CLARENDON, DONLEY COUNTY, TEXAS, OCTOBER 31, 1957

A Common Paper for Common People

Thirteen Texas Future Farmers of America, recipients of Santa Fe Railway educational awards, posed with Fred G. Gurley, Santa Fe board chairman and chief executive officer, at Kansas City, Mo., recently during a dinner honoring the railway's award winners from nine states. Standing, left to right, are Harold Lindsey, Clarendon; W. R. Collier, Idolou; John Garmon, Groom; Kyle Hooper, Plano; Bill Christner, Belton; Leon Burks, Jr., San Angelo; Greath Davis, Comanche; Layton Black, Lometa; and Jack York, Tatum. Seated, left to right, are Dale Burnett, Ropesville; Billy Penn, Lufkin; Gurley; Kenton Harvey, Azle, who also received a college scholarship from the Santa Fe; and Allen C. Pape, Caldwell.

Plans Underway For Big Agriculture Clinic In February

County Agent H. M. Breedlove announced this morning that plans were underway for a big agriculture clinic to be held in Donley County in the month of February. Breedlove says that the clinic in February will be a two day affair with one day in Clarendon and one day in Hedley. An all day agriculture meeting has been held in Clarendon for the past four years during the month of February; however, Breedlove thinks that a two day meeting will get in touch with more people. The topics that will be talked on this year will be irrigation, insect control, plant diseases, cotton, wheat and grain sorghum and all types of livestock. The different topics to be discussed will be talked on by specialists from the Texas A&M College Extension Service. Plans are also to devote some time in each meeting on the High Plains Conservation Program which is just now getting started in this area. Breedlove says as plans develop and the definite program is worked out, it will be published in the local papers and on radio. The tentative time for holding these two meetings is about the middle of February.

Local Dealers Display New Model Cars

A majority of Clarendon's Automobile dealers will feature their 1958 model cars this week end with others to follow next week. Alderson Chevrolet will be featuring the new line of Chevrolets; Chamberlain Motor Co. will be showing the new line of Buicks; Bartlett Motor Co. will be showing the new Dodge along with the new Plymouth; AAA Motor Co. will have the new DeSoto on display along with the Plymouth also. The Oldsmobile and Ford agencies will feature their new models next week end. There have been numerous changes made in all the new cars and the local dealers are inviting the public to come by their show rooms and feast their eyes on the various improvements in design as well as mechanical.

Colts Journey To Lefors Tonight

The Jr. High Colts will journey to Lefors tonight for their last game of the season provided there is no last minute cancellation. This is their last scheduled conference game. The game with Memphis last week was cancelled due to flu. The Colts have been hampered with illness but are expected to put forth their strongest efforts to win tonight if at all possible.

Children Will Collect UNICEF Funds Tonight

Thursday evening between the hours of 5 o'clock till 6 o'clock the Sims Parent-Teacher Association will sponsor the United Nations Children's Fund activity in conjunction with the Halloween Carnival. During this hour children in costumes will ring doorbells and knock on doors and ask "Trick or Treat; we want a treat for all the world's children." They will be wearing UNICEF arm bands. Replacing the traditional treat bags the children will carry jars or cartons for coins collected. No coin larger than a dime is to be given. This Halloween "Trick or Treat" project offers youngsters an opportunity to share in the work of UNICEF, the United Nation's program which is the world's largest international effort to improve the health and welfare of children and their mothers. Thanks to UNICEF, Korean boys and girls in unheated school rooms and homes will have a glass of warm milk every morning this winter. In Burma, Thailand, Indochina and Hong Kong, fewer mothers will have to stand by helplessly and watch their babies and youngsters die from preventable diseases. Fewer children in South America or India need suffer malaria or yaws for want of 15 cents worth of drugs. Children and parents in 80 countries all over the world know the meaning of UNICEF. The fire whistle will blow at 5 o'clock Thursday night to signal start of the march. At 6 o'clock it will blow again and all workers will meet on the Court House lawn for the counting. In previous years 1349 communities in the United States participated in this "Trick or Treat" Halloween project, and turned over to this United Nations Children's Fund \$99,000.00. This Thursday's march by our children will give the people of Clarendon an opportunity to participate in this humanitarian effort for the welfare of children in a peaceful world. Have your dimes, nickels, and pennies ready, but do not make a contribution to any person not wearing the UNICEF arm band. In the event a child fails to reach you during the hour set aside for this drive, a booth will be provided at the Carnival which will follow the drive. —Reporter.

CARNIVAL POSTPONED

The Halloween Carnival to be held at the Elizabeth Stevens school Thursday, October 31st has been postponed till a later date due to the large number of students who are out of school due to flu. The "Trick or Treat" for UNICEF drive will still be held as planned for those who are well enough to participate. —Reporter.

Water Authority Confirmed By State

Mayor H. T. Burton received a letter from Ben F. Looney, Jr., Secretary of the State Board of Water Engineers last week stating that the votes in the recent water election had been canvassed and released the following orders: "It is ordered and declared that a majority of the qualified voters casting their votes at said election held separately in each of said Cities of the Authority was in favor of said confirmation of the establishment of Green Belt Municipal and Industrial Water Authority, to include each of said cities, and hereafter said Authority shall have all of the powers and authority conferred by such Chapter 35, V.A.C.S. of Texas, Article 8280-160 and amendments thereto."

Districts 1-A and 2-A Reorganized for 1958

The Leader carried a story last week which stated that the tentative re-alignment for Districts 1-A and 2-A put Stinnett in District 2-A with Clarendon, McLean, Lefors, Canadian and Memphis. This week Supt. W. W. Pinkerton received a letter from the Interscholastic League in which it stated that a mistake had been made and Stinnett would remain in District 1-A with Gruyer, Spearman, Sunray and Stratford. District 2-A will be composed of Clarendon, Canadian, Panhandle, White Deer, McLean, Lefors and Memphis. This is still a tentative alignment but it is probable in the way it will remain. Permanent alignment will be out before December 1st.

Flu Hits Local Schools

School Superintendent W. W. Pinkerton announced that on Wednesday approximately 23% of the students in the Clarendon Public Schools and Junior College were absent from classes on account of the flu epidemic. Of a total enrollment of 768, 174 students were missing. The brunt of the epidemic, which had missed Clarendon until Monday of this week, hit the school system suddenly. On Monday, 17% were out; Tuesday, it climbed to 20% and was at 23% at noon Wednesday.

Catholics To Observe All Saints Day

Catholics throughout the world celebrate All Saints Day Friday, November 1st. All Saints Day is one of six days besides Sundays that Catholics attend the Holy Sacrifice of the Mass. Holy Mass will be celebrated at St. Mary's Chapel, The Shrine of Our Lady of The Panhandle, the Catholic Church here in Clarendon, at six-thirty in the evening. The general public is welcome.

Halloween Dance Tonight

The local American Legion Post is sponsoring a Halloween Dance tonight at the Legion Hall. You may come in costume or however you like, the dance chairman stated. Emmett Allen and his Sunset Ramblers will furnish the music for the dance and the admission charge will be \$1 per person. The dance will start at 9 p. m. and everyone is invited to come out and have a big time.

Mr. and Mrs. N. M. McCrary and Craig of Alamogordo, N. M. visited a short time with Mr. and Mrs. G. W. Estlack Friday while attending to business. They reported that C. L. McCrary has been moved to the home of a daughter in Amarillo and is gradually improving.

Bronchos Take 14 to 7 Thriller From Stubborn Lefors Pirates

A determined Clarendon Broncho football team outfought an equally determined band of Lefors Pirates at Broncho Stadium last Friday night and came out with a 14 to 7 victory over their arch rivals. The Bronchos made two penetrations, 11 first downs and 175 yards rushing and passing and Lefors made one penetration, 12 first downs and 178 yards rushing and passing. The game was just that close all the way.

The Bronchos drew first blood in the contest midway of the second quarter. Carl Evans took a hand-off from Jerry Behrens and went through the middle of the big Lefors line for 25 yards and a touchdown. Evans also kicked the extra point and the Bronchos took a 7-0 lead. Lefors came back and tied the game late in the third quarter. Tommy Johnson, their great quarterback, capped a 55 yard march with a two yard plunge for the score. Johnson passed to end Bill Jernigan for the extra point and the game was knotted at 7-7.

Late in the final quarter the Bronchos broke the tie and scored the winning touchdown. Richard Vallance intercepted a long pass thrown by quarterback Johnson of Lefors and returned to the Pirate 25-yard line, and three plays later Behrens circled right end for the final 11 yards and pay-dirt. Evans again kicked the extra point and the Bronchos were in front 14 to 7 with one minute and 33 seconds left in the game. At the time of Vallance's interception of Johnson's pass, the penetrations were even and the Pirates led in first downs 12 to 9.

Evans was the leading ground gainer for the Bronchos with 76 yards in seven carries. Quarterback Behrens was the workhorse with 14 carries for 46 yards. The Bronchos attempted only four passes, all by Behrens, and completed one for 10 yards while the Pirates attempted 12 passes, all by Johnson, and completed five for 57 yards. The Broncho line, paced by Keith Hudson, Monty Mann, Darrell Lefew and others was outstanding on defense. Behrens and John Tom Morrow did a great job on backing up the line and Evans and Vallance broke up a number of passes that would have gone for long gains. Five seniors, Behrens, Vallance, Evans, Hudson and Don Taylor were playing their last game in Broncho Stadium.

Mrs. Don Caneer left Sunday morning for her home in Dallas after visiting a few days in the home of her brother and family, Mr. and Mrs. Frank Whitlock.

Lions To Sell Brooms, Door Mats, Mops, Etc. Tuesday Night

Members of the Clarendon Lions Club will make a door to door canvass of our little city next Monday evening to give everyone an opportunity to buy such items as ironing board covers and pad combinations, top quality corn brooms, attractive door mats, mops, whisk brooms and other items.

These various items are manufactured by Texas Blind workers in Blind Shops or Light-houses, which are non-profit organizations with the money derived going back into the shops to help train other blind persons for useful occupation.

