Highway Work Begun--Believe It Or Not

LIONS CLUB CRIPPLED CHILDREN'S BENEFIT MINSTREL FRIDAY NIGHT

HIGHWAY WORK IS NOW IN PROGRESS

CONSTRUCTION CREW BEGAN TODAY ON GRADING FIVE WEST OF CLARENDON

At last! Actual construction was begun this morning on the new highway through Donley County, when the McKnight Construction Co. crew got their plows to turning dirt on the new road-bed of Highway 5, beginning at the West line of the county and working Eastward. The work is under the direction of Foreman Hale, and will be pushed as rapidly as possible during the winter months.

Work was to have been started Monday morning, but through a slight delay in getting the formal working order a slight delay occurred. A construction camp has been established a mile West of Ashtola, and an office has been opened here in Clarendon in the Farmers State Bank building with Carroll Wisdom in charge as the bookkeeper and paymaster.

Following the policy of the McKnight company, Foreman Hale said all labor possible was to be drawn from Donley County relief rolls and by next week quite a sizeable body of men will be on the job to grade and drain the new route of Highway 5 from the West county line to Clarendon.

Speed Bros. & Bass, local contractors, have secured a sub-contract from the McKnight Co. for erecting the concrete drainage structures from Clarendon to the Armstrong County line and are preparing to start something next week. A car of steel for reinforcing the structures arrived here this week and is ready for unloading. The community is pleased over the local firm getting the concrete work, and the quality is doubly assured by their selection.

For the highway department Resident Engineer Redding will maintain his office at Claude for the present and Mr. Frey will be the inspector of the work in Donley County.

MRS. A. W. McLEAN HURT IN FALL AT HEREFORD

Mrs. A. W. McLean, of San Antonio, was visiting her sons, John and M. D. McLean at Hereford, when she was injured as she fell down the basement stairs there last Friday night and fractured her knee cap.

Mrs. McLean, who is seventy-three years old, was reported resting well. Although she has been making her home in San Antonio for the past few years with her daughter, Miss Mamie, she is a former resident of Clarendon, and has many friends here who are interested in her recovery.

Miss Mary Stocking, who is teaching school in Whittenburg, and W. P. McConnell, spent Thanksgiving Day with Mrs. J. D. Stocking.

Jim King of Memphis was a Clarendon visitor Friday.

"Co-Ed Conspiracy" to be Staged Dec. 18

The Alpha Delta Psi Society of Clarendon Junior College will again endeavor to delight the play-going public of this city and county on Monday evening, Dec. 18th, when they stage a three-act comedy of college life, "Co-Ed Conspiracy" at the College Auditorium.

The rehearsals are coming along fine under the direction of Miss Lorraine Patrick, who promises a clever play with lots of laughs and clever situations. The plot is about a girl whose unusual popularity with the opposite sex enables her to conspire

Union Service Well Attended

The city-wide Union Thanksgiving service held last Thursday morning at the First Christian Church drew a better attendance than such services for the past several years. The program began at 10 o'clock, with Rev. W. E. Ferrell, pastor of the host church in charge. A small choir made up from several of the churches was on and with Mrs. Robt. S. McKee at the piano.

Rev. M. M. Beavers, presiding elder of the Clarendon District of the Methodist Church brought the message of the hour, and delighted his hearers with his presentation of the gospel of Thanksgiving.

According to custom, an offering was taken to be turned over to the Goodfellows organization for charitable purposes.

Montie Ritchie Is Hurt While Hunting

News has been received here that Montgomery Ritchie, of England, grandson of the late Mrs. Cornelia Adair, was severely injured when he fell from a horse while hunting with a party in the Davis Mountains last week. His horse slipped, while coming down a steep incline, thus throwing Mr. Ritchie off with the result that two vertebrae were cracked. He is now in a Dallas hospital and at the last report was doing as well as could be expected.

Mr. and Mrs. W. N. Babeock and daughter, Patricia, and Mr. and Mrs. Fred Wewerka and son, Freddie, of El Reno, Oklahoma, were week-end guests in the J. W. Martin home.

Mr. and Mrs. John Blackman of Bula, formerly of Clarendon, are visiting here this week. John reports conditions much improved on the South Plains country.

Mr. and Mrs. Elba Ballew announce the birth of a baby girl, Elba Jean, on Sunday, Dec. 3rd.

GOODFELLOW MASS MEETING MONDAY

PRESIDENT BURTON CALLS MEETING AT CITY HALL FOR ANNUAL ELECTION

Clarendon citizens interested in the charity activities of the Goodfellows Club are invited to attend a mass meeting, Monday afternoon at 5:30 o'clock at the City Hall, according to a request made to The News by President H. T. Burton.

Following the custom of many years' standing, new officers for the coming year will be elected and plans will be launched for the annual campaign for funds scheduled each year on or about Dec. 18th.

Discussion will be had on the operating plans for the coming winter and it is urged that interested citizens be present and take full part in the set-up for the coming Goodfellow year. This organization has a long history of usefulness to this community and is worthy of the support of every individual.

with her less fortunate girl friends to sell them dates. Can you imagine what happens when the boys find out? No, you can't, so come see for its well worth your while.

Among those appearing in the cast are Helen Rogers, Elizabeth Dunn, Virginia Wisdom, Delphia Bones, Virgie Skinner, Wanda Mayfield, Wylie Buchanan, Kenneth Brown, F. L. Behrens, Bob Goodson, Delbert Linders, and Harold Phelps.

DISTRICT MEET AT CHILDRESS DEC. 11

DEPUTY STATE SUPT. CALLS DISTRICT CONFERENCE ON EDUCATIONAL WORK

Mr. Bryan Dickson, District Deputy State Superintendent of Education of District No. 3, has arrived in the district to begin his work. This district is composed of Donley, Collingsworth, Hall, Childress, Motley, Kent, Haskell, Stonewall, Knox, Dickens, Cottle, and King Counties. Mr. Dickson's headquarters will be at Childress, Texas.

His chief duties will be to supervise all school work--affiliated school, vocational departments, rural aid schools, assist with civil work projects, and various other activities that will advance education in the District.

On Monday morning, Dec. 11, at 10 o'clock Mr. Dickson is calling a meeting of all county superintendents, county board members, city superintendents, local school boards and all other people interested in school work, to meet at the Courthouse in Childress. At this meeting Mr. Dickson will outline the general program as advocated by Dr. E. A. Wood, State Supt. of Public Instruction. He will discuss the immediate needs of the District and thereupon will map out his program so that he may be of greatest service to the territory.

