

Town To Close For Armistice Day Program

ARMISTICE DAY TO BE OBSERVED

FITTING PROGRAM WILL COMMEMORATE OCCASION; STORES CLOSE FOR DAY.

The signing of the Armistice closing the World War will be commemorated on this, its ninth anniversary, by a parade and a program of appropriate band music and addresses on the principal business street of the city, and by a holiday designated in the Mayor's proclamation. Stores will be closed for the entire day, in accordance with an agreement reached earlier in the year through the efforts of the Chamber of Commerce. The annual roll call of the American Red Cross will be launched on this day.

The parade will include a color guard of ex-service men, Clarendon Municipal Band, and all students from the four schools of the city, marching in the order named. It will form at the corner of the Methodist Church, come to the head of Kearney Street, and march to the Antro Hotel corner. It will then return to the intersection of Kearney and Second Streets, where the speakers' stand will be stationed.

A short band concert will be the first number on the program. This will be followed by the invocation by the Reverend F. T. Charlton, pastor of the Presbyterian Church. The assembly will sing "America," with Charles H. Dean Jr., as leader and Miss Helen Martin as accompanist. The needs of the Red Cross will be presented in a brief talk by W. H. Patrick. A number by the band will be given at this point.

Dr. A. J. Caldwell of Amarillo will be the principal speaker of the day. He saw service during the World War, ranking as major in the Medical Corps. He is rated as one of the outstanding orators of the Panhandle. Dr. Caldwell is exceptionally well known in this section of the state by reason of his fraternal affiliations, being a prominent Mason and a recent Past Potentate of Khiva Temple, Order of the Mystic Shrine, Amarillo. He is also a past president and a prominent leader of the Amarillo Kiwanis Club.

Dr. Caldwell's address will be followed by the singing of "The Star Spangled Banner" by the assembly, the benediction by the Reverend S. R. McClung, pastor of the Baptist Church, and a final number of the band. The program will begin promptly at 9:30, as arrangements have been made to have the parade reach the speakers' platform at this time. It will close not later than 12 o'clock. Other activities of the day will include a football game at College Park in the afternoon. Mayor H. W. Taylor, representing the city; Clyde Douglas, representing the ex-service men, and O. C. Watson, representing the Lions Club, had charge of program arrangements.

Mayor Taylor's proclamation ended with the following request: "I further call upon the entire citizenship to participate in the open air exercises celebrating the occasion, and to indulge in other exercises befitting the day."

CHILDRESS BOWS TO BRONCHOS, 6-0

CLARENDON TEAM TO MEET TULIA HIGH HERE ON ARMISTICE DAY.

The Clarendon Bronchos won a hard fought game from the Childress Bobcats on the College field Friday, by a score of 6-0. The Bronchos held the advantage throughout the game, but their inability to make yardage at the right time prevented their scoring further.

The Clarendon team was on the five yard line with a good chance of scoring when the half ended. They had taken the ball from scrimmage about fifty yards up the field. The only score of the game came in the third quarter when Dillard took the ball over the five yard line on the triple pass. A long run by Darnell had put the Bronchos in position to score.

The Bronchos outplayed Childress in every department of the game, but even so their playing was very ragged. They made nine first downs to one by Childress, and were within the Childress twenty yard line three times besides the time they scored. The Bronchos are still without the services of Captain Arnold but hope to have him back in the lineup for the Armistice Day game with Tulia High, at Clarendon.

CITY HALL TO BE REMODELED SOON

BUILDING WILL FILL MANY PUBLIC NEEDS WHEN COMPLETED IN NEAR FUTURE.

Architect Guy Carlander of Amarillo is preparing plans and specifications for remodeling the Y. M. C. A. Building, now owned by the city and used as the City Hall. The present athletic court will be converted into a fire station on the first floor, with openings on Sully Street. The present floor will be lowered about 42 inches and a concrete floor installed. A floor will be placed at the second story level and the east one-third of the second floor will be used as an apartment for one paid fireman and his family. The west two-thirds of the second floor will be occupied by the Chamber of Commerce.

The office now used by the mayor will be used by the city secretary. A reinforced concrete vault will be built into this office. The room now used by the Chamber of Commerce will be rearranged for the mayor's office.

The present lobby will be used for a city court room and will have a seating capacity of about 40. This room will be open to any public gathering that can be accommodated by this seating capacity.

The lower floor of the main building will be refinished, the swimming pool floored over, and two street entrances placed in the front at sidewalk level. This part of the building will be used for a library and reading room, provision being made for the storage of books.

The outside of the building will be stuccoed and the inside will be refinished throughout.

At the present time only two rooms of the building are being used. After the above changes are made, the entire building will be used by the city, the fire department, the Chamber of Commerce and other organizations. Plans and specifications will be ready for bids within the next two weeks.

Mrs. W. C. Watkins of Hedley was in this city Monday.

BOTH CLARENDON TEAMS PLAY 11TH

HARD SCRAPS DOPED FOR COLLEGE AND BRONCHOS ON ARMISTICE DAY.

The war is over, but battles continue to commemorate the cessation of hostilities of the World War. Two of Clarendon's football teams intend to launch an offense second only to Chateau Thierry, and hardly less important, the holiday that marks the ninth anniversary of the signing of the Armistice.

The Bulldogs go to Plainview, badly crippled, it is true, but with the full intention of catching the Jack rabbit. Knowing they will meet the spirits of '76, 1812, '98 and '17, combined, they are not taking the contest lightly—but the team that won't be beaten can't be beaten. They are relying on the fighting spirit to overcome the handicap of cripples and are working hard and late, determined to establish a precedent for future Clarendon Junior College teams to shoot at. They are unbeaten in their class, having lost but one game, and that to the Buffaloes of W. T. S. T. C. They have determined to lose no more. "Fowler River" promises to echo throughout the Wayland homecoming.

The Bronchos intend to furnish a lively hour for the local veterans and emulate the spirit of the A. E. F. in their Armistice Day game. Tulia High School, reigning supreme in the South Plains, is trying to increase her domain by conquest in Clarendon. However, heavy artillery is being groomed by the Bronchos in the form of Captain Arnold, who expects to return to the fray after a two weeks absence, due to injury. The "big guns" of the local offense only got their range Friday for the first time this season. They are promising to do plenty of damage. The zero hour is two o'clock. All A. W. O. Ls are subject to court martial.

Enoch Darnell, who is a student in Montezuma College at Las Vegas, New Mexico, spent the weekend here with his parents, Mr. and Mrs. R. T. Darnell. He is a member of the Montezuma football team, and had been at Canyon for a game.

W. L. Raines of Hedley was a business visitor in this city Wednesday.

Lions to Assist Red Cross Armistice Day

The Clarendon Lions Club, working in conjunction with the Donley County Chapter of the American Red Cross, will ship several boxes of old clothing to flood sufferers in the Mississippi Valley, and will have a booth at the corner of the Rexall Store on Armistice Day, for the purpose of receiving the clothing. Lions Kemp and Watson will be in charge of the booth.

Types of old clothing needed, according to the Red Cross, are: Coats, dresses, underwear, stockings, for women; coats, underwear, girls' dresses, boys' suits and shirts, socks, and sweaters, layettes and baby clothes; coats, suits, shirts, underwear, and socks for men. All donated clothing should be clean and in reasonably good condition. Shoes and hats will be accepted by the Lions Club and shipped separately.

Everyone who has any of the above named articles to contribute is asked to bring them to the Lions Club booth, where they will be received by the committee in charge and turned over to the Red Cross. Announcement to this effect has been made in each of the schools and through a slide at the picture shows.

JUNIOR HIGH COLTS PLAY SECOND STRING BRONCHOS

The Junior High School Colts are bravely tackling the second string of the High School this afternoon. Indications were that the ensuing struggle would be an interesting one, with forces rather evenly matched. The Colts are now exceptionally good on the forward pass, having worked diligently under the tutelage of Coach Nick Carter to perfect this phase of their offense.

They will play Panhandle Junior High at Panhandle Wednesday, and on the following Wednesday will play the same team on the home field. The Panhandle team does not appear as a powerful threat, as they were badly beaten by Amarillo Junior High, after the Colts had taken the Amarillo boys down the line for two defeats. Nevertheless, the Clarendon youngsters are working hard to overcome any possible weaknesses in their own game. They have lost but one game this year, and that to Groom High School.

Mr. and Mrs. Luther Lowry came to Clarendon last week to make their home. Mr. Lowry having accepted a position with the Clarendon Motor Company. Mr. Lowry is a former student of Clarendon College and is well known in this city. He and Mrs. Lowry formerly made their home in Claude.

Judge J. R. Porter is attending the sessions of the Northwest Texas Conference at Big Spring, this week. En route he visited in Tulia with his mother, who accompanied him to Big Spring.

Chas. Solo—Vern Springer.

As in years past, fathers and sons living outside the city are especially urged to attend the banquet. Many have attended on other occasions and it is hoped that an even greater number will be present this year, at the sixth celebration. The committee wants it distinctly understood that the banquet is not a Clarendon affair, but one for the entire community. Furthermore, men who have no sons, but who know a boy without a father, are urged to bring this boy to the Fathers and Sons banquet.

