religion, Amusement and other selfish interests are included in the meetings of the service clubs. The hour spent in the church belongs to our Creator. The hour spent in our home belongs to the family, the latter being aptly illustrated by Mr. Van Zandt, president of one of the banks in Fort Worth, who is a man past ninety years of age yet attends to his business as though he were a much younger man. When asked why he was able to attend to his business even though he was many years past the usual age for a man to be working, he was heard to state that he never took his business home with him when he left his bank at the close of business hours. The hours spent in golf or tennis are devoted to the physical welfare of man, and the hour spent in "42" or cards will go to the amusement side of the human being.

It is here that the Lions and Rotary and other allied organizations come in for their due share of attention, in that they provide an unselfish hour. An hour that is devoted to talking and thinking and acting on the many things that go to make up a complex government and nation. It is here that the needs of the town and nation and other allied parts are given their due share of the attention. The school was

the first to be treated, this starting with the superintendent of the system. The Board was then spoken about, good men being urged for each position. The record of Clarendon with one man in the chair of Superintendent for twenty-six years was held as one for any city to be proud to own.

Lack of business methods as applied to public offices was spoken of, with a resultant loss to the towns, county and nation as the final outcome from such a policy. The idea of holding public offices as a juicy morsel to be passed from one hand to another is something that causes great economic loss to everyone. A business man does not discharge a man who has been in his employ for two or three years simply for the reason that another man should be given a chance. Instead, his salary is raised for the reason that he is more efficient and is better able to serve his employer than when he first started to work. The mayor, city commissioners and county officials all come under this practice and the art of displacing them to suit a whim of a few of the public should be discouraged.

However, these items are continuing to be selfish since they will sooner or later return to all men in a proportionate manner. There is still a broader and more complete view of things that is to be taken into consideration. This is tolerance of the beliefs and acts of others. The nation was founded on the idea of religious tolerance, but has fallen into evil days when a man will distrust his neighbor should he be of another creed, race or belief. This is a direct falsity and the sooner the nation can be relieved of this situation, the better all people will be.

In his work in the bank for the past twenty years, Rotarian Quigley has learned much that will make him stop and think over the ways of doing things. The farce of the Guaranty Fund system in the State of Texas has been played out and proved to be one of the most destructive agencies ever devised by any man. True enough, the plan is no longer working and will never again be tried, but its trial in Texas resulted in the devastation of many men and the ruination of fortunes in replacing funds held on trust.

Again in the bank, Mr. Quigley sees the effects of the credit system on the country and is watching the influx of the lower class of people in the Panhandle. These are people who have not made a success of farming in Central Texas and who have been renting farms all their lives. Hearing of the richness of West Texas, they make their trek to the land of golden promise, making the bank their first stop to see how much money they can borrow to make the next year's crop. Wherever credit is easy, conditions are hard and times are never good.

On the other hand, where credit is conservative, conditions are found to be good and times never fail to be good for all concerned. The mistake of loaning money to make a crop was mentioned and the speaker gave himself due credit for making this error for a number of years. Now, the Memphis banker loans money to buy cows, sows and hens to help the producer help himself. The case of borrowing money was illustrated when a man goes into the bank, sits in a fairly comfortable chair and signs his name one time receiving fifty dollars for that effort. There is no doubt that this is more easily accomplished than by working ten days or more for the same amount. The time of repayment is immaterial and rarely ever enters into the consideration and when the paper is due oftentimes there is nothing to pay the banker and the loss is charged off at the end of the year.

Legislation to put money in a man's pocket is impossible, as are laws to make men religious or good or rich. The ability to live and prosper is found in every man and must be cultivated that the best may be obtained from the efforts put forth.

Concluding the address, Rotarian Quigley called the attention of his hearers to the greatest of all characters, Jesus Christ. His example of unselfish service stands as a marker for all workers down through the ages and will remain until time shall have run out. After all has been said and done, the reward one may receive will probably not come from the time a man sits in the amen corner of the church, but it may come as a reward for the unselfish service rendered his fellow man.