Mr. Sloan Baker, County Supt. of Donley County will be a speaker on the program. He will discuss ways and means of securing federal aid for improving school buildings and grounds. Mr. Baker is doing some outstanding work along this line and is regarded as the most capable man in the district to discuss this most important phase of school work.

W. E. Ferrell, minister of the First Christian Church, says: "The people of Goldston community attended services last Lord's Day in a fine way. Over one hundred being present for the Bible School and Preaching services."

Community Christmas Party 19th

The Clarendon Chamber of Commerce is working on plans for a big Community Christmas Party for all the trade territory on Tuesday, Dec. 19th. Santa Claus will be here and lots of other attractions.

Watch out for the full announcement in next week's Home Town Edition of The Clarendon News.

NEW HIGHWAYS IN DONLEY PROBABLE

HEARING AT AUSTIN TO BE ATTENDED BY JUDGE LOWE AND I. THOMPSON

Persuant to an application made to the highway department by County Judge Sam Lowe, for the designation of state highways South from Clarendon and North from Hedley, the county officials have been notified of a hearing to be held at Austin, Monday, Dec. 11th.

Tentative plans have been made for Judge Lowe and Louis Thompson of Hedley to go to Austin and represent the two projected designations at the hearing and every effort will be made to have the present county roads given state designation. This will mean state maintenance of the two roads and will likely lead to final hard surfacing as the funds are available.

The road North from Hedley runs across the river to McLean, while the road South from Clarendon is the old Brice road. Both of these roads are valuable routes for the people of Donley County and there is much interest over this vicinity about the outcome of the hearing.

Mrs. J. R. Porter and children visited her mother, Mrs. Fannie Powell in Houston over the weekend.

1933 HOME TOWN ISSUE NEXT WEEK

STAFF KEYED UP FOR GREAT EFFORT IN ANNUAL HOME TOWN EDITION

Every person connected with The Clarendon News is already keyed-up over the great effort that must be made next week if this newspaper is to maintain the high standard of former years. Even the country correspondents are interested and are promising to have their news letters in on time and with more than the usual run of community news in them.

Already the advance sales of advertising are in excess of the 1932 Edition and it is expected that the volume will approach that of former years when prosperity was the established rule in Donley County. Local merchants see an unusual opportunity for complete coverage in the Home Town Edition since it is to be mailed to every home in the trade territory and several extras are to go outside, as well. The interest of the Edition is expected to be increased by the publication of articles about early days in Clarendon, the reproduction of a rare old photo of great local interest forty years ago, and other special news features that will make the issue worth while to file away for posterity.

The Christmas Magazine section will be of added interest this season and will aid in spreading the Christmas Spirit by the stories in its vivid columns. Reams and reams of copy will go into the big edition and hundreds of pounds of print paper will be required for its publication, and we hope that thousands of Donley County and nearby people will enjoy its entry into their homes. The Home Town Edition always brings in a number of new subscribers and with a better financial outlook for 1934 the management is expecting a larger increase than ever when the 1933 Edition is in the hands of old and prospective subscribers.

Hurry! Hurry! Hurry! Santa Claus Letters

The News will again publish letters from the boys and girls to Santa Claus. These letters will appear in the Christmas edition of the paper that goes in the mails Dec. 14. This will give ole Santa plenty of time to receive the letters from all the children in Donley County who send messages, in care of The News.

In order to insure publication of all letters received, however, it is essential that the letters be mailed or brought to The News office by Friday or Saturday of this week.

Santa will be glad to hear from all his little friends again. He has received hundreds of letters from the kiddies of Clarendon and Donley County during the past few years and will anticipate their messages with a great deal of pleasure.

Do not forget to mail or bring the letters in by Saturday.

1934 Fees For Car Licenses To Be Same

Tax Collector M. W. Mosley asks the News to announce that License fee rates for 1934 registration will be the same as last year, except the fees for farm trucks which is 50 percent of one year's license.

Mr. Mosley will be in Hedley December 15th and 16th collecting taxes so his office in Clarendon will be closed those two days.

SLOAN BAKER TO AUSTIN

County Superintendent Sloan Baker will leave for Austin today to secure all possible information about school work in connection with CWA projects.

Mr. Baker has done more than anyone else in this district in getting school houses repaired under the CWA program. He was the first man in the state to apply for this work.

165 DONLEY MEN ON CWA PAYROLL

ADMINISTRATION OF RELIEF AND CWA PROJECTS BECOMES BIG BUSINESS

A huge sum of money will be spent in Donley County on Civil Works projects between now and Feb. 15th, according to Odos Caraway, county chairman of the Civil Works Administration. This money will be used on permanent improvements and will be paid direct from the Federal Treasury as a result of the new set-up in work of this type.

Under the new plan, all construction has been transferred to the CWA and the officials have also been transferred. The Donley County office has been set-up in the City Hall and is one of the busiest offices. It handles the largest volume of business of any other institution in the county, outside of the banks. The personnel is as follows: G. L. Boykin and Miss Betty Walker, paymaster; Tom F. Connolly, office manager; A. H. Baker, timekeeper; and Rhodin Chase, check.

Last week 134 men were put to work on CWA projects and the payroll was about \$2,700.00. This week the payroll has been increased to 165 and will be approximately \$3,000.00.

The new arrangement eliminates charity relief except in cases where the people are physically unable to work. All full and efficient days work will be demanded of each man under the CWA. Those who live in the rural districts, as well as those in town, will be enrolled for work, and will be used in rotation on the various projects.

LARGE CAST READY FOR BIG MINSTREL

SECOND ANNUAL BENEFIT FOR CRIPPLED CHILDREN FRIDAY EVENING

Wisecracking End Men, Black-face Comedians, the Dusky Quartette, Swinging Choruses, Snappy Jokes, Twinkling Heels in Tap Dances, Surprises, Jibes at local people--and "all that stuff," as Andy says, will be the bill of fare at the Pastime Theatre, Friday evening, at the second annual Minstrel staged by the Clarendon Lions Club for the benefit of its work among the Crippled Children in this vicinity. Not everybody can belong to the Lions Club, but everybody with a heart is in hearty sympathy with the work of this fine organization in rebuilding and bringing back to active vigor little tots otherwise doomed to a life of gloom, disappointment and bitterness, so the Pastime Theatre is expected to be filled to overflowing Friday night as people from all over the County come trooping in to enjoy this big frolicsome event and to add their admission fee to the success of this kind work.

Under the direction of C. Lester Boykin, the boys and girls has been working for weeks to produce an evening's entertainment that will please the big crowd, and those who are in position to judge such a program say this 1933 Minstrel will outshine any local program of its kind ever produced in Clarendon. The music is good, the jokes have the punch to them and the chorus singing is the kind that send you home whistling. Some of the solo work is better than good and everybody present will get their money's worth even if they have to stand up on account of the crowd. A short comedy will be run on the screen while the crowd is gathering and promptly at 7:30 the curtain goes up and the big show is on.