Tickets will be 75c and are on sale at the Rexall Drug Store and the Antro Hotel. The Hi-Y boys will canvass the town. The sale of tickets will close Monday noon, in order that an estimate may be made as to the number of plates needed. H. B. Kerbow, J. T. Patman, and Clyde Douglas are members of the executive committee.

PATHFINDER CLUB STUDIES VIOLINS AND VIOLINISTS

A study of violins and violinists will be made by members of the Pathfinder Club in their next regular meeting, which will be held Friday, November 11, at the home of Mrs. Homer Glascoe, Mrs. G. L. Boykin, herself an accomplished violinist, will have charge of the program. Mrs. C. C. Powell is associate hostess on this occasion.

J. R. Cox made a business trip to Amarillo Tuesday.

FATHERS AND SONS BANQUET MONDAY

SIXTH ANNUAL EVENT TO BE HELD AT ANTRO HOTEL; GOOD PROGRAM PROMISED.

The sixth annual Fathers and Sons banquet to be held in Clarendon has been arranged for Monday evening, November 14, at 7:30 o'clock, and will be held in the banquet room of the Antro Hotel. The Fathers and Sons banquet has become one of the great community institutions of Clarendon, and it is expected that the affair of this year will be the best ever held.

The hotel is preparing an excellent menu for the occasion, and an unusually good program has been arranged by Charles H. Dean Jr., president of the Fathers and Sons organization, and members of the executive committee. The program is as follows: Male Quartette—Barber Shop Four.

Father and Son from Standpoint of Hi-Y—Truett McClung. Violin Solo—Miss Ruth Haning. Address of Evening—Judge C. C. Small.

Chas. Solo—Vern Springer. As in years past, fathers and sons living outside the city are especially urged to attend the banquet. Many have attended on other occasions and it is hoped that an even greater number will be present this year, at the sixth celebration. The committee wants it distinctly understood that the banquet is not a Clarendon affair, but one for the entire community. Furthermore, men who have no sons, but who know a boy without a father, are urged to bring this boy to the Fathers and Sons banquet.

Tickets will be 75c and are on sale at the Rexall Drug Store and the Antro Hotel. The Hi-Y boys will canvass the town. The sale of tickets will close Monday noon, in order that an estimate may be made as to the number of plates needed. H. B. Kerbow, J. T. Patman, and Clyde Douglas are members of the executive committee.

PATHFINDER CLUB STUDIES VIOLINS AND VIOLINISTS

A study of violins and violinists will be made by members of the Pathfinder Club in their next regular meeting, which will be held Friday, November 11, at the home of Mrs. Homer Glascoe, Mrs. G. L. Boykin, herself an accomplished violinist, will have charge of the program. Mrs. C. C. Powell is associate hostess on this occasion.

J. R. Cox made a business trip to Amarillo Tuesday.

Key Rate of City To Be Cut 18 Cents

Definite assurance has been given by the State Fire Insurance Commission that upon the completion of improvements in the water works system, the installation of a 600 gallon per minute auto pumper for the fire department, and the establishment of the new city fire station, with one paid fireman, the present key rate of 48c will be reduced to 30c, making a saving of 18c on each \$100 of insurance carried in the business portion of the town, and 9c on each \$100 carried in the residence sections.

In addition to this, mercantile stocks may be insured for 100 per cent value, against the 75 per cent valuation under the present rate. There will also be some reduction in the rates where there is a charge for exposures.

This is part of the program of the City Commission in making improvements in the water works, furnishing additional fire fighting apparatus and better facilities for the fire department that would tend to make a substantial saving in the matter of insurance, and at the same time give better protection to property owners in the city.

REV. A. L. MOORE LEFT MONDAY FOR ROSWELL, N. M.

Monday of this week Rev. A. L. Moore and daughter, Martha Alice, left for Roswell, N. M., where he is presiding elder of the Roswell district of the Methodist Church. Brother Moore completed his year's pastorate at the Clarendon Methodist Church, Sunday, turning his report for the conference year over to Dr. Griswold to be presented at the annual conference in session at Big Spring this week. Brother Moore expressed himself as well pleased with the year's work. The local church was able to report all salaries paid in full, but a shortage in the conference claims was unavoidable.

During the college removal controversy Rev. Moore conducted himself with full sympathy to the local situation and leaves many friends in Clarendon who wish him well in his new work. His transfer to the New Mexico conference was made necessary by the state of Mrs. Moore's health, who was forced to go to El Paso in June by a breakdown, from which point she and their son, Allyn, will join Brother Moore and Martha Alice.

PUMP STATION TO BE COMPLETE DECEMBER 10

Part of the machinery for the new pump station has arrived and notice of shipment of the remainder has been received. Installation should be completed about December 1, according to City Commissioner A. L. Chase.

The new brick building should be completed about November 20.

NATURAL GAS IS ON THIS MORNING

MANY CREWS WORKING AT TOP SPEED TO COMPLETE WORK AS SOON AS POSSIBLE.

Clarendon has natural gas. This fact was proved last Saturday evening when the gas was lighted in the pipe placed for that purpose on the grounds of the grammar school building. For more than two hours the product blazed and furnished illumination for that part of the city. This was in the idea of a demonstration to many of the people of the city that the product had actually been turned into the mains and that it could be supplied if need should arise.

All of this week crews have been busy in all parts of the city making the final connections of the pipe in many places and preparing to cut in when the time limit should expire. The ditcher that is being used under the new contract has been used on a part of the line into the city and has skipped from one end of the town to another, making the final cuttings before the pipes could be laid.

According to the words of the owner of the company, Mr. James Upham, the gas could have been turned into the city for use early this week but for the delay caused in the shipment of meters to Clarendon. An emergency supply has been requisitioned from Memphis and will be used until the supply for Clarendon can be secured. Another reason for the seeming delay is found in the fact that the many ends of the pipe in the city will of necessity be stopped before the gas could be released for consumption. To start service earlier than this date would mean that stops would be numerous and disastrous to the users of the fuel.

For the present, the use of the gas will be confined to the business section of the city and to the territory immediately adjacent. As the pipes are laid and the ditches cut the use of gas for fuel will be distributed over the city and it is thought that almost the entire city will be piped early in December.

WORK ON HIWAY 88 IS UNDER WAY

COUNTY MACHINERY LEASED BY STATE AND HIGHWAY WORK GOES FORWARD.

District Engineer W. A. French of the State Highway Department was in the city last week and had quite a session with the commissioners of the county as to the condition of the road known as Highway 88 and is a part of the State's designation of roads in this section.

The early part of this week the county machinery was placed at the disposal of the department and the reconstruction of this road was started. According to the statement of Mr. French, the road is to be worked the entire length of eighteen miles from Clarendon to Jericho and is to be entirely rebuilt and put in the best possible condition.

With the use of the county machinery, the work can be completed much sooner than could have been done if the reconditioning had been extended until the State machinery could be received. The State department is working in the upper Panhandle and in Collingsworth County. Even with the ground as hard as it is at the present time, the roads can be materially helped and it is thought that the work will be finished in the next two weeks.

Other highway work in the county is at a standstill, according to Mr. Couch, superintendent of this immediate district. All the department is attempting to do just now is to keep the roads open and passable, waiting for further moisture before doing any great amount of actual construction.

JUNIOR HIGH P. T. A. TO MEET NOVEMBER 17

All parents who have children in the Junior High School are urged to attend the next meeting of the Junior High School Parent-Teachers Association, which will be held at 3:30 p. m., Thursday, November 17. A lesson on "The Child, His Nature and His Needs," will be led by Mrs. Paul Shelton. An entertaining program will be given by children from the several grades.

Mr. and Mrs. Claude Bagwell of Claude visited friends and shopped in Clarendon Monday.

RED CROSS STARTS ROLL CALL FRIDAY

SUPPORT OF FIVE MILLION CITIZENS NECESSARY TO CARRY ON WORK.

In his urgent appeal to the citizens of the United States to renew their membership in the American Red Cross, President Coolidge said, "We have tested the Red Cross in war and peace. It has never failed us. It never will so long as it holds your support."

But the Red Cross must have constant support to carry out the work described below. Read the many activities of this great legion of mercy. Every dollar membership fee is used in carrying on this work.

In the past 46 years, this American Red Cross has expended \$59,859,237 for relief work following disasters. During the current year in this country it has directed or participated in relief work in 75 countries.

Since the Armistice it has expended \$63,388,978 for service to disabled veterans of the World War and to the men of the regular Army and Navy. It is now assisting an average of more than 73,000 disabled veterans and their families each month. To more than 225,000 soldiers, sailors and marines on active duty it continues to give the same supplementary volunteer relief and home service it gave during the World War.

Ahead it represents the American people in works of mercy when great catastrophes cause abnormal suffering. It was the agent of America in extending relief to victims of 20 disasters in foreign lands during the past year. It maintains an enrolled reserve of more than 44,000 nurses available in emergencies to Army, Navy, U. S. Public Health Service and Veterans Bureau, and for service in epidemics.

