drama department production of Arthur Miller's "The Crucible," nine concerts, a radio-television illustrated lecture and a meeting of the American Musicological Society's Texas Chapter. Two Cultural Entertainment Committee events are scheduled during the festival: the Pamplona Choir from Spain and the San Antonio Symphony Orchestra. Another CEC event this month will be the Black Watch bagpipers, dancers and regimental band from Scotland, coming November 12.

STUBBORNNESS PAID

DALLAS — Clyde Tom Rugel, who owns a drive-in, saved himself from being robbed one night by stubbornness.

A man asked Rugel for a paper bag to put a pair of shoes in. When Rugel got the bag, the man pulled a pistol and told Rugel to put his money in the bag.

"No," said Rugel.

"I mean business," the man warned, shooting behind the bar and above Rugel's head.

Rugel still refused. The would-be bandit laid his gun down and told Rugel, "Call the police, I want to go to jail." At this point Rugel stopped being stubborn.

Mr. and Mrs. James King and children of Amarillo spent the weekend with her parents, Mr. and Mrs. Cecil Mills.

Misses Sue Wesson, Pat Scott and Evelyn Giles of Abernathy spent the weekend with Mr. and Mrs. A. T. Castner.

**Famous American Ships**

The new nuclear cargo-passenger ship is shown here with the SAVANNAH, first steam powered vessel to cross any ocean. The keel for the atomic ship, first of her kind ever built, is expected to be laid on National Maritime Day, May 22, 1958, anniversary of the SAVANNAH sailing in 1819 on her record-making voyage. Because the new ship will give the United States a "first" in nuclear ocean transport as her predecessor did in steam, many people think she ought to bear the same famous name. It is an interesting contrast that, whereas the steamer of 1819 could not carry coal enough to let her use her engines all the way to Europe, this new SAVANNAH will be able to sail for three years without refueling! She will cost \$42,000,000, but be worth every penny of it if she can restore American shipping to a position of leadership on the world's oceans. (The atomic ship drawing was made for Newsweek magazine and was used as their cover picture.)

Mr. and Mrs. Rex Hopkins and boys spent Sunday with relatives Judy of Canyon visited Mr. and Mrs. Bill Mooring Sunday.

Mr. and Mrs. Carl Clayton and daughters of Memphis visited her parents, Mr. and Mrs. A. T. Castner Sunday.

Mr. and Mrs. L. V. Hook and Miss Edna Wood of Dumas visited relatives here Saturday.

Mr. and Mrs. Jacky Justice of Amarillo came Sunday to visit their parents, Mr. and Mrs. Justice and Mr. and Mrs. Richey.

Mr. and Mrs. Ford Martin and boys of Borger, Mrs. John Hesse of Pampa, and Mrs. Knowles of Clarendon were weekend guests of Mr. and Mrs. Jesse White.

Mr. and Mrs. Newell Shields and daughters visited friends and relatives in Quail Sunday afternoon.

**ASHTOLA NEWS**

Mrs. Doyce Graham

Mr. and Mrs. Frank Mahaffey are the proud parents of a baby boy. He weighed 7 lbs. and was named Hugh Dilard. Mother and baby are doing well in the home of Mr. and Mrs. S. H. Mahaffey.

Pvt. Allen Ray Graham who is stationed at Ft. Sill spent the week end with home folks.

**New Ford Tractors On Display**

The most powerful tractors ever built by Ford Motor Company will go on display Friday, November 15, at Palmer Implement Co., according to Mr. Pete Darnell.

New Ford tractors in the "three-four plow" Powermaster class have 10 per cent more drawbar horsepower than formerly, while the "two-three plow" Workmaster tractors are 8 per cent more powerful," Mr. Darnell said.

In addition to their higher power, the new Ford tractors feature a newly designed front grille, distinctive color styling, improved fender design, brighter headlights for field work and highway safety, greater gas tank capacity, and restyled instrument panel with electric fuel gauge, Mr. Darnell added.

The kindergarten system was founded in Germany.

## CLARENDON CHAPTER FUTURE HOMEMAKERS OF AMERICA

The Clarendon Chapter of the Future Homemakers of America met Monday night at 6 p. m. in the College Auditorium. Miss Robbie Lou Johnson, who is working for a State Degree, gave a very thought provoking report on "Miss Rossie", a Reader's Digest condensation from the book "White Mother" written by Jessie Bennett Sams. One of the goals Robbie Lou has chosen to work on this year is to help the Chapter to understand our neighbors at home and abroad. The plot of this story features the trials of two Negro girls and tells how they were befriended by a white woman. Jessie Sams weaves her philosophy of the races into the story in a very interesting way. "We all like variety. God likes it too. That must be why He made so many beautiful colors for us to enjoy. He made not only flowers of different colors; He made yellow people, white people, brown, black and red people, and put us all together in the world as we plant flowers of all colors in our gardens. The world is His garden, and He loves us all. It is certain, when He looks down on us to bless us, He doesn't see just the color of our skins. He looks into our hearts to find if they are clean and good, to see if we have good thoughts and deeds there."

