## Easter Sunday Services Inaugurate Evangelistic Crusade At Local First Baptist Church

Final preparation for two weeks of evangelistic services, to begin Sunday, April 10th at the First Baptist Church, will be climaxed by a covered-dish supper and church-wide rally this Friday evening beginning at 7:30. Also, beginning at 10:00 P. M. Friday, the church membership will have the privilege of joining in a "prayer-chain" which will continue on an hourly schedule until Sunday school time Easter Sunday morning.

In making this statement, J. E. Byers, the pastor said that special recognition services will be observed throughout the meeting for various church organizations. An attendance goal for Sunday School on April 17th has been set at 444.

The daily services will be under the leadership of Rev. Byron Bryant, pastor of First Baptist Church, Stamford, Texas, who will be the Evangelist, and Mr. T. W. Goar, Music and Education Director of the local church, will direct the music program. All week-day services will be at 10:00 A. M., and 7:30 P. M.

The pastor stated further that the church joins him in extending a sincere welcome to everyone to attend these services.

## Revival At Martin Baptist Church April 10-17

The Martin Baptist Church will be engaged in a series of Revival Services April 10 through the 17. Week day services will be at 10:30 A. M. and 8 P. M., with prayer services in the evening at 7:30 P. M. Booster Band led by the visiting singer is 7:30 P. M., also.

Pastor T. H. Harmonson will preach in all the Sunday Services and in each evening service. Rev. J. A. Smith, pastor of the Leslie Baptist Church, will direct the singing for the evening services and do the preaching each week day morning.

The pastor and all the church extend to all a hearty welcome to any and all the hours of evangelistic effort.

## REVIVAL AT LELIA LAKE FIRST BAPTIST CHURCH APRIL 10-17

Revival Services will begin April 10th at the Lelia Lake First Baptist Church, and continue through April 17th. Rev. O. C. Curtiss will do the preaching. He is the District Missionary of District 10. Morning services will be at 10:00; Prayer service at 7:30 P. M. and Preaching services at 8:00 P. M.

## LOCALS TAKE PART IN ANNUAL PANHANDLE RELAYS

Bill Noblett was the lone point maker from Clarendon, at the Annual Panhandle Relays last Saturday at Panhandle. Bill won third in the broad jump which is quite an honor since there were 20 teams entered. Dan Rogers of Tulia won first in the broad jump with a leap of 20' 8 1/2".

## RT. REV. QUARTERMAN TO BE AT EPISCOPAL CHURCH TONIGHT

The Rt. Rev. George H. Quarterman, Bishop of the Missionary District of North Texas will celebrate Holy Communion and preach at 7:30 p. m. tonight, Thursday, April 7th, in the Episcopal Church of St. John Baptist, Clarendon.

## REV. LANG TO PREACH EASTER SERMON AT PRESBYTERIAN CHURCH

Rev. Cecil Lang, secretary of the Dallas Presbytery, will preach the Easter Sermon, Sunday morning, April 10th at the Presbyterian Church here. Visitors are cordially invited.

## County School Trustee Election Results

All voting places in the various school elections last Saturday, reported pretty brisk voting considering the number of off-year poll taxes paid.

In the race for County Board Member at Large, Mike McCully received an unofficial total of 207 to defeat W. A. Poovey who received 183. John Head, unopposed, received a total of 189 votes for county board member from Precinct No. 2 and in Precinct No. 3, W. W. Wiggins received a total of 112 votes to defeat Quinn Aten who received 51 votes.

In the Clarendon Independent School District trustee election, Dr. J. Gordon Stewart was re-elected and Bob Moss is the new board member. Moss received 206, Stewart 189 and Bud Hermesmyer 39. For the county board at large, McCully received 170 and Poovey 46. For county board member, Head received 189, 222 ballots were cast in the election.

The voting at Ashtola was as follows: Dane Perdue 25, B. F. DeBord 7 in the Ashtola trustee election and Poovey 32, McCully 0 for the county board at large.

E. W. Chenault, D. F. Reed were elected trustees of the Lelia Lake school district. Voting was as follows: Chenault 38, Reed 30, W. O. Mooring 25, J. W. Helms 6, O. L. Wilkinson 5; county at large, McCully 33, Poovey 18; county board, Quinn Aten 48, W. W. Wiggins 4.

In the Hedley Independent School election, Leon Reeves 106, W. B. Wiggins 108 and Wayne Hansard 103; all three were elected; county at large, McCully 14, Poovey 87; county board member Precinct 3, Wiggins 108 and Aten 3.

## LOCAL STUDENTS PLACE IN SPRING LITERARY MEET AT LEFORS

Several Clarendon students won the opportunity to compete in the Senior Regional Interscholastic Meet by taking first and second places at the Spring Literary meet at Lefors April 2nd.

In the senior division, Lugenia Hubbard placed 1st in Declamation; Elizabeth Smith and Walton Crain placed 1st in the spelling; Walton Crain 1st in Ready Writing and Beth Gillham placed 3rd in Number Sense.

In the Junior division, Number Sense, Carl Talley placed 2nd and Barbara Koontz placed 3rd.

## Revival To Begin April 15 at Calvary Baptist Church

Revival services will begin Friday evening, April 15th at 8 o'clock at the Calvary Baptist Church, and continue through April 24th.

Rev. Harold Elliott, pastor of the First Baptist Church, Samnorwood, will be the preacher for the meeting. Harold was born and reared in Donley County and is the son of Mr. and Mrs. Othol Elliott. "He is a very fine young

REV. HAROLD ELLIOTT

preacher of the Gospel and it will bless your heart to hear him," stated Rev. Ernest Phillips, local pastor. Rev. Phillips will be the song leader for the meeting. Services will be held twice daily, at 10:30 a. m. and 8 p. m.

"This church has been enjoying a Revival Spirit since the first of the year. There has been five conversions and ten by letter since the first of January. We want to share these Spiritual Blessings with you," stated Rev. Phillips.

"You are invited to these services and to take part in the singing," he added.

## CANDLE-LIGHT COMMUNION SERVICE AT METHODIST CHURCH APRIL 8th

Rev. Ivey E. Biggs, pastor of the First Methodist Church, has announced that his congregation will observe a special Candle-light Communion Service Friday evening, April 8th from 7:30 to 8:30. You may come any time during the hour and remain at the altar as long as you wish, he stated. Everyone, regardless of church affiliation, is invited to attend, Rev. Biggs added.

## April 13-14 Set For Dog Tag And Vaccination Days

In an effort to do a more efficient and complete job, City officials and Dr. Chas. Deyhle have worked out a combination deal on vaccinating dogs for rabies and city licenses. They have set the afternoons of Wednesday and Thursday, April 13th and 14th—1 to 5 p. m.—to take care of both at one time at the court house lawn and at a big saving to each dog owner. Dr. Deyhle and an assistant will be on hand to do the vaccinating and a city employee will be present to sell city dog tags. The vaccination will cost \$1.50 and the dog tag 50 cents. This will mean a saving of \$1.50 for each dog vaccinated as the regular price at any other time than the above mentioned will be \$2.50 for the vaccination and \$1.00 for the dog tag. In addition it will save time, or if you don't have your dog vaccinated and tagged, he may be picked up as a stray and disposed of. Any dog running loose must be wearing current vaccination and license tags according to law.

