## Williams Tells

By Fred L. Williams

**"Dead-Eye" Dick—**  
Heard a pretty good one on Sam Dyer this week. A fellow said he was out hunting with Sam when they jumped a covey of quail. Sam singled one out and started laying a veritable barrage in his direction. Mr. Quail, however, proceeded to flutter wildly on his way and finally landed safely some distance away. "Hot dog!" Sam said. "I sure scared him, didn't I?"

**Beautification Drive—**  
The beautification drive being sponsored by the Mother's Culture Club of this city is worthy of the support of the entire community. The crepe myrtle has been chosen as the county plant to be used in the beautification of the county for the coming Centennial. Through the efforts of the club, very reasonable prices have been obtained on the plants, prices that will enable everyone who wishes to do so to participate in the beautification movement.

Officials of the club state that they have learned that the crepe myrtle is particularly adapted to this climate, and that they will withstand the severe cold weather that is experienced here. It is believed to be the most practical and beautiful plant for this section.

All club members who are interested in the program should get in touch with the chairmen of the beautification committees of their respective clubs, and place their orders for the plants. December 10 has been set as the closing date for the acceptance of orders.

Let's all get behind the movement and spruce up old Donley County a little for the benefit of the thousands of out-of-state visitors who will be here for the Centennial celebration next year. It is something worth while, and is deserving of our whole-hearted support.

**A Sad Court Trial—**  
There are probably very few people in Clarendon other than Lions Club members who know that a court trial of major importance was held here this week. At the meeting of the club Tuesday, one of Clarendon's prominent young citizens was placed on trial for a very serious offense. Mr. Robert Landl was brought before Judge G. K. "Simon Legree" Reading on the charge of the unparadonable crime of getting married.

Mr. Landl, when called upon to take the stand in his own defense, swayed the audience with his eloquence until it was believed by many that despite the clarity of the case against him he might be freed. After Mr. Landl's soul-stirring oratorical discourse his attorney, W. T. Link, took the floor and made an impassioned plea in behalf of his client. Two more sparkling bits of oratorical eloquence have never been heard in Clarendon than those delivered by Landl and Link. Their speeches were gems of the art of fluent public discourse, the only one defect in each of the speeches being the fact that no one heard a word they uttered. And this was caused by the fact that no word WAS uttered. And THIS was caused by the fact that every time the attorney or the defendant opened their mouths to pour forth their pleas, they were silenced by thunderous applause of the audience.

After the defense had silently completed its case, Judge G. K. "Hard Hearted" Reading, entered a verdict of "Guilty—in the nth degree," and the defendant was assessed a staggering sum as a fine, 25 cents, to be paid into Judge "Tail Twister" Reading's bank.

And thus ended one of the saddest court trials ever to be held in this county seat city.

## LARGE CROWDS ATTENDING PRESBYTERIAN MEETING

Large and interested congregations are attending the meeting at the Presbyterian Church to hear Dr. G. M. Gutzke, Rev. Robert S. McKee, pastor, said Wednesday. Services will be held each night this week, probably including Saturday night.

The Sunday night services will be held in the auditorium of the Methodist Church. This is being done to afford a larger auditorium for the meeting on this night, as all of the other churches of the city have been invited to attend, Rev. McKee said.

## Drum-Bugle Corps To Legion Meeting

## Slow Rain Received Wednesday Night

The second slow rain in two weeks time fell last night over this section of the Panhandle, benefitting farm and ranch lands.

According to Joe Goldston, local weather recorder, the moisture received Wednesday night amounted to .4 inch.

Indications this morning were that more rain would be received before the end of the week.

## FATHERS AND SONS BANQUET IS TO BE HELD HERE MONDAY

PLANS COMPLETED FOR ANNUAL BANQUET TO BE AT FIRST CHRISTIAN CHURCH.

A very interesting program has been arranged for the Fathers and Sons Banquet to be held Monday evening at the First Christian Church, according to Ardis Patman, president of the organization, and is as follows:

Invocation; solo, Manley Bryan; saxophone solo, Hubert Reavis; quartette, R. E. Drennan, Fred Rathjen, Sam W. Lowe and Rev. E. D. Landreth; piano solo, Arthur Chase; trio, Misses Louise Smith, Hulda Jo Cauthen and Wilma Dee Smith; father's address, Rev. E. D. Landreth; son's address, Robert Nichols; principal address, W. T. Link.

