FOURTH ANNUAL HEDLEY COTTON FESTIVAL FRIDAY & SAT.

Free Chest X-ray Unit To Be Here Tuesday & Wednesday—Oct. 25-26

Chest X-ray Survey No. 5 is to visit Clarendon October 25 & 26, this month. This unit, maintained by the State Department of Health, is financed by you thru taxes, and it is your privilege to get your chest X-rayed free of charge.

You may say, "There's nothing wrong with me. I don't have tuberculosis." That may be true, but without an X-ray, how do you know? And do you know that there are many diseases other than TB found by X-raying the chest; such as, disorders of the heart, common diseases of the lung and cancer, just to name a few.

Most of us cannot afford to have a yearly chest X-ray, yet if you will take advantage of this opportunity, free, you will be X-rayed by a survey film and if anything seems amiss, you and your doctor will be so informed and further study can be done to determine the trouble. All citizens of Donley County, 15 years of age and older, are invited and urged to participate in the FREE MASS CHEST X-RAY to be here Tuesday, October 25th, from 1:00 P. M. to 6:00 P. M. and Wednesday, October 26th, from 9:00 A. M. to 6:00 P. M. The unit will be located in the Clarendon Post Office. No disrobing necessary. All reports are confidential.

Everyone should have their chest X-rayed once a year, and all adults dealing with children whether in the home, school, or any public place, should be X-rayed. Tuberculosis in children can, in most cases, be traced to the adult.

The survey unit is being sponsored by the Patching Club Board which includes Les Beaux Arts Club, The 1926 Book Club, The Pathfinder Club, The Garden Club, The Junior Home Demonstration Club, The Mother's Club and the Senior Home Demonstration Club. All other organizations are invited to participate in this County-wide project. The clubs will call all of the names in the telephone book, and if you do not have transportation to and from the Post Office, tell the person calling you, say when you can go and the transportation committee will be glad to pick you up.

Both the American Legion Auxiliary and The 1926 Book Club will have transportation committees; Les Beaux Arts Club, The Rebekah Lodge and The 1926 Book Club will have charge of registration Tuesday, October 25th; The Garden Club, The Senior and Junior Home Demonstration Clubs and The Pathfinder Club will have charge of the registration Wednesday, October 26th; The Ministerial Alliance will maintain parking space in front of the Post Office for those coming for the Chest X-ray; The Lions Club will assist in unloading and loading the unit and has placed the posters throughout the city with the help of The Mother's Club and the Ministerial Alliance; The Lions Club of Hedley is cooperating and urging the people of Hedley to come to Clarendon for the X-ray; The American Legion will furnish and arrange the necessary desks and chairs; The P.T.A. of the Northward School is urging all colored people to avail themselves of the chest X-ray; Mrs. J. F. Blocker gave permission to use the Post Office Building; Mr. L. N. Cox obtained permission from the postal authorities to use the Post Office; The West Texas Utilities is to equip the building with the necessary electrical service; The Eastern Star, The Masonic Lodge, The Mu Gamma Chapter of Beta Sigma Phi, the P.T.A. and the school officials are assisting in any way possible. EVERYONE IS HELPING TO MAKE THE VISIT OF CHEST X-RAY UNIT

No. 5 A SUCCESS. WON'T YOU?

Last year only 469 people availed themselves of the opportunity to be X-rayed. Unless more people make use of this free service offered by The State Department of Health, there is the possibility that the unit will not return to Donley County. Let's all avail ourselves of this opportunity, have our chest X-rayed and we will know that our county is keeping check on TB, as well as cancer, heart disease, asthma, emphysema, bronchitis, pneumonia and other lung diseases. Let's do ourselves a favor and protect the children at the same time. It takes just a few minutes and it is harmless.

The General Federation of Women's Clubs, in cooperation with The Sears-Roebuck Foundation, are offering a \$10,000 Community-Achievement Award. The Patching Club Board has voted to enter the contest and the Chest X-ray is just one of our projects. One hundred percent participation is the goal for which we are working.

All of the above organizations wish to express appreciation to the news paper for the cooperation given in advertising the CHEST X-RAY program.

The following women have volunteered to assist with the Chest X-ray: Miss Mary Cooke, Mrs. George Benson, Mrs. Lee Bell, Mrs. Forrest Sawyer, Mrs. W. C. Thornberry, Mrs. E. S. Ballew, Mrs. J. R. Porter, Mrs. Glenn Hoggatt, Miss Lucile Polk, Mrs. Loyd Johnson, Mrs. Donald Ballew, Mrs. L. N. Cox, Mrs. C. R. Brown, Miss Naomi Allison, Mrs. W. E. Ray, Mrs. Rayburn Smith, Mrs. Frank White, Jr., Mrs. Floyd Lumpkin, Mrs. Lloyd Benson, Mrs. H. T. Warner, Mrs. M. C. Rampsy, Mrs. Wilma Spier, Oma Bentley, Leona Henson, Noma Lewis, Mrs. Clyde Butler, Mrs. Bertha Benson, Mrs. R. C. Birmingham, Mrs. George Green, Mrs. Lee Holland, Mrs. H. T. Burton, Mrs. R. Y. King, Mrs. E. Hunt, Mrs. Joe Briggs, Mrs. Seago of Lelia Lake, Mrs. A. Simmons of Hedley, Mrs. Clyde Hudson of Goodnight and Lucile Swinney.

Services Pending For Sid Geddes

Funeral services are pending with the Murphy Funeral Home for Robert Max Sid Geddes, pioneer cattleman, who passed away in the Groom hospital late Tuesday night.

Mr. Geddes, 69, had been a resident of this area all his life and had worked for a number of ranches including the Mill Iron, Shoe Bar, R. O. and J. A.

Survivors include one daughter, Romona Trepp, Sepulveda, Calif. and a nephew, J. A. Grundy, Pampa.

Services for Mr. Geddes will be announced by the Murphy Funeral Home.

New '56 De Soto On Display

De Soto displayed its new 1956 models Wednesday here at A.A. Motor Co., local De Soto-Plymouth dealer, claiming the most extensive overall style and engineering improvement in its field—over two dozen new features, according to L. Irving Woolson, president.

Mr. Woolson said: "De Soto will offer expected substantial increases in horsepower and new peaks of performance. But the company will also afford the industry's greatest number of comfort, convenience features, plus approved safety items and other devices and accessories, including some important industry 'firsts'.

