## BALLEW SHOWS WINNERS AT FORT WORTH

E. S. Ballew, local Hampshire breeder, won several honors in the open show division of the Ft. Worth Stock Show held there the first part of this week.

Mr. Ballew was the outstanding winner of the day in the senior division. He showed the champion barrow with an intermediate entry.

Mr. Ballew proved strong competition in all divisions of the Hampshire barrow class. He won second and third ribbons in the light weight division; first and second in the intermediate, and fifth place in the heavy.

In pen exhibits, Mr. Ballew again scored with a championship. His intermediate pen of three, which won first in its class, later was chosen champion pen in the Hampshire contest. He was also awarded third place in the light weight pen of three.

## Cemetery Trustees Ask For Donations

The Trustees of the Citizens Cemetery have this week mailed out a number of letters asking for yearly donations for the purpose of paying for the up-keep of the grounds during the year. On account of the heavy increase in the cost of labor they are asking everyone interested in the Cemetery to make their donations as large as possible. The Trustees say it takes two men regularly through the spring and summer to keep the grounds in good shape. They urge that these donations be made promptly as possible and as much as you feel you are able to give for this worthy purpose. They will see that your money is well spent. They ask your help in keeping our Cemetery the best kept of any in the Panhandle. Mail your checks to either one of the trustees: W. W. Taylor, A. L. Chase, or Odos Caraway.

## Legion To Sponsor Dance Saturday Night, March 16

Old, young, spry, or decrepit—it makes no difference—you are nevertheless invited to attend a dance Saturday night beginning about 8:00 p. m. sponsored by the American Legion, which will all take place in the Legion Hall. A broad selection of popular recorded music will set favorable rhythmic tempos that everyone can enjoy dancing to. They will be played on a good record player guaranteeing plenty of volume. Admission prices will be 50c tag and 75c drag (couple). There will be no tickets sold; the admission will be paid at the gate. These prices are within your budget, so come on out and enjoy yourself.

## Clarendon Future Farmers Promote Bangs Control Program

Members of the Clarendon Future Farmer Chapter are cooperating with the members of the Donley County Dairymen's Association to control the spread and prevalence of Bangs Abortus in the dairy cattle in Donley County. Members of the chapter under the direction of their instructor, J. R. Gillham, are vaccinating and dehorning heifers from 2 to eight months of age for all members of the Donley County Dairymen's Association free of charge.

The group has already treated approximately 100 head of purebred heifers and will probably treat in the neighborhood of four hundred before the season is over. Vaccination for Bangs at this age makes the cattle free of Bangs for the remainder of their lives, and they give a negative reaction to Bangs tests.

## Baseball Players To Organize Sunday

According to Bill Adams, the fever is in the air to start another baseball season, and he is asking everyone that is interested in playing ball to be out Sunday afternoon at 2:30 and get organized.

"We had a good team last year and we should have a much better team this year as we have some good ball players back from the service," Mr. Adams stated.

All players are asked to bring along their gloves and be out there, and the fans are invited out also so they can get behind the team and help out with the plans.

A six team league for this area has been proposed and the Memphis team say we are going to have to produce a good team to compete with them.

"We can do it," Adams stated, "so come out Sunday afternoon and let's get started."

## 1946 AUTO LICENSES CAN BE PUT ON NOW

It is legal to put 1946 licenses on motor vehicles now, and motorists are urged by the local tax office, to buy plates early to avoid the annual rush. Deadline for having license plates on your vehicle is the last day of this month.

To date approximately 405 licenses for passenger cars, 66 for farm vehicles and 41 commercials have been issued at the local office. Last year there were 1,878 licenses issued for motor vehicles in the county. There are approximately 1400 vehicles yet to be registered, so now is the time to do it before the mad rush at the end of the month.

## Davis And Butler To Operate Conoco Station Here

C. E. (Skeeter) Davis and Gene Butler have purchased interest in the Conoco Station west of main street and will operate the business in the future under the name of the West Side Conoco Station. The station is located three blocks west of main street on the highway. The station is being remodeled and painted this week and the new operators of the business propose to give the very best in this type of service.

Both men are veterans of World War II. Mr. Davis saw duty for 30 months in the South Pacific and Mr. Butler saw 30 months of service in the European Theatre of war. Both of these young men were raised in Donley county and received their education here before entering the service.

## CLARENDON YOUTHS RECEIVE DEGREES

The University of Texas conferred 526 degrees this week, ending the winter semester of 1945-1946. Included among this number were 21 master degrees, three doctor degrees and 130 commissions or degrees of NROTC or V-12 students.

The Medical Branch of the University at Galveston conferred 93 Doctor of Medicine degrees March 2nd in a ceremony at the Auditorium Municipal Pier in Galveston.

