Veterans' News

Dependents of deceased World War II veterans who get death compensation checks from the Veterans Administration will receive individual reminders of their possible entitlement to income tax refunds, and of the necessity for applying for them before the end of the year, VA re-

ports.

The refunds, authorized by Public Law 367 of the 80th Congress, apply to certain income taxes of members of the armed forces who died while in active service between December 7, 1941 and December 31, 1947. Applications must be made by December 31, 1948.

Subject to refund under the law are all Federal income taxes paid by or on behalf of such members of the armed forces for the taxable year in which they died, and for prior tax years dating back to December 7, 1941, during any part

of which they served.

Most members of the armed forces—particularly enlisted men—were exempt from income tax under special wartime law. Consequently, the number entitled to rebates is not expected to be large, and the VA notice advises dependents first to make sure taxes actually were paid before seeking refunds.

Forms for applying may be obtained from the office of any collector of internal revenue (Form 843). Applications for refunds and any correspondence on the subject also should be directed to the Collector of Internal Revenue where the tax was paid, and not to VA or the Bureau of Internal Revenue in Washington.

The number of veterans of all wars reached 18,744,000 on May 1, 1948, the VA reports. Of these, 14,887,000 served in World War II. The remainder were veterans of World War I and other wars.

In 1955, VA predicts, the number of veterans of all wars will be 17,200,000 and the number of persons in their families, 42,900,000.

Mr. and Mrs. Marvin Land and son Tommy of Tucumcari, N. M., Mr. and Mrs. Billy Marvin Land and baby Billy Jack of El Paso, Mr. and Mrs. Roy Land and family and Mr. and Mrs. Ray Worth of Amarillo are with their father, Mr. W. A. Land who is seriously ill at this time.

Mrs. Anna Maud James and daughter Mary Lucile and son Van of Dallas who have been visiting her mother, Mrs. Van Eaton and her sister, Mrs. Joe McMurtry at the home of Mrs. McMurtry the past week, returned home Monday.

Mr. and Mrs. Frank Bourland visited in Canyon Saturday.

JUNIOR COLLEGE AND HIGH SCHOOL ELECT CLASS OFFICERS

Performs great...

To keep your car going great ... make a date to OIL-PLATE with Conoco Nth Motor Oil! A special, added ingredient in Nth oil (Patented) fastens extra lubricant magnet-like to your engine's working parts. So strongly is this extra film attached to cylinder walls, it won't all drain down, even overnight!

That means your engine's fine-finished metal surfaces are extra-protected from corrosive combustion acids ... from destructive "dry" friction starts. You're extra-protected, too, from power-clogging sludge and carbon. For great performance, full-time protection, more miles per quart, make a date for ...

CITY-COUNTY LIBRARY NOTES
By May L. Prewitt

An editorial of Life recently discussed our American novelists. The writer observed that our novelists do not choose to write of Americans who enjoy their families, or who take a pleasure

in creating a business, or who delight in achieving something. "Almost universally our novelists divide into two categories: those who have deserted the present for a cloak-and-dagger and full-bosom recreation of the distant past, and those who have dedicated themselves to careers of literary slumming."

At present three novels are compared and widely discussed

by the literary critics and those who read extensively. One by an English writer, Graham Greene, his book, "The Heart of the Matter" was discussed a few weeks ago when given to the Library. It is a novel in which the responsibility is restricted to individual relationships—the implication of actions as they involve one human being with another without direct bearing on the effect of those actions upon society as a whole. The French writer is Albert Comus, and his book is "The Plague" which will be ready for our readers soon. This book in "The Plague" widens the burden of individual responsibility to include the whole of mankind. Mr. Greene and Mr. Comus have something constructive to say, but the American writer who is the third of the trio—Norman Mailer wrote "The Naked and the Dead." I shall not purchase his book, as he chooses to play up the worst in human nature and ignores the individual's responsibility morally. Out of the sharply contrasting facets of American life he picks those which reflect most discredit. All of these three are best sellers and discussed by our most noted reviewers.

A friend of Mrs. Burton's added ten dollars to the memorial fund

last week. This will be very useful and be of future usefulness and pleasure. One book that will be helpful in English has been ordered and several to complete some series for the juvenile readers.