Intoxicants Give Sheriff's Dept. Busy Week End

The Sheriff's department had a busy week end with intoxicants bringing about the major portion of their activity. A DWI charge was filed against Walter Lee King (colored) after King drove a RO Ranch Truck Semi-Trailer off highway 287 one mile west of town Saturday night, barely missing a bridge and pan-caked the truck into the ravine and embankment. Damage to the Truck-trailer and load of feed was estimated at \$5,000 by the Sheriff's department. King received a fine of \$150 plus \$24.40 court costs and sentenced to ten days in jail and had his drivers license suspended for 6 months.

Another DWI charge was filed against Laymon Garland who drove thru the front door of the G. E. Allen building across the street from the Donley Hotel. He was released on \$300 bond.

This incident brought about the next charges involving intoxicants made by the Sheriff's Department. A supply of whiskey was discovered in the damaged building which the Sheriff stated was leased by Pete Kunz and Carl Bennett, after proper search warrants were prepared. The Sheriff's department reported that thirteen pints and four fifths of whiskey were found in this building. A search was made of the Bennett Implement building where the Sheriff's dept. reported three 5ths and 4 pints of whiskey and two cases of beer were found. The Sheriff's department also reported that Kunz was owner of the building occupied by Bennett Implement Co.

According to county court records Carl Bennett and Pete Kunz were both charged with transport and possess for the purpose of sale, an alcoholic beverage. The charge against Bennett was dismissed after Kunz assumed all responsibility and pled guilty to the charge. Kunz received a fine of \$200 plus court costs of \$24.40.

Mrs. Mike McCully underwent major surgery at Scott and White Hospital in Temple Saturday morning. She is reported improving satisfactorily at this time.

Youth Emphasis At First Baptist Church This Week

Bro. Van, pastor of the First Baptist Church, Clarendon, reports that emphasis will be placed upon the youth during this week end, beginning Friday evening, after the Bronchos win from Wellington, with all kinds of food, 1000 laughs for fun, and an all round gala evening at the church. Saturday evening at 7:30 there will be a youth team from Wayland College to conduct services at the church for the young people of Clarendon. This team will also conduct the morning worship service Sunday, and bring a religious drama at the evening worship service. This team will consist of four young ladies and five young men who will preach, sing, furnish instrumental music, and participate in the drama. Bro. Van states that this will be an extraordinary advantage for the young people of Clarendon, and invites all the youth and adults to attend. He also made a special invitation to the young people of every church to be with them for Friday and Saturday evenings.

City Paving Nearing Forty Blocks

From last report, around 36 blocks of city paving have been lined up with several probables being worked on at this time.

Six blocks in the vicinity of the College and the College parking lot have been completed at the present time and several others have the first course of asphalt and additional blocks have been oiled in preparation for the asphalt.

Grading operations have been moved to the east side of town this week and around eight blocks have been lined-up complete at the present time with others working on additional blocks.

If you want to see what the finished job looks like, drive up around the college building. It looks mighty good and makes our town look much, much better.

Mr. and Mrs. Bill Gerner and family spent Sunday with her parents, Mr. and Mrs. John Rhea.

Bronchos To Play Skyrockets Here Friday Night

The Clarendon Bronchos take on the highly respected Wellington Skyrockets here in Broncho stadium Friday night at 7:30. This will be the first meeting of these two teams in several years as the Skyrockets have been in class AA for some time up until this year. They move back to AA next year so this will give the Bronchos a good opportunity to give them a nice send-off in that direction with a defeat.

The Skyrockets have trounced Memphis, Canadian and then White Deer 20 to 19 last Friday night. They have an unblemished record in conference play to date but they haven't met Lefors or Stinnett or the Bronchos yet. The Bronchos have wins over Lefors, Panhandle and Canadian and the one loss to Stinnett in conference play.

Coaches Moore and Jinks have reported that the Bronco defense will have to improve over the Canadian game, if they hope to hold their own with the Skyrockets Friday night.

The probable starting line-up for the Bronchos as released by Coach Moore is as follows starting at left end: Eddy Joe Baten, Chester Mann, Claude DeBord, Keith Pittman, Billy Mac Hicks, Kenneth Evans and Carl Evans. Robert Mills will be at right half, Jimmy Philley at left half, Jerry Behrens at full and John Payne in the quarterback slot.

The probable starting line-up for the Skyrockets will be: Ends Jerry Elberts and Gus Drake; Tackles, Earnest McNabb and R. W. Warren; Guards, Jim Forrester and Don Scott; Center, Reggie Smith; Halfs, Maxie Tarver and Warner Ford; Full, Ted Stansbury and Quarter, Duggie Jameson.

Plan now to be out Friday night to give the Bronchos your backing. Game time is 7:30.

J. D. Swift spent the week end with his son, Dr. J. D. Swift Jr. at Wichita Falls.

Mr. and Mrs. Ed Hodges visited in Groom Friday.

Frances Mann visited at Dumas Sunday evening.

Well Rounded Two-Day Program Awaiting Throng of Visitors

Family Supper To Welcome New Pastor

There is to be a Welcoming covered dish supper for the new Methodist pastor, Rev. Conrad M. Ryan, in Fellowship Hall Tuesday evening, October 25, at 7:00 p. m. Everyone is invited to bring a covered dish and their family.

Rev. Ryan and his family moved to Clarendon the first of the week coming to the local Methodist Church from Trockmorton, Texas. He has eleven years of service. His family consists of his wife and three children, the oldest being twelve years old and the youngest four. We are indeed happy to welcome these new people to our community.

Bronchos Defeat Wildcats 26-20

The Bronchos are still winning ball games but the one at Canadian last Friday night was a close one with the Bronchos pushing over the winning tally very late in the game.

The Canadian boys jumped to a 13-7 half-time lead with the first quarter being scoreless. Robert Mills scored the first touchdown from the 5 yard line and Payne passed to Baten for the extra.

The last two periods were much more exciting with the Bronchos moving up to tie the score 20-20 and the big push came late in the fourth period when Clarendon recovered a Wildcat fumble on their own 16 yard line and drove 84 yards for the winning score. Canadian's chances for a comeback was rubbed out when John Payne intercepted a pass and then used up the remaining time with line plays.

Mills scored again on a 28 yard pass from Payne. The next score was racked up on the sensational play of the game when Jimmy Philley raced 70 yards for the TD. Mills plunged for the extra. Jerry Behrens plunged 2 yards for the winning tally culminating the 84 yard drive.

Coaches Moore and Jinks reported Chester Mann and Billy Mac Hicks as the two outstanding linemen.

Colts Lose To McLean 26-13

The Jr. High Colts found the McLean Jr. High squad quite stubborn and aggressive last Thursday at McLean but were able to hold their own pretty well. The game ended 26-13 in McLean's favor.