Keep the above date in mind and have your dogs vaccinated and tagged. You never know when a case of rabies may show up and a child may be bitten. The price is so little compared with the protection it gives our children and the pets themselves.

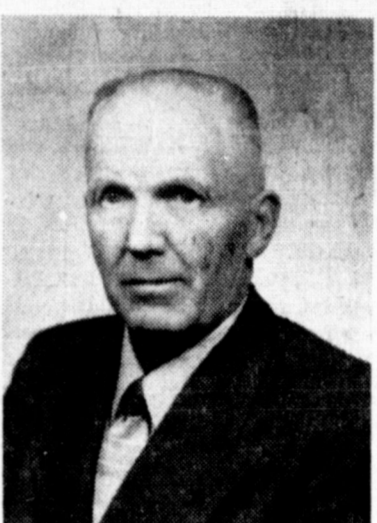

## College Girls Defeat Darrouzett All-Stars

The Clarendon College girls defeated a group of all-stars from the Darrouzett area at the dedication of the new \$95,000 high school gymnasium in Darrouzett last Friday night.

The Clarendon team, which recently won the consolation title at the National Women's AAU meet, took an easy 64-31 victory over the all-stars. The all-stars were senior girls from Canadian, Darrouzett, Miami, Follett, Higgins, Booker and Perryton.

The local girls were led by all-American Louise Short with 18 points and Judy Bugher with 24 points. Jean Farmer scored 8 points, Peggy Tate had 8, Joyce Miller had 5 and Mavis Medley had 1. Other girls playing for Clarendon were Dianne Templeton, Mary Garner, Sue Talley, LaTrell Riddle and Carol Lane. Over 900 people were on hand to see the game and watch the Clarendon girls play.

## H. T. BURTON ELECTED MAYOR IN QUIET ELECTION TUESDAY

H. T. BURTON

In a quiet election here Tuesday, the incumbent mayor Major B. Hudson was defeated by H. T. Burton, former Clarendon school superintendent, by a vote of 190 to 129. Only 322 votes were cast, due mainly to the fact that no outstanding issues were at stake, and both men having conducted a light campaign.

Besides the new mayor, the City Commission includes Oscar L. Thomas and W. M. Pickering who were elected last year.

## Services At Groom For Former Resident

Funeral services were held Monday afternoon at the First Baptist Church in Groom for Mrs. Hattie Adelia Landrum with Rev. Walter Davis and Rev. T. M. McBrayer officiating. She was the wife of E. J. Landrum.

Mrs. Landrum, 78, died at her home in Groom Sunday morning. She was born in Denton County and was married in Keller, Okla. July 28, 1895. The couple lived in Clarendon for many years before moving to Groom in 1941. She was a member of the Baptist Church.

Mrs. Landrum is survived by her husband, a daughter, Mrs. P. M. Waddill, Bartlesville, Okla.; two sons, W. E. Landrum, Childress; T. S. Landrum, Shamrock; a sister, Mrs. Etter Wollever, Ringling, Okla.; three brothers, T. F. Munday, Oklahoma City; John Munday, Ardmore, Okla.; Alfred Munday, Los Angeles; seven grandchildren and seven great-grandchildren.

Pallbearers were Ben Franklin, Jim Eschle, Sam Black, Jim Stuart, J. B. Weems and Ernest Lamb.

Interment was in the Groom Cemetery with the Murphy Funeral Home in charge of arrangements.

## Legion To Hold Opening Dance April 14th

It was announced this week that the first or Opening Dance in the New Clarendon American Legion Hall, would be held next Thursday night, April 14th. This is the announcement that dance lovers of this area have been waiting for. It will give them an opportunity to try out the new maple floor and a much larger dancing space; in fact the dance floor now exceeds 3,500 square feet of floor space. It is said to be one of the nicest in the Panhandle area.

Music for the dance will be furnished by the Mello-Aires orchestra from Pampa, featuring Beverly Fancher as vocalist. The dance will begin at 9 o'clock and the admission charge will be \$1.25 per person.