Following is the program and cast:

LINING UP AT THE POST

With the Ferguson family unsettled as to its candidacy for re-election as governor next year, there have been two hurried entries into the lists of candidates the past week. C. C. McDonald, prime favorite of the Ferguson administration gets his hat in the ring early, in case Ma wins her argument with Jim and makes her choice not to run stick. Then Senator Clint Small, popular in many quarters of the Panhandle, puts his friends on notice that he will be in the race.

Old Tom Hunter, down at Wichita Falls, rises up to say that he has been running all the time, and please don't forget his candidacy.

Jimmy Allred hasn't decided what he is going to do, and Coke Stevenson says he will not be a candidate against Ma and Jimmy at the same time, which leaves the threat that he will run against either of the twain if only one actually enters the race.

Edgar Witt has been recognized as a tentative candidate for many months, and there is continued talk of Walter Cline getting into the race.

There you are, voters,—look them over and await developments. In the meantime if you have serious intentions of supporting or opposing anybody, get that poll tax receipt and be ready. They are lining up at the post—there is a list of broomtail entries, and there will probably be a thoroughbred or two.

IS OUR LOVE GREATER OR LESS?

On December 30, 1879, Guy M. Bryan, Stephen F. Austin's nephew, wrote Ashbel Smith as follows:

"On the 12th of Jan. I will be 59 years of age—forty-eight years in Texas. You and I have been here long enough & have had so much to do with Texas that we love her as the new settlers cannot. With what pride one looks at the Atchison's chart as published in yesterday's daily News seeing Texas outstrip in area the most powerful nations of Europe, & standing by all states as a giant."

Just on the threshold of the Texas Centennial, the recollection of such expressions of patriotic love and devotion, brings forcibly to mind the question of whether or not we of 1933-34, love and appreciate Texas with all her fame and advancement since '79, as much as did Texans of six decades ago.

In spite of the failure of the legislature to provide funds and machinery to properly celebrate the Centennial, we wonder if the love and pride of patriotic Texans is great enough to ride over all obstacles and stage a celebration worthy of Texas and her proud history.

Is our love greater, or less?

CLARENDON STREETS SHOULD BE LIGHTED FOR CHRISTMAS

With holiday thoughts in our minds and the Christmas spirit beginning to supercede other practical purposes, The News believes that Clarendon should be lighted for the balance of December, if not permanently.

Of course, there will be much lighting of residence and business houses by individual enterprise, but our streets should have the lights turned on, not only for the protection of life, limb and property, but also for the goodwill and manifest spirit of the occasion.

Let us hope that the City Commission and the light and power people will get together on a trade that will guarantee the proper lighting of our city at least during the holiday season. Other towns of less ability and prominence have had their streets lit all the while.

Clarendon should be lighted for Christmas.

TEXAS ALMOST HAD A THANKSGIVING

Texas almost had a genuine Thanksgiving when on its eve last week Governor Miriam Ferguson announced that she would not be a candidate for re-election in the primaries of 1934. And then, Jim—the old kill-joy—spilled the happy beans by entering some ominous reservations. Well, well.

WHAT'S THE MATTER, AL?

Back in 1929 Al Smith couldn't get along with the protestant ministers. In 1933 he is having trouble with the catholic priests. It's almost unanimous, isn't it, Al?

MONEY—HARD AND SOFT

The growing complexity of the money problem found its echo lately in the resignation of two high government officials.

The subject of monetary standards is very likely to be the hottest of subjects when Congress convenes. And, unless the public changes its beat materially, the bulk of sentiment will be in favor of a reasonably conservative stand. Most businesses and individuals believe that gold should remain the backbone of the system—and there is a strong demand that monetization of silver be adopted, in order to provide gold with an ally in doing essential work.

Not since the days of Bryan has money so excited the electorate—nor caused so much dissent among a multitude of experts.

TAXES STAND IN THE WAY

The weight of taxation is likely to be the most definite barrier to speedy and complete recovery. At the moment, according to the New York Times, the national debt is \$23,000,000,000—an almost inconceivable sum, that must eventually be paid from the earnings of business and individuals.

Recent appropriations, a detailed report of the National Industrial Conference Board points out, may amount to more than half of the indebtedness now outstanding. This is not a criticism—it is simply a fact. The public works bill embraces appropriations totaling \$3,150,000,000. The agricultural act will cost \$1,100,000,000; farm credits, \$2,485,000,000; and home loans, \$2,200,000,000. It is estimated that the bank deposit guarantee law involves a total federal obligation of \$2,000,000,000.

Not all of this money is lost to the taxpayers, of course. Some consists of loans which will be repaid, and in the case of the banking law the expense is entirely dependent upon future events—it may cost the taxpayers nothing and it may cost them the entire potential obligation. Again, in times of emergency, there may be reasons for spending at a rate that would be considered insanely prodigal in more ordinary times. But there is ample evidence here pointing to the need for extreme care in future expenditures and, as the New York Times observes, the critical importance of maintaining confidence in Federal credit.

In brief—it would be possible to spend so much in seeking to bring recovery that the weight of taxation would make the achievement impossible.

A small fire that warms you is better than a large one that burns you.

When the many wonderful gifts were arranged, Mrs. T. E. Naylor led the young couple in. Under a mystic bell they took their position to view their gifts. Mrs. Naylor pulled the cord and lo, rice showered down upon the unsuspecting couple and gifts were admired. One deserves honorable mention, which was labeled, "do not open until 1934."

Gifts being viewed and admired, Mrs. T. E. Naylor assisted by Miss Louise Tidrow and Mrs. E. H. Cotton Payments Fixed By A. A. A.

WASHINGTON, Nov. 29.—The Farm Adjustment administration cotton acreage reduction contract for 1934 and 1935, made public today, provides that cotton growers who agree to reduce will be paid a rental on land taken-out of production ranging from slightly less than \$3 to \$18 an acre.

This was changed in the original plan which called for rental of from \$3 to \$11 for the land taken out of production.

The farm administration is seeking to reduce cotton acreage next year to 25,000,000 as compared to an average planted area of around 40,000,000 acres.

Allotment Payment Set
In addition to the rentals, producers will be paid not less than one cent per pound on their "domestic allotment."

The domestic allotment is 40

MARTIN

(By Mrs. Jim Baker)

Many of the Martin families enjoyed the Thanksgiving holidays in the good old fashioned way, family reunions, turkey dinners with all the trimmings. We all feel that we have much indeed to be thankful for.