The local club has been divided into teams and will use pickups to haul the merchandise as they make the rounds. The Texas Blind Shops Caravan will be here all day Monday, Nov. 4, and a truck with the various items will be parked on main street for those who wish to buy throughout the day.

Special Amendment Election Tuesday November 5th

Donley County residents will join voters from over the state in going to the polls next Tuesday, November 5th to vote on three proposals to amend the constitution of Texas. The amendment proposal drawing the most interest and backing is H.J.R. No. 3 which deals with the important matter of water. The Amendment would authorize issuance of two hundred million dollars in bonds by the State of Texas to provide assistance in local development of water resources. In view of the importance of this amendment and the fact that it will not consume tax dollars makes its passage very favorable.

Other proposals are: H.J.R. No. 37 making the five percent contribution rate to the state employees retirement system applicable to an employee's whole salary; and adding additional employees who may be included in the retirement system. The third proposal, H.J.R. No. 2 deals with increasing authorized state expenditures for old age assistance, aid to the blind and aid to dependent children from \$42,000,000 to \$47,000,000 per year; and increasing the limit on payments from state funds per person for old age assistance. Be sure to go to your voting place next Tuesday and cast your ballot whether you are for or against any of the proposals. You can say you voiced your opinion regardless of the outcome.

Bronchos To Meet Canadian Wildcats In Important Conference Game

The Clarendon High School Bronchos will journey to Canadian this Friday night for an important District 2-A conference game with the highly regarded Canadian Wildcats. The Bronchos are undefeated in conference play with last week's 14 to 7 victory over Lefors and a forfeit from the McLean Tigers on October 18. The Wildcats of Canadian have played only one conference game which they lost to Lefors, 14 to 13.

Canadian was the pre-season favorite to win the district championship. They finished second to the Bronchos last year and have seven regulars from last year's team and a total of 15 lettermen back this season. They have been hampered by injuries most of the season and have only one win, a 28 to 6 victory over Gruver, and a 13 to 13 tie with Shamrock. They have lost to Wheeler, Perryton, White Deer and Lefors. Their game with Panhandle last week was canceled because of the flu on the Panhandle team.

Hedley Entertains Visitors With Annual Cotton Festival

Residents of Hedley extended that usual warm welcome to visitors at their annual Cotton Festival and 50th Anniversary celebration last week end. The crowd was a little under anticipation but was much larger than would have been expected in view of the inclement weather and flu attack which dropped in just at the wrong time. "All the way around, we had a wonderful celebration and want to thank everyone who came and helped us celebrate", was the comment of Clifford Johnson. For more details on the celebration, turn to the Hedley items which may be found on another page of the Leader as reported by Mrs. Paul Duncan, our Hedley correspondent.

Howard Talley Elected President Greenhand F. F. A. Unit

Howard Talley, son of Mr. and Mrs. Edgar Talley of the Goldston Community was elected president of the first year members of the Clarendon F.F.A. last week. Lynn Spier was elected vice-president; Jerry Allen, secretary; Ronnie Tyra, treasurer; Gary Longan, sentinel, and Neal [unclear] [unclear]. The greenhand unit of the Clarendon F. F. A. chapter, plan its program of work, and carry out the program along with the advanced students of the chapter. A chapter conducting team and a F.F.A. quiz team will be sponsored by the group.

Services Held Monday For Mrs. A. L. Chase

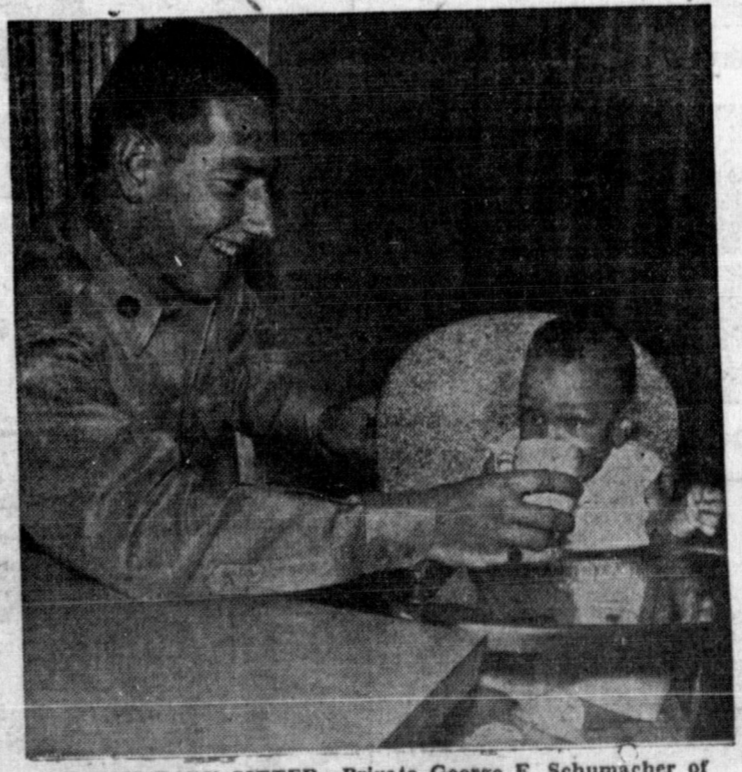

Funeral services were held Monday afternoon at the First Presbyterian Church for Mrs. Jessie Scudder Chase with Rev. B. W. Dowler officiating. Mrs. Chase, 74, died at her home here Saturday evening. She was a member of the First Presbyterian Church. Survivors include one daughter, Mrs. Keith Stegall, Gunnison, Colo.; two sons, Rhodin W. Chase, Clarendon; Arthur L. Chase, Borger; two sisters, Mrs. Carl Nash, Pasadena, Calif.; Mrs. Julian Adams, San Marino, Calif.; three grandchildren and two great-grandchildren. Pallbearers were Bill Williams, Ardis Patman, Ernest Kent, K. M. Windom, Fred Chamberlain Jr., and Charles Blackburn. Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

Duck Season Opens Friday - Nov. 1st

Nimrods of this area can get their shot guns cleaned up and be ready for an early breakfast Friday morning if they want to help get the duck and goose season underway. We have an extra long season on ducks this year, Nov. 1st thru January 14th. The goose season is Nov. 1st thru Dec. 30th. Shooting hours on ducks is one-half hour before sunrise until sunset. The bag limit is 5 ducks and ten in possession. It is mandatory that every duck hunter have a federal duck stamp which may be purchased for \$2 at the Post Office. Two important things to remember is to have permission where you hunt and to be careful. Your family prefers your return home, safe and sound, to a bag limit of ducks.

HARVEST DAY WINNER ANNOUNCED

The second name taken from the box last Saturday was Mrs. Kenneth Morrow who was the lucky person for Silver Harvest Day. A 10% token allowed her \$40 in trade money. Remember this big event next Saturday afternoon at 3:30. You may be the lucky person. VAUGHAN ATTENDS PRINCIPALS MEETING High School Principal K. D. Vaughan of Clarendon attended the annual meeting of the Texas Association of Secondary School Principals which was held at Fort Worth on Monday and Tuesday of this week. Mr. Vaughan returned to Clarendon on Tuesday night and was back at school on Wednesday morning.

HAPPY BABY SITTER—Private George E. Schumacher of Akron, O., is the only male baby sitter registered at Fort Knox, Ky. His prescription, learned early as the uncle of nine, is to have a sense of humor and never take yourself seriously. It works. He's never known a real problem child, he claims.

Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD
Texas Press Association

AUSTIN—There's talk now of

not just one, but two special sessions of the Legislature. East Texas House members, who served as a tightly-knit team in pushing pro-segregation laws last spring, are asking Governor Price Daniel for a chance to put through some more. Texas needs laws to prevent the kind of trouble that developed in Little Rock, say the East Texans. Specifically, they propose (1) a law to allow local boards to close schools in case of riots or occupation by troops and (2) a measure directing the Attorney General to assist local school systems

involved in federal suits to enforce integration. Daniel said, "It may be we should take some further action." But he said he thought the East Texans were wise in not suggesting the segregation issues be added to the agenda of the session which opened Monday. It was called to work on lobby registration, regulation of practice before state agencies, water conservation and crime study. Most observers think thrashing out all the details on these will take a full 30 days.

FOUR INDICTED
Travis County Courts, which serve as the arena in which state officials are taken to task, are due many more months of statewide attention. After four months of studying the history of the ICT Insurance Co., a Travis grand jury returned perjury indictments against Former Insurance Commissioners Garland A. Smith and J. Byron Saunders. It also indicted ICT's onetime manager, Ben Jack Cage, on charge of bribing the commissioners. Also Smith's son-in-law, Max Wayne Rychlik, on perjury charges.

Juro's recommended state laws be strengthened, particularly in regard to liabilities and responsibilities of company officers and board members. There wasn't time to go into legislative lobbying, said the weary jury. But it urged a law requiring registration and expense reports by lobbyists. Proof that the jury's tiresome task took its toll was the hospitalization of one member just as the term ended, reportedly suffering from "physical exhaustion."

WATER PREVIEW
Sectional rivalries and lack of money have hobbled past efforts for an over-all water conservation program in Texas. So said speakers at the Texas Water Conservation Association meeting where water problems confronting the special legislative session were reviewed.

State Water Board Chairman R. M. Dixon said his department has never had enough money to carry out its assigned duties. He asked for more money to gather data and pay salaries comparable with other state departments. House Speaker Waggoner Carr pointed out that legislators have had trouble getting together on a water program because they reflect the conflicting ideas of their constituents, said Carr. He urged cooperation. Governor Daniel recommended a water plan to take care of needs up to the year 2000. "We can go forward," he said, "and guarantee the future growth and prosperity of our state, or do nothing and face economic stagnation."

Texans spend twice as much money to hunt and fish as they do for admission to all football, baseball and basketball games, plus all other spectator sports, plus all the movies and other theatrical attractions combined. So said L. A. Wilke of the Texas Game and Fish Commission at a Rotary Club luncheon in Austin.