Within the year an average of 805 Red Cross public health nurses have aided in the care of the sick, guarded the health of children and fostered understanding of personal and community hygiene.

Sixty-seven thousand women and girls have completed courses in Home Hygiene and Care of Sick under Red Cross direction in the past year. More than 489,000 have received this instruction since the activity was initiated.

Through the Nutrition Service it helps promote individual and community health by teaching and receiving the science of sound nutrition; 115,000 children and 12,000 adults have been taught the importance of proper use of foods the past year.

More than 31,000 men, women and youths have received training in effective methods of rescuing and reviving the drowning; 19,000 completed the Red Cross course in first aid during the year.

In 505 communities the Red Cross chapter is the only family welfare agency.

In the Junior Red Cross more than 5,000,000 enrolled school children are learning the value of service to others. With the children of 40 other countries they are creating bonds of friendship and understanding.

NOTICE—Any erroneous reflections upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the publisher.

As we understand it Mayor William Hale Thompson's ten dollar fee for enrolling in his "America First" club is all velvet—no robes or masks are included.

Safe and economic control of street and highway traffic is another problem where "eternal vigilance is the price of safety." In Clarendon the same as in New York or Chicago.

Another event to be remembered along with Armistice, Thanksgiving and Christmas is the Annual Home Town Edition of The Clarendon News which will be issued on Thursday, December 15. We believe you'll like it.

Last Fourth of July Clarendon was closed tighter in observance of the day than ever before. This general observance of the day was generally commended, and this week our merchants and business concerns will have another opportunity to show a co-operative spirit in observing a most important anniversary—Armistice Day. Let's close 'er up tight, boys.

Turkey and Quittaque are receiving freight over the new South Plains line of the Fort Worth & Denver railroad this week. Those who are not familiar with the wonderful productivity of the Turkey-Quittaque section cannot imagine just how much the new rail line means to those towns. It doesn't take a prophet to prophesy the wonderful growth and development of this territory to be served by the new Denver line. It's coming, sure and certain.

An epochal event has transpired in Clarendon this week in the turning in the mains of natural gas and the commercial and domestic use of this wonderful utility. Clarendon now has every convenience that the most progressive and modern city can offer—water and sewage, electricity, gas and the telephone. To be sure, we haven't street cars, but we have the general use of automobiles and in many smaller cities the street cars are being put out of commission by the motor cars. Armistice Week, 1927, should go down in history as one of the truly eventful weeks in Clarendon. Put that down, and in after years you can tell your grandchildren about the week natural gas came to Clarendon.

Now we are hearing lots of argument about the Texas law that prohibits exhibition of moving pictures of prize fights, many, many people contending that the law is unfair and unjust. Like most American citizens, this writer does not defend prize fighting, but nevertheless is always greatly interested in any championship contest in the ring as elsewhere. The fact is that there is no justice in prohibiting fight movies, when the newspapers are allowed to carry full accounts of the fights and pictures to match, when radio stations are allowed to broadcast the contest blow by blow and round by round. Then, again, there is no law against exhibiting pictures of especially staged prize-ring fights, as in the case of "The Leather Pushers," a series of pictures shown in almost every city and village, which to the spectator, is as real as any fight could be made on the screen. Texas laws allow wrestling matches, and boxing exhibitions may be staged under certain conditions. It looks as if there were a foolish line of reasoning somewhere.

How many of us really give serious thought to the art of living? Experience teaches us that we become proficient in the arts only through close application and practice. Many of us merely exist, when it is possible for us to get the maximum pleasure and satisfaction out of living. Let us learn to really live.

There will be no reduction of state taxes this year, but there will be a big surplus piled up for next year. Then the lowest tax rate in 20 years is the promise of Governor Dan Moody. Incidentally, and perhaps fortunately, it is not likely that a special session of the 40th legislature will be called. A big surplus invites extravagance in appropriations and expenditures on the part of those who hold the purse strings.—Quannah Tribune-Chief.

Still the people remain a lot of funny beings. Some of them are now afraid that the government will go into the whiskey making business for revenue. Others are so afraid that it will not they are still trying to remain on good terms with the bootlegger in order that they may have their "bottled hades" once in a while. There is no use for either side to spend sleepless nights over the affair. The United States is not going into the whiskey making business for revenue. On the other hand, the stuff will gradually grow harder and harder to get. The bootlegger will be chased from one side of the continent to the other until he will eventually decide that the risk is not worth the profit. So both sides had as well go on and have a peaceful mind.—Paducah Post.

This week there is a change in the "dog ear" slogans on page one of The Clarendon News. Some months ago we flanked the newspaper title with "A City Auditorium for Clarendon" on one side, and "Natural Gas Supply for Clarendon" on the other. Along with many other Clarendon citizens we drilled along on these needs until this week we are attaining the natural gas, so that leaves us one "dog ear" vacant by reason of success. Our readers will note that the space is occupied this week with another stirring motto—"Paved Highways for Donley County." We haven't realized on the auditorium yet, but it seems nearer now than ever before, so we will keep it at the mast until it, also, is realized. That highway matter is no idle dream for Donley County. We ought to have paved highways and what we ought to have we can have. We can.

Armistice Day! Every recurrence of November 11th brings back the thrilling times of 1918, when the news was flashed over the nation that the world war was ended by the terms of the armistice. How men and women, everywhere, lifted their hearts in fervent thankfulness to the Divine Guide of human events, for the end of wholesale death and destruction—for the return of our boys from the bloody pits of Europe! Those of us who lived here at home during the terrible days of the struggle and those who stood on the front line in France, joined then in happy rejoicings. Each succeeding year we have joined in observance of the anniversary, as we have recognized the mounting importance of the day. Again let us lay aside the daily tasks of life and observe in spirit and in truth this anniversary which means more to us as the years come and go. Let us observe Armistice Day, 1927, and let us resolve to be better citizens of our country in the coming days!

Each succeeding week-end marks an acceleration in the retail business of Clarendon. Every Saturday our stores have more business than they had the week before and all pessimists to the contrary, the fall of 1927 is being a splendid business fall for our city. The merchants are offering splendid inducements in quality of goods and price; they are advertising their bargains to the people, who are eager enough to save every penny in their fall buying. Then, too, The Clarendon News has recently reached far out of its former limits and hundreds of new families are reading the messages of local merchants every week. That these new people are availing themselves of our advertising service is proven by the fact that regular News advertisers are the ones enjoying the satisfactory trade. The good year 1927 is hard on the cross-roads variety of storekeeper, the kind that says he doesn't believe in advertising. Nineteen twenty-eight will probably be worse for him and better for the wide-awake, steady advertiser.

## DANGER SIGNALS ON LIFE'S HIGHWAY

The individual who fails to heed nature's danger signals is as sure to encounter trouble as the motorist who disregards the highway danger signs and overturns his car in the ditch, warns Dr. J. C. Anderson, state health officer. "The swift pace at which the public now travels in the fight for existence, and the pleasure and comforts of life, tend to lower the resistance power of the human system rapidly, causing heart, kidney and digestive disturbances," Dr. Anderson stated.

"The discomforts arising from these disturbances are nature's danger signals and should be heeded. Disregard them, and you are likely to find yourself in a serious condition, just as the motorist who fails to heed the roadway danger sign. After a person reaches middle life, it is not as easy for the human system to "build up" as it is when younger, and it behooves everyone to heed the first warning signals after starting down life's gradual decline.

"Pain is a danger signal that nearly every individual will heed, but in a number of serious ailments, pain occurs only after serious damage is done to some important organ of the body. Especially is this true in the case of cancer, and certain forms of heart disease. For this reason, any unusual discomfort that continues over any length of time should not be disregarded, but measures should be taken to ascertain the cause. Do not wait until pain occurs before consulting your physician.

"Headache, rheumatism, neuralgia, and other ailments are not classified as diseases, but are symptoms of some disorder. The individual is wise who goes to his physician to determine the cause of these danger signals. The important organs of

BOOK CLUB TO HOLD ELECTION TUESDAY, 15TH

The election of officers of the 1926 Book Club will be held Tuesday, November 15, when the Club meets in regular session at the home of Mrs. F. L. Stallings. A full attendance of the membership is urged.

An estimated saving of about \$5,000 a year in the purchase of supplies for rural schools in San Luis Obispo County, California, was

brought about by a co-operative arrangement under which bids are received and goods ordered by a county purchasing agent. Prices paid for supplies have been reduced more than half, and the time of teacher and school board is saved by eliminating the visits of sales agents.

## Study the Man

A face to face meeting with facts—things accomplished, things left undone—and a searching out of factors which have been millstones about the neck on the road to success, has often resulted in a complete right-about-face for many a man.

It's a good practice for all—because one learns that while "money is not everything"—it is a mighty convenient tool. This institution is an advocate of thrift in savings, but there are other important service departments here wherein we can and do serve our patrons to a profit for them.

## ITEMS OF INTEREST IN DONLEY

### ASHTOLA

Sunday School was held at the usual hour Sunday morning, with a large attendance. Rev. Gattis of Clarendon held services at the 11 o'clock hour.