A letter from the Gastonia, North Carolina Lions Club was read that asked for a dozen live jackrabbits for release at an Easter Egg hunt in that city. No action was taken in this connection. Another letter was read from Congressman Marvin Jones, announcing appointment of Stanley Miller to the place of principal to enter the Naval Academy at Annapolis.

Lion Murrell paid homage to the four grandfathers of the club, stating that two elements entered into the qualifications for this exalted state. These were the elements of time and ability. Appropriate illustrations were given and Lions Wilder, Stallings, Brumley and Lion Murrell, the speaker were given a hand by the club.

Other guests for the day included: R. N. Stinnett of Clarendon, Dick Willetts of Amarillo, A. A. Mayes of Clarendon, C. C. Small of Wellington, H. E. Tarver of Memphis and W. H. Penix of Wichita Falls.

Adjournment as usual. Mr. and Mrs. Chas. Trent have returned from Fort Worth where they visited with relatives and attended the Fat Stock Show.

"THE DEATH OF LESTER WILLIAMS"

We, with sad hearts wish to write this Card of Thanks not only to tell how we appreciate the tender love, kindness and help of those who have been so good to us during the sickness and death of our dear loved one whom we had to give up the 11th of March. But to try in our weak way to tell how we love them all. It was very hard indeed for us to understand why he was called to go, but we know it was for the best, for the Lord needed him, or he would not have left us. We know he is much happier in heaven than while here on earth, and what we want to do most of all is to be ready when called to go. The Family.

CARD OF THANKS

We wish to extend our thanks to the many friends for their many kind deeds and words of sympathy also the many beautiful flowers. And especially we thank the J. A. friends through the illness and death of our husband and father.

SAFETY OF THE RIGHTEOUS

The righteous shall inherit the land, and dwell therein for ever. The law of his God is in his heart; none of his steps shall slide.—Psalm 37:29, 31.

PRAYER:—Great and Almighty God, we trust in Thee and rejoice because in Thee we are kept secure forever.