Plans are being made to accommodate a large gathering this year, according to the arrangement committee, because of the great number in attendance at the banquet last year, when seating arrangements were insufficient for the more than 200 who attended.

The annual Fathers and Sons banquet is becoming more popular each year, and is eagerly looked forward to by the fathers and sons of the community.

## POSTMASTER URGES EARLY POSTING OF CHRISTMAS MAIL

SAYS THIS IS NECESSARY TO ASSURE TIMELY ARRIVAL OF MAIL.

Postmaster Charles H. Bugbee this week advised that persons who plan to use the mails for sending Christmas packages do their mailing early in order that packages may have a better chance to arrive at their destination by Christmas.

"During the holiday time the volume of mail increases approximately 200 per cent," Postmaster Bugbee said. "It is a physical impossibility to handle this great mass of mail matter efficiently and promptly within a few days. Therefore, to assure delivery of their Christmas presents, cards and letters by Christmas Day the public should shop and mail early. Do your Christmas shopping so that you can mail your gifts, greetings and letters to relatives, friends and loved ones at least a week or 10 days before Christmas, according to the distance.

"This will not only make it certain that they are received before Christmas Day, but will be a great aid to your postal service and to postal employees and enable them to spend the Christmas holidays with their families," Bugbee said.

## S. A. Pierce's Mother Dies At Richardson

Mrs. J. S. Pierce, 83, mother of S. A. Pierce of Clarendon, died at her home in Richardson, November 26. Mrs. Richardson, who was Martha Hanks before her marriage, was born in Virginia and came to Texas with her husband in 1882.

## Hey, Kiddies!

You'd Better Hurry With That Letter To Santa Claus.

Have you written your letter to Santa Claus yet? If you haven't you'd better sit down right now and write it. As we told you last week, The Clarendon News has been asked to serve as Santa's postoffice again this year, and if your letter is to reach him you MUST have it in to The News office not later than December 10. Now, don't wait until the last minute, or Santa may not get the letter at all. It's a long way to the North Pole where Santa lives, you know, and it will take the mail a long time to get there.

Quite a lot of the little children have already sent in their letters, and you surely don't want Santa to miss hearing from you. So, get busy, right now, and get that letter written. Tell him whether or not you've been a good little boy or girl, and tell him what you want him to bring you this year. Don't forget—December 10 is the last day.

## Local Football Fans See SMU-TCU Game

Clarendon was well represented among the 40,000 football spectators at the S. M. U.-T. C. U. football game held in Fort Worth last Saturday, when the crashing S. M. U. eleven defeated their opponents 20-14 to win the Rose Bowl bid, a coveted national prize.

If statistics were to enter into the subject Clarendon would in all probability receive a prize for having one per cent of its population in attendance at a football game 300 miles from Clarendon.

Those to attend the game from this city were Dr. and Mrs. C. G. Stricklin, Roy Stargel, Floyd Lumpkin, P. B. Gentry, Ira C. Merchant, Fred L. Williams, Meredith Gentry, Keith Stegall, H. T. Burton, Dr. and Mrs. A. W. Hicks, Miss Lorraine Patrick, Elery Watson, Mr. and Mrs. J. M. Cornell, McHenry Lane, Mr. and Mrs. O. C. Watson, Jr., Mr. and Mrs. Robert Land, and Jack Goldston.

## NEW LIQUOR LAW WILL BE ENFORCED IN DONLEY COUNTY

SHERIFF EXPLAINS NEW LIQUOR LAW AS APPLIED TO "DRY COUNTY".

"The Liquor Control Law as it applies to Donley County will be strictly enforced," stated Sheriff Guy Pierce, in speaking of the provision of the new law relative to Donley County being a 'dry county'.

The law in substance as explained by Pierce is as follows: "A person of Donley County is allowed by law to possess one quart of state and federal tax-paid liquor, which must have been purchased in 'wet territory', the purchase having been made personally by the person possessing same. Transportation by a second party does not come within the scope of the new law. Possession of over one quart, or sale in dry territory of tax-paid liquor, or liquor manufactured in a dry territory is a violation of the law and becomes a misdemeanor, to be tried in county court for which a penalty of from \$100 to \$1,000 and one day to one year in jail may be assessed."