The club girls enjoyed a tacky party in the home of Mr. and Mrs. D. F. Randal Friday evening. The girls were all dressed very tacky. Miss Myrtle Armstrong won first prize for being the tackiest girl present. Delicious refreshments were served to the following: Misses Onata Hayter, Vera Johnson, Oneta and Ima Poovey, Annie Patterson, Minnie Lee and Myrtle Armstrong, Jessie and Oleta Swinburn, Ola Mae Watts, Margaret Swinburn, Beatrice Randal, Mr. and Mrs. W. P. Holley and Mr. and Mrs. D. F. Randal.

Miss De Ette Reed spent Sunday with Miss Vera Johnson.

Miss Oneta Poovey spent Sunday in the home of Miss Onata Hayter. Miss Mary Lois Hayter spent Sunday with Miss Willa Poovey.

Mr. and Mrs. W. P. Holley and son, Robert, spent Sunday in Lelia Lake.

Little Miss June Armstrong of Hedley spent the week with her grandparents, Mr. and Mrs. Armstrong.

Mr. and Mrs. Oscar Kimpson spent Sunday with Mrs. Kimpson's parents, Mr. and Mrs. Eddins.

Misses Vera Johnson and Mildred Harp spent Tuesday night with Misses Jessie and Oleta Swinburn. Epworth League was well attended Sunday evening. Rev. Laney held services at the evening hour.

Miss Oleta Swinburn spent Sunday night with Miss Beatrice Randal.

### WINDY VALLEY

There was Sunday School at the regular hour Sunday morning.

Miss Veta Mae Morgan visited in the Tom Morgan home Sunday.

Misses Verdie and Ettie Kimbriel of Lelia Lake attended Sunday School here Sunday.

Mr. Richard Solomon of Clarendon and Miss Mae Greene were united in marriage at Clarendon last Sunday morning.

Misses Delia Barnes and Marie Parker of Clarendon spent Saturday night with Miss Gladys Noble.

Reverend King filled his appointment here Sunday.

I. M. Noble and son, Lacy, attended church at Hedley Sunday.

Misses Delia Barnes, Marie Parker, Gladys Noble and Inez Skinner visited Misses Cleo and Myrtle Pope Sunday.

Ed Smith of Haskell is visiting his aunt, Mrs. J. W. Skinner.

Mr. and Mrs. Estel Bills spent Saturday night with Mrs. Bills' parents, Mr. and Mrs. Jim Martin, at Lelia Lake.

Mr. and Mrs. Will Greene had for dinner guests Sunday, Mr. and Mrs. Richard Solomon, Mr. and Mrs. V. H. Christie, Mr. and Mrs. W. E. Christie and daughters, Misses Pearl and Lillie Christie, and Miss Opal Harlin.

Mr. J. D. Pope and son, Dewitt, attended church at Hedley Sunday morning.

Roy Skinner returned home Sunday from Haskell, where he had been at work the past two months.

Mrs. T. N. Sligar returned home Thursday from Stephenville, having been called there by the serious illness of her mother.

Mr. Bryan Thomas, the principal of our school, resigned Saturday. He has taught in this school the past four terms and will be greatly missed by many of his former pupils, when school opens again in January. He has accepted a position at Vernon and moved to that place Saturday afternoon.

Gilbert Willie Gray and Perlelee Time of the Hudgins community visited M. L. Noble Sunday.

Several from here attended singing at Hudgins Sunday night.

The successes of co-operative marketing associations are as wide as the intelligence and integrity of managers and members who work together.—B. B. Derrick, U. S. Department of Agriculture.

### NAYLOR

Mr. and Mrs. J. R. Bain and daughters, Eva Glen and Betty Jo, were dinner guests in the home of Mr. and Mrs. T. E. Naylor.

Mrs. Richmond Bowlin visited Sunday afternoon in the homes of Mrs. Fanny Naylor and Mr. and Mrs. T. E. Naylor.

Miss Louise Tidrow spent the weekend at Memphis, as the guest of her sister, Miss Rachel, who is in school there. Saturday night, friends of Miss Rachel entertained her at a birthday party. All report a glorious time. Miss Rachel received many gifts in honor of the day.

Mrs. A. O. Hefner is improving nicely, and we hope to see her able to be out soon.

Will Pickering has a big force picking cotton this week.

Misses Rachel Tidrow and Miller, also Misses Miller and Oakley of Memphis visited in the Tidrow home Sunday afternoon. Miss Louise Tidrow came up with them, after her visit at Memphis.

Mr. and Mrs. Arthur Carnes and son, Junior, spent Sunday with Mr. and Mrs. Tidrow.

Rich Bowlin is enlarging his barn, so as to take care of his large grain crop.

The Home Demonstration Club of the Naylor community met at the home of Mrs. John Chamberlain, October 25. Nine members were present. Officers as follows were elected: Mrs. John Chamberlain, President; Mrs. M. L. Wood, Vice President; Mrs. W. M. Pickering, Secretary and Treasurer. The club had as guests, Mrs. Bennett and Miss Lizzie Corder, who were taken in as members, and the hostess' mother, Mrs. E. B. Standenmayer. After the business meeting, as Miss Key was unable to be present, the time was spent in a social hour. Delicious refreshments were served by the hostess. The next meeting will be at the home of Mrs. W. M. Pickering.

### PLEASANT VALLEY

Mrs. L. L. Rogers and baby from McLean visited her sister, Mrs. Bill Meaders, several days this week.

Mrs. Morris and Misses Virgie and Lonia Morris called in the Lamberson home late Sunday evening.

Tom Corder went to Paducah with Bill Gaither Saturday afternoon, returning Sunday.

Mrs. L. L. Rogers spent Thursday afternoon and took supper in the Longan home.

Mr. and Mrs. Lamberson and small children spent Sunday in Hedley with Mrs. Lamberson's father.

Brother Ratliff and daughter, Miss Lillie May, called in the Longan home Monday evening.

Mr. and Mrs. Roy Sherrod of Alandreed spent Saturday night and Sunday in the Loyd Morelan home.

Mr. and Mrs. W. P. Bennett were callers in the Longan home Wednesday morning.

Mr. and Mrs. Pat Longan spent Sunday with Mr. and Mrs. Ben Andis in Clarendon.

Mr. and Mrs. Horace Parker and children visited in the Charley Jones home Sunday afternoon.

Mr. and Mrs. Will Jones from Clarendon, Mrs. Leo Ray and Miss Alpha Morrison spent Sunday in the Charley Jones home.

J. C. Longan spent Sunday with J. T. Lamberson.

Mrs. Bill Meaders visited Mrs. Longan Tuesday afternoon.

Miss Ouida Wilson spent Sunday with Miss Ruth Riley.

Mr. and Mrs. Roy Wilson spent Sunday in the W. K. Davis home.

Misses Hattie and Ruth Riley and Ouida Wilson called in the Haley home Sunday evening.

Mr. and Mrs. Hugh Riley called on Mr. and Mrs. Milt Allen Sunday afternoon.

Mrs. Chas. Corder called on Mrs. Riley Friday afternoon.

Mrs. Longan visited Mrs. Bill Meaders Thursday afternoon.

Mrs. Joe Jones and Mrs. Ernest Jones visited Mrs. Gene Hester Wednesday afternoon.

Mr. and Mrs. Nat Jones visited in the Joe Jones home Sunday afternoon.

### THE UNEXPLOITED OYSTER

By J. G. Burr

Game, Fish and Oyster Dept., Austin

There is more money to be made in oysters than in cotton. Thousands of farmers rent cotton land, but the number who rent oyster land in Texas is negligible. Rhode Island, the smallest state in the Union, collects annually \$135,000 for oyster rentals. One acre of oysters will produce from one to three thousand bushels. These oysters will shuck from three to five quarts to the bushel, or an average of a gallon. A gallon sells wholesale for about \$2. The cost of production and canning is about \$1. An average acre production of 2,000 gallons would net \$1,000, according to figures taken from the Fish and Oyster Reporter.

More oysters are consumed by the people of the world than any other fisheries product. The possibility of Texas production by private enterprise is yet untouched. Texas has been and still is a great beef-producing state, but with a diminishing range for its herds, there is still the great coast line with a producing area of marine food as limitless as the sea.

The oyster leads a humble, obscure life. His home is on the bottom of the bay, unless the reef grows to the surface when at low tide he is subject to exposure and death. He is good to eat at from three to five years, according to the quantity of food that the currents bring his way. His diet is diatoms and other microscopic life. If he is too far from fresh water, he is lean and tasteless; if too close, he is milky and unpalatable. When environment is right the oyster is right, but he has no control over his own fate.

When the oyster surrenders what little life it has, and lies buried in the ooze several hundred years, its shell is called musselshell. The dredger comes along, bores into the reef and pumps the shell into a barge and it is used for surfacing roads. In recent years it was found that musselshell makes superior cement, and two such factories are in operation at Houston—a third is located in California—the only cement plants in the world that use musselshell. Thus, from a briny sepulchre they are they are raised, milled and worked into concrete roads and lofty buildings. From its lowly origin the shell becomes more valuable than "the noble dust of Caesar," which Shakespeare says "might stop a crack to keep the wind away."

