SON BORN TO LT. & MRS. RAYBURN SMITH, JR.

Rain Boosts Crop Prospects

A completely unexpected rain by many local weather prophets fell last Thursday morning drenching Clarendon with approximately .44 of an inch.

Cotton planting was, in general, in full swing last week, and probably the rain damaged much of newly planted seed. Winds which followed the shower tended to dry out the surface moisture very quickly thus baking the surface making it impossible to save seed without breaking the crust with scratchers. Many farmers over the county have planted cotton their third time to date, and possibly more in some cases.

Wheat was probably the crop which profited most by the recent moisture. There is said to be more wheat in Donley County right now than there has ever been. Some of it is good and some too far gone for the rain to do it much good, but the shower is going to fill out the grains a whole lot in the better wheat, and greatly improve the yield.

Pioneer Lady Dies Here Friday

Funeral services were conducted by Rev. E. D. Landreth at the First Methodist Church here at three o'clock Sunday afternoon for Mrs. Fannie Elizabeth Ballew, widow of the late Len Ballew who passed away in December of 1935.

Mrs. Ballew had been ill for a long time, the past several weeks having been a patient at Adair hospital where skill and loving care were ever present.

She was a native of Tennessee where she was born September 15, 1868. She moved to Texas settling near Pilot Point where she grew to womanhood and married Len Ballew in 1889. They moved to Donley County in 1903 and were always numbered among the most highly respected of Donley's citizens.

Her's was a most useful life, she having taken a particular interest in her work in the Methodist Church of which she had been a member since early childhood. She will be remembered for her many good deeds and social interest in the Friendship Club here through the many years.

To her were born six sons and a daughter, a son dying in infancy. Surviving are Earl and Wilson Ballew of Amarillo, Elba S. and Donald of Clarendon, Fred of Plainview. Mrs. C. F. Gilliam of Lubbock is the only daughter. Mrs. Nathan H. Erwin of Pilot Point, Texas is the sister of the deceased.

The special songs sung by Mary Roberts at the service were most touching and appropriate. These were "We Shall Sleep But Not Forever", "Does Jesus Care?" and "When They Ring the Golden Bells." The sons and son-in-law were the pallbearers.

The loving care she received during her life and especially during her long illness, and the beautiful tributes paid her memory attest the fine christian character and the esteem in which she was held by a wide circle of friends, the summons coming to her May 31, 1946.

Interment was made in Citizens Cemetery under the direction of Womack Funeral Home.

LYNN PAYNE HOME FROM SERVICE

Lynn Payne, son of Mr. and Mrs. William Payne of Clarendon, arrived home last week with his discharge from the Navy. He received it at Shoemaker, California May 15th, ending two years service in the Navy, most of which time he served in the South Pacific.

Payne expects to enter Civil Service soon.

Mr. and Mrs. H. T. Burton attended the graduation exercises at North Texas State at Denton June 1st where their daughter, Nelda Sue, got her Bachelor of Music Degree. She accompanied them home. They visited relatives at Decatur.

American Legion Home Fund Growing

Two weeks ago a drive was launched to raise \$10,000 for the purpose of building a Memorial Legion Home as a tribute to the hundreds of boys who served in the armed forces from Donley County. A goodly portion of that amount is already in the bank, and will stay there until the amount is sufficient to begin construction of the proposed home.

Several local business men, some veterans of World War I or II and some not, are working to get this money, but it is going to be impossible for them to get around to every person in the county. So if you would like to make a donation, regardless of how large or small, you may leave it at any one of the three banks in Clarendon, and it will be accepted and deposited in the Memorial Legion Home fund. It's your chance to do something really worthwhile for veterans of Donley County.

Dodgers To Meet Samnorwood Nine Here Sunday

The Clarendon Dodgers will play the Samnorwood ball team here Sunday afternoon at 3 p. m.

The game scheduled between Clarendon and Wellington last Sunday at Wellington was called off due to weather conditions.

The team feels that it is back in the race, having defeated Memphis two weeks ago, and are going to do their best to beat Samnorwood this Sunday.