Mr. and Mrs. Dave Patterson had their daughter, Mrs. Edna Wood and family from LeFors, with them for the turkey dinner on Thanksgiving.

Miss Kate Tally, who teaches up north of Amarillo, came home in a new Chevrolet sedan to spend the holidays with her parents, Mr. and Mrs. C. J. Talley.

Mr. and Mrs. Guy Sibley from Dallas visited their parents, Mr. and Mrs. Will Baker and Mr. and Mrs. Sibley over the weekend.

Harry Hartzog of this community and Miss Onita Isham were married last Thursday. Judging from the number of showers that were given them they are very popular young people.

Martin joins with their many friends in wishing them every happiness. We are glad to have them settle down in our community.

Mr. and Mrs. Edd Hodge honored their daughter, Mrs. George Bain from Dumas, with an old time party Saturday night. Old fashioned games were enjoyed by all until a late hour.

The Intermediate Sunday School Class of Martin enjoyed a social at Mrs. Jim Baker's Friday night.

Mr. and Mrs. George Kavanaugh spent the holidays with her brother, the Rev. A. B. English of Borger.

Mr. and Mrs. Jim Baker had turkey dinner with her mother, Mrs. Arnold of Naylor.

Martin school is progressing nicely. The attendance is increasing daily and we're hoping all this cotton will soon be out so we can get all the children back in school. Those who made honor roll grades in the Primary room, taught by Mrs. Kavanaugh, for the second month of our school are: First Grade, Helen Jo Bullman, Mary Lee Hefner and Cecil Wood; Second Grade, Fay Sullivan and Josie Davis; Third Grade, Redell Henson, Billie Hefner, and Bobbie Marshall. Those in Intermediate room, taught by Mrs. Jim Baker, are: Fourth Grade, Kitty Ruth Baley, Billy Ruth Ballman, and Maggie Lee Davis; Fifth Grade, Doris Bailey, Christine Pittman and white Nell Shannon; Sixth Grade, Emily Davis, T. R. Alkins, and Rex Shannon. Those who made honor roll grades in the Principal's room, Mr. Kavanaugh's, were: Seventh Grade, Billy Goodman; Eighth Grade, Johnnie LaFon, Winston Wood, and Ella Mae Sullivan; Ninth Grade, Elene Marshall, Margaret Sue Easterling, and Allen Pittman, and Louise Patterson.

NOT THE PLACE FOR IT

"Do you think we can squeeze in here?" he asked as he entered a crowded bus with his big date. "Dear," she whispered, "I think we'd better wait until we get home."

"You seem to be very feeble," said the medical examiner for the Stickfast Life Insurance Co. "Well," explained the applicant, "the agent nearly talked me to death before I surrendered."

SMALL ANNOUNCES AS CANDIDATE IN GOVERNOR'S RACE

AMARILLO, Texas, Dec. 2.—Declaring that the people of Texas in his opinion want a "new deal" in state politics, Senator Clint C. Small of Amarillo today announced that he expects to be a candidate for governor in the forthcoming Democratic primary.

"I want my friends over the state," he said, "to know that I expect to offer for governor and that I will have some very definite and pointed things to say later concerning the governor's race and affairs of Texas in general, as I see them.

"In recent weeks I have been busy getting my personal affairs in such shape that they will not interfere with my plans later on for discussing with the people of every section my ideas and proposed policies regarding our state government. These policies will be announced at an early date, probably by Jan. 1.

"I want the people to know at this time, however, that my candidacy will represent no faction or clique and that I will have no axes to grind. I will offer for the sole purpose of rendering constructive service to my state and to all the people alike.

"To my mind the great majority of citizens of this state have had enough of factional fights and government administered by chosen groups.

"The time has arrived for a 'new deal' in Texas politics."

Goldston School Notes

After the Thanksgiving Holidays, school got under way with an increased attendance. The teachers took advantage of the two holidays that we had and visited parents and relatives. Some of the kiddies visited relatives, some visited friends, and some visited the cotton patch and celebrated by picking or pulling the fleecy staple. The pupils are taking renewed interest in their school work this week. This may be accounted for by the fact that they have more competition since the increased enrollment.

The school boys and the outside boys played a basket ball game Monday afternoon. The school boys were victorious by a small margin. The game revealed some of the weakness of the team; however, we are looking forward to an enjoyable season.

Plans for a Christmas program are moving forward rapidly under the direction of Miss Potter, Mrs. Smith and Miss Blanks. The program will be rendered Friday, December 22nd. The patrons are urged to attend this program.

Last Friday evening, Dec. 1, the district Trustees and Teachers Association met at Goldston. Mr. Sid B. Thomas, principal of Ash-tola school, gave an interesting and instructive address on "Some of the Values of Interscholastic Athletics" and his "Pirate Organization." Mr. Thomas gave the teachers some practical advice concerning the handling of boys. Mr. Kavanaugh of Martin was to give us an address on "Some of the Problems of School Boards" but for some reason unknown to us he failed to appear. Mr. Weatherly of Jericho was also expected to appear on the program and discuss some of the

values of the Interscholastic League Activities. But he also failed to appear. Then Mr. Gatewood tried to pinch hit for both of them as a result he gave a rambling discussion on Educational trends and problems. We expected Mr. Baker to be here but his official duties detained him.

After the program was rendered, the ladies of the community served cake and coffee to the crowd. Judging from the rapidity with which the cake and coffee disappeared, it surely was enjoyed by everyone.

GOLDSTON LITERARY SOCIETY

After a long period of inactivity the Goldston Literary Society met Monday night at the call of President Howard B. Rhodes, for the purpose of selecting new officers and formulating plans for the coming season.

The following officers were elected: Clyde Hudson, president; Mrs. Orville Smith, vice-president; Miss Willie Mae Blanks, Secretary-Treasurer Odell Mantooth, Sergeant-at-Arms; H. B. Rhodes, critic; and Gordon Gatewood, reporter. The vice-president appointed Mrs. H. B. Rhodes, Miss Birtie Stewart, and Mrs. Gordon Gatewood as a committee to arrange the programs.

The principal feature of this meeting was a heated debate between Howard Rhodes and Gordon Gatewood over some of the technicalities and absurdities of the Constitution and by-laws of the Society. The main feature of this debate were inconsistencies and the reckless use of big words. This bombardment of oratory by these debaters was brought to an abrupt end when the chairman appealed to the Sergeant-at-Arms to restore order. These two would-be debaters were rather docile after the intervention of the Sergeant-at-Arms.