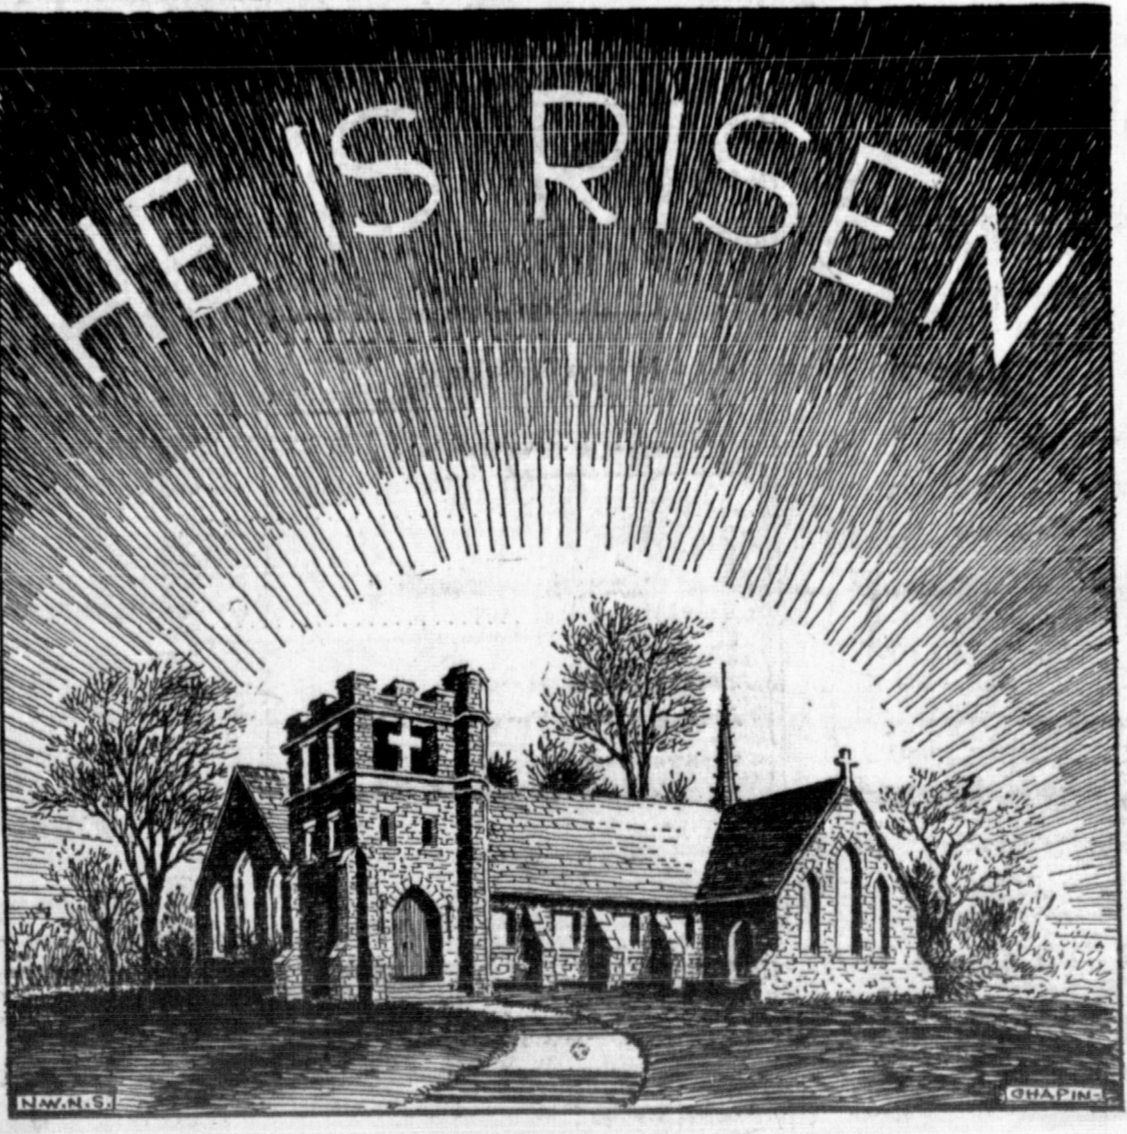

The formal opening ceremonies of the new Legion Hall will be announced at a later date.

## Donley Receives Light Moisture

People here in Clarendon were awakened early Wednesday morning by loud thunder and flashes of lightning, but only an appreciable amount of moisture fell here in town. Tommy Saye, official weather observer, reports that his rain gauge measured .04 inch. However, Willard Knox reports that Lelia Lake received .24 inch. This, coupled with other information we have received, indicates the rain fall was heavier to the east and southeast part of the county.

Although precipitation was light as a whole, folks around here appreciate any amount that falls. At least it helps settle the dust, soothes our feelings, and keeps us all conscious of the fact that it can rain!

## AGE-OLD EASTER MESSAGE

## JUNIOR HIGH MATH STUDENTS WIN IN DISTRICT MEET

Carl Talley and Barbara Koontz, Clarendon Junior High students, won top honors in the Number Sense Event at the District Interscholastic meet at Lefors last Saturday. Talley placed second in the individual rankings in the entire contest and Barbara Koontz placed third in individual rankings. The two students scored a total of five points, the highest number won by any team in the entire contest.

This mathematics contest was participated in by Canadian, White Deer, McLean, Lefors, Memphis, Panhandle, Shamrock, and Clarendon. The local participants were trained by Mrs. J. R. Gillham, local junior high school math teacher.

**GABIE BETTS BURTON LIBRARY NOTES**

By May L. Prewitt

There are several new books to announce this week. For the children's section there is "Little Angela and Her Puppy" by Dorothy Marino—both pictures and story. This book was given a 1954 award, but the illustrations will not appeal to the children. Quite a few of those books that are on the "Honor List" have such unattractive pictures that one can rarely persuade the children to take them. Children do not appreciate modern art any more than most older people. Mary Stolz most recent book is

"Pray Love, Remember." If you have read a book here "Ready or Not" you will recall that she writes wholesome books that you may leave on your reading table.

Frank G. Slaughter has returned to his stories with Doctor heroes. His recent book is "The Healer." This is an intense, fast-paced novel of professional competition in New York and of a love that knew divided loyalties.

A new western is "The Mestizo" by Bill Parks. This colorful tale of the old Southwest unites romance and violence, and reaches a climax that is literally explosive. Bill Parks the writer has been a guide at Grand Canyon, where he lives with his wife and two sons, for eight years. This is his first novel.

"The Indians of the Southwest" by Edward Everett Dale that that I reported last week as a memorial given by Mrs. Jim McMurtry, was given in memory of Mr. G. R. Grant. For some reason the name of Mr. Grant was not in the notes. This is surely an error on my part that I regret.

## MISCELLANEOUS SHOWER HONORS BRIDE-ELECT

Miss Evelyn Jean Wood, bride-elect of "Jiggs" Mann, was honored with a miscellaneous shower in the home of Mrs. F. O. Hodge on Tuesday, April 5th.

Mrs. Joe Ritter greeted the guests and presented them to the receiving line made up of the honoree, Evelyn Wood, her mother, Mrs. J. D. Wood; the groom's mother, Mrs. Gilbert Mann; and Mrs. Hodge. The ladies were then conducted into the display rooms to view a wide variety of gifts, many of which were sent by friends and relatives unable to attend. Approximately sixty guests were served miniature cakes and punch from the serving table which carried out the honoree's chosen colors of white and yellow. The center-piece boasted a lovely bouquet of white carnations and golden jonquils in an attractive silver container with the traditional miniature bride and groom amid the greenery.

Marilyn Hill and Shirley Barker played appropriate selections at the piano while Ruby Mann and Barbara Banister registered guests during the calling hours. Willetta Riney and Shirley Martin poured punch while Joan Sibley and Joan Hermesmyer served cake. Lovelle Parker assisted in the display room.

The following ladies served as hostesses: Mesdames F. O. Hodge, Jack Eddings, Hershel Heath, Dale Hill, Carmon Rhode, James Smith, J. I. Spurgeon, Joe Goldston, Joe Ritter, W. S. Carlile, Aubrey Martin, L. T. Moore, A. J. Hicks, Norris Spurgeon, Walter Lowe, Quinn Aten and Mona Churchman.

## Tiny Tots Play In Music Recital

HELEN BENNETT and MIKE SPIER of the pre-school piano group and little students of Mrs. Page Harmon were presented in a Music Recital last Sunday afternoon at the Presbyterian Church, being assisted by other students. Each played two piano solos, one duet and a vocal number. Helen is the little daughter of Mr. and Mrs. Carl M. Bennett. Mike is the little son of Mr. and Mrs. J. H. Spier who has played on different occasions and on TV three times. Both children have taken part on various programs.

## WIN ONE S. S. CLASS

The Win One S. S. Class of the Methodist Church was entertained at a party given in the Hillis home with Mrs. Hillis and Mrs. John Goldston as hostesses. The entertaining rooms were beautiful with pot plants and cut flowers. The table spread with an embroidered linen cloth was centered with a lovely arrangement of large red tulips with a sugar parasol decorated in small flowers and lace, indicating "April Showers."

Mrs. Bass gave a very interesting and inspirational devotion Mrs. Benson, class president, had charge of the business meeting, after which a social hour was enjoyed.

The hostesses served a lovely plate refreshment of chicken salad, small buttered nut bread sandwiches, pickles and pink ice cream in multicolored paper baskets, each topped with a nut

cookie parasol. Plate favors were small Easter baskets filled with pastel colored flowers with a small bird, all made of sugar. Twenty-one members enjoyed the occasion. —Reporter.

## MYSTIC WEAVER CLUB

Mrs. Guy Cox was hostess recently to the Mystic Weavers Club of Lelia Lake in the Glenn Williams home. Seventeen members enjoyed the turkey dinner with all the trimmings. Roll call was answered by each member bragging about children or grandchildren.

A beautiful broken star quilt in rainbow colors was finished. The next meeting will be April 13 in the afternoon with Mrs. H. R. King. —Reporter.

Mrs. Ruby O'Neill of Tulia visited Saturday night and Sunday with her brother and wife, Mr. and Mrs. Wm. Payne.

