TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

"WINDFALL DAYS"

The pending adjournment of a session of Congress always brings out into the open many proposed bills which, if passed, would provide a sizeable windfall for some individual or group. The Member who introduces the legislation usually does so at the request of some of his constituents. The bill usually has a very innocent look and a substantial degree of merit. But when all of the facts are brought out in the open, the ulterior purpose becomes apparent. When this occurs the Member sponsoring the legislation will accept an amendment striking out the objectionable part, or will withdraw the legislation from further consideration. These situations are not difficult to detect during the prolonged debate that is possible if the bill comes up in regular order during the session. That is the reason that most people have a gimmick in a bill prefer that it come up in the rush of adjournment when the opportunity to debate it fully will not be available. No doubt some bills will pass during this rush period having some windfall, but there is a crew of Members who stay in the Chamber constantly during the last few days in order to block as much of this type of thing as possible. Those who must object to the consideration of such bills place themselves in a position of being looked upon as an obstructionist or trouble-maker. For this reason, the burden of doing this job is usually spread among a number of Members so that the full impact of criticism will not fall on any one person.

It is not difficult to tell when a bull's-eye has been struck. Within minutes after the objection is made, the pressure goes on the objector to get him to withdraw such objection. One such bill that I was familiar with and helped in blocking passage of, brought a deluge of other Congressmen and Senators and a number of lobbyists. However, the Member making the objection stood his ground. Result: no windfall.

To give you some idea of what happens during the last day or two of a session, on July 25th the House met at 10 a. m. after

several Committee meetings, disagreed with the Senate Amendments to the Foreign Aid Bill and appointed conferees for a conference to work out a solution; adopted a resolution providing for certain rules during the balance of the week; took up and cleared for the President twenty separate House bills; agreed to Senate-House conference reports on nine bills; took up, debated and voted on the highly controversial housing bill; passed and cleared for the President a Senate bill to amend the International Wheat Agreement Act; took up and debated H. R. 8000, a bill to prohibit the serving of alcoholic beverages to airline passengers while in flight; adopted an amendment to this bill and passed the bill; adopted eight resolutions citing witnesses for contempt of the House of Representatives by refusal to answer questions before the Committee on Un-American Activities; debated, amended and passed a bill to provide insurance for flood damaged areas; passed a tax readjustment measure applying to breach of contract damages; passed two shipping bills; passed a bill relating to clerk hire for Congressmen who represent Districts having over five hundred thousand constituents; adopted a resolution providing for expenses of a special committee to investigate campaign expenditures. The proceedings included several other matters including the filing of reports on bills that did not reach the floor for discussion. It also might be pointed out that on July 24th the President signed into law thirty-two bills that had been sent to the White House for his signature.

So you see there is no time to relax during these last days. It is extremely difficult to keep up with the mail during this time and if some of you do not get answers to your letters as promptly as you should, please bear

with me for a day or two as these answers will be forthcoming.

High Prices of Cantaloupes

An Alabama farmer refused to sell his cantaloupes for 25c per bushel; preferred to give them away.

In Washington markets they are 30c apiece. Another case where the farmer gets hooked.

VISITORS

Washington was honored this week by a visit from Mr. and Mrs. L. M. Smith and their two fine sons, Cletus Wesley and Bobby Don, of Clarendon. Bobby Don is in the Navy and stationed not far from the Capital. It was certainly good to see these folks.

STATE FAIR OF TEXAS

The internationally famous Pan-American Livestock Exposition of the State Fair of Texas has now completed its transition to a full-fledged breeding stock show.

Only the finest breeding livestock from the nation's top show herds will be presented during the State Fair's 1956 Pan-American, Oct. 6-14. No fat market animals will compete for the \$67,763 which is offered by the Pan-American for beef and dairy cattle, swine, sheep, goats and horses of 26 different breeds.

However, the important Junior Livestock Show during the second week of the 16-day fair will of course still feature fat steers, lambs and pigs of Texas youngsters, with an additional \$15,387 in premiums offered in the junior shows.

The Pan-American's transformation from the more usual type of fat stock show to a virtual shopping center for top sires and dams has been carefully charted since the first Pan-American Livestock Exposition in 1953.

And this year the last remain-

ing classes for meat animals—the fat barrows—have been eliminated to provide more space for the exhibition of breeding swine.

"Pan-American's obligation to serve the livestock industry demands that it feature only breeding stock," State Fair Livestock Manager Ray W. Wilson explained.

"The exposition has now come

of age as the foremost market center in the Southwest for breeding livestock. It has become internationally famous as a source for foundation stock, and conservative estimates place sales of such stock during the 1955 show well over \$5,000,000," Wilson pointed out.

FOR BETTER YIELDS, KNOW AND IMPROVE YOUR SOIL!