Bill Adams, manager, invites the public to come out and see the game and give the team its support. He also asks that all players who possibly can to come out Saturday afternoon for practice.

Teams will come from Quitaque, Memphis, Tell, and Childress. There will be team roping contests and elimination by teams. The Clarendon Club will participate in the contests too, of course.

Hornfly Control Demonstration Saturday, June 8

A demonstration on the control of horn flies on livestock by using DDT will be held on the Joe McMurry ranch this Saturday at 2:30 p. m., June 8th. The cattle will be sprayed with a portable spray.

Previous experiments have shown that spraying with DDT several times during the summer has increased weights of cattle during the summer months as much as fifty to sixty pounds per head. The test was made on cattle under the same conditions and on the same type pasture.

County agent H. M. Breedlove is urging that all ranchers, dairymen and farmers attend this demonstration and see how easily this spray will work and how fast the cattle can be sprayed. This is certain ya coming thing for Donley County and talks on the importance of DDT and the handling of the spray will be discussed. The demonstration will start promptly at 2:30 p. m., so be on time to see the entire process.

Mr. Joe McMurry lives about 3 1/2 miles southwest of Clarendon on the JA road, on the Kent ranch.

Everyone is invited and urged to attend this demonstration.

The naming of the grand champion Jersey and Holstein cows and bulls Saturday morning climaxed Donley County's Annual Dairy Tour and Show.

The winners were selected from approximately seventy top dairy cattle of Donley County by E. R. Eudaly, Dairy Specialist with the Universal Mills, of Ft. Worth, Texas. Ed Hawley's senior bull calf was named grand champion Holstein bull, and J. R. Gillham's junior heifer was selected as grand champion Holstein female. Gillham's aged Jersey bull, Hallmark's aged Jersey bull, bred by Hallmark Jersey Farm of Kansas City, Mo., was named grand champion Jersey male, and Gillham's aged cow entry, Jolly Donkey Design was named grand champion Jersey female.

Ross Darby's aged Holstein cow was senior Holstein female champion and the senior champion Holstein bull was exhibited by Floyd Crofford. Gillham exhibited the Junior champion Jersey bull and Jersey female. The two Holstein junior champions were grand champion Holsteins, and the two senior Jersey champions were the grand champion Jerseys.

A feature of the show was the exhibition of outstanding young Jersey females by Ray Morris, Loyd Mays, and Junior Bulman. Their three entries were heifers they had won in Sears Swine Program in this region.

Approximately one hundred people made the annual dairy tour Friday. The group visited the dairies owned and operated by A. P. Thomason, Ed Hawley, Charlie and William Sullivan, J. A. Read, Winfield Moseley, J. R. Hall, and Les Bowling. Athletes Attend Banquet; Meet New Coach

The Clarendon High School football squad for the coming school year and the boxing team enjoyed a banquet last Thursday night at the Antro Hotel where they met their new athletic coach, E. J. McKnight.

Mr. McKnight is now living at Lakeview but will move to Clarendon as soon as he can find a place to live. He was discharged from the Army last year and taught during the spring semester in the Lakeview schools. He has an outstanding athletic record, having been an all-state star in football, an outstanding player on Texas Tech's team at one time, and received honorable mention on the little All-American team during his football career. This excellent record justifies his ability. He should prove to be an excellent coach. Clarendon welcomes him most heartily.

LOCAL YOUTH TO TAKE PART IN BOMB TESTS

Billy R. Graham, fireman, first class, Route 1, Clarendon, is stationed aboard the USS Sadoir, an escort carrier which will take part in the coming atomic bomb tests at Bikini Atoll.

LIBRARY NOTES

By Mrs. C. A. Burton

Already one of our Memorial Markers is occupying an honored place. Instead of placing flowers on the grave of Mrs. Ballew, the women of the Women's Circle of Christian Service of her church, the Methodist Church, placed a book in the library in her memory. The choice of a book has not been made, but will be soon—something that will worthily represent her.