### Wildlife Conservation

By Donavon Houdashell

#### Odd Areas

Odd areas are small pieces of "waste" land that can be used by wildlife as a means of protection and cover. They include sinkholes, small sand blowouts, gullies, abandoned roads, gravel pits, pieces of good land, and drainage ditches. In some parts of the West, trees and shrubs cannot be grown for wildlife protection; however, native grasses can be well-managed to develop odd areas for wildlife. Some odd areas may have enough vegetation that is used for food and cover, but we still need to practice fire protection and proper grazing.

In the past, the most common mistakes made by farmers was that they didn't leave enough land in grasses and legumes. Good ground cover contributes much to birds; cottontails need it on cold nights; bobwhites and pheasants need ground cover day and night. However, if an odd area has no food or cover, everything will need to be added to build it up into good ground cover. The planting of conifers, multiflora rose, thornapple, and blackberry provides escape cover and plenty of emergency food. A heavy stand of shrubs is undesirable as nesting birds like to see what is coming their way.

As conservationists, we should build this "waste" land into a "productive" land so that wildlife will benefit greatly from this type of management. Remember, Nature has provided us with this beauty; it is our job to conserve it.

### PanTech Farms' Annual Field Day

Thurs., April 14

PANHANDLE — A five year summary that "proves testing beef cattle for ability to gain has passed the experimental stage" will be presented to cattlemen in Panhandle area of Texas during PanTech Farms' annual Field Day and Progeny Tested Bull Sale Thursday, April 14.

The annual event will begin at 9 a. m. with an inspection of cattle in this year's test followed by a program at 10 a. m., a barbecue lunch and the sale at 1:30 p. m. of about 60 Hereford and four Angus bulls in the new heated livestock pavilion, said J. P. Smith, superintendent of PanTech Farms.

The test are conducted cooperatively by PanTech, the Texas Agricultural Experiment Station and the U. S. Department of Agriculture.

"The tests have proven that high gaining bulls sire calves that weigh approximately 50 pounds more at weaning age than calves sired by low gaining bulls," said Dr. Frank H. Sims, who this year succeeded L. A. Maddox, Jr. as project leader.

Mr. Maddox, now a beef cattle improvement specialist for the Texas Agricultural Extension Service in the Panhandle area, will explain the management program and how it fits in with the research at Pan Tech, and John Burns, a widely known Fort Worth cattleman, will discuss practical use of progeny research when used by ranchers. Col. Walter Britten of College Station will auction the bulls.

A new five year cooperative project has been launched at PanTech to supplement findings when high and low gaining progeny of beef cattle are compared, said Mr. Smith.

### MAYOR HUDSON THANKS VOTERS

"May I express my thanks to you for the support you gave me in the election. I feel I have been honored by the people of Clarendon for the privilege of serving you during the past five years as mayor. Best wishes and success to the City Commission and the incoming mayor.

### Westernred Tomato Recommended For Trial in the Southern Great Plains Area

Origin:

The Westernred tomato was produced as a result of breeding work conducted by L. F. Locke at the Southern Great Plains Field Station, Woodward, Okla. The Westernred tomato was bred as follows: Porter and Danmark were crossed using the Porter as the female parent. A selected F<sub>2</sub> plant of this hybrid was then crossed with Break O'Day, then selected through eight generations.

Distribution:

The Southern Great Plains Field Station has no seed for distribution. Seed of this variety was released to a number of seedmen in 1950. The following firms have indicated that they now have seed available for sale: Glecklers Seedmen, R.F.D. No. 1, Metamora, Ohio; W. B. Johnston, Down Town Store, 205 East Randolph, Enid, Oklahoma; Nichols Seed and Feed Company, 901 West California, Oklahoma City, Oklahoma; Porter & Son, Seedmen, P.O. Box 104, Pecan and McCart St., Stephenville, Texas.

While it is impracticable to provide a complete list of dealers, this partial list is furnished for your information, with the understanding that no discrimination is intended and no guarantee of reliability implied.

Characteristics:

The Westernred tomato was selected for fruit production under the adverse climatic conditions prevailing in the Southern Great Plains region. The vine is medium size, determinate in growth and very productive. Foliage is rather sparse and fruit may sunburn in the lower altitudes south and east of Woodward, Oklahoma. It has not sunburned seriously at Woodward.

Earliness:

The Westernred is only medium early.

Yield:

This variety was selected through eight generations for ability to set fruit under the adverse climatic conditions in the

Southern Great Plains area. It will produce much higher yields than any of the well known commercial varieties at Woodward.

Size of Fruit:

The fruits of Westernred are medium in size, somewhat larger than Bison, but smaller than Bounty.

Type of Vine:

The vine is medium size, determinate in growth.

Recommendations:

The Westernred is recommended as a home garden and local market tomato in western Oklahoma, southwestern Kansas, eastern New Mexico, and western Texas, where the usual commercial varieties produce low yields and often produce no ripe fruit. Westernred was grown at a number of locations from Ohio southward in 1950 and in general made good yields. In good tomato growing districts it will not compete with standard varieties but for the area recommended it should be of value.

### FEDERATION OF WOMEN'S CLUBS TO HOLD CONVENTION

Mrs. H. P. Mundy of Shamrock, president of Seventh District of Texas Federation of Women's Clubs, has announced that the 34th Annual Convention would be held April 14, 15, 16 in Snyder. Theme for this year is "Light The Way." The Snyder High School Auditorium will be convention headquarters.

Many outstanding speakers are scheduled to take part on the program including Dr. J. Chess Lovern, pastor of First Methodist Church in Lubbock; Dr. Cecil Yarbrough of Snyder; Mrs. L. E. Dudley, state president; young Johnny Reese of Amarillo; and others.

Mr. and Mrs. Herman Cross and Annette visited Sunday in Memphis with her parents, Mr. and Mrs. E. F. Lemons. Other visitors were Mr. and Mrs. M. H. Lemons and family of Amarillo, and Mr. and Mrs. Zeno Lemons and family of Memphis.

Mr. and Mrs. M. W. Creager can drop by the Leader office and pick up their free movie tickets to the Mulkey Theatre.

Mrs. L. T. Shelton spent the week end visiting Mr. and Mrs. J. L. Wardlaw at Garland, Texas, returning home with her daughter, Sandra, who is a student at SMU. Sandra will spend the Easter holidays with her parents here.

Mrs. U. T. Dever has returned home from visiting her children at Plainview, Lubbock and Littlefield.

Mr. and Mrs. W. C. Scott spent the week end in Abilene with Mr. and Mrs. Fred Scott.

Mr. and Mrs. Shelby Bell have free movie tickets at the Leader office.

Mr. and Mrs. Robert W. Boston and children of Amarillo spent the week end visiting Mr. and Mrs. E. H. Noland and Mr. and Mrs. William Lewis.

Don't trust in the ponies and you'll never have occasion to join a "Don't Worry Club."

The reason some men are misunderstood is that they possess nothing worth studying.

Many a career is wrecked for lack of ambition to pole its boat through the rapids of life.

"I fly one of the new Super-G Constellations for Trans World Airlines. Of course, I am familiar with Phillips 66 Aviation Gasoline because TWA uses it regularly. It's the Avgas with added Di-isopropyl.

