

PAYOFF PACKAGE—Soldiers at White Sands Missile Range, N.M., gently lower an Army Redstone guided missile warhead to its carrier. Beginning this year, Redstone units headed overseas will first fire their 65-foot-long weapon under tactical conditions at the huge range.

Bulldogs Upset Frank Phillips

The Clarendon Junior College Bulldogs, playing a near-perfect game both on offense and defense, upset the powerful Frank Phillips Plainsmen at Borger Monday night by a score of 73 to 57. The Bulldogs capitalized on the terrific rebounding of Alva Carter and Felix Johnson, the deceptive dribbling of Jack Buttram, the ball handling of Loyd Stephens, Benny Lesley and Bub Eldridge, the general over-all defensive work of the entire team, plus a good shooting percentage to knock the Plainsmen from their top perch in the conference standing.

Six different Bulldogs contributed to the downfall of the highly confident Frank Phillips team. Stephens led the scoring with 15 points followed by Eldridge with 14, Buttram with 13, Carter and Johnson with 11 each and Lesley with nine.

The Bulldogs opened the scoring when Eldridge hit from the top of the circle and led during the early minutes of the game. The Plainsmen took an 8 to 7 lead with six minutes gone and the score was tied at 13-13 ten minutes deep in the first half. From there the Bulldogs went into a lead that they never relinquished. They built up a 36 to 26 halftime lead and held a sixteen point lead midway of the second half.

The Frank Phillips team was never able to solve the tough Bulldog defense and Clarendon's offensive ball-control tactics caused the Plainsmen to commit numerous fouls. The Bulldogs hit on 23 of 44 field goal attempts and cashed in on 27 of 37 free throw attempts.

Warren Tipton, Frank Phillip's all-state performer from Borger, was held to his season's low and was able to make only one field goal and seven free throws for nine points. William Redden and William Hines made 10 points each to lead the Plainsmen's scoring.

SCHOOL TRUSTEE ELECTION TO BE HELD APRIL 4TH

Three trustees will be elected to the Board of Education for the Clarendon Consolidated Independent School District in the forthcoming election to be held on the 4th day of April, 1959.

The terms of office of present Board President, Walter B. Knorpp, and trustees J. Alfred McMurtry and Chas. E. Dayhle will expire this year. Knorpp and McMurtry are completing their ninth year on the board, and Dayhle is completing his third year.

As of now, one candidate has announced, T. M. Caldwell, Jr., local Conoco agent. He filed for a place on the ballot last week. Deadline for filing is March 4, 1959, at 5 o'clock.

4-H Club Members To Show 22 Steers At Amarillo Show

Donley County 4-H Club members will show 22 steers at the Amarillo Fat Stock Show says County Agent H. M. Breedlove. The steers will leave for Amarillo this Friday morning the 23rd. The sifting and weighing of the steers will be Sunday the 25th and the steers will go in the show ring on Monday the 26th at 9 a.m. The selling of the steers will be on Thursday the 28th.

4-H Club members who will exhibit steers at Amarillo are Larry Combest, Troy Harrison, Jean Harrison, Janice Floyd, Gene Floyd and Darrell Holland, all of Hedley; from Lelia Lake are Beverly Leathers, Wayne Leathers, Jo Dishman, Keith Dishman and David Mooring; from Clarendon is Sue Hill, Richard Thornberry and David N. Hudgins. Everyone is invited to come by and see the Donley County 4-H Club exhibit of steers while at the Amarillo show next week.

Bulldogs Meet Odessa Friday

Coach Buddy Travis will take his first place Bulldogs to Odessa Friday for an important West Zone Conference game with the Odessa Wranglers. The Bulldogs are currently atop the conference standings with three wins and no defeats. The Wranglers are in second place percentage-wise with one win and no defeats. The Bulldogs hold wins over Howard County, Lubbock Christian and Frank Phillips while Odessa's lone game was a smashing 76 to 33 win over South Plains College of Levelland.

Coach Travis will go along with his usual starting line-up of Alva Carter, Bub Eldridge, Loyd Stephens, Jack Buttram and either Benny Lesley or Felix Johnson. Other boys due to make the trip and possibly see action include H. D. Yarbrough, Max Whittington, Gerald Garvin and Carl Irlbeck.

FORMER RESIDENT DIES IN CALIFORNIA

Funeral services were held at Compton, California Monday for L. J. (Preach) Goldston, former Clarendon resident who passed away at his home there last Thursday night.

Mr. Goldston, 59, moved from Donley County about 25 years ago and had made his home in California several years.

Survivors include his wife and four children; also a sister, Mrs. Richard Thomas of Olton, two brothers, Dr. Joe Goldston and Leck Goldston of Clarendon.

Lynn Payne visited Ray Moore at Veterans Hospital in Amarillo Sunday.

High School Teams Play Memphis Here Friday Night

The Memphis Cyclones will invade Clarendon for two games beginning at 7 o'clock on Friday night of this week. Memphis has a good girls' team this year, but their boys seem to be the weak sister of the conference, as they have been for the past several years. They have lost to both Lefors and Canadian in conference play.

The Bronchos have two conference wins against one defeat. They lost to Lefors in a double over-time affair and have won easily over McLean and Canadian. They should be at full strength Friday night with the return of Keith Schollenbarger who has been out of the past two games with the flu. Coach Young will probably start Schollenbarger, John Morrow, Jimmy Johnson, W. N. Elam and either Melvin or Kenneth Housden. Girls' starters will probably be Joan Bennett, Charlene White and Ann Slavin at forwards and Beth Lamberth, Pat Spurgeon and Pat Owens at guards.

Following Friday night's game with Memphis, the local teams will entertain the Panhandle Panthers next Tuesday night at the local gymnasium.

Last Rites Monday For Ida May Harned

Funeral services for Miss Ida May Harned were held Monday morning in the First Presbyterian Church with Rev. J. Berkeley SoRelle officiating.

Miss Harned died at her home here Saturday. She was a member of the Presbyterian Church. Miss Harned was born in Winifred, Nebraska and came to Clarendon from Denver in 1913 with her sister, Miss Etta Jane Harned. They operated a millinery shop here from 1913 until 1929.

Her only survivor is the sister, Miss Etta Jane Harned of this city.

Pallbearers were Ray Palmer, H. C. Reynolds, Carroll Knorpp, Walter B. Knorpp, Fred Chamberlain, Jr., and Steve Reynolds. Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

SIX YEAR OLDS MUST REGISTER THIS MONTH

Parents of children who will be six years old on or before Sept. 1, 1959, must register their children for school during the month of January. See Kenneth Vaughan at his office in the high school building.

Mrs. Lee Bell and Bob visited Sunday with Mr. and Mrs. Acie Cleaton and Paula at Hollis, Oklahoma.

Services Held Tuesday For Rev. G. H. Gattis

Funeral services were held Tuesday morning at the First Methodist Church for Rev. George Harrol Gattis with Dr. Eugene Slater of Amarillo, Rev. Conrad M. Ryan and Rev. C. B. Melton officiating.

Rev. Gattis, 77, retired Methodist minister and former resident, died Saturday evening in Adair Hospital here where he had been a patient about two weeks. He became ill while visiting a son, T. H. Gattis, here. He had been a resident of Wichita Falls for about five years.

Rev. Gattis was licensed to preach in 1908 and in 1910 began preaching in the Northwest Texas Conference at Snyder. He also held pastorates at Fluvanna, Blackwell, Trent, Margaret, Paducah, Hamlin, White Deer, Lakeview and Floydada. He was transferred to the North Texas Conference in 1938. He retired in 1953.

Survivors include his wife, Ida H. Gattis of Wichita Falls; a daughter, Mrs. Lorena Knight of Santa Fe, New Mexico; five sons, T. H. of Clarendon, W. H. of Amarillo, G. H. of Klamath Falls, Oregon, Col. R. H. of Fairfax, Virginia, and John H. of Abilene; two sisters and two brothers, 18 grandchildren and two great-grandchildren.

Pallbearers were Lee Blanks, Cal Holland, Del E. Wells, Garland Gardenhire, Ted Montgomery and Charlie Murff.

Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

Jr. High Teams To Play Lefors Today

The Junior High basketball teams will play Lefors in the local gym this afternoon with game time set for 1:45 p.m.

The Colts are undefeated so far this season with 10 wins to their credit. The Fillies have lost only two of the 11 games they have played. Those two losses being to the Shamrock and Wellington girls' team.

Some of the Jr. High girls and boys were combined with the Freshmen to enter and help win first place in both the girls and boys divisions of the Lelia Lake freshman tournament this past weekend.

The girls to help make up the team from Jr. High were Jan Weatherly, Janie Ivey, Sharon Williams, Brenda McAnear, Sue Phelan, Connie Martin and Deanna McAnear.

The boys were Dwight McAnear, Gerald Johnson, Jerry Elmore and John Cearley.

Mr. and Mrs. George Thompson III of Lubbock visited home-folks over the week end.

County Pig and Lamb Show To Be Held Here Friday

Highway Robbers Are In Local Jail

Oby Gene Watters and Gerald Wayne Holder, both of Bell Gardens, California, were returned to the local jail last week from Kingman, Arizona by Sheriff Bill Cornell and State Ranger J. P. Lynch. Both are charged with armed robbery of Joe Ray Smith of Fort Worth January 9th east of town.

Both men will appear before the Donley County Grand Jury next Monday for formal charges and future action.

Sheriff Cornell stated that both had admitted numerous robberies and other law violations in California, Oklahoma, Arkansas, Florida and Texas.

Cornell said the two men had planned a jail break last Saturday but the plan failed when he would not cooperate by giving them a chance to bang him over the head with some chains they had removed from their beds and wrapped in a sheet.

Chevrolet Open House This Week End

As a formal welcome to a newcomer in the 1959 line of Chevrolets, Alderson Chevrolet will hold an "Open House" in its showroom here January 22-24.

The debutant is a Bel Air Sport Sedan, whose rakish design and rich appointments promise to make it a favorite in the automobile industry's most distinctive series of new passenger cars.

Although the Bel Air Sport Sedan has been selected as the star of the special exhibit, Earl Alderson finds still another reason for showroom decorations and ceremonies. The fact that Chevrolet has only recently been able to build up a sufficient stock of display models, he said, gives the "Open House" a double meaning.

ORGANIZATIONAL MEETING FOR EXTENSION COURSE

Ruth Richerson has announced that an organizational meeting for the Extension course in Education from W.T.S. College will be held January 27th at 7 p.m. in the high school auditorium.

Those interested are urged to be present. At least 19 must enroll before the class will be started.

All persons interested in China Painting are asked to contact Miss Richerson immediately.

Ellis Hutto Dies In Accident At Rusk

Ellis Hutto, who had been a resident of this county a long number of years until a few months ago, was killed Sunday afternoon at Rusk, Texas when the wheels of a large truck rolled over his body, crushing him to death. It was understood that he was working with a crew moving heavy equipment when the accident occurred.

Mr. Hutto, 62, was a former employee of the Fort Worth & Denver Railway, having retired about a year ago. He and his family moved to Texas City a few months ago for his wife's health.

Full particulars regarding funeral arrangements could not be learned except that services and burial would be at Texas City.

Survivors include his wife, Goldie; nine children, Frank Alvin of Clarendon, Ellis, Jr., Billie Floyd, Zella Louise, Jerry Orville, Wilda Faye, Carolyn Sue, Gary Don and Jimmy David. Also a brother, Henry Hutto of Houston.

