### Soil Bank Conservation Reserve Forms Received At ASC Office

Information and the proper CSS (Soil Bank) Conservation Reserve Forms have been received in the Donley County ASC Office.

This is how the Conservation Reserve Works:  
 All farmland regularly used in the production of crops, including crops such as tame hay which do not require annual tillage is eligible for the Conservation Reserve. The following are excluded: (1) non-cropland used only for pasture, (2) land designated for the Acreage Reserve Program (Cotton and Wheat allotted acres).  
 The minimum acreage acceptable in the Conservation Reserve is 5 acres, except that in special cases, on small farms, the minimum acceptable may be 1 acre.  
 The total annual Conservation Reserve payment to any producer, for any year, and with respect to all farms in which he has an interest is limited to \$5,000.

To participate in the Conservation Reserve program farmers must sign contracts with the U. S. Department of Agriculture through their county ASC Committees. These contracts will be for 3 or 5 years, at the option of the producer, for land that is already in approved cover crops. The contracts will be for 5 or 10 years, at option of producer, where an approved vegetative cover must be established. However, if any farmer has land that would qualify for the Conservation Reserve in 1956, the contract will be for 4 or 6 years for land that is already in approved cover crops, and for 6 or 11 years where an approved vegetative cover must be established.

There are two kinds of Conservation Reserve payments; Cost-Sharing and annual.  
 (a) Cost-sharing is a payment to assist in the establishment of soil and water conservation practices on the designated acreage. This payment will be 80% of the cost of establishing such practices. Types of eligible conservation practices for which cost-sharing may be allowed are similar to those under the current ACP, and will be explained at the county office.

(b) An annual payment will be made for the land in the Conservation Reserve. In Donley County the annual payment will be \$9.00 per acre.  
 A farm will be eligible for both cost-sharing and annual payment during the year a conservation practice is carried out. The annual payment will be made for each year the contract is in force and contract conditions are met.

The tract or tracts of land constituting the Conservation Reserve must be specifically designated in the contracts. Producers may select the particular conservation practices they desire to use, subject to approval of the County Committee.  
 For farms entering the Conservation Reserve, a "farm soil bank base" will be established by the County ASC Committee. Generally speaking, this farm soil bank base is the average acreage of land devoted to production of crops for harvest on the farm in the two years immediately preceding the first year of the Conservation Reserve contract. More details on this "base" are available from the local ASC Committee.

Conservation Reserve payments for conservation practices will be made as soon as possible after the completion of the practices and after compliance has been ascertained by County Committees. Annual payments will be made as soon as practicable after the County Committee has ascertained that the farm is in compliance

### Vallance Completes 30 Years Here In Grocery Business

September 9th marked the 30th anniversary of J. W. Vallance in the Grocery business in Clarendon. Mr. Vallance opened the M-System here in the lower block of main street on September 9, 1926 and the business has been operated continuously since that time although the name was changed upon the discontinuance of the M-System grocery chain.  
 For a long number of years the M-System was operated in the Latsos building until the new Vallance IGA Foodliner building was completed on highway 287 two weeks ago and the business had their formal opening last week end. The business here has been managed by Dick Vallance for the past several years. Herman Vallance, also of Memphis, is associated with his father, J. W. Vallance, in the business here.

### DUSTERS LOSE CAPROCK SERIES

The Clarendon Dusters put up a valiant fight last Sunday afternoon against Rath's of Amarillo to stay in the three game Caprock League series but the visitors closed the door by winning the second game thereby eliminating the third game as they had already won the first one at Amarillo the previous Sunday.  
 The game Sunday was a first-rater as the score, 2-1 indicates. Rath's pushed over one run in the first inning and another in the 3rd. The Dusters single run came in the eighth at which time it looked like they would overtake the visitors with the bases loaded and only one out. They failed to muster the batting strength to get the job done.

### Services Held Thursday For Millard Stark

Funeral services were held Thursday afternoon at the Murphy Memorial Chapel for Millard Stark with Rev. Paul Wright officiating.  
 Mr. Stark, 87, a retired Donley County farmer, died Wednesday morning at his home here following a lengthy illness. He had been a resident of Donley County since 1911. He was a member of the Presbyterian church.

Mr. Stark was born Nov. 16, 1868 in Shelby County, Tenn., and was married to Betty D. Heckle in Memphis, Tenn., in 1892. Mrs. Stark died here in June, 1945.

Survivors are one daughter, Mrs. Lottie Bogard and a son, Heckle Stark, both of Clarendon; a brother, Jasper Stark of Collierville, Tenn., three grandchildren and one great-grandchild.

Palbearers were John Bass, Cap Morris, J. H. Howze, Walter Lowe, H. M. Breedlove, Carroll Knopp, George Benson and Luther Butler.

Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

### BENNETT ELECTED PRES. OF PANHANDLE FIREMEN

C. W. Bennett, Jr., local fire chief, was elected president of the Panhandle Firemen's Association at the Fall meeting in Lubbock Tuesday of this week. Mr. Bennett has been an officer in the Association the past two years. The Spring meeting of the association will be held in Dalhart.  
 Others attending from here were Mrs. Bennett, and Mrs. Homer Parsons went as far as Ralls where she visited her daughter, Mr. and Mrs. Bill Graham.

### Golf Tournament Date Set For Sept. 28-29-30

First tournament of the new Donley County Golf Club has been announced for September 28th, 29th, and 30th, to be played on the newly opened course West of Clarendon. The play in this initial tournament is to be among all members and prospective members. Maurice Hart, tournament chairman, and other officers of the club are urging all golfers to play the course before the opening date, and to turn in their scores to Mr. Hart for bracketing and handicapping. Scores and handicaps will be posted in the Whitlock & Hart Barber Shop.

Prizes of golf balls are to be given in several ranges of scoring. These will be provided by the three dollar entrance fee which each contender will pay. Players may play on any one of the three days of the tournament, again posting the score with Mr. Hart, who, with his committee, Dink Miller and Bill Cooke III, will tally the scores and announce the winners.

Directors of the club had announced previously that all residents of the County were invited to play the course without green fees until October first, when it is hoped that all who are interested in the game will become members of the club. New members are signing up with Dr. Joe Goldston, chairman of membership.

As an opening attraction to the forth-coming tournament, a Dutch lunch will be served in the city park on the evening before the opening day. This entertainment also will be provided from the entrance fees, and is open to all members of the club, all prospective members and tournament contenders, and their wives, upon payment of the entry fee. The supper will be served at 7:30 o'clock on Thursday evening, September 27th.

A small building has recently been purchased for a club house. It is hoped that it may be moved to the course before opening date of the handicap tournament. New benches have been donated by local business men. These will be scattered about the course at convenient points, for the use of all players.

### Donley County To Be Well Represented At Tri-State Fair

Donley County and the Clarendon and Lelia Lake Chapters of the Future Farmers of America will be well represented at the Tri-State Fair at Amarillo next week. Farmers and local youths will enter hogs in the breeding and fat barrow division of the fair and a large number are expected to enter the poultry division.  
 J. D. Duggins, Clarendon F.F.A. Chapter, Lelia Lake F.F.A. Chapter, James Mahaffey, H. L. Riley, E. S. Ballew, and Dannis Gibson expect to enter animals in the breeding swine division of the show. Approximately twenty members of the Clarendon F.F.A. and Lelia Lake Chapter will enter pigs in the fat barrow show. A major portion of these animals will also be entered at the Texas State Fair in October.

Transportation to and from Amarillo will be furnished for poultry entered by Donley County Poultrymen. The group won first prize in the county displays last year, and local sponsors hope that enough good birds will be entered to cop the top award again this year.

### Bronchos To Play White Deer Bucks Friday Night

The Clarendon Bronchos take to the road Friday night to play the White Deer Bucks at White Deer with game time set at 8 o'clock.

The Broncs will be bounding back this week after suffering a bad defeat by Stinnett here in their first game last Friday night. They won't have an easy time of it though, for the White Deer boys are considered a strong contender this year and battled the strong Groom team to a 6-6 tie last Friday night.

Coaches Jinks and Clapp have been putting the boys through this week and should be clicking better by Friday night. Robert Mills is listed on the injured list but the other squad members are reported in pretty fair condition.

