Large Crowd Expected To Attend Boxing Event

A capacity crowd is expected to turn out Friday night at the Hedley gym for the first Clarendon invitation boxing meet of the season with the Maverick Club of Amarillo, as practically all available seats were sold by Wednesday afternoon and an effort was being made to move some bleacher seats up from Memphis to make additional seating space. If you haven't bought your ticket yet, it is best that you do so right away to be assured of a seat.

Twelve bouts have been definitely matched with additional matches assured for the big event. The Owens twins of Hedley will put on an exhibition fight that is worth the money to watch any time. And besides the younger boys, there will be some heavier boys slugging it out to highlight the evening's entertainment.

Coach Bentley states that the local boxers are in perfect condition for the event and should show themselves well with a good portion of the boys standing a very good chance to win their bouts even though they won't be easy ones. The Maverick club boys from Amarillo are well trained and well conditioned and will offer plenty of competition in every weight class.

Coach Bentley has asked that everyone not having some sort of conveyance to Hedley for the event to meet at the Donley Hotel around 7 p. m. as a number of rides will be provided.

He is also asking all those who have space in their cars to carry

one or more persons to Hedley, to drop by the Hotel between 7 and 7:30 and pick up some of those who don't have a way to get down there and sure want to see the boys fight.

Don't forget the starting time of the meet which is 8 p. m. sharp at the Hedley gymnasium, Friday night, January 17th.

REV. CHARLEY ROBINSON ACCEPTS PASTORATE IN LOUISIANA

Rev. Charley B. Robinson, pastor of the First Presbyterian Church here, has been called to West Monroe, La., by the Memorial Presbyterian Church. The church is named in memory of several young men of parents in the church who died on battlefields of the world during the last war. The church has lately been organized and has called the Rev. Robinson to lead in the program of constructing a building, and building up the congregation in the community of twenty thousand people.

"Charley", as he is called by his Clarendon friends, said that he regretted to leave Clarendon, his church members and people in general, but believed that God had called him to the task of doing a difficult job, and to labor among many people where His church is greatly needed. He expects to start his new work about the first of February, and will occupy the Clarendon pulpit the next two Sundays in January.

Mrs. E. S. Ballew to Lead Red Cross Camp-Hospital Service Council

Mrs. E. S. Ballew of Clarendon was re-elected chairman of the Red Cross community services to camp and hospital councils in the first 1947 meeting held at the Amarillo Veterans Hospital last week.

Mrs. George Melton of Canyon will continue to serve as vice-chairman. Mrs. Paul Hill of Pampa will fill a newly-formed post of secretary.

This was the first meeting of the council since its reorganization under a new name. Formerly the group was called the North Plains Camp and Hospital Council of the American Red Cross. Miss Mae Nygard, field director at the Veterans Hospital, had served unofficially as secretary for the council.

Significance of the reorganization was explained to the council by Malcolm Lockhart, area director of Community services to camps and hospitals. Mr. Lockhart, whose office is in St. Louis, spent two days visiting Red Cross offices in the Panhandle.

"The current need is for more

emphasis on the service angle," the director said, "and less on the money aspect."

"The more opportunity we give to community groups for actual participation in service programs, the more interested they will be in the program and the more satisfaction they will derive from working in it."

"This is a community service program rather than a Red Cross endeavor. All groups and individuals are welcome to serve and participate."

Mr. Lockhart commended the council for its contribution to the overall service to camps and hospitals not only now but during the war. He told members more than 70 million items, from coat hangers to electric organs and grand pianos, had been supplied to military and veteran installations as a part of the national program.

More than 30 million dollars worth of professional entertainment has been channeled through the Red Cross in the last four years, he said.

FATHER OF LOCAL WOMAN BURIED AT JUNCTION

A. L. Mudge, father of Mrs. Jack Molesworth, was laid to rest in the Junction cemetery Monday January 6th. Mr. Mudge passed away at his ranch home Friday January 3rd. His many friends here will regret to hear of his passing. He had been a Clarendon visitor a number of times and enjoyed a nice acquaintance here.