IT'S A FACT

A 10 pound per acre increase in the yield of lint cotton in Donley County at the average 1955 price, would mean \$75,000.00 more Farm Income.

High crop yields and high soil organic matter go together. Soil organic matter is something like a bank account. Regular checking out with no deposits will overdraw the account. Your soil account can be overdrawn too if organic matter is not returned at fairly regular intervals.

Make a deposit to your soil account by seeding a winter cover crop this fall.

My Sincere Thanks

are extended to the people of Donley County for the vote given me in the First Primary. It was a tribute to my sincere effort at cooperating with all county officials and grand juries in enforcing the law in Donley County.

During the time I have been working in the court rooms of the District trying cases involving every type of person from street-bums to church deacons, my opponent has been busy in Childress making uncontroversial speeches to every kind of clubs and organizations. He says that this race is a popularity contest and that people pay no attention to qualifications. I have faith in the people of Donley County and know that you believe qualifications do mean something. I believe you realize that the full responsibility of representing the injured party—the people—rests squarely on the shoulders of the District Attorney. He is pitted in the court room against the best in defense attorneys, sometimes several of them, and what he studies and learns after the trial does not help in the prosecution.

It is my hope that those of you who believe that a District Attorney should be qualified will not only vote for me on election day but that you will work in my behalf from now until then.

Sincerely,

ALLEN HARP

Ruth Ann King Becomes Bride of Broadus Spivey

In a candlelight service at the First Methodist Church, Wednesday evening, August 7, Miss Ruth Ann King, daughter of Mr. and Mrs. R. Y. King, became the bride of Broadus Spivey, son of Mr. and Mrs. C. C. Spivey. Rev. C. M. Ryan read the double ring ceremony.

A background of candelabra against fern and white gladioli decorated the altar, which was backed by an archway of greenery. White aisle cord joined the arrangements of candles and flowers. The bridal aisle was marked with white satin bows.

Miss Mantie Graves, organist, played "Poeme" by Fibich, "Andante Cantabile" by Widor, "Andante" by Tchaikovsky, and "Romance" by Rubenstein. She also accompanied Rebecca King, violinist, who played "Traumerl" by Schumann, "Nocturne in E flat" by Chopin, and "Ave Maria" by Schubert. Mrs. Ray Moore sang "Because" by D'Hardelot, "At Dawning" by Cadman, and as a benediction, "Wedding Prayer" by Dunlap. As a soft musical background for the ceremony Miss Graves played "Oh, Promise Me" and "The Sweetest Story Ever Told." Traditional wedding marches were used.

Candles were lighted by Johnny and Becky Spivey, brother and sister of the groom. Becky's dress was of blue crystalline, styled with a square neckline and decorated with white velvet ribbon.

Miss Rebecca King attended her sister as maid-of-honor, and bridesmaids were Vanetta McClellan, Mary Frances Heinen, cousin of the bride, and Mabie Dean Porter. They wore identical dresses of white embroidered batiste, styled with long torso and accented in the back with a large blue bow and low-waisted sash. Their hats corresponded with their dresses and were ornamented with blue satin streamers. The corsages were blue gladiolias fastened with blue satin ribbon.

Serving the groom as best man was Raymond Ramirez of Amarillo. Groomsmen and ushers were Billy Carl Pittman, Jack Eddleman, Loyd Risley, and Frank White III. Escorted to the altar and given in marriage by her father, the bride was attired in a floor length dress of Chantilly lace and tulle. The fitted lace bodice was styled with a scooped neckline and was decorated with a pattern of seed pearls and sequins with rows of small buttons in the back. The skirt featured alternate tiers of tulle and lace. Her elbow length veil of illusion fell from a lace hat and was ornamented with seed pearls and sequins. She carried a bouquet of gladioli centered with an orchid fastened with white satin ribbon. Her sash was worn by a friend on August 1, 1954, and again at her mother's wedding December 15, 1925.

Following the ceremony, a reception was held in the Fellowship Hall of the church. The refreshment table was laid with a white linen cloth with an intricate cut work design. The tiered cake was decorated with white rosebuds and groups of latticed hearts and was topped with a miniature bride and groom. The setting for the table was arranged by Mrs. John McClellan. Miss Eva Lee Farr served the cake, and Miss Wanda Sibley presided at the punch bowl. Presiding at the guest register was Miss Sue Talley. Out of town guests included Mr. and Mrs. Frank M. Heinen of Okarche, Oklahoma, Mrs. Rebecca K. Hall of Ft. Sumner, New Mexico, Mrs. Gene Scales of Clovis, New Mexico, and Miss Katherine Macune of Ft. Worth, Texas, and Mrs. J. Spivey of Nocona, Texas. Mr. and Mrs. Spivey are graduates of Clarendon High School and Clarendon Junior College. They will make their home in Austin, Texas, where both will attend Texas University.