Threatened extinction of elk in the Winter Elk Refuge in Jackson Hole, Wyoming, is abated by the gift of 1700 acres of land by the Izaak Walton League, the Bureau

### SAFETY — SERVICE — SATISFACTION

Safety, service and satisfaction pronounced complete with every transaction at the BALL DRUG. SAFETY is obtained with the quality desired and the quality is dependable. of Biological Survey announces. It was done by private subscriptions amounting to \$35,500. Elk hunting in the surrounding regions is promised as a result of this added range and protection. There have never been any elk in Texas within the memory of the oldest pioneers.

A specie of white quail has been found on the Texas coast. W. G. Thornhill, Jr., Superintendent of Oyster Culture, reports. Commissioner Will J. Tucker has ordered that one be sent in for observation.

### "INSIDE" INFORMATION

Spices and seasonings do not supply the body with building material or energy but they are important as appetizers.

A wire dish drainer is a great time saver. Hot water can be poured over the china, and only the silver and glasses need be dried.

Farmers' Bulletin 1530, "Fitting Dresses and Blouses" is just what you need when you begin your fall sewing. It may be had for the asking.

Children should be taught to eat the crusts of bread and rolls for the sake of their teeth. They should be cautioned, too, to chew their food thoroughly.

Panned summer squash is fine. Cut the squash in quarter-inch slices, flour them, and brown in butter in a heavy skillet until they are tender and a deep gold in color.

Instead of cooking pumpkin and then rubbing it through a colander,

try putting the fresh pumpkin through a food chopper. Then it cooks quickly and time and fuel are saved.

To test samples of fabric for fastness to light, cover one-half with cardboard and expose the rest to direct sunlight for ten days. To test for fastness in laundering, wash and dry half your sample under ordinary conditions. Curtain material should be tested in these ways before purchasing, and dress goods when possible.

Farm tenants for the most part are young men. Tenants farming in 1920 averaged 39 years of age with 11 years' experience as tenants. Of farmers under 25 years of age, over three-fourths were tenants, but of farmers of 65 years and over only a sixth were tenants.

The feeding of heavy cattle is more hazardous than the feeding of calves and yearlings. This is due to the fact that cuts of beef from heavy cattle are more limited in demand than beef from handy-weight steers, with the result that the price of heavy cattle is much more sensitive to changes in the market supply.

Experiments to determine the proper time of applying nitrogenous fertilizers to fall-sown oats indicate that in Northern Georgia best results will be obtained when the application is made around March 1. In the Coastal Plain application should be about February 1.

A co-operative association cannot be run in law courts.—George O. Gatlin, Market Economist, U. S. Department of Agriculture.

**Green-Solomon Marriage**  
Solemnized Sunday, 6th

Miss Mae Green, daughter of Mr. and Mrs. W. J. Green of the Windy Valley community, and H. R. Solomon of Clarendon were married Sunday morning in a pretty wedding at the home of the bride's parents. The Reverend S. R. McClung, pastor of the First Baptist Church, officiated in the ring ceremony. A large number of relatives and intimate friends were guests at the wedding and at the beautifully appointed dinner party which the bride's parents gave Sunday evening.

The bride wore a very becoming dress of king's blue satin and georgette, with trimmings of gold lace. Her hair was styled in metallic cloth and other accessories harmonized.

Both Mr. and Mrs. Solomon are well known in this city and in the Windy Valley community. They have been on the staff of the Antro Coffee Shop for the past few months and have made many friends here. They will make their home in Clarendon.

**Party and Shower Honor**  
Mrs. Charles Campbell

Mrs. Charles Campbell, one of the charming brides of the season, was honored by other members of her class at the Presbyterian Sunday School, who entertained with a party and shower at the home of Mrs. W. C. McDonald Thursday evening.

When all the guests had arrived, a messenger came to the door and announced that a package for the bride had been left by the expressman at a certain store, and asked the owner to call for it at once. Calling at the designated store, the guest of honor was presented with a beautifully wrapped package — of clothes pins. The party then returned to Mrs. McDonald's home. The bride was then informed that as she had been so successful in her first search, she might have all the packages she could find similarly wrapped. The search through the various rooms of the house disclosed many packages containing exquisite gifts. Refreshments were served, after which the guests enjoyed a stitching contest.

Those present were: Mrs. Charles Campbell, guest of honor, the hostess, and the Misses Davella Kelly, Lodi Green, Mabel Mungole, Dorothy McCann, and Wynfa Lee Alexander.

**Mrs. Murphy and Mrs. Knox**  
Guests of Honor at Party

Among the most enjoyable social affairs of the week was the informal party given by Mrs. W. H. Martin, Mrs. Odos Caraway and Mrs. Kate B. Carroll, Monday afternoon, in compliment to Mrs. J. D. Murphy and her daughter, Mrs. D. L. Knox of Jacksboro. It was given at Mrs. Carroll's home, and was attended by the following: Mesdames Knox, Murphy, Katie Rathjen, W. A. Massie, W. W. Taylor, James Trent, Anna Hais, Homer Glascoe, H. C. Kerbow, G. B. Bagby, R. A. Chamberlain, Minnie Dyer, J. D. Stocking and W. H. Patrick.

The afternoon was spent in conversation and the party was brought to a pleasant conclusion with a two-course luncheon.

**Mrs. Selden Bagby Is**  
Hostess to Needle Club

Mrs. Selden Bagby was hostess to her needle club Tuesday afternoon, entertaining in the home of Mrs. G. B. Bagby. The afternoon was pleasantly spent in the usual manner, and delicious refreshments were served. A profusion of chrysanthemums and late roses added to the charm of the rooms in which the guests were seated.

Those present were as follows: Mesdames James Trent, L. L. Swan, R. L. Bigger, Nat Perrine, J. R. Porter, Phillips Gentry, Meredith Gentry, O. L. Jenkins, Clyde Price, Forest Taylor, Clarence Miller, Earl Alexander, Homer Mulkey, A. L. Chase, Holman Kennedy, A. A. Mayes, B. L. Jenkins, Charles Trent, Sam Dyer, Homer Glascoe, Callie Houk, Minnie Dyer, G. B. Bagby, and J. H. Morris, and Miss Ineva Headrick.

**Mrs. A. R. Letts Hostess**  
To Bridge Club Saturday

Mrs. A. R. Letts gave one of the most delightful parties of the week when she entertained the Saturday Bridge Club on the afternoon of the fifth. Lovely bronze and lavender chrysanthemums formed the centerpiece of the table at which a two-course luncheon was served in the late afternoon, while other bouquets of these flowers decorated the rooms where the card tables were arranged. The guest list included the following names: Mesdames Odos Caraway, Charles Bugbee, A. L. Chase, L. L. Swan, Homer Glascoe, J. L. McMurtry, George Ryan, J. B. McClelland, G. B. Bagby and James Trent. High score prize was awarded to Mrs. Chase and the consolation was drawn by Mrs. Trent.

**Dr. and Mrs. Ellis Entertain**  
At Dinner Saturday Evening

On Saturday evening Dr. and Mrs. T. H. Ellis entertained at dinner and bridge. Their guest list included members of their evening card club and other friends. Those present were: Mr. and Mrs. A. T. Jefferies, Dr. and Mrs. Harry Rhodes, Mr. and Mrs. J. B. McClelland, Mr. and Mrs. J. L. McMurtry, Mr. and Mrs. F. E. Chamberlain, Mr. and Mrs. Homer Glascoe, Mr. and Mrs. W. C. McDonald, Mr. and Mrs. J. E. Callison, Miss Mary Cooke and Allen Cooke. High score prizes were won by Mrs. Rhodes and Mr. Cooke.

**Miss Martha Alice Moore**  
Honored With Farewell Party

Miss Martha Alice Moore, charming and popular daughter of the Reverend and Mrs. A. L. Moore, who moved this week to Roswell, was complimented in a very enjoyable farewell party, given by Miss Dorothy McCann, Saturday afternoon. An automobile journey was cleverly simulated in the games and contests of the afternoon, and at 6 o'clock refreshments were served from an improvised "filling station."

Miss Moore was presented with a kodak picture of each of the other guests. She also won a pretty little water color sketch, the prize for winning the greatest number of contests. Toy automobiles were given as individual favors.

Those present at this affair were: The Misses Martha Alice Moore, Ruby Hall, Helen Baley, Verna Latson, Hazel Bourland, Fray Stallings, and Frances Chapman.

**Mrs. W. H. Cooke Gives**  
Party Tuesday Evening

Mrs. W. H. Cooke entertained members of her club with a dinner-party Tuesday evening, having as guests the following: Mesdames James Trent, Kate B. Carroll, T. H. Ellis, Homer Glascoe, W. H. Martin, and G. B. Bagby, and Miss Mary Howren.