The probable starting line-up for the Broncs starting at left end will be Eddie Joe Baten, Chester Mann, Claude DeBord, Jimmy Carter, Milton Mann, Keith Pittman and Charles Cosper. Backfield positions will be filled with John Payne at quarter, John Morrow and Jimmy Phillely at the half positions and Jerry Behrens at full.

### RATTLERS DEFEAT BRONCHOS 37 to 7

The Stinnett Rattlers took advantage of every opportunity last Friday night to give the Bronchos a good jolt by the tune of 37-7. This was the first game of the season for both teams and was a non conference affair.

The Broncs took advantage of a Stinnett fumble at the first of the game and with Eddie Joe Baten on the receiving end, Payne tossed two passes to rack up the 6 points for the Broncs and Payne tossed another to Jimmy Phillely for the extra point.

From here on it was the Rattlers game and they really took advantage of the Broncs' numerous fumbles and were on the offense most of the game. The Rattlers pushed over four touchdowns in the second quarter and added two more in the third period. They only made one extra point conversion.

### Max Mays Receives Critical Injuries

Max Mays, son of Mr. and Mrs. L. T. Mays, received critical injuries Saturday night when his car hit a soft shoulder and overturned near Spearman, Texas. He was on his way home from Kansas to spend the week end with his family. He is a member of a pipeline crew laying a line across Kansas.

The extent of his injuries were undetermined at last report, but it was believed that his neck or back was broken which had paralyzed him from his neck down. He also received a broken collar bone and shoulder. He is in the Veterans hospital at Amarillo.

### ODD FELLOWS TO HAVE CHICKEN SUPPER SEPTEMBER 20

It has been announced that the I.O.O.F. Lodge will feature a Chicken Supper, open to the public, at the lodge hall, Thursday, September 20th. The cost per ticket will be 75c for all the chicken you can eat. This dinner was planned for a previous date but was postponed due to other activities. You are urged to keep the date in mind and take advantage of this supper if you like good, southern fried chicken. Lodge members have tickets available at the present time.

### Exhibits, Flower Show & Horse Show Expected To Attract Many Visitors

The Donley County Fair gets in full swing this Friday and Saturday, says county agent H. M. Breedlove. Bill Todd is installing the air conditioners this week so that on Thursday all exhibitors can set up their exhibits in comfort.

The judging of the community agriculture booths will take place at ten o'clock on Friday morning and will be done by Mr. Joe Cole of the Texas A&M College Extension Service of College Station. Mr. Cole will also judge the individual exhibits. The cake show, home economics and canned goods department will be judged by Miss Helen Dunlap of the Extension service and will take place at ten o'clock Friday morning. The poultry will be judged at ten A. M. on Friday along with the Flower Show.

The horse show, open to all registered quarter horses will be held at one P. M. on Saturday and will be judged by Mr. John Stotts of Matador, Texas who is a registered quarter horse judge. Everyone is urged to attend the county fair and have a big time. Bring all the neighbors and remember that all exhibits are to be set up on Thursday, Sept. 13th. Flip Breedlove will leave early Sunday morning for Amarillo to set up the county agriculture exhibit at the Tri-State Fair and all commodities will come from the Donley County Fair.

The Donley County Fair carries the title "The Biggest Little Fair in the World." If you don't believe this title, come on out to the Fair grounds Friday and Saturday and see for yourself. It will do you good to see the various products and the quality of the items raised in Donley County as well as meeting many of our fine farmer friends who have put forth the effort to make this county fair possible. The Fair barn is located on the Rodeo grounds in northeast Clarendon and there's plenty of parking room.

### Donley County Included In Drouth Disaster Programs

The Leader received the following telegram Wednesday afternoon:  
 Washington, D. C., Sept. 12  
 Donley County Leader,  
 Clarendon, Texas  
 Drouth Disaster Programs were today extended to December 31, 1956. Counties of Briscoe, Carson, Donley, Hall and Parmer were today designated as Drouth Disaster Areas and included in program today.  
 Cong. Walter Rogers

### Area Received Varied Amount of Moisture

The first moisture of beneficial measurement to be received here in several weeks was recorded at several points in and around Clarendon last Wednesday afternoon when a frontal system moved through the area. The official measurement here in town was .31 inch; Ben Lovell reported .58 for Ashtola; Mrs. Hatley reported .58 at the Country Club and Willard Knox reported .03 at Lelia Lake. The area south and southwest of town received around an inch and the Martin community received over an inch along with some hail. E. V. Quattlebaum reported better than a half inch at his place northeast of town and the amount heavier along Lake Creek.

We have had quite a variation in temperature the past week also. The readings for the week are as follows:

	high	low
6th—	97	52
7th—	73	52
8th—	84	50
9th—	89	51
10th—	91	60
11th—	98	57
12th—	99	59

All readings are made early in the morning so the readings are actually for the day previous.

### TWIRLING CLASSES TO BE OFFERED

Classes in beginners and intermediate twirling will again be offered this fall and winter with work beginning Monday of the coming week. All who are interested are asked to contact Jackie Estlack, Phone 418, on or before this time. Classes will be held Monday, Tuesday, and Wednesday afternoons. No pupils under four years of age will be taken, however there will be a class for four year olds.

### Sims PTA To Meet Thursday Afternoon

The first regular meeting of the Sims Parent-Teacher Association will be held in the Junior High School auditorium Thursday afternoon, September 20th, at 3:00. The Theme for the year's program is "We the People — Spotlight Our Schools." The devotional period will be conducted by Mr. Weldon Goar, with the cooperation of Mrs. Lloyd Risley, Character and Spiritual Education Chairman.

Mr. Homer Estlack, president of the Board will speak on "Looking Forward with Our Schools" and the years plan for the Parent-Teacher Unit will be outlined by the president, Mrs. Bray Cook.

A social hour will follow the program and all will have an opportunity to become acquainted with the teachers and to join the unit.  
 BE SURE TO ATTEND.

### City-County Hospital To Open Soon

The long-awaited opening of the newly renovated City-County hospital will take place in the near future with the possibility that it will be ready to receive patients before the end of next week.

Dr. George W. Smith, M. D., who is in charge reported that all new equipment has been received and is awaiting installation. Additional construction and decoration crews have been engaged this week to further the project.

Dr. Smith has established offices in the hospital for general practice. He is a graduate of the Southwestern Medical School of Dallas, a branch of the University of Texas. Dr. and Mrs. Smith and their three children, Sharon, Janis and Charles, have been making their home here for quite some time and purchased the Walter B. Knopp home.

Ed Richardson of Frederick, Oklahoma will be administrator of the hospital and will be in charge of the laboratory and X-Ray. The Richardson's have purchased the Bill Lane home on west third street. They have three children, Chris, Craig and Randy.

Miss Nancy Henry, a graduate of the Methodist Hospital School of Nursing at Dallas, will be superintendent of nurses. She has been making her home here since Sept. 6th. When work on the hospital is completed, she and one or more members of the staff will occupy living quarters in the hospital. Arrangements for employment of other hospital personnel have been completed.

Clarendon To Have Circus Sept. 25th

Tom McLaughlin advance representative of the all new Tex Carson Wild Animal Circus was a caller in the Leader office the past week and announced the coming of the first circus to Clarendon in 4 years, the date having been set for Tuesday, September 25th with two performances scheduled, at 2:30 and 8 p. m. on the Rodeo Grounds, under the auspices of the Legion.

This will be the first trip through this section of the state for the Carson Circus. Presenting twenty big time circus features under the big top in addition to an enlarged menagerie consisting of several dens of lions, tigers,

bears, apes, chimps, kangaroo, etc., also 4 herd of elephants, camels, and as a special feature Lotus, 5-ton Hippopotamus, all will be on exhibition on the circus grounds.

The regular advertising trucks will arrive in a few days and begin the task of placing the bright posters throughout the surrounding territory.

FROM WARM SPRINGS FACT & FANCY by W. H. Richter

(Wherein the director of public relations at the Gonzales Warm Springs Foundation tells of Texas' own physical rehab center and also throws in a little tongue-in-cheek palaver for which, incidentally, the management is not responsible.)

The Gonzales Warm Springs Foundation for Crippled Children, built by Texans to take care of their own in typical Texas style, has been deterred somewhat in attaining its maximum in growth and usefulness.

The deterrents: lack of adequate information for the public and, on the other hand, a modicum of misinformation. To tell this story adequately is a big and difficult job.