Colt players reported outstanding in the game was Wayne Mann, right end as best on the defense and Lowell Hall, the outstanding back. In the McLean game, Hall made the first score and also added the extra point. The other tally was made by Dewey Wilson.

The Colts next game will be tonight at 7 p. m. at Broncho stadium and their opponent will be Lefors. Other games scheduled are as follows: Oct. 27th—Wellington here; also a Broncho B game. Nov. 3rd—McLean here. Admission to these games will be 25 cents for students and 50 cents for adults.

Mr. and Mrs. Chauncey Hommel and Gene, also Frank Hommel returned home Saturday after spending the past 10 days in San Mateo and Norwalk, Calif. While there they went sight-seeing and visited Disneyland. Mrs. Hommel, who has been in California for several weeks with her sister, accompanied them home.

HEDLEY NEWS

Mrs. Clyde Bridges

Everyone is busy around Hedley gathering crops. School turned out Friday for pupils to help gather the cotton.

Winfield Mosley is keeping books at the Gin in Twitty. He spent the weekend with his fam-

ily in Hedley.

Helen McKee had an appendectomy in the Groom hospital Friday. She is doing fine.

Mrs. W. I. Rains is visiting in Amarillo a few days.

Mrs. DeLaris Ray is working in Clarendon in Dr. Deyhle's office.

Mrs. Ed Boliver spent last week in Crystal City with her mother.

Aubrey Lee Cherry is home on

leave and will assist with the Cotton Festival.

Ella Kirkpatrick of Amarillo spent the week end in Hedley.

Funeral services were conducted Monday afternoon from the Methodist Church here for Mrs. C. E. Johnson, a resident of Hedley for many years. Rev. R. N. Huckabee, pastor officiated, assisted by Rev. J. S. Tipton, pastor of the Baptist Church here.

Mrs. Johnson passed away at her home Saturday night after a lengthy illness. The Johnsons moved to Hedley in 1913; have owned the Hedley Telephone Co. for many years.

Mrs. Johnson was a member of the Methodist Church and the Eastern Star, having served as Worthy Matron of this order.

Survivors include the husband, a daughter, Mrs. Melba Couch of Hedley, two sons, Ernest E. of Harlingen, Kermit of Knoxville, Tenn.; three brothers and six sisters and four grand children—a host of friends who extend sympathy to the family in their sorrow.

Out of town relatives attending the funeral were Mrs. Etta Harlow of Eastland, Mr. and Mrs. B. B. Brummett of Denton, Mrs. Vivian Foster of Ft. Worth, Mr. and Mrs. Bill Clinton and Dan and Don Jabe of Cisco, Dalworth Jabe of Scranton, Oscar Rutherford and Mrs. Mildred Roiler and son of Amarillo.

ASHTOLA NEWS

Mrs. Doyce Graham

With the milo harvesting in full gear, the rowbinders going, and the cotton pulling beginning, there is very little visiting. Most of the women are in the field the same as the men. We are thankful for the clear calm weather and are hoping it will hold a few more weeks. Crops are turning out better than expected.

Mr. and Mrs. Kermit Evans were in Memphis visiting her father, W. C. Whitfield, Thursday. He is ill.

J. F. White and son Jack were visiting from Phillips during his days off. They spent Wednesday night with Mr. and Mrs. John White. Thursday they helped Mr. and Mrs. Lloyd Reid get their new combine started. The Reids are also remodeling their house, and busy with that.

John Nowak and Delma Graham spent the week end in the Harold Graham home.

The Dexter Todds from Clovis visited the Hardins during the week end. The sons recently spent a few days with their grand mother, Mrs. Watt Hardin, and Mr. and Mrs. Hall Hardin.

Mr. and Mrs. W. A. Poovey spent the week end with Mr. and Mrs. Willard Cook and Dean in Meade, Kan.

Mr. and Mrs. Willingham from Amarillo visited last week with Mr. and Mrs. Burk DeBord.

Mr. and Mrs. Ernest Hunt and Mr. and Mrs. James R. Lovell and children visited in the Ben Lovell home Sunday evening.

Norma Jo Estes from Amarillo spent the week end with her cousin, Linda Kay Hardin.

Mr. and Mrs. Dexter Todd spent Sunday night with the Hall Hardins.

Tommy Saye came out to the school Tuesday and made the childrens' pictures.

Several attended the Singing Sunday at Clarendon. It was a good lively one, and will start again at the regular time, the second Sunday in each month. However there will be an extra one this fifth Sunday at the Pentecostal Church.

Please call me and give me your news items, or leave them at Ben Lovells. Thank you.

Rattler Angle Alerts Hunters

AUSTIN—Dove hunters have reported so many narrow escapes from rattlesnakes that the Executive Secretary of the Game and Fish Commission cautioned city folks unfamiliar with the outdoors against "walking without watching."

"There probably are no more rattlers but just more hunters," observed the Executive Secretary. "Anyway, it won't hurt for the folks to be more observing about snakes as well as everything else. Thus they will protect themselves and get more generally from their fall contact with nature."

A Texarkana hunter got some sport from a hassle with two rattlers. He lined up their heads and got both with one shot.

A Master Water Plan For Texas

John White, Commissioner Texas Department of Agriculture

Fifty years ago, the Texas Legislature foresaw that the rapidly developing state would eventually come face to face with an obstacle that could block further expansion—a water shortage.

That prediction has become a reality after four years of statewide drought, broken only recent-

ly by rains. But the problem is still with us—and the Legislature still has not found a solution.

Part of the blame rests on the fact that opposite political views block attempts to draft a master water plan. Yet, the public, too, must share some of the responsibility for this failure. When financial plans are proposed, people fear burdensome taxes will be imposed in areas which will receive only nominal benefits from such a program.

As it now stands, the problem will never be solved until political factions and the public are willing to assume a rightful share of responsibility—both adminis-

trative and financial.

The water problem is two-fold. Our largest supplies lie in underground reservoirs. Most of our municipal and irrigation supplies come from wells. Yet, surface water impounded behind dams will become increasingly important in future years.

A great deal of progress already has been made in conserving underground water supplies. Water districts were created, giving local authorities the power to regulate and control water usage, to a certain extent. This type of conservation has been particularly effective in the High Plains district where board members

estimate they have saved farmers some \$20 million by regulating the spacing of irrigation wells. This money might otherwise have been wasted by drilling wells too close together, thereby diminishing the effectiveness of water production in the immediate area.

Any future legislation must recognize that underground and surface water supplies constitute two separate problems—each must be treated differently. However, both must be integrated into a master plan which will assure Texas of adequate water in years to come.

Annual Homecoming Celebration Oct. 22 At West Texas State

CANYON — West Texas State College's largest student body in history is ready to welcome back to the campus a record-breaking crowd of ex-students for the annual Homecoming celebration, Oct. 22. Members of the Class of 1930 will be honored during the day.