Mr. and Mrs. J. D. Hester of Pampa, Texas announce the marriage of their daughter, Veda Earp to Frank Mahaffey, son of Mr. and Mrs. H. S. Mahaffey of Ashtola. Rites were said in a single ring ceremony at the Prince St. Baptist Church in Clovis, N. Mex., Aug. 3rd with Rev. T. J. Gamble officiating. They were attended by Mr. and Mrs. Joe Wise of Happy, Mrs. Wise is a sister of the bride. The couple will make their home in the Ashtola community where he is engaged in farming.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Curry Fruit of Lovington, New Mexico announce the engagement and approaching marriage of their daughter, Maidel to Charles M. Bogard, son of Mr. and Mrs. Neal Bogard of Clarendon.

Miss Fruit is a 1953 graduate of Lovington High School and is at present a student of West Texas State where she will receive her B. S. degree this month.

Mr. Bogard is a graduate of Clarendon High School and of Clarendon Jr. College. He received his B. S. degree from West Texas State in 1955 after completing 2 years in the U. S. Army. The wedding will take place in Lovington at the Methodist Church, September 1.

ASHTOLA NEEDLE CLUB

The lovely yard was the scene for an outdoor breakfast at the regular meeting of the Ashtola Needle Club Thursday in the home of Mrs. Burk DeBord. Card tables were set up on the lawn, and members were treated to a delicious meal in a very pleasant cool atmosphere at about 6:30.

Members of the program committee started pulling the thread of bed around 4:30 to take them to the come-as-you-are breakfast, and were successful in getting 17 members to go along—very surprised and sleepy. However, some were already up and getting their own breakfasts. Mrs. Kermit Evans was co-hostess, and she and Mrs. DeBord served bacon, eggs, jelly, toast, coffee, doughnuts, and fruit. Their daughters, Carol and Linda very graciously helped serve and make the guests comfortable. All enjoyed this gathering so much.

Members present were Mesdames Lena Mae and Viola Graham, Nell Gray, Naomi Green, Ruby Hardin, Jo Harp, Vena Hudson, Isla Marshall, Alene Partain, Johnny Poovey, Sue Rhoades, Ivan Tolleson, Ruby White, Thelma Wilson, Ima Wallace, Murl Rattan, and the hostesses Mary Belle DeBord and Florence Evans.

The next meeting, August 16, will be the chicken barbeque, and at the next afternoon meeting, Sept. 6th, fair plans will be discussed. —Reporter.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Lloyd McCord, Clarendon, Texas, announce the engagement and approaching marriage of their daughter, Mary Louise, to Jerry B. Price, son of Mr. and Mrs. Clyde Price, also of Clarendon. The wedding will take place Friday, September 21, 1956 in the First Baptist Church, Clarendon.

GARDEN CLUB

Members of the Garden Club will meet Thursday, August 16, at 9:00 A. M. for a coffee in the home of Mrs. Lena Antrobus. Mrs. Watson will be co-hostess.

Mrs. Orville Housden, Melvin and Kenneth, and Bob Schull were Amarillo visitors Monday.

BIRTHDAY PARTY

A party given in the home of Mr. and Mrs. J. C. Heathington July 28th honored the birthdays of their grandchildren, Tamara Hodnett who was 3 on July 25th, David Holland who was 5 on July 26th and Johnny Holland, who was 2 years old on July 30th.

Cupcakes decorated with tiny paper parasols and fruit flavored life savers, and cups of ice cream with fruit suckers and green gumdrops in the form of flowers were served to the honorees, their guests and their mothers.

Attending were Mrs. Joe Heathington and Joe, Ronnie, Reba and Katha Cleaver, and Miss Betty Fraizer of Tulsa, Mrs. George Bulman, Susan and Rick of Dumas, Mrs. Al Covington and Andi, Mrs. Mary Lou Morris and Judy Ann, Mrs. H. A. Harrison Jr., Carolyn, Clay, Lee and Pat, Mrs. J. D. Jones, Jr., Mike and Karen and Ronnie Dolman of Midland, Mrs. Doris Reed and Pam, Jerry Dunn Holland, Mr. and Mrs. J. C. Heathington and the hostesses Nig Hodnett and Evone Holland.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. A. L. Formway of Clarendon are announcing the engagement and approaching marriage of their daughter Nadene, to Mr. Joe Tom Naylor, son of Mr. and Mrs. Carl Naylor, also of Clarendon. The wedding date has been set for August 17th at 5 p. m. in the First Baptist Church here.

STORK SHOWER

A pink and blue shower for Mrs. Joe Shadle and Mrs. Robert Bain was given Thursday, August 2, in the home of Mrs. Delbert Robertson.

Games were played and prizes awarded after which Kay and Cheryle opened the many lovely and useful gifts.