According to Pierce there are no wet counties in this part of West Texas at this time although several counties are preparing for elections under the local option law.

## CO-OPERATION IN BEAUTIFICATION PROGRAM IS URGED

DECEMBER 10 IS LAST DAY TO PLACE ORDERS FOR CREPE MYRTLE.

December 10 is the last day on which orders for crepe myrtle bushes to be planted in connection with the county beautification program can be turned in, according to the county agent, H. M. Breedlove.

The beautification program is being carried on in conjunction with the Centennial program for the county, and all who can possibly do so are urged to cooperate in the movement. The program is being sponsored in Clarendon by the Mother's Culture Club. Orders for plants may be taken by any of the chairmen of the beautification committees of the various clubs of the county, the presidents of the different church organizations, or the county agent. The plants will be ordered from a reliable concern in Pampa and will be selected with the West Texas climate in mind. Prices will range from 18 cents to 26 cents and the colors available are white, pink, purple and red. Home owners are especially urged to take advantage of this opportunity to beautify their yards and those who do not own the houses in which they live can afford to participate.

## Dr. Gutzke Talks To Lions Tuesday

DALLAS PASTOR DELIVERS ONE OF BEST INSPIRATIONAL MESSAGES HERE.

One of the most inspirational messages brought before the Clarendon Lions Club this year was delivered by Dr. George Manford Gutzke, of the Westminster Presbyterian Church of Dallas, guest of the club, at the regular Tuesday luncheon at the Antro Hotel.

Dr. Gutzke, conducting a meeting at the local Presbyterian Church, was invited as guest speaker by the program committee composed of Lions Bugbee, Burton and Landreth.

Selecting "Human Values" as his subject, Dr. Gutzke surveyed and compared the difference between the physical and spiritual beings of man, and said there was more to a man than the eye can see, bringing his message by clear comparison in such a manner as to be clearly understood and well enjoyed.

After adjournment of the club much comment was given by the club members praising Dr. Gutzke's message.

The club voted to dispense with the regular luncheon December (Continued on Page Eight)

## REV. W. E. FERRELL MOVES TO WINK

MAKES SPLENDID RECORD DURING TWO PERIODS OF SERVICE HERE.

Rev. W. E. Ferrell, minister of the First Christian Church, and his family will move to Wink next week, where he has been called as minister of the First Christian Church there.

Rev. Ferrell received the call to Wink while in the course of a two-weeks meeting being held there, which closed Sunday night.

Having served the local church on two separate occasions, Rev. Ferrell and his family have made many friends who regret very much to see them leave Clarendon but wish for them much success in the new field, and feel that the church membership of Wink is indeed fortunate in securing Rev. Ferrell as their minister, and having this splendid family in their midst.

Coming to this city in 1930 from the ministry of the Christian Church of Salisbury, Maryland, Rev. Ferrell served 18 months as minister of the local Christian Church, until receiving (Continued on Page Eight)

## Jack Frost Makes Visit Here Monday

Early risers Monday morning were greeted with one of the heaviest frosts of the season, and with a temperature just below freezing.

The frost, which resembled a light snow, was really "on the pumpkin," but the freeze, as one farmer put it, was not enough to "pop open" the cotton bolls remaining in the cotton fields.

Early morning temperatures for the week have been of low degree, with rising temperatures in the afternoon, sundown again bringing the usual cold Panhandle nights.

Snow predictions seemed to be the order of the day Wednesday with those who wished for snow being in the majority. In other words, "the snows have it."

## Stores Putting On Christmas Dress

With the approach of the Christmas holidays business houses and store windows are being decorated in brilliant Christmas colors.

Bright red streamers dazzle window-shoppers at one store while silvery looking imitation snow flakes attract attention at another store.

Overhead decorations in the stores truly bespeak that Christmas is near at hand, and Santa (Continued on Page Eight)

## INTERESTING MEET IS HELD BY YOUNG DEMOS MONDAY

VARIOUS PHASES OF NEW DEAL ARE DISCUSSED BY MEMBERS.

"Finance," "Agriculture," and "President Roosevelt's Popularity" were discussed at the meeting of the Donley County Young Democrats Club held in the county court rooms of the court house Monday evening.

Van Kennedy very capably told of the changes in our financial system under the New Deal. He explained the new banking laws and pointed out their far reaching effects upon our economic life.