Program for Homecoming Day and "Western Days" preceding the celebration has been completed, with the traditional parade, barbecue and football game heading the list of attractions. An assembly, held for the first time last year, will again be featured during the morning.

"Western Days," when students and faculty don western clothes on penalty of being thrown into

a tank of cold water, opens Oct. 20 and continues until Homecoming Day. Students get the celebration underway Oct. 19 at the annual Western dance sponsored by Gamma Phi Sorority. On Thursday, Oct. 20, the traditional Homecoming Assembly is slated, and a bonfire and pep rally is to be held Oct. 21.

Exes will begin registering at 8 a. m. in the Administration Building, where they will be given barbecue tickets. A general assembly for students and exes is scheduled at 10:45 a. m., when Luther Roberts, minister of the Gatewood Church of Christ, Borger, will be speaker. Roberts is a member of the Class of 1930. Climaxing the assembly will be the crowning of WT's Homecoming Queen.

Campus clubs, organizations and groups will entertain their exes from noon until 3:30 p. m.

at teas, smokers and get-togethers. An ex-student band, composed of former members of the Buffalo Band, will be organized for the first time at 1 p. m. at the Band House. The group will head the Homecoming parade and take part in half-time activities Saturday night.

The annual parade, featuring several bands, riding clubs and floats from the campus and Canyon, will start at 4 p. m. through downtown Canyon. The barbecue will follow at 5:30 p. m., and the football game between the Buffs and Hardin-Simmons is at 8 p. m. Closing the day's events will be a dance at the Student Union Building after the game.

Special recognition will be paid to the Class of 1930, celebrating its silver anniversary. The group will register at Randall Hall beginning at 8 a. m., where they will visit until the general as-

sembly. The class, with faculty who were on campus in 1930, will march together into assembly. A buffet luncheon at Randall has been arranged for the class.

PATHFINDER CLUB

The Pathfinder Club met in Patching Club House October 14 to hear a spell-binding book review by Mrs. U. J. Boston of Amarillo. The book reviewed was a current best-seller, "Something of Value," by Robert Ruark. The story shows the conflict between blacks and whites in Southeast Africa—a conflict which, as the author tells us, is inevitable when a stronger group encroaches upon a weaker group without giving the inferior group "something of value" to replace privileges or possessions taken away.

Besides the members, there was a large group of guests to enjoy the review.

Delicious refreshments of hot spiced punch and cake were served from a beautifully appointed table by the hostesses, Mesdames C. T. McMurtry, T. M. Caldwell, Jr., C. D. McDowell, and Miss Ruth Richerson.

Broncho Bookworm Club Attends T. A. L. A.

Several members of the Broncho Bookworm Club of Clarendon High School went to Lubbock early Saturday morning to the District I Convention of the Teen-Age Library Association.

The meeting convened in the auditorium of the Tom S. Lubbock High School where a program consisting of a welcome, response, and music was conducted entirely by the teen-agers. After the introductory program, there was a business meeting for the election of the district officers for the coming year. This meeting was followed by another program consisting of a radio skit and a book quiz. Sue Banister, Georgia Bell Harmon, Charlotte Jones, Paula Vanderburg, and Stella Tipton took part in the book quiz.

At the luncheon, which was served in the school cafeteria, the students heard Fred Gipson, West Texas novelist and teller of yarns, tell how he gets material and writes his books.

After the luncheon, there was a conducted tour of selected libraries, including that of Texas Tech.

There were over three hundred teen-agers and sponsors present for the Lubbock meeting. The one next year will be held at Tulia and it is hoped that more students from Clarendon can go. Parents would be thrilled to see how well these teen-agers can conduct a large meeting, and parents are welcome to attend.

The state meeting will be held in Waco in January.

The following students and their sponsor, Mrs. Leggett wish to thank the school administration, the School Board, and Basil Banister for making the trip possible: Evelyn Chamberlain, Marjorie Green, Mina Rich, Stella Tipton, Sue Banister, Brenda Paulk, Jean Welch, Georgia Bell Harmon, Paula Vanderburg, Elaine Behrens, and Charlotte Jones.

The girls think Basil is a fine bus driver.

Mrs. J. D. Swift and Miss Anna Moore spent the week end in Memphis.

Time To Fumigate Garden Soil Says County Agent

Now is the time to fumigate the soil in your garden to control root rot says county agent H. M. Breedlove. This past year many gardeners were confronted with root rot in vegetables. Now is the time to do something about that for next spring.

Before fumigating remove all old plant trash and prepare a seed bed as for planting. Fumigants that are effective are Garden Dowfume, D-D, Soilfume 60-40, Isobrome 40 and Bromofume 40. Make furrows in the soil about twelve inches apart and six to eight inches deep. Take a fruit jar and put two holes in the lid, one in the upper side and one in lower side. One is to let out the fumigant and the other to let in air. Fill the jar with one of the above fumigants and apply in the furrow by walking slowly down the row and letting the fumigant dribble in the bottom of the furrow. Breedlove says that the next step is to cover quickly so not to lose fumes. One pint of the fumigant should cover about 150 running feet in the furrow. This would be about five pints to one thousand square feet of garden.

It is best to apply the fumigant when the ground is moist and do not get the fumigant any closer than two feet to growing plants.

Breedlove also urges not to get the material on your hands or clothing. If you get it on you, then wash off with kerosene and soap and water.

It is alright to make two applications of the fumigant says the county agent, one in the fall and

one in the spring. The spring application should not be any closer than twelve days before planting and longer time is desirable.

FARM NEWS

from the County ASC Committee

WIND EROSION CONTROL PRACTICE

On our Wind Erosion Control Practice, stubble mulching seems to be a good practice to carry out at this time on land which has been in grain sorghum, sudan, etc. According to information received recently, cost-share may be paid for stubble mulching on feed land that has not been previously grazed. However, grazing may be permitted after stubble mulching has been done.

A little later when crops have been harvested, the remainder of the funds issued for this purpose may be used for chiseling or listing before December 31st.

The 1956 practices were selected for the county on Monday, October 17th. Details will be worked out soon and information will be passed along to producers at an early date.

GRAIN SORGHUMS GRADING DISCOLORED

There seems to be a considerable quantity of grain sorghums currently being harvested that may be graded discolored. In this connection, the 1955 Grain Sorghums Supplement provides that to be eligible for price support grain sorghums must not grade discolored. Be sure to carefully check all grading factors shown on your warehouse receipt, supplemental certificate, or grade certificate in order to determine whether your grain is eligible for Federal Loan.