You remember that Mrs. Swift gave the library Dr. Truett's "Christmas Messages" not long ago in memory of a friend. So we see the practice begun by Mrs. J. R. Porter in honor of her brother is steadily bringing us good things. The spring book lists seem more attractive than ever before. Particularly of children's books. They make one long to buy and buy and buy. And so many of our little people are beginning their vacation by enjoying the library. The tenth annual spring Book

Festival sponsored by the New York Herald Tribune has given its award of \$200 to the picture-book group of "Farm Stories"—the pictures by Gutaf Tenggren. Tenggren illustrated his first book at 19—a fairy tale. At the Walt Disney studios he has worked on all the favorites. They live in Maine.

The same amount has been given to "The Thirteenth Stone" by Jean Bothwell, and to "The Quest of the Golden Condor" by Clayton Knight. Much of the latter is based on actual experience while on a tour of South America. A world of lovely reproductions of old favorites are being produced—the stories for children and boys and girls that never grow old.

Edgar Lee Masters of Spoon River fame, has been awarded the \$5,000 fellowship of the Academy of American Poets.

Marianne Moore wins a \$1,000 grant from the American Academy of Arts and Letters. And a similar grant from the National Institute. Her latest book of poems is called "Nevertheless."

Richard Wright, author of "Black Boy" was given honorable mention by the Southern Women's National Democratic organization when it presented the Southern Authors' Award of 1945 to Josephine Pinckney of Charleston, South Carolina for "Three O'Clock Dinner."

Early June To See Faster Train Time

Important changes in passenger train schedules, affording faster and better passenger train service over the Burlington Lines between Texas and Colorado to become effective Sunday, June 9, were announced today by D. F. Wadsworth, agent, Clarendon.

The departure times of several trains will be advanced in the speeding up of schedules and travelers are cautioned to inquire about these changes to avoid missing a train.

The West Texan, which formerly made a morning trip from Dallas and Fort Worth to Wichita Falls, will leave Dallas in the evening at 9:15 PM instead of 7:10 AM to provide a supporting service as far as Wichita Falls for the evening Gulf Coast Special from Dallas and Fort Worth to Colorado. Earlier arrivals will be made in Amarillo and Denver and at intermediate points.

An equalization of the evening departures from Dallas and Fort Worth for the Texas Panhandle and Colorado has been effected, providing a 9:15 PM schedule out of Dallas and a 9:25 PM schedule out of Fort Worth with an arrival in Amarillo for over-night Pullman passengers the following morning at 8:40 AM, 1'10" earlier than heretofore. This train will reach Denver at 10:00 PM the following evening after departure from North Texas, 1'30" earlier than the present time.

The southward Gulf Coast Special will leave Denver at 7:00 PM, the same as presently, but its arrival in Amarillo will be at 10:05 AM the following morning, 32" earlier, Fort Worth at 7:50 PM and Dallas at 9:10 PM, a full hour sooner than these cities now are reached.

The Texas Zephyr from Colorado will arrive in Fort Worth at 7:00 AM, 20" earlier, and Dallas at 8:25 AM, 10" earlier than presently. The departure of this train for Colorado will be set back 30" at Dallas, from 1:30 PM to 2:00 PM, and to 3:10 PM at Fort Worth, 25" later than its present schedule, with the same arrival in Denver at 8:15 AM.

Comparable changes and adjustments are being made on the same date at intermediate stations also.

Mrs. C. W. Gallaway of Hot Springs, N. M. is visiting her mother, Mrs. C. E. Griggs who will return to Hot Springs with her for an extended visit.

Atha Turner of Greenwood, Miss. is visiting her great uncle and aunt, Mr. and Mrs. H. M. Stewart.

Navion Are Rolling Off Final Assembly Line

Using the same manufacturing techniques which enabled the company to set a fighter plane production record during the war, North American Aviation, Inc. is completing installation of a mechanized system for assembly of its new four passenger personal airplane, the Navion.