Included among those receiving degrees was BA, Mary Ella Williams, daughter of Mr. and Mrs. Glenn Williams of Clarendon; and Doctor of Medicine, William Jackson Walker, son of Mr. and Mrs. J. L. Walker, also of Clarendon.

## Services Held Here Sunday For Mrs. J. L. Naylor

Funeral services were held Sunday afternoon at the Methodist church for Mrs. Mary Wilma Naylor, wife of J. L. Naylor, with Rev. H. W. Hanks officiating, assisted by Rev. L. E. Godwin of Panhandle, Texas.

Mrs. Naylor passed away at the family home here Friday morning, March 8 following a quite lengthy illness. During her illness she was brave and hopeful for a recovery to the end, and always had a smile for her family and friends. Although she is gone, this sweet little mother etched an indelible memory in the hearts of those whom her life touched while on earth. Her visit on this earth was brief and why she was called away we don't understand, but we do know that life here was made better because she has lived.

Mrs. Naylor was a member of the local school faculty until her health failed, and was a member of the Methodist Church, having joined in 1922.

She is survived by her husband, J. L. (Slick) Naylor; 2 daughters, Betty and Virginia; 2 sons, Jimmie and Ben; her parents, Mr. and Mrs. W. B. Ingham of Conway and one brother, John Ingham of Las Vegas, N. M., and a host of other relatives and friends.

Pallbearers were D. Lowry, Alfred Estlack, Alvin Landers, R. E. Drennan, Clyde Wilson and John Gillham.

Burial was in Citizens cemetery with Womack Funeral Home in charge of arrangements.

## Donley Dairymen Hold Quarterly Social Meeting

Approximately seventy men, women and children participated in the quarterly social meeting of the Donley County Dairymen's Association at the Clarendon High School Vocational Agriculture Room Wednesday night at 7:30. Following a short business meeting of members of the association, the group enjoyed a period of play with dominoes and forty-two as the chief attractions.

Refreshments of ice cream, soda water, and cookies were served to the group at the conclusion of their meeting. The social gatherings with the entire families of the dairymen participating are quarterly features of the association's meetings.

## AUXILIARY TO MEET MONDAY

The American Legion Auxiliary will meet Monday, March 18th at 3 p. m. in the Ladies Clubroom. All members are urged to attend.

## Legion Airs

By Legion Reporter

Hugo O. Olsen, Scout Executive of the Adobe Walls Council, Inc., will be in Clarendon Tuesday night, March 19th, to introduce scouting in accordance with the current movement to organize a troop here in this town. He will make a talk about scouting and show some moving pictures concerning the outdoor life of the Boy Scout and his summer encampment. The program should be a very interesting one.

Several boys have been selected to begin their work as scouts and they are urged to be present at this forthcoming meeting and bring their parents along. The entire program is to be devoted to them. The American Legion is setting aside this usual meeting time for their benefit and the scout program. Also, any other individuals who are interested in scouting are invited to attend.

It is imperative that the troop committee and the scoutmaster and ass't. scoutmasters be present, as the program will be as valuable to them as anyone else. The meeting will take place at 7:30 in the Legion Hall.

## SGT. WILLIAM JACKSON IN HOSPITAL AT CHICKASHA, OKLA.

Sgt. William H. Jackson of Clarendon, Texas was recently admitted to Bowen General Hospital, Chickasha, Okla. for medical treatment.

Over seas for 23 months with the 534th Anti Aircraft Artillery, Sgt. Jackson entered the army in September 1942 and received his basic training at Camp Hulen, Texas. Leaving for overseas in March, 1944, this unit landed at Glasgow, Scotland. He saw action during the campaigns of Normandy, Northern France, the Rhineland, Ardennes and Central Europe, returning home Feb. 22, 1946.

He wears the European Theatre of Operations Ribbon with 1 silver star, the Bronze Star Medal, the Good Conduct Ribbon and the American Theatre of Operation Ribbon.

His parents, Mr. and Mrs. James F. Jackson reside in Clarendon. His wife is the former Jean Chadwick of No. 19 Borrowdale Grove North Field, Birmingham, England. She expects to join her husband in the near future.

Mr. and Mrs. Bill Ray were Amarillo visitors Wednesday.

## County Agent Says Now is Time To Spray Trees

County Agent H. M. Breedlove says that now is the time to spray fruit trees for the control of insects and to insure a good crop free from insects if we are fortunate enough to escape that late freeze. When the trees are in full bloom or have begun to shed a few of the blossoms it is time to spray with a mixture of 4 pounds of hydrated lime to one pound of arsenate of lead to 50 gallons of water. The lime should be thoroughly mixed with the water before the arsenate of lead is added. This mixture should be agitated while spraying so that it will not settle to the bottom of the spray bucket. This mixture will control the curculio worms that are so bad on peaches and apples.