Broncho B Squad Defeats Memphis

Tom Jinks' Broncho B Squad displayed good football spirit last Thursday night by defeating the Memphis B Squad 13-6. The game was previously scheduled to be played at Memphis but due to a change in plans, was played here.

The first Bronc score was made by Richard Vallance on a dive play for 3 yards thru the line. Memphis scored second but the B Squad came back late in the game to score again with John Morrow going over from the 8.

The next B game is scheduled to be played here Thursday night, October 27th and their opponent will be Wellington.

Habitat Gain Boosts Quail

AUSTIN — Texas hunters this fall should be able to notice gains in the quail population because of favorable weather and general habitat improvement, reports the Director of Wildlife Restoration for the Game and Fish Commission.

He said the primary cause of the popular game bird's comeback has been increased rainfall and consequent benefits to cover and feed. However, the Director noted that public interest in habitat improvement has been a factor which should become more pronounced from now on.

"We are going to have some pretty good quail shooting in places this fall," said the Director. "Field men report substantial increases in many areas. One of the favored places in the Panhandle."

The Game and Fish Commission lately has encouraged its wardens to consult with sportsmen's groups and landowners on restoring quail habitat.

Nervous And Mental Disorders Can Be Caused By Vitamin Deficiencies

"Medical research is increasing its knowledge about the important part vitamins play in our life," said Bob Moss, of the Bob Moss Pharmacy. "Mental disorders are not always caused by environment or inheritance. According to 74 different studies reported by the Journal of Clinical Nutrition, many mental disorders are the results of insufficient vitamin intake."

"Lack of enough Vitamin B-1 can lead to difficulty in orderly thinking, poor memory, sleeplessness, and imaginary feelings of persecution. If your children are backwards in school they may need a physician's advice more than additional teaching."

"Lack of vitamin B-2 can cause mild mental confusion, visual disturbances, and mental depression. Insufficient Niacin can cause hallucinations, irritability, a feeling of insecurity, anxiety, and lack of concentration. Not enough Vitamin B-6 can cause insomnia, epileptiform convulsions, weakness, and an increased irritability."

"Any child or adult," said Pharmacist Moss, "who is subject to persistent nervous disorders should discuss their problems with their physician before assuming that they are a nervous type. Nervous disorders are one of the greatest causes of concern today, and science is discovering that many mental cases can be relieved by a more proper vitamin intake."

Phone 192 Clarendon, Texas

Ramsey, quiet-mannered and nearly 52, was elected at a Fort Worth meeting of the state executive committee last week. He succeeds Wright Morrow of Houston.

Often mentioned as a prospective candidate for governor, the San Augustine lawyer was catapulted into the committee job without advance fanfare. He was labeled a surprise "compromise" nominee after agreement could not be reached on 14 others.

Some viewed it as positioning him on the inside track in the governor's race with firm conservative support and maybe some "loyalists" backing. A few seemed to consider the job a political blind alley. A few others thought Ramsey already had made up his mind against running for anything and welcomed the committee post to stay in public life.

Ramsey himself said he was "grateful and happy," but kept mum on personal political aspirations. He said his only purpose was to help get the best man for the Democratic nominee and to assist in electing him president.

Both House Speaker Sam Rayburn and U. S. Sen. Lyndon Johnson promptly expressed approval of Ramsey's selection. Their approval had been part of the requirements laid down by national party leaders for an "acceptable" committeeman from Texas. Morrow had not been recognized nationally since his bolt from the party ticket to support Eisenhower.

Johnson said Ramsey can do the kind of a job that should unite Texas Democrats. Rayburn called him "a good man for the place."

Shivers Sees Victory

Gov. Allan Shivers has launched his drive for conservative control of next year's Democratic Party conventions.

Executive committee members planned convention strategy behind closed doors at Fort Worth last week. Then Shivers took the rostrum for a stirring speech at a \$10-a-plate barbecue and rally.

He challenged those who agree with him on party principles to capture next April's precinct conventions.

He said Texas votes in the national convention may be the decisive ones. "We cannot allow—we must not allow—those votes to be cast against the interests of Texas by a delegation representing a minority of Texans," he said.

"We must fight on if we do not want to see the hand of federal power reach further into the classrooms of our children. We must fight on if we are to hold the right to enforce our own laws and police our own communities. The time for quitting has not come. We have won before and we are going to win again."

Duval Indictments Fall

Officials seeking to clean up Duval County's alleged corruption may have to re-do nearly two years work.

A storm of reaction greeted the Court of Criminal Appeals ruling last week that the Duval grand jury which returned 104 indictments was illegally organized.

Atty. Gen. John Ben Shepperd, who worked with the grand jury for months, termed it "a tragic loss."

Specifically, the judgment overturned conviction of R. L. Adame, former Duval County school superintendent charged with felony theft of public funds. But all other indictments by the same grand jury would be subject to the same challenge.

District Judge A. S. Broadfoot named the jury commission that chose the grand jury. He had been sent to Duval County in March, 1954, by the State Su-

preme Court to replace Woodrow Laughlin, removed for misconduct in office.

Judge Broadfoot's dismissal of the grand jury panel selected under Laughlin and naming a new commission "of his own choosing" was held improper. An open-court hearing should have been held, the appellate court said, to determine if there was cause for dismissal of the old panel.

Judge K. K. Woodley dissented in the two-to-one ruling. He pointed out that in a similar case the court had upheld Broadfoot.

Shepperd also commented on the court's about-face. "The U. S. Supreme Court took 80 years to reverse itself on segregation, but this court reversed itself in 18 months," he said.

Mr. and Mrs. Frank Phelan, Jr. and Mr. and Mrs. Carl Allmond attended the Coca-Cola convention held in Dallas the first of the week.

PLAINVIEW — Bradley DuB Bryant accepts his Future Pioneer Gift Certificate with the greatest aplomb from President A. Hope Owen of Wayland College, as his parents, Mr. and Mrs. W. H. Bryant, Canadian, look on.

To celebrate his second anniversary as president of Wayland College, Dr. Owen began sending Future Pioneer Gift Certificates in the amount of \$25 to each son and daughter born to a present or former student since July 1, 1953. To date 150 of these certificates duly signed and officially stamped with the college seal have been sent out by President Owen. The \$25 is to be credited to the child's account on entrance at Wayland College about 1971 or 1972.

Brad Bryant's mother is the former Imogene Cearley, daughter of Mr. and Mrs. Allen K. Cearley, Rt. 1, Amarillo, who graduated from Amarillo High School in 1952. She is a Wayland junior. Brad's father is president of the 1956 Senior Class. Both are

prominent in student affairs.