When reference material is needed the necessity of more materials is quite obvious. Three seeking similar reference work depletes the shelves, but then they can use a period at school for this work.

We have had a few tourists who were delayed here by car trouble, spend several hours reading at the Library recently.

Born to Mr. and Mrs. Glenn Robertson announce the birth of a son, Sept. 3rd, in the Goodall hospital at Memphis. The little fellow has been given the name, Glenn Harry Jr.

The Murphy-Spicer ambulance was used to take Dr. B. L. Jenkins to the Harris Hospital at Ft. Worth. Dr. Jenkins has had several heart attacks lately.

Mr. and Mrs. Pat Slavin announce the arrival of a 7 lb. son, born Sept. 2nd at a Lubbock hospital. Both mother and baby are doing nicely.

From where I sit... by Joe Marsh

One Great American Trait

I always think it does a newspaper editor good to get out from behind his desk and see how folks in other parts of America look, and think, and act.

And that's what I've been doing these past weeks, touring the country from Michigan to Texas, California to Maine. It's a mighty encouraging experience. Not only because of the different points of view you run into—but because of the tolerance which reconciles those different points of view.

I mean the tolerance of a Penn-

sylvania farmer for the habits of his city cousin; the tolerance of folks who vote one way towards those who vote another; the tolerance of those who prefer spring water towards those who enjoy a moderate beverage like beer.

From where I sit, it's that great American trait of tolerance—respect for individual tastes and liberties—that makes this country strong. Let's never lose it!

**PRACTICAL CONSERVATION
MEANS More Gas FOR YOU..**

Yes, scientific methods of conservation applied to each new well mean more gas for your home, store or factory. Methods developed over the years for proper drilling and production assure land and royalty owners maximum recovery of gas or oil... assure consumers maximum volume of products for their use.

Practical conservation of mineral resources guides the operations of the United Gas organization. It is one of many functions of United Gas... all of which have the ultimate purpose of assuring a continued dependable supply of natural gas for our customers.

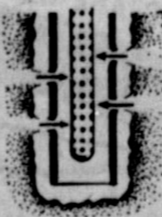

UNITED GAS ...

When producing sand has been reached, the drill stem is replaced with casing lowered to the bottom of the hole and cemented into place. Small holes are shot or blown through the casing with a perforating "gun."

Small diameter tubing is lowered to the bottom of the hole and the heavy "mud" which is present all through the drilling operation is displaced with water to allow the well to come in.

Gas or oil enters the perforations at the bottom of the tubing and flows to the collection of valves at the head of the well called a Christmas tree. Here a man has complete control of the volume of gas or oil that flows from the well.

Weekly SURPLUS NEWS WAA

War Assets Administration today placed an official endorsement on plans to release unused portions of public airports for emergency grain storage and prepared to launch, through its Grand Prairie regional office, a field survey to determine additional surplus government buildings for leasing by grain men.

Duncan D. Myers, regional office executive in charge of the agency's storage program, announced he will visit two West Texas centers of the grain area next week. He said he will make inspection tours of the South Plains Air Field near Lubbock and the Pantex Ordnance Works near Amarillo to ascertain the condition of the government facilities for both long and short period storage.

Myers, who will be in Lubbock Thursday and Amarillo Friday, said he planned conferences with warehousemen, elevator men growers and others to explain leasing arrangements at available sites in the areas.

He said the WAA will give blanket approval for the release of all available buildings still under the agency's jurisdiction. In the case of property, such as air fields, which have been conveyed by WAA to cities, counties or other owners under the provisions of Public Law 289, it will be necessary for the present owner to receive the concurrence of the Civil Aeronautics Administration before the release can be obtained so as not to interrupt operation of the airport, it was explained.

By this method major portions of the Childress Army Air Field, recently transferred to the City of Childress, already have been approved for grain storage leasing. Several other cities, Myers said, have expressed a willingness to provide airport buildings not now in use.

The regional WAA office is cooperating with Congressman Mahon, head of a congressional committee seeking solution to the storage crisis, and with the agricultural extension service in allocating space for harvested and anticipated heavy small grain crops. Reports received this week from a grain belt area which includes Oklahoma and New Mexico as well as Texas indicate

widely varying needs among counties of the area.