"Now Phillips is putting Di-isopropyl in its automobile gasoline, too. New Phillips 66 FLITE-FUEL is the only automobile gasoline with added Di-isopropyl. I use FLITE-FUEL regularly in my own car, and I always get wonderful performance."

**THE LION'S TALE**  
By Carl Allmond

Boss Lion McCully just couldn't take the progress of the club any longer, standing up, that is. Bill Lowe, 1st Vice President, presided. After a strenuous campaign for new members, Mike sat back to eat a good meal and enjoy the meeting. Counting every member and his dog (Jim), the club membership was doubled as of March 31. The winner of the membership drive for the district, will be announced at the Lubbock District Convention, April 24, 25, 26.

There was a full house at Tuesday's luncheon, and only one guest: Master Johnny Edwards of Amarillo, who was the guest of his grandfather, Rev. Ivey Biggs.

Jeff Ward, Glenn Helton, J. B. Melton, Kenneth Vaughn, Forrest Sawyer, and George Benson were introduced as new members. N. J. Richardson was introduced as a reinstated member.

In the Lion's Monthly Newsletter for January, Carroll Knorpp

was mentioned in the first fifteen on the membership chairman honor roll. He could be on top for February and March.

Judge Porter announced the formal opening of the new American Legion Hall for next Tuesday, April 12th, from 6 p. m. to 9 p. m.; everyone is invited. Those boys have done a good job of rebuilding, so let's show our appreciation by attending their house-warming. We have had a "two-bit tour," and it is tops. We were afraid to stay too long—too much wall space being painted with too few painters.

Mrs. Bill Williams, Lion's Sweetheart, had charge of the program. She presented Misses Mary and Ann McCreary, daughters of Mr. and Mrs. Weldon McCreary of Memphis, who entertained with several piano solos and duets. Miss Connie Williams, daughter of Mr. and Mrs. Bill Williams of Clarendon, favored us with two vocal solos. She was accompanied by her mother.

**FARM NEWS**  
from the County ASC Committee

**DON'T FORGET APRIL 15th** is the last day for purchasing feed with those FARMER'S PURCHASE ORDERS which you have in your possession and have not used. Any FARMER'S PURCHASE ORDER not used by APRIL 15th will become void, so if you intend to buy some more feed with those FARMER'S PURCHASE ORDERS which you still have on hand, but have failed to use, be sure to use them on or before APRIL 15th.

**COTTON PRE-MEASUREMENT**—Request to have your 1955 cotton acreage PRE-MEASURED must be made at the Donley County ASC Office by APRIL 15th. The charge for this service is \$7.00 per farm plus \$2.00 for each additional plot over one. Payment for this service must be made at the time you make your request for this service. It is not

mandatory that you have your acreage pre-measured, but if you wish to do so, don't forget APRIL 15th is the deadline for making your application here at the ASC Office.

Applications for LISTING OR CHISELING TO PREVENT WIND EROSION are still being taken at this office, so if you have some land that is blowing be sure to come to this office and make application to do that listing or chiseling that will HELP CONTROL THAT WIND EROSION. At present, payment is assured for contour listing only, however we will take applications for straight-row listing and hope that payment can be made for this type of listing also. Chiseling does not have to be done on the contour. Payment for listing or chiseling is 50c per acre. Re-listing or re-chiseling land will also qualify for payment, but don't forget to make your application before you do the work.

**Strong Winds Visit Area Again**

Last Thursday can go into the records as another of those whizzers. The wind reached gusts of 70-80 miles per hour and carried a wall of dust along with it. Some fields in the area received considerable damage from blowing during this storm and again Sunday. In the big blow Thursday, several TV aerials toppled and the big 24 x 48 sign on top of the Donley Hotel crashed with part of the sign lapping over the edge of the building. Fletcher Curry, hotel owner, reported damage to his roof and complete loss of the sign to amount up in the hundreds of dollars. The sign was covered by insurance.

Clarendon residents were quite proud of the high sign on top of the Donley, for it could be seen quite a ways any direction from town. Mr. Curry stated that the sign would be rebuilt and it would again be worthy of the view of visitors coming to Clarendon.

Mr. and Mrs. Gene Tyler and Nita Jean of Amarillo visited with his mother, Mrs. E. W. Tyler and other relatives Sunday afternoon.

**Dog Poisoning Here Reported Again**

A number of dogs and cats have been poisoned in the last week or so. It's hard to mention that such a thing could happen, but it does now and then. A person has to be very cruel at heart to poison any animal and also put the life of youngsters in jeopardy. Little folks don't know the difference and may pick up a poisoned article and put it in their mouth. It's horrible to think about.

If a dog or cat is bothering you, tell the owner about it. If he doesn't do something about it, call the city office and see what can be done before you place out poison. We know that folks don't like to have their garden or flower beds ruined by a dog. It is your property and you should be able to enjoy it as you wish. Dog owners should keep their dogs at home, especially if they are of the nature to bother others. A lot of people love their flowers and shrubs just as you love your pets. It's sort of a mutual feeling and if everyone is considerate, harmony can be enjoyed by all.

**PAYNE'S ENJOY FLORIDA VACATION**

Mr. and Mrs. William Payne returned recently from a vacation taking them as far south as Georgia and Florida. They accompanied Mr. and Mrs. Arnold Helms of Claude and all report a most enjoyable trip.

While away they visited relatives, Mr. and Mrs. Oliver Minter at Waycross, Ga., and other relatives at Brunswick, Ga. Many lovely tourist attractions as well as the historical spots were visited including Key West, Datona Beach, Miami Beach, St. Augustine and the Okefenokee swamps. They took a sea trip on a shrimp boat, going to the St. Simons Islands for a sea food supper; they made a tour on a glass bottom boat seeing the various sea fish; they visited the church at Georgetown attended by Mrs. Payne's mother and the church and oak stump on St. Simons Islands where John Wesley preached. The spring water

which they drank from Ponce De Leon's Perpetual Fountain of Youth seemed little different from any other. These were just a few of the many interesting points visited. The flowers were beautiful including Azaleas, and poinsettias; the dogwood trees were in bloom and the Cyprus trees were magnificent.

cent report from the State Comptroller's Department the gasoline tax collections for the last reporting period of one year ran nearly 129 million. Of this total almost 16 million was refunded because it was of non-highway use. Almost 92% of the total number of claims and 58% of the total dollars refunded went back to farmers.

The folks who would like to keep all of this take in Austin can by a sort of implication make this look like a terrific rake-off to the farmer which is just about as far from the truth as possible. Actually, if this is a tax based on use and benefits from the highways of our state, then the farmer is in the first place paying a tax that he doesn't owe and any loss or use that comes to anyone else while his money is being returned to him could certainly not be charged to the farmer's benefit.

The next biggest customer that shares in the refund is the aircraft industry. It's a small wonder that some group doesn't try to cut them out of the refund because they fly over the highways.

We have a new member in our Ain't Smoking Right Now Society; the very first in quite a while. At least we are going to call him a member even though he is a very unwilling one. Anyway, our neighbor Floyd Wilson is qualified even though the idea was not his own, and probably no pep talk of ours would help his feelings just now. But we're glad

to have him and we can understand from experience why his shirt pockets are all worn out from being searched. But we promise also from experience that things will get better day by day.

We can not do our kind deeds for others too soon, because we can never know when it will be too late.