In the round table discussion of the agricultural situation under the New Deal the AAA was given credit for having saved the rural population of America, both business men and farmers, from utter ruin. Critics of the administration have said that the farmers were being regimented under the adjustment programs, it was said. The farmers present called attention to the fact that the farmers themselves were approving these programs through the referendums that are being held by the department of agriculture.

J. H. Morris discussed the popularity of President Roosevelt and the possibility of his nomination and election to a second term. That such will be the case seems to be a foregone conclusion in view of the success of his first term, Morris said. While some efforts to bring the United States back to normal have not proved to be entirely satisfactory, Morris continued, the majority have been so.

Morris predicted that some of the successful opposition to the president's policies would be regarded by future generations as in the class with witchcraft of the kind is that of injunction delaying the work of the TVA. One hundred years from now it will be regarded as ridiculous indeed that a court of the people enjoins the people from damming their own streams to generate electricity to be sold to the people themselves, Morris concluded.

The next meeting of the club will be held December 16 at 7:30 p. m. Mr. Kirby has prepared a poll of New Deal policies to be discussed at this time. This will give the members an opportunity to express by secret ballot their opinion of Mr. Roosevelt and the New Deal.

## At The First Baptist Church

HERE IS ALWAYS WORSHIP—FELLOWSHIP—SERVICE

Yes, sure enough, honest to goodness, this is victory week in the First Baptist Church. We lack only \$80 having our entire indebtedness raised, and some of the committees have not reported. It has been two happy weeks among the membership. The movement to rid the church of her indebtedness has gained momentum from the very first moment. The thing is being done. There is nothing that succeeds like success. Sunday will find us square with the world in a material way. We thank you most heartily for your generous response. Every person approached felt free to give or not to give as their circumstances permitted. If we overlooked you we did not intend to do so. Come along Sunday with your offering. This last \$80 may be harder to raise than we think. Your gift may be just the amount we need. We knew that you loved your church, but we did not dream that you would be as gracious in your response as you were. You were just as religious and whole-hearted, and courteous, and gentle, and lady-like as you could be. The fellowship of these days has been excellent beyond compare.

There will be no preaching service at the Baptist Church Sunday evening. We are anxious that you hear Dr. Gutzke who is in a meeting this week at the Presbyterian Church. The service Sunday evening will be held at the Methodist Church in order to accommodate the crowd who ought to hear this man of God in our midst.

The regular training service will be at 6 o'clock and dismissed in time for us to join in this mass meeting at 7 o'clock. Give your heart hunger a feast by being present.

J. Perry King, Pastor.

**'In Old Kentucky' Stars Rogers in Tingling Horse Race Romance**

The picture that marks the glorious climax of Will Rogers' career, "In Old Kentucky," opens at the Pastime Theatre, Wednesday and Thursday, to bring America's beloved star to the screen in a thrilling picturization of America's favorite play.

Skillfully modernized by the scenarists, "In Old Kentucky" is mellowed with the humor that brought Will Rogers fame, filled with the romance and the excitement of racing thoroughbreds that made this story the favorite of millions of Americans.

Rogers has the role of Steve Tapley, a trainer of champions and the skillful guide of young love in a land where all the horses are fast and the women beautiful.

Around the romance of Dorothy Wilson and Russell Hardie much of the picture's action centers. Hardie is the trainer for wealthy Charles Richman, a job Rogers lost when he protected Miss Wilson's grandfather, Charles Sellon, from Richman's wrath.

The task of training Miss Wilson's horse for the Ashford stakes takes up only part of Rogers' time, however. He is at the same time engaged in the courtship of a Southern lady, played by Esther Dale. And Bill Robinson, the famous dancer, is his able aid in both tasks.

Through plot and counterplot, this delightful story weaves its

way, bringing us to the spectacular climax in the race. And here Miss Wilson defies all precedent by riding her mount to victory and a happy solution for all concerned.

George Marshall, the director, again displays unusual ability in his spirited handling of the picture, working from a script by Sam Hellman, noted humorist, and Gladys Lehman.

In the supporting cast, Bill Robinson makes his bid for consideration as a leading character player, and Charles Sellon, Charles Richman, Alan Dinehart and Louise Henry render outstanding performances in important roles.

Dick Cooke spent part of this week in Borger.