J. B. Knight, son of Mr. and Mrs. C. L. Knight is now stationed at Pearl Harbor with a Navy crew according to a recent letter received by his parents. J. B. entered the service June 10, 1946.

Mrs. Mary Stegall Passes Away In Amarillo

Final rites for Mrs. Mary Eliza Stegall, resident of the Panhandle since 1898, were held at 11 o'clock this morning in the First Methodist Church at Hereford. Rev. L. N. Lipscomb of Sweetwater, former pastor of the Hereford church, officiated.

Mrs. Stegall, 79 years old, died in St. Anthony's Hospital yesterday morning. She had been in the hospital for the past five years.

A native Texan, Mrs. Stegall was born near Weatherford March 23, 1867. The family moved to Graham when she was 6 years old and to Vernon 10 years later.

Her father, John A. Lafferty, owned one of the first Vernon hotels. He also was a Methodist minister and later served as first county judge for Hall County.

Mrs. Stegall was the widow of John Alexander Stegall, an early day real estate figure in the Panhandle. They were married in Vernon on Aug. 3, 1885 in a ceremony performed by Rev. Lafferty.

Moving to Hereford in 1913, both Mr. and Mrs. Stegall took active interest in affairs of the growing community. At one time Mr. Stegall was postmaster. He died there in 1918.

In 1923, Mrs. Stegall moved her family to Clarendon to allow the children to attend Clarendon College. She remained here until moving to Amarillo with her daughter, Mrs. Ira Merchant, some years ago.

Other than Mrs. Merchant, she is survived by another daughter, Mrs. L. I. Garton, Shattuck, Okla.; five sons, J. G. Stegall, Clovis, N. M.; W. A. Stegall, Hannibal, Mo.; J. Rex Stegall, Kilgore; F. L. Stegall, Goodland and W. K. Stegall, Gunnison, Colo., and a sister, Mrs. May Phillips, in New Mexico.

Also surviving are 14 grandchildren and a great grandchild.

John Molesworth Services Held Wednesday

Funeral services were held Wednesday afternoon at the St. John the Baptist Episcopal Church for John Molesworth with the Rev. Warrin Fry officiating.

Mr. Molesworth, aged 83, passed away suddenly at his home here Monday evening. He had been in ill health for quite some time.

The retired rancher had lived in Clarendon for the past several years and prior to that on ranch properties in Donley and Collingsworth counties. He came to Texas when he was 21 years old from his native England. He came to this locality in 1897 as manager of the Rowe Ranch. He remained at the ranch until the early 1900's, when he went to South America with Murdo McKenzie to make a report on land and cattle conditions for the Brazil Land and Cattle Company.

After Mr. Molesworth returned, he became a partner of W. J. Lewis on the Mill Iron Range. A few years ago he bought the Oak Creek Ranch, formerly part of the T. S. Bugbee property, and at the present time the ranch is operated by a son, Jack Molesworth.

The pioneer rancher was a member of the first polo team organized in Texas. When he arrived in this country, he worked in freighting and wool grading.

He is survived by a son, Jack Molesworth, Clarendon; two daughters, Mrs. Lloyd Brown, El Paso, and Miss Charlotte Molesworth, Clarendon; and three grandchildren. A brother, W. H. Molesworth, Austin, and a sister, Miss Emma Molesworth, England.

Palbearers were William Lewis Jr., John Bugbee, Tom Bugbee, Emory Sager, Walter Knorpp and Allen Jefferies.

Burial was in Citizens Cemetery with the Murphy-Spicer-Buntin Funeral Home in charge of arrangements.

LOCAL CHAIRMAN STRESSES NEED OF 1947 MARCH OF DIMES

An appeal to the community to double contributions to the 1947 March of Dimes—annual fund-raising drive of the National Foundation for Infantile Paralysis—so the \$24,000,000 national goal will be met, was made today by Mrs. Johnnie Blocker, chairman of the local campaign committee here.

Mrs. Blocker pledged the local committee to redoubled efforts following receipt of a letter from Basil O'Connor, president of the National Foundation, stressing the crucial importance of the 1947 March of Dimes. The need to replenish funds drained in fighting last summer's epidemic which affected more than 25,000 persons and was the worst in the Foundation's history is more urgent than ever before, according to Mr. O'Connor.

