## Broncs To Play Stinnett For Bi-District

### Adair Hospital Deeded to City-County At Meeting Tuesday Night

At a meeting Tuesday evening, the old Adair Hospital board executed a deed, turning the Adair Hospital over to the City of Clarendon and County of Donley. This was a transaction which had been long awaited for, and was the culmination of many long hours, months and years of effort extended by the old Adair Board in order that this area would have a hospital that would be classed with the best in this area.

Before releasing the hospital, the old board repaired, remodeled and equipped the hospital to make it one of the best furnished and equipped hospitals in this area. When this was completed, they executed the deed Tuesday night, giving the hospital to the City and County absolutely free of all debt.

Under a state law, the City and County has appointed a seven member board of managers, three appointed by the county and three by the city and one by both. Mike M. McCully was named as the seventh member of the board to fill the vacancy created by the death of Judge J. R. Porter. At the meeting Tuesday night, Mr. McCully was also named permanent chairman of the board, Mrs. Jane Hownds was elected secretary-treasurer. Other members of the City-County board are Clifford Johnson, Charlie Bairfield, Mrs. J. D. Swift, J. R. Bartlett and Kelly Chamberlain.

The new board accepted the deed from the Adair Hospital Corporation which provided that if the hospital ever ceased operation for as much as 12 months, it would revert back to the Corporation.

The new board also entered into a contract with Dr. George W. Smith, hiring him as hospital superintendent to manage the hospital in general. It was revealed in this contract also that the City and County would not be liable for any indebtedness beyond the tax monies collected for the hospital's operation. The new board will use tax money as the need arises to maintain the property and the general operation of the hospital.

At the present time, the hospital is fully staffed and equipped to handle any type of emergency that might arise and the general care of those needing hospitalization.

In completing the transaction, Dr. Smith commented that he had entered into a gentlemen's agreement (no written contract)

one year ago this month with the old hospital board and that this board had fulfilled their commitments in every respect and that he was extremely appreciative of their efforts.

We wish to make mention also, that thru the efforts of the City officials and the County Commissioners, the road to the hospital has been hard-surfaced from the point where it intersects with the Brice highway. This gives an all weather road completely around the hospital as well as the entrance and parking area.

### Services Held For Former Resident

Funeral services were held Monday afternoon in the First Baptist Church, Childress, Texas, for Douglas Richard Doshier, veteran Texas Highway Department employee of Childress and son of Mrs. Genoah Doshier of Clarendon. Dr. Clifton Tension, pastor, and Harrell Collard, Church of Christ minister, officiated. Burial was in the Childress Cemetery.

Mr. Doshier died Saturday evening following a short illness. Mr. Doshier was born Oct. 18, 1902 in Clarendon. He was a graduate of Clarendon High School, class of 1920.

Doshier completed 29 years of service with the State Highway Department last September and was district maintenance superintendent at the time of his death. He had held the post since 1943, when he came to Childress from Benjamin.

Among the various cities in which he had worked were Wellington, Knox City, Estelline, Turkey and Benjamin. He was well known throughout this area. He had served as a director of the board of city development for the last two years and was a member of the First Baptist Church and of the Masonic Lodge.

Survivors include his wife, Mrs. Kay Doshier of Childress; one son, Kenneth Doshier, Childress; four brothers, Forrest and Zed Doshier, both of Amarillo; Kirk Doshier of Clarendon, and Lanias Doshier, Leesburg, Fla.; two sisters, Mrs. Walter Lowe of Clarendon, and Miss Beulah Doshier, Amarillo; and his mother, Mrs. Genoah Doshier of Clarendon.

### Broncho Mothers Plan Football Banquet

At a meeting of the Broncho Mothers Monday night in the home of Mrs. Truett Behrens tentative plans were made for the annual Football Banquet. The banquet, this year will be a Father-Son gathering. The date now is pending the close of the season. Funds for the banquet will be provided by dues paid by the mothers. All who have not paid their dues at this time are reminded to do so that money will be on hand for the banquet at the proper time.

To date Broncho Mothers have contributed approximately \$600 this year toward the completion of the Field House. This money has been made thru the various money raising efforts of the group and thru the concession stand at the ball games. The ladies appreciate the support that you, the public, have given them and share your pride in the new Field House.

Officers for the coming year were elected Monday night as follows: President, Mrs. Truett Behrens; Vice-President, Mrs. G. W. Bradshaw; Treasurer, Mrs. Dick Vallance; and Secretary-Reporter, Mrs. Paul Schull.

### Turkey Shoot At Memphis Nov. 25

The Leader has been asked to announce that the Memphis volunteer fire department is sponsoring a Turkey Shoot Sunday, November 25th. The shoot will take place at the Memphis Rifle and Pistol Club range at the Memphis Airport. Matches will begin at 10 a. m. and continue throughout the day and we invite everyone in this area to participate, stated J. Thomas Clayton, fire chief.

### Donley Game Ass'n Meeting Tonight

The annual meeting of the members of the Donley County Game Association will be held at the Lelia Lake school house tonight (Thursday, Nov. 22) at 7:30 p. m.

All members are urged to attend. Proposals will be discussed and the program will be set up, in readiness for the opening of the game season, stated the president of the association, Lee Shaller. Everyone interested is invited to attend, he added.

John F. Blocker, who has been seriously ill in an Amarillo hospital, returned home Saturday.

### CJC Comets Will Meet Wayland College Flying Queens Saturday Night

The Comets of Clarendon Junior College, nationally ranked girl's basketball team, will open the season Saturday night against the three-time National Champion Wayland College Flying Queens at Plainview. It is Homecoming for Wayland College.

The Queens, in rolling to three straight national titles, have built up a 75 game winning streak; longest in the history of girl's basketball. They are expected to have another great team this year with which to defend their championship and run their consecutive win streak higher. The Flying Queens are currently ranked No. 1 nationally in girl's basketball. The Comets are ranked fourth behind the Queens, Nashville Business College of Nashville, Tennessee, and Commercial Extension School of Business of Omaha, Nebraska.

The Comets have a new coach this year in the person of Buddy Travis. He has been working with the girls since the beginning of school. He has several letter-winners returning from the fine team of last season plus some outstanding new comers. Girls returning from last year's team include Joan Crawford, three time all-state forward from Van Buren, Arkansas; Marjorie Irbeck, outstanding guard from Happy; Patsy Vincent, speedy little combination forward and guard from Idalou; Susie Jones, sharpshooting forward from Bula; Lola Duhon, dependable guard from Winnie; Claudette Green, tall center from Crapeland; Genevieve King, fast and hard-working guard from Kress.

New girls upon whom Coach Travis is expecting to bolster the team are Myrna Carney from Leedy, Oklahoma, and Katherine Edwards from Martha, Oklahoma. Both these girls gained all-state recognition in Oklahoma last year. Also Mary Mann from Prairie Valley comes to the Comets with a sensational high school scoring record. During her junior and senior years, she was all-tournament six times and was the most outstanding player in two tournaments. She averaged 51 points per game during her senior year. Also on the squad this year are two girls whose names are familiar to basketball fans of this area. They are Nancy Stephens of Quail and Harlene Smith of Clarendon. Miss Stephens gained all-tournament recognition six times during the past two years and Miss Smith was all-tournament five times the past two years.

Coach Travis feels that he can build a team that will hold its own with any kind of competition this year. The Flying Queens will start a team consisting of juniors and seniors and will have far more experience than the Comets, but the Comets' spirit and hustle may offset the Queen's greater experience.