Comets Meet Sheppard AFB Here Saturday

The Clarendon Junior College Comets will meet the Sheppard Air Force Base team at the local gymnasium Saturday night beginning at 8 o'clock.

The Comets are winless for the season, dropping three games to the Wayland Flying Queens, one game to the Wayland Queen Bees and two games each to Iowa Wesleyan College and Nashville Business College. Coach Travis and the Comets are hopeful of getting into the win column against the Wichita Falls team Saturday night.

The Comets will probably start Myrlene Nichols, Janice Martin, Nancy Chalenor, Virginia Sellers, Gay Ivey and Melva Kelton. Other girls on the squad include Janie Brotherton, Traverne Gillham, Jean Sanders and Sharon Holt. Georgia Binford dropped out of school at the semester.

ANNUAL ACCOUNT OF CO. CLERK IN THIS ISSUE

The annual account of the County Clerk is being published in this issue of the Leader. If you wish to see how your tax dollars are being spent, turn to this financial statement and you can get an idea of where the money goes.

HOW BOUT THAT

DRAWN FOR THE LEADER BY RALPH TEE

Approximately 300 head of top barrows and lambs will be on display at the County Show Barn Thursday and Friday. Members of the Clarendon F.F.A. will exhibit 250 head of animals and the Hedley and Lelia Lake F.F.A. members will have the remainder on display. Almost 100 Donley County youths will have animals on display for the annual event.

Leon Gibbs, Tommy Morgan, Lucky Thompson, Jerry Hicks, Jerry Gray, James Kay, Lowell Hall, Tommy Messer, Jerry Allen, James Allen, Wayne Mann, Lynn Spier, Larry Hopkins, Dennis Bradshaw, James McAnear, Gene Elmore, Cloyce Karnes, Carl Talley, Butch Schollenbarger, John Morrow, Kenneth Housden, Sandy Skelton, W. N. Elam, Pete Durham, Milton Mann, Ronnie Tyra, Johnny Dickson, and Neel Carter will exhibit Hampshire barrows. The majority of the Hampshire barrows to be exhibited were bred by Red Hill, H. L. Riley, Steve Fedric, and Fred Bourland.

Don McAnear, Lucky Thompson, Ronnie Hall, Jerry Hicks, James Kay, Alfred McNabb, Neel Carter, Wayne Mann, Larry Hopkins, James McAnear, Don Hudgins, Bob Longan, Gary Longan, Howard and Carl Talley, Sammy Wells, Butch Schollenbarger, Kenneth Housden, W. N. Elam, Jimmy Johnson, Jerry Bones, Gene Taylor, Ronnie Tyra, Darrell Leffew, Kenneth Housden, and Lynn Barker will exhibit Berkshire barrows. Bob and Kenny Schull, Frank Hermsmyer, Lucky Thompson, Gwan Wilkinson, Jerry Gray, Gary Mahaffey, Lynn Spier, Butch Schollenbarger, Jerry Allen, John Morrow, Clifford Short, and Dwayne Phillips will exhibit Durocs. Rocky Carter, Herman Vinson, Sammy Jacobs, Gus Havers, Tommy Messer and Jerry Allen, Neel Carter, Milton Mann, Sammy Wells, Milton Mann, and Donnie Young will exhibit Spotted Poland Chinas.

Tommy Morgan, Bob and Johnny Longan, Ronnie Hall, James Kay, Lowell Hall, Cody McAnear, Tommy Messer, Jerry Allen, Neel Carter, Wayne Mann, Lynn Spier, Bill Spier, Larry Hopkins, Dennis Bradshaw, James McAnear, Gene Taylor, Jerry Bones, Carl Talley, Sammy Wells, Butch Schollenbarger, John Morrow, Sandy Skelton, W. N. Elam, Jimmy Johnson, Milton Mann, and Johnny Dickson will exhibit Poland China barrows. Henry Massingill, Eddie Tipton, Pete Durham, James Allen, Gus Havens, Jerry Gray, James Kay, Gary Mahaffey, Tommy Messer, James Kay, Sandy Skelton, Kenneth Housden, Jerry Bones, Gene Taylor, Cloyce Karnes, Gene Elmore, Ronnie Tyra, and Lynn Barker will have Yorkshire barrows on display. Rocky Carter, Herman Vinson, Eddie Tipton, James Allen, Pete Durham, Sammy Longan, Clarence Walker, Butch Schollenbarger, Jerry Allen, Tommy Messer, Kenneth Housden, Sandy Skelton, Clifford Short, Dwayne Phillips, Donnie Young, and Gus Havens will have Chester White barrows in the show.

The judging will start at 9 a.m. when Judge Eucl Liner of Lubbock will start placing the barrows. The judging is expected to take up a major portion of the day. Approximately 100 of the barrows will be taken to Amarillo and the remainder will be displayed at the Fort Worth Show on January 31st. The local county show will be by far the largest county swine show in the state this spring, and the advisers of the F.F.A. groups expect the animals to make a creditable showing at the major shows in the state.

Mrs. Doyce Graham

Mr. and Mrs. Maxie Hughes, enroute to Houston from Tacoma, Washington, where he has been in the Army, visited in the home of Mr. and Mrs. J. L. Bartlett last week.

Mrs. Reta Eddleman from Goodnight visited Mrs. Harold Graham Saturday.

Mr. and Mrs. George Gresham visited relatives at Childress Tuesday.

Visiting Mr. and Mrs. W. A. Poovey, still in Groom hospital, last week were John White, Mrs. Gracie Henson, Mrs. Burk DeBord, and Mrs. Millard Word.

Mr. and Mrs. Doyce Graham and Mike spent Sunday with Mr. and Mrs. Bill Mooring.

Mr. and Mrs. Homer Deaton of Amarillo visited Mr. and Mrs. John White and Mr. and Mrs. J. R. Allen Sunday.

Elmer Robison who lived in Las Vegas passed away Friday night. He was a cousin of S. G. Evans. Funeral services were conducted in Amarillo and burial was in Claude Cemetery.

Congratulations to Mr. and Mrs. Clifton Phillips on the arrival of their son, Mark.

Mr. and Mrs. Jack Lewis and children visited Mr. and Mrs. Leonard Lewis Saturday night.

Mr. and Mrs. J. L. Bartlett spent Sunday in Wellington with his parents, Mr. and Mrs. Orville Bartlett.

Mrs. Robert Partain, Mrs. Burk DeBord, and Mrs. Harold Graham shopped in Amarillo Friday.

Mr. and Mrs. James Smith of Lelia Lake visited Mr. and Mrs. Van Knox Tuesday.

Mr. and Mrs. Cosper of Lubbock have a baby daughter, cara Sue. She weighed 7 pounds, 14 ounces. Mrs. Ruby Jewel Hardin is the proud new auntie.

Wayne Grant and Mr. and Mrs. Charlie Whatley of Amarillo visited the weekend with Mr. and Mrs. Cloyde Hudson.

Mr. and Mrs. J. D. Hester of White Deer visited from Wednesday until Friday with Mr. and Mrs. Frank Mahaffey and Hugh.

Mr. and Mrs. David Lane visited in the J. B. Lane home Sunday and Monday.

Mr. and Mrs. Kenneth Turner and children came to the J. B. Lanes Sunday to return Joanna

and Karen Fay home after they had been visiting with the Turners at Masterson.

Joe Tom Lovell and his mother shopped in Amarillo Monday and visited Mr. and Mrs. W. A. Poovey in Groom Hospital on the way home.

LELIA LAKE SCHOOL NEWS

The Freshman Basketball Tournament was a lot of work, but there was much fun connected with it as well. It was very unusual in that one school won both championship titles; another both runner-up slots; while a third took the consolation award in both divisions. These were, respectively, Clarendon, Lelia Lake, and Wellington. The consolation finals were quite unusual in the girls' division in that Wellington had both teams. Their sophomore girls had been entered as a replacement team, but lost to the slightly younger freshmen for the trophy. Coach M. C. O'Dell handled both groups and seemed to get a big kick out of the set-up.

Scores in the girls' ranks were: Lelia Lake 39, Wellington Freshmen 34; Clarendon 34, Wellington Sophs 27; Lelia Lake 26, Quail 19; Clarendon 39, Hedley 35; Wellington Sophs 30, Canyon 19; Wellington Freshmen 23, Wellington Sophs 19; and the thrilling finale, Clarendon 38, Lelia Lake 37.

Boys' scores were Lelia Lake 46, Hedley 36; Clarendon 51, Wellington 35; Lelia Lake 38, Quail 30; Clarendon 46, Dodson 14; Wellington 43, Hedley 25; and Clarendon 46, Lelia Lake 36 in the grand finale of the evening.

Student Council President Wayne Chenault made the presentations of trophies. Mrs. Thad Carroll headed up the refreshment group, which made available delicious food during the meet.

There are new developments which must wait on time to report.

M. R. Matthis

The Illinois State Senate voted to eliminate its Committee on Efficiency and Economy for reasons of "efficiency and economy."

Interest Rate To Private Lenders Is Increased

Farmers Home Administration has increased its interest rate to private lenders under the insured farm loan program from 3 1/2 to 4 per cent.

Walter T. McKay, the Agency's State Director, advised that this change was made to encourage more lenders to advance funds for insured loans in order to meet the needs of qualified applicants throughout the nation.

The insured farm loan program encourages the use of private capital in place of direct Government loans. Through this program private lenders can advance funds to eligible farmers for the purchase of land, for building and land improvement, and for domestic and irrigation water systems. In addition to the 4 per cent paid the lender, the borrower pays the Government 1 per cent for insuring and servicing the loan.

Although the amortization period of the loan may be up to 40 years, depending on the purpose for which the loan was advanced, the lender, at his option, may have the note redeemed by the Government at any time after five years. The note, held by the lender, is negotiable and may be assigned to another investor at any time.

"The insured farm loan is an attractive investment for private lending institutions and individuals and has been well received in Texas," McKay stated. "In fact, 928 of our more recent real estate loans totalling \$8,926,000 were made from funds by private credit sources. We anticipate that raising the rate of interest to lenders to 4 per cent will result in a substantial increase in lender participation and thereby enable Farmers Home Administration to meet the credit needs of more farm families."

DISEASES COST COTTON FARMERS \$156 MILLION

College Station — Diseases took a \$156 million bite out of the 1958 Texas cotton crop, report 15 cotton specialists located throughout the state.

"Cotton diseases kept at least 930,000 bales of cotton from being marketed," said Harlan Smith, extension plant pathologist, who compiled the information for the Cotton Disease Council.

Besides the \$156 million cash loss to producers, there were losses of business to farm labor, railroads, trucking companies, suppliers, compress companies, storage facilities and other phases of the industry. Diseases also were a major factor in grade reduction and a limiting factor in yield.

This loss occurred even though 1958 growing conditions were generally good as record yields were harvested in many areas, Smith said.

If you think women never do anything on time, you've never gone shopping with them.

LELIA LAKE NEWS

Mrs. J. R. Batson

Mr. and Mrs. Lester Myers and boys and Mr. and Mrs. Billy Von Sanders and daughter, all of Amarillo, spent the weekend with Mr. and Mrs. Earl Myers and Glenn.

