BRONCHOS TO PLAY STINNETT THERE SATURDAY NIGHT

The Bronchos take to the road again this week with the Stinnett Rattlers as their next conference foe. The game will be played Saturday night at Stinnett with the game time set for 8 p. m. It will be hard for some fans to get off on Saturday night but it is hoped that as many as possible can make the trip. An exceptionally large number of fans went along with the Bronchos to Lefors last Friday night and that extra boost from the stands seemed to help a lot.

As far as the dope bucket goes, Stinnett has a powerful team and the Bronchos will have to play heads-up ball all four quarters to rack up a win. The Rattlers will be without their ace quarterback Larry Dawson, who received internal injuries in their game with White Deer last Friday night. They defeated the Bucks 32-13 while the Bronchos were tromping Lefors 31-20. To balance the loss of Dawson, the Bronchos will be playing minus Robert Mills, outstanding Broncho back, who received a kidney injury in the Lefors game. Doyce Graham, who was injured in the Claude game, will still be on the out list this week also.

Coach Ray Moore reported that he still didn't know just who would take Mills place in the backfield line-up but that Payne, who did an excellent job calling the game at Lefors, will be at his regular spot as quarterback, and Philley and Behrens, both displaying outstanding talent Friday night, will be at their usual half and full positions. The probable starting linemen beginning at left end will be E. Baten, K. Evans, B. Hicks, K. Pittman, C. DeBord, C. Mann, C. Evans.

Remember, those Bronchos have more initiative to put forth when the stands are filled with home-folks yelling their throats sore, so plan to be there with them Saturday night and help bring home another victory.

Free Dale Carnegie Program To Again Be Presented

Because of the rain last Thursday night, a great number of people were unable to attend the entertaining Dale Carnegie program being sponsored by the Lion's Club.

There were only about forty-five people able to see the program, and the Lion's Club asked the program director to present the program again so that more people would be able to see and enjoy it.

The program is entirely free and is presented for entertainment and educational purposes. All who attended the first program enjoyed the memory demonstrations and other parts of the program very much and probably will come to see it again.

This free program will be presented at the Lion's Club Hall next Tuesday night, October 4, at 7:30 p. m. Everyone is cordially invited to come and enjoy themselves.

LOCAL YOUTHS VOLUNTEER FOR ARMED SERVICE

The three local youths volunteering for Armed Service training Sept. 20th and 22nd are Bobby Darrell Philley, son of Mr. and Mrs. S. O. Philley; Bobby Glen Hewett, son of Mr. and Mrs. Noel Douglas Hewett and Thomas Dexter Short, son of Mr. and Mrs. John Short; also enlisting for the navy along with Philley and Hewett was J. D. Johnson, son of Mr. and Mrs. Jimmie D. Johnson of Umbarger and formerly of Clarendon. Short entered the Air Corps and will receive his basic training at San Antonio. The other three entering Navy service will receive their basic training at San Diego.

Twenty-Six Identify Mystery Farm No. 21

There was a total of twenty-six who correctly identified the Leader Mystery Farm of the Air No. 21 last week. Warren Neighbors drew out for the free subscription to the Leader; Perry Jordan drew out for the two free movie tickets to the Mulkey Theatre and Mrs. Carl Barker, Ed Mahaffey and David Fricks each drew out for one movie ticket each.

Others correctly identifying the Mystery farm were Teddy Shaller, John Swinney, Mrs. D. C. Williams, Buddy Bobbitt, Betsy Chamberlain, Jane Leathers, Mrs. Wallace Roney, Beth Bennett, Mrs. Bill Mooring, Mrs. Jack Eads, Ruby Bromley, Mrs. E. P. Hahn, Brenda Pool, Irene Jones, Mrs. M. L. Putman, Mrs. N. R. Hutton, Ruth Kay, Mrs. R. C. Bingham, Mrs. Dewey Goodman, and Jack Eddings.

Bronchos Upset Pirates, 31-20

After hearing so much about the mighty Lefors Pirates and pre-season predictions, the Bronchos didn't know just what to expect last Friday night, but they found out real soon that they had the stuff to move right along against the Pirates and that's what they continued to do throughout the game.

The Bronchos opened their scoring barrage when the game was only minutes old with Mills going over from the three yard line. The next one came in the same period with Payne passing a 35 yard aerial to Philley for the 6 points. About mid-way of the second period Payne hit Philley with another pass, this one good for 41 yards and the tally, giving the Bronchos a lead of 18 points. Lefors retaliated quickly to make two touchdowns before the half ended and came back to add another 6 points early in the third period to go ahead 20-18.

This didn't phase the Bronchos, for Behrens threw his might against the Lefors line and came out in the open to race 35 yards for the goal line. Mills finished up the scoring spree late in the fourth, going off-tackle for one yard and the 6 points. Payne passed to Philley for the conversion which was the only one the Bronchos made following their various trips across the goal line.

Clarendon fans witnessing the affair were on their feet ninety percent of the game, urging the Bronchos along. Every Bronco player played an exceptional game. The backfield was displaying an outstanding performance while at the same time the Bronco line was performing their duties well which gave the backfield the opportunity to move and the Lefors boys can vouch for the Bronco line doing a fine job on the defense. We're proud of all the boys and believe they have what it takes to go a long ways toward district honors.

District Legion Meet Big Success

The 18th District Convention of the American Legion which was held in Clarendon on Saturday and Sunday, September 24th and 25th, has been termed a booming success. Approximately 250 delegates were registered over the two day period representing over 20 posts in the District.

Among the many distinguished guests from various parts of the State was Land Commissioner J. Earl Rudder, who brought the main address on Sunday morning. He made a very informative address on the "Veterans Land Program". Joe Matthews, Department membership Chairman of Ft. Worth, brought the main address to the afternoon business session. He made the purpose of the American Legion very clear and why each veteran should belong and actively support the National Organization.

Several resolutions were proposed by the resolutions committee. The Convention endorsed Joe Matthews for State Commander and sent President Eisenhower a telegram wishing him a speedy recovery.

Dow Stevens of Borger was elected District Commander, and Clifford Johnson of Hedley was elected District Vice Commander. Both of these offices were hotly contested and brought about a roll call vote. The local post would like to take this opportunity to thank the local citizens for the splendid way in which they cooperated to help make this convention the success that it was. The visitors had nothing but praise for the friendliness that existed in our city.

TWENTY-SIX POLIO SHOTS AVAILABLE

There are 26 units of Salk Polio vaccine that will be administered free to the first 26 students in the first grade who receive their authorizations from the county school superintendents office. This must be done before October 1st, stated Miss Ruth Richerson.

SERVICES HELD FOR LAKEVIEW LADY

Funeral services were held last Friday in the Lakeview Baptist Church for Mrs. Fred W. Howard, a resident of Lakeview 36-years, who died last Thursday in a Memphis hospital. Mrs. Howard was a sister of Jim Jackson and Mrs. Rena Ashcraft, both of Clarendon.

C of C Gives Premium For First Cotton

One Hundred and fifty dollars in premium money was awarded by the Clarendon Chamber of Commerce to the three men bringing in the first bales of cotton to the Clarendon gins and the gin at Lelia Lake. J. B. Leonard, Leroy Luttrell and Ronald Castner were the three farmers receiving the money in addition to having their cotton ginned free and receiving 35c per pound for their cotton.

Grand Jury To Meet Monday, Oct. 3rd

A panel of sixteen men have been notified to report for Grand Jury duty at the District Court room Monday, October 3rd at 10 a. m. Twelve from this group will be selected to serve for this term of court.