An interesting side-light of the Clarendon-Wayland rivalry this year is the presence of former Comet, Louise Short, who will probably be one of the Queen's starters.

CUB SCOUT MEETING  
Cub Scout Pack No. 37 of Clarendon will have their monthly pack meeting at 7:30 p. m., November 26 at the First Methodist Church. There will be an attendance award given to the den with the most cubs, parents and visitors attending.

Mr and Mrs. Geo. L. Green left Monday night for Ferris, Texas to attend the funeral services Tuesday afternoon for Mrs. Lela Westbrook, Mr. Green's sister.

LEADER CLASSIFIEDS GET RESULTS

### Local Firms To Observe Thanksgiving Nov. 29

A majority of Clarendon business firms will observe Thanksgiving on November 29th as that is the day set by the majority of Texas schools, and the date at which time the local schools will turn out for a long week end holiday.

The local banks will observe the 29th also but the U. S. Post Office will observe the national holiday today along with other government offices here.

### Talent Show Slated For Tonight

The Junior Class of Clarendon High School is sponsoring a talent show tonight at the College auditorium beginning at 7:00. From all reports, a large number of entries have been received and a very entertaining evening is promised those attending. Several entries have come in from adjoining towns and communities which will give the program added spice as some of the best talent is found right here in the Panhandle area. The price of admission will be 50 and 25 cents.

Members of the Junior class are urging everyone to come out and enjoy this program which will be varied from start to finish.

### Leader To Be Printed Early Next Week

With Thanksgiving coming up next week, the Leader will be published a day earlier than usual. This will necessitate receiving advertising copy and news copy a day earlier than usual. Your cooperation will certainly be appreciated by the Leader force and will make it possible for us to print this early publication.

A number of places will observe Thanksgiving today (Thursday, Nov. 22nd) but the majority of Texas will observe November 29th (original Thanksgiving Day).

### ANNUAL THANKSGIVING DINNER AT GROOM NOV. 29

The annual Thanksgiving Parish Dinner will be held at St. Mary's Day School Hall, Thursday, Thanksgiving Day, November 29th at Groom.

The banquet begins at high noon. Tickets sell at popular prices and the general public is invited.

Leader—Local rate, \$3.00 a year.

### Game To Be Played In Harvester Stadium At Pampa Friday Night

Seeking their first bi-district win in twenty-five years, the Clarendon Bronchos will pit their skill and determination against the Stinnett Rattlers in Harvester Stadium, Pampa, Texas Friday night with game time set for 7:30 p. m.

From all word and indications at least half of Clarendon will be in the stands giving the Broncs the strongest backing they have received since that day back in 1931 when hundreds of local fans boarded a special train for the trip to Dalhart at which time the Broncs won the right to play Masonic Home at Wichita Falls for the regional honors.

The location for the game Friday night was decided at a meeting of school officials in Pampa Sunday afternoon. Stinnett won the toss of the coin and will be the home team for the game. They will occupy the west stands and the team will be wearing their red jerseys. The Bronchos will be the visiting team and will wear their white jerseys. Clarendon fans will occupy the east stands.

General admission tickets have been received here and are available at the high school office for those who do not want to stand in line at the ticket office. There will be no reserved seats. It will be a first come, first served proposition. The price of admission will be \$1.25 and 75c.

This will be the second meeting for these two teams this season. The Broncs played Stinnett in their first game of the season and were defeated 37-7. At that time the Broncs were plagued with fumbles and bad breaks which accounted for the majority of the Rattlers scoring. They have an altogether different attitude toward the Rattlers now and the Broncho squad as a whole has improved considerably since that first encounter.

Coaches Jinks and Clapp have been putting the Broncs thru the paces the past ten days in preparation for the game and believe the Broncs have a good opportunity to win Friday night if they play top football throughout the game. The only casualties on the Broncho list are Richard Vallance who received a kidney injury in the Canadian game and James Graham who has a bruised shoulder. Vallance will be out for the remainder of the season but it is possible that Graham will suit out Friday night.

Coach Jinks released his prob-

able starting line-up as follows, beginning with left end: Baten, Mann, DeBord, Richerson, Hudson, Pittman and Donald Mills. Payne, who has been plagued with the virus and associated ailments the past week, but much improved, will be at his usual spot as quarterback; Behrens will fill the full position; and Philley and Robert Mills will be at the half positions.

The Broncho squad members say they are going to win and that spark of determination will go a long ways. Everyone who can possibly make the trip should be there in Harvester stadium Friday night to give them that added incentive to win this bi-district game. We want those boys to know they have the support they rightfully deserve.

It certainly would give us much pleasure to pitch a few words back at our Panhandle publisher who made the following statement in the Panhandle Herald last week in reference to the Stinnett-Panhandle game, "Winner of tonight's junket picks up all the marbles of District 1-A and the chance to Clobber Clarendon for the second time EACH this season for bi-district laurels." We hope to see everyone in Harvester Stadium Friday night.

### SCD Election Reminder For Nov. 26 & 27th

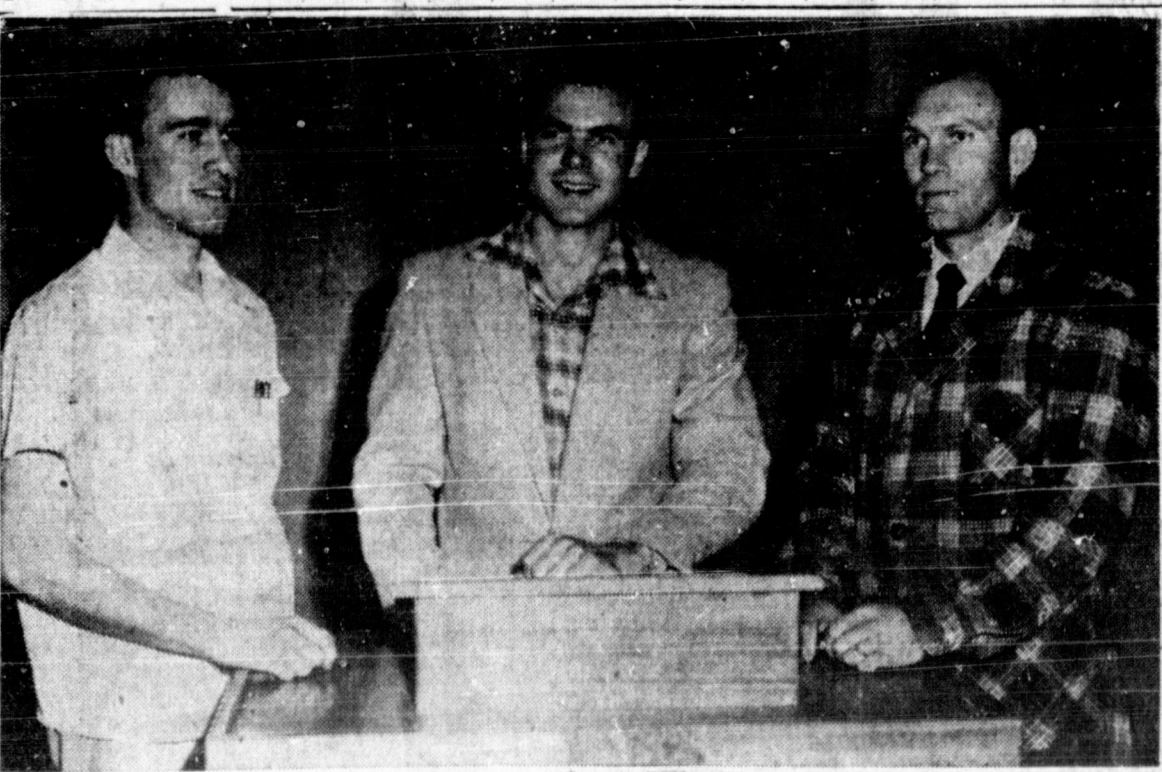

Residents of Donley County who own land north of Highway 287 and west of highway 70 are reminded of the election of a District Supervisor to replace Judge Porter Monday night, Nov. 26th at 7:30 in the District Courtroom in Clarendon.