Withal, the Foundation has done and is doing a tremendous job. And that we may serve the citizens of the state even more, the publishers of the Donley County Leader have graciously agreed to permit the publication of this column which will, bit by bit, attempt to tell the Warm Springs story.

That will be the "FACT" portion of this effort. A sample of the "FANCY", which is apt to cover many diverse subjects with emphasis on the fanciful, frivolous, and foolish, follows.

"Crimemobile" To Visit Texas Towns and Cities

AUSTIN — The crashing of a bottle of "Truth Serum" by Misses Suzanne and Marionne Shepperd, twin daughters of Attorney General and Mrs. John

When we had a cold snap in Gonzales recently (the temperature dropped from 104 to 96), it put me in mind for some unknown reason of Percy Shelly's lines: "If winter comes, can spring be far behind."

As I said, I don't know why I had this thought and I'm sure no one really cares, but I did want to make it clear that it is not the customary thing for me to have thoughts like that. Likely it has something to do with the change in weather—which, as you know, affects different people different ways.

Some people get rheumatism, others get hay fever. You know how it is.

Another reason I should probably never have brought this thing up in the first place is that someone will think that I'm a name-dropped and a high-brow student of literature. Actually, I have never had much truck with poet-type people, especially when they are named Percy Bysshe.

Shelly's lines on winter leave me somewhat cold. He assumes that winter is going to be something pretty horrible and that spring is something glorious that we can look forward to now that winter is approaching. In the first place, winter might not be bad at all, especially if it would start raining.

And if it doesn't rain then spring certainly ain't gonna be no great shakes, either.

Besides, I think Percy belabors this business of looking on the bright side. Nobody's going to get very excited on Labor Day about picking colored eggs next Easter.

Ben Shepperd launched the Texas Law Enforcement Foundation's new CRIMEMOBILE this week at special dedication ceremonies at the Texas Department of Public Safety.

Speakers at the services were Governor Allan Shivers, Attorney General John Ben Shepperd, Colonel Homer Garrison, Jr., Director of the Department of Public Safety and Park Street, Director and Chairman of the Foundation.

Governor Allan Shivers designated August 27 through September 1st as CRIMEMOBILE WEEK in Texas stating, "By acquainting the citizens of the State of Texas with the latest techniques in good law enforcement, the CRIMEMOBILE can serve as an example to all our citizens of the good work which is being done by not only the Texas Law Enforcement Foundation, but the many law enforcement personnel working hourly over the State in protection of our rights as citizens."

The CRIMEMOBILE is a forty-foot rolling anti-crime classroom with modern crime detection laboratory dedicated to the cause of better law enforcement in Texas. During CRIMEMOBILE WEEK it is scheduled for appearances at Dallas, Ft. Worth, San Antonio, and Houston. Afterwards, it will commence a tour of Texas towns and cities, visiting primarily the schools and civic organizations.

Attorney General John Ben Shepperd, founder of the Texas Law Enforcement Foundation, invites not only the young people but all citizens in the Clarendon area to visit the sleek blue aluminum CRIMEMOBILE when in their locality.

The Isle of Wight is in the English Channel.

Cathay is an old name for China.

## Bride-Elect Complimented

Miss Jean Ballew, bride-elect of Lt. Duane Erickson, was complimented recently with a miscellaneous shower at Patching Club House. Entertaining rooms were attractively decorated with seasonal flowers, and recordings provided a musical background for the courtesy.

Guests were greeted by Mrs. Frank Phelan, Jr. and were then presented to Mrs. Elba Ballew and the honoree, Miss Jean Ballew. Mrs. C. M. Bennett and Mrs. Charles Deyhle alternated at the registrar while Mrs. Maurice Risley assisted with the gifts.

The refreshment table was laid with an Italian cut-work cloth and centered with the crystal punch bowl on a crystal tray. Surrounding the bowl was a floral arrangement of white gladioli, pink and yellow rosebuds, and greenery. Mrs. Doris Knorpp Reed dispensed punch. Also assisting with the serving were Mrs. Lynn Leathers and Mrs. Sam Lowry.

Approximately seventy-five registered.

Hostesses were Mesdames Frank Phelan, Jr., C. B. Morris, L. L. Wallace, W. C. Thornberry, M. R. Allensworth, H. T. Warner, Charles Lowry, C. W. Bennett, and L. N. Cox.

Mr. and Mrs. J. H. Spier and boys of Vernon visited Sunday with relatives and friends here.

## Pathfinder Club Begins Forty-Fifth Year

Pathfinder Club opened its 45th year Friday evening, September 7th at 7:00 o'clock, at Patching Club House when members met for the President's dinner. Hostesses were: Mesdames C. B. Morris, C. D. McDowell, L. N. Cox, and Lena Antrobus.

Places having been located the delicious dinner was served buffet from the dining room table which was centered with a beautiful arrangement of varied garden flowers. The head table had for its centerpiece a bowl of lovely pink carnations, the club flower. Small tables had miniature bouquets of summer flowers, rose buds predominating. At vantage points about the rooms were artistic arrangements of zinnias.

President, Mrs. Frank Phelan, Jr., asked Mrs. A. T. Cole to give the invocation, after which the dinner was thoroughly enjoyed.

Mrs. W. H. Cooke III presented a guest, Miss Sandra Barnhill, who entertained us by playing "Deep Purple"—Peter de Rose.

In her Historian's report, Miss Naomi Allison gave a vivid account of last year's unprecedented achievements, and recounted the many social aspects to be treasured in memory. The \$100 Scholarship Fund was given to Rebecca King.

Mrs. Lynn Leathers, retiring Treasurer, gave her reports for Pathfinder and Patching Club Room Board.

Mrs. Frank Phelan, Jr., retiring president, thanked her entire corps of officers and each member for their cooperation in helping her to achieve last year's noteworthy success—the Paving Project.

After the incoming president,

Miss Ruth Richerson, had accepted the gavel from Mrs. Phelan, Jr., she paid tribute to Pathfinder when she recalled the influential place it holds in our town, state, and in our hearts. She asked the new officers to stand, that she might introduce them and ask for their support in the coming year. New officers are: President, Miss Ruth Richerson; Vice-President, Mrs. Heckle Stark; Recording Secretary, Mrs. Lee Holland; and Treasurer, Mrs. George Benson; Corresponding Secretary, Mrs. Carl Allmond; Parliamentarian, Mrs. C. T. McMurtry; Federation Counselor, Mrs. Lee Holland; and Historian, Mrs. John Bass.

In closing, Miss Richerson called the Lelia Lake ladies from the kitchen and thanked them for the wonderful dinner they had served.

One guest, Miss Sandra Barnhill, and the following members were present: Mesdames Carl H. Allmond, C. E. Bairfield, John Bass, George Benson, H. T. Burton, A. T. Cole, W. H. Cooke III, L. N. Cox, Ed Dishman, Bill Greene, William S. Greene, J. H. Howze, Clyde Hudson, Ernest Hunt, Pete Kunz, Lynn Leathers, William J. Lowe, C. T. McMurtry, J. L. McMurtry, C. B. Morris, J. T. Patman, Frank Phelan, Jr., Simmons Powell, Lena Antrobus, S. W. Lowe, and Misses Naomi Allison, Mable Mongole, and Ruth Richerson.

## HUDGINS CLUB

On Sept. 4th, Tuesday afternoon, those present to quilt one quilt, and enjoy a repast of coffee, tea and cake, in the home of Mrs. Belle Smallwood were the following members and guests: Mae Perdue and Grandma Perdue, Mrs. A. P. Todd, Cora Elliott, Ruth Lindley, Robert and Tommy, Mamie Mills, Martiel Webb, Roxie Cosper, Pearl Self, Floree Webb, Pauline Koontz, Virginia Smith and Cheryl, Mary Lee Noble, and Janie Sue, and the hostesses Belle Smallwood and Frankie McAnear.

Several families of the Club and their families met at the City Park in Clarendon on Thursday night for a weiner roast. Next quilting day will be on Tuesday afternoon, Sept. 18th. Mamie Mills will be hostess.

—Reporter.

## CHAMBERLAIN COMMUNITY

The Chamberlain Community purchased the old home of Mr. and Mrs. Harley Skinner from Mr. Frank Hardin as their Community meeting place.

We want to thank Mr. Hardin for the ½ acre he gave to the community; Mr. Bill Todd for the three heaters and Mr. Tommy Saye for the before and after pictures.