Pink lemonade, mints, and white cake frosted in blue and topped with a miniature baby doll were served to Mesdames Robert Bain, Joe Shadle, Mary Lou Morris, Bobby Johnson, Clarence Jones, Ralph Hill, L. M. Putman, Jr., Bob Kidd, by the hostess, Mrs. Delbert Robertson. —Reporter.

LELIA LAKE M.Y.F.

The Lelia Lake Methodist Youth Fellowship met at 7:15 in the Methodist Church at Lelia Lake on August 5, 1956. The program title was "My Church."

Rod Seago called the meeting to order. Betsy Chamberlain gave the opening prayer; Jean Fox called roll and gave the minutes of the last meeting. In the business we decided to meet at the church at 7:30 Tuesday morning to clean the church yard and work on the church pews. Mrs. Will Chamberlain was selected Youth Secretary. Mrs. MacDonald closed the business session with a prayer. Sue Hill gave "Program Introduction and Prayer."

Carolyn Castner gave the report on "The Commission". Jerry Don White gave a report on "M.Y.F. Program Areas."

Present were Mrs. Sue Beth Hill, Glenn Mars, Jerry Don White, Jean Fox, Rod Seago, William Rhode Chamberlain, Judy Castner, Betsy Chamberlain, Carolyn Castner, Mrs. MacDonald and a visitor Linda Clayton.

On Wednesday night, August 1, 1956, Mrs. MacDonald took the following to Children: Carolyn and Judy Castner, Jessie Lee White, Evelyn, Betsy and Mrs. Will Chamberlain, to hear the India Centenary Choir, directed by Victor C. Sherring.

This was a most entertaining and educational program as the choir appeared in native dress, playing Indian musical instruments and presenting songs in native language as well as English. All members were university graduates and teachers in this country for advanced study in order to return to India as missionaries. —Reporter.

The Leader received word from Mrs. Gertrude C. Swan of Wellington, Kansas last week renewing her subscription to the Leader. She stated in her letter that she had been in the hospital the past two years due to a broken hip but was now taking a few steps. She sends best regards to her many friends here.

Kenny Schull is expected home soon. He has been visiting his grandparents, Mr. and Mrs. B. L. Wren at Colorado City.

By VERN SANFORD
Texas Press Association
AUSTIN—Texas' critical teacher shortage and some reasons for it are spotlighted in two reports just released.

With school bells due to ring in a month, an estimated 7,615 teaching positions still are vacant in Texas, according to the Texas State Teachers Association. To fill these jobs only 1,310 teachers are known to be available.

This means six openings for each teacher wanting a job, said TSTA Executive Secretary Charles Tennyson. Almost 4,000 teachers left the profession last year.

Apparently explanation for this wholesale snubbing of classroom posts came in statistics reported by Dr. Hob Gray of the University of Texas Teacher Placement Bureau.

This year's education graduates will average \$346 per month for nine months, said Dr. Gray. But the engineering-science graduate can expect \$431 per month all year.

Teachers with master's degrees do a little better, averaging \$356 monthly. But a master's degree

in engineering or science commands an average salary of \$557.

Almost all University graduates go to schools paying more than state minimum requirements, said Dr. Gray. Highest school salaries in the state are at the West Texas oil town of Snyder. There the beginning minimum is \$4,000 for nine months, or \$445 monthly.

Less affluent districts have to scramble. University graduates can be quite choosy since demands for their services are exceptionally high. Ratio of jobs to graduates is 10 to one in all positions, 100 to one in mathematics and science.

COURT UPHELDS UNION SHOP
Texas' controversial right-to-work law has lost another round in the courts. But champions of the law say the issue is far from being finally settled.

By a 6 to 3 decision the State Supreme Court upheld a closed shop contract between unions and Santa Fe Railway Co.

Texas law prohibits compulsory union membership, but a 1951 act of Congress authorized closed shops in the railway industry.

Atty. Gen. John Ben Shepperd who had intervened on behalf of Texas law, predicted a motion for rehearing after the court reconvenes Oct. 3rd. "The full question of compulsory union membership is yet to be determined," said Shepperd. "Nor do I think the majority decision abrogates our right-to-work law."

Their decision, majority judges noted, paralleled a U. S. Supreme Court ruling in a similar case from Nebraska. Union shop contracts, said the Texas ruling, do not "compel full union membership, but only payment of union dues and assessments."

Dissenting judges spoke out against "Compulsory financial support of a private organization by those who do not subscribe to its program" as "the chief evil to be forever prohibited."

1957 ROAD PROGRAM ANNOUNCED
Plans to spend \$229,000,000 on building new roads in 1957 have been outlined by the Texas Highway Department.

In addition, \$35 million will be spent on maintenance. Through the federal aid bill, Uncle Sam will absorb \$117,000,000 of the \$264,000,000 total tab.