ROD AND GUN STATISTICS
Texans spend twice as much money to hunt and fish as they do for admission to all football, baseball and basketball games, plus all other spectator sports, plus all the movies and other theatrical attractions combined. So said L. A. Wilke of the Texas Game and Fish Commission at a Rotary Club luncheon in Austin.

WATER AMENDMENT
Governor Daniel has expressed great pleasure over the widespread interest in passage of the Constitutional Amendment for water development. He pointed out that the measure, which is third on the Nov. 5 ballot, has received the endorsement of the state's leading or-

ganizations and associations. "Each day's mail brings additional support from local chambers of commerce and other civic organizations, as well as private citizens interested in the welfare of Texas," the governor added.

FLU CASES PILE UP
"That foreign flu" is getting familiar to Texans. Reported cases doubled in a week, according to the State Health Department, bringing the total of flu-like illnesses to 62,319. A number of schools had to close after absences skyrocketed. Many others canceled football games, band concerts and other special events.

Success comes before work only in the dictionary. Quality has everything in its favor including the price.

AN EDITORIAL
Locally Controlled
 Texans always have been independent in spirit. They do not like for outsiders to tell them how to conduct their affairs. Most of

them believe, and rightly so, that the closer government is to the people the better it will be. That is why Texans should approve Constitutional Amendment No. 3 at the Nov. 5 election. This is the amendment that is design-

ed to help solve our water problem. It places the responsibility for solving local water problems with local people. At the same time it makes available the resources of the State to those communities financially unable to

completely help themselves. This amendment provides for the issuance of up to \$200,000,000 in bonds by the State of Texas for construction of facilities for storage and preservation of surplus waters.

limited to one-third the total cost or \$5,000,000, whichever is less. It is an incontrovertible fact that Texas receives all the water it needs in rainfall. The difficulty lies in the fact that it usually is a case of feast or famine. When rains come the water rushes to the Gulf of Mexico, flooding valuable land and destroying life and property. Then come the dry seasons when crops, lawns, humans and animals die and suffer from lack of water.

These funds would be loaned to local municipalities and water districts to augment local funds. Proposal No. 3 is so written that this money will be available on an equitable basis and cannot be grabbed up by a few large projects. The State will function primarily as a second-lien holder, taking revenue bonds on a given project over and above the amount of money that can be raised on the community's own credit rating. State participation is

The proposed amendment would change this picture by helping local communities build reservoirs for preserving the excess moisture for use when there is none from the skies. Under terms of the amendment these storage facilities belong to the community. It alone can control the uses to which the reservoirs may be put. The State's position is nothing more than that of any other bondholder. This is a Texas way of solving a state-wide problem on a local basis. We believe it will work and urge adoption of this proposal by an overwhelming vote.

Generals Lee and Grant fought on the same side in the Mexican war.

HEALTH NOTES

Texas State Dept. of Health

AUSTIN—Those twin menaces—cancer and heart disease—hung up a grim new record for the number of Texans killed last year, a final tabulation of death statistics shows.

Of a grand total of 69,671 death from all causes during 1956, almost half were due either to heart disease or to cancer. Heart disease killed 22,888 while cancer claimed 10,168.

While the number of cancer deaths has increased perceptibly in the past three years, the increase has little real significance. The rate of deaths from cancer in Texas is still well below the rate for the United States as a whole. This state registered 112 deaths from cancer for each 100,000 population, while the rate for the rest of the nation was 146 deaths per 100,000 population.

The disparity between the Texas - U. S. cancer death rate is probably due to the fact that Texas has a younger population. Cancer is a disease that usually strikes people past 50 years of age. Of the 10,000 cancer deaths last year, 8213 of them were among persons past the half-century mark.

Increases in the number of persons dying of heart disease is becoming bitterly significant. For instance, almost 1800 more persons died from this cause during 1956 than died in 1955.

Most of the increase is in the age group 55 and over. And therein lies the irony: normal life span has been lengthened to an age where heart disease has a field day.

The same reason—longer life span—is obviously behind the remarkable gain in the United States death rate from heart afflictions. Almost 15,000 more Americans died of heart disease last year than died in 1955.

As life expectancy continues to increase, more and more people are going to fall victim to heart disease. And although this fate cannot be avoided, it can be delayed. Here is a simple four-point regimen for staving it off as long as possible.

1. Reduce tensions of "modern living," and get moderate exercise. A non-strenuous hobby is

beneficial.
 2. Eliminate excessive weight that taxes your heart. Do not overeat.
 If you must smoke, cut your consumption of cigarettes to less than a pack daily. Smoking constricts the flow of blood and places an extra load on the heart.
 4. Above all, see your family physician at least once annually for a thorough physical examination.

HIGH FLYER

AMARILLO—A high flying bantam hen became a mother, but had to call for help to raise up her four chickens.

Clucking madly, she ran round and round the trunk of a high spruce tree, while her chicks cheeped far above in a bird's nest. The mother hen was so excited she had forgotten the route she had taken up so many times during the hatching period.

Without the help of their owner, Mrs. G. R. Ross, the family might never have been reunited. Mrs. Ross climbed a six-foot ladder to reach the chickens, and handed them over to the mother.

Mrs. Ross said the hen had been hatching the eggs in the repossessed sparrow's nest, although there were the most modern facilities all around for more conventional hatching.

You're face to face
 with the
B-58 BUICK

It looks and feels like flight on wheels

IT RUNS on gasoline and rolls on wheels. But beyond that, all similarity between this 1958 Buick and any other car you've ever known comes to a decisive end.

This B-58 Buick is literally born of aviation principles — starting with a greater use of aluminum than ever before, and going on from there.

With this stunning automobile you're in the forefront of styling's freshest advance.

With it you boss the B-12000 engine — command through a transmission that's the big talk of the automotive world — feel a

modern miracle in buoyancy of ride, plus the never-before wonders of Buick Air-Poise Suspension.*

With it you can drive with more magnificent advances in automobile design and engineering than history shows in any single year.

This B-58 Buick is ready now in look and line and lift and life to thrill you to a tingle. Go see — now on display at your Buick dealer's.

*Air-Poise Suspension optional at extra cost on all Series. Flight Pitch Dynaflo standard on LIMITED and ROADMASTER 75, optional at extra cost on other Series. Aluminum Brakes standard on all Series except SPECIAL.

NEVER SO MUCH SO NEW

- * FRESH BOLD STYLING with the Dynastar Grille.
- * THE MIRACLE RIDE plus Buick Air-Poise Suspension.*
- * FLIGHT PITCH DYNAFLOW* with the instant flexibility of a million switches of pitch.
- * B-12000 ENGINE with 12,000 pounds of thrust behind every piston's power stroke.
- * AIR-COOLED ALUMINUM BRAKES* with smoother, surer control and longer life.
- * "VELVET WALL" Sound Silencing.
- * All built to exacting quality standards

When better automobiles are built Buick will build them

Robert E. Hornberger, left, Dallas oilman and real estate developer, presents the fossilized thigh bone of a prehistoric elephant to Dr. David Clark, assistant professor of geology at Southern Methodist University.

type of mammoth that roamed Texas from 10,000 to 50,000 years ago. Dimensions of the bone indicate that this particular mammoth stood nearly 14 feet tall, in the opinion of Dr. David Clark, assistant professor of geology at SMU.

The mammoth sported a decorative pair of tusks, probably 12 feet long, which curved so far back on themselves as to nearly punch out the big beast's eyes.

The fossil is the largest of its kind ever acquired by SMU, Dr. Clark said. "It is an unusually valuable specimen for study. We plan to make a special display of it," he added.

The fossil was presented to Dr. Clark by Robert E. Hornberger, Dallas oilman and president of Hornberger Brothers Properties, Inc., a real estate development firm. It was discovered during excavations on Hornberger property in southeastern Dallas County. This and other Hornberger real estate holdings in Dallas, Houston and other parts of the country are included in long-range development plans involving thousands of acres.

Largest of these operations currently under way is the huge San Jacinto Industrial District in Houston, an 1,100-acre development for light industry and fab-

ricating plants. Workmen there, moving millions of yards of earth, have caught some of Mr. Hornberger's enthusiasm for his hobby, and are keeping a sharp eye out for items of archeological interest as the big digging machines bite dirt.

Mr. Hornberger has followed his hobby into South America and across the Pacific to the South Sea Islands, Polynesia and Australia. He studied the civilization of the Incas of Peru, and spent some time deep in the interior. His collection accumulated in these field trips has been given to the University of Texas.

Mr. Hornberger keeps up with his hobby through active membership in the Medieval Academy of America. His business interests in addition to real estate include the presidencies of the Boerne Royalty Corporation and the Caribbean Oil Corporation. He is senior partner of Shaw & Hornberger, general insurance firm, and a director of the Empire State Bank of Dallas and the LeCuno Oil Company.

Johnson Sunday and they attended the festivities at Hedley Sunday evening.

Mrs. C. R. Moore of Bowie and Mr. and Mrs. W. H. Gray visited the Vance Grays Sunday.

Mr. and Mrs. Lee Roy Satterwhite visited their son in Lubbock over the weekend. Mrs. Satterwhite has just returned from a long visit with her daughter in Ft. Worth.

Mr. and Mrs. Billy Porter, Claude Porter, and Tom Walker visited the L. M. Porters during the weekend.

Mr. and Mrs. James Reed Lovell and children from Dumas visited in the Ben Lovell home during the weekend.

Mr. and Mrs. Clifton Phillips, Mrs. Stella Phillips and Connie, Danny and Jimmy Phillips attended the 66th wedding anniversary celebration in honor of the parents of Mrs. Stella Phillips who are Mr. and Mrs. W. J. Harper in their home in Newlin Sunday. Mr. and Mrs. Harper are the parents of twelve children, nine of whom are still living. All nine children were present to en-

joy the reunion. About sixty relatives were there for the dinner and then friends and neighbors called to pay their respects during the afternoon. Congratulations to this fine couple, and our best to all of their offspring.

Many in our community are plagued by the virus or "flu bug"

and several children are out of school. "Thank you" to everyone who cooperated in getting these items, and I extend a personal plea to all of you to telephone me your items or leave them at Lovell's garage. Thanks again.