Mr. and Mrs. Nelson Seago spent several days in Amarillo last week with their daughter, Mrs. Sue Hill, who was ill.

Mrs. Marilyn Hill and Pam of Amarillo spent Friday night and Saturday with her parents, Mr.

and Mrs. Luther Butler. Mrs. A. T. Castner and Miss Sue Wesson spent Thursday night in Pampa visiting Mr. and Mrs. Kenneth Wesson and baby. The baby of Mr. and Mrs. Wesson is in the hospital.

Mrs. Will Walling is ill in the home of her daughter, Mrs. Charle Barnett of Hedley.

Mr. and Mrs. D. E. Leathers had business in Amarillo Thursday and visited Mr. Kinch Leathers, who was a patient in Northwest Hospital.

Mr. and Mrs. Gene Moore of Hamlin visited her parents, Mr. and Mrs. Nelson Seago Friday and Saturday.

Mr. Luther Butler attended a Shriner's meeting in Amarillo Thursday evening. Mrs. Butler visited her sister, Mrs. Carrie Ballew.

Mr. and Mrs. L. B. Chunn of Plainview, Mr. and Mrs. Winfred Chunn and children, and Robert Weiss, all of Amarillo, visited relatives here Sunday.

Sam King of Austin spent Friday night and Saturday here with relatives.

Mr. and Mrs. A. T. Castner and Miss Sue Wesson spent Sunday in Amarillo with Mr. and Mrs. Bobby Hill and children.

Sam King and H. R. King left Saturday to visit Mr. and Mrs.

H. R. King, Jr., and Steve of Tullia. Mr. King remained to spend the week.

Mr. and Mrs. Jim Barnett left Friday to spend the weekend with his relatives in Westminster.

Kinch Leathers, who underwent surgery in Amarillo last week, was able to return home Sunday.

The young daughter of Mr. and Mrs. Roy Holland is still in the hospital in Groom, but is better. Don Tomlinson and H. R. King returned Wednesday from a visit with relatives in Clarksville.

A man may fall many times—but he won't be a failure until he says somebody pushed him.

HEDLEY NEWS

Mabel Bridges

Last week your reporter was returning from Clarendon, upon reaching Lelia Lake I stopped at Pointer's Grocery. Those people are so friendly and greet you at front with a big smile that makes you feel welcome. In a short time Mr. and Mrs. E. M. Glass from Giles came in. We had coffee and pie from the lunch counter and done some old fashion visiting. Glass was unfortunate during the zero weather. His water barrel froze and burst. He was searching far and wide for a common everyday barrel. We always found a vinegar barrel in the grocery store but the modern day groceryman never saw a barrel of vinegar. If Mr. Balew did not feed dry buttermilk in barrels guess one could not have been found. Glass got two barrels, one for emergency. Something else I noticed at Pointers, they had some chairs in the store for the customers. They are almost as scarce in a grocery store as a barrel. The people who came in were friendly and seemed to be very happy.

This has all been said to "say" we are old fashion country folks. Why not do a few old fashioned things—such as taking time to visit those we meet. We might think more of each other. As I remember the Bible says "Love Thy Neighbor." The question comes "Who is my neighbor?" You answer that but I'd like for those fine folks at Pointer's Grocery to be my neighbor and I'm going to stop again soon.

WINS DOOR PRIZE

Ray Moreman attended a meeting of stockholders of Panhandle Associated Grocers at Amarillo Tuesday. Ray was well paid for going. He won the door prize which was a \$100 set of Encyclopedias. Nice work Ray.

Grandpa J. A. Sanders suffered a broken hip Monday afternoon when he fell on the steps at the telephone office. He was carried to Groom Hospital where he is resting well after surgery. This young man is 93 years young. He is the father of Sam Sanders. We wish him a speedy recovery.

HUDGINS NEWS

Mrs. Carl Barker

Mrs. D. T. Smallwood, Mrs. Bill Todd and Mrs. J. G. McAnear had business in Amarillo Saturday.

Mrs. Milt Mosley is able to be in town after several weeks illness.

Mr. Guy suffered a stroke Saturday afternoon at his home. He was carried to Clarendon Hospital.

Mr. and Mrs. Sidney Dodson of Muskogee, Oklahoma visited in the Pane Stewart home last week.

C. C. Cavender sold his farm north of town last week to Terry Thompson of Wellington. The Cavenders have no definite plans at the present. We hope these fine people don't move away from Hedley.

The Jack Stewart family moved to Goodnight last week.

Cecil Roberson sold his farm (the Chuck Davis place) to a party at Pampa last week. The Robersons plan to move back to Amarillo.

Doyle Messer judged the Hall County Swine Show held January 10 in Memphis.

Geary Alexander, Don Meadows and Tinsley Mullins accompanied him to the train for the livestock judging.

LIONS ROAR

The pre-mid winter conference banquet was held in Amarillo last Saturday night at the Old Tascosa Room in the Herring Hotel. The Cottonettes, Nancy Hinds, LoVetta Houdaskell, Mary Nan Woods, accompanied by Letha, Springer Lions Club Sweetheart, provided the entertainment for the evening. Also attending from Hedley were Mr. and Mrs. Aubrey and president, Carl Morris.

District FFA Sweetheart Mary Baker, the local FFA Sweetheart and candidate for District Sweetheart won the Greenbelt district contest held at the annual FFA banquet in Memphis Monday evening, January 12. Congratulations Mary, this is the first time Hedley has had the honor of having the district sweetheart.

Mr. and Mrs. C. T. Bates were in Amarillo Tuesday to see a doctor for a checkup.

Mr. and Mrs. Homer Haney of Borger spent Sunday afternoon with Mr. and Mrs. C. T. Williams.

Mr. and Mrs. Marshall Harp celebrated their 37th wedding anniversary Sunday visiting relatives in Amarillo.

Mr. and Mrs. C. T. Bates spent Sunday afternoon with Mr. and Mrs. W. O. Elliott.

Marriage Culminates Four-Year Romance

HQ. I CORPS (GROUP), KOREA.—A four-year romance, involving three overseas tours, culminated recently in marriage for Miss Kap Sook Cho, 21, of Uijongbu, Korea and Sergeant First Class Max R. Head, 29, son of Mr. and Mrs. E. D. Head, of Clarendon, Texas.

The couple first met in 1954, during Sgt. Head's first Korean tour. He has since returned twice. The ceremony took place in the Seoul City Hall with the wedding papers signed personally by the mayor of the city. Later, the couple were presented their wedding certificate by a representative of the American Embassy.

Sgt. Head entered the service initially with the Air Force, for a three year stint, in 1946. In 1949 he entered the Army and served at a number of U. S. posts.

He first served in Korea, in 1953-54, as a platoon sergeant with the 25th Infantry Division and as First Sergeant of the Student Company of the I Corps Non-Commissioned Officers Academy. He returned in 1955 and was again assigned as Student Company First Sergeant at the NCA Academy.

Sgt. Head returned to the U. S. in 1956 and, after a short time with the 24th Infantry Division, was again assigned to the NCO Academy. In March of 1958 he was reassigned to the 55th Military Police Company of the I U. S. Corps, the largest tactical corps in the Free World.

Sgt. and Mrs. Head are residing in Uijongbu. They will depart for the United States in the Spring.

The greatest ability is dependability.

GAMMA KAPPA MEETS IN WELLINGTON

The January meeting of the Gamma Kappa Chapter of the Delta Kappa Gamma Society for Women Teachers, was held in the Community Building in Wellington Saturday.

Miss Bonnie Willis, Hall County Supervisor of Schools, acted as program leader. Miss Willis presented Rev. J. F. Michael, a retired Methodist minister, who gave a very interesting and inspiring talk on "Teacher Welfare," with emphasis on the spiritual life of the teacher and the need for a good teacher to be a good Christian. Many problems can be solved or lessened by a prayerful, Christian attitude.

Following the program refreshments of cake, coffee and mints were served from a lace covered table while the group chatted informally with Rev. and Mrs. Michael.

During the business meeting Mrs. Velma Weaver presented to the chapter a beautiful hand-tooled, leather covered scrapbook that she had made. The scrapbook will be on display at the state meeting in Galveston this spring.

Members from Memphis, Clarendon, Turkey and Wellington attended the meeting. Childress members were unable to attend.

Mesdames Charlotte Word, Velma Weaver, Hazel Brandon, Lucile Naylor and Misses Inez Blankenship, Gladys Burnham and Edgar Mae Mongole were present from Clarendon.

Sgt. and Mrs. Bobby Holland announced the arrival of a daughter, Kim Michelle, weighing 5 pounds, 15 ounces, January 14. Proud grandparents are Mr. and Mrs. C. W. Martih of Clarendon and Mr. and Mrs. George Gabbard of Hereford.

1926 BOOK CLUB

Mrs. Frank White, Jr., and Miss Inez Blankenship were hostesses to the Book Club Tuesday, January 20 at 4 p.m. in the Patching Club House.

As the guests arrived they were served frosted Cokes, crackers with a cheese dip, nuts and mints.

Mrs. John Gillham presided. Mrs. Loyd Johnson led the group in the reading of the club collect. Mrs. Bill Poole was voted into membership in the club.

Mrs. Elbe Ballew gave a splendid review of A Very Far Country written by Mrs. E. M. Almeuegin. The story is a biography of her grandmother, Ellen Southie, a penniless English girl who married a Russian aristocrat. The story was obtained by talking to many relatives, from the grandmother who lived to be past 90, and from the grandmother's Bible. Intimate family details were written on the margin of the leaves.

Guests for the review were Mesdames George Benson and Heckle stark.

Other than the hostess, members present were Mesdames Homer Bones, Clyde Hudson, Bill Thornberry, J. R. Brandon, A. J. Garland, W. M. Crain, Bill Ray, Frank Phelan, Jr., Elba Ballew, John Gillham, and Otis Naylor.

UNITED PRESBYTERIAN WOMEN MET JAN. 14TH

The Association of the U.P.W. met Wednesday, January 14th in the home of Mrs. Alfred McMurtury, with Mrs. Kelly Chamberlain as co-hostess.

Miss Mabel Mongole, president, called the meeting to order, and gave a short devotional followed by prayer.

Following the business session, Mrs. Thad Rodgers gave the program, "The Church in Our Day," with the help of Mrs. Berkeley SoRelle, Mrs. Floyd Lumpkin and Mrs. Lee Bell. Mrs. SoRelle, Mrs. Millard Word and Mrs. J. H. Houze also took part in this, the opening program of the year.

The meeting closed with the singing of the hymn, "The Church's One Foundation." Refreshments were served to 17 members.

SR. H.D. CLUB MEETS

The senior Home Demonstration Club was entertained Friday afternoon, January 16, in the home of Mrs. Lena Antrobus. Mrs. O. C. Watson was co-hostess.

The secretary's report was heard and a lengthy business session was held. Roll call was answered with a current event and a round table discussion followed. Plans for the year's work were discussed.

Refreshments of fruit cake topped with whipped cream, tea and coffee were served by Mrs. Antrobus and Mrs. Watson to one guest, Mrs. Carl Barker, and to members Mesdames Bennie Crabtree, Claude Darden, J. H. Helton, Clyde Butler, R. C. Bingham, W. L. Jordan, Bertha Benson, Will Kennedy, G. L. Green, C. H. Darling, William Payne, and Virgil Poole.

The next meeting will be with Mrs. William Payne, Mrs. C. H. Darling ho-hostesses.