According to District Attorney Allen Harp, one of the main important issues to be investigated by the grand jury is the alleged misuse of county property by a county employee.

The sixteen man panel notified to report for grand jury service is as follows: Dane Perdue, F. A. Floyd, Eldred James, W. D. Higgins, Pete Land, C. P. Hamilton, W. W. Noblet, H. H. Hall, H. Stark, H. T. Warner, R. D. Castner, Roy Ferris, W. D. Priest, C. A. Wright, H. H. Hahn, David Bennett.

Mahaffey & Duggins Show Champions At Tri-State Fair

James Mahaffey, Clarendon F.F.A. Member, exhibited the champion duroc gilt, the junior champion duroc female, and reserve grand champion duroc female in the breeding division of the swine show at the Tri-State Fair. Jame's gilt was beaten only by a thousand pound mature sow.

J. D. Duggins, Hedley, exhibited the reserve grand champion chester white and berkshire female; he also exhibited the second place chester white fall boar and the fourth place berkshire fall boar and third place fall berk gilt. Duggins and Mahaffey are two of the individuals who are working in cooperation with the Clarendon F.F.A. Swine Improvement Program. Boars from some of the top breeding herds in the United States have been brought into the county for use by berkshire, hamp, chester white, Poland, yorkshire, and duroc swine producers in the county.

TWENTY BLOCKS OF PAVING UNDER CONSTRUCTION

Robert Mills Named Class A Player Of The Week

Following is a reprint in part of article taken from the Amarillo News Wednesday morning:
By EDDIE MULLENS

The upset minded Clarendon Bronchos, with a squad composed chiefly of sophomores and juniors who have surprised even their most beloved followers thus far this campaign, are sparked by a 150-lb. halfback—Robert Mills, a member of the Clarendon "B" team last season, has been chosen as the Daily News' Class A player of the week not only for his excellent showing against the Lefors Pirates last Friday night but for his outstanding performance the entire season.

In helping lead the Bronchos to a 31-20 upset victory over the well respected Lefors Pirates last Friday, Mills scored two of the Clarendon touchdowns and gained nearly 75 yards rushing in 14 tries.

Robert stands 5 feet, 11 inches, and as mentioned before, weighs 150 pounds but he is a very clever and shifty runner with better than average speed.

Only a junior this year, Robert is one of the main reasons the Clarendon attack has been so effective against its first three opponents. Robert helped lead the Bronchos to a 20-0 triumph over the Amarillo Stormies in the season opener and was one of the big ground gainers in the 19-14 success over Claude a week later.

Rated, before the season started, as one of the weaker clubs in rugged District 1-A this semester, the Clarendon club has been a pleasing surprise to many fans throughout the area. Coach Ray Moore and his assistant, Tom Jinks, molded together a club built around only three returning lettermen—two linemen and one backfield man who deserves mentioning, Jimmy Philley.

Mills has been a great help to the Bronchos but he has been aided by three of the men up front—Keith Pittman, Kenneth Evans and Chester Mann. Robert scored the first touchdown of the night against Lefors last Friday—going the final three yards on a cross buck with 6:25 to play. Then to prove it was no flash in the pan, Robert scored the last touchdown of the night plunging from a yard out to apply the clincher which beat the heavily favored Pirates.

Robert will, no doubt, be missed against the powerful Stinnett Rattlers at Stinnett Saturday night in another District 1-A contest.

Coach Moore reports that Robert suffered a kidney ailment during the Lefors contest and will not be in action Saturday.

Sandell Theatre Damaged By Wind

Damages in the amount of around two thousand dollars was totaled up as a result of wind damage to the Sandell Drive In Theatre last Thursday evening. A twisting wind, accompanying a rain about 7 p. m. lifted the north portion of the roof covering the concession and projection building, tossing it to the south where it landed on top of the owners car, smashing in the top. The wind found a stack of corrugated iron and scattered it all over the theatre grounds.

Gary Barnhill, owner, got busy with temporary repairs and had the Theatre in operation again by Saturday night.

PATCHING CLUB BOARD MEETING OCT. 3rd

The Patching Club Board will hold an important meeting at the Patching Club House Monday, October 3rd at 4 p. m. All members of the board are urged to be present.

Twenty blocks of paving have been paid for and are under construction. If the weather permits, the prime coat of oil will be applied this week. The paving project will begin to take on a more finished look as construction progresses.

Because of the way these twenty blocks fit in to each other and existing paving, only eleven intersections must be crossed. The cost to the city to be paid from the street improvement fund is thus reduced for the total number of blocks covered. Should this ratio of intersections to paved blocks continue, sufficient funds are available for several more blocks than previously estimated.

Each individual who is interested in paving in his neighborhood is urged to contact any of the following ladies: Mrs. J. R. Porter, Mrs. Lloyd Benson, Mrs. Frank Phelan Jr. or Mrs. Houston Bell. More blocks of paving can be finished before cold weather only if the money is collected before work is completed on blocks now in progress. From three to five blocks can be shaped each week, so that many new blocks must be paid weekly in order for construction to proceed smoothly. Let your desire for paving be known.

As the prime coat of oil is applied, you are urged to avoid the use of the freshly oiled streets in order to help keep your cars clean. Traffic will be stopped only while application of oil is in progress.

Sheriff Issues Order Regarding Mufflers

Sheriff Truett Behrens made an announcement this week that will effect a number of youths and some grown-ups as well. The question involved is the "over use" of straight mufflers and an order has been issued by the Sheriff's department to remove all straight mufflers and replace with regular stoek mufflers.

The Sheriff's department has received so many complaints from local residents that we had to come out with this order, Sheriff Behrens stated. Youths having straights on their cars are inclined to speed in order to make more noise, he added.

For the benefit of those desiring to know the Texas Motor Vehicle law regarding mufflers, Sheriff Behrens brought this paragraph of the law book along: "Mufflers—Prevention of Noise—Every motor vehicle shall at all times be equipped with a muffler in good working order and in constant operation to prevent excessive or unusual noise and annoying smoke and no person shall use a muffler cut-out, by-pass, or similar device upon a motor vehicle on a public road."

Services Held Mon. For R. J. Bogue

Funeral services were held Monday afternoon at the Goodnight Baptist Church for Robert J. Bogue with Rev. A. B. Moseley officiating.

Farm Fire Loss Highest Ever

The highest yearly farm fire loss in U. S. history jumped \$75,000 when this dairy barn and silo burned at Newington, Conn., late last year. Total loss for the year was \$157,000,000, a 13 percent increase from the year before, according to U. S. Department of Agriculture estimates. Farm fires don't have to happen and they can be prevented by common-sense fire prevention measures, says the National Fire Protection Association.

Each year farm fires exact a greater toll of life and property, says the National Fire Protection Association, sponsor of Fire Prevention Week, Oct. 9-15. Fire losses on the farm in 1954 jumped 13 percent over the 1953 figure for a total of \$157,000,000, according to the U. S. Department of Agriculture.