Attending Wayland is already a well established tradition in young Brad's family because his uncle, B. M. Bryant, Jr., and his aunt, Elizabeth Bryant, both of Canadian, and his aunt by marriage, Mrs. B. M. Bryant, Jr., the former Georgia Buttram, Forrest, N. M., are currently enrolled.

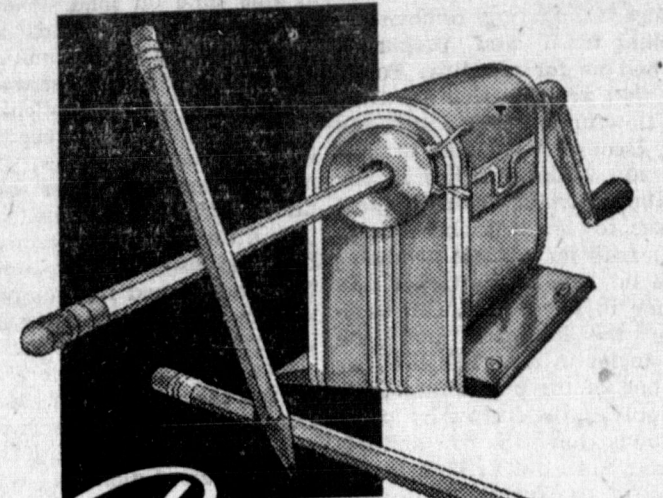

Such Future Pioneer Gift Certificates will be sent to children born to former students since July 1, 1953, as soon as President

Owen receives word from the parents.

'56 Chevrolet sets new Pikes Peak record in top-secret test!

Not long ago a hush-hush, camouflaged '56 Chevrolet scorched the nerve-breaking road up Colorado's Pikes Peak for a new NASCAR* certified record—the first time that old King of the Mountains has seen a new official stock car record in years! And what a road! 170 chilling turns and no guardrail! It's the first and only time a new model ever proved itself such a great road car before its introduction! The '56 Chevrolet showed the kind of performance that makes driving safer and more fun. So wait for the car that beat the King of the Mountains!

Texas Tech Faces Needed Expansion Says College Head

LUBBOCK—Rapidly growing Texas Tech must prepare for a student body of more than 15,000 by 1970, President E. N. Jones reports.

A \$20 to \$25 million building program will be necessary to provide space and facilities for them Dr. Jones said.

The estimates are based on studies of high education's growth by national authorities. Tech's growth has been 5 to 7 per cent ahead of the national rate. Tech enrollment for the 1955-56 academic year reached a new all-time high of 7,149, more than 14 per cent above last fall.

Tech must have 80-per-cent more space if it is to take care of its students in 1970, Dr. Jones declared. Many of the present buildings can be enlarged but several new structures will be required, he said.

The 2,008-acre campus currently has 49 permanent buildings. The 50th, a student infirmary, is under construction, and the 51st, a gymnasium, is on architects' drawing boards.

Dr. Jones said one of Tech's big problems will be to avoid becoming an educational dinosaur, with a body—of students—too large and cumbersome for its head—the faculty.

James Mahaffey Shows Grand Champion Barrow At State Fair

A two hundred and twenty pound sleek duroc barrow bred, fed, and exhibited by James Mahaffey, Clarendon F. F. A. member, was selected as the grand champion barrow over all breeds at the Texas State Fair's Swine Show, last Thursday afternoon. The show was the largest in the history of the fair, and the top barrow had to beat top animals from Oklahoma, Texas, New Mexico, Mississippi, and Kansas. James also exhibited the 1st place heavyweight duroc pen of three barrows that was selected as reserve champion duroc pen of barrows. Gene Elmore exhibited the ninth place light weight duroc and the sixth place duroc pen of barrows.

Don Mills had the 1st place lightweight spotted Poland China barrow and Carl Talley placed fifth. Mills placed third on heavyweight spot, and Claude DeBord fourth, and Mills placed second and reserve champion pen on his heavy spotted pen. Claude DeBord placed fourth on his heavyweight Poland China. DeBord

placed third on lightweight yorkshire barrows; Jimmy Gattis placed first and champion Yorkshire on his heavy barrow; John Payne placed second, and Jimmy Graham third on heavyweight yorks. Gattis placed first and Graham second on pen of three york barrows. Claude DeBord placed seventh and Harold Lindley ninth on lightweight hampshire barrows and Harold placed second and reserve champion hamp pen on his three lightweight barrows.

Procedure Regarding Veterans Land Program Announced

Earl Rudder, Commissioner of the General Land Office, announced from Austin that the Veterans' Land Board would accept requests for application forms to purchase land through the Veterans' Land Program beginning October 31, 1955. Rudder stressed that all requests must be by mail. Requests received before October 31, 1955, will not be honored, and will be returned.

Rudder continued that the requests received the five-day period of the first week, beginning Monday, October 31, will be placed in a locked box, and then be drawn and numbered. A limited number will be mailed application forms immediately. The remainder will be notified of their relative position. After that first week, requests for application forms will be numbered consecutively as received.

Rudder cautioned Veterans on the following matters:

(1) Old application forms will not be honored since entirely new forms have been written under the amended Veterans Land Act. These application forms can be obtained by written request to the Veterans' Land Board ONLY.

(2) The Veteran should not send checks or cash with the request for application forms.

(3) The Veteran's request must clearly set out his mailing address.

(4) The Veteran should have the tract selected which he wishes to purchase before requesting application forms, as Veterans will have only 30 days from the date the forms are mailed from the Veterans' Land Board to complete and return them.

Rudder concluded his announcement saying, "This system which we will use is designed to eliminate accumulation of paper work, enable the Veteran and seller to conduct their business promptly, and to secure efficient utilization of the Veterans' Land Board personnel."

Those desiring additional information may contact Curtis Mears, County Service Officer, at the American Legion Bldg. here.

Donley Entries Sweep Top Honors At Texas State Fair Swine Show

Competing in the largest swine show in the history of the Texas State Fair, entries from Donley County dominated the breeding division of the swine show. Grand Champion Chester White Boar and Grand Champion Berkshire boar were shown by the Clarendon F.F.A. and J. D. Duggins. 1st place fall chester white gilt was shown by the F.F.A. and Duggins exhibited the reserve champion berkshire sow, the 2nd place fall gilt, and the 1st place spring gilt and reserve junior champion female. Grand champion yorkshire sow and grand champion yorkshire boar were shown by Norman Burton as was the junior champion yorkshire boar and junior champion yorkshire sow. James Mahaffey placed 9th on his spring duroc gilt. The entry of these herds was sponsored by the Clarendon Vocational Agriculture Department.