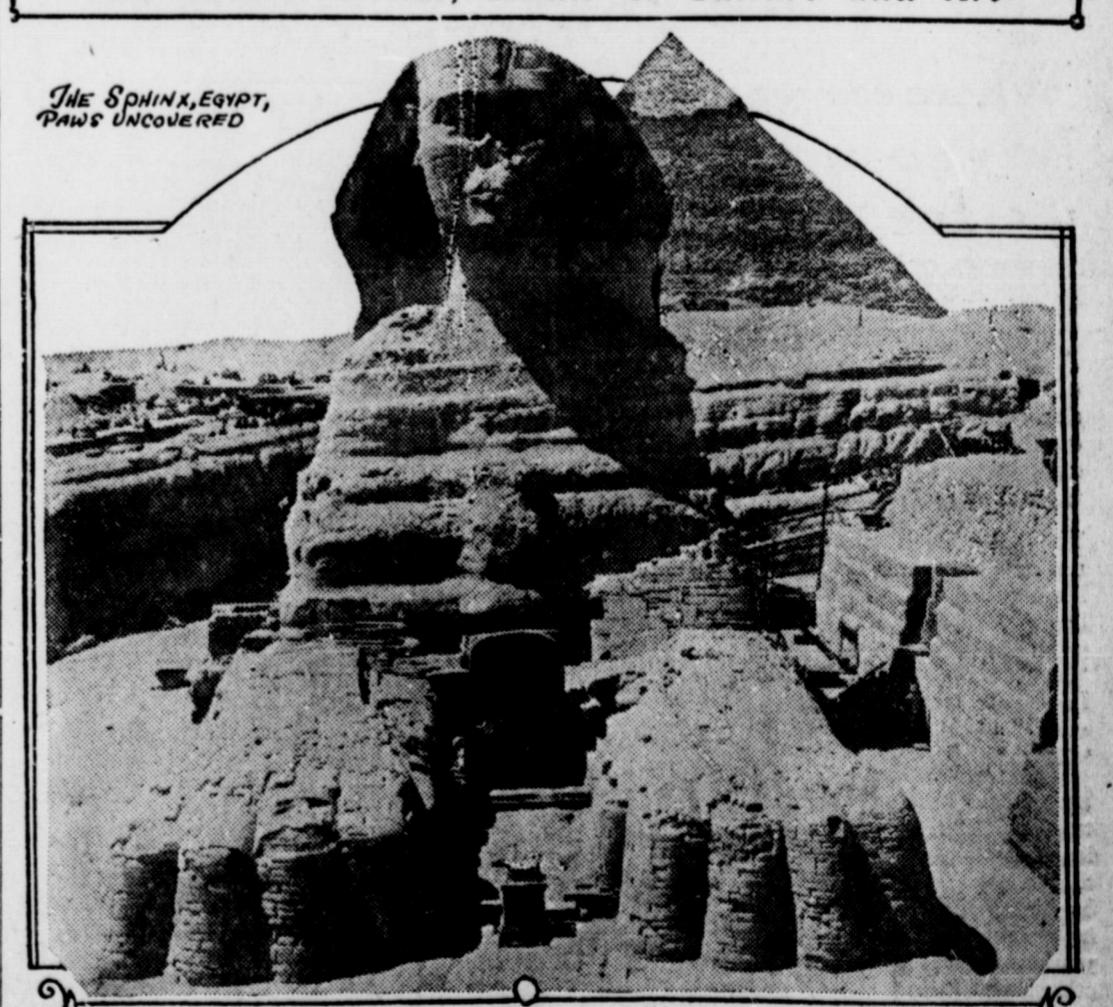

G. W. Antrobus returned Monday evening from a short business trip to Fort Worth and Dallas.

SHE LIKES GERMET
Dear Sir—I formerly lived in Kansas and used your Germet incubator chicks and have never found anything else as satisfactory. Since coming to Missouri I

have not been able to obtain it at all. I wish to know what would be the cost of having it sent here, or if you would like to have an agent for Germet. Hope to hear from you soon, as will soon be hatching time. Yours respectfully, Mrs. W. R. D.

The Mediterranean, Cradle of Culture and Art

The world of today with its radio, television, telephoned photographs, and undersea navigation, towering skyscrapers and other wonders so numerous to mention, prides itself naturally upon its progress; but the Mediterranean, with its environs drama, architecture, astronomy, scientific and commercial developments and the Christian religion. Those who have taken a cruise to the Mediterranean on the Empress of Scotland which leaves New York again Feb. 4, 1928, see the art of Greece, Italy and Egypt, and the glory that was Greece and the grandeur that was Rome, as well as the Holy Land, cradle of Christianity. Sixteen countries, 19 ports of call, 18 days in Palestine and Egypt—a liberal education!

Untold thousands are comparing the progress of the west with the ancient civilizations of the Mediterranean. The Empress in her calls runs the whole gamut of the Mediterranean from Madeira, Spain, Gibraltar and Algiers, Naples, Pompeii, Venice, Athens, Constantinople, Jerusalem and Bethlehem, back through Egypt with Cairo, the Pyramids and the Sphinx La Turbie, Nice and Monte Carlo and other attractions on the itinerary.

The Mediterranean has so many attractions that there is space not for one Egypt the Sphinx and the Pyramids; Egypt know a lot that our civilization does not yet know. For centuries the Sphinx had her paws covered by sand. Recently, excavations have shown what they looked like, but the riddle of the Sphinx is yet unsolved. Cairo, save for the fact that its medieval quarter—the city of Aladdin and the Arabian Nights remains—has modern hotels and spacious boulevards. Days spent in Cairo are days remembered. People of every station and nationality are in the crowds; their garments of varied colors add to the picturesque settings of brilliant colored mosques; and the bazaars with their beautiful wares are a delight to travelers. Kipling should have written, "Ship me somewhere West of Suez."