The majority of last year's farm fires should not have happened, and for farmers who would keep their farms free of fire, the NFPA has this advice:

- 1 — Break the habit of smoking in bed and in danger areas such as barns, sheds, and storerooms. Smoldering cigarettes and burning matches carelessly thrown aside are to blame for a heavy proportion of U. S. farm fires.
- 2 — Keep furnaces, stoves, space heaters, brooders and other heating equipment clean and in good repair. Dirty or faulty heating equipment is another major source of farm fires. Have qualified repairmen service heating equipment at least once a year.
- 3 — Store gasoline, kerosene, and other flammable liquids at least 40 feet from buildings. Underground storage is safest. Tight metal containers are the next best choice. When drawing off small amounts, use only safety cans made for the purpose.
- 4 — Use fire-resistant building materials, particularly asphalt shingles or other fire-retardant roofing. Most city dwellers are required by building codes to use fire-retardant roofing, but it's up to the farmer to take this precautionary step on his own, the NFPA points out.
- 5 — Clean up trash, oily rags, accumulated magazines and papers, and dead vegetation in yards and fields, particularly along fence lines. "Don't give a fire a place to start," is the Fire Prevention Week slogan.

Free Hunts Proposed In State Areas

AUSTIN—Favorable condition of the deer herds in the big game country has stimulated prospects for a substantial harvest including that on two state wildlife management areas, reported Director of Wildlife Restoration for the Game and Fish Commission.

He said field reports describe deer as rally from the long drought and foresee that they will be "fast and fat" come November.

"Deer seem to be in excellent condition because of improved food conditions," the Director added. "Buck deer have big antlers and generally good growth. This certainly is a big improvement over last fall when the herds were at a low ebb from drought effects."

Technicians now are readying recommendations to the Commission calling for free public hunts on both the Kerrville Wildlife Management Area near Kerrville, in the heart of the famed

Fashion Expert Says Texas Tops For Good Taste And High Style

BY VIRGINIA POPE

Former Fashion Editor, The New York Times

Was a time when Texas styles were spoken of, one conjured up a picture of shirts and jeans, of sombreroes and riding boots. That day has gone. Mention Texas in relation to style today, and immediately there comes to mind the good-looking clothes that take their place in the broad fashion picture of the United States.

I have long been aware of the position held by Texas, for I have been coming to Dallas from New York for the past ten years to report the offerings of the Texas market, as represented by the state's manufacturers.

Recently, the Dallas Fashion Arts honored me by inviting me to be one of the three (the other judges were Mrs. C. R. Holmes of San Antonio and Mr. Morris L. Lichtenstein of Corpus Christi) to select the blue ribbon winners of the manufacturers exhibiting at the Fashion Round-Up to be held in October at the 1955 State Fair of Texas.

My former impressions of the high quality of the Texas fashion industry were confirmed as some 500 items of apparel passed in review before us. Here was a comprehensive style panorama ranging from enchanting togs for toddlers to formal creations for sophisticated grown-ups.

These were clothes that did not aim to express ultra extravagance in trends—there were no alphabetical silhouettes as the H, A and Y—all came within the outlines of the accepted new trends in a manner which makes them suitable to the American way of life. In short, they can hold their own wherever they go.

Present in excellent editions were the slender sheaths (they have been making front-page news in New York, Paris and Italy) seen in front-toned coat dresses, afternoon silks and cottons adapted to many social occasions.

There were tunics built on slim lines or flaring at the knees. Full skirts held an important place for all hours of the day. The American woman has no intention of giving up the youthful style and the coquetry of petticoats, particularly when it comes to pretty dresses of cotton, silk and the fabrics made of the new synthetic yarns that combine beauty and practicality.

The offerings of the Texas manufacturers I found to be rich in fabric variety. Their choice was well adapted to the styles in which they were interpreted. Printed corduroys appeared in soft, tapestried effects. Orlon, nylon and rayon used in blends

had the crisp feel of taffeta and the shimmer of satin. The cottons, belovéd American fabric, in lovely printed designs, could hold their own with more extravagant pure silks. Wool found its place in suits and coats. Newest of the new was printed Pelon which flaunted its crispness in a gay separate skirt shown with a simple blouse.

For the approaching fall and winter seasons, many black velveteens contributed rich elegance. Some were combined with white. We, the judges, started the suspender-and-jumper costumes worn with smart white silk blouses; we voted for the well-cut velveteen with flaring, stitched white cuffs and applauded the little six-year-old's black coat topped by a tiny matching bonnet to sit lightly on the wearer's curls.

Texas designers did not fail to recognize that in these days of increased travel facilities and speed, the costume—two- or three-piece—is indispensable. Their discriminating taste was shown in straight coats of tweed or flannel, companions to well-tailored dresses or skirt and blouse. In some instances they were part of multiple-piece coordinates.

Gay as butterflies were the separates, their colorful skirts swirling. Interesting were chenille-embroidered felt, printed and be-sequined burplap and cottons blended with Orlon.

To one, who within the last weeks visited the rarified atmosphere of the Paris couture salons, it was like drinking in a deep draught of the winds that blow across the plains to see the ranch togs, denim, shirts, boots and all the rest. No, there's nothing new about them, but they are a refreshing Texas tonic.

The romance of the South was expressed in evening formal gowns, their billowing full skirts of diaphanous net, layer upon layer of it. Attractive were the realistic roses which some ingenious designer had fashioned of silk and laid in delicate sprays over the airy skirts.

We had to doff our hats to the hats, for they were becoming and very feminine. Said the male member of our trio of judges, "They certainly make the girls look pretty!"

In this day of universality of thinking along many lines, it was interesting to this writer to see the Texas fashion market contributing its share in an expression that so characteristically expresses the thinking and social needs of the great state.

shoots would be supervised by wildlife biologists and game wardens with a limited quota of gunners each day. In each case, the hunts probably would run until the number of deer designated have been taken by hunters.

The only cost to the participants would be the purchase of an ordinary state hunting license for \$2.15 and, of course, financing their own trips to the areas.

The Director said persons interested in the conducted hunts should NOT write until after formal Commission action has been taken. The decision of the Commission will be published promptly.

BOB MOSS PHARMACY Monthly News

A message from Bob Moss, 'Your Pharmacist'

NATIONAL PHARMACY WEEK, October 2nd to 8th, has been set aside to remind you and ourselves that "Your Pharmacist Works For Better Community Health."

THERE ARE MANY other services we perform, but essentially our training as a Pharmacist, is to provide with proper safety, medicines that help you to get well and keep well.

COMPOUNDING PRESCRIPTIONS important enough to mean the difference between good health and bad, often life and death, requires a great mental concentration to avoid any possible error.

OUR WORKING Hours are long because our Pharmacy is often open evenings and holidays when others can play. At the end of a long day we may momentarily feel that there surely must be an easier way to earn our daily bread.

BUT THERE IS really nothing else we would rather be than Your Pharmacist, and we thank you for the privilege of being able to serve. EACH NIGHT we have the comforting thought that, because we are a Pharmacist, we can help folks like you to enjoy a healthier life.

Dingler - Cash Nuptials Solemnized

In a candlelight ceremony solemnized Friday evening, September 23, in the home of Mr. and Mrs. Warren Hardin, Miss Glenna Dingler, daughter of R. R. Dingler, Clarendon, Texas, became the bride of Robert Cash, son of Mrs. Sybil Cash of Amarillo, Texas. Bro. W. F. Vanderburg, pastor of First Baptist Church, Clarendon, read the double-ring service.

Vows were exchanged against a background of branched candelabra bearing white tapers. Flanking the candelabra were basket arrangements of orchid and white gladioli banked with fern and greenery.

Preceding the ceremony, a prelude of soft wedding selections was played and to the strains of Melody of Love, Misses Katherine Dingler and Wanda Sibley lighted the tapers. The traditional wedding marches were used.