A correspondent in the daily press says Broadway furnishes no more drama than the rare book and property auctions which are held almost daily in remote galleries. He sauntered into a Madison Avenue shop when the auctioneer was offering a two-volume first American edition of "The Whale" which in this country we know as "Moby Dick." He says he thought it might bring \$10, but instead it ran to \$15.75. The purchaser put the money on the counter, the books in his pocket and marched away happy. Have you read "Moby Dick" from our shelves? By Herman Melville, you know, and it is said to be the best sea story ever written.

Rev. W. W. Layton gladdened our hearts the past week with the gift of two splendid new books, "The Philosophy of Human Progress," and "World-Wide Problems of Macrococosmos," both by James William Lowler.

## THE CHAPERON

Loving Chaperone: "The other night I sez to Harold," sez I, "I wanna soda!" Then what do you suppose he said,

Wisely,

Sarah Virginia MG.

Dear Sarie: you can't fool me; I bet he said, "Soda the rest of us." Wise guy, eh?  
Helpful Chaperone.

Dear Chaperone: Does Viola Barker's beauty run in the family?  
Yours,  
Avis Lee Mac.

Dear Son: I don't know, but I did hear that her uncle owned a drug store. Always willing to try.  
Yours, "Sob."

Chaperone: Royce Turn-around has been trying to get me a blind date. Are those girls really blind?  
Love,  
Horsie Claw.

Dear Claw-hammer: Sonny, you be careful; the girls aren't blind, but the fellow that fixes them up usually is.  
Thankfully,  
Chaperone.

Dearest Advisor: How long can a person live without brains?  
Hopeful,  
Margaret Blackwell.

Dear Inkwell: You forgot to tell me your age; so how could I know? Ask me another.  
Chappiee.

Dear Advisor: I have been informed that my suit is too "loud." What shall I do?  
Disconsolately,  
Arthur Chase.

Dear Chaser: I would suggest that you wear a "muffler." Don't mention it.  
Your Advisor,

Sob-sister mine: What is the approximate distance between Dorothy Phelps' two ears?  
Sincerely,  
Peggy Taylor.

My Dear Little Peg-Leg: After much study, my answer would be one block.  
Faithfully,  
Yours.

My Worthy Advisor: They say all blondes are fickle. I am both of these. I hate fickle people and I want to change. What must I do? Tell me, worthy one.  
Dismayingly,  
Anna Moores Swift.

Fleet-Runner: Why dismay? Your sob-sister has searched through every book in her possession and found nothing on hair doctrine. So she thinks the easiest thing for you to do is to try dying.  
Ye Ole Helper,  
Chaperonee.

Worthiest Chaperonia: Why is it that J. M. Lumus calls his accounting work "Mae West" problems? Yours for bigger and better ice cream cones.  
Ardis Patman.

Little One: Cause they are "all wrong." Understand?  
Till Next Christmuss,  
Sob.

Dear Chaperon: And what was it Prof. Jerome Lucus Kerby gave to Speed-a-way Hastings in accounting the other day?  
Sam Barrow.

Dear Wheel-Barrow: My diary reads that he gave him a "piece of his mind." I always try to please my customers.  
Chaperona.

### PRESIDENT OF SENIOR CLASS GIVES PARTY

Wesley Powell entertained the senior class with a delightful party last Wednesday night. There were not as many guests as were expected, but those who were there enjoyed themselves immensely. Various games and dancing were enjoyed, and punch was served during the entire evening.

Next time, we hope the whole class will partake in the entertainment.

## SPORT SHOTS

Well, the only remaining Class B race in Region 1 are Hereford in District 1, Panhandle in District 2, McLean in District 3, and Matador in District 4. Last year Hereford defeated Dalhart, 12-0, and McLean won over Shamrock, 6-0, for the championship of their respective districts, and the preceding week Panhandle defeated Canadian and Matador won over Lamesa. Tomorrow, Hereford meets Panhandle at Hereford and McLean meets Matador at Paducah; the winner of each game will play the following week for the championship of Region 1. I predict a win for Panhandle and McLean after a close and hard fought battle.

The Amarillo Sandies, after defeating Pampa, will go down state Saturday and play Breckenridge. Other important games in high school class A are Masonic Heme versus Dallas Tech, Greenville versus Tyler, Houston versus Port Arthur, Wichita Falls versus Sherman. El Paso plays San Angelo, Mexia plays Temple, and Brackenridge of San Antonio plays Corpus Christi.