Motorists can look forward to smooth sailing on the roads planned under the new federal-state building program. Some 3,000 miles of modern expressways without cross traffic or railroad crossings are due in the near future, said State Highway Engineer DeWitt Greer. Many will be divided highways. Two-lane roads will be built so two more lanes can be added.

In anticipation of this flood of highway spending, road contractors are trying to get enough engineers and skilled laborers to do the work. Texas Highway Branch, Associated General Contractors, is considering two plans.

One is to grant scholarships at engineering colleges. Another is to set up a training school on operation of machinery and heavy equipment at some university.

for wider use, Texas turned back 90 per cent of its most recent vaccine allocation. Lack of demand was given as the reason.

In Austin the county polio chapter chairman suggested Salk shots be made compulsory for school entrance, just as smallpox and diphtheria vaccines. School Board members promised to consider it as their meeting Aug. 13.

Mr. and Mrs. Darrel Brogdon and baby of Amarillo, also Pvt. Ray Brogdon of Camp Chaffee, Ark visited Thursday in the home of Mr. and Mrs. J. H. Helton.

Mr. and Mrs. Barcus Antrobus and Mrs. Lena Antrobus attended the wedding of their niece and granddaughter, Lucille Hvass, and Bill Clark, Jr. at Lubbock Wednesday night.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

We now have ready for your reading: "A Single Pebble" by John Hersey. China is the setting for this story along the Nangtze River.

"The Interplay of the lives of these river people with that of the young American engineer comes to a tremendous dramatic climax at the awesome, cliff-hemmed depths of Wind-Box-Gorge." "Minding Our Own Business" by Charlotte Paul is the true story of the lives or exper-

iences of Charlotte Paul, her husband and their two sons. It is very well written. Then we have "Lucy Crown," a novel by Irwin Shaw. This writer gave us "The Young Lions" and you may not enjoy or approve of this novel. These last two books are Books of the Month club editions.

Then in memory of Mrs. McClure the J. D. Swifts gave "Love or Perish" by Smiley Blanton, M. D. This is dedicated by the author of the book to Dr. Norman Vincent Peale. You will appreciate this book.

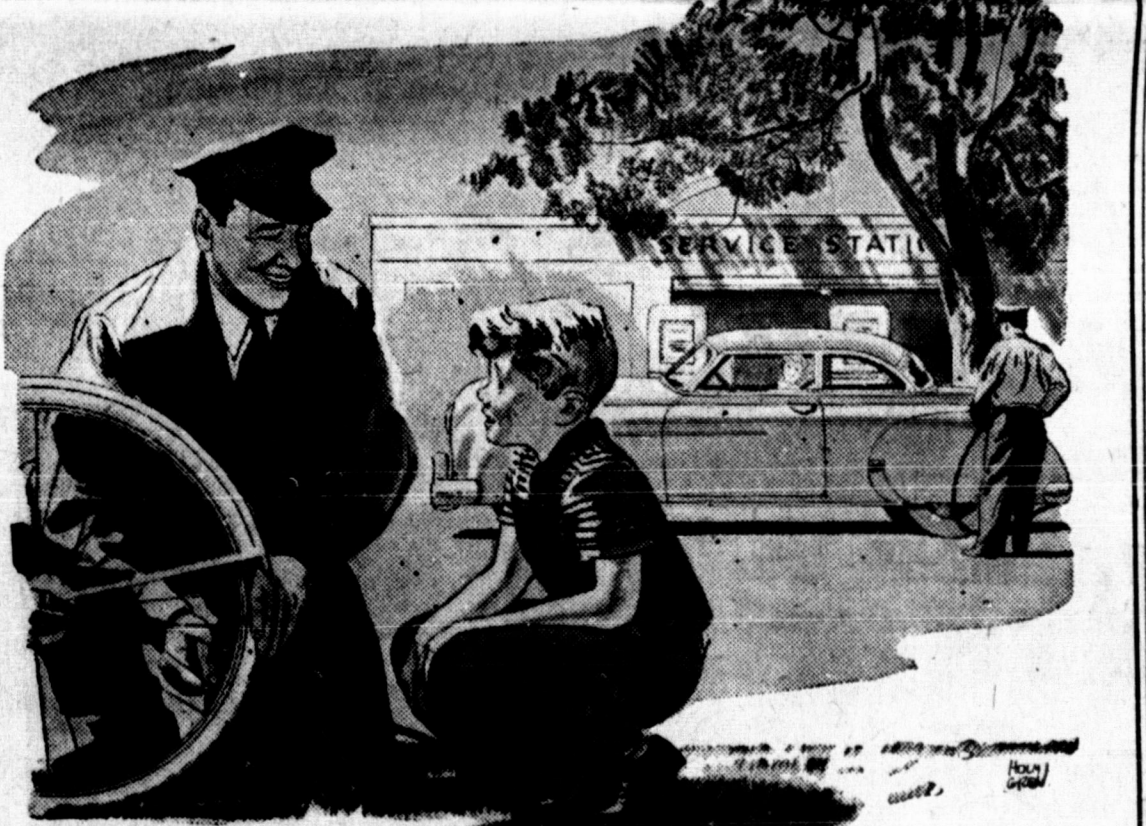

Several small books have been donated, and a few purchased. To those interested in Texas poets we have "A Book of the Year 1956" that reports on work of 1955. This is compiled and edited by the Editorial Committee of "The Poetry Society of Texas. It is an interesting little volume. Perhaps more of our adults will read this winter.