Miss Jo Ellen Dingler attended her sister as maid of honor. She wore an orchid taffeta dress styled with a fitted bodice and full ballerina length skirt. She wore a corsage of white carnations.

Harold Holland was the groom's best man.

The bride, given in marriage by her father, was lovely in a waltz length gown of white silk taffeta. The fitted bodice buttoned to the waistline to the back and was fashioned with a scalloped neckline filled with an insert of lace and ornamented with seed pearls. The full circular skirt was pleated. Her veil of illusion fell from a bandeau of white satin. She carried a white Bible topped with a white orchid and white satin streamers tied in love knots. For luck she wore a penny in her shoe and a blue garter. The bridegroom's mother wore

a black faille dress in princess style complemented by black accessories and a corsage of red roses.

Immediately following the service, a reception honored the wedding party. The refreshment table was laid with a scranton shadow lace cloth. The centerpiece of orchid gladioli was centered with a miniature bride and groom and was flanked with white candles in crystal candelabra. The tiered wedding cake was topped with a miniature bride and groom beneath an archway and wedding bell and was decorated in orchid and white. Mrs. Gene Grimland of Amarillo served the cake while Mrs. Bobby Watkins of Andrews, Texas ladeled punch from the crystal service. Mrs. Richard Dingler, Jr. of Monahan presided at the guest registrar. Relatives and close friends attended.

For traveling the bride chose a navy blue dress accented by red accessories and a white orchid.

Both Mr. and Mrs. Cash have attended Clarendon schools. They will make their home in San Antonio while Mr. Cash is attending school there. He is in the Medical division of the Army.

ENTERTAINS WITH PARTY AT CANTEN

Mr. and Mrs. Homer Estlack entertained with a party at the Canteen Saturday evening, September 24, honoring their daughter, Donna Jane, on her twelfth birthday.

After the guests assembled, the honoree opened and admired her many lovely gifts. Donna thanked each guest, then the group was served hot dogs, Cokes and cookies. Games provided entertainment for the evening.

Forty-eight were present.

PATHFINDER

The Pathfinder Club met Friday, September 23, at Patching Club House.

The program was in charge of Mrs. H. T. Burton and carried out the theme of "Appreciation of Americanism" by showing how the American family is "the luckiest family in the world."

Mrs. Bob Word compared the possessions of the average American family with those of families in other countries and gave several reasons for the ample supply of goods in America.

Ruth Richerson discussed the average wage in America as compared with that of some other countries as a basis of the high standard of living in this country. She spoke of the incentives to high living standards—credit, advertising, social security and other government aids. Miss Richerson painted a very hopeful picture of the average American family of tomorrow, saying that a major depression is not expected by economic experts.

The following members enjoyed this discussion as well as the delicious refreshments served by the hostesses, Mrs. L. N. Cox and Mrs. Clyde Hudson: Mesdames Jack Ballew, George Benson, Fred Buntin, H. T. Burton, Ed Dishman, Bill Greene, Ernest Hunt, R. Y. King, Pete Kunz, Olean Leggett, William Lowe, C. B. Morris, Bob Word, J. T. Patman, Frank Phelan, Jr., Forrest Sawyer, Heckle Stark, A. T. Cole, S. W. Lowe, Misses Naomi Allison, Ruth Richerson, and Mabel Mongole, and the hostesses. One guest, Mrs. Marguerite Goodner was present.

The next meeting will be October 14 when the members will hear a book review by Mrs. U. J. Boston of Amarillo. This will also be guest day.

SHANE ALEXANDER OF SILVERTON

Shane Alexander of Silverton came Thursday of last week to visit with his grandparents, Mr. and Mrs. M. C. Rumpy. He will visit thru this week.

Bush Mayfield of Meridian, Mississippi is visiting in the home of his sister and husband, Mr. and Mrs. Claude Darden.

Next meeting will be with Ellen Moreland, Oct. 3rd. Officers for the coming year will be elected so be there to defend yourself.

KIL KARE KNEEDLE KLUB

Mrs. J. R. Bartlett was hostess to the Kil Kare Klub Thursday afternoon, September 22. The entertaining rooms were tastefully decorated with seasonal flowers. The afternoon was pleasantly spent in visiting and needlework.

The hostess, Mrs. Bartlett, served delicious refreshments of cookies and frosted Cokes to members Mesdames Harry Brumley, G. C. Heath, Major Hudson, Buel Sanford, Frank Whitlock, E. H. Noland, S. W. Lowe, and Misses Ida and Etta Harned.

The next meeting will be in the home of Misses Ida and Etta Harned, Thursday afternoon, October 13th.

BIRTHDAY PARTY

Donnie Mooring was honored with a birthday party Wednesday afternoon, September 21, on his fifth birthday, at the park.

After games were played the gifts were opened. Refreshments of birthday cake and ice cream were served to the following:

Mike Graham, Carla Barker, Terry Moore, Janie Sue Noble, Larry Green, Frank Phelan III, Cheryl, Lanita and Mitchell Fedric, David and Donnie Mooring, Mrs. Fedric, Mrs. Doyce Graham, Mrs. Lacy Noble, Mrs. Carl Barker, Mrs. Bud Moore, and the hostess, Mrs. Bill Mooring.

Mr. and Mrs. Tillman E. Barker are the proud parents of an 8½ lb. son born Monday, Sept. 26, 1955. Mary and Dock Mann are the proud grandparents.

JOY SUNDAY SCHOOL CLASS

The Joy Sunday School Class of the First Baptist Church held their monthly luncheon, Tuesday, September 27, in the home of Mrs. A. D. Estlack. Co-hostesses were Mesdames Fricks and Spurgeon.

During the business session the following class officers were elected: President, Mrs. Opal Messer; Membership Vice-President, Melba Risley; Stewardship Vice-President, Ardis Vallance; Secretary, Louise Fricks; Group Captains, Dollie Bain and Freida Siddle.

Mrs. Goldston brought the devotional reading from Matt. 28: 19-20. A round table discussion was held using the book "The Adult Bible Class at Work."

Members attending were Mesdames Doss Finley, Paul Schull, G. W. Bradshaw, Lloyd McCord, Orvil Housden, D. R. Lindley, Russell Bain, Dick Vallance, Truett Behrens, Norris Spurgeon, Joe Goldston, Fricks, and A. D. Estlack.

THE LION'S TALE

By Carl Allmond

The rough necks were moved up a table, but to no avail. The water soaked napkins loaded with ice were still prominent. Wonder what would happen if we put 'em all at the front table? We have a bill to present to the club; as we were about to introduce the guests, here came a wad the size of a baseball. In order to stay alive, we ducked, and in so doing the seat of our pants split from here to yonder. We are sure Bill will present this item of expense at the next directors' meeting.

Boss Lion Lowe stated that, due to the rain last Thursday night, the attendance for the Dale Carnegie Course was too low to qualify for the one dollar per person. It takes 75 people. The Club agreed to try again next Tuesday night, 7:30 at the Lions Club Hall.

This invitation includes everyone. Come on out and help the Club—it's fun!

Before presenting the program, Lion Drennan announced that the Clarendon and Stinnett football game will be Saturday night at 8:00 instead of Friday night at Stinnett.

Beth Gillham and Pat Knox entertained the Club with several piano and cornet numbers.

Tuesday's guests were Jay Gould, Lynn Leathers, Allen Estlack, Clarendon; Bob Parks, Amarillo, and Neal Thomas of San Bernardino, Calif.