The society plans to render a program in the near future. As we all are aware of the fact that this Society is noted for giving high class programs, it behooves everyone to be on the alert for the announcement of a program for some of these programs there will be a small admission charge. The funds raised this way are used for various purposes. At one time we purchased song books for the singing class, at another we helped to purchase lights for the school building, and at other times we have aided in the general welfare of the community.

Watch this column for the announcement of a program; then come whether it is free or not, because if it is a charge program you may rest assured that you are helping a good cause.

ASHTOLA CHURCH NEWS

"I Will Publish The Name of The Lord."

Last Sunday there was quite a number at Sunday School. The Helpers had, as a visitor, Mrs. Thomas' mother, Mrs. Fox. Mrs. Fox made a very interesting talk which was appreciated very much by the young people. Her visit was enjoyed, and all hope that she will come back soon. There was a special Thanksgiving program and each member of the class wore clever little turkey stickers in observance of Thanksgiving.

The Vice-President, Mary Grayham, will not preside any more as she is to be married soon and will not live in Ashtola. Everyone appreciates the deep interest Mary took in Sunday School and wishes her unbounded happiness. Also the third Vice-President, Claude Lockhart, is moving, which makes two of their most lively members missing. All hope that Claude will like her new home and friends but that she will think of her Sunday School here and visit as often as possible.

Everyone, whether a member or not, come and help spread His word by doing your part.

Recently, Miss Roach explained quite fully to her Spanish class the meaning of the word "Creole" which is creole or French parentage but born in a country foreign to France or Spain. The following day Miss Roach gave an examination in which she asked the students to explain in English the meaning of "Criollo." One student said it was a full blooded native born away from his native country. Now I ask you, how could one get that way?

Mr. Stocking's History IV class promised him that if he would give his usual Monday test this week they would surprise him by doing something nice. Tuesday, one of the history students notified Mr. Stocking he was wanted in the office. When Mr. Stocking returned he could not gain entrance, for the door was securely held by several boys, however, when they allowed him to enter, he found his desk heaped with apples. Primary students aren't the only ones who give their teachers fruit showers.

I noticed that Delbert Linders, the blonde of yester year but the brunette of last week, is notice that F. L.'s black eye is again turning blonde. I also regained, its normal color. All of which goes to show, that our students don't like black as well as they thought they did.

SIX LEISURE HOURS

Recently, together with a teacher, I found out exactly how many hours, outside of school, sleeping, and mealtime, a student has to use as he desires. Our statistics show six hours each day that a student could use to some good advantage. What do the majority of students accomplish in these six hours? Nothing.

Each year we attend school we do not discover how much we know, but how little we know. How many students because they are interested in English literature read further than the course necessitates? How many students do any parallel reading in history that is not required? Later, when we are confronted with problems which require more intellect than we have acquired from between the covers of a text book, we will wonder vaguely why we did not use the six leisure hours each day to a better advantage than we did. We do not obtain an education because it is quite fashionable to say one has finished his high school and pursued higher education in college—we educate ourselves so that we may enjoy living more; so that we may derive all that is possible from living. Let us prepare now to live better in the future by using our six leisure hours to make ourselves more cultured beings.

Band Anticipates Week Of Activity

The Band is going to make two trips next week. On the 19th the band boys will go to Goldston to play for a pie supper. On Friday night the 22nd there will be a program at Hdeley given by the band and orchestra combined. The program will consist of solos, duets, and quartets by the various members. A small admission will be charged.

13-6 Score Wins Hereford Battle

In a well played game at the College Park on Thanksgiving afternoon, the Clarendon Brochos defeated the Hereford Whitefaces by a score of 13 to 6. This ended a rather successful season for the Brochos. They lost but two games, one to Berger, a Class A team, and a close decision to Shamrock by a score of 12 to 12. The Clarendon boys showed some of the class that enabled them to defeat McLean early in the season, exhibiting a well balanced offense and a stubborn defense.

Clarendon received the kick at the start of the game and made an uninterrupted march of 60 yards for a touchdown with Whitlock plunging over from the one yard stripe. Bob Word dropped the extra point. The remainder of the half was played mostly in Hereford territory with

By virtue of a protest filed Saturday, Hereford was declared District 2 champion instead of Shamrock as Shamrock had violated a rule as to the number of games played. This ranks Clarendon as one of the strongest teams in the district as they defeated McLean for her only loss and defeated Hereford, the district champs.

the Hereford ace, Baker showing some excellent kicking.

Hereford made a determined bid in the third quarter but were held in check by the strong Broncho forward wall. With fourth down and about fifteen to go, Baker speared a nice pass on the two yard line but was downed in his tracks. He plunged over on the next try making the score 7 to 6. The try for point was missed.

Clarendon showed a reversal of form in the fourth quarter and with the aid of fine blocking, Watson and Evans took the ball 60 yards for a touchdown in two plays. Word's dropkick was blocked.

Watson again made a beautiful run after a short pass behind the line and ran thirty yards for a touchdown but stepped out of bounds on the twelve yard line. A mixup caused Clarendon to lose the ball and Hereford punted out safely. The game ended with Clarendon again getting into scoring position.

Clarendon made a total of eleven first downs to five of Hereford.

SOPHOMORES

We are sorry to reveal the fact that some of our honorable classmates have become pessimists. The reason for the sudden change is the Thanksgiving holidays and "too much turkey." After we have tasted freedom, school-life seems to have lost its charms. Because of late rising, we have to rush madly to school with one shoe untied and our hats hanging over one ear. You should be able to understand our aversion to school. We get there, of course, but just as the bell is ringing (very encouraging). The one gleam of light on the horizon is the Christmas holidays.

TO THE BRONCHOS

Your season's work is over, Your many victories won, But Bronchos, you've no idea How much good you've done.

You've kept our spirits high When all of us were blue, We gladdened when we saw you—Our Bronchos, tried and true.

Although you've won not all the games, Clarendon High is proud of you; You've always been good sportsmen—So Bronchos, "Here's to you!"

Here's to our cented, McMahan, He's a credit to C. H. S., As a true sportsman McMahan stands the test.

Two Bronchos will graduate this year, And for the many plays they've won, The students take their hats off To Martin and Watson.

We wish to congratulate Paul Greene, Who is also quite a star, As a Junior he's a great player, As a Senior he'll go far.

Gorman and Mann are stars; We can always depend on them. They've distinguished themselves in many games And always play with vim.

Another star is Whitlock, A better one isn't known; He goes on the field with a cheer and a laugh, And brings the bacon home.

McCrary, Barrow and Evans Are players of merit, too; They buck the opposing line And carry the ball through.

Then there's Jackson, Word, and Behrens Who will play again next fall; They keep their eyes toward the goal, And their hands secure upon the ball.