Ballew Hampshire Farms exhibited the grand champion Hampshire boar, winning the award for the second consecutive year with their aged boar, Hi-Jacket. They also exhibited the junior champion female, a fall gilt, that was also reserve grand champion hampshire female. 1st junior spring gilt sow pig was exhibited by Ballew, this gilt was also named reserve junior champion female.

Blowin' Out the Corners
Uncle Zeb

We were always on the side of the United Texas Dries, or any other organization that has as its goal the "Taking away the bottle from anyone", but this same movement under its new name merits our support all the more.

This group is now known as the Texas Alcohol and Narcotic Education, sometimes just called T.A.N.E. Under this new program the thing is approached more from the standpoint of bringing information to the people. Especially do they have a dandy program for the youth and this is where the need for help is so desperate. Most folks don't become "Sots" until middle-age but many far too many begin when they are only boys and girls.

Such programs as the one slated for the Claude High School on Wednesday, Nov. 2nd is this sort. Thus bringing the true story of the terrible effects of alcohol to our young people in the hope that

more and more will take the warning and never become "Men and Women of Extinction."

Along this same line the Women's Christian Temperance Union has a sponsored club for the young under teen-agers. It is called the Loyal Temperance Legion. I was especially impressed by the pledge that the young members are asked to sign. It goes:

That I May Give My Best Service To Home And Country, I promise, God helping me, Not to buy, drink, sell or give, Alcoholic liquors while I live; From all tobacco I'll abstain, And never take God's name in vain.

Any young person that would like to take the above pledge, please copy and sign and mail to us in care of this paper.

Sort of in the same thought we liked the following little poem, and pass it along.
The only Crown I ask, Dear Lord to wear
Is this—that I may teach a little child.

I do not ask that I may ever stand Among the wise, the worthy, or the great,
I only ask that softly, hand in hand,
A child and I may enter at Thy gate.

We heard this one that is supposed to have happened during the recent World Series:

She: "Will you think of me all ways darling, every minute of every night and every day?"

He: "I cannot tell a lie. Occasionally I might wonder for a few minutes just who is going to win the World Series."

Someone said the other day that: "Hardly any of us would think about talking with our mouths full, but that most of us would think nothing of talking with empty heads." - H. H. 'm.

Some more of the Sayings from Mr. Mullins' collection:
"When the great Scorer comes to write against your name;
He writes, not that you won or lost, but how you played the game."

"No one works harder or succeeds quicker than he who sets

to make a fool of himself."
"About the only thing some people do for their town is to grow old in it."
"The fellow who rows the boat generally doesn't have time to rock it."

"The bigger a man's head gets, the easier it is to fill his shoes."

Send us your favorite Motto or Old Saying and let us pass it along to others. Sometimes just a little thought like the above will stick in our mind and sort of help us through the day, when a long drawn out theme on the subject might never stick in our minds at all. Anyway, let us have your favorite.

"We can't mechanize our farms yet, because what would we do with all the people the machines threw out of work?," Sood asked. Ninety per cent of our people work on farms. Although we can improve their seeds and fertilizer, we can't give them much machinery. Without industrialization, India just can't afford to create a surplus labor force."

Can India support an industrial economy? There is no doubt in Sood's mind, he said.

"We have plenty of raw materials and a huge home market. There would be no need for India

to export her products," he explained.

What's holding India back? Money, Sood replied. India needs private capital investment, but so many people — including India's—hesitate.

But there are unmistakable signs of progress. India is becoming self sufficient in food production, Sood pointed out. In 1956, the country will start a five-year plan for industrial development, well rounded development such as that in the U. S., he added.

From where I sit... by Joe Marsh

Tie This One For Consideration—

Closed the office early last Saturday to go after pheasants with Pops Foster. I used fewer shells than the old gentleman and took home more birds—but not because I did better shooting.

I'd borrowed a dog for the occasion. Pops took along Blue, his ancient pointer. Several times I noticed Pops walk up to a clump of bushes Blue had pointed at and fire into the air—though he hadn't flushed a single bird.

Naturally, I wanted to know why. "Well," he said sheepishly, "I've been hunting with that dog for 11 seasons. His nose isn't much

help any more—but I'd rather waste a shell than let him know."

From where I sit, Pops always shows consideration for people, too. For instance, this is a small thing, but he puts a bottle of beer on ice for me when I visit him—though he never takes anything but coffee himself. Even if he doesn't agree with me on a matter of personal choice (which is his right) he'd rather not make a "point" of letting me know.

Parent - Teacher Talk

This week has been proclaimed by the Governor of our state as Teacher-Appreciation Week. We think this a splendid proclamation on the part of our Governor because, human as we all are, we are often prone to take our teachers and the wonderful work they do, for granted.

It is needless to say, and certainly almost impossible to evaluate, just how much each of us owes to our public school teachers. We do know we owe them a great debt of gratitude, though, not only for what we received, but for what our children are now receiving. And when we

talk about what we receive from our teachers, we don't just mean the subjects taught well, important as that is, but we are thankful to them for all they do above and beyond the call of duty: the little unselfish acts of kindness and service, the love, sympathy and patience that are shown, all of the things they do and say to instill character along with knowledge.

So, sometime this week, let each of us take a few minutes off to say "Thank you" to some teacher or teachers. It isn't much to say but it can mean a lot; and then after we thank them, the best way we can show our appreciation is to have a co-operative attitude and be interested in them and their work.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

The United States Field Station at Woodward, Oklahoma presented some interesting results from their 1955 grazing trials at the station this month. For those not familiar with the Woodward Station, their soil and climate compare more nearly with the sandy lands of this District than other experiment stations. Their range experiments are conducted on some 4,000 acres of range and reseeded pastures using several hundred head of cattle.

Some of the 1955 results are as follows: The pasture stocked lightly at the rate of 22 acres per cow produced 520 pound average weight calves with 93% calf crop and \$5600.00 net profit for the pasture. The moderately stocked pasture (17 acres per cow) pro-

duced 430 pound average weight calves, a 90% calf crop, and \$5500.00 profit for the pasture. The heavy stocked pasture (13 acres per cow) 350 pound calves, an 82% calf crop, and \$3500.00 profit for the pasture.

Another interesting and potential valuable fact brought out was that the cows wintered on good range and fed only 1 pound of cake per day produced as heavy a calf in the fall as cows that were wintered on 2 pounds of cake; also cows wintered on 2 pounds of cake plus 2 pounds of grain. Cutting out a part of the feed bills, and still selling as many pounds of beef means more net profit.

More information on grazing practices, and technical assistance in planning an improved grazing program is available through the Donley Soil Conservation District and Soil Conservation Service technicians assisting the District.