Leader—Local rate, \$3.00 a year

The fossil collection in Southern Methodist University's geology department has acquired an unusual specimen as a result of a real estate developer's amateur interest in archeology. The fossil is the right thigh bone, or femur, of a new extinct

Pathfinder

The Pathfinder Club meeting was opened by repeating Club Collect in unison when members met at Patching Club House Friday afternoon, October 26.

The leader, Mrs. J. L. McMurry, introduced Mrs. Millard Word, Clarendon's only composer. Mrs. Frank Phelan, Jr. sang four songs composed by Mrs. Word: "Through Fields of Clover," "The Sandman's Magic Sand," "The Candy Land of Dreams," and "If God Is Not."

Mrs. McMurry gave the highlights of four Texas composers whose music is most familiar to us: Radie Britian, Esther Johnson, David Guion, and Oscar Fox. She also mentioned another artist whom the club is interested in, Rebecca King, who will spend next winter studying violin in Salzburg, Austria.

Radie Britian received her earlier musical training in Clarendon College, afterward she taught here in the College. She studied in Munich, Germany where she received her degree and made her debut. She won first honor in a nation-wide contest at the White House where American League Pen Women were entertained by Mrs. Franklin D. Roosevelt. In a program for famous women composers, she won third in a world-wide contest. The composition was "The Heroic Poem" dedicated to Chas. Lindberg on his flight across the Atlantic.

The guest speaker, Mr. E. L. Melin, was then introduced. He is manager of the Amarillo Symphony Orchestra and has played with the orchestra for ten years. In his charming manner, he gave many interesting incidents of his teaching in Park Ave., New York, showing the ready response of children to music. He spoke of the importance of musical ther-

apy for the sick and the wounded. The club caught a real inspiration as Mr. Melin conveyed the joy of teaching music and working with the Orchestra.

The hostesses, Mrs. Carl Allmond and Mrs. Simmons Powell, served refreshments to the guests: Mrs. Millard Word, Mrs. W. G. Word, and Mr. E. L. Melin, and to 28 members. —Reporter.

BETA SIGMA PHI-MU GAMMA

Mu Gamma met in the home of Mrs. Frank Hommel Thursday evening, October 24, with Frankie Henson and Annette Hardin hostesses.

The program, "Painting the Person and Her Crowning Glory," was presented by Jo Jinks, Bert Garland and Ruth Hudson.

Pledges to sign were Katherine Cain, Nancy Shelton, Evelyn Mann, Jo Ann Davis, Francis Long, Jo Ellen Pfeiffer, and Melba Vaughan; also present were Edna Smith, Annesse Bennett, Beth Bennett, Jane Bownds, Bert Garland, Frieda Gray, Annette Hardin, Frankie Henson, Ann Hommel, Ruth Hudson, Jo Jinks, Juanita Phelps, Lois Schollenbarger, Marilyn Simpson, Evelyn Yeates, and Mrs. Lena Morris.

Attention was drawn to the Rummage Sale which is being continued for several Saturdays at George's Cleaners. Proceeds will be used toward a scholarship for a college student.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Leo Smith of Lelia Lake announce the engagement and approaching marriage of their daughter, Marilee, to Winfred Self, son of Mr. and Mrs. George Self, Clarendon, Texas. The ceremony will be read November 27, 1957.

Shower Honors Miss Hodge

Miss Nedra Hodge, bride-elect of Charles Cosper, was honored at a miscellaneous shower in the home of Mrs. U. Z. Patterson, Tuesday afternoon, October 22. Receiving hours were from 4:00 p. m. to 5:30 p. m. Hostesses for the courtesy were Mesdames Ethel Mann, Jack Eddings, Lloyd McCord, Frank Reid, Pete Borden, Luther Hall, Pete Darnell, Elmer Dishman, Bert Smith, James Smith, P. C. Messer, Dale Hill, A. D. Estlack, James Bain, U. Z. Patterson, Robert Cash, J. D. Wood, George Thompson, and Miss Mona Churchman.

Bouquets of roses decorated the entertaining rooms.

Guests were greeted by Mrs. Patterson and presented to Mrs. F. O. Hodge, Miss Nedra Hodge, and Mrs. Virgil Cosper. Mrs. Bob Parker of Borger and Miss Glenda Borden alternated at the guest book. Music was provided throughout the afternoon by Miss Joyce Eddings and Mrs. Clifton Phillips.

Refreshments were served from a table laid with a linen cut-work cloth and centered with an arrangement of pink roses surrounding miniature bridesmaids. White satin streamers extended from the floral arrangement and were lettered "Nedra" and "Chuck." The silver service added to the table decor. Presiding at the table were Mrs. David Stout, Mrs. Robert Mills, Miss Barbara Darnell and Miss Phyllis Hill.

Approximately thirty guests registered and a number sent gifts. —Reporter.

KIL KARE KNEEDLE KLUB
The Kil Kare Klub met in the home of Mrs. Ruby Bromley Thursday afternoon, October 24, with Mrs. Milt Mosley assisting hostess. Entertaining rooms were attractively decorated with garden flowers. Visiting was the program of the afternoon.

Lovely refreshments were served to guests: Mrs. R. Y. King, and Mrs. A. W. Simpson, and to members: Mesdames Homer Mulkey, Harry Brumley, Major Hudson, G. C. Heath, A. O. Hefner, and Cap Lane. —Reporter.

JR. H. D. CLUB

The Jr. H. D. Club met at Patching Club House Thursday evening, October 25, for a buffet dinner and Halloween party. Entertaining rooms and tables were decorated to carry out that theme. Following the meal, games were played.

Attending were Mr. and Mrs. Charles Blackburn, Mr. and Mrs. Bert DeBord, Mr. and Mrs. Grady Henson, Mr. and Mrs. Paul Schull, Mr. and Mrs. J. H. Spier, Jr., Mr. and Mrs. Claude Spivey, Mr. and Mrs. Henry Tatum, Mr. and Mrs. Bobby Trout, Mr. and Mrs. Bill Bentley, Mr. and Mrs. Doss Finley, Mr. and Mrs. Bob Williams, and Mesdames Nora Decker, Sadie Head, Mildred McClellan, and Lucille Swinney. —Reporter.

F. H. A. MEETING

"Dieting and Exercising for Beauty" was the theme of an illustrated talk given by Mrs. Tom Jinks to the Clarendon F.H.A. Monday night. "Beauty is more than skin deep" she stressed. It includes your personality, habits, cleanliness, religion, speech, manners, education, posture and health.

Sharon Smith demonstrated exercises which would help the teen age keep a firm, trim figure.

In the business session, we voted for each girl to bring three stamped cards to send to the mental hospital in Wichita Falls, Texas. This is a state project in which we share the Christmas spirit with less fortunate people.

Cokes were served in the Homemaking department to 40 members. —Reporter.

M. Y. F. REPORT

Meeting was held Oct. 27th. There were 8 present. John Bob Butler called the meeting to order. Mrs. Mace led us in prayer. We discussed our Halloween party the M.Y.F. is having Wednesday night.

In M.Y.F. we asked two questions: What we got most out of life and what worries us the most. We were dismissed by the M.Y.F. benediction. —Reporter.

Mr. and Mrs. L. T. Whitlock and Larry of Amarillo visited a short while Sunday afternoon with Mr. and Mrs. G. W. Estlack.

THE LIONS DEN

The Roar of the Lions

By the Liontamer

Charles Lane who is associated with Murphy Funeral Home became a new member of the Clarendon Lions Club of Lions International at the Tuesday weekly luncheon meeting. At the same meeting the Clarendon Club extended their policy of granting an annual Clarendon Junior College scholarship to a deserving student.

The business part of the meeting was devoted to the promotion of the Club's outstanding project of the year. The most humanitarian service sponsored by the Club is their all out efforts to aid the blind. The financing of this program of aid is accomplished by an annual Broom-Mop and door mat sale to the householders of Clarendon. The 1957 annual drive is set for next Monday evening, 6:30 P. M., November 4th. Every item offered to the people of Clarendon next Monday was manufactured by the blind people of the State of Texas, and judging from the many many complimentary statements of last years purchasers, every item is equal to or of better quality than regular factory run, like items.

The Lions were highly pleased with the volume of sales last year but are organizing more perfectly this year in order to avoid passing some home by, that particularly desires to purchase their needs from the Lions in order to show their approval of this humanitarian project sponsored and promoted by the Club.

Welcomed guests Tuesday noon were Jake Roberts, local guest of Redell Henson; Jim Moore of Vernon, Texas, representing Proctor and Gamble, and Marvin V. Fritts, with Colgate Palmolive Peet Soap Company.

The writer has not yet received any official announcement or reliable indication, that having the two largest soap company's representatives visit us, pointed to a major clean up or clean out campaign in the near future. But if, Lion Newman has classified the

membership with the old adage in mind "That a hint to the wise is sufficient", then the writer feels that Lion Newman must have, in his weaker moments, removed the bridle from his imagination and that same imagination took advantage of the newly acquired freedom to stage a reckless, dangerous runaway.

REMEMBER NOVEMBER 4; LET US ALL MOP UP FOR THE BLIND.

FAMILY REUNION

Mr. and Mrs. Frank Whitlock have enjoyed having a family reunion at their home thru the past week. Visiting here thru the week have been Mrs. Don Caneer of Dallas; Mrs. J. L. Whitlock of Shreveport; Mr. and Mrs. Price Whitlock and Mr. and Mrs. Charles Soderberg and girls, all of Escondido, Calif., Mr. and Mrs. L. T. Whitlock and Larry and Mr. and Mrs. George Garrison of Amarillo, Mr. and Mrs. Regan Bryan were visitors Sunday afternoon.