In the business session the girls received instruction on their money raising project, the sale of Stanley Products, and the Christ-

mas Cards which our chapter will send to the Mental Hospital at Wichita Falls were taken up. Approximately 40 girls attended this meeting. Mrs. Bray Cook, Mrs. George Gresham, and Mrs. Lee Bell were our guests and helped to take the gifts to Lella Lake, where we were guests of that F.H.A. Chapter. —Reporter.

## PATHFINDER

November 8, the Pathfinder Club was called to order by the President, Mrs. C. T. McMurtry. The Club Collect was repeated in unison. The invocation was given by Miss Mabel Mongole. After a short business session, Mrs. C. E. Bairfield reviewed Vera Henry's book, "A Lucky Number."

Mrs. Henry was born in Forest, Ontario where she had a lively and happy childhood as one of five Tipp-st girls. At eighteen she married an American and now lives in Detroit with her husband, two sons, and an assortment of pets.

During the last fifteen years, her short stories have appeared in over one hundred different magazines, and have been published in Sweden, Norway, Denmark, England, Australia, France, and Spain. They have been transcribed into Braille and adapted for radio and television. Her wide popularity is easily understandable for she writes in an engaging style and draws a wealth of endearing personalities. "A Lucky Number" is her first full length book. We suspect that many readers will be clamoring for more from her!

Mrs. Bairfield's review was very entertaining and the clever incidents related gave her audience many a hearty laugh.

The hostesses, Mrs. Gary Barnhill, Mrs. Wm. Cooke III, and Mrs. Fred Buntin served refreshments to about fifty-five guests and members. —Reporter.

## MOTHERS STUDY CLUB

Mothers Study Club met at 7:30 Tuesday evening, November 12, at Patching Club House. Meeting was called to order by the vice-president, Cherrye Shadle. The Parents Prayer was read by Lila Vick and the roll was called and minutes of the last meeting read. Plans were discussed for the Thanksgiving dinner. It was decided to have the dinner in the dining room of the Dixie Cafe. The treasurer's report was given and one new member was voted in the club—Betty Baker.

The Vanderburgs presented the program showing a film on "How To Answer Our Children's Questions." Everyone enjoyed the program very much.

Refreshments of Cokes, coffee, and cake were served to our guests: Bro. and Mrs. W. F. Vanderburg and Mrs. Norene Wiss, and to members Doris Salmon, Norma Putman, Betty Baker, Jo Ann Edens, Patsy Robertson, Cherrye Shadle, Janie Hill, and Gladys Turner, by the hostesses Lila Vick and Melba Edwards. —Reporter.

## GOOD NEIGHBORS CLUB

The Good Neighbors Club met in the home of Eula Butler, November 8, with an all day quilting and covered dish luncheon.

Those to enjoy the day and the noon meal were Bennie Crabtree, Carrah Mixon, Bessie Helton, Rosie Bingham, Nova Barker, Lida Warren, Florence Harp, Ruby Jordan and the hostess, Eula Butler. We had one guest, Darla Kay Robertson. Two small quilts were quilted.

Our next meeting will be with Florence Harp on November 22. —Reporter.

## M. Y. F. MEETING

Meeting was held Nov. 10th. John Bob Butler called the meeting to order. There were 15 present.

Those on the program were Sue Douglas, John Bob Butler and Judy Castner. Three questions were asked.

We discussed our Thanksgiving program. Sunday, the M.Y.F. are having a Thanksgiving dinner at the home of Mrs. Mace. We were dismissed by the M.Y.F. benediction. —Reporter.

## MARRIAGE IS SOLEMNIZED

Miss Ina Jo Hughes of Amarillo, Texas, and A-2c Jerry G. Sisco of Springdale, Arkansas, were united in marriage November 9, 1957, at the Amarillo Air Force Base chapel, Amarillo, Texas. Mrs. Sisco is the daughter of Mr. and Mrs. Walter T. Hughes of Claude, Texas, and Mr. Sisco is the son of Mr. and Mrs. Gilbert P. Sisco of the Collison-Sisco Funeral Home of Springdale, Arkansas. The couple will make their home at 2026 Hayden in Amarillo until Christmas when they will move to Springdale. Chaplain Zack Colson officiated.

## MARTIN QUILTING CLUB

Martin Quilting Club met with Sallie Christie Thursday, Nov. 7th at the Clubroom. One quilt was almost finished. A delicious noon meal was enjoyed by all.

Those present were Blanche Higgins, Veda Elliott, Margaret Waldrop and Beth, Eunice Land, and Lela Bulman. —Reporter.

## H. D. CLUB TO MEET

The Senior H. D. Club will meet for an all day quilting in the home of Mrs. Ella McDowell Friday, November 15. All members are urged to come and bring a covered dish for the noon luncheon.

E. H. Estlack and son David of Austin and P. I. Eastlake and sons Bobby and Danny of Wichita Falls visited J. C. Estlack and other relatives thru the weekend.

Mrs. B. L. Howard and Mrs. E. W. Lovelady of Amarillo visited in the home of Mrs. E. J. Chenault last Saturday.

Mr. and Mrs. James A. Watson of Laguna, N. M. visited in the home of Mr. and Mrs. E. J. Chenault Monday.

Mrs. E. W. Lovelady and Mrs. B. L. Howard of Amarillo visited Saturday in the home of Mr. and Mrs. F. E. Caraway. The ladies are nieces of Mrs. Caraway and Mrs. D. Smith.