Reporter

MYSTIC WEAVERS CLUB MET LAST WEDNESDAY

The Mystic Weavers Club of Lelia Lake met January 14 in the home of Mrs. Quinn Aten with Mrs. Larry Molane hostess. Two quilts were finished. Nine members and two visitors, Mrs. Sam Roberts and Miss Della Brock were present.

This being the regular day for election of officers the following were elected: Mrs. D. M. Cook, president; Mrs. Glenn Williams, vice president; Mrs. Guy Cox, secretary and treasurer. The next meeting will be with Mrs. Glenn Williams January 28. This will be a covered dish lunch instead of sack lunch.

GOLDSTON QUILTING CLUB MET THURSDAY

The Goldston Quilting Club met Thursday, January 15th with Adgar Williams as hostess.

Cookies and cold drinks were served to the following members: Carrie Morgan, Blanche Gray, Ola McBrayer, Carolyn Davis and children and Nora Smith.

Reporter

Mr. and Mrs. G. C. Heath visited last week with their daughter and family, Mr. and Mrs. Frank Tyler and children, at Lubbock.

BRIDAL SHOWER

Mrs. William Patton Bailey, the former Glenda Wilson, was honoree at a miscellaneous shower in the home of Miss Lee Ellen Bell Friday afternoon, January 16. Co-hostesses were Misses Bell, Janie Smith, Judy Thompson, Jackie McClellan, Donna Estlack, Gayle Bones, Connie McMurtury, and Mrs. Shirley Wilson.

The refreshment table was attractively laid with the bride's chosen colors of white and yellow. Covered with white linen drawn-down cloth, the table was centered with an arrangement of white carnations shaded by a miniature yellow umbrella. Appetizers were crystal. Punch and cookies were served. The honoree received many lovely and useful gifts.

CELEBRATES BIRTHDAY

Mrs. T. F. Connally was pleasantly surprised when members of the Win One Sunday School class of the Methodist Church visited her Monday afternoon, January 19, to wish her a "happy birthday." Mrs. Connally who is a member of the class was celebrating her eighty-sixth birthday.

The class presented her a lovely potted plant and sang "Happy Birthday." Those helping her celebrate were Mesdames William Payne, C. C. Powell, A. G. Lane, J. R. Bartlett, Eva Rhode, Mae Cook, John Goldston, Walter Taylor, Bertha Benson, Cecil Cross, and W. M. Pickering.

Words can't express our appreciation to all our friends who visited and helped in the home, who helped render the beautiful music, songs and message. Your prayers and love expressed made our sorrow lighter in the passing of our darling mother. We can only say "thanks" and God's blessing on all.

The families of Mrs. J. H. Duckett.

Local Student Heads Dean's Honor Roll For Semester

A graduate of Clarendon High School, Walton Crain, whose parents live at Goodnight, has topped the list on the Dean's honor roll for the first semester of this year by scoring 3.0 or a straight A average in all of his subjects. 3.0 is the highest grade average attainable under the regulations governing the point system used by the Dean. The College Catalog stipulates that a student will be placed on the honor roll if and when his grade averages are 2.6 or above.

David Boliver of Hedley, the Hedley High Schools 1958 valedictorian, received the highest grade point average in the freshman class at the college for his first semesters work.

Other students in the freshman class, all male, who were placed on the Dean's honor roll were: Clifford Beard, Clarendon; Ronald Cummings, Quail; Lyndon Crelia, Wellington; Coy D. Kindricks, Samnorwood; and H. D. Yarbrough, Claude.

The sophomore students who have had a year in advance to adjust to the routine and study habits at college, have profited from the experience and thirteen of the 56 sophomores attained the elusive 2.6 grade average or above. Led by Walton Crain, Goodnight, the following sophomores were listed by the dean: Jimmy Carter, Clarendon; Nancy Challenor, Plano; Evelyn Chamberlain, Clarendon; Edna Beth Finch, Clarendon; Doyce Graham, Clarendon; Bynum Hightower, Dodson; Myrlene Nichols, Morton, Bula High School, Lue Ella Tipton, Hedley; Juanita White, Quail; and Loyd Stephens, Ron High School of Oklahoma.

Sgt. Bobby Holland is on leave to visit his wife, Donna, and see their new daughter born January 14. Mrs. Holland is staying in Hereford with her parents, Mr. and Mrs. George Gabbard. Sgt. Holland is stationed in North Carolina with the 32nd Airborne Division. He has a 20 day leave.

JUNIOR CLASS PLANS VOLLEY BALL TOURNAY

The Junior Class of the local high school met Tuesday of this week at which time they made advance plans for a volley ball tournament here for the weekend of March 9-11. Particulars regarding the tournament will be released at a later date.

C. MEARS RECOMMENDED FOR SERVICE HERE

Curtis Mears, Donley County Service Officer, has received a commission for his services from Charles L. Morris, director of Veterans Affairs Commission in Austin.

Due directly to Mr. Mears efforts, more than \$41,700 in federal funds were distributed to veterans and their dependents in Donley County during the past 12 months. This was in addition to the benefits of hospital care, outpatient treatment and the counsel and assistance which Mr. Mears has extended.

HOSPITAL NOTES

Patients as of Wednesday, January 21st—Mrs. C. A. Roehr, Mrs. Pearl Masten, Mrs. Cordia Thompson, W. A. Guy, Mrs. Mattie Allen, Richard Dickson and Mrs. Lois Richardson.

Dismissals—Mrs. Clifton Phillips and baby boy Clifton Mark and A. E. Wiede.

Mr. and Mrs. J. L. McMurtury left Monday morning for Mineral Wells and after two weeks there will go to Hot Springs, Arkansas, where they will spend the remainder of the winter.

Mr. and Mrs. Don Barker of Amarillo visited her parents, Mr. and Mrs. W. C. Scott Sunday.

1959 Will Be Harvest Year For Cattlemen

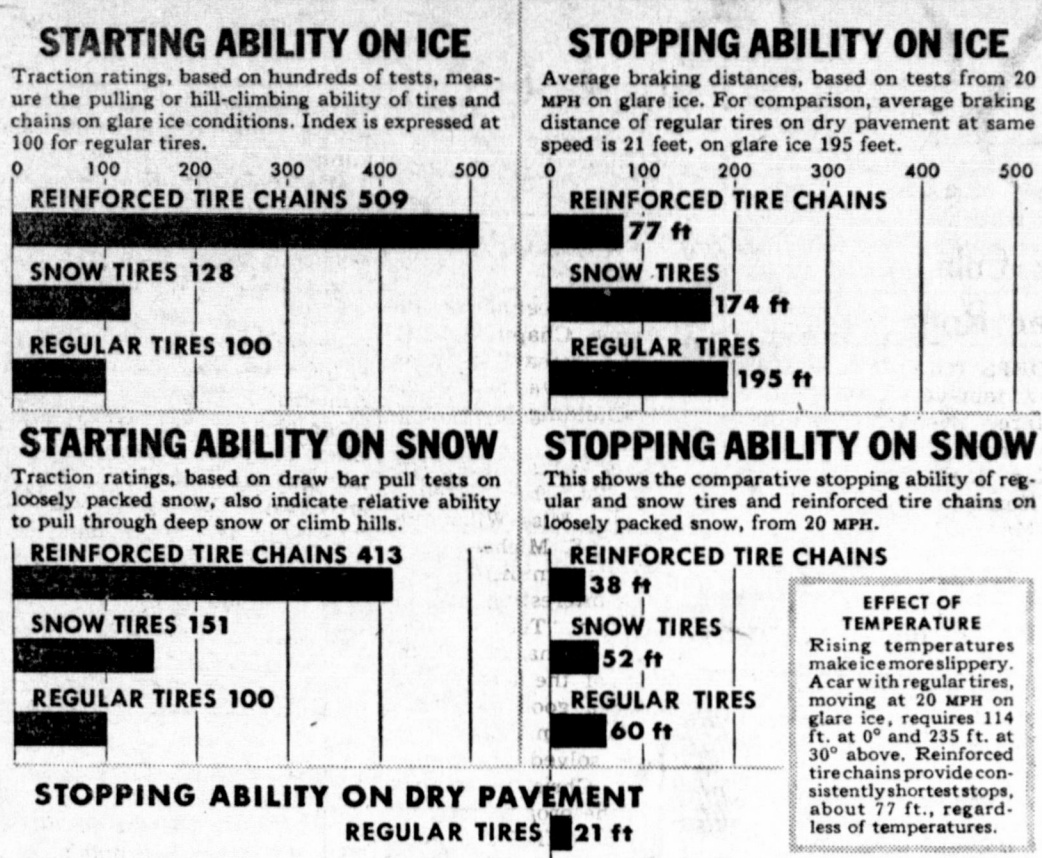

"Beef Week in Texas" is scheduled as the annual climax of the Texas Beef Council's year-long educational activities. But this year, Beef Week marks the beginning of a harvest year for Texas cattlemen—the year they have been "planning ahead" for. Texas is emerging from a seven-year period of drouth which reached desperate proportions in many sections of the state. During these years the number of Texas cattle owners were reduced, but the "real" cattlemen didn't quit. They worked harder. With little water and no grass, they were forced to reduce the size of their herds—but they kept their best breeding stock. And while they were using even cactus for feed, they were planting drouth-resistant grasses and digging stock tanks, preparing for rains that finally came. Cattlemen have been fighting on two fronts—against the drouth and toward stability which could break the "boom or bust" cycles which characterized the cattle industry for the past hundred years.

The Texas Beef Council is a key part of this effort—by stabilizing the demand for beef the industry hopes to stabilize the price of its product. Cattlemen are justifiably proud that the retail price of beef is now relatively lower than it was in 1920 compared to purchasing power, and to other food products. They are producing more and better beef than they did

SAFE WINTER DRIVING FACTS

STARTING ABILITY ON SNOW
 Traction ratings, based on draw bar pull tests on loosely packed snow, also indicate relative ability to pull through deep snow or climb hills.

STOPPING ABILITY ON SNOW
 This shows the comparative stopping ability of regular and snow tires and reinforced tire chains on loosely packed snow, from 20 MPH.

STOPPING ABILITY ON DRY PAVEMENT
REGULAR TIRES 21 ft

These National Safety Council charts illustrate test results by its Committee on Winter Driving Hazards. Braking distances do not allow for "reaction time," which averages 1/4 of a second needed to get foot on brake and which adds another 22 feet to stopping ability figures shown above.

New booklet, entitled "How To Be a Better Winter Driver," is available free by writing National Safety Council, Chicago 11, Illinois.

PAINFUL PROGRESS

The Texas Safety Association reports that in 1930, about the time the automobile age really began to roll, two out of five traffic accident fatalities were pedestrians. Now, it is only about one out of five.

In other words, in 25 years pedestrian deaths have dropped from about 40 per cent of our national traffic toll to a little over 20 per cent. That would suggest we are making progress in pedestrian protection, as undoubtedly we are. Ceaseless education, better street lighting, walk-wait traffic lights—these are some of the things that have brought improvement. Gains have been made despite the fact that the proportion of drivers in our total population is much greater than it was 25 years ago.

Despite such favorable influences, 8,400 pedestrians died on streets and highways last year. Progress is low and painful—to the pedestrian often very painful. Texas Safety Association figures show that pedestrian traffic victims are most often persons who have never driven a car, and consequently have less understanding of distance, speed, lighting, stopping ability—the limitations of the man behind the wheel.