There was a call meeting Sept. 3rd to dispose of the out buildings. Mr. Dennis Lindley was the high bidder. Ice cream and cake were enjoyed by all.

Four men volunteered to work on the windmill.

The Chamberlain H. D. Club met Sept. 6th at the Community Center. Mrs. Dock Mann was hostess. Painting the inside of the Center was started.

Those present were Mrs. H. A. Harrison, Mrs. A. O. Hott, Mrs. Jess Ivey, Mrs. Alfred Ivey, Mrs. Alton Webb, Mrs. Dennis Lindley and Miss Roberta Lindley.

The next meeting for work will be Sept. 11th. All try and come when the inside can be finished.

Next club meeting will be Oct. 4th at the Community Center. Mrs. Dennis Harrison will be hostess.

—Reporter.

## LES BEAUX ARTS

Les Beaux Arts Club met the morning of September 7, at Patching Club House for a breakfast. This was their annual business and social meeting opening a new year of work. Hostesses were Mesdames Frank Bourland, W. W. Taylor, Tommy Saye, J. D. Swift, John Blocker, and John Bass.

The new president, Mrs. Forrest Sawyer presided over the business session. Mrs. Royce McCluskey was elected a new member. Plans were completed for the flower show in connection with the county fair, September 14-15. Roses were used as table decoration.

Present were Mesdames M. R. Allensworth, George Benson, W. K. Hardin, Pete Kunz, C. T. McMurtry, Emmett Simmons, W. C. Thornberry, Frank White, Jr., Forrest Sawyer, Lloyd Benson, Homer Glascoe, Misses Katherine Ross, Mary Howren, Anna Moores, and the hostesses.

## LELIA LAKE M.Y.F. MEETS

On September 9, 1956 at 6:45 P. M. Jessie Lee White, vice-president called the meeting to order. Carolyn Castner gave the opening prayer. During the business meeting we decided to pay our M.Y.F. pledge.

Betsy Chamberlain was in charge of the program, "Standin' In the Need of Prayer," from the "Roundtable." Carolyn Castner read Psalms 95:1-6.

Judy Castner played "The Kingdom is Coming," "We've a Story to Tell to the Nation," and "I am Praying for You" while the group sang these songs.

Jean Fox represented the Indian; William Chamberlain represented the American boy; Evelyn Chamberlain represented the African; Jerry Don White represented the Chinese; Judy Castner represented the Japanese; Carolyn Castner read the call to worship.

In the center of the worship table was the globe of the world with the cross. Beside the globe and the cross was a doll representing several countries.

Mrs. Castner served refreshments to nine members.

We are planning to come to the Sub-District M.Y.F. meeting at Clarendon, Monday, Sept. 10th. The meeting closed with the M.Y.F. Benediction.

—Reporter.

## MARRIAGE ANNOUNCED

Mr. and Mrs. John Richey of Lelia Lake, announce the recent marriage of their daughter, Jackie to Jackie Justice, son of Mr. and Mrs. J. H. Justice of Lelia Lake.

## GOOD NEIGHBORS CLUB NOTICE

The Good Neighbors Club will meet Friday, September 1, in the home of Eula Butler for an all day meeting. All members come if you can, for this is our first meeting since dismissing for the summer months.

—Reporter.

## TO THOSE WHO EXPRESSED

their sympathy in so many beautiful and generous ways during our recent bereavement, we extend our heartfelt thanks.

The Family of Millard Stark

Mrs. O. C. Watson and Mrs. Lena Antrobus returned home Thursday after having visited several days in the home of Mrs. Watson's son, Mr. and Mrs. O. C. Watson, Jr. and family at Colorado Springs, Colo.

Mrs. Ronald Lamberth and children left Wednesday for their home at Allensville, Ky. after spending several weeks visiting in the home of Mr. and Mrs. G. A. Lamberth and family.

### STATE FAIR OF TEXAS

Spectacular illumination and scenic water effects will be incorporated into a dazzling "Esplanade of Light" for the 1956 State Fair of Texas, Oct. 6-21. The lighting effects will be the most magnificent and thrilling since those which illuminated the Texas Centennial Exposition on the Dallas fairgrounds in 1936. In addition to the modern theatrical illuminative techniques, an array of 1,772 jets and fountains of water will leap and cascade in and around the 730-foot-long reflecting pool which forms the centerpiece of the Esplanade, just inside the main gates to the fairgrounds.

Lights playing on and under the water will provide ever-changing kaleidoscopic effects of magnificent color.

Dallas Power and Light Company is co-sponsor with the State Fair of Texas of the lighting and fountain project.

The Esplanade of Light will utilize enough electrical voltage to light up a small city. There will be a total of 981 spots and floods. Special mercury vapor lamps will give a silver-green glow to the 40 great live oak trees along the Esplanade.

The overall lighting effects for the Esplanade of Light were designed by C. M. Cutler of General Electric Company. Mr. Cutler is one of the world's top experts on illumination. He served as Director of Lighting for the Texas Centennial and was also a consultant on lighting for the Chicago Century of Progress Exposition. From 1937 to 1939 he represented General Electric on lighting matters at the New York World's Fair.

**CLOWNS ON ICE**—European ice comics, Buddy & Baddy, will be one of a dozen comedy numbers in Holiday On Ice coming to the Tri-State Fair, Amarillo, September 17 through 22nd. The all-new Holiday On Ice boasts a company of more than one hundred, including international champions, novelty acts, comedians and a line of 36 young precision skaters, on the world's largest portable ice rink.

It will expedite the handling of these applications, Sanderson says, if the following information is furnished in advance. The information called for below should be mailed to the Social Security Office in Amarillo:

1. Name of husband, if applicant is a wife or widow. His social security number. Date of his death, if deceased.
2. Name and address of female worker applying on her own work, her social security number, and date of her birth.
3. If applying as wife or widow, your date of birth, address, and your social security number, if any. Also a statement as to type of age proof available.

Everett Folsom, illumination engineer for the Dallas Power and Light Company, is working with Mr. Cutler on the project, serving as the Dallas coordinator. He also played a major role in lighting the Texas Centennial.

One huge 25-foot star shaped fountain in the reflecting pool will have 1,080 separate jets of water. Two 6-foot rings will have 226 jets each, shooting 25 feet into the air, and lighted by colorscopes. Five 18-foot stars will shoot water 20 feet into the air along the length of the reflecting pool, and at the lower end the two 25-foot pylons will have a colorful flow of water cascading down its length. Yellow "buttercup" lights, 32 on each side of the pool, will line the bordering walks.

### SOCIAL SECURITY INFORMATION

Recent amendments to the Social Security Act provide for payments, effective for November of this year, to eligible widows, wives whose husbands are already receiving payments, and women workers who are at least 62 years of age.

Benefits to wives and women workers will be scaled down according to how much the applicant lacks being age 65 and this will be a permanent reduction from the amount which would have been payable had the applicant waited until age 65 to apply. In most cases, however, more total benefits will be received by filing before age 65 than by waiting until age 65 to apply, according to a statement from John R. Sanderson, Manager of the Amarillo Social Security Office.

### TOO LATE TO CLASSIFY

**FOR SALE**—Used Underwood typewriter, Airway vacuum cleaner, large circulating gas heater, radiant type gas heater, pedal type Singer Sewing machine, all in good condition, priced reasonable. Call 384-M or see at Butler's Jewelry. (32-2c)

**FOR SALE**—Early Wichita wheat seed \$2.40 bu. Risley & Cook Grain Co. (32fc)

### University of Texas McDonald Observatory Studying Planet Mars

**FORT DAVIS**—The University of Texas McDonald Observatory is conducting an intensive, month-long study of the planet Mars.

The reddish-orange planet has moved to within 35 million miles of earth, closer than it will be for the next 17 years.

Using McDonald's 82-inch telescope, astronomers will study Mars' colors and color changes, polar caps, infrared spectrum and carbon dioxide content. Photographs of Mars' surface details will be used to construct a surface map of the planet.

Mars' two satellites, Phobos and Deimos, will be studied for their brightness and position.

Dr. Gerard P. Kuiper, nationally-known astronomer, is directing the Mars study.

McDonald Observatory is operated jointly by the Universities of Texas and Chicago.

Mrs. H. A. Hitt and son George of Denver, Colorado visited last week with her mother, Mrs. G. E. Allen.