FARM NEWS

from the County ASC Committee

NATIONAL EMPLOY THE PHYSICALLY HANDICAPPED WEEK, 1955

The President of the United States has issued a Proclamation designating Oct. 2-8 as "National Employ the Physically Handicapped Week." In this proclamation he states that opportunity for employment should not be denied any qualified person merely because of a physical handicap. He urges the governors of States, mayors of municipalities, other public officials, leaders of industry and labor and members of religious, civic, veterans', agricultural, women's handicapped persons, and fraternal organizations to participate actively in this observance.

U and US in USDA

More than two-thirds of the deaths caused by farm machinery involve tractors. More than half of the deaths from tractors occur because the tractor tipped over. The most frequent cause of a tractor tipping over sideways is too much speed. Tipping over backwards in most instances is from hitching too big a load too high.

A THOUGHT—

Soil conservation has come to mean proper land use, protecting land against all forms of soil deterioration, rebuilding eroded and depleted soil, improving grasslands, woodlands, and wildlife lands, conserving water for farm and ranch use, proper agricultural drainage, irrigation and flood prevention, building up soil fertility, and increasing yields and farm and ranch income. Modern conservation farming includes achieving not only these objectives but also efficient, abundant production on a sustained basis for the national welfare.

Annual Stockholders Meeting of Donley County NFLA Held September 21st

Approximately one hundred and twenty-five members of the Donley County National Farm Loan Association attended the annual stockholders' meeting at the Lions Club Hall at 7:30 P. M., September 21st. Chicken barbecue was prepared for the meeting by H. M. Breedlove, Pete Land, and Vance Gray. J. R. Gillham, president over the meeting in the absence of the president, Frank J. Hommel.

Rebecca King, accompanied at the piano by Harold Clappitt, presented two violin numbers. Secretary Rayburn Smith presented his annual report to the association; and W. W. Raney gave the report of the nominating committee. C. B. Morris presided over the election of directors and A. T. Simmons, C. L. Harris, and J. R. Gillham were re-elected to the board. Following the election, Mike McCully served as quizmaster and presented a number of silver dollars to those able to answer questions that were asked about the association.

At the organization meeting of the directors following the stockholders' meeting J. R. Gillham was elected chairman of the board of directors and C. L. Harris was selected vice-chairman. Rayburn Smith and Mrs. Juanita Phelps were re-elected secretary-treasurer and office assistant.

Miss Geraldine Rumpy, instructor of Home Economics in the White Deer schools, spent the week end with her parents, Mr. and Mrs. M. C. Rumpy.

Mr. and Mrs. Nance of Amarillo were guests Sunday in the home of their daughter and family, Mr. and Mrs. Tom Jenks and daughter.

Donley County Poultry Exhibit Tops Tri-State Fair

The Donley County Poultry Exhibit at the Tri-State Fair won the top county award, according to Earl J. Curry, superintendent of the poultry division. The county group entry was sponsored by the Clarendon F.F.A. Chapter, and the birds were transported to and from the fair by the chapter. The award is based on a point system and is determined by the number of birds shown, number of exhibitors, and the number of first, second, third, and fourth place awards won by exhibitors from the county. A number of adult poultrymen exhibited birds along with the future farmer members. Exhibitors and the breeds exhibited included; Jim Waldron's Single Comb Rhode Island Reds, J. W. Sullivan's White Rocks; J. M. Graham's Buff Orpingtons; H. E. Record Newspaper Ad Campaign Is Set For 1956 Dodge

DETROIT—Selection of a record number of newspapers to be used in launching the 1956 Dodge advertising program was announced today by Jack W. Minor, Dodge sales manager in charge of advertising and merchandising. "Every important daily newspaper across the nation will carry the 1956 Dodge model announcement advertising beginning Oct. 6," Minor said. "More than 1,000 of these will be in major market areas. In addition, some 3,000 smaller dailies and weeklies also are on the schedule for initial and follow-up ads in a broad campaign even more comprehensive and spectacular than that of a year ago."

A highly diversified use of all advertising media is planned for the new car announcement phase. Heavy newspaper lineage throughout the first three weeks of the announcement period will be accompanied by full-color magazine display emphasizing the 1956 Dodge theme: "Born of Success To Challenge the Future."

"Augmenting this powerful newspaper and magazine campaign," Minor stated, "will be thousands of radio spot announcements stressing the sensational new push-button driving Dodge will introduce this year, as well as the striking new styling, power features, and a new Super Red Ram engine."

Radio stations throughout the country also are scheduled to carry the announcements. Three weekly Dodge-sponsored television shows—the Lawrence Welk show, Bert Parks' "Break the Bank", and Danny Thomas' "Make Room for Daddy", will support the campaign with strong commercials.

In addition to major media, travelling displays on buses and street cars will appear in all major cities, while hundreds of bill boards carry the Dodge message into the outdoor field. Added push will be given to the campaign and throughout the model year by local allotments from the various local Dodge Dealer Advertising Funds.

"We're picking up right where we left off on the 1955 models," Minor said. "1955 was a great year for Dodge, and 1956 promises to be even better. The push-button era of motoring is here at last, and this new '56 Dodge feature already has captured the imagination of millions of American car owners."

"The response of our dealers and members of the press at our preview meetings has been tremendously enthusiastic, and we expect to support our field organization and sales force with every advertising, promotional and merchandising tool at our command."

Moisture Total For Sept., 1.24 Inches

According to Tommy Saye, the moisture total for this month up thru Wednesday morning, is 1.24 inches, with all of it falling within the past 12 days. His record shows .53 for the 17th, .39 for the 22nd; .23 for the 24th and .09 for the 25th.

Heavier amounts were reported from various parts of the county and local farmers say the moisture will help crops considerably although it would have meant much more had it arrived a few weeks earlier.

RELATIVE DIES IN CALIFORNIA

Mrs. Claris Leffew received word Wednesday of the death of her father-in-law, G. W. Leffew, who lived at Santa Maria, Calif. Mr. Leffew died of a heart attack. Services were held Monday at Santa Maria. Mr. Leffew lived in Hall County until 1940 when he moved to California. He is survived by 8 living children, all of whom attended services.

Attending services from this area were Mrs. Claris Leffew, Corky and Darrel, Mr. and Mrs. Doyle Leffew of Borger and Mr. and Mrs. James McKinney of Clarendon. They returned home Tuesday night.

All-Weather Oil Proves Popular With Car Owners

Changing grades of motor oil to match the change in seasons is no longer necessary. With the development of all-weather motor oils many car owners now rely on one of the new multiple grade oils for both winter and summer engine protection.

The popularity of all-weather motor oil is shown in sales figures released today by Phillips Petroleum Company. During the first half of this year, the company's Trop-Artic All-Weather Motor Oil accounted for 36% of Phillips sales of first line service station motor oils. Using this figure, Phillips estimates that almost four out of every ten customers are already using this all-weather oil which was placed on the market only 15 months ago.

Convenience is one reason for the rapid sales rise of this new type oil. All-weather oil makes it easy for motorists to protect car engines against operating and seasonal temperature changes.

Wear protection is another reason for the popularity of this new oil. Tests made by Phillips which compared Trop-Artic with older types of oil showed that all-weather motor oil, changed as recommended, reduced piston ring wear, increased gasoline mileage, lowered oil consumption and gave easier starting.

Used in conjunction with gasoline that is "controlled" according to the season and climate, all-weather motor oil helps car owners enjoy trouble-free motoring at every season of the year.