PLEASANT SURPRISE

The J. A. Warren home was pleasantly surprised Friday when Ray and Flora Warren, also Ray Warren, Jr., and wife, came for a visit. The Warren boys and wives of Borger, also came over to enjoy the occasion. It was the first time Ray and Jim had seen each other in 26 years. They also visited her brother and family, the Marvin Whitfields of Hedley; Ray's sister, Mrs. C. J. Talley, Chester and wife of Martin Community; Mr. and Mrs. Frank Mace and other relatives in Amarillo. The Ray Jrs. also visited the Warren families in Borger Saturday evening. They left for their home in Las Vegas, Nev., Sunday.

Jim says it was one of the greatest and most enjoyable occasions of his life, and all enjoyed the visit to the utmost.

Mr. and Mrs. C. W. Lane took their grandson, Mark, to Tucumcari, N. Mex. this past week end where they met their children, Mr. and Mrs. Wilson Lane and Gary and Mr. and Mrs. Tommy Lane, all of Albuquerque. Mark has visited here the past two weeks and accompanied his parents, Mr. and Mrs. Wilson Lane home.

HOSPITAL NOTES

Patients as of Wednesday, October 30th:

Paul Wiggins, Mrs. Gladys Blackburn, Mrs. Rosco Land, Mrs. Cap Morris, Jack Walker, Mrs. Homer Estlack, J. O. Adams, Mrs. Troy Broome, Marvin Bramblet, Mrs. Betty Gordon, Miss Jewell Moonie.

Dismissals:
Mrs. Richard Maxey, Marsha Kay Maxey, Serijo Ramos, Mrs. Buddy Travis and new son Robin Scott Travis, Mrs. Helen Wood and new son David Allen Wood, Willie Montano and Mrs. Lee Herron.

Mr. and Mrs. Billy Jack Jordan and children of Amarillo visited awhile Saturday evening in the home of Mr. and Mrs. Carl Pittman.

Mrs. Pete Borden has returned home after spending the past two weeks with her mother, Mrs. Ethel Redwine of Carey, who has been a patient in a Galveston hospital. Mrs. Redwine has been returned to her home in Carey.

Mr. and Mrs. Price Whitlock of Escondido, Calif. and Mrs. J. G. Harbinson of Sacramento, Calif. came last week to visit Mr. and Mrs. Frank Whitlock, Miss Lula Budd, and other relatives and friends.

Mr. and Mrs. J. R. Bartlett were in Fort Worth Thursday for the showing of the new Dodge.

Mr. and Mrs. Frank Tyler and children of Lubbock visited the first of the week in the G. C. Heath home and with other relatives and friends.

Mr. and Mrs. G. C. Heath visited Sunday afternoon with J. P. Heath and family at Pampa.

Mr. and Mrs. C. N. Brewer, Dollie Dee Bain, Bobbie and Carol Spencer were in Amarillo Saturday where they visited Mrs. Ruth Dickey.

Mr. and Mrs. R. O. Thomas are visiting a few days at Electra.

UNMERRY-GO-ROUND
HOUSTON—Susy Power, two-year-old daughter of Mr. and Mrs. Tom Power promises to be a fine housekeeper one day. She doesn't like dirt of any kind. The other day Susy remarked proudly to her mother that "those dirty kitties are going round and round."

Mrs. Power let the remark soak in, then gasped and headed for the washing machine. Peering forlornly through the glass port were four wet and frightened kittens, who had indeed been "round and round" — through the full soap cycle!
 Mrs. Power hauled the animals out. "Fortunately, the machine was set for lukewarm," she said. "The kittens weren't hurt, but they were certainly clean!"

MY FEET GET ITCHY
ABILENE, Tex.—Abilene police can usually depend on Mike Garity to stop in for a visit when things get slow.
 Recently he came by, with the assistance of eight Negro boys who found him loose about 9:30 p. m. near Lincoln Junior High. They dropped him at the police station. He was armed with a toy double-barrel shotgun.
 Mike is 7, and a regular visitor with the city officers. Every few weeks, police say, his bare feet itch and he goes for an unauthorized stroll. A while back he got

on a tricycle and rode across Abilene to a feed mill building, which he promptly climbed.
 Another time Police Radio Operator Allen Hachett encountered Mike. On a borrowed tricycle he had left home and pedaled the vehicle three miles to Municipal Airport. Hachett saved him the

trip back.
 After his last trip an officer jokingly told Mike he might have to spank him if he caught him gallivanting around again. The boy studied the policeman a few moments, then replied, "My mother will do that when I get home."

HEDLEY NEWS
Mrs. Paul Duncan

The Sixth Cotton Festival has gone down in history. It was raining and cold but it was a good Festival. Hedley's 50th Birthday was well attended; a good parade was a highlight of the Festival despite rain and cold. Some beautiful floats were in the parade. **Moffitt Hardware** observed the birthday with their float, a huge 3 tier birthday cake with 50 gold candles on top with **Miss Jean Sanders** ready to cut the cake.

The church float was very impressive with a cross on float, carrying the inscription on side of float "Your Church Needs You." The **Sodalitas Club, Dorothy's Beauty Shop, The Old Settlers** and others had pretty floats; others had cars. All clubs and P.T.A. and a number of businesses and other organizations had cars, and the beautiful girls who entered the **Queen Contest, Miss Betty Baker** was crowned **Queen of 1957 Sixth Cotton Festival.** A very beautiful queen with her princesses, **Misses Lina Jenkins and Nancy Hinds.**

The **Coronation** was an outstanding affair. It would have done justice to a much larger town but **Myrtle Reeves** always does her best for Hedley. **Loveta Houdashell, queen** for the 1956 Festival added dignity and beauty to the event. **Lion District Governor Bill Smith** of Ralls crowned the queen. Much talent was displayed by both beautiful girls and handsome boys throughout the coronation.

Entertainment all during the two day Festival was high class and the crowd was good despite the inclement weather.

Your reporter was busy but I saw the following out of town people: **Mr. and Mrs. O. R. Culwell** of Childress, parents of the first baby girl born in Hedley;

Rev. and Mrs. A. Hawkins and children of Marlow, Okla.; (Mrs. Hawkins was **Lo Meta Culwell** before marriage); **Rev. and Mrs. Frank Story** and son of **Ropesville; Mr. and Mrs. C. A. Wood** of Amarillo; **Mr. and Mrs. Ross Adamson** of Ropesville; **Mr. and Mrs. John Aull** of Lubbock; **Mrs. Jim Neely, Mrs. Armer Holland**, both of Amarillo; **Mr. and Mrs. Aubrey Cherry** of Midland; **Rep. Will Ehrle** of Childress; **Rep. Walter Rogers** of Pampa; **Paul Spillman** of Wellington; and others.

We all enjoyed seeing friends and meeting new people at the **Cotton Festival.** **Edgar Beach** was able to come home Monday from Colorado where he was visiting several weeks back and suffered a stroke. He left for **Glensboro** this week for medical attention. **Mrs. Beach** went with him.

Harry Boatright was able to come home after a lengthy stay in a **Memphis hospital.** **Mrs. W. I. Rains** and **Ike** spent week end in **Amarillo** with the **Chas. Rains.**

Mr. and Mrs. Collier Heater and **J. W. of Dumas** spent the week end with her father **F. G. Watt.** **Mr. and Mrs. Orval Tate** and family of **Clovis, N. Mex.** visited the **Tom Tates** over the week end.

Mr. and Mrs. Bert Uersy and son, **Mr. and Mrs. Buford Adcock** and children of **Amarillo** spent the week end with **Mr. and Mrs. C. C. Cavender.**

Misses Ola and Eula of **Amarillo** spent a few days with the **Loyd Baileys.** **Mrs. T. J. Cherry** has been on the sick list also **Mrs. Bill Scales.**

Mr. and Mrs. Paul Duncan visited **Mr. C. C. Carter** in **Northwest Hospital** in **Amarillo** Sunday. He is doing nicely.

Mr. and Mrs. Billy Frank Davis, Mr. and Mrs. George Dilli of **Amarillo** visited **Miss Jessie Davis** over the week end.

Mr. and Mrs. R. W. Alewine attended funeral services of a relative in **Boswell, Okla.** last week.

Mrs. J. L. Baker passed away at the family home in south **Hedley** Monday morning. **Funeral**

services are pending. The place of service will be **Childress.** We extend sympathy to the bereaved family.

Mr. and Mrs. Johnny Myers and children attended funeral services for his father, **Charley Myers** at **Ringgold, Texas** last Friday. **Mr. Myers** lived here a number of years. He has a host of friends here who extend sympathy to his family in their hour of sorrow.

A man whose normal weight is 150 pounds would weigh about 50 pounds if all the water in his system were dried up.

CHEVROLET INTRODUCES IMPALA

Chevrolet offers in its 1958 Bel Air series two Impala models, named after and strongly reminiscent of a "dream car" in the GM Motorama. This is the Impala sport coupe, distinctively styled from any angle, and setting a new standard for interior luxury in the low-price field. A new engine, new frame and two new suspension systems are but a few of the many chassis advances. Impalas are grouped with the Bel Airs, one of four new series of Chevrolets this year.

MARTIN NEWS

Mrs. Raymond Waldrop

FARM NEWS

from the County ASC Committee

GRAIN SORGHUM LOANS

Despite rains and cloudy weather almost all this month, our producers have managed to harvest grain sorghum and to date we have completed 18 Commodity Credit Loans covering 6,842.00 hundred weight, and totaling \$12,888.74 to our producers.

WINTER COVER CROP FOR FALL OF 1957
The good rains have given farmers the opportunity to take advantage of establishing a cover on their land for control of wind erosion. Balboa or Common Rye seeded at the rate of 60 pounds per acre and must be seeded at not less than 48 pounds per acre, and Tetra Petkus or German Rye should be seeded at the rate of 30 pounds per acre, and must be seeded at not less than 20 pounds per acre. Many of our producers have planted rye and most of it is now up to a good stand.

MARKETING QUOTAS FOR UPLAND COTTON
On December 10, farmers who are engaged in the production of upland cotton will vote in a national referendum to determine whether marketing quotas will be operative for the 1958 crop of upland cotton.

Whether quotas are approved or disapproved, 1958 cotton acreage allotments will remain in effect as a condition of eligibility for price support.