We need to push every physical protection for the pedestrian—lighting, street and signal engineering, overpass and tunnels. We need firm and fair enforcement of regulations applying to both motorists and those on foot. But most of all we need to teach both the common sense of sharing the earth and the paths man has built across it. The horn-honking and fist-shaking conflict one observes on almost any street corner is senseless.

The motorist has a great obligation imposed not only by law but by the sobering realization that his steel armor will always win over yielding flesh. The pedestrian must surrender some of his heritage of walking where and as he chooses. The man on foot and the man on wheels must learn to live together in a spirit of courtesy and fair play.

About 10,500 meals a day will be served the crew of 3,500, aboard the Navy's newest 60,000 ton giant aircraft USS Independence.

Get your brain turning over before you turn over your car.

Mrs. Fred Russell who suffered a heart attack the first of last week, is reported improving as well as can be expected at this time. She is a patient at North-west Texas Hospital in Amarillo. Her room number is 239 but no visiting is allowed at this time. Her many friends wish her a speedy recovery.

Mr. and Mrs. William Payne and Lynn visited with her sister, Mrs. M. E. Counterman Sunday. Mrs. Counterman whose home is in Happy is a patient in an Amarillo hospital.

Mrs. C. W. Martin received word the first of the week that her sister, Mrs. J. G. Davis, was seriously ill in a Mangum, Oklahoma hospital following a heart attack Saturday night.

Cash Award Awaiting Some Outstanding Farmer

Somewhere in Texas today lives a hard working farmer or ranchman who is the object of a search which will bring honor to his name and wealth to his estate.

Launched this week by Texas Research Foundation through five regional committees, the search will comb the state's cattle spreads and farms for the man most deserving of the 1959 Hoblitzelle Award for the Advancement of Texas Rural Life.

After this unknown benefactor of rural life has been found he will receive \$5,000 cash and a gold medallion, the substance of the Award, in an appropriate ceremony at Renner, Texas during the Foundation's Annual Field Day and Awards Dinner on May 20, 1959.

"The award will go to the farmer or ranchman who has made the most notable contribution to Texas agriculture during the 4-year period from January 1, 1955, through December 31, 1958," Dr. C. L. Lundell, director of the foundation, explained.

"The purpose of the award is to encourage and to give suitable recognition and financial reward to the recipient for his personal accomplishment in the field of rural life improvement."

Fred M. Shaw, secretary for the award, said that the five regional committees has been named to receive and to nominate candidates for the award. The five committees cover the state.

In the Panhandle-Plains area he named Dr. Gerald W. Thomas, Dean of Agriculture,

Texas Technological College of Lubbock as chairman. Other members of this committee are: Mr. Sid Payne, State Soil Conservation Board, Tullia; Mr. Frank Moore, Plainview; and Mr. Guy W. Nutt, Area Conservation Service, Amarillo.

"Anyone who wishes may nominate a farmer or ranchman by sending the nomination to the chairman or a member of the regional committee not later than March 1, 1959," Mr. Shaw advised.

"The nomination should be accompanied by a full description of the nominee's achievement, together with any printed data which support the nomination."

Nominations may be made by individuals, groups or agencies; and the nominee may live either within or outside the region in which he is nominated, Mr. Shaw added.

Regional committees are requested to give equal consideration to all farmers and ranchmen operating in Texas, irrespective of creed, color or nationality.

The award and one other—the Hoblitzelle National Award in the Agricultural Sciences—were established in 1950 by Karl Hoblitzelle, Texas philanthropist and theater owner, to recognize outstanding contributions to agriculture and to the sciences which serve agriculture. Texas Research Foundation administers both awards.

Eight Texas awards totaling \$40,000 have been made since 1951.

There are 51 counties in this region including Doney County.

The Navy's newest heavy weight, the aircraft carrier USS Independence, contains more than 1,500 compartments and has more than 2,300 telephones.

INCLUDE RECORDS IN NEW YEAR RESOLUTIONS

College Station—A special effort is being made during January to encourage dairy farmers to consider how record keeping may benefit their operations, says J. W. Davis, extension dairy husbandman.

Davis points out that keeping pace with the times and meeting the competition of modern dairying requires many important management decisions. These decisions must be geared toward better quality and improved production efficiency and there is room for few mistakes.

A dairyman's best tool for eliminating mistakes is to base his decisions on factual information gained through production testing and record keeping, the husbandman says. The National Co-operative Dairy Herd Improvement Program has three record keeping plans—Standard DHIA, owner-sampler and weight-a-day-month.

Under the standard DHIA plan a DHIA supervisor visits the farm one day a month to weigh and sample milk from each cow. He may also weigh grain and roughage fed. The supervisor calculates production and feed records for cows and herds and enters them in the herd record book.

Under the owner-sampler system the DHIA supervisor leaves sample bottles and a record sheet at the farm one day a month. On the evening of that day and the next morning the owner weighs the milk yield of each cow and records the weight on his record sheet. He takes a sample of each cow's milk for butterfat testing. He may also record the amount of feed used. The next day the samples are tested and the records are calculated by the supervisor and entered in the herd record book, same as DHIA.

Under the WADAM plan the dairyman weighs each cow's morning and evening milk one day a month. He records the weights on forms supplied him and mails these to a central office where records are calculated.

Costs are about 40, 20 and 5 cents per cow per month, respectively. Davis says one can be made to fit any operation. County agents will help.

CHOW CALL—First Cavalry Division soldiers on a field exercise in Korea get an assist from helicopters as well as trucks when it comes to moving supplies to the front. Here an Army "chopper" disgorges rations slated for speedy movement by truck to forward units.

NEW DRAMATIC SERIES ON KGNC-TV

One of the brightest new series of dramatic programs you'll see on television in 1959 starts in January on KGNV-TV.

The program is called Play of the Week.

This new series should answer critics who have been complaining about television's concentration on westerns, quizzes, situation comedies and like frothy fare.

It features works of such past masters as Stephen Vincent Benet, and present day authors like John Hersey.

Lorraine Day, Bert Lahr, Kim Hunter and Keenan Wynn are among the stars of the bright new series.

And the new Play of the Week sustains its quality in that important creative area—direction. It features some of entertainment's best directors including Richard Whorf of Gunsmoke

fame; Robert Stevens, winner of the 1958 Emmy Award for his direction of Alfred Hitchcock's The Glass Eye; and John Newland of Robert Montgomery Presents and The Loretta Young Show.

Play of the Week, filmed in the U.S. and abroad, will be shown over 22 TV stations in Texas and New Mexico. It is the highest budgeted program ever offered to local or regional advertisers. Kern Tips will be host on the program.

The first Play of the Week was seen January 4 on KGNC-TV at 5:00 p.m.

NEW BULLETIN DISCUSSES PRICKLYPEAR

College Station — Pricklypear—good or bad?

This is a question in the minds of many ranchmen who often ask if pricklypear should be controlled or kept as an emergency feed reserve.

For over a century pricklypear has been used for livestock feed. On Texas rangelands it usually is considered an undesirable plant but does have some economic value as supplemental forage for cattle and sheep during winter and drought periods.

Frequently, ranchmen burn pricklypear for a supplemental roughage for cattle during winter. Burning consists of singeing pricklypear spines with a hot flame from butane or oil pear burners. Pear burners are constructed and operate much like a blowlamp. The spines should be burned enough that they cannot be felt when the pad is touched. If pricklypear is burned excessively livestock refuse to eat it, but they eat it readily when it is burned properly.

The Texas Agricultural Extension Service has published a bulletin entitled "Pricklypear—Good or Bad." The bulletin contains discussions of pricklypear's

forage value and its advantages and disadvantages as a range plant. It also has sections devoted to control measures and what management follows control.

This publication, B-806, is available free of charge from local county agents or the Agricultural Information Office, College Station, Texas.

STAGE BEING SET FOR LOWER BEEF PRICES

College Station—It appears that beef prices in 1959 may not be greatly different from those of 1958, though the average price in 1959 could be a little lower, predicts John G. McHaney, extension economist.

However, he adds, increases in cattle inventory are setting the stage for a price decline some time in the next few years. Any increase in cattle numbers sets the stage for a future price decline and one is very probable in some early year after 1959. But if the rate of expansion can be kept within bounds the drop will not be too severe.

McHaney says the average price received for slaughter cattle in 1959 may be slightly below that of 1958 and profits from feeding cattle may average less than in 1958 when returns were the largest of recent years.

The great price strength in 1959 will be in feeder and breeding stock, just as in 1958, the economist points out. The bumper 1958 feed harvest, the second in consecutive years, should keep the demand for feeders at a high level. The strong demand for young cattle, both for feeding and herd expansion, also will help keep the price of feeder and breeding cattle relative to slaughter and fed cattle.

Consumers will have more meat to eat in 1959 than in 1958, McHaney says. It has been estimated that about six per cent more red meat will be produced in 1959. Most of the increase will be in pork and a sizeable increase in pork supplies will tend to hold down cattle prices.

Higher grade beef from fed cattle will remain fairly abundant but lower grades will continue scarce. The price spread between grades will continue to be unusually narrow as cattle feeders bid for the lighter, unfinished animals.

even in two games with the Canadian teams. Canadian won the girls' game 52 to 47 but Clarendon came back and won the boys' game 64 to 47.

Miss Joan Bennett, senior forward and leading scorer for the Bronchoets this season, kept her team in the running all the way as she scored 39 points, 25 of them coming in the last half. This was her season's high and she did it on ten field goals and 19 of 25 free throw attempts. Charlene White also made eight points for Clarendon and Pat Riley was high for Canadian with 28. Clarendon was ahead 7 to 6 at the first quarter but Canadian took a 21 to 14 lead at the half and held on to a 39 to 35 lead at the third quarter.

The boys had little trouble with the Wildcats as they took a 16 to 12 first quarter lead and increased it to 29 to 18 at the half and 44 to 27, at the third quarter. John Morrow was high point man for the Bronchos with 18 points followed by W. N. Elam with 14 and Kenneth Housden with 13. Jimmy Johnson also made nine points with Melvin Housden and Wayne Mann making five each. Kenneth Clapper was high for the game with 21 points for Canadian. The Bronchos were again without the services of one of their regulars, Keith Schollenbarger, who is recovering from an attack of the flu.

GET RESULTS LEADER CLASSIFIEDS

Freshmen Teams Take Lelia Lake Tourney

The Clarendon Freshmen boys and girls basketball teams took the Lelia Lake Tournament last weekend. The boys defeated Wellington 51 to 35, Dodson 48 to 14 and Lelia Lake 44 to 36. The girls won over Wellington 34 to 27, Hedley 39 to 35 and Lelia Lake 38 to 37.

The boys had fairly easy sledding all the way. In the Wellington game James Allen was high point man with 16 points with Donnie Young making 15. In the Dodson game, Dwight McNear was high with 16 with Allen making 14 and Young 11 and in the Lelia Lake game Allen was again high with 19 points followed by Young with 15.

The girls had more competition but still came out on the long end of the score in each game. In the Wellington game Peggy Jackson and Sharon Williams made 10 points each to lead the scoring. In the Hedley game Charlene White made 26 and in the final game with Lelia Lake Miss White was again high scorer with 17 points. The Lelia Lake game was a thriller all the way with Lelia Lake taking a 17 to 11 first quarter lead. However the local girls came back the second quarter and tied the score at 25-all at the half and forged ahead 36 to 31 at the third quarter.