"Let us double our contributions now so we can be prepared," Mrs. Blocker said. "We cannot gamble with the safety of our children. By giving generously now we will avoid future self-reproach that we gave too little and too late when next summer's epidemics strike."

MRS. O. D. LOWRY UNDERGOES MAJOR OPERATION

Mrs. O. D. Lowry, instructor in the local high school, underwent a major operation Tuesday at an Amarillo hospital. Her condition was considered quite serious, but she is reported to be doing as well as could be expected at this time.

A Houston man, whose name was given as John Tancered Jr. by Sheriff Wright, was seriously injured about 8:15 this morning when the new Mercury coupe he was driving collided head-on with the Lelia Lake school bus. The driver of the bus, Ed Bramlet, was less seriously injured but was believed to have received chest injuries.

Latest report from the local hospital revealed that Tancered received broken ribs and a broken collar bone upon first observation and was on the X-ray table for further checking. He also received a number of cuts and bruises that caused a big loss of blood.

It was reported that the school bus was badly damaged and the Mercury was almost demolished. The most fortunate angle to the collision was that the school bus had just started its run to pick up students and was making the turn-off the highway to pick up the first riders when the accident occurred.

The Sheriff did not reveal complete particulars regarding the cause of the wreck awaiting further checking.

March of Dimes Campaign Opens

The 1947 March of Dimes opened yesterday with local committee members enthusiastic over this year's drive. A number of coin collectors have been placed in local stores and March of Dimes cards have been mailed throughout the county. Vice-chairman, George Norwood, suggests that each merchant receiving a card pass it among his employees until all spaces for dimes are filled and then mail to the local chapter.

Mrs. Harrison Hall of Hedley and Mrs. Keith Swinburne of Ashtola report that plans are well under way for fund-raising activities in their communities.

Bud Knorpp, dance chairman, announced today that plans have been completed for a gala dance at the Opera House on the night of Thursday, January 30th. The Melody Maids from Dalhart will furnish the music beginning at 9 o'clock. Admission will be \$2.40 including tax, couple or stag. Buy a ticket today and join The March of Dimes!

IN AMARILLO HOSPITAL

Friends will regret to learn that Bill Patman, local insurance representative, is quite ill and is in an Amarillo hospital under medical observation. Latest reports are that he is doing as well as can be expected at this time.

CONGRESSMAN REPORTS SUGAR SKIN GAME

Speaking before the national Congress January 9th, Cong. Bartel J. Jonkman of Michigan mined no words in giving to the housewives of the nation a clear cut picture of what's termed an unfair deal on sugar. The Congressman explains why sugar production was cut down in the States while a great howl went up about a great sugar shortage. Here is the Congressman's speech:

"Mr. Speaker, according to yesterday's newspapers, Secretary of Agriculture Anderson, speaking on sugar at Chicago said:

We are already getting a large share of the world's supplies. Only two other countries, the United Kingdom and Canada,

have as much sugar per capita as we have. Most countries have a great deal less sugar, less of other food sweetening, and less of other food as well.

Remember that our country, as an important member of the International Emergency Food Council, was allowed to buy the whole crop of Cuban sugar at a fair price without other countries bidding against us.

The Cuban crop represents a major portion of the world's sugar available for export.

The countries that trusted us to act as sole buyer have a right to expect that the crop will be handled as a pool which they can share, as they did in the war years.

Our integrity is at stake.

This brings to mind the controversy of last October when Howard R. Tolley, formerly of the United States Department of Agriculture, now Director of the Division of Economics and Statistics of the Food and Agricultural Organization of the United Nations, announced a program for sharing our sugar supply with other nations for years to come. It was not advanced as a famine-relief program, but as a plan to raise the normal consumption of sugar in other countries at the expense and through the sacrifice of the people of the United States.

Specially, Tolley proposed that by the year 1950 the total American supply of sugar and syrup should be depressed by 12.6 per-

cent under the total prewar consumption. And this despite the fact that our population in 1950 is expected to be 13,500,000 more than in 1940.