To all of these we give thanks, But while we are praising the rest, We must not forget the coaches Who drilled the Bronchos to their best.

Congratulations, Bronchos, You've fought a good fight this fall, You may not have won the Conference, But you've certainly played good ball.

William Long of Blanchester, O. has filed suit for divorce, alleging Mrs. Long removed his bed and made him sleep on a chair.

Spanish Clubs Organize Tuesday

For the purpose of practicing spoken Spanish and learning more of the manners, customs, music, literature, arts, etc., of Spain and other Spanish speaking countries, the second and third year high school Spanish classes organized a club last Tuesday, December 5, with Miss Eloise Roach as sponsor.

The club is to function in three sections with a meeting every two weeks and a general meeting of the three sections once every six weeks.

The general officers were elected from the third year class as follows: President, Avis Lee McElvany; Vice-President, Eloise Hill; Secretary, Helen Louise Greene; Treasurer, Georgia Lutz; reporter, Dorothea Watson. The name, motto, and emblem will be selected in the next few days.

This group expects to have many good times, and hopes that other Spanish students will do the same as the club is to be continued in the future.

The Second-Year Spanish Class met at their class period Monday morning, Dec. 4, 1933, to organize a Spanish club. The nominations and motions were made in Spanish. The following officers were elected:

President, Peggy Word; Secretary, Mary Lois Hayter; Treasurer, Elerly Watson; Reporters, Eugenia Noland, and Pauline Carlile.

Program Committee: Tillie Pratt, Nell Cook, Eugenia Noland.

Each class has a program every two weeks. Every six weeks all second and third year classes have a program together. The third year class have to entertain the second year classes and the second year classes entertain the third year class once during the year.

The Sophomores and Juniors of the second year Spanish Class organized a club Wednesday afternoon. The officers elected were: President, Johnnie Lott; Secretary, Helen Risley; Treasurer, Billy Weatherly; Reporter, Nickey Stewart.

The class colors, motto, and name of the club will be decided upon at a future date. The general officers elected from the third year class are as follows: President, Avis Lee McElvany; Vice-President, Eloise Hill; Treasurer, eGeorgia Lutz; Sergeant-at-arms, Dorothy Phelp; Reporter, Dorothea Watson.

"I've been thinking, my son, of retiring next year and leaving the business to you."

"There's no hurry, is there, Dad? You go ahead and work a few years more, and then we can retire together."

Methodist Pastor Addresses Chapel

The high school students again had the pleasure of hearing Rev. E. B. Bowen, pastor of the First Methodist Church, at assembly Tuesday afternoon.

Rev. Bowen stressed the fact that to become successful in life a person must separate or stand out from the crowd. The speaker gave the example of Moses, a common shepherd, who turned aside to look at the burning bush, and as a result became the leader of his people. Although it is easier to conform to the ways of the crowd than to separate from it, one must turn aside if he is to be a success, was the advice of Mr. Bowen.

Rev. McKee Speaker At Student Assembly

Using the Nineteenth Chapter of Psalms as his text, Rev. R. S. McKee spoke to the high school students Tuesday, Nov. 28, in assembly.

The speaker on this occasion stated that although God is above the apprehension of people, he speaks to us through Nature, the Bible, and His Son, Jesus Christ. Some of the things that are revealed to us through Jesus and the Bible are that God created and controls all things. His holiness, love, and justice are other revelations that we learn of through his interpreters, the Bible and Jesus Christ.

Notes From A Convenient Cuff

Olzie Nelson continues to burn the ether each Sunday night on the National Baker's program, and his renditions of "Better Quit Shoutin' in That Amen Corner" is really good. He's with Joe Penner.

"I've heard 'Little Dogie' so much the past few weeks I almost long for the wide opens myself. Nevertheless those old cowboy songs are good and this 'Last Roundup' has a marvelous time despite its being ground into one's hearing system.

Clarendon has lost her most publicized beauty. At last that Master marksman, Dan Cupid, hit our "Miss Clarendon" and she is no more. The lucky lad who started strains of Lohengrin is from Hall County.

Our place of the light fantasia is having her face lifted and when Joe Norman returns to play our next Friday night dance we will find a more attractive place in which to enjoy ourselves. The walls are being rejuvenated and the whole place will be more beautiful.

I have just finished a book entitled "Sorry but You're Wrong About It," by an eminent Sociologist who disproves many theories among which is the fact that women are as good drivers as men. For those who have lost their joy of living, may I suggest a good book, a quiet corner, a pipe, and a radio? There's nothing better. Wayne King has introduced a new and distinctive waltz melody. "The Moment I Looked In Your Eyes," for those whose tastes run to slow dreamy waltzes.

Agriculture Class Studies Terracing

In agriculture, one learns to cull chickens, feed balanced rations for all kinds of animals, construct wood work by scale, and find board feet. But the most interesting work the class has undertaken this year is terracing. Terracing is rather difficult if one has had no experience in farming, but each member of the class, including all the girl members, find the work quite absorbing. The class has been surveying the campus this past week.

ALPHA DELTA PSI

A unique program presented by Nova Cook attracted twenty-four persons to the regular meeting of the Alpha Delta Psi on Wednesday night, Nov. 29. Before the evening's entertainment was introduced, next week's program concerning the Shakespearean period was read.

A series of personal essays from a volume by Dr. Frank Crane was read by Miss Cook as the feature of the educational program. These essays were "Agreeableness," "Mule Power," "On a Motor Trip," "Forget It" and "Utopia." Dr. Crane is famous for writing informational dissertations on common subjects as these. His optimistic outlook, his philosophical advice, and his practical humor make his contributions to literature well worth reading.

The concluding part of the program was an amusing reading entitled "The Wedding" from the adventures of Mary Carey. The portrayal of the character of a mischievous little girl was given in an imitable manner by Miss Cook. These demonstrations of oratorical talent were very much appreciated by the Alpha Deltans.

Two ex-members, Ruth Dunn and Zell Rodgers, attended the session. Joyce Link was welcomed into the clan as a new member.

A round table discussion of the price of admission to the play ensued. Placards are being made to insure proper advertisement of the production. Those promising amateurs who will put over "Co-Ed Conspiracy" in a big way are Helen Rodgers, Wylie Buchanan, Delphia Bones, F. L. Behrens, Wanda Mayfield, Kenneth Brown, Elizabeth Dunn, Harold Phelps, Virgie Skinner, Delbert Linder, Virginia Wisdom, and Bob Goodson.

Palo Duro Activities

Dancing was enjoyed by Palo Durans and their guests when they gathered at the Antro Hotel for their Nov. frolic. Music was furnished by the radio and the victrola, interspersed with pleasing piano numbers by Arthur Chase, Marjorie White, and Pauline Shelton.