Mr. and Mrs. Bill Douse of Sudan visited their cousin Miss Della Wood Monday morning.

"Mr. Watson, come here, I want you" were the first words spoken over the telephone. It was the inventor Alexander Graham Bell calling to his assistant.

Mr. and Mrs. Joe Thomas and son Neal Thomas and granddaughter Sherrill of San Francisco are visiting relatives here this week.

SOCIAL SECURITY NEWS

A considerable number of widows, and young children of working people who died between June 1940 and September 1950 have failed to claim the monthly benefits payable to them under a 1954 change in the social security law, announced John R. Sanderson, Manager of the Amarillo Social Security Office. Those who do not apply for their benefits before October 1, he pointed out, will not be able to receive benefits for all the months back to September 1954, the effective date of the new provision in the law.

Under this provision, it is now possible to pay monthly social security benefits to the qualified survivors of workers who died between June 1940 and September 1950 if the deceased wage earner had credit for as little as a year and a half under social security work or World War II Military Service. The families of many of these workers applied for benefits at the time of the worker's death, Mr. Sanderson said, but were told that they could not receive payments because under the law, as it was then, the worker had not earned enough social security credit to provide survivors benefits for his family.

"Announcements of the change in the law were made in all newspapers, in pamphlets, and on radio and television," Mr. Sanderson said, "and 52 persons in the Panhandle area have applied for these benefits since September 1, 1954." It is believed there are many others in this area who are now entitled to these payments. In order to receive all such payments, claim should be filed before October 1. Inquiries should be made at the Social Security Office, Amarillo, Texas.

Reduced Train Rates To State Fair

A reduction of one-third in chair car fares from all points on Fort Worth and Denver Railway between Decatur and Texline to Dallas for the State Fair of Texas as October 7-23 was announced today by Robert L. Hoyt, General Passenger Agent for FW&D. Round-trip tickets good in air-conditioned chair cars on all FW&D trains including Texas Zephyrs will go on sale daily commencing October 6th and will be sold to and including October 23rd. Final limit of tickets will be midnight October 24th, said Hoyt. The reduced fares may be purchased by individuals or parties, such as FHA groups, grade school and high school classes, etc., it was also announced. According to D. F. Wadsworth, agent for FW&D at Clarendon, the special excursion fare to Dallas will be \$9.40, as compared with the regular fare of \$14.10. The usual federal transportation tax of 10% is in addition to the fare, added Mr. Wadsworth.

24th Annual Prison Rodeo Set For October

Huntsville—The original Texas Prison Rodeo, which has been called "The Wildest Show on Earth", has gotten a little wilder and faster each succeeding year. The 1955 version, being staged here each Sunday in October, promises to live up to expectations as the wildest and fastest outdoor sports event on record.

Albert Moore, Prison Rodeo Manager since 1932, is putting only the best performers—inmate and animal — into the arena. Right now its round-up time in the prison system's river bottom pastures and the farthest corners are being combed for rodeo stock that hasn't seen a human being for the past 11 months.

"We've got plenty of new riders volunteering for this year's show," says Mr. Moore, "but only the best of these convict cowpokes will be in the arena next month. A special 'try-out' rodeo, no practice session, will be held to eliminate any 2nd rate 'would-be' waddies as well as to cull any stock that doesn't meet our high standards."

The best to be had in added attractions and specialty acts, sure-fire hits wherever they have played in the rodeo circuit, have been booked for this big annual fall event. Pasadena and Rusk Riders have been booked for a Mounted Do-Si-Do. Mrs. Fay Kirkwood, noted Fort Worth horsewoman, will appear as will the "Valkyries", girl thrill riders. These are just a few of the many added features of this year's big show.

Contingent upon acceptance by Governor Allan Shivers from his headquarters in Austin, Chairman H. H. Coffield of the Prison Board's Rodeo Committee, who extended the invitation, advised prison management that October 2nd would officially be "Governor's Day" at the Rodeo.

Mr. Coffield revealed that members of the State Legislature and ranking state officials have been invited to attend opening day ceremonies as guests of the Prison Board. It is expected that many of the state's solons and officials will attend.

Unrehearsed, unpolished and certainly unsophisticated, the 1955 production of the Rodeo that has had dozens of appellations coined by the nation's top news and magazine writers referring to its roughness, rowdiness and speed; the recklessness of its performers and the wildness of its stock tacked to its name, promises to live up to every one of them.

Reserved seat ticket sales have already begun and requests for reservations are coming in with every mail according to Mr. L. W. Wright, in charge of ticket sales.

Jack Earl, the "Texas Giant," is the tallest man in the world: eight feet, six and one-half inches.

**"Heidi" Musical
October 1st On
Oldsmobile NBC-TV**

The new musical version of the world-wide favorite children's story, "Heidi", will be the first of the Fall color TV spectaculars which the Oldsmobile Dealers of America will present on Saturday October 1, from 9 to 10:30 p. m.

(EDT) over the NBC-TV network. Max Liebman will produce and direct.

Jeannie Carson, the brilliant new television discovery who charmed America with her performance in "Best Foot Forward" last season, will act and sing the title role of Heidi. Wally Cox steps out of "Mr. Peepers" just for this show to play Peter the Goatherder. The special guest will be Pinky Lee who will por-

tray Eric the Organ Grinder. Elsa Lanchester, Natalie Woods, Richard Eastham, Jo Van Fleet and the Bill and Cora Baird Puppets are featured.

The vivacious Miss Carson brings Heidi somewhat up to date in this Oldsmobile production. Her adventures begin in Switzerland where she lives with an embittered grandfather from whom she runs away. The peripatetic young lass, after some varied and amusing episodes, arrives at her aunt's home in Frankfurt. There she meets Klara, the invalid daughter of a wealthy family. Heidi's bubbling love of life turns the recluse toward health and happiness as they both go to Switzerland to gain life anew.

Robert Schumann's music has been adapted by Clay Warnick with lyrics written by Carolyn Leigh. RCA Victor has already recorded the songs "Greener Pastures" and "Oudt Comes Oompa-pa" with Jeannie Carson singing. Pinky Lee's special song, "Puddles", should also become a hit tune.

Max Liebman's staff for this Oldsmobile color spectacular includes choreographer James Starbuck, musical director Charles Sanford, choral director Clay Warnick, art director Frederick Fox and costume designer Paul DuPont. William Friedberg and Neil Simon adapted the book for TV.

At Catholic Church**

Rev. Clifton J. Corcoran is the new Priest at the Catholic Church here. He comes directly from Dalhart where he was assistant at Saint Anthony's Church, and where he was also

in charge of Catholic Missions at Perico and Stratford.

By appointment he is now assistant pastor at Groom in charge of the Clarendon Church. He resides in the rectory at Groom.

Father Corcoran is a veteran of World War 2 and served 3 1/2 years overseas attached to various air bases in North Africa, Naples, Italy and London England.

After discharge from the army he decided to enter the religious life and studied for nine years at Saint Meinrad Seminary, Indiana. There he made intensive study of theology, latin and religious history. His undergraduate work was one in Boston schools where he was reared.

Father Corcoran will hold Mass every Sunday morning at 9:00 o'clock and on all Holy Days of Obligation.

Non-Catholics are welcome.

Vincennes, first settled in 1727, is the oldest city in Indiana.