The Tolley plan will keep us on the wartime basis of sugar scarcity for years after the peace. At that time, in October, Secretary of Agriculture Anderson flatly denied that Mr. Tolley's plan represented the views of the Department of Agriculture. Has Secretary Anderson changed his mind? Or was the announcement of the Tolley plan made in the famous New Deal technique of announcing a certain program as a trial balloon and immediately publicly repudiating it to assuage the blow, while it was secretly being put in operation?

The American people have no objection to sharing a portion of the sugar from their accustomed areas of supply with nations in desperate need. But the housewives should not be obliged to forego their needed supply of sugar for the carrying out of the plans of the international "do-gooders" under the Tolley program; nor should such a plan be carried out with secrecy against the interest of the American sugar users.

It is now well known that the administration sugar control agencies deliberately sabotaged production of sugar during the years 1943, 1944 and 1945 to perpetuate their control through the resulting scarcity. They should not be permitted to further per-

petuate their power by deliberate maldistribution while production in our supply areas is finally catching up with consumption.

Nor should the American housewife be cheated out of her sugar by false propaganda creating unwarranted sympathy for the European housewife. According to reliable statistics, while the consumption per capita in the United States, the United Kingdom, and Canada is 78.1 pounds, there are some countries in Europe with per capita consumption as high as 89.6 pounds and 84.4 pounds. Moreover, in the United States two thirds of the per capita consumption, or 53.1 pounds, is absorbed by commercial users. In European countries commercial consumption is negligible. So that

in such countries as Switzerland with 60.6 pounds per capita, Holland with 53.1 pounds per capita, Czechoslovakia with 63.7 pounds per capita, and so forth, the bulk of the sugar goes to the housewives instead of only one-third of it, as in the United States.

This explains why people returning from Europe report a abundance of sugar for household purposes in those countries. The American housewife is left holding the bag while European housewives get the sugar. It is high time that this misplaced sympathy racket be exposed.

Congress should make an immediate investigation of sugar production and distribution maladministration, and secure a fair deal for the American housewife.

LIBRARY NOTES

By Mrs. C. A. Burton

Of 21 city charter amendments approved by Fort Worth voters in December, three concerning the Public Library lead all the rest. The amendment raising the tax levy from three to five cents on the \$100 tax valuation received the largest vote, almost 2 to 1 for.

The Book-of-the-Month Club selection for February will be "The Lincoln Reader," edited by Paul Angle.

Van Wyck Mason, back from the war, where he was attached to General Eisenhower's Supreme Headquarters command, has re-

cently published his first Major North novel of intrigue and mystery in some years, "Saigon Singer." He is at work on the fourth and final volume of his historical series, "Eagle in the Sky."

Andre Maurias returns soon to his Pon's home where he must replenish his once extensive library. The Germans did not leave a single book there.

Maughm's "The Razor's Edge" in its 25 cent edition has outdistanced "Gone With the Wind" has sold over three million copies.

Betty Smith, author of "A Tree Grows in Brooklyn," has been missing since September, but has been discovered in Switzerland, where she has been writing a screenplay. She flew there in-

cognito, by using her married name, Betty Smith Jones, and she will return on the Queen Elizabeth this month.

Helen Keller is to be presented with a number of Braille volumes, including Shakespeare's plays, by the British National Institution for the Blind, since her own Braille library was destroyed when her home in Easton, Conn. burned recently.

Stuart Cloete, author of several novels with an African setting, the latest of which is "Against These Three," left with the New Year to go to Africa to do a picture book.

In an exhibit-of-the-Week at the Library of Congress is shown the official record book of President George Washington, containing his final annual message to Congress, delivered in 1796, 150 years ago.

Ngaio Marsh has a new mystery story to be released in April—"Final Curtain." Miss Marsh is counted one of our best mystery writers.

Agnes Newton Keith, author of "Land Below the Wind" has a new story, "Three Came Home"—the story of the three and a half years during which she and her husband and small son were prisoners of the Japanese—a dramatic story.

Graham Hutton reports from London to the Chicago Sun that England is not seeking escapism reading—that government publications and parliamentary reports outsell the "Forever Ambers"—England is seeking solemn facts with which to face the "foggy future."