DEFERRED GRAZING
Farmers and Ranchers who have a deferred grazing practice must keep all livestock off the deferred grazing area until November 1st.

REBEKAH MEXICAN DINNER NOV. 2nd

Tickets are now on sale for the annual Rebekah Mexican dinner which is featured each year by lodge members. The dinner will be held at the IOOF Hall Nov. 2nd with serving hours set from 5 to 9 p. m. The charge will be \$1 per plate and you may get your tickets from any of the lodge members or call Mrs. Melvin Cook.

Business Teachers Attend Convention

The High School and College, Business Education teaching staff, Mrs. Walker and Oliver J. Abel, attended and participated in the program of the West Texas Business Teachers Association at Wichita Falls Friday night and Saturday.

On the program as principal speaker Friday was Dr. Ted Woodward, Chairman of The Business Education Department of George Peabody College of Nashville, Tennessee, who projected the many problems that are posed for the schools, teachers, businesses, and individuals as a result of Automation and mechanization of office procedure.

Principal speaker for Saturday at the luncheon was Dr. Travis White, President of Midwestern University, who delivered some eye openers on our failure to afford special opportunities for the genius or near geniuses that come under our supervision.

At the business meeting Saturday morning, Mr. Abel was elected to the office of Secretary and Treasurer of the West Texas Business Teachers Association to serve through the October convention of 1958. In addition, Mr. Abel was elected to be the official delegate to the Mountain Plains Business Education Association Convention to be held in Rapid City, South Dakota the last week in June of 1958. The Mountain Plains Business Teachers Association is a regional parent of the West Texas Business Teachers Association, and is composed of Business Educators of Texas, Kansas, Colorado, Nebraska and South Dakota.

Mrs. Walker and Mr. Abel returned with renewed vigor and determination to make the Business Education departments in Clarendon High School and Junior College, fulfill the needs of the students enrolled in the departments and raise the level of their achievements to the top position on the school system's totem-pole.

Mr. and Mrs. J. A. Warren and Evalyn enjoyed dinner with Mr. and Mrs. Will Mace, Sunday.

LEAN, LOW LINES SPARK CHEVROLET BEAUTY

Chevrolet stylists have taken full advantage of nine inches in added length to mold low, fleet beauty into their 1958 models, as shown by this view of the Bel Air sport sedan. Strong eye-appeal is found in the modish grille, the dual headlights and low, flat hood. Notable also is an unusual Sculpturamic styling which supplies an air of distinction. A new engine, new frame and two new suspension systems are only a few of the major chassis advances. Station Wagon, Bel Air, Biscayne and Delray Series are offered.

The following description of an educated woman came to us in a clipping sent by Mrs. Melton Me-

Gehee of Wayside, Texas. It is a wonderful word picture. Thanks for helping us with another page.

AN EDUCATED WOMAN
(No Degree Required)

1. She is proud of being a homemaker and never apologizes for being such.
2. She is affectionate. Well informed. Has a sense of humor.
3. She has a desire to grow and mature with her husband.
4. She is an intelligent listener.
5. She shares all family responsibilities and lives within her husband's income.

6. She gives advice when asked for. Takes or makes time for family recreation and relaxation.

7. She never hurries, hurrying is an anesthetic nature that administers to ease the pain of being a dumb bell.
8. She knows how to stand in line. She knows how to treat those less fortunate than herself.
9. She never talks about her anatomy. She never asks nor tells the price of things.
10. She answers her letters. She has good mental attitudes.
11. She feels comfortable about

herself.

12. She has self respect, warmth toward others; she tolerates and respects differences found in others.
13. She doesn't push others nor is she pushed. She feels a sense of responsibility. She is able to meet the demands of life and adjusts to them whatever they are.
14. She plans ahead, yet is not afraid of the future.
15. She welcomes new experiences and ideas. She makes use of her natural capacities.
16. She thinks for herself and

makes her own decisions. 17. She puts her best efforts into whatever she does and gets satisfaction from doing it.

NOTE: If wisely used we can expect our mental powers to increase throughout most of our lives. According to Dr. Lawson; "The mind is still young at 50, reaches its zenith at 60. Declines in about the same proportion until 80 as it has previously grown. An active mind is one of the greatest sources of strength available. Stay alert. Our Mental powers can continue to grow, if we remain alert."

Thanks again, Mrs. McGehee. This could apply to us men also.

Every so often we like to use the following little verse sort of as a reminder. It is called;

ON BEING SURE

Be not a human weather vane
That veers this way and that again:

But reckon indecision's cost,
For he who hesitates is lost.
The man who once most wisely said:

"Be sure you're right then go ahead."

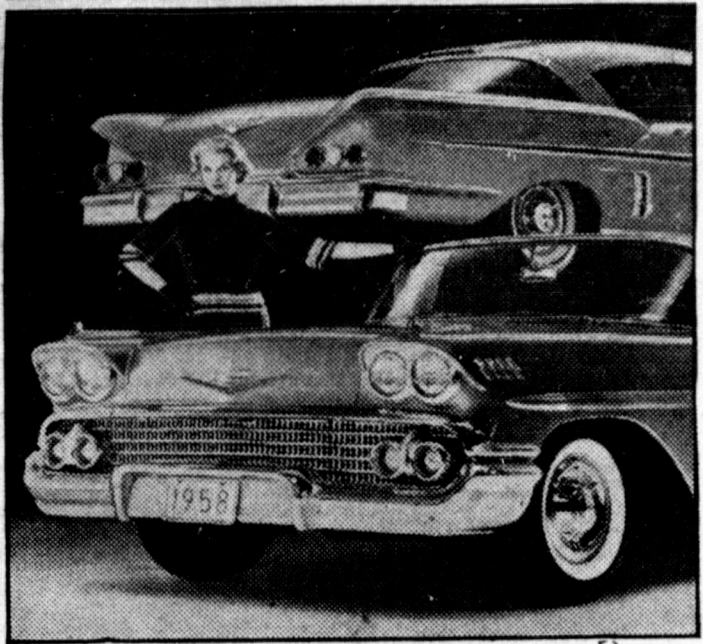

Might well have added this to wit:

"Be sure you're wrong before you quit."

"A wise man gets learning even from those who have none themselves."

"A moment of thinking is

**Beauty Going Your Way
1958 CHEVROLET: Fore and Aft**

Effectiveness of the 1958 Chevrolet styling is shown by this front-rear view of the Impalas, luxury models in the Bel Air series. The gull-wing sweep at the rear is a perfect complement for the fleet, flowing lines that begin with the fine-grid concave ribs of the grille. In addition to complete body redesign, the latest Chevrolets offer such features as Level Air suspension or all-round coil spring suspension, a more rigid frame and body and an unusual new V8 engine. Impalas top an offering of 17 models.

worth an hour of study."

"The man who says that he runs things around the house usually means the lawnmower, the washing machine, the vacuum cleaner, and errands."

**GABIE BETTS BURTON
LIBRARY NOTES**

By May L. Prewitt

Our first book is John Master's "Far, Far the Mountain Peak." This is a novel given in memory of Mrs. A. L. Thornberry. You have likely seen it on our best seller list. The setting is India during its early nationalism. The writer was stationed fourteen years in India. His "Nightrunners of Bengal" and "Bhowani Junction" were filmed. He has written six novels on Britain's rule of India and has planned many more.

Elsyth Thanes has written a series of seven novels in her Williamsburg series. The last one is "Homing" and has been given in memory of Mrs. A. L. Thornberry. These novels have been quite popular and noted for being wholesome and clean stories. Several weeks ago "World Faith" given by Mrs. George