Rickey Wester of Canyon is spending a few days this week in the C. W. Martin home.

## WTU Home Economist Speaks To Freshmen Foods Classes

"Would you like to have a maid? If you had a maid, what would you want her to do?" asked Mrs. Helen Hurst, Home Economist of West Texas Utilities recently when she spoke to the freshmen food classes in Clarendon High School. "Having a real live maid may be wishful thinking," Mrs. Hurst went on to say, "but if you have an electric range, you have a built in maid. The automatic controls make it possible for you to put on your meal and leave the house up until the minute your meal is to be served."

Mrs. Hurst explained all the new features of the Frigidaire electric range. She prepared and served quick breads, orange juice and broiled Canadian bacon for the group. These foods were supplied by the local West Texas Utility Company. Mr. C. A. Pitts is the manager.

## RECEIVES PROMOTION

Bobby Holland has been promoted to the rank of Pfc. at the end of six months of active service having graduated from jump school as a qualified parachutist October 4. He is serving with the 82nd Air Borne Division at Ft. Bragg, N. C. His wife is working for Bell Telephone Co. and living with her parents, Mr. and Mrs. George Gabbert at Hereford. Bobby is the son of Mr. and Mrs. C. W. Martin, Clarendon.

Mrs. Herman Cross and Annette spent the week end in Memphis with her parents, Mr. and Mrs. E. F. Lemons. Other Sunday visitors were Mr. and Mrs. Zeno Lemons and family of Memphis; Mr. and Mrs. M. H. Lemons and family of Amarillo and their daughter, Mr. and Mrs. Glenn Chambers and son. The Chambers returned recently from a three year stay in England with the air force. She is the former Dora Lynn Lemons.

Mrs. Regan Ray of Memphis visited the week end in the home of Mr. and Mrs. C. B. Harp and Lucky.

## Start Your Survival Program Now

What you don't know does hurt you, Georgia Bell Harmon explained to the local F.H.A. Chapter Monday night when they met in regular session. Miss Harmon is working on a State Degree this year. One of her goals is to help make the F.H.A. Chapter and the community aware that disasters strike our communities with a sudden fierceness at times. Natural disasters, such as floods, tornadoes, hurricanes, to say nothing of nuclear weapons are no respecters of persons, time, or place. While we have the precious gift of time, it is prudent to make plans for our families welfare now, and start our own home defense action program. To do this Miss Harmon gave each F.H.A. girl a list of foods and supplies that the National Safety Council feel that we should have on an EMERGENCY SHELF in our homes. Wouldn't you like to begin your preparedness program with us? You may be keeping the following supplies in a safe place at your home.

MILK: 1 pkg. powdered or non-fat; 2 cans evaporated.

JUICES: tomato, orange, grapefruit.

FRUITS: 1 can peaches, pears; 1 lb. dried fruit.

VEGETABLES: 2 cans tomatoes, peas, 1 can corn and green beans.

SOUPS: Assorted (4 cans).

MEATS: 1 can beef stew; 1 can salmon or tuna, 1 can spaghetti and meat balls, 1 small jar cheese, and peanut butter.

CEREALS: Ready-to-eat assorted packages.

CRACKERS, COOKIES: 1 box each.

BEVERAGES: Instant coffee and tea, 1 jar or pkg. Cocoa.

SOFT DRINKS: 12 bottles.

BOTTLED WATER: 12 bottles.

The supplies are for one person and should be checked once a month and rotated regularly. Change bottled water every 6 weeks. Other essentials include salt, sugar, matches, fuel, cooking utensils, can opener, tableware and utensils, paper supplies, old newspapers, flash light, candles, first-aid kit, blankets, nail.

## NCO Given Award For Comm Work

Master Sgt. David J. Bibb, nephew of Mr. and Mrs. F. E. Caraway, now stationed at Carswell AFB, was recently presented the Commendation Ribbon by Lt. Col. Gordon M. Kelley, Squadron commander, at a unit formation for meritorious service performed while a member of the 1933rd AACs, Sq.

Sgt. Bibb's service was described in the citation accompanying his award in part as follows: "Master Sgt. David J. Bibb displayed outstanding leadership in the communications operations field, from 1 March 1956 thru 31 May 1957, in his assignment as Noncom officer-in-charge, switching center, 1933rd AACs Sq. Shifts were reduced to skeleton crews, extensive classroom training and actual processing of live traffic in the 51.3 center was accomplished prior to the actual takeover to new teletype equipment. Such progressive thinking resulted in a final takeover on 28 May 1957 without the delay or loss of one single message."

The Commendation Ribbon winner has seen service in New Guinea, the Philippines, Germany, England and Newfoundland during his approximately 19 years of service. Mrs. Bibb made her home here with Mr. and Mrs. Caraway during the time he was in Germany.

## CARD OF THANKS

Our heartfelt thanks to all who extended comforting sympathy, prepared food, and helped in our recent sorrow. For the beautiful service, floral offerings, and other kindnesses, we are deeply grateful.

The family of Joe H. Birchfield

By **VERN SANFORD**  
 Texas Press Association  
**AUSTIN**—Gov. Price Daniel's special session legislative program apparently is on the way to being passed—with additions and changes here and there.