All Texas was thrilled to know that "The Eyes of Texas" was to be sung at the funeral of John Lang Sinclair, author of the song, at San Antonio on the 8th. Anywhere, everywhere when a group of Texans hear the loved song, they swing into it with all their hearts—so we are glad the author should be laid away to its strains.

Donley County Leader, \$2.50 year

According to former Secretary of State Byrnes, "the happiest two days in a public officials life are the first day and the last day." To the ones that try to serve the public interest honestly and sincerely, this is true, and the man who spoke those words undoubtedly did just that. We should be thankful for the ones like him, and there are many others, both in the high offices and the low, that have given all they had to their jobs. To the ones that have to be kicked out either by the people, or the laws of the land, this could hardly be a true statement, should it come from them.

With household help becoming more and more a problem to obtain—a fact that is not pleasant to recognize—our customers are increasingly looking to Reddy Kilowatt as the only servant available, not only for part time work, but as a regular

LONG DISTANCE TELEPHONE CALLS INCREASE!

Although many people (perhaps including the telephone company) expected long distance calls to decrease following the end of the war, just the opposite has happened. Traffic on long distance lines is reaching new peaks each month . . . and the equipment necessary to take care of the increase just can't be produced fast enough. The 1946 long distance traffic load is officially pegged at more than 5,000,000 calls per day, about 370,000 more than last year's daily average. Perhaps this graphic illustration will help to explain why it takes your operator longer to answer and why your calls are sometimes delayed.

BARKER-MOORING

In a single-ring ceremony at twilight January 10th at the Methodist parsonage, Miss Nova Lee Barker and William E. Mooring were united in marriage. Rev. H. W. Hanks read the vows. The bride wore a two-piece black dress with sequin trimming, and a black straw calotte with starched black veiling. All of her other accessories were black, and her corsage was of red carnations.

Sylvia Fox, who attended as maid-of-honor, wore a brown plaid suit with brown accessories; and her corsage was pink carnations.

Bonnie Mooring served his brother as best man.

Mrs. Mooring is a daughter of Mr. and Mrs. Carl Barker of the Hudgins community. She is prominent in her school circle. She finished Clarendon High school and is now in her second year at Clarendon College. She is an assistant in the College library and a member of Jr. Les Beaux Art.

Bill is the son of Mr. and Mrs. Edd Mooring of Naylor. He graduated from Clarendon High School, spent several months in the U. S. Navy and returned to Clarendon College where he is also now a sophomore.

Immediately following the wedding, a reception was held in the home of Mr. and Mrs. James Marvin Clark. The rooms were pretty with fresh flowers. The bride's table was beautifully decorated with white chrysanthemums and ferns, flanked by tall white tapers and centered by a mirrored pink and white wedding cake. Miss Mary Lou Barker served the cake and Miss Juanita Mooring poured coffee for approximately 30 relatives who attended.

The popular young couple will

make their home on a ranch near Borger where Mr. Mooring will be employed.

HALL-FORNEY

David R. Forney of Moorcroft, Wyo. and Miss Dorothy Hall of Clarendon were united in marriage at 3:00 p. m., Dec. 25, Rev. C. B. Robinson, pastor of the Presbyterian Church of Clarendon, officiated at the double ring ceremony.

The standing attendants were Sgt. Lou Ella Hall, sister of the bride, who is stationed at the William Beaumont General Hospital at El Paso, Texas, and Otho Bain of Lubbock, Texas.

The bride was attired in a dark blue two-piece suit and black accessories. Her shoulder corsage was pink carnations. For something old the bride wore a locket which belonged to her mother, something new and something blue, her suit; something borrowed, a blue lace handkerchief, and a penny in her shoe.

The maid of honor, Sgt. Hall, wore the army uniform and a corsage of pink carnations.

Mrs. Forney, the daughter of David C. Hall of Lakeview, Texas, attended Lakeview High School, graduating with the class of '41. She was employed with the Southwestern Bell Telephone Co. at the time of her marriage.

The groom is the son of Mr. and Mrs. David Forney of Moorcroft, Wyo. He attended High School at Moorcroft. For the past several years served in the U. S. Army.