A four-course dinner was served at a prettily appointed table, which had a centerpiece of nasturtiums to carry out a gold and white color scheme. In the games played, the prizes went to Mrs. Carroll for high score and Mrs. Ellis for consolation.

**Mrs. Holman Kennedy**  
Hostess to Bridge Club

Mrs. Holman Kennedy was hostess to her afternoon bridge club Friday afternoon, entertaining with four tables. After the usual number of games, a delicious two-course luncheon was served. Score prizes were awarded to Mrs. Selden Bagby, club member, and Mrs. Richard Bell, special guest, while consolation favor was drawn by Mrs. Ira Merchant.

The guests, other than those already named, were as follows: Mesdames O. L. Jenkins, Forest Taylor, Meredith Gentry, Phillips Gentry, Charles Bell, J. H. Morris, Homer Ellis, Sam Dyer, Dorr Ellis, Nat Perrine, F. H. Lumpkin, and Misses Ineva Headrick and Mary Cooke.

**Mrs. B. G. Smith Gives**  
Informal Party Friday

Mrs. B. G. Smith gave a small but delightful party Friday afternoon, entertaining a few friends at bridge. Those present were: Mesdames W. W. Taylor, J. L. McMurtry, H. B. Kerbow, Homer Glascoe, C. C. Powell, J. R. Porter, G. B. Bagby, and Miss Ruth Dennison. Dainty refreshments were served at the conclusion of the games.

**CLARENDON YARD RECEIVES**  
ALMOST FIVE HUNDRED BALES

Late Wednesday, the Clarendon cotton yard had received 460 bales of cotton from the crop of 1927. Ginnings show a slight increase over this amount, probably running to 525 or more bales. A number of the producers are carrying their product to their homes, where it will be kept until the market seems right to the owners of the cotton. The price of the staple has remained fairly stable, running at twenty cents with some paying more and some less for the staple, where the conditions are better, the crop is showing a great increase over the crop raised during 1926. In the immediate vicinity of Clarendon, there is little of the crop open up to this time, and indications point to a late gathering. Two gins are handling the cotton that is brought to Clarendon.

**L. C. BEVERLY FOUND DEAD**  
MONDAY AT HOME IN ARIZONA

L. C. Beverly, one of the pioneer cattlemen of this section and sheriff of Donley County for twelve years, Monday was found dead in his ranch cabin, twenty miles from Phoenix, Arizona. Investigation showed that he had been dead a week, according to information received by relatives in this city. The cause of the death is not yet known. Roy and Will Beverly, sons of the deceased, and W. W. Taylor, son-in-law, left Tuesday night for Phoenix.

L. C. Beverly was 73 years of age at the time of his death. He lived in Donley County many years, but moved away about 20 years ago, since when he has lived in New Mexico and Arizona. He is survived by the two sons, one daughter, Mrs. W. W. Taylor, and one brother, John Beverly, all of this city.

**RETURNED MISSIONARIES**  
TO SPEAK HERE FRIDAY

The Reverend and Mrs. B. W. Orrick, missionaries who recently returned from Argentina, will speak at the First Baptist Church at 7:30 Friday evening. The entire public is invited to attend and hear the many interesting experiences of these people in South America. The Reverend and Mrs. Orrick are special friends of the Reverend S. R. McClung, pastor of the local church, and his family. The pastor urges everyone, particularly those interested in religious work, to attend the lecture.

The Reverend A. L. Moore and daughter, Miss Martha Alice, left Monday for Roswell, New Mexico, where they will make their home in the future. The Reverend Moore was assigned to the office of presiding elder of the Roswell District, New Mexico Conference.

Mrs. W. C. Bridges of Hedley was in Clarendon to shop Wednesday.

### NEW POWER PLANT WILL BE FINISHED IMMEDIATELY

All of the brick work has been completed on the plant of the West Texas Utilities Company of this city. This part of the job was completed Wednesday morning, and the painters crews took possession of the building. The interior is to be painted white, while the trim is to be gray. Brick masons were working on the walls, putting the final touches on to make the job complete. The roofing material has been on the ground for the past three weeks and will be placed as soon as the crew in charge of this part of the job comes on the job. These men were expected Wednesday, but did not show up. When the roof has been placed, the workmen will take the old building down, clean up the premises and leave the city with a fine, new building they can call their own. The local manager, Mr. Garrison, states that this is to be one of the beauty spots of the city during the coming summer months.

T. M. Little returned to Wellington Thursday morning, after spending several days here, visiting with his children and attending to business affairs.

### CHRISTMAS BAZAAR TO BE HELD DECEMBER 10

The W. O. One Class Sunday School Class of the Methodist Church will hold their bazaar December 10, at the home of Mrs. C. L. Benson. The hope box will be on display, together with many other Christmas suggestions. (45c)

Mrs. Matthew Lane and little son, Matthew Jr., of Memphis were guests in the home of Mr. and Mrs. C. M. Lane last weekend.

Glasses fitted that carry both style and comfort. Let us show you the way to a clearer vision.

### TESTED RECIPES

Furnished The News through Courtesy of Miss Eula Key, Home Demonstrator for Donley County.

#### English Fruit Cake

- 1 lb. butter
  - 1 lb. light brown sugar
  - 9 eggs
  - 1 lb. flour
  - 2 teaspoons mace
  - 2 teaspoons cinnamon
  - 1 teaspoon soda
  - 2 tablespoons milk
  - 3 lbs. currants
  - 2 lbs. raisins chopped
  - 1-2 lb. chopped nut meats, almonds or pecans or walnuts
  - 1 lb. citron
  - 4 ozs. candied orange peel
  - 4 ozs. candied lemon peel.
- Method: Cream butter and add sugar gradually, mixing well. Beat until lemon colored and whites until stiff and add to first mixture. Sift dry ingredients and add fruits, nuts, milk, alternating. Pour into oiled baking pan and cover with oiled paper, steam in pressure cooker three hours and bake in slow oven one and one-half hours. If not steamed, bake in slow oven four hours.

#### Dark Fruit Cake

- 1-2 cup butter
  - 3-4 cup brown sugar
  - 3-4 cup raisins, chopped
  - 3-4 cup currants
  - 1-2 cup citron, sliced thin
  - 1-2 cup molasses
  - 1-4 teaspoon cloves
  - 2 eggs
  - 1-2 cup milk
  - 2 cups flour
  - 1-2 teaspoon soda
  - 1 teaspoon cinnamon
  - 1-2 teaspoon allspice
  - 1-2 teaspoon mace
  - 1-2 teaspoon lemon juice.
- Method: Mix and bake same as above recipe, except only bake one and one-fourth hours; 45 minutes if steamed.
- Club may decide on the kind and have material for same. English Fruit Cake is rather large and one-half of recipe will be enough to serve the club.

## ROAD BUILDING BEGINS WRONG END

MAINE TRAFFIC STUDY SHOWS HIGHWAY DOLLAR CAN'T BUTTER ALL BREAD.

By E. E. Duffy.

Despite the fact that state highway systems are still far from being complete, particularly in the Middle West and Southwestern States, the old urge to get the work done at the farm end of the road first, still holds, according to highway information coming to the national capital.

This misconception about where road work should begin has been one of the most annoying and aggravating stumbling blocks in the long and tedious process of highway development. It is grounded in the fact that roads are so badly needed everywhere that the farmer is impatient and generally resentful of any program that does not let him out on pavement the moment his automobile or motor truck rolls through the farm gate. There is no quarrel here with his impatience; he should have the roads. The only point in dispute is how best to get them.

Were it not for the fact that pressure persists for speedier work on secondary, county and township roads, in spite of the fact that the main traffic routes are not yet complete, there would be no excuse for repeating so obvious a fact that the routes subject to the heaviest wear should come first, because they are the routes that cost most to maintain until properly built.

On this point a traffic count made by the state highway department of Maine, in conjunction with the U. S. Bureau of Public Roads, affords an excellent lesson for all states troubled with the problem of where to build first and with the greatest speed. The results found in Maine show that the highway construction problem is much simpler than might appear from contemplation of the total road mileage of a state or the country as a whole.

The total of all highways in Maine is 23,104 miles. It has a primary system of 1,630 miles and a secondary system of 4,049 miles. Its third class or what might be termed enter-system of highways feeding first into its secondary and thence into its primary system, embraces 17,425 miles. These three groups make up the total mileage of the State.

In the traffic count the discovery was made that the primary roads, which are but a fraction over seven per cent of all roads in the State, carried a daily vehicle mileage of 1,702,000, as against 986,000 on the secondary roads, and 499,000 on the third class roads, or twice as much traffic on the main roads as on the secondary and more than four times as much as on the third class roads. The count was kept up four months and the final check-up showed that 1,630 miles of main highway carried in that time 209,346,000 vehicle miles, against 121,278,000 vehicle miles on the 4,049 miles secondary system, and 499,000 vehicle miles on the third class system of 17,425 miles. Conclusive proof, it must be admitted, that the quickest and surest way to swamp a state highway program is to pull capital away from the main job and spread it out over outlying roads before completing projects that must of necessity carry the heaviest traffic.