Guests and members attending were: Jo Ella Stewart, Roy Stargel, Marjorie White, John Blocker, Jean Bourland, Mike Stricklin, Geraldine Pratt, Ardis Patman, Dorothy Jo Taylor, Fred Bourland, Pauline Shelton, Willard Hudson, Pauline Sanford, George Chamberlain, Delphia Bones, Bill Wood, Helen Rogers, Steve Green, Elizabeth Kemp, Sam Cauthen, Martha Jean Pirtle, Byrum Haile, Evelyne Murphy, Kenneth Brown, Helen Lawler, O. C. Watson, Eloise Roach, Drew Wilkerson, Carol Hudson, Arthur Chase, Hollis Leathers, Lucille Andis and Bill Wickline.

A called meeting of the Palo Duro Literary Society was held in the Latson Apartments Monday night to discuss means of financing the club. Members were elated over plans disclosed by Eloise Roach, sponsor, and expect to make a fortune. This secret will be disclosed to the public soon.

A Visit To The Corner Book Shop

I was visiting in Uncle Tom's Cabin with my Aunt Jane of Kentucky who called me Alice For Short. This Iron Woman had been engaged to a Certain Rich Man, but he broke the engagement because she was So Big To Have and To Hold. Coronado's Children were also visiting at the home of Our Mutual Friend. His Sons started fighting in the hall and for awhile I thought there was going to be a Murder By The Clock. The fight started because One had eaten a Cherry Square between meals. He denied it but I said "Don't deny it, Tom Sawyer eating it."

After quieting The Turmoil in the hall, I stepped outside. I saw A Light In The Clearing. Child

Harold thought it was his mother. I didn't see how it could have Ben Hur but it was. She approached with A Lantern In Her Hand. "Who's here," she inquired. "Justice and Aunt Jane Of Kentucky," I replied.

In the Gray Dawn, I started Back Home. After I crossed One More River, I had my feet again upon The Good Earth. I hear a noise and I thought it was the big Beowulf, but None So Blind as I could have discovered it was only a White Bird Flying. Then I stumped my toe on a Bent Twig. After such Strenuous Life I continued to my Journey's End in Silence. Later I wondered why there was so Much Ao About Nothing but decided that All's Well That Ends Well.

This 'n' That

Now that the Thanksgiving holidays are over, let's get back down to business and work real hard. Judging from experience I think some of us need a little studying. It won't be long 'till the six-weeks tests roll around again, and if we don't study I am afraid we shall regret it.

The eighth grade is boasting another new pupil in the class, Eloise Thompson from Comert, Oklahoma. We are all very glad to have her join us and hope she likes it here very much.

We held the second election for the best all-around boy and girl Monday afternoon. Everybody is looking forward to the time Dr. Jenkins will announce the winners. Who will they be? I guess all we can do is wait and find out.

The eighth grade has started studying the Bolenius Literature books, and they think they will be very interesting. If any of you Juniors have a Bolenius Literature Book that you do not need, and want to sell it, bring it down to the Jr. High and I am sure you can find a buyer. Please don't hesitate to bring the books down because we are very short of them.

FAREWELL TO PEP SQUAD

Football season is over and the pep squad are through until next year. The squad wishes to thank the many people for attending the various games and to thank

the band also for playing at all the games.

For her faithfulness and interested leadership, the squad wishes to thank Miss Thornton, the sponsor. Her many original ideas and her ability to overcome difficulties have endeared her among the members.

To our pep leaders, the squad extends its gratitude for their success as a squad for the squad feels that the well chosen leaders this year were responsible for the successful season of the squad.

In truth, the leaders wish to thank the squad for their loyalty and their spirit of cooperation which they displayed throughout the year.

GETTING THINGS DONE

Christians of industrial and business leaders is never lacking, but when a community desires some important and difficult public service performed it generally turns to one of these leaders for guidance. We are reminded of this fact by the recent selection of Thomas W. Martin, president of the Alabama Power Company, to head the Birmingham Community Chest campaign.

Like other industrial cities, Birmingham has been hard hit by unemployment, and its relief problem, even with government aid, is a tremendous one. In view of Mr. Martin's impressive record, it is no wonder that his city turned to him in this emergency.

His company is reorganized as one of the most progressive and efficient in the country. This year it received three national prize awards from the Edison Electric Institute—one for "the greatest contribution to the advancement of rural electrification," another for "the greatest contribution to the advancement of electric lighting of commercial and public buildings," and a third for a paper relating to commercial and merchandising problems of the industry.

What is of even more interest to the general public is the fact that the company's rates have been progressively lowered during a period of several years, and they are now among the lowest, if not the very lowest, in the entire United States.

Mr. Martin's selection to head Birmingham's relief organization is merely another illustration of the habit folks have of seeking leaders who can do things when they want to get important things done.

KIWANIS LEADER ADDRESSES LIONS

KIWANIS LIEUT. GOVERNOR S. J. COLE, OF AMARILLO IS PROGRAM SPEAKER

Clarendon Lions were favored Tuesday by the appearance of a visiting official of the Kiwanis Clubs of this section, when Program Chairman Drennan presented S. J. Cole of Amarillo, who is Lieutenant Governor of the Kiwanis for this section of Texas.

There was a good attendance present and Lion Patman, major activities chairman, distributed the tickets to the Lions Benefit Minstrel Friday night, to be sold by the membership, and made other announcements concerning the program. He also conveyed an invitation from the Hedley P. T. A. inviting the Lions to bring the minstrel to Hedley on the 19th or 20th for a performance there on a fifty-fifty gross basis. The Hedley P. T. A. was very appreciative of the program presented there last Spring by the Lions that they want another like program and propose to do all the advertising to bring about a larger attendance. This was referred to the minor activities committee and Lion Boykin, director of the minstrel.

When Kiwanian Cole was introduced he spoke of the identical ideals of service existing among the various service organizations and called the members present "Fellow Lions," in the words of a united purpose. Mr. Cole outlined his address along the theme of individual values and actual worth, proving that the intrinsic value of the human being was indeed small, probably around 98c. He developed the ideas that a man's worth, therefore, was bound up in his measure of service to his fellows and to his community. That the sum and total of human happiness imparted to his fellows from a vibrant and joyous life of service, was, after all, the real rule by which a human life is measured. The speaker closed his address by repeating the poem by an unknown author, "The Builder" in which the old man in life's pilgrimage crossed the chasm, deep and wide, at eventide, turning again to build a bridge to span the stream and declared when asked the why of his act, that there followed after him a youth to whom the chasm might be a pitfall, therefore he paused to build a bridge for him. Lion President Nored closed the meeting with thanks to the visiting speaker for the address and an invitation to visit with the Club again.