When the dried up blossoms form a cluck around the tiny fruit about ten days after the blossoms have shed and the clucks of the blossoms are in evidence at the base of the tiny fruit, then repeat the same spray mixture mentioned above.

Breedlove says then to wait about three weeks and spray with a mixture of 4 pounds of hydrated lime, 1 pound of arsenate of lead and add to this mixture 3 pounds of wettable sulphur. This spray will control worm borers and help to control brown rot. It is advisable just before harvest to spray with 5 pounds of wettable sulphur to fifty gallons of water to protect the fruit against rot. The county agent says that any further information can be obtained from him at his office and advises that all persons with orchards follow the suggestions listed above.

## Presbyterian Auxiliary To Hold Food Sale Saturday

The Womens Auxiliary of the First Presbyterian Church will hold a food sale Saturday, March 16th at the Household Supply Co. The sale will start at 10 a. m. and the ladies will offer cakes, pies, cookies, dressed chickens and all other good eats for sale. The sale is being sponsored by the Young People's circle of the Auxiliary.

## LOCAL BOYS RECEIVE DISCHARGE FROM NAVY

Virgil Spencer and William Laverne Allen, both of Clarendon, received their discharge from the Navy at Norman, Okla., Feb. 28. Allen's last duty was Quonset Pt. R. I. Spencer saw duty on the U. S. S. Bollinger and served 13 months in the Pacific.

Fred Easterling, also of Clarendon, was discharged March 4th from the same place.

### Duane Littlefield Tops Gilt Contest

A Poland China gilt exhibited by Duane Littlefield was declared champion gilt in the annual contest sponsored by the Clarendon Chamber of Commerce. The gilt contest was held in connection with the fat stock show held here March 1st and was judged by Roy Snyder, Extension Service Meat Specialist. Duane will be awarded a \$25 war bond as first premium in the contest.

Ronald Thomas' Hampshire gilt placed second in the contest and was highly praised by Judge Snyder. Other youths exhibiting in the contest were Gilbert Stewart, Aubra Ramby, Kenneth Davis, Travis Ivey, and Billy Smith. Each of the youths were presented a gilt last fall and each agreed to raise the gilt, breed her to the F.F.A. male of her breed, to return one pig from the gilt's first litter, and to feed one or more pigs from the gilt's first litter for the 1947 Fat Stock Show.

## Prepare Gardens Now Urges Your County Agent

Now is the time to prepare that idle piece of land around the house or that spring garden says County Agent H. M. Breedlove. The United States Department of Agriculture has advised that there might not be as much canned vegetables available this year as the past year and urges that all persons plant a spring garden and plan to can as much vegetables as possible for home consumption. All persons on farms practically have their land prepared and ready for that spring garden, but some of the people in town have not given it much serious thought, so the county agent suggests that you look around the place and find a place for that garden because it will pay off in big dividends on the family table. Deep tillage of the soil and some barn manure will do the job.

It is time to start now and suggestions that you might need can be obtained by calling at the county agent's office, because Breedlove says that he will give all the assistance possible to make this a big year in home gardens.

## Clarendon Boxers Win Bouts Over Chillicothe Tuesday Night

### HOMER TUCKER BACK IN STATES

Mrs. J. R. Tucker received word Tuesday that her son, Homer had arrived at San Francisco from the Pacific. He will receive his discharge at Camp Wallace and is due home soon.

Mrs. Tucker has had four sons in the service and three of them have seen duty in different places in the Pacific.

Homer's wife and little son live in Memphis.

### WOMANLESS WEDDING TO BE PRESENTED SOON

According to information received from Mrs. W. T. Clifford, the Womanless Wedding, sponsored by the Band Parents, that was to have been presented this weekend, has been put off due to conflicting dates. Mrs. Clifford stated however that the play would be put on some time later this month when a definite date could be announced.

Watch for the announcement in next week's issue of the Leader as you will not want to miss the play when it is presented.

According to Clyde Slavin, Red Cross Fund Raising Chairman, plans are practically completed and should be fully completed by the end of the week to get the annual Red Cross drive underway to raise the \$2,950 quota set for Donley county this year.

Quinn Aten will be in charge of the drive at Lelia Lake; the Lions Club at Hedley will probably handle the drive for that city and the local Lions Club will be in charge of the business section here. The rural sections will be handled as they were last year by the county committeemen out of the county agents office. The only part to be completed is the workers for the residential section here.

The local Lions club committee working on the drive in the business district will make their rounds next Monday and the residential section is to be covered next Tuesday according to present plans.

The quota this year is approximately one half of the quota assigned to this county last year, and in order to meet our present quota everyone is asked to give proportionately to what they gave last year. If you gave \$25 last year, you are asked to give at least \$15 this year and we are sure to go over the top alright, the chairman stated.