LIBRARY NOTES**

By May L. Prewitt

We announce "Windows of Heaven" by Glenn Clark. This book contains twelve weeks of daily meditations with photographic commentary by Lucien Aigner. It was given by the Bob Moss family in memory of Mrs. Van Eaton. They also gave "The Art and Technique of Color Photography" in memory of Mr. Dick Eichelberger. This book is an elegant edition but not for the young people interested in photography. I thought it would be when I ordered it. Any adult would be fascinated by the exquisite coloring of the photographs. It was compiled by the staff photographers of "Vogue, House Garden, and Glamour."

We have "Color Movie Making for Everybody" by Canfield

Cook. This book is slightly technical, but practical for those who make "Home Movie" films.

We received a book of 4 abridged stories as a gift from M. M. Geffen of New York today. The stories are: "Sayonara" by Mechener, "Fire In the Ashes" by White, "Adventure Happy" by Mannix, and "Cress Dela hanty" by West. The stories are excellent reading.

We are grateful for the numerous gifts received here.

Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD
Texas Press Association

AUSTIN—Granite in the capitol building is more radioactive than the dirt being used by Texas' mushrooming "uranium dirt-sitting" business. So say state health department officials.

Landowners near uranium strikes have erected benches and charge patrons \$2 to \$3 an hour to sit with their feet in the supposedly irradiated dirt. Hundreds of people seeking relief from

arthritis and other aches have patronized the places.

After analyzing the dirt, Dr. Henry Holle, health commissioner, said that dirt-sitting does no actual harm—except that it may encourage an ill person to delay visiting a physician.

Farm Hearing Slated
Texas farmers can have their say on federal farm policy at a U. S. Senate committee hearing Nov. 5th in Ft. Worth.

John C. White, state agriculture commissioner, is arranging the meeting at the request of the committee chairman.

Drought Aid Sought
Federal disaster aid is being sought for Texas' drought-stricken areas.

Gov. Allan Shivers asked President Eisenhower to designate as disaster areas counties to be specified by the U. S. Department of Agriculture state drought committee.

Crop Production Falls
Texas crops are falling below estimates, according to the

USDA.

Although above-normal amounts of rain fell in some areas, it did not come where and when it was needed most, said the report. Eastern and southeastern counties, where harvest already has begun, were soaked. But in the west and northwest, dryland cotton and sorghum fields languished.

Water Application Undecided
Still to be decided upon is the application for more Pedernales River water to irrigate U. S. Sen. Lyndon Johnson's Gillespie County farm.

Originally scheduled in July, hearing before the State Board of Water Engineers has been postponed three times. No new date was set last week.

Downstream landowners had protested that Johnson's water storage already worked a hardship.

Hospitals Approved
Five Texas hospital projects have been approved by the State Board of Health for federal aid money.

They are the Collin County Hospital at McKinney, City Hospital at Graham, city-county health center, and All Saints Hospital at Ft. Worth, and the Shelby County Hospital at Center.

Short Snorts
Former Deputy Secretary of Defense Robert B. Anderson, once considered a possible gubernatorial candidate, is apparent-

ly out of the running. He is to become president of Ventures, Ltd., a Canadian holding company with mineral interests spread over two continents.

Atty. Gen. John Ben Shepperd is the newly-elected president of the 53-member National Association of Attorneys General. He was elevated from vice president at the New Hampshire convention.

Selection of a new Democratic National Committeeman, to replace ousted Wright Morrow, has been postponed by the Democratic State Executive committee until Oct. 6. Also it will meet in Waco instead of Ft. Worth.

Over the week-end Gov. Allan Shivers attended his first meeting of the National Civil Defense Advisory Commission, to which he was appointed by President Eisenhower. It was held in Omaha, Neb.

Mrs. Mary Joe Carroll, wife of a UT history professor, made feminine legal history by emerging as high scorer in state bar exams. She works for the Austin law firm of Looney, Clark and Moorhead.

Texas received another batch of 157,644 "shots" of Salk polio vaccine from Eli Lilly and Co. of Indianapolis. It went direct to commercial drug channels, to be used outside the school program, on doctors' prescriptions.

Irving school teachers, accused of "going on strike" in protest

when their superintendent was temporarily fired, won a victory in district court in Austin. Judge Jack Roberts denied an application of Irving taxpayers seeking to compel Commissioner of Education J. W. Edgar to forfeit the teachers' certificates. Judge Roberts ruled that the plaintiffs had no "justifiable interest" in the matter, and that the courts probably had no jurisdiction.

Only one President has ever received the entire electoral vote. Washington did so in 1789.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

TRANSPORTATION

One of the big battles shaping up in our domestic economy is the one that will be between the several segments of the transportation industry. This is a three-sided problem between the railroads on one side, the motor

transportation (trucks and buses) on another side and the water carriers on the third side. The other mode of freight transportation, to wit, the airlines, are not primarily concerned in this fight because they are outside of the competitive field in which the railroads, the trucks and the boats find themselves. Their freight is very costly and does not appear to be in position to cause any trouble in the lower freight rate areas for many, many years. The entire fight will center around rates and regulations, because it is through this particular

medium that each segment of the industry feels that it can gain benefits or be subjected to unbearable hardships.

President Eisenhower appointed a Presidential Advisory Committee on Transport Policy and Organization to make a study of the problems and to recommend action thereon. This committee was composed of three members with an additional four persons who were listed as ad hoc participating members. The three member committee was headed by Secretary of Commerce Sinclair Weeks as Chairman and the

other members were Charles E. Wilson, Secretary of Defense, and Arthur S. Flemming, Director of the Office of Defense Mobilization. The ad hoc members were George M. Humphrey, Secretary of the Treasury, Arthur E. Summerfield, Postmaster General, Extra Taft Benson, Secretary of Agriculture, and Rowland R. Hughes, Director, Bureau of the Budget. This Committee issued a report on Monday, April 18. This report has become highly controversial, and many people in this country are alarmed about it, especially those in the motor freight business. These people feel this report is definitely a pronouncement of administration policy because the members making up the committee are the President's top advisers and are in either Cabinet or semi-Cabinet status. It will be remembered that the report filed by the President's Fuel Committee recommending discontinuance of federal control of the production and gathering of natural gas became highly controversial because of the possible political repercussions. At that time the President took the position that he did not consider that report pronouncement of administration policy, but only the recommendations of an advisory committee which he was not bound to follow. It might be pointed out that the Transport Advisory Committee had members on it who are much closer to the President and who have much more influence on the President than did the members on the Fuel Committee. This is the thing that is disturbing many of the people in the motor freight industry. They feel that the report is definitely a pronouncement of policy by those who are shaping many of the governmental policies at the present time.

It is a problem that must be worked out by the Congress, and I am happy to say that I have the good fortune of being a member of the Committee on Interstate and Foreign Commerce which has jurisdiction over this particular part of our domestic economy. I am looking forward with great interest to the extended hearings which will be had on the subject and which commenced on September 19th.

An Involuntary Visitor in D. C.

The genial and able Carson County Agricultural Agent, H. M. "Nick" Nichols, has been recuperating in the Walter Reed Army Hospital. I have had some good visits with Nick, and he is getting along fine and hopes to be back on the job before long. He sends his regards to all of his good friends scattered throughout the Panhandle. He is getting more fan mail than most movie stars, although Nick has never tried to win any beauty contests. He was disturbed about not being able to answer these welcome letters because he had lost his glasses. However, he has now found them and is doing his best to catch up with his correspondence. It is good to have a chance to visit with Nick and be brought up to date with the many agricultural activities that he keeps up with so well.