Mrs. G. W. Estlack and Jackie made a business trip to Pampa Monday afternoon and enroute home visited with Mrs. John Patterson and family at Groom.

Mr. and Mrs. Bobby Moss of Borger announce the arrival of a son, Randal Mike on September 5th. He weighed 7 lbs., 13 oz. The proud grandparents are Mr. and Mrs. C. F. Moss and Mr. and Mrs. E. D. Head.

### State's Motor Vehicle Inspection Dates Set

The Texas Public Safety Commission has set September 15, 1956 to April 15, 1957, as the period during which automobiles and other motor vehicles must be inspected under provisions of the State's Motor Vehicle Inspection law.

Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety, said in announcing the Commission's action that motorists should avail themselves of the opportunity to have their autos inspected as soon after September 15 as possible in order to avoid the inconvenience and delay which is usually associated with the end of the seven-month period by the "log jam" of car owners who wait until just before the deadline to have their vehicles safety checked.

George W. Busby, Chief of the DPS Motor Vehicle Inspection Division, stated that the more than 4,200 licensed inspection stations in the State would have sufficient supplies of stickers on hand by the starting date and would be equipped to check vehicles without delay.

Mrs. T. A. Jasper of Dallas has come to spend the winter with Mrs. G. E. Allen at Hotel Clarendon.

Mrs. W. C. Larimer of Garland and Mrs. W. A. Larimer of Denton spent the past week with Mrs. G. E. Allen.

**LIBRARY NOTES**  
By **May L. Prewitt**

The first book we shall announce is "Fence Corners" by **Marel Brown,** a devotional given by Mr. and Mrs. Joe Goldston in memory of Mrs. Potter. And the next is "Moments of Devotion"—Meditations & Verse by **Grace Noll Crowell,** given by Mrs. Ruby Bromley in memory of Mrs. J. R. Cox.  
A gift for girls given by **Sara Antrobus** is "Emmy" by **Florence Means** who has written several books. The book we have of hers is "Assorted Sisters."  
Another devotional edition given in memory of Mrs. Eldridge is "Streams In the Desert" by **Mrs. Chas. Cowman.** This is the thirty-fourth printing so I'm positive it is quite worth reading. This was given by **Messrs. Landers, Ray** and **Bryan** of Clarendon Food. We appreciate these books very much and they are read by so many of our patrons.

Some one gave us "The Kingdom Is At Hand." This is apparently the teachings of "Jehovah's Witness" teachings. We have quite a few books from the Mormons, and some material of the Catholics, in fact our religious shelf is rather general. Our Devotional Religious shelf is excellent.

We received a copy of "Risks We Face" given by "The National Board" of fire underwriters. The writer states that it is to be used as a manual by students and layman. Then we received some used books. We are offered so many used editions, but we frequently have them stocked, as for nine years we have stocked book club editions, abridgements, and best sellers. Our shelving space is past tense.

# FARM NEWS

from the County ASC Committee

## SOME HIGHLIGHTS ON SOIL BANK ACREAGE RESERVE FOR 1957 WHEAT:

All farmers with wheat acreage allotments are eligible to participate. Contracts are for one year only.

Allocation of funds for Donley County is for \$49,900.00. Contracts will be accepted on a first-come-first-serve basis.

Payments will be based on the normal yield for the land placed in the reserve, at the rate of \$1.20 per bushel, which is 60 per cent of the wheat price-support rate

in the county. Farmers may elect to receive grain instead of a negotiable certificate for participation in the program.

Acreage Reserve land may not be grazed or cut for hay, unless special permission is granted because of an emergency. Noxious weeds must be controlled.

All acreage allotments established for the farm must be complied with.

### Producers With Overplanted Cotton Acreage:

All farmers must get their overplanted cotton acreage destroyed at once. Some producers have already gathered part of their cotton, and we would like to call to their attention that marketing cards cannot be issued until the farmer is in compliance on each farm that he operates.

### Cost-Sharing Under Soil Bank To Follow ACP Pattern:

Cost-Sharing for conservation of soil, water, forest and wildlife available under the Conservation Reserve of the Soil Bank is similar to the cost-sharing provided by the Agricultural Conservation Program.

The cost-share rate for practices included in the Conservation Reserve may be as high as 80 per cent of the cost, while the cost-share rate for ACP practices is around 50 per cent. The Conservation Reserve practices may only be applied on land under Conservation Reserve contract, while ACP practices may be applied to farm cropland, grazing land, etc. There are restrictions on the use of the land in the Conservation Reserve since one purpose of the program is to reduce production of surplus products.

Guests Friday in the W. L. Jordan home were Mr. and Mrs. Miles Robertson of Denver, Colo., Mrs. Roy Robertson and son Honey and Darlo Kay and Bud Robertson. Mrs. C. A. Pittman and Mike, Mr. and Mrs. Don Deal, Mr. and Mrs. Jack Stuart, all of Amarillo, were visitors Saturday.

Mr. Walter Jordan, Mr. and Mrs. Edward Jordan and son Max of Fordyce, Ark., Mrs. Colen McMore and daughter Mary of Roswell, N. M. visited over the week end in the W. L. Jordan home. Mr. and Mrs. Perry Jordan and Perry Lynn visited Sunday in the Jordan home.

Mr. and Mrs. Jim Stewart and Mr. and Mrs. Charlie Rogers of Groom were Clarendon shoppers Monday and also visited Mrs. Ida Couch. They were all neighbors at Groom 40 years ago.

## SCHOOL CAFETERIA MENU

**MONDAY**  
Frito pie, red beans, lettuce and tomato salad, apple pie, bread and milk.

**TUESDAY**  
Chicken salad, green beans, candied carrots, pineapple pudding, bread and milk.

**WEDNESDAY**  
Macaroni and cheese, corn, vegetable salad, ice cream, bread and milk.

**THURSDAY**  
Pork roast, cream potatoes, jello salad, apple sauce, butter, hot rolls and milk.

**FRIDAY**  
Bar-B-Que weiners, English peas, cabbage slaw, rice and raisin pudding, bread and milk.

### SERVICES AT EPISCOPAL CHURCH SUNDAY

The Venerable Claude E. Canterbury, Arch Deacon of the Missionary district of North Texas, will celebrate the service of Holy Communion in St. John's Episcopal Church at 11 a. m. Sunday, the 16th of September.

Mr. and Mrs. G. A. Lamberth and Jay, also Mrs. Ronnie Lamberth and children of Allensville, Ky. visited Monday afternoon in the home of Mrs. J. C. Moore at Amarillo.

## R.F.A. Youths Hold First Meeting At Country Club

Approximately sixty members of the Clarendon Future Farmer Chapter held their first meeting of the new school year Tuesday afternoon at the Clarendon Country Club. A portion of the group enjoyed a swim in the club pool while the remainder put the finishing touches on the preparation of a dozen freezers of "home made ice cream."

Following a short business meeting the group were served ice cream prepared by members for the event. The group has planned an active program of work for the year with the first activities being participation in the Donley County, Tri-State, and Texas State Fairs.

### CLUB POOL TO BE DRAINED SEPT. 20

It has been announced that the Clarendon Country Club swimming pool will be drained Thursday, Sept. 20th for the season. All you swimmers are reminded to take notice so no one will be disappointed.

Mr. and Mrs. Lawrence Nolen and Jo Ann of Bryan visited Mrs. G. E. Allen and Mrs. W. B. Ayers last week.

## DR. DEYHLE IS SPEAKER AT N. M. MEETING

Dr. Chas. E. Deyhle was a speaker on the program at the New Mexico State Veterinary Meeting in Portales, N. M. Tuesday of this week. His subject was "The establishment of a Veterinarians Practice in a Small Town."

## Duck Luck Hinges On Fall Rain

AUSTIN—Reports direct from a symposium of Federal and State waterfowl authorities indicate that substantial duck flights will storn the Texas skies again this fall, according to the Executive Secretary of the Game and Fish Commission.

He said only early fall rains are needed to provide "a very good duck and goose season for Texas hunters."

J. R. Singleton, wildlife biologist specializing in waterfowl, returned from a Central Flyway Council meeting, with assurances from authorities on the nesting ground scene that "the excellent migration of last fall apparently will be repeated this year."

"The fine population that moved northward to the breeding areas last spring, reported Singleton, "has produced a satisfactory hatch when considering the outlook in its entirety."