Everyone already knows what the Red Cross is and what it stands for, so the thing to do is just get your donation ready for whoever calls on you and the drive can be finished in a hurry.

### F.H.A. GIRLS SPONSOR BOOTH AT BOXING MATCH

The local Future Homemakers of America sponsored a booth at the boxing match between the Bronchos and the Chillicothe boys here Tuesday night to make money to send in to the Area Treasury for a state camp for the F.H.A. girls.

### DRIVERS LICENSE EXAMINER TO BE HERE MONDAY

Sheriff Guy Wright has received word that the Drivers License Examiner will be here Monday, March 18th from 9 till 5 to take applications for drivers license.

Mr. Wright stated that the examiner was not scheduled to be here until a later date, but would be here Monday.

Upton Sinclair's latest Lanny Budd novel, "A World to Win," will be published in April. It is the seventh of the series of Lanny Budd adventures into world politics, spy and intrigue. Proof of the popularity of these books is the fact that over 500,000 copies have been sold.

Mary O'Hara's stories, "My Friend Flicka," and "Thunderhead," have sold more than 1,500,000 copies.

One of the three author-speakers at the Book and Author Luncheon at the Astor Hotel in New York on March 5th was Betty McDonald, author of "The Egg and I."

Extra Pay For Airborne Service

Applicants for enlistment in the new Regular Army who hold, or have held, an Army glider or parachute rating, and who enlist or re-enlist for three years may choose an Airborne arm of the service and upon qualification receive up to \$50 extra pay per month, Lt. Col. Hardy, District Recruiting Officer for West Texas, announced today.

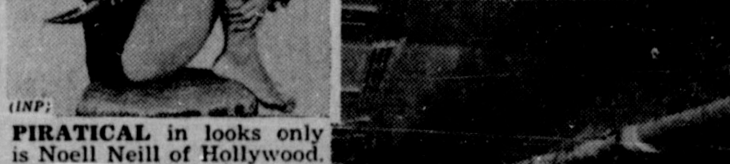

Individuals who enlist or re-enlist for three years and who desire parachute training but have never qualified for an Army parachute rating, may choose Infantry or Field Artillery and will be assigned to Army Ground Forces, or they may choose the Corps of Engineers, Medical, or Signal Corps and be assigned to the Army Service Forces. These individuals may apply for parachute training subsequent to assignment, Lt. Col. Hardy stated.

Persons interested in the Airborne services of the U. S. Army are advised to contact their recruiting stations in Amarillo, Lubbock, Big Spring, San Angelo, or Abilene for further details, Lt. Col. Hardy concluded.

Pick any one!—but get an OIL-PLATED engine

They're all good. And you can prove that you're a good chooser . . . by getting an OIL-PLATED engine.

Any car you buy . . . (or the one you still want to keep) . . . will have OIL-PLATING on guard in the engine if you make it a point to use Conoco Nth motor oil. It's patented oil. It includes the added OIL-PLATING ingredient. And this acts magnet-like—to make your engine's fine inner flash attract lubricant that's evenly surfaced right on . . . joined up or OIL-PLATED.

OIL-PLATING gives surfaces a barrier against wear. And wear is the big cause of carbon and sludge. So you can see why OIL-PLATING is just what a motor if your car is a veteran—before the 10,000 change of oil. And with OIL-PLATING you can run and keep right on going for 10,000 miles. . . . all that OIL-PLATING does is to keep those surfaces smooth and shiny. . . . Conoco Nth Motor Oil. Conoco Oil Company

**Physical Standards For Reenlistment In New Regular Army**

"The Regular Army, has not lowered its physical standards," —Col. Hardy.

In response to numerous questions, Lt. Col. Robert L. Hardy, Commanding Officer of the West Texas Recruiting District, stated today, "All applicants for enlistment who are not serving in an enlisted status at the time of such application will be given a complete physical examination and will be accepted only if found fully qualified, physically and otherwise, for general military service."

Under the Armed Forces Voluntary Recruitment Act of 1945, enlistments are authorized for periods of three years, two years, or eighteen months, and for one year under certain conditions. To qualify for enlistment, a man must be a citizen of the United States and between the ages of 17 and 34. If he is 17, written parental or guardian consent is required.

Lt. Col. Hardy stressed that the Army now offers the best pay scale, medical care, food quarters, and clothing in all its history. Men in the Regular Army can elect to retire at half pay for the

rest of their lives after 20 years' service, or three-quarters pay after 30 years' service. Family allowances for the term of enlistment or dependents of men who enlist or reenlist before July 1, 1946.