Those who own land south of Highway 287 and east of highway 70 are reminded of the election of a District Supervisor to replace J. A. Tollett Tuesday night, Nov. 27th at 7:30 in the Lelia Lake School.

Every landowner and his wife eligible to vote should be interested enough in conserving and improving their land to attend their respective meeting and selecting a good man for their Soil Conservation District Supervisor.

Two interesting and informative films, "Raindrops and Soil Erosion" and "Where Floods Begin" have been ordered for these meetings, which will be over by not later than 9:00 P. M.

Others pictured with him are, left to right, A. D. Britt of Estelline, Henson, and Burl Brim of Wellington.

TEXAS TECH BASKETBALL FANS get a combination of spectator comfort and power-laden schedule this season as the Red Raiders move into the 10,000-capacity Lubbock Municipal Coliseum on the Tech Campus. Coach Polk Robison (inset), in his 14th season at the Raiders' helm, sends his team through this home schedule: Dec. 3—Kansas State, Dec. 5—Texas Christian, Dec. 10—Tulsa, Dec. 14—Iowa State, Dec. 20—Nebraska, Jan. 12—Arizona State, Jan. 19—Phillips 66 Oilers, Jan. 30—Baylor, Feb. 7—Hardin-Simmons, Feb. 9—Southern Methodist, Feb. 16—Texas Western, Feb. 25—Arizona, Feb. 28—West Texas State, Mar. 4—New Mexico A&M. Resigned from the Border Conference after winning that league's title for the past three years, Texas Tech must wait until 1967-68 before competing for the Southwest Conference championship.

Mrs. Walter Jasper of Amarillo was a weekend visitor with her mother, Mrs. Will Walling.

Mr. and Mrs. Elmer Dishman and Mr. and Mrs. J. C. Stepp were guests of Mr. and Mrs. Ellis Chenault Friday evening.

Ten Basic Pointers Outlined For Users Of Mails To Follow For Holiday Delivery

In anticipation of the largest holiday mail volume in history, Postmaster Ray Moore called attention to ten basic pointers outlined this week by Postmaster General Arthur E. Summerfield for users of the mails to follow in order to assure prompt and safe delivery of their Christmas cards and gifts.

1. Address mail fully and clearly. Write legibly or print plainly. Where applicable, use zone numbers on the address and return address. Avoid using abbreviations which might confuse mail handlers.

2. Be certain that a return address is printed on the upper left hand corner of both Christmas cards and parcels. This will prevent any undelivered mail ending up in a "dead letter" office.

3. Do not enclose coins or hard objects of any kind in letters, without marking the envelope for hard stamping. High speed cancelling machines cannot process such letters, often jam and damage letters.

4. Do not mail cash in any Christmas gift. For safety's sake, use Postal Money Orders or checks.

5. Make sure parcels are well packed and securely wrapped in strong containers. Cushioning material, such as excelsior, shredded newspapers or tissue paper should be evenly and firmly placed on all sides of the Christmas gift. The carton should be wrapped in heavy paper and securely tied with strong twine.

6. Gifts of a delicate nature, such as glass, china, electrical appliances, radios and musical instruments, must be marked "Fragile" by the mailer. Food stuffs should be marked "Perishable" if subject to spoilage.

7. Insure parcels. Register letters of real value. Where only proof of delivery is required for letters of no intrinsic value use Certified Mail. Use Combination Mail where a letter or message—other than a gift tag—is to be enclosed inside a Christmas package.

8. Ask at any post office for the free pamphlet, "Post Office Department Publication No. 3" which contains rates of postage and limits of size and weight for domestic mail. Another free pamphlet at post offices entitled "Packaging and Wrapping Parcels For Mailing."

9. Mail Christmas cards and parcels early to avoid the last minute rush and waiting in line at the post office. The best times to avoid crowds at stamp windows in most post offices are before 10 A. M. and between 1:30 and 3:30 P. M.

10. Every postal employee is happy to answer questions on

postal rules and regulations. Anyone with problems about mailing his Christmas parcels should avail himself of the opportunity of discussing the problems with postal employees, and take advantage of their experience. Mr. Summerfield further emphasized how important it is to start planning now to shop early and mail early for Christmas.

SAYE'S

Phone 88

over hill, over dale—and the trail is never dusty

Best thing about portable irrigation is that you get water where and when you want it. Hilly terrain is no problem. Sandy soil that sucks water out of ordinary irrigation ditches is no problem. Portable irrigation is as precise as watering each plant by hand. What does this freedom from dry spells and troublesome terrain cost? A lot less than you think. We know farmers, right in this county, who have paid for their systems in two years—three years. They did it with better crops. By getting to market first. By being independent of drought. Call us or stop in today and let us show you how to engineer a portable irrigation system to your farm. We carry complete systems, parts and the very finest Alcoa Aluminum Pipe.

The M.Y.F. of the Hedley Methodist Church was host church for a District meeting Monday night which was well attended by sixty-two young people. Speaker for the occasion was Clark Campbell of Lubbock. At

ter a fine program a social hour was enjoyed. Delicious refreshments were served by host church.

Mrs. J. S. Hall celebrated his 87th birthday at his home last week end. He had the pleasure of his children and grand children, also great grand children being present for this happy occasion.

Your reporter would like to add a belated birthday wish for many happy returns of such an occasion to this grand old time friend.

Mr. and Mrs. Ted Smith of Amarillo visited Mr. and Mrs. Paul Duncan Sunday afternoon.

Mr. and Mrs. Lenord Vaughn and boys of Graham visited in Hedley over the week end.

Mrs. W. I. Rains and Ike spent Sunday in Amarillo with Mr. and Mrs. Chas. Rains.

Richard McCarty was able to be moved home Saturday from a Memphis hospital. Richard came home Wednesday on furlough after a two year overseas service. He was rushed to hospital Monday for emergency appendectomy.

See you next week.

## BOOK CLUB

Members of the 1926 Book Club entertained their husbands with a turkey dinner and games at the Patching Club House Tuesday evening, November 20. The bountiful dinner was served by the Lelia Lake Methodist women from a table centered with a Horn of Plenty filled with fruits and vegetables.

The entertaining rooms were decorated with fall flowers. Following the meal games of 42 were played. High score prizes were awarded to C. E. Bairfield and Mrs. L. N. Cox. Mr. and Mrs. Loyd Johnson won low score prizes and the 84 prizes were awarded to C. B. Morris and Mrs. Leon Davis.

Twenty-six attended and several plates were sent to those who had planned to attend but were kept home due to illness. Hostesses were Mesdames Ruby Bromley, C. A. Pitts, and B. C. Antrobous.

## HUGHINS CLUB

Mrs. Delmer Koontz was hostess to the club on Tuesday afternoon. One quilt was quilted. Cora Elliott will have the Christmas party. Date to be decided later. At time out, refreshments were served to the following members and children by the hostess: Cora Elliott, Martiel Webb, Mae Perdue, Pearl Self, Mamie Mills, Ruby Parker, Ruth Lindley and Tommy, Belle Smallwood, Mary Lee Noble and Janie Sue. Next meeting will be on Tuesday afternoon, Nov. 27th at Ruth Lindley's. —Reporter.