There's PLENTY of HOT WATER"

There's hot water for the whole family when you have an automatic gas water heater... hot water for baths, shaving, laundry, dishes—steaming hot water if you want it—in abundant quantities. Natural gas service is an everyday miracle providing comfort and convenience in your home, providing clean, efficient fuel in your factory.

WHAT IS THE SECRET OF THIS MIRACLE OF SERVICE?

There's really no secret at all... just huge underground reserves of natural gas, plus thousands of miles of transmission lines to carry gas from the wellhead to your burners.

United Gas Pipe Line Company, with more than 6,000 miles of main pipe lines in the Gulf South area, transports natural gas to the city gates of 169 communities in Texas alone—to 312 cities and towns in the Gulf South. The United Companies are good citizens of the area they serve—spending millions of dollars in payrolls, taxes and royalty payments every year. This money benefits every family in Texas in one way or another.

NOT ON YOUR TINTYPE

Grandma looks calm and collected as she poses for posterity, but she wasn't—not on your tintype! Getting her family ready for this picture was a long, weary business.

The day this photo was snapped, Grandma was up at dawn, wrestling with the old wood stove, coaxing the kettle to boil, cooking breakfast. And the day before, she ironed the mountain of starched clothes that had needed such hard scrubbing. The day before that—

But that was Grandma's life. She didn't know any other kind. Her way of housekeeping took lots of time, lots of elbow grease. In Grandma's gayest dreams she never imagined the time would come when a woman would have dozens of electric servants daily for the cost of a bar of soap.

Electric service—ready and willing round the clock and calendar—is a modern miracle Grandma missed by being born too soon. But electrical dependability (and cheapness, too) didn't happen by accident. Not on your tintype! They're the result of plenty of hard work and practical experience on the part of your neighbors who operate this company.

Man Who Shot Black Jack Ketchum, Dies

Frank E. Harrington, former Burlington Lines conductor and widely-known in Dalhart, has succumbed at his home in Houston, according to word reaching friends.

He is probably best remembered for his intrepidity in challenging Black Jack Ketchum, North-eastern New Mexico train robber, back about 1909 or 1901.

Ketchum used to rob the Colorado & Southern Flyer between Folsom and Clayton, N. M. After Harrington's train fell victim two or three times, the conductor decided he or Black Jack would have to be stopped.

He loaded a shotgun with buckshot and kept it with him on all runs. Sure enough, a few nights later Harrington felt the flyer begin to slow down. He rushed to the baggage car, pulled the door open a crack and saw the outlaw standing near the locomotive directing crewmen to unhook the baggage car so it could be moved down the track away from the rest of the train.

The moon was bright and Harrington realized the moonlight would glint on his gun barrel, but nevertheless he shoved the shotgun out the crack and fired. Ketchum's right arm was nearly torn off, but the outlaw had seen the glint on the gun. A dead shot with either hand, he drew with his left hand and the lead slug smashed into the baggage car al-

most against Harrington's face. Splinters were driven into his flesh.

Ketchum was too badly hurt to get on his horse. Clayton was notified, and a posse sped northward on a flat car pulled by a big locomotive that had been ordered out of Texline. Ketchum was captured at daylight. He was not able to get far from the scene.

After being nursed back to health in a Trinidad, Colo. hospital he was taken to Clayton for trial, convicted and hanged. He still lies buried at Clayton.—Dalhart Texan.

Mr. Harrington was well known in Clarendon where he had relatives, among them is Miss Lee Patton.

Housewives Urged To Save Waste Fat

The Department of Agriculture is urging that all restaurants and housewives throughout the county save all fats and greases. Instead of throwing away waste grease, put it in a container and take it to your local butcher who will give you four cents per pound for this grease. The butcher in turn sells the grease to PMA, who comes to Donley County about once every three weeks to collect all fats and greases. This program is vitally important as many needed products are manufactured from fat greases.

Any person desiring additional information can contact Mr. Nolie Simmons, chairman of the Donley County war food program or county agent H. M. Breedlove. This is a worthwhile program and the fat greases are needed so why not get four cents per pound for all your waste fats and help out with the program. The United States Department of Agriculture asks the help of all individuals in the program.