Leader—Local rate, \$3.00 a year

FARM NEWS

from the County ASC Committee

COTTON FARM OPERATORS CHOOSE ALLOTMENTS AFTER PRICE SUPPORT ANNOUNCED

Operators of upland cotton farms will have until March 15, 1959, to choose between the Choice (A) and Choice (B) allotments and price supports for their farms. Mr. Cooke, Chairman, Donley County ASC Committee said recently. That is the final date for registering the operator's choice at the county ASC office.

The Chairman emphasized, however, that no election of such a choice can be filed until after the farm operator receives a notice of the price support levels applicable to the 1959 upland cotton crop under the (A) and (B) allotments. That will be soon after the Secretary of Agriculture announces the national price support levels for the 1959 upland cotton crop about the end of January.

Every cotton farm operator, therefore, should be on the lookout for a notice from his county ASC office early in February, informing him of the price support level available for cotton produced on Choice (A) and Choice (B) allotment farms and stating the deadline for filing the operator's choice in writing at the

county office. The notice form will have a space where the operator can write his choice of either (A) or (B).

If the farm operator elects the Choice (A) farm allotment and complies with it, his 1959 upland cotton crop will be eligible for price support at not less than 80 per cent of parity. If he elects and complies with the Choice (B) allotment—which is 40 per cent larger than Choice (A)—his crop will be eligible for support at a level which is 15 per cent of parity less than under Choice (A). The operator must elect the same choice for all farms which he operates.

In accordance with legislation enacted last summer, farmers will have this opportunity to choose between the (A) and (B) farm allotments, since marketing quotas will be in effect for the 1959 upland cotton crop. In the December 15 referendum on quotas for upland cotton, farmers voting approved the quotas by more than 92 per cent.

Bulldogs Defeat Lubbock Christian

The CJC Bulldogs took their second West Zone Conference victory at the local gymnasium last Saturday night with a 68 to 59 win over the Lubbock Christian College Pioneers.

The Lubbock team, playing their first year in the West Zone Junior College Conference, came up with more strength than expected and gave the Bulldogs a good battle. The Bulldogs took an early lead and were never behind although the score was close all the way. The Lubbock team came within three points of the Bulldogs with three minutes left on the clock, but the home boys pulled away for the nine point victory.

Loyd Stephens and Bub Eldridge led the Bulldog scoring with 17 points each with Alva Carter making 15. Jay Sherrod of the Pioneers was high for the game with 23 points. The Bulldogs held a 32 to 29 lead at the half.

The USS Independence, most powerful vessel ever built for the U. S. Navy, will be commissioned Jan. 10.

CJC Adult Education Program Enrolls New Students

Enrollment for the night classes of the CJC Adult Education program for the second semester began Monday evening. Dean Abel reports encouragement by the enrolling of several new students who were not on the class rolls during the first semester.

New students enrolling early this week were: Mrs. Alfred Estlack, Mrs. Vergie Johnson, Clarendon; Bernard Adamson, Hedley. Others have called in to say that they would be present for classes beginning next Monday.

The Dean, who is also director of the Adult Education Program, stated that three classes and probably a fourth still had openings for additional enrollments to materialize the class and insure their second semester instruction. The classes are: Accounting 114 which was offered first semester, and certainly was a favorite of those who were enrolled in it; Government 113, State and Federal Constitutions and government, began their second semester classes Tuesday night at 7:00 p.m. and have openings for additional enrollments. The Business Law class will enroll next Monday night January 26, and has the most interesting part of the year's course ahead of it. Legal problems which are common to most of the citizens of the area, real estate, wills, installment sales, etc., are included in the spring semester. Miss Ruth Richerson, instructor in Art 223, Creative Hobbies taught one of the most enthusiastic groups and a highly practical course, using a number of resource people as well as the students themselves, to get full value out of the course. Miss Richerson has announced openings in her class for the second semester.

Dean Abel has said that every person in this area who has not developed a hobby, or who teaches primary or intermediate Sunday School classes, or works with vacation Bible schools can hoard up a wealth of practical ideas for motivation of their work and putting zip and pleasure into their teaching. He highly

ly recommends the course for personal and practical benefits to any person in the area.

Other courses, tentatively scheduled are: Grammar, Psychology, American History, Shorthand, and Business Mathematics.

7-Step Cotton Program Aids Texas Cotton Industry

College Station — Texas cotton producers saved an estimated \$50,000,000 in labor costs by harvesting approximately 2,000,000 bales by mechanical means during 1958. Too, reports Fred C. Elliott, extension cotton specialist, they saved another \$14 million plus through the use of machines and chemicals for controlling grass and weeds in their cotton fields.

While these savings were being made, Elliott adds, they also set an all-time high of 387 pounds of lint an acre. The specialist credits the 7-Step Cotton Program, initiated 13 years ago by the Texas Agricultural Extension Service, as a major factor in the progress made by the producers of the State's most important crop.

The program, says Elliott, brought together on the county and state basis committees representing every segment of the cotton industry and all have worked to improve their industry. Since 1946 the average lint yield per harvested acre has been increased from 134 pounds to the 1958 record yield of 387 pounds.

Last year, county agents in 204 Texas counties assisted producers with various phases of the 7-step program. Elliott says that special emphasis was placed on the use of cotton burs for soil improvement and also to reduce gin fire hazards. Burs were spread, he says on 9,735 farms in 129 counties. A few years ago most of the burs were burned as waste.

Elliott gives full credit to the 7-Step Cotton Committees and the county agricultural agents for the achievement record made under the program. The economy of the entire state has materially profited from the results of this cooperative effort, Elliott said.

PLOWIN' Out the CORNERS by Uncle Zeb

Leon Hill tells the story about the fellow who wanted to miss the Sunday service so he took his plow and went way over on the back side of the place to plow so no one would see. "Don't you know," said the wife, "that the Lord can see you over there too."

"Yeah," said the hubby, "but he aint as nosey as most of my neighbors around here."

Since the first we have been wrestling with our income tax along with most everyone else.

Someone remarked "I've just about had it. In fact, I feel like the monkey that had been wrestling with the wild cat. Ain't it just about the truth? Course I'm glad we live in a country where you can have some left to pay with. At least most of the time we do anyway."

Our children have been after us lately to have a picture made showing how wife and I look up to the present time. The one they have was taken several years ago. My, I hate to do it. Do any of you know a real good photographer? One that will do us mercy not justice. Guess we will have to give over to the idea one of these days.

We heard the other day that an expert was a fellow who is 50 miles from home. Might ought to be 500 in this atomic age... Some folks will pick the other fellow's goose as clean as a whistle just in order to feather

their own nest... A good friend, Mrs. Tom Ivey from way down Oklahoma City way, sends us the following saying: "Help a fellow in trouble and he will remember you, at least the next time that he gets in trouble."

Heard a fellow express prayer this way: "There is a strong hand reaching down for every weak hand that is reaching up."

Another expression along the same line goes something like this: "When He came to me I was looking down, when He left me I was looking up."

How Much Is A Dollar? The last time we heard an expert on money matters express himself it was worth 48 cents. Its a funny thing about money, we can never understand anything about it... Can't keep it, can't remember where it went, and don't rightly know what it is... Anyway, it is something which we use for exchange instead of carrying the things we don't want around until we find a fellow with the correct amount of what we want. Money is mostly confidence. If we have faith we just keep on trading our money or stashing it away. If we were to suddenly to lose faith and try to exchange it all for something we would just as suddenly have a real problem. You

can think about money for days, and it stills a mystery.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

STATE OF THE UNION MESSAGE

President Eisenhower's State of the Union message to the 86th Congress on January 9 was vastly similar to his last two State of the Union messages. He began it by blasting Communism, which met with the approval of almost everyone present except the representatives of Russian and her satellites. He then proceeded to use the Communist threat as justification for the tremendous expenditures of this government. This was, of course, acknowledged by most of those listening, although many will differ with him as to the methods employed in expending tax money for defense purposes. There is a definite feeling on the part of many members of Congress that there is a tremendous waste in military expenditures that should be corrected at this session of Congress. The Administration will find it necessary to justify military expenditures on an economic as well as a defense basis. The general proposition that the military is an untouchable holy cow will not be recognized. It can be expected that many questions will be asked with regard to the cost of weapons. The Congress will not be satisfied with the simple statement that an atomic submarine costs \$50 million and some cost three times that much, nor that certain bombers cost their weight in gold, nor that the cost of a missile on the firing range is \$35 million. What Congress wants to know is WHY.

They will expect to be furnished with information as to who is collecting the prices for these weapons and whether or not the taxpayers are getting skinned in the process.

The President stated that the armed forces, the Atomic Energy Commission, and military assistance would require \$47 billion in 1960. This would mean that all of the other government activities would have \$30 billion. When you subtract from this \$30 billion the interest that must be paid on the public debt in the amount of \$8 billion, it leaves the sum of \$22 billion for all activities of the United States of America outside of the defense expenditures. That is, all government activities and programs require an expenditure of less than one-half of the amount required for the military and associated fields. This is one of the main reasons that many members of Congress are looking to the expenditures in the military programs in an effort to cut out waste and provide possible reductions.

The President proceeded to outline his desire for the setting up of goals to be achieved in the future to meet the growing needs and demands of this nation. He proposed for this work "a group of selfless and devoted individuals." This is certainly an ideal with which everyone would agree, but the great difficulty throughout history has been to find that group of selfless and devoted individuals. If this could be achieved it would go a long way toward the abolition of greed, one of the greatest enemies of mankind. Let us all hope that he is eminently successful in his search for this "selfless and devoted" group. However, I do think that before a great deal of the taxpayers' money is spent on another bureau, agency, committee, or whatever you want to call it, the people should have definite proof that those comprising the organization are purely "selfless and devoted individuals." We presently have entirely too many federal boards, bureaus, and agencies of all kinds that aren't entirely controlled by "selfless and devoted individuals."

There are many other items mentioned in the President's message, but space will not permit me to touch on each of them. However, there was one incident that merits special mention. It was the only time the President

CAR INSURANCE PRICES—Texans are paying \$25 million a year too much for their automobile insurance, it is contended by proponents of a flexible law. Texas is the only state with laws prohibiting price competition in the auto insurance field. A flexible rate law would open this field to competition.

engaged in ad-libbing during his speech. His speech contained these words: "I shall recommend to the Congress that the Chief Executive be given the responsibility either to approve or to veto specific items in appropriations and authorization bills." The President's face then broke into a broad grin because he well knew that the grins on the faces of the members of Congress evidenced what was in their minds. The President then said, and he was correct, "I realize that this power has been sought every year for a long time, but has never been granted the Chief Executive." There was laughter in the Chamber because the members well knew the past history of this request. To vest in the Chief Executive of this country the right to veto any item in an appropriations bill would be to vest in the Chief Executive powers he was not intended to have under the Constitution. It is true that if such a right was properly and discreetly exercised it would not do harm, but if it was misused it could do tremendous damage to the entire country and every section of it. It would constitute an unlimited power, which our form of government does not contemplate be invested in one individual.

Mrs. Eisenhower, Mrs. Nixon and many of the Cabinet wives were in the presidential box in the gallery.