Some counties, in the heart of the harvest area, report no immediate shortage of storage space while others, even where crops like wheat and sorghum have suffered badly from draught, report unprecedented storage problem.

Jerry Chandler went to his home in Amarillo Sunday after a two weeks visit with his aunt, and family, Mr. and Mrs. Alfred Estlack.

Mr. and Mrs. H. B. Hill and Miss Nell visited their son and family, Mr. and Mrs. Paul Hill and small son at Dumas Sunday afternoon.

Mr. and Mrs. Clyde "Shine" Martin returned recently from an extended tour of the northwest. They spent some time in Oregon and Washington where they took advantage of the beach facilities and took plunges into the noted Pacific bathing waters. They report a grand time without mishaps.

Women's Interests To Be Attracted At Texas State Fair

Bigger and better attractions of interest to women of the Southwest are included in the elaborate final plans for the 1948 State Fair of Texas, David A. McMinn, special events director of the State Fair, has announced.

The new Textile, Culinary and Antiques Division, the colorful Tyler Rose Exhibit, the "Arts, Fashions and You" Revue, and the Home Show, are but a few of the features designed to appeal to women at the 1948 State Fair.

Entries in the Antiques Show will come from every state in the Union. Final date for entries is Sept. 27. Individual entries already scheduled include antique spinning wheels, music boxes, candlesticks, china, silver, copper ware and Bibles. Special group

exhibits will show antique perfume bottles, nineteenth century guns, enameled spoons, beer steins, ink wells and master salts.

In the Culinary Division will be competition classes in preserves, jellies, canned fruits, vegetables and pickles. Premiums will include 140 cash prizes by the State Fair of Texas, each of which will be duplicated by the Imperial Sugar Co. in this division.

Imperial Sugar will also be host at the Women's Building on Culinary Day, Wednesday, Oct. 20th.

The handwork of Texas women exhibited in the Textile Division will include embroidery, lace work, knitting and crocheting, quilts, rugs, plain sewing, fancy handwork, layettes, elderly ladies work and antiques.

O f interest to gardeners will be the \$10,000 Tyler display of East Texas roses. Fresh roses will

Spring snow and Sea Valley's famous sled dogs provide an attractive setting for comedienne Celeste Holm. Screen and stage star Celeste wears one of her smartest lightweight costumes at the Union Pacific's year-around Idaho resort. It is a snow-white poplin ski suit with simulated Army patches at each shoulder. Another military touch is her fur-trimmed hood, modeled after the Army's ski-troop parka.

tional child safety campaign in September was set forth by Dr. Geo. W. Cox, State Health Officer, as an immediate public health objective calling for concerted cooperation by all public health and medical authorities and interested civic organizations within the state.

"The needless loss of a single life, or the crippling of even one child, is an exorbitant price to pay for any neglect of this problem," said Dr. Cox.

The importance of such a campaign is evidenced by the fact that accidents are now the leading cause of death among children more than one year old. Among children 5 to 9 years old, the death rate from accidents was 25.7 per 100,000 as compared with a rate of 4.6 for rheumatic fever and organic heart disease, the next cause; and among children from 9 to 14, the accident death rate was 20.8 and that for rheumatic fever and organic disease 7.2.

The outstanding improvement in the death rates from all non-accident causes during recent years is the result of the advance in medical science and concentrated efforts in the field of child health. The premise of the child safety campaign is that efforts now must be intensified to bring about a somewhat comparable reduction in the number of child accidents.

GILMER-AIKIN COMMITTEE ON EDUCATION

"The movement of grouping small school districts is sweeping the State of Texas." So begins a Citizen's Committee report to the Gilmer-Aikin Committee.

"This movement is eliminating many small local administrative units thereby allowing the expenses formerly used in administration to be used in the actual teaching of the children of the State," the report stated. The Citizen's Committee said that this movement is good.

These statements are verified by a report from the State Department of Education in January, 1948, which said that 469 common school districts and 36 independent school districts were eliminated last year. This year the number will probably exceed the 505 total districts eliminated last year.