But the Executive Secretary said fresh water is needed to avert a repetition of recent dry years along the heavily populated upper coast when lack of rain caused most of the ducks and geese to concentrate in South coastal areas.

Also similar to last fall is the comparatively moist condition in the Texas Panhandle where an unprecedented number of waterfowl tarried last season to provide fine hunting for that area.

Singleton painted a gloomy picture of present upper coast drought conditions. He said the dry weather has cost Texas an estimated eighty per cent of its native mottled duck population. Conditions now are even worse than 1955. Singleton said as of August 8, the Houston area is far drier. Last year in July, Houston received roughly ten inches of rain. For the same period this year, it got .63 inches.

"When water and food are in short supply in the upper coast where the hunting pressure is greatest", he said, "the waterfowl naturally move on southward along the coast until they find water and food in the areas where the hunting pressure is comparatively light."

Water or not, field men already have recorded first migrating duck arrivals in the Panhandle.

They were blue wing teal which usually arrive along the upper coast about mid-August.

"Blue wings build up pretty fast in Texas after mid-August", said Singleton. "Much depends on the weather up north. Pintails begin migrating toward the coastal wintering grounds the first week in September."

Game Warden Tom Waddell at Eagle Lake, where a tremendous waterfowl concentration has developed in recent years, said he traditionally clocked the first blue wing arrivals "on August 14." He said first geese arrivals were white-fronts.

Singleton said Canadas were the first geese to arrive in the upper coast although the average person considers the snow geese to appear first. "This", he said, "is because the snows are so easy to see."

Meanwhile, the Commission awaits Federal announcement late this month setting the waterfowl harvest regulations. The Commission has suggested half an hour before sunrise on November 2nd for the season opener.

Guests in the home of Mr. and Mrs. F. E. Caraway Sunday were Mr. and Mrs. Frank Edwards of Bowie, Texas; Mr. and Mrs. Merl Chenault and Lynn of Amarillo; Mr. and Mrs. D. S. Smith, Mr. and Mrs. E. J. Chenault and Claude Lindsey, all of Clarendon.

**A. T. Jefferies Attends Special School For Field Inspectors**

FORT WORTH—A. T. Jefferies, field inspector for the Texas and Southwestern Cattle Raisers Association at Clarendon, has recently completed a special school for field inspectors conducted by the Texas Department of Public Safety at Austin.

Jefferies, who represents the Association in a 9 county area surrounding Clarendon, holds a commission as a special Texas Ranger and is employed as a field inspector for the Association, which has a membership of 10,000 ranchers in the Southwest with headquarters at Fort Worth.

The school was conducted by members of the staff of the Texas Department of Public Safety and was designed to acquaint Association inspectors with the latest techniques in law enforcement work with particular emphasis on cattle theft work.

Methods of apprehending cattle thieves have changed considerably since the days of cattle rustling on the open range. The school gave Association inspectors a look at the Department of Public Safety's latest law enforcement procedures and is an example of the many services the Association is rendering to its membership and the cattle industry to keep cattle theft at a minimum.

Instructors at the school included Col. Homer Garrison, Jr., director of the department and leading members of his headquarters staff.

Subjects covered included criminal law and investigation, chemical aids to the investigators, criminal reports, firearms, toolmarks and plaster casts, fingerprinting, photography, scientific lie detection and interrogation.

As a field inspector in this area Jefferies' duties include checking cattle brands to determine ownership of cattle being moved; investigation of stray and stolen cattle reports and the apprehension of cattle thieves.

Jefferies' territory consists of the following counties: Armstrong, Briscoe, Childress, Donley, Collingsworth, Gray Hall, Hardeman, and Wheeler.

**Are You Interested In Becoming A Texas Highway Patrolman?**

Applications for appointment as Texas Highway Patrolmen will be accepted from the present time until October 15, according to an announcement by Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety.

Examinations for the men qualifying will be given statewide during the latter part of October and those scoring the highest will enter the recruit training school next January.

Garrison said that appointments will be made to fill the additional positions authorized by the last Texas Legislature and to fill existing vacancies caused by promotions and resignations.

Salary of patrolmen is \$315 monthly, plus longevity. They are also paid during training. Other benefits include annual leave and benefits of the State Retirement System and Federal Social Security.

General requirements for appointment to the State Highway Patrol include: 21 to 35 years of age, inclusive; minimum height of five feet, eight inches; weight in proportion to height; excellent physical condition; and high school education or equivalent.

In addition, applicants must be citizens of the United States and residents of Texas for at least a year immediately prior to filing of the application. They are also subject to a rigid character investigation.

Application blanks or further details may be obtained by writing to W. J. Elliott, Chief, Texas Highway Patrol, at Austin or by contacting the Captain in command of the nearest Patrol District.

**1956 Tri-State Fair September 17-22nd**

**ATOMS FOR PEACE EXHIBIT ONE OF MANY FEATURED FREE ATTRACTIONS**

AMARILLO—The world's first sight of the world's most famous exhibit on the peaceful use of atomic energy will be one of many featured free attractions at the 1956 Tri-State Fair, September 17-22nd.

"Atoms For Peace—The World of Tomorrow" is a fabulous, multimillion dollar display constructed by the Atomic Energy Commission. It succeeds the one constructed in 1953 and contains latest working models of wonder machines which use atomic energy for health, food preservation, agriculture and industry.

Housed in the new \$55,000 building at the Tri-State Fair, the Atoms For Peace exhibit will not be shown at any other site in Texas this year, according to Atomic Energy Commission officials.

"Men, women and children of the Golden Spread area," said President Delbert Dalby of the Tri-State Fair Association, "are most fortunate that Amarillo was selected as the first site to show this startling exhibit. It is something that no school child or adult will want to miss seeing."

Other free features at this year's Tri-State Fair include acts direct from Ringling Brothers Circus. These acts, to be staged twice daily, include the world's greatest chimpanzee act, highlighted three weeks ago on Ed Sullivan's Toast of the Town.

Holiday On Ice, with the world's largest portable ice rink and a cast of more than 100 international stars, will give performances daily in Fair Park Coliseum, with three shows on Saturday, Sept. 22, closing day of this year's exposition.

Two gigantic midways, including Bill Haines Greater Shows, with new thrill rides and kiddie rides, will add to the merriment for all ages of fair visitors.

A record number of agricultural, livestock, FFA and 4-H exhibits had been received by fair officials prior to the last week in August. All indoor exhibit space had been sold four weeks prior to the fair's opening, which set a new all-time record for interest in the Golden Spread's biggest annual event.

Thirty-three bands from cities throughout the Golden Spread region and 1,000 troops from Amarillo Air Force Base, with musical units from this installation, will participate in the fair's opening parade at 11 o'clock Monday morning, September 17.

The Stamps Ozark Quartet has been booked to sing at the fair's third annual Country Singing Festival on the closing afternoon of the fair. This free event, to which everybody is invited to attend and join in the fun, will be held in the fair's sports arena, beginning at 1:30 P. M. on Saturday.

The Tri-State Fair, second in size and crowd appeal only to the Dallas State Fair, this year has assembled entertainment designed to encompass thrills for all ages. Interest to date indicates record crowds will attend the week-long presentation.

**LATE REPORT ON THE MEDFLY**

John C. White, Commissioner Texas Department of Agriculture

An alien insect who invaded immigration officials is the cause of growing concern among fruit-growing states.

The Mediterranean Fruit Fly, black and yellow and about 1/2 to 3/8 the size of a housefly, was first seen about three months ago in a grove near Miami, Florida. Since that time the pest has spread into 20 Florida counties and a resultant concentrated campaign is underway to check infestation.

For, if the Medfly should get a foothold in this country, the fruit industry of which Texas is a major part will be doomed to great losses.

### DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

Printed below is a copy of a letter received by J. R. Porter, chairman of the Donley Board of Supervisors, written to thank the Board for sending a boy to the

Range Camp last August. The letter is self explanatory.