PLOWIN' Out the CORNERS

The other day we had a good neighborly visit with the Van Knox family at Ashtola. A good visit and then came home with a couple of watermelons that turned out to be about the most scrumptious that we have ever eaten. The good old yellow meat could be a sweeter finer melon when pulled just right than the striped yellow meat melon that so many folks are growing these days. Van is the brother of Willard Knox of Lelia Lake, Texas. Once Willard called us about

seven o'clock on Sunday morning and asked that we meet him out at the edge of town in about 30 minutes. Actually it almost sounded like a dare, but we went on out. To our surprise Willard landed his little plane on the outskirts of town and unloaded the most wonderful passenger for me. It was also a wonderful delicious watermelon all perched on the back seat of his plane.

Anyway, we met Mr. and Mrs. Van Knox during the Farm Bureau Queen Contest and at the invitation of their daughter, Pat, who was the winner from Donley County we came by to examine their watermelon patch and for a good visit. They are a wonderful hard working family and Pat was a real Queen. We understand that she can start and change the irrigation tubes on the farm faster than Van himself.

Someone has said: "Temperament is temper that has grown too old to be spanked."

We heard of a Scotch Doctor sending a bill to a lady who had recently lost her husband. The bill read: "For curing your husband until he died."

For some seven years we have written this little column. In that time we have used many of the things sent in by our readers. We have written about life as we see it and as we remember it from our own past. Several folks have asked that we print a collection of the best from all these weekly and monthly columns into a little scrap book and offer it for sale. I fyou think this would be a good idea drop us a line in care of this paper. How many would be interested in a copy?

Lately we have developed more than a casual interest in Boys Ranch. One good reason for this is probably because we have a boy from our hometown already out there and another one wanting to get a home with these boys. Anyway, we want to do something special this year thru this column for the Ranch between now and Christmas. Prob-

ably help among other things with the Fund to be used in the buying of a suit or whatever is decided on this year for the boys. If you want to have a part in this we will take care of the donation for you and will print each week the names of those who help out. To begin with we have already heard of two Groups from close to home that has sent quilts for the boys. Anyway, heading our Honor Roll is the Wesley Sunday School Class of Claude with a quilt and another from the Wayside Home Demonstration Club. If you have mailed in your donation lately send us your name and the amount. Your giving will encourage others.

THE STORK

"AGE DOES NOT DEPEND ON YEARS BUT ON TEMPERAMENT AND HEALTH"

—*(Author's name below)—

Medical science is rapidly conquering many of the killers that have plagued mankind. Small Pox, Typhoid, Diphtheria, Malaria, and now even Polio are being controlled.

Your age should be measured, not by your years, but by how well you have taken care of yourself. Your temperament should be better because you know that your health can be better if you consult your Physician frequently and follow his advice. We carry the medicines that will help you keep young.

HEDLEY NEWS

Mrs. Clyde Bridges

We have had heavy rains over our community which will benefit our crops. Many farmers are planting wheat and rye.

A large number from Hedley attended the Fair in Amarillo.

Hedley was well represented at the Federal Land Bank chicken barbecue which was a very nice affair. Everybody had a good time. A large crowd was present.

We are glad our friend J. B. Masterson is able to be up from a stay in bed. Takes a lot to keep a good man down.

Mr. and Mrs. T. E. Naylor and family of Dumas visited in the Sam Owens home over the week end.

Mrs. John Scott of Wolf City and Mr. and Mrs. E. L. Foster of Greenville, Texas spent the week in the Walter DeBord home.

Mr. and Mrs. F. D. Pallard and family of Dumas visited his aunt and uncle, Mr. and Mrs. Oscar Moore last week.

Mr. and Mrs. W. W. Richards visited their sons in Muleshoe and Plainview several days last week.

Miss Virginia Owens spent the week end with her parents, Mr. and Mrs. Sam Owens.

Mr. and Mrs. C. P. Cunningham of Pond Creek, Okla. and granddaughter Mary Kathy of Albuquerque, N. Mex. visited Mrs. Eva Hill last week.

Mr. and Mrs. Joe Woods are entertaining twin daughters, born Sept. 20. They have named them

Anita Jean and Freida Jane.

Jephtha Fleming visited with Mrs. Rains and Ike Sunday.

Mrs. LaQuitta Lewis and baby Phyllis, and Billy Lynn Meadows of Houston are visiting their mother and grandmother, Mrs. Odell Duggins.

Mrs. W. B. Morgan has returned home after a nice visit with her children in Lockney, Levelland, Odessa, Muleshoe and Hobbs. She had dinner with Mr. and Mrs. Odell Osburn and family in Clarendon Thursday.

Several Hedley ladies attended the American Legion and Auxiliary convention at Clarendon.

The workshop was very inspirational. Kathryn Latimer explained duties of presidents and Flag Etiquette was discussed. The tea had such a pleasant atmosphere everyone become well acquainted. It is such a nice feeling to know we belong to the largest womens organization in the world. Mrs. Myrtella Deahl, Mrs. Clifford Johnson, Mrs. Wayne Latimer, Mrs. Paul Stewart, Mrs. Ansil Ademson, Mrs. Jack Ray, and Vione Winn attended.

A nice representation from the Legion Post attended the Convention.

General Plumbing Contractor

1. We'd like to show you some of the things that make the Ford one of America's finest cars . . . though it's one of the lowest priced. Let's start with these long, low lines. Looks like it hates to stand still, doesn't it?

Let's take a walk around the NEW '56 FORD!

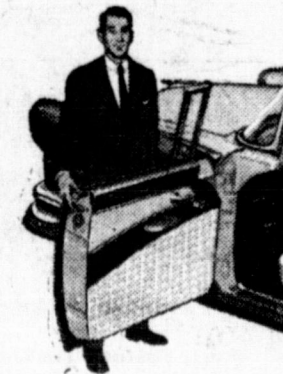

2. Here, on your left, is the inspiration for the styling of the '56 Ford—the famous Ford Thunderbird. Look at those broad, flat hoods, for example. Here is styling that will stay in style.

It's the fine car at half the fine car price!

3. Here's what you ride on. This frame has five cross-members including a special K-bar member up front. It can really take it! By the way, the control arms of Ford's Ball-Joint Front Suspension are angle-mounted to cushion out the head-on as well as the up-down shock of bumps.

6. This Lifeguard cushioning for instrument panel and sun visors is optional. It gives you extra protection when thrown forward in an accident. You may also have optional seat belts to help keep occupants securely in seats.

4. The new 202-h.p. Thunderbird Y-8 will give you a new lease on driving enjoyment. It's available in Fordomatic Fairlane and Station Wagon models. You can have the "GO"-packed 176-h.p. Y-8 in Fordomatic Mainline and Customline models, or Ford's new 137-h.p. Six is available in any model.

5. Note the deep-center design of this new Lifeguard steering wheel. The wheel rim is over three inches above the post to help cushion the driver in case of an accident. It's a feature of new Lifeguard Design which Ford spent over two years developing . . . to give you added protection in case of an accident.

7. Here's Ford's new Lifeguard door latch. It is another member of Ford's new Lifeguard family. A double-grip locking engagement reduces the chance of doors springing open under unusual strain of impact. Chances of serious injury in accidents are less when passengers remain in the car.

Well, that covers the important points. But there's a lot more. So we'd like to invite you to come in and see the new '56 Ford for yourself. Then you'll see the colorful new exteriors and interiors, the quality workmanship that is evident everywhere. Then you'll learn the full story. When you do, you'll know that Ford is the fine car at half the fine car price.