## M. Y. F. MEETS

On Sunday, Nov. 18, 1956, the Lelia Lake M.Y.F. (Methodist Youth Fellowship) met at the Methodist Church at 6:00. The meeting was called to order by Rod Seago, president. The opening prayer was given by Jessie Lee White.

In the business meeting we decided to bring our clothes for Robstown Wednesday night. We are going to have a Southeast Asia party Monday, Nov. 26, 1956 at the Will Chamberlain home.

Judy Castner brought the program for us by reading "A Puzzlement" from "Day After Tomorrow." The meeting was closed with the M. Y. F. benediction.

On Monday, Nov. 12, 1956, a few members of the M.Y.F. and their leader went to Hedley, Texas, to the Hamilton Sub-district meeting.

There was a speaker from Lubbock, Texas who talked on the effects of alcohol.

At the close of the meeting there was an altar service, and then the meeting was closed with the M.Y.F. benediction. —Reporter.

## MIDWAY CLUB

This Club met November 20th with Josie Simmons as hostess.

A covered dish lunch was enjoyed by 12 members: Ellen Moreland, Pearl Terry, Marjorie Hensley, Katie Bell Wells, Leona Scott, Nell Land, Delia King, Allie Quattlebaum, Loyd Hillis, Ida Pickering, Louise Riley. We enjoyed the presence of Mrs. Cecil Cook as a visitor. One quilt was quilted on.

Next meeting will be Dec. 4th with Pearl Terry.

Our Thanksgiving dinner that was due Nov. 29th at the Patching Club House has been postponed until further notice. —Reporter.

## H. D. CLUB

The senior H. D. Club met in the home of Mrs. R. C. Bingham for a covered dish luncheon and an all day quilting Friday, November 16. Meeting was opened with Club Collect read by Mrs. Bertha Benson.

The usual order of business was taken care of and plans were made for the annual Christmas dinner.

Present were one visitor, Mrs. Carl Barker, and members Mesdames W. L. Jordan, Clyde Butler, Ella McDowell, G. A. Anderson, Lennie Crabtree, Lena Antrobous, O. C. Watson, Virgil Poole, C. H. Darling, Bertha Benson and the hostess, Mrs. R. C. Bingham. Mrs. William Payne came for the afternoon.

The next meeting will be the Christmas dinner, program and gift exchange to be the third Friday in December. —Reporter.

## KIL KARE KNEEDLE KLUB

The Kil Kare Klub met Thursday, November 15, for a business meeting in the home of Mrs. E. H. Noland. The president, Mrs. Sam Lowe, presided. Plans were made for the coming year and the Christmas party. Names were drawn for the gift exchange.

Artistic decorations of chrysanthemums and pyracantha bouquets made the home more beautiful.

After a pleasant social hour, the hostess assisted by her daughter, Mrs. Wm. Lewis, served a bountiful plate lunch of sandwiches, pickles, potato chips, fruit cake, coffee, tea, candy, and nuts. Present were Mesdames Harry Bramley, Homer Mulkey, S. W. Lowe, J. R. Bartlett, Frank Whitlock, R. O. Thomas, Cap Lane, Misses Ida and Etta Harned, Mrs. Wm. Lewis, and Mrs. E. H. Noland. —Reporter.

Mrs. Winnie Wester and Rick-ey, Miss Jeanette Stogner, Herald Stogner, and Jerry Behrens attended Homecoming activities at West Texas State College. Canyon Saturday. Cliff Stogner is a senior student at West Texas this year.

Mr. and Mrs. Truett Behrens and Elaine attended the West Texas football game at Canyon Saturday afternoon.

## BIRTHDAY PARTY

Mrs. Raymond Waldrop entertained with a birthday party Saturday honoring her daughter Beth, on her fifth birthday.

The group met at 2:00 and played games. After that the gifts were opened by Beth. The white angel food cake with five red candles turned around on a musical cake plate and played the Happy Birthday song. Cream cones, bubble gum, suckers and balloons were enjoyed by all.

Present were the honoree, Beth Waldrop, Dona Hill, Neva Hill, Karen Hill, Linda Stout, Belinda Spear, Mike Graham, Steve Land, Sandra Lamberson, Wynona Perdue, Sue Hill, Dwayne Lamberson, Louise, Sara, Carolyn, Phyllis Barrow, Shirley Hearn and Tommy Waldrop.

## PINK AND BLUE SHOWER

A Pink and Blue shower honoring Mrs. Jack Eads was given in the home of Mrs. Barney Horton Friday. Hostesses were Mrs. Orvil Housden, Mrs. Barney Horton, and Mrs. Paul Schull. The refreshment table was centered with a bouquet of chrysanthemums flanked by pink candles in crystal holders. Cake was served by Pat Hawkins. Mrs. Robert Bain and Miss Tookie McClellan poured punch. Receiving hours were from 2:00 p. m. to 4:30 p. m.

Twenty-five signed the guest book and a number who were unable to attend sent gifts. Among the out-of-town guests were Mrs. Art Eads, Mrs. Buck Ogletree and Mrs. C. O. Wilkerson, all of Wellington, and Mrs. Johnny Steen of Levelland.

## NOTICE

The Chamberlain Community will have their annual Thanksgiving supper Saturday night, November 24th. —Reporter.

Ben Tom Prewitt is in Veterans Hospital, Amarillo this week where he is receiving medical attention.

## TO BRAZIL

Javan Tucker is visiting his parents, Mr. and Mrs. Tom Tucker before starting a new assignment as First Computer with Geophysical Service, Inc. His new headquarters will be at Belem, Northern Brazil.

BOY SCOUTS at La Grange, Ill., got more than they bargained for when they staged a civil defense mass feeding demonstration in connection with a pet parade to show how the home- less could be fed in the event of an enemy attack. With limited equipment, they served 5,000 meals at a cost of only 21 cents each. The horse got a handout, but fortunately for the Scouts, 4,999 of the meals were for humans, who got along on hot dogs, beans, rolls, doughnuts and coffee.

## Campus Vaccinations Against Polio Growing

NEW YORK—A growing movement for campus vaccinations against polio in colleges and universities throughout the nation was reported today by the National Foundation for Infantile Paralysis.

Increasing numbers of academic institutions are providing Salk vaccine for their students and young faculty members as part of an over-all program aimed at increasing immunization of the nation's most susceptible individuals, said Basil O'Connor, president of the March of Dimes organization.

Seventy-five of 136 colleges responding to letters from the National Foundation reported student vaccinations have been scheduled and 56 had already started the program, Mr. O'Connor said. Their plans varied but in general students and faculty

members were being offered the vaccine for a nominal charge as part of the health service of the institution. In many instances, young college employees and their families are included; often priorities are given to young married couples among students, faculty or employee groups with children under five years of age.

"The age group comprised of teenagers and men and women in their twenties has been largely unvaccinated to date, although more than 43,000,000 persons have received at least one shot of vaccine," he declared. "Most of those already started on the series of three shots are children. Many millions of young people remain unprotected, and polio incidence - - though down this year - - continues in the hundreds each week.

"It is heartening, therefore, to find college authorities cooperating in an effort to start the series of three shots at this time, for immediate protection and so that full immunization - with three

shots of vaccine over an eight-month period - may be accomplished before the 1957 polio season."