In this matter of where to speed up highway construction, the problem is one that had best be left with civil rather than what might be termed political engineers, for certainly with the former the people who are the road users after all, will profit most.

Missouri, progressive as she now is, at the outset mixed political and civil engineering by requiring that construction on the state system start simultaneously in every county, with the result that practically three years were lost in getting a real and a right start. The simultaneous construction idea produced too many patches, too many short stretches of pavement that were too long in being connected up, with the net result that no one of the patches could possibly earn in savings in proportion to investment because both ends of each patch landed the motorists in mud.

It is the broad program, soundly financed and aggressively carried out on heavy traffic routes first, that does the best work for the taxpayer.

### AMARILLO B. C. D. WOULD ADVERTISE PANHANDLE LANDS

The greatest asset now possessed by the Panhandle of Texas is the development of its agricultural resources, by the encouragement of immigration and settlement of its undeveloped lands.

Those who have the vision of this section of Texas at its greatest moment see the broad expanse of our fertile plains dotted with the homes of prosperous farmers surrounding healthy, growing towns.

The putting of this asset to practical use means the encouragement of farmers in other states to make their homes in our communities. In order that this encouragement may best be given, in an initial way, one of the necessary steps to take would be the exhibiting at fairs of other states the products of the soil raised in the Panhandle of Texas.

Much greater benefit will come from combined effort than through individual work. Much more can be accomplished if all counties in the Panhandle work with this one purpose in mind and with one mind to the end in view.

In the matter of nationally advertising the Panhandle of Texas through an exhibition of its products in other states, one county would not raise enough funds to send its exhibits very far from home. But 10 or 20 counties combining their efforts and resources to send a carefully arranged exhibit to many sections of the United States, would not work a hardship on any of those co-operating. By this move each county would be nationally advertised as well as the Panhandle of Texas. This exhibit would be booked at points where it would create the greatest interest in the agricultural possibilities of the Panhandle Plains of Texas.

At a meeting of the Board of City Development Directors of Amarillo, November 3, this matter was thoroughly discussed. The Board of City Development finally was of the opinion that this move was the best that could be taken in encouraging development of our agricultural resources. They, therefore, decided to start the ball rolling by making the initial contribution to a fund necessary to defray the expenses of showing this combined exhibit. It is their purpose to ask the surrounding counties of the Panhandle to join in this move and make it possible to show the farmer of the nation the agricultural future of this country.

The Board of City Development believes that the proper development of the farm lands of the Panhandle will mean the great future that this section of Texas is entitled to enjoy, the end in view being that each separate community of our Panhandle Plains may enjoy the full benefits to which they are entitled for the good of all concerned.

### INDUSTRIAL SUPREMACY PASSES TO SMALL TOWNS

The industrial output of smaller cities and "country towns" is gradually surpassing in volume the output of the great centers of population.

Just as the country towns and smaller cities hold the preponderance of newspaper circulation in the nation, so the thousands of smaller industries of these towns hold the preponderance of payrolls and general production, except in a few highly specialized industries.

This remarkable rural industrial growth has taken place largely in the past twenty-five years, and has been concurrent with the far-reaching development of electrical power and distribution. Large power plants at central points are linked up with each other and maintain distributing lines to far remote places, to smaller towns and even to the open country regions.

All this tends to result in men employed in industry being able more and more to find homes where they can have more of the comforts of life than they could in the congested centers of the great cities.

Electricity contributes to the recreational facilities of smaller communities and provides all the advantages of the larger city to the country dwellers.

### DAILY PAPER IS TEXTBOOK FOR FOREIGNERS

A newspaper for each pupil is provided in the English class of Evening School 57, Buffalo, N. Y., which is attended by foreign speaking men and women. Classes are first drilled in the meaning and pronunciation of unfamiliar words in articles chosen in advance for silent reading, and afterwards are questioned on understanding of the content. To aid in the acquisition of good English, articles on health and sanitation are read and simple rules of cleanliness are discussed. Display advertisements assist in developing a vocabulary, and classified advertising pages and other departments of the paper are effectively utilized.

### NEW RECREATION GROUNDS FOR ENGLISH CHILDREN

A campaign was launched recently in Great Britain for the acquisition of playing fields for young people. As president of the National Playing Fields Association, the Duke of York has asked for "1,000,000 pounds sterling and many acres" to meet the need, especially of land adapted to playing team games. King George has placed at the disposal of the association two of the royal paddocks at Hampton Court for use as playing field. The land comprises about six acres, and will be known as the King's Playing Field. It was suggested by the King that the field be reserved for the use of children in the elementary schools and for boys and girls up to 15 years of age who are without facilities for playing games under proper conditions. Trustees of the Carnegie United Kingdom Trust have appropriated 200,000 pounds sterling, and the stock exchange and other bodies, as well as private citizens and the schools, are responding with lands and funds to meet

the national shortage of suitable recreation grounds.

### TEXAS TECH TO APPLY FOR ADMISSION TO CONFERENCE

Lubbock, Texas, Nov. 8.—At a recent meeting of the board of directors of Texas Technological College, President Paul W. Horn was authorized to make application for admittance into the Southern Association of Colleges and Secondary Schools. Voluminous data regarding the Tech faculty and other information about the school has been submitted, and Dr. Horn or his representative will present Tech's application in person at the annual meeting of the Association in Jacksonville, Fla., December 1 and 2. The trustees also voted to approve Tech's application for membership in the Southwestern Conference. This application will be presented at the annual meeting of Southwestern Conference representatives in December. Supporters of Tech are very hopeful of the school being admitted into the Conference in view of the notable showing which the football team has made during the three seasons of the school's history.

**DEMONSTRATION CLUB ELECTS NEW OFFICERS**

At their regular meeting on Friday, November 4, the local Home Demonstration Club elected officers for the coming year. Mrs. C. E. Lindsey is the new president, succeeding Mrs. J. C. Estlack, who has served very efficiently during the past year. Mrs. W. L. Crane was elected secretary.

An important feature of the meeting was the demonstration of cooking fruit cake by the steam pressure method. With Miss Eula Key

in charge, this demonstration was a very practical one and was much appreciated by the fourteen members present.

Miss Key also gave a brief talk on interior decoration and explained the living room improvement contest which will be held by the clubs of Donley County during this club year.

Mrs. J. A. Tomb, hostess of the afternoon, served delicious refreshments during the social hour which followed the business meeting and the demonstration.

**NEW P. T. A. SERVES H. S. AND COLLEGE**

COLLEGE-HIGH ASSOCIATION ORGANIZES AND PLANS WORK FOR THE YEAR.

At a meeting in the College Auditorium Thursday afternoon, the College-High Parent-Teachers Association was organized for the purpose of aiding in the development of a strong junior college and continuing the valuable assistance rendered to the High School in years past. The Association will be made up of parents of students in the two schools and other patrons. School officials and officers of the College-High Association hope to enlist the interest and the active support of all parents and other citizens desirous of having a strong college and high school in Clarendon.

Superintendent H. T. Burton and Dean L. B. Cooper are of the opinion that the Parent-Teachers Association will be of invaluable assistance in making the Junior College a success in its first year, which will probably be the most critical period in its history. The location of the High School and the Junior College under one roof gives rise to new problems which can best be met by this organization. A considerable amount of equipment, such as an automatic electric zong, will be needed by the two schools. The P. T. A. plans to secure this necessary equipment and to render such aid as is needed later in the year. There is the business of supplementing the work of the School Board.

However, the support of a large and interested membership will be necessary if this program is followed. Officials and teachers of the schools, co-operating with officers of the Association, are making an effort to secure 100 per cent membership of parents and patrons, and are offering a half holiday to the class obtaining the largest per cent attendance at the next meeting, which will be held at 3:30 on the afternoon of December 1.

Mrs. John T. Sims is president of the College-High Association. Other officers are: Mrs. F. E. Chamberlain, second vice-president; Mrs. Kate B. Carroll, third vice-president; and Miss Lillian Abbott, secretary. The first vice-president and treasurer will be elected at the first meeting in December, which fact gives added importance to the meeting. All parents and interested citizens are urged to be present. Refreshments will be served at the conclusion of the business session.

MARTIN

Sunday School was held Sunday at the regular hour, with services in the afternoon, Brother McClung in charge.

A party was enjoyed at the home of Mr. Crater Saturday night. Mrs. H. B. Catlett and granddaughter, Emily Davis, spent Sunday with Mr. and Mrs. L. A. Hatley.

Miss Alta Peabody spent Saturday night with Miss Polly Sowell. Miss Fern Pittman spent the weekend with Mr. and Mrs. Luther Pittman.

Miss Virginia Davis spent Monday night with Mrs. L. A. Hatley. The primary room is going to give the school a little program Wednesday morning in chapel.

Mr. and Mrs. Jim Billingsley and family spent Sunday with Mr. and Mrs. Conda Jones.

Mr. and Mrs. T. R. Adkins called in the home of Mr. and Mrs. Dick Allen, Sunday night and enjoyed a very good musical program over the radio.