Faults that have been listed by the people of the present set-up in the administrative units include:

1. Too many very small districts.
2. Too many high schools which do not have pupils enough to justify a varied curriculum.
3. Transportation routes are not well mapped out and the systems are not carefully supervised.

THE TEMPLE OF TRUTH
By the Apostle

The school buses were shined up the past month and all ready with careful drivers to transport humanity from a distance to the schools in the towns. We should all observe the "STOP" sign on the school bus. Every driver should report all those who have no regard for the lives of pupils by not stopping. Never pass a school bus when it has stopped.

A young lady dares me to print this: "The wolf of a year ago is now meek as a lamb pushing a matrimonial fruit basket."

Mr. J. W. Murphy, general chairman of the clean-up campaign in Clarendon, is due a lot of credit for his efforts. He real-

ly looked after interests from a health standpoint. And he had a swell bunch to work with—plenty of them. Many took their hired help and trucks and hauled off trash without cost to any one else. This cleanup affair will continue frequently. The folks here do not want polio or anything else to get started. They regard human life in advance of the sad day.

Old Jack county is in the throes of a real drought. They are shipping in drinking water to Jacksboro from Lake Bridgeport. Several old-timers in this section will recall 1886-87 in Jack county when they cut down the black-jacks to let the cattle graze the leaves. It was really dry. The Old Apostle happened along just in time to get in on the Mattocks Flat water pulling affair. They drew water in buckets out of shallow wells. Water pulling was a custom all over that section of country and adjoining counties.

Windmills were practically unknown. There might have been a few U. S. patterned mills in the western counties, but none in old Jack county.

There is a movement to provide means and method for many more men on the state highway patrol. Many think that hundreds of innocent lives could be saved for a few hundred dollars by policing the highways closer. Some folks don't care for the lives of others. Some have no regard for safety provided by our Highway Department's rules and regulations. They will have to be policed if they use the public traffic lanes.

The ladies, and a few men, who are having a time saving their flowers with water this freaky period of weather, certainly have our sympathy. Some flowers may be grown each year. It takes several years to produce a tree. Save the tree first, a flower grower stated to this columnist recently. Some shade their plants in addition to watering them, and get good results. It is not so much the dry weather, or the temperature, but the "kind" of heat that is killing plant life in fields as well as in yards.

Rev. and Mrs. Phillips and Rickey, Shirley Aten, Janice and Joanne Christal, and Mayrene Phillips attended a District meeting at Pampa Thursday afternoon. A group of friends surprised

Glenn Myers Tuesday evening when they gathered in the home of his parents, Mr. and Mrs. E. R. Myers, and presented him with forty gifts, in honor of his departure. Glenn and his parents left Friday for Dallas where they contemplate entering Glenn as a student in Parker Memorial School.

About fifty friends of Rev. and Mrs. Ernest Phillips surprised them by gathering in their home Monday evening, in honor of Rev. Phillips birthday. They presented Rev. Phillips with a complete new outfit, which included hat, suit, overcoat, shoes, socks, underwear, shirt, tie, handkerchief, and belt. The guests brought ice cream and cake, and all had a most enjoyable time.

Bank Dollars Help The Fight Against Inflation

When you spend carefully for only what you need, then build a reserve in a savings account, you help in the fight against inflation. Bank Dollars go in to only worthy projects that produce wealth, never dissipate it. Thus each dollar in your savings account protects you from this deadly enemy. Now is the time to save! We must lick inflation or it will lick us.

ELISE LADD NORWOOD BECOMES BRIDE OF ROBERT SEMRAD

The marriage of Miss Elise Ladd Norwood and Robert Eugene Semrad was solemnized Wednesday evening, September 1st, at the Sacred Heart Cathedral in Amarillo with the Rev. Francis A. Smyer reading the vows for the double-ring ceremony. The bride is the daughter of Mr. and Mrs. G. E. Norwood, and the bridegroom is the son of Mr. and Mrs. J. W. Semrad.

Miss Ruth Patman attended the bride as maid of honor, and Jack Semrad of Amarillo, brother of the bridegroom, served as best man.

The bride was lovely in a brown gabardine suit, accented with gold and brown accessories. Her small brown hat was fashion-

ed with a shoulder-length veil. She wore a corsage of Talisman roses.