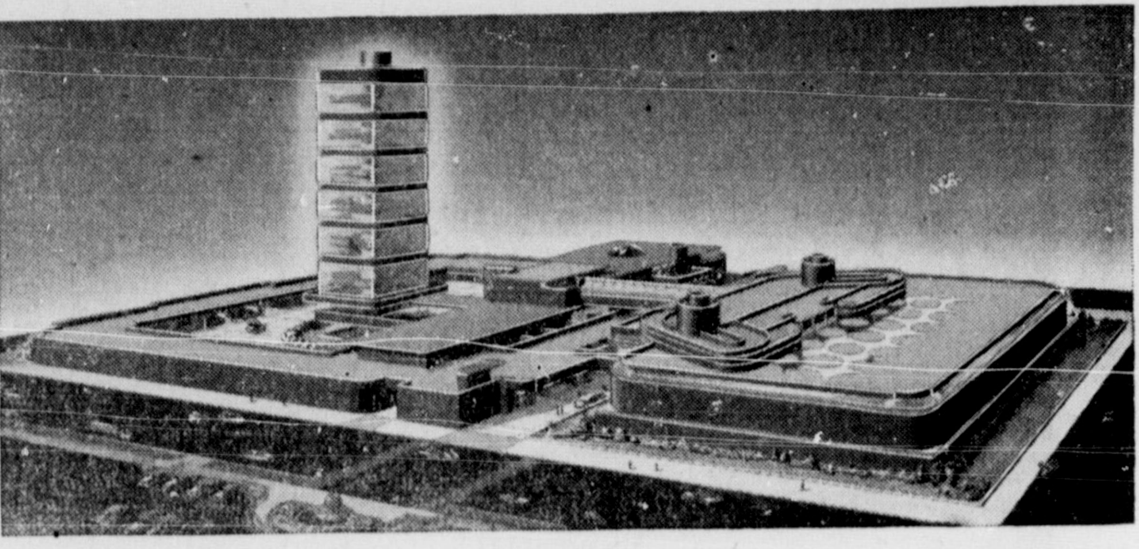

Some of the other highlights of the new peacetime Regular Army recruiting program include benefits under the GI Bill of Rights, 20% extra pay for overseas service and a 30-day furlough each year at full pay. See your local recruiting officer in Amarillo, Lubbock, Big Spring, San Angelo or Abilene for further details regarding enlistments in the new Regular Army.

Young men seeking a government-paid college education under the GI Bill of Rights must join the Regular Army before October 6, 1946.

**15-STORY "TEST TUBE" DESIGNED BY FRANK LLOYD WRIGHT**

A fifteen-story glass tower, designed by the famous architect, Frank Lloyd Wright, is the feature of a modern wax research laboratory to be built this year in Racine, Wisconsin. It was announced today by Herbert F. Johnson, Jr., president of S. C. Johnson & Son, Inc., of Racine. Johnson said:

"Our new building, which will mark the 60th anniversary of the founding of our business, will be a companion to the Johnson Administration Building which was also designed by Wright and completed in 1939. It will give us unsurpassed facilities for the development of better wax products for home and industry, and at the same time represent, I believe, as great a contribution to business architecture as did our first Wright building."

The new Johnson's Wax laboratory is a compact, tall stack, rising 156 feet in the air, serviced directly from a circular masonry stem connected to floors at the center of each of the fifteen levels that make up the building. Each level is to be brilliant with sunlight in every part and air conditioned, heated, serviced complete from the central shaft.

Wright believes that the new Johnson Research Building will prove an inspiring example for American business—"inspiring business to make itself more effective by making itself more presentable."

**WHY DON'T WE HAVE LUMBER FOR HOME BUILDING?**

2 2 2

There are plenty of trees, plenty of lumber mills, but very little lumber for home building. WHY?

Here are the simple facts behind the lumber shortage—these facts are stopping Home Building:

1. Over 50% of our lumber was once cut by small mills. Thousands of these mills were put out of business during the war by OPA ceiling prices. OPA still clings to wartime policies and these mills are still out of business.
2. OPA's blind "hold the line" policies, plus lack of enforcement, have led to the development of a huge Black Market in lumber. "Black Market" lumber is lumber that costs the people more money than they would pay if lumber were flowing to them through the normal channels of distribution—the retail lumber dealer.
3. Wartime ceiling prices made it profitable for the lumber manufacturer to cut sizes of lumber suitable for war uses, but not suitable for home construction. As OPA continues this unrealistic policy, manufacturers continue to cut lumber sizes which are unsuitable for home construction. In some cases premium prices granted by OPA encouraged production of lumber not usable for Home Building. Proper peacetime adjustments have not yet been made to encourage production of home construction lumber such as flooring, ceiling, siding, millwork, plywood—all essential items in home construction. This situation affects all lumber production.
4. The manufacturers of lumber have been provided with a hidden premium on export lumber. The OPA has made it more profitable to produce lumber for export to foreign countries than to produce lumber for home construction.

These are merely examples from the lumber field which indicate the type of OPA action that is blocking the production of home building materials in many fields.