Attending the ceremony, other than those mentioned, were Laurilla Henson, sister of the bride, who wore a light blue two-piece suit with black accessories, and a corsage of pink carnations. Mr. Winston Wood of Lubbock, Texas, Evelyn Ann and Janie

Robinson, daughters of Rev. Robinson.

After a short visit with relatives at Lakeview, Mr. and Mrs. Forney left for Moorcroft, Wyo., where they will make their home.

REMOUNT STALLION FEE RAISE

Heretofore, the maximum service fee to a Government Remount stallion has been held, except in a few isolated instances, to a maximum of ten dollars (\$10.00). These fees have been retained by the civilian stallion agents as compensation for the feeding and proper care of the horses.

With the present costs of forage and labor, agents are finding these fees of ten dollars (\$10.00) inadequate in total for proper maintenance of the stallion. Therefore, with the intention of requiring owners of mares who benefit from these services to share the burden of stallion maintenance, we have authorized agents to charge a service fee of not to exceed twenty dollars (\$20.00), during the 1947 breeding season.

Joseph H. Dornbiaster
Colonel, VC
Officer in Charge
Joe McMurry is agent for the Remount Stallion in this district.

THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS

High Cost of Treating Polio Greatly Exceeds Means of Average Family

The \$64-question is a piker compared to that facing a person stricken by infantile paralysis, according to Mr. Geo. Norwood, vice-chairman here of the 1947 March of Dimes—January 15-30—in which the National Foundation for Infantile Paralysis annually raises funds to carry on its fight against this dread disease.

"Could you afford to pay \$35 a day for four months if you were stricken by polio?" he inquired today in an appeal stressing the vital need to support this year's March of Dimes. He added that the \$35 a day rate is by no means unusual in treating polio patients, particularly respirator cases.

"Typical of such high case costs," Mr. Norwood said, "was that of Floyd Little, 35, of Sulphur, Okla., whose care was paid for by the Murray County Chapter of the National Foundation. Charges included \$24 daily for nurses, \$6 for hospital room and \$5 for incidentals. The itemization does not include physicians' fee, which also, of course, came from the March of Dimes."

"Local Chapters of the National Foundation, with money raised through the annual March of Dimes for this purpose, stand ready throughout the nation to offer financial assistance whenever and wherever the disease strikes," Mr. Norwood continued.

"If chapters run low on funds, or exhaust them quickly for a single emergency case or for epidemic needs as they did last year in 35 states including Minnesota, Texas, Florida, Illinois and other less seriously affected areas, national headquarters sends sums to meet the community's bill."

The National Foundation, supported entirely by the March of Dimes, also finances scientific medical research and education of professional personnel to staff hospitals and treatment centers throughout the country, Mr. Norwood concluded.

2,000 Died In State Traffic

AUSTIN—Approximately 2,000 persons died in Texas traffic accidents last year, Col. Homer Garrison, director of the State Department of Public Safety, estimates.

Deaths already reported stand at 1,910 Garrison said, and other reports are expected to boost the total to 2,000, third highest fatality figure in Texas history.

The state's all-time record was 2,043 fatalities, recorded in 1937. Second highest figure, 1,979, was reported in 1941.

The 1946 fatality score was described by Garrison as "considerably worse than was expected."

Mid-year prediction was that 1,892 persons would die in traffic mishaps.

"People kept driving reckless and ignoring our warnings," Garrison said.

Mr. and Mrs. Frank Hommel were in Amarillo Tuesday.

County Irrigation Committee To Meet

The Donley County Irrigation committee will meet in the office of county agent H. M. Breedlove on Monday afternoon at four o'clock. Members of the committee will be notified by mail. Plans

at this time are to put down the first test well in the month of February so that irrigation will be possible this coming year. The committee has secured assistance from specialists to help with this demonstration and a test well for irrigation will definitely be drilled in the near future.

Breedlove says that irrigation is possible on land with a one percent slope or less and the types of soils will also play a big

part. Deep sand will be hard to irrigate due to fast absorption of the water. There is plenty of land that can be irrigated in the county if the water is available.

Irrigation on land that can be irrigated will do a great deal to stabilize agriculture in the county and the committee will not stop until it is determined whether or not the water is available.