Just this week we talked to a lady that had some two months ago paid out \$16.50 to a no good sort of a lousy guy that came by supposedly selling hospital insurance. She listened to his sweet talk about his family, his love for West Texas; even boasted of being an Old-Timer in these parts. The poor lady was taken in, paid out the \$16.50 in cash; taking a bogus receipt, and after two months finally went to the sheriff in despair about the policy that never came.

Folks, please don't do it. Don't trust the sweet-tongued orator who breezes into your living room uninvited with something to sell that you know not one thing about. We won't use the lady's name because she might not like it, but we assure you that it is a no good feeling to find yourself swindled out of this much hard earned cash by a no good bum. We will give you her name in case you want some advice from one with actual experience. Remember this: Before you spend one dime; spend some time investigating.

March went out like the lion that it can be. On the 31st the sun rose nice and balmy. In just a few hours we were in the middle of a real Panhandle dust storm. Then, just a bit later drops of rain made doughnut holes in the dirt. From rain to snow and back to a fair norther. I guess it

just goes to prove that if you don't like our weather here in the Panhandle just wait a little while and your kind of weather will pass by.

The more responsibility we place on most of our shoulders the less room there is left for chips.

**Anglers Cautioned On License Rules**

AUSTIN—Leaving for an overnight fishing trip, the Director of Law Enforcement for the Game and Fish Commission wished himself luck and left behind a memo on fishing license requirements under present Texas laws. He said warden reports received since the warm temperatures and "fish bitin' weather" indicated that some of his fellow anglers apparently are not familiar with the assorted state fishing laws.

The Director emphasized that the greatest problem for the individual fisherman seemed to be about when a fishing license is required, and that the second problem seemed to concern the 7-inch minimum length for black bass which is the State's most popular game fish.

"Most of the approximately six hundred State fishing laws concern local gear and methods of taking fish in the different counties," he noted, "but the main statute to remember affects license requirements for public fresh water sports fishing.

"The law states that anybody under seventeen years of age may fish without a license. The law states that any resident of this State may fish without a license

in the county of his residence PROVIDING artificial lures are NOT used. In other words if a resident of Texas fishes in his or her home county with an artificial lure, the \$1.65 license is required.

"The law also states that any resident of this State can fish without a license in any county adjoining the county of his residence PROVIDED artificial lures or live bait are NOT used. Live

bait under the law is defined as minnows or fish."

The Director suggested the safest way is for anglers to consult a copy of the digest of game and fish laws, or see their local game warden, or do both.

He reminded Texans that no salt water fishing license is required.

**Big news about Buick's 4-Door Riviera**

THIS brand-new kind of automobile—the sensation of all the Auto Shows this year—is now rolling off the Buick assembly lines in volume numbers. That's the first news.

And the second is just as wonderful—this dramatic new model is very definitely everything that eager buyers hoped it would be.

For the 4-Door Riviera is the first "hardtop" ever available with separate doors for rear-seat passengers—plus rear-compartiment room big as a Buick-size family sedan.

It comes breezing in with all the low-lined sweep and wide open visibility of Buick's original 2-Door Riviera—and with luxurious new spaciousness in

its sizeable and full-length 4-door body.

With windows down, no posts appear for the rear doors, and you get a completely unobstructed view at both sides.

You find rear doors are hinged at their front edges to swing wide and free, and assure easy entrance and exit.

And you'll find legroom, headroom and hiproom extra-generous both front and rear—with interiors tailored in fabrics and patterns specially reserved for the 4-Door Riviera.

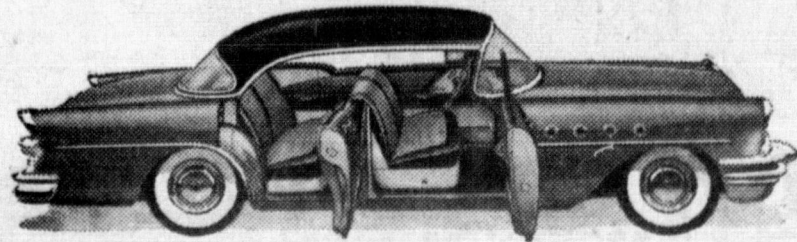

Best of all, this new Buick beauty comes off the line in both the low-price SPECIAL Series and the high-powered CENTURY Series.

So you can pick your 4-Door Riviera with the potent performance of a 188-hp or 236-hp Buick V8 engine—the swift get-away and gas saving of Variable Pitch Dynaflo\*—the velvet stride of the Million Dollar Ride—the long list of Buick bonus features at no extra cost—and all at "great buy" prices that have helped move Buick into America's "Big Three" of best sellers.

But—better come see us about the 4-Door Riviera now.

With all-out production—and a prompt order—this newest excitement in cars will be yours that much sooner.

\*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

By PRICE DANIEL  
U. S. Senator

Strong efforts were made in Congress last week to provide increased cotton and rice allotments to care for hardship cases.

It appeared until the last vote that the Senate would approve small increases in allotments to cotton farmers who could show hardship under present allotments. The House had passed an over-all 3% increase in the allotment for each State, which

would have meant 228,383 additional acres for Texas. The Senate approved half that increase, but just before final passage an increase in wheat allotments was added by amendment. That seemed to load the bill too heavily, and on final vote it was defeated 51 to 39. This was a disappointment for all of us who had been insisting on additional acreage for family-size farms. It means that 1955 cotton allotments will not be increased. All Texas acreage has been allotted by the State committee. The only hope for individual relief now lies with county committees, a few of which will have acreage available for hardship cases.

This action may spell bad luck for the proposed increase in rice allotments, although that is being handled in a separate bill.

**Texas Cotton Allotments**  
Texas has 42% of the entire 1955 cotton allotment for the nation. This is because of the fact that our State has grown about this percentage of the cotton pro-

duced in the nation for many years.

Texas cotton farmers are both large and small. In Central and East Texas we have 18,000 farms with less than 5 acres allotted to cotton. In West Texas we have nearly 2 million acres of irrigated cotton land, with farms ranging from a few hundred to a few thousand acres. When a special increased allotment was proposed for irrigated lands in four western states, California, New Mexico, Nevada and Arizona, it was discovered that West Texas has more irrigated cotton lands than all of these four states put together.

Our total of cotton allotments for Texas in 1955 is 7,612,779 acres. The allocation this year was difficult for the small family-size farms, and it was to help them that Congress considered the above mentioned bill.

**Natural Gas Bill**  
Hearings have started on a bill to stop Federal control of the price a producer may charge for natural gas. As a result of a ruling by the United States Supreme Court in the Phillips case, the Federal Power Commission has assumed authority to fix the price for which producers may sell their gas if it ends up finally in an interstate pipe line. This is extremely oppressive to our Texas gas industry, and could lead to Federal price-fixing on many other commodities which finally go into interstate commerce. It is important to every state that regulation and conservation of natural resources remain in State hands and not in the Federal Government.

Prospects now look favorable for passage of the legislation, although it will be a bitter fight in both the House and Senate. Northern consumers have been led to believe it would mean higher prices on their gas bills. Actually, the producer gets only ten per cent of what northern consumers pay for their gas. The balance goes to transmission and distribution companies. If they keep producers under Federal control there will be less gas piped out of Texas and other producing States, and that might sure enough lead to higher prices for northern consumers.