Both Senate and House passed water bills—differing quite a bit from each other, and even more from the measure the governor requested.  
 Governor Daniel asked for a statewide water planning division with an appropriation of \$1,024,000. He also asked for state authority to contract with the federal government for water storage in federal reservoirs.  
 Cut out of the House Bill was the water storage provision. Appropriation also was reduced to about \$951,000.

Senate cut the appropriation to \$600,240 and gave the proposed new division authority to do research, but not to formulate an overall plan. It authorized conservation storage agreements, but only if they are first approved by the Legislature.  
 Biggest wrangle came when some House members tried to insert an amendment that would allow landowners to use water from small farm lakes for irrigation. Present law limits these lakes to domestic and livestock uses except with a special permit.  
 Result was a city vs. farm battle of the sort that has derailed overall water programming efforts for years. Amendment was added in the House.

**LOBBY PROPOSALS**  
 After all the furore, both House and Senate lobby control bills looked pretty mild.  
 Both would require registration of paid lobbyists and reports on how much they spend to influence legislation (over \$50 in the Senate bill; over \$25 in the House bill).  
 Neither would require details on how the money was spent.  
 A proposed substitute measure in the House would make the lawmakers responsible for reporting money spent on them by lobbyists.

**SECRET STUDY PROPOSED**  
 Supporters of the crime study commission bill were dismayed at the turn it took in the House.  
 Before passage, the House put in a provision that the commission's sessions should be behind closed doors. It also gave it no power to subpoena witnesses.  
 It was the secret session part which disturbed the governor. Main purpose of the commission, he said, was to give the public more information on law enforcement and crime prevention.

**TANGLED TRAIL**  
 Senate investigating committee continued efforts to chop through the tangled financial history of three Dallas insurance firms.  
 Apparent purpose is to discover whether these companies were playing fast and loose with the policy and stockholders' money without restraint from the state regulatory agency.

Chairman Sen. Charles Herring said at the beginning of the inquiry that he felt the Legislature was catching the brunt of public indignation that sometimes stemmed from negligence by state agencies.  
 Pierce P Brooks and Lester Hall of National Bankers Life were questioned about the complicated exchanges and re-exchanges of money and stock between that company and now-bankrupt ICT Corp.

Outcome was a \$2,000,000 loss to ICT stockholders. Hall said hindsight made some of the deals look bad now, but they seemed perfectly all right at the time they were made.  
 Former employes of Preferred Life testified they had been instructed to conceal records from Insurance Department examiners. Company books didn't balance, they said, and there was a back-

log of unpaid claims.  
**TAX STUDY LAUNCHED**  
 For the first time in Texas history, work is under way to draw up the "big picture" on state taxes.

State Tax Commission, created by the last Legislature, has begun its work of finding out who pays how much to the state. Plan is to have the Texas Research League do the data-gathering with help from eminent experts in the field.

Findings will be presented to the next regular session which is expected to be faced with a deficit and the necessity of putting new taxes on someone.  
 But commission members emphasized they would present no recommendations for new taxes, only facts on current ones.

**EARLY END**  
 An early freeze caused a sharp halt in crop growth for about half the state. It damaged some sorghum fields, reports USDA, and hit all areas which still had late cotton crops to be harvested.  
 Other areas reported ruined maize and damaged grazing.  
 Freeze was not unexpected in the Panhandle, said USDA, but came unusually early for many south central counties.

## SCHOOL CAFETERIA MENU

**November 18-22nd**  
**MONDAY**  
 Frito pie, whipped potatoes, buttered green beans, sliced peaches, cookies, bread, butter, ½ pint milk.  
**TUESDAY**  
 Baked ham, blackeyed peas, carrot sticks, rice pudding (lemon-raisin sauce), hot rolls, butter, ½ pint milk.  
**WEDNESDAY**  
 Beef vegetable soup, crackers, peanut butter, blackberry pie, ½ pint milk.  
**THURSDAY**  
 Spaghetti with meat sauce, buttered peas and carrots, cole slaw, lemon pie, graham cracker crust, hot bread, butter, ½ pint milk.  
**FRIDAY**  
 Roast, gravy, creamed potatoes, pea salad, pie, bread, butter, ½ pint milk.  
 Nobody ever gets anything for nothing, but a lot of people keep trying.  
 People who fly into a rage always make a bad landing.

FEATURING HIGHER HORSEPOWER and higher engine compression for economy, a new line of Ford tractors soon will be offered by the local Ford tractor and equipment dealer. Eight per cent more power gives the Workmaster class 32 drawbar horsepower. Powermaster tractors with 44 horsepower at the drawbar are 10 per cent more powerful. Both power classes are available in four-wheel and row-crop types, with such improved features as brighter headlights, greater fuel tank capacity, generator warning light. Power steering, live PTO, built-in hydraulic system are standard on many models.

**GABIE BETTS BURTON  
LIBRARY NOTES**  
By May L. Prewitt

The first book we desire to announce is Dr. Norman Vincent Peal's "Stay Alive All Your Life." This was given as a memorial to Mrs. A. L. Thornberry by her "Sewing Club." It is an inspirational as his other books. They all stimulate one's desire for living in such a way you will get to enjoy life in an abundant way.