August 21, 1956

Chairman  
Donley County Soil  
Conservation Dist.  
Clarendon, Texas

Dear Sir:  
On behalf of the Youth Committee of the Texas Section, American Society of Range Management we wish to express our sincere appreciation to you and

your organization for sponsoring Troy Harrison to our second annual Range Camp. We feel that your \$25.00 was spent most wisely as the boys received valuable information on how to conserve soil and water, plan various grazing systems and how to manage a ranch on a sustained yield basis. The boys were shown how to conduct demonstrations in range judging, water penetration under different vegetative cover and how to take soil temperatures. There were 22 outstanding range management professors, research, technicians and teachers that had a part on the well rounded program. The information given by these men included how plants grow and react to grazing and how to manage a ranch by considering livestock and wildlife as harvesters of grass. It was stressed by the various people on the program that grass is the ranchman's crop and that livestock and wildlife are the by-product of grass. They were shown that

fewer numbers of selected cattle, sheep, goats and wildlife will give more net return per ranch unit than a large number of non-selected livestock.

Troy received a white ribbon for being an all-around range camper. He participated and co-operated in all activities at the camp. On Tuesday Troy fell against another boy while playing water sports and cut a gash over his left eye. At times we know that the injury was giving Troy some trouble but he did participate and help in all details that were assigned him. Troy had lots of fun and learned considerable about range management during the camp. Troy stated that ranching practices in other parts of the state were not too different from what they were in Donley County. He also stated that the grazing systems and the management of wildlife and livestock that he saw during the camp could be applied on his ranch.

You are to be commended for the interest that your district has shown for sending a ranch boy to our camp. As you know, the more boys and girls that we can give instructions and training in the field of soil and water and grassland conservation the better off will be our livestock ranching

business. We hope that you will see a benefit in supplying the sponsorship for a boy during our future camps.

Yours very truly,  
Garyl, A. H. Walker  
G. O. Hoffman,  
Youth Committee,

CLARENDON, TEXAS

If we remember correctly it was the beloved poet Ralph Waldo Emerson who wrote the following verse.

He who has a thousand friends Has not a friend to spare. While he who has one enemy Shall meet him everywhere.

We wonder sometimes if most of us realize the value of a true friend. By a real friend we mean those that are really concerned about us; about our welfare and our happiness. We mean those who care about our reputation and our character. We are thinking of those who would come to us in time of sickness and trouble as well as in good times and prosperity. We are thinking of those that would not believe a bad rumor on us or doubt the sincerity of our motives. We are thinking of those who would leave their problems and come to us and help share our troubles. Count them on your fingers and on your toes or by the hundreds as the case may be and you will know as did Mr. Emerson that we still do not have one to spare. The trouble is that always when we count only these tried and true friends that we find that we have far too few.

By the same token if we should count our enemies and we were able to count them on the fingers of one hand. If we should find that we had those enemies who would harm us by saying untrue things about us to the town gossips. If we had those who deal in the "Did you know" and the "Have you heard" brand of rumors; if we had even one enemy like this we would certainly have too many and we would either run into him or his influence everywhere. We don't know whether anyone ever made the following statement or not, but we believe from the bottom of our

heart that; "It would be impossible to estimate the value of a friend or the cost of an enemy."

We never take much stock in repeating the Old Maid Jokes, one reason being that some of our favorite people fall into this class of so-called "Missed" ladies. But last week one of our friends was teasing one of our favorite Misses and she was really getting the best of him when we walked up. She was telling him that when she passed away that she had requested that all the pall bearers be women, and of course I had to pop up right quick and ask why such a request. Anyway, I really got it with both barrels. She said that; "The men hadn't taken her out while she was living and she was sure not going to let them after she was dead." Really, I think she was joking both ways; bout the past and also the future. I nearly split my sides anyhow.

A dog is loved by old and young; He wags his tail and not his tongue.

Someone has said that; "Worry is putting today's sun behind tomorrow's cloud".

Speaking of our school teachers we heard about the teacher who became "Fed-up" and resigned with the following comment;

"In public schools today the teacher is afraid of the Principal; the Principals are afraid of the Superintendents; the Superintendents are afraid of the School Board; the School Boards are afraid of the Parents; the Parents are afraid of the Children; and the Children are afraid of nobody."

As for me I well remember one Superintendent that put the fear in me one day. And actually all that I did was titter when the rascal behind me got "Forty Licks" less twenty. I guess the Professor failed to see the joke. Every time I start to laugh about it since that day my poor old back starts hurting.

### LOSE UGLY FAT IN TEN DAYS OR MONEY BACK

If you are overweight, here is the first really thrilling news to come along in years. A new & convenient way to get rid of extra pounds easier than ever, so you can be as slim and trim as you want. This new product called DIATRON curbs both hunger & appetite. No drugs, no diet, no exercise. Absolutely harmless. When you take DIATRON, you still enjoy your meals, still eat the foods you like but you simply don't have the urge for extra portions and automatically your weight must come down, because, as your own doctor will tell you, when you eat less, you weigh less. Excess weight endangers your heart, kidneys. So no matter what you have tried before, get DIATRON and prove to yourself what it can do. DIATRON is sold on this GUARANTEE: You must lose weight with the first package you use or the package costs you nothing. Just return the bottle to your druggist and get your money back. DIATRON costs \$3.00 and is sold with this strict money back guarantee by:

### Recent Laws Enable FHA To Expand Credit Services

Recent changes in the laws governing Farmers Home Ad-

ministration will enable the agency to serve the credit needs of a larger number of farm families, Walter T. McKay, State Director, said today.

The expanded credit services are the best yet devised to help our farmers and ranchers through

the worst drought in Texas history, McKay stated.

The new law provides broader authority to assist family-type farmers with loans to improve and operate their farms. It also authorizes, as a part of the Rural Development program, loans for operating and developing farms where the farmer has part-time employment of the farm. Included in the broader authority are loans for refinancing existing debts and an increase in the

maximum amount that can be advanced for operating loans.

All county office staffs of the agency have been brought up to date on these changes at meetings held throughout the state, and will begin operating under the new authorities and policies on September 4.

Types of loans which can now be made include:

1. Operating loans to full-time farmers. Initial operating loans may be made in amounts up to \$10,000 to one borrower, with subsequent loans authorized as needed so long as the total amount of indebtedness does not exceed \$20,000. Operating loans are used for the purchase of equipment, livestock, or to re-

finance debts owed on equipment and livestock, and for fertilizer, seed and other farm and home operating expenses needed to carry out efficient farming operations on family-type farms. Interest is at the rate of five percent, and these loans are repayable over periods up to seven years. The new law increased from \$7,000 to \$10,000 the amount of the initial loan; from \$10,000 to \$20,000 the limitation on the indebtedness; and increased from 7 to 10 years the period during which additional credit can be extended in hardship cases when the inability of the borrower to repay his indebtedness within 7 years was due to causes beyond his control. Under the former law no new credit could be extended to borrowers who have been indebted continuously for 7 years.

2. Farm Ownership loans. These loans are made for the purchase, enlargement, or development of family-type farms, and to re-finance existing debts for farmers who have adequate real estate security but who are unable to meet present credit obligations.

3. Farm Housing loans. These are made for the construction and repair of farm houses and other farm buildings, including farmstead water supplies. Interest is four percent on the outstanding principal, and repayments may be scheduled over periods up to 33 years, with the loan secured by a deed of trust on the borrower's farm. This loan program was re-activated in May of this year.

4. Soil and Water Conservation loans. Made to carry out measures

and need credit on more favorable terms. Payments are scheduled according to the ability of the borrower to repay, up to 40 years. Insured loans are made from funds provided by private lenders. The loans bear 3 1/2 percent interest, plus a one percent insurance charge. In the past, the agency has only refinanced existing real estate debts, and then only when the refinancing was incidental to the making of a real estate loan for purchase or improvement of family-type farms.

5. Loans to part-time farms. These are designed to help farmers in areas designated for the Rural Development program, who are unable to obtain enough land resources to develop full-time farms. Loans may be made for operating and developing less than family-type farms, if the

applicants are established bona-fide farmers who have historically resided on farms and depend on farm income for their livelihood, and who are conducting substantial farming operations and spending a major portion of their time farming. Such operators must have dependable sources of outside income. When such loans are made for operating expense, they bear interest at five percent and are repayable over periods up to seven years. Loans for real estate development bear interest of 4 1/2 percent and are repayable over periods of up to

(See RECENT LAWS, next page)

RECENT LAWS-

(Cont. from page four, 2nd sec.)

6. Special Livestock loans. Initial loans of this type will be available until July 14, 1957, and loans to indebted borrowers can be made until July 14, 1959. Such loans are made to help established producers of cattle, sheep and goats maintain their normal operations. Loans are made for replacement livestock and for purchase and production of feed and for other operating expense. Interest is five percent and loans are repayable in one, to three years. They are not made to pay existing debts.