**Baytown Rubber Plant**  
The Senate has passed a bill providing additional time for the sale of the government-owned rubber plant in Baytown. Otherwise, the big Baytown plant will be closed down. Former bids on the plant were too low and were all rejected. Baytown citizens, led by Fred Hartman, Editor of the Baytown Sun, urged us to sponsor this bill so as to keep the plant and important payroll in operation. Local interests have organized to buy the plant if established rubber manufacturers again fail to offer what it is worth.

**YOUR 1954 Income Tax**

**Contributions**

If you itemize deductions on a Long-Form 1040, a deduction, subject to certain limitations, is allowed to individuals for the contributions they make to recipients such as the following:

- (1) Organizations, funds, etc., created and operated exclusively for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals, if they are organized under the laws of the Federal, State or U. S. territorial governments, are non-profit and do not conduct propaganda or otherwise attempt to influence legislation.
- (2) Domestic fraternal societies operating under the lodge system, if contributions are to be used exclusively for purposes noted in (1) above.
- (3) Any state, territory, or possession of the United States, or any political subdivision, or the United States or the District of Columbia, if contributions are exclusively for public purposes.
- (4) Non-profit Veterans' groups, or trust or foundations for such groups, organized in the United States or any of its possessions.
- (5) Non-profit cemetery companies owned and operated exclusively for the benefit of their members, or to any non-profit corporation chartered solely for burial purposes as a cemetery corporation and not permitted by its charter to engage in any business not necessarily incident to that purpose.

Some examples of the treatment of contributions are:

- You CAN deduct gifts to: Church, including assessments
- Salvation Army
- Red Cross or Community Chests
- Non-profit schools and hospitals
- Veterans Organizations
- Boy Scouts, Girl Scouts, and other similar organizations
- Non-profit organizations primarily engaged in conducting research or education for alleviation and cure of diseases.

You CANNOT deduct gifts to: Relatives, friends, other individuals, political organizations, or candidates.

- Social Clubs
- Labor Unions
- Chambers of Commerce
- Propaganda Organizations

The deduction is allowable only for the taxable year in which the contribution is actually paid. A mere pledge of a contribution does not give rise to a deduction.

**Amount of Contributions Deductible:** In general, the deduction for contributions may not exceed 20% of your adjusted gross income. Under the new 1954 law, there is a special additional deduction up to 10% for contributions made to churches, a convention, or association of churches, tax-exempt educational institutions, and tax-exempt hospitals, which must be computed as explained below. If all your contri-

butions were to these churches, schools, and hospitals, you can deduct up to 30% of your adjusted gross income. To compute the deduction for contributions, you should first figure the contributions to these special institutions to be the extent of 10% of your adjusted gross income and the amount in excess of 10% should be added to the other contributions to which the 20% limitation applies. If all contributions to churches, schools, non-profit hospitals, and other allowable organizations do not exceed 20% of adjusted gross income, then you may deduct the full amount of your actual allowable contributions.

### TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

#### WILDLIFE

The age-old East Texas debate of open or closed season on squirrels seems to have spread east of the Mississippi and right smack into the White House. It seems that the turf on the Presi-

dent's putting green was being disrupted by some type of vandal. A hurried investigation (without the benefit of a Congressional investigating committee) resulted in the finger of scorn being pointed at the squirrels. Although immediate defenses were set up some delay was occasioned in dealing with the culprits. It could not be determined whether such vandalism should carry the death penalty or banishment to the rural wooded areas. Word got around that the latter was decided upon, which took some of the

wind out of the sails of those who were preparing to raise a great hue and cry about squirrel murderers. However, this setback was only temporary because it was conceded that banishment of a city squirrel to a rural area without proper identification would result in the country squirrels not being able to recognize the inability of the city squirrel to cope with the ways of nature, he having been fed with a silver spoon so many years; with the end result that the country squirrel would get all of the food and the city squirrel would soon starve to death. This divided the camp between the anti-squirreliacs and the pro-squirreliacs. The pro-squirreliacs claim that this was inhuman and was indirect squirrel murder. The tempo of the battle increases. The possibility of settlement presently appears to be just about as remote as the open and closed season debate that started in East Texas shortly after the Lone Star Flag was first lofted above our great domain.

Squirrel troubles are not the only animal troubles plaguing our President. It seems that he has pigeon trouble on his Pennsylvania farm. It is reported that he got out his shot gun and went to work on them. This made me feel a little bit better about what I

had been doing where I live here in Washington. For some unknown reason the pigeons seem to love the Rogers family. It might be the wide eaves on our house. In any event, they proceeded to wake us about five a. m. until I got a B-B gun and went to work on them. Actually, I was ashamed to be out shooting at them and always waited until dusk or early in the morning when I might not be identified in the shadows. However, since the President has set the pattern, I have come out in the open. The pigeons don't seem to be much more disturbed than they were in the first place. When this operation first began, the pigeons would fly off as soon as I came out with the B-B gun. They soon learned that I had to cock the gun, so from then on, they waited for that performance. I was able to slip up on them once or twice, and they were the victims of a sample of my shooting. The result of that was that now they don't fly when I come out of the house with a gun, they don't fly when I cock the gun, and they don't fly when I shoot at them. I may have to call in the President for some advice on the subject or borrow his shot gun.

#### THE GAS HEARINGS

The House Interstate and Foreign Commerce Committee has finally commenced the hearings on several gas bills pending before Congress. From the standpoint of basic democratic government, this will be one of the most important issues, in several decades. Many people think it involves only the question of the use of gas. This is not true. The issue is whether or not this country will continue to operate under the dual sovereign theory of a federal government and a state government or whether these two will be fused into one

all-powerful federal centralized bureaucracy. Few people realize the impact that the recent Supreme Court decision can have on the democratic form of government if it is not corrected by this Congress. The expansion of the jurisdiction of the Federal Government can be effected quicker, easier and more completely through the medium of interstate commerce than any other way. The invasion of and encroachment upon states' rights through the commerce clause of the Federal Constitution is one of the greatest dangers faced by the individuals of this generation. It must be continually guarded against.

#### Traffic Law Cheating!

Have you ever chucked at the fellow who cheats at solitaire? If you have, you'll probably be interested in the views expressed by Mr. R. B. Roaper, Chief Safety Engineer, Humble Oil & Refining Company, Houston, and President, Texas Safety Association, today as he discusses the know and obey traffic laws program which the Texas Safety Association and the Texas Department of Public Safety is conducting in cooperation with the National Safety Council.

Mr. Roaper says, "Many of us duplicate the chiseling solitaire player's tactics when we drive in traffic—sneaking through a stop light, driving a few miles over the speed limit or otherwise disobeying traffic laws."

"Traffic laws are made for our protection and we're obviously cheating ourselves when we disobey them," Mr. Roaper said. "And what's more, our irresponsible conduct also exposes everyone else on the road to danger."

Those of us who excuse our recklessness by saying we only disregard traffic laws when it's safe to do so come in for a special word of advice.

"We're just kidding ourselves when we come up with that alibi," Mr. Roaper said. It's never safe to disobey traffic laws."