"Sword and Scalpel" by Dr. Frank G. Slaughter is a gift to the Library. Slaughter is a favorite writer of quite a few of our readers.

"The Way To Happiness" by Bishop Fulton J. Sheen was given as a memorial to Mrs. Odos Caraway. It is an "Inspiring guide to Peace, Hope and Contentment." The Library readers will appreciate this book.

Mrs. George Smith and Dr. Smith gave the Library "Assignment Huntsville, Memoirs of a Texas Prison Official". This is by Mr. Lee Simmons, the grandfather of Mrs. Smith. Mr. Simmons died recently just before his book came off the press. Mr. Simmons was given the assignment to clean up the Texas Prison System in 1930, by Gov. Dan Moody. Under his supervision many conditions were improved—a hospital built, vocational training introduced; and prison rodeo was organized and other activities. The book will be of great interest to our readers, and it was very thoughtful of Mrs. Smith to remember to give a copy to this Library.

For our Junior girls we have a Dana Girl Mystery by Caroline Keene—"The Winking Ruby Mystery."

Quite a few of our regular winter patrons are beginning to renew their memberships.

Cultivate a respect for safety rather than a fear of accidents.—**DRIVE SAFELY**

**HUDGINS NEWS**  
Mrs. Carl Barker

Mr. and Mrs. Dan Tims and children of Friona spent Thursday night with her parents, Mr. and Mrs. W. O. Elliott.

# FARM NEWS

from the County ASC Committee

## 1958 ACP PRACTICES

At a meeting held Tuesday, November 5th, consisting of County and Community Committee members of the Agricultural Stabilization and Conservation Service, the Soil Conservation Service, Board of Supervisors and Technician, together with the County Agent and members of the Farmers Home Administration, the practices were selected for the 1958 ACP Handbook. Listed below are the following practices selected for federal cost-share for 1958, as approved by this group.

1. Pr. A-3—Establishment of additional acreages of vegetative cover in crop rotation to retard erosion and to improve soil structure, permeability or water holding capacity.
2. Pr. A-6—Initial establishment of field strip cropping to protect soil from wind or water erosion.
3. Pr. B-1—Improvement of an established vegetative cover for soil or watershed protection.
4. Pr. B-3—Control of mesquite and sagebrush to permit growth of adequate desirable vegetative cover for soil protection on range or pasture land.
5. Pr. B-5—Constructing wells for livestock as a means of protecting vegetative cover.
6. Pr. B-7—Constructing dams, pits or ponds for livestock water as a means of protecting vegetative cover.
7. Pr. C-1—Initial establishment of permanent sod waterways to dispose of excess water without causing erosion.
8. Pr. C-4—Constructing terraces to detain or control the flow of water and check soil erosion.
9. Pr. C-5—Constructing diversion terraces to intercept runoff and divert excess water to protected outlets.
10. Pr. C-6—Constructing erosion control dams to prevent or retard runoff water.
11. Pr. C-7—Constructing drop spillways or similar structures for the protection of outlets and water channels that dispose of excess water.
12. Pr. C-12—Reorganizing farm irrigation systems to conserve water and prevent erosion.
13. Pr. C-13—Leveling land for more efficient use of irrigation water and to prevent erosion.
14. D-1—Establishing winter

legumes in the fall of 1957 for winter protection.

15. D-2—Establishing legumes for summer protection from erosion.

16. E-1—Stubble mulching to improve soil permeability and to protect soil from wind and water erosion.

17. E-3 (a)—Deep Plowing to bring adequate amounts of clod-forming subsoil to the surface of sandy cropland subject to wind erosion to protect soil from blowing.

18. E-3 (c)—Control of Bindweed as a necessary step in the control of wind erosion.

19. F-1 (a)—Seeding Rye to control wind erosion.

20. F-1 (b)—Application of cotton burs to cropland to prevent wind erosion.

21. F-2—Deferred Grazing to improve pasture or range land. Specifications will be worked out for the above practices and the county Handbook will be made up for the State approval as soon as possible.

## THE LIONS DEN

### The Roar of the Lions

By the Liontamer

"Where there is a will there is a way", an oft quoted statement that has apparently been a silent slogan or a practical theory of the Clarendon Lions Club.

The weather has been blamed with a slowdown of most activities in the area, and those not affected by the weather have been halted by an epidemic of colds and flu of various types, but not so regarding the humanitarian projects of the Lions.

As a result of the Lions willingness to accept such challenges, in the face of the various obstacles mentioned, the bulldog tenacity of Lion Van Kennedy and the support he enjoyed from such go-getters and super salesmen as Clyde Price Jr., Odos Caraway, George Benson and a host of others, the bison and mop sale was a huge success.

Boss Lion Homer Estlack wishes to join Lion Kennedy in thanking the workers and the townspeople for their participation and cooperation in the project.

Lion Drennan scored another base hit today when he presented Beth Lamberth in poetry reading

and Pat Spurgeon in a piano solo. Beth read interpretatively and capably the poem "Silence", Pat Spurgeon played masterfully the popular number, "Glow Worm".

Guests at the luncheon meeting Tuesday were Heckle Stark of Clarendon, guest of George Benson, and H. A. Green of Clarendon, guest of C. B. Morris. Out of town guests were Sid White representing I.B.M. Corporation and Gene Byars, insurance adjuster, guest of Mike McCully.