Dr. Oscar Jenkins, of this city; Messrs. Redding and Frey of the state highway department were guests of the day. Mr. Frey will have his office in Clarendon as inspector of the work on highway five west of Clarendon.

BANNER CROP FOR HEDLEY THIS YEAR
The farmers in and around Hedley are all smiles this season, for never before has there been more satisfactory conditions and a larger crop raised. The row crop was abundant and every farmer has feed to sell. The number of cotton bales ginned up to Nov. 30, is 7019, and it is estimated that there will be 1200 more bales ginned. Several pieces of land produced from three-fourths to one bale per acre on the upland and in the bottom land one and one-half bales to the acre.

BRAY (By Mrs. Claude Hill)

Singing was well attended Sunday night. Several were present from Hedley and McKnight. Our entire community was saddened last Wednesday morning when the message came from the hospital at Amarillo that Oscar Banister, nineteen year old son of Mr. and Mrs. Fletcher Banister, had died at eight a. m. Oscar was loved by all who knew him and his passing has been a shock to every one. He was sick only three days. He leaves a father, mother, four brothers and two sisters to mourn his passing. Our deepest sympathy is extended to his loved ones. Mr. and Mrs. W. O. Hill and children were callers in the home of Mr. and Mrs. D. W. Robinson Sunday afternoon. Mr. and Mrs. Earl Dickson and son spent Tuesday in the home of Mr. and Mrs. Bill Higdon at Ring. Mr. and Mrs. J. C. Hill visited relatives at McLean Sunday. Mr. and Mrs. Martin Banister have moved to Hedley. County Agent T. R. Broun of Clarendon was transacting business in our community Tuesday. Mr. and Mrs. Earl Dickson and son and Leonard Hodges were shopping in Clarendon Saturday. Bill Higdon of Ring spent Saturday night and Sunday in the home of Mr. and Mrs. E. J. Dickson. Mr. and Mrs. Omel Hill and children were visiting relatives in Memphis Saturday afternoon. I wish to correct a misprint, or mistake. Some way one item got mixed with another in this column last week. It should have read: "Mrs. M. Horn and daughter Billie Nell, of Monahan, spent Saturday night in the home of Mr. and Mrs. J. C. Hill." And "Miss Floy Bell spent Sunday visiting Miss Lillian Sharp." The mistake that appeared last week read: "Mrs. W. Horn and daughter visited Miss Lillian Sharp Sunday."

BRONCHOS TRIM HEREFORD 13-6

THANKSGIVING GAME SHOWS BRONCHO POWER WITH SEVERAL REGULARS OUT

The Bronchos closed the football season in Clarendon Thursday afternoon with a 13 to 6 victory over the Hereford Whitefaces. Clarendon received the first kickoff and marched steadily to a touchdown in the first five minutes of the game. This touchdown was made before Hereford ever had possession of the ball. Word drop-kicked the goal for the extra point.

Fired by this early success the Bronchos continued to fight hard and fast doing some very good playing. They showed some of the best and most efficient defensive playing that they have done this year. Also the passing was better than usual. Whitlock and O. C. Watson proved their worth as a passing combination. Hereford also did some mighty good clean playing. R. Baker, the Whiteface quarterback, and Trimble were possibly the most outstanding players for Hereford. Watson, Mann, Greene, and Evans were the most outstanding for Clarendon.

No more scores were made until Clayton, left half for Hereford, carried the ball across for a touchdown in the third quarter. R. Baker failed to kick the goal for the extra point. This made the score Clarendon 7 and Hereford 6. The last score of the game was made about the middle of the fourth quarter when Evans got the ball and ran twenty yards to a touchdown. This made the score 13 to 6, and so the game ended.

The game was very efficiently officiated by Dick Nichols as referee, Stargel as headlinesman, and Fred Bourland as umpire.

PIONEER WOMAN DIES TUESDAY

RESIDENT OF COMMUNITY FOR 35 YEARS IS BURIED HERE WEDNESDAY

Mrs. J. R. Leathers, a long time resident of Clarendon and Donley county, died at her home in this city Tuesday afternoon, at four o'clock. She had an attack of intestinal flu about a week ago and never recovered from it. Medora A. Leathers was born August 20, 1863 in Limestone County, Texas and came to Donley County with her husband in 1897, settling at Lelia Lake, where Mr. Leathers died in 1908. For the past thirteen years she has lived here in Clarendon and has many friends and neighbors who will mourn her passing. Funeral services were held Wednesday afternoon at two o'clock at the First Baptist Church, with Rev. B. N. Shepherd and Rev. F. N. Allen of Lelia Lake officiating. A quartette composed of Miss Annie Bourland, Mrs. J. H. Howze, G. L. Boykin, and Sam M. Braswell sang "Does Jesus Care."

Interment was made in the Citizens Cemetery. Pallbearers were Elba Ballew, Fred Ballew, Carroll Lewis, W. W. Jones, Allan Bryan, and Lee Holland. The deceased is survived by five sons and one daughter; G. F., B. F., Kinch, H. K., D. E., and Mrs. J. C. Christal.

CHRISTIANITY

Christianity is the teaching of our Lord Jesus Christ and His Apostles put into practice. The record of this doctrine is contained in the New Testament. Many prophecies that tell of the blessings of Christianity, and types that prefigure them, are found in the Old Testament, but the record of Christianity is in

the New. Care should be taken lest the old covenant should be confounded with the new.

Christianity does not consist of human theories, creeds, etc., but in doctrines of unquestionable authority; in things that are true, whether men believe them or not—in things that are to be believed, and acted upon just because they are true.

The design of Christianity is to save fallen man, to bring the wanderers home, to make provisions for their needs, and prepare them for the eternal residence in the "Eden above."

Too often the Christian religion is judged, not by the doctrine of the New Testament, but by the theories of uninspired teachers and the lives of professing Christians. Care should be taken to distinguish between the "faith which was once for all delivered to the saints," and accretion to faith—extraneous additions, consisting of human speculations, or un-Christlike conduct. As workmen at times, covered up the ornamental designs of the interior of certain buildings with layers of white-wash, so men have covered up the doctrine of the New Testament with the white-wash of speculative theology. Our duty is plain. Occasionally workmen have been engaged to remove the layers of white-wash and the ornamental work has been extraneous, that the faith of the early church may once more be revealed in its original simplicity and beauty.

Our Sunday sermons are to help you in removing some "White-Wash." At the morning hour our subject is, "Called to Service." Sunday night it will be "What is Pharisaism."