The fact remains that homes cannot be built by any industry or Government agency without materials.

Homes cannot be built without lumber—whether that home be wood frame, brick, concrete, or stone.

The lumber and building material dealers, and the contractors of the nation can build all the homes needed—if they have the materials. But the flow of materials must be unblocked. Only increased production of building materials can solve the so-called housing problem and the unrealistic pricing policy of OPA is the biggest present block to increased production!

Any government program that does not **FIRST** remove the obstacles blocking production of materials will simply add additional difficulties to the problem facing the building industry.

Civilian Librarians Needed Overseas

The Special Division, ASF, needs professional civilian librarians for duty with the occupation forces in the Philippines, Korea, and Japan, Lieut. Col. Robert L. Hardy, District Recruiting Officer for West Texas, announced today. The positions now available range in salary from a base pay of \$2320 to 3640. Applicants must be

United States citizens, male or female, age 21-40 inclusive, and must be graduated from an accredited library school, or graduated from a college or university of recognized standing plus one year's experience in library work. Applications should be forwarded direct by individuals interested to the special Services Division, ASF, 25 West 43rd St., New York, 18, New York. Attention: Library Branch. These ap-

plications must consist of three completed copies of Standard Form 57 and a statement of availability if now employed by Federal Agency, or of approximate date of release in the case of military personnel. Further information and Standard Forms 57 may be obtained from the U. S. Army Recruiting Stations in Amarillo, Lubbock, Big Spring, San Angelo, and Abilene.

WASHINGTON NEWS LETTER

By Cong. Eugene Worley

Last week the House took up the annual appropriation bill for agriculture, which is of great importance to farmers and ranchers and others living in rural communities.

Some of the more important provisions which are of interest to the Texas Panhandle are:

(1) Soil Conservation Service—Over the country new districts are being organized at a very rapid rate. For example, in 1945 there were 1,346 Soil Conservation Districts and by midyear the number had increased to 1,463. It is expected that by the end of 1946 there will be 1,580 Districts completely organized. The committee recommended the appropriation of two million dollars for the purchase of heavy equipment from government surplus for loan and grant to Conservation Districts.

(2) Fifty million dollars has been recommended for the school lunch program.

(3) An appropriation of \$110,256 to provide farmers with the prompt classification of cotton samples and about ninety thousand dollars to supervise inspection and grading of an increased volume of grain moving in domestic and export trade.

(4) Continuation of the Farm Security Program in assisting veterans and those not in a position to obtain credit from other sources, and for low-income farmers returning from war industries who are not now borrowers and

who cannot obtain adequate credit elsewhere.

(5) Two hundred and fifty million dollars for rural electrification loans to be borrowed from the Reconstruction Finance Corporation.

These are several highlights of the Bill and the House is expected to complete action on the measure this week when it will go to the Senate for further consideration.

NOTICE

MEETING OF THE DONLEY COUNTY MEMORIAL COMMITTEEMEN

At a meeting in the Legion Hall, Clarendon, Feb. 25, committeemen from Giles, Goldston, Martin, Ashtola, Lelia Lake, Hedley and Clarendon decided to place before the people of Donley County the proposition of honoring ex-service men by placing a walnut panel in the Court House to contain all the names of the veterans of World War II.

The reason for this change of plans is the fact that the increase in prices in materials and in the number of names to be added would necessitate the raising of some three thousand dollars more funds in order to erect the concrete-marble outdoor monument as originally planned.

The following motion was introduced, seconded and passed unanimously:

"That after thirty days notice in the two County papers that we go on record as favoring an Honor Roll panel to be purchased and placed in the Donley County Court House; if sufficient funds remain after any persons not satisfied with this proposed change have been given a chance to withdraw their money in this effort to honor veterans of World War II."

SIGNED:

Ruth M. Richerson, Lu McClellan, J. R. Brandon, J. C. Gibbs, John White, G. G. Henson, Roy Jewell, J. W. Noel, E. M. Glass, W. C. Higdon, Rayburn L. Smith, C. B. Morris, Quinn Aten, Leon Reeves, Chas. Raines, C. L. Johnson, W. W. Flatt, Chester O. Hill, H. T. Burton.

Anyone who contributed to this fund and is not satisfied with the above plans may receive a refund of his money if called for on or before April 1, 1946. Those wishing their money refunded may call upon Mr. Clifford Johnson, Hedley, or Mr. Rayburn Smith at Clarendon.

Upon completion of six months satisfactory service, a Private in the Regular Army will be automatically promoted to Private First Class.

WIVES AND CHILDREN OF GIs WILL BEGIN TO ARRIVE OVERSEAS AFTER APRIL 1

Wives and children of GIs will begin to arrive overseas after April 1, Lieut. Colonel Robert L. Hardy, Commanding Officer of the West Texas US Army Recruiting District in Lubbock, has been advised.