VISITORS

It was a pleasure to welcome Mr. and Mrs. C. J. Fowlston and Mr. and Mrs. Charles Sheldon of Dumas; Mr. and Mrs. Don Wilson of Stratford; Mr. J. Evetts Haley of Canyon, and Miss Pat Peebles of Dalhart as Washington visitors last week.

WALTER ROGERS, Member of Congress, 18th District of Texas.

Middle age is when our tripping becomes less light and more fantastic.

Repeat Hunts Now Permitted On Coast Area

Austin — Duck hunters may now go back to the Big Hill Bayou wildlife management area near Port Arthur for "second" hunts. This is the announcement of the manager of wildlife management of the Game and Fish Commission.

When this area was first opened to public duck hunting November 1, it was announced hunting would be limited to one trip per person. Since there are many days, however, when the 8,400 acre area doesn't have enough hunters to keep the ducks working, it was decided to permit hunters who already have been there to return.

Hunting will be permitted on Tuesdays, Thursdays and Saturdays, from 30 minutes before sunrise until noon. The hunters must be at the headquarters location at Port Acres, on U.S. 73, five miles west of Port Arthur, at 4 a.m. Hip boots, mosquito repellants and duck decoys are recommended. Boats also are necessary in most of the waters. The boats must be equipped with running lights and life preservers.

Reservations for the hunt may be made by calling Raymond 6-1641, Port Acres.

The Newest of Everything Great!

The Greatest of Everything New!

Smart looking? You bet! And comfortable, too!

Sure, styling is important in a new car. You expect a new car to be sleek and smart—but not at the expense of comfort. Yet in trying to design a car as low and modern looking as the Swept-Wing Dodge, some '59 cars have practically designed out the people. Not Dodge. It's designed around you. It's easier to get into (no protruding door posts), easier to get out of (no high door sills to trip over), more comfortable to sit in (there's room to spare). All this and Swivel Seats, too!

New '59 DODGE

Be sure to watch the "Dodge Dancing Party" with Lawrence Walk every week on ABC-TV. Check your paper for time and channel.

ARMY'S BIGGEST—The twin-engine, all-metal H-37 "Mojave" helicopter was designed to carry 36 combat soldiers, evacuate 24 litter patients, or carry cargo. As the Army's largest 'chopper, it's a "going concern" in Transportation Corps helicopter companies available to support units of the pentomic Army. Here it easily carries a 15,000-lb. "Scorpion," a full-tracked, self-propelled armored vehicle which mounts a high-velocity 90mm anti-tank gun.

CHAMBERLAIN NEWS

Mrs. A. O. Hott

Mrs. A. D. Hott received word from Mrs. R. P. Wilson. She was called to Tulsa, Oklahoma Monday as her brother was seriously ill. He died January 13 before she got there. He is to be buried Friday at Owasso, Oklahoma. We give our sympathy to Mrs. Wilson.

Mr. and Mrs. Warren Hardin and Paula visited her parents, Mr. and Mrs. Richard Dingler Wednesday night.

Mr. and Mrs. R. W. Watson and Mark of Plainview visited Mr. and Mrs. J. A. Ivey and Merlene.

Mr. and Mrs. T. E. Barker of Amarillo spent the past week end with her parents, Mr. and Mrs. C. L. Mann.

Mrs. A. O. Hott's niece's husband, Mr. Roy Whitehorn of Fort Worth suffered a serious heart attack the first of December. He has two more weeks in the hospital and won't be able to work for three months. Mrs. Roy Whitehorn will be remembered here as Irene Townson.

Mr. and Mrs. Alton Webb visited Mr. and Mrs. Dub Smith Thursday.

Timmy Barker of Amarillo has been spending three weeks convalescing in the home of his grandparents while he has the measles and chicken pox. Hope

you get well soon Timmy.

Mr. A. B. Ivey and Janie visited Mr. and Mrs. J. A. Ivey and Merlene Sunday evening.

Mrs. A. O. Hott attended a quilting by Mrs. Dick Allen Tuesday. Three quilts were quilted. There were about 32 present. All had a wonderful time.

Mr. and Mrs. Abe Turner and son of Haskell visited her parents, Mr. and Mrs. Henry Mann and Frances over the week end.

Mr. Joe Lynn Ballew of Justin visited his parents, Mr. and Mrs. Donald Ballew over the week end.

Mr. and Mrs. H. A. Harrison are spending several days visiting relatives, first his uncle, Mr. and Mrs. Raskio Harrison of Stephenville, Texas, a niece, Mr. and Mrs. Clifford Jacobs of DeWitt, Arkansas, also Mrs. Harrison's mother on their way home, Mrs. Mary Patterson of McAlester, Oklahoma.

Mike and Karen Jones spent Sunday evening with their grandparents, Mr. and Mrs. J. D. Jones, Sr., of Clarendon.

Miss Nell and Ruth Corbin and Mrs. A. C. Carter visited Mr. and Mrs. Nuford Dill Sunday.

Mrs. A. O. Hott, Mrs. Ira Self, Mrs. Bill Adams, and Mrs. Lawrence Smith shopped in Amarillo Wednesday morning.

Mr. and Mrs. Fred Ballew of Plainview visited his brother, Mr. and Mrs. Donald Ballew Sunday night.

Rembert Ivey of Amarillo visited his parents, Mr. and Mrs. Jess Ivey over the week end.

Mrs. A. C. Carter and son Neal visited Mr. and Mrs. Donald Ballew.

Mr. and Mrs. A. O. Hott, Mrs. John Watters and Mr. and Mrs. Sickie visited Mr. and Mrs. F. E. Caraway Wednesday night. Uncle Flimm is a very sick man. Hope you get strong soon Uncle Flimm.

Mr. and Mrs. D. R. Lindley visited Sunday afternoon with Mr. and Mrs. Charles Williams of McLean.

Merlene Ivey spent Saturday evening with her aunt, Mrs. W. H. Ivey and spent Saturday night with Janie Ivey.

Wilma Mann visited with Frances Mann Tuesday evening.

Mr. and Mrs. Alton Webb went to Amarillo on business Friday. While there they visited her sister, Mrs. J. M. Ailee who is in Northwest Texas Hospital.

Wilman Mann visited with Janie Ivey Sunday afternoon.

Lanell Hatfield of Dumas is spending two weeks with her grandparents, Mr. and Mrs. Jess Ivey and Merlene.

Mr. and Mrs. W. D. Higgins and Mrs. John Watters lunched with Mr. and Mrs. A. O. Hott Sunday.

Jimmy Carter and friends spent a few days in Thornton.

For **COLDS** take **666**

Texas.
Mr. and Mrs. A. O. Hott called on Mr. and Mrs. Clyde Gilbert Sunday evening. Mr. Gilbert is sick at this time.

GOLDSTON NEWS
Mrs. Roy Roberson

Mr. and Mrs. M. W. Hatley and Mr. and Mrs. Glen Reed and Trena of Clarendon visited Sunday evening in Wellington with Mr. and Mrs. Curtis Bullington and baby, Mr. J. F. Jackson and Edith Lee.

Mr. and Mrs. W. A. Jackson and Jimmy spent the week end with Mr. and Mrs. Jim Jouett of Parnell.

Mr. and Mrs. W. H. McDonald visited Friday night with Mr. and Mrs. Harold McDonald and baby.

Mr. and Mrs. W. H. McDonald visited Sunday evening with Mr. and Mrs. J. E. Morgan of Clarendon.

Mr. Leonard (Preach) Goldston who was raised up in Goldston Community passed away in Arizona last week. We want to send our sympathy to the family and may God bless each and everyone of you.

Jerry Littlefield spent the week end with his grandmother, Mrs. V. Littlefield and Bill.

Mr. and Mrs. Roy Roberson and Minnie visited Saturday night with Mrs. V. Littlefield and Bill.

Mr. and Mrs. Jerry Pritchard and children, Mr. and Mrs. LeRoy Groves and children, all of Goodnight, took dinner Sunday with Mr. and Mrs. Jack Pritchard and Randy.

Mr. and Mrs. Roy Roberson,

Pat and Minnie, visited a while Sunday evening with Mr. and Mrs. Jack Pritchard and Randy.

Mr. and Mrs. Vernon Davis had some of their children home Sunday.

Mr. and Mrs. M. W. Hatley took dinner Saturday with Mr. and Mrs. J. C. Ashcroft and Fern of Clarendon.

Mr. and Mrs. Everett Neal and children of Amarillo and Mr. and Mrs. Doyle Ray Littlefield and baby visited in Oklahoma Sunday evening.

GABIE BETTS BURTON LIBRARY NOTES
By May L. Prewitt

The Santa Fe Trail was received recently for the Library. It is by Samuel Adams, and is an excellent historical fact of pioneer days. All of the numerous Landmark books are interesting reading for adults as well as the junior readers.

"The Long Night" is by Julian Mayfield. He is a young colored man of 30 who is fast gaining recognition as a writer, but is very different from the famous Frank Nesby whose books always demand a waiting list. His biography is as interesting as Althea Gibsons.

Miss Laura Hamner's new book, "Somebody Might Come," is a beautiful description of a pioneer southern home with its charming hospitality. The home has an old southern setting but exists in its style at the present time. Miss Hamner had some exquisite sketching done for the illustration.

EXTENSION BULLETIN AIDS WOMEN IN SELECTING ACCESSORIES
College Station — Accessories have a great deal of effect on a woman's appearance. Selecting a costume comes natural to some but many others have to devote

tions by several friends. The book was given in memory of Mr. Alexander of Wellington, who was the father of Mrs. Charlie Bairfield.

A friend gave us copies of "Baby Moses," "The Elegant Elephant" and a new version of "Little Black Sambo."

Please read with us as we are in serious need of your 25 cents for 3 months subscriptions.

TRI-DISTRICT RETREATS SET IN NORTHWEST TEXAS
Tri-district spiritual life retreats will be held by the Northwest Texas Methodist Conference Board of Evangelism January 20-22. Retreats will be one day sessions at the following churches: First Methodist Church, Sweetwater, January 20; St. John's Methodist Church, Lubbock, January 21; and Polk Street Methodist Church, Amarillo, January 22.

much time and study to it. Extension. Service clothing specialists have come to the aid of those who need help and advice by publishing a bulletin entitled "Accessories Around the Clock."

The specialists say that accessories complete a costume and express the personality and taste of the wearer. They include hats, shoes, gloves, handbags, scarves, jewelry, belts, handkerchiefs, flowers, perfume and collar and cuff sets.

Accessories should be chosen for the individual and occasion for which they are to be used. They should emphasize good features or minimize poor ones. Some knowledge of the basic art principles—harmony, proportion, balance, rhythm and emphasis—and how they apply to wardrobe planning makes the job easier.

The publication is designed to help individuals select good designs that will be stylish and attractive. It tells "what to wear and when to wear it." Illustrations are included.

This 17-page bulletin is available free of charge from local county agents or the Agricultural Information Office, College Station, Texas. Ask for B-911.

"Mad" Buck Is Cleared

AUSTIN—For weeks motorists, wood folks, and even some hunters had been intrigued by tales of the "mad" buck's operations along a winding, scenic rural road just beyond the hilly northwest outskirts of Austin. They could see for themselves as they crept along the narrow, circuitous roadway. For conspicuously on the fringe of the trail, bushes apparently had been hooked and whipped, with bark on some larger trunks stripped down to the whitened inner growth.