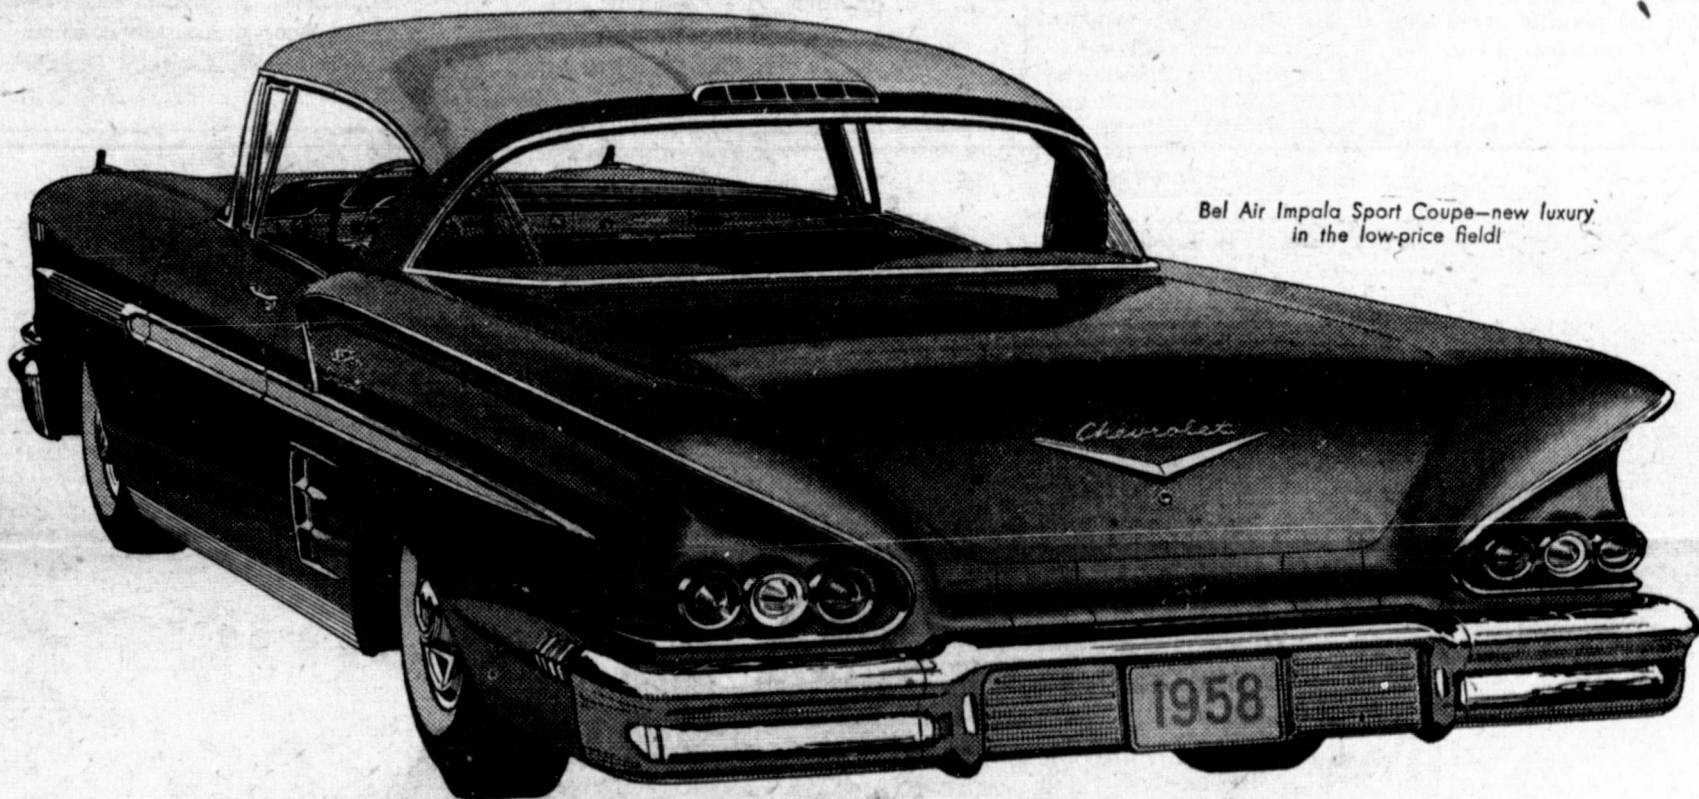

Benson was announced as a memorial to Mr. J. C. Daily, the father of Mrs. Sawyer. This week we have E. Stanley Jones' "Is The Kingdom of God Realism?" given in memory of Mr. Daily by a friend of Mrs. Sawyer's. This book was one Mr. Daily had appreciated and read. We are glad to have a copy of this edition on our shelves. We have possessed E. Stanley Jones' "Growing Spiritually" for almost a year.

Today Dr. Robert Dauthat Meade's biography of "Patrick Henry—Patriot In the Making" was received from the Memorial Foundation of Patrick Henry—South Boston, Virginia. The donor was an anonymous one. We are happy to possess this edition.

We have reading material for adults, as well as children, but the children patronize the Library daily, while the adults are here occasionally.

There are a number of biographies on our list, and numerous non-fiction books that are interesting reading.

New Plymouth Sport Suburban

Plymouth's new Sport Suburban station wagon for 1958 goes even more modern with an upswept Silver Dart two-tone treatment that heightens interest in the popular rear fins. Also new for 1958 are the dual headlights, standard equipment on all Plymouth cars, and a dressed up lower grille section which matches the horizontal lines of the upper grille. The distinctive rear-facing third seat which Plymouth introduced in 1957 is again available with Sport Suburban station wagons for 1958. The new Plymouths, with six engine options and 19 separate body styles and models, will be introduced in dealer showrooms throughout the country on November 1.

Many New Features On 1958 Plymouth

Silver Dart two-tone exterior styling trim, sweeping backward and up to the tip of the Plymouth Belvedere 4-door hardtop's familiar fins, is new with 1958 Belvedere models and Sport Suburban station wagons. The contrasting dart is available either in anodized aluminum for a striking new effect, or in compatible colors. Plymouth's outstanding Torsion-Aire suspension system and its trouble-free mechanical push button controls are retained for 1958. Six engine options, a new Constant-Control power steering system providing Plymouth's famous full-time ease of operation, a new Sure-Grip differential and a new automatic Econo-Choke are available on 1958 Plymouth cars being introduced in dealer showrooms across the nation on November 1.

Public Hunts For 200 Deer Begin Nov. 16

AUSTIN—Permits will be issued this year for the killing of 220 deer on wildlife management areas in Texas, it has been announced by the Director of Wildlife Restoration of the Game and Fish Commission.

The hunt on the Kerr Wildlife Management area is scheduled for November 16-20 inclusive. 150

permits will be issued for 60 bucks. Thirty hunters per day will be allowed.

The Black Gap area season, west of the Pecos, will be November 20-27, inclusive, with 200 permits for 60 bucks and 200 javalina. There will be 50 hunters for each of the two-day periods.

On the Engeling area in East Texas, the season will be November 16-25, inclusive. There will be 240 permits issued, with 100 deer of either sex to be harvested. Twenty-four hunters will be allowed each day.

Last year there were 149 deer killed on the Kerr area; 61 on the Black Gap area, and 53 on the Engeling area.

Applications can be made for a permit on only one of the areas. Parties also can make applications where there are not more than four in the party. Persons

under 17 are not eligible for permits.

A public drawing will be held in Austin for the permits about November 1. No preferences can be given as to dates.

Requests for applications for permits should be made immed-

ately to the Game and Fish Commission in Austin. When these are received application blanks will be sent out.

The Game and Fish Commission also retains the right of cancelling or stopping the hunt at any time the recommended quotas are met. This will prevent reduction of the herd below the number desired to retain the proper balance of deer to the land area.

This will be the fourth public hunt on the Kerr area and the third on each of the other two areas.

Small Communities Offered New Outlook In Home Buying And Building By VHMCP

Prospective home buyers and builders in small communities and members of minority groups will greatly increase their prospects of obtaining financing for their homes if they make use of the facilities offered by the Voluntary Home Mortgage Credit Program, Housing Administrator Albert M. Cole said today.

"In spite of the tight money market, the new 5 1/2 per cent interest rate on Federal Housing Administration loans is sufficiently attractive to enable VHMCP to obtain private financing to meet the needs of all qualified borrowers," Mr. Cole said.

In addition to being the Housing Administrator, Mr. Cole is also Chairman of the VHMCP's National Committee.

"The availability of funds coupled with the lowered down payments on FHA-insured mortgages," Mr. Cole added, "can result in quite a spurt in home-building in small communities if prospective home buyers and home builders take advantage of

the VHMCP's facilities."

VHMCP was established by Congress in 1954 to serve as a nationwide mortgage clearing house by bringing together persons who are unable to obtain FHA or VA financing for homes from local banks or lending institutions all over the country who are in the market for such mortgage loans.

Region XIII, which serves the States of Texas and New Mexico,

has its office at 1114 Commerce Street, Dallas, Texas. Mr. C. J. Hermann, Executive Secretary in charge of the office, reports that 2,350 loans, totaling \$19,750,000.00, had been placed through August 15, 1957, with private lenders for the purchase or construction of private dwellings in these States. On a national basis, VHMCP placed 29,741 loans totaling \$275,422,929.00 with private lenders in the same period.

VHMCP's services are available to all persons in small communities and to members of minority groups anywhere. All applicants for obtaining home loans with VHMCP's assistance must certify that they have been denied loans by two local or reasonably accessible lending institutions.

Letter carriers' uniforms are a 50-50 blend of the Union Blue and Confederate Gray.

SARA T. HUGHES

Many Helpful Things Can Be Done To Counteract Juvenile Delinquency

(Ed. Note: This is the first of a series of articles on the state's growing problem of juvenile delinquency by one of Texas' foremost authorities on the subject, District Judge Sara T. Hughes of Dallas, who has handled more than 25,000 juvenile and family relations cases, along with an even greater number of other civil cases in 22 years on the bench. "Family law is probably the most important phase of the law," says this internationally known jurist, whose work has been honored in Europe and Asia as well as the United States, and whose name was put in nomination for the vice presidency of the United States in 1952. A discussion of a different aspect of

A. H. MOORE WATER WELL DRILLER IRRIGATION Clarendon, Texas Phone 146

the problem will appear every other week.)

Many helpful things can be done to counteract our mushrooming problem of juvenile delinquency - and they must be done by individuals and organizations, as well as by parents.

In fact, I have become somewhat irritated with parents getting so much of the blame for this problem. The changed conditions of modern times impose a great responsibility on the community as well as on parents, and we as members of the community must examine the need and get busy providing more of the remedy.

For instance, more boys are arrested for auto theft than for any other crime. Unlocked parked cars are a great temptation for boys who have time on their hands and yearn for a car of their own.

How do the changed conditions of living and of children's growing up affect our youngsters? In the generations immediately past, children had a big place in family life: They had jobs to do many important chores around the home and, often, the farm - and so a child had the sense of importance, of his own worth, that all of us must have. There was little time for the idleness that breeds mischief.

Today is marked by the industrialization of cities, the high percentage of cars available to teen-agers, movies, picture books, TV (much of all this with subject matter beyond the adolescent's ability not to grasp but to digest properly) and very few chores around the home. So the job of the parent is much more difficult today than it used to be - and much more time-consuming.

What is the responsibility of the community? It is to counteract these changed conditions with all the insight that it can summon and with all the means that it can muster, in a deeply serious effort. Here are some suggestions I have developed from the thousands of juvenile cases that have come before me in my 22 years of handling civil cases as a district judge in one of the populous areas of our state:

1. We must provide much more thoroughly for the time that young people have on their hands these days by establishing AND SUPPORTING far more widely and completely than we now do

such character-building organizations as Boy Scouts, Girl Scouts, YMCA, Junior Achievement, club gardens, etc.

2. We must provide more community centers, "teen canteens," parks, schools, churches. And these youth centers must be organized in units small enough for adequate supervision so that they themselves do not become centers for delinquency.

3. As well as offering organization and leadership in these group projects, the community's individuals must try to make themselves good friends to children on a personal basis, must listen to them, share with them, encourage them, give them jobs.

4. But the community's responsibility doesn't end with the provision of character-building facilities. The community must provide more adequately by far than we now do for those who become delinquent. We must increase detention facilities and

raise the number of parole officers, among other things. We have come a long way from 1828 when, in New Jersey, a 13-year-old boy was hanged for theft. But we have a long way still to go.