A Good Boy Scout Makes a Better Man

On October 25, the Boy Scouts will ask us to support them in the coming year. Clarendon will be generous, because the Community supports no organization that ranks higher in accomplishment. Beginning as a Cub Scout at eight or nine, the boy becomes a Boy Scout at eleven, and finally enters the Explorer program when he is 14.

Those are the formative years, and a boy that enters wholeheartedly into Scouting benefits from his experience morally,

mentally and physically.

The Scout Oath and the Scout Law state personal ideals which any parent would wish to be goals for their son. Beyond that, Scouting gives every boy a sense of accomplishment. As he advances through the various grades of Scouting, and wins merit badges, he meets standards of mental and physical fitness that are positive benefits to his development.

The funds to be raised on October 25 will make it possible for every interested boy, regardless of race or creed, to enter Scouting. And there is no gainsaying

the fact that a good Boy Scout makes a better man. Thus a donation to the Scouts becomes an investment in the future welfare of the community.

As this year's Scout slogan puts it, today's Scouts will build "tomorrow's better Texas."

Curtis Mears,
Community Chairman

"THE WORST EVILS ARE THOSE THAT NEVER ARRIVE"

Do you know anyone who is always worrying about some possible ailment they are not sure they have? Tell them that Medical Science is now able to almost perform miracles of accurate diagnosis.

Modern research has not only discovered medicines that can help or cure illness, but many man-made chemicals can disclose to your Physician whether you have a particular ailment or not. Your supposed "Evil" may never arrive. Relieve your mind. Tell your Physician what you think may be wrong. He will soon know the right answer.

Judge Jack Gray To Head Refugee Relief Program In Donley

The appointment of the Honorable Jack Gray as local representative for the Governor's Committee for Refugee Relief Program has been announced by John H. Winters, Committee

chairman. Judge Gray will act on behalf of the State Committee in Donley County.

The Committee was appointed by Governor Allan Shivers at the request of President Eisenhower to inform the people of Texas on the Refugee Relief Program. In addition to Winters, who heads the State Department of Public Welfare in Austin, members are the Rev. Henry Herbst, pastor of SS. Peter and Paul Church, New Braunfels; the Rev. A. O. Rast, Executive Secretary of the Texas Lutheran Mission Board; Leonard L. Holloway of the Baptist General Convention of Texas; Sam W. Levy of Houston; and C. W. Pfluger, Jr. of Coupland.

Under the Refugee Relief Act of 1953, 214,000 displaced persons were declared admissible to this

country. Recent figures show slightly over 43,000 have obtained sponsors and have migrated to the United States.

Of this number it is estimated that less than 500 have been brought to Texas.

To be successful in helping displaced persons get a new start in life, the Refugee Program will need assurances from 30,000 to 40,000 sponsors by early in 1956.

A sponsor is required to give assurance that the refugee will be provided with employment and housing and will not become a public charge.

The refugee's qualifications to fill the job provided him are certified by overseas officials. The Governor's Committee noted that a large percentage of the refugees are classified as agricultural workers who could be absorbed

easily in the farming and ranching regions of Texas. Many skilled craftsmen are also looking for new homes in America.

"These refugees have escaped, in many instances, from prisons and concentration camps to wind up spending years in refugee camps waiting for resettlement," said Mr. Winters. "Texas is lagging in doing its part in this humanitarian program to which our nation has committed itself. Judge Gray as representative of the Governor's Committee for Refugee Relief Program in Donley County, will give the details of the Program to any employer or citizen interested in providing a new opportunity to a refugee."

SGT. GERNER HOME ON LEAVE

Sgt. Roy Lee Gerner arrived home on a 30 day leave Sept. 28 from Tokyo, Japan, after spending three and one half years in the Far East. Sgt. Gerner has served in the following areas: China for one year, 26 months with four different combat units in Korea, Tokyo for 28 months as well as Okinawa, Alaska and Hawaii.

While stationed in Tokyo Sgt. Gerner was assigned to a military police unit as radio operator and later as patrol supervisor, Operations Sgt. and operating a stop watch and speed check zone in cooperation with the Japanese police radio car traffic section. While in Tokyo Sgt. Gerner states he studied Japan's government, transportation system, law enforcement agency, education and the Japanese customs. Upon completion of his 30 day leave Sgt. Gerner reports to Ft. Ord, Calif. for duty. He is the son of Mrs. E. H. Gerner of Clarendon.

A reputation can be built overnight—but it takes a lifetime to develop a character.

CONGRESSIONAL RATINGS

There seems to be a great deal of increased activity in the field of grading Members of Congress. This is done by the numerous organizations throughout the country that hold themselves out as representing particular business groups, labor groups, manufacturing groups, political groups and so forth. You would be surprised at the number of such groups that have sprung up in this country in the last ten years. As soon as a session of Cong-

ress is over, the individual voting record of each Member is thoroughly scrutinized by someone connected with the organization doing the grading. Usually the organization has picked out several issues on which they have decided to take a definite stand. They then take the voting record of the Member of Congress and find out how many times he voted like they wanted him to. If ten issues are involved and the Congressman has voted in accordance with the wishes of the organization ten times, he bats one hundred per cent. For every wrong vote, of course, he gets reduced ten per cent. The organizations then take the results and hand them out as absolute conclusions of fact that cannot be challenged. That is where the

fallacy of the whole proceeding lies. In the first place, no mention is made of who does the deciding and on what basis it was originally concluded that the best interest of the country would be served by a yea or a nay vote. The truth is that these decisions are so often made on the basis of—not what is best for the entire country—but what is best for the particular group that happens to be compiling the statistics. Sometimes the issues chosen are not remotely connected with the particular interest of the group. Sometimes they get the yea and nay votes mixed up and give a Member a black mark when he should have a white mark according to their yardstick. For instance, on one occasion several years ago, a Member was listed as having opposed a certain piece of legislation that was supported by the particular group. It developed that the Member had actually vigorously supported the legislation. However, a motion to recommit the bill had been made which would have meant the death of the bill. Of course, this Member voted "no" on the motion to recommit. What the group had done was to see that he had cast a nay vote and apparently did not take the trouble to find out what he was voting "no" on. The point I want to make is

that these matters should be carefully scrutinized by readers. It would be a very simple matter for a communist group to pick ten issues at random and grade

the Members of Congress, both House and Senate, on how they voted on those issues, to then list these Members as having voted in accordance with the communist

yardstick or against it. Unless the readers of this rating sheet knew the exact issues that were being voted upon, they would have no way of knowing whether there

was any soundness in the conclusion of the rating group. This process could be very easily used as a subtle but vicious propaganda vehicle.