A reception was held after the ceremony in the home of Miss Joyce Johnson, cousin of the bride. Mrs. Rufus White cut the wedding cake and Miss Ruth Patman served the punch. Guests were registered in the bride's book by Mrs. Jack Semrad of Amarillo.

After a wedding trip to New Mexico and Colorado, the couple will make their home at 1919 Fourteenth Street, Lubbock, where they will attend Texas Technological College.

Mrs. Semrad is a former student of Clarendon Junior College and the University of Colorado at Boulder. Mr. Semrad, also a former student of Clarendon Junior College, is now an engineering student at Texas Technological College. He served two years with the Navy in the South Pacific during the war.

CUE AND CURTAIN CLUB

The Cue and Curtain Club met in the home of Mrs. Jolly Johnson Monday evening to resume their activities for the year.

Installation of officers was held with the following officers installed: president, Mae Morris; vice-president, Wilson Lane; secretary, Mary Ann Landers; treas-

urer, Sam Patterson; parliamentarian, Tommie Gattis; Sergeant-at-Arms, Darrel Proctor; reporter, Inelle Cox.

Following the installation, a very clever skit entitled, "Horace the Mountain Lion," was presented by Shirley Brumley, Mae Morris, Jane Johnson, Ladelle Cox, Miller Morris and Inelle Cox.

Delicious refreshments of cake and ice cream were served to the following members: Shirley Morris, Ladelle Cox, Jane Johnson, Mae Morris, Sandra Shelton, Patricia Estlack, Patsy Blair, Ramona Rhea, Shirley Brumley, Inelle Cox, Miller Morris, Bill Porter, Jackie Brooks, Wilson Lane, Tommie Gattis, Bob Clifford, Lynn Leathers, Sam Patterson and Darrel Proctor.

T.E.L. S. S. CLASS MEETS

The T.E.L. Sunday School class of the First Baptist Church met Tuesday afternoon in a business meeting. The following officers were elected: President, Mrs. C. B. Owens; 1st vice president, Mrs. Tom Tucker; 2nd vice, Mrs. G. C. Heath; Sec.-Treas., Mrs. Lola Barns; reporter, Mrs. W. L. Williams.

We will meet at the church Tuesday, Sept. 14th to quilt a quilt. We urge all members to come. Others are welcome if you can come. Bring a covered dish for lunch. We will also pack a box for foreign relief Tuesday, Sept. 21 at the church. Any one having good used clothing and shoes please bring to the church by that time. There will be a box at the front door of the church.

The following members were present at the meeting: Mesdames Naylor, Darden, Tucker, Moore, Hodges, Houdashell, Barns, Cook and Bingham.

ASHTOLA NEEDLE CLUB

The Ashtola Needle Club met Sept. 2nd in the Club room with Sue Rhodes, vice president, in the chair. The members will entertain their husbands in Oct. with a party in the Club room. Let each member be making preparation for the County Fair. The ladies have recently finished a quilt for Boys Ranch.

The next meeting will be on Sept. 16 with Dora Brandon and Hazel Brandon as hostesses at which time there will be a white Elephant sale, each member to bring a "white Elephant", and all ladies of the community who care to help are invited to be with us.

After the business session, a social hour was enjoyed and refreshments of cake and lemonade was served by the hostess Viola Graham and Johnnie Poovey to one visitor, Mrs. Nova Lee Mooring and small son, and the following members: Ina Wallace, Laura Mahaffey, Elizabeth Graham, Delena Beverly, Nona Hinders, Sue Rhoades, Dora Brandon. At the next meeting we urge each one that possibly can to be present. Time: 3 o'clock, Sept. 16. Place: Ashtola Club Rooms.

Reporter.

1926 BOOK CLUB

The 1926 Book Club held its opening meeting of the year in the Club Rooms. Mesdames Thornberry, and Johnson, the hostesses, served delicious refreshments to the club members and several guests.

Mrs. Bill Greene and Mrs. Bill Riney were elected to membership.

After hearing Mrs. O. D. Lowry's charming review of Dale Carnegie's book, "How to Stop Worry and Start Living", the guests left the meeting simply "treading on air." Each lady present had resolved never to worry again!