The S. M. U. Mustangs in defeating T. C. U. Horned Frogs last week, earned the right to meet Stanford in the Rose Bowl game on January 1. As S. M. U., Princeton, and Minnesota were the only remaining undefeated and untied teams and as the latter two would not consider playing after season, S. M. U. was the logical choice to represent the east in this game. I think S. M. U. will defeat Stanford because of her impressive 21-0 win over U. C. L. A., who previously defeated Stanford, 7-6. Texas A. & M. will probably put up a good fight with S. M. U. Saturday, but they cannot be expected to match the powerful Mustangs.

Although Santa Clara was defeated by a score of only 9-6 by Stanford, I believe T. C. U.'s Horned Frogs will win over Santa

## TEACHERS-PUPILS ENJOY HOLIDAYS

The Thanksgiving holidays saw a great deal of activity among the teachers, students and ex-students of the local schools. There were a number of students attending the three important out-of-town football games over the week-end. Elery Watson, Wesley Powell, Jesso Cornell, Mr. Burton, Mr. Lane, and Miss Hall attended the S. M. U.-T. C. U. game at Fort Worth Saturday, all reporting that it was the most thrilling game they had ever seen, although possibly Miss Hall was not quite so enthusiastic over the score, since her Alma Mater was defeated by a small margin.

Robert Nichols was among those who witnessed the Pampa-Amarillo class A championship game at Pampa and there were several who saw the class B championship game between Shamrock and McLean at Pampa Friday.

Mrs. Goodner spent the holidays in Amarillo, Miss Parten visited in her home at Waxahatchie, and Mr. Drennan and family, Mr. Burton, and Mr. Lane attended the state teachers convention at San Antonio.

Among the ex-students who returned home for the holidays were John Ragland, who is attending Texas Tech, George Chamberlain and J. R. Bartlett, students at State University, Alfred McMurtry, who is attending school in Kansas, and Wanda Mayfield, who is a junior at Abilene Christian College.

J. R. Bartlett, Jr., and H. C. Stroder, students at Texas University, arrived in Clarendon last Wednesday and spent the Thanksgiving holidays in the home of Mr. and Mrs. J. R. Bartlett, Sr.

Clara this week. I also think T. C. U. should and probably will be chosen to play against Louisiana State in the Sugar Bowl in New Orleans.

## Faculty Members Attend Meeting

Supt. Burton, Dean Drennan and family, and Mr. Lane went to San Antonio Thursday to attend the State Teachers meeting. They reported that it was by far the biggest meeting of its kind that they had ever attended, approximately 10,000 teachers being present.

Mr. Burton said that the contest for the election of the president of the Texas State Teachers Association was one of the closest he had ever witnessed. Supt. J. H. Gregory of McAllen won over Miss Woods of Dallas by the bare margin of three votes.

The general topic of discussion at the meeting was "Democracy and Education," and most of the speakers emphasized the new curriculum. The local teachers report that the impression they received from the talks was that there will be a change in curriculum soon, though it will not be radical.

## A TO Z

I've been sitting here trying to concentrate for hours and all the time thoughts like these jumping around (not on) my dome—Will S. M. U. win over Stanford in the Rose Bowl New Years Day?—Will any girl around here ever have a prettier complexion than Virginia Williams?—Will the Sandies be state champs again this year?—When, if ever, will a certain blonde haired girl that I know quit her infernal gossiping?—Why doesn't Louis Wood go on the stage and play the part of Major Hoopie?—Wonder who would lick if Elbert Bain and Jack Robinson were to have a battle?—Why doesn't Hubert Reavis go to Southern California so he can have perfect environment for his tracking?  
And that's all for today, scratch, scratch.

A. Z. Bones.

## NEWS FROM THE GOLDSTON BUS

Quiet reigned Monday morning on the Goldston bus. A drowsy silence prevailed as the students reluctantly turned their thoughts from turkey and cranberry sauce to their studies. The main reason for the silence, however, was that the Peabody twins were not on the bus.

Here's a worm's eye view of what is going on in the bus: Raymond Clemmons vowing his undying love to one of the Peabody twins.

Kathleen Oden eagerly watching all passing vehicles; we imagine she is looking for a truck. Velma Morgan being as quiet as a mouse—she has a sore throat.