A communication from the United States Naval Academy at Annapolis reported that first injections of Salk vaccine had been given to every member of the brigade of midshipmen, totaling 3,796, except for a few where immunization was not indicated. At Stanford University of California, a vigorous campus vaccination program is being supported by "an enthusiastic committee of students" serving the Stanford University Health Service, and the cooperation of the local chapter of the National Foundation.

Medical authorities at Vassar College in Poughkeepsie, N. Y., noted that a high percentage of incoming new students already had received two shots before arrival and reported that plans were well under way to encourage total vaccinations within the format of the regular college health facilities.

**Local Man Receives Honor At WTSC**

CANYON—Floyd Henson, senior from Clarendon, was one of 30 juniors and seniors at West Texas State College chosen to represent the college in the 1956-1957 edition of "Who's Who Among Students in American Universities and Colleges." The honor is bestowed annually upon WT's outstanding upper-classmen, and students are selected by an honors committee from among more than 100 nominated by departments, clubs and organizations. Son of Mr. and Mrs. Grady G. Henson, Henson is a business major at West Texas State. He is secretary of Sigma Beta Mu and a member of Alpha Chi honor society, Veterans Club and Mary E. Hudspeth.

U. T. Fowler is in Adair Hospital after suffering a heart attack last week. Mrs. David Patterson and Mr. and Mrs. G. W. Estlack visited Tuesday evening with Mr. and Mrs. John Patterson at Groom.

The Rev. Rupert Schindler, one-time administrator of The Immaculate Conception Chapel, or the Shrine to our Lady of the Panhandle, received another slight stroke Tuesday last at Price College, Amarillo. The prayers of the people are for a speedy recovery or a happy death for the well-known Milwaukee-born Catholic Churchman, Fr. Rupert.

Mrs. J. D. Shults fell Monday morning and fractured her right ankle. Though painful, Mrs. Shults is reported resting very well now.

Mr. and Mrs. Duane Naylor and boys of Thalia visited thru the week end with Mr. and Mrs. C. B. Morris and with other relatives and friends.

Mr. and Mrs. Jiggs Mann announce the arrival of a daughter, Karen Camille, Sunday, November 18th in an Amarillo hospital. She weighed 7 lbs. 3 oz. Her proud grandmothers are Mrs. Ethel Mann and Mrs. J. D. Wood.

### DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

Farm and ranch ponds in the Donley County Soil Conservation District are used for stock water, erosion control, and other uses. If properly managed for fish, these ponds will also provide food and recreation, as well as benefit other wildlife such as waterfowl and upland game.

The site for the pond should be selected so it will catch full of water in one year with normal rainfall. A wider spillway is more desirable for farm ponds that are to be used for fish production. The water should flow through the spillway at a very shallow depth to prevent losing the larger fish during an over-flow period. It is best not to put a screen across the spillway as it has a tendency to catch trash and this will endanger the dam.

Fish hatchery personnel recommend that ponds that are to be stocked for fish should have an application of 3 pounds of 5% rotenone per surface acre, to kill out all undesirable fish that may have invaded the pond. This application of rotenone should be made about three weeks before the pond is stocked with the fish from the hatchery.

A combination of large mouth bass, bluegills, or redear sunfish and channel cat are the fish furnished for stocking farm and ranch ponds in Texas. If only one kind of fish is to be stocked the channel cat is the best. The reason for this is that the channel cat does not feed on small fish until it reaches one-half pound or larger. Whereas, the large-mouth bass feed largely on small fish including their own young. This is the reason why bass should be stocked with a combination of smaller fish.

Any additional information desired can be obtained by contacting your local Soil Conservation Service office.

Service furnish fish to district cooperators to stock farm or ranch ponds. Fish may also be obtained by a request from the Texas Game and Fish Commission, the landowner or operator must personally make the request. Fish may also be purchased from private hatcheries.

A pond can easily be overstocked with fish. The thing to do after the pond has been properly stocked is to have it fertilized. A properly fertilized fish pond will support 300 to 500 pounds of fish per surface acre. The best kind of fertilizer to use is a mineral fertilizer. Another good fertilizer is organic matter, such as cotton seed meal, blood meal, manure, hay or leaves to encourage pond scums. There is a simple way to check for a properly fertilized pond. Nail a 6 inch white disc on the end of a 4 foot stick and mark the stick 12 inches and 18 inches below the disc. Stick this into the water and if the disc goes out of sight at 12 inches the pond is properly fertilized but if the disc can be seen at 18 inches it needs more fertilizer. The best way to fertilize a pond is either from a boat or from the bank. It is best not to place the fertilizer in water over 5 feet deep. Wind action and underwater current will mix the fertilizer throughout the pond.

Many ponds are muddy due to silt laden water from the water shed or from wave action on the banks. A strip of grass around the water edge and a desilting basin where the water enters the pond will help to solve this problem. If the waters are still muddy it can be cleared up by using 200 pounds of cotton seed meal and 100 pounds of superphosphate per surface acre.

Commercially speaking, the Douglas fir is more valuable than any other tree.

## TWO BLADES OF GRASS

— where one grew before

We have many blessings to be thankful for on this **THANKSGIVING DAY.** We haven't suffered bad storms. We haven't had epidemics of the dread diseases. We have not had hungry people lined up before "Soup Kitchens." Many blessings have come our way — this **THANKSGIVING DAY.**

Because of adverse conditions caused by the lack of rainfall, all of us must double our efforts... we must make **TWO BLADES OF GRASS** grow where one grew before.

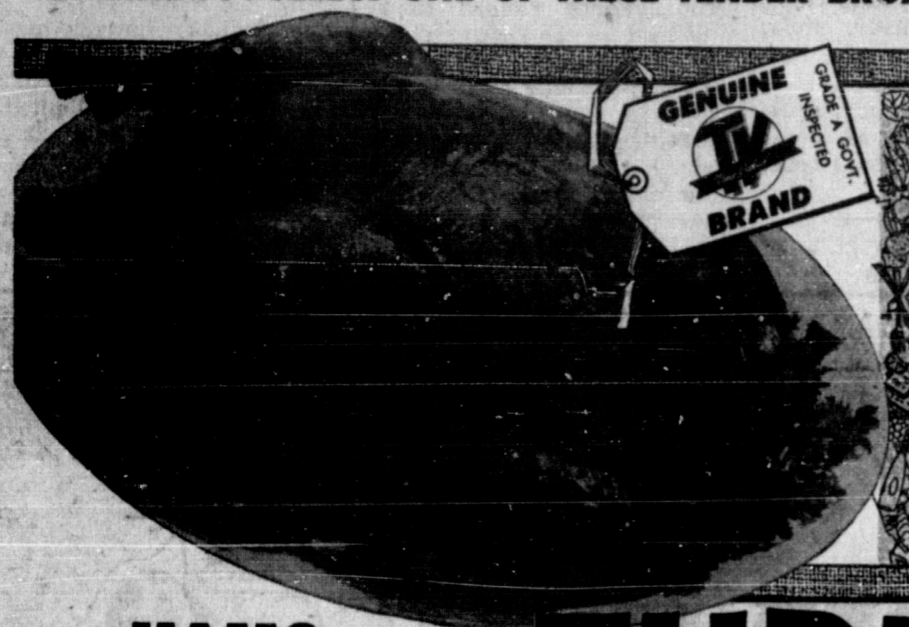

We, in the West Texas Utilities Company, are doing this very thing. We have spent, in the past 10 years, 56 million dollars on new equipment and installations. We are looking at both today and tomorrow, forming plans and working to keep ahead of the needs for electric power in the area we serve. We have confidence in West Texas and its people; we know they will do their best to make **TWO BLADES OF GRASS** grow where one grew before.