CARD OF THANKS We wish to thank our friends for your kindness, sympathy and beautiful floral offering in the death of our loved one. May God's richest blessings be with each of you always.

FARM NEWS

from the County ASC Committee

FINAL LOAN RATES FOR 1956-CROP COTTON ANNOUNCED

The U. S. Department of Agriculture has announced that the average loan rate for 1956-crop upland cotton, basis Middling 7/8 inch, will be 29.34 cents per pound, gross weight. This final rate reflects 82 1/2 per cent of the parity price of 35.56 cents per pound for upland cotton announced July 27 by the Department.

In its press release announcing the advance "minimum" support rate for upland cotton, the Department stated that in the event 82 1/2 per cent of the parity price for upland cotton on August 1, 1956, was higher than the level announced in advance, the level of support would be increased accordingly. Since the August 1 parity price is higher than the parity price at the time the advance level for upland cotton was computed, the higher effective rate is being announced now.

TEXAS-SOIL BANK REPORT FOR THE PERIOD ENDING JULY 27, 1956

A total of 60,101 Agreements—one agreement may cover two or three different commodities—have been signed as of July 27, 1956. These Agreements involve 1,819,507-3/10 acres and \$22,208,899.00.

For Donley County, the final report shows 71 as the total Acreage Reserve Agreements signed by producers. This includes 57 Agreements on wheat acreage—3478 acres, \$20,242.00; 14 Agreements signed on 294.3 acres of cotton, \$5,353.26; grand total of \$25,595.26 for the county.

COTTON ACREAGE ALLOTMENT MEASUREMENTS

If you have not received notice of your measured cotton acreage, just be patient. There are a number of farms that have been measured in the office and we have not had time to get the notices out yet. If you have received your notice and are overplanted, remember you have 20 days after the date of the notice to dispose of the excess acreage and make your deposit to have the plowed up acreage checked. Be sure to contact the office within this 20-day period.

Miss McLean Retires From S. A. College

Miss Mamie F. McLean, English teacher at San Antonio College for 29 years, has retired. She is a sister of Mrs. C. C. Powell of Clarendon.

Miss McLean, who was named chairman of the English department there in 1938, has taught that subject to 5,947 students at the school, records show.

Before coming to San Antonio Miss McLean taught at Clarendon Junior College, where she credited with assisting in the junior college movement in Texas.

For many years she sponsored the Ranger, San Antonio College paper, and El Alamo, the annual. She took an active interest in the Cheshire Cheese Club, and sponsored that organization for some time. Students have honored Miss McLean with the dedication of more annuals than any other teacher.

She is adviser to the National Council of Teachers of English, past president of the San Antonio English Club, member of the Fulbright Scholarship screening committee, chairman of the Texas Junior College Teachers of English, and has held offices in the American Association of University Women.

Miss McLean has just returned from a trip through the western

states and Canada, and plans to devote time to promoting the Janie Baskin Memorial Library at the school. — San Antonio Morning Express, July 25, 1956.

FORMER RESIDENT DIES IN OREGON

Mrs. John W. Lee, sister of Homer and A. M. (Dusty) Taylor passed away at her home in Oregon City, Oregon August 2nd according to word received here by the two brothers last weekend.

Mrs. Lee was the oldest daughter of the late E. A. Taylor. She was born in 1878 and moved with the Taylor family to Clarendon in 1886. She made her home here until 1912.

Survivors include one son, E. Colbert and one daughter, Mrs. Thelma Andrews, both of Oregon; one sister, Mrs. Luther Nutt, Portales, N. M. and three brothers, A. M. and Homer Taylor of Clarendon and H. G. Taylor of Walla Walla, Washington.

ATTENDS STATE HOMEMAKING CONFERENCE

Mr. and Mrs. Glenn Hoggatt and children left Sunday for San Antonio where Mrs. Hoggatt will attend the State Homemaking Conference for instructors to be held this week at the Gunter Hotel. Mrs. Hoggatt will teach at Clarendon the coming year.

Locals To Receive Degrees At WTSC

CANYON—A total of five persons from Clarendon are among the 200 who are candidates for degrees August 24 at summer commencement at West Texas State College.