Ralph Stewart begging somebody—just anybody—to give a party next Saturday night.

Ruth Rhodes thinking forlornly of the typing exercises she has to make up.

Lamar Stewart training for the annual Goldston Marathon by jumping back and forth across the ditch, while waiting for the bus.

Frank Peden saying "yes" to Kat Oden's proposal (of what?).

## 1935 BRONCHOS

Jesse Cornell is rather short, with black hair and greenish eyes. He plays fullback on the team, and has played almost every minute of each game this season. His pleasing personality has gained him many friends since he has been going to school here.

Emmett McClenny has proved that he knows how to play football, even though this is his first year. It surely didn't take him long to show that he could make the first team. He is of medium height, has red hair, and blue eyes. If someone makes Emmett angry, he certainly fights. Claude McGowen, otherwise

known as "Jelly", is another of the young players, and is very outstanding, as he made the first team when only a freshman last

year. Jelly is a promising player, as he has that fighting spirit, loyalty, and plenty of pep. He is (Continued on Page Seven)

Broncho Range-

(Continued from Page Six) of medium height, has blonde hair, blue eyes, that "football build," and is spoken of as a swell kid by all his friends, who are many.

Verlin Martin, who is a junior, is a rather tall boy with light brown hair and blue eyes. He always wears a smile and is very friendly towards everyone. He seems to be quite fond of a certain young lady who is a senior this year, and vice-versa. Verlin is another of the promising football stars for next year.

One of the newcomers to Clarendon Hi, and to the Broncho squad is Gerald Noble, who comes in on the bus from Midway. He is another one of those boys that the girls are raving about. He is of medium height, has black wavy hair, brown eyes and a warm, friendly smile of which he makes frequent use. Gerald is determined to become a well-known football star, and he is certainly making a grand beginning.

Thomas Earl Noble is another of the newcomers to the Broncho squad. He has been very fond of football for quite a long time, and he seems to be taking a greater interest in it this year. He has had a bad knee all year, and has had to be out part-time in some of the games, but he is his best while he can. He is rather short, and has light brown hair.

Wesley Powell, known as "Stopper" by everyone at school,

has been coming out for football for quite awhile; about four years in fact. He was never a letterman until last year, and he certainly deserved it then, and this year too. The Bronchos depend a lot on Stopper in the games. He is tall, has blonde hair, and grey eyes. He is president of the senior class.

Otis Rolls is a tall, light-haired boy who has made a letterman out of himself this year. Otis has taken a great interest in football and will probably be a bigger and better star next year if he plays like he did this year. He is rather quiet and reserved, but he has a way about him which gains many friends.

Glenn Riley has gone to Clarendon schools before, but has never been on the football team before. This year he stepped right in and showed everyone just what he knew about playing football. Glenn really knocks them for a row when he takes a notion, but if he's not in the mood, the opponent gets no blows from him. He is rather short, and possesses dark brown eyes and black wavy hair. He appears to be the "hero" of several girls at school.

And finally we come to the captain of the team, Howard Strawn. He has played every minute possible, to the best of his ability. He has succeeded in proving how faithful he can be to our football team, and how much he thinks of it. Howard put every ounce of his strength into every game.

Mr. and Mrs. Ed Teer spent the past week-end in Memphis visiting Mrs. Teer's parents.

BASKETBALL LINE-UP

Well, folks, here are the results of the first two ball games. Saturday night, November 22, we were defeated 20 to 14 by the Goodnight Buffaloes. Tuesday, November 26, the Hedley Owls beat us 35 to 19.

It looks as though we are off on a bad start, but we are optimistic. Floyd and Reeves were absent from the last game, and we believe they would have made a big difference in the score.

H. R. King will probably serve as captain since the resignation of Floyd.

AUCTION NETS \$300

The auction sale held last Thursday and Friday nights at the Lelia Lake school netted approximately \$300. This money will be used in buying athletic equipment and furnishings for the gymnasium, which is now under construction.

A large and enthusiastic crowd attended the sale each night. There was a ready sale for the candy, as each sack contained a chance on a diamond ring, one of which was given each night. Mrs. John Gerner and Gerald Whately held the lucky numbers, and received these valuable prizes.

The school wishes to express its sincere appreciation to the merchants of Lelia Lake, Clarendon, Hedley, Memphis and Amarillo who made this sale possible by their liberal donations. Also, we thank those whose bids on the various articles, secured bargains for themselves as well as benefitted the school.