He explained that traffic laws are made after careful studies by traffic engineers and enforcement people, and that there's expert thinking behind the placement of traffic signs and signals.

"Here's an example," Mr. Roaper said. "You may be driving along a residential street, and, because there is no traffic at the moment, you may think it isn't necessary to stay within the posted limit of 20 m.p.h. Suddenly a little girl bounds out in front of your car. Her life depends on how fast you can stop. You didn't

know it, but there are many youngsters living in the neighborhood and the people who set the speed limit were providing for just such an emergency as this."

Mr. Roaper urged Texas drivers not to cheat themselves by disobeying the law.

"It may be fun to fool yourself at solitaire," he said, "but it can be just plain fatal to fool yourself in traffic."

LEONA BENDER, popular radio star of KTSA says, "Every woman knows light Karo is best for cooking... and on the table..."

it's Karo for me, the best-tasting waffle syrup of 'em all"

Yes, indeed... biscuits go like hot cakes when you pour on plenty of delicious Karo waffle syrup. There's nothing like it for good eating. Satisfyin' flavor. So rich it stands right up on top of biscuits (keeps 'em light and fluffy). Keep Karo on your table morning, noon and night... it tops anything!

Ask your grocer for Karo waffle syrup, in pints and quarts

AUSTIN—Senator Jimmy Phillips battled .666 and then struck out.

He broke the national filibuster record; got himself a lot of publicity; but failed by a 14-11 Senate vote to achieve his announced goal. That was to get the John Sealy Hospital at Galveston one million dollars more per year

than set out in a House-passed, general-appropriations measure.

The Angleton Senator not only broke the state talkathon record but went on to take national honors by holding the floor for a total of 23 hours and 35 minutes of continuous debate.

As finally passed by the Senate, the administration backed \$1.5 billion measure became the largest general appropriations bill in Texas history to clear both houses. After a few conference committee agreements the bill will be ready for the Governor.

### Tax Switch

It is apparent that administration forces have climbed aboard the "omnibus" tax bill — and abandoned Gov. Allan Shivers' two single-shot tax vehicles.

This opens the door wide for increasing present taxes and perhaps adding new ones.

Governor Shivers originally asked only a 2-cent hike in the gasoline sales tax and a 1-cent increase in the cigarette tax.

There is no question as to where the money will come from — the taxpayers' pockets. The problem is how to extract it.

### Giles Probe

Investigation of veteran land deals continued.

A witness before the Senate investigating committee testified that former land commissioner Bascom Giles and Lawrence Jackson, secretary of the veterans land board, raised no objection to a block land operator buying up veterans' rights for the purchase of land by others.

Herbert Box of Georgetown, the witness, told the committee he was assured by Giles and Jackson that it "didn't make any difference to the state who made

the payments."

Three Georgetown veterans testified that Box had paid them from \$35 to \$70 for signing applications, with the understanding that they were not buying land, but authorizing others to buy.

### Other Land Activity

Other developments in the broadening land investigation included:

1. Cecil Burney, special assistant attorney general, said that several branches of the federal government are interested.

2. Giles, in district court here, refused to answer questions about two deals in which the state is suing him and others to recover \$171,427. Giles' attorneys said he would not talk because co-defendants had not been officially notified that oral depositions were to be taken.

3. Back to work on veteran land deals went a Travis County grand jury. A previous grand jury had been dissolved because of a legal question as to whether it was properly called.

4. Senator Phillips asked the investigating committee to subpoena all bank records of Alvis

Vandygriff, Austin lawyer who was the first executive secretary of the veterans land board. Vandygriff has testified before the House investigating committee that he was to receive \$5,000 legal fees in a Webb County deal.

5. Cuero Congressman John J. Bell told investigators that he received more than \$20,000 in legal fees during 1952-54 from persons mentioned in land deals. Bell made the statement voluntarily, after some of his fees had been mentioned in land testimony.

### Gas Everywhere

Representatives from 500 Panhandle area farm families swarmed the legislature to support two bills that will make natural gas available to them.

At present, the area produces two million feet of gas a day, but the farmers can't buy the gas to run irrigation pumps for drought-hit wheatland.

One measure pushed by the group would require gas companies, having wells on irrigated farm land, to sell enough gas to run pumps.

Another would give royalty owners the right to either sell their share of the gas or to use it for irrigation pumps.

### Water Program

Final Senate approval has been given a proposed constitutional amendment calling for a \$100 million state aid program for local water conservation. If the House approves it, it will go to the people September 20. A state property tax of three cents per \$100 value would finance the bill.

### Annual Garden Club Short Course April 13 At Texas Tech

LUBBOCK—Representatives of 80 Panhandle-South Plains garden clubs are expected to attend the third annual Garden Club Short Course at Texas Tech April 13, sponsored by District I of Texas Garden Clubs, Inc.

Five horticulture and garden experts will conduct the one-day training program, according to Mrs. Nat Williams, district governor-elect from Lubbock.

Dr. Donald Ashdown, professor of horticulture and park management at Tech will talk on "How About Those Bugs?" Hints on "Texture and Color in the Outdoors Garden" will be presented

by Mrs. Ethel Jane Beitler, assistant professor, and Mrs. Meda P. Johnson, part-time instructor, both of the Tech applied arts department.

"Flower Arrangement (Western Motif)" will be the topic for Robert Rucker, landscape architect for the University of Oklahoma. Lighting consultant John Watson of Plainview will describe methods of "illumination of the Garden."

The welcome address will be given by W. L. Stangel, Dean of the Tech Agriculture Division, and the response will be made by Mrs. A. L. Manjeot, Hereford, governor of District I.

The program will close with a question and answer period, utilizing main speakers and resource persons.

Complete and official figures show that again in 1954—for the 19<sup>th</sup> straight year—**MORE PEOPLE BOUGHT CHEVROLETS THAN ANY OTHER CAR**

## No other low-priced car even comes close

to matching these important Chevrolet advantages . . .

If you're planning to buy a new car, the one you just can't afford to miss seeing is Chevrolet—for 19 straight years America's best-selling car. The Motoramic Chevrolet offers you so much more than the other low-priced cars that it's hardly fair to compare them. And even the high-priced cars don't have all the advantages that today's Chevrolet offers you.

The beauty's built in—not bolted on! Chevrolet's beauty is inherent in the basic contours of metal and glass. There's no excessive bolted-on ornamentation to go out of style overnight.

The Body's by Fisher! You see Body by Fisher on lots of the high-priced cars—and only Chevrolet has it in the low-price field!

Today's most modern engines! That goes for Chevrolet's new V8 and two new sixes as well. All bring you a modern 12-volt electrical system—double the voltage of other low-priced cars. Then Chevrolet's new "Turbo-Fire V8" has the shortest piston stroke in the industry!

A drive to suit your driving! There's silky, peppery Powerglide (even

better this year!), new Overdrive (both extra-cost options), and a new Synchro-Mesh transmission that's as smooth as they come.

All the power helpers you want! Windows, seat, steering, brakes—all are available with built-in "muscles" to make driving as effortless as you wish. They're optional at extra-cost—and worth it!

Come take the key! There have never been so many good reasons why you should drive a Chevrolet!

Over Ten Million Chevrolet owners—Two Million more than any other car!