The summer exercises will be held at 8 p. m. in Buffalo Stadium, according to Dean Walter H. Juniper. Dr. Blake Smith, pastor of the University Baptist Church in Austin, will be the speaker.

Seeking Master of Education degrees are Earl Stina Cain, Mildred Pittman Hendrix, Nellie Grady Hoggatt and Ruby Lee Williams Sandifer.

Expecting a Bachelor of Business Administration will be Billy Neal Bogard, also of Clarendon.

CHAMBERLAIN COMMUNITY MEETING CALLED

Sen. Price Daniel Thanks Voters

Senator Price Daniel this week thanked the 622,000 Texans who gave him an over-whelming lead in the first primary race for Governor, putting him more than 162,000 votes ahead of his run-off opponent.

"This is the widest lead a candidate for Governor ever has had in a run-off," Daniel said. "I am confident that, with hard work, we can win a landslide victory on August 25."

Daniel, a native of Liberty County, maintains his family home on a small ranch near his birthplace and is a member of the REA.

As a U. S. Senator, he supported 90 per cent parity on basic crops, authored an amendment to the farm bill which placed grain sorghum supports at a comparable level as corn, and helped obtain more realistic farm credit provisions.

Daniel is advocating a statewide water and soil conservation program, and a state drought relief program that would include loans to farmers and ranchers facing mortgage foreclosure.

His program also includes stepped-up research into proposals to create additional water supplies,

such as conversion of salt water and artificial "rainmaking."

Daniel said that as Governor he would "put the full power of the State Government behind our farmers and ranchers, to help them regain their fair share of the national income and to help them fight the worst drought disaster in our history."

DONATIONS BEING TAKEN FOR DUMAS-SUNRAY FIREMEN

The local volunteer fire department is joining the State Firemen's and Fire Marshall's Association in a state-wide drive to raise money donations for the families of the firemen who died in the blast disaster near Dumas. Anyone locally wishing to donate to this fund may contact any member of the local fire department.

The funds will be distributed on the basis of fifteen firemen and will be disbursed by a committee composed of the Chief, the Chaplain and the Mayor of each of the towns of Dumas and Sunray respectively.

Carroll and Lynn Jones of Hereford visited their grandmother, Mrs. W. C. Jones part of last week. Both plan to enter Texas Tech this fall where Carroll will be a junior and Lynn a freshman.

Trip of all trips considering the short length of time spent was

our rush visit to Red River, New Mexico this week. Along with about fifty other citizens of mostly Armstrong County with a good sprinkle of others from Donley we spent a couple of nights in this beautiful country as more or less guests of County Agent Foster Whaley and Flip Breedlove and their 4-H Club boys. To say the least this was a unique trip; along with Foster and Flip were almost fifty boys and Club leaders. This made about one hundred folks in all to be fed at a special Parents

Night Steak Fry. If you say this sounds like a big job, you just don't know the serving ability of Flip. He could do a job like this with his hands tied behind him; at least one hand. Actually, he fed this 100 quicker than most brides could cook breakfast. Maybe, we are stretching it a bit, but the feed was wonderful and the hospitality of Flip, Foster and the boys was really something.

Speaking of Red River, we had always wondered why folks go up that way; so many, that is. Seems like just about half the folks from around home always want to go to or through there every summer. We had often wondered why. Last summer we passed by but didn't stay over and we still couldn't see anything to

get excited over. But now we know the secret and we want to go back and spend a week next summer when we get our vacation. And we can thank the 4-H Clubs of these two counties for teaching us the secret.

This time we stayed two nights and the fever bug bit us and we are Red River Boosters now for sure. We don't mean to draw any comparison with any other place but just to show some of the good points of this beautiful country and its very unusual community life.

Red River is located in Northern New Mexico about 3500 feet above sea level and some 1500 to 2000 feet below the mountain peaks on each side of the little mountain stream and valley. Sev-

eral years ago it was known as a rip roarin' little gambling spot. Folks with like likes always get together and those with an appetite for the above kept coming back and the reputation continued to spread.

According to the way we heard the story some of the local property owners decided to do something about the above. They decided to try and attract families, men, their wives and children from the average good families across the country. So they did away with the gambling and the rough stuff. A group of landowners organized into a sort of board of directors and started pushing a community center with lots of good entertainment, along with several other activities such as a weekly talent show, bowling, skating, horseback riding, hikes, pack trips and fishing. Of course there was a lull for awhile but folks started coming again. This time it was the kind of folks that the natives wanted. They are tickled pink with the results and thrilled with plans for the future.

Take for instance the big community home that has had to be enlarged only recently. Here something goes on all the time. Two nights each week there are picture shows of different kinds; maybe someone collection of travel. Perhaps an art show from neighboring Taos. Most of the other nights are given over to folk dances and games. All through the afternoon parties and games are held in this large community center.