O. L. Sims Jr. of McLean, teaching high school English in the Clarendon Public Schools, affiliated with the Clarendon Lions Club, upon the club's acceptance of his application by a unanimous vote of the members present at Tuesday's meeting. The Club feels that it has gained strength by adding O. L. (Jack) Sims to its membership rolls.

The Clubs civic projects go on. The Boss Lion and Board of Directors authorized Lion Abel, Chairman of the Boys and Girls welfare committee, and his committee, to proceed with the promotion of a light bulb sales campaign, proceeds of this project are to be used for the advancement of youth health, welfare, and recreation in Clarendon.

The Board of Directors at a Monday night meeting set up the machinery for determining the availability of man power which make it possible for the Club to accept the responsibility of sponsoring a much needed new Scout troop in Clarendon.

The promotion of these many and varied projects is a tribute to the community and civic interests of the membership of the Clarendon's Lions Club.

Mr. and Mrs. Mayo Parrish, Mr. and Mrs. W. L. Granger, and Mrs. Hattie Palmer of Amarillo visited Mr. and Mrs. B. E. Jones Sunday.

Gordon Mann and Herman Cross made a business trip to Delta, Colo. over the weekend.

Mr. and Mrs. Forest Helton and girls of Amarillo visited Sunday in the J. H. Helton home.

Mrs. Kermit Evans and son, Gene, of Dallas visited the weekend in the C. B. Harp home.

Rabbits can run faster up hill than down because the hind legs are longer than the forelegs.

**PLOWIN' Out the CORNERS**  
*by Uncle Zeb*

Some time back Wes Izzard used the following in his column regarding a Creed adopted by a student organization in the Palo Duro High School. We wanted to use it again not because we hope to have any additional readers than those who read his account but, because we thought that it was such a wonderful thing for a group of young folks to do, and too, we might encourage another school to do the same. It was called:

**A DON'S CREED**

For Good Insurance  
**KELLY CHAMBERLAIN**  
 All Types--All Kinds  
 PROMPT ADJUSTMENTS  
 Clarendon, Texas  
 Phone 79

I as a student pledge myself to the following:

1. To respect the property of others.
  2. To refrain from all forms of dishonesty.
  3. To respect my elders.
  4. To worship my Heavenly Father in sincerity and truth.
  5. To avoid all elements harmful to my body and spirit.
  6. To uphold school standards.
  7. To strive to bring honor to my school.
  8. To help correct habits or situations conducive to wrong actions.
  9. To use my time and energy wisely.
  10. To develop my interests, ideals, habits, and skills in the right way.
  11. To strive for worthy membership in my family, my school, my community, and my country.
- Won't you agree that the above rules are each and every one worthy of our striving to achieve? We still believe that most of our young people are pretty solid

thinkers about their future. We adults, need to do more and more to encourage them.

We read recently a friend's account of the passing of a very busy and useful man. He used the following lines to describe his life and his passing. It seemed such a worthy tribute to be paid anyone. I do not know where the lines came from; perhaps many of you do. Anyway, here are the lines:

"Out of the strain of the doing  
 Into the peace of the done,  
 Out of the Thirst of pursuing  
 Into the rapture of won."

"Sometimes the 'Upper Crust' is just a lot of crumbs held together by dough."

"The best eraser in the world is a good night's sleep."

"Too much sunshine makes a desert."

Think about this one for a while. Try and remember some little cloud that hurg with you for awhile and see if it didn't help you in some way to be a better person. None of us like to have trouble, or sadness, or any of the dreary things of life, but it is a fact that usually looking back we know that we were a better person because of the valleys. And by the same token the hilltop and the sunshine experiences tend to spoil us and many times keep us from doing our dead level best.

**FACTS SHOW FOOTBALL SAFER THAN 'EVERYDAY' ACTIVITIES**

By DR. RHEA H. WILLIAMS  
 State Athletic Director

Fatal accidents in all activities totaled 95,000 in 1956, according to figures released by the National Safety Council, with automobile accidents leading the list with approximately 28 per each 100,000 people. Industrial fatal accidents averaged 16 per 100,000; deaths from falls 12 per 100,000; drownings 4 per 100,000 and football fatalities ranked near the bottom of the list with an average of 1.1 per 100,000.

In the 15 to 19 year age bracket, the incidence of accidental fatality was 40 per 100,000, with football having a ratio of 1.16 per 100,000. On a national level, for the past ten years, football fatalities have averaged 1.13 per 100,000, and in Texas for the same period the average is 1.09 per 100,000. It is much safer to charge the line in football than to ride in a "hot rod."

**Danger Over-stressed**

These data are given to emphasize the fact that football is not as dangerous as stressed in some publicity, which inevitably follows, when a fatality occurs in this sport. As can be seen from the above statistics, supervised football athletic programs are much safer than riding in a car, repairing roofs or swimming.

Actually, it is a proven fact, from figures of the National Safety Council, that your son or daughter is much safer in any supervised program of athletics or recreation than they are when left to play unsupervised or to find their own source of enter-

**Boys Will Play**

Last year in Texas there were 907 schools which participated in the League Football program. When you add the private and parochial schools which participate in their own league, you have a total of at least 1,000 schools playing football.