**West Texas Utilities Company**

in the family tradition ... enjoy the finest at your ...

## FARM NEWS

from the County ASC Committee

### 1956 SOIL BANK CONSERVATION RESERVE

We want to remind you that there is only two weeks until the final date, November 30, to sign contracts for 1956 Conservation Reserve. If you have land that has not been grazed or harvested since January 1, 1956 and do not intend to do so, you may put that land into the Conservation Reserve for 1956 through 1961. If you think you might be interested, come into the Donley County ASC Office and let us explain the requirements and details to you.

### AVAILABLE FUNDS FOR ACP PRACTICES

The county still has plenty of money to carry out ACP practices for 1956. Many farmers have made applications for chiseling, listing, and the cotton bur practices.

### 1957 COTTON ALLOTMENTS

Work is progressing rapidly on the 1957 cotton allotments, but there is still much work to be done. They will probably be mailed to the producers by December 3, 1956.

### THANKSGIVING HOLIDAYS

The Donley County ASC Office will be closed November 22 and 23 in observance of the national and state Thanksgiving holidays. We wish every one of you a happy Thanksgiving. As many of you already know,

one of the employees has been handing out cigars and candy. Jiggs Mann is the proud father of a baby daughter.

### SCHOOL CAFETERIA MENU

November 26-28th

#### MONDAY

Tuna salad, candied carrots, cherry pie, bread, butter, milk.

#### TUESDAY

Ham and cheese, potato chips, pickles, cookies, bread, milk, butter.

#### WEDNESDAY

Turkey, dressing, gravy, cranberry sauce, green beans, sweet potatoes, hot rolls, fruit cake, milk.

### Bulldogs Defeat Wayland Freshmen

The Clarendon Junior College Bulldogs opened their 1956-57 basketball season Nov. 13th with a 76 to 70 victory over the tall Wayland College Freshmen at Silvertown. The game was a part of the dedication program of the new gymnasium, just recently completed at Silvertown.

The Bulldogs jumped to an early lead on the sharp-shooting of Steve Jarnigan, Boyd White and Bill Schneider and built up a 39 to 29 halftime advantage. The last half was a nip-and-tuck affair that saw the young Pioneers tie the game at 52-52 midway of the period, but the Bulldogs were determined to win this first one for their new

coach, Buddy Travis, and finished strong despite the fact that three of their starting five, Schneider, White and Jarnigan, fouled out of the game.

White and Jarnigan set the scoring pace for the Bulldogs with 21 and 19 points respectively. Schneider got ten points, Buzz Bailey seven, Jay Wilson nine, Norman Killough and Lane Cushingberry four each, and Jimmy Adams two. Bobby Morgan was high for Wayland with 19.

The Bulldogs showed a hustling brand of ball to outplay their taller opponents. They also exhibited a stout defense which limited the Wayland boys to only 22 field goals for the game.

The first home game for the Bulldogs will be Dec. 1st against Lamar Junior College of Lamar, Colorado.

### Local Scout Drive Nets \$913.50

Homer Estlack, chairman of the Adobe Walls Council Scout Finance drive here recently, reported a total of \$913.50 donated by residents of Clarendon and this area.

He praised the work of the team captains and the workers in raising this amount which was the highest figure raised here in recent years. All connected with the drive wish to thank those who contributed their money for this fine cause.

We are happy to note that much interest is being taken in Scout work here at the present time. The money you give and the many hours extended by local leaders will pay off in many ways now and in the future. Scouting gives a boy a different outlook on life and teaches him the various ways to become a better and more useful citizen.

### Revised Routines In Execution of Freight Rate Certificates Announced

Walter T. McKay, State Director, Farmers Home Administration, has been advised by the Secretary of Agriculture and the Governor of Texas of revised routines in the execution of freight rate certificates entitling eligible applicants to reduced freight rates under Interstate Commerce Commission Drought Orders.

These orders provide in part that the class of persons entitled to reduced rates are those designated as being in distress and in need of relief by the United States Department of Agriculture or by such State agents as designated by the Department. The Secretary of Agriculture has authorized Governors of all drought stricken states to designate persons entitled to reduced freight rates. Effective November 15, 1956 Governor Shivers re-delegated to all county judges in designated drought counties in Texas the authority to execute certificates.

"Heretofore, Farmers Home Administration County Supervisors were authorized to execute certificates and only stockmen who were eligible for emergency feed could obtain the certificates. This revised authorization will extend the benefits of reduced freight rates to all stockmen in designated counties," McKay stated.

### PARENT - TEACHER REPORT

Program for last weeks meeting of the Simms Parent-Teachers Association centered on "We, the People Give Thanks for Our Schools," with Miss Blankenship's eighth grade class presenting the program.

A short business meeting preceded the main program. Rev. Ryan, Methodist minister, gave the devotional and Mrs. Ray Moore sang.

The program was concluded with all attending singing "My Country 'Tis of Thee," led by the eighth grade.

Mrs. Brandon, Mrs. Guy and Miss Mongole's rooms tied for the highest attendance.

Next meeting will be December 13th. Anyone who is interested in subscribing to the National or Texas P.T.A. Magazine was asked to contact the Magazine Chairman, as we need several more subscriptions in order to receive an "A" rating for our Association. —Reporter.

# Trights and Sidelights FROM Your State CAPITOL

By VERN SANFORD  
Texas Press Association

**AUSTIN**—General election results, nationally, have added new suspense to the already tense issue of who will succeed Texas Gov. Elect Price Daniel as U. S. Senator.

At stake is whether Democrats or Republicans will control the U. S. Senate, when Congress convenes on Jan. 3.

Democrats now have a precarious 49 to 47-member advantage. But it would be 48 to 48 if a Republican replaced Democratic Senator Daniel.

GOP Vice-Pres. Richard Nixon can vote in case of a tie. Therefore this one vote, which Texas could bestow upon him -- in a round-about way -- could determine the balance of power. Most important of all, it could decide which party could organize the Senate and appoint the all-important committee chairman.

This possibility puts Gov. Allan Shivers in the national spotlight again. And Senator Daniel.

Texas' conflicting election laws have clouded the issue as to whether Governor Shivers legally can call a special election before Jan. 15. That's when Daniel takes office as governor. This because Daniel's letter of resignation from the Senate specifies Jan. 15 as the effective date of his resignation.

Shivers contends that inasmuch as Daniel did not resign, effective immediately, there is no vacancy until Jan. 15. Daniel argues that Shivers has the power to call an election. Both point to different provisions of the poorly drawn election code.

Unless Congress is in session, a

governor cannot make an appointment to fill a vacancy. Therefore, should Senator Daniel resign effective today, Shivers could not name a successor until Jan. 3 -- opening day of the new Congress.

Shivers feels that Daniel should resign outright, thus paving the way for an immediate election. The governor is required to call an election within 90 days from the effective date of the resignation, and not before 30 days have elapsed. This means that the governor could call for an election in December—or he could designate a January or February date.

Whatever course Daniel pursues, Shivers undoubtedly will have a chance to appoint a temporary replacement. First, because Shivers is not likely to call for a December election. Second, if Daniel submits a new resignation before Jan. 3, effective immediately, Shivers automatically can name a successor on Jan. 3.

And third, if Daniel sticks to the Jan. 15 date, Shivers will have from 12:01 a. m. on the 15th until Daniel is inaugurated at 12 noon, to name a successor.