Berchtesgaden, scenic mountain retreat once favored by Hitler, will soon become the homesite for many of these American families. Soldiers' homes are being constructed in an area beneath Hitler's shattered eye. Berchtesgaden is one of the 56 cities selected by officials in Germany and Austria to house thousands of American families.

FEEDING THE HUNGRY

Shipments of foodstuffs amounting to \$741,700,000 have been distributed to hungry civilians of other nations through the Allied Military Government, Lt.

Col. Hardy, District Recruiting Officer for West Texas, was advised by the War Department today.

Over a 29-month period between July, 1943, and November, 1945, these shipments went to Italy, the Balkans, Philippines, Netherlands East Indies, and that portion of Northwest Europe under United States and British control.

Wheat and flour made up 43 per cent of the entire shipment.

With parents' consent young men of 17 may now join the Regular Army and begin a four-year government-paid college education at the age of 19.

Good jobs for men with mechanical skills are now open in the Regular Army Air Forces and Ground Forces.

U. S. statistics show that more than four million persons have graduated from colleges—ten times as many as in 1900.

MOM'S BACK IN THE KITCHEN

Yes, she's back at her old job of home-making—that 24-hour-a-day job with no overtime pay.

Mom learned a lot about electric service during the war. She found that stitching up a cruiser and stitching up a curtain are both done more easily, and quickly when electricity lends a hand.

And when home-making had to be sandwiched in after war-plant hours, Mom learned that the touch of a finger-tip brought her a dozen willing servants for the cost of a candy bar.

Mom's back in the kitchen. And electric service—always ready, dependable and cheap—is there with her, making her tasks easier, her life more comfortable. Service like that just doesn't happen. It takes hard work and good business management. The men and women in Mom's electric company—and yours, too—make it possible.

Let's Tackle Inflation While We Can

You don't want your dollars to buy less and less and less!

You don't want your savings to melt away! Or the value of your life insurance to dwindle!

Yet that is what inflation can do to all of us. Therefore, thoughtful people everywhere are concerned with ways to smother it before it gets out of hand.

One major cause of inflation is a shortage of goods when people have money to spend for things they want.

That cause can be eliminated by the production of goods—fast—in quantity.

BUT THERE'S A BOTTLENECK

During the war there wasn't enough labor and materials to meet the needs of war and still produce all the civilian goods people wanted and could buy.

Therefore price controls on civilian goods were substituted for competition to keep prices down.

Today this country has all the labor and materials necessary to turn out the things people want.

Yet goods are still scarce. Store shelves are still bare. The national pocketbook continues to bulge. Inflation grows.

Why? Because price controls in peacetime hinder the production of goods. Business cannot live by producing at a loss. And so, goods that can't be made to sell at the prices fixed by the government just don't get made.

Nor will the raising of price ceilings solve the problem. When costs and selling prices are subject to change at any moment by government action, production has to be on a day-to-day basis.

That means uncertainty... reduced output... more inflation.

ISN'T THIS THE ANSWER?

Remove price controls on manufactured goods and production will step up fast.

Goods will then pour into the market and, within a reasonable time, prices will adjust themselves naturally—as they always have—in line with the real worth of things.

Competition has never failed to produce this result.

This is the way you can get the goods you want at prices you can afford to pay.

Please think this over. Then tell your representatives in Congress what you believe should be done. You owe it to yourself... and to your country's welfare.

LET'S END INFLATION... A postcard addressed to the National Association of Manufacturers, 19 West 59th Street, New York 20, N. Y., will bring your copy of a booklet explaining in detail why price controls cause inflation.

**"Radar Brains" Against V-2's**

Danger of atom bombardment of our great cities and industrial centers by long-range stratosphere rockets may be considerably lessened if Army Air Forces efforts to "track" captured German V-2's by the use of "moon radar" and other devices are successful in experiments to be held this summer. Lieut. Colonel Robert L. Hardy, Commanding Officer of West Texas US Army Recruiting District, has stated.

In the desert setting of White Sands proving ground, New Mexico, the AAF will pit its "radar brains" against the V-2's. These rockets will be sent streaming 90 miles into the stratosphere by Army Ordnance and the AAF, in cooperation with the Signal Corps, will attempt to plot their course from the moment of discharge to the moment of impact.

In attempting to track the rockets in flight from every possible angle, AAF technicians hope to determine which radar devices are best able to trace the aerial route of these sky-torpedoes and how they may be intercepted in mid-air.

Since the autumn of 1943 when the first German V-2 landed accidentally in Sweden, the Air Forces has been working on rocket defense. The AAF hopes to come to some definite conclusions in the test this summer, but whatever conclusions may be made, the AAF will go on with its research until a way is found to stop the V-2's either by interception or by some other means.