There were at least 60,000 boys playing on "A" football teams in Texas last year, 40,000 boys playing on "B" or "scrub" teams and an estimated 100,000 boys playing junior high or elementary football. This gives a grand total of approximately 200,000 boys playing football in Texas last year, and these figures do not include college and city recreational programs.

There were in the vicinity of 15,000 football games played, and untold numbers of contact scrimmages among these various football units, yet only two football fatalities occurred last year and there is medical doubt if these could be attributed to football.

The supervising physician in one case found that meningitis was the cause of death, and in the other case the physician ruled that it was a heart attack. All athletes must have medical examinations to participate, and these two boys had been approved by their physicians for athletic participation.

**Picnic Is Dangerous**

There is a possibility of injury in anything you do. Merely walking down the street is more dangerous than playing football, as attested by the 2.5 per 100,000 fatality list of 1956. Driving a car, repairing your roof, going swimming, taking the family on a "picnic"—all involve a risk of bodily injury or death.

Yet, these activities on a per 100,000 basis are more dangerous

than playing supervised football. No one is foolish enough to recommend that we become "hermits." Such a life would be boring and not worth living.

**Supervised Activities**

Teenage boys and girls are full of energy, enthusiasm and adventure, and if our schools and communities do not provide wholesome outlets they will find their own ways to express these traits and some will be of an undesirable type. It is best to have these "energies" channeled into supervised educational activities rather than to allow them to run rampant.

The function of the athletic program is to direct these youth "expressions" in such a way that they are expended in an educational and healthful fashion.

**Positive Approach**

There will always be people who will pick out isolated instances and blow these up out of all proportion. This happens each time a football fatality occurs. They never analyze the total picture which, when viewed in part, clearly indicates that supervised football participation is as safe as most normal activities a person pursues.

It is high time to "accentuate the positive" rather than the "negative" in the matter of participation in athletics. The emphasis should be on prevention

of accidents in athletics, and not in attempting to discredit athletes.

The volatile energies of youth must and will find means of expression. The school, recreation, church and other community agencies are the places to expend these "energies" under supervised direction. The end results of uncontrolled activity for youth would be disastrous.

Most of us spend one-third of our lives in bed and asleep.

In a sneeze, the expelled air travels about 100 miles an hour.

### DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

D. L. Vaughn has completed drilling 95 acres to alfalfa. This is dryland and varies from a mixed-land soil to deep sand. Mr. Vaughn drilled this land to a cover crop of sudan about the middle of the summer and mowed it to keep it from maturing seed. Mr. Vaughn feels that alfalfa will do more to improve his soil by increasing its physical condition, moisture holding capacity, fertility, and adding organic material than most any crop he can plant. Of course, with a good cover of alfalfa, erosion will present no problem.

B. D. Rice on Mr. Sinclair Armstrong's place south of Alanreed, Texas, planted 40 acres of alfalfa on clean tilled summer fallowed land last September. Mr. Rice realized that alfalfa alone on clean tilled land would blow out with the severe winds we are likely to get; therefore, he took the suggestion of a Soil Conservation Service Technician and

drilled millet with the alfalfa. The millet made quick growth and then was killed by the frost, leaving an excellent dead cover to protect the young alfalfa this fall and early spring.

Both of these men are cooperating with the Donley Soil Conservation District in establishing conservation on their places. Technicians of the Soil Conservation Service are available to assist you too in carrying out the District program.

### TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

#### DAYLIGHT ROBBERY

Many of you will remember the hair raising stories of gangsterism in and around certain sections of Chicago during the roaring twenties. Mrs. Rogers and I were driving through to Washington recently and came through that section of the Chicago suburbs that had once been the hangout of Al Capone and other prominent gangsters. We did not realize where we were until we saw highway signs referring to Cicero, Illinois, Calumet Illinois, and other notorious names that were in the papers so much during that lawless age. The highway was terrible—two-lane and loaded with large trucks and busses. Traffic was creeping along over rough pavement and everything seemed to be caught in a bottleneck. We were trying to teach a four-lane toll road which we knew was in the vicin-

ity somewhere, but of which the natives apparently had never heard. Finally we came to a four-way-stop intersection where traffic was very heavy. We proceeded to cross onto a better strip of pavement carrying several lanes of traffic. We were proceeding along with the general flow of traffic, all going about the same speed, except that some trucks and passenger vehicles were passing us on both sides, when we were hailed to the side of the road by a uniformed policeman. We were told that we had exceeded the speed limit, according to an electrical device which the police were using and which was located in a car parked behind a sign. There was another policeman on duty also stopping cars. I asked the officer about the speed limit, and he advised me that it was 35 mph. The only sign so indicating was a small sign by the side of the road that was not visible to anyone in the center lanes of traffic. The policeman did not explain how he was able to pick out our car in all the traffic with his electrical device or why the electrical device had apparently failed to pick out the cars and trucks that had been passing us. I do not know how fast we were going, because traffic was so heavy that both of us were watching the highway. I do know that we were not going any faster than any of the cars and trucks around us when we were stopped. The only thing the policeman would tell us was that we must post a \$10 cash bond since we were from out of state. I asked him when we could have a trial, in accordance with basic American principles, so that justice might prevail. He advised me that it would be several days before a judge would be available to hear any traffic cases in that area. I then asked him if he thought what he was doing was right or if he thought the practice that was being pursued

would help to solve any traffic problems. He was most apologetic but said he had no choice in the matter since he had been ordered by higher ups to do what he was doing.