### DROUGHT AUTHORITY GIVEN

Gov. Shivers has been authorized to designate Texas farmers eligible for reduced railroad rates.

Secy. of Agri. Ezra Benson asked the governor of seven drought-stricken states to indicate persons qualifying for this aid.

Railroads have offered free return transportation for cattle shipped from dry areas to western grazing areas. Designated persons also can receive a 50 per cent reduction in rates on hay shipped from western states to drought regions.

### FARM INCOME UP

Improved methods have kept

Texas' overall farm income up, despite drought setbacks.

Cash income for January thru September totaled \$1,108,000,000 an increase of \$13,000,000 from last year, reports the University of Texas Bureau of Business Research. Average for the dry years of 1951-55 was six per cent above 1947-49.

Irrigation, conservation and improved crop varieties are credited for the increase. Some areas, the bureau noted, have not had a major crop in five years. Offsetting these are such areas as the Panhandle-South Plains region where "spectacular results" have been achieved with irrigation.

### BOND ELECTION UPHOLD

State Supreme Court has upheld and clarified a new law for unlimited issuance of bonds by school districts.

Validity of some \$75,000,000 in school bonds was affected by a test case from Hamilton County.

Voting in bond elections is limited by the Constitution to property-tax payers. An act for school bond elections passed by the last legislature further restricted voting to those who had rendered property on the county tax roll.

High court ruling removed this restriction, but upheld constitutionality of the rest of the law.

If sold for the value of its chemical elements, the human body would be worth about 98 cents.

## The Business Of Not Raising Hogs

John C. White, Commissioner Texas Department of Agriculture

Is history repeating itself again? A certain "famous" letter is back in circulation again which would indicate we are completing another agricultural cycle.

Back when Henry Wallace was Secretary of Agriculture, one Ramon Ortiz de la Munoz inquired about the possibility of "not raising hogs". The letter appeared again recently in the Gorman Progress in Eastland County and, in these days of soil bank when it is profitable not to raise wheat and cotton, it has a very timely note. Here is the letter:

Amigo Mior: My amigo, Pedro in Brazoria County received a check for \$1,000 from the government this year for not raising hogs. So I am going into the "not raising hog business" next year.

What I want to know is, in your opinion, what is the best kind of farm not to raise hogs on and the best kind of hogs not to raise? I would prefer not to raise razor-backs, but, if that is not a good breed not to raise, I will just as gladly not raise any Berkshires, Durocs or Poland Chinas.

The hardest work in this business is going to be in keeping an inventory on how many hogs I haven't raised.

My Amigo Pedro is very joyful about the future of this business. He has been raising hogs for more than 20 years and the best he ever made was \$400 back in 1918, until this year, when he got a thousand dollars for not raising hogs.

If I can get \$1,000 for not raising 50 hogs, then I will get \$2,000 for not raising 100 hogs, etc. I plan to operate on a small scale at first, holding myself down to about 4,000 hogs, which means I will have \$80,000.

Now, one other thing. These hogs I will not raise will not eat 1,000,000 bushels of corn. I understand that you also pay farms for not raising corn. So will you pay me anything for not raising corn not to feed the hogs I am not raising?

I want to get started as soon as possible as this seems to be a good time of the year for not raising hogs.

Yours truly,  
Ramon Ortiz de la Munoz  
P. S. Can I raise 10 or 12 hogs on the side while I am in the business of not raising hogs? Just enough to get a few sides of bacon to eat?

Leader—Local rate, \$3.00 a year.

### GET MORE EGGS ALL YEAR WITH LESS FEED BY FEEDING FORTIFIED CHIC-O-LINE LAYING MASH

Home-grown grains save money for the poultry raiser. But grain alone is not enough. Feed Chic-O-Line LAYING MASH with a small amount of your own grain for top egg production the year 'round. Fortified with more-than-enough vitamins, minerals and antibiotics Chic-O-Line LAYING MASH keeps your hens at top production. So start now to get MORE EGGS ALL YEAR with Chic-O-Line LAYING MASH.

### MICRATIZED\* VITAMINS A AND D

You're sure of quality and quantity of vitamins A and D with Chic-O-Line. Micratized to be at full potency at time of feeding, they help hens convert all of their feed into more eggs and more meat from a healthier flock.

## TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

### SELF-SUFFICIENCY

We have all heard the question many times, "How self-sufficient is the United States?" My experience has been that no matter what individual or group you ask this question, you are likely to come up with a different answer. The truth is that our degree of self-sufficiency changes from day to day. That in which we are self-sufficient today may be that in which we are lacking tomorrow. This changing situation is due to the speed at which civilization is presently progressing. The realization of such fact should make us more alert and more vigilant, rather than to cause us to become reconciled to the theory that one

country in this world could not possibly be self-sufficient.

The recent eruptions in the Near East should cause us to understand, without any difficulty, that the time may come in the near future when we must be self-sufficient whether we like it or not. Much has been said to the effect that internationalism is a must in the present day world. I will admit that it is very nice to be able to get along with all foreign governments in a fair and just manner, but we must be sufficiently realistic to understand that this is easier said than done under many circumstances. For instance, we have tried long and tediously to get along with Russia and to promote a just, fair and reasonable approach by all nations to the problem that continually beset man. Our failure in this respect is clearly shown by the continuous activities of the Russians, and more especially, by their recent activities in Hungary. This failure is pointed up by the recent activities in the Near East by those nations that we consider our closest and staunchest allies.

Frankly, I think that we should face the issue of the necessity for self-sufficiency on the part of this country. There are many things that we use in our daily lives which come from foreign sources. There are likewise many things that we need in the defense of this country for which we are dependent upon foreign sources. Some of these we have undertaken to stockpile and have protested the figures concerning these stockpiles under a cloak of secrecy. Many of these items we can develop in our own country, yet we have failed to do so simply because they were available from foreign sources. I speak especially of strategic minerals and metals. Minerals and metals that can be developed in this country, but are not, simply because they can be purchased at a cheaper price on the world market. Now economy is one thing, but foolish economy is another. Sometimes we find that the prices we must pay for some article cannot be measured in dollars and cents. Should the time come, and it very well could in the near future, when we could not reach the foreign sources of some of our strategic minerals and metals, we could find ourselves sorely put to meet the needs of an expanded defense program. Under such circumstances we would quickly conclude that we had been penny wise and pound foolish. The development of our local sources would require expenditures far beyond that which we had saved by permitting ourselves to de-

pend on foreign countries.

Our country should, to the best of its ability, develop all of our natural resources. This we can do through our free enterprise system, and at the same time, provide added vigor to our economy. This country must find necessary materials and supplies or suitable substitutes thereof. We cannot run the risk, in the present world situation, of depending upon any European, Asiatic, African or Australian source of strategic material.

### Holiday Mail For Alaska Hawaii and Puerto Rico Should Be Mailed Early

Surface Christmas mails destined for civilians in Alaska, Hawaii and Puerto Rico should be mailed by postal patrons by very early December, Postmaster Ray Moore said today.

This is necessary, he explained, because of available ship schedules from the port of dispatch, as well as possible delays due to bad weather frequently encountered at this time of year.

Mr. Moore urged postal patrons to send holiday surface mails for Alaska and Hawaii according to the following schedules: residents

## Everything's New including the View

in each '57 Buick—SPECIAL, CENTURY, SUPER, ROADMASTER

WE DON'T MEAN just new this or new that. We mean new *everything*.

We mean everything you *can't* see, as well as everything you can.