Lonnie Newman spent Saturday night with J. T. Easterling. Mr. and Mrs. Patterson and family, Mrs. Lapan and family, and Mr. Bryant and family returned from Wellington Friday, where they have been picking cotton for a number of weeks.

The Home Demonstration Club is to meet at Mrs. J. C. Wood's home Thursday afternoon. Mr. and Mrs. W. D. Peabody spent Sunday with Mr. and Mrs. Carl Peabody of Clarendon.

Mrs. Rogers and daughter, Pauline of Amarillo called on Mrs. T. R. Adkins Sunday afternoon.

The Girls' Club has not met in quite a while on account of Miss Key being ill.

Mr. George Bullman and mother, Mrs. Bullman, spent Sunday afternoon with Mrs. R. E. Harvey.

A lecture and a short program are to be given at the Martin school house Friday night. The lecture is going to be given by the Dean of Clarendon College, Mr. L. B. Cooper, and the program is going to be given by the school.

**MOTHERS STUDY CLUB HAS INTERESTING DISCUSSION**

A discussion on the creation of higher aspirations in children formed the basis of a very interesting program at the regular meeting of the Mothers Study Club, Friday afternoon. Mrs. Paul Shelton lead the discussion, which was preceded by the reading of an educational paper on the subject. Others who had numbers on the program were Mrs. George Ryan, Mrs. U. J. Boston, Mrs. H. T. Burton, and Mrs. James Hendrick. A number of stories for children were told as special numbers.

The meeting was held in the home of Mrs. Kate B. Carroll. A large number of the members were present, including two new ones, Mrs. J. G. Sherman and Mrs. Will Bromley. Mrs. N. E. Sauve, a guest in the home of Mrs. Carroll, was a visitor.

Mrs. J. C. Casen of Hedley was shopping in Clarendon Monday.

**COMMITTEES OF LIONS REPORT**

NUMBER OF COMMITTEES SHOW TO BE WORKING ON ACTIVITIES.

The Lions Tuesday of this week were busily engaged in getting their various enterprises well under way for the coming few days. The attendance was far above the average and the spirit of the club was such that matters passed along with much life.

The first committee to make a report was that appointed to assist in the completion of plans for the Armistice Day celebration Friday of this week. Lion Douglas made the report and stated that he had found excellent co-operation in all lines he had attacked. The schools of the city were very enthusiastic in their approval of the plans and all of the children will be in the parade that will be staged before the opening of the festivities at 9:30 o'clock Friday morning.

Lion Douglas stated that the plans for the gathering of the old clothes that is being staged under the direction of the Lions and the Red Cross were coming forward very nicely. The booth will be constructed and will be ready to receive the clothes when they are brought in Friday morning.

At this time, two visitors were introduced to the club. One of these was Judge John W. Davidson of Childress, a Rotarian of that city, and a strong booster for the work of the civic clubs. The Judge stated that although there was nothing of the sort mentioned in the constitution or by-laws of the club concerning religion in its denominational phase, that the codes of ethics of the clubs of the nation were all made up with the purpose of the carrying out of religious principles and that the service clubs were doing more to carry out the teachings of the Master than any other organization at the present time.

Mr. H. J. Edington of Clarendon was the other visitor of the day and stated that although he had never been connected with a Lions Club that he had been closely and intimately associated with them in a number of towns and that he thoroughly approved of the work they were doing. In closing, he wished the Clarendon Club to have a long and useful life in the city.

Lion Burton announced the football game for Friday of this week and assured the Lions that their presence and support, both financially and morally, would be more than appreciated since the boys had been falling behind somewhat in their receipts at the gate.

Lion Watson brought the club tidings from Lion Condon of Canyon, stating that the absent Lion was missing the fellowship of the Lions here more than any other item in Clarendon.

Lion Patman made a report on the scholarship fund, stating that the money that had been collected and the checks that had been given him were all in his vault and that they would be forthcoming whenever a suitable candidate for the fund was found. Several had been presented, but had found other sources of supply of finances before the Lions fund could be brought into action.

Lion Charles Dean was asked of the plans for the Father and Sons Banquet and stated that the matter had been brought up with the Hi-Y boys in the High School and that more definite information would be secured from him later in the week. This event is scheduled to take place some time during this month, and full details of the affair will be given when they have been completed.

Lion Kemp, in the place of the Boss Lion, asked the support of the Lions in their campaign for old clothes and asked all of them to bring these items to the booth at the Rexall corner Friday morning when they came to town to the Armistice Day celebration.

Dean Cooper of Clarendon Junior College asked that the college be kept on the minds and before the public all of the time, that the matter might not be forgotten. The present enrollment of the school is such that credits will be given in all affiliated schools this year, and it is expected that the enrollment will be more than doubled next year. The first year will naturally be the hardest and the years that follow will bring their due share of success.

Adjournment came after the club had decided that the new manager of the Antro was a good one and that the meal for the day was one of the best they had received for a number of weeks.

**COMPULSORY SCHOOL NOTICE**

Notice is hereby given that all children who had not reached the age of fourteen years by September 1, 1927, are required to attend school for a period of one hundred days, beginning November 28, 1927, by state law. This applies to all children between the ages of seven and fourteen who live in Clarendon Independent School District.

Clarendon School Board, C. C. Powell, Sec.

**SECRETARIAL SCREENINGS**

CLARENDON CHAMBER OF COMMERCE  
G. L. BOYDIN, Secretary

Now comes the organization of another trans-continental highway from the East to the West that is to pass south of Donley County through Dallas and Fort Worth, running from New York to Los Angeles. The entire country is improving its highways and will continue to do so until highways the country over are all hard surfaced or improved so as to be passable in any kind of weather.

New members to the Chamber of Commerce for the past month include, Adams Dry Goods Company, Dr. J. G. Sherman, Floyd Keener, and Bascom White. These men are all interested in the best progress and development of this town and community.

There will be a free, educational, poultry play at the College Auditorium, December 1, under the auspices of the Chamber of Commerce. This play is vaudeville, funny, full of laughter from beginning to end as well as educational. It is not a home talent performance. Watch the columns of The News for press reports and if at all interested in good poultry, be there.

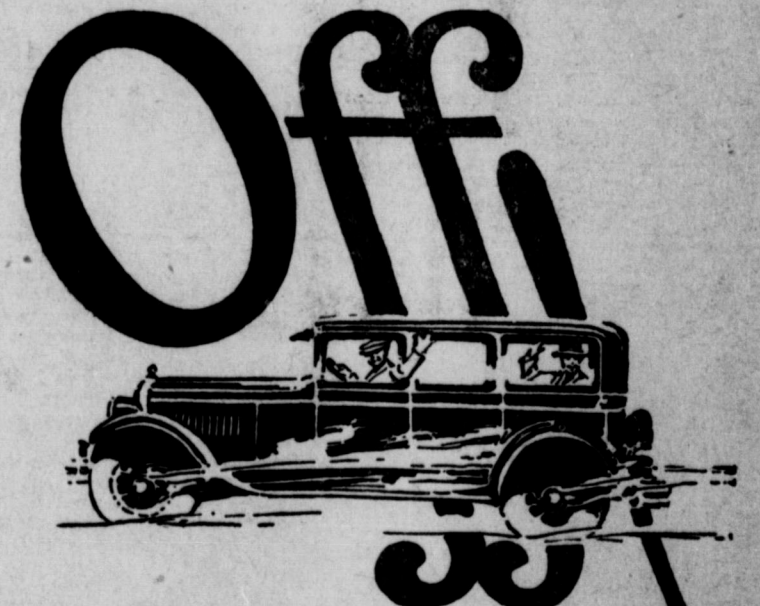

Let's all make Armistice Day a great day by being present at the ceremonies, and incidentally remember that this is the "Land of the Free and the Home of the Brave," and that at least once in 12 months we should pay tribute to our country and flag.

Building is still in evidence in Clarendon and promises to continue. A visitor to this office this week who lives in Amarillo volunteered the information that Clarendon was the best arranged and most attractive town in this part of the state. He especially remarked that Clarendon business houses were all good, clean and neat in appearance, something not to be found in other Panhandle towns. Flowers to the living are in order.

**PRESBYTERIAN CHURCH**

Services may be expected at the Presbyterian Church next Sabbath, and you are cordially invited to worship with us.

The General Assembly has designated November as Home Mission Month, and November 19-20 as Home Mission Week. It is desired that our people make next week a week of study about Home Missions, prayer for Home Missions, and offerings for Home Missions.

THERE'S no overtaking the battery when the tank contains Winter Conoco Ethyl Gasoline. This special fuel fires quickly—then keeps you going with smooth, sustained power

No knocking to wear down your engine. On the contrary, carbon deposits which cause knocks when ordinary gasoline is used are turned into a source of power when you use Conoco Ethyl. This miracle fuel gives you all the benefits of high compression with your present motor—and all for a few cents per week.

Look for the Conoco Ethyl Sign.

**CONTINENTAL OIL COMPANY**

Producers, Refiners and Marketers of high-grade petroleum products in Arkansas, Colorado, Idaho, Kansas, Missouri, Montana, Nebraska, New Mexico, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington and Wyoming