**\$345 Offered In Prizes In Texas History Writing Contest For Young People By Historical Ass'n.**

The Texas State Historical Association has announced a first prize of \$100.00 for the winner of the 1945-1946 Junior Historian Writing Contest. Twelve papers will receive awards totaling \$345.

Contest entries may deal with any topic in Texas History, but contestants are urged to work on some subject related to their community or local history. Some suggestions for topics are: cattle, trails, saddles, Indian depredations, transportation, natural history, explorations, oil, economic, political, or biographical subjects.

"Any boy or girl in Texas under twenty-one years of age may become eligible for competition," stated H. Bailey Carroll, Editor of "The Junior Historian," the magazine of the Association which is written almost exclusively by young Texans.

April 1, 1946, is announced as the closing date of the contest. All interested are invited to write for further information to The Junior Historian, Box 2131, University Station, Austin 12, Texas.

Mr. and Mrs. Frank Bourland and Mr. and Mrs. James Ross and baby were Amarillo shoppers Tuesday.

**ARMY CLOTHING AND MATERIALS DECLARED SURPLUS RECENTLY**

Clothing and materials valued at \$29,000,000 have been declared surplus recently, the West Texas Recruiting District Headquarters has just been advised.

The surplus items have been turned over to the War Assets Corporation which is preparing sales programs. They will be offered to priority claimants, veterans and dealers in the near future. The Army does not sell surplus except for small lots, scrap, and salvage.

Included in the list are boots, shoes, overshoes, trousers, shirts of various types, sweaters, wool socks, dungarees, hats, pajamas, Women's Army Corps coats, jackets and skirts.

Materials include more than 22 million yards of various types of cotton cloth, approximately 750,000 yards of wool cloth, more than 250,000 yards of various types of nylon cloth, some cotton thread and cotton binding, and more than 500,000 slide fasteners.

Mrs. Paul Shelton returned home Monday from Dallas where she attended the funeral of her uncle.

## Mrs. C. G. Stricklin To Attend Luncheon At Hockaday School During March 13-14th

Mrs. C. G. Stricklin of Clarendon will be in Dallas March 13 and 14 to attend a recital and luncheon honoring the mothers of students of The Hockaday School on invitation from Miss Ela Hockaday, founder and president. Mrs. Stricklin is the mother of Miss Beverly Stricklin, who is a member of the Freshman class of Hockaday Junior College.

The mothers will be honored guests at a harp recital by Mildred Dilling, internationally known harpist whose best known pupil is Harpo Marx. Miss Dilling will play at 8:15 Wednesday evening in the Great Hall of Hockaday Junior College.

Thursday noon the mothers will be honorees at a formal luncheon in the Grand Ballroom of the Hotel Adolphus which will be attended by all students, their mothers, and staff members. Eight hundred and fifty guests are expected, and acceptances have come in from eight states. The program at the luncheon will consist of songs by the students, the recitation of several original poems written to their mothers by the girls, and a talk on "Women's Contribution to the Peace" by Dean Mattie Lloyd Wooten of Texas State College for Women in Denton.

Tables will be decorated with redbud and forsythia. As a surprise tribute to the mothers, each girl will pin a corsage on her mother as a speaking choir of fifteen girls of the Preparatory Department recite some verses composed by Iris Altrodge of the Junior College.

A tradition in the Hockaday Preparatory School before the war, the luncheon for mothers for the first time this year includes the girls and their mothers from the Lower School, Preparatory School, and Junior College.

**PRICE CONTROL NEWS**

By Peppy Blocker

Every American should know where we stand today regarding future prosperity. He should compare his position now with his experience in the past and look into the future to see what is in store for him.

All of us are interested in sound economic stability but if we let ourselves go into a period of post-war inflation we will wind up facing an economic tragedy from which it will take us years to recover.

Experience has proven that by holding the line by controlling prices we can have a prosperous economic future for America.

Naturally there are things each of us does not like about the OPA. When we're doing the selling we're likely to air our pet peeves about the "high moguls" up in Washington who made the rules—but they sure come in mighty handy if we're doing the buying, now don't they?

So let's all try to remember that in anything as big as the Office of Price Administration, there are bound to be errors. But it's the final result that counts—and if the OPA can bring us through this post-war period and wind up with sound economic stability for our nation, then don't you think it deserves our whole-hearted support?

**VISIT PARENTS HERE**

Carl Bennett and John Carrol Brumley came home from Wentworth Military Academy at Lexington, Mo. by plane last Thursday to spend the Spring vacation with their parents. Carl had a friend with him, Edward Espinosa who is also attending the academy. His home is at Guadalupe. Their parents, Mr. and Mrs. Rolle Brumley and Mr. and Mrs. C. W. Bennett accompanied them to Amarillo Tuesday where they returned by plane.