KAPPA SUB-DEB CLUB

Wednesday, Sept. 1st, the club met in the home of Miss Eula Naylor with Doris Wallace as hostess.

Business was discussed after which lovely refreshments were

served. Members present were: Sybil Head, Jane Johnson, Anne Thompson, Mae Morris, Pat Pittman, Juanita Carpenter, Layma Tatum, Louva Hunt, Mrs. Rufus White, Lois Hommel, Patsy Blair, Jean Ballew, Portia Hay, and Doris Wallace.

This was the pledges first regular meeting with the Sub-Debs. Those present were: Fanchon Allred, Jo Ann Ritter, Nell Bentley, Shirley Brumley, Nancy Bennett, Jo Anne Sibley, Alice McCrary, and Mary Edna Elmore.

GARDEN CLUB

The Garden Club will meet Tuesday, Sept. 14th at 9:30 a. m. in the Club room.

Story of Agriculture To Be Presented At State Fair of Texas

The fascinating story of agriculture in Texas will be presented in comprehensive exhibits at the Agriculture Show of the State Fair of Texas, Oct. 9-24, E. C. English, agriculture committee chairman, has announced.

City folk, farmers and ranchers alike will find the picture of

Fiery Itching Skin?

Texas agriculture as portrayed in the growing crop exhibits of the Fair's Agriculture Show one of the most interesting displays at the 1948 State Fair, English said.

Agricultural exhibits at the State Fair will graphically point out the importance of Texas agriculture to her economy. Exhibits will show that total farm income for 1947 was \$2,442,687,000 which comes under the heading of big business in any language.

For the first time in the history of the State Fair a radically different method of presenting the story of Texas agriculture will be used. Spectators will see actual living crops on exhibit in various stages of growth and development. The story of the part which each crop plays in everyday life will be portrayed from seedling to finished product, from garden to dinner table, or from plant to manufactured articles.

From the farms and ranches of Texas will come members of the various organizations allied to

particular crops to explain their exhibits to Fair visitors.

Texas A&M College will have one of the most complete exhibits ever shown telling the story of study, research and development of all crops on exhibit at the Agriculture Show.

Another outstanding exhibit will be the Texas Research Foundation display of the study of soils. This display will acquaint visitors with the soil problems which might be encountered within a given area, and the development of good farmland from poor acreage.

One of the most outstanding exhibits in the Agriculture Show will be a showing of 40 growing varieties of the most useful grasses in Texas. "Last year, income from Texas livestock industry amounted to more than \$996 million," English pointed out. "This fact alone establishes the importance of grasses as one of our major crops."

Other crops on exhibit at the State Fair will be wheat, grain sorghums, cotton, forests, corn, rice, oats and barley, citrus, alfalfa, Irish and sweet potatoes, sugar beets, popcorn, pumpkins and melons, roses, pecans, clovers and legumes, tung trees and various vegetables.

Visiting Mrs. J. O. Thompson last week were Mrs. Lavilla Adams of Lamesa and Mr. and Mrs. Bacil Kirtley of Austin and Mr. and Mrs. Dan Smith and Gary of Amarillo.

Mr. and Mrs. Francis Speir, Dalores and Marie from McAllen visited his sister and family, Mr. and Mrs. Doc Thompson and Jean the last week.

Mr. and Mrs. Frank Bourland and Mr. and Mrs. J. R. Ross and small daughter visited relatives in Pampa Sunday.

Mrs. C. E. Griggs and her sister, Mrs. J. S. Temples from Telco have returned home from a weeks visit with her daughter, Mr. and Mrs. Curtis Gallaway at Hot Springs, N. M.

AT THE 1948 STATE FAIR OF TEXAS—Jimmy Durante and Harry James, as seen by Texas caricaturist Robert Pierce. The man with the nose and the Texan with the horn will headline an elaborate all-star revue at the State Fair Auditorium during the 1948 State Fair of Texas, Oct. 9-24. A full complement of Broadway and Hollywood stars will support the inimitable comedian and popular band maestro.