Since Mrs. Rogers was driving, I thought seriously of suggesting that he take her into custody and hold her for trial; however, I discarded this thought before making the mistake of mentioning it. It was very obvious that we had been trapped and that the amount of the ransom was \$10. Of course, we could stay for a week or two and have an opportunity to be heard by some judge who was, in all probability, answerable to the same higher ups as the police officer. So, I dug around and produced \$10 and delivered it to this minion of the law? I handed it to him and watched closely as it joined the ransom money of others in a wallet that was almost as fat as the man, himself.

This whole transaction consumed approximately five minutes, during which two other cars were stopped by the other policeman, both of which had out-of-state licenses. As we were leaving our friend with the fat wallet was stopping another car with an out-of-state license, which led me to the conclusion that the electrical eye he was talking about was his own eye which was sending forth beams that made contact only with out-of-state license plates.

Judging from my own observations, I would say that this "daylight robbery proceeding" of this township should be most lucrative for the city coffers. During my short stay at the side of the road, the city took in some \$30. That would mean \$360 each hour, or \$2,880 for an eight-hour day, or \$86,400 per month, or \$1,036,800 per year. Al Capone and his bunch were pikers. These present day boys have it much better. They don't have to work at night and don't have to hunt for victims. All they do is stand in one place and the customers come to them.

I do point out that the friendly agent of the city, who served as the middleman in exacting this toll from us, was kind enough to tell us to get to the legitimate toll road so that we would not get into any other traps.

A minute for safety beats a month for repairs. — DRIVE SAFELY

### 1958 Fort Worth Fat Stock Show Jan. 24 - Feb. 2nd

Cash awards totaling \$188,374 will be offered during the 1958 Southwestern Exposition and Fat Stock Show in Fort Worth Jan. 24 through Feb. 2.

The seven breeds of beef breeding cattle are allotted a large share, \$45,180, of the premium total.

Prizes for the breeds are: Herefords, \$13,800; Polled Herefords, \$5,000; Shorthorns, \$6,000; Aberdeen-Angus, \$10,000; Brahmans, \$2,000; Santa Gertrudis, \$1,000, and Brangus, \$2,000.

There is also the bull carlot-and-pen division with \$5,380 in cash awards.

Premiums in the junior show total \$11,919, which includes \$3,761 for steers; \$2,880 for heifers; \$2,000, dairy calves; \$1,128, lambs, and \$2,150, swine.

Open show steers will compete for \$4,180; open dairy cattle, \$7,635; poultry, pigeons and rabbits, \$2,000; sheep, \$5,875, and

swine \$8,950. Awards in the judging contests amount to \$1,500. Entry fees and horse show premiums probably will come to an estimated \$37,185. The Southwestern exposition horse show ranks among the foremost in the nation and, as in the past, will offer both show and Western type horses.

The open cutting horse contest will be presented at each of the 19 rodeo and horse show performances, as will the Ranch Girls barrel race.

The rest of the \$188,374 figure will be awarded to rodeo contestants. The rodeo contenders will be trying for an estimated \$83,950, which includes entry fees.

First performance of the rodeo and horse show will be Friday night, Jan. 24. Deadline for cattle, sheep and swine entries in the livestock judging is Dec. 15.

Horses may be entered until Jan. 1. Premium lists and entry

blanks may be obtained by writing the stock show at P. O. Box 150, Fort Worth 1, Texas.

**Judging in the Junior Steer Show Changed**  
Judging in the junior steer show will be changed, show officials have announced.

Steers will be judged by age in the junior show just as in the open show. Previously, the junior show steers were judged by weight.

The age groups are:  
Junior yearling steers, calved between Jan. 1 and April 30, 1956.

Summer yearling steers, calved between May 1 and Aug. 31, 1956.

Senior steer calves, calved between Sept. 1 and Dec. 31, 1956.

Junior steer calves, calved after Jan. 1, 1957.

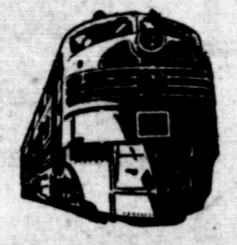

Deadline for entry of cattle, sheep and swine in the Fort Worth show is Dec. 15.

A Member of One of the Great Communications Systems Serving America

"THEY'RE CATCHING ON, BUT THEY CAN'T CATCH UP." That's how lots of people feel about the "new 1958" cars that are trying to match the Dodge Swept-Wing look. These other cars have been lowered some, but still seem high and boxy by comparison. A few are "catching on" to fins, but they're years from "catching up." And the air suspension offered by some cars (at well over \$100 extra) can't compare with the sway-free, dip-free ride of Dodge Torsion-Aire (standard equipment on all models). So on your way home from someone else's new car showing, stop in and compare it with Swept-Wing 58 by Dodge. You'll see what we mean.

See Swept-Wing 58 by DODGE at Bartlett Motor Co.  
Highway 287