Yes, "a mighty big un" counseled the old timers, as they rode comfortably along, disdaining a closer look because of the briars and undergrowth matted over the tricky terrain. Surely, that was no ordinary buck deer bashing his horns against fragile snags and limber new growth, as normal made deer do characteristically carry on during the breeding season.

So, in the area famous as "good deer country," developed the story of the brush, overwhelmed not by natural romantic tendency but rather converted into a raging beast, probably dangerous. Yes, literal madness could be the cause. The call came at night to a Game and Fish Commission employee. "Could a buck deer have rabies?" and the breathless inquirer recalled the extremely rare cases involving deer afflicted with rabies.

Next day, the Director of Wildlife Restoration led a small delegation to the scene, including a few of the observers who had finally relayed the tall tale to the Commission. Off to the right side of the road, just beyond a water tank, and reflected against the dull cedar brakes, were the sumac bushes, plainly whitened by the stripping operation. First glance could have been convincing since sumac, or squaw brush, is a favorite horn honing growth for buck deer in the fall.

Yes, the very ditch by the side of the road yielded deer tracks when the Director of Wildlife Restoration dismounted. Slowly and studiously he approached some of the barkless saplings. Ridges on the growth, seemingly from teeth marks, prompted the first suspicion, because buck horns hone surfaces relatively smooth. Also there was no residue at the base of the brush where the rubbings should have dropped.

"Ah!" exclaimed the Director, dropping to one knee a la Sherlock Holmes, "Goat hair!" P. S. — The unbelieving were further assured that while the

This Legal Column Business Organization

The law allows a business a wide choice of ways to set itself up, to finance and manage itself. You may have sole ownership, partnership, joint ventures, corporations; and within these classes you may have different forms.

To meet modern business conditions, to get full tax advantage, and to protect investors, for example, the law provides many ways for a company to finance itself. And these, in turn, influence the kind of management it can have, and the way it conducts its affairs.

We sometimes speak of "stocks and bonds," for example, as if they were one and the same. But when you buy a share of stock in a company, you "own" an "undivided" part of everything it owns, but no particular piece of its property.

But what do you have when you buy a corporation's bond or debenture? You own nothing of the company. Instead you are lending money which it promises to pay back with interest when your bond "matures."

Unlike a stockholder, a bondholder as a rule has little to say directly about who manages and how he manages the company. Remotely a bond buyer with withholding or lending money may influence a company's ability to expand. The bondholder gets only his interest payments, which comes before the stockholder's "dividends," since he takes less of a risk than the stockholders.

Thus if the corporation quits or goes bankrupt, it must pay the bondholders off before the stockholders get anything. Where does the "preferred stock" come in? As a rule, preferred stockholders collect a fixed dividend—after the bondholders are paid but before the "common" stockholders get anything. There are many kinds of preferred stock arrangements. But in return for their first chance at the profits the preferred stockholders often give up any voting rights or ability to control the company directly.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

The Navy's newest aircraft carrier, USS Independence, contains 180 miles of piping and 290 of electric cable.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin—Texas' 56th Legislature soars off the launching pad this week.

Predictions are that it'll be orbiting around the capitol for many months to come—certainly long enough to put to good use the air conditioners newly installed in the Legislative chambers.

Must have suggested the 56th will have to have one or more special sessions before it can solve all its pressing problems. Certainly before they can leave, the lawmakers will have to perform the thankless task of levying many more millions in state taxes.

Additionally, they'll be beset on all sides for new spending programs which would call for even more taxes.

After several months of this, outer space may look invitingly calm compared to the Texas Capitol.

THIN KITTY—State Comptroller Robert S. Calvert's official revenue estimate for 1960-61 is more of a storm warning than a forecast.

Calvert expects the state's general fund deficit to hit \$65,234,703 by the end of this biennium next August. Under the present tax set-up, he estimates revenue to the same fund during the next two years would total \$180,697,245.

After the deficit is taken care of, only \$115,000,000 would be left for 1960-61 spending. It's a pretty thin kitty when compared with the \$282,000,000 appropriated from general revenue for 1958-59. It means the state will

have to raise \$167,000,000 more just to maintain its present "standard of living."

Comptroller Calvert's official revenue estimate this year is a far cry from the one he made two years ago for the 55th Legislature. In that well-heeled era Calvert forecast approximately a \$50,000,000 surplus. No one paid too much attention to outgoing House Speaker Jim Lindsey's prophecy that spending needs would outrun this figure.

In good years and bad, the Legislature is bound to hold its appropriations within the comptroller's revenue estimate.

THEASURE HUNT—A number of economists plus stricter levying and collecting of present taxes might net the state as much as \$74,599,957 without new taxes.

This report was made by a financial study committee headed by Secretary of State Zollie Steakley. Committee was appointed by Gov. Price Daniel last summer.

Its six cash raising ideas: (1) put more tax-collecting personnel in the comptroller's office, (2) cut out tax exemptions for beer and cigarettes sold on military bases, (3) increase franchise tax rate, (4) consolidate state "housekeeping" services (such as telephones), (5) increase fees charged by state agencies and (6) establish a "conservatorship" for the state to take over unclaimed money (such as bank accounts) and personal property.

Senate Investigating Committee also inquired into the comptroller's work, was told that additional personnel would make it

• **MASS PRODUCTION**—Army Nike Hercules air defense missiles move down the assembly line at Douglas Aircraft Company's Charlotte, N.C., plant. Washington, Baltimore, New York, Philadelphia, Chicago, Detroit and Los Angeles are among areas guarded by Hercules.

possible to collect millions more in taxes.

HOPE OR CREDITORS—State Liquidator C. H. Langdeau reported his office is making progress toward cleaning up some of the stickier problems resulting from insurance company failures.

Langdeau told the Senate Investigating Committee that if some proposed property sales go through, creditors of US Trust and Guaranty will get a 10 per cent payment. They had previously received a 31 per cent payment.

Cecil Rotsch of the liquidation division told the committee that ordinary life policies of bankrupt Estate Life Ins. Co. had been insured and the unsound industrial policies cancelled.

In an earlier report the Senate committee had charged Insurance Commissioner William A. Harrison with negligence contributing to the downfall of Estate.

BATTLE LINES DRAWN—Representatives of Texas Municipal League and spokesman for the

State Firemen's and Policemen's Associations tried to have a friendly get-together. Purpose: To share views on future legislation on firemen's and policemen's wages, hours and pension plans.

Municipal League wanted to talk about its plan to put more control of wages and hours in the hands of city councils, rather than the Legislature. Firemen and policemen were more interested in their plan to get the Legislature to limit working hours in cities over 10,000.

After a stormy session the two groups admitted they were "poles apart."

Each gave notice they'd stick by their guns and fight it out at the Capitol.

AT IT AGAIN—Texas Employment Commission, a frequent battle ground for labor-management hassles, is caught in the cross-fire again.

It was touched off at a meeting of TEC's advisory council called to consider proposed changes in the unemployment compensation laws.

Commission Chairman Perry Brown is recommending that the weekly checks be upped from \$28 to \$35, the 24-week pay period to 36 weeks and that there be a one week waiting period before payments begin.

R. F. Newman, labor's representative on the Commission, recommended payments pegged at 55 per cent of the average salary. At present \$78 weekly average, benefit checks would be about \$43. Newman also recommended extending the unemployment law to firms with only one employe.

Labor spokesmen on the council were critical of Brown's one-week waiting period proposal and even more critical of Brown and Commissioner Maurice Acers. State AFL-CIO President Jerry Holleman accused the two commissioners of voting down the appeals of jobless workers.

Management representatives declared the commission's first responsibility was to get people employed, not to pay out benefits.

HIGHER PRICES SEEN—1959 may be the year for another round of inflation, warns the University Bureau of Business Research.

TEXAS TECH COEDS PRODUCING DRESSES WITHOUT PATTERNS

Lubbock—What do you do when you have to produce dresses for the national premiere of a leading pattern maker—but have no patterns?

Texas Tech coeds are facing that very problem without any qualms—well not many qualms anyway.

Their job is to produce garments for a January 27 national premiere here of Vogue's new spring patterns plus fabrics and accessories of other fashion firms.

But some of the designs are so new that the actual patterns aren't ready yet. Only sketches are available.

The answer: draping.

Yes, skilled fingers and artistic eyes of 17 coeds in Tech's clothing and textiles department are capturing the essence of new patterns from sketches and transferring them directly to premiere fabrics on dress dummies of other Tech coeds who will model in the show.

Do you think this isn't also an art, try it sometimes—especially with the pressure of preparing fashions for a national premiere which later will be traveling to other cities throughout the nation.

Here's how it's done. A girl takes the length of a piece of material to be used in a dress and drapes and pins it on the form, copying the design from an artist's sketch.

After the fabric is draped, it is cut to the design and constructed. Approximately one-fourth of the garments to be presented in the premiere will be draped from sketches, according to Dr. Gene Shelden, clothing and textiles de-

partment head.

Drying Grain With Solar Energy

A practical way has been found for drying grain with energy from the sun. It is a relatively simple method of converting an unheated-air grain-drying system into a heated-air operation without the necessity of artificial heat. Here's how!

Begin by fastening plywood to the underside of the grain bin rafters, leaving an open space about five inches thick. Then paint the bin roof black. The roof absorbs the sun's heat and the 5-inch thick area collects it. Next, reverse the bin fan, pulling the warm air down through the wet grain.

What are the results? On a 70-degree day, with bright sunshine, temperature of the air drawn through the roof "heater" was about 85 degrees. The 15-degree difference is the key to the whole system. Each cubic foot of the 85-degree air takes about twice as much moisture out of wet grain as the same amount of 70-degree air.

If the sun doesn't shine, keep the fan running to cool the grain until it does. In tests, engineers dried shelled corn down from 21 per cent to 14 per cent moisture content with only 3 sunny days out of 23 that it was in storage.

You can save yourself a lot of trouble by not borrowing any.

New radiance! New glamour! New life for your lawn with ...

ELECTRIC Lawn Lighting

THE NEW FASHION FOR HOMES

\$2.50

... down payment and \$2.50 a month on your electric statement

For new sparkle, new brilliance, add these fashionable new post lights to your lawn! Four handsome styles, described below, are available through any local electrical contractor, completely installed at \$39.50 or \$49.50. These prices include up to 50' of cable and normal installation of an inside switch, so you may turn your post light on or off at will. Costs pennies to operate — you can use it all night, every night, for less than 28¢ a month.

See these smart styles on display at your electrical contractors

THE ARCADIA—Traditional head on adjustable post. Uses clear or colored bulb, 25 to 100 watts. Completely installed, up to 50' of cable and normal installation of inside switch, \$39.50, on easy terms.

THE BOSTON—Traditional style on adjustable post, with lighted house number bracket. Uses clear or colored bulb, 25 to 100 watts. Completely installed, up to 50' of cable, and normal installation of inside switch, \$49.50, on easy terms.

THE CHARLESTON—Traditional head on wrought iron base. Uses clear or colored bulb, 25 to 100 watts. Completely installed, up to 50' of cable and normal installation of inside switch, \$49.50, on easy terms.

THE DOVER—Striking modern head on wrought iron base. Uses clear or colored bulb, 25 to 100 watts. Completely installed, up to 50' of cable and with normal installation of inside switch, \$49.50, on easy terms.