Mrs. Homer Estlack and children Homer and Donna Jane enjoyed a birthday dinner Sunday, honoring her father, Mr. J. C. Drennan, at the home of her sister, Mrs. Ted Price at Electra.

Miss Laverne Phillips of Odessa is visiting relatives here.

Mr. Devlaming is home after a visit with his father at Cauffman.

Elizabeth Mauldin of Amarillo visited Mrs. Billy Jean Pycatt the weekend.

Frank Jones, leading citizen and successful farmer of the Hedley country was in town recently.

Mrs. J. R. Morris of Thalia, Texas is visiting her son and family, Mr. and Mrs. Cap Morris.

WINS CROSLY RADIO
Mary Lou Barker won the new Crosley Radio at Hudson & Taylor's last Saturday night. A large, orderly crowd was on hand for the occasion.

Mr. and Mrs. A. O. Hott announce the arrival of a granddaughter, weight 5 lbs. to Mr. and Mrs. G. G. Gregory of Houston, September 1st.

Mr. and Mrs. Mauldin of Amarillo were guests of Mr. and Mrs. Clyde Butler Sunday.

Dean Wadsworth who has been working all summer at Lubbock is spending a week's vacation with homefolks before entering Tech at Lubbock this winter.

Mr. and Mrs. C. M. Johnson and Loyd attended the funeral of a friend at Borger Wednesday. His death was due to a heart attack Monday.

Mrs. Clyde Butler visited Mrs. Lawrence Whitlock and Mrs. Lucian Bones at Amarillo last week.

Scharlotte Ann Brown of Alarreed spent last week visiting her grandparents, Mr. and Mrs. Austin Rhoades.

Mrs. W. D. Van Eaton returned home to Mrs. Allen Rhoades Monday from a two weeks visit at the home of her daughter, Mrs. Joe McMurtry. Mrs. Van Eaton is confined to her bed again.

Mr. and Mrs. Earl Butler and Kenneth of Borger and Mr. and Mrs. Glen Butler and Glen Chester of Claude visited their parents, Mr. and Mrs. Clyde Butler Sunday.

Mrs. A. O. Hott and Mrs. Leonard Dozier returned Tuesday from a visit with relatives and friends at Loudon, Tenn., in the Smoky Mountains. They were gone three weeks and reported a most wonderful visit.

Mrs. A. M. Taylor and Mrs. Willard Hudson went to Dallas to the gift showing to bring back new gift merchandise and silverware.

Mr. and Mrs. Ray Winters who have been visiting Miss Carrie Davis have returned to their home at Alhambra, Calif. Mrs. Winters is better known in Clarendon as Mrs. Fannie Wilson.

PLOWIN' OUT—
(Continued from Front page)
"They were the most particular ants that she had ever seen." Anyway, they wouldn't have a thing to do with any one except Mama, and they wouldn't let her stand still long enough to eat. Guess I better not tell about the time that Mama got lost. Anyway she found her way, and we both say thanks to everyone for the swell trip and visits.

I was amazed at the heavy traffic, the absence of traffic cops on every corner, the fact there were such few collisions, or smash-ups in the town of Colorado Springs. In three days I don't remember seeing a traffic cop, a wrecker, an ambulance, or a smashed fender. People and cars were everywhere. What is the answer? Cars from every state in the U. S., people from everywhere. Some one explain it to me, or was I just in the right place all the time. How about it Colorado Springs?

Beautiful beyond words, is the view of Pikes Peak, coming in from the east over the farm to market road. As we drove toward its lofty pillars, we were listening to our radio, and as if it had been timed, Cedric Foster was describing his airplane trip over the mountains of Colorado. It was a perfect setting, and made one feel the greatness of the handiwork of God, and the smallness of one's self.

Thanks for the comments on the cake recipe, and for the nice cards and letters. And reckon who we elected to the U. S. Senate? I hope he turns out to be the best one, regardless of how I voted.

Mrs. D. F. Wadsworth and son Dean left Sunday for Ballenger, Texas where they will visit their daughter and sister, Mr. and Mrs. John Burton King and family.

Mr. and Mrs. Hubert Rhoades of Ashtola and Mr. and Mrs. Harold Green and Jr. Mauldin of Borger visited in the Austin Rhoades home Sunday.