Then there is the weekly Talent show held in a large sort of natural amphitheatre in the side of the

mountain. Here just anyone that happens through that way may be called upon to sing, dance, or tell of their unusual experiences. This in our opinion was one of the high spots of our trip. All sorts of stars and celebrities just come through and perform when called upon. This along with some local talent and colorful Indian

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

For a number of years Mr. E. L. Sitter and his son, Spencer Sitter have been two of the Donley Districts most conservation minded ranchers. They own and operate a nice size ranch south of McLean, and have consistently tried

to maintain their stocking rate at a level which would leave approximately 50% of the annual grass production on the ground in an attempt to restore the original turf on their pastures. This they were not always able to do, because even with a very conservative stocking rate, dry years reduced the grass growth to an extent that more grass was taken than they intended.

Mr. Sitter realizes the importance of water to a rancher, and resents any loss of water from his ranch. He realizes that water is

the limiting factor in the production of grass on his pastures, and the every bit of water that runs off means that he is losing that much grass.

Another thing that he knows, and proved to his own satisfaction recently, is the importance of grass and litter on the ground if his soil is to absorb most of the water from a heavy rain. In proving this to himself, Mr. Sitter dug a number of holes on various parts of his ranch following 5 inches of rain. His findings were that where he had a good litter on the ground he had moisture down to an average depth of 20 inches. Where there was little or no litter, the moisture was down to an average depth of only 10 inches. Mr. Sitter selected the more level areas to dig his holes in, and feels that the difference would have been more pronounced had he selected steeper slopes to make his checks.

Besides helping to get more

moisture in the ground, litter reduces the soil temperature on hot days, maintains it at a higher level on cold days, and reduces moisture loss through evaporation. In fact, litter can make the difference between ample grass and little grass to the rancher. It is also more important to the farmer than most farmers realize.

Mr. Sitter signed a cooperative agreement with the Donley Soil Conservation District in 1947, soon after the District was organized, and has requested technical assistance on numerous occasions from the District since that time. Technicians of the Soil Conservation Service, as a part of their assistance to the District, have been able to fulfill most of these requests.

STATE FAIR OF TEXAS

The best of Texas-made fashions will be modeled in 34 free style shows during the 1956 State Fair of Texas, Oct. 6-21.

More than 300 manufacturers all over the state have been invited to participate in the fourth annual Texas Fashion Roundup competition.

The "blue ribbon fashions" judged as the best will be the ones shown at the fair.

The free shows will be presented in the Women's Building twice daily during the fair, except for Sunday, Oct. 14. There will be additional showings on the three Saturdays and the first Sunday of the fair.

Nationally known judges for the event will represent the national fashion scene, the retail merchants, the consumer and children's fashions.

Judging will take place on August 17 and the winning garments will be shown Oct. 18 in a private preview for manufacturers and designers.

ers and designers.

An Honoree-of-the-Day will be presented at each of the fashion shows during the fair.

The blue ribbon fashions will be available in retail stores throughout the Southwest at the same time they are being shown at the fair.

Mrs. Leah Jarrett, director of the fair's Women's Department,

said that manufacturers should have their entries in her office by Aug. 13. The fashions to be judged will be divided into more than 100 categories.

The fashion competition and shows are sponsored by the State Fair in cooperation with Dallas Fashion Arts, Inc., a non-profit organization devoted to the promotion of Texas fashions.

A life that's lived for self alone,
The best in it has never grown;
The real beauty that should be,
Has not come out that folks may see.
The only life that proves worth while,
Is one that shares another's trial,
And he who fails in that respect,
Is living out a life's neglect.

Plenty of Zip at a pip of a price

(It's a great time to buy a Buick!)

SERIOUSLY—where else can you get so much snap and ginger at such a peach of a price?

Where else can you get a big, high-powered, steady-riding hardtop like this '56 Buick Riviera—at a figure that's pretty close to what they're asking for similar models of the well-known smaller cars?

Nowhere else that we know of—which is one big reason why Buick outsells all others cars in America except two of those smaller cars.

BUT RIGHT ALONG with low price is something else behind Buick's big success: Buick is a lot more automobile for the money.

It gives you more room and luxury—more zip and power thrill—fine handling and sure-footed stability.

And it gives you something you can get in no other car—today's advanced new Variable Pitch Dynaflo.* It's

the only transmission in the world with the cruising thrift and the switch-pitch safety-surge taken from the modern plane's propeller.

So WHY WAIT any longer—when the time to take action is now, so you can start enjoying all the golden months of summer and fall in a new '56 Buick?

Now—when Buick prices are as low as—perhaps lower than—they'll ever be again.

Now—when your present car is at its peak of worth—and when today's high volume '56 Buick sales permit us to make you an even better trade-in allowance.

Come see us—and look into the car that puts you years ahead right now.

Come see us today—and discover the dilly of a deal that will make you wonder why on earth you waited as long as you did.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.