7. Emergency loans. These are made to enable farmers to continue normal operations but not to refinance existing indebtedness. They bear interest at the rate of three percent. Ordinarily loans secured by liens on chattel property are scheduled for repayment within one to five years. Loans for crop production are due when the crop is harvested.

8. Great Plains loans. These loans are available only in the 57 West Texas designated counties under the Great Plains Special Credit Program. They are made in the same manner and for all purposes authorized for the making of Operating loans, except that under these loans the operator may be conducting farming operations on larger than a family-type farm. The fifty-seven counties in the Great Plains Special Credit area are: Andrews, Armstrong, Bailey, Borden, Briscoe, Carson, Castro, Childress, Cochran, Collingsworth, Cottle, Crosby, Dallam, Dawson, Deaf Smith, Dickens, Donley, Fisher, Floyd, Gaines, Garza, Gray, Hale, Hall, Hansford, Hardeman, Hartley, Hemphill, Hockley, Howard, Hutchinson, Kent, King, Lamb, Lipscomb, Lubbock, Lynn, Martin, Mitchell, Moore, Motley, Nolan, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Runnels, Scurry, Sherman, Stonewall, Swisher, Taylor, Terry, Wheeler and Yoakum.

sources of credit. While Farmers Home Administration requires less security than is usually required by other lenders, no loan is made unless it appears that the loan can be repaid.

U. S. Official Explains Child - Labor Law Applying To Farmers

DALLAS — Every commercial farmer and grower whose products move in interstate commerce directly or indirectly will become subject to the child-labor provisions of the Federal Fair Labor Standards Act when the autumn school term opens, a Federal spokesman said here today.

This complete change in the legal status of employment of children in agriculture the day local schools open was explained by Regional Director William J. Rogers of the U. S. Department of Labor's Wage and Hour Division in Dallas, Texas.

"This law," he said, "exempts growers of agricultural and horticultural products - from its \$1 minimum wage and overtime provisions, but it specifically prohibits employment of children under 16 years of age in agricultural occupations during hours school is in session in the school district in which they live while working."

"In other words, children of any age may be employed on the farm by the grower in the planting, cultivating, harvesting or handling of agricultural products during vacation periods, on weekends and before and after school. The grower may use his own children in agricultural work at any time and at any age on his own farm."

But he noted that these are federal restrictions. Each of the 48 states has a child-labor law of its own. So he advised growers to consult with state officers, local school attendance officials or study State laws to determine their provisions. When the State child-labor standards are higher than those of the Federal law, the State law should be observed.

The federal regulation requires that each grower subject to it have on file for each employee under 18 a record showing his full name, date of birth, the home address and the local address if the minors are employed on days when school is in session," he said.

Primary purposes of both federal and state child-labor laws, according to Rogers, are to protect children from exploitation, and to encourage them to stay in school and obtain the education that will make them better citizens of tomorrow.

Here are the steps Mr. Rogers said the commercial grower should take to protect himself from unintentional violations:

- 1. Learn the requirements of both state and federal child-labor laws.
2. Do not employ or permit children under 16 to work in or about the farm or hothouse during hours school is in session.
3. Make sure the youth is of employable age and keep the required records for at least three years.

He emphasized that the federal law applies to all children, whether they reside in the area or are members of migrant worker families. Also that the grower himself is held liable for any violations even though the underage children were hired and paid by a labor contractor or processor or others.

Donley County Leader, \$2.50 year

# Every \$ You Spend Is a Vote

FOR or AGAINST 

## Your Own Future Prosperity

Spend a dollar here at home and it's a vote FOR the improvement of your own individual well-being.

Because it's a dollar that keeps on working for you . . . circulating and creating more trade volume in your own community.

Trade volume that makes YOUR business better, YOUR job more secure, YOUR schools and churches better, YOUR local investments more valuable and profitable.

Spend a dollar away from home and it's a vote AGAINST the life and growth of this community . . . the prosperity of which has much to do with the kind of living that YOUR work will provide for you.

Many small town folks have helped to vote themselves out of business, out of jobs, and out of investments which were the savings of a lifetime, by casting their \$-ballots AGAINST the community in which they live.

**It Pays to Buy  
where you Live**

YOU get Everything that Your Money Pays for --- Merchandise and a trade-invigorated community to live in --- when you buy from your home town merchants ---

<b>CASH BALANCE—MARCH 31, 1956 \$ 34,046.29</b>	

**CERTIFICATE:** We hereby certify that we have examined the accounts of the City of Clarendon, Texas, for the fiscal year ended March 31, 1956, in so far as such accounts related to cash receipts and disbursements. We did not make a detailed audit of all transactions recorded during the year. We did, however, make comprehensive test checks of transactions and secured verification of cash on deposit and securities on hand at March 31, 1956.

In our opinion, subject to the above limitations and to the comments contained in our report dated August 30, 1956, the accompanying combined balance sheet and statement of receipts and disbursements for all funds present fairly the financial position of the City of Clarendon at March 31, 1956, and summary record receipts and disbursements during the year then ended.

**SENATE CANDIDATES JUMP IN**

Would-be successors to Price Daniel didn't wait for the vacancy to develop to start scrambling for his U. S. Senate post.

Political observers predict a "real horse race" if Daniel does resign in time for a special election.

First formal announcement came from State Sen. Searcy Bracewell of Houston. Bracewell promised to vote with Democrats in organizing the Senate, but made it clear he voted for Ike in '52 and would do so again.

He is a major threat to the

Texas GOP's official endorsee, Thad Hutcheson, a young Houston attorney. Hutcheson promised "no token fight."

James P. Hart, former Supreme Court justice and University of Texas chancellor, also has announced.

Congressman-at-Large Martin Dies indicated early in the summer that he would run.

"Names in speculation" include just about every other Texan in or formerly in public life—Ralph Yarborough, J. Evetts Haley, Lloyd Bentsen Jr., John Ben Shepperd, John C. White, Wright Morrow, etc.

Not all will run, of course, but such a rare political opportunity is sure to draw a crowded field. Filing fee is only \$50. High man wins without a runoff.

In the last such election, held in 1941, a total of 29 candidates ran. W. Lee O'Daniel emerged as victor with a blade-thin lead over Lyndon B. Johnson.

Democrats will make a real fight to regain Texas in the November election, says U. S. Sen. Lyndon Johnson.

He has invited both nominees to speak in Texas this fall. Vice-presidential Candidate Kefauver was specifically urged to attend the Heart of Texas Fair in Waco to be held Sept. 29 - Oct. 5.

**SCHOOL BELLS RING OUT**

For millions of Texans the

political clamor is almost drowned out this week by the ringing of school bells.

As usual, a "biggest ever" public school enrollment is expected. Texas Education Agency estimates enrollment at 1,754,833, compared to 1,740,784 last year.

No official reports or estimates were available on how many additional schools will be integrated this year. TEA officials, always carefully aloof on the subject, said they had "heard of only a few." Only known trouble spot was Mansfield (Tarrant County) where white citizens patrolled the school to prevent registration of Negroes.

A more common problem is shortage of teachers. Some 6,000 additional teachers are needed, says the Texas State Teachers Association.

**U. S. TREASURY DEPARTMENT INTERNAL REVENUE SERVICE**

The fact that the public listens to radio news broadcasters was proven to the Internal Revenue Service folks at Dallas last week.

Every year thousands of taxpayers move and forget to tell the Internal Revenue Service where to send their tax refund checks. This year 4659 refund checks were awaiting taxpayers as of July 31. The municipal radio stations of the City of Dallas, in attempting to carry out the stations' civic duties, carried this fact in a news broadcast and asked Dallas taxpayers to call Internal Revenue and give them their correct address if they had not received a refund check that was due. Internal Revenue immediately had hundreds of calls. Over 100 refund checks were cleared and sent on to taxpayers who had been wondering why Uncle Sam had not sent them their money.

We might add, Uncle Sam is still wondering where some 4500 other Texans have moved since the Internal Revenue folks can't find the taxpayer to give him his refund check. Taxpayers who have not received their refund check and who have not heard from Internal Revenue might find it profitable to send their correct address to Internal Revenue. At any rate, some 4500 checks await their owners at the Internal Revenue Service office in Dallas.