How we can get on the road will be discussed in my next article.

Miracle of Sight

AUSTIN — A man came into A. J. Bishop's dry cleaning shop, asked for his suit, then asked Bishop to confirm the color.

"I don't see well," the customer explained. "Will you take your money from this bill. Bishop did and handed him the change.

Turning, the man fumbled for the doorknob, stepped outside and walked to a car. Feeling for the door handle, he gropingly hung up the suit.

Then he got behind the wheel and drove away.

58 FORD COMING NOV. 7 Nothing newer

AROUND THE WORLD

The 58 Ford has been proved around the world. This is the most dramatic and most grueling test ever given a new car before its public announcement.

The whole world was used as a test track for the 58 Ford. The car drove through England, France, Switzerland, Italy, Yugoslavia, Greece, Turkey, Iran, Afghanistan, Pakistan, India, Malaya, Thailand, Cambodia, Vietnam, and finally back to the place it started—Detroit, Michigan, U.S.A.

The Ford powered over the great mountain ranges of three continents: from the Alps to the Himalayas and the Rockies. It crossed the great rivers of history: the Thames, the Seine, the Tiber, the Arno, the Tigris, the Euphrates, the Indus, the Ganges.

This car stood at Buckingham Palace, rolled up the Champs Elysees to the Arc de Triomphe, and paused at the Eiffel Tower. It was greeted by the great Paris couturiers at the famous fashion salons where its "sculptured in steel" styling was applauded by the most style-conscious audience in the world.

The 58 Ford rode smoothly down the rugged, beautiful seacoast of Tito's country, to a festival in Dubrovnik, and into Greece to Athens, where this newest classic met such ancient classics as the Parthenon and the Temple of Poseidon.

Into Turkey: and the 58 Ford passed the great white lacework palaces of the Sultans along the Bosphorus and the Golden Horn. Then the Ford went where few but nomads travel, up into the hot days and chill nights of the ancient mountains of Afghanistan. And thence along the route Alexander the Great followed with his chariots to cross the historic Indus river.

On and on the Ford moved, down into the heat of mysterious India, through New Delhi to the Taj Mahal, and to the great pink palace of the Maharajah of Jaipur.

This great new car met the challenge of the monsoons—rains that for centuries have stopped all road movement throughout Indo-China, but didn't stop the 58 Ford. It drove on to Penang in Malaya, and then north to Bangkok.

Further on came Saigon, the Paris of the Orient, at the farthest tip of Southeast Asia. Finally, it powered across the great Rockies and plains of North America and back, at long last, to Detroit, Michigan.

The 58 Ford . . . has been proved and approved around the world. A natural question arises. Why did Ford go to such great lengths with its 1958 model? Why spend so much money and time and go through all the problems of negotiations, customs, border transit, diplomacy in so many countries?

The answer: in the competitive automobile market of today, only the best in all-around value can survive. And this round-the-world test is the most decisive possible demonstration of the best.

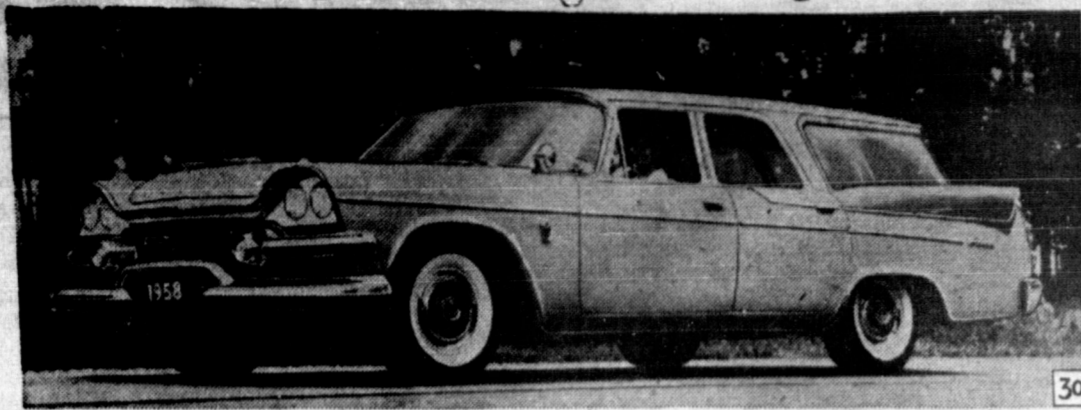

The 1958 Ford is value: hard-dollar value. It is also style, power, performance, and a dozen great new features. But above all, it is value.

This is the car you've been waiting for. See it November 7—there's nothing newer in the world than the 58 Ford!

CHANGE TO SHAMROCK 10 W-30 MOTOR OIL NOW AND PROTECT THE LIFE OF YOUR CAR'S ENGINE AND BATTERY. The development of Shamrock 10W-30 Motor Oil is based on the fact that the typical passenger car engine operates most of its useful life in the temperature zone between the cold start and normal operating temperatures. All oils thicken as temperature decreases. The difference between Shamrock 10W-30 and conventional oil is that it thickens less at low temperature. The effect on your car's performance is important. When you change to Shamrock 10W-30, the improvements you'll notice immediately are: (1) that even on the coldest mornings the engine will turn over quickly and easily, and (2) a marked increase in gasoline mileage. These advantages are the most obvious, but not necessarily the most important. Frictional wear in the engine takes place at a very high rate during the first few strokes when starting an engine with little or no lubricant on the cylinder walls. 10W-30 reduces this wear, flowing quickly... replenishing the oil film. At high temperatures a thicker lubricant does a better job of keeping metal surfaces apart. Accordingly, 10W-30 being thick at high temperatures gives your engine full protection at this end of the temperature range, too. With Shamrock 10W-30 in the crankcase you will: (1) extend the life of your car's engine, (2) extend the life of your battery, (3) increase gasoline mileage and (4) reduce the octane requirement. We don't claim miracles for it, but you probably will.

Dodge Offers Five Station Wagons

Reflecting an unprecedented and still increasing demand for the station wagon as a family car, Dodge will offer five separate station wagon models for 1958. The four-door Sierra, shown here, will be offered in standard and custom models, while the two-door suburban will be offered in the standard line. Also available are two models of the Sierra Spectator with its rear-facing third seat.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

Spelt is a small grain that probably a good many of the farmers in the Donley District are not familiar with. It is an unusual species of wheat, common in early times, but rather uncommon now. Horace Green has about 40 acres growing on his place south of Ashtola, and C. B. Morris has about 100 acres on one of his nearby farms. This is the first year either have tried spelt in this District, and consequently, how it will do, its value for grain, cover, grazing, and soil improvement still has to be proven for our conditions. At present it looks very promising, and seems to be making a more rapid growth than the barley or rye which Horace has planted. It will be ready for grazing soon, and by next spring

both Horace and Cap will be more able to testify as to its value.

Spelt is only one of the crops planted for soil improvement on these two farms. Others to be seen are both Texsel and Groehler, varieties of guar, switch grass and sweet clover, rye and hairy vetch, alfalfa, and most of the grasses which are planted on sandy soils in this District. Horace is planning on plowing up some of the older stands of alfalfa, which is beginning to thin, in the next year or two and planting that land to cotton. He says that he can hardly wait to see what the cotton will do following alfalfa. However, from results obtained from spreading manure on part of the place, he is convinced that cotton following alfalfa will pay big dividends.

C. B. (Cap) Morris, who has been Chairman of the Donley Soil Conservation District Board of Supervisors since J. R. Porter's death, is a strong believer in crops for cover and soil improvement. He has worked closely with Technicians of the Soil Conservation Service assisting the Donley District in getting all his renters to plant such crops. Proper land use and suitable crop rotation, which involves a soil improvement crop often enough to maintain soil tilth, are two of the most urgent conservation needs in this District.

ENOUGH

McGREGOR, Texas — When Mayor Jim Gilmore turned in his resignation to the city council he set some kind of record for brevity and clarity. His letter of resignation read, in full: "Five years is enough, I quit."

Leader—Local rate, \$3.00 a year

SOCIAL SECURITY INFORMATION

On an average day there are about 2,000,000 people who have been kept from gainful employment for more than six months because of illness or injury. When the disability is of a permanent or long-lasting nature John R. Sanderson, District Manager of the Amarillo Social Security Office,

urged that prompt action be taken to protect the person's social security rights.

A disabled worker cannot receive monthly disability payments until he reaches age 50. However, Sanderson said, the right to payments at age 50, or at retirement age, may be lost if the worker fails to act. By filing an application to "freeze" his earnings record, he protects not only his own rights but those of his dependents should he die. The amount to be paid when he reaches age 50 will be figured only on his working years if his record is frozen. This assures payment of the highest amount possible based on his earnings record.

To qualify for the "freeze" the disabled person must have worked or been in business for himself under social security for at least 5 years out of the 10 years before he became disabled. Also, he must have worked at least 1½ years in the 3-year period before he was forced to stop working. The disability must have existed for six months but may be of any nature, according to Sanderson, so long as it can be established by medical evidence and is expected to continue for an indefinite period.

Dodge Grille Combines Boldness, Good Taste

Adding a dramatic touch of boldness to the Swept Wing '58 is the completely redesigned front end. Dual headlights are arranged side-by-side, under flaring, fashionable hoods, for safer, suret night time driving. Parking lights are recessed in protective "bombs", placed to shield the cross-hatched grille from damage. Adding to the uncluttered look of good taste are the straight lines of the front bumper with its sturdy overbar to protect both grille and front license plate.

which explains the disability provisions may be obtained by writing to the Social Security Administration.

Mr. Curtis M. Watts, Field Representative of the Amarillo

Social Security Office, will be in Clarendon Monday, October 28th at the Courthouse at 9:30 a. m.

INTRODUCING NEW

Swept-Wing 58

So advanced it leaves the rest behind!

On display for the first time today is a car that stands apart in any company. It is very low, very daring, beautifully proportioned. Its unusual sureness of handling and control reflects the latest engineering advances. To own it is a new adventure. Swept-Wing 58 by DODGE