And even the "seeing" is new—for the new, wider, rakishly angled panoramic windshield with its 200 more square inches of glass area widens the forward view of *all* passengers.

Take other examples.

Its *styling* is new. Never before have you seen a Buick like this one—sleek and stunning, and low as a cat-crouch.

Its *engine* is new. Never has any Buick boasted so big, so powerful, so *obedient* an engine as the purring V8 engine that gingers every '57 Buick.

Its *performance* is new—and right here we mean new like nothing else you ever experienced before.

For now, there's a new advanced Variable Pitch Dynaflo\* so instant in action, so smooth and flexible throughout the entire "Drive" range—the need for "Low" is virtually eliminated.

But there's even more to the newness of every '57 Buick.

There's a completely new chassis that gives the car the lowest center of gravity in Buick history—for a steadier, safer ride. And a new kind of ball-joint suspension for surer handling, safer cornering, and a wonderful new *levelized braking*.

There's a new safety instrument panel, new dip-center safety steering wheel—even an ingenious new Safety-Minder\* that lets you know when you reach the miles-per-hour you've preset for yourself.

Of course, the only way to get the whole, new wonderful story is to take the wheel and let this big new car do its own talking.

And that's something we'll be most happy to arrange first chance you get. Come in *today*.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special. Safety-Minder standard on Roadmaster, optional other Series.

of the Eastern and Central time zones, not later than December 1, 1956; Mountain time zone, not later than December 3, 1956; Pacific time zone, not later than December 4, 1956. Mail for Puerto Rico should be sent by December 3, 1956.

These, of course, are deadline schedules the postmaster pointed out. Postal patrons are being ad-

vised that even earlier mailings will be an aid to the postal service, as well as provide an additional measure of insurance of delivery by Christmas.

Benjamin Franklin designed a dollar made of silver, brass and pewter, bearing the motto, "Mind Your Own Business," and minted in 1776.

These, of course, are deadline schedules the postmaster pointed out. Postal patrons are being ad-

# BLOWIN' Out the CORNERS

*Uncle Zeb*

"My Town is where my home is found, where I make my living, and where my vote is cast. It is where my children are educated, where my neighbors dwell, and where my life is chiefly lived. It is the home spot for me. My town has the right to my

civic loyalty. It supports me and I should stand behind it. My town wants my citizenship, not my partizanship; my friendliness, not my dissention; my sympathy, not my criticism; my intelligence, not my indifference.

My town supplies me with protection, friends, education, schools, churches and the right to free moral citizenship. It supplies me with neighbors in the time of need, and comfort in the hour of calamity.

My town has some things that are better than others; the best things I should help to make better; the worst things I should try to make better too, rather than just fuss and talk about it.

Yes, take it all in all, it's my

Home Town and it is entitled to the very best that there is in me."

Most of the above we copied from a little magazine called Nuggets, we sort of added our own amen too. Although the writers name has been lost from the thoughts it is some pretty wonderful thinking.

Someone has said that it is a terrible feeling to suddenly realize that we have been acting like a fool. Worse than that is to find out that all the time we weren't ACTING. Oh me, that would be awful.

Speaking of Old Saying, we never get tired of hearing a new one. Sometimes however they be-

come sort of outmoded and out of date. Take for instance the one, "Save for a rainy day". Now we folks here in the panhandle have to save for a dry spell. If we could have some rainy days we wouldn't have to be so saving all the time. Say, wait a minute, if we save for a rainy day, we won't get to spend it and we'll always have our savings. Maybe, they were right in the first place. Reckon?

## FROM WARM SPRINGS FACT & FANCY

*by W. H. Recker*

(Wherein the director of public relations at the Gonzales Warm Springs Foundation tells of Texas' own physical rehab center and also throws in a little tongue-in-cheek palaver for which, incidentally, the management is not responsible.)

When it comes to sizing up the stock market page in the newspaper, I will confess that I am a babe in the proverbial woods. Between the bulls and the bears and the rails and utilities, I am utterly confused.

I can't tell a debenture from a Dow Jones closing average.

I guess I don't really care because I firmly believe there are lots and lots of good citizens who regard this page a little more than a protective cover for the sports section or the funny papers. I sometimes wonder what it is with the tycoons who scramble for the daily quotations like a

hophead does for another stick.

It isn't all peaches and cream for these boys, I know. I heard of one little girl, for example, who scampered into the kitchen and said, "Mommy, Daddy is reading the dommit page again." See how it is?

I have just finished reading a story on the financial page entitled "Bulls Have Good Week With Grain." Now that's the sort of heading you'd expect on a stock market page, but I can tell you farm boys right now the story wasn't what you'd expect under that title.

For example, here's a quote: "The most outstanding fact is that despite the periods of sharp mark-ups in price, the new laws continued to exceed the new highs, preferred stocks leading the downward trend. This fact alone warrants caution."

Well, I should think so. There was one sentence that I definitely understood. It read: "Domestic oils were fairly strong." Anybody that's ever smelled rancid hog lard knows how that can happen.

Oh well, maybe I'll just stick to the funnie.

From time to time many of the worthy organizations and clubs of Texas seek projects through which they may render a human-

itarian service to deserving causes. In this manner many specific needs at the Gonzales Warm Springs Foundation have been provided.

The public relations office has recently prepared the first of a series of bulletins listing projects which interested groups might sponsor. The price range is from approximately \$25.00 to \$1,500.

We will be pleased to send the list to anyone requesting it. Address your request to GWSF, P. O. Box 58, Gonzales, Texas.

## GABIE BETTS BURTON LIBRARY NOTES

*By May L. Prewitt*

There is a revival of reading it seems for we have enrolled several new memberships, and there is a steady line of books being issued.

We have received a few donations this week — enough for stamps and note writing for announcing memorial books that have been given.

Only a few books recorded this week. "Big Ranch Country" by J. W. Williams who teaches in Senior High at Wichita Falls is very interesting. It is a memorial for Mr. Porter, and "The Texas

Indians" by Mary Atkinson is another book given in memory of Mr. Porter. We have had numerous requests for a book that gave an authentic discussion of Texas Indians. We are happy to receive these editions.

When I scanned the current list of books it seemed that Paul William's "Jericho's Daughters" would likely appeal to most of our adult readers. We shall try to purchase this in the near future. We have several regular patrons who are adult readers.

The Book page of the Sunday edition discussed "Before Barbed Wire" a book we are eager for you to read. It was given as a memorial.

The game of lacrosse originated with the Indians in North America.

Step into the wonderful world of AUTODYNAMICS!  
It unleashes a hurricane of power!

It tames a tornado of torque  
It breaks through the vibration barrier  
It is swept-wing mastery of motion

There are many fresh and exciting discoveries awaiting you in the wonderful world of Autodynamics. But none is more exciting than the exhilarating performance you'll experience behind the wheel of a Swept-Wing Dodge.

This low-slung beauty takes off like a scalded cat, rips over hills like a hungry cougar, whips past slow-moving traffic like a gunshy jackrabbit. At your command is a mighty new aircraft-type V-8 engine with up to 310 hp.

And this Swept-Wing Dodge introduces such important advances as Push-Button TorqueFlite that packs a 1-2 punch. Revolutionary new Torsion-Aire that sweeps you along in a "Realm of Silence," masters curves with race car torsion bar suspension. New Total-Contact Brakes — the greatest in the industry!

This is Autodynamics . . . where everything is new from road to roof. It's all yours in a lithe, lean master of motion only 4½ feet high. You have never seen, felt, owned anything like it.