SAMPLES FROM DIARIES

Diary, I will be so glad when Christmas comes! I do like holidays so much. I'll be glad when school is out and I have my diploma. And Diary, did I tell you about my being eected beauty queen at the school carnival? Well, I was, but I think there was some much nicer looking girls than I in school. I was glad to be eected, though. I had an awful good time during the Thanksgiving holidays and I'll sure be glad when Christmas comes. Hello, old Diary! It seems nice to see you again. I have rather neglected you the past week but my, those examinations! They were really easy, I suppose, but I didn't know anything about them. Tomorrow is Saturday and oh, Diary, I wish I had that gun that I wanted so badly at the auction. If I had it I would go hunting tomorrow. Say, Diary, I bet I could be a carpenter with a little practice. I built a dandy bridge up at the school house. Well, good-bye, I had better study some more of that algebra.

Honestly, Diary, it may be that I have dramatic talent. Wouldn't it be wonderful if I could go on the stage and see my name in electric lights over a big theater? I really wasn't embarrassed a bit when I was on the stage last Friday and Thursday nights. All the girls tell me I have a good voice and I do practice my music a lot. Freshmen work is rather hard but I guess I am making fairly good grades.

Do you know, Diary, I would liked to have lived about 1620. I believe I would have made a wonderful Pilgrim father. I think I did pretty well at it last Wednesday evening. I would have ben brave and fought the Indians. I know I would have enjoyed that first Thanksgiving, too. Oh, well, it jist can't be my luck to do what I want to. I suppose I might as well be content with my lot.

ASSEMBLY

A short and impressive Thanksgiving program was presented at the regular assembly Wednesday afternoon. Since this was the last exercise until after the Thanksgiving holidays, Mr. Wilson made a few announcements that were important to the pupils. He also expressed his appreciation to the parents who were present and he invited them to attend every assembly.

Before the curtain rose, Mr. Wilson gave the theme of the program by calling special attention to the placard which hung across the stage and bore the words, "Father Time, We are Thankful." He suggested that as parents, pupils and teachers, we should first be thankful for our great state, Texas, which has made our present school system possible. The audience then sang "Texas, Our Texas."

On the stage, Father Time was seen holding a bridge which spanned the period from the first Thanksgiving Day to the present. On the left of the bridge, there was a Pilgrim family seated around a rude candle-lit table with their heads bowed in prayer. Each member of this family ex-

pressed his thanks for some blessing. In contrast to this scene, on the right there was an up-to-date living room in which a modern family was seen. The family discussed the difference in the Thanksgiving of today and that of the Puritans. In closing the program, Father Time spoke through the person of Mr. Wilson and explained how each part of the bridge had been made and how this great country of ours had been established.

### School Notes

(Continued from Page Four) world today. We must not in disdain the belief that might makes right. If we could arrive at a hatred for violence and force we would be a better world! Force and violence are childish but we will never cur; force and violence unless we teach against them in schools and homes.

A pageant depicting the history of Texas, ending with a tribute to secular and religious education, was presented in front of the Alamo Thanksgiving evening by a company of several hundred people under the direction of Mrs. Ester Perez Carvajal. Thousands of spectators were given a panoramic view of 20 years of activity in the Southwest. Prior to presentation of the pageant, Walter Woodul, Lieutenant Governor of Texas in a brief address stressed "the renaissance in the historical appreciation of Texas."

Assurance was given to the teachers of Texas in the fourth general session of the 57th annual Texas State Teacher's Association by Governor James V. Allred, that funds would never be diverted from the education program of the state to make up the deficit in the general state fund. The governor also lauded the work of the rural schools and the teachers of both larger communities and the country schools by declaring his belief that the influence of the teacher was greater in most instances than the parents or the child.

Ramon Beteta, director general of the statistical bureau of national economy in Mexico, spoke on the subject, "Mexico's Program of Public Education." Dr. Vierling Kersey, state superintendent of public instruction of California, speaking before the county superintendents said, "It is your privilege and duty to keep a progressive educational program before your people." He said, "It was through education of the public in California that a per capita of sixty dollars for elementary pupils and ninety dollars for high school pupils was voted by the tax payers in California."

(Continued from Page One) since the plants are being obtained at such low prices, Breedlove said.
